Eagles Defeat Cross Plains 12-6 In Homecoming Game Last Friday

Third Conference Game Coming Up Friday Night; Eagles Play Mason

BY R. C. McCOLLUM

The hard fighting and hitting Goldthwaite Eagles defeated the inspired Cross Plains Buffaloes last Friday night on the local field by a score of 12-6. Last Year, the Buffaloes won over the Eagles in the last few seconds of play, which cost the Eagles the District Championship. This year they were determined to win if possible, and they did with both teams playing good football.

The Buffaloes won the toss and chose to receive. They picked up 23 yards on 5 plays, then fumbled and Eddy Jones recovered for the Eagles, driving inside the Cross Plains twenty yard line and then lost the ball on downs.

Cross Plains again picked up 39 yards in 6 plays. Phillip Edgington recovered a Buffalo fumble and the Eagles were on their way to their first score of the night. The Eagles ran 14 plays good for 64 yards. Tom Graves carried the ball over for the TD, from the one yard line. Try for point was low.

Another fumble by Cross Plains stopped a drive inside the Eagles 20 yard line, with Pete Dellis, Kight and Covington all after the ball. The Eagles ran 3 plays and then punted, their only punt of the game.

The Buffaloes attempted two passes, both being incomplete, they ran once and then punted their only punt of the game. The Eagles ran 4 plays before the half.

At half time the 1957 Football Sweetheart, Miss Betsy Glass, was crowned by Tri-captain, Tilmon Kirby. Attendants were Linda Ward, escorted by Tri-captain, Pete Dellis, and Nelda Gene Sherwood, escorted by Tri-captain, Johnny Wigley.

The Eagles received and fumbled on the second play of the third quarter, Cross Plains ran 3 plays and had their first and only score of the game. Try for point was blocked by Pete Dellis. Again the Eagles received and drove down field and lost the ball on downs on the Buffalo one yard line. They then stopped a Cross Plains drive inside the Eagles 20 yard line.

Cross Plains intercepted an Eagle pass to stop a drive up field. The Buffaloes drove inside the Eagle 20 yard line again to put Cross Plains ahead on penetrations. The Eagles held and then started taking over on their 28 yard line. Edgington got 12 yards in two tries, Kirby hit Kight with a pass good for 38 yards on the Cross Plains 22 yard line. Kirby got 4 yards and an Eagle penetration. Then Edgington went between the Cross Plains end and line backer and with some fine blocking and good running, he scored the final TD. Try for point was wide.

Cross Plains tried vainly to score but good defensive work by the Eagles stopped them. Leo Reynolds (Eagle) missed the game with a knee injury. Kirby, Kight, Pete Dellis, Gene Elliott and Hammonds received injuries in the game.

The football game this week is in Mason, a distance of 90 miles to travel, thus it will be necessary to leave ahead of the regular scheduled time. Football boys will leave at 3:00 p.m., pep squad and band buses will leave at 4:30 p.m. in order to make the game before the 7:30 kickoff. School will be dismissed at 2:40 in order to get the buses on the road on time, according to an announcement by Supt. Jones.

intercepted; one punt for 40 yards; 4 penalties for 40 yards; two fumbles and 4 penetrations. Kirby carried the ball 33 times, gained 139 yards, lost 7 for 4 7/33 yard average; Edgington carried the ball 17 times, gained 91 yards, lost 4 for 5 6/17 yard average; Hammond carried the ball 6 times, gained 26 yards, lost none for 4 2/3 yard average; Graves carried the ball 4 times, gained 18 yards, lost one for 4 1/4 yard average; P. D. Head carried the ball 1 time for 5 yards.

Graves scored from a one yard plunge and Edgington scored on an 18 yard run.

Kight and Dellis were outstanding linemen and Kirby was an outstanding back with P. D. Head doing a fine job on defense.

The Buffaloes attempted 12 passes, completed 3 and had none intercepted; one punt for 3 yards; 3 penalties for 25 yards; 4 fumbles and 4 penetrations.

Gary scored on a 3 yard run for the Buffaloes only TD.

EAGLES TO PLAY MASON FRIDAY NIGHT

Tomorrow night, (Friday) the Eagles will journey to Mason to meet the cowpunchers who may be their stiffest competition of the season. The Eagles beat Mason last year and after last week's game they should be ready for the Cowpunchers again. This game will go a long way in deciding the district winner.

So, let's all back the Eagles by going to the game tomorrow night and giving them all the support we can. See you there.

School To Dismiss Early For Circus Next Monday, Oct. 28

The Cole Brothers are coming to town in Circus form on Monday of next week with an afternoon performance and a night performance. Superintendent Jones stated that since so many pupils of the elementary school will want to attend this circus in the afternoon instead of the night performance, it is decided that school will be dismissed at 2:10 that day after running on short schedule. The school purpose is to cooperate with parents so that each pupil may have a full day in school and still see the circus.

Schools are required by law to have four full hours of classes for a full day thus school will open at 8:30, run four periods in the morning and two in the afternoon and dismiss in time for the pupils to get into the circus tent before 2:30. Parents may pick their children up at school not later than 2:15 p.m.

School To Run Short Schedule Friday

The football game this week is in Mason, a distance of 90 miles to travel, thus it will be necessary to leave ahead of the regular scheduled time.

Football boys will leave at 3:00 p.m., pep squad and band buses will leave at 4:30 p.m. in order to make the game before the 7:30 kickoff. School will be dismissed at 2:40 in order to get the buses on the road on time, according to an announcement by Supt. Jones.

Farm Bureau To Be Organized Here

Wednesday, October 9, a group of farmers and ranchers, numbering 28, met at The Hangar for the purpose of discussing and planning the organization of a Farm Bureau here. The meeting was called to order by J. D. Jordan, District Supervisor. At the conclusion of the meeting, the group signed up 100 percent.

Warren Nuberry of Vernon, explained what Farm Bureau meant to farmers and ranchers. David Watters of Goldthwaite was elected temporary chairman and W. W. Fox, also of Goldthwaite was elected temporary secretary and treasurer. A special committee was appointed by the chairman to meet and draw up the constitution and by-laws.

The next meeting will be held October 28 at the livestock barns and at this time the Bureau will be organized, according to an announcement by W. W. Fox.

Local P-TA To Meet Tonight At 7:30

The Goldthwaite P-TA meeting which was scheduled for October 14 and had to be postponed due to bad weather, will be held tonight, (Thursday) October 24, at the elementary school lunchroom. The meeting will begin at 7:30 and all members are urged to be present.

Those parents wishing to attend with small children, may leave the children with Mrs. Claude Dickerson in her home without cost to the individual, according to an announcement by Mrs. Truett Auldridge.

Weather Report

Rainfall here for the month of October to date is 7.93 inches. On Monday of this week, 4.2 inches of rain was measured and on Tuesday, .16 of an inch, making a total of 5.8 of an inch this week, according to and official announcement by Harry Allen.

Public Tired of Floods; To Vote on Proposal 3, Nov. 5, Says Provence

Regardless of the kind of water legislation that comes out of the special session of the Texas legislature, the constitutional amendment (Proposal No. 3) to be voted on Nov. 5, must be adopted by the voters to make a state water program work.

So stated Harry Provence, editor of the Waco News-Tribune and chairman of the Governor's steering committee for the Water Development Amendment.

"This amendment was overwhelmingly approved by the Texas Legislature last spring," Provence pointed out. "Its sole purpose is to provide a fund with which the State of Texas can help finance water development projects."

Provence explained that there are bound to be differences of opinion among Legislators as to the kind of water legislation that is needed. "There always are differences of opinion on any legislation," he emphasized. "But differences can and

will be settled." Recent rains, the Waco editor cited, again point up the necessity or adequate dams and reservoirs. And he added that the people of Texas are getting tired of losing millions of acre feet of water and suffering thousands of dollars in property damage, because of lack of water storage facilities.

"What the legislature decides to do with the water after it is in storage is a matter for them to determine," Provence added. "But the people of Texas first of all must vote for water development. Proposal No. 3 must be passed on Nov. 5 before Texas can start to do, under its own power, the conservation work that still needs doing."

Mr. and Mrs. Cecil Williams and Mr. and Mrs. C. Locklear spent the past weekend in Weatherford with Mr. and Mrs. Wayne Locklear. Mr. and Mrs. Williams returned home Sunday night while the Locklears remained for a longer visit.

Cole's Wild Animal Circus To Show In Goldthwaite Next Monday

Next Monday, October 28, the famous Cole Wild Animal Circus will be in Goldthwaite. Always a big day for every youngster and for all those adults who are still young at heart.

The big white trucks and vans of the George W. Cole Three Ring Wild Animal Circus will roll into town early Monday morning and will move directly to the ball park showgrounds where the work of setting up the tents and other circus props will get under way. For all those able to get over to the showgrounds Monday morning, the setting up of the circus should prove an interesting operation. The Cole Circus carries its huge "Big Top" on large truck-mounted spools, spread it

on the ground mechanically, and then raises it into the air with the help of ponderous elephants wearing special leathers and for all those adults who are still young at heart.

About 10 a.m., on circus day, all of the circus's wild animal cages will be open for nearly an hour's free inspection by visitors to the circus grounds. The Cole Circus has found that this morning's "Free Sample" has had an excellent effect on box office receipts by giving townspeople a chance to judge the quality and caliber of the show.

The show is in town under the auspices of the Lions Club.

PHILIP EDGINGTON

The Goldthwaite F.H.A. Chapter met recently and elected Chapter Beau and mothers. Philip Edgington was chosen Beau. He is a senior, plays football, is on the annual staff and is an honor student.

Philip is the son of Mr. and Mrs. D. R. Edgington of Goldthwaite.

ONE WEEK LEFT FOR 3% DISCOUNT ON TAXES

Next week is the last week for people to receive the 3% discount on State and County taxes, according to an announcement from the Tax-Assessor-Collector's office.

Beginning the first of November, the rate is reduced to 2% and in December it is further reduced to 1%.

SOLILOQUY

FLOOD OR FAMINE

Texas is a paradoxical State. It is plains and mountains; tropical and near-Arctic at times; desert and swamp; drouth and flood. Illustrative of this fact is the experience Texans have had this year.

In the early part of the year virtually the entire State sustained immeasurable loss from excessive rainfall and the accompanying disastrous floods. A number of rivers, dry for years, were above flood stage for a month.

Then as suddenly as they began, the rains ceased and much of the state experienced a far more serious condition of drouth than at any time during the past nine years. Now within the past week, the state has again been hit by floods.

The need for water has long been proclaimed the No. 1 problem in Texas. Fantastic proposals to correct the situation have been advanced. These range all the way from pipelines to the Great Lakes, cross-country canals, to the building of huge reservoirs in the Panhandle area for the storage of water imported from other States.

But Texas does not need to import water. Texas gets all the water it needs. The solution to the Texas water problem is not more water, but rather the proper use of what it gets from the skies each year. Proper utilization of this water means it must be stored to be available as needed.

This is what House Joint Resolution No. 3 proposes to do, if adopted by the public as a constitutional amendment at the Nov. 5 election.

This proposed amendment would authorize the issuance of up to \$200,000,000 in State bonds for construction of facilities for storing and preserving flood waters. The money derived from the sale of these bonds would not be spent by the State, but would be loaned to local governing bodies, such as towns, cities, and water districts, where it would be used in such manner as local needs dictate.

We believe this amendment offers a sound approach to our problem. It leaves control of local problems to local people. It provides safeguards against the larger communities getting more than their share, to the detriment of the smaller ones. It is not a give-away program, but one that will be self-liquidating. It is Texan in its approach in that it recognizes the ability of local communities to solve their problems by themselves, with just a little help.

We think it should be approved by an overwhelming vote.

CALENDAR OF FACT AND OPINION

In 1955, according to the Wall Street Journal, 21.5 per cent of the consumer dollar taken in by the private electric utilities went for taxes—national, state and local. By contrast, the tax payments of publicly-owned power operations amounted to only 2.9 per cent. Since that year, the proportion paid by the utilities has substantially increased.

The first local legislation passed by the Hanover Township, Pennsylvania, Board of Supervisors in the community's 154-year history recently went onto the books. It is aimed at litterbugs. A fine of \$100 is provided for the dumping of trash inside the Township's borders, and residents are asked to report the license number of offending motorists.

From Dorothy Thompson: "America's policy-making officials do not understand even the rudiments of the principles that should govern the behavior of a great world power in the middle twentieth century. . . .

"A great power should behave like a gentleman and gentlemen don't brag. Besides, the poor have never loved the rich but rather envied them, and when the rich continually advertise their wealth and benevolence as well, they invite 'schnoorer,' a delightful and indispensable Jewish word for a peculiarly talented hijacker."

According to a U. S. News and World Report estimate, the average income per person this year for the country as a whole will be \$2,009, or 52.7 per cent over the 1947 figure. Largest percentage increases are found in the Southeast and Southwest.

A late Gallup Poll survey asked people what they consider to be the chief problem now confronting this country. The top three concerns, in order of mention, are avoiding war; living costs and inflation; integration.

It is forecast that by 1965, and perhaps sooner, there will be 81 million motor vehicles registered in this country, as against 66,275,000 now. This gives special relevance to a statement by Lewis H. Mumford, an authority on city planning: "Americans who once sang, 'We love our rocks and hills, we love our templed hills' now could accurately sing, 'We love our expressways and parking lots, big cloverleaves and traffic knots.'"

Senator Hayden Seeking Congress Service Record
Arizona's Capitol Career Launched

By HENRY CATHART
Central Press Washington Writer
WASHINGTON—A former gun-toting sheriff of the West the last of America's frontiersmen still in public life, Oct. 21 establish a record no other man has ever attained.

On that date Senator Carl Hayden (D), Arizona, will record for the longest continuous service in Congress, exactly 45 years, 8 months, 2 days, served by the late Rep. Adolph J. 'D', Illinois.

Hayden was 80 years old on Oct. 2. Interestingly enough, born on the same date as Senator Green (D), Rhode Island, the Senator's member, who is 90.

Hayden has the unique distinction of representing his state in Congress since it achieved statehood. Arizona admitted Feb. 12, 1912 and five days later was sworn in as its first representative. He became a senator.

Hayden's present six-year term will not expire until 1963. If all goes well, Feb. 19 next year he will surpass a record has not been broken since it was set by Joseph G. Cannon (R), Illinois, in 1923.

Uncle Joe, four times speaker of the served 46 years in the House, but his term not continuous. He was twice defeated in election. In 1923, when he was 87, he died three years later.

IT HAD BEEN A LONG-STANDING AMBITION of Hayden in service at the age of 85, to surpass Cannon's record. ever, if Hayden has given this much thought, he has kept it self, for the Arizonan is not a talkative man.

In a body where loquaciousness is taken for granted, the senior member is sometimes referred to as "the silent Mr. Hayden." The senator says he is following the advice given him by Frederick C. Talbot of Maryland many years ago.

"There are two kinds of congressmen," Talbot told him. "are show horses and work horses. If you want to get your name in the papers, be a show horse. If you want to gain the respect of your colleagues, keep quiet and be a work horse."

Hayden is today one of the Senate's most respected men, of its most influential. He is chairman of the Senate appropriations committee and also heads the joint committee on printing, also a member of the influential Senate committee on national administration.

HAYDEN WAS BORN OCT. 2, 1877 in Hayden's Ferry, territorial settlement now known as Tempe. The whole Hayden family which he was born is still standing. He was a true son of the He rode the horses and he roped the steers and when he was sheriff of Tempe back in 1909 he strapped on his six-shooters and enforced the law.

Though Hayden may not be the most talkative man in the Senate, he is far from tongue-tied. He was one of the top debaters at Stanford university and a big man to boot on the football team.

Hayden went directly from the office of sheriff to Congress. "Everyone has been very nice to me all my life," he says. "I as his mind went back over the years. "I remember when I got here. I asked some of the old-timers how they kept elected. I got a lot of advice and most of it I followed."

"I guess I've seen a great deal of history in the time I've here," he recalled. "I'd been here only a few years when we won World War I. Then followed the great depression and World War II. Now we live in the atomic age."

Times have changed since Hayden toted a six-shooter in a town.

Miss Elna Fouse Arliff J. Crumley Exchange Vows

Miss Mary Elna Fouse, daughter of Mrs. W. J. Fouse of Round Rock, was married to Arliff J. Crumley at 5:30 p.m., Friday, October 11, in Grace Methodist Church of Coppas Cove.

Rev. Robert E. Cook read the single ring ceremony. The bridegroom is the son of the late Mr. and Mrs. B. T. Crumley of Evant.

Mrs. C. J. Powell was the bride's only attendant. She wore a brown silk shantung suit with brown accessories and white carnation corsage.

C. J. Powell was best man. The bride wore an empire dress of blue crystal with full skirt, lace bodice, and fitted jacket. Her corsage was of pink sweetheart rosebuds. Her jewelry included a diamond brooch which has been in her mother's family for four generations.

The couple will reside in Coppas Cove, where she is employed as homemaking teacher in the high school, and he is employed with the Post Engineers of Fort Hood.

Mrs. Frances Grumbles spent part of last week in Odessa with her daughter, Mr. and Mrs. Bill Means and children.

Mr. and Mrs. Chester Berry

Dorothy Warlick Is Married Chester Berry In Recent Rites

Dorothy Laverne Warlick, daughter of Mr. and Mrs. Warlick, Goldthwaite became the bride of Chester Berry, on Friday evening, October 5, at 8 o'clock in the Goldthwaite Church of Christ. Mr. Berry's parents are Mr. and Mrs. E. B. also of Goldthwaite.

An impressive double ring ceremony was performed by Minister C. W. Hoover, minister of the Church of Christ at the church, before an altar decorated with arrangements of white mums, tall palm trees, and tall white tap-dancing wedding bells.

Mr. and Mrs. Allen W. Hardwick sang "I Love You Truly" and "On Promise Me." The brides were lighted by Miss Linda Warlick, sister of the bride, and Patsy Ruth Miller.

The bride, given in marriage by her father, chose a ballerina gown of Chantilly lace and white satin. The fitted dress featured a high neck with peter pan collar. The fitted lace sleeves came to

points over the hands. Her two tiered veil of nylon net was attached to a crown of seed pearls. She carried a white Bible topped with a white glad and carnations surrounded by silver blue accessories and showered with white satin ribbon streamers tied in double lovers knots.

Miss Esther Thorne of Temple was maid of honor and Miss Carlene Woods of Odessa was bridesmaid. They wore identical ballerina length dresses of pink taffeta and carried bouquets of pink glads showered with streamers of pink satin ribbon.

George Cooke of Stephenville was best man and Dean Leinewebber of Fort Worth and Walter Jones, Odessa ushered.

Immediately following the ceremony the bride's parents were hosts at a reception at the Youth Center.

For a wedding trip the bride wore a blue cashmere flannel dress with fur trim and black accessories.

The couple are now at home at Marietta, Oklahoma where Mr. Berry is employed by the Santa Fe Railway Company.

Mr. and Mrs. Chester Berry of Marietta, Oklahoma were guests of their parents, Mr. and Mrs. John Warlick and Mr. and Mrs. Brit Berry last weekend.

QUALITY THE PRESCRIPTION PHARMACY SERVICE

IT NEVER WAS NECESSARY TO "Enjoy" POOR HEALTH...

Many people seem to "enjoy" poor health. They would not care to be without a cupboardful of odd medicines for self-treatment—some of which may not be in keeping with competent medical advice.

The better way is to enjoy good health—by careful planning. Consult your Doctor at regular intervals, more often if required. He will prescribe only the preparations that you need—preparations of the highest quality, such as those from the laboratories of Parke, Davis & Company—prescriptions which we will be pleased to compound for you. The necessity for medication will pass, and life with abundant health can become a pleasure indeed.

— IT PAYS TO ADVERTISE —

Literally, the weather is great for ducks.

A lot of Texans, you may be sure, have been thinking it over, inasmuch as the duck season opens November 1 and extends to December 30.

Big rains this year have broken the drouth along the Gulf Coast, providing plenty of surface water for the birds. Conditions in the marsh areas of the upper coast are the best in 10 years.

There will be an excellent crop of such native waterfowl food as wild duck millet, smartweeds, duck potato, and pondweeds.

Along the lower coast, the duck prospects are also very good. October rain caused habit conditions to improve rapidly.

Add to all this the fact that the duck breeding season in the North was a successful one, and you have every indication of good duck hunting in Texas during the coming season.

Many varieties of ducks come to Texas with the cool winds of Fall.

Of the various kinds, the mallard predominates. A grain-eater, the mallard's flesh has a mild flavor. Fish-eating ducks have a stronger taste.

Biggest of the ducks available to Texans is the American Merganser, which may go to four pounds. Smallest is the green-winged teal, averaging three-quarters of a pound.

A duck hunter must know his birds—bag limits vary with the species.

How To Do It

What's the secret of duck hunting—or any wing shooting? Well, it takes a steady hand, a clear eye, and good coordination, of course, but it also takes a gun that fits the shooter.

With time and money, you can do business with gun specialists who will fit the gun to your particular needs.

You'll get all kinds of tests, including some in the field. At the end of a year or so you'll have your gun, which will fit you like an old shoe. It will cost you about two thousand dollars.

Most of us don't have that kind of moola. But we can take our time in selecting a weapon, try it out, borrow a gun from a friend, talk about it, and be sure, before we purchase, that the gun fits.

Then we can go duck hunting, and if all the factors are right we can get birds.

Practice Helps

It goes without saying that practice is one of the elements of accurate wing shooting. Some rounds of skeet, before the season opens, should serve to sharpen the eye.

Another item is distance. A beginner is likely to blast away at ducks from afar, but a more experienced shooter will wait until they come closer.

At 12 yards, a duck looks bigger than a turkey. At 20 yards he shrinks to chicken size. At 30 yards, he's more like a pigeon, and at 40 yards, he's down to dove dimensions. Off there at

50 yards he's an English sparrow, and at 60 yards, he's a hummingbird.

To Many Deer

Game management officials are in some disagreement about reducing the deer population in some areas.

In Kerr County, for example, game commission biologists found that the land is overstocked and overgrazed. They recommended that hunters be permitted to kill doe as well as buck deer this season.

Kerr County commissioners rejected this proposal, and the state commission held with the Kerr County group, so there will be no legal doe shooting in the county this year.

There is a strong likelihood, say the biologists, that many Kerr County deer will die of starvation this winter.

There is a different situation in the Engeling area of Anderson County where, on a block of land owned by the state commission, permits will be issued to kill 100 deer of either sex.

An excess of doe was discovered in the area.

Gal Wardens?

Maybe Texas is going to have female game wardens. The notion has been put forward by Sportsmen's Clubs of Texas.

Pickerei in Texas

Did you know you can catch chain pickerei in Texas? You can.

That would be at Caddo Lake, where this relative of the northern pike and the majestic muskellunge abounds.

The pickerei lives in quiet, weedy waters and grows to 26 inches or so, and four pounds. A hungry citizen of Caddo's cypress swamps, the pickerei will strike practically anything that moves. He especially likes flashy underwater lures and noisy topwater baits.

A mystery is where the pickerei goes in midsummer, but a good guess is that he seeks a deep, cool place and remains practically dormant. But in the Fall he perks up, and by November he is really ready for something to eat.

The pickerei, by the way, is a good eating fish. Skin him, remove bones, cut into narrow strips, dip in batter, and fry until well done.

Skier-Fishermen

After trouble between fishermen and water skiers on a California Lake, the U. S. Forest Service has set up some restrictions.

Anglers and skiers have agreed to these regulations: Fishermen have the lake all to themselves on Saturdays, with no skiers allowed. Skiing is permitted from 10 a.m. to 4 p.m. other days, within boundaries

marked by buoys. Well, nobody wants to be regulated but regulation will come to our Texas lakes if the fishermen and skiers can't get along with each other. They can because all it takes is courtesy, thoughtfulness and consideration of the other fellow.

Hillside Mission

By LIDA BYRNE

A siege is "a continued attempt to gain possession." Nahum 3:14 tells us: "Draw waters for the siege, fortify thy strongholds; go into clay, and tread the mortar, make strong the brickkiln." Does this mean to draw water and get it protected from bomb fall-outs? God's word tells us in Zephaniah 3:7-9: "I said, Surely thou wilt fear me, thou wilt receive instruction; so their dwelling should not be cut off, howsoever I punished them: but they rose early, and corrupted all their doings. Therefore wait ye upon me, saith the Lord, until the day that I rise up to the prey: for my determination is to gather the nations, that I may assemble the kingdoms, to pour upon them mine indignation, even all my fierce anger: for all the earth shall be devoted with the fire of my jealousy. For then will I turn to the people a pure language,

that they may all call upon the Lord, to serve him with one consent."

STAR BROWNIES MEET TUESDAY

"Get Acquainted"
Party Held By
Mullin FHA Chapter
BY ELDORA EDMONDSON
At the October meeting of the Mullin Chapter of Future Homemakers of America, the girls invited their mothers. A skit explaining home project work was presented. Afterwards there was a "Get Acquainted" party in the homemaking room. The mothers of the freshmen were introduced to the mothers of the upper-classes. The refreshment table carried out the F.H.A. theme. The table was covered with a white lace cloth and centered with a bowl of red roses. Red punch and cookies were served by the light of glimmering white candles.

Mrs. John E. Morgan, Dallas and Mrs. J. E. Matthews, Ranger were guests of their sister, Mrs. Jim Faulkner and Mr. Faulkner last weekend.

Mr. and Mrs. Ernest Wilson, Mrs. Charlie Wilson and Mrs. Annie Armstrong attended funeral services for their cousin, W. S. (Bill) Lowe in Mullin, Friday.

Mrs. Tom House returned Saturday from College Station, where she had been the past ten days helping care for a new grandson, Thomas Henry House, son of Mr. and Mrs. Jim Tom House. "Baby Tom" has a little sister, Martha Frances to help care for him.

Mrs. Addie C. Davis had the following guests last weekend: Mr. and Mrs. W. G. Keley, Fort Worth, Mr. and Mrs. Owen Blue and Donnie, Grand Prairie, Mr. and Mrs. Frank Davis and baby, John and Gene Davis.

SOIL CONSERVATION DISTRICT NEWS
OUR SOIL ★ OUR STRENGTH
By HUBERT BERRY
Recent rains make prospects more favorable for a winter legume crop. Austrian Winter peas, vetch, and madrid or human sweet clover are legume crops well adapted to most soils in the Brown-Mills Soil Conservation District.
A legume is the only crop which has the ability to take nitrogen from the air and deposit it into the soil through the nodules on the roots. A good legume crop can be expected to put 60 pounds or more nitrogen into the soil per acre. This, if bought as commercial fertilizer would cost approximately nine dollars per acre.
Some farmers who have planted legume cover crops are O. O. Smith, Z. Karnes, Tom Cooksey, O. D. Windham, W. O. Kirk, W. A. Daniels, Al Langford, R. D. Egger, C. S. Miller, O. P. Leonard, Ray Standley, and Floyd Sikes. These farmers know the value of a legume crop in increasing fertility and water holding capacity of their soil.

Show them the Way...this week

A child's trust is a precious thing.
Instinctively your little ones rely upon your example...
so the pattern you set becomes their pattern, too.

By taking them to worship with you every week
they will come to know God... to be at ease with Him
... to feel the strength and warmth of His love.
And you will be building the foundation for a richer
and happier life for your whole family.

Give them a Faith to live by... Worship with them this week

Services were conducted by Rev. Ray V. Mayfield, pastor of the First Baptist Church of Conroe, former pastor of the First Baptist Church of Goldthwaite, assisted by Rev. Walter J. Cartwright, pastor of the First Methodist Church of Goldthwaite.

Dr. Slaughter was born in Pike City, Arkansas, August 16, 1903 and passed away at his home in Goldthwaite Sunday morning, October 20, 1957. He came to Goldthwaite with his family from Jefferson, Texas in December 1938, and continued in the practice of medicine until his death. He was a member of the First Christian Church of Ravenna.

On January 20, 1924 he was married to Miss Maxie Lane Barnett, at Ravenna.

Survivors are his widow, Mrs. Ruel Slaughter, Goldthwaite, a day Saturday afternoon at the home of his grandparents, Mr. and Mrs. Frank Hines. His mother, Mrs. Fields Hines brought Greg and a number of his schoolmates out for two hours of fun before refreshments of cake, cream and candy was served by the hostess.

Mr. and Mrs. George Joyce of Odessa were recent guests of Mr. and Mrs. John Harris. Mrs. Joyce is a sister of Mrs. Harris.

Dr. and Mrs. M. D. Queen of Longview was here last week to attend funeral services for his uncle, Claude A. Eacott.

Clementine Wilmeth Briley
From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

"O, sun and skies and clouds of June, And flowers of June together, Ye cannot rival for one hour October's bright, blue weather!" And oh! how well do I remember October at home when rain had made it beautiful. Fields white with cotton; pecans dropping in the river bottom; green ferns around the mossy rocks; golden rod still blooming in the woods; wild asters hanging o'er the water edge; wild plums in the woods along the creek; and red leaves on the hills.

And now the chrysanthemums bloom. They thrill me to ecstasy. Grace took a big bouquet to school today. Beautiful yellow and white, with a few orange and bronze marigolds mixed in.

A card from Mrs. Edna Dwyer today, dated Sunday night tells of four inches of rain at Ebony. The tanks are full and running over and the river crest is high. El Paso is getting to be somewhat of a rainy place itself. Thus far this year they have had about 10 inches of rain. Seven and one half inches is a generous allowance for a usual annual rainfall here. I see the papers are full of rain and floods over Texas.

Captain and Mrs. Lane and the children came to see us not long ago. They used to live second door from us. Last year they moved way across town. They were such good neighbors we never have found anyone to take their place. While they were here, they Grace and Bill planned a lark. They decided

1958 Chevrolet Trucks On Display Now At Saylor Chevrolet Company

Style, Power Mark 1958 Chevrolet Trucks

Fresh styling, more power, and many chassis improvements mark the 1958 Chevrolet truck line. This Low Cab Forward heavy-duty model has a new 348-cu.-in. 230-horsepower engine designed for durability with sodium-cooled valves, heavy bearings, and other heavy-duty features. Combustion chamber is wholly within the cylinder bore. All 1958 Chevrolet trucks have dual headlamps and redesigned grille, hood, and fenders.

DAMAGED HIDES MEAN DOLLAR LOSSES

About \$200 million in profits are lost by the livestock hide industry each year which might be saved with just a "little extra care" by both producers and packers. Animal hide is a sideline of livestock production that is not often thought of as a big profit factor by the average person. Yet, a perfect hide can mean as much as a \$10 "bonus" to the producer. The hide has quite a few "enemies, however, which must be guarded against. Grubs eat holes in them. Barbed wire,

nails and jagged edges of carriers scratch them. Mange leaves a dark spot or unpleasant mottling and prod poles and rough herding tactics create unsightly blotches.

Still another damage factor are huge brand marks which frequently cause up to a quarter of the hide to be discarded. These four pre-tannery dollar-robbers can best be brought into control by cattlemen themselves while the packers can attempt to cut losses from skinner slashes and hide-cellar rot. The biggest problem for the cattleman is elimination of

cattle grubs which cause \$100 million or 50% of the animal hide damage. Early treatment of mange, plus dehorning will help cut down blemishes and punctures. Feed lots, loading chutes, fences, and truck beds should be checked for sharp objects that will puncture, bruise or scratch. It is always a good idea, also, to start the livestock to market with clean skins. Caked manure and other lot soil cause unsightly stains which may influence the buyer to cut the cattle price. Proper care of the hide is especially important these days when leather products are losing their markets to synthetics. At the same time, leather goods prices are going sky high because perfect hides are something of a rarity. Just a little more caution and planning can mean that extra "bonus" for the producers.

Clementine Wilmeth Briley Writes From Temporary Home In El Paso

By CLEMENTINE WILMETH BRILEY

"O, sun and skies and clouds of June. And flowers of June together. Ye cannot rival for one hour October's bright, blue weather!" And oh! how well do I remember October at home when rain had made it beautiful. Fields white with cotton; pecans dropping in the river bottom; green ferns around the mossy rocks; golden rod still blooming in the woods; wild asters hanging o'er the water edge; wild plums in the woods along the creek; and red leaves on the hills.

And now the chrysanthemums bloom. They thrill me to ecstasy. Grace took a big bouquet to school today. Beautiful yellow and white, with a few orange and bronze marigolds mixed in.

A card from Mrs. Edna Dwyer today, dated Sunday night tells of four inches of rain at Ebony. The tanks are full and running over and the river crest is high. El Paso is getting to be somewhat of a rainy place itself. Thus far this year they have had about 10 inches of rain. Seven and one half inches is a generous allowance for a usual annual rainfall here. I see the papers are full of rain and floods over Texas.

Captain and Mrs. Lane and the children came to see us not long ago. They used to live second door from us. Last year they moved way across town. They were such good neighbors we never have found anyone to take their place. While they were here, they Grace and Bill planned a lark. They decided

they would go out then attend the Texas Tech football urday night. Bill from Texas Tech in tain Daniel was sent last week for a week. That released me from care of the Daniel ch urday night. That into the plan. I was to take care of the ren. Grace and Bill me over there and back.

Came Saturday. overcast with cloud warnings kept coming the radio saying the high wind, rain, big possibly a tornado Paso area that afternoon. It seemed that the fog might be knocked gradually the dark ed on toward the ea calmed down, and sundown the sun ca

Keeping the La was a pleasure. Cindy, whom I had before, cried just as was soon asleep. A children were in. It began to rain. I I wondered about it. But when they ca said the game was the rain. They some place to have were in there all the raining. So every out fine, except got beat.

**1958 Chevrolet Trucks On Display
 Now At Saylor Chevrolet Company**

Style, Power Mark 1958 Chevrolet Trucks

Fresh styling, more power, and many chassis improvements mark the 1958 Chevrolet truck line. This Low Cab Forward heavy-duty model has a new 348-cu.-in. 239-horsepower engine designed for durability with sodium-cooled valves, heavy bearings, and other heavy service features. Combustion chamber is wholly within the cylinder bore. All 1958 Chevrolet trucks have dual headlamps and redesigned grille, hood, and fenders.

**DAMAGED HIDES
 MEAN DOLLAR LOSSES**

About \$200 million in profits are lost by the livestock hide industry each year which might be saved with just a "little extra care" by both producers and packers.

Animal hide is a sideline of livestock production that is not often thought of as a big profit factor by the average person. Yet, a perfect hide can mean as much as a \$10 'bonus' to the producer.

The hide has quite a few 'enemies, however, which must be guarded against. Grubs eat holes in them. Barbed wire,

nails and jagged edges of carriers scratch them. Mange leaves a dark spot or unpleasant mottling and prod poles and rough herding tactics create unsightly blotches.

Still another damage factor are huge brand marks which frequently cause up to a quarter of the hide to be discarded. These four pre-tannery dollar-robbers can best be brought into control by cattlemen themselves while the packers can attempt to cut losses from skinner slashes and hide-cellar rot.

The biggest problem for the cattleman is elimination of

cattle grubs which cause \$100 million or 50% of the animal hide damage. Early treatment of mange, plus dehorning will help cut down blemishes and punctures. Feed lots, loading chutes, fences, and truck beds should be checked for sharp objects that will puncture, bruise or scratch.

fluence the buyer to cut the cattle price.

Proper care of the hide is especially important these days when leather products are losing their markets to synthetics. At the same time, leather goods prices are going sky high because perfect hides are something of a rarity. Just a little more caution and planning can mean that extra 'bonus' for the producers.

DUPONT PAINT SERVICE

NEWS from YOUR COUNTY AGRICULTURAL AGENT TEXAS A. & M. COLLEGE EXTENSION SERVICE

BY GEORGE G. REESE
The Grand Champion turkeys, that Wanda Soules of Star, exhibited at the State Fair of Texas were sold for \$520.00. This sets a new high for the selling price of turkeys at the State Fair.

Mr. F. Z. Beanblossom, who was the superintendent of the poultry show, told me that this was the best group of three turkeys that had ever been shown at the fair in Dallas.

Margaret Reese exhibited the first place light weight Shorthorn steer and this steer also won the champion Shorthorn Steer award at the Dallas Fair.

Eugene Duren placed third with an Angus steer, and Brady Wayne Duren placed fourth with another light weight Angus steer.

Alvin Glenn Tiemann placed sixth in the middle weight Hereford steer class with his middle weight Hereford steer.

Small grain diseases during the current year have cost Texas producers an estimated \$18,000,000. Harlan Smith, extension plant pathologist, said the loss in bushels of grain was actually only a part of the accumulated losses to farmers. Lodging in combination with diseases greatly increased harvesting costs; test weights were lowered as was germination and most important, grain prices were reduced because of these factors.

Secretary of Agriculture Ezra Taft Benson has asked hog producers to avoid heavy production in 1958 due to the present hog price situation. Hog prices have been fairly good this year but too many sows farrowed early next year could mean a severe decline in price next fall.

Birds in flocks participating in the National Poultry Improvement Plan reached an all-time high of more than thirty

nine million as of June 30, 1957—two million more than the previous participation record set in 1951—52, according to the U.S. Department of Agriculture. The major objectives of the program are breeding improvement and the control and eradication of poultry diseases.

Irrigation continues to expand in Texas—A contributing factor and a mighty important one to the overall agricultural production of Texas' farms and ranches is irrigation. R. V. Thurmond, extension agricultural engineer—irrigation, has just released a statewide summary which points up the great economic importance that supplemental water plays in the states economy.

The total land under irrigation in Texas now stands at 6,962,234 acres. This compares with a total of 6,208,022 acres in 1955 (figures are from a similar survey).

In June 1957 when the figures were taken, 39,706 farms were listed as being irrigated. Only ten counties in the state reported no irrigation. The number of irrigation wells rose from 42,874 in 1955 to 54,994 in 1957. The number of sprinkler systems in use almost doubled during this same period with a 200,000 acre increase in the land thus irrigated. Grain sorghums on almost 2.3 millions of acres were the principal crop irrigated. Cotton was a close second with almost 2.2 millions of acres under irrigation. Other major crops included wheat, rice, vegetables, pastures, alfalfa, field corn, oats and barley, forage sorghums, orchards and others.

Hale county with 500,000 acres under irrigation leads all counties in this respect but is closely followed by Swisher with 400,000 acres under irrigation. Counties in the Lower Rio Grande Valley and the rice belt are also among the leading counties.

M.Y.F. To Sponsor "Trick Or Treat" For CROP, Oct. 24

Next Thursday evening the young people of our community will celebrate Halloween in an up-to-date and modern manner. The old Trick or Treat way included collecting candy, doughnuts, cookies and other miscellaneous edibles—far too much ever to be eaten—which usually ended up in the garbage can, and often the provoking tricks which ended in destruction of property.

The "new look" at Halloween sponsored by the Christian Rural Overseas Program (CROP) means having a good time but coming up with a gift of coins which add up to a lot of food for a part of the world's hungry people. Last year the youth of Texas raised \$54,910.04. This made possible:

- (1) Distribution of at least 2100 tons of surplus food (70 freight carloads).
- (2) Purchase and shipment of a carload of peanuts to Korea.
- (3) A share in the shipping costs of more than \$20,000 worth of contributed commodities, including cotton, rice and pinto beans.

CROP Trick or Treat in Goldthwaite is sponsored by the Methodist Youth Fellowship under the direction of Bill Clements chairman, assisted by Mrs. Harold Yarborough, Tom Cody Graves, Linda Yarborough, Cornelia Patterson, and Kay Campbell, members of the committee.

The young people will meet briefly for instructions Thursday evening at the Methodist Church at 5:45 o'clock. After the collection they will return to the same place for a celebration and to count the results of their canvass. Identification tags are supplied to all boys and girls who ask for contributions. Leaflets with information about CROP are given to each donor.

Homecoming At Priddy, October 26

BY MRS. ANNA CURRIN

One of the biggest events at Priddy High School this week is the annual Homecoming to be held on Saturday, October 26, 1957. Although we have not been able to notify everyone personally, we invite all to come and participate in the various activities which include: a program at 2:30 p.m., supper at 5 p.m., and pep rally.

The main attraction, in this our second homecoming is the Priddy versus Mullin football game at 8:00 p.m. followed by a dance. There will be activities galore for both the young and old throughout the evening.

Reception Honors Football Sweetheart

The Football Sweetheart, Miss Betsy Glass, and her attendants, Misses Linda Ward and Nelda Gene Sherwood, were guests of honor at a reception at the Malcolm Jernigan home last Friday night after the Homecoming game.

Mrs. Jernigan and Mrs. Larry Dalton were co-hostesses for the reception. Guests other than the honorees were football boys, their dates, all the college students home for the weekend for the game, the coaches, their wives and other faculty members.

RAY STARK INJURED IN CAR WRECK

Mrs. J. C. Stark received word that her son, Ray was injured in a car wreck, breaking his right arm and left leg. He also received cuts and scratches on his head. He was carried to the Baptist Hospital at Harlingen.

Mr. and Mrs. Dick Long of Fort Worth were in town last Tuesday to attend funeral services for Sam P. Rahl, they also visited friends and relatives while here.

a look at the facts

In these days of record highs in the cost of living the consumer has an obligation to get the very best value for every dollar he spends. For this reason each man who is considering the purchase of a suit owes it to himself to consider these facts carefully:

- 1 The nation's foremost impartial consumer testing agency, universally known and respected, has, since 1950, regularly conducted laboratory tests on men's clothing.
- 2 In each of these tests Style-Mart suits and topcoats have invariably received the top rating in their price field—a record unmatched by clothing from any other manufacturer.
- 3 On the basis of these scientific findings Style-Mart clothes will satisfy consumers with the best value in fabrics, workmanship and overall quality.

In view of the evidence, isn't it just good sense to make your next suit Style-Mart? We have the details of Style-Mart's amazing record and our selection of suits is complete.

Sidney Long On Tex. Tech Livestock Judging Team

Sidney Long of Goldthwaite was a member of the six-man Texas Tech's senior livestock judging team that was in Kansas City last week to better or equal its record at the American Royal Livestock Exposition.

The team judged livestock last Saturday according to Dr. Stanley Anderson, team coach and associate professor of animal husbandry.

While enroute to Kansas the team visited Brer Hereford Ranch at Wichita and at the State Fair of Texas they practiced judging in preparation for the American competition.

Tech had five steers, Angus and two Hereford entered in the Kansas City Exposition.

Sidney is the son of Mr. Mrs. Adrain Long of Goldthwaite and grandson of Mr. Mrs. J. H. Hale, also of Goldthwaite.
