J. B. Williams Is Candidate For Re-election

To the citizens of Eastland County: Due to the many duties of the Sheriff's office that have kept me busy I have been unable to see all of you, and personally solicit your vote and influence for my re-election to the Sheriff's office. Therefore I would like at this time to thank each and all of you for the nice support that you have given me in the past and the honor of being your Sheriff.

I believe that I am well qualified for this office, and that my record will speak for itself, and will invite anyone to check it at anytime they desire. I have tried to conduct the affairs of the Sheriff's Office in a fair and impartial manner to all; and in keeping in mind at all times that I was just another one of your public servants.

I will appreciate it very much if you see fit to re-elect me as your Sheriff on July 22nd, and if you do so, I assure you that I will continue to carry out the duties of this office as I have in the past.

Thank you again for the privilege and the honor of having been,

Your Sheriff,
J B Williams

Pig Tour Set For 4-H Sears Pig Winners

The Sears pig tour for Eastland county 4-H Club boys who won pigs in the 1950 Sears contest will be held Thursday, Ed Steele, assistant county agent in charge of the program, has announced.

Pigs were awarded to nine county 4-H Club winners in the Sears contest which was held May 20. Eight of the boys received gilts and the other had received a boar.

When the boys are awarded the pigs, they sign a contract to breed and care for the animals in preparation for a show in Sept. The first place gilt and the boar pig will participate in a district show later.

The Sears Foundation furnishes the prize money for the shows and also for the heavy litter contest and pen of three fat hogs show.

Each year, the boys who have the gilts turn the choice gilt from his litter back to the program which will in turn go to another boy the next year. The Sears Foundation buys the boar each year.

The purpose of the tour is to give the boys an opportunity to compare the progress of their animal to that of the other boys participating in the event.

Boys making the tour will be: Carol Sandlin, Carbon, who has the boar pig; Dan Jobe, Scranton; Mack Jones, Ranger; Charles Rice Scranton; Leon Rogers, Alameda; Don Starr, Scranton; Lawrence Ingram, Nimrod; Marvin Anthony, Scranton; and Glen Fleming, Pioneer.

TOKYO, July 12, (UP)—Massed Communist tanks and infantry hurled U. S. forces South across the Kum river today—last natural defense barrier guarding Taejon.

The smashing offensive by 80 tanks and up to 75,000 Red troops rolled back the entire American - South Korean line on the Western and Central sectors of the Korean front four to 10 miles.

At some points, the North Koreans were believed only 13 miles from Taejon, the provisional capital of South Korea. Artillery fire was heard in the capital.

The North Korean government radio broadcast a wholly unsubstantiated claim that Red forces surrounded an American infantry unit on the North bank of the Kum river yesterday and killed more than 700 troops.

Another 500 Americans were captured, along with four tanks, more than 1,100 automatic rifles, several anti-tank guns and other war booty, the Pyongyang broadcast said. Fifteen tanks and five armored cars were claimed damaged.

It said the battle occurred South of Chochiwon, 20 miles North of Taejon, and added:

"People's army units which broke through the American defense line are continuing to advance Southward."

Gen. Douglas MacArthur's headquarters made no comment on the enemy report. However, observers recalled that Pyongyang broadcasts frequently are exaggerated and often entirely false.

MacArthur announced the American withdrawal South of the 200 to 250 yard wide Kum river in his afternoon communique, but gave no details.

However, a headquarters spokesman confirmed the loss of Chochiwon and said the retreat to the South bank involved the main U. S. forces from Chichiwon to Kongju, 14 miles to the Southwest.

Some Americans still may be fighting on the North bank of the Kum in that area, he said, but probably not more than delaying and patrol action.

Other Americans are giving support to South Korean forces in the Chongju area of the North bank, some 18 miles Northeast of Taejon, he said.

US Navy Looks For Subs Near Panama Canal

PANAMA CITY, July 12 (UP)—The US Navy is investigating reports that unidentified submarines have appeared in waters off the Panama Canal.

Rear Admiral Edward W. Hanson, commandant of the 15th naval district in the Panama Canal zone, said that so far the Navy had not been able to find any submarines in the area.

One unofficial report said American planes had sighted a submarine yesterday and could have bombed it.

Hanson refused to comment on any aspect of the reports beyond saying that "the Navy has received reports of unidentified submarines near the Panama Canal."

Hanson said similar information had been given to authorities on various occasions throughout the past two years "and in particular during the past three weeks."

He added that these reports placed the unidentified submarines on both the Atlantic and Pacific sides of the canal.

"The Navy is constantly on the alert," Hanson said.

Last week a widespread search was conducted off the coast of Florida following a report that a submarine had been sighted there.

Four Days Rodeo Edition Features History

Mayor Price Crawley finds this one of the pleasanter duties of his office. Here he is welcoming two beautiful rodeo enthusiasts to the big four-day celebration that gets under way in Ranger on July 19. On his left is Mrs. Helen Bradford, a top cowgirl in anybody's rodeo. On the right is pretty Betty Milton Underwood. Without adjectives, our news source reports that's Price in the middle.

4 p. m. next Wednesday which will open the big four-day roundup.

The Ranger Times has printed a special rodeo edition for distribution throughout this area.

The special edition, which was made possible by Ranger businessmen and others in this area, will contain a complete digest of Ranger and Eastland county history. It will also carry rodeo pictures, a special Rambler's column and other features by well-known county writers.

The Times staff designed the special edition to help newcomers in this area become better acquainted with its history and to allow old timers to renew acquaintances.

The rodeo will feature such stars as Don Wilcox, Mitzu Lucas, Ruth Mariani and Shivers Johnson.

Tex Gouldy's Texo Hired Hands will participate both in the rodeo and play for American Legion sponsored dances.

Two scrambles for 4-H club boys and Future Farmers will be part of the celebration.

Fans Tear Into Strategy Used In All Star Game

and-guessing baseball fans today tore into the strategy used by rival managers Burt Shotton and Casey Stengel in the 17th annual all star game, but the dour, victorious Shotton answered that home runs eliminate any need for explanations.

Shotton's National League squad triumphed, 4 to 3, in 14 innings, in the first overtime match of the 17-year-old series. Both the chance for triumph and the win itself came on four-bagger belts by Pittsburgh's slugging Ralph Kiner and the St. Louis Cardinals' Red Schoendienst.

Kiner, first man to bat for the winners in the ninth inning, slammed his second all-star game home run into the upper left field deck to tie the game. And only that blow kept the American League from garnering its 13th triumph in regulation distance. It also set up five extra inn-

ings of play which finished when Schoendienst blasted a two-spot pitch into virtually the same spot in the left field stands, jammed nearly to capacity with a record paying crowd of 46,127 fans.

The Schoendienst blow finished the junior circuit nine, and Teddy Gray, slender Detroit southpaw who served up the pitch, was charged with the loss in his first all-star effort.

The second guessers rapped Stengel for pulling out Boston's left fielder Ted Williams, first baseman Walt Dropo, who had hit a triple and another long ball which nearly went for the circuit and second baseman Bobby Doerr.

Don Di Maggio replaced Williams and while his fielding was satisfactory, he went hitless. Ferris Fain, Dropo's replacement, had a single, but didn't hit for Dropo's distance. And Gerry Coleman, who supplanted Doerr, not only made what might have been a vital bobble afield, but went hitless.

Stengel was also criticized for yanking his own catcher, Yogi Berra, for Cleveland's Jim Hegan because the latter struck out three times.

Shotton was criticized only for his use of the Philadelphia Phillies' top reliever, Jim Konstanty. Konstanty appeared in the sixth inning, struck out two batters and made the third ground out.

"Who wants to know?", Shotton growled when asked why he didn't let Konstanty go more than one inning. "I just had him in there to finish up (Don) Newcombe's three innings."

Shotton had another answer, other than the home run blasts which won for his side. His next two hurlers, the New York Giants' Larry Jansen and Cincinnati's Ewell Blackwell, were the top pitchers in the game, with Jansen the standout.

The Giant right hander went five innings, one short of Lefty Gomez' all star game record, giving up only one hit and striking out six. Blackwell, who was credited with the win in his second all star appearance, went three innings, granting one hit and striking out two.

Robin Roberts, the National League starter, gave up one run when Washington's Cass Michaels got a ground rule double, advanced on Phil Rizzuto's bunt, and scored on George Kell's fly. Newcombe gave up two counters as Bob Lemon walked, Larry Doby doubled, and Lemon scored on another Kell fly while Doby counted on Ted Williams' single.

The National League's first two runs came off starter Vic Raschi in the second when Jackie Robinson singled, scored on Enos Slaughter's triple, and Slaughter came home on Hank Sauer's fly.

Lamotta Will Have Doctor In His Corner

NEW YORK, July 12 (UP)—With a physician in his corner, unpopular Jake Lamotta of New York will attempt his first defense of the world middleweight crown—the ring's "Jonah" diadem—against handsome, young Tiberio Mitri of Italy, Europe's best 160-pounder.

In the white glare of Madison Square Garden's ring lights, stocky, bull-shouldered Lamotta will try to keep the hoodo title that brought bad luck and untimely death to Marcel Cerdan, Vince Dundee, Tiger Flowers, Harry Greb, Billy Papke, Stanley Ketchel and Kid McCoy.

Lamotta was favored at 7-5 because he is champion, because he is so rugged he never was knocked off his feet in 93 professional fights, and because he has a withering body attack that wears down most opponents.

But his personnel physician, Dr. Filippo Buroni of the Bronx, will be in Jake's corner because the "Bronx Bull", at 29, has gone through a difficult ordeal in paring down to the 160-pound limit for the first time since he won the title from the late Marcel Cerdan at Detroit, June 16.

LET'S GO FISHIN'
By Onous Dick

ANTELOPE SEASON SET FOR OCT. 10

Details of the fall antelope shooting season authorized for October 2 to 10 inclusive, by the Game, Fish and Oyster Commission, are being worked out, according to the executive secretary. The final number of permits to be issued will be determined after results of the present antelope survey in the area west of the Pecos are compiled. The executive secretary said the number of special permits, which cost \$5 each, probably will be less than the 702 permits issued in 1948, the last season that antelope were hunted legally. The total bag that year of

Concrete Material And Construction Company

male antelope was 629. The executive secretary explained that more than 90 percent of the hunters usually get their antelope. Hunters again will make their application to the Game Department in Austin. Then, because the number of applicants usually exceeds the number of available permits, drawings are made to designate the lucky nimrods. Present plans are to continue the arrangement whereby persons sending in their \$5 and being assigned a permit, may notify the department if they find they cannot make the trip so that their places may be taken by hunters who lost out in the drawing. The hunt is arranged in three-day periods so that the concentrated game wardens may closely supervise the shoot. The overall hunt covers from 30 to 35 ranches in the nine counties. Ranchers are allotted 20 per cent of the permits so that they may designate friends and their families for the hunt. The kill on the ranches ranges from five to 60 male antelope. The maximum ranches may charge individuals for each three-day hunt period is \$40. Only one antelope may be killed by each hunter.
