Bill Fitzgerald Speaker at Methodist Church

Bill Fitzgerald of Matador, who is beginning his second year of medical training in the University of Texas School of Medicine in Galveston, spoke at the Sunday evening service at the Crowell Methodist Church.

Greening Family Left Last Week for New Job in Alaska

Greenings to Teach School at Small Eskimo Village

Mr. and Mrs. John Greening and family, who have lived north of Crowell for several years, left Tuesday afternoon of last week for a long train and steamship journey to Alaska.

Greening and his wife accepted the teaching job offered earlier this year by the Bureau of Indian Affairs. He, his wife and two daughters, Brenda and Bernadette, boarded a Fort Worth and Denver passenger train for the first leg of a some 3500 mile trip to the frozen northlands.

They were due to arrive in Seattle, Washington, last Thursday and from there were to take a steamship to Fairbanks, Alaska, where the Greenings will enroll in the University of Alaska for eight weeks of special training.

CLUB WINS IN STATE CONTESTS

The Sub-Junior Adelpian Club has received word it won second in the State Sub-Junior Club year-book contest for 1966-67.

Mrs. Leo Spencer, Mr. and Mrs. Nelson Oliphant, Ronni Sue Oliphant, Mr. and Mrs. Pat Smith, Markham Spencer and Cindy and Ed. 49-1tc

The discoverer of barbituates named the drug after St. Barbara.

LITTLE LEAGUE NEWS

By Marion Crowell

Want to know about this year's All-Star tournament? In a meeting of all representatives of Arch Hughes' district last Sunday afternoon at Seymour, it was decided:

Crowell, Munday and Knox City will play in what is designated as the Area One tournament, a three-team tournament, to be played on Thursday and Friday nights, July 20-21 at Munday. Our Crowell All-Stars will play the Knox City All-Stars in the tournament's first game at 8 p. m., Thursday, Munday, having drawn a bye, will play the winner of the first night's game on Friday night to determine who'll participate in the district tournament.

Other area tournaments will be played at Seymour, Sheppard Field and Graham (each of the last two are two-team tournaments like we had here two years ago.)

All Star manager Ace Whitley tried for the tournament here again this year, but our sub-standard lights keep us and Knox City from being considered. Maybe next season?

Munday will furnish the umpires for our game with Knox City, with the losing team in the first game furnishing three umpires for the final game on Friday night.

Card of Thanks

We are truly grateful to the good friends who did so much for us during our recent sorrow. May we take this means of saying thank you for the many comforting expressions of your friendship and affection. Also, we would thank Dr. Stapp and the hospital staff for the wonderful care while he was in the hospital.

BROOKS AUTO SUPPLY

HERE AND THERE: Last Friday night L. L. Field was pleasantly air conditioned (about 70 degrees with a gentle breeze) . . . Bill Bell definition of Black Power: David Booker hitting three-for-three . . . Marcus Mills says he's missing Bill Nichols (official scorer for eight years!) . . . Did you know: David Stapp broke a thumb while sliding into third base last Tuesday night? (He played Friday night with the bum thumb in a steel protective device . . . yes, it was his left thumb) . . . How come, last Friday night, that—with five minutes left in the game—Rudy Rodriguez usually a pretty accurate thrower, overthrew his pitcher with the ball going way out into center field? . . . Everyone agrees: Umpire Buster Borchardt is tougher on Butch than on anyone else in the league . . .

Leading Crowell State Bank hitters are Don Ray Santos who hits .364 and David Fish, a .344 hitter . . . Grover Reed, in a hot streak last week, hit a potent .667 for the two nights (including a two-run homer) and his pitching improves steadily . . . The concession stand is rolling so-o-o smoothly . . . mothers all working . . . but they're not the only ones. Sylvia Weathered and Lora Bell have been working regularly, too, and we appreciate 'em! (Thanks, Ann Whitley, for the information).

As you read this column this week, Foard County Mill and Farmers Elevator should be really playing a couple whizzeroos. The eventual outcome of this year's race may hinge on what happens this week between these two teams, number one and number two of the league . . . speaking of lights for the field: the dream lights would be 16 mercury-vapor lights on our eight poles. Expensive, yes, but eventually they would pay for themselves in current we'd save! . . . What's become of my old buddy, John Peppy Hernandez? (What am I to do for human interest stories?) . . . See you next week!

The bite of a copperhead rarely is fatal.

**Truscott
AND GILLILAND
MRS. H. A. SMITH**

Mr. and Mrs. Elmo Todd are visiting their son, Charles, and family in Alamogordo, N. M.

Mr. and Mrs. Jack Brown and Mr. and Mrs. A. S. Tarpley attended the funeral of Rev. R. C. Brown at Paducah Wednesday. He had been pastor of the First Christian Church here for quite awhile.

We are still so thankful for our wonderful Truscott neighbors when 14 tractors pulled into the field of Tom Westbrook and 400 acres of land was plowed by night-fall. The ladies served lunch to the laborers and they made quite a day of rejoicing by doing "unto others as they should do unto us." The Westbrooks did appreciate their kindness so much.

Mr. and Mrs. Sam Bullion and daughter of Plainview visited Mrs. John Bullion Thursday.

Mr. and Mrs. Kenneth Gillespie and sons and mother, Mrs. Irene Gerald, attended a family reunion at Coleman Sunday and Monday. The Gillespies then started for their home in California.

Mr. and Mrs. Tom Moody and two grandchildren of Houston are guests of his sister, Mrs. Irene Gerald.

Luther Moody of Ranger spent Thursday night with relatives here.

Miss Marcia Carter, daughter of Mr. and Mrs. Forrest Carter of Granbury and granddaughter of Mrs. A. Horne, flew from Love Field in Dallas at 6 a. m. Monday for the University of Hawaii and she will attend school there this summer term.

Mrs. Mamie Hale of Dallas and Mrs. Ollie Mayberry of Vernon are visiting their mother, Mrs. G. W. Hollis.

Frances Bayers spent the week end with Anna Fojtik in Knox City.

Mrs. A. Horne and Vickie spent the week end in Granbury visiting Mr. and Mrs. Forrest Carter and Mr. and Mrs. Gayland Carter.

Mr. and Mrs. Ed Feemster of Knox City visited Mrs. A. Horne Friday night.

The Baptist Bible School had the commencement exercises Friday night.

Mrs. Doyle Davis and family of

Abilene visited her parents, W. T. Cooks, the past week end.

Dud Ellis and Sammy Abbott attended the horse sale in Seymour Friday night.

Mr. and Mrs. Curtis Faust are visiting his parents in Wichita, Kansas.

H. A. Reeves and boys went to Wichita Falls visitors Friday.

Mrs. H. H. Williams visited her daughter, Mrs. J. H. Coltharp at Seymour last week end.

Mrs. Weldon Bailey of Houston visited her parents, the O. W. Welches, the past week.

Mr. and Mrs. Lloyd McLaughlin of Carlsbad, N. M., Mrs. Terrell Smith and children of Amarillo and Dennis Eubank of Paducah visited the J. C. Eubanks Sunday and Monday.

Mr. and Mrs. Dan Tarpley of Canyon and Mrs. Charles Tarpley of San Angelo visited their parents, the A. S. Tarpleys, over the week end.

Foard County Mill Leads by Two and a Half Games

This Week's Play Begins Final Round of Scheduled Games

Crowell State Bank tied Foard County Mill on Tuesday night of last week, but the Cardinals came back with a 19-1 victory on Friday to maintain a comfortable 2 1/2-game lead in Foard County Little League even though Farmers Elevator swept its two-game series with V. F. W.

This week's games constitute the first games of the final scheduled round of play as VFW plays Crowell State Bank and Farmers Elevator engages in a critical two-game series with Foard County Mill.

Details of last week's games are as follows:

Tuesday, June 13, 7:30 p. m.: Farmers Elevator 7, VFW 6. The Vets enjoyed a 4-3 lead at the end of three innings in this one, but, in the fifth inning, failure to call time out when the catcher went out to talk to the pitcher allowed Milton Maston to scamper across the plate with the winning run.

For the winners, Rudy Rodriguez hit three-for-three, with Ricky Nichols and Ricky Hammonds each coming through with one hit.

For VFW, Grover Reed hit two-for-three; Lynn Nelson, David Stapp and Randy Reed each hit one-for-two, and Don Morgan singled in the third.

Tuesday, June 13, 9:30 p. m.: Crowell State Bank 5, Foard Co. Mill 5. Brave hurlers held the Cardinal bats silent except in the third when Jim Shook and Billy Halenack each hit singles in a four-run assault. Pitchers Rocky Bachman and Jackie Blackburn collaborated in a one-hitter, but walks and errors allowed a tie game. The Bank hit was a double by David Fish in the second inning, a hit that touched off a three-run rally. Louis Lopez made a nice catch of Bachman's line drive in the second.

Friday, June 16, 7:30 p. m.: Foard County Mill 19, Crowell State Bank 1. The curfew mercifully ended the slaughter in this one at the end of three full innings after Jim Shook and Rocky Bachman had each hit a home run and a single for perfect nights at the plate; Hal Williams and Randy Prince each walked three times, with Prince slashing a double in the final inning; Jackie Blackburn hit two-for-four, and Bob Brown hit one-for-two.

Pitcher Bachman allowed only three well-scattered hits, a single each to Danny Johnson and Billy Eavenson and a double to David Fish.

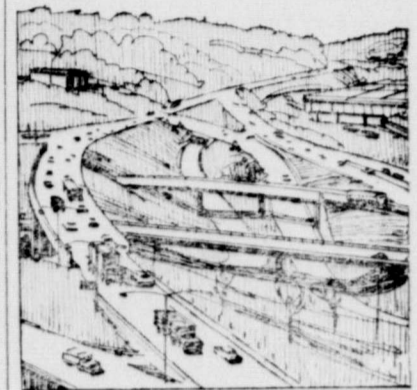

Friday, June 16, 9:30 p. m.: Farmers Elevator 12, VFW 5. Grover Reed broke up the Foard County Mill monopoly on home runs in this one as he boomed one out of the park in the fifth with Bob Gillespie on base, but these

FOARD COUNTY FARM BUREAU

JACK WELCH, AGENT

two runs only tended to make the score respectable.

The Yankees had previously scored five runs without a hit in the first inning and added four in the fourth, three in the fifth, as Bob Taylor hit three-for-four, Phillip Bell hit two-for-four; and Reed Davis and Ricky Nichols each came through with one base hit.

For VFW, Grover Reed also hit a single (besides the round-tripper) and Lynn Nelson, Bob Gillespie, Tim Daniels, David Stapp and Dale Abston each smacked one hit.

In PeeWee games of Thursday night the Tigers ruined the Bobcats' undefeated record as they beat them 7 to 2, while, for the records, the Leopards forfeited 1-0 to the Rattlesnakes (not having enough men to play). However, in a practice game that enabled the youngsters to play, the Leopards (plus borrowed men from other teams) defeated the Snakes by a score of 16 to 12.

Vicious Cycle

The more money the taxpayers part with, the more the government spends—a situation that is likely to continue until the public is aroused to demand drastic cuts in spending.

Tax Man Sam Sez

If you were divorced during the year, you need to consider your income tax problems in settling your property. Each spouse is liable for the income tax on one-half of the income earned by both spouses up to the date of divorce. They are of course entitled to one-half the withholding credit for both spouses up to the date of divorce. After the date of divorce, each includes the separate income for the remainder of the year. If you don't get this settled as a part of the divorce you may have some additional problems with your "ex."

TARGET DATES SET FOR COTTON INSECT CONTROL PROGRAM

The target dates for the two-application low volume early-season control program conducted by the Greenbelt Cotton Improvement Association have been set. The target date for starting the first application is Thursday, June 22, and the target date for the start of the second application is Thursday, June 29. These dates were selected as late as possible in June to allow the maximum number of harmful insects to be in the field at the time of spraying without continuing the program past the first few days in July. The early July cut-off date will allow time for beneficials to build up in sprayed fields before the normal bollworm development period.

Cotton in the control area is in various stages of growth depending on when it was planted. After lengthy discussions with extension representatives the following

guidelines are suggested for spraying different age cotton:

1. Cotton planted before May 15—This cotton will be more than 35 days old at the time of the first spraying and will be in the stage to derive benefits from both the first and second spraying for fleahopper and boll weevil control.

2. Cotton planted between May 15 and June 1—Cotton in this stage of development should definitely be considered for the second application for fleahopper and boll weevil control.

Cotton planted in the early part of this range, shortly after May 15, which has developed well may also derive benefits from the first application for fleahopper and weevil control.

3. Cotton planted after June 1—Cotton planted in the first few days of June could develop fast enough to be ready for the second application for fleahopper and weevil control. Cotton planted after the first week in June could use the first or second application for thrip control, if the infestation of thrip are enough to be causing damage. The key to whether June cotton is spraying in the first or second application, or included in the program at all, should be based on the farmer's evaluation of the development of his cotton and the possible damage caused by infestations of thrip, fleahopper and boll weevil.

According to President Otto Streit, there are many safeguards involved in this spray program which a farmer does not ordinarily receive during routine spray applications. The aerial applicator who has received the association bid to spray low volume Malathion has been checked for adequate insurance coverage, will submit a performance bond, and a representative of the Texas Department of Agriculture will check the aerial applicator's equipment, calibration and swath width.

Participating cotton growers can check their own cotton fields, as to whether or not they have been sprayed and the insecticide coverage pattern, by placing mirrors, glass or white paper between rows of cotton in a pattern across their field. As the low volume application is made, the glass or paper will be spotted so the farmer will have a positive check of performance.

Now is the time for cotton farmers in the Wilbarger-Foard County area to contact one of the 10 Greenbelt Cotton Improvement Association cooperating gins to get detailed information concerning the early-season program. Producers intending to have their cotton sprayed on the first applica-

tion, with a target date of June 22, will need to sign up at their gin Monday through Wednesday. Producers, desiring to sign up for the second application, need to contact their ginner between Monday, June 19, and Wednesday, June 28. The cost of the program to the producer is \$1.35 per acre per application.

Social Security Message for Younger Workers Is Explained

Why should a man with a wife and young children concern himself with anything that seems as far away as social security?

A new booklet, "Social Security Information for Young Families," specifically designed to answer this question is now available. Social security manager Edwin Draughon announced this week.

"Social security is not just a retirement program, and it is not just for old people," Draughon said. This new booklet gives the

young worker important information about the survivors and disability protection that he and his family have now.

Nine out of ten families in Foard County have social security survivor protection which can amount to over \$75,000 in benefits if the breadwinner in the family should die, he pointed out.

Disability insurance is the other social security program of particular importance to the young worker. After just five years of work under social security, the worker and his family are eligible to receive monthly benefit payments if he should become severe-

ly disabled and the condition is expected to last a year or longer.

Draughon said that "Social Security Information for Young Families" explains in detail survivors and disability protection, what it can mean to family, and how to make an application should it become necessary. Also included is information on how to check your social security account and the financing of social security.

Copies of this pamphlet may be obtained free of charge from the social security office at 1728 Fannin Street in Vernon.

Study of Auto Mishap

After studying auto accidents that killed 177 persons not wearing seat belts, a U. S. Public Health Service study reported that 40 per cent would have been saved if they had been wearing belts. In addition, 60 per cent would have been saved if they had worn shoulder harnesses.

Almost a million persons in the nation suffer from epilepsy.

Many Bushels of Wheat Stored on Foard County Farms

In the News' wrap-up story of the 1967 wheat harvest last week, no mention was made of the number of bushels of wheat stored on farms.

The reason for this was that it is virtually impossible to get an accurate estimate of the amount stored in this manner.

Mrs. Anita Denton of Abilene spent the week end here visiting her mother, Mrs. Allen Fish.

Mrs. Frank Elton of Quanah spent several days here last week visiting Mr. and Mrs. Grover Cole.

Mrs. Morgan Howard and children, Donna and Tex, of Wilcox, Ariz., returned to their home last week after a two weeks visit here with their parents and grandparents, Mr. and Mrs. Lee Black.

Mrs. A. S. Hart returned home last week from an extended visit in Carbondale, Ill., with her son, Jim A. Hart, and wife. Mr. and Mrs. Hart brought her home and visited a short time here.

Mrs. H. E. Thomson returned home Saturday from a two-weeks vacation trip in which she accompanied her daughter, Mrs. Bill Underwood, and family of Fort Worth, to the Gulf Coast and also to Carlsbad Caverns, New Mexico.

Mr. and Mrs. Ennis Settiff went to Dallas Wednesday of last week where they joined their son, Elwin, and family for a three-weeks trip to Washington, D. C., and other points of interest on the East Coast.

A baby boy, Mark Shelton, was born to Mr. and Mrs. Gary Ferguson of Irving on Tuesday, June 7. The baby is a grandson of Mrs. Shelton Ferguson of Fort Worth and a great grandson of Mrs. Cora Donaldson of Crowell.

Goodloe Meason spent the week end in Lubbock visiting Mr. and Mrs. Jimmy Rasberry and daughter, Karen Lee. Mrs. Meason, who had been visiting in the Rasberry home for several days, returned home with her husband.

Mr. and Mrs. Eddie Stepp of Houston visited last week with her parents, Mr. and Mrs. Irving Fisch, in Crowell. Mr. Stepp is studying law at the University of Houston and Mrs. Stepp is employed by Pan American Airlines in Houston.

Mr. and Mrs. Gordon Cooper returned home Saturday from the Fort Worth-Dallas area where they had been visiting their children. Mr. and Mrs. James Cooper and son, John Matthew, brought them home and returned to their home in Fort Worth Sunday.

Mr. and Mrs. Rodney L. Thomas and daughters, Renee and Cecilia, from Costa Mesa, Calif., left Sunday after a two-weeks visit with their parents, Mr. and Mrs. Fred Wehba and Mrs. Hazel Thomas. They are moving to St. Louis, Mo., where Mr. Thomas is being transferred.

Mr. and Mrs. W. O. Long and children, Gail and Bill, of Fairbanks, Alaska, visited last week with her uncles and aunts, Mr. and Mrs. R. L. Banister and Mr. and Mrs. Fred Bomar. Mrs. Long is the daughter of the late Mr. and Mrs. George Johnson, pioneers of Foard County.

Mr. and Mrs. Howard Bell and children, Sarah and Keith, left Sunday for their home in Santa Maria, Calif., after a visit here with her father, Roy Barker, and wife, and his father, Fred Bell, and other relatives. Other week end guests in the Barker home were Mr. Barker's three other children and their families: Dr. and Mrs. J. B. Caldwell, Christi and Bradley and Mr. and Mrs. Fred Barker and children, Mike and Debbie, all of Dallas; Mr. and Mrs. Mike Whitten, Susan and Rex, of Dumas.

The Road Report . . . BY ARBA

Skiing's fun for some but... DRIVING FOR PLEASURE is America's leading form of outdoor recreation

AMERICAN ROAD BUILDERS' ASSOCIATION

Backyard Earthworm Bed Easy to Build

Getting good worms for fish bait can be a problem. But, says County Agent Joe Burkett, there is an easy solution—a backyard earthworm bed.

The earthworm bed should be located in a cool, shady place. The shade can come from trees, shrubs or vines or a permanent shed. The bed can vary in size from a tub two feet in diameter which should produce from 3,000 to 5,000 worms annually to an operation that will produce worms in commercial quantities.

If a tub or half of an oil drum is used, a two-inch hole should be cut in the bottom to provide proper drainage. Place a fine copper screen over the hole and secure it with hot coal tar, advises the county agent. Tub beds, he adds, may be kept in the garage or buried in the ground. If it is buried in the ground, leave about four inches of the tub exposed to prevent surface water from flooding the worm bed.

The tub should be filled to within four to six inches of the top with fine loam containing an abundance of humus or well decayed organic matter. Stock the bed with 50 to 100 worms of the type desired. "Red wigglers" or "English redworms" are preferred by most fishermen. In 60 to 90 days after the seedstock begins to lay eggs, plenty of fish bait should be available provided the worm bed has been kept moist and the worms fed.

Texan Crashes Wind Barrier

A low-flying Texan—a wild turkey hen—crashed the auto windshield to join an astonished Florida motorist on a highway near Jacksonville recently.

The driver was released from the Jack County Hospital, after treatment for cuts and abrasions, to find his car damages exceeded one hundred dollars.

Game Warden J. C. Romines salvaged the turkey hen, which was killed by the impact, and gave it to a local needy family.

Car Club Cites Corvette

Chevrolet has been awarded a trophy from the Sports Car Club of America as the manufacturer of the Corvette which turned in the "best performance in 1966 by an American-built grand touring car." The award was accepted for Chevrolet by Zora Arkus-Duntov (right), Corvette engineer, at the club's annual awards banquet in San Francisco. Shown presenting the trophy to Arkus-Duntov is James Kaser, of the SCCA. The award was based on a Corvette's first-place finish in the competition at Daytona and Sebring, Fla., last year. The Sting Ray Coupe was equipped with a 427-cu.-in. V8 engine.

Beef Consumption Doubles in 20 Years

Grandmother may talk about the "good ol' days," but when it comes to eating beef, chances are she is consuming almost twice as much per year as she did 20 years ago.

Gwendolyn Clyatt, extension consumer marketing specialist at Texas A&M University, reports that production and consumption of beef could set new records in 1967, according to government and meat industry estimates. Forecasts are for an output of about twice as much as was being produced by the cattle and beef industry 20 years ago.

With that much beef available, Americans can consume an average of 103.6 pounds per person. Per capita consumption of beef tallied around 60 pounds 20 years ago. Thus, in only two decades, modern production and processing efficiencies have made available some 40 pounds more beef per person.

Mrs. Clyatt adds that beef accounts for well over half the record-breaking 33.3 billion pounds of all meat—beef, pork, veal and lamb—being produced this year. And, as even grandmother would admit, that's a lot of beef.

Trouble with Inflation

Congresswoman Catherine May of Washington says, "The trouble with a little inflation is that it never stays little. Once it is accepted as a national way of life, it gets out of hand. Unless the federal government takes definite steps to contain it, it hurts those who can least afford to be hurt—

Miss Jon Ann Carter to Present Senior Organ Recital

Miss Jon Ann Carter, daughter of Mr. and Mrs. Loraine Carter of Crowell, will be presenting in senior organ recital on Friday evening, June 23, at 8 p. m. at the First Baptist Church here. Jon Ann, 1947 graduate of Crowell High School, has studied organ with Mrs. T. J. Richards of Paducah for the past five years. She is a piano pupil of Mrs. G. B. Nell of Thalia and a voice pupil of Mrs. Aurora Wright of Quannah.

This talented young lady has been active in many music groups. They include double duet her sophomore year, double quartet the same year; Madrigal Singers and girls' trio her junior year. She has participated in the hymn festival sponsored by her church four of the last five years, earning a rating of superior each time in organ playing. This past spring she was a member of the All-Senior Honor Chorus at East Texas State University, Commerce. She attended a church music workshop at Baylor University, Waco, in 1949. In high school, she was a member of the chorus her last three years, serving as secretary, treasurer junior and senior years.

Her talents have been shared as she served her Baptist Church as assistant pianist and organist the past few years. She has played for many weddings and other services in Crowell.

As a student in Crowell High, she held the following offices: Library Club member three years, vice president 1963-67; Spanish Club 1963-67, vice president 1964-67; pep squad four years, vice president 1963, president 1966, business editor of the annual her senior year; class officer 1966-67; senior favorite, member of the Student Council her senior year. She was also a Gold Star award winner in 4-H. She has been very active in the Sub-Junior Adolphian Club for the past four years; she held offices of secretary, 1965-66 and vice president 1966-67.

Jon Ann's recital will include works from organ masters, Bach, Gulliant and Handel, with selections from contemporary composers Gordon Young, G. Balch Nevill and Stages. The program will also include two piano and or-

MISS MAROLYN SUE DENTON

Miss Marolyn Denton and Lloyd Harbison to Wed July 21st

Mr. and Mrs. Allison Denton announce the engagement and approaching marriage of their daughter, Marolyn Sue, to Lloyd Harbison of Garland.

Vows will be exchanged at 8 p. m., July 21, at the First Assembly of God Church in Garland.

Miss Denton is a graduate of Crowell High School and South West Assemblies of God College at Waxahatchie. She is presently employed at Texas Instruments in Dallas.

The prospective groom is the son of Mr. and Mrs. Jack Harbison of Garland. He is a graduate of Garland High School and attended Arlington State. At present he is working as an air technician for the National Guard.

The couple will make their home in Garland.

"Appreciation Hour" Honors Sunday School Class at Local Church

An "appreciation hour," in honor of the Women's Bible Class of the First Christian Church, was given Thursday afternoon from 4 to 5 o'clock at the home of Mrs. R. C. McCord. This class organ duets, and arrangements of favorite hymns.

"The public is invited to attend this outstanding musical program presented by this very talented young organist as a climax to her years of diligent study," Mrs. Richards said.

is taught by Mrs. Jack Roberts. The rooms of the parsonage were artistically decorated with pink and white roses. Placed on the coffee table was a large, low-cut, Fostoria bowl filled with an arrangement of assorted flowers. The buffet was unique, in that it was made into a Japanese rock and flower garden, with a bridge and pool included. Floating candles were in the pool.

The dining table was covered with a white linen cloth. In the center of the table was a large cake, made in the shape of the Bible, with its pages turned to Psalms 105 and a passage of scripture, "Thy Word is a lamp unto my feet," which has been the motto of this faithful, devoted Bible school class.

The group was directed through an hour of entertainment and while they were enjoying some games and contests, Mrs. McCord reminded them that, "We don't stop playing because we get old; we get old because we stop playing."

The guests were invited into the dining room where they served themselves to cake, finger sandwiches, assorted kabobs, which prettily covered a grapefruit; rose shaped radishes and mints. Lemon-strawberry punch was served from a crystal punch bowl by Mrs. Roy Steele.

Those attending were Meses, Jim Merriam, Tom Barsey, Dave Adams, Cassie Shivers, Joe Orr, Merit Carruth, Roy Steele, Lester Myers, E. Kenner, Jim Davis, Jim Cook, J. W. Harris, Henry Greening, Jack Roberts and Robert Miller.

Eastern Star Chapter Hears Reports of Last Year's Work

Reports of last year's work were given at the stated meeting of Crowell Chapter No. 916, Order of the Eastern Star, on June 13 in the Masonic Hall. Mrs. Ona Lee Taylor, worthy matron, and Robert Taylor, worthy patron, presided.

Listing details of the past year's activities were Mrs. Lona Pittman, junior past matron; Mrs. Bernice Carroll, treasurer; and Robert Taylor and Mrs. Pearl Moore, audit committee.

Mrs. Lottie Estes was presented the gavel to install Mrs. Lola Huskey to her office as Adah. Mrs. Maggie Gentry served as installing marshal.

Mrs. Moore filled the associate matron's position in the absence of Mrs. Vera Thomas.

At the conclusion of the meeting, Mrs. Roberta Barker and Mrs. Taylor entertained in the banquet room.

Members held a practice session June 20.

Foard County Artists Invited to Enter Quannah Art Show

Artists of Foard County are invited to compete in the Hardeeman Art League's second annual Sidewalk Art Show to be held in Quannah Saturday afternoon, July 4.

Cash prizes of \$7, \$5 and \$3 and ribbons to the third place will be awarded in each of five divisions: landscapes, building and structures, still life, figures and portraits, and abstracts.

Registration of the paintings will be held from 12 noon until 1:30 p. m. in the community room of the Security National Bank and the show will be exhibited on the bank parking lot until 5 p. m. A fee of \$1.50 will be charged for up to three paintings and 50¢ each for additional entries. Judging will be completed by 3 p. m.

For the convenience of the out-of-town artists, the bank community room will remain open until the show is over. Artists are asked to be personally responsible for their paintings during and after the show.

Foard City H. D. Club

"Tornadoes—Dark Clouds of Destruction" was the subject of the 4-H demonstration given by Butch Borchardt to the Foard City Home Demonstration Club Tuesday, June 13, at 2 p. m. at the Foard City Church. Butch stated, "There is no universal protection against tornadoes except underground excavations. In open country, move at right angle to the tornado's path. In town or city, seek inside shelter in a strongly reinforced building. Stay away from windows. Stand against an inside wall on a lower floor. Keep calm. Keep radio or television tuned on for weather advisory information."

Roll call was answered by six members and six visitors, County Agricultural Agent Joe Burkett, H. D. Agent Virginia Heng, Johnny Baker, Melissa Burismit, Mrs. J. M. Glover and Butch Borchardt with "what I plan to do this summer." Mr. Burkett for opening gave a summary of 4-H work in Foard County stating there was an average enrollment of 200 boys

SPRING CHECKS—A free-swinging cape coat and dress costume is artfully interpreted in black and white cotton checks. Triple jet buttoning accents both coat and dress. By Michael Anthony.

TAPESTRY STYLE—The pantsuit takes on an unexpected air of elegance in John Wolf's cotton canvas cloth, printed in a bold black and white paisley. The double-breasted suit is teamed with a scarf and sandals for perfect ensembling. By Mr. Thomson.

Truscott H. D. Club

The Truscott Home Demonstration Club met at the club room Thursday, June 8, with Mrs. Idoma Chowning presiding.

"Footnotes to History," a round table discussion of local history, was the program for the day.

The annual community picnic in August was discussed. Five members were served refreshments by Mrs. Jack W. Brown, hostess.

W. S. L. Meeting

Mrs. A. V. McCombs told of her recent trip to Europe at the Thursday luncheon of the Women's Service League.

Before plastics came into use, one American piano maker used the tusks of over 100,000 elephants in the manufacture of piano keys.

SHIPSPLACE—Here's a man-tailored version of the pantsuit, stolen straight from sea-going stewards. In Cone Mills' crisp cotton denim, it's styled with pleated pockets, brass buttons, and a shorty jacket. The sand-colored suit is by Valor.

and girls, beginning in fifth grade through 8th grade, and after the eighth grade they become junior leaders with an average attendance of 22 leaders. Girls take instruction in home economics under supervision of the H. D. Agent, and boys take instructions in agriculture problems under supervision of the County Agriculture Agent. Four-H boys and girls are trained to be leaders in community activities as well as church activities.

Council delegate stated Mrs. Roy Cooper and Mrs. Clarence Garrett were elected delegates to the state convention this fall.

Mrs. Mary Borchardt, hostess, served delicious cookies with pink lemonade. Mrs. Traveek led in recreation playing bingo game of "naming trees."

Two Minutes With the Bible

Can the Law Save?

This writer does not wear clerical garb, but somehow when he visits a church away from home, someone is apt to step up to him and ask: "Are you by any chance a minister?"

Acts 13 tells how this once happened to Paul and Barnabas. They had entered a synagogue as strangers and simply sat down to listen. After "the reading of the law and the prophets," however, the leaders of the service sent someone to ask them: "If ye men and brethren have some word of exhortation for the people, say on" (vers. 14, 15). Somehow Paul and Barnabas had been recognized as men of God.

The custom at that time was to read a passage from the law and then some passage in which the prophets urged the people to observe the law. This was followed by an exhortation by one or more of the religious leaders present.

Well, Paul did have a word of exhortation for the people, but it would be somewhat of a surprise. Getting to the point of his message, he preached to them Christ and the resurrection and closed his talk with the words: "Be it known unto you, therefore, men and brethren, that by this Man is preached unto you the forgiveness of sins; and by Him all that believe are justified from all things, from which ye could not be justified by the law of Moses" (Vers. 38, 39).

This was the gist of his "exhortation": "Don't trust in the law for salvation—trust in Christ who died for your sins. This makes sense and it agrees with the Bible as a whole. "By the law is the knowledge of sin" (Rom. 3:20); "It was added because of transgressions" (Gal. 3:19); "for as many as are of the works of the law are under a curse" (Gal. 3:10); but "Christ hath redeemed us from the curse of the law, being made a curse for us" (Gal. 3:13). "Therefore we conclude that a man is justified by faith, without the deeds of the law" (Rom. 3:28).

It should be obvious that the law can only condemn sinners, but it is also a fact that Christ died for sinners, to save them from the condemnation of the law. "Therefore, being justified by faith we have peace with God, through our Lord Jesus Christ" (Rom. 5:1).

Card of Thanks

We don't know how to express our gratitude and appreciation for every act of kindness and concern during my long illness. For everything that was done for any of us, we want to offer our sincere thanks and especially to Dr. Stapp and the hospital staff. We very definitely felt the presence and power of the many prayers.

E. Kenner and Ota, Clyde, LaVerne and Randell, 49-11c

Card of Thanks

I want to express my thanks to Dr. Stapp and the entire hospital staff for the wonderful care you gave me during my stay in the hospital. Especially do I appreciate the cards, flowers, and visits, and the prayers of my friends and loved ones. May the Lord bless each of you.

Valeria Owens, 49-11c

From the News . . .

THIRTY YEARS AGO

News items below were taken from the Thursday, June 24, 1937, issue of The Foard County News:

The wheat crop in Foard County passed the million-bushel mark Tuesday for the first time since 1924.

Crowell had its first "sit-down" strike Thursday when thirty-five out-of-the-county wheat truckers agreed not to haul wheat unless they were paid three cents a bushel up to five miles and more per mile over that distance. The strike was quickly dissolved by Sheriff A. W. Lilly and Foster Davis, county attorney, who warned the truckers through their spokesman, W. F. Davis of Littlefield, that agitation of a strike would not be tolerated in Crowell.

Over 4,000 fish from the Dundee hatchery were put in the city lake Thursday by L. C. Cole of Vernon, game warden of this district.

Approximately \$8,028.66 per month has been spent in Foard County during the first five months of 1937, as of June 1, or a total of \$40,143.30 since January 1, by the Works Progress Administration.

Because of delays caused by lack of material and bad weather conditions, the approximate date of the completion of the new ward school has been set at some time in October.

Crowell and its trade territory will be featured over radio station WBAP in Fort Worth Friday morning, June 2, at 6:30 o'clock, as a part of the "Know Your State Better" campaign being conducted by the Red Hawk program.

A donkey baseball game will be played at the Crowell High School football stadium Wednesday night, July 7, between Walker P. Todd's FFA team and a business men's team. Gordon Bell and Pat McDaniel will be in charge of the town team.

Local fans have a chance to see Jean Harlow in the last picture she completed before her death when "Personal Property" shows for the last time Thursday night at the Rialto Theatre.

Emergency crop loans are now available to Foard County farmers at the Emergency Crop and Feed Loan office in Crowell. Miss Alma Walker will accept the applications.

Mrs. Gordon Bell entertained with a breakfast at her home Thursday morning to honor Miss Elizabeth Kincaid, before her marriage on Sunday to Dale Grimes, and Mrs. J. H. Cope of Vernon, who is the guest of her sister, Mrs. T. S. Haney.

Miss Margaret Long has gone to Henrietta and at that place will join Rev. P. J. Merrill and a group of twelve young people from the Henrietta Christian Church and go to Port Arthur to attend the State Christian Endeavor convention there.

Mrs. W. C. McKown and daughter, Miss Dorothy, of Wichita Falls are here visiting relatives.

Malcolm Tucker Reinhardt suffered three fractured ribs and a spine and kidney injury Thursday when the ice truck which he was driving went in the bar pit, caused from a faulty steering gear.

Christian Church Youth Having Retreat at Minnick Ranch

Instead of the D. V. B. S. this year at the First Christian Church the children of that age will enjoy a retreat this week being conducted at the Minnick ranch home. Transportation for this group is being provided by using the Boy Scout bus each day. The retreat group leaves the church each morning at 9:30 and returns home at 5:30 in the afternoon. The church provides the noon and evening meals. The teachers and other helpers include Roy Whitely, Floyd Carl Borchardt, R. C. McCord, Betty Knox, Judy Sandlin, Suella Smith, Ann Whitley, Pat Hall, Geraldine Whitley, Reba Adams and Kathryn McCord.

Highlights and Sidelights from Your State Capitol

Railroad Commission authorized Texas oil industry to produce an additional 2,298,000 barrels of oil during the last two weeks of June in view of curtailed supplies from the unsettled Middle East.

Commission increased the June allowable from 33.8 per cent to 35.9 per cent, retroactive to June 1. This figure will permit maximum oil production of 3,112,191 barrels daily compared to current 2,992,236 barrels. Commission postponed setting an allowable for July, but another moderate increase is almost certain.

Crowell, Texas, June 22, 1967

starting August 1.

That's when the new insurance plan adopted last July by the State Board of Insurance begins to show on insurance rates. Drivers will pay 15 per cent more for insurance if they have one point charged against them, 35 per cent for two points, 60 per cent for three points and 90 per cent for four points.

Points are assessed for accidents or traffic law violations which came after August 1, 1966, when the plan was adopted. Penalties will apply when auto insurance policies are bought or renewed after August 1 this year.

A driver who is assessed points can "work them off." Only points assessed after August 1, 1966, will count. But after three years of being charged more, the points drop off the driver's record, for rate purposes.

Board believes this will lower the basic rates, thus will reward no-point drivers.

14-YEAR-OLDS CAN DRIVE—Fourteen-year-olds who complete driver education before August 28 still can get a license good until its regular expiration date.

Homer Garrison Jr., Director of Texas Department of Public Safety, issued the interpretation following numerous calls about new licensing law amendments.

New law which goes into effect in late August would raise the minimum age for licensing drivers with behind-the-wheel instruction to 16, except in unusual cases. Garrison said, however, he did not interpret the new law as denying "the privilege of driving" to 14-year-olds who already have qualified under existing regulations.

Blue Jays Win Over Childress

The Crowell Blue Jays won 10-2 in a baseball game played against the Childress Bobcats here Sunday.

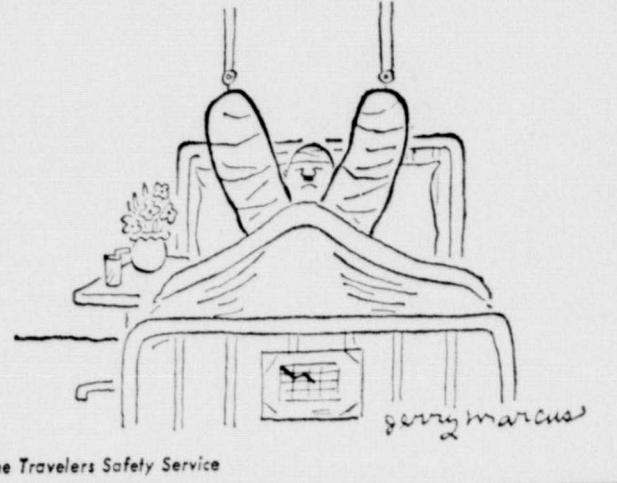

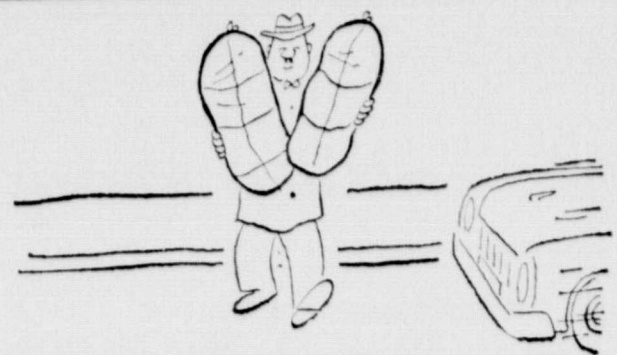

Domingo Martinez was the winning pitcher.

Getting Results

Postmaster General Lawrence O'Brien is getting results. A postcard mailed 18 years ago has finally reached its Baltimore, Md., address. The postcard, mailed on September 16, 1948, in Emmetsburg, Iowa, was delivered recently to Mrs. Walter B. Henderson of Baltimore. Explanation from the local mailman: "It might have been left in an old mail bag and just got thrown in the back for a long time."

Was It Sudden?

Jerry Marcus

Crossing between intersections killed 3,630 persons in 1966.

Four Driving Tips Given for Making Vacation Trips

Foard County area motorists this week were urged to apply four driving tips to make their vacation trips safer and more pleasant.

The suggestions were given by Glen Goodwin of Borchardt-Goodwin Chevrolet, as part of a safe summer driving campaign sponsored by the Auto Dealers Traffic Safety Council, of which he is a member.

The four-point plan:

1. Have the family car safety-checked bumper to bumper. A safe drive demands a car kept in safe driving condition.

2. Lock all doors from the inside before you drive. This helps keep you and your passengers in, and other people out. Lock the doors from the outside when you park, to protect both the car and its contents from theft.

3. Buckle all safety belts before you start the car. This simple act can save lives and prevent or reduce injuries in case of a crash. It can also lessen fatigue on long trips.

4. Stay alert. On long trips, take frequent rest breaks to guard against fatigue, drowsiness, and lack of attention.

Mr. Goodwin cautioned motorists against taking short drives around town for granted. "Studies show that 80 per cent of all traffic accidents happen within 25 miles of the driver's home," he stated, adding "Seventy-five per cent of all traffic deaths occur within the same radius."

For around-town driving as well as for long vacation trips, the Auto Dealers Traffic Safety Council offers this "capsule" reminder, Goodwin says: "Lock up when you get in... lock up when you get out... buckle up in between. Get the safety habit."

Can Be Achieved

The Arizona Farm Bureau Federation says: "Studies now show that the economies of large-type farms can be achieved by modern and fully mechanized one-man and two-man farms. In three specific cases, economists found that efficient one-man farms could keep costs down as low as any larger operation. These studies covered production of cling peaches in California, irrigated cotton in Texas and wheat in Oregon."

Inverted Thinking

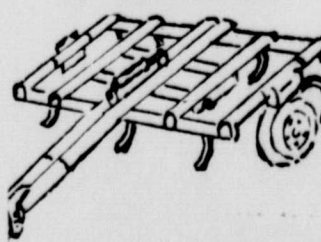

"We read, just the other day, of a retail store in the East which carried the following thought-provoking sign: 'This store does not advertise. This savings goes to my customers'.... This kind of inverted thinking crops up sometimes—the notion that advertising is a form of personal charity.... That, you may be sure, is not the reason that the giants of American industry spend millions of dollars every year in advertising. The only need involved, as they see it, is theirs. These big and successful companies are not philanthropic agencies. When they spend money they insist on getting a good return for it. And they know that they get it through newspaper advertising." —Grafton, N. D., Record.

One Accident Reported in County During May

The Texas Highway Patrol investigated one accident on rural highways in Foard County during the month of May, according to Sgt. Floyd Etheridge, Highway Patrol Supervisor of this area.

One person was injured in the crash.

The rural accident summary for this county during the first five months of 1967 shows a total of 8 accidents resulting in no persons killed, three persons injured, and an estimated property damage of \$5,695.00.

The vacation season is now in full swing. This means more traffic and many drivers going for long hours without sleep.

In many areas, harvest is in progress which means slow-moving farm machinery on the highway, oftentimes poorly lighted or not lighted at all.

The patrol sergeant cautioned motorists to watch for the dozing driver and to be alert for slow-moving vehicles. If you are traveling this summer, allow plenty of time for your trip, and rest often.

For Sale

FOR SALE—Three beds and two lots.—Luther 48-2tc

FOR SALE—Blackeyed peas.—Duane Naylor, 655-3744 47-1tc

FOR SALE—Quart fruit one Edison photograph.—Mrs. S. E. Tate.
