CONGRESSMEN EXPECTED AT PARTY OF YEAR

Mineral Wells, Oct. 25, 1949—Now that Congress has adjourned, members of the Texas delegation will be in a position to attend the "Party of the Year" here Friday-October 28th as guests of honor, and several have accepted. "Speaking as an individual," said George Ritchie, one of the delegates, "I feel the entire Texas delegation in Congress has done an excellent job during the session just closed and we hope that all of them will attend the party honoring them and our other State Officials."

"Outstanding work for the Nation and Texas has resulted from the efforts of George Mahon of Colorado City, a member of the Appropriations Committee in providing for a large modern Air Force. Senator Lyndon Johnson has done a great work in preventing Leland Olds from again being a member of the Federal Power Commission, in my opinion," said Ritchie.

Governor Allan Shivers, Railroad Commissioner Ernest Thompson and Olin Culberson and numerous other executives of the State Government have signified they will attend and a good response is being received from the citizens, numbering approximately 2,000, to whom invitations have gone out.

The affair will begin with a get-together at 6 P. M. in the water pavilion of the Baker Hotel and will be followed with an indoor barbecue and an informal program. Hosts are ten outstanding citizens from over the State and ten Mineral Wells men.

T. J. Skrabanek

D. H. Brown

New Compressor Superintendent Named By Lone Star Gas Company

Appointments of T. J. Skrabanek as superintendent of Lone Star Gas Company compressor stations and Donald H. Brown as assistant superintendent have been announced by Julian L. Foster, general superintendent of Lone Star's transmission division. Skrabanek and Brown will direct operations of 21 compressor stations located in this area and at other strategic points over the gas company's 5,300-mile pipe line network in Texas and Oklahoma. They have headquarters in Dallas.

Skrabanek succeeds E. L. Rogers who retired recently under the company's pension-insurance plan. He had served as assistant to Mr. Rogers since September 1, 1947, when he was transferred from his position as assistant manager of Lone Star's general division industrial and commercial gas department.

Skrabanek joined Lone Star in January, 1928, as an industrial engineer at Temple and was transferred to the Dallas office of the industrial and commercial gas department in February, 1937, when he was appointed assistant manager of the department.

The new superintendent of compressor stations was born at Caldwell, attended public schools at Ennis and graduated from Texas A. and M. College.

Brown joined the company September 28, 1939, on the staff of the engineering department as an inventory engineer. He was named control engineer when he returned to the company in 1946 after serving with the United States Army four years. He is a native of Decatur where he attended public schools and the Deatur Baptist College. Brown received a degree in petroleum engineering from Texas A. and M. College in 1939.

Shoots Nine, Kills Self For Some Excitement

WATERFORD, Mich., Oct. 25 (UP)—Farmer Joseph Runyon, 57, wounded nine patrons in two barrooms and killed himself to create some "excitement" after a run of hard luck, police said today.

Stanley Zarowski, 29, owner of one of the bars, said the farmer told him shortly before the wild shotgun spree last night: "If a man feels like he is going to die he might as well take a few people with him."

Police speculated that Runyon might have been influenced by the recent massacre in Camden, N. J. in which berserk war veteran Howard Unruh killed 13 persons.

Helen Kalman, a friend of Runyon, quoted him as telling her a few hours before the shooting that this little town of 500 population "hasn't had much excitement lately—guess I'll give it some soon."

One of the victims of the berserk shotgun attack, Dale Palm, 38, was in critical condition with two pellets in his brain. Doctors at Pontiac, Mich., General Hospital said he would be permanently blinded. Two others wounded in the barroom blasts were in serious condition.

Several hours after the shooting a tenth person, Thomas Hudson, was treated at the hospital for a wrenched back received when the hotel bar patrons tried to evade the shots.

A note left in Runyon's shabby farm home said, "take over Joe. Dad's quit work. To hell with 'em all." Neighbors said Joe was a son and that Runyon was divorced several years ago.

Roads Cancel Over 600 Trains As Steel, Coal Strikes Go On

3 Cisco Boys Arrested In Burglary

Three Cisco juvenile boys are being held in the Eastland County Jail in connection with burglary of the Joy Drive-In Theater Friday night, the Sheriff's office stated.

The youths, two 16 years and one 14 years old, were arrested Monday. The boys have made statements and accounted for a total of \$16 taken in the burglary. Bob Norman, manager, reported a total of \$77 taken. None of the money was recovered. The ticket booth at the Drive-In was broken into with change and cash tickets taken.

The Sheriff's office declined to state how the youths were apprehended, but other sources indicate the youths had been employed at the Drive-In and had been in an argument with the manager regarding overtime pay. Two of the youths' fathers are dead and their mothers work, while the other youths' father is an invalid.

AUTOMOBILE INDUSTRY NEXT TO BE HIT

By UNITED PRESS

The nation's railroads cancelled more than 600 trains today as the coal and steel strikes cut deeper into the nation's economy. Effects of the coal mine walk-out, now in its sixth week, were felt most sharply. But the steel shutdown, in its fourth week, is expected to hit the automobile industry a crippling blow by the month's end.

Railroads slashed their schedules sharply to conserve dwindling coal stockpiles. In Chicago, the nation's rail hub, cancellation of 214 passenger and suburban trains was announced.

Previously, the same roads had cancelled 103 trains under orders of the Interstate Commerce Commission.

Across the nation, the number of train cancellations, most of them effective at midnight tonight, mounted past 600.

The Mo-Pac Railroad was resuming train schedules rapidly after a 45-day strike that halted operations over its 7,000 miles of tracks in 11 states. The road expected to have all trains running again by Wednesday and its 25,000 workers were being called back for duty as rapidly as possible.

In Hawaii, 2,000 CIO Longshoremen began returning to docks to start loading and unloading operations after a 178-day strike that cost the territory \$100,000,000 in lost wages and business.

Federal mediators in New York succeeded in postponing a strike by 15,000 AFL truck drivers that would have shut off deliveries to 11,000,000 customers in the area today. Union and management representatives were in continuous session in an attempt to settle the issues.

Vishinsky Greets Truman At United Nations Ceremony

President Truman shakes hands with Soviet Chief United Nations delegate Andrei Vishinsky at the United Nations cornerstone ceremony in New York. President Carols P. Romulo of the United Nations is at left. (NEA Telephoto.)

Youths Hold Meeting Here

Methodist youth of the Cisco district met at the First Methodist Church of Eastland Monday night and were led in a program of worship, fellowship, and recreation by members of the host Intermediate and Youth Fellowships.

Gay Poe presided in the worship service and led the prayer. Stanley Stephen gave a piano solo and played for the meeting. Jim Ed Willman told the historical background and story of the hymn, "Jesus, Lover Of My Soul" by Charles Wesley. Bettye Grimes told the story and historical inspiration of Earl Marlatt in the writing of his hymn "Are Ye Able."

Bobby Schumann of DeLeon, president of the Methodist youth of the Cisco District, conducted the business session. The Eastland youth carried off attendance honors and the monthly award of the banner for the third consecutive month.

Jessie Whaley directed the recreation with the assistance of Herman Hassel, Jr., and others. A group of adults assisted in serving refreshments to the more than one hundred youth and youth workers present.

The November meeting will be held in Dublin.

Faces Life For Murder Of His Sixth Wife

STE. GENEVIEVE, Mo., Oct. 25 (UP)—William Mahurin, 53-year old "lonely hearts" Romeo, today faced a life sentence for the murder of his sixth wife.

An all-male jury returned the verdict of guilty of first-degree murder last night after more than three hours deliberation and fixed the sentence for the balding defendant.

Spectators, many of them holding sleeping children in their laps, waited up for the jury as this town had its first murder case in many years. The state had asked the death penalty in the strangling of Lottie Pisk Mahurin.

Circuit Judge Norwin D. Houser granted Mahurin's attorneys 30 days to file a motion for a new trial and delayed the passing of sentence until that time.

Special prosecutor J. Grant Frye re-enacted the crime at the Mahurin farmhouse near Farmington, Mo., March 17 in his dramatic closing arguments. Frye assisted St. Francis County prosecutor B. C. Tomlinson in the preparation of the case after the trial was brought here on a change of venue.

Mahurin had contended, at the time of his wife's death, that she died in the explosion of an oil stove.

Two of the women Mahurin married before he met the victim through a lonely hearts club, Mrs. Elaine Harriman of St. Louis (5348 Ridge Ave.), wife number 4, and Mrs. Adele Robinson of Suburban Wellston, number 5, were present at his trial.

Reward Offered For Lost Airmen

HOUSTON, Tex., Oct. 25 (UP)—A \$600 reward was offered today for information about the disappearance of two Houston airmen who vanished Friday night on a trip from Tulsa here.

The family of George H. Harrington, a well-known geologist, put up \$500 for any person who finds the maroon-colored Convair plane, believed to have been forced down by heavy rains that swept most of north Texas Friday night.

Another \$100 was offered for any person who gives authentic information that leads to the discovery of the plane.

Pilot Orville Sweitzer had flown to Tulsa Friday to bring Harrington back to Houston.

Truck Overtakes Near Eastland

A refrigerator truck, containing 22,000 pounds of meat, overturned on U. S. Highway 80, between Eastland and Olden, Monday morning at 6 o'clock, during a rainstorm, State Highway Patrolman Oscar Avera of Eastland, said.

The driver was unharmed and the truck sustained only minor damage.

Task of getting the truck right side up was a considerable one. This was accomplished at 4 P. M. with the aid of three wrench trucks.

Highway Patrolman directed traffic during the operation to right the truck and at one time, had vehicles backed up for one mile.

Man Burns To Death In Car

FORT WORTH, Tex., (UP)—A man identified as W. D. Peaner, about 50, of Springfield, Ill., was burned to death early today when a two-burner gasoline heating stove in the back seat of his car set the vehicle afire.

Firemen said the man apparently lit the stove to keep warm and then fell asleep in the rear of the car.

Fire Marshal W. H. Dixon said the man had undressed and placed his clothing beneath him on the back seat.

The blazing vehicle was discovered by a taxicab driver along the Missouri-Pacific Railroad right-of-way here.

An inquest verdict of death by suffocation and burning was returned.

Police identified the man from the car's title found in the charred remains of the 1936 Chevrolet car.

Can't Collect In This Court

DETROIT, Oct. 25 (UP)—Andrew Soyak will have to go somewhere besides court to collect the money he loaned Alfred Galle at 180 per cent interest.

He charged Galle, a resident of Austin, Tex., with larceny by conversion in failing to repay \$5,000 he loaned him, plus interest he estimated at about \$25,000.

Judge Joseph A. Gills threw the case out of court after Soyak said he loaned the money at 15 per cent compound interest a month, or more than 180 per cent a year.

Former Resident Rites Today

Doyle Simmons of Albuquerque, N. M. died Sunday after a brief illness and funeral services were scheduled for Tuesday afternoon there.

Simmons was a former resident of Eastland. Survivors include his wife, two children and his mother, Mrs. Annie Simmons of Lubbock, formerly of Eastland, and several brothers and sisters.

Simmons was a nephew of Artie Liles and a cousin of Mrs. Eugene Day of Eastland.

Religious Movie Planned At Olden

"The Man Who Forgot God," a religious motion picture, will be shown at the Olden Baptist church Wednesday night at 7:30 o'clock. Rev. Clifford Nelson, pastor, stated.

Two other pictures dealing with hymns and paintings will be screened.

Rev. Nelson describes the main feature as being outstanding and urges the public to attend.

Bosie, capital city of Idaho, was first visited by Robert Stuart and his party of homeward-bound Astorians in 1812.

Five Held In Machine Thefts

DALLAS, Tex., Oct. 25 (UP)—Five men in jail today and another was sought as officers announced the cracking of an interstate burglary ring which stole sewing machines valued at more than \$1,000.

The sewing machines were taken from schools in Texas, Oklahoma, Louisiana and Arkansas in recent months.

Dallas County Sheriff Bill Decker said the pattern of the burglaries was to remove the machines from their cabinets and then speed them to the gang's headquarters at Oklahoma City. There, they were renovated, into new cabinets and resold in several states.

One hundred machines already have been traced, Decker said.

Decker said charges would be filed shortly against the suspects, whose apprehension took the efforts of eight Texas sheriffs and police from Oklahoma, Arkansas and Louisiana.

Sheriff Williams Asks Merchants' Cooperation Against 'Hot Checkers'

Cooperation of Eastland County business firms in helping to eliminate "hot checking" was being requested by Sheriff J. B. Williams.

Sheriff Williams said Ranger has just been "cleaned out of \$600 by hot checkers."

"Unless business firms secure some identification, there's not much we can do," the Sheriff said.

Before accepting a check, a merchant should ask to see that person's driver's license and make sure that it is a bonafide stamped current license issued by the Department of Public Safety,

and secure the license number of the car. The Sheriff cautioned businessmen to make sure that the person's description fits the one described on the drivers license card.

If in doubt honoring a check, businessmen should call Sheriff's office and a deputy will be glad to investigate. If the person presenting the check is not a criminal, he will not be offended, the Sheriff said.

Unless cooperation is received in securing identification, it will be impossible for authorities to curb the wave of "hot checking" in Eastland County.

Rail Strike Settled

Missouri Pacific Railway officials and spokesmen for the four striking brotherhoods have announced in St. Louis that the strike, longest for any railroad in the nation's history has been settled. Here in the St. Louis station, conductors put up signboards with train schedules. (NEA Telephoto.)

PANHANDLE HAS SUB-FREEZING WEATHER EARLY THIS MORNING

By United Press

Sub-freezing weather of 26 degrees was reported at Dalhart in the Texas Panhandle early today but the forecaster saw an end to the dreaching rains which brought flood conditions to parts of the state.

The weather was blamed for three deaths in the state, one in Dallas and two in San Antonio.

The Trinity River in the Dallas area measured 32.3 at the 7 A. M. reading, more than four feet above the 28-foot flood stage. The Weather Bureau predicted it would crest early tomorrow at 36 feet.

Skies already were beginning to clear in northwest Texas and

fair weather was forecast for that area tonight and Wednesday. It will be partly cloudy in East Texas with the weather warming up slightly over the entire state by tomorrow.

Cub Pow-Wow Set At Cisco

An annual North District Cubber's Pow-Wow will be held in the American Legion Hall at Cisco Thursday night, Steve Potts of Eastland, field scout executive, announced.

All Cubmasters, den mothers and committeemen in Eastland are urged to attend.

Sgt. Brannon, Eastland Cubmaster, will be in charge of registration at 7 P. M. Potts will give "Fundamentals Film Strip." Other activities will be as follows: Jodie E. Baker, Breckenridge Commissioner, handicraft; and Rev. Jasper Masseege, Ranger chairman, games session.

District Session At Carbon Tonight

A large group of adults from the First Methodist Church are expected to attend the Cisco District adult meeting in Carbon this evening at 7:30. Dr. J. T. Carlyon, professor in Perkins School of Theology at Southern Methodist University, will speak on the work of adults in the church. Each teacher, assistant teacher, all officers of adult classes and departments of the Sunday School are urged to attend.

Dr. Carlyon is presented each week-day morning at 7:10 over radio station WFAA 820 in a transcribed sermonic.

The bodies of two brothers were recovered after midnight from flooded Martinez creek in the west section of San Antonio. The drowning victims were Rittus and Johnny Ford, brothers. They were swept into the stream yesterday from a makeshift skiff. A number of families were driven from their homes temporarily by the overflowing stream.

Some of the lows reported to the Weather Bureau this morning other than Dalhart's chilly 26 degrees were Amarillo 30, Clarendon 32, Lubbock 34, Childress and Guadalupe Pass 36, Marfa 37, Midland 38 and El Paso 43.

Temperatures yesterday ranged from 90 degrees at Brownsville to 42 at Amarillo with most readings in the mid-50s.

Rainfall reports included 2.07 inches at San Antonio, 2.19 at Victoria, 1.93 at Austin, 1.78 at Lufkin, 1.63 at Tyler, 1.22 at Bryan, 1.19 at Palacios, 1.17 at Corpus Christi and 1.96 at Texas.

Dallas rainfall for the 24 hours ending at 6:30 A. M. was .65 inch but since Sunday night, the total was 2.75 inches, or slightly more than the 2.71 inches which is normal for October for Dallas. October rainfall in Dallas now totals 8.01, the Weather Bureau said.

The weather in East Texas has hampered a search for a light plane missing for three days with two Houston men and possibly a third man aboard, but the Civil Air Patrol planned to resume the hunt today. Aboard were Orval Switzer and J. H. Harrington. It was not known definitely whether a third person was aboard.

A Dallas man was killed Sunday around midnight when a roof collapsed at cement plant. The victim was E. T. Spain. An investigation was under way to determine the cause of the accident. One theory was that lightning struck the roof, a second was that accumulated cement dust on the roof had become moisture-laden and caused it to collapse.

BROWNWOOD, Oct. 25 (UP)

Texas Odd Fellows prepared to end their 1949 grand encampment here today with the election of officers and the selection of a 1950 encampment site.

The 827 delegates were expected to choose either Wichita Falls, Tyler, or Austin for next year's event.

McALLEN, Oct. 25 (UP) — The era of 25-cent an hour wages in the Lower Rio Grande Valley appeared to be nearing an end today.

Border patrols were ordered yesterday to increase their pickups of illegally entered aliens to include all but those whose employers offered 40-cents an hour.

The action, in a section from Roma to Brownsville, came as the result of a U. S. government recommendation that valley farmers pay a minimum wage of 40-cents to all agricultural workers.

AUSTIN, Oct. 25 (UP) — J. D. Sandefur, Jr., of Breckenridge began a two-year term today as chairman of the Texas State Parks Board.

Sandefur was elected in a meeting here yesterday, while Raymond L. Dillard of Mexia was chosen by the board as vice-chairman.

TEXARKANA, Oct. 25 (UP) — Mrs. Eula Thomas, 45, was charged with assault with intent to kill today in yesterday's shooting of Clyde Morton, about 25.

Morton was struck by a single shot from a .38 caliber revolver in front of a downtown cafe. Police said he was only slightly injured.

Witnesses said Morton was shot and ordered into a waiting car which drove away and was not located until two hours later. He and Mrs. Thomas operated a local restaurant.

dent riding home on his motor scooter was killed yesterday when hit by a truck 10 miles from the city on the Fredericksburg Road.

County officers surmised that the victim, Dwight De Larrea, 17, lost control of the scooter and crashed into the truck.

SAN ANTONIO, Oct. 25 (UP) — Firemen today recovered the bodies of two San Antonio brothers from the rain-swollen waters of Martinez Creek more than eight hours after they had drowned while attempting to launch a home-made boat.

Johnny Ford, 27, and his brother, Rittius, 25, went down with the makeshift boat in a about 10 feet of water when it was swept out of control by the current, witnesses told police.

The bodies were recovered shortly after midnight approximately two blocks downstream from where the boat submerged.

AUSTIN, Tex., Oct. 25 (UP) — The Texas Amateur Athletic Federation has voted to expand its baseball program to take in a junior baseball tournament for boys.

The TAAF, ending its two-day annual meeting yesterday, re-elected its two officers, Graham Pierce to a third term as president, V. A. Kormeier as vice president and Joe Frowse, Jr., as secretary-treasurer.

The Athletic Federation also approved establishment of a men's softball tournament and a men's basketball tournament for church teams over the state.

Farmers Search For Mystery Man

SILVER CREEK, Mich., Oct. 25 (UP) — Jittery farmers grabbed their shotguns today to "smoke out" an uncanny wanderer who has charmed their watchdogs and frightened their wives.

A posse of 200 mystified farmers, led by Sheriff Louis Johnson, formed to stalk through the heavily wooded hill country for the stranger who has terrorized the area for two weeks.

The quiet farm community in western Michigan bristled with weapons. Small game hunters were advised to stay clear of the hilly search area.

The farm people became alarmed as the weird events bordered on the supernatural. The prowler stole food from fruit cellars and barns and one farmer reported a 60-pound hog vanished. The prowler rapped continually

on farm house doors, and watchdogs did no more than whimper strangely.

One housewife said she wriggled from his grasp and he sprinted away before she could turn and get a look at him.

Johnson cautioned the farmers against being "trigger-happy." "He may be the prisoner who escaped from Ionia reformatory and no one has seen him with a gun," Johnson said. "We've not enough of us to smoke him out."

Johnson said the prowler didn't appear interested in attacking or robbing anyone but was searching for food. Wayne Epsy, 22-year-old reformatory inmate escaped recently and might have returned to his home area, Johnson said.

Dog Out Of Place

BAILY ISLAND, Me. (UP) — Seadogs are common enough along the Down East coast. However, when Stanley Johnson hooked a terrier pup nine miles offshore while fishing for tuna he decided that the dog must have fallen off a passing yacht.

Not Too Hard To Judge

PONTIAC, Mich. (UP) — Accused of stealing a Gulf gasoline station attendant's shirt, Earl Mackey pleaded innocent before Justice Donald E. Adams. Adams looked at Mackey, who was wearing a shirt with a big sign "Gulf" on it and said, "Are you sure you plead innocent?" Mackey, red-faced, said, "I just wanted to give your honor a hard time."

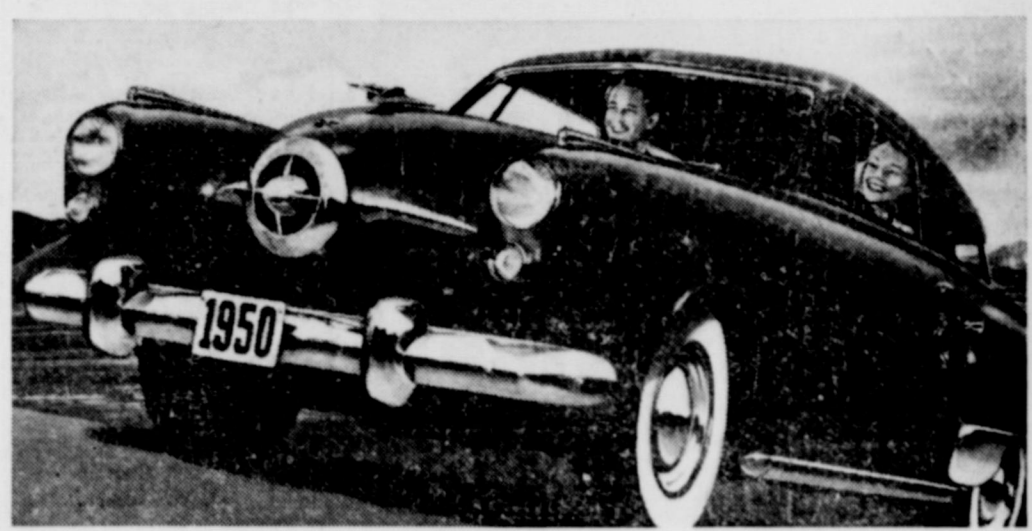

The Coeur d'Alene mining district in north Idaho is one of eight in the world that have produced more than a billion dollars worth of metal.

STUDEBAKER'S REALLY ROLLING! STUDEBAKER LEADS AGAIN WITH THE "NEXT LOOK" IN CARS!

WHEN YOU'RE Battling the Bumps

SOME TIRES DO THIS

HANG ON — THEY BOUNCE OVER BUMPS. Even on the best cars, conventional high pressure tires skip and dance from bump to bump, cause excessive wear and tear on vital parts of car — as well as passengers' nerves. Tires wear quicker, too — road pounding breaks down tire body quicker.

SEIBERLING Safe-Aire Tires do this

RELAX! THEY FLOAT OVER BUMPS. Extra Low Pressure design gives you up to 25% more air at 14% lower pressure. Softer tires give with each bump, power flows smoothly to the road, passengers can lean back and enjoy the ride. Softer tires are safer, too — there's less heat build-up, less damage to tire body.

Patented Heat Vents New "Claw Grip" Tread

Rows of Heat Vents along the tread shoulders protect against dangerous internal heat build-up. SAFE-AIRE runs 10% cooler than ordinary tires, stays safer longer!

Amazing new Seiberling "Claw Grip" tread has 23% more "stopping ability" than conventional rib treads . . . gives you more non-skid mileage!

Someone to Love

By IRENE LONNEN ERNHART Copyright, 1949, NEA SERVICE, INC.

THE STORY: Jenny halfway believes that Tod Duncan has married her to spite Liz Conover, who broke her engagement to Tod to marry another man. Jenny leaves Tod when she sees him dining with Liz. Tod explains that Liz called him, not knowing he was married. But Jenny refuses to return to the Duncan home where Tod's family has made her miserable. So Tod plans to finish his college education and they'll live in a trailer while Jenny keeps her job as a model at Max's salon.

XI

THE Homecroft trailer camp was situated in what had once been a pasture. The trailers were all sizes, shapes and description. Some were brave with tiny wooden awnings, white with green, red or blue stripes, others boasted miniature picket fences. One or two were home-made affairs, crooked and leaning, with makeshift accessories of one kind or another and built on rooms with sloping roofs. The place smelled depressing. One was aware of mingled odors of stagnant water and coal oil and garbage.

Jenny and Tod rented a small trailer at the end of one of the gravel lanes named Avenue B. The camp was directly across from the college campus and one had a good view of the trees from one window.

Max had generously given Jenny all day off, so she and Tod could move their things to the new home. They shopped together at a supermarket for their first groceries with stock the cupboards of the trailer.

Their first dinner together was reminiscent of those suppers they'd had at the house on Catalpa street, before they were married. There were candles and a gleaming white cloth on the card table set up in the miniature living room. Already Jenny was planning how she could turn the trailer into a real home, bright new curtains, a picture or two, some bright cushions for the day bed.

She was anxious too, to get acquainted with some of the other couples who lived in the camp. She

had noticed they were mostly young couples like Tod and her, probably all students. The getting acquainted would have to be mostly up to Tod, who would be around all the time as soon as school started. Working, she'd be gone all day, and Sundays would be the only time she would have to see anyone.

Meanwhile they settled down. Tod enrolled and she could tell at once that he wasn't too enthused about the school. It wasn't going to be anything like the State University.

"I can't understand why you didn't go ahead and finish at State. It wouldn't have cost any more."

Tod reddened and his jaw tightened a little. "Things would be too different," he said curtly.

YES, Jenny was thinking. It would be different. At the State University, he had had things easy, living in a fraternity house, enjoying the admiration due one of the big lettermen. And besides that he'd been in Liz Conover's crowd, the top dogs.

She looked at him as he started to work over his new textbook. The light from the student lamp above the small desk in the corner, lit up the handsome lines of his face, the clean sweep of his dark brows. No wonder, she thought, the girls at the University had all been wild about him. The typical football hero, with those enormously broad shoulders, the thick strong neck, the rough tumble of dark curls on his head.

"This course'll sure be a bore. I can see that," he said suddenly, looking up and tossing the book aside. His face was sullen.

A sharp retort sprang to Jenny's lips, but she choked it back. What was the matter with her; feeling tender one moment and wanting to slap him the next? "Maybe I could help you, Tod. I'll be able to do some of your outside reading and things like that."

He got up and began to pace

back and forth restlessly. "D'you think we can stand living in this hencoop for a whole winter?" he said bitterly.

"When we once get used to the smallness it won't be so bad," she answered calmly.

"You're an incurable optimist, Jenny," he said, without smiling. He paused by the sink and stared out of the diminutive windows at the trailer next door. All evening there had been coming intermittently from their neighbor's dwelling the sound of a baby crying. "All I can say," he added with grim emphasis, "is thank heavens we don't have a squalling infant caged up in here with us."

Jenny fastened her eyes upon the magazine she held in her lap and began to turn the pages. "Yes," she murmured, "that would be a tragedy, wouldn't it?" Perhaps she should tell Tod how she had been feeling during the past few weeks, that she had wondered only this morning if perhaps she ought to ask Nina to go to the doctor with her.

The mood he was in now precluded any confidence of that sort. She'd have to give up her job, before the end of the school year, and that would mean money difficulties. Besides that, and worse, Tod didn't want a baby.

TOD had noticed Jenny's irritability. How could he help it? You couldn't say two words to her without she flew off the handle. And he blamed himself rather, for he knew she had been hurt. But after all, he had made all sorts of concessions trying to make up for it. One was moving into this lousy trailer camp.

"I wonder," he said abruptly one evening, "how Ma and Harriet and Joe are getting along? Wonder if they ever found another place to live?"

"Maybe you ought to go look your mother up," Jenny suggested, when he mentioned them. She wondered if Mrs. Duncan would be different if she knew they were going to have a baby. It might change things.

Still she put off telling Tod. (To Be Continued)

Winning Float at Tobacco Festival

DURHAM, N.C.—Here's the top float in a parade of twenty climaxing a week's celebration for the opening of this season's tobacco auctions here. This colorful motorized display was built by employees of the local Chesterfield factory and featured a giant replica of the cigarette maker's unique new happy-birthday carton. Those faces on the carton represent Chesterfield's top salesmen, Arthur Godfrey, Bing Crosby and Perry Como.

Favors Two Party System in Texas

CARLAND, Tex., Oct. 25 (UP)—A strengthened republican party in Texas, a state long dominated by democrats, was advocated last night by Mrs. R. A. Thompson of Goliad, a former democratic party official.

Speaking at a meeting sponsored by the Dallas County Women's Republican Club, Mrs. Thompson said a two-party system would give the state a better voice in national affairs.

The one-time vice chairman of the state Democratic Committee reserved her most heated statements for the Democratic National

toward identification of the amnesia victim.

He apparently was about 38 years old. His weight was 145 pounds and his height, five-foot, eight inches.

He had straight black hair and a moustache. His forefinger was missing at the second joint and there was a long scar on his back, apparently from an operation.

Revived Boy Dies As Heart Stops 2nd Time

By Jud Dixon
United Press Staff Correspondent
FORT WORTH, Tex., Oct. 25 (UP)—Death took a three-hour holiday for 13-month-old Teddy Keith Nall yesterday, but then returned to grim duty.

The tiny infant's heart ceased beating for 10 minutes while surgeons worked to remove a bean from his left lung. But a speedy incision, followed by massage of the heart, brought Teddy "back to life."

The doctors resumed their efforts to remove the obstacle from the boy's collapsed lung, and succeeding in freeing a portion of it with a bronchoscope.

Three hours later, Teddy's heart again stopped beating. And this time, the alert doctor's heart massage efforts proved futile.

Teddy, the son of Mr. and Mrs. Tom Nall of Hamlin, Tex., swallowed the bean last Friday. Removal efforts by doctors at Hamlin and nearby Abilene failed. They suggested that Teddy be rushed to Fort Worth for treatment by specialists.

On the long trip from Abilene to Fort Worth in an ambulance, Nall administered periodic artificial respiration to keep his son alive.

An unsuccessful attempt was made Saturday night by a Fort Worth surgeon to remove the lung obstruction. It failed, thus leading to the second and third attempts yesterday.

Identity Of Amnesia Victim Being Sought

SAN ANTONIO, Tex., Oct. 25 (UP)—Police sought to learn the identity today of a cultured and well-dressed man who had no memory of events prior to a week ago.

He hailed an officer in downtown San Antonio last Tuesday and asked to be taken to police headquarters, saying, "I don't know who I am."

He had no identification papers but wore a tie clasp with the initials "C. A. B." his belt buckle was initialed "J" and his trousers had a cleaner's mark of "Kuykendall."

His expensive suit coat bore a Ventura, Cal., clothier's label, but police said it had led to no clue

Mrs. Van Hoy Honored Sunday At Tea By Eastern Star Officers

Mrs. Velma Van Hoy, Deputy Grand Matron of the District 3, Section four, Grand Chapter of the Texas, Order of the Eastern Star, and past Matron of Eastland Chapter 280 was honored by officers and Past Matrons at the Womens Club Sunday Oct. 24th.

The occasion was a formal musical tea, with the music being provided by Mrs. Edna Smith, violinist and Mesdames Christine Beckow, Kay Wittrup and Carrie Neal Haynes at the piano.

Mrs. Pebble Boles received the guests at the door, and presented each to the honoree, and Mrs. Gertrude Joiner Grand Representative of Missouri, and Mrs. Beulah Cooper of De Leon.

Mrs. Bessie McWilliams and Mrs. Mary Barton presided at the register table and registered each guest in the white leather bound guest book, bearing the emblem of the Order. An arrangement of dahlias decorated the table.

Guests were escorted to the tea table by officers of the order, where Mrs. Winnie Wynne and Mrs. Sarah Cross poured hot spiced tea from antique silver services placed at either end of the table, which was laid with an imported Hawaiian linen cloth and centered with dahlias. Other table appointments were of crystal, salted nuts and tea cakes were served.

Guests came from Cisco, Ranger, DeLeon, Desdemona, Comanche, Dublin, Gorman, Breckenridge and Eastland.

Look Who's New

Mr. and Mrs. Gene Rhodes are the parents of a daughter, born October 24th in a Ranger hospital. She has been named Andrea Evelyn and weighed six and three fourths pounds.

Mrs. Mahaffey is the former, Miss Vaneta Mahaffey, daughter of Hugh Mahaffey, and Mr. A. H. Rhodes of Fort Worth is the father of Mr. Rhodes.

Mr. and Mrs. Loran Watson of Terrell are the parents of a daughter born October 22 in a Terrell hospital. She has been named Mollie Ann. Mr. and Mrs. Watson are the parents of two sons, Mike and Mark Watson. Mrs. Watson is the former Frankie Webb, daughter of Mr. and Mrs. C. A. Webb of Eastland.

Mr. Watson, formerly manager of the J. C. Penny Store here is manager of the Penny Store in Terrell.

Mr. and Mrs. Loran Watson of Terrell are the parents of a daughter born October 22 in a Terrell hospital. She has been named Mollie Ann. Mr. and Mrs. Watson are the parents of two sons, Mike and Mark Watson. Mrs. Watson is the former Frankie Webb, daughter of Mr. and Mrs. C. A. Webb of Eastland.

Flowers and Short Hair Add Up To Beauty

Flowers and fashion go to your head in this new hair style created by the National Hairdressers and Cosmetologists. From any angle it's as sleek and femininely lovely as only short hair can be. You'll agree that it's the perfect coiffure for dinner-for-two dates when you see how cleverly the side bang accents pretty eyes.

Mrs. Crowell Introduces New Mission Study At WSCS Meeting

Under the leadership of Mrs. Frank Crowell members of the Women's Society of Christian Service of the First Methodist Church began a new mission study Monday, titled "Japan Begins Again" by William C. Kerr.

The meeting opened with the singing of "This Is My Father's World," with Mrs. Frances Stratton at the piano.

Mrs. N. P. McCarney presided at the business session and Mrs. Crowell gave the introduction of the new book, conducted the worship period, and presented Mrs. J. M. Bailey, speaker for the afternoon, who talked on "The People and the Land of Japan."

The meeting was closed with prayer repeated in unison.

Members of the Choir of the First Methodist Church will honor the new members of the Choir at a Supper, in the Fellowship room of the Church, Wednesday at 6 P. M.

Following the supper, regular Choir rehearsal will be held at 7:30 at which time the Choir will begin work on the Christmas Cantata.

America's Most Beautiful Novelist

Luli Kollman has been a movie actress, gas station attendant and fabric designer. She is currently celebrating the publication of her first novel, a love story titled "Come, Take My Hand." Married to the noted inventor Paul Kollman, she handles his business affairs and runs their three homes in California, New York City and Long Island. And if you think all this hinders her writing career, note that a second novel is finished, a third nearly completed and a children's book in outline. The current novel is being published by Duell, Sloan and Pearce, Inc.

PRIESTS INSTRUCTED IN OBSERVING CZECH LAW

PRAGUE, Czechoslovakia, Oct. 25 (UP)—The Roman Catholic Council of Bishops has told priests to obey the government's new church laws only as long as they do not conflict with the laws of God, the Church, and the "natural rights of man," it was disclosed today.

The bishops met secretly to prepare their instructions according to a document made available to the press.

The bishops decided that, with qualifications:

- 1. Priests could take a loyalty oath to the Communist-dominated government.
 - 2. Priests can accept the new high salaries the government promised.
 - 3. To indicate their willingness to resume church-state negotiations—"if we are invited."
- But the conditions laid down by the bishops made it doubtful the government would accept them or "invite" the bishops to resume negotiations.
- The bishops said the priests could swear loyalty to the government only if they added to the standard form "provided that this is not in conflict with the laws of God and the church and the natural rights of man."
- Priests may take the new salaries only if they promise their superiors, "by accepting this salary, however, I am not taking upon myself any obligations which would be in conflict with my priestly conscience and with the church."

L. J. Lambert is reported to be quite ill at his home, 1500 West Commerce.

Miss Margaret Cone of Duncan, Oklahoma, spent Sunday and Monday in the home of Mr. and Mrs. J. F. Golsen. Mrs. Golsen is improving after having been confined to her home suffering with the flu for the past week.

Present were Mesdames John D. McIae, Cyrus Frost, R. D. McCrary, Ina Bean, H. L. Hassell, W. H. Mullings, Frank Crowell, T. M. Johnson, Cecil Collings, M. Carney, Bailey, Milburn S. Long, T. L. Supreme Court Off Till Nov. 7

WASHINGTON, Oct. 25 (UP)—The Supreme Court recessed yesterday until Nov. 7 after a brief session at which it refused to intervene in a variety of legal disputes.

While the justices handed down no formal opinions, their decisions not to hear appeals have the effect of upholding lower court actions in seven sharply contested cases, including a Texas controversy.

It stayed out of a quarrel between the neighboring Texas cities of Dallas and Fort Worth over a "new midway airport" designed to serve both cities. Dallas authorities went to court to protest that the Civil Aeronautics Administration did not grant them a fair hearing on the proposal.

Greener Pastures Grow
BERKELEY, Cal. (UP)—Irrigated apertures in California have increased from nothing to almost 600,000 acres in the past 20 years, according to the University of California.

400,000 People Paid More for Their Cars than a Cadillac Costs!
You will probably find it difficult to believe the statement which appears above as the heading for this message. But records indicate that it is true, nevertheless. The reason for this is found in a surprising fact: There are eight other major car manufacturers who produce certain models which actually cost more than the lowest-priced Cadillac and approximately four hundred thousand of these higher-priced models have been produced and sold in the post-war era. Undoubtedly, a great many of the people who bought these cars did so because Cadillac cars were not available at the time—a situation now happily being remedied. But it is doubtless true that many owners of these higher-priced cars don't realize what they did. Cadillac has such a wonderful world-wide reputation for goodness and quality that many who can't afford it mistakenly conclude it is beyond their means. So they pay the price of a Cadillac—and don't get a Cadillac. We don't believe you would want that to happen to you. So we suggest that you come in and let us give you the actual delivered price here in this community for a Cadillac Sixty-one, equipped exactly as you want it. Let that be your economic yardstick as you select your car. If you pay for a Cadillac, we think you will want to make sure that you get one.

Janice Bartlett v. Buddy Bert Landolt, judgment.

American Fidelity & Casualty Co. v. Johnnie Aaron, order of dismissal.

Had RHEUMATISM * So BAD That He Had To Quit Working

Mr. Jerry Watkins, chief of detectives of the city of Hot Springs, Arkansas, suffered with rheumatism so much and the aches and pains were so terrible that he had to quit working in an effort to regain his health after he had tried everything which his friends recommended.

Detective Watkins is well known and his countless number of friends throughout the country will rejoice to know that he is now healthy, free of rheumatic aches and pains and now working hard.

Mr. Jerry Watkins

"For several years," Mr. Watkins says, "I suffered from a rheumatic condition in the hip and leg. I was very nervous and finally developed migraine headaches. I tried all kinds of medicines but nothing seemed to do me any good. I seemed to be growing worse and worse and was finally advised to take a leave of absence from my work on the police force in an effort to recover my health."

"The pains in my head sometimes were unbearable. I suffered tortures and I was miserable. At night particularly I lay awake and could not sleep."

Mr. Watkins said that someone finally persuaded him to try HADACOL, and after taking the first bottle he said he could see an improvement in his general condition.

"On January 14th of this year," he said, "I felt so much better I decided to go back on the job. The examining doctor told me I was in perfect health. Now I am

working from 8 to 12 hours daily and I am able to sleep as any normal person. I have taken six large size bottles of HADACOL and all my friends know I owe my good health to HADACOL."

Mr. Watkins is one of the many thousands of people who suffered from a deficiency of the B vitamins and the minerals that HADACOL contains and who, therefore, found relief in HADACOL.

It is a well-known scientific fact that the lack of only a small amount of the B vitamins and certain minerals in your system will cause certain bodily disorders such as nutritional neuritis, which causes the aches and pains commonly known as rheumatism, and there is no known cure for the ailment except the administration of the needed vitamins and minerals. This is why people who suffered for years and years never were able to obtain any relief until they took the vitamins and minerals the lack of which was causing the disorders.

HADACOL does not contain only one but has five of the B vitamins and four necessary minerals. It comes to you in liquid form so that it will be easily absorbed by the blood and, therefore, carried to the parts of the body which need them most.

So, it matters not where you live—no matter who you are—if you have tried all the medicines under the sun, you should be fair to yourself and give this wonderful preparation, HADACOL, a trial. And if your disease is caused by a lack of the B vitamins and minerals which HADACOL contains, then don't go on suffering—don't continue to make your life so miserable. Temporary relief for you is not enough. Take HADACOL.

Sold at all leading drugstores. Trial size only \$1.25, but save money; buy the large family economy size, only \$3.50. If your drugist does not handle HADACOL, order direct from The Le Blanc Corporation, Lafayette, La., and when the postman brings your package, just pay the amount plus the c.o.d. and postage. If you remit with the order we will pay the postage.

Then, if you don't feel perfectly satisfied after using HADACOL as directed, just return the empty carton and your money will be cheerfully refunded. Nothing could be fairer.—Adv.

Lubbock At Head Of Football List

DALLAS, Tex., Oct. 25 (UP)—A hard-driving Lubbock schoolboy team topped the Dallas Morning News weekly rankings today, supplanting Port Arthur's Yellow Jackets who had held the number one spot for a month.

Lubbock crushed Amarillo, 47-7, last Friday night. The overwhelming victory by the Warriors caused sports writers participating in the News' Poll to cast 10 of their 16 first-place votes for Lubbock.

Port Arthur, idle during the week end, slipped to second place with four first place votes.

In the third place was Wichita Falls, recipient of two top-ranking ballots.

Corsicana advanced to fourth place, Henderson was fifth, Baytown sixth, and Grande Prairie, Highland Park, Abilene and Austin ranked in receding order.

Henderson shot all the way

from 13th to fifth, while Austin climbed back into the first 10 after a four-week absence.

Dropped from the top 10 because of upset losses last week were Marshall and Ysleta.

The rankings:
1—Lubbock 151
2—Port Arthur 132
3—Wichita Falls 132
4—Corsicana 75
5—Henderson 60
6—Baytown 56
7—Grand Prairie 51
8—Highland Park 39
9—Abilene 37
10—Austin 33.

The second 10: Pampa, Marshall, Texarkana, Odessa, San Antonio Jefferson, Breckenridge, San Antonio Tech, Fort Worth Arlington Heights, Dallas Sunset, Gainesville.

Kilgore In Line For Rose Bowl Game

PASADENA, Cal., Oct. 25 (UP)—Kilgore, Tex., one of the teams which inaugurated the Junior Rose Bowl football game, loomed today as a leading contender for this year's Eastern bid, event officials announced today.

In the first round-up on possibilities for the 1949 junior college championship game Dec. 10, chairman Art Hannifin said Kilgore shared top honors in the Eastern list with South Georgia and Little Rock, Ark.

Hannifin also said Wharton, Tex., San Angelo, Tex., Paris, Tex., McNeese, La., and Burlington, Ia., were good Eastern prospects.

Walker May Not Be In Texas Game

DALLAS, Oct. 25 (UP)—Return to action of All-American Doak Walker in time for Saturday's all-important Southwest Conference clash with Texas remained very much in doubt in the Southern Methodist University football camp today.

While Walker was reported "improved" and allowed to get out of bed yesterday, he still may not be strong enough to play Saturday even if he is released from the hospital as hoped by tomorrow. A week-long siege of the flu and a sore throat has left him weak.

Meanwhile, two other SMU locks—Frank Payne and Kyle Rote—nursed injuries suffered in the Kentucky upset. Payne had a broken finger on his passing hand, Rote a sprained wrist.

FAYETTEVILLE, Ark., Oct. 25 (UP)—Fullback Leon Campbell and End Frank Fischel still were absent yesterday as the Arkansas Razorbacks took a light workout in the rain in preparation for the Texas A&M game here Saturday.

But, Coach John Barnhill was happy that no new injuries cropped up in last week's Vanderbilt victory and said Campbell and Fischel might see some action against the Aggies.

Four Pints Of Liquor Oklahoma Man's Undoing

OKLAHOMA CITY, Okla., Oct. 25. (UP)—Four pints of whisky caused William E. Sadler a major hangover today.

Officers who arrested the 45-year-old man for possession of the whisky in dry Oklahoma, said they found forged payroll checks for several southwestern newspapers, including the Daily Oklahoman, the Kansas City Star and the Dallas News. They booked him for embezzlement.

They theorized he inserted ads in newspapers, paid more than the usual charge, then duplicated checks mailed to him as refunds. Authorities said Sadler, whose bond was set at \$5,000, used an Alias of E. N. Mead and was wanted in eight states on various charges, principally embezzlement.

Western contenders have dwindled to Santa Ana, Compton, Pasadena and East Los Angeles.

STAR FARMERS OF THE YEAR—Winner of the Future Farmers of America's top award—Star Farmer of America—is Kenneth England, 19, second from left above, of Chandler, Ariz. Chosen at the 22nd annual convention of the FFA at Kansas City, Mo., England will carry home the first prize of \$1000. With England are three other youths who were chosen as Regional Star Farmers. Left to right are: Robert S. Stevens, Jr., 19, of Lynchburg, Va.; England; John Castrogina, 22, of Montrose, Pa., and Jack H. King, 20, of Dadeville, Mo.

Records Broken At State Fair

The greatest state fair ever produced in Texas or anywhere else, for that matter, closed up and locked its gates Sunday, Oct. 23, after breaking practically every existing record for state fairs.

Despite four days of rain and almost continuous threats of rain, more people visited the exposition, won more livestock premiums, saw more exhibits, enjoyed more shows and more football games,

heard more music and ate more food than at any previous state fair in history.

Attendance for the 16-day show was 2,047,540, which was 155,000 more than attended the largest previous fair. Rural Youth Day set the record for number of farm and ranch youth ever assembled at a single spot when 75,000 swarmed the grounds Oct. 15.

This was also the largest single day in the history of the Fair; 276,984 visitors arrived from every corner of the Southwest to enjoy the fantastic exposition.

The livestock show made history, too. Its beef, cattle, swine and quarter horse shows were the largest ever held at the Fair. Twenty states were represented, as the show broke all records for entries

Bans Textbook Because Of One Paragraph

HOUSTON, Tex., Oct. 25—The Houston school board announced today it would ban a textbook from Senior High School civics

and interest.

Even the hens in the egg-laying contest caught the spirit. The winning pen of eight, belonging to George M. Heberer of San Antonio, obliged with 112 eggs during the fifteen day derby and topped a record which had stood for 36 years.

They Forgot One Thing— Earl Bender & Co.

... in the rush of other duties in setting up housekeeping—they forgot how large a part of their home investment was in the furnishings. After they had the big fire, insurance rebuilt their house, but lack of funds to replace the contents left them a long way from having a liveable home. Don't make this mistake. Provide for adequate insurance to cover your household effects.

BIRTHDAY SURPRISE

Here is one of the newest wrinkles in birthday gifts—and it follows the theme of "it's as easy to give as it's nice to receive." It seems that since a carton of cigarettes has always been one of America's favorite birthday gifts, Chesterfield came up with a novel carton specifically designed for the purpose. Its colorful motif and greeting card device mean that you don't have to wrap it either.

George Brent
"Illegal Entry"
ADULT

page 37, deals with a round-about definition of "capitalism". The text: "The United States is called a capitalistic country, but it does not have pure capitalism. It has capitalism subject to increasing governmental control as our manner of living becomes more complex. The country is capitalistic with strong socialist and even Communistic trends. The postal system, power projects and progressive taxes are bits of socialism; and public free education an old age assistance are examples of Communism... to each according to his need."

"Suffered 7 years -then I found Pazo brings amazing relief!"

says Mr. M. W., Los Angeles, Calif. Speed amazing relief from miseries of simple piles, with soothing Pazo! Acts to relieve pain, itching intensely—soothes inflamed tissues—lubricates dry, hardened parts—helps prevent cracking, soreness—reduce swelling. You get real comforting help. Don't suffer needless torture from simple piles. Get Pazo for fast, wonderful relief. Ask your doctor about it. Suppository form—also tubes with perforated pile pipe for easy application.
