## 33 BILLED BY CO. GRAND JURY

The Taylor county grand jury returned thirty-three indictments at noon Saturday, seventeen being felonies and sixteen misdemeanors. The jury will recess until Monday sometime.

Of the seventeen felony indictments returned, nine of the persons billed are either in jail or out on bond. J. W. Wall was indicted for forgery, an account of which appeared in the Reporter some weeks ago. Two bills were found against him. He lives at Clyde. He had been out on bond and he appeared before Judge Thomas L. Blanton Saturday and made bond and was released.

Jose Parak, a Mexican, was billed on a charge of burglary, alleged to have been made on the home of one of his race near Trent. This occurred four months ago.

Oran Powers was indicted for the burglary of the Meek Brothers store at Ovalo, an occurrence of several weeks ago.

Frank Holton, Bonnie Cass, John Crawford, B. K. Bruce, Dolph Cass and Jim Wims, all negroes, were each indicted on charges of robbery of Jim Brown several weeks ago. Jim Brown is a negro and a recent arrival in the city.

The misdemeanor charges for the main part, where offenders are under custody of the sheriff's department, were selling liquor or giving it to minors; for disturbing public worship and petty theft. — Sunday's Abilene Reporter.

## MERKEL WILL HAVE WAREHOUSE BLDG.

That Merkel will have a cotton warehouse is practically assured. Saturday afternoon Messrs W. A. Scott and J. D. Gaither were prepared to say definitely that they would have warehouse facilities for Merkel cotton within a short time.

The plan proposed by Messrs Scott and Gaither is closely in conformity with plans outlined at a meeting of Merkel and Merkel country citizens at the Fire Station Saturday afternoon. According to the managers of the proposed warehouse, storage and insurance can be obtained for 50 cents per bale and within a short time their facilities will be open to those who wish to take advantage of a better protection for their cotton.

### Closes Fine Meeting.

Rev. R. J. Tooley of Weatherford was in Merkel Monday on his way home from Noodle where he has been for the past week holding a meeting.

Rev. Tooley reports about 40 conversions and reclamations with 26 additions to the church during the weeks services.

Special price on Singer sewing machines, the best machines on earth. Sold on one, two and three years time without interest. E. D. Coats.

## RECORD'S PLAN SPREADING LIKE WILDFIRE

It was a good thing. It started at Fort Worth, and The Record turned it loose. This buy-a-bale movement is flying on the wings of the wind. If the people will take it up everywhere it will help move the wheels of commerce and save the cotton growers of the South millions of dollars.

Twelve-cent cotton means three hundred million dollars for the Texas cotton crop of 1914.

Six-cent cotton means one hundred and fifty million dollars.

Why shouldn't the patriotic people of this state guard against this tremendous loss? The plan is not impractical. This buy-a-bale movement is not even a risk. The Houston Post jumped in Sunday and "pushed the cause along."

It printed a half page editorial in big black type. The call was signed by twenty leading citizens of Houston, who led off by buying a bale each for 10 cents a pound, with a pledge to hold it for a year.

Leading lawyers, leading business men and leading financiers signed the call.

"Right this minute," says the Post, "there are \$40,000,000 gathering mold in Houston banks, and almost every dollar of this \$40,000,000 made from cotton, either from direct participation in the barter and sale in that king of Texas commodities or through trade channels closely allied. Think of it! Cotton brought \$300,000,000 into gold into Texas last year. Almost as much as the year before."

Then the Post gives advice its readers straight from the shoulder, following the lead of The Fort Worth Record. "Buy a bale," it says, "and be a business man as well as a patriot. There will be money in it for you if you do. You cannot lose even should you lose \$50 for the stimulation to trade and the restoration to confidence that will follow will be of more direct benefit to any business man or any one of his employes than the sum required for buying a bale."

This is the gospel truth. It is both sensible and practical. It is one safe bet to buy cotton and hold it. The Post says, "With the Texas crop paid for and stored away the worries of this state will be over."

This is true.

A third of the crop should be bought and held for a year. Again the Post reminds its readers that "right now our Kansas neighbors are selling their wheat at \$1.35. Kansas is getting hers right now."

Read this golden nugget from this address, signed by South Texas builders and patriots:

Man must be clothed as well as fed. Ultimately the world must have our cotton. That is where Texas will come in.

The man whose motives are mercenary should stand aside. If he can't help he should not croak. If he isn't willing to assist his fellows he should hide out and hold his tongue.

There are 15,000 commercial travelers in Texas. They are the angles of commerce, the messengers of glad tidings, the avant couriers of the army of optimism. They are on the firing line.

The above article in Friday's Fort Worth Record has in reality spread like wild fire throughout the country and is absolutely a sensible plan. To the man who can BUY-A-BALE and hold the same off the market for a year, that man is taking an interest in the protection of the thing in Texas that means life and sustenance to our people, THE FARMERS for truly they are the people of our state.

Merkel has inaugurated her buy-a-bale plan, the same having taken effect here Tuesday and has met with considerable success. During the first day there were 16 signatures added to the list of names of Merkel people who proposed to buy one bale of cotton for 10 cents per pound and hold it off the market until cotton attained that price.

IF YOU CAN, WHY NOT BUY-A-BALE. STUDY THE MATTER OVER AND IF IT IS WORTH CONSIDERATION PUSH IT ALONG.

Mr. and Mrs. Thos. Neill of Trent were in the city Tuesday making purchases and visiting friends.

### New Watering Trough

At the regular meeting of the City Council Monday evening the Dads voted to add to the conveniences of the city in behalf of the farmers who will bring their products to Merkel in the future.

For convenience of people who will have stock to water a concrete trough will be constructed near the Merkel Lumber Co., in the location where a wood trough served in a bad way some of the thirsty horses during the past. The trough will be similar to the one already in operation at the Burtin Lingo Lbr. Co.

## WAREHOUSE BILL PASSED BY SENATE

Austin, Texas, Sept. 7.—With but three votes interposing, the Senate gave final passage to the emergency warehouse bill today after a strenuous all-day session.

The one salient feature of the bill—State guarantee and liability—was not changed, though the provision giving such guaranty was vigorously attacked and unsuccessful attempts made to amend it. And, too, the state will have the leasing of the warehouses and they will be under the supervision and control of the State Commissioner of Insurance and Banking. He will not appoint the local warehouse managers, nor fix the salary of such managers, but his authority is extensive. No local manager may be appointed without the approval of the Commissioner. The bill was

changed in that respect today.

The Senate adopted an amendment signed by Messrs. Warren, Gibson, Harley and Willacy, placing the appointment of warehouse managers in local hands. The amendment as adopted reads:

"Such warehouse manager shall be selected as follows: if in an incorporated city or town, then the City Council or City Commission, as the case may be, shall, by a majority vote and at a regular or special meeting, nominate such manager and shall, within ten days after such nomination, certify his name to the Commissioner of Insurance and Banking for approval, and such person, if approved by the Commissioner, shall act as manager for such warehouse."

## \$18.50 PREMIUM FOR FIRST BALE

Through the Retail Merchants Association the amount of \$18.50 has been raised for the owner of the first bale of cotton that has been brought to Merkel.

Owing to other matters coming up before the last meeting of the Merchants, the matter of placing a premium on the first bale of cotton was neglected as has heretofore been the rule and the above premium is announced later than in years past. W. T. Turner of Route 4 has been given the entire premium. The following are those who contributed to the prize for the first bale and the amounts opposite their names was subscribed.

### LADIES! SECRET TO DARKEN GRAY HAIR

Bring back color, gloss and thickness with Grandma's recipe of Sage and Sulphur.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

### DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble—Neutralizes acids.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

It was a blustery March evening, but inside the cozy sitting-room of the Brown's all was cheery and bright.

**NEWBRO'S HERPICIDE SAVES THE HAIR**  
And Keeps You Looking Young

Don't look older than you are. It is just as easy to look younger. While lack of hair or poor hair is not always an indication of age, it is frequently accepted as such. A person well advanced in years possessing a good head of hair is always spoken of as "well preserved." Everyone can retain beautiful, luxuriant hair if they make the effort. In almost every instance poor hair or the loss of hair may be traced to the activity of the dandruff germ. Newbro's Herpicide prevents the scale-like accumulation and puts the scalp in a perfectly healthy condition. With the elimination of the dandruff the hair no longer drops out. The itching of the scalp stops almost at once. Newbro's Herpicide is the remedy for which there are many substitutes, preparations claimed to be "just as good." You don't have to accept a substitute. Insist upon having genuine Herpicide. Sold and guaranteed, and your money back if not satisfied.

We always advise people who have stomach or bowel trouble to see a doctor. But to those who do not wish to do this we will say: try the mixture of simple buckthorn bark, glycerine, etc., known as Adler-i-ka. This simple new remedy is so powerful that JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. People who try Adler-i-ka are surprised at its QUICK action.

**THIRTEEN MEN IMPRISONED IN MINE**

ADAMSON, Okla., Sept. 7.—Gas fumes prevented rescuers from entering the mine here today where thirteen men have been imprisoned since Friday.

There was no sign today that the men were still alive, and grave fears are felt that all of them may have perished. The rescuers will begin operations as soon as possible, it is stated. The fumes became so dense this morning that no attempt was made to enter the mine. Later reports of Wednesday state that all hope for the imprisoned men has been given up.

**To The Mothers and Women of Merkel and Vicinity.**

Do you think that Texas should have an institution where a girl who has made a mistake in life may have a chance to correct her mistake?

We want all those who think such an institution should be established, to join hands with the Board of Control and Finance Committee of the "State Girls Training School" and help us raise the necessary funds for its establishment. The State of Texas is to furnish \$25,000.00 when we raise an additional sum of \$25,000.00 and we now have

about \$10,000.00 of the necessary amount and are asking the women of Texas to raise the balance, by giving us \$1.00 each. Can't you give this much for this most needed and worthy institution?

The week of Nov. 8th-14th, 1914 has been set aside for the Campaign to be waged to secure these funds and there will be a woman appointed in your community to take charge of this Campaign. Her name will be announced later and you can give her your dollar or send it direct to the undersigned.

We expect to raise at least \$15,000.00 in this Campaign which will insure the establishment of the Girls Training School of Texas. The entire amount raised in this special Campaign by the Women of Texas will be used in the erection of a Main or Educational Building. This Building is to be dedicated to the Women of Texas, and an inscription to that effect will be placed on the cornerstone.

If you haven't a dollar that you can lay aside now, you can surely lay aside at least 10 cents a week so that by Nov. 8th, you can have the much needed dollar.

As Mothers and Women, you should certainly feel very much interested and join us in showing the Men of Texas that the Women of Texas believe in lending a helping hand to a fallen sister.

Any information you may desire will be gladly furnished.

Sincerely,  
Quenten Torley,  
Chairman, Finance Committee,  
State Girls Training School,  
Fort Worth, Texas.

**BARNUM & BAILEY SHOW IS COMING**

The Barnum & Bailey "Greatest Show on Earth" will exhibit at Abilene Saturday, Sept. 26th for two performances and street parade will be given. In recent seasons the big circus has had spectacular features but this season the management has a wonderfully pabrilliant pageant of Oriental splendor entitled "The Wizard Prince of Arabia." This colossal innovation is offered at the opening of the show, thereby doing away with the old, stereotyped "grand tree" idea which has been worked to death by all the tented aggregations throughout the land.

The Barnum & Bailey circus carries everything imaginable from a baby lion to a tangoing elephant in the wild animal line; acts of a death-defying nature,

# To-Day and To-Morrow Are The Last Days During Which You Can Secure \$8 Worth of Kitchenware with each MAJESTIC RANGE BOUGHT THIS WEEK

Read the following reasons given by Merkel Children as to why the GREAT MAJESTIC RANGE should be in every kitchen

### Prize Winning Answer

I think the Majestic Range has the name that ought to place it in every home. Especially as it is known to be the best range on record, does the finest baking, retains the heat longer and gives general satisfaction. I am a little girl 8 years old but I hear our neighbors talk and I know the Majestic is what the good housewives want and then they will have good things to eat.

RUTH JONES

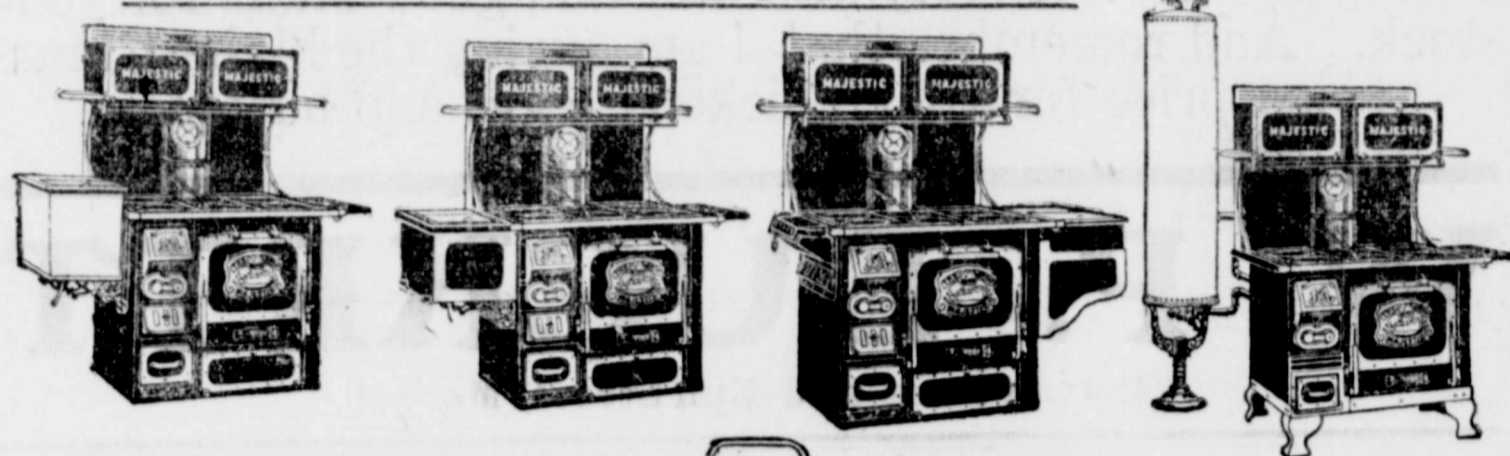

### Other Answers and Reasons

Why? Because the Great Majestic bakes perfectly, heats quickly, burns little fuel, heats water in a short time, is easy to clean. This question is very easy to answer if anyone has ever seen them used, they are the finest stoves in the world, just ask a woman that knows if you don't believe they are the finest that are made, she can tell you. The Great Majestic Range is throughout the whole world by rich and poor folks. They are sold at a reasonable price, they are worth more than the money it takes to buy them. Just go into a home where they are used and see if they don't make their operations will be confined to the rank cotton and not spread over it all.

# ANCHOR MERCANTILE COMPANY

### Other Answers and Reasons

The Majestic Range should be in every home because we eat to live and the things cooked with the Majestic is always done and nicely browned so it is digestible. You will never die from poorly cooked food as long as you have a Majestic. They always look nicer and are easier cleaned than other stoves. So it will make your kitchen look nice, people will say, "O" I wish my kitchen looked like that." Now I think the Majestic is the range everyone should have and you could never give all the reasons why a Majestic should be in every home.

INA MAE ADAMS

My answer is efficiency, economy and durability.

MARION JOHNSON

Because it is the best stove on the market.

LESLIE ROGERS

Because it is modern, up-to-date and has the best equipment.

MARY PARTEN

The Great Majestic should be in every home because for comfort and convenience in cooking, quality and looks, wear and economy in all it cannot be surpassed.

The Store That Sells Everything

### OUR CORRESPONDENCE

#### Butman.

Several farmers have gone to picking cotton and in a few days it will become general. Cotton pickers are needed but we have heard that they are on their way here from the East.

Worms have been discovered in the cotton but how much damage they will do no one can say. It is hoped that their operations will be confined to the rank cotton and not spread over it all.

The writer wishes to make a correction concerning an item which appeared in this column last week. Instead of Christian services at Cross Roads being conducted by Eld Rister and Bankhead as reported last week they were conducted by Eld, Cyfert alone. The best wherefore for this is the fact that the writer got confused over those German, Russian and Austrian names of peculiar sound.

The singers at Butman Friday night made a favorable impression on their audience. A good crowd was down from Dora to hear us. They came in two wagons loaded to their capacity one having two teams to it. Dora always makes a good impression wherever she goes.

Ernest Moore of Blair attended services at Cross Roads Sunday.

Sam Butman, Jr., and sister Lottie and Margie went to Meakel Saturday to meet their father who has been attending court at Abilene.

Eld, Cyfert preached a scholarly sermon at Cross Roads Sunday night. A large crowd was out to hear him and he was accorded with the closest attention

by his audience, but good attention, manner, and respect for religious worship and speakers are characteristics of the people here.

Mr. and Mrs. Herles Matthews visited relatives in Merkel Sunday.

The writer was in the city in Clover Saturday and discovered that the people there can buy and eat good cheap watermelons to their hearts content despite the fact that depressed conditions prevail.

Everybody get ready and go to the singing convention at Kale next Sunday and spend the day listening to the disciples of the philosophy of psalmody and exhilarate yourselves.

#### Compere.

The weather has faired up at last. Heading maize is the order of the day at Compere. The second crop is looking fine and if it matures well will be better than the early feed.

The sunshine will do the cotton good. The crop in this part is not as good as a great many think it is.

Health is good. Ben Adkins is bordering on blood poison at the present.

Frank Demery and wife and little daughter visited the latters parents Mr. and Mrs. W. N. Moore of this community returning home Sunday evening.

Mrs. Jake Foster has been suffering with the toothache for a week.

There was singing at Compere Sunday.

#### Blair.

Mrs. Pattie Wright of Wheeler county is visiting her aunt Mrs. Campbell of Blair.

Rev. Evans preached Saturday night

but was called away Sunday morning to conduct a funeral service so there was no preaching here Sunday.

The Methodist meeting is in progress now, being conducted by the pastor Rev. Young.

Tom Jenkins is here now with his thrashing machine and after waiting so long we are getting our grain thrashed.

Some of the enterprising citizens of this part secured the county grader from Com. Banner last week and graded the road from the railroad crossing at Blair south 1 1/2 miles to W. M. Clarks. J. W. Moore, Jno. Meeks and S. F. Provine are witnesses at court this week.

Prof. Stephens will close his singing school Friday.

The Blair gin has been repaired and is now about ready for business.

T. O. Lackey and family visited Z. V. Moore Sunday.

Miss Minnie Campbell is staying with her grandmother Mrs. Campbell this week attending the singing school.

Top White has moved to the J. L. Tucker house at Blair.

Mr. Mitchel has moved here from Rotan and will work at the Blair Gin.

#### Nubia.

Most of the farmers are looking forward to cotton picking some few are picking.

Messrs Hurley Boden and John Hendrix were in Nubia Sunday.

Mr. Jess Smith is here again he has been to several other counties but finds none like Taylor county.

One touch of nature may make the world kin—but just the same your next door neighbor may not stand for a

touch. While the writer was down in Rannels county he saw sixteen silos, one man was the owner of four, being L. R. Smith 1/2 mile West of Winters.

J. P. Richie is thrashing wheat this week.

R. B. Mathews is helping his friends this week.

John Hunter was in Nubia Sunday and Sunday night.

#### Noodle.

J. S. Seago of San Saba is here visiting his children.

Miss Emma Greene of Hamlin community visited her brother Walter Greene last week.

A. C. Sosebee made a business trip to Abilene Tuesday.

Clyde Herring and wife are rejoicing over the arrival of a baby boy who made his appearance at their home last Friday morning.

Mrs. Will Bicknell is on the sick list this week.

Misses Ailene and Myrtle Barbee visited their uncle, Tom Coggin of Merkel last Saturday.

G. N. Wright and A. C. Sosebee and families spent Sunday with A. M. McCright.

Wilburn Grayson and wife of Shiloh attended church here Sunday and were guests of Mr. and Mrs. Seago.

Alford Ely and wife of the Sanbur community were guests of Mr. and Mrs. A. B. Ely Sunday.

Quite a crowd of Merkel people attended the Methodist meeting here Sunday.

Henry Newson and family have moved here to make this their home.

Mrs. Alice Wheeler of Colorado is visiting her parents Mr. and Mrs. J. E. Calloway.

### OUR CORRESPONDENCE

#### Shiloh.

Rev. G. W. Scott filled his appointment at Shiloh Sunday.

Mrs. J. H. Grayson returned home Friday from O'Brien where she had been at the bedside of her little grandchild which died Wednesday. The parents of the little babe have our heartfelt sympathy.

Mrs. S. L. Grayson left Sunday for Waco to visit her mother.

There was quite a few of the Shilohites attended the revival services at Noodle Sunday.

Mr. Tyner's father who has been visiting him for sometime left Sunday afternoon to visit some of his children elsewhere.

Miss Aibatine Winters will leave this week for Abilene to enter Simmons College. We wish her success in her new undertaking.

Mr. and Mrs. G. N. Wright of Noodle spent Sunday with Mr. and Mrs. McCright.

Misses Belma Winters and Alice Brown were guests of Miss Nina Beavers Sunday.

Ye scribe was among the number who attended services at Noodle Sunday. It carried us back in memory to our childhood days in dear old Johnson county with a dear cousin we attended a Methodist revival meeting.

S. L. Grayson and children spent Tuesday night with Mr. and Mrs. J. H. Grayson.

We are interested in your health. Burroughs.
