Miss Damron, Ray Knight Wed in Home Ceremony

Miss Barbara Kay Damron became the bride of Ray Knight at five o'clock Saturday afternoon at the home of her parents, Mr. and Mrs. Fred Damron, 309 Twelfth Street.

The bridegroom is the son of Mr. and Mrs. J. P. Knight, of Hatchel.

Buster Mullin, minister of the Ninth Street Church of Christ, read the double ring ceremony in the presence of the two families and intimate friends.

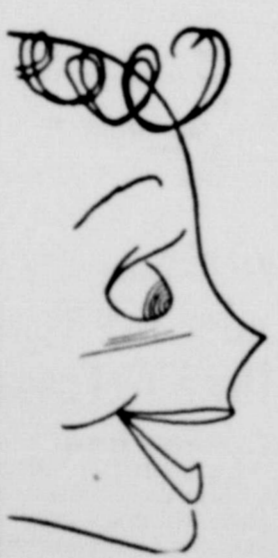

Given in marriage by her father, the bride wore a tailored dress of gray silk faille with fitted bodice which was accented with rhinestone buttons and short sleeves. She wore a black velvet hat, and other accessories were black. For something old she wore a strand of pearls belonging to her aunt, Mrs. Carlos Mathis, of San Angelo. She carried a white Bible topped with a shower bouquet of white carnations and satin ribbon streamers.

Miss Wanda Watkins, of Leaday, was the bride's only attendant. Her navy suit was of gabardine, and she wore a navy velvet hat. Other accessories were navy and her corsage was of white carnations. Robert Harber attended the bridegroom as best man.

A reception followed the ceremony. The bridegroom's parents assisted in receiving. The dining table, laid with a handmade crocheted cloth, was centered with a small bride which was resting on a reflector encircled with lily-of-the-valley blossoms and ferns. The all-white decorated three-tiered wedding cake was served by Mrs. Darrell Knight, of Hatchel, and Mrs. James Knight, of Abilene, ladled punch. Both are sisters-in-law of the bridegroom.
 Miss Evah Jo Payne, aunt of the bride, registered guests in the bride's book.

Demonstration Council Hears Reports from Clubs

The Runnels county home demonstration council met Friday, September 14, at 2:30 p. m. in the office of Miss Ollie Chenoweth. Mrs. Thomas Egan, chairman, presided for the meeting and Miss Chenoweth led the group in singing "Give Your Neighbor a Pat on the Back."

The year book committee will meet Tuesday, October 2, at 9:00 o'clock in the home of Miss Chenoweth, each member bringing a covered dish for lunch.

Mrs. Claude Simmons, of the finance committee, gave a report on the progress of the club calendars. This committee will meet at 9:00 o'clock Monday morning to get these calendars ready for the printers.

Mrs. B. E. Batts gave the 3E report, announcing that the achievement day tours will be conducted for the southern part of the county on October 9, and for the northern part on October 17.

Barbara Minzenmayer, of the Shamrock club, was selected the 1951 gold star 4-H girl. The committee recommended that the reading program already established, be continued and that a study of soil conservation and the effects of narcotics and alcohol on our youths be studied.

Mrs. Osborn, of the Winters club, extended an invitation to the council members to eat their lunches at the Winters club house while on the tour in the northern part of the county.

Club women who attended the demonstrations on teas will help Miss Chenoweth in planning the teas which will be held in the home of Mrs. Ralph Russell while on the southern tour and at the home of Mrs. P. R. Dietz while on the northern tour. All clubs will share the expenses of these teas.

Mrs. H. O. Abbot gave the marketing committee report. She suggested that the quality of farm products be improved for the coming year, namely eggs for the market. Rose bushes may be ordered through the committee at a saving.

Mrs. Robert Fowler reported for the recreation committee, suggesting that a woman's chorus be formed, starting with council women. All clubs should learn songs No. 35, 36 and 17 in the club song book.

Mrs. Hedrick Shelburne was appointed 4-H chairman and reported that 4-H clubs were being organized and electing officers and getting ready for the new year's work.

Twenty-eight members were present at the council meeting and each club president gave a report on club activities. August was the month for family night picnics and parties. Most of the clubs had the demonstrations on storage in the home given by Miss Chenoweth and Miss Sue Milligan. Other clubs had demonstrations on one-dish meals, making nylon corsages and safety in the home. Several clubs donated to the Red Cross emergency drive.

Mrs. Neuman Smith, secretary-treasurer for the council, gave the treasurer's report.

Mrs. Bob Fowler, Mrs. Claude Simmons and Mrs. B. M. Batts were named the nominating committee for council officers for the next year.

Mrs. Bob Fowler gave a report of the state meeting at A. & M. College.

October 24 is United Nations Day and each club will have some form of program during October in observance of this day.

Two members of each club will attend a handcraft school on making waste paper baskets from reeds, which will be held on September 25, beginning at 1:30 p. m. in the office of Miss Chenoweth.

A tailoring school is being conducted for adults in the Ballinger home economics room, by Mrs. Brown, of the homemaking department. Club women are invited to attend this school at 2:45 each Monday. Coats, suits and wool dresses are being made and the course is free of charge except for buying the necessary materials used.

SPORTS

The Colorado City Wolves will furnish the opposition for the (Friday) night Ballinger Bearcats at Bearcat Field tomorrow (Friday) night. Game time is 8 p. m.

The Bearcats are smarting from a defeat at Colorado City last fall and will be out for revenge. The Wolves took a beating from McCamey last Friday night and will be in full force for the game here.

Interest is added to this game because of the fact that Coach Doug Cox started his coaching career at Colorado City, also because the present head coach is Jerome Buxkemper, a former Bearcat.

The improvement at Bearcat Field makes it one of the best small fields in the state. Two extra lights have been added to each lighting standard and the field is much brighter than heretofore. The turf this year is the best in the history of the school.

The Bearcat defense looked extra good last Friday night against the Eastland spread formation. After the first three minutes, the Bearcats were stingy with first downs.

With an experienced backfield, the Bearcats are due to develop a better running and passing attack. Several drives were cut short last week by fumbles and 15-yard penalties. On pass defense a few more interceptions were possible that might have changed the result.

The combined schedules of the Bearcats, B team and juniors will offer about 14 contests on the home field this season. Fans are urged to attend the B team and junior games.

Bearcats Slash Eastland 7-0 in First Home Game

The Ballinger Bearcats pleased a crowd of more than 3,000 football fans Friday night when they pushed over a fourth period touchdown to defeat the Eastland Mavericks by the score of 7 to 0.

While the Bearcats were in Eastland's territory most of the night, penalties and fumbles stopped drives which appeared to be certain scores.

The spread formation and the running and throwing of Eastland's Stephens clicked for three first downs following the beginning of the contest, but the Bearcats found the solution and held the Mavericks fairly well in check the remainder of the evening.

In the closing minutes of the third quarter, Eastland kicked to the Ballinger 40. Merrifield

picked up 4, an offside penalty against Eastland netted 5 and Payne plunged for the first down as the quarter ended.

Opening the final period, Payne crashed the line for 8 and added enough for a first down on the next try. Payne picked up 5 and Eastland drew a 15-yard penalty for holding. Merrifield, behind some excellent blocking, broke into the secondary and scattered 15 yards to the two-yard line. Bell added one and then carried over from the one to score the only touchdown. Payne added the extra point with a kick from placement.

Stephens opened with a passing game for the Mavericks but was unable to make but one first down. The Bearcats

took over in the closing minutes and with power plays kept the ball until the final signal with the ball deep in Eastland territory.

The Bearcats made 8 first downs to the Mavericks' 7.

The Mavericks defeated the Coleman Bluecats the week before by the score of 19 to 6.

SHERIFF'S DEPARTMENT KEPT BUSY PAST WEEK

The sheriff's department has been kept busy the past week, making arrests, doing a large amount of office work and answering information calls.

Louis Carr, of Winters, was charged with operating a gambling house. He has been released on \$2,000 bond.

Sheriff Atkins stated that he would sell a 1949 Chevrolet at the court house door at 10 a. m. on September 21.

City police arrested a negro, Charles Swade, of Coleman, and charged him with prowling. He is being held in jail.

Cecil Huddleston was arrested Tuesday and charges with driving while intoxicated.

Musical, Spy Yarn, Comedy, Romance Feature Current Week's Programs at Hillcrest Drive-In

Song and laughter share the billing in "Two Weeks with Love," which brings Jane Powell, Ricardo Montalban, Louis Calhern and Ann Harding to the Hillcrest Drive-In Theatre screen for the final showings tonight. In the talented supporting list are Carleton Carpenter, Phyllis Kirk, Debbie Reynolds, Clinton Sundberg and Gary Gray.

"I Was an American Spy," Allied Artists' stranger-than-fiction film starring Ann Dvorak and Gene Evans, a first run picture, is to be shown at the Hillcrest tomorrow and Saturday. Depicting the true-life story of Claire Phillips, one of America's top-ranking spies, a role portrayed with much warmth by Miss Dvorak. "I Was an American Spy" is an action-packed tale of one woman's successful efforts to help end the occupation of Manila by Jap troops during World War II. Miss Phillips served as technical advisor on the Allied Artists' production, based on her espionage experiences, her subsequent arrest, imprison-

ment and death sentence. Answering the cry for new screen faces are John Ericson and Pier Angeli, two remarkable new acting discoveries, who play the young lovers in "Teresa," M-G-M's stirring film of an Italian war bride, which comes to the Hillcrest as a first run presentation on Sunday, Monday and Tuesday, September 23, 24, 25.

It's a case of love, laughs and song when Van Johnson and Kathryn Grayson get together in "Grounds for Marriage," melodic comedy of a divorcee who puts up a stiff battle to get back her ex-husband, Paula Raymond and Barry Sullivan are other principals in the M-G-M comedy, to be shown at the Hillcrest next Wednesday and Thursday, September 26, 27, in conjunction with "The Flying Missile." "The Flying Missile," Columbia's spectacular production, stars Glenn Ford and Viveca Lindfors. Henry O'Neill, Carl Benton Reid and Joe Sawyer head the supporting players.

"The Flying Missile" was filmed in cooperation with the U. S. department of defense. With the greatest array of singing talent ever assembled on a Hollywood sound stage, M-G-M's "The Great Caruso," billed at the Texas Theatre Tuesday and Wednesday, September 25, 26, tells the story of a great voice, that of the immortal Enrico Caruso. Starring Mario Lanza, Ann Blyth, Dorothy Kirsten, Blanche Thebom and Jarmila Novotna, with such other noted singers as Teresa Gelli, Nicola Moscona, Giuseppe Valdengo, Marina Koshetz and Lucine Amara appearing in the operatic sequences, this Technicolor musical masterpiece brings to the screen a tender love story and many of the world's most beloved songs. Ann Blyth, one of Hollywood's most talented and decorative younger stars, has the role of Caruso's wife.

It appears now that Ballinger young people are due for a disappointment in not realizing the long dreamed of swimming pool. It was believed when the funds were made available by the voters that the matter was closed and that next spring the city would open the modern municipal pool. In the minds of most people it just depended on making a location, letting a contract, and awaiting the end of construction. After living in this free nation so long, people are not accustomed to have the government dictate how they can spend their money. They have been accepting government handouts for a long time and it goes a little against the grain when something is denied. Anyway, for the time being at least, the powers that be say that this spending is not necessary and the project is postponable. Maybe something can be done, maybe not, but city officials and civic leaders will try to convince the credit restraint committee that the pool is needed by Ballinger youth.

Peepers and prowlers have been reported here the past two months and peace officers are called to some section of the city almost every night. The officers want to break up this prowling and are asking citizens to use precaution when one is spotted. Those sending in a call are asked to go to their telephone without turning on a light and make the call in such manner that will not scare the prowler away. Should a neighbor see a prowler at another home, he should turn in the alarm as quietly as possible and officers will have a better chance to make an arrest. Householders are urged to lock doors at night and make it as difficult as possible to gain entrance.

The Ballinger Chamber of Commerce is planning ahead of time for the Christmas season. Often in the past a program has been jumped up at the last minute and performed by all home talent. This year a number of organizations will work from now until December 8 in order to have their parts ready. In addition, a professional group, including Santa Claus and real reindeer, will be the feature attraction. The 1951 Yule program is expected to attract one of the largest crowds ever to visit Ballinger.

WEST TEXAS NOTES

Concho county 4-H club boys and girls spent August 28 and 29 on Lake Brownwood. Property belonging to the Church of Christ was loaned the clubbers and Ed Whitesides, county agent, was in charge of the camp. Mrs. Hamer Hurst, of Eden, was leader for the girls and Mr. Hurst was leader for the boys. Most of the two-day program was made up of recreation. Several adults assisted the leaders.

Thirteen landowners living east of Bronte have posted their land against hunting and fishing in an effort to save wild life. Some of the landowners have suffered livestock losses because of shooting and in the future a close watch will be made and any trespasser will be prosecuted. The land involved in the district composes 13,000 acres, most of which is in Coke and Runnels counties.

The Wingate American Legion post has been showing movies in its hall once a week and will continue the presentations each Friday night. A committee has booked a program for several months in advance which includes news reels, short comedies and features. The purpose is to promote good-will and provide entertainment, and any profits will be used to improve the Legion hall, which is used often as a community center. The recently organized Garden Club, which meets in the building, is helping to promote the film programs.

The Winters Sportsman Club will close its first rodeo on the last day of September. A number of excellent prizes will be awarded for the best catches during September. Grand prizes for the season will also be awarded soon after October 1. An outboard motor will go for the best catch of the year. Each

month the club has presented prizes for the largest bass, crappie, Catfish, brim and perch and interest in fishing has increased.

A new industry for Brownwood and vicinity was introduced formally last week when more than 700 farmers and business men visited the new castor bean hulling plant which has just been completed. Those attending heard County Agent Joe H. Rother discuss operation of the \$40,000 machine installed to extract the highly commercialized castor bean from its hull. Entire classes from some of the schools attended the opening. The new plant has capacity of 10,000 pounds per hour. It is part of the government's program of promoting castor beans as a cash crop.

Wrecking crews at Coleman razed county buildings last week which have stood on the court house grounds for many years. Contractors, who will enlarge and modernize the court house, wrecked a two-story brick annex which has housed county officers many years. They also removed a spire from the top of the court house, a 500-pound bell and part of the second story walls.

Various Comanche civic groups sponsored a mass meeting at the court house the first of the week to reorganize Boy Scout work. All parents and boys of scout age were urged to attend and clubs will be asked to sponsor troops as organized.

YOU WOULDN'T take your car to a garage and refuse to tell the mechanic what was wrong. The mechanic would have every right to doubt your sanity. Yet people frequently refuse to tell the physician of their ailments. They are anxious to have an "unbiased opinion."

You can save time and expense by being frank with your physician. To do a competent job of diagnosis he needs the history of your symptoms. The human body is far more complex than an automobile. For the best results give him all the facts.

The physician's prescription will enable us to furnish the necessary medication.

For the past two years there has been no scouting at Comanche. Plans have been made to start training of three troops at once and indications were that a full membership could be signed. The move was led by former Scoutmaster Jack Wheat and Marshall Myers.

The Rising Star Parent-Teacher Association conducted open house at the homemaking cottage on September 18, honoring new teachers and entertaining all school patrons. The school has a number of new teachers this year. The main speaker was the new band director, O. G. Joiner, who moved there the past summer. His subject was "Value of a School Band in Our School and Community."

A fire starting in the Hooten Cafe at Menard Friday night damaged six buildings before it was brought under control by fire departments from Menard, Eden and Junction. The cafe was listed as a total loss. The Wyatt Byers jewelry store, a near total loss; \$15,000 damage to the Moser Chevrolet Co.; and fire, water and smoke damage to the Williams Furniture and Appliance, Bill Plath's variety store and Sproul Food Store. Two fire walls helped firemen bring the blaze under control.

The city of San Angelo has acquired seven buildings at Mathis Field, according to announcement by City Manager Garland Franks. Negotiations had been underway for the past 18 months between the government and various agencies. Franks estimated the value of the buildings at \$20,000, which the city receives without a cash outlay. Buildings include a hospital, dental clinic, three mess halls, a post office and telephone building, which cannot be moved from the field.

McClulloch county turkey growers are preparing for heavier shipments this fall than for several years. R. C. West, manager of the Market Produce Co., stated that his firm expected to increase its shipments by 10 per cent over last year when 1,100,000 pounds of turkeys were dressed and shipped. Mr. West pointed out that turkeys had been considered a holiday dish but that it had become a year-round business. He said shipments this year would be several weeks late due to the dry weather the past summer.

Erath county farmers, in a mass meeting with the mobilization committee last week, issued and approved a lengthy resolution in regard to the work of various agencies. It contained a recommendation by farm men and women on how to preserve

Maybe you're missing something BIG

WE know how you feel when a car has given you faithful service. You like it. You're loyal to it. And that's only human.

But just suppose you found out that some other car could make familiar roads seem a lot smoother.

Suppose some other car held the curves in a way you'd never felt before.

Suppose some other car had more thrilling power—steered like a

dream—held its course like an airliner on the beam—and let you finish a long day's drive feeling daisy fresh.

Wouldn't you feel you're missing something big unless you tried it out?

There is such a car. Its name is Buick.

It has big soft coil springs on every wheel. It has a Fireball Engine. It has a "front-end geometry" that

does miracles with steering. And it has Dynaflo Drive.*

And incidentally, it wears a price tag that makes it a very smart buy compared to anything else you own.

We'd like to have you try this car. You'll never know what you're missing till you do.

How about giving us a call—or coming in to see us real soon?

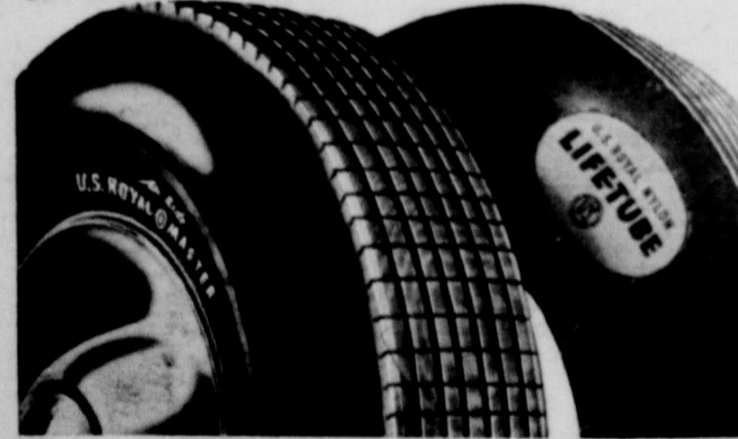

*Equipment, accessories, trim and models are subject to change without notice. *Standard on ROYALMASTER, optional on other series.

NO OTHER CAR PROVIDES ALL THIS:

- DYNAFLOW DRIVE*—saves strain on driver and car
 - FIREBALL ENGINE—high-compression, valve-in-head—gets more miles from every tank of fuel
 - PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection
 - WHITE-GLOW INSTRUMENTS—greater clarity at night
 - TORQUE-TUBE DRIVE—seals the chassis, steadies ride, improves driving control
 - 4-WHEEL COIL SPRINGING—cushions ride, so servicing costs
 - DUAL VENTILATION—outside air fed separately to right or left of front compartment
 - SELF-ENERGIZING BRAKES—hydraulic—multiply pedal pressure five times at brake drum
 - DREAMLINE STYLING—tapered, car-length fenders, gleaming sweepers on most models
 - Plus: Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Powered engine mounting, Body by Fisher
- When better automobiles are built BUICK will build them.

CARTOONS WESTERNS

COMEDIES

Danny Kaye, Crabbe, Flynn, O'Keefe, Montalban Top Names at Horseshoe

Danny Kaye, comedy sensation of the stage; Dinah Shore, famous for her singing; Dana Andrews, Constance Dowling and Louis Calhern have leading roles in "Up in Arms," Samuel Goldwyn's tunefilm in Technicolor for RKO Radio, to be shown at the Horseshoe Drive-In Theatre tomorrow and Saturday in conjunction with Zane Grey's "Desert Gold."

Basing its gay comedy and novelty musical numbers on the woes of an erratic draftee who wrecks army discipline with his exploits, "Up in Arms" also presents the Goldwyn Girls. Zane Grey, noted writer of westerns, will again be represented by the screen adaptation of his famous novel, "Desert Gold." Prominently cast are Larry "Buster" Crabbe, Marsha Hunt, Tom Keene, Raymond Hatton, Monte Blue and Robert Cummings.

Rudyard Kipling's "Kim" and "Tahiti Honey" make up the well-balanced feature twin-bill at the Horseshoe Sunday and Monday, September 23, 24. Errol Flynn wins a sultry new leading lady in M-G-M's "Kim," Technicolor filmization of the Kipling classic. She is tall, exotic Loretta Lue, who appears in the spectacular new film as the Hindu charmer and secret spy, who does her best to

win Flynn's confidence and then tries to effect his capture. Others in the cast include Dean Stockwell, Paul Lukas, Robert Douglas, Thomas Gomez and Cecil Kellaway.

In "Tahiti Honey," in which he is co-starred with Simone Simon, Dennis O'Keefe plays the part of a happy-go-lucky band leader who gets stranded in Tahiti at the time of the fall of France. "Mystery Street," new M-G-M thriller, to be presented at the Horseshoe Tuesday only, September 25, is assertedly more than an exciting motion picture. Reviewers point out that it is a dramatic story behind the story of thousands of newspaper headlines—the hidden murders which annually are written off the records as "accidental deaths." It brings to the screen for the first time in film history the most modern methods of crime deduction as developed at Harvard's famed department of legal medicine. Sequences taken in the department of Harvard, as well as other scenes of Harvard, Boston and the Cape Cod area, were filmed on actual location.

The cast is headed by Ricardo Montalban and Sally Forrest, with other featured roles filled by Bruce Bennett, Elsa Lanchester and Marshall Thompson.

Sincerity and Friendliness

LET'S talk about sincerity and friendliness. I don't have anything to plug this week except that we don't want you to have to wait several days or weeks for kodak developing, because we feature 24-hour service.

SINCERITY is something my wife, Alcie, and I have tried to practice since buying this studio from Myles Nixon. However, until recently I have been running ads that were stale. They contained only cold facts and were rather conventional.

"Hi There" WELL, I like this type of ad that I am now running. I feel that I can talk with you, make suggestions and advise you about photographs without giving you the impression that I am twisting your arm to get you to let me make your pictures.

I WANT to be friendly with you. In a lifetime in Ballinger I have learned to know a great many of you and you have learned to know me. I want my advertising to read as if you and I were talking down on the street.

THE PICTURE that I will have in most of my ads was taken by my wife last week. I have this picture in my ad for two reasons. First, so it will attract your attention so that you will read my message or to warn you if you don't want to read it. The second reason is that I want more of you folks to get to know me. Alcie suggested I put "Hi There" under the picture. She says that's what I always say when greeting a customer.

I always say that when you get to know your neighbor, he isn't such a bad fellow after all. SINCERITY and FRIENDLINESS are TWO NICE VIRTUES.

Mrs. John Duke was hostess to members of the Friendly Neighbors home demonstration club, when she entertained in her Tenth Street home with an all-day affair on Friday.

The morning was spent in making nylon corsages. At noon, a lunch was served to seventeen members and a visitor, Mrs. Beulah Frazier.

A business meeting was held in the afternoon at which time officers for the ensuing year were elected. They are:

Ballinger Jaycees Have Successful Year at Cat Park

Ballinger Jaycees have about completed the fastball and baseball season at Cat Park and have had a fairly successful summer. The Jaycees took on a large expense in getting the park ready for play, taking out insurance and covering other costs. Some of the exhibitions lost money and it was near the end of the season with baseball games that they were able to get ahead and show some profit for the season.

LeRoy Rieger, Jaycee president, stated that there was a small amount of work to be done at the park to put it in the best of condition. This will be done before the season is closed and it may be that one more big event will be presented this year.

The park was helped by being used this summer and the Jaycees are to be complimented on maintaining the plant and grounds. Mr. Rieger said the Jaycees probably would take over the park for another year, if it is available. They will give consideration to the forming of a little league. Information has been assembled in regard to forming and operating a little league and if there are enough boys for four teams, an organization will be set up early next spring. They also plan to form some kind of a hardball loop to play one or more games a week.

Jaycee officers asked that their thanks be expressed to the fans who gave them loyal support during the summer and to all who assisted in getting the park in condition and maintaining it.

SINGING CONVENTION AT WINTERS SUNDAY

Wheat Growers Advised to Try Quanah in 1952

John A. Barton, county farm agent, has been active in locating a limited amount of certified Quanah wheat seed for planting and is anxious to get as many acres as possible planted in this variety in 1952. Any wheat grower who wants to get a foundation start is asked to call at the county agent's office, which will cooperate in securing planting seed.

According to information gathered by the county agent, Quanah is the right variety for Runnels county. At the Central Texas experiment stations at Denton, Greenville, Temple and Comfort in a test running from two to six years, Quanah led all the varieties, making an average of 22.6 per acre as compared with 17.6 for the second variety and 11.5 for the third. This increase of 5 to 10 bushels per acre would mean much wheat when applied to the 50,000 to 75,000 acres usually planted in Runnels county.

Pointing out the good qualities of Quanah wheat, the experiment stations assert it is bred up to resist diseases, especially loose head, red and black rust. A wheat that resists red and black rust is better grazing for livestock. Quanah wheat was developed at Denton and is now available in small quantities.

DANCE

O. D. H. S. HALL, ROWENA
SUNDAY, SEPTEMBER 23

Music by
ZEKE WILLIAMS
and His Western Band

IN SOCIETY

Miss Gully, Ray Hoelscher Wed
in Rowena Church

Miss Jeannette Gully, daughter of Mr. and Mrs. G. A. Gully, of Rowena, and Ray Gene Hoelscher, son of Mr. and Mrs. Frank Hoelscher, of Olfen, were married Saturday morning at 8 o'clock in St. Joseph's Catholic Church in Rowena. The Rev. W. F. Bosen officiated at the double ring ceremony and at the nuptial mass.

Music was furnished by the Rev. James Comiskey when the church choir sang the mass of the Blessed Virgin Mary, and "Ave Maria." The altar decorations were pink and white

asters.

The bride, given in marriage by her father, wore a gown of white bridal satin designed with fitted bodice which had a yoke of Chantilly lace outlined with pearls, and the long pointed sleeves were of lace. The full skirt went into a cathedral train. Her fingertip-length veil of French illusion fell from a tiara of seed pearls, and she carried a white prayer book topped with a shower bouquet of carnations and lilies of the valley. Her jewelry consisted of a strand of pearls with match-

ing ears crews, gifts of the bridegroom.

Mrs. Hilary Gully, sister-in-law of the bride, was matron of honor. She wore a gown of blue net over matching taffeta designed similarly to the bridal dress. Misses Cornell and Pauline Halfmann, cousins of the bride, were bridesmaids, and Carolyn Frey, niece of the bride, was flower girl. They wore dresses of green, orchid, and yellow, respectively, with matching headresses, and carried matching carnation bouquets.

Pfc. Hilary Gully, brother of

the bride, was best man. Ushers were Wilbert Hoelscher and Frank Hoelscher, Jr., brothers of the bridegroom, and ring bearer was Danny Hoelscher, also a brother of the bridegroom.

A reception was held in the Parish hall following the ceremony. The table was laid with a lace cloth and centered with pink and white asters. The three-tiered decorated wedding cake, which was topped with a bridal couple, was served by Mrs. Herbert Goetz, Mrs. G. A. Frey, and Mrs. Walter Biederman. Mrs. B. J. Gully and Mrs. Arthur Gully presided at the silver service and Miss Ethel Halfmann and Miss Ruby Moeller served punch. Guests were registered by Misses Beatrice Halfmann and Dorine Halfmann.

The wedding dinner was served to friends and relatives in the home of the bride's parents.

When the couple left for a wedding trip, Mrs. Hoelscher was wearing a dress of brown faille with velvet trim. Her accessories were of brown velvet and her corsage was pink carnations. She is a 1950 graduate of St. Joseph's school in Rowena, and her husband attended Olfen schools.

ton and Mary Jo Forman were hostesses to members of Fancy Doers Club Monday evening, entertaining in the home of Mr. and Mrs. Jack Hampton on Sixth Street.

The by-laws of the club were explained to new club members, and a history of the club from the organization up to the present time was given by Gale Hays. Names were drawn for secret pals.

Following an informal period of handwork and study, the hostesses were assisted by Mrs. Hampton in serving a sandwich plate with cookies and punch to: Barbara Stuart, Carolyn Bigby, Mary Harra, Joyce Hite, Pat Tisdale, Norma Jackson, Clydell Wilkins, Merle Richards, Ann Stasney, Gale Hays, Shirley Thompson, Carol Ann Balley, Wynell Dodd, Deanie Rountree

Mrs. Ford Taylor was hostess to members of the Philathea Class of the First Methodist Church Monday evening, entertaining in her Eighth Street home.

Williamson.

Mrs. O. R. O'Neill brought the devotional, and Mrs. Troy Simpson was the installing officer when the following officers were installed for the ensuing year: president, Mrs. C. B. Hays; first vice-president, Mrs. Paul Richardson; second vice-
