Traffic Into Berlin Due To Start Wednesday

Bond Of \$5,000 Set For Walsh In Swindle Case

Bond of \$5,000 was set in Justice of the Peace No. 2 Charles Jobo's Court Thursday afternoon for Robert A. Walsh of Dallas, charged with felony swindle. Walsh waived examining trial. Bail had not been posted this morning, but authorities stated he was expected to be made during the day. Meanwhile, Walsh is being retained in custody at the County Jail to be bound over to the grand jury.

The complaint alleges Walsh swindled plaintiff by acquisition of money by false or fraudulent actions to appropriate same to his own use in the amount of \$5,570.30.

Walsh was arrested by the University Park Chief of Police early Wednesday morning and returned here by the Sheriff's office.

Plaintiff has also filed a civil action in 91st District Court against Walsh and wife asking a judgment of equitable lien and foreclosure on a 1949 Buick automobile to be applied on damages sought in the amount of \$5,570.30.

Both the criminal and civil complaints claim Walsh fraudulently pretended to sell and deliver to plaintiff 3,011 feet of five and one-half inch seamless casing for oil wells, and 3,010 feet of two and three-eighths inch oil well tubing.

AA To Strengthen Prison Chapter

HOUSTON, Tex., May 6 (UP)—The Houston chapter of Alcoholics Anonymous said today it would move to strengthen its organization behind prison bars, where it only takes money "to get whiskey smuggled into the prison."

Sixty members of the Houston AA group will ride to Huntsville Sunday to talk with members of the inmates' AA chapter. They hope to make even more converts see the light.

One Houston spokesman, who asked to remain unidentified, said active alcoholics in the prison system were not unusual. In fact, he suggested, "anyone with enough money can get whiskey or drugs smuggled into the prison."

The spokesman said the AA's stand had no intention of blaming prison management, and lauded the work of General Director O. B. Ellis.

Simplest and quickest alcoholic beverage that can be turned out behind bars, said the spokesman (who admitted knowing about it through experience), is a concoction called chockaw beer. Ingredients are yeast, sugar and raisins, any fruit that will ferment quickly.

The Huntsville AA chapter was organized about a year ago, and now has 20 members. Its first birthday will be celebrated May 27 with an open meeting in the prison.

Scout Camporal To Start Today

A North District Camporal of the Comanche Trail Council, Boy Scouts of America, will be held this afternoon and Saturday morning at Ringling Lake, located near Eastland, it was announced by Steve Potts, Eastland, field executive.

Attending will be troops 6 and 103 of Eastland, and troops from Cisco, Ranger, Breckenridge and Woodson.

Activities will get underway with registration at 4 o'clock, to be followed by a camp supper. A campfire session will start at 8 o'clock, which will include a question and answer series on Scouting, stunts by troops and group singing.

Taps will be sounded at 10 o'clock. Following breakfast, Saturday morning activities will include signaling, tracking, a flapjack contest and lashing contest. The return will be made at 11:30.

Expensive Error
DETROIT (UP)—Robert L. Sothern forced three automobiles off the road but did not notice that one was a patrol car. It cost him \$50.

Maverick Band To Give Concert Sunday, May 8

The crack Eastland High School Maverick Band will present its annual spring concert Sunday, May 8, at 3:30 p. m. in the high school auditorium, it was announced by T. R. Atwood, director.

The hour and 15 minute concert will be dedicated to the memory of Don Hill Jr., former trumpet player in the musical aggregation, who was killed in an automobile accident near Amarillo in 1948. Doug King, who survived the accident which took young Hill's life, will play a special euphonium solo number.

Marking the end of National Music Week, the concert will show Eastland citizens what had been accomplished in the past two years. The school has not had a band for several years until two years ago.

The 55-piece senior band will be in civilian attire, and the Junior band of 45 pieces will assist in several numbers, Atwood stated.

\$100,000 Net In Sheriff's Auction Sale

A total of \$100,000 was made in an Eastland County Sheriff's auction sale of between 1,200 and 1,500 city lots and pieces of property Tuesday, it was announced by The Tax assessor-collector's office today.

About half of the amount netted was paid prior to the sale, and the other half during the actual auction.

The sale was held to satisfy City of Cisco, Eastland County, and Cisco School District delinquent taxes.

Owners paying up their delinquent taxes prior to the sale accounted for the first \$50,000 net and the actual sale, for the other \$50,000. Successful bidders for the property will get a clear title after two years, during which time the last owner may redeem it by refunding the sale price plus interest.

Count Maeterlink Dies In France

NICE, France, May 6 (UP)—Count Maurice Maeterlink, celebrated Belgian poet, playwright and philosopher who won the Nobel Prize for literature in 1911, died here early today. He was 86.

A familiar figure in Paris, Maeterlink was one of the most colorful authors in the theatrical and literary world. Once, as his ship entered New York Harbor, he received reporters with his hair encased in a net.

He probably was most famous for "The Bluebird." First produced in 1909, it has been a perennial favorite for 40 years among professional and little theater groups.

He was also known for "The Life of the Bee," a philosophical and poetical essay pointing out that human beings could learn from "the insect civilization."

Maeterlink's first play was produced 59 years ago. He was reported working on a new production at the time of his death.

To Set Up Temporary Government For Western Sector Of Germany

BONN, Germany, May 6 (UP)—The West German constituent assembly decided today to set up at once a temporary government of Western Germany to serve until an elected government can take over.

The temporary government will be selected tonight from the 70-man Bonn Assembly. It will begin to function immediately after the constitution is adopted by the assembly, expected Sunday.

The plans for a separate west German state spurred forward in the wake of the announcement of an agreement to lift the Soviet blockade of Berlin and convene

Strikers Leave Ford Plant

As final negotiations between the Ford Motor Company and UAW-CIO Local 600 broke down, some 60,000 Ford workers left their jobs. Here, workers are leaving the plant in Detroit. Once outside the company's property they were handed picket signs. (NEA Telephoto.)

COMMUNIST ATTEMPT TO LAND FORCES AT LIUHO REPULSED

SHANGHAI, May 6 (UP)—Shanghai garrison headquarters announced today that a Communist attempt to land amphibious forces in 100 small boats near the mouth of the Whangpoo 15 miles from Shanghai had been defeated.

The announcement said the landing attempt was made near the town of Liuho on the Yangtze 30 miles west of Woosung, center of the powerful fortifications guarding the mouth of the Whangpoo, Shanghai's exit to the sea.

Nationalist defenders drove off the landing attempt with heavy artillery fire, sinking 10 boats, the announcement said. The rest of the boats retreated to the north.

Another communique reported that nationalist troops this morning still were in possession of Kashing, rail town guarding Shanghai's inland approaches 50 miles to the southwest.

Telephone reports from Kashing said Nationalist defenders still were dug in on a line five miles west. Other troops are taking up positions to the north and south of Kashing, these reports said. Gunfire and explosions indicating battle were heard from all three sides.

These reports said several thousand Communist troops attacking from the south were believed to have driven near Kashing's only airfield eight miles south of the city.

Miss Van Hoose Breaks Wrist

Miss Margie Van Hoose fell Wednesday afternoon and broke her left wrist. She is confined to her room at the Connellee Hotel.

Miss Van Hoose was with two local school teachers, and the trio were gathering wild flowers east of Olden, when the accident occurred. Miss Van Hoose was reported to have fallen down an embankment throwing her weight on her left arm.

Youth Rally In Ranger Friday

A youth rally sponsored by the Cisco Baptist Association will be held at the First Baptist Church in Ranger Friday night at 7:45 o'clock.

B. J. Martin of Ballinger will be the guest speaker and Harry Grant of Hardin-Simmons University in Abilene will lead the singing.

Following the program there will be a recreation and fellowship hour on the church lawn.

Murray Hopeful Over Demands

PITTSBURGH, May 6 (UP)—President Philip Murray expressed confidence today that his United Steelworkers (CIO) will win wage, insurance and pension demands for 1,116,000 workers this year despite steel industry resistance.

Murray unfolded the USW's triple-decked program for 1949 following a meeting yesterday of the union's 200-man wage-policy committee. He backed it up by saying he was "very optimistic" about his bargaining position.

"I am quite sure that the employees will approach these matters like we do—in a very constructive mood," he said.

However, industry spokesmen have warned that a fourth post-war round of wage increases was out of the question. They said the industry was headed back to "normal times" as the abnormal post-war demand for steel becomes a thing of the past.

Irving S. Olds, chairman of United States Steel Corp., said last Monday that labor's demands, if granted, "would necessarily increase the cost of producing steel." The corporation, which sets the wage price pattern for the entire industry, has made clear its plans to resist the USW's demands.

Members of the Gorman Quarterback Club were in Eastland Thursday to publicize the Indian Trail Festival to be staged in that city, July 14-16.

Proceeds of the festival will go to the Frank A. Gray Memorial Park, sponsored by the Quarterback Club, which has been dedicated to the boys and girls who sacrificed their lives for their country. It has a 144 by 150 foot cement swimming pool, adequate picnic grounds, tables and barbecue pits.

Gerard Says Failure To Ratify Pact Would Mean War, End of Democracy

WASHINGTON, May 6 (UP)—James W. Gerard, America's World War I ambassador to Germany, said today Senate failure to ratify the Atlantic Pact will mean "war, the end of Democracy everywhere and the domination of the world" by Russia.

Gerard, envoy to Germany from 1913 to 1917, told the Senate foreign relations committee that it should push action on both the defense treaty and its allied arms program despite "any change" in Soviet policy regarding Germany.

He gave the committee recommendations for pact approval from a 24 former U. S. Ambassadors. A 25th statement—from J. Reuben Clark of Utah—opposed the treaty.

Clark, a first counsel of the Mormon Church and former ambassador to Mexico and undersecretary of state, said the pact would enable "any little country" to push the United States into war merely by "thumping its nose at Russia."

Cooler Weather Slated For Texas

By United Press
A moderate cool front moved into Texas during the night, bringing thundershowers, some locally strong winds and temperature drops of 8-10 degrees, the U. S. Weather Bureau reported today.

The Panhandle section, first to feel the effects of the front, reported thundershowers during the night with some wind.

Showers were falling in that section this morning, but elsewhere over the state, skies were partly cloudy to cloudy and no rain had been reported except a .18 inch shower at Austin yesterday afternoon.

Forecasts for today, tonight and tomorrow call for considerable cloudiness throughout the state with scattered thundershowers. The cooler temperatures were expected to be felt in the remainder of West Texas tonight and in the interior of East Texas by tomorrow.

Highest maximum temperatures yesterday ranged from 98 degrees at Presidio to 71 at Amarillo. Laredo was the only other point reporting a high above 90, the mercury readings generally being in the middle and high 80's.

Minimums this morning ranged between 74 at Galveston and 54 at Amarillo, with most points reporting in the upper 60's and lower 70's.

Hot, stick weather blanketed the eastern half of the nation today while snowplows in Wyoming rescued tourists from a blizzard.

Relief from the record-breaking early spring heat wave had penetrated as far east as Rochester, Minn., but the cool air mass bringing temperatures in the 60's was moving at a slow 200 miles every 24 hours.

While thermometers registered in the 90's from the midwest to the Atlantic coast yesterday, snow began falling in Wyoming.

Gorman Festival Publicized here

Members of the Gorman Quarterback Club were in Eastland Thursday to publicize the Indian Trail Festival to be staged in that city, July 14-16.

Proceeds of the festival will go to the Frank A. Gray Memorial Park, sponsored by the Quarterback Club, which has been dedicated to the boys and girls who sacrificed their lives for their country. It has a 144 by 150 foot cement swimming pool, adequate picnic grounds, tables and barbecue pits.

LAPS LIKE CAT Old Rip VI Has Unusual Desire For Ice Cream

Old Rip VI, Eastland's entry in the thirtieth annual California Horned Toad Derby at Coalinga, Cal., May 21, prefers ice cream to the usual toad diet of flies and other insects, it was announced by Bob Moore, official trainer.

Rip's preference for the frozen delicacy was discovered only last night, when the thoroughbred toad broke all speed records getting to a bowl of cream set before him and started lapping it up like a cat.

A direct descendant of Old Rip I, who lived after being entombed for 21 years, the Chamber of Commerce entry will be shipped via air mail to California, after a week of training, to enter the derby race.

Old Rip VI received his usual workout this morning by taking a romp up and down the stairs where the trainer lives, and seemed none the worse for his ice cream eating spree last night.

Moore said he was undecided if to allow Old Rip to indulge in his unusual fondness for ice cream, or keep him on the regular diet of insects. The advice of local toad fanciers is requested.

VFW Sets Goal To Pay Down On New Home

A goal of \$2,000 by May 15 has been set by the Karl and Boyd Tanner Post of the Veterans of Foreign Wars to purchase the H. L. Lewey rock home, located east of Eastland on Highway 80, as a permanent V F W home, it was announced by Jim Gilbreath Jr., president.

Plans were made to raise funds for purchase of the property at a meeting May 4, with each of the Post's 200-odd members to be asked to donate \$60 to the project, cash if possible, and on long-time payments if not. Also, merchants and individual citizens will be extended an invitation to make a donation.

Purchase price of the property is \$6,000, with the VFW having an option to buy effective until May 15. The property includes a six-room rock home and eight and a half acres of land. If the tract is purchased by the Post, plans are to build a large auditorium on the land later, Gilbreath stated.

Chamberlain To Drill Quinn Test
Jack Chamberlain of Eastland, has announced he expects to begin drilling operations next week or his No. 1 Guy Quinn test, located about 1,000 feet southwest of the No. 1 Brashear well, two miles northeast of the city.

Pits were dug this week, with 20 cases of dynamite used to blast out solid rock, Chamberlain stated.

Temperatures at Fairbanks, Alaska, range from 90 degrees above zero to 60 degrees below, a variation of 150 degrees.

Former Supreme Court Justice Owen J. Roberts told the Senators that delay in ratification would "encourage Russia" and discourage nations trying to resist "Russian aggression."

In a statement prepared for the committee Roberts proposed that Atlantic Pact sponsors to discuss formation of a federal union of western democracies.

An Atlantic union, Roberts said, "would bring great economic and military advantages—savings in defense costs hand in hand with increased military protection."

"The political and social advantages," Roberts said, "would include strengthening of the United Nations, and encouragement to other nations to develop representative forms of government and to protect individual liberty by law."

Ford Strike Effects Spread

By UNITED PRESS
The Ford strike's effects began to spread today, but in another curial walkout in the automotive industry federal conciliators hinted that a settlement might be near.

In a third major labor development, the CIO United Steel Workers announced a 1949 program calling for higher pay, a guaranteed annual wage, social insurance and pensions for more than 1,000,000 workers.

The Ford strike closed the River Rouge and Lincoln Mercury plants, idling more than 62,000 members of the CIO United Automobile Workers. The two plants are the heart of the Ford industrial network.

But the effects already were beginning to be felt at smaller assembly plants across the country. Some of them reported that they would be forced to close within three or four days.

The strike involves a dispute over alleged "speedups" on assembly lines.

In the other major automotive labor dispute, federal conciliators at South Bend, Ind., said they hoped for a break today in the 17-day-old strike against Bendix Aviation Corp., which supplies the automobile industry with brake dies and parts.

The steel workers' fourth-round campaign was announced at Pittsburgh late yesterday by Philip Murray, president of the CIO and the steel worker's union.

Investigation Continues In Carbon Theft

Evidence secured by the Sheriff's office in the recent burglaries at Carbon is still being checked by the State Department of Public Safety laboratory at Austin, authorities stated today.

No arrests have been made in connection with the burglaries.

Cisco Man Held In County Jail On Theft Charge

W. T. Caldwell of Cisco is being held in custody at the County Jail, pending posting of bond, on charges of burglary and theft under \$50 filed in Justice of the Peace Brown's Court at Cisco, according to the Sheriff's office.

The charges are in connection with burglary and theft of a resident in Cisco.

Asks For Pay Cut, Gets It
WESTPORT, Mass. (UP)—At his request, Town Clerk Edward L. Macomber's annual salary was reduced from \$800 to \$350. He explained that he got a retirement pension and hence didn't think he should receive a full salary.

Temperatures at Fairbanks, Alaska, range from 90 degrees above zero to 60 degrees below, a variation of 150 degrees.

Former Supreme Court Justice Owen J. Roberts told the Senators that delay in ratification would "encourage Russia" and discourage nations trying to resist "Russian aggression."

In a statement prepared for the committee Roberts proposed that Atlantic Pact sponsors to discuss formation of a federal union of western democracies.

An Atlantic union, Roberts said, "would bring great economic and military advantages—savings in defense costs hand in hand with increased military protection."

"The political and social advantages," Roberts said, "would include strengthening of the United Nations, and encouragement to other nations to develop representative forms of government and to protect individual liberty by law."

OPERATIONS EXPECTED TO BE RESUMED WITHOUT FUSS

BERLIN, May 6 (UP)—Long stalled traffic will begin rolling from West Germany toward Berlin on the stroke of midnight next Wednesday at the beginning of the day of the lifting of the Soviet blockade, Gen. Lucius D. Clay announced today.

Clay said he had received no communication from the Russians on the removal of the blockade, and no negotiations were going on here regarding the details of renewing traffic.

"I don't believe any are necessary," the U. S. Military governor said. "We will just present our trains for clearance on the agreed upon date as we always did."

Clay said documents showing the trains to be authorized by the western powers would be shown to German railroad officials of the Soviet Zone, as was the practice before the blockade was imposed.

He doubted that Allied guards would be assigned to the freight trains. Guards were put on the trains, he said, only after the Russians announced last March that they would board them to check freight and the identity documents of the passengers.

Clay reiterated the determination of the Western Powers to proceed with the establishment of a West German government despite the scheduling of a Big Four conference on Germany.

Clay said he did not think the West German political parties would be ready to open election campaigns for the new state assembly before July 15. The Big Four conference in Paris opens May 23.

The Russians were reported still building barriers between east and West Berlin. A German car from the Soviet sector smashed through a barrier last night and escaped into the western sector.

The Russians were reported still building barriers between east and West Berlin. A German car from the Soviet sector smashed through a barrier last night and escaped into the western sector.

Free Oil Spotted In Brashear No. 1

Bob Gilchrist, Eastland operator, has announced free oil was appearing in the bailer Thursday at the No. 1 J. L. Brashear shallow well, located two miles northeast of Eastland.

The well was drilled into pay nearly two weeks but operation had been shut down until this week because of muddy rods.

The promising wildcat showed 100 feet of free oil in a drill-test test with the rotary, but it was believed drilling mud had sealed off the oil sand drilling the well.

Meanwhile, Gilchrist has moved his rotary back to Morton Valley and started operations on No. 2 H. H. Durham. His first well on the Durham place was pumping between 35 and 40 barrels daily this week.

Olden Class Sets Final Exercises

Baccalaureate services for the Olden Senior Class have been set for May 15, with commencement exercises to be held May 19, it was announced by school officials.

The Weather

By UNITED PRESS
East Texas—Considerable cloudiness, scattered showers and thundershowers this afternoon, tonight and Saturday. Cooler in the interior Saturday and in the northwest portion tonight. Moderate to fresh southeast winds on the coast.

West Texas—Considerable cloudiness with scattered thundershowers this afternoon, tonight and Saturday. Cooler tonight and in the Panhandle this afternoon. Cooler Saturday except in the Panhandle.

Siesta Spurned By McAllen Men

McALLEN, May 6 (UP)—The Chamber of Commerce and a committee of retail merchants turned thumbs down last night on adoption of the Mexican custom of siesta.

er, had proposed that business shops close daily from noon to 2 P. M. for siesta, but her fellow merchants said nothing doing. They feared the custom would flock to Harlingen and neighboring towns while they slept.

An estimated \$21,000,000 is spent every year by tourists anxious to view Niagara Falls.

BIOLOGY ART

If you did not happen to notice the display of art in Teacher Whatley's room last week or did notice and wondered about it, the different picture of birds shown were made by Biology students during their study of birds.

The pictures are colored with crayons, map colors, or water colors and some are plain sketches. Although they made a nice display, and I might add, the industrious workers worked hard to make them look nice.

Perhaps if you saw the pictures you did not recognize the birds (this from ignorance we hope) and perhaps if so some Biology student can enlighten you. Anyway its nice to see someone put out some effort and these bird-lovers certainly have.

ORCHIDS AND ONIONS
Orchids to the school party!
Onions to constant rain!
Orchids to assembly programs—
Orchids to the banquet plans—
Onions to the heavy home-work!

WHAT A MISTAKE! ! !
The band, due to a mistake of the band's identity, was notified last Friday after their concert performance that they had placed 2nd division. Monday morning an article in the San Angelo newspaper was found and read. It stated the Eastland Maverick Band placed first division in sight reading and concert playing. The band members were all excited, especially after having thought they had placed only

second! They are proud and we are proud of them! !

The parents and boys who went along and helped all agreed the band was unusually good in sight reading. Those hearing the concert were also complimentary. Anyway, it was a happy ending to a bad mistake.

DOUBLE SEVEN CLUB

The Sophomore Double Seven Club met Wednesday in the home of Charlotte Van Hoy.

The business meeting was held and officers were elected. Margie June Poe, Charlotte Van Hoy, Pat Brown, Catherine Cooper, and Monnette Scott were elected respectively to the positions president, vice-president, secretary, treasurer, and reporter.

The meeting was adjourned and refreshments of frosted cakes and cake was served. The next meeting will be at Pat Brown's home.

THINGS WE NOTICE

Happy band students!
E. H. S. students enjoying C. J. C. program!
Pretty weather (for a while)
Snapshots
Plans for banquet
People daydreaming! — Summer will be here soon
What's all this gold paint?
The steadies — old and new.

Says Fast Train Service Hinged On Electra Fight

WICHITA FALLS, May 6 (UP)—R. W. Armstrong, vice president of the Fort Worth and Denver, Railway, said yesterday that if Electra wins its "whistle stop" dispute, the era of fast trains in America may end.

Speaking at a meeting of railway officials and directors, Armstrong said "local trains being little revenue. If F W & D's Zephyr is forced to stop regularly at Electra, smaller towns along the line can also insist on regular stops.

Electra has appealed to the railroad commission for status as a regular stop on the line. It recently began a last-ditch fight against "whistle stop" status when the rail line announced its streamlined Zephyr would discontinue regular stops at the town after May 1.

Kids Protest Principal Ouster In Strike At Sulphur Springs

SULPHUR SPRINGS, Texas, May 6 (UP)—An estimated 100 students played "hooky" from Sulphur Springs High School today in a strike to keep their principal.

The students left classrooms yesterday after the word got around that Clay Cheek, high school principal for 11 years, would not be given a contract for next term.

Their first act was a pep rally in the town square, where they carried placards which said:

"It's not the principal of the thing, it's the superintendent."

Then they met with the school board and asked permission to hold a public meeting next Monday. The school board, parrying last night, promised a definite answer something today.

The promise was good enough for the strikers. They held another meeting in the square and elected student officers to represent them at the public conference, as well as sponsors, including the mayor's wife.

Kenneth Fletcher, 16-year-old strike leader and captain of next fall's football team, told the

United Press last night he was confident Cheek would be given a new contract.

"The whole town's behind us," Fletcher, a short, husky, frackled kid, said. "The business men are going to hold a meeting Friday to do something about it, too."

"The only way they'll get me back in school is for the coach to threaten to throw me off the team."

When reporters asked John M. Sheffield, president of the school board if Cheek would be back next year, he replied:

"I don't think so."

Cheek said he was "very sorry" about the incident and pleaded with the students to return to classes.

School Superintendent Ersal Brooks said he would "ignore" the walkout. He hinted, though, that it would be a good thing for the students to end their strike without delay.

Most of the young rebels milled around strike headquarters—Larner's Drug Store.

Students elected as representatives to the proposed meeting

were Billy Wayne Harry, Pat Crabb, Fletcher, Bill Hendrix, Wanda Copeland, Roelf Payne and Mary Ann Hardie.

"One of them's a preacher's daughter and another's a preacher's son," Fletcher said.

Sponsors chosen were Bill Palmer, Mrs. Don Rawlins, Mrs. Neil Henderson, wife of the mayor; Bill Fanning, T. C. Brashear, Postmaster Russell Chaney, Sr., Mrs. Arthur Snow, Mrs. Roy Harry, Mrs. Dave Levine, Mrs. Copeland and Mrs. Clyde Thornborrow.

Veterans Say, No Thanks

MINNEAPOLIS (UP)—The University of Minnesota American Veterans Committee is conducting a campaign to kill veterans' pension bills sponsored by Rep. John Rankin, D., Miss. The campus AVC spokesman Jack Elliott said the Minnesota group is "following our motto of citizens first, veterans second."

The people of Gaziantep southern Turkey, were surprised to see a quarter-inch layer of red snow recently. Snow of any kind is a very rare occurrence in this area.

Mexican "Witch" Devoured By Ants

CHIAPA DE CORZO, Mex., May 6—(UP)—The body of Fernando Gomez, accused by his neighbors of being a male witch, was found tied to a tree yesterday by police. He had been devoured by giant ants.

Police said the unique torture may have been devised by disgruntled relatives of a patient who did not respond to Gomez's medical voodoo.

The only ancient carillon in the New World, one dating from the 17th century, is on Alfred University in Allegany, N. Y.

NEWS FROM GORMAN

The Gorman Rebekah Lodge held a short memorial service for Mrs. Hattie L. Thompson who was one of the charter members of the Gorman Lodge. The charter was draped and will remain draped for 30 days as part of the memorial service.

Mrs. Stella Reynolds is back home in Gorman after having visited her children and grandchild in West Texas.

Mr. and Mrs. W. L. McDonald of Artesia, N. M. have been visiting friends and relatives for the past few days. Mrs. McDonald is the former Frankie Neil who grew up here, and she and her husband lived in and around Gorman for a number of years.

Mr. and Mrs. Raymond Thomas of Abilene visited in Gorman over the weekend with Mrs. Thomas' mother Mrs. Vera Hambrick, and his parents, Mr. and Mrs. John Thomas.

Mr. and Mrs. B. B. Brummett and Sylvia spent the weekend in Weatherford at a family get-together of the Rutherford family. Mrs. Brummett was a Rutherford before her marriage to Mr. Brummett.

Miss Margart Jackson of College Station will be home for a few days for a visit with her parents, Mr. and Mrs. J. O. Jackson of Gorman.

Mrs. Ellen Oldham has been in Gorman for several days seeing to the selling of her big home on the Eastland Highway just in the edge of Gorman, and in the beginning of construction of her new cottage home on a lot which she has recently purchased from Dr. Brandon. Mrs. Oldham has returned to Abilene for a few weeks visit in the home of her daughter Mrs. Ruth May, while the construction crew completes her house.

Mr. and Mrs. Shell Logan of Corpus Christi are visiting her parents, Mr. and Mrs. S. V. Pritchard.

Dick Wilson of Port Arthur has been visiting for several days in the home of his parents, Mr. and Mrs. Sam Wilson.

Mr. and Mrs. Mark Brasher of Lubbock visited old time friends Mr. and Mrs. E. H. Jones (Uncle

Ed and Aunt Fannie) while looking over the tornado damage done in the Grandview community where the Brasher family lived for several years.

Truman W. Beard, city school superintendent, was in Austin Wednesday on business for the school.

Mr. and Mrs. Clyde Ballard of Abilene visited in the home of her sister, Mrs. John Slaton this weekend.

A number of out-of-town people were in Gorman over the weekend for the reburial services of Lt. Glen Morrow, son of Mr. and Mrs. T. F. Morrow of Gorman. Lt. Morrow was killed in action in the European Theatre of World War II.

Gorman Oil News

By Buena Van Winkle

Commercial Production Co. No. 3 R. S. Sanders drilling at 1,160 feet.

F. D. Glass Jr. No. 1 B. A. Hirst applied 2,000 gallons of acid Tuesday afternoon and the response was gratifying, however there will not be enough gas to flow the well even though he does have a lot of oil. In some cases in the Kirk Field this is the best type of well—they have lasted longer and will not come into trouble over the flaring of so much surplus gas.

The Jay and Parker Company No. 2 T. N. Watt drilling at 1,700 feet and are still shut down with motor and machinery trouble. They hope to have it going within a few hours.

Belt Dison No. 1 G. W. Pinson are setting their 8-inch casing at 1,700 feet and preparing to go on down.

W. C. Curry No. 1 Harvey Parker are setting a tank battery and separator and will probably have the stuff flowing into the pipeline soon.

R. H. Patterson is completing the rigging up and moving in operation on his No. 1 James out from Rucker.

Now, That It's Spring Again
... brings to mind all the real joys and pleasant days that only this season of the year can bring. But Spring brings hail and windstorms, too, which are not desirable at all and sometimes they cause death and much destruction of property, without warning. If you are not carrying wind-storm and hail insurance for financial protection against these hazards give us a ring before the dark clouds begin to boil up in the South and West.

The Jay and Parker Company are still having all sorts of trouble getting under way again since they had the machinery breakdown Tuesday. They have drilled to 2,390 and are anxious to pursue the operation. They have two more contracts coming up and will need to have the No. 2 T. N. Watt out of their way.

Wrather Penn and Walters are attempting to use the water flooding method of recovery on their Dornay lease and other holdings to increase the recovery and also to prolong the life of the field in that vicinity. Whether this will be effective with only one or two tracts affected and treated will be a moot question until they have ried it. Mr. Pettijohn, the Production man, thinks some results will be apparent within 30 days.

Commercial Production No. 3 R. S. Sanders drilling at 1,350 feet.

F. D. Glass Jr. is preparing to run Potential tests on his No. 1 B. A. Hirst so we will have some figures within a day or two.

Belt Dison No. 1 G. W. Pinson, near De Leon drilling at 1,825 feet after having run their 8-inch casing Wednesday.

R. H. Patterson No. 1 James setting surface pipe.

More rumors are flying about here in Gorman about the possibility of a Butane and Propane gas plant being erected in the Kirk Field. Fifty families are supposed to come into the area with the project if it is worked out. However, as we said, this is all not much more than a rumor as yet, so we pass it on for what it is worth with the reminder that it is a rumor only at this time.

McClung et al. No. 1 Rube Christian are completing rigging up operations on the location which is South and East of Dublin and about three and one-half miles south of Clairette over in Erath County.

TEXAS NEWS BRIEFS

By United Press
AUSTIN, May 6 (UP)—The State of Texas was \$20,000 richer today as the result of an anti-trust judgment in 126th District Court. Judge Jack Roberts awarded the money to Texas yesterday in a suit charging Serval, Inc., a Delaware corporation, with violation of state anti-trust laws by price-fixing agreements with distributors.

LAREDO, May 6 (UP)—The \$43,000,000 Falcon Dam and power plant may soon rise on the Rio Grande.

Resident Project Engineer Loyd Hamilton said yesterday that unless unexpected complications develop, construction contracts for the 19,000 foot dam will be let this year.

WACO, May 6 (UP)—Dr. W. R. White, Baylor university president, was resting today at Hillcrest Hospital from a nervous condition caused by overwork.

White became ill Tuesday in Washington, where he was to appear before the Federal Communications Commission.

PERRYTON, May 6 (UP)—The murder trial of D. A. Crozier

was transferred to Dalhart yesterday after a 175-man venire was exhausted here without the selection of one juror.

Crozier was charged with the double slaying of rancher C. W. Barker and his son, W. H. Barker, May 6, 1948.

GALVESTON, May 6 (UP)—Officials of the Santa Fe railroad yesterday appointed J. W. Murphy as superintendent of the railway's Gulf Division.

Murphy will succeed C. S. Neal, whose illness forced him to take a leave of absence.

WACO, May 6 (UP)—Secretary of Agriculture Charles F. Brannan will define his new and controversial farm price-support plan here today.

Tomorrow he will address the West Texas Democratic party dinner at Lubbock.

The cabinet member also was scheduled to speak tomorrow at a luncheon assembly at Bluebonnet.

Amazing New "LIVIU" Steps-Up Nutrena For Greater Chick Growth And Life Protection
MORE CHICKS LIVE MORE CHICKS GROW

Scientists have discovered a big new secret of chick life and growth. It's a vitamin substance called the "Animal Protein Factor." Most good feeds contain some of this important vitamin but the amount can vary a great deal. To make Nutrena Chick Mash safer than ever for your chicks, Nutrena adds "LIVIU", a powerful concentrate of this important vitamin substance.

This picture, taken in Nutrena Laboratories, shows two chicks at 4 1/2 weeks of age. The one on the left, with "LIVIU" in its ration, weighed 42% more than the chick that didn't get "LIVIU".

Abilene Christian College Sextet Presented On Music Week Program

National Music Week was observed, Wednesday afternoon by members of the Music Study Club by presenting the Women's Sextet of Abilene Christian College, at their annual guest day program at the Woman's Club.

Mrs. Prentiss Jones was program chairman and introduced the group who were Misses Wynelle Watson, Donna Deacon, Lorna

Gibbons, Mrs. Ray McGlothlin, Miss Romadene Alexander, and Mrs. Harold Lipford.

They are advanced music students of the college and presented a musical treat in their program, which included classical and semi-classical as well as popular numbers.

So far this program has highlighted music week observance, members of the committee said.

A tea honoring the artists followed the program with Mrs. T. E. Richardson president, presiding over the refreshment table and served frosted lime punch to about 40 guests and club members.

The attractive table was centered with an arrangement of pink roses flanked by matching candles in silver holders, on its cloth of lace. Cookies, and mints were served and with the dainty rappings carried out the color motif.

The hostesses for the afternoon were Mesdames Jones, Donald Kinaird, W. E. Brashier, F. L. Dragoon, M. D. Murdock, and A. D. Dabney.

Quadruplets

Two boys and two girls were born in Lebanon Hospital in New York City to Mrs. Ethel Collins, 27, wife of a brokerage firm clerk. The four babies were put in incubators and attendants said that their condition was fine. Here nurses display the children two of them inside the incubator. (NEA Telephoto.)

New Officers Elected Wednesday By Community Clubhouse Board

Organization and election of officers of the Community Clubhouse board, at the first meeting since new members of each of the five federated Clubs were elected, was the principal business transacted Wednesday morning.

Mrs. James Horton was elected chairman for the next two years, replacing Mrs. Dave Fiensy, who has served for the past two years. Others elected included Mrs. Harry Taylor, vice chairman; Mrs. Arthur Murrell, treasurer, and Mrs. H. L. Hassell, secretary.

Club board members are Mesdames Earl Conner and Harry Taylor representing the Civic League and Garden Club; Mrs. T. E. Richardson and Mrs. J. F. Collins from the Music Study Club; Mesdames W. E. Brashier and H.

CARD OF THANKS

We wish to express our sincere thanks to our many friends for deeds of kindness during mother's illness. Your visits and cards, and words of cheer makes friends so dear. Thanks Friends! God will bless you.

Mother and Sarah Hendricks

L. Hassell of Las Leales Club; and Mesdames James Horton and Arthur Murrell of the Thursday Afternoon Club. They are elected for a two-year period and are in charge of all business matters of the Woman's Club.

During the past two years, the board has had installed an air conditioner, a magic range in the kitchen (which has been needed for several years) and a radio-record player combination, major equipment and have added a new set of dishes, and made many minor repairs.

Retiring officers other than Mrs. Fiensy include Mesdames Johnnie Collins, secretary; and Mrs. W. E. Brashier, treasurer.

Pfc. Aubrey M. Wadley, son of Mr. and Mrs. Gordon Wadley is on leave and is visiting his parents here, for several days. Upon returning back to Hamilton Field, Calif., Private Wadley will be assigned to duty in Alaska.

Rummage Sale Set Saturday

The W.S.C.S. of the First Methodist Church will hold a rummage sale at the Castleberry Feed Store Saturday morning beginning at 8 a. m.

Anyone having articles to contribute to this sale were asked to bring them Saturday morning. Representatives of the group will be on hand to receive them.

Rev. and Mrs. J. M. Bond and their son, Jimmy are visiting relatives and friends in Fort Worth today and will return Saturday afternoon.

Five Hurt When Plane Collapses

KANSAS CITY, Mo., May 6—(UP)—Five men were injured, none dangerously, late last night when a TWA Constellation plane, being repaired, collapsed on the apron of the overhaul base at Fairfax Municipal Airport.

One man, Harold F. Andrews, 43, was trapped for an hour in a nacelle wheel well. He suffered chest injuries.

Others injured, all employees of T.W.A., were identified as James Parker, 40, Independence, Mo., Lester S. Maxey, 27, Kansas City, Kan., and Rolland Shover, 37, and Frank Tuller, 34, both of Kansas City, Mo.

Keith Holdsworth, general foreman, said the men were draining gasoline from the plane when a landing gear strut collapsed. Parker suffered a fractured ankle as he jumped from a ladder when the wing crashed to the ground. Seconds later the ladder was demolished by the plane.

Tuller was trapped momentarily as he was caught beneath a propeller of an engine. He suffered ankle injuries. Shover suffered a laceration of the right elbow when his arm was struck by

Photographer Lost In Jungle

MEXICO CITY, May 6 (UP)—Members of an archeological expedition today hunted through the dense jungles of Tehuantepec for a newsreel photographer companion missing for three days.

The group radioed yesterday that two other members of the expedition, including their guide, had drowned when a canoe overturned on the Lacanja River. The missing photographer was identified as Luis Morales, and the dead were Carlos Frey, the guide, and Franco Gomez, an artist. The expedition has been exploring pre-Spanish ruins in the remote jungle area known as Mexico's "Lost Paradise."
