A MORAL LESSON FROM THE BISHOP POTTER SALOON.

A press correspondent writes from New York City that Miss Margaret Cooper, 1411 Deering Place, well-dressed, comely, and under twenty years of age. was arrested for being drunk on the streets at night. At the police station she told her story. She says that she and two girl friends started out for ing built at Rowe, Donley county. a boat trip, but changed their minds and took a look at Bishop Potter's saloon. They thought it must be for a public library in London, Eng. respectable, and were sure there would be no harm in it. First, they took only sodas, but seeing other ready crowded, and pupils are being well dressed, respectable women turned away. drinking beer decided to try it "just for fun." Miss Cooper had never tasted beer before and only took two mugs last night. Somehow the girls himself in the toe, became separated in the crowd, and realizing that she was dizzy and bewalk home rather than make a fool of herself on the car. Soon she lost her way and became maudlin when an officer found her and took her to the police station. This is the most striking moral lesson which has yet come from "The Bishop's" although it has developed that many men have been known to become drunk in the place and even women have gone out "feeling their hops."-Ex.

A good story is in ciculation as we go to press, the substance of which appears below. At a campmeeting recently after the services were over, a thin, nervous looking man stepped up to the pastor and said: "You have had a good deal to say this morning about a fellow who killed a man named Abel." 'The Sin of Cain was my subject" "Well I wish you'd do me the favor next Sunday," said the thin man, in some excitement, "to tell the folks that the man you were talking about this morning ain't no relation to the Kane that keeps a livery stable down by the mill. I don't want none of my friends to think that I had a hand in that killing. That's all. Good-day!"-Ex.

LARGEST IRRIGATION ENTER-PRISE IN AMERICA.

The Twin Falls Land and Water Company, located on the Snake river, twenty-four miles south of Shoshone station, the largest irrigation enterprise in America, involving an expenditure of over two million dollars and reclaiming two hundred and seventy five thousand acres of the richest valley lands in the state of Idaho, is now practically completed and will be delivering water on the lands within the next sixty to ninety days. The main canal, sixty-nine miles long, is eighty feet wide at the bottom, one hundred and twenty-four feet at the top and carries ten feet of water. The project is being constructed under the Carey act, and comes under the immediate supervision of the Idaho State Land Board. Last fall the Land Board authorized the opening of 30,-000 acres of this land to public entry, and notwithstanding the fact that no water would be delivered this year. all of this land has been absorbed. The State Land Board now authorizes the opening of an additional 100,000 acres at noon, October 20th, at Twin Falls City, and a great rush is expec'ed. Mr. Masqueray, chief of designs of buildings and grounds at the

World's Fair, St. Louis, has designed a hotel and townsite known as Twin Falls City, in the heart of these lands, and a \$50,000 hotel is now under construction, besides numerous business blocks and residences. Over \$60,000 worth of town lots have been sold within the past sixty days. The Oregon Short Line, at an early date, will begin the construction of a sranch line from Minidoka through the heart of these lands to the new town of Twin Falls City.

CAN DRINK TROUBLE

That's one way to get it. Although they won't admit it many people who suffer from sick headaches and other ails get them straight from the coffee they drink and it is easily proved if they'e not afraid to leave it

to a test as in the case of a lady in Connellsville. "I had been a sufferer from sick headaches for twenty-five years and anyone who has ever had a bad sick headache knows what I suffered. Sometimes three days in the week I would have to remain in bed, at other times-I couldn't lie down the pain would be so great. My life was a torture and if I went away from home for a day I always came back more dead than alive.

"One day I was telling a woman my troubles and she told me she knew that it was probably coffee caused it. She said she had been cured by step-ping coffee and using Postum Food Coffee and urged me to try this food drink

"That's how I came to send out and get some Postum and from that time I've never been without it for it suits my taste and has entirely cured all of my old troubles. All I did was to leave off the coffee and tea and drink well-made Postum in its place. This change has done me more good than

everything else put together. "Our house was like a drug store for my husband bought everything he heard of to help me without doing any good, but when I began on the Postum my headaches ceased and the other troubles quickly disappeared. I have a friend who had an experience just like mine and Postum cured her

just as it did me. "Postum not only cured the head-aches, but my general health has been improved, and I am much stronger Postum more than I ever did coffee.

that I would be compelled to lie down between them. I would have several or them during the night following a day of such attacks. Finally I became so weakened that I had to give up working altogether. I weighed only

ninety-four pounds. "Last January I read about Dr. Williams' Pink Pills for Pale People in one of the Chicago daily papers and bought a box and began to use them. After I had used half a box I found that I could keep on my stomach the food I ate. I was encouraged by this and kept on using the pills for four months. At the end of that time the vomiting spells had ceased altogether and my weight went up to 142 pounds and is still growing.

"I think I surely would have died if it had not been for Dr. Williams' Pink Pills, for I sometimes vomited clear blood, and for three or four days at a time I could not eat a bite of anything. One doctor said I had chronic inflammation of the stomach, and another said my difficulty was a cancer but none of their medicines did me any good at all. Finally I concluded that I did not have blood enough to digest my food, and I began the treatment that has cured me. I can eat anything now, and have strength for all kinds of work. I always keep Dr. Williams' Pink Pills on hand, and I recommend them to my friends because I know they cured me."

A GREAT INSTITUTION.

It is unusual that a single institution in a city of 8,000 people will overshadow in im-cortance every other interest, but such is portance every other interest, but such is the case with the American School of Osteopathy, and A. T. Still Infirmary at Kirksville, Mo.

Infirmary. It is the largest patronized unendowed institution of its kind in the
United States.

Dr. Still's school enrolls over 700 students
yearly and each student is required to attend four terms of five months each before
completing the course of study. There are
over 2,000 graduates and they are practicing in every state and territory of the
Union. About two-thirds of the states
have passed special laws legalizing the

Mrs. Sarah L. Brooks, of No. 45 Lincoln Park, Chicago, Illinois, gives the following account of her cure from distressing spells of vomiting:

"For five years off and on I was treated in vain by different doctors for relief from a stomach trouble which showed itself in frequent and trying spells of vomiting. Part of the time I was able to work, and again I would be confined to bed for three or four days in succession.

"My stomach was at times so delicate that it would not retain even plain water. The spells would some times occur at intervals of half an hour, and would leave me so weak that I would be compelled to lie down."

Sarah L. Brooks, of No. 45 Linming This school teaches every branch taught in medical collectes except "drugs" and osteopathy I: substituted for that. So thorough is the teaching in anatomy that over one hundred human bodies are dissected yearly by the students.

At the Infirmary, patients from every part of the country and with almost every train coming to Kirksville has brought some new sufferer hoping to find relief by the science of Osteopathy. By the thousands who have left the institution benefited by the treatment, the science has been heralded to the world as a safe and rational method of cure. Several years ago a free clinic was established in connection with the practice department of the school and this is still in operation. Hundreds of the vorthy poor, who are unable to pay for treatment, are treated every afternoon by the senior students free of charge.

Many women are denied the happiness of children through derangement of the generative organs. Mrs. Beyer advises women to use Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - I suffered with stomach complaint for years. I got so bad that I could not carry my children but five months. then would have a miscarriage. The last time I became pregnant, my husband got me to take Lydia E. Pinkham's Vegetable Compound. After taking the first bottle I was relieved of the sickness of stomach, and began to feel better in every way. I continued its use and was enabled to carry my baby to maturity. I now have a nice baby girl, and can work better than I ever could before. I am like a new woman." - MRS. FRANK BEVER, 22 S. Second St., Meriden, Conn.

Another case which proves that no other medicine in the world accomplishes the same results as Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:- I was married for five years and gave birth to two premature children. After that I took Lydia E. Pinkham's Vegetable Compound, and it changed me from a weak, nervous woman to a strong, happy and healthy wife within seven months. Within two years a lovely little girl was born, who is the pride and joy of my household. ANTIDOTE FOR SNAKE BITE.

Mr. Wolff of the Clark ranch was in Miami a few days ago and in a visit to rent. this office said that he has a dog on the ranch that has been bitten by a rattle- 13 snake a half dozen times this year and the dog's head would swell up twice its normal size. The last time the dog was bitten he made a preparation and applied to the wound and the dog got ell immediately and there was not a to serve the public in this line. particle of swelling. If the remedy works to such perfection on animals it will probably be just as good for human use, so for the benefit of our readers we

give the remedy, following: Take 3 teaspoon full of sods and an egg, to which add half the egg shell full of coal cil. Beat this mixture adding salt until of the consistency suitable for a plaster. Apply to the wound and change in about an hour. Two appli-

qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure in pneumonia. It is also a certain cure for cronp. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these fact. facts are taken into consideration it is not surbrising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. NOTICE TO SHIPPERS

Amarillo, Texas, August 15th, 1904.—Beginning Saturday, August, 20th, and continuing thereafter on ever Monday and Saturday up to and including November 26th, 1904, the Southern Kansas will run regular stock trains for Kansas City, St. Joseph and Chicago markets on the following schedule:

Panhandle. 12:05 AM Tuesday - Sunday Pampa..... 3:25 " Canadian ...

At Woodward connection will be made with train No 528 on the AT&SF Ry. With these two weekly stock trains we expect to give our patrons the best possible service on their shipments to market. These two trains are intended to take care of the small shipments which would otherwise have to be handled on way freight trains, but on account of the necessity of gathering these shipments all along the line we cannot guarantee the above schedule at all times.

We will continue to handle trainload shipments, with proper notice, on any day of the week as suits the shipper.

Shippers should file orders for cars at least three days before date on which they intend to load, and longer notice should be given whenever possible.

ALL AT THE FUNERAL. A town that never has anything to

do in a public way is on the road to the cemetery. Any citizen who will do nothing for his town is helping to dig the grave. A man that will cuss his town furfishes the coffin. The one who is so selfish as to have no time from his business to give to city affairs is making the shroud. The merchant who will not advertise is driving the hearse. The man who is always pulling back from any public enterprise throws boquete on the grave. The man who is so stingy and selfish as to be always howling hard times preaches the funeral and sings the doxology, and thus the town lies buried free from all sorrow and care. Edna Progress.

Cause of Lockjaw.

Lockjaw, or tetantus, is caused by aberliau or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin, as in the wounds caused by purcussion caps or by rosty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlian's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one-third the time required by the usual treatment. Sold thing for his town is helping to dig the
