Guynes, Pipe Line Station Chief Here, to Retire Soon

J. W. Guynes, superintendent of the Humble Pipe Line Station here since 1940, will retire from active duty on November 4. This was announced by the district office several weeks ago and since then Mr. Guynes has been making arrangements to turn over the local station to a new superintendent.

Mr. Guynes started with the company at the Hearne station on May 16, 1925. Later he was sent to the Putnam-Hawley-Kemper station, where he served as engineer and oiler and later was promoted to assistant chief.

He came here to take over the Ballinger station December 9, 1940. At that time the Ballinger plant was a booster station delivering oil from West Texas through a main trunk line to the Gulf. He also operated a smaller booster station south of Miles.

In 1950 the Ballinger station was being prepared for closing and most of the crew had been transferred to other places. It was then that the company decided to gather oil in Runnels County and a line was constructed to the Fort Chadbourne field. Later the Cres-Sykes field was added and gathering lines were extended to smaller fields. This service was expanded by the company as new areas were developed, and at present plans are underway to include still other fields. The station here has now been built up to where it is delivering approximately 12,000,000 barrels of crude annually.

Mr. Guynes stated that some time would be required to complete his retirement and get all his papers in order. He plans to remain here until Christmas and on December 26 he and Mrs. Guynes expect to leave on a trip that will require five or six months. They intend to return to Ballinger about May and either buy or build a home here.

Both Mr. and Mrs. Guynes have been very active in local affairs since coming to Ballinger, especially in church work. They are members of the First Methodist Church and Mr. Guynes has served as chairman of the board for a number of years and in other official positions. He also was a member of the building committee during the construction of the new church. Mrs. Guynes has served as head of the women's work and has taught in the Sunday school and worked with the United Council of Church Women.

Employees of the station and other Humble officials will honor Mr. and Mrs. Guynes at a party and dinner to be held at the Acapulco Cafe the night of November 3.

Citizens of this section will be pleased to know that the couple plans to make home in Ballinger.

Auxiliary Seeks Veterans' Gifts To Go to Families

The American Legion Auxiliary is making plans to secure items for the gift shop at the Legion Hospital. Each year units are asked to secure these articles and to have them at the hospital immediately after November 11 so that veterans there may select suitable gifts for the wives, mothers, children and other family members.

The gifts are free to the veterans who are hospitalized there and each year the gift shop resembles a large department store.

Mrs. Jack Scales, gift chairman for the Ballinger unit, has started the campaign to secure gifts. All auxiliary members have been notified by card to send in their offerings for this year. The items are not to be gift wrapped, but left open so they can be seen and inspected by the persons selecting them as gifts for their families. Gifts may be delivered to Mrs. Scales or left at Stone's Store. Shipment will be made immediately after November 11. Anyone desiring to have a part in this may do so and any item suitable for men, women and children will be acceptable.

NO TIME ON HIS HANDS—Fingering his wristwatch, a busy Vice President Richard M. Nixon pauses briefly to talk with reporters outside the White House. GINNINGS IN COUNTY TUESDAY 6,805 BALES

Cotton ginnings in Runnels County to Tuesday morning totaled 6,805 bales. These figures were compiled in telephone calls to all ginneries in the county.

Gins in the northern section of the county had turned out 3,200 bales and those in the southern section 3,605 bales.

Ginneries estimated that 40 per cent of the crop had been ginned and that 80 to 85 per cent was open at this time.

Mr. and Mrs. Jack Nixon, Jr. and Tommy left today for El Paso. Mrs. T. J. Forgy, Mrs. Nixon's mother, was taken there in an ambulance and will make home with Mr. and Mrs. Nixon.

She suffered a paralytic stroke several weeks ago and had been in hospitals at San Angelo and Ballinger.

Cotton Yield May be Doubled By Using Gin Trash Compost

Doubling the yield of cotton is possible with the use of composted gin trash. One farmer in the Runnels County soil conservation district has done it on a dry farm with a heavy application of compost and the Petty Gin, near Lubbock, accomplished the same results on an irrigated field.

The Glenn Gin, Winters, composted its gin trash last year and gave it to any farmer who wanted it for improvement of his soil. Mr. Glenn uses a specially prepared bacterial culture and water to compost the trash. The bacterial culture causes a quick decay. The decay process creates enough heat, as high as 200 degrees, to kill weed seed or insects that might be in the gin trash.

Mr. Glenn believes that compost will greatly improve the condition of the soil. He states that it will loosen up the soil so that it will take up water faster and hold more for the

following crop to use. It will also control wind erosion. He believes that a heavy application of about five tons to the acre is what is needed in this county. The gin is planning to compost its gin trash again this year.

According to figures compiled by the local service, it is shown that gin trash is worth about ten dollars a ton when applied at the rate of one ton per acre a year. The figures are from an experiment that was run for a 26-year period. Even in dry years no harmful effects were noted, but in favorable moisture years the additional cotton yield was worth as much as \$39 per acre.

Walter J. Onkin, of near Wilmet, says the Wilmet Co-op Gin is going to chop its gin trash to kill harmful insects and then moisten it so that it will form compost. This compost will be available to farmers for soil improvement.

Witnesses Waiting Summons to Dallas For Clif Clary Trial

Clifton Clary, 56, went on trial for the fifth time at Dallas Monday on the charge of having murdered his wife in a ranch house fire near Ballinger in January, 1948. In two of the trials he was convicted but the court of criminal appeals reversed the verdicts and permitted new trials. One trial was postponed when it was impossible to secure a jury and at a later trial the indictment was quashed.

Joe Foy and Earl Smith, San Angelo attorneys, are representing Clary. E. C. Grindstaff, attorney for the 19th judicial district, is heading the state's prosecution and is assisted by two members of the district attorney's office at Dallas.

Jurors are being questioned on inflicting the death penalty on circumstantial evidence.

Witnesses at Dallas for the opening of the trial were Don Atkins, Runnels County sheriff; Lee Moreland, Ballinger police chief; Bill Whitley, deputy sheriff; Herman Giesecke, Jr., foreman of the grand jury which first indicted Clary; Ralph Rohatsch, state ranger; Mrs. Monroe Bonta, Odessa; and Mrs. Williams, of Brownwood.

A large number of Ballinger citizens have been summoned as witnesses and are awaiting telephone calls when to report. As soon as a jury is obtained these witnesses will be called and the taking of testimony begun.

Cleora Smith, owner of the ranch on which Clary worked, was one of the main state witnesses. Mr. Smith died only recently and Sam Conner, court reporter, will read decedent's testimony given in the other trials. The state's attorneys have a list of 25 witnesses whom they expect to call in presenting their case. Among those waiting call are Dr. O. H. Chandler, D. G. Posey, Joe Forman, George Newby and several members of the Ballinger fire department.

LITTLE DAMAGE DONE IN TRAILER CAMP FIRE

Ballinger firemen were called to a trailer camp fire on Hutchings Avenue Tuesday morning. The blaze was quickly extinguished and only slight damage was reported.

George Scruggs went to College Station Saturday to witness the A. & M.-Baylor football game.

Oil Belt Council Meeting Here Well Attended

The Oil Belt Student Council held its fall meeting here Saturday with the Ballinger council as host. Attendance was the largest since the district was formed, a total of 206 students registering from ten or twelve West Texas schools.

The highlight of the program was the address by Dr. Willis A. Sutton, of Atlanta, Georgia. Dr. Sutton was the founder of the student council movement and organizer of the national association. In recent years he has devoted much of his time to traveling over the country and speaking to groups such as the one which met here Saturday.

Don Zirkle, of Coleman, presided at part of the meeting and was assisted by John Duke, president of the Ballinger council. Supt. Ernest Caskey extended the welcome at the opening session Saturday.

Entertainment for the morning program was by the boys' quartet of the Ballinger high school, composed of John Duke, Jimmy Hammer, Wayne Irby and George McAulay. A pantomime and a piano soloist were presented by the Cisco high school.

The noon meal was served at the junior high school cafeteria. At the business session it was voted to hold the next meeting at Tarleton State College, Stephenville, some time in February.

Miss Marryatt Smith and H. B. Edmondson are faculty sponsors of the Ballinger council.

Hallowe'en Events Will be Held Here Saturday, Monday

Hallowe'en events to be held in Ballinger include two main features on Saturday and Monday nights.

The senior class of the Ballinger high school will present its annual carnival Saturday at the library building. All seniors have been working on this feature the past month and have excellent entertainment lined up for patrons. They will operate the usual games, present several shows, crown the school queen as the climax of the evening and proclaim winners of a number of nice prizes.

The class hopes to realize enough money on the carnival for expenses of the senior trip in May, to be taken by all who are candidates for graduation.

A new Hallowe'en feature in Ballinger will be sponsored by the United Council of Church Women on Monday night. All children of junior age in the city will assemble at the First Presbyterian Church, U. S., on Broadway, and adults will supervise a city-wide trek by the youngsters.

Instead of asking for the customary treat at each door, the children will seek contributions which will be spent in shipping surplus food supplies to overseas countries where there are many hungry. In addition to shipping the regular surplus food it is hoped to raise \$6,000 in Texas to be spent in purchasing half a carload of powdered milk to be sent to hospitals in Korea for tubercular patients.

This kind of Hallowe'en program will be carried out in at least 77 towns and cities in Texas and as a result much surplus food will be shipped. All churches in Ballinger have been invited to participate in the city-wide effort by having their junior children present Monday evening.

After making calls at the homes the children will return to the church for refreshments and a short social gathering.

Mr. and Mrs. H. D. Roche and son, of Lindsay, Oklahoma, spent the week-end here, visiting Mr. and Mrs. F. L. Wells and Mr. and Mrs. Junior Neese. Mr. and Mrs. Roche formerly lived here and Mr. Roche was employed by the Western Co.

Mr. and Mrs. Jack Williams, Jr., of Dallas, spent the past week-end here, visiting relatives and friends.

About 100 people including ranchmen, farmers, 4-H club boys, merchants, politicians, ministers and folks from every walk of life gathered at the Acapulco Cafe Tuesday night to pay their respects to John A. Barton. Mrs. Barton was included in the party held in respect for the many years in which Mr. Barton has served Runnels County as agricultural agent.

Joe Satterwhite was master of ceremonies for the informal gathering and following the dinner called on a number of people for expressions in regard to the work done by Mr. Barton.

J. Milton Clayton, Bonham ranchman, praised the county agent for the many new methods taught and the benefits reaped by those who practiced better ranching and farming methods.

Roman Multer, who has worked with Mr. Barton for 19 years, was a keynote speaker. He told of the training he had received as a 4-H club boy which netted him many nice trips and special awards. He later served as a junior club leader and is now the adult leader for the Rowena club.

W. J. Halfmann, of San Angelo, paid tribute to Mr. Barton and recalled the ten years that he worked with the agent in 4-H club work and the new methods brought to the farmers which have paid off in better crops.

A. T. Halfmann paid tribute to the fine Christian spirit displayed by Mr. Barton in all his work and reminded the audience that as farmers prosper so does all the county.

Walter Lange, Jr., now a farmer with his own family, told of 4-H club training he received under Mr. Barton and expressed regret that the agent would not be around to train his 8-year-old son who would be entering a club soon. As a 4-H club boy, Lange won a trip to Chicago and many other special awards.

C. T. Parker, new county agent, who will start work here November 1, spoke briefly and paid tribute to his predecessor, asserting he had sacrificed much of his life to carry out the program which he loved.

Dorsey B. Hardeman, state senator, of San Angelo, paid his respects to Mr. and Mrs. Barton.

Troy Simpson spoke of time given by Mr. Barton to local civic groups on every worthwhile issue.

The 4-H club boys and farmers of the county presented Mr. Barton with a 7 1/2 hp Johnson outboard motor and a new wrist watch. Mrs. Barton received a silver pitcher, tray and vegetable bowl.

In responding, Mr. Barton stated his heart was too full to express what he would like to say. He admitted his love for fishing and was delighted with the outboard motor which he hoped to use as soon as someone provided a boat. In closing he urged that the training of boys be continued and that farmers save the soil and conserve the water.

BALLINGERITES ATTEND RITES FOR SHERMAN MAN

Mr. and Mrs. W. E. Middleton, Miss Betty Middleton and Mr. and Mrs. Price Middleton and Suzanne went to Sherman Sunday to attend funeral services for John Fuller, a son-in-law and brother-in-law.

Mr. Fuller died Saturday morning a few hours after suffering a heart attack. He lived in Ballinger about a year when the Lone Star Gas Co. was installing its distribution system here.

Tests Show Guar Ups Production On Cotton Fields

Recent checks made on the farms of William Moore and Morris Robinson, cooperators in the Runnels County soil conservation district, indicate that cotton following guar shows an increase of 20 to 40 per cent in production. The checks were made by William C. Swindle and other technicians working in the district.

The Moore farm is located 13 miles northwest of Ballinger on the Bronte highway and the Robinson farm is 8 miles west of Winters.

Swindle said that several checks were made on each of the places. On the Moore farm where no guar was planted last year cotton production was only 62 per cent as much as cotton following guar. Tests on the Robinson farm showed 67 per cent production where no guar was planted last year as on land where cotton followed guar.

The technician also said that tests made in terrace channels on the same fields did not show so much difference in production in favor of the guar as did the tests taken between the terraces. The tests were 82 per cent on cotton following guar. He added that these checks indicate that guar contributes toward production by helping the soil absorb and hold more water.

Mercer Shoe Co.

To Manufacture New Type Mocs

The Mercer Shoe Co. is making plans to begin manufacture of a new and higher grade all-leather moccasin which will retail at around \$2.95 per pair. In the past the company has only made a cheaper moccasin in about the \$1 class.

The new moccasin will be much neater, have a better foot shape and much more comfort for the wearer. The management stated that it had not experienced any trouble with sales and that new areas have been added to their territory in recent weeks.

In speaking of future plans, Mr. Mercer stated that he expects to find a good market for his new moccasin and hopes to increase his working force to 150 to 200 employees. In recent months the firm has been curtailed in production to some extent because of material shortages.

The management states that it likes Ballinger as an operating place for its plant, mainly because there are no other moccasin plants here and workers are not constantly changing from one plant to another.

During six months of operation in Ballinger, April 1 to September 30, more than \$36,000 was paid out to employees here. During the same period the plant completed about 200,000 pairs of moccasins.

FOUR MEMORIAL BOOKS GIVEN LOCAL LIBRARY

The Ballinger library board reports four new books have been donated in memory of friends. The books, received last week, are now in the shelves and will be offered in the regular service for readers.

"The Tontine," by Thomas B. Costain, given by Mr. and Mrs. Dorsey Read in memory of Mr. Forgey

"The Roosevelt Family of Sagamore Hill," by Herman Hagedorn, given by Dr. and Mrs. O. H. Chandler in memory of Joe Flynt

"The Stars," by Harey, given by Mrs. E. L. Rasbury, of Shelby, North Carolina, in memory of Mrs. R. W. Bruce.

Godey's Lady's Book was the first women's magazine published in the United States.

Club Women See Demonstrations Of Four Members

A large number of members of women's home demonstration clubs of Runnels County gathered here Wednesday afternoon for a tour of the demonstrations in the southern part of the county. The group assembled at 2:00 p. m. at the office of Miss Ollie Chenoweth, county home demonstration agent, and the first visit was to the home of Mrs. J. L. Ohlhausen on McCarter Drive.

Here the club women inspected both the landscaping which was started this year and the interior decorations and furnishings. Both have been demonstrations of Mrs. Ohlhausen since moving into the new home.

The second stop was at the home of Mrs. Elliott Kemp, where the landscaping demonstration was viewed. This project has been underway for the past five years and is well advanced.

At the home of Mrs. Leon Russell the group saw interior home improvements which have been made.

Interior home improvement also was viewed at the home of Mrs. Ralph Russell.

The final stop on the tour was at the home of Mrs. W. J. Curtis, where landscaping and interior home improvement were observed.

Decorated Floats And Santa Claus Will Parade Here

Good progress is being made on plans for the annual Christmas program here. Ballinger Chamber of Commerce committees have signed ten local concerns to sponsor floats in the parade and ten high school classes and organizations will do the decorations.

Decorations will be held to \$25 for each float and cash prizes will be given to the best seen by the staff of judges. The prize money will go to the school group decorating the float and entering it in the parade.

Present plans are to stage the parade at 1:30 p. m. on December 16. Santa Claus will arrive in time to join the procession, making the trip to Ballinger in a helicopter, and probably will light on the parking space at the court house.

Merchants have been contacted and will have their show windows dressed for the Christmas opening at 7:00 p. m. on November 25. The West Texas Utilities Co. will switch on the Christmas street lights at that time. Other special features for November 25 will be announced later.

Following the parade on December 16, Santa Claus will remain here for a visit with the children and will give each one a bag of Christmas candy.

In addition to the ten floats decorated by school organizations, any others who desire may enter floats. At least one other firm will have a decorated car in the parade and several merchants have indicated they will have entries.

Other Christmas features will include the home and yard decoration contest. These decorations may be lighted any time in December but must be in place by December 17, when judging is to begin, and until Christmas eve. Cash prizes will be paid to the first three winners in each of three groups—white, negro and Latin-American.

4-H Club Members Win High Places In Fair at Dallas

Runnels County 4-H club members had nine sheep and one Angus calf in the livestock show at the state fair, Dallas, this year.

Roy Minzenmayer, president of the Norton 4-H club, placed second with his Angus steer in the middleweight class. Since the calf placed high, it was sold early in the auction for \$33.50 per hundred. Other steers selling later in the auction brought one or two cents above the market price.

Five of the nine lambs entered placed in their various classes.

In a group of 175 crossbred lambs, Patricia Wessels, of Winters, placed 5th and 34th with her lambs. Gordon Hays, of Ballinger, placed 7th and 38th with his lambs.

In the fine wool class, Billy Holle, of Winters, placed 10th with a lamb.

Other 4-H members showing lambs at the fair were Stanley Book, Miles, and Harvey Wessels, Winters. Lamb prices in the auction ranged from 2 1/2 to 30 cents for most of the animals sold.

CITY IRRIGATION RATE CONTINUED INDEFINITELY

The Ballinger city commission voted Tuesday morning to leave the irrigation rate in effect for the present. The amount of water consumed will determine whether the rate will be retained during the fall and winter.

So far water consumption has held up rather high, many Ballingerites continuing to water grass, shrubs and trees. For this reason the commission decided to continue the lower schedule as an encouragement for citizens to irrigate during the dry period.

One building permit was approved Tuesday. E. J. Loika received a \$1,500 permit for an addition to his home on Seventh Street between Sharp and Sargent avenues.

More than 150 local workers are taking contributions this week for the Boy Scouts of the Concho Valley Council. It is the time of year when leaders of every community in the area put forth special effort to raise money to take care of the budget, which this year is set at \$73,075. Ballingerites are expected to contribute their share of the fund. No definite quota is set here but approximately \$3,000 is expected when all workers have completed their rounds. Ballinger has some outstanding scout leaders and troops. During recent years many boys have reached the peak in scouting and have been awarded the eagle rank. This is a compliment to scoutmasters who have directed instruction and encouraged the boys to achieve many merit badges. The value of scouting is well known and most people are ready to help in financing the program.

The livestock committee of the Ballinger Chamber of Commerce, vocational teachers of the southern section of Runnels County and members of the county agent's staff are making good progress in preparations for the 1956 livestock show, to be held in January. They have secured the big assembly hall of the national guard armory for the show and this will be arranged to take care of all the exhibits. Committees assigned to special details are obtaining judges, department superintendents and other special workers and one of the best shows ever held here is indicated. F. F. A. and 4-H club boys have already started a large number of calves, sheep, hogs, capons and rabbits which will be exhibited. Dairy cattle also will be shown.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little **FASTTETH**, the all-time (non-acid) powder on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not wear. Checks "false color" (denture breath). Get **FASTTETH** at any drug store.

WEST TEXAS NOTES

Farmers of the Melvin section have about completed harvesting maize, buyers reporting only a few tons being sold now. Most of the crop around Melvin has averaged about 500 pounds per acre. Some acreage has not been combined and will be left for grazing. The gin manager said last week about 100 bales of cotton had been handled and that only a few farmers were still picking.

The Stephenville city council has set November 12 as the date when a bond issue of \$150,000 is to be submitted to the citizens. If voted the money will go for sewer system improvements and extensions. The proposal has been discussed at previous council meetings but action was postponed until engineering reports and estimates were obtained. Approval of the bonds probably would raise taxes ten cents on the \$100.

A number of special programs and projects have been arranged for the Halloween season which will direct youngsters of the city in worthwhile activities and curtail the prowling and mischief of previous years. On Saturday, October 29, will be the first event, the high school carnival, sponsored by the senior class. This affair will occupy many students and offer entertainment for others. On Monday night, October 31, the United Council of Church Women will sponsor a program for all children of junior age in the city. Instead of the usual ringing of door bells for "a trick or treat," the youngsters will call at all homes and accept contributions to be used in sending surplus food to overseas hungry people. Each child in this program will wear a special arm band showing he is entitled to accept the cash contributions. Citizens are urged to attend the senior carnival and to cooperate with the juniors in their fund collection.

The Hill Country Hereford Association held its annual sale at Mason Wednesday of last week, offering 66 registered animals. Included were 10 females and the rest were 18-month-old bulls which had been carefully selected by the breeders. H. A. The Winters fire department has operated a live blood bank for a number of years to aid physicians who need blood for patients. The demand has become so great that the firemen are unable to supply all blood needed and they have called for volunteers. Those who are willing will be asked to sign cards, have blood typed and stay on call. Volunteers will be called only when patients with their type blood are in need.

Comanche lost three prominent citizens last week through resignations. Virgil Chaffin, superintendent of schools since 1939, has accepted the position of manager of the Belton public schools. Rev. William M. Gould, pastor of the First Presbyterian Church, resigned to go to a new church at Abilene. Rev. John Salberg, pastor of St. Matthews Church, will leave to be assistant to Rev. James DeWolfe at All Saints Episcopal Church, Ft. Worth. Two of the changes will be made at once and the other on December 1.

The Coleman school homecoming is slated November 11 and 12 and many ex-students have already sent in reservations for special features, which will include a banquet and the Coleman-Ballinger football game. The Colorado City city council has instructed police to issue tickets for all traffic violations and to keep a close tab on all main streets for speeding. The chief of police stated that 17 automobile accidents have been recorded within the past 45

The Concho County feeding program was launched at Eden Monday when animals belonging to F. F. A. and 4-H club boys were weighed and evaluated. An out-of-county livestock man directed the weighing and getting of records started for the beginning of the feeding. Veiled Threats of Destruction

THERE IS A VEILED THREAT in many public announcements pertaining to health. We are led to believe that unless we take certain pills, absorb certain decoctions, eat certain foods, use certain tooth cleansers, drench ourselves with certain antiseptics, we are bound for utter destruction. Don't worry too much about your health. Cultivate regular habits, observe the principles of hygiene, and practice moderation. If you do become ill, there is but one refuge — your family physician. Powerful Drama, 'Left Hand of God' Stars Humphrey Bogart, Gene Tierney

Humphrey Bogart and Gene Tierney head the stellar cast in "The Left Hand of God," 20th Century-Fox's CinemaScope-DeLuxe color production, to be presented at the Texas Theatre Sunday, Monday and Tuesday, October 30, 31, November 1. The picture, based on a best-selling novel by William E. Barrett, tells the story of an American who, in order to escape from the service of a Chinese warlord, profanes the cloth he wears. Forced by circumstances into maintaining a masquerade, he encounters further personal and emotional problems when he falls in love with a mission nurse.

priest and Miss Tierney portrays the nurse in this unorthodox story, which combines adventure with its delicate love story. Lee J. Cobb plays the Chinese warlord and other members of the cast include Agnes Moorehead, E. G. Marshall, Jean Porter, Carl Benton Reid, Victor Sen Yung, Philip Ahn and Benson Fong. Because the story is set in a remote province in China, in what is now behind the Communist "Bamboo Curtain," the picture quite obviously could not be filmed in its original locale. So, producer Buddy Adler had a Chinese mission and village re-created on the twenty-third Century-Fox ranch near

Malibu, California. A seven-acre compound, highwalled and including a church, hospital, a rectory, school and other buildings, the whole surrounded by rice paddies and quiet streams, was built. Also constructed was a complete village square, where much of the action takes place. In addition to the huge cast, thousands of Chinese extras populated the picture and animals and birds, from water buffaloes to pigeons, were used to give realistic color to the settings, which look exactly like a transplanted section of China.

'Not as a Stranger' and 'Outcast' Booked at the Hillcrest Five Days

It is pointed out that Miss de Havilland, Sinatra, Miss Grahame and Crawford are academy award winners. Featured are noted character actors, Myron McCormick, Lon Chaney, Jesse White, Lee Marvin, Mae Clarke and Paul Gilfoyle. Love and violence in the Old West blaze in Republic's "The Outcast," also to be shown at the Hillcrest October 28 through November 1. John Derek and Joan Evans are the stars. Photographed in Trucolor amidst the scenic splendor of the Colorado cattle country, this exciting drama features Jim Davis, Catherine McLeod, Ben Cooper, Taylor Holmes, Nana Bryant, Slim Pickens and Frank Ferguson.

BY HER OWN BOOTSTRAPS—Monitor, experimental craft built under Naval contract, skims across Lake Mendota, Wis., on hydrofoils. The ladder-like devices supply lift in the same fashion as do the wings of a plane. They raise the craft about 30 inches above the water when it is under sail. Monitor made a land speed of 30 miles per hour under a moderate (15 miles per hour) wind. Her trial speed bests that of the hitherto speed-queen sail—the Catamaran.

MERRIFIELD INTERMENT IN EVERGREEN CEMETERY

Oddus I. Merrifield, 46, owner of Merrifield Salvage Co., Big Lake, was killed Wednesday last week when his truck overturned, 34 miles north of Comstock on highway 163.

The body was brought to Ballinger and prepared and then taken to Big Lake for services

Saturday morning. It was then returned to Ballinger for interment in Evergreen Cemetery.

Decedent moved to Ballinger in 1914 and lived here or near here until he moved to Big Lake in 1948. A member of the Norton Methodist Church, he was married to Miss Frances McKay here on October 9, 1937.

NEW BAPTIST MINISTER SPEAKER FOR LIONS CLUB

The Ballinger Lions Club completed plans for the sale of light bulbs, arranged for workers in the annual Boy Scout finance drive and attended to other business at its meeting Friday.

Rev. LeRay Fowler, pastor of the First Baptist Church, was the program speaker, talking on the living of a life. He emphasized that every man should strive to excel in whatever he is doing and to make the most of his living in this life.

Rev. Fowler recently moved to Ballinger from Brady to accept the pastorate of the local church.

In brown, with beige orion lining, it has adjustable roll collar and deep, coin-box pockets. New Yorkers had the first peek at this eye-opening creation.

PAISLEY CHARM—One of the elegant items receiving a New York City fall showing is this high-necked sheath jumper fashioned of a Paisley-patterned cotton print. In muted gray and almond-green, it is set off with traces of black and crimson. Black woolen blouse makes a perfect foil for the stunning creation.

As a culmination of the Church Extension Season, the First Presbyterian, U.S. Women of the Church observed the occasion with an all-day meeting in the church parlors Monday.

Mrs. B. W. Claunch, chairman of Church Extension, was leader for the program which began at 10 a. m. Mrs. Ida Guion gave introductory music as guests were greeted by Mrs. W. B. Woody, the president. Mrs. Paul Trimmer gave the opening prayer.

Mrs. Guynes Honored at Party in Simpson Home

Honoring Mrs. J. W. Guynes, who will soon be leaving with Mr. Guynes on an extended trip, Mmes. Downey Simpson, Bill Blabes, George Scruggs and E. W. Word entertained friends of Mrs. Guynes who had lived at the Humble Pump Station east of Ballinger Friday afternoon.

The in-honor affair was held in the Simpson home on Broadway, which was decorated with arrangements of roses, dahlias and queen's wreath.

Following games, wives of the station employees presented Mrs. Guynes with a table lamp. Mrs. Simpson made the presentation and also presented a corsage of sweetheart roses to the honoree.

Cake and coffee were served by the hostesses.

Others present were: Mmes. H. O. Campbell, John E. Allbright, R. A. Young, Ed Jones, all of Ballinger; and Mmes. S. E. Strickland, R. W. Balke and J. E. Lewallen, all of Winters.

W. S. C. S. Has Indian Study at Circle Meetings

The First Methodist Woman's Society of Christian Service continued study of American Indian problems in circle meetings Monday afternoon.

At the Sally Odum Circle meeting held in the home of Mrs. B. C. Colton on Sharp Avenue, with Mrs. E. L. Ramey as hostess, Mrs. J. W. Guynes gave the opening prayer and Mrs. J. C. Reese brought the devotional, "They Are My People, South the Lord God." Mrs. J. W. Jones presented the lesson, "Find Grace in Time of Need." The entire study dealt with the American Indian and his problems.

At the social hour, the hostesses served a sandwich plate with cookies and coffee in rooms decorated with roses,

'The Night Holds Terror' Halloween Special at Horseshoe Saturday Night

"Bad Day at Black Rock," an M-G-M picture in CinemaScope and color, on the twin-bill at the Horseshoe Drive-In Theatre today, tomorrow and Saturday, has an outstanding cast headed by Spencer Tracy and Robert Ryan and co-starring Ann Francis, Dean Jagger and Walter Brennan. Featured players are John Ericson, Ernest Borgnine, Lee Marvin and Russell Collins. Three of the cast—Tracy, Jagger and Brennan—are academy award winners. "Bad Day at Black Rock" tells the story of the suspicion, contempt and hatred facing a single man by an entire town, of the attempt of its hoodlum leaders to at first frighten him off from his mission, then to liquidate him.

On the same program is the Irving Berlin musical-produced by Darryl F. Zanuck, "There's

No Business Like Show Business." Top-liners in the cast are Ethel Merman, Marilyn Monroe, Donald O'Connor, Dan Dailey, Johnnie Ray, Mitzi Gaynor. Color is by DeLuxe and the production is in CinemaScope.

The Halloween special matinee at the Horseshoe, to begin at midnight, Saturday night, October 29, is "The Night Holds Terror," a Columbia picture, starring Jack Kelly and Hildy Parks. Preview notices say this offering is a spine-tingler.

For Sunday and Monday, October 30 and 31, offered on the double-bill is "White Fire" starring Scott Brady and Mary Castle, and a continuation of the presentation of "The Night Holds Terror," described as a suspense drama "that could happen to you."

dahlias and queen's wreath. Mrs. S. L. Ferguson assisted in serving plates appointed in the Halloween theme. Others were: Mmes. J. L. Davis, O. L. McDaniel, A. O. Strother, C. L. Howell, Oliver Cochran, Arch Brookshier, Sally McShan, John Loveless, Troy Simpson and Hugh Campbell.

The Ettie Gressett Circle met with Mrs. Herbert Tickle in her rural home, which was decorated with dahlias and queen's wreath. Mrs. Bob Crockett gave the opening prayer. Mrs. O. R. Lasater directed the study and Mrs. Grady Richards gave the devotional. Mrs. Tom Caudie presided as chairman at the business period.

The hostess served lemon pie with nuts and coffee to those previously mentioned and Mmes. Tom Crockett, Lee Evans, O. R. O'Neill, T. L. Hebert and W. E. Midgley.

Cotton Farmers Protest Acreage Slash Formula

C. H. Eubank, C. H. Eubank, Jr., Ben Frerich and Foy Farmer attended a meeting at Big Spring Friday of cotton growers and chamber of commerce officials of 21 West Texas counties.

The meeting was one of a series called by the West Texas Chamber of Commerce to discuss the proposals for new cotton acreage allotments in South and West Texas. Fred Husbands, manager of the West Texas Chamber of Commerce, told those gathered at Big Spring that the proposal would cut South and West Texas acreage about 280,000 acres and give that amount to Central and East Texas.

The cotton men voted to ask that the agricultural stabilization and conservation administration not apply a proposed new formula for state reserve acreage distribution until West Texas can state its position. Husbands asserted under the new proposal 256,011 acres would go to upgrade small farms of 15 acres or less and 134,075 acres would be set up to give an additional five acres to farms of 15 to 25 acres. He pointed out there were no farms that small in West Texas.

Mr. Farmer, manager of the Ballinger Chamber of Commerce, was assisting local farmers Saturday in getting sample letters in the hands of cotton growers to be signed and sent to the ASC committee.

NO ILLUSION—This picture should leave any potential enemy with no illusion concerning U.S. Air Force fire power. As flames envelop wing pods of this P-94C Starfire, double salvo of rockets streak toward target on the firing range at Yuma Air Force Base, Arizona. Electronic equipment guides rocket aiming and launching from the moment target is sighted on radar. The 600-miles-per-hour-plus fighter-interceptor packs four dozen rockets in wing pods and nose.

Cleaning Women's Felt Hats

By Miss Ollie Chenoweth
County Home Demonstration Agent

If you can't afford a new felt hat, give the old one a new look with careful brushing and cleaning.

Start by careful brushing. This may show up spots and stains that need special treatment. Try using the sandpaper method first. With a piece of No. 0 sandpaper, begin at cen-

ter top of crown and gently sand in the same direction around the crown, side crown and brim.

If this fails, use naphtha or other cleaning fluid. Dip a small brush in the cleaning fluid, shade out the excess and brush hat until the soiled spot disappears. Remember to work

outdoors when using this cleaning fluid.

White or light colored felt hats may need special treatment. Saturate corn meal with naphtha or other cleaning fluid. Rub the mixture into the felt with a clean stiff brush. When fluid has evaporated, brush out the corn meal and air the hat before storing.

To clean and brighten velvet, place it on the ironing board with the nap up. Smooth gently to remove all wrinkles, then pin down the edges. Put a few drops of chloroform on a soft cloth and rub carefully with the pile of the velvet. The chloroform evaporates rapidly, so redampen the cloth several times. This helps to restore the color as it cleans. Caution—work outdoors or near an open window.

Many stains on porcelain can be removed with a stiff paste made of powdered whiting mixed with kerosene or ammonia. Apply the paste liberally, then rub with soft cloth. Wash with soap and water and rinse well.

Two tablespoons of kerosene added to one cup of soap jelly makes a good cleaner for sinks, bathtubs and lavatories. Add the kerosene to the jelly just before it thickens. To make soap jelly, dissolve 1/2 cup neutral flakes, beads, chips or a bar shaved in small pieces, in one quart of hot, soft water. For hard water use one cup of soap. Test the soap to see if it is neutral by putting a bit of it on the tongue. If neutral it will not bite or sting.

Another cleaner for porcelain enamel is a paste made of 1/4 cup of kerosene and one cup soda. Apply with soft cloth.

LIONS SELL LIGHT BULBS IN PART OF BALLINGER

Ballinger Lions Club members rang door bells late Monday afternoon and offered light bulbs for sale. Due to the small number of salesmen reporting, only part of the city could be covered and no decision has been made on trying to have a second sale to call on householders in sections not contacted Monday.

A sack full of bulbs of various sizes was sold at \$2.00. Club members who worked reported good response and deals made at almost every door.

TIPTOE TIME — Rosemary Critigan, 1955's Tulip Queen, has her toe tip smuggled against some of the tulip bulbs in the season's first shipment from Holland, as it arrives at a Hoboken, N. J., pier.

JUST A YOUNG 'UN—Lyubov Valentinovna Puzhaka, 128, is Moscow's oldest citizen, according to a Soviet source. Moscow Radio, however, tops this longevity record. It claims that there is a 147-year-old collonist farmer in Soviet Azerbaijan. The resident of mountainous territory which borders on Iran, he is said to have a daughter who is 170.

DR THE RECORD—The man inside this streamlined motorcycle is Wilhelm Noll, who hopes he's set new motorcycle speed records for both the mile and the kilometer. Racing on the autobahn near Munich, Germany, he made two runs from a flying start. His unofficial 222 k.p.h. (138 m.p.h.) for the kilometer bests the existing record by 29 k.p.h. For the mile, Noll set up a new record by 177 m.p.h., also believed to be a new record.

Indefeated Bearcats Scalp Indians 20-12

The Ballinger Bearcats gained undefeated and untied day night by conquering the Comanche Indians 20 to 12. The game was the hardest for this season and left a number of Bearcats on the injured list, including Delbert Dwyane Patton and Ronnie Maedgen.

The Bearcats broke the ice, scoring their first touchdown in the first quarter. After recovering a fumble on the Redskins' 16-yard line the Bearcats drove to the 4-yard, from where Patton carried it across Holloway's kick was wide.

The Bearcats returned the fumble favor when the Comanche team got the ball on the Ballinger 29-yard line. They went to work and drove to the 4. Ted Hicks carrying it across. Hicks also attempted the extra point kick, which was blocked.

In the third quarter the Bearcats drove deep into Comanche territory but were held for downs on the 9-yard stripe. Hicks attempted to punt out but LeRoy Hollwitz broke through to block the kick which was gathered up by James Buxkemper and rushed into the end zone for the second touchdown. Holloway's kick was through the uprights for the extra point. The Bearcats added insurance when they put through their longest sustained drive of the night, Holloway carrying the

Officials of the new TAA district met at Coleman Sunday and arranged the conference schedule for 1936, elected Ter-

rell Graves, of Coleman, chairman and attended to other business. The district schedule for the Ballinger team is:

October 19—Cisco, there
October 26—Coleman, here
November 2—Ranger, here
November 9—Winters, there.
Each team has one open date and the Ballinger entry drew November 16, the last date of the season.

Five or six other games will be booked for the Bearcats. The Brady team has asked to come here on September 7 and the Ballinger team is due to return a game at Del Rio on September 23. Colorado City, Anson and Lake View authorities will

be contacted for games.

The Bearcats found rough going against the Comanche Indians last Friday night and a number of regulars were sent to the sidelines with injuries before the end of the fray. Every effort is being made to get the boys back in shape for the Lake View game tomorrow night.

The two junior teams met stiff competition at Lake View last Thursday night. The B juniors lost 28 to 0 and the regular junior team took a 45 to 0 beating at the hands of the junior Chiefs.

Attending the district meeting at Coleman Sunday were Ernest Caskey, Joe Forester, Bill Scoggins and Bill Gosney.
