The Self Culture Club met Thursday, January 23, 1950 in the home of Mrs. E. T. Fairman with Mrs. Floyd Blair as Co-Hostess.

After a short business session the meeting was turned over to the program chairman for the day, Mrs. T. M. Glass. She introduced the speaker for the afternoon, Mrs. E. T. Fairman, who gave the book, "The Long Love," a story of a boy and girl going down life's road of joys and sorrows together; their lives growing brighter each year through the bond of a holy love.

It is a book that lifts the spirits to a higher plane; reviewed by a splendid speaker in her own gracious way.

Guests and members were invited into the dining room where the countryside came in to greet you. They were served with a delicious salad plate.

"We are pleased that our church will now be able to extend its ministry over a wider area", stated the pastor, Rev. Joseph L. Emery, this week. "We feel that there are many people in our community who will appreciate hearing the Gospel

preached originating from our very own little city," he added. "It is our sincere desire and prayer that each of you who do not and cannot attend the services in your own church will tune in next Sunday morning at 11:00 o'clock and worship with us. These programs are for you. We trust that you will be blessed by worshiping with us through this means," the pastor concluded.

Warren Duren 1950 Red Cross Fund Campaign Chairman—Mills Co.

Mr. E. T. Fairman, chairman of the Mills County chapter of the American Red Cross has appointed Mr. Duren, chairman of the Mills County 1950 Red Cross Fund Campaign which will begin March 1. The Mills County Red Cross quota is \$2,600.00.

Mr. and Mrs. Warren Duren, Mr. and Mrs. Ray Duren and Brian Smith was in Dallas January 25th to hear General George C. Marshall, president of The National Red Cross speak in behalf of the work of the Red Cross. General Marshall said, "The National Red Cross was asking for \$67,000,000 for A. R. C. Services to American people. The 1950-51 fiscal year program actually totals \$79,000,000. The application of \$12,000,000 from almost depleted sur-

pluses have enabled the organization to hold its request down to \$67,000,000.

The American Red Cross is the instrument chosen by the United States government to aid in fulfilling obligation of the American people under international treaties. To enable it to do so the federal Congress granted a charter imposing upon the American Red Cross responsibility for conducting specific activities in behalf of the American people.

To carry out these responsibilities it is essential that the Red Cross raise the necessary funds. Mr. Duren is well qualified for this job as he was fund chairman last year and is well known in Mills County for his civic work. —Mills County Chapter American Red Cross.

WATER CODE COMMITTEE

County Judge L. B. Porter has received the following letter:

Dear Judge:

The Texas Water Code Committee, created by the 51st Legislature to study the Water problems of Texas and to make recommendations for legislation designed to produce a more adequate supply and more equitable distribution of water, will hold a state-wide meeting in the Senate Chamber of the State Capitol in Austin on February 10th and 11th. The hearings will begin at 9:00 A. M. on Friday the 10th.

Since it is practically impossible for the Committee, with its limited appropriation, to notify all of the citizens of this great State who are interested in the Water program, we are asking each County Judge to notify all the newspapers, municipalities, water districts, chambers of commerce and large water users in his County of the coming meeting. It is the desire of the Committee to hear all of those who have constructive ideas about remedial legislation in this field, but of course it would be impossible to hear everyone in a two-day session. Consequently, we are requesting all those who have common problems and who are in agreement as to a plan of water conservation, to select a spokesman to present their views in order that all may be heard.

We will greatly appreciate it if you will deliver this message for us.

Very respectfully yours,
L. HAMILTON LOWE,
Executive Secretary.

OUR DEMOCRACY — by Mat

AMERICAN INGENUITY CREATES AN INDUSTRY

CHEESE-MAKING STARTED IN AMERICA WHEN PEOPLE, COMING FROM FOREIGN LANDS, BROUGHT WITH THEM METHODS OF MAKING THEIR FAVORITE CHEESES... MADE ON THE FARM, EACH TYPE LIMITED TO ITS OWN LOCALE, THE ART WAS DEPENDENT ON THE SKILL AND MEMORY OF THE CHEESE MAKER.

THE BUILDING OF OUR FIRST CHEESE FACTORY IN THE MIDDLE 19th CENTURY, NEAR HERKIMER, NEW YORK—MARKED THE BEGINNING OF CHEESE MAKING ON A LARGER, MORE SCIENTIFIC SCALE.

TODAY, THROUGH AMERICAN INGENUITY AND RESEARCH, ALL TYPES OF FINE CHEESE ARE PRODUCED HERE FOR THE NATIONAL MARKET... WHAT BEGAN AS A HOUSEWIFE'S SPECIALTY HAS BECOME, WITHIN A FEW GENERATIONS, A GREAT INDUSTRY... GROWTH CHARACTERISTIC OF OUR DEMOCRACY.

Where We Came In
Lesson for February 5, 1950

A CIRCULAR LETTER came in the other day from a stranger who is hot and bothered because he has discovered that Jews and Negroes can belong to Christian churches along with white Americans. The astonishing thing is not that that should be true, but that any man should get excited over it. What astonished the Apostle Paul was not that Jews were in the Christian church but that anybody else could be! We must recall that Jesus was a Jew; that all the apostles were Jews; that the first Christian church at Jerusalem was composed exclusively of Jews.

They had no Old Testament, they knew nothing of the Old Testament sacrifices, they had no interest in the Temple or in the history of Israel. Like most Gentiles, they had usually thought of the Jew as a quaint but unimportant minority group. Now that these Gentiles were in the same church with Jews, there would be plenty of room for trouble.

Could a church made up of such different races become a true Brotherhood? So the old mother-church at Jerusalem sent up Brother Barnabas to look around. Barnabas was not the church's most brilliant mind, but he had a heart full of faith.

When God wants a Reformation he calls forth a Luther, an obscure man who never fitted any of the existing priestly molds. When God wanted to open up Africa he called David Livingstone; when he wanted men for the far interior of Asia he called Hudson Taylor. When he wanted light to shine down into the slums he called William Booth.

These were all peculiar men by the standards of their times; but it takes peculiar men to break away from tradition's hearth-fire and break out new roads for the Gospel.

For some time Jerusalem was the capital of the Christian world. All roads led out from there, so to speak. With the rise of the Antioch church, however, a new center took the place of the old. Jerusalem withered away. In later times Alexandria led, and then other cities.

For a thousand years Rome and Constantinople were the acknowledged centers of the Christian world. Now we have also London—New York—Geneva... Many such centers have small beginnings. In America's early days the churches of Scotland sent over missionary offerings for the help of the struggling little church of New York.

In future years, who knows? Some church in Yunnan may be sending missionaries to the feeble folk left in the war-devastated ex-white world.

It proves that the church in Antioch was something more than an aggregation of "churchmen." It was a family of Christ-men and Christ-women. These believers must have talked and lived something better than mere vague "religion." They talked of Christ, they loved Christ and they lived Christ, till even their busy neighbors took notice.

If your church had no name, and if your neighbors were to name it, and all the neighbors knew about it were you, by what name would they call it?

"Mighty Joe Young" was directed by Ernest B. Schoedsack who has been an associate of Merian Cooper in a number of famous screen productions, such as Chang, Grass and King Kong, the hero of the latter film being the gigantic ape whose adventures broke box-office records. The ape characters in both films were mainly the product of Technician Willis O'Brien.

It required three years of work to bring Joe Young into per- forming perfection for the cur- rent RKO Radio release as Mer- ian Cooper's Amazing Adventure in the Unusual! Showing tonight (Thursday and Friday nights) at the Melba.

"SOUTH OF ST. LOUIS," TECHNICAL EPIC, OPENS SATURDAY PREVUE

An action-jammed historical adventure yarn set in the law- less period of the Southwest fol- lowing the War Between the States, "South of St. Louis," filmed in Technicolor, comes to the Melba Theatre screen next Friday headed by a four-star cast including Joel McCrea, Alexis Smith, Zachary Scott and Dorothy Malone. The picture is a United States Pictures Pro- duction released by Warner Bros.

Besides the quartet of stars, Victory Jory, Alan Hale, Doug- las Kennedy, Art Smith, Bob Steele, Monte Blue and Paul Maxey are featured. Ray En- right directed. Milton Sperling produced.

of the range, set against the violent background of the open spaces. Smuggling was rampant then and the reckless tempo of the time made life exciting and dangerous.

McCrea plays Kip Davis whose purpose in the lusty tale is to restore the ranching land burned and pillaged by guerrillas in Union hire. Miss Smith departs from her usual roles to that of a flamboyant entertainer of the old west. As Rouge de Lisle, this beautiful blonde star displays a completely new side to her talents. Zach Scott plays a cowboy, not exactly a new role, as he hails from Texas and spent many of his younger years on a ranch. Miss Malone, complet- ing the roster of stars, is cast as Deborah, who is loved by Mc- Crea but who loves another.

Most of the film was shot on "location," at the Warner ranch in Calabasas, California, at Victorville and in the San Fer- nando valley. Some of the great- est action spectacle scenes to be filmed last year were made, with a great cast, scores of horses, in western panoramic settings en- hanced by gorgeous Technicolor.

Farm And Ranch Chatter

With Layne Beaty
WBAP, Fort Worth
6:30 a. m. Weekdays
10:15 a. m. Sundays

The cotton industry heard it emphasized and driven home time and again last week that foreign trade in cotton must be maintained. If foreign countries don't buy American cotton, the cotton trade in this country is sunk, the cotton men heard speakers at the National Cotton Council convention in Memphis say.

They realize that this means we must import foreign goods to make it possible for foreign countries to buy our cotton. For the most part, this could be items we don't produce here. They feel there is much less need for concern about competition from foreign grown cotton than from synthetic fibers.

We notice in a Memphis newspaper that cotton planters in the Delta region are taking on as share-croppers this year only Negroes who are out of debt. Reports are there is no demand for white share-cropping families. During labor scarcities, planters often would take on debt-ridden families and "buy" their debts.

Allan Kline, president of the American Farm Bureau Federation, in response to a question at the press conference following his speech at Memphis, said the Bureau has no desire to increase the number of states in which it is co-sponsor of the federal-state agricultural extension service. He did not say the bureau wishes to give up this co-sponsorship in the seven or eight states where it obtains, but said if it should come about, the bureau would be seven or eight hundred thousand dollars per state per year better off, and the states would have appropriate money to make up this lack of contribution to the county agent work.

One man we know of who is on a committee to work on the problem of cotton land that will go into other crops this year, is "solving" the problem locally by rushing construction of a grain elevator.

The Mississippi river at Memphis was the widest last week we've ever seen it. That may solve the cotton acreage problem for some farmers. But it creates problems for the rehabilitation and loan agencies.

February 2 will see the start of a new farm broadcast by this reporter on WBAP 820, called "The Universal Farmer" it will hit the air at 6:45 a. m. Tuesdays, Thursdays and Saturdays. Supplementing our other programs, it promises to be just as bad as they are.

We met a young lady the other day who handles installment purchases for a hardware store. Planning to marry an undertaker as soon as his business is good enough, she is suggesting he advertise a "lay-away" plan.

Why wouldn't that be a good name for egg mash?

ELIZABETH LAWRENCE THE HORSE TRADE
Mr. Rector rode along the twisting trail through Arkansas. The air was alive with the smell of pine needles, and clear streams gleamed like glass in the sun. Rector reined his horse to a walk, and the spirited animal tossed his head and danced. Hoofs drummed on the trail. Rector pulled his horse into a clump of small oaks and waited, his hand on his pistol. Men had been waylaid and robbed on the lonely road. The horseman appeared around a bend. Just a fellow-traveler, Rector decided and rode back into the trail.
"Good morning, sir."
"Good morning." The stranger was tall and heavily built, with a strong face and level blue eyes.
"We seem to ride in the same direction." Rector's voice invited friendship.
"Yes, and I shall be grateful for your company." The man's words were vibrant and cordial. "Shall we ride together then?"
The stranger nodded and smiled. He wore a wide-brim, white hat, carefully tailored coat and soft leather boots.
"Beautiful country." The man glanced from side to side as he rode.
"Yes, beautiful country," Rector agreed, as he marveled at the graciousness and ease of the man's behavior.
They talked of the weather, the growth of timber and the possibilities of the land. Rector was pleased with his companion and a little puzzled. The erect stranger with his expensive attire and polished manner rode a squat, weather-beaten pony with a bob-tail.
The stranger spoke familiarly of national personages, President Andrew Jackson and foreign diplomats in Washington. He talked of politics and laced the conversation with bits of back-fence gossip about famous people. Rector listened with growing admiration and thought what a pity that such a great man should ride such a sorry horse. His curiosity grew as to the business and destination of his companion. At last it came out. The stranger was bound for Texas. "Great country, Texas," Rector talked glowingly of the Mexican state across the Red River. "Land to be had for the asking."
"So I hear."
"Do you plan to settle there?"
"Perhaps." The man sighed. "But what an impression I shall make with my poor horse."
"He is a little the worse for wear," Rector replied.
"Jack is a loyal and dependable friend." He patted the pony's neck. "But he is such an

ugly animal." He shook his head sadly. "Not at all a mount to impress people."
"You must take my horse, sir!" Rector made the offer impulsively, his face flushed with eagerness.
"Oh, no!" The stranger protested. "My sincerest thanks to you, but I couldn't take your horse."
"I insist!" Rector reined his horse up and dismounted. "I have other horses; you must take this one." Amid the protests, he changed his saddle and mounted the pony, his legs dangling on each side.
With a flourish of thanks and a wave of the wide, white hat, Sam Houston swung into the saddle of a good horse and rode away to Texas.

We didn't get to visit Grandmother Reeves on her birthday last week, but we did get to go the next day. She was recovering from a bad cold. Though she is practically blind, she is very cheerful, and at 92 can converse with you with a mind as clear as when she was young. She and her two roommates seem to be well content at Friendship Home. They have a sweet and charming hostess in the person of Mrs. Dan Edmondson who runs the home.

Do You Want To Cut Your Federal Taxes?

Your Wasted Taxes

No reasonable man questions the need for taxes to pay the cost of governmental services. Everyone should be willing to pay a fair share of his income for that purpose. But nobody wants to undertake extravagance—in the home, in business or in government.

The bi-partisan Commission on Organization of the Executive Branch of the Government, created by Congress with the approval of President Truman and headed by former President Hoover, has provided a chart for the elimination of governmental extravagance and waste.

This past year, because of duplication and overlapping in the Armed Services we wasted about one billion dollars out of the fifteen billion spent for National Security.

In 1948 two agencies planned to build the same dam in nearly the same place at Hell's Canyon, Idaho. Each set of plans cost about \$250,000. The plans differed by approximately 75 million dollars in estimated cost of erection.

It now costs the Post Office Department two and a half cents to print and deliver a penny post card.

The Veterans Administration, at the time of the Commission's survey, had 6,500 empty beds in its hospitals, yet VA and other government agencies have planned or are building additional hospitals at a cost of over a billion dollars, when 54% of the available beds are now occupied. This is Alice in Wonderland.

It takes more than \$10 worth of paper work to complete a governmental purchase order. For example, by the time the necessary paper work is completed, a 504 typewriter ribbon costs the taxpayer about \$10.

Turnover of labor is recognized by all industry as expensive. Yet in the Federal Government labor turnover runs about 25 per cent, a rate much higher than any private business could stand. This means that every year approximately 500,000 either leave or enter a government job. The personnel system is clogged with red tape. The best men leave because of the low pay scale, and the inefficient cannot easily be discharged.

If enacted into law, the Commission recommendation to remedy these and other defects in conducting our Federal business would save the taxpayer three to four billion dollars a year.

To play your part in putting a stop to this wasteful extravagance, join the non-partisan Citizens Committee, which is working for the enactment of the Commission's suggestions. Write to the Citizens Committee for Reorganization of the Executive Branch of the Government, 1421 Chestnut Street, Philadelphia 2, Pennsylvania. Write your Congressman. Inform yourself about the Commission Report. Tell your neighbors!

GEMS OF THOUGHT

Books
Books are the quietest and most constant of friends; they are the most accessible and wisest of counselors, and the most patient of teachers. — Charles W. Eliot.

Be as careful of the books you read, as of the company you keep; for your habits and character will be as much influenced by the former as by the latter.—Paxton Hood.

Books are standing counselors and preachers, always at hand, and always disinterested; having this advantage over oral instructors, that they are ready to repeat their lessons as often as we please.—Chambers.

The book to read is not the one which thinks for you, but Bible for that—the one which makes you think.

For the past month Circle II of the Methodist Women's Society of Christian Service has been studying "a course on Women of Scripture." These lessons were led by Mrs. E. T. Fairman and each meeting was held in her home. The study was educational and inspirational and caused the members of the class to think deeply. The next meeting of Circle II will be in joint session with Circle I at the Church, Monday, February 6 at 3:00 p. m.

Health Notes
We do not all grow, develop, mature—nor do our organs degenerate—at the same rate, says Dr. Geo. W. Cox, State Health Officer. "Today, a man of 60 may be as young, vigorous and vital as the average man of 40. On the other hand, he may look and act like a man of 80, old, weak

TEXAS ALMANAC
Texas' growth and change in the last ten years dwarf all previous periods in the state's history, The Texas Almanac, just recently published by The Dallas Morning News, reports. The new Almanac—672 pages—is the largest ever published. It contains more than 650,000 words and word-equivalents in statistics, scores of maps and illustrations. Texas' population is predominantly urban, for the first time in history. The net value of manufactured products has more than quadrupled since the prewar period. The number of industrial wage earners has doubled, the Almanac reports. With farm population down, agricultural production is up. Mechanization may be the answer, for the number of tractors in the state jumped from 98,923 in 1940 to 236,390 this year. The Bureau of the Census hurried compilation of its new postwar count of manufacturers to make it available for this Texas Almanac, editors report. All figures, including data on individual industries, counties and cities are included in the book. There is a 15,000-word history of the Texas cattle industry. All developments in mineral exploration and development are shown. The Almanac describes Texas' new arrangement under the Gilmer-Aiken law, is able to list Army, Navy, Air Force and National Guard installations for the first time since wartime censorship was lifted. It covers state officials, commissions and boards... the 300 odd laws passed by the 51st Legislature... the State Constitution with all recent amendments... 1949 population figures... a survey of all water supply projects, under construction and tentative, and hundreds of other subjects.

and miserable. A man of 60 may have a 40 year old heart, 50 year old kidneys and an 80 year old liver. The physical changes which come with age alone are not entirely decline, either. Speed of reaction does diminish, but endurance increases in certain capacities. As speed declines, skill is increased with practice, and as strength declines, judgment increases. Automobile driving ability, for example, improves from 24 to 43 in the average individual and at 65 is superior to that of the 20's. "Normal human beings can grow mentally at any age. The worst of all old-age disease is neglect. Many factors that help make a healthy, happy old age are (1) eating right; (2) regular physical examinations and (3) keeping physically and mentally active without overtaxing ourselves. There is a rapidly growing branch of medicine, known as geriatrics, that specializes in disease and conditions of the aging. "Don't wait until you deteriorate—consult your physician now!"

THE PEOPLE SPEAK—When Governor Allan Shivers invited the people of Texas to express their views on his program to improve the State Hospitals, he picked up sharply. This picture he is shown reading some of the letters, seeking ideas for the message he delivered to the Special Session of the Legislature this week. Virtually all the letters urged immediate action to improve these rundown institutions, it is reported.

STAR NEWS—

By DORA GOODE
(Intended for last week)

After some illness in the family we will endeavor to send in a few notes.

First of all, and it's good news too; there's not much sickness in our community at present. A lot of colds of course, but nothing too serious.

Mr. and Mrs. Lant Adams had a very pleasant visit with their children in Arizona. They are home again accompanied by a little granddaughter who will spend some time with them before returning home in Somerton, Arizona to play with her little twin sisters. Their parents are Mr. and Mrs. T. L. Adams, Jr.

Mrs. Lizzie Garrett is visiting her daughter, Mrs. Jake Long, of Grand Prairie.

Mr. and Mrs. Charles D. Rickle of Lampasas spent Sunday afternoon with his parents, Mr. and Mrs. Charlie Rickle.

Herman Lee is home again after spending several weeks at Snyder getting some houses ready for occupying.

Mrs. Edd Hamilton returned home during the holidays from a visit in South Texas.

Mr. and Mrs. Lons McGilvary and Mrs. Lonnie Baker were Sunday visitors in the McGilvary home at Evant.

Mr. and Mrs. Shelby Hawkins of Moline were recent visitors in the home of his parents, Mr. and Mrs. Emmett Hawkins. They were accompanied by Jimmy Adams.

Thomas Ed Hurst and Mrs. B. P. Goode are totally engaged in the care of rabbits. They say: "If you don't believe they can eat, just get some."

Harmon McCasland, Mr. and Mrs. Jimmy Welch, Mr. and Mrs. Woodson Clary and Mr. and Mrs. Bob Clary are all up to their ears in the turkey business.

Of course the rest of us have as much to do but there's no money in it. That's where we lose out.

Mrs. Weldon Edwards and the son, Weldon Lynn, of Clyde, spent the week-end with her parents, Mr. and Mrs. John Soules.

Miss Billie Gail Soules of McMurray College, Abilene, was home over the week-end.

Ben Dale Cox is on his way to Japan. His wife and children will stay with her father, Will Rickle, and the children for awhile.

Mrs. Hazel Waddell is visiting with her daughter, Ione, in San Antonio.

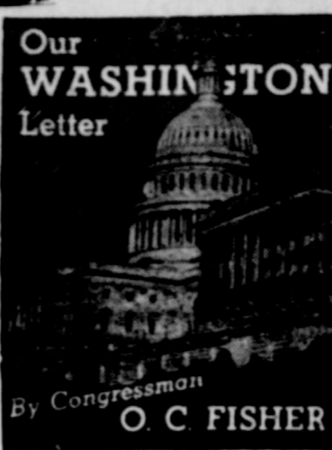

The forsythias and jasmynes are in bloom, so it won't be long now. Oh we may have some whizzin' weather through February. Guess we'd better play safe and keep our seed packets dry yet awhile.

Misses Alice and Christine Rickle, who are Howard Payne students, were home over the week-end.

Lela Holley, Fort Worth. Enoch Godwin, Lometa. Carl Woods, Rt. 1. Emil Schuster, Comanche. Hugh Taylor, Route 1.

Mr. and Mrs. Homer Rowlett and children visited in Brownwood Sunday. His mother returned home with them.

Mr. and Mrs. R. V. Littlepage went to Llano Sunday afternoon for a short visit with his brother, Mr. and Mrs. Elmo Littlepage.

The House spent last week sparring over FEPC and finally on Friday got down to debate on the important cotton acreage control bill. It was a big week for the Civil Rights because it gave them a chance to harp about their pet project—the Fair Employment Practices measure. But with all the maneuvering, FEPC failed to get the right-of-way for House action.

The big job of proponents of bills in the House is to get them programmed—to get them formally before the Congress for a vote. In the Senate final votes may be blocked by prolonged filibusters. But there is no such thing as a filibuster in the House. The maneuvering is different there.

Take the FEPC bill, for example. It was reported favorably by the House Labor Committee. It then went to the Rules Committee. That Committee must clear legislation that goes to the floor and set the amount of time for debate, decide whether amendments will be in order, etc. But last year Speaker Rayburn led a fight for an amendment to the rules to strip the Rules Committee of the power to hold legislation indefinitely. The change was made, giving committee chairmen the right to ask the Speaker for recognition to call up bills that languish in the Rules Committee for at least 21 days.

So Monday of last week was recognition day for committee chairmen whose bills had been before the Rules Committee for at least 21 days. Chairman Lesinski of the Labor Committee was on his feet seeking recognition in order to call up his FEPC bill. But so were half a dozen other committee chairmen who had other bills from their respective committees before the Rules Committee, and who had the same right to seek recognition. The Speaker failed to recognize Lesinski. He recognized Mr. Peterson of Florida, Chairman of the Public Lands Committee, to call up bills on statchood for Alaska and Hawaii.

In order to be sure the full day was consumed on those measures, and not allow time for Lesinski to again seek recognition, FEPC opponents killed time by making points of order when members strayed from the floor and quorams were not present. That often happens during the course of a debate. So, on Monday there were five quorum calls and one roll call. It takes about 35 minutes to call the roll. Thus more than 3 hours were consumed Monday in roll calls alone.

Then on Wednesday the FEPCers were at it again, seeking recognition on Calendar Wednesday. On each Wednesday the Speaker has a call of Committees, in alphabetical order, when the various Chairmen can call up any bill favorably reported, irrespective of the Rules Committee. So on Wednesday Lesinski was on his feet again. But the Armed Services Committee was called first and the Chairman, Vinson of Georgia, was on his feet with a bill. It provided for an extension of time for veterans to apply for terminal leave pay. It was really non-contested, but the three hours allotted for general debate was used, interspersed with four time-killing quorum calls. And there was no time left for Mr. Lesinski.

Finally, on Friday, the cotton acreage bill was called up, it having been given the green light by the Rules Committee. The FEPCers, smarting from the road blocks and quorum calls of the week, kneaded the anti-FEPCers from the cotton States by forcing five quorum calls during the three-hour general debate, and thus delayed final action to that extent. Final action on the cotton bill was scheduled for Tuesday

of this week.

An interesting angle among the FEPC proponents was the struggle for leadership among three New Yorkers—Adam Powell, the Negro Congressman from Harlem; Vito Marcantonio, the darling of the Left-wingers; and F. D. Roosevelt, Jr., from the Bronx. All three were vying for the limelight, and Powell and Roosevelt denounced each other on the floor for trying to steal the show from the other. At one time when he yelled: Marcantonio said a mouthful "What all of you want is FEPC for an issue, not for a law!"

But while it adds nothing to the dignity of Congress, it is amusing at times to witness the Left-wing gladiators from New York who put on a show in order to impress the Negro and subversive votes in New York City who clamor for civil rights and kindred legislation.

W. T. LAWRENCE

W. L. Lawrence, life long resident of Hamilton County, recently of Goldthwaite, passed away at the home of his daughter in Temple, January 13, 1950. Mr. Lawrence was born in Upsher County, near San Marcos, Texas, December 16, 1862. He was married to Alice Pearson in 1888. They later moved to Hamilton County. This wife preceded him in death in 1911.

Eight children were born to this union. Three sons, Charlie, Ollie and Jesse, and one daughter, Ida, preceded him in death. He later married Selma Bard, who survives him.

Mr. Lawrence is survived by four daughters, Mrs. J. A. Rhodes, Mrs. W. W. Payne, Mrs. J. B. Vannatta, Mrs. Guy Baggett; twenty-one grandchildren, forty-six great grandchildren, and three great great grandchildren.

METHODIST YOUTH SUB-DISTRICT RALLY HELD HERE SUNDAY
 Approximately 100 Methodist young people with their Spon- sors gathered Sunday afternoon at the First Methodist Church for their regular 5th Sunday Sub-District business and fel- lowship meeting. The following churches were represented: Col- ony, Lampasas, San Saba, Lometa, and Goldthwaite.
 Jane Ann Steen, president of the local MYF and chairman of the Sub-District Worship Com- mittee led the Worship Service. Rev. A. S. Neely, pastor of the Lometa Methodist Church, spoke on "A Challenge to Youth." The youth choir from the local church, under the direction of Mrs. Talbot Ledbetter, sang two numbers.
 Games and refreshments were enjoyed in the auditorium of the Educational Building follow- ing the Worship Service. San Saba will be host church to this group in March.
 Goldthwaite won the loving cup for the largest attendance at the meeting.
 Mr. and Mrs. Ray Duren and Mrs. Jim Weatherby are spon- sors of the Goldthwaite MYF.

James Thomas Jones
 James Thomas Jones was born at Mooreville, Texas on April 20, 1889, the son of James and Harriett Jones. He died at Borger at the home of his son James on January 25, 1950.
 On July 7, 1888 Mr. Jones married his boyhood sweetheart, Miss Mary Catherine Flowers, who preceded him in death on May 30, 1930. To this union were born two sons and one daughter, who survive him and are Law- rence Heber Jones, of Los An- geles, Calif., James Jones of Borger, Texas, and Mrs. R. D. Ryan of Comanche, Texas. There are 14 grandchildren, 34 great-grandchildren, and one great- grandchild.
 Also surviving him are two brothers, Charles P. Jones of Refugio and Rev. W. T. Jones, Pastor of Methodist Church at Blum, Texas, and three sisters, Mrs. Allan Montgomery, Mrs. Emily Owen, and Mrs. Carrie Adair, all of Eddy, Texas.
 Mr. Jones was a resident of this community from 1903-1909 and from 1919-1921. During the latter period he was associated with his sons in operating the Fairman Gin. He was a member of the Methodist Church at Blum, Texas, and the Masonic Lodge No. 694 of this city.
 The service was held at the First Methodist Church at Gold- thwaite on Saturday afternoon with the pastor, Rev. Ed H. Lovelace officiating. The Broth- er W. T. Jones made a talk during the service. The Masons were in charge at the grave- side.

Dinner Party
 The Methodist Church gave a dinner party for members and several guests at the Methodist Church Monday night.
 The master of ceremonies was the pastor, Rev. Ed Lovelace who led the group in singing "Home on the Range" by David

Guion, Texas composer who was reared in Ballinger; this being the week designated in honor of him.
 Mrs. Johnson from Dallas sang a hymn, "Be Still My Soul."
 The guest speaker for the evening was Mrs. Lawrence

Jackson who has lived 23 years in West Africa, London and Cypress. Her talk was on Cypress where she now lives. She told in her own way of the life, history and every phase of life over there. She told first hand of the suffering and privations and customs of the natives. It was

a talk, giving us a better un- derstanding of the conditions away from home. She is a niece of Mrs. L. E. Miller. We greatly appreciate this opportunity of hearing Mrs. Jackson.
 The meeting was followed by an official board meeting and auxiliary meeting. —Reporter

(Intended for last week)

After some illness in the family we will endeavor to send in a few notes.

First of all, and it's good news too; there's not much sickness in our community at present. A lot of colds of course, but nothing too serious.

Mr. and Mrs. Lant Adams had a very pleasant visit with their children in Arizona. They are home again accompanied by a little granddaughter who will spend some time with them before returning home in Somerton, Arizona to play with her little twin sisters. Their parents are Mr. and Mrs. T. L. Adams, Jr.

Mrs. Lizzie Garrett is visiting her daughter, Mrs. Jake Long, of Grand Prairie.

Mr. and Mrs. Charles D. Rickle of Lampasas spent Sunday afternoon with his parents, Mr. and Mrs. Charlie Rickle.

Herman Lee is home again after spending several weeks at Snyder getting some houses ready for occupying.

Mrs. Edd Hamilton returned home during the holidays from a visit in South Texas.

Mr. and Mrs. Van McGilvary and Mrs. Lonnie Baker were Sunday visitors in the McGilvary home at Evant.

Mr. and Mrs. Shelby Hawkins of Moline were recent visitors in the home of his parents, Mr. and Mrs. Emmett Hawkins. They were accompanied by Jimmy Adams.

Thomas Ed Hurst and Mrs. B. P. Goode are totally engaged in the care of rabbits. They say: "If you don't believe they can eat, just get some."

Harmon McCasland, Mr. and Mrs. Jimmy Welch, Mr. and Mrs. Woodson Clary and Mr. and Mrs. Bob Clary are all up to their ears in the turkey business.

Of course the rest of us have as much to do but there's no money in it. That's where we lose out.

Mrs. Weldon Edwards and the son, Weldon Lynn, of Clyde, spent the week-end with her parents, Mr. and Mrs. John Soules.

Miss Billie Gail Soules of McMurray College, Abilene, was home over the week-end.

Ben Dale Cox is on his way to Japan. His wife and children will stay with her father, Will Rickle, and the children for awhile.

Mrs. Hazel Waddell is visiting with her daughter, Ione, in San Antonio.

The forsythias and jasmines are in bloom, so it won't be long now. Oh we may have some whizzin' weather through February. Guess we'd better play safe and keep our seed packets dry yet awhile.

Misses Alice and Christine Rickle, who are Howard Payne students, were home over the week-end.

Lela Holley, Fort Worth. Enoch Godwin, Lometa. Carl Woods, Rt. 1. Emil Schuster, Comanche. Hugh Taylor, Route 1.

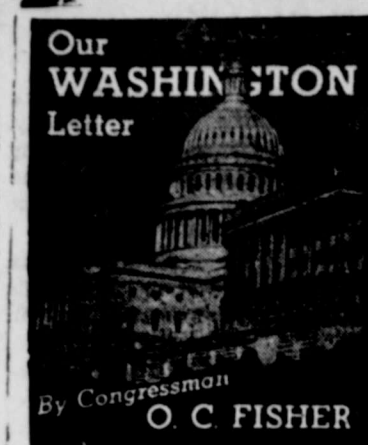

Mr. and Mrs. Homer Rowlett and children visited in Brownwood Sunday. His mother returned home with them.

Mr. and Mrs. R. V. Littlepage went to Llano Sunday afternoon for a short visit with his brother, Mr. and Mrs. Elmo Littlepage.

FARMER'S BUILDING

The House spent last week sparring over FEPC and finally on Friday got down to debate on the important cotton acreage control bill. It was a big week for the Civil Righters because it gave them a chance to harp about their pet project—the Fair Employment Practices measure. But with all the maneuvering, FEPC failed to get the right-of-way for House action.

The big job of proponents of bills in the House is to get them programmed—to get them formally before the Congress for a vote. In the Senate final votes may be blocked by prolonged filibusters. But there is no such thing as a filibuster in the House. The maneuvering is different there.

Take the FEPC bill, for example. It was reported favorably by the House Labor Committee. It then went to the Rules Committee. That Committee must clear legislation that goes to the floor and set the amount of time for debate, decide whether amendments will be in order, etc. But last year Speaker Rayburn led a fight for an amendment to the rules to strip the Rules Committee of the power to hold legislation indefinitely. The change was made, giving committee chairmen the right to ask the Speaker for recognition to call up bills that languish in the Rules Committee for at least 21 days.

So Monday of last week was recognition day for committee chairmen whose bills had been before the Rules Committee for at least 21 days. Chairman Lesinski of the Labor Committee was on his feet seeking recognition in order to call up his FEPC bill. But so were half a dozen other committee chairmen who had other bills from their respective committees before the Rules Committee, and who had the same right to seek recognition. The Speaker failed to recognize Lesinski. He recognized Mr. Peterson of Florida, Chairman of the Public Lands Committee, to call up bills on statehood for Alaska and Hawaii.

In order to be sure the full day was consumed on those measures, and not allow time for Lesinski to again seek recognition, FEPC opponents killed time by making points of order when members strayed from the floor and quorams were not present. That often happens during the course of a debate. So, on Monday there were five quorum calls and one roll call. It takes about 35 minutes to call the roll. Thus more than 3 hours were consumed Monday in roll calls alone.

Then on Wednesday the FEPCers were at it again, seeking recognition on Calendar Wednesday. On each Wednesday the Speaker has a call of Committees, in alphabetical order, when the various Chairmen can call up any bill favorably reported, irrespective of the Rules Committee. So on Wednesday Lesinski was on his feet again. But the Armed Services Committee was called first and the Chairman, Vinson of Georgia, was on his feet with a bill. It provided for an extension of time for veterans to apply for terminal leave pay. It was really non-contested, but the three hours allotted for general debate was used, interspersed with four time-killing quorum calls. And there was no time left for Mr. Lesinski.

Finally, on Friday, the cotton acreage bill was called up, it having been given the green light by the Rules Committee. The FEPCers, smarting from the road blocks and quorum calls of the week, kneaded the anti-FEPCers from the cotton States by forcing five quorum calls during the three-hour general debate, and thus delayed final action to that extent. Final action on the cotton bill was scheduled for Tuesday

of this week. An interesting angle among the FEPC proponents was the struggle for leadership among three New Yorkers—Adam Powell, the Negro Congressman from Harlem; Vito Marcantonio, the darling of the Left-wingers; and F. D. Roosevelt, Jr., from the Bronx. All three were vying for the limelight, and Powell and Roosevelt denounced each other on the floor for trying to steal the show from the other. At one time when he yelled: "What all of you want is FEPC for an issue, not for a law!"

But while it adds nothing to the dignity of Congress, it is amusing at times to witness the Left-wing gladiators from New York who put on a show in order to impress the Negro and subversive votes in New York City who clamor for civil rights and kindred legislation.

 Sub-District business and fel-

Dinner Party

The Methodist Church gave a
 dinner party for members and
 several guests at the Methodist
 Church Monday night.
 The master of ceremonies was
 the pastor, Rev. Ed Lovelace
 who led the group in singing
 "Home on the Range" by David

Guion, Texas composer who was
 reared in Ballinger; this being
 the week designated in honor of
 him.

Mrs. Johnson from Dallas
 sang a hymn, "Be Still My
 Soul."

The guest speaker for the
 evening was Mrs. Lawrence

Jackson who has lived 23 years
 in West Africa, London and
 Cypress. Her talk was on Cypress
 where she now lives. She told in
 her own way of the life, history
 and every phase of life over
 there. She told first hand of the
 suffering and privations and
 customs of the natives. It was

a talk, giving us a better un-
 derstanding of the conditions
 away from home. She is a niece
 of Mrs. L. E. Miller. We greatly
 appreciate this opportunity of
 hearing Mrs. Jackson.

The meeting was followed by
 an official board meeting and
 auxiliary meeting. —Reporter.

IMPORTANT NOTICE TO GOLDTHWAITE EAGLE SUBSCRIBERS

Goldthwaite Eagle subscribers are asked when moving from one address to another to please send in postal card to The Eagle giving old and new addresses at once.

Due to new drastic postal regulations, undelivered papers are returned to publishers with a 2 cent postage due notice, often pasted over the name and address (against postal regulations.)

The Goldthwaite Eagle has not raised its subscription rate since 1941, and hopes to keep it at the present price. The Congress now in session will act this year on a bill to raise newspaper postage rates about 300 per cent, which will be passed on to subscribers. The Eagle's present postage bill here is about three times as much as during the war, when the circulation was larger and many papers went to Service Men overseas.

Please cooperate with this newspaper and the postal department by immediately notifying the paper if you change your address. Also, it has become necessary for the paper to kill off all names when their subscriptions expire, unless renewed at once.

The members of the Annual Staff and their sponsors have been steadily at work during the past few weeks. All group picture have been made and all "favorite" pictures have been made. The staff expects to have the Annual completed in a very short time.

G.-H.-S. SEMESTER ENDS WITH MID-TERM EXAMS

Friday, January 27, completed the first term of school in the Goldthwaite Public Schools.

The mid-term exams were given on Tuesday and Wednesday of last week. The odd-period classes were given tests on Tuesday, while the other tests were on Wednesday.

Those pupils having a "B" average in class work and in citizenship did not have to take the tests. Seniors were not required to take tests if they had a "C" average in classwork.

G.-H.-S. GYM OPENED FOR PRACTICE

The new gymnasium on the Goldthwaite High School campus has now been opened and is being used. Open house was held in the gym on Sunday, January 15. The visitors were shown the new building and served refreshments.

Students of Grammar School and high school have been playing in the gym for the past two weeks. It has showers and dressing rooms to accommodate both the home teams and the visiting teams. The student body is very proud of it, and all are

helping to keep it in perfect condition.

G.-H.-S. CLASS FAVORITES ELECTED

On Friday, January 20, the class favorites were elected by the respective classes by secret ballot. When the ballots were counted, Jane Ann Steen and John Cook had been chosen as the senior class favorites. Norma Hammond and Jimmy Hayes were the junior favorites. The sophomores had chosen Anita Carlisle and Billy E. Anderson, while the freshman class had chosen Wanda Kelly and Wayne Wicker.

Pictures of the class favorites will be in the school annual on certain pages which have been designated for that purpose.

G.-H.-S. SENIOR SPOTLIGHT

Robert Manuel is the eighteen year old son of Mr. and Mrs. J. F. A. Manuel. He has brown hair, blue eyes, weighs 150 pounds, and is six feet tall.

Robert is one of very few boys who have never had a whipping in school.

He has been an active member of the F. F. A. ever since he has been in high school.

He likes to tinker with machinery and cars, and his model A proves his ability to do so. It even runs! He dislikes loud-mouthed girls, and his ambition is to be a mechanic.

After graduation, "Smoky", which is Robert's nickname, plans to go to Arkansas to work.

G.-H.-S. SENIOR SPOTLIGHT

David Hill is the eighteen year old son of Mr. and Mrs. C. W. Hill. He has brown hair, hazel eyes, weighs 145 pounds, and is five feet, 8 inches tall.

David will never forget the day he graduated from grammar school. He celebrated by breaking an ink bottle on the wall of the grammar school building. It would have been all right, but he had to clean it off.

Since David has been in high school, he has played football two years and lettered both years. He played basketball four years, and came out for track four years. Last year David won third place in the half-mile race. Fast, isn't he? He was a member of the F. F. A. two years and the Commercial Club two years.

David likes sports best and dislikes snooty people. His ambition is to be a success.

After graduating, David plans to go to college.

G.-H.-S. NEW SECRETARY IN OFFICE

Lella Davenport has accepted the position of Secretary to Superintendent H. E. Patton. Lella has been working in the office since Tuesday, January 24. She plans to work until school is out in the Spring.

Lella is sixteen years old and is a mid-term graduate of Goldthwaite high school this year.

G.-H.-S. PERSONAL CARDS ARRIVE

The seniors' personal cards arrived last week at Hudson Drug Store. The cards, which were printed by the Star Engraving Company, are white and engraved with gold ink. The cards will be very pretty in the graduation announcements.

The seniors also received memory books, gifts of the engraving company. The books have special places for autographs, athletic schedules, personal cards, etc. The seniors are quite pleased with their cards and books and are very proud of them.

G.-H.-S. CLASS INCREASES

During the first semester a course in Economics was taught by J. N. Faith. Approximately sixteen students were enrolled in this course. The last semester Mr. Faith is teaching a course on choosing an occupation. The enrollment has increased from sixteen to about thirty-seven.

The class is very interesting and appropriate for future graduates. On Monday Mr. John Patterson, the school counselor, spoke before the class on his duties and how he could help the students in this school. The class enjoyed having Mr. Patterson speak and looks forward to having him again.

G.-H.-S. THE SNOOP

There were lots of dates on the G. H. S. campus this week—for the banquet, of course.

There were the steadies heading the list such as Monette and Ralph, Jane L. and Charles Ed, Betty John and Jimmie, Wanda and John, Jane Ann and Mac, Anita Faye and Billy Harold, and then there was Jo Ann Duren and Johnnie Dean, Barbara H. and Larry Simmons, Lorretta and Wayne W., and Sybil R. and "Red," Nell Carman and Billy H., Bobbie J. and Billie Mac, Betty B. and Alvi-doyle Roberts, Marvina and Bobby S., Mildred H. and Billy S., Patsy H. and Bobby L., Myriene R. and Franklin and many others.

Monnette and Ralph seemed to have had a pretty good time Thursday night. How about it, Monnette?

Norma and Doyle were seen at the fights this Friday night. That was also a cute girl, "Dizzy" was with. What's her name, "Diz"?

Jane Ann and Mac were seen at the show in Brownwood Saturday night. Jane and Charles Ed were seen together, too.

We are wondering how Jo Ann D. enjoyed the stock show Saturday.

Minnie Cook seems interested in the several places of late. Could one of them be Mullin?

Susie Cody and Iris Tomlinson seem to get along pretty well. Family affairs, maybe.

Well, this has really been a week with tests for some and holidays for some.

Tuesday night after the basketball game we saw Betty B. and Kenneth H. along with Barbara H. and John Carothers. Jane and Charles Ed were seen, too. In fact it looks as if the gym is quite a meeting place for those with dates.

Jane Ann and Marc were seen at the show Friday night. Celia Ann and John Alex were seen at the shows this week-end, too.

Say the girls around here certainly do seem to take a fancy to these pretty football sweaters we're seeing. Anita and Myriene are two in particular who are wearing them.

We noticed Marvina and Janetha with some cute boys Saturday night. Who were they?

How did the boxing come along Saturday night, Diz? From what we hear you had a pretty good match. How many more are you going to knock out?

We want to congratulate Nelda Hamman and wish her happiness in her married life.

Say, Lella, just because you are out of the Senior Class now is no sign we aren't going to keep our eyes open—especially since you will be there at school with us. Be careful!

Iris June, is this business we're hearing about getting serious? Sure looks like it to us. Same to you, Joanna P. Be sure and keep us up on the latest!

G.-H.-S. GRAMMAR SCHOOL

The 8th Grade girls have started their P. E. classes. Mr.

Schulze is teaching us.

The 6th grade has a new pupil, Tommy Burks. We are glad to welcome him.

The 5th grade had their Garden Club meeting Monday. We studied about birds.

Junior Schubert Club

The Junior Schubert Club had its first regular meeting Friday afternoon, January 27th, at four o'clock in the home of Mrs. Sam Sullivan, with Mrs. Raymond Little as co-hostess.

The president, Loraine Burdette, called the meeting to order and the minutes of the previous meeting were read and approved.

Plans for the year were discussed, including festival events,

year books and scrap book materials.

After a brief business session, and a delightful refreshment plate, the following program was rendered:

"Sonatina" by Beethoven—played by Virginia Hill.

"The Road to Derry," sang by Kathryn Horton.

"Two Roses," sang by Loraine Burdette.

Immediately following the program, the club went to the Hangar and square-danced, under the able direction of Mrs. Raymond Little, assisted by Mr. Raymond Little and Mr. and Mrs. John Jackson.

The meeting adjourned at six o'clock with much appreciation for an afternoon of music and fun.—Reporter.

The Goldthwaite Eagle has not raised its subscription rate since 1941, and hopes to keep it at the present price. The Congress now in session will act this year on a bill to raise newspaper postage rates about 300 per cent, which will be passed on to subscribers. The Eagle's present postage bill here is about three times as much as during the war, when the circulation was larger and many papers went to Service Men overseas.

Please cooperate with this newspaper and the postal department by immediately notifying the paper if you change your address. Also, it has become necessary for the paper to kill off all names when their subscriptions expire, unless renewed at once.

Texans' Health Better Than Year Ago; Less Money—Poll Reveals

By JOE BELDEN
Director, The Texas Poll

AUSTIN, Texas Jan. 28.—Texans say they are feeling better now than they did a year ago, but their pocketbooks aren't so fat.

For everyone who managed to add to his family savings during the past year, two ended the year with less savings than they started with. But three think their health is better now for every one who thinks it is worse.

These are findings in a recent statewide survey by The Texas Poll in which a cross section of men and women was asked the following questions:

1. "If your doctor were to ask about the general condition of your health, would you describe it as good, fair, not too good, or bad?"

	Men	Women	All

PACK MEETING FOR CUB SCOUTS HELD

The Pack meeting for the Cub Scouts of Cub Pack 5 Goldthwaite was held last Friday night in the basement of the Methodist Church in Goldthwaite.

As the Cub Scouts gathered they were entered into a knot-tying game which was carried on by Brantly Hudson. While the Cubs continued with their games the Cubmaster, Ben Day, held a short business meeting with the parents of the boys. Plans for the activities to be carried on during Scout Week, Feb. 6-12 were discussed. The Cubs plan to put some of their handicraft into one of the windows of the Goldthwaite business district as part of a display for Scout Week.

After the business meeting each Cub Den gave a prepared stunt for the entertainment of the audience. One of the dens, Mrs. Albert Harris's, was unable to attend due to the illness of several of the Cubs. However, Mrs. Ben Day's, and Mrs. Lee Long's Dens gave very entertaining stunts.

A new Den under the leadership of Mrs. Fambrough and Mrs. Delton Barnett was recognized and the boys were given their Scout cards.

Refreshments were served and the group was dismissed after the Cubs had played a few more games.

J. W. HANKS KILLED BY CAR AT ZEPHYR

(Brownwood Bulletin)
Joseph William Hanks, 65, Zephyr service station operator for many years became Brown County's first traffic fatality of 1950 when he was killed by an auto that struck him as he was attempting to walk across U. S. Highway 84 at 7:30 one night last week.

He was rushed to Brownwood Memorial Hospital in a Davis-Morris ambulance but was pronounced dead upon arrival. Investigating officers said they believed he was killed instantly.

Officers said the car which hit Mr. Hanks was driven by Kent J. Davis, 24, Cross Plains, a Texas A&M College student. Davis and two other A&M students from Cross Plains were enroute to their home. The passengers were identified as Jack Lacy and Harold Garrett.

The car stopped after the accident. The officers said it had traveled 125 feet and 8 inches before coming to a halt, skid marks showed.

Deputy Sheriff Jack Pike and Highway Patrolmen W. D. Lawler, Jr., and Aubrey Crockett investigated the accident.

Lawler said Mr. Hanks had gone across the highway from his filling station to a cafe in Zephyr for a cup of coffee and started back to the station when he was hit. The cafe and filling station are on opposite sides of Highway 84 in the 30-mile speed limit zone in Zephyr.

Davis, driving the 1941 Buick sedan, swerved to his left trying to miss the pedestrian. Lawler said Mr. Hanks was approximately in the middle of the right-hand highway lane when hit. He was thrown against a door post of the car beside the windshield and his head cracked the windshield glass the officer said.

A complaint charging negligent homicide was sworn out by Lawler against Kent J. Davis before County Attorney David J. Morris.

The complaint alleges that Davis was driving at a speed in excess of 30 miles an hour on U. S. Highway 84 in violation of the legal speed limit.

Funeral services were held in the Zephyr Methodist Church Friday at 2:30 p. m. with Rev. Frank O'Hearn officiating. Burial were in the Zephyr Cemetery.

Pallbearers were Mat NeSmith, Nord NeSmith, Harvey Kesler, Lloyd Andrews, Walter Stuckey and Horace Yates.

Mr. and Mrs. M. C. Partridge had as guests Sunday his sisters, Mrs. Joe E. Barnette and Mrs. H. A. Mathis of Gatesville.
