

Excessive, Improper Tillage Can Cause Loss of Income

Excessive and improper tillage operations may cause more income loss than is realized, says County Agent Joe Burkett.

According to the county agent, there are four basic reasons for a cultural or tillage operation: (1) To improve soil physical condition and promote water infiltration and aeration; (2) to destroy or control undesirable vegetation; (3) to incorporate crop residues and other organic materials into the soil; and (4) to prepare a seedbed.

Burkett cautions that excessive tillage hastens decomposition and reduction of soil organic matter.

One tillage operation, plowing, may cause the formation of a plow sole—compacted soil usually formed just beneath the normal tillage depth. To minimize this problem, the county agent advises varying the tillage depth from year to year. He says it often is desirable to alternate deep chiseling, subsoiling and/or deep plowing on alternate years.

Burkett cautions against operating wheel-type tractors on wet soil, especially when heavy equipment is being pulled. A slipping tractor tire moving in a furrow smooths and seals the soil beneath it by smearing, thus creating a layer of soil that prevents the downward movement of water and air.

The Crowell High

WILDCAT

Senior Personality

Van Wisdom, son of Mr. and Mrs. Jake Wisdom of Thalia, is this week's senior personality.

Standing 5' 9", the 18-year-old has brown hair and eyes. His favorites are color, blue; singer, Monkees; actress, Ann Margaret; actor, Lee Marvin; food, steak; and song, Frankie and Johnny. Hunting and fishing are his hobbies.

Active in FFA and football for four years, Van is also a member of the Thalia Riding Club and the track team. He has been an officer in FFA. His future plans are undecided at the present.

Down Town Bible Class

Nineteen men were present at the Sunday morning meeting of the Down Town Bible Class and heard Rev. Warren Everson teach the lesson. Miss Lanette Lemons was pianist and Bill Bell served as song leader.

Two visitors, John Abshire of Lubbock and Roy Ingram of Clovis, N. M., were present.

First System of Parallel Terraces in County

Members of the Foard County Great Plains Committee are shown in the above photo talking to Fred Borchardt about his recently-completed parallel terrace system. This is the first system of parallel terraces completed in Foard County. The land is owned by Henry Borchardt and is operated by Fred Borchardt. This farm is located 2 1/2 miles south and 3 miles west of Crowell.

The terraces were designed and laid out by the Soil Conservation Service technicians of the Crowell work unit. This parallel terrace system was constructed with the cost-share assistance available through the Great Plains Conservation program. The Great Plains Conservation program is administered by the Soil Conservation Service.

Members of the GPCP County Committee are Ray Hysinger, chairman of the Foard County ASCS County Committee; Hubert J. Leslie, FHA county supervisor; and John McAlister, work unit conservationist, Soil Conservation Service.

The meeting was also attended by H. L. Ayers, Lower Pease River SCD Supervisor; Joe Burkett, County Agent; and Steve Smith, range conservationist, SCS.

Oranges Versatile, Good Bargain

Today's plentiful supply of good oranges makes them an especially attractive choice for a variety of uses, says Frances Reasonover, extension foods and nutrition specialist at Texas A&M University.

The U. S. Department of Agriculture estimates of the crop now being harvested were recently increased by nearly one and a half million boxes. Even the earlier estimates set the harvest at the best on record.

With a sharp knife and imagination, you can turn this bargain fruit into a table full of interesting ideas. Here are a few recommended by Miss Reasonover.

Orange Sections. Peel orange. Cut sections halfway between segment walls so that membrane is in center of the "meat." Sections add tang and color to many dishes. Remember that the "meat" and segment walls contain important food values.

Orange Wedges. Place unpeeled orange on end and cut into six equal pieces. Quickly prepared, they're handy eating at breakfast time, snack time, or picnics.

Cartwheels. Slice peeled or unpeeled oranges crosswise, making circles, or cut the circles in two. Eat plain, in a salad, or as a garnish on a meat plate. Add interest to the punch bowl, too, for

party time. Make bowties by cutting two pie-shaped wedges on opposite sides of cartwheel, leaving membrane in center to hold slice together. For curls, cut half of pulp from cartwheel, leaving entire peel. Cut through peel at one side and curl peel toward center.

Orange Flower. Place unpeeled orange on end. Starting at top, cut orange in half. Leave skin at bottom uncut to hold orange together. Cut in half again, forming quarters. Make two more cuts, forming eighths. Spread petals gently, and eat "watermelon" style.

Orange Bits. Cut unpeeled cartwheels into bite-size triangular shapes and slice off rim of peel or leave it on. For a good in-between meal fruit snack, serve on a plate and spear each piece with a pick. Bits also make great "dippers" for avocados, cheese and other dips.

Takes More Than Self-Confidence

"To be successful in our, or any other, business takes more than self-confidence," says Keith Funston, president of the New York Stock Exchange. "It requires that others, particularly the general public, also have confidence in the business."

Two Minutes With the Bible

The Hope of Glory

We are taught in Romans 5 that the believer in Christ receives justification, peace with God, access to God and the "hope" or anticipation of sharing His glory some day. God wants His children to enjoy this coming glory; to live in eager anticipation of it.

How much there is to humiliate us here in this life! God created Man in His own image and likeness, but man sinned and fell from his exalted position. To Adam God said: "Cursed is the ground because of thee, in sorrow shalt thou eat of it all the days of thy life."

Since that dreadful day man's life has been a constant struggle. Everything tends to go wrong rather than right. Each has his share of trouble, sorrow, sickness and then—death, the greatest humiliation of all, when in sickness and pain, or at best in utter weakness, he must give up this life itself.

Sin and the fall! This is what modern science and philosophy fail to face up to. Most popular scientists and philosophers today hold that man has come up from the slime pit and the ape to modern man; that man is improving all the time. But the truth of God's Word is that man has fallen through sin and is growing worse morally and spiritually until now he can kill more of his fellowmen faster than he ever could before.

But it is this fact, this fact of sin and the fall that God has so graciously provided for. He took all the suffering and shame, paid all the penalty for our sins and then rose from the dead so that

we might rejoice in the hope of glory to come!

As St. Peter puts it in 1:3: "He hath begotten us unto a living hope by the resurrection of Jesus Christ from the dead."

As men gathered across one awful day, they their heads at Christ and "Shame! Shame!" As a new universe will one day be redeemed sinners and say: "glory!" And so we believe Christ "rejoice in hope (anticipation) of the glory to come."

Ferdinand Hassler, a St. Louis engineer, made the first harbor survey for the U. S. in 1816.

Trade where there's no extra charge for the trimmings

PRICES are always relative...whether they're actually high or low depends on what we get for our money.

Local business and service establishments offer the same goods for similar prices...or less...that we can get in some distant city or town...plus...at no extra charge...more convenience, quicker service in times of emergency, more personal interest in our needs and problems, important help in the financial support and upbuilding of this area in which we live...and upon which we depend for a living.

These extras, and many more are ours...no extra charge...when we patronize our friends and neighbors in business here at home.

It Pays to Buy Where You Live

Hollingsworth and Mr. and Mrs. Otis Smith of Abilene; Mr. and Mrs. Preston Brock of Burleson; Mrs. Terry Garrett of Port Lavaca; Mr. and Mrs. R. B. Cates of South Gate, Calif., Mr. and Mrs. William Cates of Bell, Calif.; Mrs. Jim Cates of Vernon, Mr. and Mrs. Jim Tom Cates of Wichita Falls, Gerald Hays of Wichita Falls and Rev. William Howland of Austin.

Eggs, Orange Juice Take Top Billing for Month of May
 Eggs and orange juice take top honors in plentiful foods for May, according to the Texas Agricultural Extension Service.
 Egg production should run well ahead of this time last year, mainly due to a large laying flock, says the U. S. Department of Agriculture. This probably means good supplies at attractive prices.
 All kinds of orange juice are in store for May. Packs of frozen concentrates, canned single strength orange juice and the chilled juice all are running higher than last year's output.
 Other foods reported in plentiful supply this month by USDA's consumer and marketing service are potatoes and beef. A delayed winter potato harvest in Florida coupled with excellent growing conditions in most of the early spring potato states is sending large shipments of this popular vegetable into local markets now.
 Increased beef stocks should make this a favorite May menu item. Beef production under federal inspection so far this year is running about 5 per cent larger than in 1966.
 Foods reported in plentiful supply usually are attractively priced and offer wide selection for quality.

Recognized for Grades at Indiana
 M. L. Speer of Crowell has been singled out for special recognition as Indiana University's annual Founder's Day ceremonies held on May 3 by being named to the Dean's Lists one or both of the last two semesters.
 In all, over 4,000 students at the Bloomington, Ind. school made the Dean's Lists by posting a grade average of 3.3 or better out of a possible 4 during the designated period.
 Since that time, M. L. has transferred and is now a student at Southern Methodist University in Dallas.

4-H Club Meeting
 The sixth grade girls 4-H Club met last Wednesday for the last meeting of the year. Karen Gray called the meeting to order. Then Cindy Wisdom called the roll and asked if anyone was going to plant a garden. Then Karen gave a talk on tornadoes and told how to protect you and your family.
 Mrs. Ilseug talked on the food show and starch foods. She also talked on the record books.
 We see only half of the moon's surface because it always turns the same face toward the earth.

Deadline Nears for Notaries Public to Renew Licenses
 The deadline for filing applications for renewing notaries public licenses for next year is May 15. All qualified notaries public desiring re-appointment for the new term beginning June 1, 1967, and ending June 1, 1969, must pay the required fee and file a new application, oath and bond with the county clerk between May 1 and May 15.
 Notaries should not send requests for re-appointment or for commissions directly to the secretary of state. The law requires that county clerks approve notary bonds and forward copies of the application to the secretary of state.
 The required application forms may be obtained from the county clerk.
 Any person not now a notary public but desiring appointment for the beginning of the new term should apply to the county clerk before May 20.
 Judging from an early German cookbook, the burgers of 1600 liked strongly spiced foods.

Card of Thanks
 May we take this means to thank each of you who have shared in our recent sorrow, in the loss of our Mother, Ella Mae Cates. Your thoughtfulness will be remembered and appreciated throughout the coming years.
 Family of Ella Mae Cates.

Daylight Savings Time Brings Some Complications

Daylight Savings Time came to Foard County Sunday morning, but it was not without difficulty. A member of one of the local churches, at 10 a. m., said some of the members arrived an hour early, others at 10 and still others came an hour late.

C. H. S. Honor Students Feted at Lions Club Meeting

The honor graduates of the 1967 Senior Class were honored guests at the Tuesday luncheon of the Lions Club. As each student was introduced he or she told the club what college they plan to attend.

From the News . . . THIRTY YEARS AGO

News items below were taken from the Thursday, May 6, 1937, issue of The Foard County News:

With leases taken the past week the Texas Company now has approximately 35,000 acres of land under lease in Foard County. These leases include the 9,000 acres in the producing lease 20 miles southwest of Crowell, and 10,000 acres in the southeast corner of the county out of the Mill, Kiltworth and Waggoner ranches. About 5,500 acres north of Crowell, just south of the Pease River, and a checker board spread of leases just east of Crowell. Adjoining the leases taken by the Texas Company, individuals in Wichita Falls have taken about 5,000 acres.

John Rasor returned to Crowell Monday to again take up his work as an active partner in the operation of the Haney-Rasor Grocery & Market. Mr. Rasor had been serving as a traveling salesman for the Southern Syrup Co. since the latter part of 1935.

Thomas Hughston has recently accepted a position as senior range inspector with the Government Soil Conservation program. He will make reports on grass land on ranches in this county and make estimates as to the number of cattle the land will support.

The Crowell High School Wildcats closed a ten weeks spring training period Thursday afternoon with the annual football game from the senior class. Prospects for the fall grid team are better at the present than they have been since 1934.

Crowell High School received one and a half credit affiliation with the State Department of Education in vocational agriculture last week. This brings the total number of affiliated credits of the Crowell school up to 24 and the number of subjects to twenty-six.

Saturday, May 15, has been set as the official closing date for accepting applications for 1937 crop loans and livestock feed loans.

David Lee Owens of Margaret is a new employe at the Owens Auto Supply store here. He and Mrs. Owens have moved to Crowell from Margaret.

Doris Gentry has accepted a position with The Magee Toggery to fill the place vacated by the resignation of Sewell Roy.

Seniors attending the junior-senior banquet at Thalia Friday evening were Fred Gray, Homer Matthews, Kay Cox, Bill McKinley, Geneva Jo Wood, Modena Stovall, Edna Ward, Ruth Huskey, Mildred Townsley, Ina Belle Shultz, Johnnie Lee Tarver, Ruby Lee Tule, Norma Jean Long and their sponsors, Miss Imogene Wells and Ocie Chism.

Herman Biggerstaff of Childress is the new manager of the Haney-Rasor meat market.

Mrs. J. M. Hill and daughter, Frances, and son, J. M. Jr., spent the week end visiting the A. H. Clarks in Oklahoma City.

Charlotte Drabek, Janell Gray, Hollis Halbert, Joylyn Haynie, Janeice Jackson, Deborah Jones, Lanette Lemons, Virginia Stapp, Joy Traveek and James Allen Welch. Not present were Frances Cates Smith and Sandra Chowning.

Ralph Adams was introduced as a new member of the club. He is employed by the West Texas Utilities Co.

Visitors, in addition to the honor students, were Miles Welch of Crowell and Fred Pennington of Vernon.

First bicycles were called "dandy-horses" in England.

First Quarter Sales of Savings Bonds Total \$12,017.00

During the first quarter of 1967 the citizens of Foard County purchased \$12,017.00 in Series E and H United States Savings Bonds. Seventeen per cent of the 1967 goal of \$70,000 has been achieved, with March sales totaling \$732.00. During the first three months

of 1967 the sale of U. S. Savings Bonds in Texas totaled \$42,572,284. This is an increase of 10 per cent over the same period of 1966 and 23 per cent of the state's goal of \$181.3 million.

The new Freedom Shares which went on sale May 1 will be issued to individuals only, with the simultaneous purchase of Series E bonds on the payroll savings plan or bond-a-month plan at a bank. These new notes will have the same tax deferral privilege as the E bond. Payment of income tax on the interest may be deferred to redemption or maturity, and the interest is not

Crowell Woman Named to Scholastic Society at M. U.

Mrs. Barbara A. Greening, a senior at Midwestern University in Wichita Falls, has been chosen a member of Alpha Chi, national senior honorary scholastic society. Mrs. Greening is the wife of John A. Greening of Crowell. She is an elementary education major at Midwestern.

Membership in Alpha Chi is limited to regular undergraduate subject to state or local income taxes.

students of the junior and senior classes and shall not exceed the upper tenth of the graduating class determined by the entire record of the student.
