Chevrolets got a new honey of a hardtop

.. with a lower-than-ever price tag!

Maybe you've had a yen for a hardtop but couldn't quite squeeze it into your budget. If so, this baby's for you! It's the hardtop as only Chevrolet builds it. Long, low and plenty saucy, like its convertible cousin. It's an honest-to-goodness hardtop, too-no center pillars when you roll down the windows. Nothing but fresh air and a picture-window view. Best of all, this big, beautiful "Two-Ten" Sport Coupe is priced right down with the two-door sedans in Chevrolet's field. It lists for less than any other leading hardtop sold today. Come in and see what a walloping bargain it is:
