Moore... ABOUT Eastland

We sure made a hit here. After all it's not every guy that can bring in almost three inches of rain. Actually we aren't sure we had anything to do with the rain, but we aren't one for skipping a bet for anything. The question is, where did it come from?

Before we get too ingrained in writing this column, perhaps we should pause to say hello. This, as you know, is our first "Moore About Eastland." We have just transferred our efforts to put out a good newspaper here from the Rio Grande Valley city of Edinburg. Here's hoping we make this the first of many columns.

If Eastland proves to be half the city it's been pre-billed it should be great. Down in Edinburg, when we found out we were leaving, we were discussing our future home town with a few guys at the courthouse when 93rd District Court Judge W. R. Blalock tapped us on the back and asked, "Did you say Eastland?"

"That's right Judge," we replied, "do you know anything about that part of the country?"

"Do I know anything about it?" the Judge shot back, "Son I was born out there."

And then Judge Blalock started bragging. He painted Eastland as the best place to live in the world. Starting with that "beautiful" courthouse they have and ending with "and the friendliest people in the state." The Judge got so enthused that we sold him a subscription to The Telegram.

All we have to add to that is that it sure looks like the Judge was right.

We hope that you enjoy your Telegram. We assure you that we want to make it your paper. It is our sincere belief that a newspaper should be run by the public. We want to give you the type of news that you want.

We want to give you a family newspaper. By that we mean a paper that the whole family can enjoy, not a paper that you are ashamed to let your children read. Filth will not be among our news columns.

We take this opportunity to remind you, however, that it is a newspaper's duty to print the news as it happens. As Hal Boyle, great American columnist once wrote, "It is the liberty to tell the truth that makes American newspapersmen, by and large, so fiercely proud of their craft. The mayor, the governor, or the President can't tell them: 'You print this—you don't print that.' They write the news as it happens."

We try to stick by this "code." We don't form opinions in our news columns. In our personal by-lined column, "Moore About Eastland", we will form opinions. You can take them or leave them.

Noticed at the football game Friday that Ranger's city limit sign was wired to the fence on their side of the field. Don't know if that had anything to do with it or not, but boy were those Bulldogs lucky. The Dogs had a heave on Eastland's punting. One kick went straight into the air and cost the locals a TD and another sailed into one of our on backs and was blocked. You can't win a grid game with breaks like that.

Seems some of our readers still haven't realized that The Telegram is now a semi-weekly. We received several phone calls from subscribers who thought they had been overlooked by the news boy. Mrs. H. G. Blair, Route 2, Cisco, phoned to ask about her paper and when told it would now be published only twice a week, she said, "Well I was just interested in it."

Believe us, we appreciate your interest. It is fine to know that our readers do miss the paper. We plan to make your two papers a week more than equal five.

We sure are glad to see it cool off a little. Probably it hasn't been as hot here as it was in the Valley, but we understand Eastland did get some 100-plus water. Actually the heat doesn't bother us as much as cold weather.

CHAS. MASSEGE

Seventeen-year-old Chas. Masegee, son of Capt. and Mrs. Jasper Masegee of Ranger, was ordained Sunday as a Baptist minister at services held at the New Hope Baptist Church. Charles who will graduate from Ranger High School at mid-term, is well known as the Bulldogs smooth halfback on the high school football eleven.

Services Held For Former Rangerite

Funeral services were held Friday at the Killingsworth Chapel in Ranger for John Ray Coghlan, 48, who died Sep. 29 in an Austin hospital. Rev. Finis Crutchfield of the First Methodist Church officiated.

Coghlan was born in San Angelo and moved to Ranger in 1917 where he attended Bullock school and did oil field work in and around Ranger.

He moved to Austin in 1938. Survivors include two sisters, Mrs. Leah Davis of Lincoln, England and Miss Linna Mae Coghlan of Powling Green, Ohio. Miss Coghlan formally made her home in Ranger where she was on the nursing staff at Ranger General Hospital.

Coghlan was a member of the Bullock Methodist Church. Funeral services were held at the First Baptist Church, 11, T&P Survey, Albany, will drill No. 3 Ethel Simpson was a 1,000-foot cable tool test two miles east of Albany.

Prices are about the same all over the county. 70 basic peanuts are bringing \$222.30 per ton. A few have sold just a little higher than that figure.

Most of the crop this year is good and the average load will meet 70 basis requirements. A few have tested as low as 65, while some have tested out 74 which is extremely good.

On this county tour we noted that quite a few peanut farms have not been cultivated this year. Farmers who had their land prepared for planting and got seeds in the ground after the first big rains are to make a splendid return. Those who planted later will make some peanuts, but nothing like a good crop.

Many farmers who have gone through recent drouthy years just didn't have the heart to take chances this spring when conditions were unfavorable. It takes considerable work and cash to plant peanuts, and some of them didn't have this cash. Yet those who made arrangements and planted are to receive an ample reward. And barring unforeseen calamities, the acreage next year will be considerably more than that of 1953.

On our 70 mile drive, much of it on country roads, we saw most

Large payments, such as oil companies, utility companies, and railroads have not come in yet, Webb said. He said collections were going "very good," however, mail collections were the big mark in early collections. Webb's office mailed out more than 7,500 notices and they were being returned at a rapid rate.

Haskell Field Opens

No new discoveries have been reported in this week's oil news in Eastland county, but fields were opened in Haskell and Shackelford counties.

The Haskell field opener is the Birdwell Oil Co. No. 1-A T. G. Hendrick Estate, Section 103, Indianola RR Survey, 15 miles southeast of Haskell, a Canyon Sand discovery.

It was completed for 146.39 barrels of 38 gravity oil per day, flowing through 13-64 choke with packer on casing and 150 pounds from open hole at 3,115-35 feet. Gas-oil ratio was 300-1.

The well was drilled to 3,135 feet in April 1951 by Birdwell and abandoned at that time. It was re-entered in September.

The Shackelford County discovery is the Edgar Davis Drilling Co. No. 2-81 J. D. Windham, Section 81, Block 13, T&P Survey, seven miles north of Clyde, a Lower Gardner discovery.

It was completed for 167.81 barrels of 39.4 gravity oil per day, flowing through 1-4 choke. Production was through 1-4 choke with packer on casing and 780 pounds on tubing from open hole at 3,883-91 feet. Top of the pay was picked at 3,994 feet. Gas-oil ratio was 1,100-1.

P&D Oil Co., Dallas, announced location for a 3,125-foot wildcat 10 miles north of Baird. It will be No. 2-A S. J. Loras, 330 feet from the north and 1,263 feet from the east lines of the southeast quarter of Section 64, Block 11, T&P Survey.

C. E. Brownfield, Albany, will drill No. 3 Ethel Simpson was a 1,000-foot cable tool test two miles east of Albany.

It will be 150 feet from the north and 300 feet from the east line of the southeast quarter of Section 14, Block 11, T&P Survey.

Survivors include his wife; a son, John Osborne Jr.; a daughter, Jane Osborne, all of Dallas; two brothers, Cecil of Pecos and T. P. Osborne, of Houston; and a sister, Mrs. F. A. Cooper of St. Louis.

The family lived at 1201 South Seaman, Eastland, before returning to Dallas.

JOHN OSBORNE

John Osborne Funeral Held Monday, Dallas

Funeral services were conducted at four p.m. Monday in the George A. Brewer Funeral Chapel in Dallas for John Osborne Sr., 57, who died Saturday following a heart attack in his Dallas home.

Mr. Osborne was formerly owner of the Osborne Motor Co., in Eastland, handling Oldsmobile and Cadillac cars, before selling his business in May to Don Pierson.

Entombment was in Hillcrest Mausoleum in Dallas.

Osborne was a native of Mabank. He had been in the auto business for a number of years and was well known to West Texas car dealers. He was a Mason and a Shriner. He served overseas with the Navy during World War I.

He was past president of the Eastland Chamber of Commerce and a member of the Methodist Church.

Survivors include his wife; a son, John Osborne Jr.; a daughter, Jane Osborne, all of Dallas; two brothers, Cecil of Pecos and T. P. Osborne, of Houston; and a sister, Mrs. F. A. Cooper of St. Louis.

PEANUT, COTTON AND FEED CROPS IN THIS COUNTY ARE CONSIDERED ABOVE AVERAGE

Harvest season is here and most residents in Eastland county's rural communities are covered with work, and granting that good weather continues for a few days more fortunes in the shape of peanuts, cotton and feed will be harvested.

A loan of \$10,000,000 to the Southwestern Peanut Growers Association of Gorman from the Commodity Credit Corporation has also brightened the picture.

Considerably more than a half million pounds of thrashed peanuts are being marketed each day, with buyers located in Eastland, Ranger, Gorman, Cisco, Carbon, Rising Star and Desdemona, and all of them are enjoying a good business.

Prices are about the same all over the county. 70 basic peanuts are bringing \$222.30 per ton. A few have sold just a little higher than that figure.

Eastland County Gets Drouth Breaking Rain

Cool Front Pushes In Rain On State

Eastland county, as well as most of West Texas, received soaking rains over the week-end as a strong cool front blew into the state, dropping temperatures sharply in many sections.

Up to five inches of rain fell in the county. That figure was reported in Desdemona, while Eastland got 3.40 inches, Ranger 2.50, Cheaney four and Olden 3.

Farmers in the area were thankful for the rain although it will slow the peanut and cotton deals. Little damage was expected to both crops.

The rain fell throughout West Texas. Big Spring got almost three inches, the most the city has had in three years. San Angelo had over two inches.

The rain extended as far north as Wellington, west to Snyder, south to Sonora and east to Brownwood.

A sandstorm ushered in a hard rain at Midland Saturday. Memphis got high rain, Vernon had a reading of 1.50 with heavy rains reported over Wilbarger county.

Paducah had .86 with east and south sections of the county reporting up to two inches. Guthrie got 4.50 inches and Seymour had 2.32.

Temperatures fell rapidly as the cool front moved in early Saturday. At Childress, the thermometer dropped from 73 degrees to 55 in a few hours time.

At Stanton, 1.25 inches fell and the precipitation appeared general over the county.

Squall conditions stirred up dust in western points Saturday. Visibility was cut at Lubbock and

Amarillo by the dust when the front moved in.

At most points, the report was the same: a steady drizzle that appeared general over the area.

One of the chief sectors affected was the Big Spring-Colorado City-Snyder region. A half inch of rain was gauged at Snyder and a steady drizzle was general over Nolan, Fisher and Howard counties.

Rains in the Big Spring area will benefit small grains and winter cover crops.

Electra had a slow drizzle Saturday measuring .30 inch. The front hadn't moved into North Texas yet, full force late Saturday but skies were overcast and light rain was falling at many points. Wichita Falls had .16 during the day.

Services Held Sunday For Mrs. L. Davis

Services were held Sunday at Morton Valley for Mrs. Laura P. Davis, 73, pioneer citizen of Eastland county, who died at the home of her daughter in Odessa Thursday night.

Mrs. Davis' body was shipped overland to Morton Valley and services were held from the Harmony Baptist Church. Burial was made in Eastland Cemetery.

Survivors include four sons, S. A. Jr. and Tommy Davis of Eastland, Paul Davis and W. W. Davis of Cisco; five daughters, Mrs. H. C. Lutz of Odessa, Mrs. H. A. Williams of Austin and Mrs. Jack G. Thackston of Corpus Christi.

Eastland Police Have New '53 Patrol Car

Have you seen it? Eastland has a brand spanking new police patrol car.

Police Chief Ray Laney said the 1953 model Chevrolet was purchased last week from the Pullen Motor Co. It has been equipped with a special red light that shines in four directions at once. Chief Laney said the light was proving a great success.

It's Going To Warm Up. The Man Says

The weatherman gave cold-hearted West Texans a blessing Tuesday. His forecast called for warmer weather, although summer heat is not expected.

Tuesday and Wednesday were expected to see the mercury climb out of the 70s back into the 80s. The U. S. Weather Bureau said the recent front cooled the area off and the air is beginning to warm up again.

Clear skies are on order for today and Wednesday with the low Tuesday night due to be 55 degrees.

McCrea Trial Is Scheduled

Eleven persons entered pleas of guilty in Judge T. Whitfield Davidson's U. S. District Court Monday in Abilene including three Abilene trucking contractors.

Assessed fines for violation of interstate Commerce Commission regulations were E. M. Little and his son, Roy B. Little, who operate under the firm name of E. M. Little and Sons, and L. P. Alexander.

A Latin-American was fined \$250 on a charge of harboring and concealing an alien and four defendants who pleaded guilty to charges were sentenced to terms in federal schools of correction.

McCrea's Trial Set Other criminal cases to be heard this term of court were set for Oct. 23. Included in the case of former Cisco Postmaster Luther H. McCrea, charged with interfering with duties and functions of a post office inspector. His case is set for 9 a.m.

Judge Davidson set Alexander's punishment at a \$500 fine and 90 days in jail, the sentence to be probated if the fine is paid within 10 days. Alexander faced a charge including six counts alleging that he engaged in interstate commerce with a certificate of public convenience and necessity. Davis Scarborough, attorney for Alexander, explained to the court that an involuntary petition of bankruptcy has been filed against Alexander and that any fine assessed against him would cause a sacrifice.

Six Counts Cited E. M. Little and Roy B. Little, named in the same charge, each pleaded guilty and drew a \$500 fine each. The charge against them contained six counts of interstate commerce without a certificate of convenience and necessity, one count of failure to have one of their drivers to keep a daily log and one count of failure to have one of their drivers submit to a physical examination.

ARNOLD WILL ADDRESS FARM BUREAU MEET

The Eastland County Farm Bureau will have a kick-off supper marking the beginning of its annual membership drive at the First Christian Church annex in Eastland Thursday, Oct. 8, at 7:30 p.m.

Featured speaker of the evening will be R. G. Arnold, of Auburn, Okla., assistant organization director for the Southern Region of the American Farm Bureau Federation.

Arnold is widely known in Texas, having been in Farm Bureau organization work for more than a quarter of a century.

During the 1930's, he helped organize the present Texas Farm Bureau Federation and has traveled extensively over the state speaking to Farm Bureau audiences.

Arnold's territory at present covers 13 southern states and Puerto Rico. When he began his organization duties for Farm Bureau in the South, the entire Southern Region could boast of only about 25,000 Farm Bureau members. Now the membership total is passing the half-million mark.

A witty, well-informed and inspirational speaker, Arnold is imbued with the philosophy of Farm Bureau.

He has worked with farm problems all of his life. Before he joined the Farm Bureau movement, he was a district agricultural agent in Alabama.

Friends Honor Johnnie Lou Hart With Announcement Tea Saturday

A group of friends hosted a tea at the Woman's Club Saturday, announcing the engagement and approaching marriage of Miss Johnnie Lou Hart of Fort Worth to Virgil T. Williams of Fort Worth.

Miss Hart is the daughter of Mr. and Mrs. H. M. (Johnny) Hart, 601 South Bassett. Mr. and Mrs. Edgar T. Williams of Houston, are the parents of the prospective bridegroom.

The announcement was revealed by two long pink satin streamers, imprinted in gold with the names of the honored couple and the date, Nov. 23rd, which were attached to the beautiful floral arrangement of yellow and white chrysanthemums, centering the refreshment table. The table was appointed with silver, lighted with pastel tapers, arranged on a Venetian Richelieu lace banquet cloth, which hung to the floor. Presiding were Meses. E. Woody and Marvin Hood.

Mmes. A. F. Taylor and E. E. Layton alternated with Meses. D. E. Frazer and C. T. Lucas in receiving the guests. The receiving line included Mrs. Hart, mother of the honoree, the honoree, and Mrs. Edgar T. Williams, mother of the prospective bridegroom of Houston. Meses. Marshall Morris, Walter Smith and Miss Mary Chilton Fotts, all of Fort Worth, and Miss Helene Lucas, Abilene.

Mmes. Frank Sayre and O. R. Scott alternated in registering the guests in the white satin bride's book, which was placed on a table laid with white linen, and decorated with a pastel arrangement of

small mums and a beautifully dressed doll bride. About one hundred guests called.

Hostesses were Meses. Taylor, Layton, Hood, Guy Patterson, Lucas, Frazer, Claude Maynard, Don D. Farker, Frances Cooper and H. H. Hardeman.

Background music was furnished throughout the calling hours, 3 until 5 p.m., by Meses Helen Taylor, George Ann Bennett, Lou Ann Corbell, Jeannie Pittman, Alice Joyce Cushman, all students of the Taylor studio.

Others in the house party not heretofore mentioned were Meses. Bill Collins, Charles Layton, M. H. Perry, John Goode, A. H. Johnson, Carl Elliott, R. L. Young, Joe Tow, Ita Parrish, T. L. Amis, W. B. Harris, Meses Marjorie Van Hoose, Verna Johnson, Mrs. Johnny Kilgore, Lamesa; and Mrs. John Davis, Abilene.

The clubroom was beautifully decorated with green and white Caladiums, dressed in pastel shades.

Miss Hart and Mr. Williams will be married in St. Andrew's Episcopal Church. Rev. Louis F. Martin, Rector, will be the officiant.

The wedding will be at 8 p.m., Nov. 28. All their friends are invited to attend and also to the reception afterwards at the church.

Miss Hart is a graduate of Eastland High School, Texas Wesleyan College, Fort Worth. She is vice president of the Business and Professional Women, Inc., a member of Alpha Psi Omega. She is presently employed in secretarial work at Amos G. Carter Field.

The Stylorama is sponsored by the Beta Sigma Phi Sorority, whose personnel have been working hard this week selling tickets. But if you have been missed don't fail to pick up your ticket at the box office.

Jordan-Seaberry Wedding Rite Read In Morning Home Ceremony

ALBANY, Oct. 6—The marriage of Mrs. Downs Miller Jordan daughter of Mr. and Mrs. J. C. Miller, and Virgil T. Seaberry, Jr., of Eastland was solemnized at 10 o'clock in the morning Sept. 26 at the home of the bride's parents.

The bridegroom is the son of Judge and Mrs. Virgil T. Seaberry of Eastland.

The Rev. Philip Walker of Denton read the single ring ceremony of the wedding party stood before the fireplace in the living room.

The bride, given in marriage by her father, wore a brown wool suit, beige blouse and beige hat. Other accessories were brown. She carried a white prayer book topped with a gardenia.

The bride was attended by her daughter, Judy, and Mrs. Cyrus Frost of Eastland, sister of the bridegroom. Judge Seaberry was his son's best man.

The couple drove to Dallas where they left by plane for Mexico City on a two-week wedding trip. For traveling the bride wore a brown and green orchid corsage with her wedding suit. On their return they will live in Eastland where he is an attorney.

The bride is a graduate of Albany High School and also of Hockaday School for Girls where she had the leads of the opera in the school of music. She has had the leading singing parts in the Fort Griffin Fandangle since its beginning.

The bridegroom is a law graduate of the University of Texas where he was a Phi Beta Kappa. He also attended the University of

Colorado.

Guests attending the wedding were Mr. and Mrs. Cyrus Frost and sons, Cyrus Jr., and Jimmy, of Eastland; J. R. Webb, Mr. and Mrs. Joe B. Matthews, Mr. and Mrs. Graham Crutchfield, Mr. and Mrs. J. C. Miller, and Henry and Cassie Tate, Albany.

Mrs. John Rose entertained with a bridge and surprise kitchen gift party for the bride. Roses in small vases centered the foursome

tables laid with madras linen cloths.

The bride was complimented at a breakfast given by Mrs. Harold Castleberry at her home.

Red zinnias and candles in wrought iron holders decorated the buffet table and four-ome tables and an arrangement of white chrysanthemums were in the living room.

After the breakfast games were played.

Mr. and Mrs. Joe B. Matthews hosted a dinner for the couple.

Centerpiece for the dining table was a mixed arrangement of white carnations, gladioluses and mums. The dinner was served buffet style.

EASTLAND FALLS TO STRONG DOGS, 27-0

Stunned by two bad breaks in the opening minutes of play, the Eastland Mavericks fell before their traditional rivals, the Ranger Bulldogs, 27-0 here Friday night in Maverick Stadium. A capacity crowd of 3,500 watched the exciting 7-A district clash.

With less than two minutes of game time showing on the clock the Mavs were forced to punt and the ball angled off the toe of J. D. Hanson and went straight into the air to the Eastland 45 where Ranger end Tommy Hinds roared over for an early Bulldog counter.

Later in the game another punt off the toe of Hanson hit one of his offensive blockers and fell for lost yardage for the hard luck ridden Mavs.

Hanson, Jamie Jessop and Pearson Grimes played good offensive ball for Eastland. Time and time again the trio almost broke into the open for touchdown runs.

Taking nothing from the great Ranger eleven, the game could have ended differently except for

the heartbreaking early game bad luck.

Ranger pushed across two more TDs in the second quarter. The first came on a pass play from quarterback Scott Forney to half-back Chas. Massegee. Forney ran into trouble on a jump pass play eight yards out, came down with the ball and decided to run when he could find no receiver in the open, and then spotted Massegee in the end zone.

The third counter came on a nine yard scamper by Forney after a brilliant pass play put the Dogs in scoring range. The TD was set up by Hind's great catch on the ten. The alert end reached far out to pull in Forney's pass. He was in the open all by himself but lost his balance and fell, in making the catch.

Ranger's final touchdown came in the third quarter on a quarterback sneak. Forney sneaked across from the two after a series of plays, highlighted by a 26 yard scamper by Jim Littlefield and a 35 yard run by Massegee, carried the ball from Ranger's 25 yard line.

The game, although one-sided, kept the excited crowd on their feet during most of the game. At one point the officials called time out to quiet the crowd so that the Bulldogs could hear their signals.

RANGER JC RANGERS TIE NAVARRO 20-20

Janes' kick-offs always kept Eastland backed up to their goal line, but Jessop and Hanson repeatedly turned in sparkling run-backs to nullify much of the yardage gained from the toe of the crafty Dog lineman.

The outcome of the game may have handed the Ranger eleven another district crown. The Dogs still must face several worthy foes before actually claiming the title, but the Eastland game was rated "the" game of the year in district play.

Hurt by bad breaks early in the game, the Eastland eleven could not get their offense to working smoothly. In the fourth quarter the Mavs drove to the Ranger 26 yard line but had to punt on fourth down when the Bulldog defense threw them back to the 29.

Line play might actually be credited with the difference between the two teams. Dog backs often found big holes in the Mav defense but the Eastland backs found going particularly rough through the line, particularly in the middle.

Ranger Junior College's Rangers fought from 14 points behind to tie the powerful Navarro Junior College Bulldogs 20-20 in a non-conference tilt played Saturday in Corsicana.

Ranger fell behind 14-0 in the first quarter as the Bulldog eleven went to the air for two quick markers. By halftime RJC had tied up the score, however as Ray Gilstrap scored on a pass from Tommy Wood and John Wilson added another marker. Wood kicked both extra points.

In the third quarter Navarro scored again but their try from placement was wide and the score read 20-14. Ranger kept possession of the ball most of the final stanza and pushed across the tying touchdown midway in the period. Wood's extra point try failed.

Wood was the standout for the Rangers. His passing and smooth field generalship kept Ranger a constant threat to the Bulldogs.

Next Saturday the Rangers take on San Angelo Junior College in the first Pioneer Conference game of the season.

RJC will be after their second win. They lost to Wharton 20-0, beat Allen Academy 26-6, and fell to Cisco 20-6.

Dodge Sets New AAA Speed Record

BONNEVILLE SALT FLATS—Traveling at 108.33 miles per hour over the straightaway track here, in tests held under supervision of the American Automobile Association Contest Board, a 1954 Dodge V-8 Saturday became the fastest standard American car ever clocked by AAA officials.

Along with other speed maniacs, W. C. Newberg, Dodge president, announced in Detroit that the 1954 Dodge V-8 has chalked up a total of 196 new AAA stock car records, more than any American stock car ever held before.

Challenging AAA competitor for automobiles with 183 to 365 inch engine displacement (which takes in a majority of U. S.-made cars), a Dodge four-door and convertible, said Newberg, "proved mance champions."

Records falling to the two Dodge V-8s ran from one kilometer to over 7,000 miles. Both cars were run on regular grade gasoline and original equipment tires.

De Leon Drops Dragons 13-7

De Leon's Benrikats took a 13-7 win from the Bangs Dragons Friday night in a District 7-A grid clash played in De Leon.

The win gave the Kats a one win, one tie district record. It was the second district loss for Bangs.

Dublin Blasts Santa Anna

Dublin's Lions blasted Santa Anna 27-0 Friday night in a District 7-A game played in Dublin.

Scoring for Dublin were James Berna, two touchdowns, Jerry Daniels and Jack Cook.

New Wheel Chair Added At Hospital

The Eastland Memorial Hospital is now in possession of the very latest type of patient's wheel chair. This chair was made by Everest & Jennings of Los Angeles, Calif. and is of the best grade material and so balanced that there is no danger of turning over.

This chair was made possible by the hospital gift fund. Adged to the bank balance was a cash gift from out of town friends, as a memorial to the late John Turner. This memorial gift made it possible to purchase the wheel chair.

It was through this fund that many needed and useful articles were purchased for the hospital.

Coleman Takes Cisco 28-6

The Coleman Bluecats ran up a 28-6 score against the Cisco Lobos Friday night in a non-district encounter played in Cisco's Chesley Field.

The heavily favored Bluecats scored once in the first and once in the second quarter and then cinched the win in the third period with two more counters. The lone Lobo TD came early in the final stanza.

Rising Star Falls To Cross Plains

Cross Plains came out on the big end of a 12-7 non-district clash with the Rising Star Wildcats in Rising Star Friday night.

Homer Robinson and Gene Bush scored for the victors while Rising Star's only TD came on a 35-yard pass from Wesley Moore to John McDonald.

BUY BIG for less than you think

Come in and ask us about the low delivered price of this **New 1953 Buick SPECIAL**
2-Door, 6-Passenger Sedan

WHY should you do yourself out of the big things in motoring life? Why pass up the room and power and comfort and niceties of big-car travel — when you can buy a big, new Buick SPECIAL for just little more than the price of smaller cars? We'll show you our price to prove that—to prove that you can buy this Buick SPECIAL for just a few dollars more than you have to pay for one of the so-called "low-price three."

Figure what that means—
Just a few dollars more for a lot bigger hoodful of power—Fireball 8 power—the highest horsepower ever placed in a Buick SPECIAL.
Just a few dollars more for big and spacious 6-passenger roominess—and the solid, steady comfort of Buick's famed Million Dollar Ride.
Just a few dollars more for Buick styling, Buick handling, Buick luxury, Buick fun.

But do you know what else those few extra dollars get you in this big, broad, beautiful Buick?

THE GREATEST BUICK IN 50 GREAT YEARS

They get you a long list of standard equipment at no extra cost that most other cars at or near its price charge you for, as extras—which makes our quoted price even lower than it looks.

We have the facts and figures to prove our points. All we need is you, at the wheel.

Drop in on us this week and see for yourself that your new-car money really buys big—in Buick.

'53 TURKEY CROP STARTS MOVING; INDUSTRY GROWS

The production of turkeys in Eastland and adjoining counties is gradually forging ahead and today it may be listed as one of the major cash crops.

It has been only a few years since turkey growers, in this area, were few in number, and most of them operated on a very small scale. Today there are hundreds of growers and some of them are producing and growing from ten to twenty-five thousand birds annually.

The Tidwell farm near Desdemona is most likely the largest in this county and their annual crop runs in the neighborhood of 25,000 finished birds. However, there are several individuals in the 5,000-10,000 class, and you can find scores of flocks where you may see from 1,000 on down.

Near Eastland will be several flocks. W. T. Arther and his father have raised almost 4,000 this year, and some of these birds have already been dressed and shipped to Eastern markets.

Meeting Planned By Park Board

Officers, directors and members of the City Park and Recreation Board are to meet at city hall, Wednesday morning, Oct. 7, at 9:30 a.m. for the purpose of ironing out some of their future activities. Anyone concerned with the city's youth welfare may attend this meeting.

Among other things the organization is now planning a coke and hamburger party to be staged on Oct. 30, when the Rising Star football team meets the Mavericks here. Plans for this are not complete.

Principal Wendell Siebert has already appointed his High School Council, which is to work hand in hand with the governing board.

The council is working in interest of a well rounded recreation program, and your cooperation is solicited.

Studebaker Features New Colors

Have you noticed those cheerful colors on the highway recently? Dashed exterior finishes on automobiles are rapidly becoming as popular as the regular bronze and reds.

Central Texas Turkey Growers Association is a rapidly growing institution, and the Eastland association is keeping in step. On the 29th of September a group of interested individuals visited several turkey farms in Eastland and Brown counties, and saw some 35,000 very fine birds.

As a cash crop and a moderately sure crop, turkeys are hard to beat it is said.

Warren said, "We have added Bombay Red to the selection for owners who desire a cheerful, distinctive finish on their passenger cars without a harsh or gaudy appearance."

Bombay Red also has been made available in a two-tone combination with Silver White, Warren said.

Rotarians See Natural Gas Film Monday

Eastland Rotarians, meeting at their regular luncheon meeting at Connelley's Roof Garden Monday, saw a film on natural gas presented by Hubert Westfall, manager of Lone Star Gas Co.

The film showed the difference between the modern housewife's chores and those of the housewife of yesterday, thanks to gas.

Thirty-three members attended the meeting. Absent were Bill Collins and Don Pierson. Visitors included Jack Chambers, Geo. Irvine of Cisco, Richard Johnson, new music director for the First Baptist Church, and Jack Burkley, Johnson was a guest of Melvin Reathel and Burkle, guest of Chas. Freyschlag.

Earl Bender, attendance chairman, told the club that it was each member's duty to keep up with a fellow club member. Partners were assigned, each to see that the other attends as many meetings as possible. Bender urged perfect attendance.

Restocking of Possum Kingdom Lake Discussed

Fishing in Possum Kingdom is not as good at this time as it has been during former years, and those interested in this sport are trying to do something about it.

At a meeting held at Lakeview Camp in Possum Kingdom on Sept. 30, the matter of re-stocking the lake was discussed. As a result of the meeting another meeting has been called for Tuesday, October 6.

This meeting will be held in Graham at 7:30 p.m., and members of commerce over this section will be asked to have representatives present. At the meeting held Wednesday, some 35 men were present.

Election To Decide New Soil Supervisor

Landowners living within Subdivision Five of the Upper Leon Soil Conservation District will go to the polls today to elect a new supervisor to fill the office to be vacated by L. R. Higginbottom.

Subdivision Five includes that portion of Eastland County in the district lying north and east of the MKT railroad which runs from Cisco to Gorman and extending to the Wichita Falls and Southern railroad on the east which runs from Ranger to Desdemona.

Landowners and their wives living within the boundaries of the subdivision are eligible to vote. A spokesman for the district said Tuesday, "Your supervisor can do much to further conservation on the lands of this county. Landowners are urged to attend, in order that a good, interested, and well-qualified landowner can be elected to serve your conservation needs and interests."

W. L. STANGEL

W. L. Stangel Will Speak In Breckenridge

W. L. Stangel, Dean of the School of Agriculture, Texas Technological College, will discuss some of the future problems of the livestock industry at the Texas Livestock Pest Control Clinic in Breckenridge Nov. 9 at the American Legion Hall.

Dean Stangel is noted for his honors-winning livestock judging teams, his prominence as a teacher and administrator and many experiments designed to show the economy of feeding Texas-grown feeds to Texas Livestock. Stangel also advocates diversification of livestock on ranches in many parts of the state.

The clinic, sponsored jointly by the West Texas Ranchers Association and the Association of Texas Manufacturers and Distributors of Veterinary Supplies begins at 9:30 a.m. All livestock producers and others interested in livestock are invited to attend.

Leo Martin, president of the A.T.M.D.V.S., will preside. A. S. Kimmel is president of the West Texas Ranchers Association. Dr. R. L. Rogers is program chairman.

ALLEY OOP

EARTH ABIDES

by GEORGE R. STEWART

Copyright 1949 by George R. Stewart. Used by arrangement with the publishers, Random House, Inc. Distributed by NEA Service, Inc.

THE STORY: Ishwood Williams, known as "Ish" while in the mountains is bitten by a rattlesnake. He gives himself treatment, but fails seriously. His two men visit his cabin, but find Ish dead. They go to a neighbor's house. No one is home. The loneliness disturbs him.

With a wild feeling of leaving civilization behind, he swung the heavy hammer against the door lock.

THE door of the bank was locked although the hour was well before closing time, and he was sure (the more he thought of it) that the day must be Tuesday or Wednesday or possibly Thursday. "What am I anyway?" he thought. "Rip van Winkle?" Even so, Rip van Winkle, though he had slept two years, had come back to a village that was still full of people.

The door of the hardware store beyond the bank was open. He went in, and again he called, and again there was not even an echo coming back for answer. He looked in at the bakery; this time there was only a tiny noise such as a scuttling mouse could make.

Now he noticed that several cars were parked along the street, just as they might be on any not too busy afternoon. He could not merely drive on, he decided, because he must report the good man. So he pushed open the hardware, and the great blunderbuss resounded along the deserted street through the quiet of the afternoon. He blew twice, waited, and blew twice again, and again, in rising panic, he pressed down. As he pressed, he looked around, hoping to see somebody come popping out from a door or at least a head at a window. He phoned, and again there was only silence, except that somewhere far off he heard the strident cackling of a hen.

"I could play detective by going into some of these stores and looking around," he thought. Then he had a better idea.

Across the street was a little grocery store where he had often stopped to buy a newspaper. He went over to it. The door was locked. He looked through the window, and saw newspapers on the rack. Suddenly he saw that there were headlines as large as for Pearl Harbor:

CRISIS ACUTE

With sudden determination he strode back to the car, and picked up the hammer. A moment later he stood with the heavy head poised in front of the door. Then suddenly all the restraints of habit stopped him. Civilization moved in, and held his arm, almost physically. You didn't break into a store this way—you, a law-abiding citizen! He glanced up and down the street, as if a policeman might be bearing down upon him.

But the empty street brought him back again, and he overcame the restraints.

With a wild feeling of burning his bridges, of leaving civilization behind, he swung the heavy hammer head with all his force against the door lock. The wood splintered, the door flew open, he stepped in.

The newspaper he picked up was like a little country weekly, a single folded sheet. It was dated Wednesday of the preceding week.

THE headlines told him what was most essential. The United States from coast to coast was overwhelmed by the attack of a new and unknown disease of

unparalleled rapidity of spread, and fatality. Estimates for various cities, admittedly little more than guesses, indicated that between 25 per cent and 35 per cent of the population had already died. No reports, he read, were available for Boston, Atlanta, and New Orleans, indicating that the new disease in those cities had already broken down. The disease was like a kind of super-melancholy. No one was sure in what part of the world it had originated, aided by airplane travel, it had sprung up almost simultaneously in every center of civilization, outrunning all attempts at quarantine.

In an interview a notable bacteriologist indicated that the emergence of some new disease had always been a possibility which had worried the more far-thinking epidemiologists. He mentioned in the past such curious though minor outbreaks as the English sweat and Q-fever. It might have emerged from some animal reservoir of disease, it might be caused by some new micro-organism, most likely a virus, produced by mutation; it might be an escape, possibly even a vindictive release, from some laboratory of bacteriological warfare. The disease was assumed to be airborne, possibly upon particles of dust. A curious feature was that the isolation of the individual seemed to be of no avail.

A certain amount of looting, particularly of liquor stores was reported. On the whole, however, order had been well preserved, but possibly through fear. Louisville and Spokane reported confagurations, out of control because of decimated fire-departments.

CIVILIZATION, the human race—at least, it seemed to have gone down gallantly. Many people were reported as escaping from the cities, but those remaining had suffered, as far as he could make out from the newspaper a week old, no disgraceful panic. Civilization had retreated, but it had carried its wounded along, and had faced the foe. Doctors and nurses had stayed at their posts, and thousands more had enlisted as helpers. Whole areas of cities had been designated as hospital zones and points of concentration. All ordinary business had ceased, but food was still handled on an emergency basis. Even with a third of the population dead, telephone service along with water, light, and power still remained in most cities. In order to avoid intolerable conditions which might lead to a total breakdown of morale, the authorities were enforcing strict

regulations for immediate mass burials.

The sun was nearly down when he roused himself. He started the engine, and drove the car down the street, stopping now and then to blow a blast upon the horn. He turned off into a side street, and made the rounds of the town, blowing the horn methodically. The town was small, and in a quarter of an hour he was back where he had started. He had seen no one, and heard no answer. He had observed four dogs, several cats, a considerable number of scattered hens, one cow grazing in a vacant lot with a bit of broken rope dangling from her neck. Nosing along the doorway of a very decent-looking house, there had been a large rat.

HE did not stop in the business district again, but drove on and came to what he now knew to be the best house in town. He got out of the car, carrying the hammer, with him. This time he did not hesitate before the locked door; he struck it hard, three times, and it crashed inward. As he had supposed, there was a large radio in the living room.

He made a quick round of inspection, down stairs and up. "There's nobody!" he decided. He switched the radio on, and saw that the electricity was still working. He let the tubes warm up, and then searched carefully. Only faint cackles of static impinged on his alerted eardrums. He shifted to the short-wave, but it too was silent. Methodically he searched both bands again. Of course, he thought, some stations might still be operating; they would probably not be on a 24-hour schedule.

He left the radio tuned to a wavelength which was—or had been—that of a powerful station. If it came on at any time, he would hear it. He went and lay on theavenport.

He awoke in the full light. Flexing his hand, he found that the pain of the snake bite had shrunk back to local soreness. His head felt clear too, and he realized that the other illness, if it had been another illness and not an effect of the snake bite, had also grown better. The suddenly he started, and was aware of something which he had not considered before. The obvious explanation was that he had actually had this new disease, and that it had combated with the snake venom in his blood, the one neutralizing the other. That at least offered the simplest explanation of why he was still alive.

NEW '54 DODGE V-8 SHATTERS 85 RECORDS

34 New Performance Records! 51 New Endurance Records!

Never before in history has a new car... even before Announcement Day... offered the public such dramatic proof of all-around greatness

New '54 DODGE Goes on Display OCT. 8

THE DODGE WITH MORE THAN EVER BEFORE

Bonneville Salt Flats, Utah, 12:00 noon, Sept. 24. Here at AAA Testing Headquarters, the new '54 Dodge which will be presented Thursday smashed 34 AAA records for speed and acceleration. It traveled faster than any standard American car ever clocked officially by the AAA.

Endurance records fell before this spectacular performer, too—51 new records as this is written, with more piling up every hour.

This dramatic achievement is matched by new elegance, more massive length and flashing style.

See this new '54 Dodge this Thursday at your Dodge dealer's. It is elegance in action!

WSCS Continue Mission Study

Members of the Women's Society of Christian Service continued with the third of the series of the current mission study, "That the World May Know," under the direction of Mrs. J. A. Doyle.

Mrs. W. P. Leslie, president, presided over the short business session and announced that a visitation period will follow next Monday's meeting at the church. Mrs. J. C. Oglesby will give a book review on the program preceding the visitation period she said.

Mrs. Doyle presented Mrs. N. P. Carney who gave a resume of two chapters of the study, entitled, "Onward the Spreading Flame."

Mrs. L. C. Brown gave the scripture reading from the 11th chapter of II Corinthians, Mrs. B. O. Harrell gave the current event, from Gaston Foote's "Foot Notes" on "World Wide Communion." Mrs. Frank Crowell gave the prayer, Mrs. James Horton gave a short talk on the "Farrow Plan" of giving to the church.

Mrs. Joe Stephen presented a monologue entitled, "They Made a Path." The service closed with the Lord's Prayer repeated in unison.

Present were Mrs. J. A. Caton, T. L. Fagg, A. E. Cushman, McCarny, Cecil Collins, Horton, T. M. Johnson, Oglesby, Crowell, Stephen, Van Geem, Leslie, Doyle, Harrell and Brown.

Carbon FHA Elects Two New Officers

The Carbon Future Home Makers of America elected Otis Skinner as official beau of the chapter and named Darlene Johnson as reporter at their meeting Monday at the Carbon School.

Reba Campbell presented the Beau at the close of the meeting and the group welcomed him with the song, "Let Me Call You Sweetheart."

Mr. and Mrs. Bob Love, Bobby and Karlan of Sundown were weekend visitors here in the home of Mrs. Love's parents, Mr. and Mrs. G. M. Brashears, 1104 West Plummer.

Tomorrow's Cars by Youths of Today

WHAT THE CARS of tomorrow may look like was reflected in award-winning car models in the annual Fisher Body Craftsman's Guild model car building competition, in which youths of America build models of their own design to compete for \$35,000 in award money and university scholarships. Two of the top-winning models, each awarded a \$1,000 university scholarship are shown here with Harlow H. Curtice, president of General Motors, left; Raymond F. Wykes, Medford, Mass., top winner in the senior group, James E. Goodman, vice president of General Motors and general manager of the Fisher Body Division; and Warren Bakken, Grand Forks, N. Dak., top winner in the junior division. Six other boys also received university scholarships ranging from \$1,000 to \$3,000 in the competition.

Robert Herring Honored at Party On 8th Birthday

Mrs. Sam Herring honored her son, Robert Joe, Friday when she entertained a group of children, in celebration of his 8th birthday, at their home, 116 East Burkett.

Games were played, gifts opened and displayed. Birthday cake and fruit punch was served to the following children: Herman Walker, Vicki Hoffman, Rocky O'Neal, Douglas Marr, Junior Inzer, Margaret Iris Trout, Reta Mardell Trout, Glen Justice, Gary Shultz, J. B. Ables, Candy Harris, Carolyn Harris, Jackie Dell Halmark, Martin Whatley, Toni and Donna Horton, Mary Louise Wood, Willmer Bobbitt, Patricia Ann Liles, and Darrell of Cisco, and the honoree.

Gary Wingate, 21, Is Being Honored With Dinner

Gary Wingate will celebrate his 21st Birthday Tuesday, October 6th. Mrs. G. L. Wingate is preparing a birthday dinner in his honor, which will be served at the family home, 1004 South Seaman.

The birthday cake centering the table will bear the inscription, "Gary, Today you are a Man".

The meal, consisting of chicken barbecue, green beans, potato salad and ice cream to go with the birthday cake, will be served buffet style.

Guests invited for the occasion are Mr. and Mrs. Charles Underwood, and son Gary of the Leon Plant Village, Mrs. Clara Wingate, grandmother of the honoree, Richard Hodges of Ranger.

Gary will go overseas following his leave, which he is spending here with his parents.

Barlow Family Visits In Johnson Home

Mr. and Mrs. Thomas J. Barlow accompanied by Mrs. Barlow's mother, Mrs. Henry James, all of Abilene and the Barlow's son, Jimmy, Mrs. Barlow and two children visited her Saturday in the home of Mr. and Mrs. A. H. Johnson, prior to the departure of the younger Barlows for Menya, Egypt.

They have been in the States on a three months vacation from Mr. Barlow's position with the Clayton Anderson Company, in Menya, where he is supervisor for three factories. They expect to remain in Egypt for the next 10 years.

The elder Mr. Barlow will be remembered as the son of A. H. Johnson.

Eisenhower To Dedicate Dam At Port Isabel

President Eisenhower's itinerary will not permit him to accept an invitation to go fishing this month off the southern tip of Padre Island.

But he has made it clear that he appreciated the suggestion.

The President's message was conveyed in a letter from Republican National Committeeman Frank Porter of Houston to John L. Tompkins of Corpus Christi.

The invitation was extended by Tompkins, who is carrying out a multi-million-dollar resort development on South Padre, and city officials of Port Isabel.

Mr. Porter's letter read:

"When I was in Denver recently, I talked with the President about a possible fishing trip at Port Isabel."

WHY SETTLE FOR LESS THAN A FULLY AUTOMATIC TRANSMISSION?

"WIDE CHOICE OF MERCURYS WITH MERC-O-MATIC NO-SHIFT DRIVE!
NOW AVAILABLE—IMMEDIATE DELIVERY!"

Now — the deal of the year for the proven V-8 with the smoothest, fully automatic, no-shift drive you can buy!

Here's your chance to get the finest in no-shift driving... immediately... and at a big saving.

"The finest" because we believe there is no smoother, more dependable automatic transmission than optional Merc-O-Matic Drive. It was specially designed for Mercury—built to go with Mercury's specific horsepower, size, and weight. You have no clutch pedal to bother with—no taking the foot off the gas pedal and waiting for changing gears.

Merc-O-Matic moves you from low to high smoothly, silently—completely automatically.

We say "immediately" because right now we can offer you Merc-O-Matic Drive on almost all models.

"At a big saving" because Merc-O-Matic Drive is one of the lowest priced, fully automatic transmissions. And our special trade-in allowance for your present car cuts your initial cost even more. Compare the exact dollars-and-cents savings today!

Famous Mercury styling, proven V-8 engine, and prize-winning economy help keep Mercury's trade-in value highest in its class.

HEAT VENTS

etc a **SEIBERLING Exclusive**

SEIBERLING Tires are the only Heat Vented Tires on the market. The patented Heat Vents "breathe out" scorching heat that causes blowouts... "breathe in" cooler air. The cushioning action of heat vents also helps lessen effects of dangerous "Traction Waves" caused by normal flexing action of tires at high speeds. This means LESS heat build-up... LESS damage to tires. Heat vented tires give longer mileage, greater safety!

SEIBERLING Safe-Aire

CLAW-GRIP TREAD WITH TRACTION SLOTS
This tread has over 250 "Traction-Slots" scientifically spaced at regular intervals in the tread design. When the brakes are applied, these slots react similar to a windshield wiper... the keen edges spread out, "wiping away" moisture on a WET pavement, providing a better grip on DRY pavement. Stops up to 23% quicker than ordinary treads.

SCUFF-BAR
Seiberling's "Modern Design" now provides you with practical protection against sidewall scuffs... the Safe-Aire "Scuff-Bar". This strong rib helps prevent scuffing, keeps white sidewall clean longer... reducing maintenance costs and insuring longer wear.

HANDY HOME HINTS

Keep Gas Range Clean

Use a stiff brush dipped into a solution of hot soapsuds and ammonia to clean your gas range. If the oven needs real attention, the Gas Appliance Manufacturers Association suggests having a cup of ammonia in the oven overnight. The grease and spill-overs come off more readily.

Crunchy Cheese Snacks

When unexpected guests drop in for the evening, you can prepare this delicious snack quickly to serve with coffee. Just make a smooth paste of mashed Roquefort or grated American cheese and add a little grated onion and butter. Spread on your favorite cracker or toasted bread and place under the gas broiler flame for about a minute to melt the cheese and give it a golden brown look. Serve immediately.

does. The reason we are so glad to see it cool off—hangs in our closet. It's a brand spanking new overcoat which has done nothing but hang in the closets for this year. Got it new before we moved to the Valley and it never did get cold enough—summer or winter—to even wear long sleeves, much less an overcoat, down there. If the weather drops another five degrees we are going to put the thing on just to see how it feels. So if you see a coat walking down the street, that's us underneath.

See you Thursday.

Monica Lewis

It would be hard to find a handsomer romantic figure than Jean Simmons and Victor Mature, co-stars of the RKO picture, "Affair With a Stranger." Here is a modern-day story of marriage and morals which treats a serious subject with charm, conviction and a little humor. Its human qualities give it universal appeal and the performances of the stars give it sufficient excitement and interest. Monica Lewis lovely singing star has the dramatic role as "other woman." "Affair With a Stranger" at the Majestic Theatre Wednesday and Thursday nights.

ed as a kind of by-product, but it is an important and very popular one, and adds many dollars to the producer's bank account.

On this journey we visited the cotton producing area, and for the first time in several years saw cotton picking crews gathering in the fleecy staple. In one field we counted 14 adult cotton pickers, and it looked as though they were gathering about a bale an hour.

After talking with several farmers we are lead to believe that the county average will be more than a half bale to the acre, with some making as much as a bale.

Milo maize, hegari, kaffin and other feed crops are ready to be harvested, and most of these crops are good. Even an occasional crop of corn was found, and some of it was good.

Taken as a whole Eastland county is to harvest a pretty fair crop this year, regardless of what the crop may be.

NEWS FROM CHEANEY

Mrs. Bill Tucker

We think it fitting at this time, to pay tribute to an Eastland citizen, one who is gracious, kind and friendly, one who inspires us to higher planes in life, one, who at all times is a shining example of American Womanhood. She is Mrs. Joseph M. Perkins.
