Chamber Designates Clean-Up Week

The Tahoka Chamber of Commerce has designated the week starting May 4th as "Clean Up and Beautify" Week. The cooperation of businessmen and other property owners will be needed to clean up some of the eye sores in our town. The City has a portable spraying rig and is going to spray the sidewalk around some of the vacant buildings to keep the grass and weeds from growing up through the cracks.

Businessmen are asked to clean up trash and litter around their stores and put it in boxes to be hauled off. Most of the stores have weeds growing at the back of the store that need to be cut. Tall weeds and grass are brooding places for mosquitoes and flies.

Property owners are asked to clean up around their homes and vacant rent houses. The City has a grass shredder that can be used on vacant lots. There is a minimum charge of \$3.00 for this service. Tahoka also has a street sweeper in operation but keeping the town clean still rests largely upon the individual. There are trash barrels located around the business district and people are urged to use them to dispose of litter.

PYTHIAN'S DRILL TEAM ORGANIZED

Pythian Sisters met Tuesday April 21, in the WOW Hall. The main business of the evening was organizing the fancy drill team who will compete at Grand Temple in June.

Twenty sisters were served sandwiches, coke and coffee by Hannah Nardyke and Evelyn Burr.

RECEIVES AWARDS...Shown here are the students that received awards Friday night at the Tahoka High School Athletic Banquet. Pictured on the front row left of right are: Tommy Hale, Outstanding player; Cindy Gibson, Scholarship; Jane Cox, Sportsmanship; Sherry Schneider, Leadership; Back row, left to right, Robert Montemayor, best backfield Martin Warren, Fighting Heart, Leadership and Sportsmanship; Gene Walker, Outstanding track; Dewayne Schuknecht, Outstanding Basketball player; and David Rogers, Scholarship and best lineman.

Rabies Vaccination Friday

Dr. Smith of Lamesa will be at Tahoka City Hall Friday, May 1, from 1 to 6 p.m. to vaccinate dogs and cats for rabies for \$3.50 per shot. This is the third time this year that the Vet. has been here to give shots. Penalty for not having

your animal vaccinated will be from \$10.00 to \$100.00 fine. This is a Tahoka ordinance which will be enforced.

A rabid skunk was killed in the city, attacking a dog and trying to get in the front door of a home. Jack Miller, Rich-

ard Brooks and Tuffy White killed the skunk and picked him up. They had bruises and scratches on their hands and had to start taking the rabies shots for the next 14 days, starting last Monday.

Softball Sign-Up Urged

The Tahoka Softball League urges everyone that is interested in playing softball to get signed up. The season will get under way soon and the league still lacks enough players.

Managers and officers for the coming year have already been chosen and the managers will pick players Tuesday night May 5th. All players should come out Tuesday night.

Democratic Primary Voting Saturday

The Democratic Party First Primary Election will be held this Saturday, May 2, 1970.

Each voter is urged to vote for the candidate of his choice by placing an "X" in the square by the candidate's name.

Each voter will vote in their usual voting place in one of eleven Democratic voting precincts.

The Justice of The Peace Offices in Precincts 1 and 4 are the only local offices where more than one candidate is running. In Precinct 1, E. A. Hargrave and L. B.

Thompson are candidates and in Precinct 4 Isaac Ledbetter, Cliff Lambert and Sceanie Brunette are candidates.

Land Bank Reduces Interest Billing Rate

Ross Smith, Manager of the Federal Land Bank association of Tahoka received word today that the Federal Land Bank of Houston has reduced the interest billing rate on variable rate loans to 8 1/2 percent.

The variable rate loan plan, which was introduced by the Houston Bank last July, lets the interest rate "float" over the variations in the money market. In large measure therefore, the rate in any specific year will reflect the changes in the price which the Bank must pay for the money it makes available for farm mortgage loans.

"Recent improvements in the money market have made this reduction possible," Mr. Smith stated.

The Federal Land Bank of Houston makes long term real estate loans on farm and ranch lands throughout Texas. On January 1 of this year, The Bank had slightly over one-half billion dollars in volume of loans outstanding. The local association makes and services loans in Lynn and Garza Counties. Members of the local board of directors are Mr. Fred McGinty, Mr. Avery Moore, Jr., Mr. J.D. McCampbell, Mr. Vernon Willhoit, and Mr. L.A. Forsythe.

Dr. Thomas To Attend State Medical Meeting

Dr. C.S. Thomas will attend the state Texas Medical meeting in Dallas, Thursday, Friday and Saturday at the Fairmont Hotel.

Mrs. Thomas will attend the ladies auxiliary luncheon to be held at the Statler-Hilton Hotel during the medical meeting. She is the president of the five surrounding counties auxiliary.

While there the Thomas' will stay with their daughter and family, Mr. and Mrs. Roger Baier and Rebecca.

Tahoka Co-op Gin Has Annual Meet

If you were a patron of the Tahoka Cooperative Gin during the past season you had a share in the above check which represents the amount paid to our customers as seed and ginning rebate.

The Tahoka Cooperative Gin held their annual meeting Tuesday April 21, 1970 at 7:30 p.m. in the local school cafeteria, beginning with a barbecue meal, with around one hundred and fifty customers and guest present. Following the meal entertainment was furnished by Mr. Bill Brown, a well known after-dinner speaker and magician of Lubbock.

Next the audit report was given by Mr. Hugh Thomas of Brownfield, showing only \$611.90 margin for the year after seed and ginning adjustment price was paid just before the end of the physical year March 31, 1970.

Also this business paid out for local employment \$38,218.87 To local insurance agencies \$3,641.34 School, county, state and city taxes 1,186.33 Repairs and supplies to local merchants of about 6,376.08 Each patron receiving a check will pay income taxes on his portion, so you can see the co-

operatives do pay taxes just the same as other businesses. It has come to our attention that some in this city think the gin has cancelled all the old stock it has on its books. This is far from true, we cannot cancel this stock or would we want to. The directors and manager hope that in the near

future we can build this business up to a size where we can go back and pick up payment on this old stock. Two directors terms were up this season, those of R.E. McElroy and W.P. Scott. Mr. Scott declined nomination for

another term. Directors elected were R.E. McElroy and Billy Davis. The Tahoka Cooperative Gin wants to invite all to come by and visit with us and see the

new machinery we are installing. We believe this new machinery will make it possible to gin more cotton in a shorter period of time.

Officers are as follows: Pres. Wayne Tekell; R.E. McElroy, Vice-pres.; J.M. Orr, Secretary Directors are Billy Davis, Finis Botkin and J.O. Reed, manager.

QUEEN CANDIDATES-The Tahoka Rodeo Queen Candidates are shown here as they rode in the Parade last Thursday. The Parade was one of the largest ever in Tahoka. Aleta Powers, Julie Robinson and Debbie Renfro were the candidates and Debbie was the Rodeo Queen.

"TWO BITS WORTH" JOHNNY VALENTINE

The Country Editor says "If you think you have influence try ordering someone else's dog around."

TBW We would like to congratulate the Girl Scouts on winning First Place Float in the Parade last Thursday. A lot of work and effort went into the floats to make the parade a big success.

TBW We have seen a lot of Parade's Rodeos in our time but none to compare with the one we had in Tahoka last week. Maybe it is not quite as big as some but it was put on with more enthusiasm and everyone got the Rodeo Spirit and really put on a great Rodeo. The Lynn County Rodeo would like to thank everyone that took part in the Parade. It really made old Lynn County and Tahoka look good.

TBW Children are natural mimics. They act like their parents in every effort to teach good manners.

TBW One day P.K. Wrigley was on a train with a friend, the conversation turned to chewing gum business. The friend, who had an eye for a penny, suggested now Wrigley Chewing gum was well known and had such a distribution that it might be wise to dispense with the chewing, save that expense and make that much additional profit.

TBW I could ask the conductor to train the same question, "The financial genius," the train is now going 60 miles an hour, so why not disconnect the engine? Advertising merchandising is what a motive is to a train, it is the powers which keeps it moving.

TBW The only things that children run out faster than shoes are Mom, Dad and Teacher.

TBW Here is a little saying that we picked up from Sig Atkinson in the Brownfield News. It was printed in his Casual Corner Copy Column.

TBW Lord, Thou knowest I am growing older,

Keep me from becoming talkative and possessed with the idea that I must express myself in every subject.

Release me from the craving to straighten out everyone's affairs from the recital of needless detail, give me wings to get to the point.

Keep my lips when I am inclined to tell my aches and pains.

They are increasing with the years and my love to speak of them grows sweeter as time goes by.

Teach me the glorious lesson occasionally I may be wrong, keep me thoughtful, but not morose.

Helpful, but not bossy, with my vast store of wisdom and experience it does seem a pity not to use it all. But Thou knowest, Lord, that I want to help friends at the end.

TBW The Tahoka Chamber has decided the week starting May 4th as Clean Up and Beautify Week. The News would like to see each and every citizen help make our city beautiful.

TBW An optimist is a man who believes because he thinks his glasses are waiting for him. The nice thing about silence is that it can't be repeated. Psychiatrists who advise patients to spend more time with children are probably just trying to drum up more business.

Highlights AND Sidelights

TEXAS PRESS ASSOCIATION

Experts on moods of the voters think that fewer than half the 4,100,000 Texans who registered to vote will take part in the primaries, Saturday.

Precinct conventions, also slated for both parties Saturday, haven't produced a ripple of controversy.

Since there is no contest for the governorship in the Democratic primary for the first time since primaries were begun, less attention is being given to statewide races. The Texas Election Bureau is estimating that 1,800,000 Democrats will vote.

Main attention has been going to two contested races. Lloyd Bentsen Jr. of Houston is trying to oust Sen. Ralph Yarborough. State Rep. Bob Arm-

strong of Austin and Fred Williams of Houston are trying to defeat Land Commissioner Jerry Sadler.

The Yarborough-Bentsen race has proceeded at a fairly cool level.

Little attention has been paid to the effort of David Brown of Sherman to defeat Atty. Gen. Crawford Martin, or to the campaign by Connie Lawson of Taylor against Railroad Commission Chairman Ben Ramsey.

Lawyers are taking an active part in the two high court races. Hawthorne Phillips of Austin, Judge Matt Davis of Texas and Judge James G. Denton of Lubbock are seeking an open seat on the Texas Supreme Court. Judge Truman Roberts of Hamilton and Earl Smith of

San Angelo are candidates for an open place on the Court of Criminal Appeals.

Other statewide offices are uncontested.

Saturday's Republican primary is expected to draw about 150,000 voters. U.S. Representative George Bush of Houston is favored to win the U.S. Senate nomination over Robert Morris of Plano. It is Bush's second try for the Senate. Paul Eggers of Wichita Falls, although he was ill and unable to campaign for nearly two weeks, is favored over Roger Martin of Gainesville in the gubernatorial race. It's Eggers' second race for governor.

TUITION RAISE PROPOSED... Coordinating Board of Texas College and University System is urging legislation to boost tuition fees in senior institutions from \$50 to \$125 a semester.

Spokesmen said students should pay at least 25 per cent of the cost of education, and that is what the tuition fee hike would produce.

Board at the same time postponed action on a staff recommendation that it place new enrollment ceilings for the University of Texas at Austin (35,000) and for Texas A&I, University at Kingsville (7,500). Private and independent college spokesmen, meanwhile called on the board for aid, including a "tuition equalization program" to place them in a better competitive position with state-supported schools.

Tuition recommendation calls for \$500 a semester fee for out-of-state students. Junior college local boards would set their own tuitions but not at more than 75 per cent of senior college fees for in-district students or 90 per cent for out-of-district enrollees.

GRANTS APPROVED -- Gov. Preston Smith approved a \$124,996 federal grant to the Kleberg County Community Action Committee in Kingsville.

Grant involves \$4,169 in unexpended funds, making a total of \$129,165 for a 12 month program beginning May 1. Bulk of the funds will go to Neighborhood Service Centers.

Smith earlier approved a \$10,090 state regional planning assistance grant to the Golden Crescent Council of Governments. Council serves Lavaca, Jackson, DeWitt, Goliad, Vic-

ATHLETIC BANQUET SPEAKER...Cliff Thomas was the keynote speaker at the Tahoka High School Athletic Banquet held last Friday night in the school cafeteria. Cliff is an A.&M. football player and a former Tahoka Bulldog.

Association and UT Austin Law School will sponsor a conference on the new Texas Tort Claims Act April 30-May 1 on the University of Texas - Austin campus.

Foreign Student Program Outlined

Tahoka Rotary Club's participation in the "foreign student program" in which each summer for the past 15 years a young person has been brought here for a two month visit was discussed by Harold Green in a talk at the Rotary club Thursday.

Arrangements for bringing the students here are made through "The Experiment in International Living", which has headquarters in Putney, Vermont, and is a non-profit organization founded to help promote better understanding among peoples of the world.

During 35 years of the organization, 22,000 young Americans have visited in other countries, and 22,000 visitors from 100 nations have been brought to this country. In each case, the student is supposed to be an outstanding young man or lady possibly destined for leadership in his or her country. In each case, the visit is in private homes in the host country.

Tahoka has had 15 such visitors, two each from France, England, Germany and Italy, one each from Austria, Switzerland, Belgium, Finland, Holland, Sweden, and Greece.

Wilton Payne was in charge of the program.

toria and Calhoun Counties. It is based in Victoria and includes eight cities and seven special purpose governments.

Texas Criminal Justice Council, meanwhile, announced it has \$4.6 million available in action grant money to strengthen law enforcement.

Mundy will be used by the state and allocated to units of general local government to fight crime and improve police work.

CONSERVATION GROUP MEETS... New Texas Conservation Foundation was charged by Governor Smith to work toward providing the state with a top system of parks, scenic points, refuges, scientific and recreational areas.

This Foundation was authorized by the Legislature last year to facilitate state acquisition of lands by gift or purchase and to accept money or property for parks, educational and scientific purposes.

Smith urged the group at its initial meeting here to function as the "strong right arm" of governmental departments and particularly the Parks and Wildlife Commission.

Foundation named Glenn Biggs, formerly of Abilene, chairman, Reagan B. Cates of Victoria vice-chairman and Ralph D. Churchill of Dallas to head a committee mapping definite projects for the group to undertake.

WHEN DISASTER STRIKES... Texas National Guard units drew high praise for aid in storm-hit communities of the South Plains.

Guardsmen drew special commendations for duties in Plainview, Whiteface and Whitharral. About 300 were assigned to security, search, rescue work and traffic control.

Governor Smith notified all state agencies to stand by, and prompt requests for a federal disaster act were made.

State Department of Public Welfare set up an emergency food and medical program for tornado-stricken Plainview.

EXPLOSIVES... Texas is one of 32 states where anyone can freely buy dynamite from anyone willing to sell it to him, but state and national officials are trying to put a stop to such easy access to the high explosive.

There is a state law to stop sales or possession of bombs or dynamite, but the list of exemptions to the law is so broad that almost anyone can fit as a legal dynamite buyer. Attorney General's office is working on a law to curtail the sale of explosives. Proposal will be submitted to the next session of the Legislature.

A bill is in Congress, supported by the Nixon Administration, that also would pose a federal ban on possession.

APPOINTMENTS -- Governor Smith appointed Mickey Mantle, Dallas, to the Governor's Advisory Committee on Physical Fitness, along with James A. Lovell, NASA, Houston; L.B. Hale, General Dynamics, Fort Worth; Albert "Sonny" Rooker, UT-Austin sports director; Miss Irma Jeanne Caton, NTSU Women's Physical Education Chairman; Dr. Stanley Burnham, UT+ Austin; Dr. Deon English, Prairie View A&M; Don January of Dallas; and Charlie Newton Williams of Pharr.

Other appointments include: State Judicial Qualifications Commission: F. Howard Walsh of Fort Worth and Vernon Butler of Carthage.

State Board of Examiners in the Basic Sciences: Dr. Paul C. Witt (Ph. D.) of Abilene.

SHORT SNORTS
Dr. John Kinross-Wright, commissioner of mental health and mental retardation, has resigned his position. University of Texas at Austin Norman Hackerman has resigned his position and will become president of Rice University on Sept. 1, come president of Rice University on Sept. 1.

Governor Smith's Criminal Justice Council has been notified that its \$4,617,000 application for 50 per cent law enforcement matching funds has been approved by the U.S. Department of Justice.

Out-of-state tourism dropped one per cent in 1969 from the

1968 high of 22.5 million, but spending by the tourist increased from \$1.5 billion to 1.6 billion, reports Texas Tourist Development Agency, but adds that most states experience a much more substantial decline in visitors the year after a world's fair such as HemisFair.

Governor Smith approved establishment of a residential manpower center in El Paso. Republicans plan a \$500 a plate dinner May 22 at the Shamrock Hilton Hotel in Houston with Vice-president Spiro Agnew as the speaker.

Governor is polling district judges for their views on penalties for marijuana violations.

Public hearing will be held on May 4 by the Texas Occupational Safety Board on safety standards for explosive-actuated tools, mechanical power transmission apparatus and conveyors, cableways and related equipment.

Protecting You From Yourself

Strange as it may seem, the motorcycle helmet has become the center of a raging constitutional debate. It came about in the following manner:

A number of states, worried about the soaring rate of motorcycle accidents, have passed laws requiring every rider to wear a helmet. However, these laws are being challenged on the ground that the government cannot force a person—just because it is good for him—to do something he doesn't want to do.

Of course, the government does have a right, under the "police power," to step in when there is danger to others as well. Thus,

compulsory vaccination was held constitutional long ago because the disease may endanger not only the person himself but also others in the community.

But in the case of motorcycle helmets, the primary purpose is not to protect somebody else but to protect the motorcyclist from his own negligence. That is, the government is trying to protect him from himself.

So far, a few courts have held the helmet requirement to be unconstitutional, on the theory that the individual should be "master of his fate and captain of his soul." As one opponent put it, if the government can go this far, it could just as logically require everybody to be in bed by 10 p.m.

On the other hand, a majority of courts have held these laws valid. They argue that there is at least some benefit to others, because a helmetless rider, if struck by bugs or flying pebbles, may lose control of his motorcycle and cause a collision.

Besides, they add, some safeguarding of the individual is justified, because if he is injured, he (or his family) may become a public burden.

"It is to the interest of the state," said one court, "to have strong, robust, healthy citizens."

Of course, not all motorcyclists are concerned about the fine points of constitutional law. However, they might take note of a harsh statistical fact: the vast majority of motorcycle deaths are the result of injuries to the head.

SOIL CONSERVATION NEWS

By Richard L. Christie

Most of the farmers of Lynn County have listed their land and laid off their rows. Therefore, this is a good time to analyze what is the purpose of this type practice. It serves several functions.

One function is a guide and a place for the seedbed. Therefore it also determines where the row will be the entire growing season.

This makes it the one most important farming operation of the year. The planting is more important to determining the number of plants that come up, but you must have a good uniform lister ridge to put the seed in.

Second function of a listing or furrowing operation is to hold moisture. It holds moisture on the land before the planting of the crop. This in many years past has enabled farmers to make a crop on a small shower where if the water had not been held they would have missed it. There are other reasons that farmers list their land but these are the major reasons.

Considering the reasons for this operation I ask why a farmer will not take the care to lay his rows off as level as possible. Some farmers come off the hill as straight down as they can. All the purposes I can see in this is to run

the water off the hill. Each row acts as a channel to run the water off the land if they have more than one tenth foot of fall per one hundred feet.

In the days of early America there were those who recognized the need to put rows on the level. George Washington was the first to write about it. Thomas Jefferson also was very concerned about erosion from fields not plowed on the contour. These great men were first farmers, second - conservationists, then generals, statesmen and each returned to the farmland following service to his country.

They were always concerned about erosion, therefore, they were also conservationists. Washington was concerned about the depletion of the soil in the New England states.

Considering the reasons for this operations I ask, why a in the New England states and therefore he forecast the coming day of pollution. If we in Lynn County will take care of the soil, the soil of Lynn County and America will take care of us.

The Grassland Hobby Club will have its monthly meeting at the Methodist Annex Tuesday, May 5. The feature will be demonstration of liquid embroidery.

A fine group of Grassland people were in Tahoka Saturday night to hear the Gloryland Quartet.

Mr. and Mrs. Bush visited with Mrs. Mary Craig on Sunday afternoon.

Mickie, Vince and Kim Gribble have been sick with the flu this last week.

Rev. and Mrs. Yeats called at the Nazarene parsonage last Monday.

Dr. W.C. Holden Gives Books To Local Library

Dr. William Curry Holden of Texas Tech, authority of Plains history, has donated three of his out-of-print books to Frank Hill for the local City-County Library.

These publications, each now a rare book item, are "Rollie Burns," "The Spur Ranch", and "Alkali Trails" all dealing with history of this area.

Dr. Holden probably has done more research on the early history of the South Plains and adjoining areas than any other person, and his books will have a special interest to people of Lynn County, Hill states.

The local library has more than 10,000 volumes on its shelves available to local people for reading free of charge. However, since the Holden books are now in the "rare" class, they will be available for use in the library reading room only on Monday, Wednesday and Saturday afternoons.

Some of the other outstanding books at the library include such as Haley's "Charles Goodnight" and "The XIT Ranch of Texas", Gard's "Chisholm Trail", Nordyke's "Cattle Empire" and "Great Round-up", Tom Lea's "King Ranch", etc.

Mr. and Mrs. Jurd Young took their grandson fishing on Monday of last week. After dinner, they went back to the lake to fish and little Johnny caught a fish. Mrs. Young pleased their grandson with the purchase of a shirt with a picture of a boy catching a fish.

Mr. W.E. Dubree came home from the Methodist Hospital last week where he had recently undergone surgery.

Mrs. W.G. McCleskey visited with Mrs. Jurd Young on last Friday.

Mrs. and Mrs. Jurd Young had dinner on last Wednesday with Walter and Addie Josey. In the afternoon, they went to Lubbock to see Blackie Wright who is in the Methodist hospital.

William and Ruth Young had dinner on Sunday with the Jurd Youngs. Their grandson, Darrell Young entered Highland Hospital for tests.

Next Sunday is Baby Day at the Nazarene Church. A service of dedication of babies is being planned.

Morris-Nipp Are Engaged

Mr. and Mrs. Walter S. Morris, Route 4, Tahoka, announce the engagement of their daughter, Fay Ann, to P.F.C. Robert Lee Nipp, son of Mr. and Mrs. George Nipp, 1306 - 46th Place, Lubbock.

Fay Ann is a graduate of New Home High School and is employed with S&Q Clothiers, Lubbock. Robert is a graduate of Monterey High School, Lubbock, and is now serving in the Marine Corps at Kansas City, Missouri.

They plan a wedding for September 5, to be held at Antioch Baptist Church, Lubbock, with Rev. R.L. Porter officiating.

About 75 per cent of the world's population is still actively engaged in servicing mankind with food from the soil. According to New Holland farm equipment engineers most of the world's farmers - especially on the Asian and African continents - are still using primitive, if not ancient, field instruments.

OVER THE TOP

Eddie and Jake have been buddies since they could toddle. Together they hiked, fished, argued and leap-frogged the years away. If they weren't at our house, they were at Eddie's. Sundays, Eddie came along to church with us.

They did everything together, dated, played football, went to college. When they joined the Army, they went together.

Jake is coming home next week, but not Eddie. His mother brought his last letter over today. We cried together.

"Dear Mom," Eddie wrote, "Things are pretty bad. I'm glad Jake is here. We talk about home, about God, too. I know you and Dad never cared about church and all, but I think you'll be glad to know I've learned a lot about God from Jake. Whatever happens, I feel close to Him. I'm not scared."

Faith in God is your child's heritage. Take him to church today.

Tahoka girls won first in both singles and doubles in tennis in the District 4-A meet at Tech field in Lubbock last Saturday.

Barbara McNeely and Dot Durham won the girls doubles over Brownfield by 6-4, 6-3, and Joyce Weaver won the singles 6-0, 6-0. They will represent the district in the Regional Meet April 18-19.

Brownfield's John Odell and Bobby Satham eliminated Tahoka's Mac Dodson and Roy Keith 6-0, 6-2 in the boys doubles. Glenn Paden, also of Brownfield, won over Richard Carter by the identical score.

Local tennis teams were coached by Jake Jacobs.

Robert Harvick of Tahoka this week signed a contract with the Lamesa Lobos of the West Texas-New Mexico League according to announcement of Jay Haney, club manager.

Harvick is a second baseman prospect. He has played amateur and semi-pro ball on the South Plains for several years. Recently he was discharged from the U.S. Marines, playing on the West Coast with Marine team last year he had a batting average of .335 in 30 games.

Haney stated that Harvick was one of his better prospects and one of his two potential second basemen.

Floyd Tubb is the class sponsor.
At the last meeting of the Parent-Teacher Association the following officers were elected for the 1952-53 school year: Mrs. Skiles Thomas, president; Mrs. E. W. Patterson, vice-president; Miss Marie Johnson, secretary-treasurer.

These new officers will be installed at the next meeting on April 10, 1952, at 7:30 p.m. in the school cafeteria in the new Grade School building.

This is the last meeting of the school year, and it is hoped that all of the patrons of the Tahoka Schools will try to be present. An extra good program has been planned including the following: piano solos by Sinton Redwine and Mrs. Ira Jo Hart and a vocal solo by Mrs. Harold Green. Clint Walker will speak on "Our Resources-Our Country".

Bill Strange, Jr., made a fine talk on "What Makes Good Schools" at the last meeting and those present also enjoyed the piano solos of Gordon Smith, Teddy Pridmore and Sharon and Linda Applewhite. Billy Jack Hancock showed some interesting rodeo and comedy pictures for the children.

Wilson Board Met Monday

The Wilson School board met in regular session on Monday, April 20, 1970. Items of business included adopting a policy concerning school sponsored dances, renewing the tax-assessor collector's contract, setting the date for open house, and studying a complaint by Mexican-American parents that their children are being discriminated against.

The Board adopted a policy stating that there will not be dances held on school premises. However, the Board did give its approval to a Junior-Senior Prom. The policy states that it will be permissible for there to be a school sponsored Junior-Senior Prom following the banquet. The Prom cannot be held at the school. The Board gave the administration the responsibility to establish any needed rules for the prom.

In other action Mrs. Wanda Stegemoeller was given a new contract as Tax-Assessor Collector for another year. The Board also set Thursday, April 30th as Open House for the public to visit the Elementary Junior and Senior High Schools. A complaint by Mexican-American parents was presented by Superintendent Glen Mitchell, Wells placed second in piano. The First Baptist Church is holding revival services this week. Although you may not have kept up with the Lord, but He's kept up with you. He hopes to see you there.

Sue Whitworth were named most typically dressed on Western Day. Athletes were honored Saturday night at the athletic Banquet. Cliff Thomas was the keynote speaker. Awards were presented to outstanding athletes. Those honored were: Martin Warren - Fighting Heart, Leadership, and Sportsmanship; David Rogers - Scholarship and Best Lineman; Robert Montemayor - Best Backfield; Gene Walker - Outstanding Track; Sherry Schneider - Leadership; Cindy Gibson - Scholarship; Jane Cox - Sportsmanship; and Tommy Hale - Outstanding player.

In regional UIL competition, the speech play and golf teams participated but did not place. In prose reading, Robert Montemayor won third and Southern Wells placed second in piano.

Kieschnick To Observe 50th Anniversary

Mr. and Mrs. Arthur Kieschnick will be honored Sunday in celebration of their Golden Wedding Anniversary, with an Open House at the parish hall of Grace Lutheran Church Lamesa. Friends are invited to call from 4 to 6 p.m.

Mrs. Kieschnick, the daughter of Mr. and Mrs. Henry Hildbrandt of Vernon, and Arthur, son of Mr. and Mrs. Otto Kieschnick of Bishop were married

at Vernon May 4, 1920. They lived at Farwell and Bishop before moving to Wilson in 1935, where he was engaged in farming. After his retirement in 1953, the Kieschnicks moved to Lamesa, where he oversees a farm for J.V. Burdette.

They have six children, Mrs. Albert Wuenesche of Eden, Mrs. Melvin Wuenesche of Wilson, Mrs. Raymond Talkmitt of Wilson, Henry Kieschnick of O'Donnell, Clarence Kieschnick of Wilson and Delbert Kieschnick,

deceased, fifteen grandchildren and one great-grandchild.

Hostesses for the open house with the children are the Mmes. Victor Lentz, Edward Kunkel, Feliz Huse, Sydney Huse, Edna Huse, Charlie Limmer, Byron Talkmitt, Delphine Schneider, and Reynolds.

External parasites of livestock and poultry are profit robbers. They lower the production of meat, milk and eggs by sucking blood from animals transmit diseases and cause loss of energy from annoyance and a waste of feed.

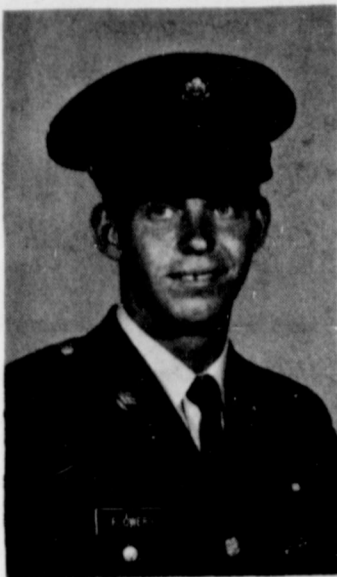

They can be controlled and their profit-grabbing greatly reduced through planned control programs.

Insecticides are of major importance in control programs. Livestock insecticides are formulated as wettable powders, emulsifiable concentrates, smears, dusts and aerosols. And, cautions the county agent, all insecticides are toxic to warm-blooded animals. They should be handled with care and used only in the recommended amounts and in accordance with label instructions.

He emphasizes that only insecticide formulations prepared specifically for livestock be used on livestock. Formulations for plant use should never be used on livestock, he warns.

In order that livestock producers may have the latest available information on control methods with insecticides, MP-691, "Texas Guide for Controlling External Parasites of Livestock and Poultry" is available at my office. It is revised periodically in order to keep the information current.

Farm Bureau Strives To Build Better Image

Lynn County Farm Bureau is making a special effort this year to build a better image for agriculture, according to R.L. Dulin of New Home, president of the local farm organization.

"We hope to do this by explaining to the consuming public how farmers and ranchers are helping hold down the cost of living," the Farm Bureau leader said. Food continues to be a tremendous bargain for consumers primarily because farmers and ranchers have almost doubled their productivity in the past ten years, he added.

The statewide campaign, which is being coordinated by the Texas Farm Bureau, will utilize publicity in newspapers and on radio and television as well as some locally-sponsored messages on those media, Dulin said. He added that others in agriculture, particularly agri-business firms and grocery stores, would be asked to join in the effort.

As an example of how farmers have increased their efficiency, Dulin said that a farmer today feeds 45 persons, compared with 23 persons just ten years ago. To help do this the average investment per farm has jumped from almost \$44,000 to almost \$93,000 in the past ten years.

The farm leader said that the average American family spends only about 16 percent of its after-tax income for food, compared to some 30 percent in Europe and 50 percent in Russia. Also, the American housewife has a large variety of wholesome foods, attractively packaged and even pre-cooked in some instances, to choose from, he pointed out.

The Farm Bureau leader pointed out other examples showing that the consumer is still getting a bargain where food is concerned.

1. To buy a pound of white bread 40 years ago required 9½ minutes of factory labor, and takes only 4½ minutes today.

2. It took 50 minutes of factory labor to buy a pound of round steak 40 years ago, compared to only 24 minutes today.

3. A dozen eggs required 34½ minutes of factory labor 40 years ago, yet a dozen eggs today can be purchased with wages from only 11 minutes of factory work.

4. It took 15½ minutes of factory labor to buy a quart of milk 40 years ago, compared to just 6 minutes today.

5. An hour's wages today will buy 57 percent more fruits and vegetables than an hour's would buy 20 years ago.

What all this adds up to, is that the American consumer of today spends less and less of his income for food, leaving him more money for better housing, medical care, recreation, and all the other things of life.

"The farmer is glad to have a part in providing the abundant life," Dulin said. "The outlook is for even increased efficiency, but prices farmers receive will have to reflect increased costs of production and a reasonable return on investment."
