

County-Wide Society For Prevention Of Tuberculosis Formed At Eastland

With its aim to educate Eastland county residents in prevention of tuberculosis, the Eastland County Tuberculosis Society was organized at the Connelley hotel in Eastland Tuesday afternoon. Organization was sponsored by the Oil Belt branch of the Business and Professional Women's club.

With a permanent organization, Miss Pansy Nicholas of Austin, secretary of the state tuberculosis organization, explained Eastland county may retain 60 per cent of proceeds from sale of the TB stamps sold each year.

County Health Officer Dr. F. T. Isbell urged the organization and its aims, citing the need of a society by stating many in Eastland county possibly could have been prevented from having tuberculosis by an educational program.

"The white plague," said Dr. Isbell, "is rampant in this country." Dr. T. G. Jackson, Carbon, presi-

Temporary Licenses For Selling Liquor Are to Be Issued

AUSTIN, Nov. 20.—Temporary licenses to sell liquor in wet areas will be issued immediately under regulations announced today by the liquor board.

Prospective dealers may get temporary permits by placing a bond and filing inventory as of Nov. 15, 1935, within 10 days.

Manufacturers, wholesalers, rectifiers and wineries will be required to report every 10 days and pay a tax on all liquor handled. Tax payments will be deposited in a suspense account until tax stamps and licenses are ready.

Stamps will be sold to dealers in all counties, precincts, incorporated cities or towns in which the sale of liquors has not been prohibited by valid local option elections.

BIRTH CERTIFICATE NEEDED TO OBTAIN A PENSION UNDER NEW TEXAS LAW

Explanation of the old age pension law and direction on how to secure an old date birth or death certificate was given Tuesday by Mrs. John Matthews, registrar for the Texas Bureau of Vital Statistics at Eastland.

Mrs. Matthews' explanation: In order to secure the old age pension, the petitioner must meet the following requirements:

- A. Must have attained the age of 65.
- B. Must be a citizen of the United States.
- C. Must reside in Texas five years during the last nine.
- D. Must not be an inmate of, nor receive aid from any home or other institution except for medical care.
- E. Must not have transferred property to other persons in order to secure pension.
- F. Must not have an income over \$360, or if married not over \$720 per year.
- G. Must not own property with a taxable value over \$5,000 or if married, \$7,500.
- H. Does not own marketable securities of more than \$500, or if married \$1,000.
- I. Is not an habitual criminal or habitual drunkard.
- J. Has neither husband or wife able to secure adequate support.

One of the provisions in the old age pension is that the petitioner may establish his age by a birth certificate. There is in the Bureau of Vital Statistics a birth certificate of a woman born in Texas in 1859. It stood up through the courts of Denmark. The grandchildren of that woman participated in the division of her grandfather's estate.

Those who expect to secure old age pensions should file their birth certificates now, but in handling those records, there are several things that you must remember:

1. Neither the state nor the city will pay the fee for these records.
2. The expense must be borne by those wishing to file the certificates.
3. There must be two affidavits attached to each certificate.
4. The certificate must be written.

Eastland School Students to Get Layoff Next Week

Eastland school students will receive a two-day holiday next week for two reasons.

Schools will dismiss Wednesday afternoon, Nov. 27, because of Thanksgiving and assemblage of members of Texas State Teachers Association in San Antonio. The teachers meet for which several Eastland instructors are planning to attend, Supt. P. B. Bittle said, will be in session Thursday, Friday and Saturday.

Monument To Founder of Eastland Urged By Historical Group Head

Erection of a monument to the memory of C. U. Connelley, legislator and sometimes called the "Father of Eastland," will be urged by Judge R. C. Crane of Sweetwater, president of the West Texas Historical Association, to the Texas Centennial Commission.

County Judge Clyde Garrett has written Judge Crane suggesting that if the monument is approved, it be placed on the courthouse lawn in Eastland in the town he founded and lived for 55 years.

Connelley was widely known in Texas. He was the author of the separate coach law, which provides for separating whites from negroes in transportation vehicles. Connelley was a regent of C. I. A. at Denton, now Texas State College for Women. In 1911 Connelley was appointed by Gov. O. B. Colquitt as a member of the State Board for the purpose of locating and establishing a state tuberculosis colony.

Text of Judge Garrett's letter to Judge Crane: "Mrs. C. U. Connelley advises me that you, through the West Texas Historical Society, are urging the Texas Centennial to erect a monument to the memory of C. U. Connelley as one of the builders of West Texas.

"We, his friends in Eastland, are enthusiastic over the movement, and if the West Texas Historical Society is successful in placing his name, I, as judge of the commissioners court, and as a warm personal friend of Mr. Connelley, ask that you consider placing this monument on the courthouse lawn in Eastland—in the town he founded and lived for 55 years."

Depression's Hard Hit Craftsmen Get WPA Employment

Thirty-five craftsmen or members of the building trades—men classified in the occupations which in the opinion of many were hardest hit by the depression—will be employed on two WPA projects at Ranger.

The projects, scheduled to start Tuesday, are remodeling of a brick building for use as a girls' dormitory for Ranger Junior College and completion of a school auditorium.

Remodeling of the brick building will employ 12 members of the building trades, in addition to six laborers. To be employed on the job are one mortar mixer, five carpenters, two painters, one plasterer, one plumber, one bricklayer and one electrician.

For completion of the school auditorium 11 craftsmen will be employed, in addition to six general laborers. One mortar mixer, four carpenters, one painter, two bricklayers, one roofer, one electrician and one plumber will be used.

The national re-employment service office, as with all WPA and PWA projects, is in charge of placing workers on the Ranger work.

Jurors Find For J. T. Horn When Civil Suit Heard

Eighty-eighth Court jurors found for the plaintiff Saturday afternoon when they decided the J. T. Horn vs. Magnolia Pipe Line Company et al. damage suit on special issues.

The suit was the aftermath of an automobile accident involving the crash of an automobile driven by J. A. Smith of Olden into a wagon occupied by J. T. Horn on the Ranger-Eastland highway this year.

Jurors placed damage of the wagon at \$25, to Horn at \$325 and \$100 for a mule.

MARY HOWELL MURDER CASE SET FOR DEC. 5

Mary Lou Howell, charged by indictment with murder in connection with the death of L. F. Threet, west of Cisco Aug. 15, 1934, will face trial in 88th district court, Thursday, Dec. 5.

A special venire of 75 from which a jury will be selected has been ordered by Judge B. W. Patterson.

State's application for three witnesses was filed in district court Thursday.

Miss Howell will be the second to be tried in 88th district court on a charge of murder in connection with the death of the rancher, Doggett, convicted in October, 1934, of the murder of Threet, has appealed to the Court of Criminal Appeals. Miss Howell was sentenced to 20 years in Baird district court upon conviction of robbery in connection with the same case while Doggett was assessed a term of 99 years.

Miss Howell's appeal of the robbery conviction was made June 11 and Doggett's appeal from the death sentence, is yet to be passed on by the Austin appeals court.

Elmer Van Cleave, charged with robbery and murder in the same cases, is yet to be tried in Eastland or Callahan county.

Credit Meet at Eastland Slated Sunday, Dec. 8

Postponement of the fall meeting of the Texas Retail Credit Bureau, district No. 2, from this week at Eastland to Sunday, Dec. 8, was announced by H. C. Davis.

Secretaries of approximately 32 Retail Merchants Associations in this section of Texas will attend, Davis, vice-president of the organization, stated.

3 o'Clock Fixed As Time of Game

Starting time of the Eastland-Abilene game Friday has been set at 3 o'clock on Welch field in Eastland, Supt. P. B. Bittle announced Wednesday.

Possibility of Abilene asking for an advance of the game to 2:30 was expressed by Supt. Bittle although no indication had been made of the request Wednesday.

Body of Woman Is Shipped to Arizona

The body of Mrs. Rilla Tolby, 40, who died at Olden after a long illness, is being shipped to Tullison, Ariz., by Killingsworth, Cox.

The decedent was born in Missouri, Oct. 1, 1895. She had made her home in Olden only a short time, moving there from Arizona.

The funeral services are to be conducted at Tullison Saturday, Nov. 23, with burial in the Tullison cemetery.

Desdemona Will Ballot On Town's Existence Dec. 3

Whether incorporation of Desdemona will continue or the town's corporate existence shall be dissolved will be determined at an election Tuesday, Dec. 3.

Petitioned by 55 Desdemona residents, County Judge Clyde L. Garrett ordered the election.

Those favoring dissolution of the incorporation will vote "for dissolution" while others will vote "against dissolution."

O. A. Kuntz, who has been named presiding officer, will appoint two judges.

COUNTY SCHOOL MEETING PLANS ARE COMPLETED

Plans for the Eastland County Teachers Institute to be held in Eastland Friday and Saturday, Dec. 6 and 7, were completed when 10 principals and superintendents conferred with County Supt. G. S. Eldridge Wednesday afternoon.

Theme of the meeting will be "Character Building and Training for Citizenship." An attendance of 200 is expected.

Supt. of State Education L. A. Woods will address the teachers on "The Place of the School in Building Character" from 11 a. m. to 12 noon the first day of the institute. All sessions will be held in the high school auditorium at Eastland.

Others to attend will include: Miss Opal Gilstrap, deputy superintendent, who will organize the Eastland County Rural Teachers association the second day of the institute from 11:30 a. m. to 12:30 p. m.; Miss Irene Prewitt of Austin, who will instruct intermediate and primary teachers on penmanship; Supt. N. S. Holland of Breckenridge, who will speak on "Trends in Taxation with Implications for Education," on Saturday from 11 to 11:30 a. m.

Miss Nell Parnley, co-director of rural aid for the State Department of Education, Austin, will have charge of music.

All members of school boards in Eastland county are urged by Supt. Eldridge to hear State Supt. L. A. Woods.

Though his subject has not been selected, Rev. Fred Eastham, pastor of the Baptist church at Eastland, will speak from 10:30 to 11:10 a. m. on the second day of the session.

Principals and superintendents who made plans for the institute Wednesday were: R. N. Clark, Cisco; P. B. Bittle, Eastland; W. T. Walton, Ranger; B. B. Brummett, Gorman; E. T. Dawson, Rising Star; Henry Collins, Olden; Guy T. Smith, Colony; Lewis Smith, Morton Valley; L. C. Cash, Pioneer.

Births Lead Over Deaths In October Vital Statistics

Seven birth and two death records have been filed as vital statistics for October at the Eastland city hall by Mrs. John Matthews, registrar.

Births—Marilyn Rhea Hurt, daughter of Mr. and Mrs. C. C. Hurt; Baby Crawford, son of Mr. and Mrs. R. H. Crawford; Albert William Cogburn Jr., son of Mr. and Mrs. Albert William Cogburn; Francisca Sanchez, daughter of Mr. and Mrs. Polito Sanchez; Doris Ruth Landry, daughter of Mr. and Mrs. Ed A. Landry; Lewis Clyde Bargsley, son of Mr. and Mrs. Lewis Leslie Bargsley; Marie Frances Lemmert, daughter of Mr. and Mrs. Francis Henry Lemmert; Joyce Lavelle Graham, daughter of Mr. and Mrs. R. Q. Graham.

Deaths—Albert William Cogburn Jr.; Dave Dixon.

Two Ranger Boys On Wesleyan Team

FORT WORTH, Nov. 18.—Texas Wesleyan has two boys from Ranger on its football squad this year. They are John Bray, tackle, and Roy Segars, center.

Bray reported to Coach Rhome this year as a center but as he already had one all-conference center he decided to use Bray's power in some other position and he was shifted to tackle in practice and showed so much power that Rhome left him there. He has been playing there ever since and stops most of the plays around his way and the other way too. He diagnoses plays and is usually there when the runner gets to the line of scrimmage.

Bray also does the kicking-off for the Rams and puts the ball over the goal line consistently. He is so fast he rushes down the field and stops the return with pile-driving tackling before the runner gets to the 15-yard line.

Bray has two more years and will be one of the best tackles in the southwest before he gets out of school. In numerous games the sports writers have said that he was the best they had ever seen out of the Southwest conference.

Segars is a substitute center. He didn't come out for football until late in the year, but made the traveling squad after a week of practice. He will turn into a fine man and will be valuable to Rhome before he gets through school.

Rising Star High School Homecoming Day Set as Friday

RISING STAR, Nov. 19.—Homecoming day for former students of Rising Star High school has been set as Friday. Feature attraction will be the annual game between the Cross Plains Buffaloes and the Rising Star Wildcats, to be played at the local field.

Fred Roberts, cashier of a local bank, will hold the ball while C. F. Falls, local insurance man, kicks off. Both were members of the first graduating class here in 1902. Other members include Mrs. D. J. Jobe of Eastland.

An organization meeting is to be held at 10 o'clock Friday morning and plans are to be made to make the occasion an annual affair.

THE ANNUAL ROLL CALL OF THE AMERICAN RED CROSS

The American Red Cross is an institution in which our people in every walk of life and in every section of the nation can unite in a common tie of brotherhood. It represents them in their instinctive desire to be of service to suffering humanity. It knows no distinction of race, creed, or color. There are no boundary lines either state or national in its never-ending mission of mercy for those who are in distress.

During the last year 128 disasters occurred in 37 of our states. In each catastrophe the afflicted community turned with assurance to the Red Cross for the efficient relief which was so speedily given. During the same time this great organization has developed a country-wide program for safeguarding our homes and our highways from the mounting toll of accidental deaths.

Each year at this time the Red Cross appeals to our people for the support which will enable it to continue its service to humanity. Each American everywhere is given an opportunity to participate in Red Cross work, local and national, through individual membership.

It is of the utmost importance that we maintain the Red Cross as our great national relief agency. I earnestly urge all who can possibly do so, to respond generously and promptly to the Red Cross appeal.

FRANKLIN D. ROOSEVELT, President.

Shotguns Roar a Greeting to Ducks As Season Opens

HOUSTON, Nov. 20.—Shotguns, wielded by Texas hunters, roared a greeting today to the most stringently regulated duck and goose season in history.

Thousands of hunters were up long before dawn, settling their blinds, fringing the coastline, rice fields, shallow bays and inland lakes and streams.

The season opened at 7 a. m. today and will continue through Dec. 19.

Sporting goods dealers in South Texas reported less than half the hunters of former years went to the fields today. Those who planned trips of more than one day sought spots where fishing is good.

Agent Secretary Is Employed For Heald

Miss Genevieve Lyon of Eastland has been employed as secretary to County Agent C. Metz Heald.

Cisco Man Makes Bond In Federal Court at Abilene

ABILENE, Nov. 16.—E. I. (Sam) Courtney of Cisco made \$500 bond on a charge of operating an unregistered still, possession of non-tax paid whiskey and possession of a mash outfit for distillation before United States Commissioner Ida M. James in federal district court Friday. The charge against Courtney was made in connection with a raid by federal officers and Sheriff Virge Foster in Eastland county Thursday.

Appeal Bond Is Made by Tomlin

Recognizes bond of \$1,500 was made last week for Paul Tomlin, who recently was given a two year sentence on his conviction on a charge of cattle theft. The bond was made pending his appeal to the court of criminal appeals at Austin.

Carl Nix Makes Bond of \$750

Indicted recently on a charge of theft of over \$50, Carl Nix has made bond of \$750. An indictment charges Nix with the theft of 20 joints of oil well casing from M. S. Keltenbach.

Stolen Car Found By Ranger Police

An automobile stolen from P. E. Moore of Ranger Monday night was located Tuesday morning, shortly after the theft was reported, it was announced today.

The automobile, a 1926 Buick sedan, was stolen from in front of Hannon Company on Main street early Monday night, it was reported, and was found Tuesday morning near the old Ranger cemetery.

The car had been partially stripped, and a few minor parts were reported to have been taken from the machine.

Accident Board's Decision Appealed

The Employers Casualty Company Tuesday filed an appeal from a ruling of the Industrial Accident Board at Austin in 91st District Court.

The board at Austin, Oct. 22, ruled the company pay to S. L. Cole, allegedly injured while in the employ of the Texas Electric Service Company Feb. 25, \$17.25 for an indefinite period not to exceed 125 weeks. Grisham Bros. of Eastland, attorneys for Cole, were to receive 15 per cent of each installment on the first \$1,000 and 10 per cent thereafter.

SENATOR NELSON PROPOSES UNICAMERAL LEGISLATURE FOR TEXAS PLAN TO RESTRICT MEMBERSHIP, MEETING IN CONTINUOUS TERM

"A two-headed snake was going to a creek to get a drink of water. Being in a hurry, it was not very observant of the dangerous path ahead and soon found itself caught by a twig, one of its heads on the one side and one on the other. It was unable to get loose from its mooring and after about thirty days, it expired."

"That," Senator G. H. Nelson said, "is a fair analogy of what happens to laws the people want passed."

To make the state government more democratic, to simplify its workings so that the will of the people can be carried out with the least possible expenditure of funds Senator Nelson believes that Texas should replace the present Legislature with a unicameral body.

Recently he offered a resolution in the Senate asking Representatives to go on record favoring, at the regular session of the Legislature in 1937, the submission of a constitutional amendment to the people on the question of the adoption of a unicameral legislature.

The resolution was sent to the State Affairs Committee.

Senator Nelson, who attended the University of Texas School of Law, 1921-23, has been in the Senate only a short time. He was elected to finish the term of the late Senator A. P. Duggan.

The proposal suggests a legislature of 42 members, two from each congressional district, to be elected for four-year terms. One member would be elected from each district every two years. Each would receive an annual salary of \$5,000 and would be precluded from taking or receiving any compensation from any individual, firm or corporation during the tenure of office.

There would be a continuous legislative session. The chamber would recess or adjourn from time to time and would be subject to call by 50 per cent of the membership. Should a district feel that its wishes were not being followed, it could recall its representative. The governor's power of veto would not be abridged.

It is Senator Nelson's belief that once the people of Texas are made to realize how inefficient the present system is, they will readily adopt the unicameral legislature.

The criticism by the public of the legislature is growing year by year. There are loud grumblings about costs of legislation, and about the type of legislation. These objections are valid, and once the people are shown how they can get what they want, they will not hesitate to give the order.

The senator has gathered a great amount of data on the subject. He has also collected figures which show that the cost of operation of each legislature per man, for each of the 181 solons, is approximately \$6,129.

For the forty-second legislature, he said was a fair example, salaries to members totaled \$402,842.34; mileage amounted to \$47,123.27; stenographic help, \$241,378.06; postage, \$22,435.52; telephone and telegraph, \$33,861.71. Numerous other items make the total amount.

First, the one house legislature will save thousands of dollars to the state, Nelson said.

It conforms with modern ideas of business direction. It will not change our representative form of government because, like the present senate and representatives, the members of the one house would be chosen from identical districts by the same people. Each of the two would be paid the same salary.

The one house, instead of brooding corruption, will eliminate corruption. It will do away with the free conference committee, which in fact a separate house. Senator Nelson, on this point, explained that conference committees often inserted provisions in important bills which do not conform with the wishes of a majority of the legislators or of the public.

When late in the session something like that is done, members of the separate houses have the alternate of refusing to adopt the report of the conference committee, in which case an additional expense is out-

lined because a special session generally has to be called, or of adopting the report, in which case they are being made to vote against their own and the wishes of their constituents.

"Besides," he continued, "the one house would eliminate practice of shifting responsibility."

"The people of Texas are vitally interested in seeing that their orders are obeyed, Senator Nelson said. If they simplify the machinery of government, then they can see who is responsible for the neglect of the people's business.

"He cited a passage from Woodrow Wilson: "Simplify your processes and you will begin to control. Complicate them and you will get farther and farther away from their control. Simplification! Simplification! is the task that awaits us. To reduce the number of persons to be voted for to the absolute workable minimum—knowing whom you have selected, knowing whom you have trusted, and have so few persons to watch that you can watch them."

Jurors Find For C. T. Williams In Insurance Case

Eighty-eighth district court jurors reported Thursday morning with a verdict in favor of the plaintiff in case of C. T. Williams vs. Metropolitan Life Insurance Co. All issues were found in favor of the plaintiff.

Disabilities sustained by Williams while in the employ of Magnolia Petroleum Company were found total. Two former trials resulted in hung juries.

Jurors were Wolf, J. D. Barton, L. E. Gray, W. C. Bankston, J. S. Hutton, W. I. Agnew, J. E. Burman, W. C. Hammon, S. H. Brock, John A. Burke.

Burial of Carbon Woman Scheduled In Clifton, Tenn.

The body of Mrs. J. V. Thompson, 30, was sent to Clifton, Tenn., her former residence, after services in Carbon Wednesday.

Rev. H. H. Nance, pastor of the Methodist Church at Carbon, and Rev. A. A. Davis, pastor of the Baptist Church, officiated.

Mrs. Thompson, wife of the Carbon Telephone Company manager, died Tuesday night.

J. C. Smith Having Thanksgiving Sale

J. C. Smith is announcing today a big Thanksgiving sale, which will start Friday, Nov. 22, and which will continue through Thanksgiving Day.

The sale is being promoted at this time in order that the people may make purchases before the Christmas rush, which is expected unusually early this year, and may have an opportunity to buy presents to lay away for the Christmas season. The sale covers practically every

America and Its Citizens
All straight-forward thinking Americans have surely for once come to the conclusion that America has changed. Some would brand this change as an abstract change in its physical structure. Some as due to a financial crisis. Others as political changes, etc. We at least know that it has changed and is continually changing, principally in its citizenry. Let us take an introspective view and glance in the mirror for once and we believe we can discover the trouble. No nation can be greater than its citizens, who compose it. Too, "a great nation is made only by worthy citizens." We have noticed in one of our late publications that a radicalism of 22,000 strong has been developed in youthful minds of our nation. This radicalism is branded as destructive and what to do with this radical element is the problem at hand. Let us not forget that radicals have played their part in world politics through all the ages as a check and a balance on major political groups.

Surely if we are to develop right attitudes in our youthful citizenry we must as an older group lead the way in example and deeds, and instead of cursing the machinery of our government teach them loyalty and who compose the government. True, there are a great number of things that the writer does not like concerning the workings and practices of our government, but it pays him as well as all others to think, speak, and act in a silent manner before youthful minds, who are imitators who greatly magnify our examples.

Teach them the example of Washington, who said, "The love of my country will be the ruling influence of my conduct," and of Hale, who said, "I regret that I have but one life to lose for my country." Last but not least, the words of Alphonse de Lamartine, "That in order that a government may be durable, it must contain a principle, that is divine, that is best adapted to the welfare of the many."

We know that if the proper atmosphere is provided in homes, schools and elsewhere that our future generations will come forth marching with a banner of love, duty, and divine principles. The one of which our present generations have partly left behind.

Classroom News (Upper Grades)
We have a group of willing workers in our room, for which we are proud. We want the patrons to know that your children are showing steady progress in their work. We hope that you as patrons shall continue to encourage your children and combine our efforts as teachers and patrons together for the general welfare of your child and the community.

The Puritans (Billy Hines)
We should speak first of the Puritans as the most remarkable body of men which, perhaps, the world has ever known or produced. He is a stern figure full of

strength and force and purpose, who had grave faults, but they were the faults of a strong and not a weak nature, and his virtues were those of a robust man of lofty aims.

They had their smiles and tears, their raptures and their sorrows, but not for the things of this world. Enthusiasm had made them stoic, had cleared their minds from every vulgar passion and prejudice, and raised them above the influence of danger and of corruption. It might sometimes lead them to pursue unwise means. They went through the world mingling with human beings, but having neither part nor lot in human infirmities—insensible to fatigue, to pleasure, and to pain.

The Puritan had narrowness but he also had breadth. It is true that he drove Roger Williams into exile and persecuted the Antinomians, but he founded successful and God-fearing commonwealths. He hanged Quakers, and in mad panic put old women to death as witches, but he planted a college in the wilderness and put a school house in every village.

He made a narrow creed the test of citizenship; but he founded the town meeting, where every man helped to govern, and where all men were equal before the law.

He banished harmless pleasure, and cast a gloom over daily life; but he formed the first union of states and when the storm of war came upon the colonies he gave the best that was in him to the common cause.

Literary Society News

Remember our program on Wednesday night, Nov. 27. This program might be thought of exclusively as a Thanksgiving program; but this is not the case. Some of our numbers will be representative, others will not.

Regardless of the type of program we hope that the entire community will attend with thankfulness in their heart for each and every blessing received.

Be here promptly at 7:30; if we wait later to begin it will throw the termination of our program too far into the night.

We wish to as teachers express our thanks to each and every pupil of the school for their efforts, particularly in this program. All have brought up their school work well and have done all this work extra. Thank you all.

DESDEMONA

On Tuesday, Nov. 5 the Twenty One Study club met at the clubhouse for the annual Bible day program. As guests for the day the members of the Gorman Excelsior club were present and also Mrs. C. O. Bragg of Desdemona. The house had been beautifully decorated with autumn leaves and vines with red berries and bowls of cut flowers. Hostesses for the day were Mrs. Clarence Ragland, David Parks, Charles Lee and Preston Sparks. The leader of the program was Mrs. W. H. Davis. The meeting was called to order by the president, Mrs. Mattie Henry who welcomed the guests in a short and well worded message after which the leader took charge. Roll call responses were Bible verses about trees and flowers. All present joined in singing Beautiful Garden of Prayer, and Mrs. Davis read the 21st chapter of 1 Kings in which the account of Naboth's vineyard or garden of grapes is told. Then followed the main program, an address on "Gardens of the Bible," written by Mrs. R. E. Willis, a past president of Arkansas Federation of Women's Clubs. Mrs. Willis now makes her home with her daughter at Fayetteville, Ark., but formerly lived at Asheville, N. C., where her husband, a noted Presbyterian minister, was ill for many months before his death and during that time Mrs. Willis wrote the address and delivered it before Garden clubs in Asheville and nearby towns as a means of helping out their income. Mrs. C. W. Maltby, Desdemona's most gifted reader, gave the address, a 45 minute one, entirely from memory and with splendid expression, which held her audience tense with interest. In the address the writer of it considered first the Garden of Eden and the picture of it as given in John Milton's wonderful epic, "Paradise Lost." Coming down the ages the writer describes The Garden of Grapes and draws a parallel between Jezebel and Shakespeare's Lady MacBeth. The Hanging Gardens of Babylon, the Garden of Love as described in Solomon's Songs, The Garden of the Prophets, the Garden of Gethsemane and as a climax the Garden of Resurrection were each described in beautiful language and with classical literature woven in with the Biblical accounts in such a way as to make the address a masterpiece of literature. At the close of the address Mrs. W. E. Barron and Mrs. Preston Sparks sang, very sweetly, "In the Garden." Miss Edith Creighton was accompanist. At the close of the

THRILLS AT THE COLUMBIA

All the action, excitement, thrill and romance of the old time Western are included in "Moonlight on the Prairie," the Warner Bros. drama of the old West. Above is seen Dick Foran, the singing cowboy, landing a fast one on the button of a cow rustler. This is your Thanksgiving show at the Columbia Theatre Thursday.

A LITTLE BIG SHOT NOW

Robert Armstrong, Sybil Jason and Edward Everett Horton in "A Little Big Shot," showing Friday at the Arcadia.

AROSSET... the starchless collar that looks starched!

And you get it only on Arrow Shirts

AROSSET is Arrow's gift to the man who likes a collar that stays fresh through the busiest day. Arosset does just that. It's starchless yet it never wilts!

We have Arosset on all of the many Arrow form-fit Mitoga shirts. It adds just the right touch of extra-neatness to either a white or fancy model.

We like this new Arosset collar. Pay us a visit soon—and see what you think about it.

of the Baptist church, dismissed the First Christian Church Sunday his services and he and his congregation went over to the Methodist church to welcome the new pastor to town. Those who heard gram is expected and a large Rev. Dailey in the services Sunday were much pleased with him and predict for him a successful year.

Sympathy of the community is being extended to Mr. and Mrs. Thad Spicer on account of the death of their one-month-old baby on Monday of last week.

INCREASE IN GERMANY'S SHEEP
By United Press
BERLIN. — Germany's flock of sheep have been increased by a third in the past three years in the great drive for economic self-sufficiency. An official census shows that Germany now has 4,400,000 sheep, which is 1,100,000 more than at the time of the 1932 census.

MONTGOMERY WARD'S LARGEST TOYLAND WILL OPEN IN RANGER ON SATURDAY, NOV. 23, WITH LARGEST VARIETY IN THE HISTORY OF STORE

The largest toy department the local Montgomery Ward store has ever had on display is being made ready for the opening of Toyland, which will be staged on Saturday, Nov. 23, one week earlier than Toyland has ever been opened at the Montgomery Ward stores.

LET KIDNEYS FLUSH OUT 3 LBS. A DAY

Clean Out 15 Miles of Kidney Tubes
Nature put over 15 miles of tiny tubes and filters in your kidneys to strain the waste matter out of the blood. Kidneys should pass 3 pints a day and so get rid of more than 3 pounds of waste matter.

A trip through the partly-completed toy section Thursday revealed that any child can find anything he wants in Montgomery Ward's toyland with everything from rubber balls to bicycles being offered.

Moving picture machines, with films showing Mickey Mouse, Tom Mix, Betty Boop and many other famous film characters, are displayed in one department.

Elsewhere will be found G-men machine guns that shoot realistic sparks as the gun's rat-a-tat-tat is heard. Rocket cars, which shoot sparks from the rear as they run in circles or in straight lines; electric stoves that will really cook; electric irons that will iron; mechanical trains; typewriters; filling stations equipped with grease racks, gasoline pumps, lights; sewing machines on which doll clothes can be made; dolls and dolls and dolls, including the Shirley Temple and Little Colonel dolls that are so popular this year.

Building sets; erector sets; desks; tables; chairs; tricycles with streamlined effects and electric lights; scooters with real pneumatic tires; carpenter sets with which things can be built; chemical sets with instructions; rocket pistols; blocks; balls; toys for infants; toys for small children; toys for older children are everywhere in toyland and whether one wants a mechanical fire truck with electric head and tail lights, searchlights and siren; a mechanical drawing set with triangles, T-squares, compasses and pencils or queer-acting mechanical toys of all descriptions, it may be readily found.

Adults, too, who can look back to their childhood days when toys were not so perfected nor was such a wide variety available, will get a big kick out of visiting Toyland at Montgomery Ward's Ranger store, but it will make him believe he was "born 30 years too soon" and he will wish that he was a kid again so that he could look forward to Santa's visit. No doubt many children will get toys this Christmas which the adults will almost confiscate, because they are so fascinating that no one can really resist them.

"I Knew Diamond Jim"
(By Henri Carpentier)
Always, I have loved to observe my patrons when the mask is lifted by the relaxation of the dinner hour, and I say of any man: "By the way he eats you shall know him."

Although the diamond-studded James Buchanan Brady was goliath of gourmets and gourmands, he was not a glutton. He never merely stuffed but elevated a commonplace necessity to a fine art and was always as voracious for the last mouthful as for the first. He never napped after lunch or dinner. Nor did he permit business to be discussed during a meal.

Only once in all the times he dined at my restaurant at Lynbrook, Long Island, did I see Diamond Jim lose his appetite. In 1915, I happened to read him a letter that told of the starving children in France and the misery of the old folks waiting for news from the front. Tears fell from the kind eyes of my listener and glistened among the sapphires on his waistcoat. He cancelled the rest of the meal though he insisted upon paying for it just the same. The next day his secretary telephoned to inform me that a golden egg had come from Henri's duck. Mr. Brady had bestowed a half million dollars upon the orphans of the allies.

"Diamond Jim" starts Monday at the Arcadia.

Szasz and Chrane Will Return For Bout On Monday

The matchmaker succeeded in rematching Bondy Chrane, the wife of Abilene, and Albert Szasz, the Hungarian flash, for the main event at the Elba arena for Monday night, Nov. 25.

NEW LOVE TEAM

Brian Aherne and Joan Crawford, playing together for the first time at the Arcadia Theatre, Saturday and Sunday.

These two boys put up one of the best wrestling matches ever held in the Elba arena, so conceded by the large attendance last Monday night.
 The 45 minute prelim in which they wrestled was not long enough to tell which was the peer of the two, they were so evenly matched. The matchmaker after several wires and phone calls succeeded in arranging a return match in the main event a two-hour time limit, best two out of three falls. They are the talk of the town and a capacity house is expected to witness their struggle for supremacy next Monday night.
 The 45 minute preliminary brings back the formidable and aggressive favorite, Eddie O'Shea, the wild Irishman of New York. This time Eddie will meet a man who is fast and clever and will give and take with any of the mat boys. He is Dory Detton, the Utah Mormon.
 Detton has been wrestling along the Pacific coast where one has to be good in the game or he can't stick.
 These two matches should surpass those of last week. The management has promised better bouts so here they are. Those wishing ringside seats should make reservation by calling 283 any afternoon. Remember the show starts promptly at 8:30 p. m., rain or shine, hot or cold.

ALAMEDA

Armistice Day was observed by the school.
 The basketball boys and girls played a game with Morton Valley Wednesday night. Morton Valley was victorious.
 Mrs. Farrow and Miss Smith entertained us with a nice program in chapel Friday and was enjoyed by all.
 We were sorry to lose some students last Tuesday that moved away but are proud of our new students that entered last Friday. Some of them came from California.
 We are getting up a Thanksgiving program for Tuesday night November 26. The public is invited.

Another example of real news was the Troy, N. Y., dispatch about the principal shooting the banker.

Cornet Stolen From An Auto In Ranger

A new cornet was stolen from an automobile owned by Norman

Dennis of Ranger Monday night while the car was parked in front of the Love Bros. Barber Shop on Main street, it was reported today.

Dennis had secured the horn on approval, it was stated today, and was returning it to J. F. Whitefield, band director, who had called a band practice for Monday night.

When Dennis stopped on Main street and left the car for a few minutes it was taken from the car, the report stated.

Sportsmen Warned Not to Shoot Ducks Before 7 In Morning

Many duck hunters of Eastland county were out after ducks Wednesday morning when the open season started, but hunters have been warned by L. H. Woods, game warden, that it is illegal to start shooting before 7 a. m. standard time, or after 4 p. m., and all hunters must have the \$1 duck stamps. The restrictions are more severe this year and a special effort is being made to apprehend those violating the state or federal laws governing duck hunting.

Due to the presence of more water, as well as more feed, ducks are more abundant in this country this season than last, and hunting is being permitted every day in the week. Only three days a week were open last year. The bag limit, however, will be 10 birds a day, and one may not have more than 10 in his possession at one time. There is also a limit of four, in the aggregate, on geese and brant that a hunter may have in his possession.

Duck stamps, which are available at the postoffice for one dollar, must be bought regardless of where the hunter operates, but only if he goes outside his own county is he required to buy the two dollar state license.

Several new federal restrictions have been imposed that all wardens have been instructed by the game, fish and oyster commission to co-operate 100 per cent in enforcement of these regulations. They provide:

That migratory game birds shall not be taken with or by means of an automatic-loading or hand-operated repeating shotgun capable of holding more than three shells, the magazine of which has not been cut off, or plugged with a one-piece metal or wooden filler incapable of removal through the loading end, so as to reduce the capacity of the gun to not more than three shells at one loading.

That migratory game birds may be taken from a blind, boat, or floating device (except a sinkbox (battery), powerboat, sailboat, or

TOUGH TOES SHOES ONLY HANDICAP HAWAIIAN KICKERS

Tender toes would find kicking a football without the protection of a shoe a bit painful, but the toes of Buster Piltz, of the University of Hawaii, are tough. Top shows Piltz' bare toes about to make contact for a place-kick, with Tommy Kukuluki holding the pigskin; center the toes meet the ball; and below the ball is on its way. The Hawaiian team visited this country for engagements with the Universities of Denver and California at Los Angeles.

any floating craft or device towed by a power boat or sailboat) not more than 100 feet from the shore line as determined by ordinary high water, or not more than 100 feet from any natural growth or vegetation protruding above the water extending from or existing beyond such shore line.

That waterfowl may not be taken with or by the aid of corn, wheat, oats, or other grain, or products thereof, salt, or any kind of feed by whomsoever, or for whatsoever purpose, placed, deposited, distributed, scattered, or otherwise put out in any environment, whereby such waterfowl are lured, attracted, or enticed to the hunter.

That the use, directly or indirectly, of live duck or goose decoys in the taking of waterfowl, is not permitted.

That the shooting hours for the hunting or taking of waterfowl, coots, and Wilson's snipe (jack-snipe), shall be from 7 a. m. to 4 p. m., standard time.

Qual season will not open until Dec. 1 and will close Dec. 18. Bag limit will be 12 a day. The three-shell shotgun rule does not apply to quail.

Building Permits In September Are Above Last Year

AUSTIN.—Building permits in Texas during September rose sharply above the like month last year, but were substantially below those of the previous month, according to the University of Texas Bureau of Business Research.

Reports to the Bureau from chambers of commerce in nearly 40 representative Texas cities showed an increase in permits of 82.6 per cent over the corresponding month last year but a decline of 31.5 per cent from August.

For the third quarter of 1935, aggregate permits from these cities were 104.5 per cent greater than for the like period last year.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creosolium. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creosolium, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

HOPKINS SAYS SOME RELIEF IS NECESSARY

WASHINGTON, Nov. 19.—Works Progress Administrator Harry Hopkins today promised continuing government relief through the year for "those on the bottom of the heap."

Hopkins refused reports that the New Deal intended to abandon its relief program July 1.

He promised the United States Conference of Mayors in an address the government intends to keep its hands on the relief plow "and never take them away."

"These people at the bottom of the heap are going to get care. The form of this relief may change from time to time and from year to year, but you may be sure relief will continue," he said.

Foreign Trade Plan Is Worked Out

HOUSTON, Nov. 19.—Eugene Thomas, president of the National Foreign Trade Council, in convention here, announced a plan today to finance \$68,000,000 in new business with Brazil.

Thomas said the plan would release \$17,000,000 in frozen credits owed by Brazilian merchants to American firms.

Economists greeted the tentative agreement as one of the most important events of the year in foreign trade. Thomas said the council was negotiating with the Brazilian government for final completion of the plan.

Record Number of Disasters in Year; Relief Given in 128 by Red Cross

Left—Red Cross worker aids family in New York state floods. Injured father tells how mother and children were trapped in flooded house until rescued by Red Cross. Right—Terrain, stripped of homes and verdure by tornado in Gloster, Mississippi. Inset—Admiral Cary T. Grayson, new chairman of Red Cross, who directs relief work.

OLD Mother Nature visited an unusual number of varied cataclysms on her children during the past year, causing distress all over the nation to many thousands of men, women and children.

Her repertoire of disastrous occurrences included drought and dust storms in the midwest; explosions, fires, floods, epidemics of disease, shipwrecks, tornadoes and hurricanes in many sections.

As a result the American Red Cross reports that this year the organization gave relief in the greatest number of catastrophes in any one single year in its history. Relief was carried to victims of 127 disasters, which occurred in 25 of

the 48 states and Alaska. Food, housing, clothing and medical aid were given to 110,000 persons in 306 counties—in or almost on-ten-th of the territory of the nation.

Two disasters which called into the field every available worker of the relief forces of the Red Cross were the floods in New York state in August, and the Florida hurricane in September, both of which claimed a heavy toll of life, and caused great property damage.

In New York state the Red Cross had more than 5,000 families listed for rehabilitation aid, after the storm wreckage was cleared away. In Florida the Red Cross prepared to aid a thousand families, and also to act in problems of the dependents

of more than 300 world war veterans in government road construction camps in the keys, who lost their lives or were listed among the missing in the hurricane.

The work of mercy for these many sufferers was directed personally by Admiral Cary T. Grayson, new chairman of the Red Cross.

Funds are provided for this type of work by memberships in the Red Cross and by special relief funds raised in a restricted area. Memberships in the Red Cross are sought each year at the annual roll call period, and support both the local chapter work and the national disaster, public health nursing, war veteran and other work of the society.

Inventor Says a New Process Makes Wood Like Iron

KENOSHA, Wis.—Shrunk wood, so tough an iron mallet will not dent it, may soon appear on the market, according to Alfred G. Olson, Elkhorn woodworker.

Olsen has patented a process which he says will make soft pine as strong as iron, as the result of 17 years' experimenting.

Tests of wood treated by Olsen revealed it capable of withstanding pressure up to 25,000 pounds, while ordinary wood smashed at 750 to 1,000 pounds.

While not revealing his process, Olsen explained that the wood is shrunk in chemical solutions, eliminating the lignin or pores. When shrunk, 100 per cent wood

has withstood the equivalent of 10 years' wearing without showing it, he reported, predicting its invasion into fields exclusively held by metals.

Skin Sufferers find ready relief from itching of eczema, rashes and similar ills, in the gentle medication of Resinol

CAREFULLY SELECTED PROGRAM SHOWING AT ARCADIA THIS WEEK

The management of the Arcadia Theatre has very carefully selected the programs for the Thanksgiving Holiday season, trying to bring a variety of shows to Ranger in order to please the entire theatre-going public.

The lead-off picture for the week, "I Live My Life," is one of the year's distinguished hits in which Joan Crawford is superb. Different from any of the glamorous star's previous pictures, it casts her as a spoiled debutante whose love for a penniless archeologist redeems her. As the archeologist, Brian Aherne brings his finest performance to the screen, making the character a warm, charming and humorous digger of status. This picture shows Saturday and Sunday.

"Diamond Jim," the glittering screen play based on the life of James Buchanan Brady, first of the super-salesmen, the man who made the gay "nineties" gay, will open a two day run on Monday. You'll see Edward Arnold of "Sadie McKee" fame as "Diamond Jim" and beautiful Binnie Barnes as "Lillian Russell."

The third big hit of the week is to show Wednesday night at 11:15 as our Thanksgiving show. This picture is "A Night at the Opera," with the world's most famous comedy team, the Marx Brothers. Many critics have acclaimed this their funniest picture, and say it is without one dull moment.

JOAN CRAWFORD TO BE SEEN IN "I LIVE MY LIFE" AT ARCADIA SAT., SUNDAY

Joan Crawford and W. S. Van Dyke!

The star and director who collaborated with such success to make "Forsaking All Others" are united again in Metro-Goldwyn-Mayer's new vehicle for the glamorous actress, "I Live My Life," which comes to the Arcadia Theatre Saturday and Sunday.

The locale of the picture shifts between the exotic Greek Island of Naxos, where the lovers meet, New York City and a Connecticut estate.

Lavish settings are up to the recognized standard of Art Director Cedric Gibbons and his associate, E. B. Willis. Many of these are exteriors, constructed high above the glittering shores of Catalina Island, to which the company journeyed on location.

Adrian has designed more than a dozen striking new ensembles.

ACTION AND EXCITEMENT

Roaring guns and flying fists, in "Six Gun Justice," at the Columbia Theatre, Saturday.

The new and revolutionary idea was a plan by which "A Night at the Opera" was previewed, "cut" and gauged for laughs before a single scene of the picture went before the cameras. This was done by taking the play intact with principals and all on a legitimate stage tour.

Groucho, Chico and Harpo are seen as manager for a pair of songbirds whose operatic career they are trying to further.

worn as only Joan Crawford can wear them.

SYBIL JASON, 5 YEARS OLD, STARS IN TENSE DRAMA

Opportunity knocked on the door of a little blue-eyed, dark-haired girl who answered the knock.

The little girl is Sybil Jason, who reached Hollywood by the round-about way of London, from Capetown South Africa, where she was born and where her parents still live.

Sybil is five years old and for three years of that brief life-span she has been busy entertaining others with her music, her dancing and her mimicry. Her fame as a baby entertainer spread to England a year ago when she was taken there by Harry Jacobson, her uncle, and introduced to London audiences.

Now Sybil Jason, still too little to know what it is all about, is the newest star on the Warner Bros. roster. Her first American picture, "Little Big Shot," comes to the Arcadia Theatre on Friday, with Robert Armstrong, Glenda Farrell and Edward Everett Horton, Jack LaRue and Arthur Vinton as other principals in the cast.

MARX BROTHERS TESTED PICTURE ON THE "ROAD"

Something entirely new in the history of film making was devised by the famed Marx Brothers Groucho, Chico, and Harpo, when preparations were begun at the Metro-Goldwyn-Mayer studios for the filming of "A Night at the Opera," which, now completed, brings the world-famed laugh-makers to the Arcadia screen Turkey Show Wednesday 11:15 p. m. in what is reported to be the funniest motion picture ever made.

Ed Colvard of Breckenridge was a Strawn visitor Sunday. C. D. Parney has returned from a business trip to Odessa. Mr. and Mrs. Boyd Cooper of Fort Worth were the guests of Mr. and Mrs. Gus Cooper Sunday. Mr. and Mrs. M. C. Anderson of Caddo visited in Strawn Sunday. Mrs. Mary Dunbar, editor of the Palo Pinto Star, was a Strawn visitor Wednesday. D. M. Kessler of Fort Worth was a Strawn visitor Saturday.

Drive Starts to Revitalize The Pacific Coast Trade

By United Press
SAN FRANCISCO.—Granting of charter to the United Trans-Pacific-Latin American Association under the California non-profit law marked the beginning of a vigorous American movement to revitalize Pacific export and import trade. One of the first announced aims of the association was to throw its united influence toward an early restoration of international monetary stability. Leaders said they also planned to seek to devise practical means

of modernizing and adjusting present "obsolete" foreign credit machinery to serve adequately present day requirements. The formation of the association was described by sponsors as the outgrowth of a nationwide non-political movement among business leaders "who believe that the revival of international trade is indispensable to permanent recovery and restored prosperity." Others stated to aid the movement was said to be sponsored by governors of 35 states as well as by commercial, industrial and agricultural interests.

Activities of the association will be directed especially to developing sound trade relations and business friendships with Latin America, Australia, Japan, China, Russia, Canada, Mexico, and all countries bordering on the Pacific, officials said. Gov. Frank F. Merriam, in accepting membership and honorary chairmanship of the Board of Governors, said: "The promotion of business friendship and better understanding between America and her neighbors bordering the Pacific is in accord with my views."

Seek Tariff Revision
The organization sounded a firm note in announcing its objectives. Those objectives included the "use of combined force and influence in support of governmental and other efforts to progressively readjust the international discriminatory tariffs, quotas, exchange controls and other restrictive barriers which, by paralyzing and obstructing the normal channels of foreign commerce have contributed largely to the collapse of world trade."

The association will maintain expert business commissioners in foreign countries to develop exports and imports and to initiate mutually advantageous barter transactions designed to liquidate America's surpluses. Active negotiations for the release and liquidation of existing frozen foreign commercial important phase of the association's immediate work, it was said.

Exporters Want Backing
It also will attempt to obtain government backing for foreign trade interests to aid them in competition abroad. Members of the association pointed out that other countries at present give support to exporters. California incorporators and directors include Albert D. Pearce, of Los Angeles; John MacGinnis, of Beverly Hill, and Emory E. Smith, of San Francisco. Pacific Coast headquarters will be maintained in Los Angeles and San Francisco. Eastern offices are at 36 Broad Street, New York City.

CROSS ROADS

Mrs. J. H. Ainsworth is seriously ill. Mr. and Mrs. J. T. Walton spent Sunday with their daughter, Mrs. Emma Ferrell. Mozelle Hale and Frances Ferrell spent Sunday with Stella and Alene Kitchens. Mr. and Mrs. Kennedy from Fluvanna have been visiting J. R. Hale and Grandma Hale. H. A. Neger and family visited in the home of Grandma Hale Sunday. Mrs. George Daffern visited in the home of Mrs. Emma Ferrell Saturday.

VOL. IX

RANGER, TEXAS, FRIDAY, NOVEMBER 22, 1935

NUMBER 25

IMPEACHMENT OF McDONALD IS TAKEN UP

AUSTIN, Nov. 18.—General denial of all charges made against J. E. McDonald, state commissioner of agriculture and specific denial of each of 11 allegations were made today as the house opened on impeachment hearing to determine if he shall be removed from office.

The denials were announced by counsel immediately after the charges had been read by the house reading clerk. The answers will be filed at an afternoon session, it was announced.

The hearing proceeded with rival attorneys sitting at tables, each provided with a microphone. Two other microphones will carry the ruling of Franklin Speers, chairman, and testimony of witnesses to all parts of the house chamber.

Speers announced that he would rule on admissibility of evidence as it shall be presented. He said precedent permits a variation from the strict rules of evidence for criminal and civil trials, but announced those rules should be not far departed from.

Probation of Adult Prisoners In Texas Watched By Many

HOUSTON.—Prison authorities of 15 states which do not have adult probation laws will watch closely the type to be adopted by Texas under a recently adopted constitutional amendment, according to District Judge Langston G. King.

The jurist was one of the leaders at the annual congress of prison officials at Atlanta, Ga., during the last week of October.

"I discussed the matter with members of the National Probation Association," Judge King said. "They offered to help Texas work out one of the most modern and efficient systems in the nation."

"Adult probation proposals probably will not be submitted to the State legislature until the next regular session," Judge King said. "Gov. James V. Allred has promised to submit the topic to the law-making body as soon as possible."

"Fulton county, Georgia," Judge King said, "has that state's model system."

Hides Face and Slaying Motive

Called by police the "icest" woman they ever had questioned, Vera Streiz, 23-year-old art student, is reported to have confessed slaying her fiance, Dr. Fritz Gebhardt, German industrialist and economist, at his apartment in smart Mitchell Place, New York City. She is shown, face hidden, in custody of police, who were unable to force her to state her motive for the crime.

Strawn Mortician Attends Lectures

J. T. Jolley, head of the mortuary service for the Strawn Merchandise Company of Strawn, attended lectures in Dallas by Prof. William J. Collier, president of the Collier School of Embalming, New York, and America's foremost exponent of practical embalming.

Through the courtesy of the National Casket Company, Mr. Collier's services were secured for a two-day lecture course, and many funeral directors in the Dallas area availed themselves of this opportunity to hear Prof. Collier discuss modern science of embalming.

Home of a Former Rangerite Burns

Word was received in Ranger this morning by employees of the Lone Star Gas company that the home of Felix McCurdy, who now resides at Gainesville, was completely destroyed by fire this morning, it was reported by Hal Hunter.

Few details concerning the fire were obtained, Hunter stated, but the message stated that the home and all the furnishings were lost in the flames.

McCurdy was stationed in Ranger for a number of years and has many friends in this part of the county who will be sorry to learn of his loss.

ITALIANS ARE BITTER ABOUT THE SANCTIONS

Italy showed bitter resentment against most of the nations of the world today as League sanctions went into effect.

Demonstrations by 2,000,000 young Italians around embassies and legations showed the temper of the people, convinced by Mussolini that Italy is being given a raw deal.

Mussolini is determined not only to push his campaign in Africa to success in spite of combined opposition of 52 nations, linked in the greatest mass effort in history to stop a nation from making war, but to fight back economically.

To that end Italy will refuse to buy the products of nations which apply sanctions and even to pay her debts abroad, which are large. The Italians, backing the dicta-

tor whole-heartedly, are prepared to make heavy sacrifices and word from Rome is Italy probably can go a year before the real pinch of the trade and financial penalties is felt.

By that time, judging by the steady success of the preliminary campaign in Ethiopia, the country can be subjugated.

The real danger lies in the possibility Britain, backed by the League of Nations, will not be content to let Mussolini have his way. If they do the League structure collapses and the nations will be in

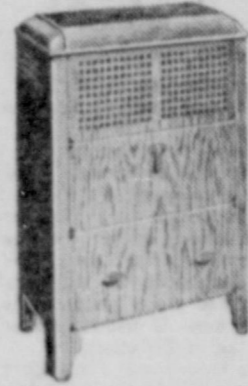

the position of having let one man defy them and get away with it.

If the League should vote for military penalties against Italy it is safe to assume Britain will carry out her reiterated pledge to back the League to the limit within the provisions of the covenant.

MONTGOMERY WARD & CO.

JURY CHOSEN FOR TRIAL OF MOUNTAIN GIRL

WISE, Va., Nov. 18.—In a courtroom noisy with the wailing of babies and scuffling of mountain boots, a jury was chosen in 30 minutes to try Edith Maxwell, a girl who got "newfangled notions" in the outside world, on a charge of murdering her father. He tried to whip her for staying out on a party until midnight.

Into the jury box filed the 12 men, before them the 24-year-old school teacher, who had broken the code of the mountain by staying out with her beau, Raymond Mead, hours after the curfew sounded.

The defense was prepared to admit Edith battled her father, Trigg Maxwell, on the night of July 20 when she got back to her home. Her defense will be she picked up a sharp heeled shoe and battered her father with it as he attempted to whip her as a lesson as to "what a decent woman should be doing."

Edith came into court with a jaunty brown hat on the side of her head. Her bright shirtwaist, brown skirt and suede shoes were strangely out of place in the backwoods courtroom.

EX-MINISTER GOES ON TRIAL FOR MURDER

HOUSTON, Nov. 18.—The death penalty will be asked for Rev. Edgar Eskridge of Orange, Baptist minister, charged with murdering his friend, Police Chief Ed J. O'Reilly. Questions to prospective jurors indicated this as his trial opened here today.

More than a dozen veniremen were excused, many of them because they objected to infliction of the death penalty. Others were challenged by defense attorneys

after being questioned regarding a plea of insanity in murder cases.

The defendant smoked cigars, taking no interest in the proceedings. He did not see his wife or sister, Mrs. C. M. Chambers of Port Arthur, and neither spoke to him.

Eskridge was charged with shooting O'Reilly on May 29, the day after the officer met him on the street and took his weapon. Eskridge claimed the incident was a plot against his life.

"The word 'Abyssinia' angers Ethiopians." Evidently it's safer over there, too, just to say "so long."

The forthcoming film, "Romeo and Juliet," may have to be produced in America, since Il Duce apparently has a monopoly on all Italian balconies.

ONE MILLION FORD V-8 CARS AND TRUCKS IN TEN MONTHS

ON OCTOBER 31 of last year, Henry Ford announced his intention to build a million Ford V-8s in 1935. We are pleased to report that this goal was reached in exactly ten months instead of a full year.

One million cars and trucks is an impressive total. But figures by themselves mean nothing. It is what they represent that counts. Selling a V-8 at a low price has brought a new kind of automobile within reach of the

people. Producing it has provided steady work for hundreds of thousands of men in the Ford plants, in associated industries and on the farm.

These million Ford V-8 cars and trucks have helped to make things better all around. In the first ten months of 1935 the Ford Motor Company paid out, in the United States alone, \$140,119,326.00 in wages and \$523,111,389.00 for materials.

Strawn Merchandise Co. Having Anniversary

BIG SALE TO START NOV. 22, ENDS DEC. 7TH

41 Years of Successful Operation Being Celebrated By Foremost Store of Strawn Area.

On Friday, Nov. 22, the Strawn Merchandise company, probably the largest and most completely stocked store of its kind between Fort Worth and El Paso, will begin celebrating its 41st anniversary with a big sale, which will continue through Saturday, Dec. 7.

Not only is the Strawn Merchandise one of the largest stores in West Texas, but it is one of the oldest and has enjoyed a more continued patronage than any store in this section of the state.

The company was organized as the American Coal Mining company and was chartered on Nov. 17, 1894, which was the first name under which the company operated. From the very beginning the company had a first class commissary store, which was reorganized in 1904 as the Strawn Merchandise company and later took over the Hinkson store in the present location.

The "Company Store" as it is still sometimes called, was operated as a general commissary store to the mines operated in Strawn, later helping in the development of the oil fields about Strawn.

The company has had an active hand in the development of the entire Strawn territory and many of the employees who are now working in the interest of the company and the entire territory have been with the company for many years.

Employees who have been with the company for the longest period of time include:

George J. Andrews, now manager of the hardware department, who first began with the American Coal Mining company in 1903 and was employed in various capacities in the mines. In 1908 he started in the Lysa Store of the Strawn Merchandise company, driving a team of mules in delivering groceries and hauling freight for the store.

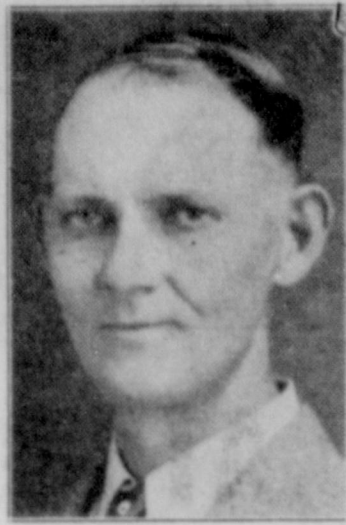

H. A. Crawford, bookkeeper, who began his service with the Strawn Merchandise company in 1917. He first served in the Lysa store office, handling the books for the commissary and the coal mines there.

Miss Alta Boyd, who came to the Strawn Merchandise company in 1918 and has been employed in the dry goods department continuously since that time.

When the American Coal Mining company was first organized W. W. Johnson, Joe Long and J. D. Reah were the organizers, and when Strawn Coal Mining company was organized J. E. Bennett,

GEORGE J. ANDREWS
Manager Hardware Department

MISS ALTA BOYD
Dry Goods Department

J. T. JOLLEY
Mortician

L. V. FINCHER
Manager Market Department

Willard Burton, A. J. Roe, John Waples and Paul Waples were the organizers.

These two companies were merged and reorganized into the present company in 1904 to form the foundation for the present organization, unique inasmuch as it is probably the largest store in a town its size in the state and one which has more complete departments than is usually found in ever the larger cities.

The management has spent several months in planning this big anniversary sale, and every employe has had a hand in perfecting the plans, which call for 35 sales people to be on hand during the sale so that the public can secure the very best of service throughout the duration of the sale.

Not only has the company had a major hand in developing the wild country around the little coal mining village of Strawn into a modern, progressive town with a wide trading area, but it has steadfastly retained its confidence in the future of the country when others held off and awaited the outcome of trying time, so that throughout the past few years complete stocks of all kinds have been kept on hand.

The company is extending cordial invitations to people over all this section of the state to visit Strawn during the sale and to take advantage of the many attractive offers made possible through conservative buying when markets were low and passing along to the public the bargains made possible by the foresight of the buyers and the management.

The sale will begin on Friday morning, Nov. 22, and will continue through Dec. 7, so that everyone may have an opportunity of buying winter and Christmas needs while the prices are at such attractive levels.

POLICE USE SAW ON CELL.
By United Press

LONDON, Ont.—Police had to use a hacksaw to get Henry Antone out of the Muncey Indian Reserve jail. When the Indian agent opened court, police found they couldn't open the cell door.

STRAWN MERCHANDISE FUNERAL HOME

Above is shown a view of the interior of the funeral chapel of the Strawn Merchandise company, the most completely equipped and modern funeral chapel to be found between Fort Worth and El Paso.

ON TEXAS FARMS

It is possible to make comfortable, light weight cover for the home from home grown wool, if the wool is scoured perfectly and carefully carded, says Mrs. J. D. Robertson, member of the Hagerman Home Demonstration club of Grayson county.

This lady recommends that the wool be spread on paper in the sun to dry, and where the air can circulate around it fully. The wool loses about one-half its weight in washing. A three pound bat is about the average for comfort.

The first terraces in Gillespie county were constructed in 1916. Since that time terraces have been built on farms in every community, but not more than half of the farm land that needs terracing has been terraced.

Heavy rains this year have convinced many farmers that they must terrace if they are to continue growing crops. At a recent meeting, they decided that they would build their terraces themselves with such equipment as they had, and would also use available county equipment.

Under the auspices of the Refugio County Farm Demonstration Council, 35 farmers and ranchers interested in pasture improvement work and breeding better cattle recently made a tour of several ranches in Kingsville.

The group made a tour of the Rhodes grass pastures and feed lots on the House and Hollmann ranch, the Worth Wright ranch and the famous King ranch. There are 17,000 acres of Rhodes grass on the King ranch and more is being planted. It is said to compare in food value with timothy grass.

SAN ANGELO. — "Beets are thriving in my winter lettuce bed and are protected from insects there," Mrs. B. R. Buchanan, pantry demonstrator of the Water Valley Home Demonstration Club in Tom Green county, told Miss Dyora Crowder, home demonstration agent.

After planting two rows of beets in her fall garden, Mrs. Buchanan broadcast the rest of her seed in the winter greens bed which is six feet long and four

and one-half feet wide. She then covered the bed with canvas which was removed occasionally to admit more sunlight.

Grasshoppers and other insects ate up the young beets which were planted in the garden while those in the bed grew rapidly and are now furnishing greens and beets for the table. Mrs. Buchanan planted home grown seed of the variety which she raised last year.

EDINBURG.—The 1,622 containers of food valued at \$208.64 in the pantry of Mrs. R. E. Bowker, Hidalgo county pantry demonstrator, has served her family other than by supplying an abundance of food for the table. Food was exchanged for the services of a trained nurse, and 300 cans of tomato juice and tomatoes have been sold for cash. Mrs. Bowker told Miss Mattie Wilroy, home demonstration agent. Fifty cans of broccoli and spinach were also sold.

HENDERSON.—By taking advantage of every rain to do some planting and by keeping the soil loose so as to retain moisture, Christine Moore, Rusk county 4-H club girl, was able to keep fresh vegetables in the garden throughout the summer. Her family now has tomatoes, okra, beans and

bell pepper to use, and a fall garden has been started. Care was taken to work spade dried fertilizer into the soil to hasten growth and to prevent the soil from packing.

SINTON.—That three crops can be successfully grown in the same year has been demonstrated by J. T. Scott of the Hayden community in Van Zandt county, according to V. O. Teddlie, county agricultural agent.

Scott had three-fourths of an acre which he planted to Irish potatoes. He harvested 100 bushels of marketable potatoes which brought him \$76. He then planted the ground to corn, and in 58 days he had roasting ears. From these he sold \$10 worth in addition to

the amount he used at home, and he then saved the stalks to be ground for roughage.

Scott now has the plot growing Irish potatoes, turnip greens and beans.

ANAHUAC.—From a large native pecan tree which has never been very productive, E. S. Abshier of Chambers county expects to harvest a crop of paper shell pecans in 1938.

Acting under the direction of R. H. Mathis, county agricultural agent, Abshier top worked the tree in January, 1934. In June, 1935, he inserted about 50 paper shell pecan buds on the sprouts which had grown out on the tree where the big limbs had been cut off. Abshier reports that 90 per cent

of the buds are living and that a great many of them have already put out limbs ranging from six inches to two feet in length.

By 1937 Abshier expects to be able to prune out all of the old native pecan growth, leaving the new top composed entirely of the paper shell variety.

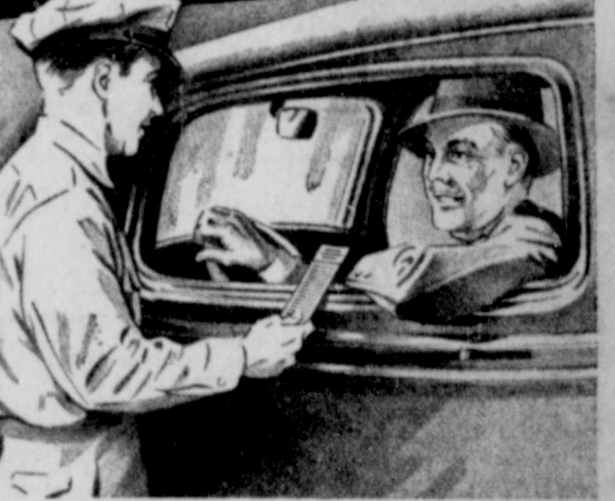

HEMSTEAD.—That Waller county farm families are considering more seriously the live-at-home plan is evidenced by the fact that 75 families are making their own syrup this year as compared with 15 families last year, according to J. V. Bush, county agricultural agent. Two syrup mills are operating full season. These are expected to turn out 4,000 gallons of syrup next year.

To Our Friends and Customers:

I am happy to announce we are ready for our Annual Anniversary Celebration, an event eagerly awaited by the shopping public. Our 41st Anniversary Sale begins Friday, November 22nd, and closes Saturday night, Dec. 7th. Fourteen jubilant days of value giving.

Our Forty-First Anniversary Sale represents the co-operation of our entire organization. It is not a hurry-up, spur-of-the-moment proposition. Preparations for this celebration were made months ago.

Year after year our Anniversary Celebration has been more than just a sale. Through good values, we express our appreciation to the people of this trade territory who have helped us complete another year.

It is an occasion that calls forth a whole hearted feeling of gratitude... a warmth of sentiment toward the great number of people who are Strawn Merchandise Company's staunch friends. Serving many of you since our organization, we are going to show our appreciation with values... and you'll find them here a-plenty.

Read every page of this announcement. Come the opening day and every day you possibly can. The savings will repay such constant attendance.

The personnel of our entire organization join me in extending you a cordial invitation to be with us on this, our 41st Anniversary.

Sincerely,

General Manager.

QUINS BUTTON UP THEIR OVERCOATS FOR CANADIAN WEATHER, IL DUCE ON CANVAS LOOKS DOWN ON CONQUERED AREA

Tiny Marie, smallest of the quintuplets despite her 1 1/2 pounds, is much interested as Nurse Leroux adjusts her winter hat preparing for an outdoor excursion. But Annette, shown in the inset, seems to get an even greater kick from her new bonnet, and her pride in the new millinery is plainly evident.

Yvonne waves her hand gaily as she prepares to step out into the nippy fall weather. She's conscious of the fact that she looks very nice indeed in her new double-breasted winter coat with its cute fur collar, and the hat with the neat button of fur on its top. Those rosy cheeks tell a joyful story.

As though looking out from one huge canvas at another, this likeness of Benito Mussolini seems to be gazing at a scene which faithfully typifies Italian progress in the war of conquest in Ethiopia. Italian troops march toward to new gains, past the row of camouflaged tents, leaving behind them the ruins of a fort near Adigrat over which waves the Italian flag. Away from the shattered fortress stretch the barren wastes where attackers and defenders laid down their lives.

Grandpa of Cagers 'Army' Drops Out of the Sky, Launches Attack

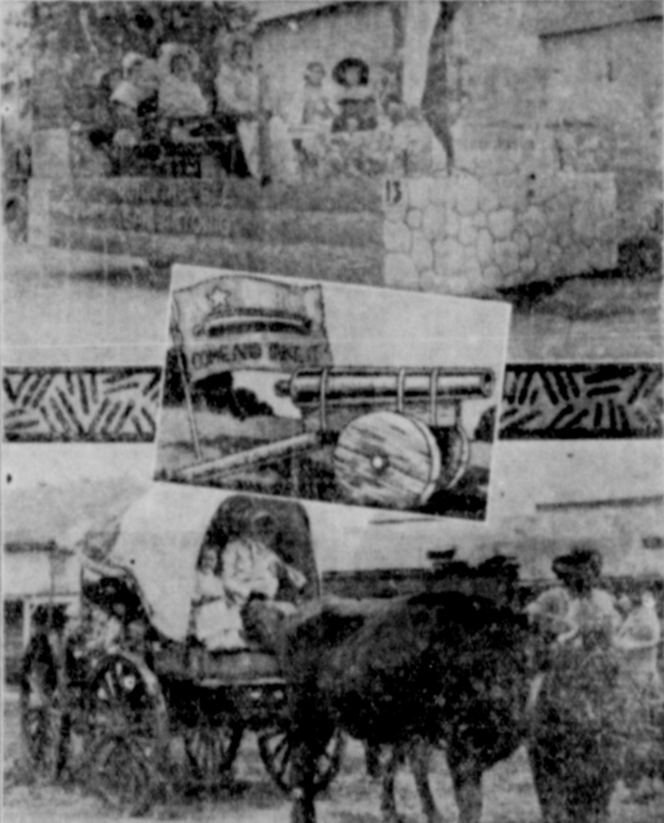

When Dr. James A. Naismith invented basketball at Springfield, Mass., Y. M. C. A. College in 1891, little did he realize that some day he would be teaching the sport to a granddaughter. But here is Dr. Naismith, professor of physical education at the University of Kansas, celebrating his 74th birthday by giving 14-month-old Frances, daughter of Mr. and Mrs. James A. Naismith, Jr., of Dallas, pointers on the pastime at Lawrence, Kan.

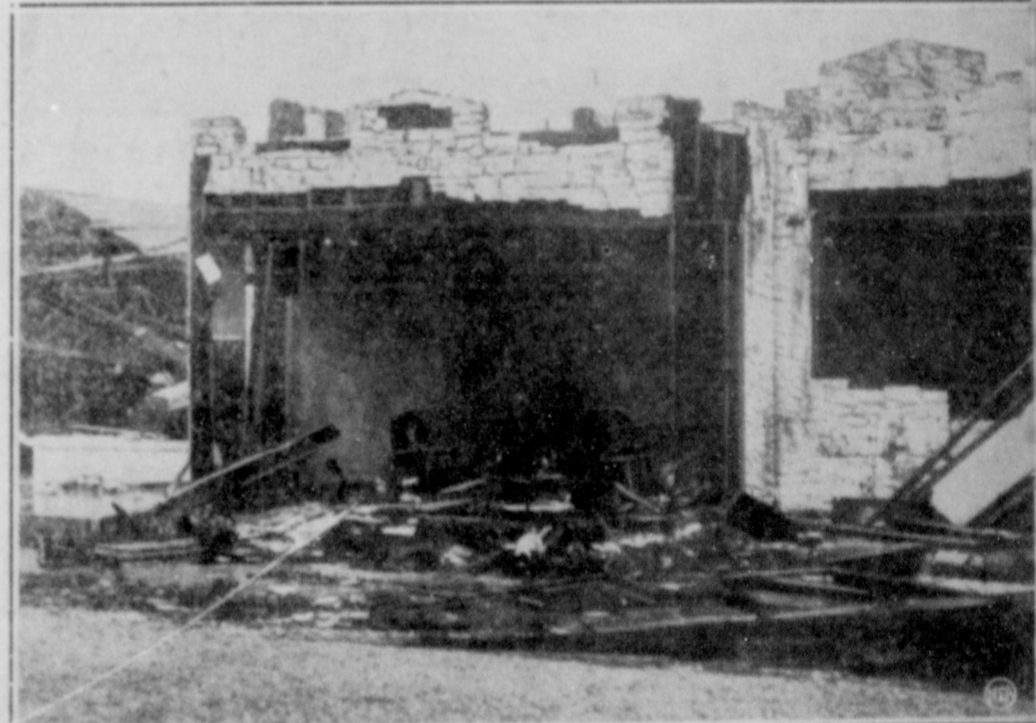

In this remarkable photograph, perhaps a pictorial prophecy of one form of attack in the warfare of tomorrow, an army is pictured literally dropping out of the sky and advancing to the attack. A few minutes before, this had been a peaceful country meadow in the Kiev district of Soviet Russia, with the sky above devoid of anything but clouds. Suddenly squads of planes appeared and disgorged myriads of parachutes. Here, after landing armed and ready for action, Russian infantrymen are shown rushing into formation, pending arrival of their descending comrades.

Gonzales Opens Centennial Year

Historic Gonzales Sunday closed a six-day celebration that was opened Nov. 5 with a salute from a replica of the brass cannon which on Oct. 2, 1835, roared forth the opening shot of the war for independence. A mile long parade of colorful pageantry was witnessed by more than 30,000 persons, including state dignitaries and many persons prominent in civic and official life of Texas and the Southwest. Pictured top above is a float entered in the parade from San Antonio, representing an early day sewing bee. In the center is reproduced the challenging "Come and Take It" flag carried into the battle by the colonists, and the cannon. Below is an entry in the "Run Away Scrape" section of the parade. The historical observance opened at Gonzales will be continued through the year in celebrations in San Antonio, Houston, Fort Worth and other Texas cities, and in the magnificent exposition to be opened in Dallas next June.

Stores Ripped Open at Miami Beach by Hurricane

Leaving a \$2,000,000 trail of destruction, the Bahamas hurricane lashed southern Florida and roared into the Gulf of Mexico at a 130-mile-an-hour clip. The havoc wrought is evident in this scene at Miami Beach, where store fronts were blown in and roofs stripped from many buildings.

Richest Girl Has Sunny Outlook

Sunning on a Honolulu beach Doris Duke Cromwell appears the picture of happiness. And why not? Hawaiian sunshine, a flowery beach suit, one of the biggest incomes in the world, and the return from New York of her financier-husband, James Cromwell, whom she married last February — all contribute to the contentment of the "world's richest girl."

Emilie thinks it best to have an invigorating drink before she goes out for the daily siesta in the chilly fall weather. But both she and Cecile (inset) are well protected against the cold by their winter bonnets with the secure chin-straps, so that they really enjoy the prospect of winter's frosts and freezes.

Pucksters Show Old Fight

The National Hockey League season got off to a grand opening in Chicago when Hal Cotton, New York American forward, and Paul Thompson, Chicago Blackhawk left wing, staged an old-fashioned barroom brawl on the ice before 12,500 spectators. Here's the fight at its height. Thompson on the rail, Cotton directly behind him, with teammates and referee trying to separate them. Lower right a spectator is shown as he dodged a wild blow in the melee. The Hawks won the game, 3-1.

Girls in Art Show Draw Police Ire

The noted artists, models and celebrities attending the annual Illustrators' Society Show in New York City got a big laugh out of the police raid act until they learned that it was a real raid, and that the show had been stopped on charges of being "indecent." Five girls who took part in one of the acts were seized and held for trial. Pictured is the sequel to the not-on-the-program act—the scene outside the theatre as the arrested girls covered up, a bit too late, according to police, while being escorted from the building.

Where There's Smoke, Something's Hidden From Enemy Fire

New York wearing a halo? No, no! It's still the usual place for that! The effect of a mine exploding the towering skyscrapers of lower Manhattan was just part of the smoke screen by which U. S. Army planes concealed the city to defend it from attack by a supposed "enemy" air fleet. The army strategists reported the maneuver successful—and the picture attests the photographic success of the flight.
