Rev. Fleming To Talk

At W.S.C.S. Party

The First Methodist Church of Eastland will hold its annual Young People's outing at the home of Mr. and Mrs. R. C. Fleming in the early spring.

The party will be on the lawn at the home of Mr. and Mrs. R. C. Fleming, 304 South Oak Street. All friends of Mr. Fleming and members of the church were invited.

The house was beautifully decorated for the occasion with floral arrangements of pink and rose colors.

Rev. Fleming will talk on the subject of "Will the New Power Be a Power for Good?"...on a timely subject today, so there's nothing the old Power has to offer.

Let us help you make your gifts flowers "something special" for the next birthday on your list.

...with Beautiful Fresh Flowers!

A dozen big gorgeous roses for your present "heart-warming" accomplishment...but that was before I discovered "Relenting Tonga." In fact, I have discovered that it was a real effort to keep from coughing and doing a little retching. It is a pleasure again and I eat like a log and have lots of pep.

RELIEVED BY RETONGA

For years I was dealt a mess of misery by nervous indigestion, stomach aches and pains and I had to take pills to keep going. It was a struggle to keep from falling asleep and my heart was filled with apprehension. I was losing weight and only a mess of misery was left.

Then I found Retonga. It is a natural treatment containing the active ingredients of Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at all good drug stores, including Eastland Drug Store.

Therefore, the great improvements in Chevrolet's body, suspension, brakes, and all other major advancements in today's cars should not be the only reason that Chevrolet is the only car on the market today. It's the combination of these advancements with the fact that Chevrolet is the only car on the market today that offers them at prices that are now definitely more than ever the preferred investment in its class.

In any case, when you consider the fact that Chevrolet is the only car on the market today that offers all these major advancements in a package that is worth more than ever the price paid for it, it is clear that the only reason that Chevrolet is the only car on the market today is because it offers these advantages at lower prices than any other car on the market today.

It's the only and first low-priced car with the original and outstanding Unitized Knee-Action Ride. It's the only and first low-priced car with a world's champion Volare-Hand Engine. It's the first and only low-priced car with the overdrive body by Fisher.
