## History Given Of First Mill In This Section; At Old Williams Ranch

By BRIAN SMITH  
(Editor's Note—This is the first of a series of pictures and articles about early history of Mills County—before and after it became a county. Others will appear weekly. If you have an early-day picture or story of early-day history of people and events of this section, The Eagle would appreciate your bringing it in for publication.)

The mill was erected in 1877 by J. D. Williams. The building was of native stone and a two story building with large handhewed beams. In 1834 the mill belonged to Lev. Baugh of Brownwood, Texas, and the late Mr. Ed Fairman traded Mr. Baugh a herd of sheep for the mill and operated it from 1834 until the late 30's. Mr. Fairman had a German miller by the name of O. M. Hill helping him and later James Dew, an older brother of the late Will Dew, operated the mill for Mr. Fairman.

At the time Mr. Fairman owned the mill it was equipped to grind grain and gin cotton and was powered by steam. The

engine was housed on the east side of the stone building in a raw-hide lumber building and the gin was housed in a two-story raw-hide lumber building east of the engine room. The grain was ground on the first floor of the stone building and elevated to the second floor and was separated into flour, seconds, shorts and bran. The mill stones for grinding the grain were large native sand stones and ever so often the stones would get dull and would have to be sharpened by going over them with a hand pick and making them round so they would grind.

One of Walter Fairman's jobs was to sharpen these stones, and he still has a piece of steel in his hand that flew off the pick he was handling one day. In ginning the cotton, it was loaded into a large basket and passed up to the second floor of the gin. The gin man would take the cotton and feed it by hand into the gin saws; the lint cotton came out on the floor and was put in the press by hand. The cotton seed was burned in the engine to get them out of the way, as they

## Nine Sons Of Pioneer Mills County Simpson Family Have Get-Together Here For First Time In 19 Years

The nine sons of the late Mr. and Mrs. G. W. Simpson and their families met last month and enjoyed being together for the first time in nineteen years. Three sons and their parents helped make the history of this part of the state and were indeed a remarkable family.

The father, George W. Simpson was born in Virginia and came to this section of the state while a young man. He entered the cattle business with Capt. Jake Mohler as a partner and lived with the Mohler family. It was here he met the beautiful Miss Janie Morris, who lived with her sister, Mrs. Tom Stinson, in Big Valley. Miss Janie was born near Maydelle, in Cherokee County in east Texas, June 4, 1861. Her mother died when the child was very small and her father died when she was eleven years old, so she came to live with the sisters.

Geo. W. Simpson and Miss Janie Morris were married in 1877 and lived for a while with Mr. and Mrs. Mohler at Big Valley. They moved to Bell

County, but for some reason they were not satisfied to be away from friends and moved back. This time locating near a fine spring where the American Legion Hall now stands. In 1887 they moved to their new home at South Bennett, where they resided for many years. They became leaders in every good movement in that community. It was here they reared nine sons and one daughter. One son and one daughter died in infancy. The daughter, Bernice, died and left a husband, Berlin Weitt, and a young daughter.

Mr. Simpson died in the Spring of 1915. His death was caused by his horse becoming frightened by an automobile while he was on his way home from Goldthwaite. Mrs. Simpson died in 1925, leaving the young sons to carry on their unfinished work—and none have failed.

## MASON COWPUNCHERS INVADE GOLDTHWAITE TONIGHT FOR DIST. 22-A CONFERENCE GAME

King Football comes to Eagle Field in Goldthwaite tonight. Time is 8 o'clock. With the return of the grid-iron monarch here, two teams—doped as well matched—will try to win their first District 22-A conference game, and in fact their first game of the season.

Mason Cowpunchers take on the Goldthwaite Eagles on Eagle Field here tonight—for the Eagle's first Conference game at home.

Largest crowd in history is expected. The two teams are about evenly matched. Cowpunchers starting lineup eleven weigh 1687 against Eagles 1685. Neither team has won a game this season, although the Masons have tied one. Both have lost one District Conference Game—the Eagles last Friday to Burnet 25 to 0, and the Cowpunchers at the same time lost to Marble Falls 25 to 13, after leading 13-12 up to the fourth quarter.

Mason Cowpunchers colors are purple and white. The team has to date tied Melvin 6 to 6, lost to Junction 7 to 0, and then lost to Marble Falls last Friday 25 to 13, after leading 13 to 12 until the fourth quarter. The Mason team is young, not very fast—but mighty good scrappers. Billy Moss and Buzzy Keller, two of the Cowpunchers' best starters, were out of the lineup last Friday night, and probably will not be in the game tonight. The Punchers started off the season with the T formation, but in the Junction game switched to single wing, and probably will use that offense against the Eagles tonight, according to the dope received here.

Goldthwaite Eagles this year have lost games to Hamilton here, 36 to 0, Coleman there, 15 to 0, and the first District 22-A Conference game to Burnet Bulldogs there last Friday night, 25 to 0.

At Burnet, the Bulldogs ripped past the Goldthwaite Eagles to run up a score of 25 to 0. The Eagles threatened to score only once, reaching the one-foot line, but a fumble by the Eagles gave the ball back to the Bulldogs, who kicked out down the field and held possession of the ball for the greater part of the game.

Burnet, greatly outweighing the Eagles, had almost a full team of returning lettermen

## JUNIOR EAGLES VS. BROWNWOOD JUNIORS HERE LAST NIGHT

Goldthwaite's Junior Eagles, who outscored a much heavier Burnet junior team here on last Thursday night by 20 points, were scheduled to play Brownwood Juniors at Eagle Field in Goldthwaite last (Thursday) night.

Game will be called at 7:30. Admission is 20 and 35 cents.

A number of these boys will be eligible for District 22-A Conference play next year.

Football dopsters place the Cowpunchers and Eagles as being about evenly matched this year, although Mason has six returning letter men in its squad. Coach John Abers is expected to depend largely on these six: Milton Brown, end, 160; tackles, Driscoll Draper 170, and Billy Joe Bush 160; guards, Thomas Knox 185 and George Keller 155; center, Bobby Ray Hudson. Other men to watch are Buzzy Keller and Billie Moses, backs, and a freshman flash, Paul Lloyd, 160-pound back.

## Enthusiasm Running High For Football Outlook In High School Now

Enthusiasm of the boys in the lower grades and Junior High School as well as in Senior High has reached a high peak for 109 boys of Goldthwaite Public Schools.

Coach Wilson Lucas has not only held daily workouts for the A Squad and Junior Team, but has also begun Saturday morning workouts for the boys in the Fourth and Fifth Grades. Fundamentals of football have been taught, blocking and tackling being stressed as of foremost importance.

Last Thursday evening the Junior Team played the Burnet Junior Team on Eagle Field here, and although they were outweighed approximately 20 pounds per man, they won by a score of 32 to 12. Wayne Perry, John Gilliam and Gene Sales scored the touchdowns for the Junior Eagles, and the entire team looked unusually good. Young Perry, who will be eligible to play with the regular team next year, flashed through the Burnet Juniors for three of the touchdowns.

**GAME LAST NIGHT**  
The Goldthwaite Juniors were scheduled for the game here at Eagle Field last (Thursday) night with the Brownwood Jun-

iors. Game time is 7:30, and admission is 20 and 35 cents. A good crowd saw the Juniors run over the heavy Junior Burnet team last Thursday night.

The Junior High district has been divided into two halves. Following is the Junior schedule for the rest of the season:

- Oct. 6—Brownwood Juniors here.
- Oct. 13—Lampasas here
- Oct. 20—Marble Falls here
- Oct. 27—open
- Nov. 3—Burnet there
- Nov. 10—Open
- Nov. 17—Comanche here

Goldthwaite Eagles are going all out for District 22-A honors next year, and several of the dopsters have predicted we will win. Following 109 boys are out for football:

# "MARINE CORPS BAND"

(Reprinted in Part from July, 1948 Issue "Leatherneck").

When the act of Congress on July 11th, 1798, created the United States Marine Corps, its personnel included a drum major, a fife major, and 32 drummers and fifers. This was the foundation of the present Marine Corps Band, which has continued in unbroken line for 150 years.

One of the finest drummers of that day, William Fair, was appointed drum major, and the recruiting of musicians was given priority by the first commandant, William Ward Burrows.

The Band's first outdoor concert for President John Adams on August 21, 1800, began its reputation of the "President's Own." President Lincoln took the band with him to Gettysburg where he made his immortal address. On October 1, 1880, John Phillip Sousa took over the leadership of the Marine Band and modernized it according to the standards of the day. Under his 12 year guidance much of the reputa-

tion for musical excellence was earned. Sousa took the band on for the first time, and his own stirring marches made the name of Sousa and the Marine Band synonymous for fine military music.

William H. Santelmann, father of the present leader, headed the band, when Congress increased the pay and authorized a commission officer to lead the band for the first time on 3 March, 1899. He set a record for term of office—more than 29 years.

In 1927, the elder Santelmann placed the baton in the hands of Captain Taylor Branson, a member of the band from 1898. The present leader, William F. Santelmann, grew up in the Marine Band and determined to follow in his father's footsteps. He enlisted in the band in 1923 after a thorough schooling in music and advanced through the ranks to the position of leader and captain when Branson retired in 1940. In 1947, by another act of Congress, he was given the rank of major, the highest ever held by a leader of

the Marine Band.

The annual tours, except in time of war, have become a national tradition and the Marine Band has played in every state in the Union. Its music has been heard by thousands at every great exposition and world fair since 1893. Every visiting notable and foreign member of royalty has been honored by the appearance of the Marine musicians.

peacetime splendor and polish, with the emphasis again on the band is appearing more often in their dress and full dress uniforms, providing one of the most spectacular shows of the Marine Corps.

## Eighty New Members Added To 'Eagle Club' At Bar-b-q Last Thurs.

### 'ROLL CALL' MEETING ADDS 45 MEMBERS

The special "Roll Call" meeting of Boy Scout Troop 45 was held last Monday night at the Educational Building of the Baptist Church and around fifteen new boys were added to the Troop.

Scoutmaster Charles Conradt began the meeting by recognizing the visitors. Nearly all the boys and leaders of Cub Pack 5 were present at the meeting and Pack Master Ben R. Day introduced the Den Mothers and members of the Pack Committee. They were Mrs. Day, Mrs. V. D. Knight, Mrs. Lee Long, Mrs. Beckham, Mr. James Nichols, and Mr. Beckham.

Two members of the Troop Committee Mr. J. A. Hester, and Dr. T. C. Graves and field executive Brantly Hudson conducted the Roll Call and Uniform Inspection of the Troop and Cub Pack. The purpose of the Roll Call was to aid the Local Council office and the National Office of the Boy Scouts to determine just how each Troop stands with regards to its program, membership, and leadership. The Roll Call of the Cub Pack brought out the fact that every boy in the Pack has advanced in rank since the first of the year. The Troop Roll Call indicated that there had been good program activities in the Troop; but that it was low on membership to participate in the program. However, we feel that this problem was largely solved by the new members recruited Monday night.

After the "Roll Call" program Scoutmaster Conradt made a short talk on the activities of the Troop and some of the things he has planned for the Troop this fall. Then he called for any boys who were interested in joining the Troop to raise their hands. There were at least fifteen of the boys who wanted to join. Mr. Conradt then gave out applications to each of these boys and ask that they take them home and have their parents sign them and then return them next Monday night at the regular Troop meeting at the Boy Scout Hut.

After the business portion of the meeting the rest of the evening program was devoted to games and a showing of the Camp Billy Gibbons Movie. The movie was well received by every one and especially by the boys.

After the movie, refreshments were served and the boys of the Troop and Cub Pack held a closing Ceremony.

Approximately eighty new memberships were welcomed into the Eagle Booster Club recently at a meeting and barbecue supper held at the football field last week. Barbecue was prepared and served by members of the club to two hundred and fifty people. Following the supper several short talks were made by Freddie Marshall, president of the club, W. C. Barnett, Delton Barnett, and Supt. H. E. Patton, after which a demonstration explaining details of football fundamentals, signals, plays, etc., was presented by Coach Wilson Lucas and illustrated by boys of both A and B teams.

The following names are new members of the Club:

"Since 1898"

nerth has been studying to pass the bar. The report going around town this week that he tried to pass the bar recently and failed ain't true—it was a bar-ditch. Enyway, he's always studying to see if them old laws can compare with our many new ones. Here's some old laws: If a Babylon tavern keeper allowed his place to become disorderly... he was executed. A 17th century English law... any woman who lured a man into matrimony by means of 'perfumes, face paints, high-heeled shoes, padded hips, or false teeth,' was severely punished and the marriage voided. In 1718, William Penn acquitted a so-called witch. She was supposed to have ridden about on a broomstick. Penn ruled there was no law against such a mode of aviation.

LETTER TO CONGRESS—One thing it seems should be tax-free—Alarm clocks are No luxury.  
A little girl was telling a new neighbor: "My mother goes to the Baptist Church" when the NN asked, "What denomination does your father belong to?" L. G.—"I don't know exactly. He doesn't go to church with mother. Uncle Robert says daddy must be a Seven Day Absentist."

A Swiss minister one Sunday joined his congregation with this graphic close-up of Hades: "Did you ever see molten iron in a smelting furnace?" The congregation nodded. "Well," roared the minister, "in Hell it's served as ice cream."  
Wild oats and old rye usually produce the same kind of crop. It's a mighty good thing for the kinty that most political promises are never kept.

## Old Mill At Williams Ranch

This photograph of the old Williams Ranch Mill was made in 1934 by a committee that was collecting data of historical sites for the Texas Centennial Celebration held in Dallas in 1936.

## History Given Of First Mill In This Section; At Old Williams Ranch

By BRIAN SMITH  
(Editor's Note—This is the first of a series of pictures and articles about early history of Mills County—before and after it became a county. Others will appear weekly. If you have an early-day picture or story of early-day history of people and events of this section, The Eagle would appreciate your bringing it in for publication.)

The mill was erected in 1877 by J. D. Williams. The building was of native stone and a two story building with large handhewed beams. In 1834 the mill belonged to Lev. Baugh of Brownwood, Texas, and the late Mr. Eli Fairman traded Mr. Baugh a herd of sheep for the mill and operated it from 1834 until the late 30's. Mr. Fairman had a German miller by the name of O. M. Hill helping him and later James Dew, an older brother of the late Will Dew, operated the mill for Mr. Fairman.

At the time Mr. Fairman owned the mill it was equipped to grind grain and gin cotton and was powered by steam. The

engine was housed on the east side of the stone building in a raw-hide lumber building and the gin was housed in a two-story raw-hide lumber building east of the engine room. The grain was ground on the first floor of the stone building and elevated to the second floor and was separated into flour, seconds, shorts and bran. The mill stones for grinding the grain were large native sand stones, and ever so often the stones would get dull and would have to be sharpened by going over them with a hand pick and making them rough so they would grind.

One of Walter Fairman's jobs was to sharpen these stones, and he still has a piece of steel in his hand that flew off the pick he was handling one day.

In ginning the cotton, it was loaded into a large basket and passed up to the second floor of the gin. The gin man would take the cotton and feed it by hand into the gin saws; the lint cotton came out on the floor and was put in the press by hand. The cotton seed was burned in the engine to get them out of the way, as they (Continued on Back Page.)

## Nine Sons Of Pioneer Mills County Simpson Family Have Get-Together Here For First Time In 19 Years

The nine sons of the late Mr. and Mrs. G. W. Simpson and their families met last month and enjoyed being together for the first time in nineteen years. Three sons and their parents helped make the history of this part of the state and were indeed a remarkable family.

The father, George W. Simpson was born in Virginia and came to this section of the state while a young man. He entered the cattle business with Capt. Jake Mohler as a partner and lived with the Mohler family. It was here he met the beautiful Miss Janie Morris, who lived with her sister, Mrs. Tom Stimson, in Big Valley. Miss Janie was born near Maydelle, in Cherokee County in east Texas, June 4, 1861. Her mother died when the child was very small and her father died when she was eleven years old, so she came to live with the sis-

ter. Geo. W. Simpson and Miss Janie Morris were married in 1877 and lived for a while with Mr. and Mrs. Mohler at Big Valley. They moved to Bell County, but for some reason they were not satisfied to be away from friends and moved back. This time locating near a fine spring where the American Legion Hall now stands. In 1887 they moved to their new home at South Bennett, where they resided for many years. They became leaders in every good movement in that community. It was here they reared nine sons and one daughter. One son and one daughter died in infancy. The daughter, Bernice, died and left a husband, Berlin Witt, and a young daughter. Mr. Simpson died in the Spring of 1915. His death was caused by his horse becoming frightened by an automobile while he was on his way home from Goldthwaite. Mrs. Simpson died in 1925, leaving the young sons to carry on their unfinished work—and none have failed.

## MASON COWPUNCHERS INVADE GOLDTHWAITE TONIGHT FOR DIST. 22-A CONFERENCE GAME

King Football comes to Eagle Field in Goldthwaite tonight. Time is 8 o'clock. With the return of the grid-iron monarch here, two teams—doped as well matched—will try to win their first District 22-A conference game, and in fact their first game of the season.

Mason Cowpunchers take on the Goldthwaite Eagles on Eagle Field here tonight—for the Eagle's first Conference game at home.

Largest crowd in history is expected. The two teams are about evenly matched. Cowpunchers starting lineup eleven weigh 1687 against Eagles 1685. Neither team has won a game this season, although the Masons have tied one. Both have lost one District Conference Game—the Eagles last Friday to Burnet 25 to 0, and the Cowpunchers at the same time lost to Marble Falls 25 to 13, after leading 13-12 up to the fourth quarter.

Mason Cowpunchers colors are purple and white. The team has to date tied Melvin 6 to 6, lost to Junction 7 to 0, and then lost to Marble Falls last Friday 25 to 13, after leading 13 to 12 until the fourth quarter. The Mason team is young, not very fast—but mighty good scrappers. Billy Moss and Buzzy Keller, two of the Cowpunchers' best starters, were out of the lineup last Friday night, and probably will not be in the game tonight. The Punchers started off the season with the T formation, but in the Junction game switched to single wing, and probably will use that offense against the Eagles tonight, according to the dope received here.

Goldthwaite Eagles this year have lost games to Hamilton here, 36 to 0, Coleman there, 15 to 0, and the first District 22-A Conference game to Burnet Bulldogs there last Friday night, 25 to 0.

At Burnet, the Bulldogs ripped past the Goldthwaite Eagles to run up a score of 25 to 0. The Eagles threatened to score only once, reaching the one-foot line, but a fumble by the Eagles gave the ball back to the Bulldogs, who kicked out down the field and held possession of the ball for the greater part of the game.

Burnet, greatly outweighing the Eagles, had almost a full team of returning lettermen.

## JUNIOR EAGLES VS. BROWNWOOD JUNIORS HERE LAST NIGHT

Goldthwaite's Junior Eagles, who outscored a much heavier Burnet junior team here on last Thursday night by 20 points, were scheduled to play Brownwood Juniors at Eagle Field in Goldthwaite last (Thursday) night.

Game will be called at 7:30. Admission is 20 and 35 cents. A number of these boys will be eligible for District 22-A Conference play next year.

Football dopsters place the Cowpunchers and Eagles as being about evenly matched this year, although Mason has six returning letter men in its squad. Coach John Albers is expected to depend largely on these six: Milton Brown, end, 160; tackles, Driscoll Draper 170, and Billy Joe Bush 160; guards, Thomas Knox 185 and George Keller 155; center, Bobby Ray Hudson. Other men to watch are Buzzy Keller and Billie Moses, backs, and a freshman flash, Paul Lloyd, 160-pound back.

## Enthusiasm Running High For Football Outlook In High School Now

Enthusiasm of the boys in the lower grades and Junior High School as well as in Senior High has reached a high peak for 109 boys of Goldthwaite Public Schools.

Coach Wilson Lucas has not only held daily workouts for the A Squad and Junior Team, but has also begun Saturday morning workouts for the boys in the Fourth and Fifth Grades. Fundamentals of football have been taught, blocking and tackling being stressed as of foremost importance.

Last Thursday evening the Junior Team played the Burnet Junior Team on Eagle Field here, and although they were outweighed approximately 20 pounds per man, they won by a score of 32 to 12. Wayne Perry, John Gilliam and Gene Sales scored the touchdowns for the Junior Eagles, and the entire team looked unusually good. Young Perry, who will be eligible to play with the regular team next year, flashed through the Burnet Juniors for three of the touchdowns.

**GAME LAST NIGHT**  
The Goldthwaite Juniors were scheduled for the game here at Eagle Field last (Thursday) night with the Brownwood Jun-

iors. Game time is 7:30, and admission is 20 and 35 cents. A good crowd saw the Juniors run over the heavy Junior Burnet team last Thursday night.

The Junior High district has been divided into two halves. Following is the Junior schedule for the rest of the season:

- Oct. 6—Brownwood Juniors here.
  - Oct. 13—Lampasas here
  - Oct. 20—Marble Falls there
  - Oct. 27—open
  - Nov. 3—Burnet there
  - Nov. 10—Open
  - Nov. 17—Comanche here
- Goldthwaite Eagles are going all out for District 22-A honors next year, and several of the dopsters have predicted we will win. Following 109 boys are out for football:

**THE LIGHT OF THE PRESS IS POWERFUL**

By Isabel Caldwell, University of Missouri

A lot of people talk about freedom. A lot of countries fight for freedom, and a lot of time has been spent in the pursuit of freedom. It is right and proper that the slogan chosen for National Newspaper Week should be "Freedom Goes where the Newspaper Goes," for our press has fought so hard for freedom.

Whether the freedom was for religion or labor or our country's security, the newspaper has been its major weapon in the hands of man.

Behind the Musketeers stood a small but unafraid press that struggled through paper taxes, mob destructions, and royal seizures until 1776. Then the baby press was weaned and ready to light a way across the country.

Across the country the rays of the press did stretch, picking up a glint of gold at Sutter's Mill, relighting a spark in the deadened eyes of women who threw away prized possessions along sandy trails littered with signs reading "Pikes Peak or Bust."

The press shed a light on the faces of negro slaves and Abe Lincoln's homely features reflected their freedom.

As the country grew, so grew the press, and as the people's minds and hearts grew more free, the role of the press could be seen more plainly in the framework of the nation.

The press shone bright against the Kaiser and brightened the dark forests of Argonne.

Skyscrapers and airplanes were helped into the skies by the strength of the press. Women gained their freedom at the ballot boxes and the press shouted louder with the added voices. Through African jungles and along Chinese rivers the press followed the missionaries who spoke of God to foreign ears.

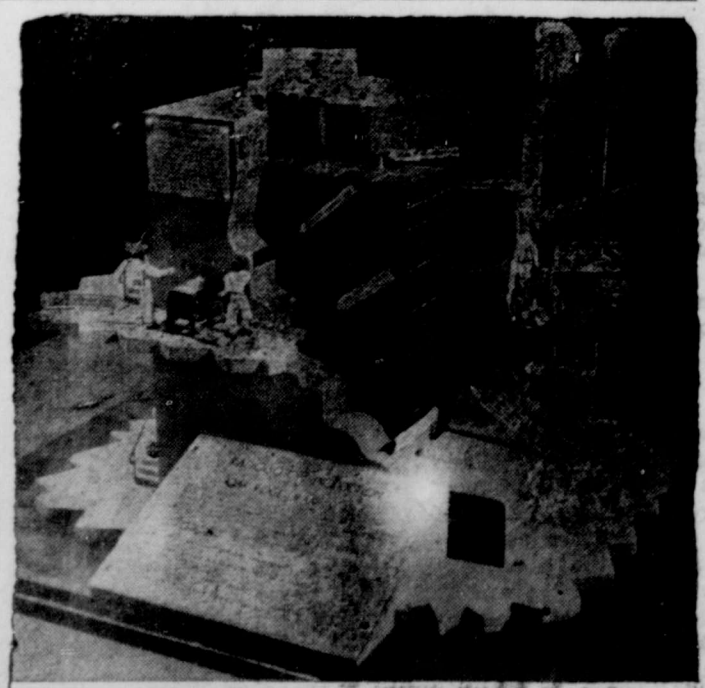

When bombs fell on Pearl Harbor the press exploded too. Shining a greater light than ever before, the newspapers stood behind the pilots and the seamen and the riveters and brightened new corners on Guadalcanal and Berlin and Iwo Jima. The mushroom smoke on Hiro Shima coated millions of pages of rough newsprint not so long ago.

Now the press is brighter, shining past the Statue of Liberty, toward displaced persons and shattered cathedrals and Moscow.

The beams reflect Lake Success and the spiderweb streets of Washington, citrus crops in California and wheat fields in Kansas.

The press can be gay or sad, dark with fingerprints of corrupt politicians, or bright with the voices of children who laugh at the comics, but no matter how or where the press is, the image of our country is reflected there.

From the big-town dailies to the backwoods weeklies, newspapers can lift their heads a little higher this week, smile a bold, confident smile at things to come, and be proud—for our press is free, and the greatness of our country has been built upon this freedom.

**Seven-Day Religion**

Lesson for October 9, 1949

EMPLOYERS don't care much for letters of recommendation signed by preachers. Not that they think preachers are dishonest. The employer is glad to know where the chap is on Sunday mornings. But he would rather have a letter from somebody who sees him every Saturday night and Monday morning.

**Religion Won't Keep Sweet by Itself**

IT IS a temptation as old as religion, to put it on one side of a wall and life on the other. But the prophets showed, once and for all, that God has literally no use for religion which has been dissected off from life. Religion which is kept apart from life turns sour and bad. In Isalah's time, everybody knew there was something wrong Dr. Foreman with the country.

Isalah's diagnosis was shocking: Religion is our principal trouble. God is tired of it. What? The pious people would exclaim. Look at the crowds in the Temple every holy day! Listen to all the prayers, count the number of tithers. If anything is wrong with our country, it can't be religion! But religion it was.

**Why God Was Tired**

A CATHOLIC priest would shock everybody should he call Vatican City "Hell's Half Acre." Isalah shocked his fellow citizens by calling Jerusalem "Sodom and Gomorrah." Those cities were the worst places the Hebrews had ever heard of.

They were so bad the Lord had to destroy them by fire—not 10 good people could be found there. The prophet follows up that first shock by another. Every single expression of organized religion comes under the prophet's lash.

Sacrifices and offerings (v. 11), attendance at the sanctuary, observance of the Sabbath and other holy days (v. 13), church gatherings, corresponding to our rallies and conventions (v. 13), even prayers (v. 15).

Put that into modern terms: attendance at church, Bible reading, singing, praying—if that is all, then all is no good. It may be religion, and of course it is one kind of religion; but not the kind God wants.

Indeed, Isalah says God hates it; he is "fed up" with it (vs. 11). What was wrong? Isalah tells them that, too, in short simple words. "Your hands are full of blood."

Oh, the people would protest, we are not killers, we don't lay a hand on anybody. Isalah goes on to explain: seek judgment (i.e. justice), relieve the oppressed, judge the fatherless, plead for the widow.

You don't kill outright, you churchgoers, he would say, but you are so indifferent to justice in your city, you take so little interest in the people at the bottom of the heap, that people die here, widows and orphans die, simply because no one cares.

**What Makes a Town Worth Saving?**

AS, nobody did care. One hundred and more years went by, and Jerusalem came close to its end. But nobody thought that disaster could strike. The belief had grown in every one's mind that the Temple of the Lord would forever insure the safety of the city in which it stood.

But a young prophet, Jeremiah, preached a sermon on the same theme as Isalah's (Jer. 7) It is not the temple that will save you, it is not church attendance that will bring you the favor of God.

As the men of Jerusalem looked back to the great days of Moses, they thought of the sacrifices and offerings, the tabernacle and the rituals and all the pageantry and paraphernalia of a picturesque religion, as the great thing that God had given them.

But God remembered it otherwise. Jeremiah even says (with understandable exaggeration) that God had not said a word about sacrifices and offerings; the Ten Commandments, with all they implied, were the main thing.

What God looks for, back of all our church attendance and Bible reading, is "justice between a man and his neighbor." A place where that can be found is a good place.

Garden club friends are urged to attend Saturday October 8th, 2 p. m., until 8 p. m.

### Scallorn H. D. Club

The Scallorn Home Demonstration Club met at the home of Mrs. Elmer Berry on the afternoon of September 28. Nine members were present, two guests, Mrs. J. D. Brim and Mrs. M. Burkes, our home demonstration agent, Miss Ella Hintz and one child, Sandra Jordan.

In the absence of our president and vice-president, Miss Greta Sue Hines presided. We decided to use our recreation period as a gab session since it has been several months since our last meeting, even though we did have our social in August at the home of Mr. and Mrs. Dutch Smith. It turned out to be a huge success with a singing and special music by Mr. and Mrs. M. F. Hines.

Getting back to our meeting, the Council Fund was brought up and the members volunteered to contribute a dollar a piece and pay off their honest debts promptly.

It was election day. Motion was made that all officers continue in their present positions except Mrs. Fate Eckert who has been Secretary and Treasurer for the past two years and it was felt she needed a rest. Motion was seconded and carried. Mrs. Lloyd King was elected as Secretary and Treasurer by acclamation. Our officers for the coming year are:

President—Mrs. Dutch Smith. Vice President—Mrs. Silas Burd.

Secretary-Treasurer—Mrs. Lloyd King.

Reporter—Mrs. W. G. Bishop. After the election Miss Ella Hintz gave a report on the council meeting.

The meeting was then turned over to Miss Hintz and she gave a very interesting demonstration on cutting out a dress, stressing how to match stripes. This demonstration was a great help to all of us who do a great deal of sewing. She also gave a lesson in selecting the right pattern for the right occasion and urged that all participate in the style show in December.

The hostess, assisted by Mrs. J. D. Brim and Mrs. Otis Carothers served a delectable luncheon.

The next meeting will be at the home of Mrs. W. G. Bishop on October 26th. Come and bring a friend.

Mr. and Mrs. Guy Rudd recently purchased the house on Fourth Street from R. W. Wooster of Alvin.

### LOCAL P.-T. A. VERY ACTIVE

The social and get acquainted hour started our first session of our local P. T. A., September 14th. The refreshments and decorations were delicious and beautifully done under the direction of Mrs. James Nichols and her Social and Hospitality Committee. Parents and friends enjoyed meeting new and old teachers and many parents expressed their feelings as "I believe this will be our best year of school in Goldthwaite."

After an old fashioned song, "School Days," and the invocation, Supt. H. E. Patton explained how the Gilmer-Alken Law affects our school. He insisted on parents keeping their children in school every day possible, not only to the benefit of the pupil but that our teachers next year would be based on our daily average attendance this year. So far a better school next year do your best to have 100 per cent attendance this year.

Herbert Horton gave us an insight of modern methods of Education 10 years hence and most of us agree that many changes are taking place. We are proud of Herbert, our Goldthwaite boy who is making good in his higher education.

In the business meeting, Mrs. Delton Barnett, President, presiding so charmingly as she always does everything, expressed her appreciation for the fine way everyone was helping in P. T. A.

The Association voted to buy a new projector so both grammar and high school would have one each. Thus eliminating taking one machine from place to place and often both needed the one at the same time.

Needs for the library and gym equipment were discussed and the association voted to sponsor a Halloween carnival the last Saturday in October to increase our funds and help the children have lots of fun.

Mrs. Barnett adjourned the meeting with this thought:

"The most valuable lesson in life to learn is to do the thing you have to do, when it has to be done, whether you like it or not."

With that thought foremost in your minds and your child's needs at heart, please come to our next meeting, October 12th, 8 p. m.

Special feature on "Girl Scout Stunt Week" by Troop III.

Panel discussion between home and school team work.

GRABLE— ACTION, FUN

could be "The Beautiful Blonde From Bashful Bend". Betty Grable, who voted the nation's feminine boxoffice last year. Betty Technicolor, that she straighter—and kiss any gal west of the line. The next Twentieth Century comedy at the theatre. It's a rare blend of laughs, and hilarious Western setting that culminates in a cap-

with gay abandon Sturges, who also never screen play and the picture, "The Beautiful Blonde From Bashful Bend" Betty a perfect to display those charms as well as her developed flair for

tainer who adopts the guise of an innocent school teacher to escape the jail that awaits her for nicking a judge. Betty is violently in love with, and jealous of, suave Cesar Romero. Rudy Vallee, who heads up the cast with Romero and petite Olga San Juan, enacts the role of a timid mining engineer who is enamored of Betty, the school-teacher, not knowing she's the possessor of the biggest pair of six-shooters in the West.

The disguise of the school teacher doesn't last, however, and the climatic gun-fight that ensues when two of Betty's pupils are rumored to have been killed is one of the most actionful, and at the same time, the most hilarious, ever put on celluloid.

Rounding out the impressive cast of the film are Sterling Holloway, Hugh Herbert, El Brendel, Porter Hall and Pat Behrs. The screen play is based on a story by Earl Felton.

She demonstrated laying a pattern on material, marking and cutting. We discussed different styles for different occasions, comparing tastes and exchanging ideas. Delicious refreshments were served the group.

After a very enjoyable afternoon we adjourned to meet with Mrs. Ranson on Oct. 12. —Reporter.

Members of the Council for the coming year were introduced by Mrs. Fred Reynolds. Mrs. Jim Weatherby then introduced the leaders for each troop.

# Poll Tax Qualification For Voting Texas People Against Repeal Of

By JOE BELDEN  
Director, The Texas Poll

AUSTIN—Texans have an opportunity next month to get rid of the poll tax, but they don't seem very eager to do it. A statewide survey by The Texas Poll indicates that most qualified voters want to keep the poll tax as a requirement for voting. Repeal of the tax is one of ten proposed constitutional amendments to be voted on November 6.

In recent months many of the state's political leaders have thrown their support to repeal in an effort to avoid federal legislation on this issue. Repeated surveys during the past two years have shown, however, that the weight of public opinion has consistently favored the tax.

A campaign by repeal advocates this month may tip the scales in favor of the amendment. But defenders of the tax now have a slight edge, as seen in results of a statewide survey completed last month.

Interviewers asked a cross section of adults this question: "In your opinion, should Texas do away with or continue to have a poll tax as a requirement for voting?"

	Qualified Voters	All Adults
Keep it	55%	49%
Repeal it	40	42
No opinion	5	9
	100%	100%

In two previous statewide surveys, December 1947 and May 1949, division of opinion was virtually the same. Fifty-one per cent of the cross sections of adults voted to keep the poll tax, 42 per cent to do away with it, and the remaining 7 per cent expressed no opinion.

While nearly everyone expresses an opinion on the poll tax when asked about it, this does not necessarily mean that most voters are fully informed about the question. In mid-summer, after the Legislature had agreed to submit poll tax repeal as a proposed constitutional

amendment, only six per cent of a cross section of qualified voters were aware of the fact.

## METHODIST RADIO PROGRAM SUNDAY MORNING AT 7:30

"The Methodist Hour" is a radio program being carried by the largest independent radio network in the nation. It can be heard in Goldthwaite each Sunday morning at 7:30 over station WOAI, San Antonio, and WFAA, Dallas. Next Sunday, the program will originate in the Methodist Church in Washington, Mississippi, as a part of the 150th Anniversary celebration of Methodism in what was then the Old Southwest.

It was on January 1, 1799, that Bishop Francis Asbury in Charleston, South Carolina, appointed the Rev. Tobias Gibson as the first missionary of the Methodist Church in Natchez County, Miss. Tobias Gibson rode his horse across the Cumberland Mountains to Nashville, Tennessee, boarded a boat there on the Cumberland River, floated down to the Ohio and into the Mississippi and on down to Natchez. The village of Washington, six miles from Natchez, became the territorial capitol of Mississippi. It was in the Washington Methodist Church building that later the Territorial Legislature met and adopted the first constitution of the state of Mississippi.

The Methodist Hour will be broadcast from this church next Sunday in celebration of Methodism's growth in 150 years from a lone circuit rider to a strong denomination with churches in every city, town and village of the South and Northwest. Featured on the program will be Bishops Marvin A. Franklin and Paul E. Martin, speakers, and special music by the Millsaps Singers of Millsaps College, Jackson, Miss.

## Goldthwaite H. D. Club

Mrs. Arthur Fambrough entertained the Goldthwaite Home Demonstration Club Tuesday, September 27 in the office of Miss Hintz at the court house in Goldthwaite.

The meeting was opened by repeating our club prayer. Then a short recreational period followed, led by Mrs. S. D. Robertson.

During our business meeting we heard reports from all standing committees. Also the club decided to have a White Elephant sale at our next meeting and each member is urged to bring something for this sale. They may bring more than one package if they care to. The price of each item is not to exceed twenty-five (25) cents.

Due to the fact that she has other activities Mrs. Sansom resigned as parliamentarian and reporter for the year 1950. We regret very much to have Mrs. Sansom resign, and hope she will continue to attend our club meetings as much as she can. Mrs. Nichols was elected as our reporter and parliamentarian for next year.

The following legislative report was given by Mrs. L. B. Hart:

1. Learn more about our county budget and study it carefully.
2. Continue efforts to secure larger appropriations for Home Demonstration work in the county. This may be done by contacting our Representative personally, writing individual letters or sending telegrams while the legislature is in session.
3. Make a special effort to keep up with all new Social Security bills as they are introduced into congress. We may know about such things by reading our news papers and listening to the radio.
4. Continue to study the Foreign Relief Program.
5. On November 8 of this year there are a number of amendments to our State Constitution to be voted on and it is our duty to learn what these amendments are and go to the poles and vote on that day.

After the business meeting

Miss Hintz displayed a number of commercial patterns and we discussed the different types of dresses that could be made from these. Then she gave us a demonstration for laying patterns on materials so that we might have good results in cutting garments.

At the close of the meeting Mrs. Fambrough served refreshments consisting of delicious punch, cookies and meats to the following members: Mmes. James Burns, Hunt, Auldridge, Hart, Collier, Koshi, Robertson, Sansom and McArthur.

## Jones Valley H. D. Club

The Jones Valley H. D. Club met with Mrs. Albert Tully on Tuesday, September 27. There were eight members and five children present. We answered roll call with a school lunch box surprise. The following officers were elected: President, Mrs. Raymond Wilcox; Vice-President, Mrs. J. D. Berry; Secretary and Treasurer, Mrs. Hawley Jernigan; Reporter, Mrs. Albert Tully; Council Delegate, Mrs. Arthur Wilcox; Parliamentarian, Mrs. J. D. Berry.

Our club has planned a Halloween party to be held at the Community House in Jones Valley Monday night, October 31. We are going to have a spook house and a fishing pond. We are also planning a cake walk and pie auction on this date. Each club member or anyone one cake and one pie. There

will be coffee to go with the pies and cakes after the Halloween party is over. Every one is invited to attend. The money our club makes will go to the council, which in turn will benefit our 4-H Club girls. So come on out every one and have a good time and bring someone with you. Our hostess served delicious refreshments. We adjourned until the next meeting which will be with Mrs. Raymond Wilcox.

## CHRISTIAN SCIENCE SERVICES

"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 2.

The Golden Text is: "The thoughts of the righteous are right; but the counsels of the wicked are deceit" (Proverbs 12:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon" (Isaiah 55:7).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If God, or good, is real, then evil, the unlikeness of God, is unreal. And evil can only seem to be real by giving reality to the unreal. And evil can only seem to be real by giving reality to the unreal" (page 470.)

This board will serve until January 31, 1951. All are to be under \$10,000 bond, and are to serve without pay, only expenses of meeting being allowed. The speaker explained the duties of the board members.

Mr. Griffin said the average school teacher in Texas would receive \$44 per month more under the new school bill—the salaries being from \$2,403 to \$3,000 per year minimum. He said the increase in the number of teachers in Mills County would be 9 or 10, besides special nurses and a county supervisor of all county schools, with an increase of five teachers in the Goldthwaite schools.

The speaker said the many bad features of the bill which would have to be worked out by future Legislatures were overcome by the good it will do the state public school system. The new bill will keep Texas school

teachers in Texas, he said. The program will also raise the standard of colored schools in Texas. Mr. Griffin emphasized that we should try to keep politics out of the elective school board, which would be hard to do, and that Texas will have to increase taxes to pay the bill for the new program. Some changes will have to be made in the future, he said.

Lion President Duren reported that two cases where worthy school pupils needed glasses had been reported by the school nurse to Dr. C. M. Smith, chairman of the Lions Club Sight Conservation Committee, and the club voted to buy the glasses.

**EBONY—**

By Clementine Wilmeth Briley

Cotton pulling is about the most interesting thing going on now in our community. I was thrilled through and through Friday on our way to town when we passed the Dale Reid field and saw so many persons out there going after those fleecy bolls. I hadn't seen so many people together down here since before the war.

We learned later that Mrs. Hubert Reeves was one of the workers. She has been taking John and pulling cotton for Dale all last week. She pulls 300 pounds a day besides doing her work at home. She is pulling in the Charm Whittenburg field this week.

The price paid for pulling is one dollar per hundred. We hear that Mrs. Ernest Russell is the champion puller. She pulls over six hundred a day.

Bert Dribred from Brownwood is still pulling in the Charm Whittenburg field. And several others will pull there this week as they have finished the Dale Reid field.

We tried to tell last week about Mr. House and his sons moving into the Griffin house on the hill. We find that it is Mr. House, who lived out here once before on the McDorman place. He has moved his family here. He has two grown sons who will help with the peanut harvesting. Patsy and her little brother are going to school. A smaller brother is yet at home with his mother.

Henry Griffin has been made president of the newly organized chapter of the Mullin School, Future Farmers of America. We are proud of Henry. He is to be congratulated. He has bought a controlling interest in the Griffin estate, and has the farm land in peanuts this year.

Luther Jernigan has leased the Reeves pasture and has some of his cattle there now.

Archie Katchum of Van Court, who recently underwent a serious operation at a San Angelo hospital, returned home Monday after spending a week or more recuperating at the home of his sister, Mrs. Eugene Egger.

Mr. and Mrs. Stanley Reeves and Mrs. Edna Dwyer were guests for dinner at the Briley home Sunday after church. Mr. and Mrs. Reeves had spent the previous weekend at Trinidad, Colorado, visiting their sister-in-law, Mrs. Sallie Hildebrand Reeves.

Miss Sallie, as we still call her, first came to this community in 1895 and taught the first school in the then new Reeves schoolhouse. She walked right into the hearts of her pupils and greatly influenced the life of the community. She boarded with the John Reeves family, and for several years made that her home. She later married Cicero Reeves, now deceased. She taught in many of the little country schools in this County, and is lovingly remembered by the many who went to school to her. She is now 75 years old, but still teaches. She lives in Trinidad, but goes with other teachers to a school five miles out. She says she could teach in Trinidad, but she prefers to teach in the country.

Mr. and Mrs. Reeves say they had a most enjoyable visit, and that Miss Sallie entertained them with her old time vim and enthusiasm. She was overjoyed to see once again some of the dear ones from the old home community. She says here is no other place on earth she loves like the old Reeves house down under the hill so enchantingly entwined with happy memories of long ago.

Mr. and Norman Upham and son Kenneth of Kermit came Friday. They and Mrs. Annie Armstrong left Saturday for a few days visit in Austin with

## Our WASHINGTON Letter

By Congressman O. C. FISHER

With nobody, even including the House and Senate leaders, seeming to have much idea with adjournment will take place, the two bodies ground away last week and passed a good many bills and advanced others. Finally disposed of by both Houses was a military pay adjustment measure and a military assistance bill for Atlantic Pact Nations, both of which were sent down to the White House for the President's approval.

The military assistance measure is another of those "calculated risks"—an aid program designed to bolster the friendly western powers and enable them to protect themselves against communist coups at home and to resist invasion from outside. The program will include about one-half billion dollars worth of surplus war materials which we have on hand.

The House aid bill would have House and aid bill would have amounted to \$500 million, for a one-year period. The Senate, however, reduced this amount to \$500 million and authorized contracting of a similar amount for a second year. This, coupled with ear-marked funds for military aid to Greece, Turkey, Iran, Korea, and the Philippines, made up a total of \$1,314,000,000. The House finally agreed to this figure.

While I preferred and voted for the House version of the military aid, which would have

put the assistance program on a year-to-year basis rather than on a two-year basis. I supported the final passage of the conference report. It seemed wise to me to wait a year and see what is being accomplished in the way of cooperation and success in the re-arming plan before committing ourselves for the following year.

The Russian menace, has, of course, been intensified by the disclosure that the Soviets actually have developed the atomic bomb. All experts have agreed for years that the secret could not be kept, but our military leaders have been estimating the perfection of the bomb in Russia about 1952. But, as General Eisenhower once said: "We have the advantage of being at least five years ahead of them in the improvement and development of the bomb". And we are favored with a stock-pile on hand, and tremendous production capacity.

The inside accurate information about the explosion in Russia and the determination that it was definitely atomic in nature, has been heralded here as a great compliment to our Central Intelligence Service and our National Security Council.

NEW YORKERS like lamb and mutton better than Texans do, if per capita consumption is a good yardstick to judge by. Frank Roddie, of Brady, reminded us of that fact the other day when he stopped over briefly en route from New York to Chicago on a Swift & Co., sponsored inspection tour.

THE AVERAGE New Yorker eats 28 pounds of lamb per year, while Texans, who seem to prefer beefsteaks, consume only 5.6 pounds of lamb, according to Mr. Roddie. But mutton remains rather high in cost to the housewife in the Big City. Lamb chops now sell there at \$1.25 a pound leg of lamb at \$1.05, lamb shoulder at 69c, with ribs and flanks going at 38c.

RODDIE, Vice President of

the Sheep & Goat Raisers, joined the Swift & Co. tour in Chicago on September 11. There were 26 in the party, including Professor Hunt of Texas A & M and five other college economists. An on-the-spot study was made of the marketing, slaughtering, processing, distribution and retailing of livestock and its by-products. The trip included a stop in Boston, another in New York, Baltimore, and the brief visit in Washington.

AMONG other recent visitors were W. D. Bradley, with the Sunset Motor Lines, of San Angelo; Mr. and Mrs. Latham Ables, of Brownwood, en route home from a three-week honeymoon trip into Canada; Henry Miller, of Brady; Mr. and Mrs. Gerald Allen and the Cumbe Iveys, of Robert Lee.

Joe Bailey Swanner, of Brownwood, a graduate of Howard Payne in June, has recently been promoted to a better position on Capitol Hill. Mr. Swanner has been employed in the House Disbursing Office, and on my recommendation has recently been named Assistant Journal Clerk of the House of Representatives. He is studying law at night at George Washington University.

RE-ENLISTS IN AIR CORPS Technical Sergeant Arvid M. Calaway, son of Mr. and Mrs. John D. Calaway of Goldthwaite, reenlisted this week for three more years in the United States Air Force at Holloman Air Force Base, N. M. Calaway has been stationed

here at Holloman for the past year and seven months, assigned to Station Supply Section. He graduated from the Goldthwaite High School with the class of '36, and entered the service in August of the same year. Sgt. Calaway was with the 559th Service Squadron in Europe during the recent war.

Sgt. Calaway and family spend a thirty-day furlough visiting relatives and friends in New York.

 "Please send another bottle of

 C. Dutton, 45 Atwater Terrace,

 "I have some good reports to  
 make on the effectiveness of  
 garlic used. Mr. Turner, Texaco  
 dealer here has taken two bot-  
 tles and is much better, his  
 blood pressure down about 60  
 points. Mrs. W. F. Nelson, San  
 Benito, who was in bad shape, is  
 also very much better and her

#### CENTER CITY

By C. M. HEAD  
Those who visited in the C. M. Head home Sunday were W. B. Huggin and wife, F. M. Head and wife, Billy and Bonnie, Aubrey Head and wife, Charlie Lee and Prentice Bill Sr. Arkman and wife and Beulah Waitzel, Sonnie and Danna Gale, Arnold Head and wife and little John, Woodrow Head and wife and four children, Ollie McNeil, Miss Gertrude Head, and Arthur Scribner and wife, Albert Mason and wife. The occasion was our wedding anniversary. The children brought in a nice dinner and some nice presents. We had singing in the home, and at two o'clock in the afternoon we gathered out at the church where we met many of our friends. The people kept coming until we couldn't seat them all and what a good singing we had. We sang for two hours, then what a joy to meet with your friends. We thank every one for their cooperation and fellowship and invite you back each first Sunday.

This Tuesday morning we have had a fine rain out here. Among those who visited here Sunday were Harrell Head's wife and little daughter and Wanda Gene Head and Miss Janie Mae Miles who is attending Howard Paine College at Brownwood.

Those who attended the singing here Sunday from other places were E. A. Obenhaus and wife, Bro. Hocker and wife, Mrs. McQuary, Mrs. Vaughn, Mrs. Lona Tullos and son, John,

Mat, Arthur Schriener and wife of Goldthwaite, A. E. Mason and wife, Jim Williams and wife from Hamilton County, J. W. Head and Mr. Herford from Lometa, Bill Sparkman and family of Crawford, Rev. Hannah and wife and four Mexican singers from San Antonio, Arvel Harris and wife from Mount Olive and still others from other places. We appreciate them all.

Goodby until we meet again.

#### NORTH BROWN

By MRS. CLEMMIE IVY  
The norther that hit seems to hold on pretty good. Hot days and cool nights keep us all wondering just how soon old Jack frost is going to be here. This is Monday the third. We had a light sprinkle of rain last night. It is still cloudy and a light drizzle is following.

We are glad to have most all our neighbors back home again from their vacation trips. Mrs. Cyril Evans is back from Greenwood, Ark. She brought her neighbor, Mrs. Ivy, a lot of souvenirs such as an Ark rock as a rock collector is what Mrs. Ivy is. Also some native persimmons, walnuts, hickernuts, a native pine shrub and flower seed.

Mr. and Mrs. Allen Hardgrave and son, Charles Donnie and K. are home from Jayton where they carried Mrs. Hardgrave's mother, Mrs. Williams, home.

Mr. Allen Hardgrave's father was here one day last week from Sanderson with a load of lambs. He also picked up a load

of ewes and carried them back home with him to Sanderson.

Mr. and Mrs. Bud Oden and Mr. and Mrs. Jess Ivy were visitors in the A. D. Griffin home last Friday night. Playing 42, eating pop corn and conversation were all enjoyed.

We are sorry to say that Mr. Walker Berry has been real sick, but according to the last reports I had from him he was much improved. We wish for him a speedy recovery. Those who called to see him Saturday and Saturday night were Mr. and Mrs. Bud Oden, Mr. J. D. Nix, Mr. and Mrs. R. T. Ratliff, Mr. and Mrs. Earl Ehrhridge and children, Louis Long, Mr. and Mrs. R. C. Petty and Mr. and Mrs. Jess Ivy.

Mr. Rube Daniels was reported to be on the sick list last week.

Mr. and Mrs. R. L. Atchison of Brownwood are visiting her parents, Mr. and Mrs. George Lewis. She also made a trip to Fort Worth and brought Mr. Lewis home.

Mrs. Glenn Lewis is visiting at Miles and in San Angelo.

Mrs. Whetston is visiting her daughter at Fort Stockton. Her son, Dean, went after her. Mr. Glyen Lewis went as far as San Angelo with him to meet Mrs. Lewis and came back home together with the Whetstones.

Mrs. George Lewis was planning to go home with her daughter at Brownwood and go through the clinic there. We are hoping the doctors there don't find any serious trouble and that she will soon be home again.

Mrs. John Caloway is visiting her daughter, Mrs. Burney Wiley, in Ft. Worth.

Mrs. Gertrude Crow has moved to Goldthwaite from Fort Worth.

Mr. and Mrs. Clifford Dellis from Eddinburg is visiting her parents, Mr. and Mrs. Charley Bramblet, and other relatives. Mr. and Mrs. Bramblet's son, Virgle, and wife from Sherman are also visiting.

Mr. and Mrs. L. C. Dellis and family is also visiting his grandparents, Mr. and Mrs. Charley Bramblet.

Mr. J. C. Creek visited last Monday morning with the Evans family.

1st Lt. Roy C. Petty and family from Muroc California visited his Aunt, Mrs. Bell Evans, last week. He also visited Mr. Bob, Roth, Rea and Ruby Rendals.

Mr. L. C. Smith is back from Greenwood, Ark. for another load of his belongings and be on his way back to Arkansas.

Mr. David Ivy and son, Jerry, visited his parents, Mr. and Mrs. Jess Ivy, Saturday morning.

We are sorry to hear Mr. Charley Bramblet is under the weather and is suffering so much with his hands, arms and shoulders. I don't know what the trouble is unless it is some kind of rheumatism.

Mr. Leslie Bradburry and son, Mr. John Walden, Mr. Jimmie Holland of San Angelo, Mr. and Mrs. Swan Roberts of Mullin were last Sunday visitors in the R. T. Robert's home. Also Mr. and Mrs. Waren Freeman of Ridge, Mr. and Mrs. Edmon Rockoe of Priddy and Mr. Swan Roberts and son visited again Saturday.

Mr. and Mrs. J. C. Creek visited their daughter, Mrs. Ted Vance east of town last Friday.

Mr. and Mrs. Clifford Dellis ate supper with Mrs. Dellis' brother, Mr. Claud Bramblet, and family last Saturday night. They had dinner Sunday with Mrs. Dellis' sister and family, Mrs. Bill Yeager at Mullin.

Mr. and Mrs. P. R. Reid, Mr. Wood Roberts, Mr. and Mrs. Jess Ivy spent Sunday together sight seeing, went to the Buchanan dam, carried their lunch, picniced, made kodak pictures and had a jolly good time, but returned home tired; but it was a nice little trip.

We had an all night rain Monday night, just what the farmers needed on their young grain but it was pretty tough on the cotton. It was a slow gentle rain and perhaps it did not knock any of the cotton out.

Mr. Ford from Goldthwaite was out Monday morning at the Ivy home helping with the turkey crop.

Mr. and Mrs. Jess Ivy made a business trip to Brownwood Monday evening. They also

Velda, about this Austin? It's a wonder they didn't keep you. My! My!

Dorothy C., how was the show Saturday night? Did Harvey enjoy it too? Sa, "wasn't" Melba and Bobby with you too? Gee, kids, you've got it bad!

Janetha, you mean you didn't see enough of San Saba Friday night at Hamilton? Seems like you have an interest over there. No? Wasn't it you we saw over there this week-end.

Mary K., isn't it awful that Gene had to leave? Is that the reason you were having trouble in H. E.?

Freda isn't it awful that Garland can't come in every week-end? Say, that ring is a beauty too!

Was it Janetha and J. O. we saw in the show Monday night? Gee! This is really a match!!

Seems as if Floy doesn't get enough of school during the week. Was it she we saw with Allen Sunday, at the school house?

Ethylene, we wonder about you and Adron! Does he ever come around any more, or has James taken his place?

Bill B., are you losing out with Mary K. E.??

Billy G., have you and Doyle Head decided to be confirmed old bachelors like Delbert???

Devella, "wha" happen." to you and Ira Lee? We all have our ups and downs.

Floy, seems as if you don't have that old spirit since Billy Harper and Dizzy left. We wonder.

Vernell, seems like we saw you Sunday afternoon. What has happened to poor old Simmy? Is it "Specks" now?

Doyle D., how do we like married women? Good deal!!

Dizzy and Billy, we miss you here but we know you are giving the girls at Goldthwaite and San Saba a thrill!

By LIDA BYRNE

A friend asked a question something like this: "Why doesn't God make every body all right?" That question was hard to answer, however, we are free moral agents, and we are allowed to choose between good and evil.

From a Holiness quarterly we quote: "There are no draftees in the Master's service, all are volunteers. All who take up the cross take it up willingly and bear it only so long as they freely choose and man must know that a holy God cannot tolerate sin."

## To The Parents In The School Districts Of Mullin, Priddy, And Star

### Patricia Ann Welch

Little Patricia Ann Welch, infant daughter of Mr. and Mrs. A. D. Welch, died Saturday, October 1st, in the Medical Arts hospital in Brownwood. She was born September 19th.

Patricia Ann is survived by her parents, two little brothers, Danny and Michael, and other relatives.

Funeral services were conducted Monday afternoon, October 3rd, at the First Methodist Church in Goldthwaite. Rev. Joseph L. Emery, pastor of the First Baptist Church of Goldthwaite, was in charge of services. Burial was in the Goldthwaite Memorial Cemetery.

Flower girls were Mrs. Horace Gray, Mrs. Burtel Roberts, Mrs. Glynn Geeslin, and Miss Shirley Laughlin.

Pall bearers were Glynn Geeslin, Jack Locklear, Leonard Archer, and George Wayne Featherston.

On Sunday Ed Gilliam, Jr., and John and James visited Mrs. Ed Gilliam at the Scott and White Hospital in Temple, where she underwent a major operation the first of last week. She is doing nicely.

Through our School Health Program, our plan is to offer assistance to the entire faculty in order that we may build health in our schools, communities and homes.

My desire is that all parents feel free to contact me at your school on the regular day I am in that school each week and discuss any of the conditions found in your child.

Our School Health Program depends on the cooperation of each parent in your school district; therefore let us all work together to build better health through our school nursing program.

There will be several kinds of examinations made throughout one year for the entire school.

May we all work to the best of our ability to carry out every step for a Communicable Disease Control Program to help protect the present and future health of each child.

Any notices sent to parents by the nurse is a suggestion to help in the health care of your child. Any defects found will be mentioned in order that you may have your child checked by your family physician.

MRS. VERDA GWIN,  
School Health Nurse

## What Newspapers Call A Million Dollar Rain Has Fallen In Mills Co.

### SEGILQUEST TEST NOW NEARING THE ELLENBURGER LIME

O. C. Proffitt, driller on the Mills County oil test on the Segilquest Ranch about ten miles southeast of Goldthwaite, said yesterday the Marble Falls lime had been reached at 1,925 feet, with an oil showing at 1,966 feet.  
Drilling is now progressing, the total depth yesterday being 2,063 feet, still in the Marble Falls formation.  
If oil in paying quantities is not hit before the Ellenburger is reached, which is expected to be about 2,500 feet or 2,600, the drillers will drill 250 feet into the Ellenburger, then pull back and acidize somewhere in the Marble Falls formation where the oil showing was encountered.

Bob Burks and associates of Fort Worth spent several days here the first of the week checking the well.  
Mr. Proffitt, the contractor, said the well looks mighty good for a producer. This is the first test in this section of the county.

### FAREWELL BARBECUE FOR SCALLORN BAPTIST PASTOR

The Scallorn Baptist Church is having a Barbecue Saturday evening, October 8th at seven o'clock to bid farewell to their pastor, Rev. C. F. Cloud and his family who are resigning to accept a full time church at Novice. Bro. Cloud has been at the Scallorn Church for the past four years and has made many friends among the people in Mills County.

All his friends are invited to attend the Barbecue. The men will furnish the meat and coffee, etc. but ask that the women furnish the pies or cakes and salad. If you don't drink coffee, bring cocoa.

We will be looking for you Saturday night at seven. A special program will be presented after the barbecue, including a moving picture shown by Mrs. Cloud.

The Galveston News, now the Dallas Morning News, began publication in 1842.

Good rains fell all over Mills and surrounding counties Monday night and Tuesday morning of this week, and should be classified as what some newspapers are always calling "a million dollar rain." The moisture fell slowly, and all went into the ground to put winter grass and weeds into good condition.

Rain here in Goldthwaite as recorded by Harry Allen, government weather man here, measured .93 of an inch.

The rain was fairly general over all this section. Mullin recorded .69, Zephyr .85, and Brownwood .70. Coleman got .74, Comanche 1.53, Dublin 1.92, and Lampasas reported a good rain.

Reports from over Mills County show the J. H. Priddy place west of Priddy recorded one and a half inches, while the John L. Leonard place, five miles east of Goldthwaite, reported 1.75; Carl Casbeer at Center City, 1.80. About one inch fell at Star.

One and one-tenth inches of rainfall was reported from the Dr. C. T. Graves ranch at Mt. Olive, and .95 of an inch at the A. P. Lee place at Moline. To the southwest, Wilkey Shady Oak Ranch recorded .81. West of the Bayou from a half to an inch of rain fell.

### Reunion Held

The annual birthday dinner and old settlers reunion, honoring Royal Ethridge, was held October the second at Mullin Park. It was a beautiful day, and there was a large crowd present.

Dinner was spread at 12:30. Coffee was made on the open fire. Everyone certainly enjoyed the delicious dinner. After lunch the men played 42 while the rest relaxed and talked.

About 5:00 supper was served. At this time the birthday cake was cut. The cake was a large white layer trimmed with pink rosebuds and letters.

We had a wonderful time, and are already looking forward to the next annual event.

Mr. and Mrs. B. L. Casbeer and children of Lampasas were here Sunday with her parents, Mr. and Mrs. Will Harris.

Billy Joe Heath, of John Tarleton College and W. Heath of Texas Tech, who were here last week end with their parents, Mr. and Mrs. Clarence Heath.

The second printing press installed in Texas was brought in by Mens, a Spaniard, in 1817.

When the railroad came the mill moved away from the ranch in a hurry and was at Mullin and Goldthwaite. Fairman stayed at the mill until the late 80's, when he moved to Mullin. After he removed the machinery the old mill he traded to Frank Hughtitt for 50 cords of wood delivered to his new gin at Mullin.

The old mill house was built in 1939, the stone used in Earl Fairman's house west of town.
