BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY JANUARY 9, 1920

NO. 25

## CALL MEETING

Of the Farmers Institute for Saturday, Dec. 17th at 2, p. m.  
W. F. Stewart, Secretary.

## PAY YOUR POLL TAX

Only about 20 more days are left you to make yourself a real citizen. What are you going to do about it?

There are going to be some real questions to settle this year and if you are to have a hand in it, better procure that precious little green receipt from the Tax-Collector.

There are rampart politicians over this State that are ill pleased with the progressive legislation enacted in the last two or three years, both State and National. Be ready to set down on them hard.

We want to see every voter in Terry county, both men and women qualify, whether you be Democrat, Republican or Socialist, (if there be any of the latter.)

Remember also this is presidential election year.

## AUTO ACCIDENT NEAR GRASSLAND LAST SATURDAY

Rev. and Mrs. Nicholson, and four daughters, of Slaton, Texas, were all seriously injured last Saturday when ten miles east of Tahoka near Grassland.

Their sixteen year old daughter was driving the car, and in some way lost control of the machine with the above results.

The family were enroute to Post to visit their son G. E. Nicholson, who was immediately phoned about the accident. A physician was soon on the scene and temporary relief given, after which they were carried on to Post. They were all resting well and considered out of danger at last reports.—Lynn County News.

## GOOD OLD TERRY DINNER

An old fashioned New Year and wedding dinner in honor of Mr. Bain Price Miss Pearl Bryant, was given at the home of Mr. and Mrs. T. J. Price.

The verbal invitation that "all things were ready, come, to the feast," was accepted by a dozen or two relatives and friends of the family. All the reports of this occasion are in no way inclined to exaggerate, but at first we had to be careful when we sat around the dinner, not to jar the table in any way, it was so heavily loaded with good things that Mrs. Price knows how to cook, and as I write this I find myself swallowing in remembrance of that dinner. That was not all; in the safe and side tables, were the pies and things. As the old saying goes, "Whatever you do on New Year day, you will be doing all the year."

I will say that we got a magnificent start. After awhile, in conversation, the party broke up with many pleasant wishes for the bride and groom and for the writer's part, I am glad to say I am in good standing with this family.

Contributed.

**FOR SALE OR TRADE:** The Santa Fe Hotel, rented for \$30.00 per month, \$600.00 per year. Value \$5000.00. Will trade for catclaw land near Brownfield or sell on good terms. Address owner, J. D. Autrey, Snyder, Texas.

Miss Lucille Treadaway left last week for her school in Floyd county.

Boyce Cardwell of the R. H. Kemp Lumber Co., informed us this week that his company had sent him \$300 bonus above his regular wages. This is quite a substantial Christmas present.

## TERRY TO HAVE GOOD ROADS

"There will be a little more than \$30,000 available in the next two years to keep the two big engines and graders busy on our roads," said County Judge, W. W. Price.

Asked where all the money was to come from, he said the Commissioners Court had issued Warrants to that amount, which had been purchased by a Houston firm. The interest and sinking fund on these warrants will be paid for with our 15 cent road tax, and is to be spread out over several years.

It will not be long till Terry county will have the best roads in this part of the State, if that is not already a fact, and our efficient set of Commissioners are the ones to have the thanks of all those who like to load their wagons instead of their teams.

## EDITORS AND PREACHERS ARE WHITE WASH ARTISTS

It is said that a preacher came at a newspaper man in this way: You editors do not tell the truth. If you did you could not live; yours newspapers would be failures. The editor replied: You are right, and the minister who will at all times and under all circumstances tell the whole truth about his members dead or alive, will not occupy his pulpit more than one Sunday, and then he will find it necessary to leave town in a hurry. The press and the pulpit go hand in hand with white wash brushes and pleasant words magnifying little virtues into big ones. The pulpit, the pen and the gravestone are the great saint-making triumvirate. And the great minister went away looking very thoughtful while the editor turned to his work and told of the unsurpassing beauty of the bride when as a matter of fact she was as ugly as home-made-sin.—Ex.

## MARRIED

Mr. Bain Price and Miss Pearl Bryant, two popular young people of county were quietly married last Thursday at the Baptist parsonage, Rev. Anderson officiating.

Bain is the son of Mr. and Mrs. T. J. Price, one of the oldest families in the county. Bain is an industrious young man and has a host of friends. Mrs. Price is the daughter of Mr. and Mrs. J. E. Bryant of the Union community, and is a girl Mr. Price should be proud to possess. She possess both grace and beauty.

We heartily congratulate the happy pair.

## SHOWERED

Mrs. Geo. W. Neill was the hostess at a shower, Monday afternoon in honor of the new bride, Mrs. Pearl Price.

Many of the friends and admirers of this pretty bride were on hand with useful and ornamental presents, which were charmingly received by the new wife.

All report a nice time.

The train has been from one to four hours late nearly every day for the past week or two, and as a consequence, the mail has been late, and some of the time, has not been put up till next morning. This office is now the distributing point for Gomez, Tokio, Harris, Plains, Branch and Tatum, which heretofore belonged to Lubbock postoffice and as a consequence has greatly augmented the work in this office, and delays their putting up the mail more than heretofore.

Uncle Joe Beal and family got moved in their home, from the Meadow country last week.

## BAPTIST EXECUTIVE BOARD MET LAST TUESDAY

The Executive Board of the Brownfield Baptist Association met with the Baptist Church here on Tuesday, Dec. 30. Messengers from churches in the three counties were present as follows:

Rev. J. Pat Horton, Ira Weekly, and Mr. Edward from Post City.  
Rev. L. L. F. Parker of Tahoka.  
Rev. J. E. Anderson and Judge W. W. Price of Brownfield.

Messers R. H. Timmons and J. G. Stearns of Meadow.  
Rev. H. D. Heath, wife and daughter, of Wilson.

Pastor J. H. McCauley of Slaton is Moderator of the Board, and Rev. L. W. Williamson of this city is their Missionary Evangelist.

Good reports came in from their churches and mission field.

Bro. Leverett of the Slaton church gave the best report of any board member in the Association.

A number of visitors were present, including Pastor W. A. Bowen of Lubbock.—Slaton Slatonite.

## SEMINOLE-BLYTHE MAIL DISCONTINUED DEC. 20

The postoffice department on Saturday of last week discontinued the mail line between Seminole and Blythe. On Monday of this week the Blythe mail will be handled on the Santa Fe railroad from Lubbock.—Seminole Sentinel.

### W. W. PRICE

Abstracter of Land Titles, of Terry County, Texas  
SUCCESSOR TO WM F. ST. JOHN.

See me when in need of an Abstract. Office at Court House

A vast amount of work now remains to be done which the intervention of war has necessarily delayed and accumulated, and the result is that very large capital expenditures ought to be made to make up for the interruptions inevitably due to the war, and to prepare the railroads to serve adequately the increased traffic throughout the country.

WALKER D. HINES,  
Director General of Railroads.

Work more—  
Produce more—  
Save more—

But we can't continue increasing our production unless we continue increasing our railroad facilities.

The farms, mines and factories cannot increase their output beyond the capacity of the railroads to haul their products.

Railroads are now near the peak of their carrying capacity.

Without railroad expansion—more engines, more cars, more tracks, more terminals—there can be little increase in production.

But this country of ours is going to keep right on growing—and the railroads must grow with it.

To command in the investment markets the flow of new capital to expand railroad facilities—and so increase production—there must be public confidence in the future earning power of railroads.

The nation's business can grow only as fast as the railroads grow.

### KEPT PLEDGE TO SEND BREAD

Since the advent of the latest wheat crop the only limitation upon American exports to Europe has been the shortage of shipping. Between July 1 and October 10 we shipped 65,980,365 bushels. If this rate should continue until the end of the fiscal year we will have furnished the Allies with more than 237,500,000 bushels of wheat and flour in terms of wheat.

The result of increased production and conservation efforts in the United States has been that with the cessation of hostilities we are able to return to a normal wheat diet. Supplies that have accumulated in Australia, Argentina and other hitherto inaccessible markets may be tapped by ships released from transport service, and European demand for American wheat probably will not exceed our normal surplus. There is wheat enough available to have a white loaf at the common table.

But last year the tale was different. Only by the greatest possible saving and sacrifice were we able to keep a steady stream of wheat and flour moving across the sea. We found our selves at the beginning of the harvest year with an unusually short crop. Even the most optimistic statisticians figured that we had a bare surplus of 20,000,000 bushels. And yet Europe was facing the probability of a bread famine—and in Europe bread is by far the most important article in the diet.

All of this surplus had left the country early in the fall. By the first of the year we had managed to ship a little more than 50,000,000 bushels by practicing the utmost economy at home—by wheatless days, wheatless meals, heavy substitution of other cereals and by sacrifice at almost every meal throughout the country.

In January the late Lord Rhonda, then British Food Controller, called that only if we sent an additional 75,000,000 bushels before July 1 could he take the responsibility of assuring his people that they would be fed.

The response of the American people was \$5,000,000 bushels safely delivered overseas between January 1 and July 1. Out of a harvest which gave us only 20,000,000 bushels surplus we actually shipped 141,000,000 bushels.

Thus did America fulfill her pledge that the Allied bread rations could be maintained, and already the American people are demonstrating that, with an awakened war conscience, last year's figures will be bettered.

### AS AN INVESTMENT ARE YOU SHOWING PROPER RETURNS?

Have you capitalized yourself? If so, are you a profitable investment?

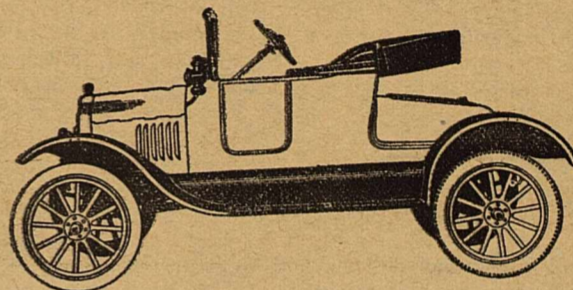

It's all a very simple affair. By a few easy calculations you can figure out what you are worth to yourself and whether you are a money-losing proposition.

Suppose your earnings amount to \$1,000 per year. That represents 5 per cent interest on \$20,000. What are you doing with the interest? Is a portion of it going back into "capital stock" or is so much of it being wasted in "operating" that there is nothing left?

When you spend a nickel you are getting rid of all a dollar can safely make for you in a whole year. Throw a dime away and \$2 have to work over time to even things up. Squander a quarter and a \$5 bill is kept busy the entire year before it adds another quarter to your holdings. Had you ever thought of it from that angle?

Still supposing that you are making \$1,000 per year: There are 365 days in every year, rain or shine and every one is worth just \$2.74 to you. When you spend \$5 for something

## FORD

Bradley-Brownfield Auto Co.

BROWNFIELD, TEXAS

you do not need, for instance a gold brick, you are not spending money. Oh, no!—you are spending two day's hard labor.

Think of it in that light and then determine what to do. If you decide it is worth working five days to take a trip over to Podunkville just to visit your wife's sister's cousin's grandfather that is your business. You fork over \$13.70, but remember what you are really doing is to use every cent of your earnings for five days or that the interest on \$274 for a whole year is gone.

Perhaps there's something to this being capitalized after all. How about it? Buy W. S. S. Make your dollars work for you.

The editor of the Quana Tribune-Chief had his breath taken away last week by a customer who came into his place and purchased one hundred subscriptions to the T-C. We'd like to cultivate that fellow's acquaintance.—Canadian Record.

But that is the best and cheapest way in the world to send the sunshine and fresh air of the great Plains country to those who you would like to settle in God's own country.

Mrs. T. E. Lancaster and children left Wed. for Coleman county.

Miss Alta Wilson, of Desdemonia, who has been here for some time

visiting her grandmother and uncle, Grandma and Geo. Bragg, left for home Wed.

Miss Grace Truman Green is visiting her sister, Mrs. W. T. Savage, of Mineral Wells, Texas.

Miss Modest Bennett, of Roaring Springs, sister of Rich, of this place, arrived last week and will work in the telephone office in place of Mrs. Wirtz.

Will Alf Bell's pig has run away again. Have you seen him? We suppose we will have to keep a standing ad about this pig. He is already accusing us of turning his swine out to get an ad. The pig in question is a Poland China male. This is quite a lengthy want ad, but Bell is able to stand the gaff.

By the way, this editor and family enjoyed another one of those famous old Terry County dinners (noon variety) at the home of Mr. and Mrs. John Randal, Sunday. We old time Terryites can never learn to harmonize a home call as a visit. It has simply got to contain at least one meal, and dog-our-buttons if we don't believe our custom the best, after all for "we all" certainly do enjoy our visits. Old Timers, let's keep the custome alive, h. c. of l. or no h. c. of l.

If you are behind with the Herald, come in at once and renew, as we are going to drop names without the formality of a "dun" from this on as it is too much trouble and expense to send out statements. The yellow label on your paper or wrapper will tell you how you stand. If you could see one of our paper supply bills, we would not have to write this article in these prosperous times.

W. P. Forbes and family arrived this week from Fannin county to make this their home. They lived here several years ago, but left and are back for good this time, having purchased the same old place, known as the Jessie Black place eight miles east of town. Welcome.

### HOW SAFE IS FLYING

During the late war 8,700 men were trained as aviators in our various camps. Several of them now reside in this county and are again able to walk the streets sound and safe and with vigor. During their training and that of other aviators, they flew something like 60,000,000 miles. Including all the accidents there was a casualty for each 200,000 miles traveled.

That is apparently a safe rate of travel. It compares pretty well with the average flivver mortality. As one who has traveled 200,000 miles on the ground, in a flivver or better car, and still lives, has beaten the average record of all the flyers in the United States army and navy. But mighty few of us have done it.

An army officer says the use of the parachute has greatly lessened the dangers of flying. The aviators, he reports, like the use of the parachute so much that they can jump from it without excuse, and orders have to be used to prevent the use of the umbrella descent except in emergencies.

### All the Constitutional Amendments... Were Defeated November 4

Austin, Dec. 29.—All propositions voted upon at the constitutional amendment election of Nov. 4 were defeated, according to unofficial reports from members of the state election board which canvassed the vote today. Returns from practically all counties which held elections are in, and the Galveston bond amendment, which made the best showing, was 1,311 votes behind, according to tabulation, which is being re-checked before the result of the election is officially announced by the board.

### LOVINGTON-SEMINOLE LINE BEING ADVERTISED FOR BIDS

The postoffice department is advertising for bids for the carrying of mail from Lovington, N. M., via Knowles, to Seminole.

This line calls for daily service, except Sunday, leaving Lovington each morning at 7:30 and arriving at Seminole at noon and on the return leaving Seminole upon the arrival of the M. & N. W. train, but not later than 2:00 o'clock in the afternoon.

Bids will be received up to January 20, and the contract calls for service from February 2, 1920 to June 1922.—Seminole Sentinel.

### WOODMEN HAVE AXE OUT FOR SHEPPARD

Hillsboro, Local members of the Woodmen of the World and the Woodmen Circle are up in arms over charges recently printed in Texas Republican newspaper implicating Senator Morris Shepherd in the famous Woodman salary grab scandal. The article as published charges that the junior senator while drawing a salary of \$7,500 annually for his services in the United States Senate and his salary as sovereign banker of the Woodmen organization raised from \$3,600 to \$6,000 a year. The local dissatisfaction promises to assume statewide proportions as many similar complaints are being received from other lodges throughout the State.

## A LAW WITH WHICH TO FIGHT THE REDS

If we were in Washington one of the first men we would like to meet would be Congressman Martia L. Davey, of the 14th district of Ohio.

Hon. Mr. Davey has the courage to come right out in open and frame a bill which would make a law that deal with the reds so they would know they were not being pussy-footed but actually deported, or arrested, or fined, or hung; according to severity of the charge and perpetrator of the deed.

There is not the slightest doubt but what Germany's government is breeding these reds for the distraction of our government. The man who doubts this is either blind, or he may be a German Government sympathizer. Congressman Davey would send the reds where they belong, and he knows where they belong. Are we as American citizens, going to help hold up his hands in this great fight, or are we going to sit just passively by and when the red does his worst and then wonder, how it all happened?

It is time we were shaking of our Rip Van Winkle slumbers and come to the front, with our armor buckled on and then swat the very old harridan out of the reds, for they are going to swat us if we don't.—Stamford Leader.

And we have about a half score of

other good representatives who are not afraid to ask for drastic laws to curb the anarchists. We are in favor of the strictest enforcement of the most drastic piece of legislation that that can be devised where these fellows are concerned.

We always notice that although they constantly prate about what a splendid form of government Russia and such places have, they fight to the last ditch when deported to their old stamping grounds. We don't hold any man responsible for trying to teach his form of religion to all who will listen, but a form of government never was a religious sect and and if the reds don't like our country they ought to either go where they like it or let us keep them in our penitentiaries where they will really be associated with their betters.—Taylor County Times.

About one dozen of our young men went to Seminole Monday, to answer various charges of disturbance at Seagraves, last Friday night week. We can never uphold misbehavior in any form, and we are sorry indeed that our young men, most of which usually are both manly and polite, have had to go 45 miles to answer these charges, but—we believe that if we were to give a dance and ask a lot of boys to it that lived thirty miles away, in order that we could clean them out for rooms, meals and dancing, we would be sports enough to stand for a whole lot of foolishness. We believe we would. Anyway, if our young men will take a friend's advice, and we number all of them—a personal friend, we believe, they will have their own dances from now on at home, if they must have a dance.

We note a big improvement in the Home Cafe. The floor space has been nearly doubled and the interior arrangements have been greatly improved. We congratulate Mr. and Mrs. Sides.

## TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

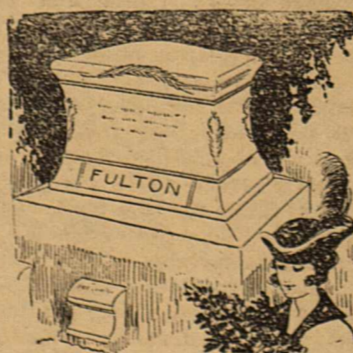

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs. in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

largely due to two factors: First-low yield, caused by extreme wet weather and the average of insect pests. Second the weather conditions have been such that they were forced to harvest their cotton slowly and therefore, market it slowly, thus preventing the glutting of the market and further to a considerable reduction of the crop by reason of failure to harvest before destruction by wind and weather.

Under normal conditions it is estimated that the 1919 cotton acreage would have produced from 15,000,000 to 16,000,000 bales, whereas the October estimate is only about 10,000,000, or more than one third less the normal possibilities, and it is likely that this estimate may lack much of being realized.

However, a similar acreage in 1920 would probably produce a crop which would not be marketed at profitable prices, therefore, the 1920 program will advocate that a sufficient acreage be set aside to produce an abundance of food and feed crops, and that the surplus land be planted to cotton.

Living at home, keeping a few pure bred live stock on the farm for marketing the surplus, and adequate storage facilities so that surplus crops may be saved until needed, instead of wasted or sacrificed, will be the leading factors.

Mention of the surplus live stock on the farm causes most people to think of the ranchman or dairyman, whereas the object of this movement is to get the small farmer to keep a few purebred live stock in order that he may market surplus feed through them. The service has never advocated a one crop system of any kind for any farmer. On the other hand living at home, keeping a few pure bred livestock and the erection of adequate storage facilities has always been their slogan and this will be emphasized in the 1920 campaign.

Detailed plans for the 1920 campaign will be announced at an early date.

### SAFE FARMING CAMPAIGN

College Station, Texas—At the recent meeting of the American Association of Agricultural Colleges and Experiment Stations, held in Chicago Ill., November 12, 13, 14, plans were worked out for an extensive safe farming campaign to be conducted during the winter months, according to T. O. Walton, Director of Extension Service, A. and M. College of Texas, who has just returned from this meeting.

Realizing the possibility of the farmers of the South being attracted by the high price and thus induced to plant an excessive acreage to cotton Directors of Extension Services worked out plans for bringing their attention the importance of

a well balanced farm program. It was recognized that the present prosperity enjoyed by the farmers is not due to prevailing prices of cotton alone, but rather to the fact that farmers have been producing their home supplies to a greater degree in the past four or five years than during any previous period, and if they are to continue prosperous they must first provide for living at home.

Largely through the efforts of the Extension Divisions of the land grant colleges the southern farmers have induced to grow their home supplies regardless of the price for which cotton may sell and it will prove disastrous to the farmers as a whole to discontinue this practice.

The present price of cotton is

### PAYS FOR PAPER IN ORDER TO GET PASSPORT TO HEAVEN

An Oklahoma editor tells of an Indian who came into his office to subscribe for the paper. The editor took the money, then the Indian wanted a receipt. Making it, the editor wanted to know why he was so persistent about a receipt. The Indian said: "Me die some time, go to a big gate and Saint Peter ask if I been good Indian. I say yes. He say, did you pay editor for paper. I say yes. He say, where is the receipt? I no have it. He have to turn all over h—I to find you and get receipt."—Mullin Enterprise.

The noble red man assumed too much. He assumed that he would go to the abode of the blessed, and the editor land in the abode of the accursed. Editors as a rule will find ready access to heaven for they are good men, dutiful in good works. The editor does more for others than for himself, the highest test for unselfishness. It is obscure unselfishness rather than the conspicuously good who are to inherit eternal life. "Blessed are the pure in heart (unselfish) for they shall see God." Greed, ugly, sordid greed, is the most repulsive of all the venal sins. It is demoralizing to character, disgusting to men of wholesome views. The greed that impels profiting is not only a crime against conscience, but humanity. According to the more or less undeveloped and primitive religious tenets subscribed to by State Press, every extortioner's feet take hold on hell. The sordid and mean on earth will be associated with the sordid and the mean in the next world.

Robbers, whether the rough sort, with masks, or the smooth sort with granite hearts, will have their portion in the bottomless pit. It is not very refined according to modern theology to say such things, but S. P. prefers to believe that old truths yield nothing of their elemental accuracy by being clothed in elegant language.—State Press in Dallas News.

### BODIES OF AMERICANS WILL BE SENT HOME

Washington, Dec. 27.—Removal and shipment of bodies of American soldiers buried in those parts of France not in the "old zone of the armies," which included all the battle fields and advance areas, has been approved by the French Minister of the Interior, the War Department was advised today by Brigadier General William D. Connor, commanding United States troops in France. Pending the grouping and identification of French dead, the French Government was unwilling to approve removal by the Americans, except in the rear areas.

General Connor expressed the belief, however, that the French Government soon would modify its order which prohibits removal from the army zone for three years.

#### SEAGRAVES SAYINGS

By Reporter

(Delayed)

We have been having some mighty pretty weather for the last two weeks and to have several weeks more of it.

Christmas has come and gone again. We had a nice Christmas tree at the school house.

Mr. C. W. Roberts and family returned home last Saturday from Lubbock and other points, where they have been attending the institute and visiting their parents.

Mrs. Higgs, from east Texas came in last week and will occupy Mrs. A. C. Shepherd's house which she recently bought. We are glad to have her with us.

Misses Mary Eunice Durham and Blakie Hudson returned Saturday from Post where they spent the Xmas holidays.

Miss Rohena Hargett came home Dec. 20 to spend the holidays with her parents, Mr. and Mrs. V. E. Hargett.

Rev. T. W. Shepard preached for his first time here Sunday. There was a large crowd out to hear him and every one seems to like him.

Mrs. Smullen came in last week from Ralls. Mr. Smullen is manager of the McAdams Lumber Co.

Mrs. I. M. Sartin and children from Tatum N. M., who have been visiting her parents J. W. R. Bauchman and family, returned home Monday.

Mrs. D. W. Scott from Seminole, went up on the train Tuesday to Ralls to visit her daughter who has two children sick with the diphtheria. We hope they will soon be alright.

Mr. Willie Weaver, from Ranger, Texas, who spent Xmas with J. W. R. Bachman and family left Tuesday for his home.

Miss Annie Bachman left on Tuesday's train for Weatherford, Texas where she will enter a business college.

Stanley Johnson was badly hurt last Wednesday night while going home from the Christmas tree when his horse fell with him.

Mrs. E. B. Johnson and Mr. Z. J. Elder received a telegram from Okla. stating that their sister, Mrs. Geo. Snodgrass had been poisoned by taking strychnine in place of quinine. Mrs. Snodgrass has lived in this country for a number of years and we extend our sympathy to the bereaved ones.

Mrs. Glen Stark, who has been seriously ill for some days is reported better.

Redge Burnett was the mauler man in Brownfield this week, and would not speak to the editor, just because we reported four fine baby girls in one night last week and never once mentioned the arrival of eight houn' purps at his place. Well, plegonit, the doctor never told us about the "dawgs."

## The Campaign Is On

Brownfield is seriously handicapped in growth and development because of a shortage of homes.

Many families are living in camped quarters or hunting a place to live.

Every patriotic citizen should lend his efforts to this campaign to build more homes. If you are a renter build a home of your own. If you own a vacant lot improve it with a house for rent or for sale.

We cannot hope to attract additional families to Brownfield unless we can provide comfortable housing.

Our modern home plans will help you to decide.

### MAIDS AND MATRONS

The hospitable home of Mrs. A. M. Brownfield, was the scene of one of the most enjoyable social functions of the winter on the last Tuesday of the year, it being a fifth Tuesday, was an open meeting of the club. Each member brought a guest.

The living room was attractively decorated in real holly, and evergreens. After the arrival of all the guests, an interesting contest of old time sayings, followed, which afforded much amusement. Next the score cards were passed for the game of hearts. The last and most interesting feature of the afternoon was the naming of the "baby pictures," most everyone had brought their first photograph, these were numbered, then slips passed and the guessing followed, there were many and varied kinds, from tin types to folders, this proved to be the most laughable affair, as well as unique.

The hostess served a delicious solid course and hot chocolate, was assisted by Miss Lois, who on former occasions has proven herself so charming and capable of entertaining on a large scale.

At a late hour the members and their guests departed, expressing themselves as having spent an enjoyable afternoon.

### Tearing Down Oil Derrick

A force of workmen arrived here Sunday and began work tearing down the oil derrick, of the Tahoka Oil & Gas Company south of town. The derrick has been sold to the Post Oil Development Co., at Justiceburg, and is being loaded on the cars for shipment to that point.—Lynn County News.

### Mrs. John King Entertains.

Mr. and Mrs. John King entertained a number of friends, at "42" on the last night of the old year. The living room was lovely in red and green decorations. Each table had a hand painted score card, in the same colors. Dainty talley cards also were in keeping of the time of the year some done in holly, others in small snow scenes.

Five tables participated in this always interesting game, some lively contests were made for head table, and every thoroughly enjoyed playing.

The time passed all too soon, and it was late before the guests abandoned the game for the very appetizing refreshments consisting of jellotine, whipped cream, cherries and angel food. The hostess was assisted in serving by Mrs. Cardwell and Miss Miller. Those enjoying the hospitality of this lovely home were Mr. and Mrs. Bell, Mr. and Mrs. Boyce Cardwell, Mr. and Mrs. McGowan, Mr. and Mrs. Tom May, Mr. and Mrs. Downing, Mr. and Mrs. Prideaux, Mr. and Mrs. Dallas, Prof. and Mrs. Farrar, Mr. and Mrs. Lees, of Big Springs, and Miss Emily Miller.

### LYNN COUNTY HAS SOME BIG FARMS

According to the Richland Springs Eye Witness Lynn county farmers are prosperous this year. W. J. West of Lynn county gathered 100 bales of cotton and he used 400 pounds of twine in binding his maize and other row feed. He owns two sections and will have a thousand acres under plow in 1920. Land in Terry County made from \$50 to \$200 per acre in 1919 off of cotton, corn, maize and feed-stuffs.—Fort Worth Record.

### TOKIO TALKINGS

#### By Grasshopper.

Well the New Year has come and everybody seems to enjoy life as well as they did the old one.

K. F. Campbell sold his land and store to a Knox county man. We failed to learn his name. He will take charge in two weeks. We wish him success and also Mr. Campbell, where ever he goes.

Mr. Bill Gardner sold his calves for \$35.00 per head, to a Seagraves man.

J. R. Hill is preparing to move to his place he bought of Mr. Dooley, in the Harris Community. We regret to lose them, as they make fine neighbors. We wish him success.

S. F. Lane is hauling his maize to town and hauling Mr. Scudday cake back, which gives him a load both ways.

Mr. J. C. Scudday killed a fine beef, Monday, that he had been feeding some time. It was sure fat. He said he believed in eating beef at home.

The shower was light but we were glad to get it.

We failed to get the last two papers. We sure miss it as it has been coming so long.

We wish a happy New Year to the editor and family and all the Herald readers.

Same back Grasshopper.

I. N. Walker and wife of Corsicana, Texas have arrived here to make this their future home. Mr. Walker is a painter by profession, and is the father of H. L. Walker, one of our young carpenters.

THE HOME FOLKS May now have a rest on Sunday. We want you to eat dinner with us at the Santa Fe Hotel.

### HARRIS HAPPENINGS

#### By Sand Bur.

We failed to get any items in last week so we will endeavor to get them all in this week.

Walter Frazier and wife spent Christmas with her parents at Spur, Texas.

Roy Harris sold his little bunch of cattle to his sister, Miss Ethel Harris. Miss Ethel will soon have a nice little heard.

F. M. Ellington and family spent Xmas day with the home folks at Meadow.

Mrs. H. P. French and children spent Xmas in Tahoka visiting relatives.

Geo. McDowell from Lubbock spent the night before Xmas with F. M. Ellington and family.

Miss Lois Jones from Lubbock visited Miss Ethel Harris Christmas day.

Mrs. Lou Taylor, from Tatum, N. M. is visiting Mr. Taylor and family. She came in one day last week and will remain about one month.

Mrs. J. A. Taylor's brother is here on a visit.

Rev. Olson preached at Harris again last Sunday, and though the weather was disagreeable, a goodly crowd was out and the dinner on the ground was a feast.

Marlin Millard Ellington and families and Miss Fern Harris came down from Meadow Friday afternoon and visited their relatives until Sunday afternoon.

F. M., Marlin and Millard Ellington accompanied by W. H. Harris went to Brownfield Saturday afternoon.

The Ellington brothers attended the Masonic Lodge in Brownfield Saturday night.

### BOB HENRY WANTS

#### TO BE GOVERNOR

Bob Henry of Waco, who insists he is a candidate for governor, is not going to submit his name to the Jimite party, for in a published statement he says he will run in the regular democratic primaries next July. He says he is opposed to national and state prohibition (which has been settled) and to woman's suffrage (which has already been ratified by Texas), is for separation of church and state, (which was settled by the constitution of the United States about 144 years ago), is for the return of the railroads to their owners, (which will be done Dec. 31), and asserts that he is a Jeffersonian democrat. Bob has no chance of ever being governor of Texas. He has, like Jim, become a confirmed political grouch. He was overwhelmingly defeated for the senate several years ago, and is still covered with sore spots. The people of Texas have burdens enough without having to stand Bob's candidacy for office for seven long months.—Plain-view News.
