LEGION TO NOMINATE AND ELECT OFFICERS

The local post of the American Legion will nominate and elect new officers at a meeting of the Post to be held Thursday night. All members of the Post are urged to attend this very important meeting.

OUR HOUSING PROBLEM

Many Eastland homes could easily and quickly be converted into duplexes which, if satisfactory to the owners, would afford accommodations for additional people in Eastland and at the same time provide added revenue for the owners.

BUSINESS HOUSES ARE NEEDED HERE

Not only is Eastland in need of more homes and apartments, but we are also in need of more business houses. Especially are we in need of business houses that could be rented or leased at a moderate price. There are numerous businesses of which Eastland is in need and which would locate here were it not for the fact that suitable houses can not be had and if they can be found at all the rate is prohibitive for that type of business.

The Eastland City Commission is due to meet Thursday night.

NEW RESIDENTS IN EASTLAND

The Eastland Chamber of Commerce Bulletin for August, which is just out, lists the following as new residents of Eastland:

"Red Kats" Beat Rockettes In 4 To 3 Victory

The Throckmorton Red Kats squeezed out a hollow 4-3 victory over the Willy-Willys Rockettes here Tuesday night. A three-run rally in the sixth, when they were behind 1-2, was the deciding factor in the visitors' win. The three runs brought the score to 4-2. They were made on three hits with an Eastland miscue aiding their efforts.

The Rockettes countered with the three-run outburst with an uprising in the home half of the sixth. With three hits they scored one run, but that fell one run short as two were left stranded.

Both teams were scoreless in the seventh. A double play chilled Willy-Willy's hopes of tying the score in the seventh.

Willy-Willys took a one-run lead in the first inning. Throckmorton was scoreless until the fifth inning, when they tied the score, 1-1. The Rockettes came back, to again take a lead, using two Throckmorton errors.

Then came the disastrous seventh.

The line score:
Throckmorton 000 013 0
Willy-Willys 100 011 0

New Business Here To Open Thursday A. M.

Mrs. Willema Amsler will open a cigar and news stand Thursday morning in the Petroleum building next door to the Eastland National Bank. Mrs. Amsler will carry magazines, newspapers, cigars, tobaccos and candies.

The business will be called Amsler's Cigar and News Stand. Mrs. Amsler is well known in Eastland. She is a daughter of Judge R. L. Rust.

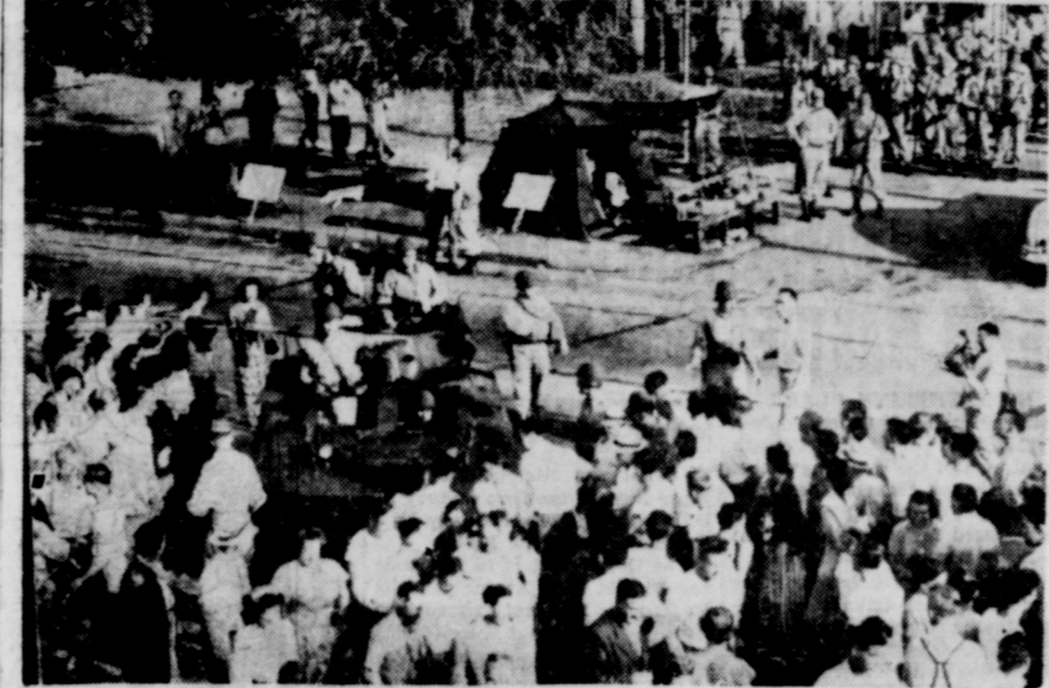

Wells Here Closely Watched

Two wells give assurance of production and several others in the territory centering around Eastland are being watched with keen anticipation.

The Lone Star Producing Company is completing its No. 7 Calloway, about 15 miles northwest of Eastland. There are three shallow gasers and three deep wells on this lease. Two of them producing from the Caddo and the other from the Ellenburger.

The new well struck oil in the Caddo and gives every sign of being the best on the lease. Pay was found at 3,348 feet and went to 3,400 feet.

EXTRA PRECAUTIONS TAKEN FOR PROTECTION OF SOVIETS IN BERLIN

BERLIN, Aug. 4 (UP)— New barbed wire road blocks and extra forces of armed guards have been thrown around Russian military headquarters and housing areas for Soviet soldiers families as a result of increased tension in Berlin, it was reported today.
Germans living in the Karlshorst area of the Russian sector, where troops and their families are housed, said that all street entrances have been blocked and guarded since Monday's attack on Soviet sector police by German civilians. One Communist-dominated poli-

teman was injured in the attack, launched by the Germans on suspicion that the Soviet police were trying to abduct one of their number. The Soviets said the Germans were being arrested in a black market raid.

At the same time the Russians intensified the East-West struggle in the German capital by serving demands on the Berlin city assembly which would be tantamount to complete financial and economic control of Berlin and its government.

Unofficial sources said the Russians told the city assembly that blocked funds of the Western sector would be released if authorities in western Berlin agreed to grant financial authority to the Soviet-dominated German note bank.

The Russians froze all Soviet east deutsche mark accounts of the city government and private industry in the western zones as of Aug. 1. These funds are deposited in the central bank in the Soviet sector.

Much Activity Followed Kirk Pool Discovery

Stimulated by the discovery early this year of the rich Kirk pool along the border of Eastland and Comanche counties, the quest for new oil fields in this territory has widened out.

Two wildcats are included in the latest report.
Three miles southeast of Gorman, Henshaw Bros. and Mitchell & Smith have made location for No. 1 T. W. Pittman, 330 feet from south and west lines of Sec. 50, Blk. 2, H. & T. C. Survey, 3-200 foot rotary test.

Twelve miles northwest of Comanche, W. C. Estes of Brownwood and associates, have made location for No. 1 J. K. Ward, 3,500-foot rotary test, 330 feet from east and 660 from north line of Carlus Hynes survey.

20 Criminal Complaints Filed In July

A total of 20 complaints, based on criminal charges, were filed in the County court for the month of July. Nine of these were on charges of driving while intoxicated.

Other charges included: two for swindling, two for aggravated assault, one for reckless driving, five for the possession of whiskey for the purpose of sale.

HAND INJURED

Albert Harris cabinet worker at the G. M. Harris cabinet shop had the misfortune of badly cutting his thumb on the machinery in the shop Tuesday morning.

Some of the machinery broke causing the injury. Mr. Harris accompanied him to the doctor for treatment. His injuries are said not to be permanent. He is of no relation to G. M. Harris.

Mrs. Anderson Of Ranger Dies; Rites Thursday

Funeral services will be conducted Thursday morning at 9:30 o'clock at Killingsworth's Chapel for Mrs. Mary Susan Anderson, 90, of Ranger, who died Tuesday afternoon at the home of her daughter, Mrs. S. R. Black, East Main Street, Ranger.

M. H. Bobo will be in charge of the services in Ranger after which the body will be taken overland to Stanton. Services will be held there at 5 o'clock at the Church of Christ with Wesley Mickey of Odessa, formerly of Ranger, officiating. Interment will be in the Stanton cemetery.

Mrs. Anderson had been a resident of Ranger for 18 years and was a member of the Church of Christ.

Besides Mrs. Black with whom she had been making her home she is survived by three other daughters, Mrs. D. A. Thomason of Toyah, Mrs. M. L. Wilson of Midland, and Mrs. Guy Holden of Monahans. Three sons, Hugh Anderson of Dumas, Dudley Anderson of Stanton and C. M. Knowlton of Merton and two brothers, A. D. Byrd of Bangs and Ben Byrd of Brownwood, also survive. Mrs. Anderson's husband preceded her in death a number of years ago.

Pallbearers will be four grandsons, Charlie Black, S. R. Black, Jr., and John Anderson and two nephews, Roy Byrd and Earl Byrd.

CHICKEN BARBECUE

There will be plenty of barbecued chicken for sale at the home of Mrs. Odeal Neal, 108 East Patterson, Saturday, August 7, from 11 a. m. until the chicken is all sold. Proceeds from the sale of the barbecued chicken will apply on paying for the new Baptist Church building (colored).

NEWS OF OIL DEVELOPMENT HERE SPREADS

As evidence of the widespread publicity which Eastland oil activities are getting, Homer Glover, who is drilling on the Kurklin west of town, has received letters from points as far apart as Dalhart and Orange. Glover was the subject of a widely-published article recently.

Incidentally, one of the letter's was addressed to "Homer Glover, Ellenburger Oil Company."
Glover is drilling a well which will go to the Ellenburger provided adequate production is not found at a lesser depth. The reader apparently got the terms a little confused.

Charlie Cox Active In Oil Development

Active in Oil developments in Eastland County is a veteran oil man, Charlie Cox, who was born in the county.

During the Burkburnett boom, Cox had four rotary rigs running. He operated at Pioneer during the boom of 1922 and at Byrd's Store and has been busy in this area every since. He got up the acreage on which Roy King of Wichita Falls drilled, four miles southwest of Eastland, on the Bransford. The flow of this well, in new territory, even without acid treatment has been such that considerable activity is expected to result.

A block of 700 acres was gotten up by Cox, adjoining the Bransford on the west, and a deep test will be drilled by Bob Reynolds of Wichita Falls and Verl Hughes of Abilene.

Cox's home is in Wichita Falls but he was born at Rising Star and grew up in this county. He speaks of an interesting tradition concerning Coyote Peak, five miles northwest of Rising Star. In early days so it is said, two men were hanged on the top of the mountain.

Olden Rites For W. P. Weatherall 2:30 P. M. Thurs.

Funeral services will be conducted Thursday at 2:30 p.m. at the Olden Baptist church for W. P. Weatherall, 87, who died of a heart attack Tuesday morning about 9:30 while fishing in Eastland Lake with J. J. Hammett of Olden.

Survivors are three children: Preston Weatherall of Hooker, Okla.; Mrs. Paul Knife, New London; Mrs. Troy Edwards, Abilene; three sisters: Mrs. W. L. Baker, Olden; Mrs. M. L. Boren, Weverka, Oklahoma; Mrs. Annanda Boren Oklahoma City, and seven grandchildren.

Hammers' of Eastland are in charge of the arrangements and interment will be in the Eastland cemetery.

The deceased had lived in Olden for many years. Mrs. Weatherall died about a year ago.

NEW POSITION

Mrs. Lillie Brannon has been employed as bookkeeper at the Hollywood Corset Company, succeeding Mrs. Willema Amsler who resigned to enter business. Mrs. Brannon resides on South Seaman Street.

CLAIMS NAVY TRIED TO GET HIM FIRED IN WARTIME

WASHINGTON, Aug. 4 (UP)— The accused head of a Soviet spy ring said today that the Navy tried to get him fired from the government during the war but that he was cleared through intervention by Lauchlin Currie, administrative assistant to the late President Roosevelt.

He said that after this intervention, he was cleared in a letter from the then Secretary of War, Robert P. Patterson.

The alleged spy, Russian-born Nathan Gregory Silvermaster, refused to tell the House Un-American Committee whether he is a Communist. But he denied the espionage charges as "false and fantastic" and called his accuser, Elizabeth T. Bentley "a neurotic liar".
In refusing to say whether he is a Communist, Silvermaster said he was standing on his constitutional right not to give evidence that might incriminate him.

He did testify, however, that naval intelligence protested his war time employment by the board of economic warfare.

The Navy charged that he was a Communist. A copy of the charge was sent to him, he said. Silvermaster said the protest was "unjustified." He called it a "smear letter."

Silvermaster said he asked Currie and C. B. Baldwin former farm security administrator and now campaign manager for Henry A. Wallace, to intervene in his behalf.

"I didn't ask to be cleared," he said. "I only asked that someone with an unbiased mind look into my record."

He said he was eventually cleared by the letter from Patterson. He presented the letter to committee counsel Robert Stripling who did not immediately release it for publication.

WASHINGTON Aug. 4 (UP)— High Justice Department officials said today a three-year half-million-dollar investigation failed to turn up evidence that would justify prosecution of the Communist espionage case now unfolding before Congressional committees.

These officials made their comments in response to a question of what the Justice department has been doing about the accusations voiced by ex-Communist Elizabeth T. Bentley and Whittaker Chambers. Both told their stories to the FBI long before they testified at Congressional hearings.

Atty. General Rules On Voting Requirements

ATTY GENERAL 24
AUSTIN, Aug. 4 (UP)— A person need not be able to read, write, speak or understand English to vote in Texas, Attorney General Price Daniel ruled today.

The Attorney General said, in an opinion requested by Live Oak County Attorney R. E. Schneider, Jr., of George West, that there is no requirement in Texas laws that a person who offers to vote shall have any facility with the English language whatsoever.

The ruling added that election judges are not permitted to mark or assist in marking the ballot of a person between 21 and 60 years of age.
Thus, Daniel said, assistance cannot be given a voter, even "though such person be unable to mark his ballot because of illiteracy or because such person cannot read or write the English language."

TAKE A LOOK AT YOUR INSIDES

bad taste in your mouth, your coffee (and tobacco) lose their natural flavor, your food does not agree with you, you may have heartburn, gas and dizzy spells, you may be troubled with belching; at night the gas in your bowels may press upon your bladder making you get up frequently, thus breaking into your sleep. In the morning you are tired instead of refreshed. Gradually your health is impaired.

Your complexion may become sallow or bilious; dark rings may appear under your eyes, you may feel irritable and nervous or blue and melancholic. You may have frequent colds (catarrh) or dull head-aches; your bowels stop their free, full and natural action; you have constipation, gas, putrefaction and self-poisoning "intestinal toxemia" or "acute gastritis" as many doctors call it.

HOW TO GET RELIEF
You can relieve this condition, usually overnight, by taking Calotabs at bedtime and drinking water freely next day.

The beneficial effects of Calotabs lie in the fact that they are (1) laxative, (2) antiseptic to the intestines, (3) diuretic to the kidneys, (4) effective in relieving symptoms of biliousness and acute gastritis due to constipation or faulty digestion.

Calotabs are pleasant to take (sugar coated), prompt and effective. Try them and see. Follow label directions. At your druggist's.

Study the above drawing for a few minutes. Notice particularly how the bile flows from the liver into and out of the gall-bladder and thence into the small intestine where it mixes with the partly digested food just below the stomach. Bile is a necessary adjunct to proper digestion. Its absence from the intestines inevitably causes putrefaction and fermentation.

NATURE'S DANGER SIGNALS
When your stomach, liver, and gall bladder have been upset by improper eating or drinking, or when they are not working well because retained and putrefying food matter in your intestines is poisoning your entire body, you, sooner or later, begin to feel some of the following symptoms:
- Your breath may become unpleasant (halitosis), your tongue coated, a

CORINTH CANAL, NOW OPEN AGAIN, WAS IDEA OF CAESAR

By KATHERINE CLARK
United Press Staff Correspondent
ATHENS (UP)—The Corinth Canal, one of the world's greatest man-made sea channels, has been re-opened formally after having been closed for more than seven years by wartime demolitions.

The Corinth cut is 75 feet wide and 26 feet deep. At one point its banks rise 250 feet above sea level.

It can accommodate vessels up to 10,000 tons displacement—slightly larger than Liberty ships.

In retreating from Greece before the Germans in 1941, the British demolished a duplex steel rail and highway bridge spanning the canal. New bridges were built during Nazi occupation, but these also were blown into the canal by the retreating Germans.

Working on the canal since last November the Americans had to remove 1,800 tons of bridge steel.

highway bridges across the cut.

A dream of Caesar's, the Corinth Canal was attempted by Emperor Nero in the first century A. D. It was constructed finally by a French company in 1893.

It was reconstructed by the American Mission for Aid to Greece and the U. S. Army Engineer Corps and was the first major rehabilitation project of the United States aid program.

Several tugs passed through the channel at the opening ceremony but commercial traffic will not be resumed until Aug. 31 because of need of further dredging and completion of new rail and

130 freight cars, six locomotives and more than 40 tons of rails. It was also necessary to clear 600,000 cubic meters of earth blasted

innot the canal by German demolition charges. About 75,000 cubic meters of slit remains to be removed before the channel is re-

stored to normal depth. By Aug. 31 the American engineers and contractors also expect to complete new rail and highway bridges across the canal. Built of 650 feet long and 180 feet above sea level.

How Hungry Horse Dam Got Name

WASHINGTON (UP) — The Hungry Horse dam on the Flathead river near Kalispell, Mont., sounds like a juke box ditty.

The fancy name belongs to a 520-foot high structure, fourth highest concrete dam in the world.

Flathead and Kalispell are the names of Indian tribes still living in that part of the country. But Hungry Horse, the name of a creek near the dam site, is another story.

In the winter of 1900, a hard one cut west, a cry of "oil" stirred up a rush to the north fork of the Flathead. Two ambitious men, David and William Prindville, were hauling oil drilling equipment across the south fork when two of their horses disappeared.

A month later the horses, Tex and Jerry, were found belly deep in snow with only a fragment of life left in their starved skin and bones. A trail had to be broken and oats fed to the animals before they could get up and walk.

So the local populations, which had a lot of respect for horses in those days, named the creek in their honor.

Newest material used in the bodies of women's hats is a fabric woven from glass fibers individually wrapped in koroseal.

HOUSE JOINT RESOLUTION amending Section 15 of Article XVI of the Constitution of the State of Texas, by adding thereto a provision that the husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests all or any part of their community property, whereupon without prejudice to the right of existing creditors the portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse; further providing that such Constitutional Amendment if adopted shall be self-operative and self-executing; providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 15 of Article XVI of the Constitution of the State of Texas be amended so as to read as follows:

"Section 15. All property, both real and personal, of the wife, owned or claimed by her before marriage, and that acquired afterward by gift, devise or descent, shall be the separate property of the wife; and laws shall be passed more clearly defining the rights of the wife, in relation as well to her separate property as that held in common with her husband; provided that husband and wife, without prejudice to pre-existing creditors, may from time to time by written instrument as if the wife were a feme sole partition between themselves in severalty or into equal undivided interests all or part of their existing community property, or exchange between themselves the community interest of one spouse in any property for the community interest of the other spouse in other community property, whereupon the portion or

interest set aside to each spouse shall be and constitute a part of the separate property of such spouse.
 This Amendment is self-operative, but laws may be passed prescribing requirements as to the form and manner of execution of such instruments, and providing for their recordation, and for such other reasonable requirements not inconsistent herewith as the Legislature may from time to time consider proper with relation to the subject of this Amendment. Should the Legislature pass an Act dealing with the subject of this Amendment and prescribing requirements as to the form and manner of the execution of such instruments and providing for their recordation and other reasonable requirements not inconsistent herewith and anticipatory hereto, such Act shall not be inconsistent herewith in its anticipatory character and shall take effect just as though it were in effect when the Act was passed."
 Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the second day of November, 1948, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"FOR the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."
 Those opposing said proposed Amendment shall write or have

printed on their ballots the words:

"AGAINST the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."
 Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for amendments thereto.

The Calm One

Susan Cibulka, 4, calmly plays with her dolls in her Chicago home, unaware of the difficult decision facing her parents. Susan fell on a pair of scissors at Easter time, the blades piercing her right eye. She had one operation, and now several specialists say the eye should be removed lest the left one go bad "in sympathy." Other doctors say wait and see. Mr. and Mrs. Joseph Cibulka haven't decided what advice they'll follow.

School Law Contested
RICHMOND, Va. (UP)—Three Nottoway County farmers have attacked the state's compulsory school attendance law as unconstitutional. The farmers appealed to the state supreme court their \$5 fines for not sending their children to school. They contend the Bible places personal responsibility for child education on the pa-

"Free-breathing" gas miser!

As every motorist knows, gasoline mileage varies with terrain, temperature, traffic conditions, speed, and individual driver habits.

Study these national figures. And then come in for a complete local review of the power story of the year!

But here, in the chart at right, you'll get a good idea of the gasoline economy you can expect from a new Packard . . . thanks to Packard's new "free-breathing" engine design.

These figures—taken from a survey among hundreds of new Packard owners from coast to coast—cover the highway performance of the 130-horsepower Packard Eight, with overdrive. (Packard overdrive is optional equipment, at moderate extra cost. It is being ordered on a majority of the new Packards.)

ROAD MILES PER GALLON	PERCENT OF OWNERS REPORTING EACH GAS-MILEAGE FIGURE
