## Hospital Plans Near Completion; Equipment Will Be Re-Finished

The floor plan for Eastland's Memorial Hospital is almost completed and the remainder of the plans will be completed soon and ready for construction to begin, Bob Vaughan, chairman of the building committee, told those attending a hospital meeting at the Texas Electric Building Monday night.

Vaughan said that some materials for the building have been obtained and other materials are being investigated prior to purchase to see which may be most suitable for the hospital.

Construction work is expected to begin around the first of Sept. A ground breaking ceremony is planned for the first day of operations. A committee to work on the ceremony plans was appointed at the meeting Monday.

Billy Frost, treasurer of the hospital group, reported that \$21,321.82 cash is now on hand. A total of \$8,000 has been paid for the Kilgore equipment and \$175 has been paid for a heating unit for the building. Pledges of \$12,500 are still out, he reported. Some other donations of considerable amount has been assumed.

I. C. Heck, city manager, reported that approximately 80 per cent of the citizens who have paid their water bills this month have paid the special water assessment of \$1 which goes to the hospital fund.

A total of \$2762 has been paid in advance on the assessment. Out of 1164 persons who have paid their water bills, Heck said, 927 paid the special assessment. A total of 48 reported they are financially unable to make the payment and 57 are pensioners and exempt from making payments; 101 others did not pay.

Heck said these figures did not include several donations in addition to the regular payments. He reported that Milton Gaines was paying \$12 per month extra to care for some one who could

not pay. The equipment purchased from Kilgore has been brought to Eastland and plans were made to clean the equipment and re-paint it.

Stored in the Frost building next to the Texas Electric building, the equipment will be sorted out today and a committee of Horace Horton, Dr. Jim Whittington and M. H. Perry will make plans for the cleaning and re-finishing of the equipment.

It was reported at the meeting that Mrs. Alice Speer has donated an excellent hospital bed for the hospital.

Another meeting was called for Monday night, August 27.

## Fireman Killed In Truck Wreck

SAN ANTONIO, Aug. 21 (UP)—One civilian fireman was killed and four others were injured, one critically, when a fire truck skidded on gravel and overturned at Kelly Field today.

Dead was Patrick F. Kelly, 29, of D'Hanis, Tex.

In critical condition in the Lackland Air Force Base hospital with a skull fracture was James W. Deskin, 25, of Floresville, Tex.

Others injured were W. F. Carver, 32, of San Antonio, in internal injuries; Fire Capt. C. J. Ingelstein, 42, of Bergs Mill Tex., 12 broken ribs, and F. W. Pittner, 42, of San Antonio, driver of the fire truck, bruises.

The fireman, from Station No. 1 at Kelly Field, were called at 1 a. m. to an electric power pole which a short circuit had set afire.

Less than 100 yards from the burning pole, the truck skidded on gravel on a turn.

The rear of the truck rammed into a culvert and the fire truck overturned.

## Walker Freed To Father

FORT WORTH, Aug. 21 (UP)—James Bryant Walker, 15, was freed today in custody of his father and attorney after being charged as a delinquent in the fatal shooting of another youth the same age.

Young Walker, son of a dairy worker, had been held since Paul Benavides was slain with a shotgun Sunday night. The shooting occurred as the aftermath of an automobile ride during which Walker contended Benavides cursed and threatened him. Walker drove home where the shooting took place.

"We believe that the Japanese people understand that a separate peace without China and the Soviet Union means a declaration of war against these two countries."

"We believe that after the conclusion of the separate peace a state of war will still exist between these two countries and Japan."

"The separate peace which Mr. Yoshida (Japanese Premier Shigeru Yoshida) is willing to accept would create friendship with distant countries but hostility with neighbors—peace on one side but war on the other three sides."

## Waitress Raped And Beaten In Fort Worth

FORT WORTH, Aug. 21 (UP)—A 30-year-old Fort Worth waitress was raped three times and left for dead in a heavy thicketed area early today after her attacker ripped off her clothing and brutally beat her.

Her assailant escaped in his automobile after knocking her down the embankment of a small creek, kicking her as she lay still and yelled, "you'll never live to tell anybody about this."

The man was believed to have taken the woman's clothing with him.

The waitress was found by three Negroes, who clothed her and brought her into town. She was treated at City-County Hospital and later returned to her downtown hotel room.

Police said she told this story: She was in a downtown tavern near midnight, waiting for a bartender friend to get off work. As she played the juke box, a man about 28 years old and of medium build approached and offered to match nickels to see who would play the next song.

When the tavern closed at midnight, she planned to remain inside to wait for the bartender, she said. But the stranger invited her to sit in his car outside, where he said he had some cold beer.

Once she got into the car, he slammed the door and threatened her if she screamed. When she did, he shoved his fingers down her throat, then drove off at high speed.

Reaching a secluded area, he began tearing off her clothing, occasionally hitting her in the mouth with his fists.

She said he raped her three times, while beating, cursing and threatening to kill her. She broke free once, but he caught her. He finally knocked her down an embankment of a small creek. She said she lay still, near the water's edge, for fear of being killed.

The man kicked her and left in his car, she said.

The woman said she wandered through the wooded area until she found a road. She was picked up and clothed by three Negroes who brought her to town, she said.

## Prairie View To Honor The Oldtimers

PRAIRIE VIEW, Aug. 21 (UP)—Prairie View A&M College will pay tribute tonight to three oldtimers who will retire from active service Aug. 31.

To be honored are W. R. Banks, president emeritus of Prairie View and chairman of the board of regents of Texas Southern University, at Houston; Charles E. Carpenter, professor of French; and Pierce Anderson, instructor.

All have been active on the Prairie View staff for more than 25 years.

## Orange Judge Services To Be Held Today

ORANGE, Aug. 21 (UP)—Judge D. C. Bland, former county judge of Orange County, died yesterday at Orange. He will be buried today.

He was an honor graduate and football player at both the University of Texas and Baylor University.

A daughter, Mrs. Kathleen Bland Smith, is a reporter for the Houston Post.

"KILLER" DAMAGE—Victims of the fierce hurricane that swept Jamaica, look over wreckage of the women's barracks at the Government Poorhouse here in which eight women died. At least 109 persons are dead with hundreds injured and thousands homeless. (NEA Telephoto).

## County Golf Meet Slated In Eastland

An all-county golf tournament will be held in Eastland September 1, 2 and 3, at the Lakeside Country Club course.

Qualifying will begin August 26. Qualifying for medal score will be held on Saturday, September 2 with semi-finals and finals to be held on Labor Day, Monday, September 3.

A large number of golfers from Ranger, Cisco, Rising Star and the remainder of the county are expected to enter the meet in addition to a large group from Eastland.

Two matches will be played Sunday and the semi-finals in each flight will be played Monday.

All golfers of the county are invited to enter the meet.

Prizes will be awarded in all flights. The number of flights will depend upon the number of entrants in the meet.

The entrance fee is \$5, which includes a big supper at the course Saturday night, September 1. Supper tickets may be purchased by those who do not wish to participate in the tournament at \$2 each.

Greens at the course are in fair condition despite the extreme dry and hot weather throughout the summer.

## WTCC Estimates Texas Part In Proposed Budget

ABILENE, Aug. 21 (UP)—The West Texas Chamber of Commerce estimates Texans will pay \$379,950,000 of the \$8,500,000,000 foreign aid and military assistance program proposed by President Truman.

The chamber did not specify direct opposition to any part of the proposal, but it called upon Congress to closely scrutinize all of its aspects.

It suggested Congress should seek answers to several questions, including: "How many more billions can we afford to put into foreign programs before a point is reached where the tax burden will impair our own productive growth?"

"To what extent can loans be made to replace grants in the president's new program for military as well as economic aid?"

"Should not the legislation for the new foreign aid program contain definite provisions to end these huge expenditures when the job has been finished?"

The chamber said economic cooperation administration (Marshall Plan) and foreign military assistance programs—labeled "temporary" at their inception—are being not only extended but also expanded.

The chamber calculated Texas share of the Truman proposals at \$379,950,000 on the basis that the state's current share of the national tax burden is 4.47 per cent.

## Hurricane Heads Toward Mexico

TAMPICO, MEXICO, Aug. 21 (UP)—Residents of this rich oil port sought shelter in churches and public buildings today as a 130-mile-an-hour killer hurricane struck swiftly toward Mexico's tropical east coast.

Government warnings said the storm which claimed 115 lives as it raked Jamaica and the Yucatan peninsula would strike between here and Tuxpan, 90 miles to the south.

Torrential rains and rising winds lashed this port of 90,000 as the hurricane approached. The Mexican weather service warned the fast-moving storm might strike earlier than previously forecast.

An advisory of the U.S. Weather Bureau at New Orleans said the big blow would hit the coast between 5 and 8 p. m. CST but the Mexico weather bureau said it might arrive earlier in the day.

Latest Mexican reports placed the deadly hurricane a little more than 100 miles from here at 6 a. m. CST and said it was sweeping in from the south-southeast at 15 miles per hour.

As residents of the city hurried to shelter, officials feared loss of life might be great in outlying areas where poor communications prevented the warning to natives living in flimsy bamboo and palm-thatched huts.

## Body Of Woman Found In Weeds

AUSTIN, Aug. 21 (UP)—Investigating officers sought today to identify the badly decomposed body of a woman found yesterday by hunters in knee-high weeds five miles southeast of town.

Sheriff Ernest Best said the woman was believed to be about 45 and had probably been dead about a week. The condition of the body made it impossible to determine immediately whether there was any evidence of foul play.

Police had meager clues including a notebook titled "Christian Education in the Local Church," with the inked initials "F.B.F." on the cover.

## Beaumont Mayor Opposes Raise For Telephones

BEAUMONT, Aug. 21 (UP)—Mayor Otto Plummer indicated opposition today to a request by Southwestern Bell Telephone Company for higher rates in Beaumont.

The city council yesterday set a mid-September hearing on the request.

But Plummer said the increases would amount to more than \$250,000, and "the city is satisfied with its phone rates."

"We're going to stick with them," he added.

Incorporation of a large portion of land in the heart of what was formerly Palestine has given the Kingdom of the Jordan possession of both banks of the lower half of the valuable Jordan River

## REDS REJECT UN REPORT ON VIOLATION OF NEUTRALITY

By PETER KALISCHER  
United Press Staff Correspondent  
UN ADVANCE BASE BELOW KAESONG, KOREA, WEDNESDAY, Aug. 22 (UP)—North Korean Gen. Nam Il rejected in angry terms last night a UN reply to his complaint that Allied troops violated Kaesong neutral zone. It appeared that cease-fire negotiations had come to another crisis.

Nam had alleged that UN troops fired on a Communist military police detachment inside the zone Sunday. Vice Adm. C. Turner Joy, Chief UN truce negotiator, replied that he was investigating the complaint but that a preliminary report "does not substantiate the charges you have made."

There was speculation at this base whether Nam, the chief Red truce negotiator, might call off armistice negotiations unless he received what he considered a "satisfactory" reply—that is, an admission that UN troops were guilty of the neutrality breach.

Formal cease-fire negotiations are now in recess while a four-man UN-Communist subcommittee tries to agree at informal round table talks on a cease-fire line between Allied and Red forces.

The subcommittee spent more than two hours in deadlocked debate yesterday and adjourned until 11 a. m. today (7 p. m. Tuesday CST).

A UN spokesman here hinted that Moscow was dictating the Red refusal to agree to a compromise on the cease-fire line. He said the Chinese probably get their instructions from their own government but that the North Koreans get theirs from "somewhere higher in the Communist hierarchy."

The North Korean Pyongyang radio, in a broadcast last night, said the UN delegates were trying either to delay cease-fire talks or "even bring a breakdown" so that congress would rush through big war appropriations.

Aside from the neutrality crisis, hope of agreement on truce talks themselves seemed fading for the moment at least. The Kaesong subcommittee spent more than half their time yesterday over Allied-supplied maps in a fruitless attempt to find a compromise truce line.

## Houston Has New Death

HOUSTON, Aug. 21 (UP)—Houston's second polio fatality in three days, 11-year-old Barbara Kay Canyon, will be buried tomorrow.

She was the city's fifth polio victim this year.

Four new cases were also reported yesterday by the city health department, bringing to 111 the total number of cases so far this year. This compares with 121 cases this time last year.

## Houston Boy To Receive Medal For Heroism

HOUSTON, Aug. 21 (UP)—Danny O'Brien, a 13-year-old Houston boy whose quick thinking saved at least a dozen persons from death by fire last April, will receive a national award today.

The Alert Citizen Medal and Scroll of the National Association of Mutual Insurance Agents goes to boys and girls whose outstanding presence of mind and courage result in the saving of life or property.

Danny was approaching an apartment house where an aunt lived when he spotted a fire in a tunnel leading to the back of the structure.

After waking his aunt and her family, Danny went from door to door to sound the fire alarm. All occupants of 10 units of the apartment building escaped minutes before flames destroyed the building.

Higginbottom Funeral Directors were in charge of the services.

Survivors include his parents, four brothers, Pfc. M. J. Harris, Air Force Base, San Antonio; Earl of Pleasant Hill, John of Rising Star and Harvey of Eastland; three sisters, Mrs. Roy Hollis, Mrs. Tom Fleming and Mrs. Pearl Guenther, all of Eastland, and a number of other relatives.

Funeral services for Billie Joe Harris, 14, son of Mr. and Mrs. H. L. Harris of Scranton were held Sunday at 3 p. m. in the Carbon Methodist Church.

Billie died in a Gorman hospital August 16. He was born November 20, 1936 at Carbon and had lived in Eastland county all his life.

## PEACE TREATY WITH US MAY MEAN WAR WITH NEIGHBORS

TOKYO, Aug. 21 (UP)—Communist warned Japan tonight that if it signs the San Francisco peace treaty without Chinese and Soviet Russian participation it will mean "a declaration of war against these two countries."

Peiping radio broadcast the warning, which was in the form of an open letter published in the newspaper Ta Kung Pao of Shanghai. Peiping emphasized the importance attached to it by broadcasting it fully in English.

The letter urged the Japanese people to "rise up and take the fate of your country into your own hands."

"Whether or not Japan will sign the separate peace treaty prepared by America will be a

### Commissioner Not Chosen Yet By Club Owners

NEW YORK, Aug. 21 (UP)—Major League club owners, fighting with each other just as briskly as their teams scrap on the playing field, wearily renewed their search for a commissioner today and expressed little hope of getting the job done at this time.

**If You Need An ELECTRICIAN Call Basham's Electric**

**Real Estate And Rentals MRS. J. C. ALLISON Phone 347 - 920 W. Commerce**

They still have not even been able to get together on even the type of a man they want to rule their sport through currently troubled times, nor have they decided definitely just how much power they want him to have.

The first matter of business when they convene in a plush suite at the Waldorf-Astoria Hotel at 10 a.m. EDT. will be to hear the report of a three-man committee which re-defined the commissioner's authority.

General Manager Warren Giles of the Cincinnati Reds, a foremost candidate for the commissioner's job himself although he never has campaigned for it, headed the committee which met in Cincinnati. The other members were vice president William Dewitt of the St. Louis Browns and general manager Branch Rickey of the Pittsburgh Pirates.

Giles said the committee made no fundamental changes in the powers delegated to the commissioner. He said it still will take a three-quarter majority or 12 out of 16 votes to elect a new man.

The changes recommended by the committee were in the famous "conduct detrimental to baseball clause" whereby the commissioner will have increased authority to rule against clubs or individuals.

There also was strong support among the "old guard" owners for a modification of the impeachment rule which caused the firing of A. R. (Happy) Chandler as commissioner. They do not want a repetition of the situation whereby five owners can get together at any time and hold out against a vote of confidence. Lacking a three-quarter majority, the commissioner can thus be fired in a few moments under current regulations.

Surveys made among farm families in which farm accidents have occurred show that many of the serious accidents happen during the last working hours of the day. This indicates that fatigue is a contributing cause of farm accidents and farm workers thus are urged to be even more careful when they become tired.

### Mantle Sure Of Finishing Year Of Baseball

OKLAHOMA CITY, Aug. 21 (UP)—The New York Yankee's recall of sensational outfielder Mickey Mantle from the Kansas City Blues today found the 19-year-old switch-hitter enroute to Fort Sill, Okla. where the Army will decide whether he is 4-F or ripe for the draft.

Decision to send the youthful star to the Oklahoma induction center came yesterday after he had undergone his third physical examination and doctors could make no recommendations.

Announcement of his recall to the Yankees came last night. Mantle's left leg was injured in high school football practice in 1947 and developed osteomyelitis. That gave him a 4-F classification from the Ottawa County, Okla., draft board. But a re-examination was ordered and will keep Mantle at Fort Sill, near Lawton, about three days.

Capt. George L. Farrill, head doctor for the induction center here, said Osteomyelitis, a bone disease, in itself is grounds for rejection for military service. But he added the final decision would be left to physicians at Fort Sill, where there are better X-ray facilities.

Farrill and Mantle were to leave today for Fort Sill. Whatever the outcome, the sensational rookie was informed he will be able to play out the baseball season. The Ottawa draft board, at Miami, Okla., said its one-man quota for October already has been filled.

### Blue Sox Get Back In Form

The Abilene Blue Sox have returned to the winning track in the West Texas-New Mexico League after being temporarily sidetracked.

The league leaders smashed 16 hits last night while walloping Borger's Gassers, 14 to 4. Borger had dumped the Blue Sox, 17 to 3, Sunday.

Second-place Lamesa divided a bargain bill with the Amarillo Gold Sox. The Lobos won the opener, 6 to 2, but came out on the short end of a 9-to-6 decision in the nightcap. Both games were seven-inning affairs.

Gerry Folkman tossed a six-hitter as Albuquerque defeated Lubbock, 4 to 3, and Pampa walloped Clovis, 18 to 5, behind a 15-hit attack.

Tonight's schedule: Clovis at Albuquerque, Borger at Amarillo Abilene at Lamesa, Lubbock at Pampa.

Farmers and others interested in the welfare of agriculture and farm life will have opportunity this summer to express their opinions and make recommendations about the programs and policies of the U.S.D.A. which affect the family farm.

### Cleveland Gets Help From Bats In League Race

NEW YORK, Aug. 21 (UP)—United Press Sports Writer Just when they were needed most, the Cleveland Indians' long-silent bats began thundering today in a drive to break up the American League pennant race.

That's what manager Al Lopez has been praying for a long time now—that the tribe hitters would start to carry their share of the pennant load along with the "Big Four" pitching staff of Bob Feller, Mike Garcia, Early Wynn, and Bob Lemon.

Until now, the Cleveland story has been a pitching story, for the Tribe ranks only as the sixth best hitting team in the loop. But last night the Indians opened an 18-game home stand that they regard as the "golden opportunity" to take charge of the long-close A. L. pennant chase. Lopez and Co. figure that they have a chance to open a comfortable lead if they can continue their .719 home winning percentage.

But, said Lopez, they'd need hitting to do it. And last night Lopez got the hitting—four booming home runs that created a 5 to 3 victory over the Washington Senators. And right away the Indians' lead increased from a half-game to a full game as the second-place New York Yankees split a two-night doubleheader with Detroit, losing the first game, 6 to 3, and winning the second, 12 to 5.

The Indians' four homers—by Dale Mitchell, Al Rosen, Bobby Avila, and Harry Simpson—were half their hit total against Sena-

tor pitchers Dick Starr and Sid Hudson.

Virgil Trucks and Dizzy Trout combined to pitch Detroit to its first game win over the Yankees, as Ed Lopat went down to defeat.

Lefty Joe Ostrowski pitched the route for the Yanks in the nightcap for his fifth victory.

The Brooklyn Dodgers-Boston Braves night game was postponed

by rain. No other action was scheduled in either major league.

In exhibition games, the Pittsburgh Pirates scored their third victory of the year against American League opposition by beating the Boston Red Sox, 3 to 2, behind Jim Walsh's four-hit pitching, and the Philadelphia Phillies beat the Baltimore Orioles of the International League, 6 to 2.

## IT'S SURE BEEN HOT!

"This summer, I have put in a great many extra hours of work for my customers every day.

"Air conditioners, attic fans, evaporative coolers, and portable fans have been going full blast around the clock - 24 hours a day practically every day. High temperatures, lack of rainfall and many nights without our usual cooling breeze have combined to make it an exceptionally hot summer. Electric refrigerators have had to call on their reserve power to keep food fresh and wholesome at constant temperatures under 40 degrees and to maintain ready supplies of ice cubes and cooling beverages.

"Some electric bills may be higher during such extreme hot weather because of this extra work but now - when you're able to stay cool and comfortable in spite of the heat - is when your electric service really proves to be the biggest bargain in your home."

**HOLLYWOOD, (UP)**—When Anne Francis, whose studio calls her a "vibrant blonde," makes her debut as a motion picture star a lot of people are going to wonder where they have seen her before.

The answer is, in their magazines. Miss Francis has been selling things to magazine readers for eight years, which means—if her studio-announced age is correct—that she got into the business of posing for advertisements at the age of 12.

She has done so much of that sort of thing, selling everything from toothpaste to expensive automobiles that Darryl F. Zanuck hopes she will look like an old friend the film goes met a long time ago but can't exactly place.

**Gamble By Zanuck**  
 That is why Zanuck, the boss of 20th Century-Fox, gambled the success of a \$1,500,000 picture "Lydia Bailey," a dramatization of Kenneth Roberts' swashbuckling novel of Haiti in the early 1800s, on her talents and her face. "Zanuck figured he was not gambling all the way on her,"

explained Jules Schermer, producer of the film.

"She wasn't completely an unknown. When moviegoers see her in the picture, they may never connect her up with any photograph in a magazine. Her face will look familiar, though."

Schermer said Miss Francis is not exactly an "overnight discovery." Despite her youth, she has been acting for some 15 years. She played on Broadway in "Lady in the Dark" and other plays. She is an old-timer in soap opera, helped Portia face life, worked on some of Ellery Queen's biggest cases and got Aunt Jenny into a few jams.

## Swiss Develop New Pain Drug

**BASLE, Switzerland, Aug. 21 (UP)**—A research project by a team of Swiss scientists indicates that science may be able to eliminate the danger of people becoming narcotic addicts after being treated with drugs to relieve pain.

The scientists have synthesized a new pain-deadener known as dromoran, which now is being used in the United States. It acts more quickly than morphine, but does not have the latter's habit-forming dangers.

Working in the laboratories of Hoffman-Laroche, the team has determined that dromoran has "optical activity." That means the molecules of the substance reflect light in two different directions. Though they are exactly the same chemically, about half of them bend light to the right, and the other half bend light left.

Strangely, only those molecules of dromoran that bend light to the left have pain-deadening properties. One scientist pointed out it was like seeing yourself in a mirror. The image is exactly like you—but it is lifeless.

In the case of dromoran, the trick is to separate the two types of identical molecules, although the substances together form an analgesic more effective than morphine. The separation has been completed by chemical means.

The pure, separated "leftist" molecules are many more times powerful than dromoran. Eventually, this more potent substance will be made available in the United States.

## Big Enrollment Expected At Junior College

The students from Eastland that enroll at Ranger Junior College this fall will not be the only ones that are leaving their home towns to attend this college. Applications for enrollment for the fall term have been received from California, Oklahoma and Louisiana.

Among the towns that will be represented at the college from Texas will be Graham, Woodson, Lampasas, Quanah, Cisco, Bowie, Mineral Wells, Goldthwaite, Breckenridge, Rotan, Gorman, Strawn and Fort Worth.

Other than the academic work that these students will do at RJC a well rounded program of entertainment is in store for the students.

At the top of these activities

will be the football and basketball teams competing in the Pioneer Athletic Conference. This conference for junior colleges compares to the Southwest Conference for the senior college of the state.

Among the many aids to education that are offered at the college is the Cooper Library. The library is continually being expanded and improved to help the students get more out of their college work.

Speaking of athletics the junior college will play its first football game in Ranger against Decatur Baptist College September 13.

## Webb Family Meet For 40th Reunion At Wylie Harbin Home

The 40th Annual Webb family reunion commemorating the 80th wedding anniversary of the late Mr. and Mrs. C. P. Webb of Flatwood was held over the week end at the home of Mr. and Mrs. Wylie Harbin South Bassett Street.

Attending were six children of the couple, 20 grandchildren, 34 great grandchildren, and two great great grandchildren.

The children are: Mrs. H. A. Collins, Mrs. C. A. Webb and Mrs. Wylie Harbin all of Eastland Tom Webb, Amarillo, Mrs. J. W. Burkett, Sweetwater, M. A. Webb, Westbrook, and Mrs. J. C. Jordan of Ft. Worth who were accompanied by Mr. Collins, Mrs. C. A. Webb, Mrs. M. A. Webb, J. W. Burkett, and J. C. Jordan. Miss Maxine Harbin of Eastland assisted her parents in entertaining their guests.

Other grandchildren and relatives included; Mr. and Mrs. D. E. Webb, Don and DeWaine, Mrs. H. C. Jordan, Webb, Lavonda, and Jerry, Mrs. G. C. Kimbell, Mr. Kimbell, Howard Collins, Mr. and Mrs. Lester Webb and Linton Ray of Loraine, Mrs. W. T. Nix, Glenn and Randy of Andrews, Mr. and Mrs. J. McIntosh, Ft. Worth, Mr. and Mrs. J. A. Herron, Margaret Ann, and Judd Jr., Sweetwater, Mr. and Mrs. Linley Webb and Nell, Charles Small, Mr. and Mrs. Fay Webb and Janis and Jerry, Mr. and Mrs. Bryce Webb and Carl, Mr. and Mrs. Waylon Webb, Tommy and Joan, Mrs. Oris Robinson of Colorado City, Mr. and Mrs. H. T. Webb, Kennedale, Mr. and Mrs. Virgil Burkett, Abilene, Mr. and Mrs. E. K. McIntosh, Barbara and Francis, Arlington, Mr. and Mrs. E. W. Burkett, James, Judy, and Roy Lynn of Amarillo, Mr. and Mrs. A. D. Webb and Jimmy, Big Spring, Mr. and Mrs. Laney Lee Wilson, George Lee and Mike, San Angelo, Mr. and Mrs. W. B. Freeman and David, Beaumont, Mr. L. B. Watson, Mike, Mrs. and Gay of Terrell.

## Miss Cornelius Honored By Cisco Friends

Miss LaVerne Cornelius, bride-elect of Mr. Charles Meeks of San Antonio, was the honoree Saturday afternoon at a coke party hosted by Mrs. Richard Bearman and her daughter, Miss Jo Ann Bearman at their home in Cisco.

Cokes were served informally from the table's polished board, which was decorated with colorful cut flowers.

The bride-elect was presented a silver tray by the hostesses.

Eastland guests attending were Mrs. Victor Cornelius, Mrs. Jack Germany, and Misses Evelyn Bigsby, Gladeene Womack and Maxine Lambert.

Miss Cornelius and Mr. Meeks will be married August 25th in the First Baptist Church here.

## Mr. and Mrs. Mullings Race Storm To Protect Their Home, Business

Mr. and Mrs. Ward Mullings returned to their home in Galveston Monday afternoon to arrange protection for their property from the approaching Gulf storm.

Mr. and Mrs. Mullings had visited here for a week in the home of his parents, Mr. and Mrs. W. H. Mullings.

Mr. and Mrs. W. T. Webb, Tommie Pa., Mike Midland, Mrs. Oliva Lee Kield, Fort Worth, Mr. and Mrs. Billy Jo Webb, Big Spring.

Mr. and Mrs. L. H. Brown, Nancy, and Judy of Olden, Mr. and Mrs. J. B. Webb of Rising Star, Mrs. Minnie Foster, Eastland, Mrs. Addie Leclair, of Electra.

Friends of the family present were Miss Mildred Carter, Kennedale, Van Narmun, Buck Cumley, Arlington, Mr. and Mrs. Clyde Chischer, Jimmy Don, Kay Loy, of Cisco, J. Y. Jordan, Mrs. J. R. Power Jr., Bobby and Linda, Mr. and Mrs. J. E. Turner and Earlene, Mr. and Mrs. Lee Horn and Jack, Haver Pittman all of Eastland and Ola Moore, Sweetwater, and R. E. Dunn, Ft. Worth.

The group began to gather in Eastland Friday and the last departed Tuesday morning.

Plans were made to meet again in Aug. 1952 at the home of Mr. and Mrs. C. A. Webb in Flatwood.

## Carolyn Key Celebrates 4th Birthday At Party

Mrs. M. G. Key honored her small daughter Carolyn, when she entertained with a party on her fourth birthday, Thursday, at their home, 1307 Commerce St.

Refreshments of birthday cake, and ice cream were served. Games were played and gifts were opened and displayed.

Guests at the party included Martin Whitley, Jim Vaughn, Bonnie and Judy Starkey, Alan Parker, Danny and Judy Phillips, Linda Berry, Jimmy Wright, Bobby Cartwright, and Darleen and Clydette Williams of Big Spring.

## Personals

Solon Bourland of Lubbock, formerly of Eastland is a visitor here in the home of his nephew, Leon Bourland and family.

E. M. Threet is a patient this week in a Gorman hospital, where he is suffering with an eye infection.

This "glove" idea is one you might pass along to your own youngsters to make cleanliness more entertaining. And it won't do any harm to adopt it yourself!

## Personals

Mr. and Mrs. Jack Bishop of Bloomington, Ind., are visiting Mrs. Sallie Bishop and Mrs. J. W. Blackwell for two weeks before returning to Indiana University this fall.

Mr. and Mrs. (Doc) Davis accompanied by Mrs. Lloyd Bland and son, of Wichita Falls, have returned from a visit with Mrs. Davis' sister, Mrs. J. D. Carothers in Springfield, Oregon.

Mrs. Beulah Weatherby of DeCatur is the guest here in the home of her daughter, Mrs. F.A.R. Morgan and Mr. Morgan.

Mrs. Lee Ola Walker and daughter, Betty, have returned from a weeks vacation spent in Abilene and Weatherford.

## CARD OF THANKS

We wish to thank and express our sincere appreciation for the kindness and thoughtfulness of our many friends during the loss of our beloved son and brother. May God bless each and every one of you.

Mr. and Mrs. H. L. Harris Mrs. Roy Hollis, Mrs. Pearl Guenter, Mrs. Alton Fleming, Pfc. M. J. Harris, Harvey Harris, Earl Harris, John Harris.
