

THE GOLDTHWAITE EAGLE

Sammie Smith and family were here from Gatesville Sunday, visiting relatives.

Arthur Cline and wife and Floyd Fox and wife visited in San Antonio Sunday.

W. H. Nelson of Big Valley transacted business in the metropolis Tuesday.

J. M. Wrinkle was one of the good men who called at the Eagle office Saturday.

W. G. Smith of Pleasant Grove was a business caller at the Eagle office Saturday.

Mrs. E. L. Eubank and daughter were visitors to the city from Trigger Mountain Saturday.

Joe A. Palmer and his wife and son and Mrs. J. W. Kelly visited relatives in Brownwood Sunday.

R. F. Swindle of Priddy looked after business and met with his friends in this city the early part of the week.

Luther and Charles Stephens of Lampasas visited in the home of their brother, F. M. Stephens, in this city Sunday.

Misses Lucile Hoover and Charline Brim, who are students in Abilene Christian college, spent last week end at home.

Rube Dudley, one of the big land owners of the Prairie section, looked after business in the city the first of the week.

It pays to patronize your home dealers and home enterprises of every kind.

Will Potter and wife of Brownwood and her sister, Miss Pauline Hill of Marble Falls, spent Sunday with relatives in this city.

J. K. Davis of Lake Merritt community transacted business in the city Saturday and was an appreciated caller at the Eagle office.

J. S. Kelly and wife and Allan Ross and wife visited in Austin Sunday. Misses Kelly of Houston met them in Austin and spent the day with them.

Miss Sybil Guthrie, one of the county's outstanding teachers and a prominent member of the Mullin high school faculty, was a visitor to this city Saturday.

All persons interested in the schools should vote in the trustee election. Help to elect good trustees and then give them hearty support.

Mr. and Mrs. W. P. McCullough and son, Paul, of Goldthwaite, and Mrs. Othel Smith and little daughter, Angeline, of Lampasas, spent the week end here with their son and brother, H. E. McCullough, and family. — Hico News-Review.

Mrs. J. W. Allen, who has made her home in Arkansas since the death of her husband several years ago, writes to have her address changed to Waco, where she is spending some time in the home of her granddaughter. She has a great many friends in Goldthwaite and throughout Mills county.

Mighty few towns can show as much improvement as is indicated around Goldthwaite. New brick and frame residences, new garages, lots of new cars, street paving and then on and on.

Dana Everly, formerly of this city and owner of valuable property here, writes from Seattle, Washington, to renew for the Eagle and says: "The Eagle's columns have never lost interest for us, as through the letters of the community correspondents we can keep informed of the joys and sorrows of our old time friends in Mills county." The Everly family is remembered kindly by many Mills county people and we are all glad to know they still remember their friends and former neighbors.

Burch is prepared to clean and press garments for any member of the family and takes orders for made to measure garments. See his samples for Spring and Summer clothing.

ROCK SPRINGS

There was Sunday school Sunday morning. I failed to learn how many was present.

This place was well represented at Big Valley Saturday and Sunday. The two days were fine. Lots of good preaching. From the looks of the nice, rich food those people don't know the depression is on. Saturday Will Denard and wife furnished fish for dinner, which was awful good.

Our new commissioner and his helpers have really worked our roads good. We need a good rain and then give them a good dragging and we will enjoy our rides to the city.

We feel very lucky since our mail carrier, Everett Paulkner, has two routes instead of one, that we can get our mail by 10 o'clock. Monday morning was the day of change. I expect he played an April fool trick on some of his patrons, but most everybody takes the Eagle, so they knew he would be around earlier.

The Threlkeld company got all the oil rig moved. They intended to move last week. They left the derrick so we think they are coming back this year to dig another well.

Don't forget to go Saturday and vote for your new trustee or trustees, whichever it may be.

Ollie Dewbre and Mrs. Berlin Whitt from town visited Ira Dewbre and wife Sunday afternoon.

Shirley Nickols went back to his old job Monday morning working for Jack Long at the filling station.

R. C. Collier and J. W. Roberts had business in Brownwood Saturday. Mrs. Roberts went too, but I can't say whether Mrs. Collier went along or not.

Claud Laird, who has work near Houston, was home Saturday and Sunday.

The S. E. Q. club met with Mrs. Eula Nickols Tuesday. You will learn more about the meeting next week. They are to spend the day.

Joe Roberts and family spent the day Monday in the Nickols home.

Philip, James and Shirley Nickols branded cattle Sunday for Vernon Tyson.

Oscar Gatlin was a busy man Monday. He made an extra trip to town.

The boys and girls played an April fool joke on their teacher Monday. She may make them sorry of it. One of my teachers sure punished a bunch of us once for running off to see Molly Bailey show once in Goldthwaite. We had to write an awful long composition. Pupils call it theme now.

Miss Vera Frye spent the week end in Temple with her mother, who is in the sanitarium. We are glad her mother is doing fine.

Glenn Nickols and wife spent the day Sunday with Joe Roberts and family.

J. R. Davis attended a fifth Sunday meeting in Coleman county last week end.

J. T. Robertson and Mrs. Eula Nickols visited with Mrs. Henry Cryer and children last Tuesday. Mr. Robertson attended the funeral.

J. T. Stark left Sunday for Coleman, where he will work in an ice plant.

Glenn Nickols and John Roberts were shopping in town Monday afternoon.

Mrs. Daniel and Nickols attended the fifth Sunday meeting Saturday and Sunday at Big Valley.

Sunday Mrs. Maggie Traylor, Waldine and Oliver and W. A. Cooke attended the meeting at Big Valley.

Loy Long and family, Fred Webb and family and Mr. and Mrs. Ramsey from town, spent Saturday night and Sunday at Landy Ellis' on the river, fishing.

Bertram Leverett from town run a taxi out here Monday. He brought Miss Vera Frye home. She came in on the early train from Temple.

Ben Davis and sons and Rudolph Cooke went fishing Monday afternoon.

Fred McClary is sporting a new car. Look out girls.

Some from here went to the tent show last week in the city. Nevert Roberts from San Saba county, spent Friday night in the Souders home.

Mrs. Loy Long and son visited her parents, Mr. and Mrs. Ellis, this week.

W. A. Cooke and Mrs. Eula Nickols enjoyed hearing Bro.

Interesting People

She is light brown headed, has brown eyes, about five feet, four inches tall and weighs about 136 pounds. Yes, she is a senior and a lively one at that. She is a good sport in work and play, and wears a never-ending smile. She is an average student in her studies. She is the pianist for our glee club and has an excellent voice. If you have guessed Hilma Hein your guess is right.

Is he good looking? Well, I'll say he is and a good sport, too. He is five feet and nine inches tall, has brown eyes and brown hair, and can he play a guitar. This is his first year at Priddy, but it seems as if he has won the hearts of the teachers, as well as all the seniors. Johnnie Mason is one of our best athletes and we are sorry to say he's a senior of 1935.

We Wonder Why

Edna likes Carl.
 Johnnie sings so well when the coach is absent.
 Pete drives so slow.
 J. T. doesn't miss school.
 Henry wears shades.
 Paula likes to go to Indian Gap.

J. W. likes biology.
 Jewel gets so many letters.
 Hilma can sing so well.
 Velma likes to go to Comanche.
 Martin never has a date.
 R. C. has so many friends.

We are getting up with our biology and find it much easier to stay up than it is to catch up.

We are to start on our senior play in a few days. Watch for the name, which will be announced soon.

Tenth Grade

The tenth grade has had a very good attendance lately and we hope it will continue to be so until school is out.

The geometry class has, at last, decided to get down to business with the result that the class is becoming more interesting to everyone.

The students of the tenth grade have made a plan for keeping their room in order. Different students have been assigned certain tasks to perform to the best of their ability.

Ninth Grade

We are all very well pleased with our examination grades for this month.

Can You Imagine

Wilma with bobbed hair.
 Mutt acting good.
 Caesar in love.
 Fred not friendly.
 Viola getting in a hurry.
 Hazel dancing and having a date.

Helga short and fat.
 Dora Mae as a dormouse.
 Ira behaving.

Sam Taylor's sermon Sunday night.

John Earl Roberts spent Monday night with the Nickols family.

James Nickols had a friendly talk in the Webb home Monday night.

Jesse Massey had business in town Monday.

Gus Roush and family from Odessa, spent the week end in the Dunkle and Robertson homes.

As March has come and gone we are all glad, because a woman sure hates to put her washing out on a windy day, especially like last week. We are needing a rain.

MISS WATSON

Miss Watson giving an A in history.
 Mr. Cunningham playing the piano.
 Miss Swindle high, wide and handsome.
 Our English class is still prospering.

School News

The seventh grade pupils have had all their exams and will get their report cards soon. They are now having sentences in English every day, which they have to put in their note books.

Carl Jeske and Raymond told about the life of Sam Houston and Stephen F. Austin today and it was supposed to be a contest.

As the end of the school term is drawing near, the sixth grade travel club will be kept busy in order to get all the information it can from other countries.

Edna Tishler has been absent for some time on account of the measles. We hope they won't keep her out of school very long.

"I've been wondering all my life, who's going to ask me to be his wife," is Ora Clark's favorite song.

The sixth grade has almost finished their second book in reading. They lack the story, "Lumbering in the Big Timber Country," and "The American Creed" before getting through with it.

Primary News

Dorothy Harris entered school Tuesday.

Rosa Lee Buschmann has returned to school. She was ill with measles for several weeks.

George Albert Schumann visited our room one day last week.

Boys' Sports

The boys have started pitching dollars, only they use washers instead, but it is all the same, because their daddies have to buy the washers.

The small boys are playing marbles again. That means more patches on their trousers.

Girls' Sports

Some of the girls are playing tennis for a sport.

The home economics girls soon start on another clothing project. They are all looking forward to this.

Miss Watson has been reading to the class, which they have enjoyed very much. Her reading consisted of poems and sayings, true to life and beneficial to the girls.

Glee Club

If you have any rotten eggs, bad eggs, soft, hard, strong or weak eggs, leave them at home and come to see "Fresh Eggs," a musical comedy, presented by Glee Club girls and a few high school boys. You will see plenty of comedy and hear plenty of music and singing throughout.

To see this, come to Priddy high school Friday night, April 15. All is free, but don't forget the box supper after the entertainment. Everybody from 12 to 75 years bring a box. There will be three divisions of boxes: Grammar school girls, high school girls and married ladies.

OUR CONGRESSMAN

The Associated Press report from Washington regarding the standing of our congressman, Hon. Chas. L. South, is of interest to the people of this county and the entire district. It says: "I think I have one of the best congressmen among the new members of the house," Vice President John Nance Garner said last week of Judge South, who represents the Uvalde county, along with 29 other west Texas counties in the 74th congress.

"South is tending to his business, not trying to show off, has plenty of sense and has demonstrated to me that he has the courage to say 'no' as well as the desire to say 'yes' to his constituents," the vice president said.

Sam Raburn, chairman of the important interstate commerce committee of the house and a contender for the speakership said: "I like the way South quietly demonstrates his abilities to the members of the house. He is not going off on side-tracks and is making a real impression on the conservative members of the house."

District Meet

This morning, the students who placed in the county meet, left for Brownwood to enter the district meet. Many of the high school students made the trip and the whole student body is behind them and boosting them for winners.

Did You Know?

By Edward Soules
 That more than 300 reporters were assigned to cover the Richard Bruno Hauptmann trial in Flemington, N. J. These reporters wired out of Flemington, between 11,000,000 and 12,000,000 words for the 21 day-trial.

A fast newspaper reader, working 8 hours a day, would require 30 working days to read all the material wired by the reporters. For every 400 words spoken by witnesses, counsel or judge, about 600 were written by the reporters.

Over 75,000 words were wired to Europe during the trial.

Bulb Busters

By Vergil Howard
 Safety First—
 Diner: Waiter, this soup is cold. Bring me some that's hot.
 Waiter: What do you want me to do? Burn my thumb?

Perfect Thirty Whatzis—
 Breathes there a dame with soul? So dead.
 Who never to herself hath said, I'm overweight—that's for the best—
 That's my resemblance to Mae west.
 Ruling Passion—
 Judge: Too old! Why I could give you twenty years.
 Friend: Now, now, Judge, don't start talking shop.
 Chook, Chook, Chook—
 How did you make your neighbor keep his hens in his own yard?

One night I hid half a dozen eggs under a bush in my garden, and next day I let him see me gather them. I wasn't bothered after that.

Alger Heroes Are Extinct—
 Grouff father to son: Why don't you get out and find a job? When I was your age I was working for \$3 a week in a store, and at the end of five years I owned the store.

Son: You can't do that nowadays though, dad. They have cash registers in the stores.

View-Points—
 My husband must be a strong, silent man, full of grit.
 What you want is a dumb dustman.

Foolish Risk—
 Teacher: Robert, if you are always very kind and polite to all your playmates, what will they think of you?
 Robert: Some of 'em would probably think they could lick me!

People Are Too Suspicious—
 How could you swindle people who trusted in you?
 Prisoner: But, Judge, people who don't trust you, can't be swindled.

Cheering Section—
 Lissen: I had a most enjoyable time at the dentist's this afternoon.
 Hurja: I don't see how that could happen.
 Lissen: It's true. When I went in, another dentist was working on my dentist's teeth.

Seniors To Present Program

NEWS FLASHES

Several east Texas oil companies were thrown into receivership Saturday on petition of the state, alleging a conspiracy to violate proration laws and asking large penalties.

Walter H. McGhee must pay with his life on the gallows for the kidnaping of Mary McElroy, daughter of City Manager H. F. McElroy of Kansas City, the state supreme court of Missouri ruled Saturday, in denying him an appeal. The date for his execution was set by the supreme court as May 10.

A bag of Christmas mail has only just reached the British consulate in Kashgar (Sinkiang) from Peiping—and it is the mail of Christmas 1933! For the last two years Kashgar has been practically isolated from the world on account of the Moslem rebellion in Chinese Turkestan. The British consulate has been able to keep in touch with India however, by means of runners over the high mountain passes, one of which is over 18,000 feet. Under favorable conditions about a fortnight or three weeks is needed for a runner to reach the first British outpost in Kashmir. The two mail bags were held up for months at Urumchi, the capital of Sinkiang, which is connected by road with Peiping, although much of it is in poor condition and infested with bandits.

HUDSON BROS., DRUGGISTS

UNIQUE ADVERTISING

One of the most unusual and dramatic ways ever conceived to exploit the use of newspaper advertising has been adopted by the Continental Oil company. A novel contest has been inaugurated whereby during the coming spring months cars and trucks will be seen on the streets and highways of some forty states plastered in hodge-podge compelling fashion with reprints of Continental's newspaper advertisements.

In addition to the circulation of ten million that Continental Oil company gets for its advertising by using 1363 daily and weekly papers, Continental's advertisements through this unique stunt will do double duty this spring.

The unique appearance of Continental cars and trucks not only serves to call attention to the Conoco campaign now running in newspapers, but also reminds Conoco salesmen of the tremen-

dous number of car owners who read about Conoco products throughout the year in their newspapers.

It is estimated that more than 3000 cars and trucks will participate in the stunt. Aside from these company-owned and operated vehicles, it is expected that a good percentage of the 22,000 Conoco dealers will likewise participate.

Continental is one of the country's largest users of newspaper advertising and gives this medium a large share of the credit in achieving an increase of 60.4 per cent in sales of Conoco Germ Processed Motor Oil since April 1934.

Continental this year is celebrating its sixtieth anniversary. It began operations in Ogden, Utah, in 1875. From a small distributor of kerosene and lubricants long before the advent of the motor car it has grown into one of the nation's leading oil companies.

Texas Lady Tells How Black-Draught Laxative Helps All Her Family

Here's how Black-Draught fills the needs of a family laxative in the home of Mrs. J. E. Spoker, Fort Worth, Texas: "The grown-ups in my family," she writes, "have always taken powdered Theodor's Black-Draught for biliousness, headaches and other ailments (due to constipation) and found it a reliable remedy. I was very pleased when I saw Syrup of Black-Draught advertised. I bought it and gave it to my little daughters, ages 6 and 4. They needed something to cleanse their systems and Syrup of Black-Draught acted well." . . . Your druggist sells this reliable laxative in both forms. "Children like the Syrup."

A LIBERAL POLICY

The Eagle has been more liberal than judicious in the matter of subscriptions for the past three years, owing to the depression, but the time has come when all newspapers are being required to call their lists to those who really want and pay for the paper. One requirement recently brought to the attention of the Eagle management is that the paper can only be sent through the postoffice at the second class rate to bona fide subscribers and business men who carry advertisements and are entitled to a copy of the paper to check such advertisements, but the old "free and easy" policy must be abandoned.

A Sunday Night Supper Treat — Good to Look At, Good to Eat

For many homes, guests gather around the hospitable board for Sunday night supper. The meal must be light, in deference to the dinner eaten at midday—but not too light to satisfy hunger. Here are three suggestions for this purpose—each one of them as good to look at as it is good to eat.

- Jellied Tuna Fish Salad**
 1 package lemon-flavored gelatin
 1 pint warm water
 2 pintons, chopped
 1/2 cup green pepper, chopped
 1/2 cup chopped celery
 1 teaspoon scraped onion
 1/2 teaspoon salt
 Dash of cayenne
 1 tea-spoon drained horse-radish
 2 cups flaked tuna fish
 Dissolve gelatin in warm water. Pour thin layer into loaf pan. Sprinkle with part of pimiento and pepper. Chill until firm. Chill remaining gelatin until slightly thickened. Fold in remaining ingredients. Add to firm layer in mold. Chill until firm. Unmold. Serve in 1/2-inch slices on crisp lettuce. Garnish with mayonnaise. Serves 8.
- Hostess Salad**
 1 package lemon-flavored gelatin
 1 pint warm water
 2 pintons, cut in strips
 2 hard-cooked eggs, coarsely cut
 1 cup chopped celery
 1/2 cup chopped olives
 1/2 cup chopped chives, or 1/2 teaspoon scraped onion
 1/2 teaspoon salt
 1 tablespoon vinegar
 Dash of cayenne
 Dissolve gelatin in warm water. Chill until slightly thickened. Arrange pimiento strips in individual molds. Combine remaining ingredients; fold at once into slightly thickened gelatin. Turn into individual molds and chill until firm. Unmold on crisp lettuce. Garnish with mayonnaise. Serves 6.
- Chicken Loaf**
 1 package lemon-flavored gelatin
 1 pint warm chicken stock, free from fat
 1 cup diced cooked chicken
 1/2 cup chopped celery
 1/2 cup chopped green pepper
 2 tablespoons chopped pimiento
 1/2 teaspoon salt
 2 tablespoons vinegar
 1/2 cup chopped stuffed olives
 1 teaspoon scraped onion
 Dash of cayenne
 Dash of Worcestershire sauce
 Dissolve gelatin in warm stock. Chill until slightly thickened. Combine remaining ingredients and fold at once into slightly thickened gelatin. Turn into loaf pan. Chill until firm. Unmold on crisp water cross. Serve in slices. Or mold in ring mold and serve as salad garnished with mayonnaise. Serves 6.

J. K. Davis of Lake Merritt community transacted business in the city Saturday and was an appreciated caller at the Eagle office.

J. S. Kelly and wife and Allan Ross and wife visited in Austin Sunday. Misses Kelly of Houston met them in Austin and spent the day with them.

Miss Sybil Guthrie, one of the county's outstanding teachers and a prominent member of the Mullin high school faculty, was a visitor to this city Saturday.

All persons interested in the schools should vote in the trustee election. Help to elect good trustees and then give them hearty support.

Mr. and Mrs. W. P. McCullough and son, Paul, of Goldthwaite, and Mrs. Othel Smith and little daughter, Angeline, of Lampasas, spent the week end here with their son and brother, H. E. McCullough, and family. — Hico News-Review.

Mrs. J. W. Allen, who has made her home in Arkansas since the death of her husband several years ago, writes to have her address changed to Waco, where she is spending some time in the home of her granddaughter. She has a great many friends in Goldthwaite and throughout Mills county.

Mighty few towns can show as much improvement as is indicated around Goldthwaite. New brick and frame residences, new garages, lots of new cars, street paving and then on and on.

Dana Everly, formerly of this city and owner of valuable property here, writes from Seattle, Washington, to renew for the Eagle and says: "The Eagle's columns have never lost interest for us, as through the letters of the community correspondents we can keep informed of the joys and sorrows of our old time friends in Mills county." The Everly family is remembered kindly by many Mills county people and we are all glad to know they still remember their friends and former neighbors.

ROCK SPRINGS

There was Sunday school Sunday morning. I failed to learn how many was present.

This place was well represented at Big Valley Saturday and Sunday. The two days were fine. Lots of good preaching. From the looks of the nice, rich food those people don't know the depression is on. Saturday Will Denard and wife furnished fish for dinner, which was awful good.

Our new commissioner and his helpers have really worked our roads good. We need a good rain and then give them a good dragging and we will enjoy our rides to the city.

We feel very lucky since our mail carrier, Everett Faulkner, has two routes instead of one, that we can get our mail by 10 o'clock. Monday morning was the day of change. I expect he played an April fool trick on some of his patrons, but most everybody takes the Eagle, so they knew he would be around earlier.

The Threlkeld company got all the oil rig moved. They intended to move last week. They left the derrick, so we think they are coming back this year to dig another well.

Don't forget to go Saturday and vote for your new trustee or trustees, whichever it may be.

Ollie Dewbre and Mrs. Berlin Whitt from town visited Ira Dewbre and wife Sunday afternoon.

Shirley Nickols went back to his old job Monday morning working for Jack Long at the filling station.

R. C. Collier and J. W. Roberts had business in Brownwood Saturday. Mrs. Roberts went too, but I can't say whether Mrs. Collier went along or not.

Claud Laird, who has work near Houston, was home Saturday and Sunday.

The S. E. Q. club met with Mrs. Eula Nickols Tuesday. You will learn more about the meeting next week. They are to spend the day.

Joe Roberts and family spent the day Monday in the Nickols home.

Phillip, James and Shirley Nickols branded cattle Sunday for Vernon Tyson.

Oscar Gatlin was a busy man Monday. He made an extra trip to town.

The boys and girls played an April fool joke on their teacher Monday. She may make them sorry of it. One of my teachers sure punished a bunch of us once for running off to see Molly Bailey show once in Goldthwaite. We had to write an awful long composition. Pupils call it theme now.

Miss Vera Frye spent the week end in Temple with her mother, who is in the sanitarium. We are glad her mother is doing fine.

Glenn Nickols and wife spent the day Sunday with Joe Roberts and family.

J. R. Davis attended a fifth Sunday meeting in Coleman county last week end.

J. T. Robertson and Mrs. Eula Nickols visited with Mrs. Henry Cryer and children last Tuesday. Mr. Robertson attended the funeral.

J. T. Stark left Sunday for the Coleman, where he will work in an ice plant.

Glenn Nickols and John Roberts were shopping in town Monday afternoon.

Mmes. Daniel and Nickols attended the fifth Sunday meeting Saturday and Sunday at Big Valley.

Sunday Mrs. Maggie Traylor, Waldine and Oliver and W. A. Cooke attended the meeting at Big Valley.

Loy Long and family, Fred Webb and family and Mr. and Mrs. Ramsey from town, spent Saturday night and Sunday at Landy Ellis' on the river, fishing.

Bertram Leverett from town run a taxi out here Monday. He brought Miss Vera Frye home. She came in on the early train from Temple.

Ben Davis and sons and Rudolph Cooke went fishing Monday afternoon.

Fred McClary is sporting a new car. Look out girls.

Some from here went to the tent show last week in the city. Nevert Roberts from San Saba county, spent Friday night in the Souders home.

Mrs. Loy Long and son visited her parents, Mr. and Mrs. Ellis, this week.

W. A. Cooke and Mrs. Eula Nickols enjoyed hearing Bro.

Interesting People

She is light brown headed, has brown eyes, about five feet, four inches tall and weighs about 136 pounds. Yes, she is a senior and a lively one at that. She is a good sport in work and play, and wears a never-ending smile. She is an average student in her studies. She is the pianist for our glee club and has an excellent voice. If you have guessed Hilma Hein your guess is right.

Is he good looking? Well, I'll say he is and a good sport, too. He is five feet and nine inches tall, has brown eyes and brown hair, and can play a guitar. This is his first year at Priddy, but it seems as if he has won the hearts of the teachers, as well as all the seniors. Johnnie Mason is one of our best athletes and we are sorry to say he's a senior of 1935.

We Wonder Why

Edna likes Carl. Johnnie sings so well when the coach is absent.

Pete drives so slow. J. T. doesn't miss school. Henry wears shades.

Paula likes to go to Indian Gap. J. W. likes biology. Jewel gets so many letters. Hilma can sing so well.

Velma likes to go to Comanche. Martin never has a date. R. C. has so many friends.

We are getting up with our biology and find it much easier to stay up than it is to catch up.

We are to start on our senior play in a few days. Watch for the name, which will be announced soon.

Tenth Grade

The tenth grade has had a very good attendance lately and we hope it will continue to be so until school is out.

The geometry class has, at last, decided to get down to business with the result that the class is becoming more interesting to everyone.

The students of the tenth grade have made a plan for keeping their room in order. Different students have been assigned certain tasks to perform to the best of their ability.

Ninth Grade

We are all very well pleased with our examination grades for this month.

Can You Imagine Wilma with bobbed hair. Mut acting good. Caesar in love. Fred not friendly. Viola getting in a hurry. Hazel dancing and having a date. Helga short and fat. Dora Mae as a dormouse. Ira behaving.

Sam Taylor's sermon Sunday night.

John Earl Roberts spent Monday night with the Nickols family.

James Nickols had a friendly talk in the Webb home Monday night.

Jesse Massey had business in town Monday.

Gus Roush and family from Odessa, spent the week end in the Dunkle and Robertson homes.

As March has come and gone we are all glad, because a woman sure hates to put her washing out on a windy day, especially like last week. We are needing a rain.

BUSY BEE

Miss Watson giving an A in history.

Mr. Cunningham playing the piano. Miss Swindle high, wide and handsome.

Our English class is still prospering.

School News

The seventh grade pupils have had all their exams and will get their report cards soon.

They are now having sentences in English every day, which they have to put in their note books.

Carl Jeske and Raymond told about the life of Sam Houston and Stephen F. Austin today and it was supposed to be a contest.

As the end of the school term is drawing near, the sixth grade travel club will be kept busy in order to get all the information it can from other countries.

Edna Tishler has been absent for some time on account of the measles. We hope they won't keep her out of school very long.

"I've been wondering all my life, who's going to ask me to be his wife," is Ora Clark's favorite song.

The sixth grade has almost finished their second book in reading. They lack the story, "Lumbering in the Big Timber Country," and "The American Creed" before getting through with it.

Primary News

Dorothy Harris entered school Tuesday.

Rosa Lee Buschmann has returned to school. She was ill with measles for several weeks.

George Albert Schumann visited our room one day last week.

Boys' Sports

The boys have started pitching dollars, only they use washers instead, but it is all the same, because their daddies have to buy the washers.

The small boys are playing marbles again. That means more patches on their trousers.

Girls' Sports

Some of the girls are playing tennis for a sport.

The home economics girls soon start on another clothing project. They are all looking forward to this.

Miss Watson has been reading to the class, which they have enjoyed very much. Her reading consisted of poems and sayings, true to life and beneficial to the girls.

Glee Club

If you have any rotten eggs, bad eggs, soft, hard, strong or weak eggs, leave them at home and come to see "Fresh Eggs," a musical comedy, presented by Glee Club girls and a few high school boys. You will see plenty of comedy and hear plenty of music and singing throughout.

To see this, come to Priddy high school Friday night, April 15. All is free, but don't forget the box supper after the entertainment. Everybody from 12 to 75 years bring a box. There will be three divisions of boxes; Grammar school girls, high school girls and married ladies.

OUR CONGRESSMAN

The Associated Press report from Washington regarding the standing of our congressman, Hon. Chas. L. South, is of interest to the people of this county and the entire district. It says:

"I think I have one of the best congressmen among the new members of the house," Vice President John Nance Garner said last week of Judge South, who represents the Uvalde county, along with 26 other west Texas counties in the 74th congress.

"South is tending to his business, not trying to show off, has plenty of sense and has demonstrated to me that he has the courage to say "no" as well as the desire to say "yes" to his constituents," the vice president said.

Sam Raburn, chairman of the important interstate commerce committee of the house and a contender for the speakership said: "I like the way South quietly demonstrates his abilities to the members of the house. He is not going off on side-tracks and is making a real impression on the conservative members of the house."

Did You Know?
 By Edward Soules
 That more than 300 reporters were assigned to cover the Richard Bruno Hauptman trial in Flemington, N. J.

These reporters wired out of Flemington, between 11,000,000 and 12,000,000 words for the 21 day-trial.

A fast newspaper reader, working 8 hours a day, would require 80 working days to read all the material wired by the reporters.

For every 400 words spoken by witnesses, counsel or judge, about 600 were written by the reporters.

Over 75,000 words were wired to Europe during the trial.

NEWS FLASHES

Several east Texas oil companies were thrown into receivership Saturday on petition of the state, alleging a conspiracy to violate proration laws and asking large penalties.

Walter H. McGhee must pay with his life on the gallows for the kidnaping of Mary McElroy, daughter of City Manager H. F. McElroy of Kansas City, the state supreme court of Missouri ruled Saturday, in denying him an appeal. The date for his execution was set by the supreme court as May 10.

A bag of Christmas mail has only just reached the British consulate in Kashgar (Sinkiang) from Peiping—and it is the mail of Christmas 1933! For the last two years Kashgar has been practically isolated from the world on account of the Moslem rebellion in Chinese Turkestan. The British consulate has been able to keep in touch with India however, by means of runners over the high mountain passes, one of which is over 18,000 feet Under favorable conditions about a fortnight or three weeks is needed for a runner to reach the first British outpost in Kashmir. The two mail bags were held up for months at Urumchi, the capital of Sinkiang, which is connected by road with Peiping, although much of it is in poor condition and infested with bandits.

UNIQUE ADVERTISING

One of the most unusual and dramatic ways ever conceived to exploit the use of newspaper advertising has been adopted by the Continental Oil company. A novel contest has been inaugurated whereby during the coming spring months cars and trucks will be seen on the streets and highways of some forty states plastered in hodge-podge compelling fashion with reprints of Continental's newspaper advertisements.

In addition to the circulation of ten million that Continental Oil company gets for its advertising by using 1363 daily and weekly papers, Continental's advertisements through this unique stunt will do double duty this spring.

The unique appearance of Continental cars and trucks not only serves to call attention to the Conoco campaign now running in newspapers, but also reminds Conoco salesmen of the tremendous number of car owners who read about Conoco products throughout the year in their newspapers.

It is estimated that more than 3000 cars and trucks will participate in the stunt. Aside from these company-owned and operated vehicles, it is expected that a good percentage of the 22,000 Conoco dealers will likewise participate.

Continental is one of the country's largest users of newspaper advertising and gives this medium a large share of the credit in achieving an increase of 60.4 per cent in sales of Conoco Germ Processed Motor Oil since April 1934.

Continental this year is celebrating its sixtieth anniversary. It began operations in Ogden, Utah, in 1875. From a small distributor of kerosene and lubricants long before the advent of the motor car it has grown into one of the nation's leading oil companies.

Texas Lady Tells How Black-Draught Laxative Helps All Her Family

Here's how Black-Draught fills the needs of a family in the home of Mrs. J. S. Baker, Fort Worth, Texas: "The grown-ups in my family," she writes, "have always taken powdered Theodor's Black-Draught for biliousness, headaches and other ailments (due to constipation) and found it a reliable remedy. I was very pleased when I saw Syrup of Black-Draught advertised. I bought it and gave it to my little daughters, ages 6 and 4. They needed something to cleanse their systems and Syrup of Black-Draught acted well." . . . Your druggist sells this reliable laxative in both forms. "Children like the Syrup."

A LIBERAL POLICY

The Eagle has been more liberal than judicious in the matter of subscriptions for the past three years, owing to the depression, but the time has come when all newspapers are being required to call their lists to those who really want and pay for the paper. One requirement recently brought to the attention of the Eagle management is that the paper can only be sent through the postoffice at the second class rate to bona fide subscribers and business men who carry advertisements and are entitled to a copy of the paper to check such advertisements, but the old "free and easy" policy must be abandoned.

A Sunday Night Supper Treat — Good to Look At, Good to Eat

In many homes, guests gather around the hospitable board for Sunday night supper. The meal must be light, in deference to the dinner eaten at midday—but not too light to satisfy hunger. Here are three suggestions for this purpose—each one of them as good to look at as it is good to eat.

Jellied Tuna Fish Salad
 1 package lemon-flavored gelatin
 1 pint warm water
 2 pintons, chopped
 1/2 green pepper, chopped
 1/4 cup chopped celery
 1 teaspoon scraped onion
 1/2 teaspoon salt
 Dash of cayenne
 2 teaspoons drained horse-radish
 2 cups flaked tuna, fat
 Dissolve gelatin in warm water. Pour thin layer into loaf pan. Sprinkle with part of pimiento and pepper. Chill until firm. Chill remaining gelatin until slightly thickened. Fold in remaining ingredients. Add to firm layer in mold. Chill until firm. Unmold. Serve in 1/2-inch slices on crisp lettuce. Garnish with mayonnaise. Serves 8.

Hostess Salad
 1 package lemon-flavored gelatin
 1 pint warm water
 1 pimiento, cut in strips
 2 hard-boiled eggs, coarsely cut
 1 cup chopped celery
 1/2 cup chopped olives
 1 1/2 teaspoons chopped chives, or 1 teaspoon scraped onion
 1/4 teaspoon salt
 1/4 cup chopped vinegar
 Dash of cayenne
 Dissolve gelatin in warm water. Chill until slightly thickened. Arrange pimiento strips in individual molds. Combine remaining ingredients and fold at once into slightly thickened gelatin. Turn into individual molds and chill until firm. Unmold on crisp lettuce. Garnish with mayonnaise. Serves 6.

Chicken Leaf
 1 package lemon-flavored gelatin
 1 pint warm chicken stock, free from fat
 1 cup diced cooked chicken
 1/4 cup chopped celery
 1/4 cup chopped green pepper
 2 tablespoons chopped pimiento
 1/4 teaspoon salt
 2 tablespoons vinegar
 1/4 cup chopped stuffed olives
 1 teaspoon scraped onion
 Dash of cayenne
 Dash of Worcestershire sauce
 Dissolve gelatin in warm stock. Chill until slightly thickened. Combine remaining ingredients and fold at once into slightly thickened gelatin. Turn into loaf pan. Chill until firm. Unmold on crisp water dressing. Serve in slices. Or mold in ring mold and serve as salad garnished with mayonnaise. Serves 8.

EBONY

Mrs. Frank Dyer, daughter of S. N. Kelly, died Friday, March 29, at the home of her daughter, Mrs. Willie Roberts, at Brownwood and was buried here Saturday afternoon.

For several years the Dyers lived in this community. We remember Mrs. Dyer as the patient little mother who lived in the little vine-clad house by the side of the road, and was a friend to all. Always devoted to her children, she was rewarded by a beautiful devotion from them. During her long illness, her children sat constantly by her bed, watching eagerly for any act of service that loving hands could do, while their hearts were breaking to see her slipping away from them.

A host of relatives and friends attended the funeral. She is survived by her husband, three sons, Orville, Raymond and Hubert, and five daughters, Mrs. Ofa Burroughs, Mrs. Willie Roberts, Lohie, Marie and Ruth. She is also survived by her father and stepmother, Mr. and Mrs. S. N. Kelly, two own brothers, Will and Ab Kelly, and two half brothers, Floyd and Fred Kelly, all of San Angelo; four half sisters, Mrs. Frank Crowder and Mrs. Ross White of Oakland, Mrs. Ira Ratliff of San Angelo and Mrs. Rita Mae Neal of Regency.

J. B. Jones of Brownwood preached here Sunday morning. He was accompanied by his wife and little son, Billie.

Mrs. Meredith Chesser was called to Alvarado Thursday of last week on account of the death of her sister, Mrs. Rosy Lampman, who died Wednesday night, following an operation. The Chesser family left Thursday morning, returning Saturday evening.

MOUNT OLIVE HIGH SCHOOL

Attendance was small Monday, due to April fool's day. However, all that played hooky were sorry, because Miss Blackwell and Mr. Cooke entertained their pupils out at Mrs. Lane's with a party.

Myrl McCarty and Fred Shipman were visitors at school one day last week.

Musical

Our band is progressing nicely and each Wednesday night we meet and enjoy some good music. Mr. Doss Richardson intends to be with us Wednesday night.

Exams

This last six weeks exams made many hearts sad and some glad, as it told whether some would be exempt on finals. Several of the cards were straight A.

Glee Club Breakfast

Last Saturday morning Miss Blackwell entertained the glee club girls with a sunrise breakfast. They met at her house about 6 o'clock and hiked to a very pretty spot to prepare it. Finally it was ready and consisted of oranges, crisp bacon, ham, scrambled eggs, potato chips, pickles, cake, pie, candy and finally, pop corn balls on the way home. Clara Belle Burks, Vada Lee and Myrl McCarty were guests.

Several games were played and some songs were sung. Everyone enjoyed it. Here's hoping we have another soon!

Flowers to the Living

Here's to a quiet, reserved girl that has many friends. A girl who everyone admires and respects. A girl with a very winning personality and a charming smile. She is a senior this year, running a close race for honors. We hate to lose her, but we know she will succeed wherever she goes. For those who have not guessed who it is, I will say it is Vera Koen.

Can You Imagine

Billy and Maudene not playing in the sand or writing on the board while practicing?

T. H. and Ouida not giggling? Sammie coming to school every day?

Eva blistering her face and arms?

Why Mary B and Cecil didn't run off?

Why Vernon doesn't come to school?

Why Lorene likes the name of Bolliver?

Why Elmer likes to go to Lock-er?

Humor

Miss Blackwell was trying to induce her pupils to bring milk to school. She asked Jack if he brought milk. Jack answered, "No."

Miss Blackwell then asked if he drank milk at home.

He answered, "No'm, we hardly get enough for the hogs!"

Mr. Qualls: I should like you to have "good" in your report, and not always "fair."

Clovis: I daresay you would, dad, but you see I'm an ordinary boy of ordinary parents and that is an ordinary report.

Apologizing

Ruby: Oh, are you really a mind reader?

Mr. Cooke: Yes, I am.

Ruby: Then I hope you aren't offended. I didn't mean what I thought about you.

RIDGE

Just Passing? Or Doing Your Best?

Peaches

Many times do we hear students say, "I don't care, just so I pass." Is this the right attitude? No, it is not the way to look at things. We should do our best at all times. The higher grades you make the more your teacher will help you.

When you have "just passed" all the way through school and get out in the world, you might fall to "just pass" then. If you "do your best" at all times, you will always succeed in your undertakings in school, and after you are through school and are out in the world you will succeed.

Good Citizenship

Ruth Hale

A good citizen is a person who, whether he lives in Asia, Africa, America, Europe or any other place, is honest. He takes great interest in the government and helps others with their troubles. He salutes the flag of his country and stands when the national anthem is sung. He also obeys all the laws of the nation and stands by his country in both peace and war. Thus he leads a useful life for his country's service.

The Man in the Green Shirt

The high school students are working successfully on their play, entitled "The Man in the Green Shirt," which is to be presented at Big Valley school some time in April.

Honor Students

Those students making straight A cards in the primary room this month are Lanelle Morris, Jacqueline Dennard, Anetta McCarty, Leona Johnson, Harold Dee Robertson, Jack Wells and Billye Hale.

Humor

Mrs. Dennard: Virginia, why were you out so late last night? Did you have a flat tire? Virginia: I would hardly call him that, mother.

 The guests had a joyous time and anticipate similar hospitality at an early date from Mrs. Pyburn and her daughter, Miss Adeline.

BIG VALLEY
 Clouds have been threatening rain the last few days, but so far no rain. We are really needing rain here so that gardening and farming may go on. We hope we will have rain soon and wash some of this dust away.
 The fifth Sunday meeting was a success, judging from the number and dinner brought. There were several here from other counties. The talks and sermons were inspirational and helpful. Each community from all over the county was well represented, it seems.
 The play, "The Blue Bag," was put on here last Thursday night. Everyone enjoyed it and you, who didn't go, really missed something good. They made fifteen dollars, which is to go on equipment for the school.
 Mrs. T. P. Reed, Mr. and Mrs. O. C. Sykes and boys of Ballinger were in the valley Sunday.
 Little Miss Annie Weatherby of San Saba was visiting with her grandparents, Mr. and Mrs. Jno. Burnett, last week.

 Mr. and Mrs. Harvey Hale and Mr. and Mrs. Scott Thompson were visitors in the home of Mr. and Mrs. Oran Hale Sunday evening.
 A good many of the young people enjoyed a party Saturday night in the Dupuy home.
 Next Saturday and Sunday is preaching day. Let's all try to be there if we can and are able to go.
 The Weaver boys baled hay at Elvis Morris' Tuesday.
BLUE JAY
A LIBERAL POLICY
 The Eagle has been more liberal than judicious in the matter of subscriptions for the past three years, owing to the depression, but the time has come when all newspapers are being required to cull their lists to those who really want and pay for the paper. One requirement recently brought to the attention of the Eagle management is that the paper can only be sent through the postoffice at the second class rate to bona fide subscribers and business men who carry advertisements and are entitled to a copy of the paper to check such advertisements, but the old "free and easy" policy must be abandoned.

Remember the Forgotten Child

A Worthy Cause

The executive committee of the Texas society for crippled children has appointed Mrs. L. J. Gartman, county chairman for Mills county.
 Many people want to help in this humanitarian problem of hospitalizing crippled children whose parents are unable to care for such hospitalization, and many of them have never had this privilege. There are more than twenty thousand crippled children in the state, half of whom have parents who can not pay for this service. More than 650 children were given hospitalization last year.
 Every child should have the right to a happy, healthy childhood.
 Gov. James V. Allred as set aside the months of March and April as the Texas society for crippled children's fund raising campaign months.
 The state has set aside a large appropriation for this great work but she must have all the financial assistance that the people can give her.
 The work will go on without your pennies or dollars or whatever you care to give. This is not a lugging campaign, but if you feel in your heart that you want to help a few more of these children, your donation will be appreciated, because the state can care for only so many. Mrs. Gartman will gladly take your donation and send it to Austin.
 Whether you are able to give or not, if you know of a crippled child in your community that needs hospitalization, get in communication with Mrs. L. J. Gartman, Goldthwaite, Texas, so that the child may get the attention that it needs as soon as possible. **HELPER**

The Governor, Rangers, Etcetra

Well, all I know is what I read in the Eagle and what I got at church Sunday night, when 99 per cent of the congregation stood on a motion commending Governor Allred in his efforts to enforce the laws of the land. Then a special prayer was offered for the governor.
 All very well, but don't reach far enough. When petitioning the throne of grace include local officers and our lawmakers. Where local officers are true to their constituents and to their oath of office, rangers are not needed. Where local officials fall down or are in league with organized crime the sporadic swoops of the government rangers will do little to cure the evils. Even now, grand juries are refusing to bill those caught in recent raids. Lawmakers at Austin found in a raid, mixed up with gambling paraphernalia and booze expressed disappointment that the governor didn't raid San Antonio or Houston instead of Austin. Sure it is embarrassing to a lawmaker who was elected on an enforcement platform to be compromised in this manner. The news might get home where voters sometimes are old-fashioned and have a moral slant.
 So make local officers and lawmakers a special object for prayers, and when they do their duty commend them same as the governor.
 Let us pray. Yours, I. C.

BIRTHDAY CELEBRATED
 On Monday, April 1, Mark Fairman, Jr., celebrated his 12th birthday by inviting some of his friends to his house. Several games were played, which were followed by a treasure hunt. The treasure consisted of bags of candy, which were divided equally. Some odd races were run, such as "balloon race," "one-legged race," "potato race" and "lobster race."
 As no birthday party would be complete without a cake, of course one was at this party. The cake and ice cream were served in the dining room, after which the party broke up.
 The host received many nice gifts and was wished many more happy birthdays. **XX**

AN EGOTIST FOR SPEED

The great majority of motorists become egotists for speed when they take a position behind the steering wheel, no matter how modest and retiring they may be in every day life. Not all of the blame for traffic accidents is chargeable to the motor driver, yet many accidents could be averted were it not for the desire of the motorist to speed. Very few traffic accidents can be charged to defective machinery or mechanism, although many claims are made. The truth is that many operators of motor vehicles really believe that traffic laws should be enforced where the other fellow is concerned, but they should be allowed some special privileges or consideration. Nine out of ten accidents occurring last year were directly the fault of drivers or pedestrians. In only one out of ten was the mechanical condition of the car to blame. And in the overwhelming majority of instances the factor that led to the mishap was excessive speed. The best proof of that lies in the fact that the rate of death per accident on highways—where speeds are naturally higher than on streets—was more than 100% greater than the average for all other accidents combined. In city accidents, the rate of death per accident was 52% worse between intersections, where motorists speed up, than at intersections, where the bulk of drivers instinctively slow down. A heavy foot on the accelerator is the best friend the Dark Angel has. At the present time, campaigns are underway in all states and most cities to enforce reasonable traffic regulations. The driver who thinks he can "safely" drive as fast as he wants, wherever he wants may some day see the error of his way—if he lives long enough.

A LIBERAL GOVERNMENT

No matter what one's political alignments may have been or may be now, it must be admitted that the present Democratic government has provided the only economic salvation for the country. Not only has the government help been necessary for many months, but it is still necessary in a large area and indications are that the coming months will see the same dire need that has existed for the past several years, because of the wide extended drought, not only in the extreme west, where droughts are expected, but over a vast portion of the entire nation. Without the action of the government untold suffering would have resulted. Nature is repeating herself this year over a wide area. Last year brought the greatest drought in history to the great American mid-west, turned millions of acres of rich wheat land to desert, and had the laugh on the puny efforts of man to control production. As if that lesson weren't severe enough, nature is again menacing crops—dust clouds recently swept day after day across the vast mid-west wheat country. The area affected includes over 50,000,000 acres of wheat land. The result, unless late rains do the unexpected and remedy the situation, will be an inconsequential crop. The secretary of agriculture has removed certain restrictions on the planting of spring wheat. This is expected to cause a rise of from 10 to 30 million bushels in the normal spring crop. If this expectation is realized some relief will be experienced, but the country must still look to the federal government for help until the seasons return to normal and the people are again able to sustain themselves.

STAGGERING FIGURES

The public debt and the immense collections for all purposes run into large figures, but we must remember that they are receipts and expenditures of the greatest and richest government on earth, hence the total does not, in reality, amount to much, only as they afford a basis for estimates or conversation. During the past four years, according to the National Industrial Conference Board findings, the public debt has increased at a more rapid rate than at any time in our history, save the two war years. The debt—federal, state and local—is now in excess of \$47,000,000,000. Total tax collections, on the other hand, are at a lower level than in 1930. Most of the money now being spent by government does not come out of its income, but is represented by borrowings against the future. The board says that the margin between tax collections and public expenditures is now about \$6,000,000,000, of which \$4,000,000,000 is reflected in rising indebtedness. The other \$2,000,000,000 is made up by non-tax governmental receipts, such as earnings of general departments, assessments, fines, etc. To give still another illustration, the cost of debt service—interest and retirement of maturing bond—in the calculation, for all units of government combined, amounted to 16.5% of gross expenditures, and almost 30 per cent of total tax collections.

WHITE PRIMARY SUSTAINED

The supreme court of the United States, in an unanimous decision Monday, sustained the action of the Texas Democratic executive committee in barring negroes from the primary elections in this state. It would seem that this party rule was so obviously correct that a court decision would have been unnecessary, yet negroes who objected to the rule refusing that race the privilege of participating in the primary elections carried the protest to the highest legal tribunal. A political party is composed of members just as any other organization is formed and those who do not subscribe to the principles or meet requirements have no right to participate in party matters. While a nomination by the Democrats in Texas is tantamount to an election, that condition does not justify the conclusion that a voter is deprived of his right to vote in an election held for the purpose of selecting officers of the nation or state. A political party, by whatever name, has the right to fix the requirements for qualifications of those who participate in its proceedings and this supreme court decision may open the way to tightening of party lines in this and other states on questions other than racial.

HAVING ROUGH SLEDDING

The NRA is having pretty rough sledding the last several months and congress is taking plenty of time to consider before allowing the plan another two years of enforcement. One of the most important moves yet recorded on the issue was the action of the government in withdrawing from the Supreme Court a test case of the constitutionality of the act. The case was carried up from Alabama by the government, after an adverse decision by a federal district court, wherein a lumber dealer had been charged with violating the hours and wage requirements of the code. Just as the case was to come before the higher court the government moved to dismiss the appeal. If congress allows an extension of the act there is likely to be a curtailing of its authority.

Health Hint

TYPHOID FEVER

A warning against the hitch-hiking germ of typhoid fever has just been issued by the state health officer. They must catch a ride from an infected person to the well person. This is generally accomplished by water, milk, flies, fingers or food. Every case is contracted by way of the mouth and digestive system.

A carrier is a person who has had typhoid fever at some time and who even after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

Typhoid fever is unnecessary and preventable. Every case is due either to community negligence or to the ignorance or carelessness of some individual. Persons planning a vacation or trip where sanitation may not be rigidly enforced should protect themselves against disease by being vaccinated. Three inoculations with typhoid vaccine, a week apart, are all that is necessary to secure protection against this disease for two years. The purity of water, milk or food can not be judged by looking at it, so the best thing to do is to play safe.

FEDERAL AID FOR SCHOOLS

More than 300,000 Texas school children face a curtailment of their education during the remainder of the present school year, unless approximately \$2,500,000 is raised to meet the school deficit, United States Commissioner of Education John W. Studebaker has reported to Secretary of Interior Ickes.

The figures were prepared from a survey made during the past month by the office of education in Washington. Studebaker explained that they may not be complete, but are the most accurate ever compiled.

Reports from the Lone Star state show that a "real emergency," exists here, he reported to Ickes. Unless the state raises the money to meet the deficit immediately, the school children will probably suffer.

Although the federal relief administration has been paying some of the teachers in eight states during the past year, it is not expected that this policy will be extended or continued, Studebaker declared. He explained that Relief Administrator Harry Hopkins has recently declared that "aiding the distressed schools through the relief administration is not satisfactory." Deficits in Texas school funds exist in 2133 districts, including 4014 schools, the commissioner reported. These schools employ 10,134 teachers and have 300,620 students.

FAMILY REUNION

An occasion for a happy family reunion of the J. D. Bryan family was an event of the birthday of Mrs. Martha Ellen Bryan, which occurred on March 30. This happy reunion was made possible by the combined efforts of the ten children, Mrs. Mira Bryan Crews, near Hamilton, being the first to arrive at the dear old homestead. Next to arrive was E. F. Bryan, of Long Beach, Calif. W. I. Bryan of Brownwood and C. D. Bryan, who lives near his parents, were the next arrivals. Etta Bryan Barnett of Comanche was the next to arrive, as the early morning train slid into the old home town it delivered Charles T. Bryan of Dike; this same gracious train delivered Mrs. Myrtle Bryan Wynn of Bloomington, and as the old family clock struck 11:00 a. m. there came Mrs. Hattie Bryan Wright and husband, who were the real instigators of this joyful occasion, who live in Lubbock. At about 2:30 p. m. James P. Bryan of near Hamilton, arrived in the midst of the overjoyed family. About 6 p. m. W. J. Bryan of West, arrived, making the family circle complete. W. J. was bounced up in the air at his arrival, this act being the penalty for being the last one to arrive.

At 7:20 p. m. the entire family was seated at the table in order in which they were the last time, the entire family ate at the table, which was thirty-one years ago.

Coming into the morning of March 30, being the real birthday of Mrs. Martha Ellen Bryan, the beautiful sun rose in the east shining beautiful smiles of a happy birthday to the dear mother of ten living children. We all feel, too, that God looked down upon her, smiled and said, "Well done, thou good and faithful servant." At the hour of 11:30 a. m., all the children were assembled around the old dining table upon which three birthday cakes sat, shining love to the dear old mother, inscribed upon one cake were the words "Mother Dear," on another "Our Mother," and on the third was the large birthday cake that sat in the center of the table, decorated with snow-white icing and 72 pink candles. The dear old mother and father were summoned to the table at which time the 72 candles were lighted, dear old father gave the blessing and at that time each of the children began lighting the candles. Each little blaze was nodding happy birthday to the dear old mother who was almost choking to keep back the tears of joy.

Mother and father were called upon to extinguish the candles, which they did. Mother being overcome, shed a few tears, but immediately recovered her poise and went smiling through.

The mother and father were photographed in front of the house, holding the cakes. After a joyful day, some of the children began to return to their respective homes, bringing the enjoyable birthday and reunion to an end.

The following relatives were present: C. T. Bryan, Charlene and Ivan Gregory, Mr. and Mrs. A. W. Wright, Arthur and Susie Mae Wright, Mrs. Etta Bryan Barnett and Lowrie and Cameron Rice, Mr. and Mrs. James J. Bryan, Mr. and Mrs. Fleming Bryan and baby girl, Mr. and Mrs. V. J. Jones, Mr. and Mrs. R. J. Crews, Mr. and Mrs. Odie Crews, Mrs. Myrtle Wynn and Durwood Wynn, Mrs. Valera Ferguson and two sons, Bryan and Wesley Ferguson, E. F. Bryan, Mr. and Mrs. C. D. Bryan and the two children, C. D. and Gerald Edward, Mr. and Mrs. W. J. Bryan and three children, Gordon, Kathleen and W. J. Jr., W. I. Bryan, Mr. and Mrs. F. C. Bryan, Bennie Bryan, Mr. and Mrs. Richard Bryan and daughter, Edith, Mrs. Ella Bryan and two grandchildren, Dorothy Nell and Bettie Joyce.

Other than relatives, and old friends of the family who came in to extend happy birthday greetings were Mr. and Mrs. Roy Gerald, Mr. and Mrs. T. B. Fincher and children.

EDUCATION AT A PRICE

News that the education committee of the house in Austin has reported unfavorably a bill to increase tuition fees in state-supported colleges from \$50 to \$150 a year comes as encouraging evidence that the legislature does not intend to jeopardize the chances for a college education of thousands of young Texans.

There seems little justification for the submission of such a measure. Debate may run the gamut on whether or not the schools need the money, but that is beside the point. If further funds are needed they should be made available from another source, for the fundamental question involved is whether a college education is to be made a privilege for the few or an opportunity for the many. There may be some substance to the argument that there are too many colleges today and too many college students. Of the former Texas admittedly is guilty, and a vastly improved and more economical system of higher education could be provided through the consolidation of some of the dozen state-supported institutions of higher learning and a reduction to a junior college status of some of the others.

But if there are too many college students, which we seriously doubt, the right sort of reduction is not to be effected by a method of increasing tuition fees. The poor, and not necessarily the shiftless, would be weeded out, while the more wealthy, and not necessarily the more conscientious and studious, would remain. Education should never be made the instrument of class distinction, and that is becoming increasingly true each year as the requirements of complex modern civilization are compelling the colleges to be considered together with the lower public schools in the scope of a system of free education for all.

Naturally enough, the proposal to increase tuition fees in state-supported schools has the active backing of those private colleges in Texas which are beginning to feel the pinch of competition. Texas has some notable private institutions, but they should not be sustained by a prohibitive tax on the youth of the state, which is what an increase in the tuition fees of state-supported schools would amount to. If the private schools are being drained of their patronage by less expensive and better equipped state institutions, it is because of a trend inevitable in an age of swift transportation facilities, which have virtually erased distances.—Texas Weekly.

HASTE AND WASTE

In the early 1600's our ancestors took root on the Atlantic slope. For a whole century difficulty of travel and other barriers held them back, chaining them in or near the original settlements. In time, however, growing in numbers and strength, they pushed across the Alleghenies, the next generation went on into Ohio, Kentucky and even Tennessee; the next breasted the mighty Mississippi, and the next felt the exaltation coming from the first sight of the Pacific. This American land, from ocean to ocean—beautiful, fertile, fecund, holding incalculable potential wealth—had been won?

But had it? And has it? We think so until something comes along to disprove it. Nature, for example. Man can subjugate nature, but not permanently, for as he pauses in his labor if only for a moment, nature is monotonously and tirelessly striving to reassert its ancient domination. Its implements of battle are dust storms, flood and drought.

Continued recurrence and vast scope of the dust storms is bringing tragic reminder that nature is on the way to evening the score. Now we are beginning to pray for a go-getting policy of "development." For otherwise fairly intelligent folk we have in this respect, being deplorably short-sighted and stupid. And now we must look to the remedy. Slowly and with infinite pains and patience we must set about repairing the damage of our

BARGAINING WITH PEACE

The demands made by Germany, as outlined in unofficial reports from London, are indeed serious ones if they are to be taken as the minimum Germany will accept without fighting. The question of armaments may be passed over, since agreement on that probably could be reached, but the request for elimination of the Polish corridor, for an economic union with Austria, and for a return of some 3,000,000 of Czechoslovakia to German rule, strikes so directly at the basis of the status quo in Europe, that it is difficult to see how it can be granted. Surely the late allies will fight before they will agree—at least France, Italy and Czechoslovakia will prefer to do so, although they may be restrained by British indifference. Poland also would be of this mind, unless Germany has secured her adhesion to the plan by promising something elsewhere—possibly in Lithuania, which also reaches the Baltic, or in the Ukraine, which Poland would like to have from Soviet Russia.

We need not, however, become unduly alarmed over the present picture, granting that it is a correct one. What Germany demands and what she will accept may be two very different things. We can be reasonably sure of one thing, Germany will not stay irrevocably by demands which will bring Britain to war.

The greatest danger in the present situation is furnished by the death sentence passed on four German Nazis in Memel, a German-inhabited territory ruled by Lithuania. Incidentally this territory was to have remained under the League of Nations, but was turned over to Lithuanian sovereignty. The present situation pictures for Germans in general the plight of their fellows who have been placed under the sovereignty of "other nations." It is calculated to arouse violent passions, to put a careful calculation of Germany's course beyond the power of Hitler to precipitate war where a dictator would prefer a more conservative course.

Still the chances are against war. Hitler wants a great deal, but he doesn't want war. Unless he loses control of the situation we can expect him to accept what he can get without war.—Houston Chronicle.

LAWS AND CUSTOMS

Human nature has a habit of asserting itself. Adam was given human nature when his nature was changed from clay to flesh. All his posterity have partaken of the same character. Yet thru out the ages of man he has improved his sense of justice, he has refined his ethics, he has bettered his understanding of important matters, including himself. But man remains essentially selfish, no matter how much it shames him or how much he tries to conceal his selfishness. The blue eagle could have been a successful bird with a large flock of fledglings had human nature been able to extinguish itself. The bird started out as a sort of lion to be set up in the houses of its friends, such friends to become just one great family, happy in its amities and ideals. But like the lions in the Russian peasant's house, the blue eagle became so commonplace its significance was lost in repetition. The people first lost interest in the image then began to smash it. When the savage finds that his idol fails him in a sore emergency, he kicks it in the face. Customs, in the long run, make laws. And when laws undertake to make customs the laws have a hard job on hand.—State Press in Dallas News.

It will take time and money and a changed point of view to realize the grim necessity of conservation, slower tempo, boring with a smaller auger. A start is being made. Some day we may look back on the initial shelterbelt planting as the beginning of a momentous national policy.—Abilene News.

Miss Carolyn Wessler

Miss Wessler's program covers such subjects as table settings, entertaining, food buying, meal planning, etiquette and budgeting. It contains dozens of suggestions of practical value and answers many of the questions that frequently arise in connection with the problem of entertaining club and family groups. Souvenir menu sheets, food prizes and an attendance prize will be given away. Refreshments will be served. The school begins at 2:30 p. m.

PARKS FOR RECREATION

The president's plans to preserve the natural beauty of the nation, save the many millions of wooded acres from further exploitation, and create a vast system of state parks throughout the country to provide places of recreation for all the people are beginning to take a very workable form. Officials from the 41 states now co-operating with the federal government in developing state park areas, which total more than 4,500,000 acres recently met in Washington to hear the president's plans outlined by his directors. The conference had the purpose of giving state officials a clear picture of just what the federal government has in mind and at the same time allowing the latter to find out the exact amount of co-operation that will be received from the various states.—Pathfinder.

Two men were arrested here Monday by Sheriff Jno. B. Davis and placed in jail and later turned over to Brady officers. The two men and a woman went to a local produce house, where they offered sixteen chickens for sale. The buyer had an idea that they were selling stolen chickens. Sheriff Davis was notified and after questioning the men for a time he placed them under arrest and they were taken to jail without receiving the check for the chickens. It was learned that the chickens came from Brady and an officer from that place came Monday afternoon and took one of the men back with him and left the other in jail here for a time.—Leader.

"Pains Gone," Says Lady, After She Had Taken CARDUI
In describing how her health improved after she had taken Cardui, Mrs. Ralph R. Courtney, of Wytheville, Va., said: "I was run-down and suffered from pain in my side. I wanted to feel well and get rid of the pain in my side, so I went for Cardui and began taking it. By the time I had taken three bottles of Cardui, I was feeling much better. The pains had gone. I am very glad to recommend Cardui to other young women." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. Get a bottle, or drug store.

FINANCIAL STATEMENT MILLS COUNTY INTERSCHOLASTIC LEAGUE FOR 1935

To Whom Interested:
At the final meeting of the Mills County Interscholastic League Executive Committee on March 27, 1935, the following All-Round Championships were declared official:

Rural schools—Center City. Class B high school—Priddy. Class A high school—Goldthwaite.

Grammar school—Goldthwaite. At this meeting the following financial statement for the year was prepared and approved. This statement shows a small deficit of \$2.90. It was voted to ask the Mills County Teachers association to pay this deficiency in order that the League might close the year with a clear record. The deficit was due to the fact that a number of school did not get to bring their entries to the meet, due to illness, which in turn, reduced the teacher per capita collection.

The executive committee also voted to file all bills and receipt books in the county judge's office. This makes it possible for an audit of the financial statement by any teacher that may desire to do so. Sincerely yours, TOLBERT PATTERSON

Financial Statement
Resources:
Door receipts, one-act play \$ 5.40
Teacher per capita assessment 61.00
Total \$66.40

Mr. and Mrs. W. E. Miller transacted business Tuesday in Waco.

Burgess Rudd of Comanche looked after business in this city Wednesday.

Charlie Johnson, accompanied Mr. and Mrs. R. E. Ross to Fort Worth Sunday.

W. M. Sparkman was one of the good men who called at the Eagle office the early part of the week.

Mrs. Sallie Rudd spent the week end in Abilene. Her son returned home with her for a few days visit.

Mr. and Mrs. E. B. Anderson and his sister and family of Oklahoma City, visited relatives in Brady Sunday.

Miss Veleria Ferguson, a granddaughter of our friend J. D. Bryan, made the Eagle a pleasant call yesterday.

Mrs. Jack C. Johnston of Calbert, Okla., and Billie Burrell accompanied Mr. and Mrs. R. E. Ross home from Fort Worth on Sunday.

Mrs. S. F. Gartman of Dallas has been here this week visiting in the home of her son, L. J. Gartman, and looking after business matters.

Dr. J. E. Brookings and wife returned from Dallas Wednesday, where he had an artificial leg fitted and hopes to receive it in the next few weeks.

Mr. and Mrs. Phelan of Bangs spent Sunday with her sister, Mrs. Pass, and her mother, Mrs. Turner. Her mother returned home with her for a visit, after spending the winter here.

Judge R. J. Gerald and Supt. A. H. Smith heard State Supt. A. Woods lecture in San Saba Wednesday night and secured a promise from him to speak in Goldthwaite at a time suitable to the teachers of the county.

Miss Annie Jane Taylor of Eastland, granddaughter of Mrs. A. C. Weatherby of this city, won first place in piano ensemble in the Sixth Texas District Federation of Musical Clubs at Sweetwater March 23. Geraldine Pickle played with her. They are pupils of Mrs. A. F. Taylor of Eastland.

J. A. Weaver, who has had charge of the Santa Fe railroad section here for several years, has been transferred to Coleman in the same capacity. He and his family have moved to that city, carrying with them the good wishes of their many friends in this city and section. It has not yet been announced who will succeed Mr. Weaver in the railroad work at this place.

Aley Utzman, who was badly hurt in an automobile wreck several weeks ago and spent some time in the hospital, is improving slowly and is conscious a part of the time. He is at the home of a relative, Mrs. E. G. Huffman, in this city, in order to be convenient for medical attention.

W. J. Stark this week sold his farm in the Rock Springs community to W. C. Lynch of Ballinger, who will take possession of the property at once. His family expects to move to the farm, while he will continue his work with an oil or pipe line company, for a time at least. Mr. Stark and family will probably move to this city, in which event they can be sure of a hearty welcome.

A boy pupil in South Bennett school was brought to a physician here for treatment yesterday at noon because of a snake bite on his foot, just above the great toe. The boy was at play with other pupils on the school grounds when the snake struck him, but they did not know the kind of snake. It must not have been poisonous, however, as he was not suffering to any extent. He was given attention by a physician and returned home.

Sumphin 'Bout Nothin'

We haven't played any volley ball since the county meet and, in fact, haven't played much of anything. The days are getting longer and warmer, so naturally we are getting lazy, but as a whole, we have loosened up our rusty bones and played marbles, baseball or pitched washers.

School is just about out and I guess everyone will be glad, as we are about tired of school for about seven months or more.

We got our report cards last week and everyone was well pleased with his card. We had quite a few pupils on the honor roll.

Anna Beth Davis visited the school Friday.

Intermediate Report

We have added some new posters to our room. We are very glad to have our new pupil, Oleta Utzman, to join the sixth grade in their work.

Ray Donald Horton visited the school Monday. Ouelia Wesson was absent from school Friday.

Florence Davis spent Tuesday night with Barbara June Wesson.

School Society News

Mrs. Fallon was a visitor at school Wednesday. Doris Newman was absent from school Monday.

Oran Perry Stark spent the week end with James Harlan Collier. James Doggett is missing this week of school, on account of the measles.

Rhodie Dean Roberson visited school Monday. Jewel Simpson spent the week end with Merlene Stark.

Doris Newman is going to Brownwood today to the district meet to enter in essay contest. We all hope she will place.

Miss Ducey spent Tuesday night in the Fallon home.

Humor

Miss Frye: J. C., what shape is the earth? J. C.: I don't know. Miss Frye: What shape is the cuff on your shirt? J. C.: Square.

Miss Frye: The ones you had on Sunday. J. C.: Square on week days and round on Sunday.

Teacher: Bonnie, what does the word collision mean? Bonnie: Well, if two things come together at a time when you're not expecting 'em, that'd be a collision.

Teacher: All right. Now Lucile you define a collision? Lucille: Twins.

New Pupils Oleta, Raymond and Carl Utzman started to school here Monday. We are very glad to have them.

NOTABLE APRIL DATES

Tomorrow, April 6, will be the eighteenth anniversary of the entrance of the United States in the world war—April 6, 1917.

April 13 will be Thomas Jefferson's birthday—April 13, 1743. April 19 will be the anniversary of the battle of Lexington, 1775.

April 21 will be Easter.

LARGE INCREASE

Receipts at the Goldthwaite post office for the three months ending March 31, were more than 28 per cent greater than the receipts for the same period last year. In the same time money orders written have increased over 99 per cent, being almost exactly double in value what they were last year.

SCHOOL TRUSTEES

School trustees are to be elected in every school district in the county tomorrow. The common school districts as well as the three independent districts—Mullin, Star and Goldthwaite—are to hold elections. In some of the rural schools only one trustee is to be elected, while in most of them three members of the board are to be voted on. Every person interested in the schools should vote in this election.

LAKE MERRITT

Mrs. F. D. Waddell was hostess to the Happy Hour club at Mrs. C. J. Brown's on Tuesday. The following new officers were elected: President, Mrs. C. O. Norton; vice president, Mrs. C. J. Brown; secretary-treasurer, Mrs. J. M. Baker; reporter, Mrs. Travis Long; The afternoon was spent in quilting, after which delectable refreshments of ice cream and cake were served. Several visitors were present. The club meets next with Mrs. R. D. Price April 16.
