

Donald Beggs Crash Victim

A 27-year-old Ranger man, Donald Lee Beggs, was killed early Sunday morning when the automobile he was a passenger in failed to make a curve a mile east of Hamlin on the Hamlin-Stamford highway, the accident occurred shortly before 1 a.m.

Injured in the accident were Loyce Hargrove, 20, of Hamlin, driver of the car, and Melvin Daniel Cagle, 24, of Stamford, a brother-in-law of the fatally injured man.

Funeral services will be held at 10 a.m. Wednesday in the Kinney Funeral Home at Stamford for Mr. Beggs. Following services at Stamford his body will be taken to Eastland for graveside rites at 2 p.m.

Two Hamlin men who were the first to arrive at the scene, talked to Beggs before he died. The two, W. R. Bean Jr. of Aaron Wells, said Beggs died before help could be summoned.

Highway Patrolman Bill Davis, who investigated the accident, said the car in which the trio was riding knocked down four guard posts on the curve of the highway and came to rest 414 feet from the point where it left pavement, after overturning twice.

Davis said the left rear door of the car was thrown 102 feet west of where the car came to rest. Beggs' body was found 31 feet east of the car in a field. The other two men were also thrown out of the car. Hargrove was found 33 feet west of the car's final resting place.

Beggs was dead on arrival at Hamlin hospital where the other two men are under treatment. Neither of the two men are considered to be in critical condition, Davis said.

Besides his wife Beggs is survived by his parents, Mr. and Mrs. J. R. Beggs of Ranger; a sister, Brenda Joy Beggs of Ranger; and six brothers, Roy, Earl, Raymond and Joe Beggs, all of Ranger, Johnny of Ft. Worth and Lonnie, who is in the service and has just returned from overseas.

Moore... ABOUT Eastland

By VIRGIL E. MOORE

As per usual there was just a lot of trick and treat business in Eastland Saturday. Halloween just wouldn't be Halloween if the kids didn't get their share of the loot from every door, ring a few doorbells and run, and turn over a trash can now and then, however. Now would it?

On the unusual side this Halloween was the markings on many of the downtown store windows. Of course markings on them the day after Halloween aren't unusual, but these were. "Go To Church, Sunday" was the message of most of the pranksters.

This area had more than its share of tragedies over the weekend. The loss of a man of Saule Perlestein's status will definitely be felt here. There is much more that could be said but we will leave it unsaid. Most of you knew Saule better than we did.

Those Rotarians were really mixed up Monday. Seems they came up with two important programs for one day. Someone got mixed up on the date. Rotarians weren't set back far, however. They heard both programs and reported that they were the highlight of the year.

There is an abundance of news this week so we want take up too much space on crowded page one. Thanks for reading column one this far. See you in Thursday's edition.

Police Ball Set Nov. 11 In Eastland

If you see your neighbor get caught by a policeman in the next few days, don't laugh. You might, and probably will, be next.

Yes it's getting close to time for the fifth Annual Policeman's Ball and they really started giving out the tickets Saturday. The dance will be held Wednesday, Nov. 11.

You might not agree that they were giving them out. The price they were asking is a buck-fifty (that's a \$1.50 to non-Texans.) From all appearances it will be worth every penny of it though.

The Dafferns Musical Ramblers will be in charge of the music.

Police Chief Ray Laney said all funds brought in by the dance would be used to purchase equipment for the force. An example of things paid for by such funds is the new "four-way" light on the new police car.

Chief Laney said all policemen would have tickets. Band members will also have them to sell.

Rotarians Presented Two Programs

Eastland Rotarians got double for their money Monday when two programs were presented at the club's regular luncheon meeting as the result of a "mix-up".

The program chairman for this week were A. F. Taylor and Don Pierson. Both thought they were in charge of the program and both had arranged to have out-of-town speakers. Rotarians rose to the occasion and heard, "and enjoyed" two programs.

Taylor first introduced Gen. Old of the Wichita Falls AFB. Gen. Olds in turn introduced Capt. George Ingle of Sheppard AFB, who then introduced the first of three speakers on the program, S-Sgt. Pet Selesan, a Thailand student at Sheppard AFB.

Selesan spoke on the morals, education, religion and farming of his nation. "Thailand is the rice bowl of the Orient", he told the Rotarians.

Second speaker was Hushang Ahabaddini of Iran. He spoke on the industry, climate, oil and religion of his country. He said over 80 per cent of the population of Iran is engaged in agriculture.

The third speaker of the day was Prof. R. E. (Prof) Jackson, of North Texas State College in Denton. He was introduced by Don Pierson and gave one of the most humorous speeches ever heard by the club.

Club members said the program was the highlight of the year.

Poppy Sale Set Saturday

Commissioners Hear Plea For Highway Work

A delegation of Cisco businessmen called on the Eastland County Commissioners Court Monday asking that the "S" curve seven miles north of Cisco on Highway 183 be straightened out.

A spokesman for the group of 12 men, George Davis, chairman of the Cisco Chamber of Commerce Highway Committee, said the curve on the highway from Cisco to Breckenridge was a traffic hazard and something should be done.

Commissioner T. E. McCanlies of Cisco served as spokesman for the court. He told the group that the court realized, "as much as you men do," that the curve needs straightening. McCanlies said that the county could not get right-of-way to straighten the highway unless they would build an underpass (for cattle) on the highway, since it would cut the landowners property in half.

"The county just doesn't have the funds to build an underpass there now," McCanlies explained. County Judge John Hart told the group he and the other commissioners knew that the road did need straightening. He explained that when the property owner deeded the land to the county for the highway he did so with the understanding that an underpass would be made. Judge Hart said the underpass was constructed but when the new highway was built the highway was on the edge of the owners property and he did not demand an underpass.

McCanlies said that Johnson Sffth, highway engineer, had estimated that the cost of the underpass would be about \$2,500. He said that the county's highway and right-of-way fund was depleted. The delegation said they realized the situation the Commissioners faced. They indicated they planned to check on getting the curve straightened by the state.

Commissioners also attended to routine business. Present were Judge Hart, McCanlies, B. M. Bennett of Gorman; Frank Castleberry of Eastland and Henry Carter of Rising Star.

Nine Cities Fight Road Abandonment

Two Die In Crash; Four Others Injured

Hearing was resumed Tuesday morning in the Interstate Commerce Commission hearing on a petition by the Wichita Falls and Southern Railroad to abandon the company's 168-mile line from Wichita Falls to Dublin. The hearing began Monday morning at 9:30.

Main witness Monday was Hayden Head, president of the railroad, who stated since his company took the road over May 1, 1953, that despite increased solicitation for freight, profits had decreased instead of increasing.

Head said the road has no money to make needed repairs, which other witnesses estimated would cost \$2,577,000. He said he did not know if there were funds to meet the current expenses of the road.

C. F. Bolder, of the Texas Railroad Commission, and other witnesses testified to the bad physical condition of the railroad.

Pending the outcome of the Wichita Falls and Southern Railroad petition, another petition by the Rock Island Railroad will be heard proposing that the Rock Island purchase that part of the railroad from Wichita Falls to the Warren Petroleum plant, three miles south of Breckenridge.

Representatives of nine towns served by the WF&S met last Thursday in a protest meeting called by Ranger Mayor Pro-Tem L. T. Rushing.

District Cub Scout Pow Wow Set Thursday

The North District Cub Scout Pow Wow will be held Thursday at 7:30 p.m. in Ranger at the First Methodist Church. John Morris, field executive said Tuesday.

Morris said all Cub leaders, Pack committeemen, Cubmasters, Den Dads, Den Mothers and Den Chiefs are urged to attend.

Two films will be shown. "Pack Administration" will be shown to the Cubmasters and Pack committeemen and "The Weekly Den Meeting" will be shown to the Den Mothers and Den Chiefs.

Program material for the next three months will be passed out to those present, Morris said. Each pack will have a table to set up its exhibit on at the Pow Wow.

Morris said the last Pow-Wow held for the North District of Comanche Trail Council, which was held Oct. 26 at the Hodges Oak Park School in Ranger, was a huge success.

Jackie Merrill, an Explorer from Breckenridge, who spent about three months at the Philmont Scout Ranch in New Mexico last summer, made a talk on his experiences there.

Arthur Deffebach, of Ranger, was in charge of refreshments. A nominating committee was named by Charley Graham, Cisco, district chairman.

A Junior Leaders Training course will be held in this district on Nov. 27 through the 28.

At the Oct. 26 Pow Wow Ranger was represented by six members, Eastland 8, Breckenridge 5 and Cisco 1.

Charging that the WF&S failed to attempt to get enough tonnage to show a profit and that no money has been spent on upkeep of the road during recent years, the city officials voted to send two representatives from each town to the ICC hearing.

Towns represented were Ranger, Eastland, Desdemona, Stephenville, Gorman, De Leon, Oiden, Strawn and Dublin.

M. Hoffman, mayor of Dublin, said he would demand that the WF&S refund \$245,000 to the city if the segment of road is abandoned.

He reported that Dublin had to pay that amount for right-of-way and a bonus when the railroad was built.

Ranger City Manager Lester Crossley said that his city spent even more in getting the road through Ranger.

The hearing is being conducted by John S. Pritchard, ICC examiner of Washington.

Dublin and Ranger were represented by counsel Monday protesting the abandonment of the line.

Driver of the car was Miss Pauline Herrell. She suffered minor chest injuries and cuts and bruises. Miss Pauline Bargley, a passenger in the car, also escaped with only slight cuts and bruises.

The wreck occurred when Miss Herrell left the highway in trying to avoid an oncoming truck. It was raining and Miss Herrell said she was blinded by the truck light.

A prominent Eastland and Ranger businessman and a Denver City woman died Sunday morning as the result of a head-on collision between two late model cars four and a half miles east of Ranger on U. S. Highway 89, during a heavy fog. Four other persons were injured in the crash.

Killed in the smash-up were Saule Perlestein, 68, and Mrs. M. C. Bennett, 50. Mrs. Bennett was a passenger in a car driven by her husband, an employee of the Shell Oil Co., at Denver City.

Injured in the accident were Bennett, Mrs. Saule Perlestein, who was riding with her husband; Mrs. Leon Ward and Mrs. V. E. Sanders, both of Denver City, who were passengers in the Bennett car.

Mrs. Perlestein's condition was reported as critical. A hospital spokesman at the Ranger General Hospital, where all of the victims of the wreck were taken, said Tuesday Mrs. Perlestein was doing as well as could be expected.

The accident occurred as the Bennett car, going west, passed a second car in the heavy fog and ran head-on into the Perlestein car, Highway Patrolman Ray Hatten said.

Funeral services were held at 4 p.m. Monday for Mr. Perlestein at the Robertson-Mueller-Harper funeral chapel in Fort Worth and burial was in Ahavth Shalom Cemetery.

Perlestein was owner of the Globe Clothiers in Ranger and the Men's Store, Eastland. He was a native of Germany and a long-time resident of Ranger. He was born May 27, 1885.

An active civic worker in both Ranger and Eastland, Mr. Perlestein was a member of the Masonic Lodge, Lions Club and Chamber of Commerce. He was a member of a Jewish Synagogue in Fort Worth.

Survivors include his wife; two daughters, Mrs. Calvin Lipkin of Dallas, who is the former Doris Perlestein, and Rheta Beth Perlestein, who is attending Stephens College at Columbia, Mo.; and a brother, Dr. William Perlestein of Manchester, N. H.

Eastland Doggies Win Conference Crown

Eastland's Junior High School Doggies matched the Gorman Junior High Cubs in scoring, outplayed them statistically and then threw up a last minute goal line stand to gain a tie for the Oil Belt Conference championship in a 6-struggle played Thursday night in Gorman.

For Eastland the star of the night was 179 pound Phillip Rodriguez who smashed around both sides of the Cubs' line continually to roll up 151 of the 174 yards made by Eastland. Rodriguez carried the ball 18 times for an average of just under nine yards a try. He raced over for another touchdown but the score was nullified by a clipping penalty.

Both teams drove deep into the other's end of play without scoring. The Doggies drove to the four yard line in the third quarter but the Cubs held for four downs without yielding a yard.

Then just over a minute to play Gorman had a drive to end

Eastland's four. The drive had started from the Doggie 46 when Eastland failed to capitalize on their deep drive. The Pups drove 50 yards to the Eastland four but couldn't take it over from there. They needed only two yards for a first down.

The Eastland TD was the first time that the Gorman goal line had been crossed this year. Previously the Cubs had beaten De Leon 25-0, Rising Star 48-0, De Leon 25-0, Dublin 43-0 and Cisco 27-0.

Eastland beat De Leon 12-6,

Dublin 32-13, Cisco 13-7, and Rising Star 13-7.

Gorman drew first blood in the initial quarter. The Cubs scored on their first drive of the night. It took them nine plays to go over after the opening kick-off from their own 37. Kenneth Joiner, 130 pound back, took it over from the two after he had passed to Lee Harrison at that point from his own 28 to set up the score. Harrison tried power over the middle of the line in the extra point try but there was nothing there and the score read 6-0 in favor of Gorman.

Eastland had fumble trouble in the first half losing the ball twice. The Doggies really caught fire in the second quarter, however, and outplayed Gorman during the remainder of the game except for the final Cub drive in the final stanza.

The Eastland TD came on a 12 yard scamper by Rodriguez around his own left end. The TD drive started back on Eastland's 26. Rodriguez accounted for 65 of the 74 yards gained in the drive. Actually the Doggies made more than that. Rodriguez raced over from

the 11 but a clipping penalty drove the Doggies back to the 17. That yardage didn't go in the record book. Eastland was penalized a total of 20 yards during the drive so actually they drove 94 yards to paydirt. The Doggies lost their chance for a victory when Rodriguez failed to buck across the middle of the line for the extra point.

The game was the final conference clash of the season for Eastland. The Doggies and Gorman were declared co-champions. It was the second year in a row the Doggies and Cubs ended in that fashion.

Last year Eastland, Gorman and Cisco were in a three-way tie.

Coach Wayne Brock and the entire team were disappointed that they didn't win the game, but the team would have won if penetrations and first downs had been counted.

Game At A Glance

Eastland	Gorman

Journalism, Speech Clinic Set At ACC

Principles and techniques of speech and news reporting and editing will be emphasized Saturday, Nov. 7, for an estimated 350 West Texas high school speech and journalism students in clinics on the Abilene Christian College campus.

The event is the annual Student Activities Conference, sponsored jointly by the University Interscholastic League of Austin, high schools of Central West Texas and ACC. Invitations have been mailed to the 184 schools in the Interscholastic League region which extends over a wide area of West Texas.

The clinics will begin simultaneously at 9:15 a.m. and will end by 12:30 p.m. Speech students will attend a general assembly and then break for a three separate sections—debate, declamation and extemporaneous speaking, and drama.

The young journalists will hear a keynote address and then settle down to a series of speeches chronologically tracing the news process

from getting the facts to making up the paper. Three workshop sessions will conclude the program.

Speakers and consultants for the speech clinic include Don Williams, University of Texas debate director; Bruce Roach, UIL speech director; Bill Clark, acting head of the Department of Speech at McMurry College; and Mrs. Lucy Haynes of Merkel High School.

On the journalism program are William J. Harding, UIL journalism director; his assistant, Miss Joyce Jackson; Dick Tarpley, news editor of The Abilene Reporter-News; Eugene Schooley, journalism professor at Hardin-Simmons University; and Preston Clark, Jr., assistant professor of journalism at McMurry College.

Rev. and Mrs. Bill Beatty of Brownwood and Rev. and Mrs. Grady Allison and son Carrol of Krum were recent visitors here in the home of Mr. and Mrs. J. C. Allison.

Most Unusual Job For TV

One of the most interesting—and nerve wracking—jobs in TV belongs to Kate Drain Lawson who has the task of deciding how much "V" may be shown by TV actresses on the Colgate Comedy Hour, according to an article in the current issue of People Today Magazine.

"It depends more on how a scene is lit than on how low cut a dress may be," explains NBC's cleavage censor. "There mustn't be any shadow—that's our rule. Otherwise you can make it as low as you like."

"Lady stars frequently show up in their own dresses with a cleavage too extreme for TV," continues Mrs. Dawson. Her usual remedy, which doesn't spoil a gown's décolletage, is to glue flesh-colored "hair lace" to the neckline. Which actress presents the greatest cleavage problem? Taskful Kate won't say—except to remark that the "most serious cleavage case was Corine Calvert who didn't agree with me that she should have lace at the top of her dress. She tucked it down just before dress rehearsal began. Afterward, I got liquid adhesive and glued the lace again, not to the dress but to Miss Calvert."

Miss Lawson's formal title is costume-in-chief for the Colgate Comedy Hour and her duties include creating a new and stylish wardrobe every week for dozens of people. To do this she spends hours shopping the downtown garment district of Los Angeles for anything that can be made wear-

able. She goes to retail and wholesale merchants, Good Will and other charity-run enterprises. "We go everywhere for our clothes," she says. "We rent a great many. We revamp others. We buy, borrow and steal them."

Her biggest on-the-job complaint? Writers, according to People Today. "They have no consideration for costume changes. Once Donald O'Connor was required by the script to change from tuxedo to white tails in 10 seconds. Kate had 5 hooded men in black costumes standing by. As O'Connor walked through a door,

momentarily out of the camera's eye, they whipped off his tux, seamstress staff had fitted both suits with "escape zippers."

RANGER BULLDOGS SMASH HOPES OF DUBLIN LIONS, WRAP UP DISTRICT 7-A CROWN WITH 53-14 VICTORY; CROSS PLAIN IS NEXT TEST

Playing their deadliest game of the season, the Ranger Bulldogs used their lightning speed, bull-like power plays and a terrific defense to humble the Dublin Lions 53-14 Friday night in a District 7-A game that practically clinched the district crown for Coach D. C. (Stubby) Warden's charges.

At kick-off time Ranger and Dublin fans were tense with excitement as they prepared for the tilt that had been pre-billed as anybody's game. It was anything but anybody's game, however. The Dogs quickly smashed to a 20-0 lead with just six minutes of playing time showing on the clock and fans knew that Dublin, like all other 7-A opponents the Dogs have played this season, were no match for the Warden-men.

It would be hard to place the credit for the victory on one or even two or three of the Bulldogs. In fact it would be impossible. No one would dispute the fact that the terrific smashing tackling of the forward line opened the way for the one-sided affair though. Dublin fumbled the ball three times in the first six minutes of play and fumble cost them a touchdown.

It would be hard to overlook the sterling performance of end Tommy Hinds on defense or the

smashing drives on offense of back Jim Littlefield. The two played perhaps their best games of the season. It was without doubt Littlefield's best play of the year and if not Hinds', it came close.

Hinds intercepted three of the Lions' passes, collected or was in on most of the tackles and paved the way for one TD and aided in several others with beautiful blocks.

Littlefield, although he gave way to halfback Charles Massegee and left half Bill Browning in the scoring parade, nevertheless was the big man in the Dog's offense. He was the workhorse of the night, carrying the ball 17 times and gaining a total of 150 yards for an average of 8.8 yards a carry. Taking nothing from the other backs, it was Littlefield's game.

Massegee, as usual, led the scoring parade. He made three TDs for 18 points. Browning was close behind with two TDs and five extra points for 17 points. Massegee made 97 yards in 14 attempts. His average would have been much better if a penalty hadn't cost him a 58 yard dash in the opening minutes of the second quarter.

Ranger got things underway with just a minute and a half of play gone. Massegee raced over from the 25 after Browning, who was also a demon all night on defense, pounced on a Lion fumble on Dublin's 25. Massegee took it down to the 39, Littlefield to the 25 and then Massegee raced over. Browning converted.

Browning used speed to go over from the 20 for the next first quarter tally. Again the TD was set up by a Dublin fumble and again it was Browning who jarred the ball loose from a Lion back and then gathered it in. Ranger took possession of the ball on Dublin's 24. Massegee raced to the 20 and Browning went over with the assistance of a block by Hinds, which took out the last two Lion defenders on the five. This time Browning's kick was wide. Score: 13-0.

Still in the first quarter, Jim Nail recovered a Lion fumble on the Dublin 30. This time Massegee found a gaping hole in the left side of his own line and went over untouched from the 8. It took the Dogs five plays to score with Massegee going from the 30 to the 22, Forney down to the 20, Littlefield in two tries down to the eight and Massegee went over.

Browning converted to make the score read 20-0.

Starting from their own nine the Dogs drove 91 yards for the next TD. Massegee went over from the ten for the score. The entire backfield pounded the ball downfield to score despite a penalty which cost them a sparkling 58 yard scamper by Massegee. Browning's kick failed, 26-0.

Quarterback Scott Forney went over on a keeper play for the last Dog TD in the first half of play. He bulled his way over from the 38 with just seven seconds remaining in the half. The drive started back on the Dogs' 20. Browning's kick was no good; 32-0 the score.

Hinds intercepted a Dublin pass to set up the next score. From the point of the interception, on the Dog 35, Ranger scored in just four plays with Littlefield going over from the nine when a big hole opened up in the left side of the line. Browning converted to make the score read 39 to 0.

In the fourth quarter Dublin struck for paydirt for the first time. Using the good right arm of Quarterback Dick Johnson, the Lions went to the air. Johnson passed to Jack Cook, a half back, as he stepped across the goal. He buried the ball 44 yards in the air from the line of scrimmage. The TD came against Warden's reserves and Jerry Daniel converted.

Browning powered his way over from the 10 for the final Dog score and then converted to make the score 53-7. The play started back on the Dog 38 and a pass from Forney to End Chico Mendoza was the big yard maker. The pass was good for 27 yards.

Dublin scored last with Daniel going over from the two from the spread formation against Dog reserves. The Lions shifted to the spread for their last drive and marched from their own 40 for the score. Daniel converted to end scoring at 53-14.

MAVERICKS STRIKE EARLY TO BLAST RISING STAR WILDCATS 13-0 IN DISTRICT TILT FRIDAY

Eastland's Mavericks exploded for two first quarter touchdowns and held the Rising Star Wildcats at bay for the remainder of the game Friday night to mark up a 13-0 District 7-A victory in Maverick Stadium.

The win was the third district victory for the Mavs against a single loss.

On the third play of the game J. D. Hanson broke loose and

raced 42 yards for the initial touchdown. Powerful downfield blocking gave Hanson just the openings he needed and the fleet footed back did the rest by himself.

The Mavs took over on the Rising Star 49 after the opening kick-off. In two plays they pushed the ball to the 42 and Hanson made his sparkling run. Stan Harris converted to make the score read 7-0 for Eastland.

Legumes and oats on the hoof. A year ago, the farmer planted winter legumes and oats on which to graze a few calves. The crop made good growth and it was around the first of the year that grazing started. The oats and legume mixture continued to grow and the calves continued to thrive, scarcely able to keep ahead of the nutritious forage about them. Then one day, after making heavy gains of beef from pasturing, they were taken to feed pens where they were put on grain rations. But the farmer found that his cheapest gains were not made here. They had come from grazing the legume and oats pasture.

Unsulphured Molasses Sweetens Cookies for Gifts or Home Use

Wrap them for gifts or for the away-at-school student, or share them at home, molasses cookies are the kind that everyone likes. Unsulphured molasses used in these recipes is the mellow kind made from the juice of sun-ripen-

ed, fully matured sugar cane. Aunt Lou's Fruit Bars are similar to Lebkuchen cookies seen at the holiday time. They are chewy with nuts and diced citron, and harmonious of molasses and spice. Grandma's Molasses Cookies have the taste of ginger snaps but are tenderer of crumb. Both cookies keep well for weeks in tightly covered containers.

It's your money, of course—but we'd like to see you make the most of it.

That's why we want to show you the price of the big Buick Special illustrated here—to make Point #1: you can buy this great performer for just a few dollars more than the "low-price three."

But Point #2—the smart point—is this:

When you put up those few extra dollars for the Buick pictured here, you're in the driver's seat of a lot more automobile.

You boss extra power—more satisfying power—wallowing Buick Fireball 8 power—highest ever found in a Buick Special.

You get extra room—a lot more comfortable room—real, man-sized, 6-passenger room—as much room as you get in cars costing hundreds of dollars more.

You enjoy extra satisfaction—more solid satisfaction—in the ride of this big, broad,

road-steady traveler that's cushioned by coil springs on all four wheels, and engineered with all the other costly features of the Million Dollar Ride.

And, speaking of extras—here you get, at no extra cost, a long list of standard equipment that most other cars at or near the price of this Buick charge you for, as "extras" on the bill of sale.

So, as we said—it's your money—and it's your move.

Better Home Lighting IS AS EASY AS 1-2-3

Good home lighting is important! Important to your health, safety and home enjoyment. And in most cases, acquiring the good lighting that every household needs is as easy as following three simple, basic-lighting rules.

1. Proper-size bulbs provide better light for easier seeing. Keep all lamps supplied with the right size bulb. More eyestrain is caused by dim light from small-size bulbs used in reading and work lamps than from any other source

2. Every socket in your home should be filled with the correct size bulb. If you allow empty sockets to appear in your household you cut down the efficiency of light fixtures, and invite accidents in dark areas where little-used fixtures are not kept workable.

3. A ready supply of extra lamp bulbs on hand keeps every lamp and light fixture in your house ready when you need them. No more interruptions occur to work or play when you have an immediate replacement for burned-out bulbs.

"CONSULT YOUR DEALER'S CHART FOR CORRECT SIZE BULBS FOR EVERY ROOM. STOCK UP ON EXTRA BULBS . . . AND FOLLOW THESE THREE RULES FOR GOOD LIGHTING."
