Successful Parenthood

MRS. CATHERINE CONRAD EDWAN Associate Editor, Parents' Magazine

SHOULD CHILDREN see war pictures? A great many parents are rightly concerned over this question. What complicates the problem is that many of the best films being released are either about the present fighting or about dramatic incidents of World War II, or about various branches of the military service. Since today's parents have come to know that seeing the better films is a real and important part of their children's education, how can they reconcile this belief with their fears about giving children an overdose of brutality?

The first thing to get straight is what we mean by excess brutality. We've read or heard a great many statements recently by psychologists who believe that by giving children wishy-washy literature and films, they'll grow up afraid of their own shadows. They always use the clinching argument that children like to be scared.

We don't intend to quarrel with this point of view though we don't go all the way with it. But we do hold out for balance in children's reading and films. Granted that suspense and excitement are beneficial to children, and that they shouldn't be entirely shielded from knowledge of our world's especially cruel type of reality, still, as parents, we should certainly see to it that these more terrifying elements of our children's vicarious experiences are balanced with reassuring ones about the general trustworthiness of parents and teachers, the likableness of most human beings, the laughable side

of one's mistakes and the of small daily discoveries. So keeping balanced mind, we suggest that either see the current before their children do, suit a reliable guide, subscribes films and gives ion as to their suitability; ferent ages. How you can make America Strong—

WORK SAVE VOTE PRAY

Perhaps you feel you should "do something" to help our country in its crisis. Most of us do. But not all of us can take places in the Armed Forces.

Not all of us can build tanks or airplanes or guns or bullets. Many of us... particularly in the present national emergency... must stay at our own jobs, do the same things we've done for months, for years. How, then, can we help? How can we "do something"? The answer is simple:

First, we must work. We must work harder. We must work better. We must produce more. Second, we must save. We must save money. We must save materials. Third, we must vote. We must vote for statesman-like leaders. We must vote for men who have courage. Fourth, we must pray. We must pray to God for guidance. We must pray to God for peace. We must pray to God in gratitude for all He has done for us and for our country. That is our job. Yours and ours. If we do it well... we'll help make America strong.

News Items From Morton Valley

BY SPECIAL CORRESPONDENT

Sunday was a scorcher, and the same people complained of the heat that had complained of the cold last winter. If anyone was complaining of the weather Monday evening they were quickly shushed, because we got one of those slow, steady rains that Mother Earth was thirsty for. Not much water in the tanks, but we expect to get more rain soon. We're optimists, we guess.

J. R. (Dick) Tankersley came down with the mumps last Tuesday morning.

Visitors in the L. J. Baggett home last Sunday were Mr. and

Mrs. Joe Baggett and children, Mr. and Mrs. Paul Langford of Acker, and Mr. and Mrs. Dow Baggett and children of Hamlin.

Mr. and Mrs. J. W. Harrison and Max attended graduation exercises Monday night at Texas Tech. Lubbock, as Bobby Gene Harrison received his degree in petroleum engineering. They visited Mr. and Mrs. W. B. Stewart while in Lubbock.

While the Harrisons were gone, Mrs. Charles Harris and Mrs. Burton Tankersley kept their grocery store.

Mr. and Mrs. A. F. Beck and Wanda visited Mr. and Mrs. Rudy Wells and Simeon Dempsey, who live north of Ranger, last Sunday.

The people of Morton Valley who were not in Eastland for the Ranch Day and Armed Forces Day celebration Saturday got a good look at the jet bombers that came over. They zoomed over the countryside, and almost everyone rushed outside to get a look at them. Those who didn't felt the vibrations.

Ola Jean and Claudia Fay Stuard have the mumps.

The Morton Valley Home Demonstration Club met last Tuesday in the home of Mrs. D. D. Franklin for a demonstration luncheon. Mrs. Franklin and Mrs. Charles Harris, the food demonstrators, prepared and served the luncheon under the Texas Food Standard. The menu consisted of a macaroni and cheese dish topped with broiled tomatoes, green beans, green vegetable salad, cornbread,

made with the master mix, gingerbread waffles with whipped cream, and iced tea. It was pointed out that the macaroni and cheese dish is a protein food and therefore takes the place of more expensive meat dishes. The nutritive value and eye and taste appeal of the combined menu also was pointed out. (The members thoroughly enjoyed the luncheon, not only because it was good but because the majority didn't have to prepare it.) After the luncheon, the business session was held, with the roll call being answered with jokes. The food demonstrators received reimbursement for the cost of the meal, and it was pointed out that the food was inexpensive as well as good. The cost was \$3.35 for the 14 who ate. After an amusing game, the meeting adjourned. Present were Mesdames Franklin, Harris, Charles Brockman, J. W. Harrison, Curt Thompson, C. H. Tankersley, W. J. Graham, Raymond Beck, Clifton Beck, and visitors, Mrs. Joan Henderson, D. D. Franklin, Lendy Lou Beck, Laverne Thompson and Tommy Beck.

Mrs. J. F. Trott, R. R. Peel and S. H. Peel spent last week end in San Angelo visiting their sister, Mrs. Jessie Riek, and Margaret Peel. Clarence Cole has been moved to Ranger with his son because of his health. Mrs. V. L. Henderson visited Mrs. Charles Brockman last Monday. Norman Lee Tankersley of Batesville, Miss., is visiting his

father and family, Mr. and Mrs. G. W. Tankersley.

Mr. and Mrs. Bill Lancaster of Pueblo visited Mr. and Mrs. Dick Tankersley Tuesday.

Mr. and Mrs. J. L. Williamson, Mrs. Burton Tankersley, Philip Tankersley and Jasper Williamson visited Mr. and Mrs. O. H. Williamson in Snyder last Tuesday and Wednesday.

The hot sun melted the asphalt on the new pavement of the Ranger Highway Sunday, and the highway department is busy covering it with more chat.

Mr. and Mrs. Bobby Lee Emfinger and Gregory Lee spent last week end with her parents, Mr. and Mrs. O. H. Williamson in Snyder.

Sunday visitors in the L. F. Trout home were Mr. and Mrs. Joe Propes of Gladewater, Mr. and Mrs. James Sherill and Mrs. S. C. Trout of Eastland. Vicki, daughter of Mr. and Mrs. Olen Trout of Cisco, is spending the week with her grandparents.

SOUTH WARD MOTHERS TO HONOR GRADUATES

Mothers of the South Ward graduating class will honor the graduates, members of their families and teachers with an ice cream party immediately following the graduation exercises Friday evening at the school.

MISS HIGHTOWER HONORED AT TEA

Silver and white were the colors used throughout the Woman's Club in appointment's and flowers during the gift tea which honored Miss Shirley Hightower, bride-elect of Jack Kelly, Thursday evening.

An outstanding spot of loveliness was that of an antique silver basket, edged with white tulle and filled with an arrangement of white Majestic and Marguerite daisies, which centered the silver appointed tea table. The tall arched handle of the basket was entwined with flowers and centered with wedding bells of silver mesh from whose depths hung white carnation clappers.

Approximately 150 guests were received by Mrs. Frank Hightower, Mrs. C. M. Kelly, Miss Hightower, Miss Betty Grimes and Miss Charlotte Van Hoy.

Hostesses were Mesdames Guy Parker, Fred Maxey, J. O. Earnest, Vernon Humphries, Ed Wittrup, W. L. White and Ed Willman.

Members of the house party included Mesdames W. B. Pickens, Pearson Grimes, Louise Seaton, Hubert Jones, Catherine Tipton, Misses Margie June Poe, Maxine Lambert and Barbara Hightower.

MISS TEATE TO HOWARD M. BROCK

MARY WILLARD TEATE

Mrs. Lucy Teate of Montgomery, Ala., announces the engagement of her daughter, Mary to Howard Martin Brock of Birmingham, son of Mr. and Mrs. Samuel Howard Brock of Alabama.

Miss Teate is a graduate of the University of Alabama and is employed as a research chemist at the Southern Research Institute.

Mr. Brock is a graduate of the University of Texas where he is a member of a number of fraternities and of the horn Band. He is employed as chief chemist for the department of E. I. Du Pont Nemours and Company at the university.

The wedding will be held at St. John's Episcopal Church in Montgomery on June 30.

Federated Club Picnic To Be In Cisco May 26

Women of the Eastland County federated women's clubs were reminded this week that the date for the next County Club Federation meeting has been changed to May 26.

Members will meet in the City Park at Cisco for a picnic lunch at 1 p. m., and each person was asked to bring a vegetable, a salad or a dessert. Cisco women will furnish meat and drinks.

All county clubs were urged to send delegates to the session, the last of the club year.

TO WED — Mr. and Mrs. Pearson Grimes have announced the engagement and approaching marriage of their daughter, Laura Elizabeth, to William Louis Page, son of the late Mr. and Mrs. Karl F. Page. The wedding will be June 15 in the First Methodist Church in Eastland.

SENIORS FETED IN ROUND OF PARTIES

Members of the Eastland High School Senior Class have been entertained with a round of picnics, dinners, dances, breakfasts, theatre parties and other affairs in recent days as their graduation draws near.

A dinner dance given for the seniors by the juniors in the Connelley Roof Garden officially opened the festivities. Then came breakfasts by women of both the Methodist and Baptist churches; later came the private affairs, which have been numerous.

Among those given recently was a supper honoring the cast and staff of the senior play, given by the play director, Mrs. Virginia Weaver Russell. The supper was given in her home Wednesday of last week with Mrs. Louise Owen assisting her sister. Special guests were Miss Verna Johnson, the senior sponsor, and Miss Jessie Lee Ligon.

Monday evening, the class was entertained with a theatre party by Mr. and Mrs. Aubrey Van Hoy, whose daughter Charlotte is a class member.

About 35 seniors met in the

Van Hoy home for ice cream and cake, and then were accompanied to the theatre by the hosts and special guests, Miss Johnson and Mr. and Mrs. W. G. Womack.

Mr. and Mrs. H. L. King, assisted by Mrs. Waverly Massengale, Mrs. J. C. Poe and Mrs. Dee Burleson, staged a beef barbecue in the back yard of the King home Tuesday evening. All have sons or daughters in the class. Guests included Mr. and Mrs. W. H. Stanley, Mr. and Mrs. Womack and Miss Johnson.

Tuesday morning, the seniors held their customary "slave" breakfast in the City Park. Each senior invited a junior to be his guest, but also his "slave" at the affair, with the seniors providing food, but juniors providing utensils and labor, waiting hand and foot on his "master." This always is a hilarious highlight of the senior activities.

Wednesday evening, the class members changed from blue jeans to party clothes for an ice cream supper on the lawn of the Pearson Grimes home. Mothers of other seniors assisted Mrs. Grimes in serving old-fashioned home made ice cream and cake.

Mothers, friends and teachers

Ann Daniels Honored On Eighth Birthday

Mr. and Mrs. Jack Daniels of Olden honored their small daughter, Ann, with a birthday party Sunday afternoon. She was 8.

The young guests enjoyed games and refreshments of cake and ice cream.

Sorority Hears Report On Recent Convention

The presentation of \$12,927 to be used at Girlstown, USA, was one of the highlights of the Beta Sigma Phi state convention in Ft. Worth last week end, members of Eastland's Zeta Pi chapter reported at their regular meeting Tuesday night.

Five women who attended the convention - Mesdames Jimmie Harkrider, W. H. Cooper, J. T. Cooper, El Jeune Horton and Oscar Avera described convention activities to chapter members who met in the home of Mrs. W. H. Cooper. Mrs. J. T. Cooper was co-

hostess for the meeting. The gift to Girlstown, near Whiteface in Cochran County, was money raised by various projects of chapters in the state. Miss Amelia Anthony, founder of the home for girls, invited members to visit the home at any time, Mrs. Harkrider said.

The convention, largest ever held by the sorority in Texas, was attended by 684 women, Mrs. Cooper said.

Also attending the convention from Eastland was Mrs. Bill Collings, member of the Exemplar chapter.

After the convention reports, the chapter members discussed

plans for the annual fall style show. An outdoor chicken supper to be at the home of Mr. and Mrs. J. Ross Rucker June 1 was announced.

Refreshments were served. Others attending were Mesdames Terry Barrett, H. C. Gage, Joe Halbert, W. H. Hoffmann, Jack Germany, Ed Hooker, W. A. Leslie, R. B. Pipkin, Galand S. Poe, Frank Sayre, W. H. Stanley, Ross Rucker, Billy Jack Watkins, W. L. White, R. N. Whitehead, Art Johnson and June McKee.

CAN YOU PAY 31 PERCENT IN TAXES On The Next Car You Need?

The \$2,000 car will cost \$2,161 with the \$675 total tax load shown above. Without any tax load it would cost you only \$1,486.

The tax alone costs the buyer \$230 down and \$30 per month for 15 months under the present Federal Regulation "W."

Then Mr. Car Buyer purchases the car on top of the Federal and State taxes, paying one-third down or \$496 more and \$66 per month for 15 months.

Putting the two together, it's \$726 down payment and \$96 per month, and no interest or insurance is figured in. Thirty-one percent of your new car will be taxes if we let the new Excise Tax become law.

The contemplated new tax of \$161 will come out of the car buyer's pocket. If the buyer purchased the new car at dealer cost, the \$675 still would be there. And the increase of \$161 on the lower priced cars will be there unless Mr. Public writes or wires the Ways and Means Committee, Washington, D. C., that you have had enough. The full increase will not be a profit item to the manufacturer, or the dealer—it will be collected from the car buyer and returned to the government.

Already 25 percent, approximately, of what you pay for a new car is taxes—already your new car dealer is compelled to pass on to you a three and a half percent car price increase recently established by the government—already another government regulation has compelled you to pay one-third down and limited your time payments to 15 months. And now a bill before the Ways and Means Committee of Congress would increase the present 7 percent Federal Excise Tax on new cars to 20 percent.

Already millions of people who need cars in the conduct of their work are priced out of new car ownership. This new tax threatens to increase the cost of even the lowest priced car beyond the reach of millions of additional potential buyers—and to increase the cost of larger cars as much as \$334.20.

HALF of the CARS SOLD IN 1950 Were Plymouth - Ford - Chevrolet

Yes! 49.1 percent of the 6,663,461 passenger cars produced in 1950 were the 3,276,525 Fords, Chevrolets and Plymouths of the low price field. These were built to fill the needs and fit the pocketbooks of the 84 percent of working families who earn less than \$5,000 a year.

Of the 49,999,999 (millions) employed families and unrelated employed persons (comprising our 153 million population) 39 percent earned less than \$2,000 annually, and only 16 percent made MORE than \$5,000 annually. These 84 percent (\$5,000 or less pay earners) are the people who will be priced out of the car owning market if the new contemplated increase in the Federal Excise Tax on automobiles becomes law.

This is more than a matter that concerns the 50,000 automobile dealers in the U. S. A. and their 500,000 employees plus their families. It more than concerns the motor vehicle manufacturers, their employers and their stockholders. It is a matter that concerns every person in America. It vitally concerns every one of the more than 50 percent of the people who buy cars in the low priced field.

YOUR CAR IS AN ESSENTIAL TOOL

The essentiality of the automobile in American life is more vital today than ever before. We are at war, and preparing for an enormous defense program. Whether we like it or not, we are a nation long since committed to going to work and transporting the product of our work in motor vehicles. The very location of our factories and the travel arteries that reach them are based on the essentiality of motor vehicle transportation, and topping this essentiality is the family automobile. The family that is without one is out of quick transportation, out of luck, and often out of productive work.

LET CONGRESS KNOW HOW YOU FEEL!

Express your opinion about this threatening EXCISE TAX legislation today, to Congressman Omar Burluson, and also to Hon. J. M. Combs, Representative from 2nd Congressional District of Texas (Orange) House Office Bldg., Wash., D. C. Wire them both today—tomorrow may be too late!

**YOU — THE PUBLIC — WILL PAY ALL OF THIS 31 PERCENT TAX!
YOU — THE PUBLIC — MUST MAKE YOUR ATTITUDE FELT!**

ACT TODAY!

Douglas King—Has combined his beauty and personality to star

in a movie, "Too Much of Nothing and Not Enough of Something."

Charles Lane—Never became a man of greatness. With his love for travel, he started for Europe but got tired at Olden and returned to Eastland, where he now owns a popcorn stand.

Bobby Latham—And the world-famous inventor hailed as a second Edison and Marconi combined. Freida Nash—is a target for a knife thrower in a carnival. She has had many close calls.

Dorothy Throne Nelms—is a nurse in Oregon. She makes the sick well, and the well sick.

Sara Ellen Pool—Married a teacher of French. It is said that some of their quarrels are misunderstood.

Margie June Poe—Has been re-elected for another term as dog catcher in the town of Hobo Center. She specializes in solving cases of Puppy Love.

Mozelle Pullman—is a professor at Podunk University. She teaches classes on how to snare a man, or to make it more dignified, "Men Psychology."

Betty Reynolds—is now teaching Spanish over the radio. Her musical voice makes everyone want to learn that liquid language.

Guyrene Robinson—is very successful in business. She has perfected a chicken with two pulley bones. There is a great demand for her chickens, but she sells exclusively to the Eastland High

School Cafeteria.

Monette Scott—is a slave driver in South America. With a twinkle in her eye and a gun in her hand she can persuade the natives to work with no trouble at all.

Fern Shafer—is a famous lawyer. If you're in trouble just go to her, she will guarantee you no less than ten years behind the eight-ball.

Pat Simmons—Has gone to Alaska to write a novel. She is happily married to an Eskimo.
