The Way It Was -

Grandpa Epley Goes Hunting For Honey

Written by Mr. Bowie Long
Submitted by Mrs. Hollis Blackwell

Grandpa began "stepping on the gas" so to speak. Now, with the arrows whistling by him, and while he was crowding his horse for every bit of

speed he could get out of him, Grandpa really forgot about his nice deerskin filled with honey, and was thinking only of saving his own skin - or

scalp - from the Indians.

What a relief when suddenly the Indians gave up the chase and turned back! But poor Grandpa got home with no honey, as one of the Indian arrows had struck the honey case, piercing it near the bottom, and allowing all the honey to pour out during the chase. Grandpa was too relieved at being able to feel his scalp still intact to be much worried over the loss of honey.

This story comes from Aunt Annie Pollock, which she remembers having heard my mother tell.

LCRA Pays \$6 Million Gas Bill During Aug.

The Lower Colorado River Authority paid a whopping \$6 million natural gas bill for August, the greatest charge for a single month's supply of its primary fuel in history.

LCRA General Manager Charles Herring said the total \$6,049,537.85 charge is more than eight times the cost of the same amount of fuel just two years ago.

In August, 1973, the same

quantity of natural gas would have cost just over \$700,000.

Natural gas, burned to make steam in electrical generating plants, is used in producing almost all of the LCRA's electricity.

Herring said the increased cost of natural gas is the prime reason for higher electric bills.

"The total cost of electricity has increased manifold in the past two years," Herring said. "By far the greatest cause of the increase is the cost of natural gas and oil which must be burned to generate electricity to meet our customers' needs."

"In August, 1973, the LCRA was buying natural gas at a cost of about 20 cents for each thousand cubic feet. That same amount of gas today costs at least \$1.75 and is going up every month."

"We have to burn, at peak electric load periods, as much as one hundred million cubic feet of natural gas in each 24-hour period. We either buy the gas—and pay the price for it—or we cannot generate electricity."

"Although we are a non-profit agency of the state, we receive no tax dollars; and we don't seek any, since the LCRA was set up to be self-supporting. That means, though, that we must charge the cities and electric cooperatives and individuals we serve the cost of this fuel because we have no other sources of money with which to pay for it," said Herring.

The LCRA general manager said that the river authority is building a coal-fire generating plant near La Grange, in cooperation with the City of Austin, in an effort to make that more stable fuel the basis of its electric service.

Also, the river authority is attempting to recover some of the cost of the rapid escalation in natural gas prices, and has successfully sued Coastal States Gas Co. for prices charged in excess of the agreed gas supply contract.

A Bryan district judge awarded the LCRA more than \$25 million in damages in that case, an important first step although the money has not been paid while an appeal of the decision is pending.

Mr. Bowie Long has written a small folder of excellent accounts of memories of his mother, Mrs. Alice Bull Long, born in 1872 and living all her life in or near Mills County. Mr. Long has presented these stories in a most interesting and accurate manner, and we will, with his kind consent, print more of them and some of his delightful poetry in later issues. We are most appreciative for this opportunity. Mrs. Hollis Blackwell

Eagles Drop Third In A Row To R. Springs

Friday night the Goldthwaite Eagles were flushed out of the game following the second quarter of play by a strong Richland Springs team.

Goldthwaite buckled down during the first period of play, with Byron Landrum running 73 yards for the first touchdown of the game. Landrum also made the extra point for the Eagles.

Things still looked pretty good for the Eagles when Tim Spradley broke loose in the second quarter and ran for a 23-yard TD.

However, that was the end of the Eagle scoring for the night. Richland Springs rallied for a total of 27 points, leaving the Eagles with 13 points at the end of the game.

"Goldthwaite's playing Friday night against the Richland Springs team was very inconsistent," commented Head Coach Gene Auldridge on the Eagles' third defeat of the season.

"Basically, I was disappointed in the entire game. The offense did not perform near as well as they are capable of doing."

Water Under The Bridge

By G.F.B.

Robert Roberts, Mills County Commissioner and an early-riser, said Wednesday morning: "It's had to be poor and have work for a living... it's so inconvenient."

And all the modern conveniences don't help very much. Hence for this is the fact all we make nowadays is about used to pay for the conveniences - electrical and otherwise. The days of a few years a month are gone, and likely to never return. As a gambler at the LCRA on the right side of this and see what I mean. I thought of a "dream" for the United States. "I don't want to be caught up in the bubble. Things can go 'pop' in the twinkling of an eye."

Morris H. Holman wrote the story article in the recent issue of "True Vine", a publication of Dallas Bible College. His story entitled "Crisis in the Classroom", Mr. Holman makes a very vital point. "Because of the emphasis by the schools and parents, students are leaving the high schools with few analytical and analytical skills. The general philosophy of American education is antithetical to the moral and life principles that Christians generally desire to inculcate in their children."

Heritage Award To Jones Family

Mr. and Mrs. Alton Jones received the first Heritage Award to be given in Mills County by the Department of Agriculture. To receive this award, a tract of land must have been owned and operated by the family for one hundred years or more.

Mr. and Mrs. Jones live in the Regency Community. The land was first settled by Jesse Hanna, a great-grandfather of the Jones family, who arrived in this valley shortly thereafter, they built a log cabin on the bank of the Colorado River and several generations of Hannas dwelt there. The old house was washed away in the great flood of 1936.

One of the Hanna girls married A. J. Jones, and they built another log house which stands today. J. M. Jones, father of Alton, continued to improve the land, helped to start the first irrigation in the Colorado River in that area.

Alton and Jewel Jones have continued to cultivate the land, finally settled by Jesse Jones, for many years. In 1975 years they bought and donated the Regency Store.

Mr. and Mrs. Jones plan to attend the Family Land Heritage Awards Ceremony at the State Fair in Dallas on September 14th, where they will be recognized and an award presented to them. They received the following letter from Mr. John C. White, Commissioner, Texas Department of Agriculture:

September 15, 1975

Mr. and Mrs. Jones: I am happy to announce that your land has qualified for nomination in the 1975 Family Land Heritage Program.

This honor is in tribute to the dedication and service of you and your forefathers. It signifies at least three generations of hard work, sacrifice and concern for the land and its productivity.

I hope that you will be able to join us at the Family Land Heritage Awards Ceremony at the State Fair in Dallas, Oct. 14, where I look forward to presenting my personal congratulations.

Sincerely,
John C. White
Commissioner

Self Culture Club Program Presented By Edna Jogoe

The Self Culture Club met September 11th at Jennie Trent Dew Library for the first meeting of the new club year.

Members and guests were welcomed by the president, Mrs. Fred Reynolds, who opened the meeting with prayer. She paid tribute to founders of the club which is celebrating its 70th year.

Mrs. Clyde Cokrum was program director. She invited guests to hear a Bicenennial program presented by Mrs. Edna Jogoe of Buna, Texas.

Mrs. Jogoe was born in San Saba County. She finished high school at Brownwood and is a graduate of Brownwood School of Oratory and Expression and Daniel Baker College. She holds a Masters Degree from Houston University and has taught school at Ebony (in Mills Co.) and in Brownwood and Port Arthur.

She was State Big Thicket Chairman for Texas Federation of Women's Clubs for five years, and is a member of Big Thicket Association's Board of Directors and of numerous other state and national organizations, including the prestigious International Platform Association. She is listed among Women's Who's Who and has earned many other honors.

Mrs. Jogoe's slogan "Pride in America" was selected by the National Retired Teachers Board of Directors as their Bicenennial theme, and it was to this subject she addressed herself at the Goldthwaite meeting. She used as a topic "Our Christian Heritage Let's Preserve It".

Those present were reminded of the deep Christian principles our country is founded upon; the respect for and reliance upon the Bible and its teaching that our forefathers held of utmost importance. She urged a return of these concepts for America today.

'Morning Out' Organizational Meeting Sept. 25

An organizational meeting for Men's Morning Out will be held on Thursday, September 25, at 7:30 in the Fellowship Hall of the First United Methodist Church.

This will be an organized program where a mother can have one morning every week free to do as she pleases, and will give the children an opportunity to play together.

Basically, the way the plan will work is that any mother who leaves her child at the morning nursery must also take her time at keeping the nursery. How often she would depend on how often she brought her child and the total number of participants in the program. This program is open to any mother in Mills County.

Definite plans will be made at this meeting and any ideas on making the program work will be welcome. Anyone interested should try to attend, or call Tatty McCasland at 948-3535.

THE MILLS MINISTER

"THE CHRISTIAN'S INVOLVEMENT IN POLITICS"

The state of the Union has caused a massive drop-out, a national cynicism that has left people frustrated and feeling powerless. This may possibly lead to loss of our democracy. Christians are called to involvement. To ignore that call is sin. Christ did not exclude the political arena when he made us the light of the world and the salt of the earth. Responsible citizenship is every Christian's calling.

Jesus was more involved in politics than people give him credit for. He counseled against the radical political action of the Zealots, talked about paying taxes, commented on the character of public political authority.

God is sovereign. He is Lord of the church. He is present in all of life and in all of society, seeking to help those in need. Christians are left in the world to share in this ministry. God could take us out of this world at the moment of conversion. But, instead, he leaves believers here to serve as light and salt. As light, we are to lead people to understanding of truth; and as salt, we are to seek to preserve His creation from decay and ruin.

Part of that ministry must be in the political realm. We are to proclaim His Lordship here just as in all other areas of life. We are responsible for doing God's will on earth. If good government rather than bad government is God's will, how can we fail to work for His will in government? Christian responsibility cannot be denied, for we all have some opportunity to influence political decisions. Neutrality is not an option. If we refuse to participate, we imply that we are satisfied with the way

things are; and thus we become supporters of existing politicians and programs. If those programs are not compatible with Christian values, then we sin by actively or passively supporting them.

We are stewards of what God has given us, not only of material things, but of the intangibles of power and influence. Failure to use our power leaves to others the determining influence on critical decisions. Apathy is rampant. Many people simply do not care about their stewardship of power. Political apathy is a sin.

Individual Christians must be good stewards of their own power. One person cannot solve the world's problems, but one can make a difference. You cannot do everything, but you can do something. Micah asked: "What does the Lord require of us?" (Micah 6:8) He may be requiring an involvement in politics.

COLUMBUS DIDN'T TURN BACK

Discovering places and things can be pretty discouraging. When Columbus arrived on this continent nearly 500 years ago his crew was sick, disheartened and ready to turn back. Even the medicines they carried were primitive and not sufficient to help with their problems.

Another more modern group of explorers are those who toil in research laboratories, looking for and testing new drugs. Fortunately, these pioneers did not turn back either and today many once feared diseases have been cured. Hopefully, in the not too distant future more new disease fighting medicines will be appearing in our pharmacy laboratory.

This is an attempt to reverse a trend of declining immunization levels among 1-4 year-old children against these diseases.

In Texas, medical, educational, and civic associations have formed the Immunization Action Month Steering Committee. Mrs. Dolph Briscoe has been named Honorary State Chairperson. The sponsors are the First Lady's Volunteer Pro-

gram in the Governor's office and the Texas Department of Health Resources. The various associations will direct their efforts in reaching parents by telephone, fliers, leaflets, and other means to alert them of the need of immunizations and of the need to examine records to assure that their children are protected.

In Central Texas, the Texas Department of Health Resources continues to offer protection against these diseases. There is no charge for the immunizations.

Immunizations will be held in Goldthwaite September 25 from 1 to 3 p.m. at the Court-house.

Mullin Senior Citizens News

The first meeting of the month for the Mullin Senior Citizens was held Monday, Sept. 8, with about thirty present. It was an enjoyable day for all the group, as this was the first meeting held in three weeks due to the Labor Day holiday.

Games were played and baskets were worked on in order to try to fill the orders which have been sent in.

Lunch was served at the noon hour, with all kinds of good eats. Fred Pafford gave the invocation. Several expressed what good meals the Mullin Sr. Citizens always had at each meeting.

A short business session was held after lunch. It was decided that the "Klitter Klatter Band" would play at Hillview Manor Thursday afternoon. This was done with twelve present. Some were on vacation and couldn't be there. Our plans are for another practice in the near future. In October the group will go to the Brownwood Rest Home for entertaining there.

The Mullin Senior Citizen's next meeting will be Monday, Sept. 22, with an all-day meeting at the Mullin Community Center.

All are invited to attend and take part in playing games. You can enjoy yourself, so come!

Mullin Takes 35-6 Victory Over Paint Rock

The Mullin Bulldogs rolled past Paint Rock last Thursday night in a non-conference bout by a score of 35-6.

Ricky Shelton made two of the touchdown runs; Randy Lindsey, 1; Steve King, 1; and Gary Bearden ran ten yards for a short Mullin TD.

Lindsey caught a pass for one extra point; Bearden ran the ball over for an extra point; and King kicked the pigskin for two extra points.

"Paint Rock was a pretty tough team, but the Bulldogs managed to get a good foothold in the game following the first period of play and continued to hold on," commented Coach Tubbs.

Bryan Mosier, first line substitute for offense and defense, was out of the game last Thurs-

day night and will be for quite a while due to a broken collar bone.

Thursday (tonight) Mullin will host Walnut Springs on Bulldog Field. The game will begin at 5 p.m.

It's simple, really. As simple as 2 + 2 = 4. It requires no elaboration or complex formula. "God loved the world so much that He gave his only Son, that everyone who has faith in Him may not die but have eternal life." John 3:16

We received .4 inch of rain Saturday.

Mr. and Mrs. Bunk Fuller were visitors of Mr. and Mrs. Hugh Nowell Wednesday.

We received news that Mrs. R. F. Daniel had passed away. She was a good neighbor. They had a big peach orchard and watermelons, too. She was never too busy to enjoy company and always visited the sick. We express our sorrow to her loved ones.

Monday, September 25, Mrs. Pauline Wilson, Mrs. Mary Pruett, and her daughter of Austin phoned George and Pearl Crawford. They were on their way to Bangs Nursing Home to celebrate Mrs. Lucy Schindler's birthday after lunch at Horton's Cafe. D. K. Crawford joined us and we all went to Bangs for the birthday party. A beautiful cake, ice cream, coffee and tea was served. A number of their old neighbors were present, one daughter, one granddaughter and a great granddaughter. They all sang Happy Birthday for her 85th celebration.

Mr. and Mrs. Louis Stahnke attended the Senior Citizens gathering at Priddy last week. They reported a nice dinner and saw so many of their old neighbors.

Mrs. Hugh Nowell visited Mr. and Mrs. Ralph Nowell and family by telephone Saturday. Some of the family had been sick with colds, but were better.

Mr. and Mrs. Howard Runnels and family and Mr. and Mrs. Stone Shipman visited Mr. and Mrs. Pearl Shipman Saturday.

Mrs. A. L. Crawford visited Miss Lola Stevens Friday.

Mrs. W. W. Ratliff visited Mr. and Mrs. Harvey Faught at the Heritage Home Wednesday afternoon.

We wish all the sick folks a speedy recovery.

Little Letricia Crawford spent Friday night and Saturday with her grandparents, Mr. and Mrs. A. L. Crawford.

Mrs. O. L. Harris visited Mrs. Winnie M. Brown Sunday afternoon. She is doing nicely at her home.

Visitors Saturday and Sunday afternoons with Mr. and Mrs. O. L. Harris included Mr. and Mrs. Curtis Koen of Eastland and Mr. and Mrs. Coen of Dublin.

Fertilizer is essential for cool season grasses to provide sufficient growth for fall and winter grazing.

September plantings of rye grass or small grains on clean seedbeds should receive 60 to 80 pounds of nitrogen per acre at seeding along with any phosphorus and potassium that may be needed according to a soil test. We suggest topdressing an additional 60 to 80 pounds of nitrogen per acre in January and again in March or April for continuing high production.

If early planted rye grass or small grains are to be overseeded in a warm season perennial grass such as bermudagrass, less nitrogen should be applied at planting time - 40 pounds should be sufficient. Heavy nitrogen applications at seeding will stimulate bermuda grass growth and thus create too much competition for the new seeding.

Once the cool season grass is well established, an additional 80 pounds of nitrogen per acre can be topdressed four to six weeks later.

While cool season grasses require a large amount of nitrogen, legumes, on the other hand, require no nitrogen. Phosphorus not used by legumes overseeded in summer grasses will benefit these grasses the next season. Good legume growth through May and June can eliminate the need for a spring application of phosphorus on summer grasses.

Whether planting cool season grasses or legumes this fall, give close attention to a sound fertilization program that will realize the highest potential to the particular crop. A proper starting point is a soil test.

Pecan producers in Mills County are urged to spray their pecan trees for the control of newly emerged pecan weevils. Field checks made during the past week indicate that recent rainfall and cooler weather have stimulated the emergence of adults from the soil. Pecans must be in the dough stage before the egg of the pecan weevil can survive inside the

developing nut. Most of the pecans are now in the stage of development.

The adult pecan weevil is a relatively large weevil with dark brownish in color about 3/8 of an inch in length. Male weevils are somewhat smaller in size than the female. Both males and females have a long, stout beak with which they feed on the developing pecan. Insecticide sprays are used to control the weevil stage of this pest before female deposits eggs in the developing pecan.

Adult feeding that is prior to the hardening of pecan shells causes the nut shed from the tree prematurely. After the nut kernel developed, the female chews a hole in the shell and deposits her eggs in little pockets between the shell and the nut. The legless grubs hatch inside the nut and quiesce about 4 to 6 weeks before developing completely. The grub reaches maturity, larvae chew a hole about 1/4 inch in diameter in the shell and emerge from the nut and enter in the soil under the tree. The female weevil seeks out the pecans that are in the proper maturity stage for egg development and the early maturing varieties are more severely attacked.

The pecan producer should inspect for the presence of pecan weevils to determine control measures are needed. This can be done by spreading a canvas beneath the branches of the tree and jarring lower limbs. When an average of three pecan weevils per tree are knocked onto a canvas when the branches are jarred, control measures should be applied. Two to four applications of Carbaryl (Sevin) made at 10-14 day intervals will give effective control of the adult pecan weevil. The insecticide should be used at a rate of 3 pounds per 100 gallons of water. The reactions given on the label should be followed carefully when applying an insecticide.

Mullin Community News

By: Lillian Plummer

Many relatives of Mr. Jess Slaughter of Goldthwaite met Sunday at the Mullin Community Center for his 91st birthday. All of his children and many great and great-great grandchildren were present. A good lunch was enjoyed at the noon hour. Pictures were taken in the afternoon - one of them depicting five generations.

Mr. Darryl Hinde of Irving visited with his mother, Mrs. Betty Hinde, and with Mr. and Mrs. Albert Cox.

Mr. and Mrs. Vee Dunlap and Mr. and Mrs. Emil Schuster of Friddy recently returned from Fort Lavaca. While there they visited with the Dunlap's son, Daughtry Dunlap. They also visited Vee's brother and family, the Amos Dunlaps. They report plenty of rain down that way.

Mr. and Mrs. Aubrey French spent a few days with their daughter and family, Mr. and Mrs. Melvin Murphy of San Saba. Their granddaughter, Rhonda Murphy, brought them home.

Mr. and Mrs. Rex West are back home after a prolonged stay at Amarillo.

Mrs. Grady Hancock is staying with her sister, Marie Wallace, at Goldthwaite. Marie recently had surgery at Scott and White hospital at Temple. Mrs. Hancock reports that her granddaughter, Donna Jean Parker, has won drum major at Kermit Jr. High School. Mr. and Mrs. David Price have gone back to their home state, Ohio. They sold their home here to Mrs. Till Jenkins. Mrs. Jenkins plans to move to Mullin in the near future.

Mrs. Ruth Tullios spent several days last week with her sister, Mrs. Addie Hart, at Brownwood.

Mrs. Esther Underwood Cra-

vens was buried in Oakview Cemetery at Mullin last week. She had relatives and many friends in Mullin.

Little twin infants of Mr. and Mrs. Gary Davee of Ozonawere buried here yesterday. They were great grandchildren of Mr. and Mrs. Frank Spinks. Mrs. Jack (Jaunelle) Davee is the paternal grandmother. Mr. and Mrs. Harry Brown of San Angelo are the maternal grandparents.

Mr. and Mrs. Freddy Spinks and family of San Antonio visited his parents, Mr. and Mrs. Frank Spinks. Mr. and Mrs. T. J. Medart of Leander were also guests of her grandparents, the Frank Spinks.

Mrs. Mary Edmondson and I spent last Wednesday visiting and shopping in Brownwood. She went to see her cousins, the Jess Cassons, while I visited with my aunt, Lucy Wilson.

It seems that autumn has arrived before the appointed time. We have real cool weather, but not much rain.

"Success: Getting up one more time than you fall down."

MRS. FELIX DON FELAN

Regina Lee Brown, Felix Don Felan Exchange Vows

Miss Regina Lee Brown and Felix Don Felan exchanged wedding vows in a formal candlelight ceremony Saturday, Aug. 23, at St. Mary's Catholic Church. The Rev. Emilian Folyn, pastor, and Elder Curtis Ripley, Corpus Christi, uncle of the bride, officiated at the double ring ceremony for the daughter of Mr. and Mrs. W. L. Brown and the son of Mr. and Mrs. Felix Felan. Elder Boyd Chambers of Florence said the prayer.

The former Miss Brown is the granddaughter of Mrs. Edith Koen and Mrs. Opal Brown Wilson, both of Goldthwaite.

The church altar was decorated with two fifteen-branch spiral candelabra flanked with polished jade foliage centered with a large arrangement of daisies, carnations and chrysanthemums in shades of apricot and bronze. Two three-branch candelabra completed the setting. Candles were lighted by Mike Montgomery and Dale Turner, Jr.

Music was provided by Mrs. Jack Nobles, pianist, and Miss Heather Howie who sang "The Wedding Song" and "The Lord's Prayer".

Given in marriage by her father, the bride wore a formal gown of candlelight chiffon satin and Venise lace. The empire bodice featured a portrait neckline outlined with lace and traditional long, tapered sleeves of satin organza sprinkled with lace medallions. The A-line skirt was highlighted front and back with panels of satin organza adorned with Venise lace. A deep flounce bordered the skirt flowing gently at the back to form a chapel length train. Her elbow-length veil of tiered illusion, trimmed in matching lace, was attached to a camelot headpiece. She carried a cascade of bronze daisies, shattered chrysanthemums, and English ivy centered with a yellow cymbidium orchid.

Miss Donna Brown attended her sister as maid of honor. Bridesmaids were Mrs. Gene Brown, sister-in-law of the bride; Miss Judy Szydlak; Miss Kathie Coleman, Belton; and Miss Debra Kendrick, Austin. They wore matching gowns of apricot crepe and ivory-colored picture hats with long streamers and apricot silk flowers at the back. Each carried a single white chrysanthemum encircled with ivy and apricot streamers.

Little Miss Audra Felan, sister of the groom, attended as flower girl. Her gown was of apricot sheer delight and was flocked with tiny white flowers. She wore silk flowers in her hair and carried a basket of apricot silk orchids and baby's breath.

Jimmy Ray Gill, cousin of the groom, was ring bearer. Victor Felan, the bridegroom's brother, served as best man. Groomsman were Gene Brown, brother of the bride; Ricky Gill, Jimmy Delgado and Mario Gill, all cousins of the groom.

During the ceremony, Mr. and Mrs. Richard Delgado of Austin presented the couple with a pearl lasso, a symbol of the bondage of matrimony.

Parents of the bride hosted a reception following the cere-

appointments were used.

The bridegroom's table was covered with an ivory-colored cloth centered with white mums laid in ivy and a single ivory candle in a gold candlestick. The german chocolate cake was topped with a miniature horse-drawn coach carrying bride and groom.

Serving in the houseparty were Mrs. Hansford Smith and Mrs. Charles Thomas, both of Copperas Cove; Mrs. Lamar Bear, Mrs. Edward Delgado, Miss Debby Homan, Mrs. Roy Scott, and Mrs. Lewis H. Jones. Miss Laurie Guyer registered guests, and Miss Libby Guyer and Miss Susan Guyer passed out rice bags.

For traveling the bride wore a three-piece suit of green and white polished cotton with white accessories and the cymbidium orchid from her bridal bouquet.

A Lampasas High School graduate, the bride is employed at the Texas State Board of Examiners in the Basic Sciences in Austin.

The bridegroom, also a graduate of Lampasas High School, is a student at the University of Texas School of Business and is presently employed by Rylanders Supermarkets in Austin.

Following a wedding trip to the coast, the couple will reside in Austin.

Prereception parties honoring the bride were a gift tea hosted by Mrs. Boyd Chambers, Florence; Mrs. Roy Scott, Mrs. Frank Richardson, Mrs. Lamar Bear, Mrs. Gary Guyer, Mrs. Buford Carlile, Mrs. Lewis H. Jones, and Mrs. John Bogard; a miscellaneous shower hosted by Mrs. John Delgado, Mrs. Rudy Gill, Mrs. Gilbert Gill and Miss Judy Szydlak; and a miscellaneous shower given by Mrs. Victor Smith at her home in Austin.

The bridegroom's parents hosted a dinner at Martin's Restaurant Friday, August 22, following the rehearsal.

Another cool norther, and it do help! But a rain sure would be fine. I went dove hunting with my husband and we found the birds to be almost as scarce as rain. Maybe the cool weather will bring in some northern birds. They are larger and easier to hit.

The Senior Citizens held their regular monthly meeting Thursday. There were 35 for lunch and two more came later. It was good to see so many friends out there. Games of Skip-Bo and dominoes were played. Everyone was playing and visiting at once; it was wonderful. Lunch was served at noon, and it was really good.

Mr. Lloyd Partin is in John Sealey Hospital at Galveston. He is to have surgery Monday morning. We wish him a speedy recovery.

Mr. and Mrs. Charlie Swindle went to Evant last Monday and visited with Mr. and Mrs. W. M. McAnelly.

Mr. and Mrs. Neil Price and son Larry are visiting relatives in the area. They live in Albuquerque, New Mexico. They visited with Mr. and Mrs. August Marwitz on Monday. Neil Price is a son of Mrs. Marwitz. The Prices visited her mother, Mrs. Frank Simmons, who lives in Hico.

Mr. and Mrs. James Farmer and daughter, Sherry Yvonne, are in Ft. Worth this weekend.

Mrs. Maudine Swindle and her sister, Mrs. Earl Oden of Comanche, motored to Ft. Worth last Friday.

Mr. and Mrs. Leroy Niegan and family of Odessa, and a nephew also of Odessa, Jeff Heltzer, are spending the weekend in the home of his parents, Mr. and Mrs. Carl Nieman and Mike.

P. R. Reids Honored With Birthday Celebration

Mr. and Mrs. P. R. Reid were honored with a birthday celebration on Saturday, September 20, 1975, at their home north of Goldthwaite. Mrs. Reid was 81 on Sept. 9. Mr. Reid was 83 Sept. 21. Mrs. Reid (nee Vada Roberts) was born in 1894 about seven miles from Regency in the old Cold Springs community. Pleasant Thesa Reid was born in 1892 at Eant. They were married June 21, 1914, at Ridge while seated in a buggy. They have lived all of their 61 married years in Mills County. They owned and operated the Ebony here from 1923-1945. Mr. Reid was postmaster at Ebony, Texas for 23 years. When in

the early 1940's Ebony became a part of Camp Bowie, the Reids relocated and settled at their present home near Goldthwaite. They have lived there for over thirty years. The Reids have engaged in farming and ranching over the years and still manage their livestock and home. They are quite active - Mr. Reid enjoys beekeeping and is an excellent carpenter. They both enjoy church services, reading and gardening.

The Reids have two children, Mrs. W. C. Whittenburg of Mullin and Dale E. Reid of Goldthwaite; five grandchildren, Clinton and Jack Whittenburg, and Mrs. Aubrey Hillman of Mullin, Mrs. Kenneth Jones of Richardson, and Mr. Robin Reid of Stephenville; and five great grandchildren, Jill, Jason, Holly, and Sazie Hillman of Mullin, and Jeffrey Jones of Richardson.

Stockton.

'Retirement' Topic Of Secretaries Meeting

The Brownwood Legal Secretaries Association's regular monthly meeting was held at the Pizza Hut in Brownwood. The featured speakers were Mr. Bob Simmons and Mr. Johnny Snider, from Southern Savings and Loan Association. The subject of their presentation was a retirement plan which would be applicable for the legal secretary and which plan is also available for several other fields of employment, including doctors, farmers and businessmen.

There are now two different plans available - the individual retirement account, better known as IRA, and the Keogh plan. It was noted that the IRA was easier to comply with in most cases, and was a very flexible plan which could be transferred from job to job without losing benefits.

Using the IRA plan the most a person could set aside per year is \$1,500 or 15 percent of the salary per year. One benefit of this plan is that you do not have to pay taxes on the interest until you withdraw the interest after retirement. IRA benefits can be withdrawn without penalty from age 53½ to 70½. If withdrawn before those ages, there is a penalty. The IRA is a very new plan, which started January 1, 1975.

The Keogh plan has 2 requirements: 1. Self-employed 2. Actively engaged in the business 3. Government Approved There are tax benefits as well as personal benefits from both plans. If you are interested in these plans, you could contact Mr. Simmons or Mr. Snider to see if these plans would be beneficial to you.

The next regular monthly meeting will be held October 13, 1975, at Underwoods. The speaker will be L. B. Slagle, local attorney, who will present "Political system" program. Everyone is urged to attend.

Members attending the meeting included Terri Tishler, Edna Earney, Debbie Gauthier, Betty Crowder, Betty McKay, Linda Davis, Treva Matthei, and guest, Shirley Perkins.

Letters To The Editor

Editor Eagle:

I am enclosing an article which was published in The Goldthwaite Eagle on Jan. 13, 1950. Since the Tullios families were early settlers in Mills County, also mentioned are other pioneer families, I felt this would be of interest to all the descendants and friends and that you might reprint the article.

I would like to mention the fact that each week I clip out the articles about the early days and the brave people who struggled under such adverse conditions to establish the town of Goldthwaite, Texas. I shall make a scrapbook of these articles to re-read from time to time and to pass on to my children.

One story that has always stood out in the memories of the grandchildren of S. J. Tullios and Melissa Harper Tullios is as follows:

When S. J. Tullios, his wife and their only child at that time, Jesse Y., were traveling through Indian Territory they had been warned that there were hostile Indians in the area.

Traveling by covered wagon was slow, so they were compelled to camp overnight. About dusk they heard Indians coming their way. Mrs. Tullios was of French-Indian descent, so had very black hair and eyes. Jesse also had black hair and eyes, but Mr. Tullios had blue eyes and fair complexion. So Mrs. Tullios told him to take the horses to a dense thicket nearby and to stake the horses in it and to conceal himself there, too.

Presently, two Indian men rode up on horses and stopped near Mrs. Tullios who was sitting on the ground, near the wagon, braiding her long black hair, holding Jesse on her lap. The Indians pointed from her to the child, speaking in their own language. They soon rode away.

Mrs. Tullios knew she and her family had been spared by her and their child's resemblance to Indian ancestors.

Thank you, Irene Tullios Sanderson, daughter of the late Jesse Y. Tullios and granddaughter of S. J. and Melissa Tullios.

Dear Mr. Editor:

This letter is totally unsolicited by anyone. Your sheriff, H. G. Brooks, was kind enough to help a fellow man in need the night of Sept. 10, 1975. I am in the insurance business in Brownwood, Tx. and in the process of taking on a new line of insurance.

Monday, on the 8th of Sept., I drove to Dallas for a three day school on my new line. After school was out, Sept. 10, I drove to Waco to visit Jack Flick who is the District Manager for Union Bankers.

When I left Waco I had under one-half a tank of gas and no money or credit card in my pocket. But I wasn't worried because I had driven from Waco before on the same amount of gas.

I drove through Goldthwaite on Hwy. 84. When I got to the Hill Country Store, my pickup stopped, out of gas. What was I to do? Here I was, thirty miles from home and not a dime on me. The only thing for me to do was to get to a phone and call my wife to come and get me. There wasn't a light on in any house, except one. The house east of the Hill Country Store about 200 yards from the highway had a light on. But I decided not to bother them and take a chance on getting dog bitten. I'd just walk back to the all-night station in Goldthwaite.

I had walked for maybe two miles when several cars and trucks passed but none stopped. Although I really didn't blame them because it was after ten o'clock at night.

I must have been two or three miles from town when a car stopped and came back to me. I was sort of worried for I didn't know who it was. It could have been a hijacker for all I knew. I was really glad to see that the car was a car with red lights. It was Sheriff Brooks.

To make a long story short, Sheriff Brooks took me to town and loaned me two dollars for gas where I could get home.

In my opinion, Sheriff Brooks is a man who will go out of his way to help his fellow man. As in my case, he didn't have to lend me the two dollars or be 22½¢ have to take me back to my truck with the gas. He also didn't have to be as courteous as he was. Mills County is really lucky to have a sheriff like Mr. H. G. Brooks.

In this country of ours, where we hear on the most part nothing but bad news about the men who protect our homes and rights, the citizens of Mills County can be extremely proud of this sheriff.

I believe the readers of The

Goldthwaite Eagle need to know what a considerate and understanding man Sheriff Brooks is. They probably already know. I will always have a very warm place in my heart for Sheriff Brooks and won't hesitate to tell anyone about it.

I'm sure Sheriff Brooks, if he knew, would not want this letter printed. But I believe the citizens of Mills County need to know what a fine job that Sheriff Brooks is doing.

If more people would tell our law enforcement officers how much we appreciate them, their job would be much easier. Their job is impossible

Wife to depressed husband: "What do you mean you have nothing to live for? The house isn't paid for, the car isn't paid for, the washing machine isn't paid for, the television isn't paid for..."

unless they have the support of the public.

Mr. Editor, please print this letter in your newspaper for I believe the citizens of Mills County will be proud of their sheriff. I, for one, a Brown County neighbor, was fortunate he came along.

Thank you, Dawl Johnson

S. J. Tullos Story Contains Indian Facts

S. J. TULLOS, 88, RECALLS SOME EARLY DAY HISTORY OF THIS SECTION

The following article was published in The Goldthwaite Eagle January 13, 1950. It was submitted by Irene Tullos Sanderson.

Mr. S. J. Tullos was born December 23, 1861, in Trinity County. When 5 years of age his parents moved to Navarro County. When he was 21 years of age he married Miss Millesay Harper, after which they remained in Navarro County some time. Six of their children were born there: namely, Jesse, Sam, Mittie, B. H., Jim and Grady, and Gertrude came after they moved to Caldwell County. Congress in 1885 authorized the President of the United States to open negotiations with the Creek and Seminole Indians of Oklahoma for the purpose of opening these vacant lands to settlement. This was accomplished in 1889. Troops kept the expectant settlers in order until noon of the appointed day, April 22. A mad race for the best lands and town-sites ensued; canvas towns were laid out and each began to lay plans to secure the capitol. There was at once a vast influx of settlers and the population increased at an extraordinary rate. Additional lands were laid open to settlement in 1891, 1893, 1895 and 1901. This last date, 1901, Mr. S. J. Tullos and brother and their families heard of the big boom in Oklahoma. The Tullos brothers decided they would go and made ready and were soon on their way.

They stopped at Austin, Texas and learned of the irrigation project which was near San Saba and they came to San Saba and remained there two or three weeks, but they never got a day's work.

So they decided they would go on to Oklahoma. On Jan. 1, 1902, they camped on the Colorado River on the continued trip. They reached Goldthwaite with some of their children sick and saw the necessity of remaining here for a while. Each of these men rented a house for his family. Within three days S. J. Tullos' brother, W. W. Tullos, had bought the only restaurant in town at that time from G. W. Gartman. In an old wooden building on the corner where Yarborough and Duren's Dry Goods Store is now. He secured Frank Collins for the cook. S. J. Tullos bought the wagonyard (just north of the restaurant where Fairman's building now stands), from Mr. Denman, the father of Frank and George Denman.

They didn't think they knew

anyone but found four Navarro County families and old neighbors: namely Jim Kinemore at Trigger Mountain, Arch Price, Jim Evans, and a Mr. Crawford, north of Goldthwaite on the mountain. They were all ~~very~~ happy about it all.

Later he traded the wagonyard and bought the old Rochell 50-acre place in Bulls Creek Community. He made a little crop and sent the children to school. A Mr. Stark was the teacher.

In July, Rev. Vann, Mullin, Texas came out to our place and said "Let's have a meeting at the Bulls Creek School House." We began to notify the people, as you know they were few in number at that time, namely: Jake Jenkins, George Jackson, John W. Davenport, Joe Beck, Dan Kelly, Pop Carothers, Frank Bull, Julius Kahus, William Haas and a Mr. Deer. All walked to church except Beck, Carothers, and Kelly. Joe Taft was running a hotel at Goldthwaite and every night or two he would fill his wagon with people and bring them to the meeting. Everyone enjoyed the meeting.

While they lived at this place B. H., about nine years of age, saw a hound (owned by Lee Armstrong) run a deer into the bushes near the house. Mr. Armstrong had shot this deer and broke its foot. The hound bayed it. B. H. ran out to see and the deer made fight and hit him on the back with the crippled foot but didn't hurt him too badly but what he went to the house and got a rope and roped the deer and tied it to a bush, and as none of the older men were at home he went for Mr. Jenkins to dress the deer.

In the fall they moved back to town and ran the livery stable back of Henry Martin's Store on the east side of the square. Later Ross Bros. ran the stable for a short time and they soon went to Fort Worth. Waddy Ross is still in Fort Worth; Sam Ross is in San Angelo; E. Ross is in El Paso.

Next Charley Harris turned his contract to him for the John Roberts building and livery stable. Later S. J. Tullos bought the wagonyard west of the Roberts stable and sold it to M. McGirk when he moved here, and he lived there until his death.

Then S. J. Tullos put up \$800 for the Sam Littlepage place (also called the old Burleson place) 3 miles out on old Brownwood Road. In 30 days the contract would be closed. The date came and he met Mr. Littlepage in the bank. The money hadn't gotten in the bank as expected. Mr. Tullos called Mr. Helfner at Frost Bank,

Frost, Texas. When he was on the line Mr. Tullos asked Mr. Will Trent to talk to him. Mr. Will Trent asked Mr. Helfner if he knew Sid Tullos? Helfner said "Yes." Mr. Trent said, "Is he good for \$1,000.00." Helfner said, "Yes." Mr. Trent said, "\$2,000.00?" Helfner said, "Yes, let him have all he wants. I am responsible for any amount." Mr. Trent took all notes up and \$2800 was paid down, including the \$800 forfeit. They made good crops on this farm, as it was very productive and Mr. Tullos was an excellent farmer.

The second year he produced 126 bales of cotton on 125 acres of land and cotton was a good price that year, and a large amount of other crops, such as oats, corn, cane, milo and the best garden man could hope to see. Plenty of watermelons, and good ones. This second year he paid off all indebtedness on the place.

One year he sold to the Confederate Reunion 100 melons at \$1.00 each. Another prize melon weighing 69 lbs. sold to Mr. J. C. Evans for \$1.50.

They lived around 35 years on this place and made good crops each year.

"Over a short period of time we lost three of our loved ones, Mittie, Mrs. Edgar Jenkins, wife and mother, Mrs. S. J. Tullos, and brother W. W. Tullos, which broke up our home. Since that time I have lived mostly in Goldthwaite with and near my children."

On December 23, 1949, he celebrated his 88th birthday at which time we all had a little party and wished him many more happy birthdays and this little prayer as his own:

Dear Lord! King Lord!
Gracious Lord! I pray

Thou wilt look on all I love Tenderly today!
Weed their hearts of weariness
Scatter every care
Down a wake of Angel-wings
Winnowing the air.
Bring unto the sorrowing
All release from pain;
Let the lips of laughter
Overflow again;
And with all the needy
O, divide, I pray
This vast treasure of content,
That is mine today.

— James Whitcomb Riley
So drop him a card or note, or come by to see him. He will enjoy them these cold days, as he is shut-in. I was happy to take these notes, and read to him and I want to say:
"Here's to him:
For his loving kindness; his loving heart; the things you have done, the cheer you impart, all gladdens our memory and prompts us to say: "Dear Uncle Sid, we are grateful for your love today!"
— Mrs. C. A. Eacott.

Hillview Highlights

Several events have highlighted September at Hillview, and there's more to look forward to.

The Welcome Mat is out for newcomers: Miss Sallie Strange, Miss Jeanetta Starker, and Miss Minnie Bernhardt. Mrs. Lola Duetz and Mr. Virgil Mahan have returned from the hospital.

Fridy's Zion Lutheran Church helped us celebrate September birthdays on the 16th. Those honored were Zelma Hamilton, Martin McCasland, Lola Duetz, and Bessie Zieschang. We did enjoy Mike Niemann's accordion. Our thanks to him and to Mmes. Limmer, Schoen, Tiemann, Wagner, Mild, Kapp, Tiemann and Pax.

The KKK has staged a couple of appearances . . . and we love them. Confession: the KKK is the Klitter Klatter Kombo. The instrumentation for this group you wouldn't believe. A plumber's friend? You know, with a hint of fall in the air, San Saba's Mill Pond Park is prettier than ever. Eleven of us journeyed over there last week.

Thursday's Residents Council evaluated some old procedures and made plans for some new ones. Quilting, maybe? And crafts.
Sunday afternoon produced a delightful bonus. In the absence of the scheduled devotional group, Nurse Eva Garland arranged an impromptu sing-a-long with Flora Steen at the piano and James Mitchell, song leader.

We look forward to this Sunday when the Men's Bible Class and Mrs. Kimbell, pianist, come to share their worship with us.

And the G'waite High School Drill Team is scheduled to perform here for us before Friday's game.

We always appreciate our "regulars", Velma Summy, Beth Miles, Gladys Coekrum, and Inez Petty . . . and of course the Castles.

Fall hasn't quite "fell" too far yet, but sweaters are appearing and the old thermostat is inching upward.
