

The Terry County Herald

VOL. 15.

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY JUNE 11, 1920

NO. 47

STILL SHIPPING CORN

We stated in these columns last week that R. O. Wilson was shipping out a car of corn, and stated that it would likely be the last of the season, but we learned this week that we were talking without consulting our host.

We found this week that several cars of corn were being loaded, besides a car or two of maize, and that M. B. Sawyer, who has heretofore sold none of his crop, is shipping out about five car loads of his own corn. K. W. Howell informed us that he was shipping out a few more cars, and Mr. Wilson is loading some more this week.

Some of this corn was held purposely for better prices, while some of the farmers were keeping back enough to play safe on another year, and the prospects are so good at the present time for a big crop of corn again this year, that they are turning it loose.

Terry is a wonder alright, for while the banks in the east are complaining of the money market being tight one of our bankers informed us this week that he could show a better statement now than when the last call was printed.

Come to the best county on earth.

LAUNDRY QUEEN Steam Washer. I have taken the agency for the famous washing machine, but not until giving it a thorough trial. If interested, let me know, as I want to demonstrate its merits. Satisfaction guaranteed. Mrs. S. L. Great-house, Brownfield, Texas.

Raymond Simms left this week for Canyon, Texas, where he will attend the summer normal.

Earl Hargett, of Seagraves, passed through this week on his way to Lubbock, where he went on business.

IF YOU want a span of big mares or gentle work mules see, W. M. Parks 3 miles west of town.

LUBBOCK ODD FELLOWS VISIT BROWNFIELD

The following officers and brothers of the Lubbock Lodge, I. O. O. F., attended a special meeting here Saturday night, and initiated a class of three new candidates: S. M. DeLaney, P. G.; Dexter H. Vassels, V. G.; F. O. Griggs, N. G.; Ray Harrington, P. G.; P. W. Crune, I. G.; L. C. Montgomery; W. M. Snead, L. S. V. G.; R. W. Weed. They compose a good portion of the regular degree staff of the Lubbock Lodge, and are very efficient in their work, and what is better, they love to put on the work, and it is their aim to try to rebuild the Brownfield Lodge to its old time standing among the real good lodges of the South Plains and the Brotherhood at Brownfield certainly does appreciate their work in helping to do this.

The class that received the initiatory degree Saturday night went to Lubbock Tuesday night of this week to take the first and second degrees.

As the hours neared the midnight, sandwiches and Budweiser (soft) was served, and cigarets were constantly on tap.

NOTICE

On June 15th, I will leave for Dallas for my yearly attendance to the Medical and Surgical Clinics, and will return about the 25th. My practice will be in the hands of my father, Dr. W. N. Lemmon in the meantime. Dr. J. R. Lemmon

Mesdames C. L. Farrar and Bob Snodgrass left the fore part of the week for Amarillo, where they went as delegates to the Home Mission Society meeting in that city.

BROTHERS & Brothers buys the best canned food put up to protect their customers.

Mrs. Jno. Raymer left this week for Abilene, where she will visit relatives a few weeks.

TABERNACLE FOR TOWN WELL UNDER WAY

We are glad to announce to our readers that the proposed tabernacle for the little city of Brownfield is now taking definite shape, and we firmly believe that before this paper reaches its readers next week that it will be going up in the air in reality.

Messrs. M. V. Brownfield and W. A. Bell have agreed to sell two lots at a very favorable figure, and donate the third lot, which will give all the room that is needed for the present at least, for that will give a space 75X140 feet on which to build the tabernacle and have plenty of hitching room. The three lumber yards and the two banks have at this writing opened the ball for \$50 each, and the three ministers of the town are out with a list, and we feel sure they will get plenty of funds.

The proposition reads like this:

"We agree to give the amount set opposite our names for a Tabernacle to be built close to the square in Brownfield, to be substantially built and of good material, to be used for religious meetings, political gatherings, county fairs, mass meeting, etc., and shall be controlled by a board of trustees composed of one member from each of the five organized churches and the two bank presidents.

Free Will Offering Tea

The ladies of the Presbyterian Aid Society will give a free will offering Tea at the home of Mrs. J. E. Shelton on Friday afternoon, June 18th from 4 to 6. The ladies of the town are cordially invited. Your waist measure will be taken when you may give a penny for each inch of your measurement. Proceeds to help pay for the church piano.

FRESH BREAD received daily at Dumas Cafe.

BROTHERS & Brothers delivers your groceries to your kitchen.

SLATON TO CELEBRATE FOURTH OF JULY

A mass meeting was held at the Mayo's office Wednesday night for the purpose of arranging to appropriately celebrate the Fourth of July in Slaton this year. The meeting was well attended and much interest was manifested. Mayor A. J. Payne presided.

It is planned to have the festivities begin on Friday July 2nd, and continue through Saturday. Amusements of every kind will be pulled off and suitable prizes awarded. It is also planned to have a big barbecue during the celebration. A three game series of baseball will also be arranged and the last game will be played Sunday afternoon, July 4th—Slaton Slatonite.

LUBBOCK PEOPLE BUY HALF SLAUGHTER LAND

We are informed by C. A. Pierce, who is in charge of the sale of seventy quarter sections of the Slaughter land in the northeast part of Dawson county, that last Monday, or the first day of the sale, more than half of this land was bought by citizens of Lubbock county. Mr. Pierce also states that each trip that he has made this week to Dawson county has resulted in sales and that every man who has been taken by his firm and shown the land have bought.

This land is in a body in part of the Slaughter ranch in Dawson county. It is being sold on small payments down with low interest and a liberal time on the balance.—Lubbock Avalanche.

The Tahoka baseball team, which we understand contained three or four Tahoka boys came over one day last week and were defeated by the locals 6 to 5. This makes the two teams one game each and a tie.

YOU Need insurance and we have what you need. Ingle & Green. Agents for Southland Life Insurance.

LUBBOCK INSTITUTING SOUTH PLAINS FAIR

Some of the Lubbock visitors here this week talk very enthusiastically of the South Plains Fair inaugurated at Lubbock, recently and say that it is an assured fact. Being somewhat of a railroad center, the people of the town want something better than a mere county fair, and they are going to have it, and old Terry has already been asked to exhibit, and some of the little fellows had better look out.

At a meeting for that purpose one day—last week, most of the capital stock of \$10,000 was subscribed, and the money for the buildings are already in sight. We understand that the site has been donated.

On with the development of the great South Plains.

Birthday Dinner

On June 4th, a number of people, including children, grandchildren and neighbors, gathered at the home of Mr. and Mrs. S. A. Jones, near Gomez, to make merry with them, it being the 72nd anniversary of Mr. Jones' birth.

The forenoon was spent in pleasant association, followed by an address by J. P. Kimbrell, of Brownfield, after which the guests were invited into the dining room where a large table was groaning under the weight of all sorts of nice things to eat. All enjoyed a sumptuous feast, and after a few hours socially spent, the guests departed, wishing Mr. Jones many more happy returns of the day.

BROTHERS & Brothers will appreciate your grocery orders.

Miss Fern Crouch and sister, of Missouri, are here this week visiting relatives and friends. Miss Fern formerly worked for the Brownfield State Bank.

ALL KINDS of fruit and vegetables in season, at Bros. & Bros.

Big Sale a Success

HOGVILLE LOCAL NEWS By Dunk Botts.

The weather man predicted "Fair" for last Saturday and caught a picnic party in the hard rain that fell at Bear Ford. He will have a hard time if he should ever happen to meet that crowd face to face.

Miss Begonia Allsop, who has a large knot on her—er—foot handle just below her knee thinks short dresses indecent.

It takes all kinds of people to make a town like Hogville and every man is entitled to his own opinion of his neighbors—so long as he keeps it to himself, but some of those living here do not do that.

Alexander Mosley has already had his annual sunstroke while working in his garden, and unless Mrs. Mosley takes up the work where he left off the garden will go to the weeds and grass. Alex always gets struck about this time of year.

Zero Peck hopes they will soon establish communication with the fellows on the planet Mars, as he has about ceased speaking to any of his neighbors and will need somebody to talk to occasionally.

The Postmaster says that candid campaign fund investigation carried on at Washington may aid him materially in making up his mind as to which candidate to support. It has been known for sometime that he has been trying to get a line on the candidate holding the purse string.

Zero Peck spent a night last week in Pumpkinville, and put up at what was recommended to him as a good hotel. This was the first time Zero ever stayed in a hotel, and he got a great deal of pleasure out of telling the boys back here in Hogville of the nice way they put the feed to one and how nice they all tried to be to a fellow guest. "But," said Zero, "speaking of pests, the bed bug has them all skinned. When old Noah was taking two of all the living things into the ark he most certainly blundered when he took on a pair of bed-bugs." He says however, that he cannot help but feel that, being a pretty wise old fellow, with divine guidance, back in the dark ages the bed-bug must have been a sort of respectable bug from the standpoint of purpose and intent, but by neglect in the matter of feeding and training has become a degenerate.

CANDIES of all kinds at Brothers & Brothers, and they are fresh too.

Brothers & Brothers shipped out 900 dozen eggs Monday morning, being a weeks run as he could not get crates. The other merchants of the town were not idle all that time, either. Pat paid the farmers \$180.00 for these eggs, and then some people think the poultry business is a small affair.

BUNDLE CANE at only 6c per bundle at the rick. K. W. Howell, 1 mile east of town.

Remember that a protracted meeting will begin at the Church of Christ Sunday, and that J. P. Kimbrell will do the preaching. There will be three sermons Sunday. There will not be any preaching in the day during the week, only at night.

SWEET Potatoe slips; Nancy Hall; home grown; free from Black rot at \$5.00 per thousand. Lubbock Floral, Lubbock, Texas.

I AM AGENT for the Waxahachie Nursery of Waxahachie, Texas, one of the best known nurseries in the South, and before placing your order with companies whose reputations are questionable, I want to figure the bill for you with the old reliable that has for years given the people universal satisfaction. J. C. Bohanan, Brownfield, Texas.

Mrs. Susie Hall was a passenger to Lubbock, Wed., where she is receiving treatment for throat trouble. She was accompanied by her sister, Miss Julia Bingham.

NEW BRITISH AMBASSADOR TALKS

Upon arriving in the United States, Sir Auckland Geddes, newly appointed British Ambassador freely discussed the Irish situation. "The British Government," he said, "has decided to place squarely on the shoulders of Irishmen of Ireland the responsibility of finding for themselves within the framework of the British empire the solution of their political differences." He thought it also the duty of other British subjects, and all friends of Ireland, to stand aside and let the Irish people grapple with their own difficulties. Proposals for the secession of Ireland from the empire were rejected by the British Cabinet, he stated, for the reason among others that the British Isles form one unit of defence. Sir Auckland has often been in the United States and his wife was born in New York. "I took on my appointment as British ambassador at Washington," he declared, "as the greatest honor and privilege that could have possibly been granted me. The main hope of world peace rests on the mutual respect and understanding between the United States and Great Britain, he declared."—Pathfinder.

SOFT PARENTS TO BLAME

This week we had a citizen and a good friend of The News to tell us of a most deplorable happening which proved that it was up to the preachers, the teachers and the newspapers to call attention to the lax morality of the country and plead for a return to old paths. He was right, all right—but the point The News wants to make again as it has in the past is this—while no minister, teacher, or editor should side step his responsibility one whit, yet the mainspring of all moral laxity and stunted conscience is the modern disintegration of the home. This nation needs parents who command their homes. It need not stahadnsre dlu hrdlu shrdlu sh need fathers and mothers who will be more concerned about the character associates of their children than about the amount of money the family represents. It needs parents who can say "NO" and make it stick. It needs parents who fear not to use the rod when it is needed and who are not spiritually undermined with the damnable sophistry that it is a mistake to administer corporal punishment. If this nation maintains her character and her red-blooded sturdiness, this soft doctrine of child training must be relegated to the scrap heap. Soft words and plaintive looks are no match for the rebellion of self-willed youth and the parent who thinks so and acts accordingly lays up for himself trouble at compound interest, payable as an annuity in his declining years. A parent who shirks the responsibility of proper child training is a moral coward.—Clarendon News.

WEST TEXAS TO BE WELL REPRESENTED AT STATE FAIR

Stamford, Texas—Efforts will be made to have at least thirty West Texas counties to exhibit agricultural displays at the Dallas State Fair, according to J. C. Wells, agricultural and exhibit managers of the West Texas Chamber of Commerce, who is already visiting counties and communities to interest them in the project.

The organization will seek to have the several counties represented at the State Fair combine the best of their products for a general West Texas display at the Waco Cotton Palace to compete against those of any other section of the State for a prize to be awarded by the Young Men's Business League of Waco.

CITY CONVENIENCES FOR RURAL HOMES

How to keep your children contented with farm life is one of the big problems of the day. Much has been said and little done that causes the rush from the farm to the City.

Progressive farmers everywhere are realizing that when their homes are pleasantly equipped with conveniences offered by the utilization of electricity a tendency for remaining on the farm result. Nothing can add more to make the housewife's work less of a drudgery than for that home to be equipped with a Phelps Light and Power plant.

WHY DO WE SAY THAT?

A Phelps Light and Power plant costs only \$595 installed in any south plains home.

It delivered 1500 watts of power—enough for 30 lamps or twice twice the power returned by plants that cost more.

Any south plains farmer who is interested in the welfare of his farm-life and desires to investigate this power plant can avail himself of the opportunity offered by the SIMPSON ELECTRIC COMPANY, of Lubbock, Texas. A COMPLETE PLANT IS READY FOR INSPECTION.

Notice to live wires: An attractive proposition is open for an active man in Terry County to sell this plant—something which merits the attention of every progressive home on the south plains. Write, wire or phone.

Simpson Electric Co.

LUBBOCK, TEXAS

In addition to these State Agricultural exhibits, Mr. Wells is now securing the cooperation of West Texas counties in securing exhibits to be taken to a score of towns in the Middle West. Towns and counties visited are very anxious to be represented, so that it appears at the present time that this section of the State will have an opportunity to show what it can do in an agricultural way to the nation.

An exhibit of agricultural products taken to Dallas last fall by Dawson county is reported to have resulted in the county being benefited one hundred thousand dollars worth, as much land in that county was increased in value from the demands made for it, after thousands had been attracted to the bountiful products grown in its rich soils.

Carol Phillips and family of Slaton, attended the fifth Sunday meeting at this place, of the Churches of Christ last Sunday, and visited with the par-

ents of his wife, Mr. and Mrs. W. R. Bridges.

R. O. Wilson went up to Lubbock this week and purchased one of the best stallions from a Chicago concern, ever seen in this part of the country. R. O. is using considerable space in the Herald this week to tell you about his splendid horse.

Joe J. McGowan authorized us to state that he was no longer in the race for County Judge, and did not state his reasons. His many friends here regretted that he took this method.

According to a notice in the Lubbock Avalanche, Hon. Geo. R. Bean candidate for District Judge has withdrawn from the race, leaving the race to Judge W. R. Spencer and Judge J. H. Moore.

Mesdames Cobb and Stark, of Seminole, and the former's children, are here this week visiting their parents, Mr. and Mrs. A. B. Bynum.

FOR PUBLIC WEIGHER

J. A. Gamble
W. R. Bridges

T. G. Marks of the State Agricultural Department has announced as a candidate for Representative from this, the 122nd district. This district has never been represented by anything but lawyers, land agents and newspaper men, and now lets try a real old farmer awhile. His home is right over here in Lynn county, and most of the old timers are personally acquainted with him.

Gov. Hobby has ordered troops to Galveston to see that freight is kept moving as there is much freight there that has been tied up for several months bound for interior points of the State. The Longshoremans have been on strike there for several months—or is it years—and while refusing to work themselves, they propose that no one else will, and

the Governor has decided that the public has suffered this foolishness long enough, and he aims to see what virtue there is in several men with good rifles.

SEAGRAVES SAYINGS

By Reporter

Editors Note.—If Reporter will do us the favor to get his locals off from Seagraves on Monday or Tuesday of each week, they will appear in that week's issue instead of being one week old when published.

We have had a fine rain and the farmers are all planting, and some of them have cotton up. There is going to be a good lot of cotton planted here this year.

The Ladies Home Mission Society is doing some fine work.

J. C. Sartin and Shorty Brown gave a goat roping last Saturday and gave the proceeds to the Home Mission Society, Mr. Sartin winning the first prize. The ladies served ice cream and lemonade, and the proceeds were \$34.05. We certainly appreciate the help of these two gentlemen.

J. W. R. Bachman has been to Seminole tearing down his house and having it moved out and is going to have a nice house built on his place near Seagraves.

Quite a few of the Seagraves people have been attending the Chautauqua at Seminole this week.

Miss Bettie Lee Johnson was hostess to a party last Saturday night. There was a good crowd of young people present, and they report a good time.

On account of so many people attending the chautauqua at Seminole, our Sunday School was small yesterday.

J. E. Goodwin and family spent the night with J. K. Hill and family, Saturday night.

Mr. C. W. Roberts, and family accompanied by Miss Holley Roberts, left last week for Fisher county, where they will visit Mrs. Roberts' brother a few days, after which they will go to Canyon to attend the summer normal. Mr. and Mrs. Roberts have been teaching in the public schools here and have had the most successful school year we have ever had.

The closing exercises of our school

which were rendered last Friday and Saturday night were fine, especially the play, "Always in Trouble" which was rendered Saturday night.

Miss Grace Jones left on Monday's train for her home in Comanche Co. She taught in our schools last term and they have reemployed her.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists. NC-132

COTTON AND LABOR QUESTION

Every producer of cotton knows that the greatest obstacle in producing high grade cotton, is the question of labor, for with the new cleaning devices, the picker depends on the machinery to clean the trash and hulls, to say nothing of the additional weight, such trash and hulls give him. Few producers, however, realize to what extent, labor on the other hand, is responsible for the lack of demand for the low grade cotton.

Just as it is harder to pick cotton clean, it is harder to spin cotton that is not clean. A very small piece of leaf in a fibre will cause it to slip, pull loose, or break, as the term goes this breaking permits two little metal rollers in the loom held apart by the thread of yarn, to come in contact, by which an electrical short circuit is formed, which automatically stops

the loom, and the attendant must stop and tie the broken thread before work can be continued.

In the olden times, the attendant took such "breaks" as a part of her work, and was constantly on the watch for them. Today she sits and observes the weaving, taking it easy, and in event too many breaks come from low grade or short staple, promptly "serves notice" and quits.

For this reason, spinners who could use low grade cotton, are forced by their employees, to buy the best, which incidentally adds to the high price of the finished article, which might just as easily be made of low grade cotton. Again we have an example of results of organization, gone to far to the extreme, perhaps, but shows what results might be obtained by organization of the producers, to market their cotton gradually, carrying

part of the crop to sell every month in the year, the burden equally distributed and blind marketing buried forever. By organization the producer could demand, and get what he demanded, just as the mill employees do today.

THE RED CROSS DRIVE BEGINS ARMISTICE DAY

The annual Red Cross drive for members will begin Armistice Day, Nov. 11th and close Thanksgiving day, Nov. 25th, and Red Cross workers throughout Missouri, Kansas, Texas, Arkansas and Oklahoma were today notified by officials at Southwestern divisional headquarters of the Red Cross in St. Louis. The Campaign will be known as the "Fourth Red Cross Call."

The Red Cross officials at National headquarters of the organization in Washington made known that the result of the roll call last fall, the American Red Cross now has 10,000,000 members, with returns still coming in. This is more than 20 times the pre-war membership of the society and, of course, does not take into account the 14,000,000 school children members of the Junior Red Cross.

In fixing the date of the annual enrollment of members, explanation was made on the decision of the Red Cross to make each "Armistice Day" the occasion for renewing popular allegiance to the Red Cross through dollar annual memberships. Thus the fourth roll call will have for its primary purpose maintenance of as nearly universal membership as possible to carry on the peace time responsibilities of the Red Cross.

These obligations include continuation of measures in behalf of veterans of the war, particularly the disabled; service for the peace time army and navy; development of a stouter national resistance to disease through health centers, increase in the country's nursing resources and Red Cross cooperation with official health agencies, continued preparedness for disaster relief, home service and community work, and completion of relief work among the war exhausted and disease ridden people overseas.

LIST 'ER WITH PRICE

I am in touch with a number of prospectors, and want a good lot of land listed when they arrive. Let me sell your land?

T. J. PRICE

Brownfield, Texas

HOW MUCH ARE YOU WORTH?

How much, commercially speaking, is the human body worth? The answer is about eight dollars, and the calculation is not difficult. The human body, it is figured, including the skin, bones, nerves, flesh, fat, blood and cartilage, is reducible by analysis to iron, salt, sugar, lime, phosphate, magnesia, albumen, fatty substances and residue that can be used. If this body weighs 150 pounds, the average weight, there would be enough salt to fill a table shaker, enough by-products to make an ordinary iron nail, sugar to fill a small sugar bowl, enough lime to whitewash a small chicken coop, enough phosphorus to make a dozen matches, enough magnesia to afford one dose, medically speaking. The albumenoids could be used by a tricky baker to replace the whites of a dozen eggs, and there would be enough fat to fill a ten lb. pot. Eight dollars then is a man's real worth to commerce, and there are many undersized and illnourished persons who would fall far short of the mark.—Wellington Leader.

FOR SALE: Nice bunch of about 400 well bred sheep. Labor conditions compel me to sell. Sheep located on my place 15 miles S. W. of Brownfield. See J. F. Johnston on place or write Dr. Buchanan, Ranger, Texas.

Mrs. Herbert Leas, of Big Springs, is here this week visiting with her parents, Mr. and Mrs. W. H. Dallas.

R. A. Locker is making the Locker building shine up with a new coat of paint this week.

Cates Appeals His Case

Attorney R. E. Huffines, who defended Sam Cates in the District Court here last week for the murder of Judge Burton, filed a motion in said court Saturday for a new hearing for Cates, which was overruled by Judge Spencer, and we understand he has appealed the case to the Court of Criminal Appeals at Austin. Cates was found guilty and his punishment assessed at 99 years in the penitentiary. He has been carried back to jail at Lubbock where he will doubtless remain until the case is passed upon at Austin.—Crosbyton Review.

I cook stove, 1 bachelor, 1 ice chest cheap, second hand, at the Racket Store north side of square.

The box supper and play at the Union School last Saturday night was well patronized by the people of that community, as well as the candidates and others from Brownfield. Everybody enjoyed the program mighty well, and it netted the school plenty of money for the purpose for which it was intended.

SEED PEANUTS for sale. Enquire for C. C. Handley at Holgate-Enderdens Hardware Store.

The Lamesa baseball team came up Tuesday of this week and were defeated by the locals 6 to 1. This was a very interesting as well as a good, clean game.

Mrs. Walter Gracey and children visited out at the T. H. Bingham farm this week.

PETERS DIAMOND BRAND SHOES

Buying good shoes is true Economy, for it is the length of time your shoes wear—not the price—that determines their true worth. You take no chance when you buy Peter's "Diamond Brand" Shoes. Shoes with the "Diamond" trade mark, or the word Peters on their soles.

Every pair is honestly made of solid leather throughout. The heels, counters, insoles and soles, the vital parts of the shoe—are solid leather, well put together and sold under a "Money Back" warrant of quality.

Brownfield, Texas

SOCIALISTS HARD UP

It would appear that the Socialists are extremely hard up for presidential timber when they have to go to a Federal prison for a candidate. In doing so, the party has openly advocated the overthrow of government and the substitution of radicalism in its "reddest" form. Certainly there must have been other men in the party fully as capable leaders as Debs, but the Socialists choose to put themselves on record as endorsing the

stand of Debs, probably hoping thereby to make him out a martyr.

It is fortunate that they have taken this stand for no one can fail to see now, where socialism leads. So long as they were held in check by conservative leaders, many excellent people were misled by their arguments and promises. To try to force such a candidate as Debs down the throats of loyal Americans will automatically separate the "sheep" from the "goats" in the party. It will cost socialism thousands of votes, but may bring

into their ranks other thousands of I. W. W. and Bo'shevists.

If the socialists desire to so degrade their party, it is, of course, their own concern. Their action will bring back into the old parties many voters to whom it has revealed the "feet of clay" of the Socialist god.

Gus Foreman, who has been employed by Martin & Son boot shop, left Wed. morning for parts unknown as he said he had not decided when he left here where he would

go to the north plains or south Tex.

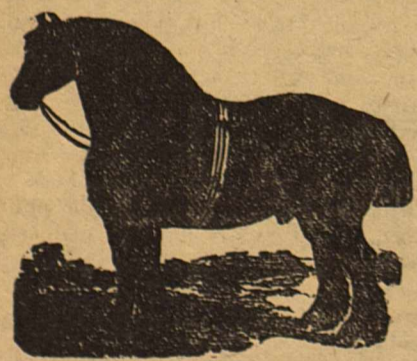

I cook stove, 1 bachelor, 1 ice chest cheap, second hand, at the Racket Store north side of square.

T. C. Ray and son, Glen, or Laverne Okla., are here this week, and have decided to locate and conduct a produce business. He was here some time ago, but was undecided at that time where to locate here or not.

Mrs. E. Tidwell and children of Lubbock, who have been here the

past week visiting with her father, S. A. Jones and family of near Gomez left for home Wed. She was accompanied home by her sister, Miss Lillie Jones.

C. C. French, Industrial agent of the Fort Worth Stock Yards Co., was here this week trying to place a car of good brood sows. He informed the Herald man that he found this county very well supplied along that line but thought he could place a car here this fall.

Joffre

O. K. Wagon Yard

"JOFFRE" is recorded by the Percheron Society of America, and his register No. is 134534. He was foaled April 27, 1916 at Mount Sterling Iowa.

He is the horse you have been looking for. While we have his record that reaches back generation after generation, and we would be pleased to show them to you at any time—but we had rather show you the horse that speaks for himself.

Come and see "Joffre" at the O. K. Wagon Yard.

We have been and are still conducting the O. K. Wagon Yard on the highest plane of honesty and efficiency, and we want our friends to stop with us when in town. If you have never stopped at the O. K., Try us once and be convinced that we do all we advertise to do and more if possible.

We are constantly buying and selling good milk cows, and if you are in the market either way see me.

GASOLINE ENGINE for sale at a bargain. One of these days the wind will fail to pump enough water for the cattle. Get a good Emmerson engine at about half price and in good shape. One and one-half horse power; too light for our business, replaced with larger engine. Apply at the Herald office.

Mesdames H. H. Longbrake and W. C. Mathis, accompanied by their children, left this week for Comanche and Eastland, Texas, where they will visit relatives. Uncle Bart McPherson, their father, preceded them several weeks ago.

Vard Evans left this week for the Amarillo country, where he will work in the wheat harvest.

Mrs. Rosa Wirtz left this week for

Lubbock, where she went to receive treatment for her hand. A few weeks ago she stuck a fish bone in her finger, that came near resulting in blood poison, and the finger had to be removed, and she is still suffering considerably with the member.

Uncle Dave Cunningham had business in Lubbock, this week.

Earl Rutledge, of the Gomez community left this week for Plainview, where he had business.

Mr. and Mrs. Elic Humphrey left Tuesday morning for their home in Lubbock, after spending several days here visiting Mrs. Humphrey's parents, Mr. and Mrs. W. D. Winn and her sister, Mrs. Clint Rambo.

BROTHERS & Brothers will pay the highest market price for your poultry, eggs and cream.

HOVE BACK ON "EARTH"

The Plains folks are glad to know that A. M. Hove, for years publicity man for the Santa Fe in this part of the Southwest, has been reinstated and is back on the job with headquarters in Amarillo.

During Uncle Sam's regime, the railroads were not allowed such luxuries as publicity men, and the Santa Fe publication, "The Earth," was suspended. Now that its publication has been resumed, Mr. Hove's familiarity with the Southwest and his conscientious and painstaking work in the past, made him the man, par excellence for the position.

TEXAS IS TOO BIG

Those East Texans have a new scheme. They want to tax stocks and bonds and incomes to help run the State government. If successful in the plan, East Texas will not be compelled to raise land values to pay their just part of the increased cost of paying the bills of this State. If their plan goes through, ninety per cent of the new revenue will come from the district between the Texas and Pacific railroad and Red River lying west of the cross timbers. This part of the State ought to fight the plan until the last and before submitting to it join the Union and divide Texas. It is not right for about one twentieth part of the State pay nine-tenths of the Taxes.—Childress Index.

While There's Life, Etc.

Clothes and food were the leaders in price increase in 1919. Now if one could devise a way of living with out eating or dressing a la Adam and Eve, it would be possible to live on an editorial salary.—Ex.

Rev. J. W. Baughman attended the District Conference of the M. E. Church South at Lamesa last week and reports a most enjoyable time and that all the churches of the district had good reports, but that the Brownfield charge stood next to the top, that place going to Lubbock, which is headquarters of course.

Lewis Brothers store has recently been treated to a new coat of paint by Green Brothers & Welch, and of course presents a very nice appearance.

NOTICE: Doctor Buchanan announces that he will be in Brownfield, Saturday, June 20th when any one who may wish to consult him relative to EYE, EAR, NOSE or THROAT troubles or the FITTING of GLASSES may be seen.

A. E. Morgan, of Lubbock, came down Saturday to spend the night and to take his wife and baby home Sunday, who were here visiting Mrs. Morgans sister, Mrs. Stricklin J. B. Cardwell shared his car with him Saturday afternoon. Boyce came in to spend over Sunday with relatives as his wife was already here.

Cyde Lewis, member of the firm of Lewis Brothers & Co., left this week for College Station where he will take a few weeks course in cotton grading. It has been only the past year or two that Terry county has done much toward its share in clothing the world as well as feed it, and our buyers are interested in the staple to the effect that they want to know enough to protect the seller as well as protect themselves.

W. S. Daniels had business in the Sweetwater hide and poultry market this week.

Mr. and Mrs. J. O. Hughey and Mrs. Hughey's sister, Mrs. C. F. Hathaway, of Big Springs, were here this week visiting their sister, Mrs. Ennis Ware.

Bob Bowers came in last week from Huckabay, Texas, where he has been for the past year. We have it from Madam Rumor that Bob may reenter business at this place in the immediate future. Bob is a good citizen and we welcome him back to this city.

Miss Mary Hudson left this week for Canyon, Texas, where she will take a course of review in the summer normal preparatory to teaching this summer as he has been offered two schools already. Prof. G. I. Farrar accompanied her to help her get as high affiliation as possible.

The Campaign Is On

Brownfield is seriously handicapped in growth and development because of a shortage of Homes.

Many families are living in camped quarters or hunting a place to live.

Every patriotic citizen should lend his efforts to this campaign to build more homes. If you are a renter build a home of your own. If you own a vacant lot improve it with a house for rent or for sale.

We cannot hope to attract additional families to Brownfield unless we can provide comfortable housing.

Our modern home plans will help you to decide.

A. G. McAdams Lumber Co.

Brownfield, Texas

SPRINGER HEIFERS NOW ON SALE

I am going to use my space this week to tell you about my Springer Jersey Heifers that are just now coming in. I am sure that I can please you in the cow that you want to start off right yourself, and you will find my prices in line with the quality of the these heifers, and especially when you consider that they are bred to the best Jersey male in this part of the country.

and Racket Goods

FARMERS AND CAR OWNERS

You are missing the slickest running of your life. Save your motor by getting Magnolene Lube in it. Magnolene lasts longer; ask the man that is using it?

Magnolene Axle grease costs the same and runs twice as long. If you buy one box you never buy any other brand.

It is your duty you owe to your machinery to at least try the best brand of oils and greases made. Get the habit of calling for what you want—Waterless gasolene saves time—use MAGNOLENE.

PREVENTION OF BLACKLEG

LOSSES
This is the season of the year when the cattlemen should lay plans for the prevention of losses of calves with blackleg.

Blackleg is a specific infective disease of cattle, characterized by gaseous swellings in the various muscle tissues. The term blackleg is a misnomer, as it implies that this disease is confined to the structures of the legs. As a matter of fact, blackleg of the heart or the muscles between the ribs or the diaphragm is not at all unusual. Blackleg is very prevalent. It has been estimated that the loss of calves from this disease alone exceeds \$6,000,000 so that blackleg annually causes a loss of approximately \$25,000,000 to the cattlemen.

The cause of blackleg is a germ which is universally distributed in soil, particularly pastures, and lots where animals have died of the disease. This germ may be transported for many miles by the agency of carrion animals, such as buzzards, wolves, crows, dogs, etc. This disease also may be introduced onto a premises by means of feed. The germ, occurring in the soil easily can contaminate the feed in particles of dust, and many outbreaks have been investigated where feed has apparently been the source of infection. After blackleg has occurred on the farm, said farm must be considered permanently infected.

This disease may occur any season of the year, though it is more common in the spring and fall months. It is essentially a disease of calves, although mature animals may die of blackleg. The germ of blackleg gains entrance to the animal body through wounds of the skin, or they may be ingested on foods and pass out into

the tissues from the digestive canal.

Blackleg is essentially an acute disease and is of brief duration, the usual cases running a course ranging from one to three days. The dead animal not infrequently is the first evidence of the disease in the herd. The first symptom manifested consists of lack of appetite, dullness, arched back and drooped head, and there may or may not be lameness. Such animals show a rise in temperature.

In those cases in which the mastication of the legs are involved, there will be noted a swelling which when touched with the hand will give the impression of the presence of a parchment or paper in the skin. Such animals usually die within 36 to 48 hours after first observance. If the swelling is incised, a frothy, blood-tinged fluid escapes. This fluid has a typical sweetish-sour odor that characterizes blackleg. If the diseased tissue is dissected the muscles will be found to be black and more or less brittle.

This disease is so constantly fatal that treatment of affected animals by the usual methods are not of any value. A blackleg serum that has been prepared and is on the market possesses some curative properties, and it would be advisable for the pure bred breeder to see to it that his veterinarian constantly keeps such serum in stock, as it would not be possible to obtain the serum from the serum plants in time to be of any value to an infected animal.

Various vaccines and other products have been recommended and used more or less extensively in the control of blackleg in calves. The old original powdered blackleg vaccine has been used extensively and apparently with fairly good results,

but it has been found in recent years that the powdered blackleg vaccine, the pills and cord vaccine are not as effective and certain in the production of immunity, and therefore protection of the calves, as other products. In fact, blackleg vaccine, blackleg filtrate and blackleg aggrassin have been perfected by the U. S. Department of Agriculture, and, on materials, it appears that the most reliable product is the blackleg aggrassin. This product is made from the muscle joints of a calf died of blackleg, and because of the source of the product and the method of preparation it is more effective than any of the other products used in immunizing calves against blackleg. Its reliability makes it pre-eminently the product that should be selected for the immunization of purebred calves.—Dr. A. T. Kinsley in American Hereford Journal.

Serious Accident Near Lorenza

Monday afternoon about three o'clock, Mr. and Mrs. Riddle happened to a serious accident when the horse they were driving across the canyon became frightened and ran away. Both were thrown from the vehicle. Mrs. Riddle had both lower limbs broken and Mr. Riddle sustained one broken limb. They were carried to a sanitarium in Lubbock and a report says they are doing nicely.—Lorenza Enterprise.

H. H. Copeland and family left one day this week for Fort Worth, to visit a couple of her brothers and then they will go on to Tuscola, Miss., where H. H. assured us he was going to catch a long string of sun perch and remember the editor in his day dreams, if nothing else. They will be gone several weeks.

HARRIS HAPPENINGS

By Sand Bur.

Owing to sickness in our family, we failed to get our letter off last week. Nothing serious at all, it just wasn't convenient to mail our letter.

We were glad to hear that the editor and family have been taking a vacation and enjoying a nice trip. In our opinion editing a paper keeps one very close to the job.—It sure does.—Editor.

There was a box supper at the French school house, just over in Yoakum county, Friday night for the purpose of raising money for a school library. The program was well rendered and the sale of the boxes netted \$96.00.

Ben Hurst from the Rafter Four ranch, took dinner at Brit Clare's, Friday.

J. W. Gordon was through our neighborhood a few days since looking for saddle horses.

Geo. McDowell was out from Brownfield Sunday, visiting his sister Mrs. F. M. Ellington.

Glen Harris and wife visited his parents here Saturday night, then went over to New Mexico Sunday to visit her relatives.

Roy Harris and family and Jim Wright and family visited home-folks at and near Harris, Sunday.

We failed to mention the fact that our Sunday School has been reorganized with Mrs. W. P. French for Superintendent.

Mr. Arthur Cotton sheared his goats recently, and took the wool to the local market. We failed to learn what it netted him.

R. C. Leach, Supt. of the schools at Glenrose, Texas, was here this week the guest of his sister, Mrs. J. E. Anderson.

WHY HE WAS NOT PROMOTED

An exchange gives the following reasons why he was not promoted:

He watched the clock.

He was always grumbling.

He was always behind hand.

He asked too many questions.

His stock excuse was, "I fogot."

He wasn't ready for the next stop.

He did not put his heart in his work.

He learned nothing from his blunders.

He was content to be a secondrate man.

He chose his friends among his inferiors.

He ruined his ability by half doing things.

He never dared to act on his own judgement.

He never did think it worth while to learn how.

He thought it clever to use coarse and profane language.

He did not learn that the best part of his salary was not his pay envelope.

He imitated the habits of men who could stand more than he could.

R. O. WILSON will pay the highest market price for fat hogs until further notice. Be sure to see him before selling.

Rev. J. E. Anderson reports that the Brownfield Baptist Association Fifth Sunday meeting at Grassland was a great success.

LOST: A boy's coat on the ball ground. Finder will please return to W. A. Bell.

Miss Lois Brownfield returned this week from Austin where she has been attending the University of Texas.

PRIMROSE CREAM SEPARATORS

BUTTER FAT is worth too much money to be wasted, therefore you should use;

A PRIMROSE CREAM SEPARATOR., The machine that gets all of the cream.

And will soon pay for itself, in saving of cream by skimming with the "PRIMROSE".

We have the "Primrose" in stock and want to show you the merits of the "Primrose" Cream Separator.

Come in and let us talk it over with you.
