Girl Scout Finance Drive Opens Monday; Lewis Hudson Is Chairman

The Annual Girl Scout finance drive for Goldthwaite Girl Scout Association will open here next Monday morning, according to announcement by Lewis Hudson.

Hudson is finance chairman of the association and also is serving as chairman of the drive which will be conducted Monday through Saturday of next week.

The goal for the drive is \$800, according to Hudson, who stated that the drive is late this year. It should have been conducted last November, but was delayed because of other activities.

Captains will be named for the drive. Hudson will appoint some businessmen who will work the downtown area while some ladies will be appointed to

work the entire residential area. The contact work is to be completed in the one week drive.

Over 50 per cent of the funds raised during the drive will be used for local activities of Girl Scouts. These include summer camping program at Camp Wood Lake at Lake Brownwood, counseling and advisors.

The Association is also faced with the problem of making much needed improvements at the Girl Scout Little House. The building isn't large enough to accommodate the girls and their activities and a room needs to be added.

Actually the Association financially is in the red at the present time, according to officials, and it is hoped that everyone will cooperate to the fullest during the drive next week.

SO THIS IS URBAN RENEWAL—We have been hearing a good bit during recent weeks about the Urban Renewal Agency, or "Department Of Urban Affairs and Housing" as it is called by the Administration and President Kennedy in presenting it to Congress for approval.

A lot of people may be wondering just what this is all about and just what the department is supposed to do. One thing is sure, it calls for a cabinet level secretary with the general and usual departmental staff that goes with it. A few more political appointments to help the good old cause of politics and vote building—when all the time they are talking about a balanced budget and cutting government expenses in each department to absolute necessities.

To give us a little sample of the Urban Renewal program and how some of its functions we need only to take a look back to the past week and recount the news item appearing in one of our metropolitan papers telling what the Urban Renewal Agency is doing in Wink, Texas.

The story said the Wink Urban Renewal Agency auctioned off improvements on 35 lots including one building which sold for a high bid of 50 cents.

The 35 lots were purchased by the Agency for a total price of \$80,100, including any structures on them. The buildings brought \$6,196.75 at the sale.

Highest price, according to the story, paid for one structure was \$4,100 for a house. The Agency had purchased the house and lot for \$8,400. That leaves the Agency with a lot costing \$4,300.

The 50-cent purchase was made by a Wink man. He bought what observers said could be loosely called a building. The structure and lot were bought by the Agency for \$1,700. So the Agency has a lot costing \$1,695.50.

All this activity is happening right here in Texas. The Agency got a Million or more dollars from the Federal Government to try to rebuild a town which once was a booming oil town.

According to this auction the Agency has from this transaction 35 lots costing more than \$73,000.

One wonders, if the economy of the town and surrounding area wouldn't justify businessmen or residents to buy these properties and improving them, what are the chances for the Agency. Will the Agency be able to sell the property, improve it and sell it, or what have you. If the Agency can rebuild the property and sell it, what chances are there for those to follow in making a go of it when the economy of the town and area didn't justify it in the first place and it was left to rot and ruin.

And who is going to pay for it? Surely someone will have to dig up to pay for it, whether it is directly or indirectly.

WE NEED A POTATO MASHER—I noticed the other day as I was helping Mom in the kitchen, (I do that often) as we were preparing for dinner, that we need a new potato masher.

Guess they just don't make things as good as they used to. Ours is worn out, the masher part is coming off the handle.

You hear some folks talk about some of their household items that they have used for so many, or so many years. Or ever since they got married.

You know, you have heard it. Once in a while you find someone commenting that they have used a pan or iron skillet since they first set up housekeeping. And mind you sometimes that goes back 35, 40 or more years, too.

Now here we are with our potato masher going to pieces. Well yes, we have had it since we got married and first set up housekeeping too, but that won't be 30 years until come this September.

With all this Urban Renewal, or as the President calls it, the Department of Urban Affairs and Housing, to help pay for, guess we will just have to start eating our potatoes unmashed.

Austin, Texas — Gov. Price Daniel's long fight over reporting unclaimed property to the state for escheat has ended at last.

So has the argument over rural roads policy.

But the scrap over the question of what to do about regulating loans, interest rates and lenders is not yet settled. And it may not be for a long, long time.

The Legislature has settled the escheat and road policy questions. Also it has partially solved the advertising program for tourists, juvenile parole and repair of the San Jacinto Monument.

Money problems were eased when Comptroller Bob Calvert estimated that the escheat reporting law passed last year will yield at least \$300,000 during the next 20 months. He put no estimate on the bank reporting law just laid on Governor Price Daniel's desk for certain signature into law.

When the Legislature meets, growing Texas brings a pack of questions to Austin for it to solve.

High Plains irrigation farmers are quarrelling with their gas company. They want its rates regulated. Sen. Andy Rogers of Childress and Rep. H. G. Wells of Tulla tussled a bill through both houses to let the farmers appeal to the Railroad Commission, just as cities do, if the gas company increases its rates.

San Angelo and Edinburg got favorable reports from the Commission on Higher Education on making San Angelo College and Pan American College, now locally supported, part of the state system of colleges in 1965.

They came to Austin to get the Legislature to pass the necessary laws, and make the state take over support of the colleges. House of Representatives went along with both proposals.

But Sen. W. T. Moore of Bryan, down in A&M country, thinks Texas has enough state colleges already. So, he used the filibuster to fight the two new college bills to a standstill.

WAY TO ROADS PAVED

State Highway Commissioner Herb Petry Jr., complimented the Legislature on passage of the Farm-to-Market Road bill. He announced new projects as soon as Governor Daniel's signature was on the bill.

The Commission approved \$135,000 worth of surfacing work on highways in Cameron and Hidalgo counties and an \$82,000 highway contract in Cameron County. Within the next 60 days they will try to schedule more than \$1,000,000 of work on US 83 in the Valley and \$500,000 for road work in the Valley.

Senators Bob Baker of Hous-

ton and Neville Colson of Navasota appeared before the Highway Commission to urge approval of a four-lane highway between Hempstead and Houston. The Senators reminded the Commission that they had helped pass the road bill which frees funds for primary roads.

NO RELIEF IN SIGHT

Many legislators were hoping to go home at the end of the week, but as soon as they processed pending bills, other bills were submitted.

At the end of the week, Governor Daniel submitted additional subjects: Authority for the Texas Employment Commission to enter into a compact with other states; financing of the Texas Securities Commission; an appropriation to the Department of Banking; and amendments to the Penal Code.

House members held a Friday session for the first time this month, and resigned themselves to working right through the last of the 30 days of the called session.

INEQUITIES STUDY PROPOSED

Rep. W. S. Heatly of Paducah introduced a resolution that the House Committee on Privileges, Suffrage and Elections study election "inequities" in the Constitution, and report its findings to the next legislature.

Heatly said he didn't think it fair that while the law requires district and county officials to resign upon announcement of their candidacy for another office, it does not require this same action by all state officials.

COBB JOINS INDUSTRIAL GROUP

Bill B. Cobb of Austin, who has been serving as chief examiner of the Legislative Budget Board, will leave that post on February 1.

Harry W. Clark, executive director of the Texas Industrial Commission, has picked Cobb as his assistant.

In keeping with recommendations made by the Texas Research League, Cobb's prime duty will be to organize and design research projects, supervise community development efforts and direct the advertising program of the industrial commission.

A ROSE BY ANY NAME

Don Yarborough, Houstonian who is supposed to have liberal backing in Harris County and labor support on a statewide basis, told Capitol newsmen he will run for governor. U. S. Senator Ralph Yarborough, who was supported by liberals in two gubernatorial campaigns, decided not to enter this race.

Billy Singleton To Be Released From Active Duty

Fort Polk, La. (Spec.)—Specialist 4 Billy J. Singleton of Box 43, Mullin, Texas, will be released from active service with the 49th Armored Division on Jan. 31, it was announced here today.

He will be immediately re-assigned to the U. S. Army Reserve Control Group at VIII Army Corps, Austin, Texas, as an inactive "paper" unit.

Singleton will be one of the first re-called individual Army Reservists to be released under the provisions of a recent Army reservist allowing for the discharge of some 530 officers and enlisted men from this military unit in the next few weeks.

All men considered for release under this plan have completed five years active and reserve service.

The Mullin soldier was recalled for active duty with the former Texas Army National Guard division soon after it was mobilized on Oct. 15 last year.

Singleton was assigned to Co. A, 249th Quartermaster Battalion.

Prior to its mobilization the 49th "Lone Star" Armored Division had 95 units in 74 Texas cities and towns.

Waggoner Carr, former Speaker of the House, paid his \$1,000 filing fee as a candidate for attorney general, and Austin attorney Les Proctor vacated his post as Travis County District Attorney to run for the same post.

SOIL CONSERVATION DISTRICT NEWS

By ELGIN SMITH

A conservation cropping system is the key to successful farming. It is a part of every basic plan developed by the farmers and ranchers in the Brown-Mills Soil Conservation District where cropland is involved.

The objective in applying a conservation cropping system is to maintain or improve soil condition. Soil is like a bank account. It cannot be consistently drawn on without putting something back.

Farmers and ranchers in the Brownwood Work Unit have a cropping system that fits their own operation. Some may apply a rotation of small grain, grain sorghum and cotton. Others may plant peanuts in rotation with cover crops, and still others may grow small grain each year.

Farmers know that the most economical method of maintaining their soil condition is by returning organic matter in the form of crop residue back to the soil.

The higher the organic content of the soil, the more productive the soil becomes.

Chappell Hill

By PEARL CRAWFORD

We are enjoying some pretty, warm weather at the present time. During last week we received sleet, snow and a little rain.

There has been so much sickness here, mostly flu and bad colds. We wish for all the sick folk a speedy recovery.

I think we were the last ones to get our cows tested. O. A. Evans, W. P. Oxford, W. W. Ratliff, A. L. Crawford helped with the work which was appreciated very much.

Bobby Oxford was able to go to work in Fort Worth. We all wish him well.

Wayne Ratliff of Fort Worth spent last weekend with his parents, Mr. and Mrs. W. W. Ratliff and Steve, due to the icy roads he remained over a few days.

Miss Wanda Williams of San Antonio spent a few days visiting home folks. She also visited her grandparents, Mr. and Mrs. O. L. Brown and Mrs. G. L. Mason. Mr. and Mrs. O. A. Evans visited Mr. and Mrs. J. C. Bramblett recently.

Guests of Mr. and Mrs. W. A. Berry included Mr. and Mrs. Elmer Koen, Mr. and Mrs. Brit Berry, Mr. and Mrs. Elton Geeslin, Mr. and Mrs. Dee Benningfield and children and Mrs. Ida Benningfield.
We are happy to report Mr.

Berry's health is improving satisfactorily. He and Mrs. Berry were able to attend church services at Lampasas Sunday. Elder Myron West was the preaching.

Elder West is a former student of Mt. Olive and he conducted services at Chappell Hill some times.

Mr. and Mrs. F. H. Tieme attended church at Priddy Sunday.

W. P. Ledbetter was a visitor at Killen Friday. Mrs. Otto Nauert is reported to be improving satisfactorily.

Mr. and Mrs. Jess Massey visited George and Pearl Crawford Monday, and Mr. and Mrs. O. Brown called awhile Sunday afternoon.

Guests in our home Wednesday were Mrs. Vida Black, Mrs. Norma Ricker and Judy of Brownwood.

Mrs. Lila Ward of Brownwood is visiting here a few days with a sister, Mrs. Lora Maund and her brother, Ed Evans.

Mr. and Mrs. Wayne Henry were in Round Rock Sunday for the funeral of an aunt, Mrs. J. Carelton.

The writer and Billie visited Mrs. Lora Maund and Ed Evans Tuesday afternoon. We also visited Mr. and Mrs. John Harris Sunday afternoon.

Chappell Hill

By PEARL CRAWFORD

We are enjoying some pretty, warm weather at the present time. During last week we received sleet, snow and a little rain.

There has been so much sickness here, mostly flu and bad colds. We wish for all the sick folk a speedy recovery.

I think we were the last ones to get our cows tested. O. A. Evans, W. P. Oxford, W. W. Ratliff, A. L. Crawford helped with the work which was appreciated very much.

Bobby Oxford was able to go to work in Fort Worth. We all wish him well.

Wayne Ratliff of Fort Worth spent last weekend with his parents, Mr. and Mrs. W. W. Ratliff and Steve, due to the icy roads he remained over a few days.

Miss Wanda Williams of San Antonio spent a few days visiting home folks. She also visited her grandparents, Mr. and Mrs. O. Brown and Mrs. G. L. Mason.

Mr. and Mrs. O. A. Evans visited Mr. and Mrs. J. C. Bramblett recently.

Guests of Mr. and Mrs. W. A. Berry included Mr. and Mrs. Elmer Koen, Mr. and Mrs. Brit Berry, Mr. and Mrs. Elton Geeslin, Mr. and Mrs. Dee Benningfield and children and Mrs. Ida Benningfield.

We are happy to report Mr.

Berry's health is improving satisfactorily. He and Mrs. Berry were able to attend church services at Lampasas Sunday, Elder Myron West of the preaching.

Elder West is a former student of Mt. Olive and he conducted services at Chappell Hill some times.

Mr. and Mrs. F. H. Tieme attended church at Priddy Sunday.

W. P. Ledbetter was a visitor at Killen Friday.

Mrs. Otto Nauert is reported to be improving satisfactorily. Mr. and Mrs. Jess Massey visited George and Pearl Crawford Monday, and Mr. and Mrs. C. Brown called awhile Sunday afternoon.

Scallorn News

By MRS. ORA BLACK

The cold weather did considerable damage to the grain crop. Some farmers holdout that a slight majority of the crop is injured while others think the moisture from last week's icy weather was sufficient to save the grain. Time will tell.

Guests in our home Wednesday were Mrs. Vida Black, Mrs. Norma Ricker and Judy of Brownwood.

Mrs. Lila Ward of Brownwood is visiting here a few days with a sister, Mrs. Lora Maund and her brother, Ed Evans.

Mr. and Mrs. Wayne Henry were in Round Rock Sunday for the funeral of an aunt, Mrs. J. Carelton.

The writer and Billie visited Mrs. Lora Maund and Ed Evans Tuesday afternoon. We also visited Mr. and Mrs. John Harris Sunday afternoon.

The Shifting Sands!

By O. C. FISHER

The Shifting Sands of politics stirred up a bit of maneuvering last week when the House Rules Committee unexpectedly reneged on President Kennedy's top priority request for legislation to create the controversial Department of Urban Affairs. Two Democrats on that committee who always did the bidding of the late Speaker Sam Rayburn scanned the political skies on this election year and proceeded to vote against clearing the new agency legislation for House action. Those two votes, added to others, blocked the bill.

But President Kennedy promptly announced he would create the new agency by Executive action, despite the Rules Committee action. And he announced further that if Congress does not override his action creating the new department he will appoint Robert C. Weaver, a Negro, to the new cabinet post.

Observers saw in this maneuver a strategic move to put opponents on the spot because now, in view of that announcement, it is reasoned that political strategists can say to those who vote to override the Kennedy action: "By voting against

the creation of this new agency you will be voting against allowing the first Negro to be given a cabinet post." And supposedly thereby incur the wrath of Negro voters.

Plans Underway For Girl Scout Cookie Sale

Plans are underway for the Ninth Annual Girl Scout Cookie Sale, to be held February 15-24. Scout leaders have completed special training for the project, and are now planning to train the girls in their troops in procedures for conducting the sale.

Mrs. W. G. Saylor is community cookie chairman for Goldthwaite and Mrs. E. R. Bruce is publicity chairman.

Joining with local Scouts in the Cookie Sale program will be Scouts in the other 18 counties of the Council.

The Council goal is to sell 48,000 boxes during the sale.

Although cookie funds go chiefly to maintain and develop Camp Wood Lake, the Council-owned established camp, each troop receives five cents per box of cookies sold by its members. Any girl who sells 48 or more boxes of cookies becomes a member of the Council's "48 Campership Club" and receives a \$5.00 campership to be applied to her camp fee.

Camp Wood Lake is located on the shores of Lake Brownwood and is being built almost entirely with Cookie Sale funds—money raised by the Scouts themselves.

This year, Council proceeds from the sale will be used to construct a swimming pool at the camp. Present waterfront facilities are not adequate for swimming instruction as needed.

At present, the camp accommodates 56 campers per week. Six sessions of camp are conducted each summer for Scouts in the Council.

County Stockmen Contribute \$6454 For Screwworm Fly Control Program

Mills County farmers and ranchers have contributed \$6,454.60 to the fund for the proposed screwworm fly control program, L. B. Burnham, chairman, and Glynn Collier, secretary, announced Tuesday noon.

Officials stated that a number of substantial contributions came the past few days while several are yet to come in to boost the fund still further.

The drive, which was scheduled to be concluded today, February 1, will be extended a few days to give those who are late an opportunity to get theirs in.

The program is sponsored by the Southwest Animal Health Research Foundation. The goal is \$3 million in voluntary contributions.

Officials have stated that if stockmen meet this challenge million in damage that screw-

worms would cause in the next two years, plus cutting cost of an eradication program at least in half.

The hard freeze which covered all of Texas in the past few weeks made the long sought goal of the screwworm free Southwest possible—if an immediate action can be undertaken in the next few days, officials report.

Foundation committees have been organized in 220 of Texas' 254 counties. Trustees estimate, they can save an estimated \$200 from reports, that more than

a million dollars has been contributed. Funds will be forwarded to the Foundation now in the program to get underway. The trustees have re-affirmed their earlier pledge to producers that "funds contributed by producers would be used only in the event sufficient funds are available or authorized from all sources."
