## CARDINAL, AROUSED CATHOLICS AWAIT HUNGARY COURT VERDICT

By Edward Korry  
United Press Staff Correspondent  
BUDAPEST, Feb. 7. (UP)—Joseph Cardinal Mindszenty was reported kept under constant watch in his prison cell today while awaiting the verdict of the Budapest Peoples Court tomorrow morning (3 A. M. EST.)

Government press officials said the Cardinal celebrated a solitary mass Sunday in an office in his prison building, the same one containing the court in which he was tried.

It was understood that special guards were standing a fulltime vigil over the Cardinal and his six co-defendants. Maximum penalty for the charges by the prosecution when the three-day trial ended Saturday.

Hungarian Press accounts of the last day of the trial emphasized the Cardinal's statement that he "regrets" his conflict with the law and also his call for peace.

The accounts, almost uniform in content, underplayed or overlooked his statement that "I was not and am not an enemy of the Hungarian people" and "I did not and do not have any conflict with the Hungarian worker."

**Catholics Aroused**  
NEW YORK, Feb. 7. (UP)—The Roman Catholic world united today in a war to the finish with Communism, touched off by the trial of Joseph Cardinal Mindszenty in Hungary.

Francis Cardinal Spellman, Archbishop of New York, set the keynote at his first appearance since V-E Day in the pulpit of St. Patrick's Cathedral. Five thousand parishioners jammed the cathedral to hear the Cardinal.

"If we fail to learn a lesson from Cardinal Mindszenty's martyrdom," Cardinal Spellman warned, "we shall fail ourselves and ourselves face Communist conquest and annihilation."

He declared his conviction that Cardinal Mindszenty has been the victim of "tortures and drugings that put him beyond the reach or realm of human help." He entitled his sermon: "Rebellion to Tyrants is Obedience to God."

In Washington, Archbishop Patrick A. O'Boyle told a mass in the Cathedral of St. Matthew that the trial was a "vile business" and a "mimicry of justice." He said Catholics everywhere should dis-

**Fire In Parked Car**  
The fire department extinguished a slight blaze in a parked auto about 11 P. M. Saturday night.

The auto, a 1933 Ford, was parked across the street from the Manhattan Cafe when smoke started to pour out from the upholstery. Witnesses started to put the fire out then summoned the fire department who completed the job.

The owner was absent from the proceedings and was still unknown when the small blaze was finally extinguished.

## LOCAL BAND MEMBERS LEAVE WED. FOR ALL-STATE CLINIC

Eastland High will send eight student representatives including two all-state band members to the annual convention-clinic program to be held in Galveston, February 9-12.

The students will leave with Band Director T. R. Atwood by automobile for Galveston, Wednesday morning. All-state selections include Betty Bumpass, bass clarinet and Melton Herring, alto sax.

Other band members making the trip include Bob Vaughn, Jim Ed Willman, Stan Stephen, Mozelle Pullman, Nancy Freyschlag, and Jessie Whaley.

Leading band clinicians throughout the country will be on hand to instruct students in various phases of the musical program. Among the instructors are

regard the Cardinal's confession because it followed the pattern of Communist trials everywhere.

Also in Washington, the Rev. Dr. Frederick B. Harris, U. S. Senate Chaplain, said the trial "is the signal for war between an anti-Christian colossus and any church which refuses to submit to its supremacy and regimentation. This trial is a... sickening Sham. (It) is only the first of a series of onslaughts that may be expected."

**Jester Denounces Trial**  
AUSTIN, Tex., Feb. 7. (UP)—Gov. Beauford Jester joined lay and clerical leaders of the Roman Catholic Church today in denouncing the trial of Joseph Cardinal Mindszenty in Hungary.

In a transcribed Sunday broadcast from Fort Worth, the governor referred to the Cardinal as only one of a long line of churchmen who have given their lives for the cause of right.

He said that imprisonment was not new to the Cardinal, and pointed out that he was twice jailed by the Nazis.

"In the world of today," he said, "we are deeply concerned with what goes on everywhere."

**Large Turnout Urged For Dairy Meeting Tonight**

H. J. Tanner, Chamber of Commerce manager is urging a large attendance at the Eastland Dairy Association meeting at the Christian Church annex.

"I believe everyone should realize the extreme economic possibilities of this meeting to Eastland County. And all business people and interested parties are urged to attend," spoke Mr. Tanner.

The Association plans to put into immediate operation a new artificial insemination program. Two technicians, Harry Croy and Bernard Campbell state they will be ready to begin the program, Tuesday, February 8.

Dr. David Smoker of the North Texas Artificial Breeding Farms at Dallas will be on hand to address the meeting according to L. R. Higginbottom, secretary of the Association.

**Crooks No Crook**  
Newburyport, Mass. (UP)—Walter Garwich was delighted that his wallet fell into the hands of crooks. Garwich dropped the pocketbook on a well-traveled street and it lay there 12 hours with \$58 inside. Finally a passer-by saw it and returned it to Garwich. The finder, a co-worker, was Ralph K. Crooks.

The Irish legislature passed a law in 1634 against the "cruel and common practice of plowing by fastening the plow to the tail of an ox or horse."

Glenn Cliffe Baiman, nationally-known band director from Northwestern University, Earl D. Irons director of bands, North Texas Agricultural College and Clarence E. Sawhill, director of the University of Southern California bands.

The clinics will be divided into a band division, orchestra, and vocal sections. The grand finale will take place Saturday evening with participants in each group taking part in a mammoth musical spectacle.

The arrangements for the trip were made possible through the local efforts of the Band Boosters Club. Accompanying Mr. Atwood and the band members will be Mr. W. C. Whaley and Mrs. Bob Vaughn.

BETTY BUMPASS

Betty Bumpass, all-state band selection who will be in the Eastland High band group will travel to Galveston Wednesday for participation in the Clinic Program from February 9-12. Betty won all state honors playing the bass clarinet in competition at Waco last year.

## Dewey To Deliver Slight Injuries Lincoln Address In Auto Wreck

WASHINGTON, Feb. 7. (UP)—Gov. Thomas E. Dewey will deliver the Republican party's biggest Lincoln week address here tomorrow night amid a murmuring rumor that he may again run for political office.

Recent Albany dispatches to such carefully edited newspapers as the New York Times and the Chicago Daily News have speculated that Dewey might again be a political candidate. There is some speculation here in Washington, too, but none of it seems to be friendly to the idea.

The 1952 presidential election is too distant and the election of last November recent to permit much discussion of Dewey now in connection with another shot at the White House. The talk revolves around Dewey for governor of New York in 1950 or as a candidate for the United States Senate in that year.

Despite his two consecutive strike outs as a Republican presidential candidate, Dewey would be a strong candidate for governor or the Senate in his own state. Even the Republican politicians here who do not like him concede that. There are a great many Republicans here who do not like Dewey.

## Local Donations Soar To \$1,050

Contributions to the March of Dimes have reached \$1,050 in Eastland alone announced county director Joe Collins today. Latest reports from other towns are still unavailable but Collins is reasonably certain the county quota of \$5,000 will be reached.

A few more benefit attractions are pending for this final week of the drive Collins is making arrangements for a dance to be held sometime this week. The initial quota for Eastland is set at \$1200 which is expected to be reached in the next few days.

A head-on collision at the intersection of Lamar and Main sts. resulted in slight injuries to two persons Sunday afternoon.

A car driven by Burton Collins of Abilene collided with Tommy Gene Clark's auto near the traffic signal. Clark of Route 1 Eastland suffered minor bruises while Mrs. Collins, also a passenger in the car received some bruises on her forehead.

Both automobiles were damaged extensively.

## Funeral Services

Funeral services were conducted in the First Methodist Church in Eastland at 3:30 this afternoon for Mrs. W. A. Davis who died in a Brownwood hospital Saturday morning. Rev. Cecil Ellis of Ranger conducted the services, assisted by Rev. J. M. Bond of Eastland.

Mrs. Davis is survived by one brother, F. C. Williamson, of Staff Community, and four children, Mrs. J. C. Rule of New Mexico, Mrs. John Ward of Sweetwater, Mrs. Ethelene Warren of Big Springs, and William Davis of Brownwood, and several grand-children.

"Hands" Aid Marc of Dimes

PARIS, Ky. (UP)—Tobacco farmers in this area have a unique method of giving to the March of Dimes. Instead of giving a dime to fight infantile paralysis, the growers donate a "hand" of tobacco when their crop is marketed. All the tobacco given is lumped together and sold. A "hand" of tobacco weighs from five to eight ounces.

The cupola on railroad cabooses was "invented" by a Chicago and Northwestern brakeman who discovered the excellence of the view when he stuck his head through a hole in the roof of a damaged caboose.

## Taft-Hartley Law Defended By Counsel Of NLRB

WASHINGTON, Feb. 7. (UP)—Robert N. Denham, general counsel of the National Labor Relations Board, today defended the Taft-Hartley Law as "basically sound," although it is under attack from other administration quarters.

Denham, an appointee of President Truman, did not support Mr. Truman's labor bill, however, when he testified before the Senate labor committee as it began its second week of hearings on the administration bill.

In particular, Denham defended the Taft-Hartley provisions making his office with its prosecuting and administrative functions independent of control by the labor board. The board now has only judicial functions. The administration bill to repeal the Taft-Hartley Law and enact an "improved" Wagner Act would return the NLRB counsel to board control.

Denham contended that splitting the functions had created public confidence in the fairness of the board.

He said that since his appointment he has done everything he could "to establish public confidence" in the Taft-Hartley Law. He said he was not changing his position now.

"I could not have accepted that (counsel's) office unless I felt that the statute was basically sound," Denham said.

"The Taft-Hartley act may not be a perfect piece of legislation. It may not be a cure-all for all the problems that confront labor and management. Probably the act could be amended to the advantage of everyone. These are decisions for the Congress to make."

## Russian Shot By German Police

BERLIN, Feb. 7. (UP)—Five Soviet soldiers exchanged gunfire with Soviet sector German police last night on a crowded Berlin street, the Soviet sector administration reported today. One Soviet soldier was wounded and four others escaped.

The shooting started after police were called to halt a restaurant brawl between the five Soviet soldiers and German patrons.

Reports from the police patrol said the soldiers entered the restaurant, drew guns and threatened the Germans. An eyewitness account said the soldiers were "obviously drunk."

German police arrived and forced the Russians into the street. The soldiers drew their pistols and opened fire on the police. Police returned the fire, wounding one soldier. He was turned over to Soviet Military Police.

## Amateurs Pick Up Ship's SOS

NEW ORLEANS, Feb. 7. (UP)—The Coast Guard reported today that two radio amateurs had picked up an SOS and the message, "God save us," from the freighter San Salvador, 50 miles off Corpus Christi, Tex.

She reported that she had a hole in one side and that there were 18 men on board, the Coast Guard said. But the SOS did not say what caused the damage.

The radio amateurs, in New York and Nashville, Tenn., say they picked up the SOS about 3 A. M. They reported picking up the message at different times, the Coast Guard said, but subsequent attempts to get the ship to answer radio messages have failed.

The Coast Guard sent out three cutters—the Salvia, Triton and Boutwell before daylight, and then sent out a plane.

Coast Guard officers said they believed the San Salvador is a "banana boat."

## Local Students Enjoy "Hamlet" In Stephenville

A group of students sponsored by Miss Verna Johnson motored by chartered bus to Stephenville Saturday, Feb. 5 when the Tarleton Civic Series presented the Margaret Webster Shakespeare Company in "Hamlet."

It was a magnificent performance as one would expect from Margaret Webster, talented and experienced daughter of Dame May Whitty of the screen, Alfred Ryder, who so realistically played the role of "Hamlet" was recently seen in "T-Men" with Dennis O'Keefe. The other roles were equally as well played. Miss Webster attributes her success to superior cast of characters, as was attested to by the fact that the audience of approximately sixteen hundred sat spellbound throughout the three hour show.

College and high school students from miles around took advantage of the rare opportunity to see one of Shakespeare's dramas presented.

Teachers and sponsors of the student groups together with the cast of the drama were dinner guests of the faculty of Tarleton College at 6:00 o'clock Saturday.

The following were in the group from Eastland: Misses Barbara Martin, Nancy Harkrider, Patsy Young, Joyce Tucker, Betty Gay Allen, Patricia Rushing, Shirley Hightower, Monette Scott, Prudie Hardeman, and Jimmie Black. Dan Amis, Jack Kelley, Colonel Don Brashier, Richard Bourland, Ted Howard, Murray Herring, Cyrus Miller, Wayne Lambert, Dick Turner, Margi Wadley, J. C. Burke, Pete McFarland, Max Laster, Don Butler, Mrs. Evelyn Whately, Miss Loretta Morris, Mrs. J. E. Black, and Miss Verna Johnson.

## Lions Hold Zone Meeting Tonight

Local Lions will head for John Tarleton College in Stephenville tonight for the zone six meeting at the college dining hall at 7:30 P. M.

Attempts are being made to charter a bus for the occasion on arrangements are in charge of Everett Plozman, Lion President.

Guest speaker will be Arthur (Art) Briese, humorist, writer and public relations counsellor from Hot Springs, Arkansas. Briese is touted as one of America's leading after dinner speakers and enjoys a nation-wide reputation for hilarity.

The meeting will be open to wives and guests of members. A business meeting will also be held at the zone conclave.

## WILL FIGHT COMMUNISTS 'TIL DEMAND WITHDRAWN

By United Press  
The Chinese Nationalist Government's search for peace was snagged today.

Premier Sun Fo defied a Communist demand for the punishment of a long list of Kuomintang "war criminals" headed by Generalissimo Chiang Kai-Shek.

The Chinese political jockeying was scattered all across the country, from Peiping in the north to Canton for the south. The only one clear impression emerged from the obscure and indefinite moves—that an agreement between the Nationalists and Communists which would bring peace to China at best lay well in the unpredictable future.

Just before the cabinet meeting, Sun called for unity under Li. He denied persistent rumors of a rift between himself and Li over the move of some parts of the government to Canton.

The Nationalists will war against the Communists until the demand for the punishment of the "war criminals" is withdrawn," Sun said. He hinted that the Nationalists might undertake to regain their equilibrium in the south and then try to duplicate the northern push under Chiang in 1926.

Nanking reported that Sun and the main members of the cabinet were scheduled to return there within a week and join in the peace moves.

Shanghai reported that an eight-man Nanking peace delegation had arrived in Peiping to talk with the Communists, but that the government's official delegation as well as a Shanghai delegation still were waiting for permission to enter Peiping.

Other foreign developments:  
Vatican City—Pope Pius studied reports on the trial of Cardinal Mindszenty, and authoritative sources reported that he would speak out against the trial at the first opportunity after the Budapest verdict is in. No time was set for the speech. An informant said the Pope and all Vatican authorities "feel the deepest concern and anxiety for the sentence to be announced Tuesday."

Oslo—The foreign office said Norway would not reply to a Soviet proposal for a non-aggression pact until foreign minister Halvard Lange returns from Washington. One responsible source said the Soviet proposal probably would not affect Norway's intentions of joining the North Atlantic Defense Pact.

Tokyo—U. S. Army Secretary Kenneth Royal served notice on the Japanese that they had nothing to gain by associating with Russia. He predicted that democracy would triumph over Communism. He spoke at a Chamber of Commerce luncheon after a week-long inspection tour of Japan.

Manchester, N. H. (UP)—Arms, legs and mangled torsos were scattered over the highway when a truck skidded and went over a 10-foot embankment. But there was no blood. The limbs belonged to a load of puppets being brought here for an American Legion benefit.

A preliminary laboratory test by the New York City board of health shows that some frozen pre-cooked foods are of poor sanitary quality, as judged by bacteriological analysis.

## Highway 80 Plans Discussed Here Sat.

L. A. Chapman, manager of the Chamber of Commerce in Colorado City visited the local Chamber of Commerce offices Saturday for discussions concerning U. S. Highway 80.

Chapman is secretary of the Central Division of the U. S. Highway 80 Association. He conferred with H. J. Tanner in regard to future plans of the Association and possible improvements for the coming year.

Fred Brown, formerly of Eastland and now of Mineral Wells is president of the Association.

## Navy's Sky Giant Makes Safe Flight

MOFFETT FIELD, Cal., Feb. 7 (UP)—The Navy's Giant Lockheed Constitution completed its first round trip early today when it landed from Washington with 100 passengers aboard.

The plane set down at 3:14 A. M. (CST) at Moffett Field Airport, about 50 miles south of San Francisco. It left Washington at 8 A. M. (CST) Sunday. The flight took 18 hours and 14 minutes.

The four-engine, double-decked sky giant made one stop at Olathe, Kan., on the flight west. It carried 81 passengers and 19 crew members. Commander William H. Collins was the pilot.

Authorities earlier feared that the Constitution might have to be

diverted to another field because of stormy weather in northern California. However, the storm abated and the big plane, which can carry as many as 180 passengers, made a contact landing.

## WEEK'S GAMES DUE TO CLEAR SOUTHWEST TITLE

DALLAS, Tex. Feb. 7 (UP)—  
The fog enveloping the South-  
west Conference basketball up-  
per regions should clear some-  
what during the coming week with  
three of the four contenders in-  
volved in crucial games.

The Texas Longhorns, who  
took over undisputed leadership  
Saturday night as crippled Baylor  
fell before Arkansas, must twice  
meet improving Arkansas within  
the week.

Rice, idle last week but still in  
the thick of the fight, faces a rug-  
ged three games in for nights  
schedule that will make or break  
the Owl's title hopes.

Defending champion Baylor,  
now in third place and consider-  
ed only a slim chance of repeat-  
ing due to the absence of Bill  
Johnson because of auto wreck in-  
juries, will be idle all week.

The first Arkansas-Texas clash  
occurs tonight at Austin, the  
second Saturday night in Fayette-  
ville. Each team needs a clean  
sweep of the two games One de-  
feat would practically knock Ark-  
ansas out of contention. Howev-  
er, Texas still would rate a fair  
chance if it gained a split.

Rice opens its rugged week  
against the in-and-out S M U  
Mustangs in Dallas tonight. It  
faces TCU in Houston Wednes-  
day night and meets SMU again  
Thursday night. Rice must win  
two of the three, but needs all  
three victories to be on the safe  
side.

Rounding out the week's sched-  
ule, SMU meets A. & M. at Col-  
lege Station Wednesday night and  
TCU plays the Aggies there  
Thursday night.

Arkansas boosted its stock last  
week with a 62-57 victory over A.  
& M. at Fayetteville, then sank  
Baylor's hopes in Waco 52-46.  
Texas dropped Oklahoma 59-53 in  
a non-conference game, then sub-  
dued A. & M. 50-41.

SMU climbed out of the cellar  
with a 47-36 win over TCU. The  
result left the Frogs in a tie for  
sixth split with the Aggies. Each  
team has won only one game in  
six starts.

Slater Martin of Texas surged  
back into the individual scoring  
lead with 32 points in two games  
for a 255 total. That was 15 more  
than SMU's Jack Brown, who  
got 12 points against TCU to  
boost his total to 240. Bill Tom  
ARICE dropped from first to third  
at 239 points, while Tom Hamil-  
ton of Texas and Don Heathing-  
ton of Baylor held fourth and  
fifth respectively with totals of  
226 and 207.

## Mangrum Wins Tucson Open

TUCSON, Ariz. Feb. 7 (UP)—  
Lean Lloyd Mangrum, golfdom's  
thin man, today collected about  
everything of value connected  
with the four-day Tucson open  
which one man could cart away.

The lanky, free-swinging Niles,  
Ill., professional shot a blazing  
five-under-par 65 yesterday for a  
72-hole total of 263 which was  
good for the Tucson title.

In order, Mangrum got for his  
efforts a new course record on the  
short, flat El Rio Country Club  
layout, \$2000 first place money,  
his second gold cup of the winter  
tourney trail, and a 1949 sedan  
which he won in a drawing im-  
mediately following the tourney.

Al Smith won \$1,400 as second  
finisher, at 268.  
Muscleman Frank Stranahan of  
Toledo, O., fired a closing day 68  
for a 269 total and low amateur  
honors. Trailing Smith, Winston-  
Salem, N. C., for pro prize money  
was Johnny Bulla, Pittsburgh, Pa.,  
who carded a 269 good for \$1,000.

## Abilene Christian College Leads In Basketball Race

Abilene Christian College con-  
tinued to dominate the Texas con-  
ference basketball race today.

The AAC Wildcats won their  
fifth straight without a setback  
last week when they triumphed  
over Austin College 60-53 and will  
be idle this week while Howard  
Payne tries to remain in the chal-  
enge spot.

The Yellow Jackets dropped  
Southwestern 56-45 and McMurry  
55-46 last week to go into second  
place.

Howard Payne meets McMurry  
tomorrow night at Brownwood  
and Austin College at Brownwood  
Friday night. Austin and South-  
western clash at Georgetown Thur-  
sday night in the week's only other  
game.

## Riley-McWane Win Golf Tourney

HOLLYWOOD, Fla. Feb. 7 (UP)—  
Polly Riley of Fort Worth, Tex.  
and Bea McWane of Birmingham,  
Ala., won the international wom-  
en's four-ball golf championship  
yesterday.

They defeated Marjorie Lindsay  
of Decatur, Ill., and Pat Devany  
of Gross Island.

Mich. 5 and 4, at the Orange  
Brook Country club. The mid-  
westerners never had a chance  
after allowing the Riley-McWane  
team to take a two-up lead on the  
27th hole.

champion, sergeant-at-arms.

**Ancient Plow Found**  
SOFIA, (UP)—A two-horse  
Thracian bronze chariot has been  
unearthed by a plow near Pro-  
vidy. The find is considered unique  
because the chariot is complete,  
and the skeletons of the horses  
and weapons of the warrior are  
intact.

**Houston Rodeo Riders Injured**

HOUSTON, Tex. Feb. 7. (UP)—Three rodeo rough-riders were little the worse today after separate accidents in last night's performance stretched their luck and put the capacity crowd on edge.

First down was Tater Decker of Roswell, New Mexico, who was kicked in the head by a bare-backed bronc named "Rusty." Decker was unconscious when admitted to a hospital, but was released after receiving treatment for a badly bruised head.

The second mishap involved Bob Whiteside of Laredo, who skidded off his mount and onto the sandy arena floor. He suffered head and body bruises, and was also released from a hospital after emergency treatment.

The National Charros of Mexico absorbed the third injury of the night when one of their group rode a huge Brahman bull bare-back. In a wild frenzy the animal pitched the rider off, then charged and ran over him. The Charro was able to leave the arena without aid.

The amount of milk consumed by New Yorkers in 1948 slumped because of increased prices.

**Landon Would Cut Oil Imports**

TOPEKA, Kansas, Feb. 7. — (UP)—Aif M. Landon suggested today to President Truman that "closely regulated" import quotas be set up for foreign oil.

The independent oil operator and onetime GOP presidential nominee said crude imports have climbed from 280,000 barrels a day early in 1948 to nearly 500,000 barrels daily now.

He wrote a letter to Mr. Truman saying that the "impact of this volume of foreign oil" has resulted in sagging prices for some refined petroleum products and the softening of the price of domestic crude oil.

"Lowered crude oil prices would touch off a recession in the American oil industry," Landon wrote.

"I would never advocate that imports should be curtailed or eliminated simply to permit the producing of domestic oil at the fastest possible rate.

"But there is a middle course between excessive and inefficient drafts on our own oil reserves on one hand and excessive imports on the other. That course lies in closely regulated import quotas for foreign oil and the strict observance of the principles of conservation in developing and producing domestic oil.

"Such a program, formulated with national security and economic welfare as its base, would require that some concessions be made by all interested groups."

Besides the quota system for imported oil geared to needs of domestic industry, Landon suggested that "on occasion restrictions might be imposed on U. S. production as efficiency and national interest dictated."

Landon argued that the problem was tied to national defense.

He said production and transportation of middle east crude oil could not be maintained in the event of hostilities on any large scale.

**Students Off To Foreign Lands**

LUBBOCK, Feb 7 (UP)—Two Texas Tech journalism students were off today on a hitch-hiking tour through Mexico, Central and South America.

Warren Henegar of Lubbock and Jimmie Armstrong of Littlefield decided to forego classes the second semester to see some foreign lands.

They expect to leave the United States at Brownsville after taking all inoculations necessary for foreign travel. They will make the trip on foot except for rides they may catch. They hope to be back in time for the fall semester.
