

BY BILL ELLIS

OUR "MINI MALL" here at the Bovina Blade Building took a step closer to completion this week, with the opening of Richard Collard's law office, and the painting of the portion of the building to be occupied by the dress shop.

With Collard opening, we now have three businesses in operation in our building, and the fourth, "The Browsabout," is slated to open later this summer, on August 1.

Lewis Barber Shop and the Bovina Blade are the other two businesses located on the south side of the building.

To our knowledge, this is the first time in a number of years that the building has been completely filled.

Not only has the painting been going on for the Browsabout's location, but Furne Harris and Roxie McLean have been busy in recent weeks re-finishing fixtures that will be used in the new Bovina business. They are incorporating some good decorating ideas that we think the shoppers in the area will like.

Then, too, we have been moving stuff around in the Blade office again this week (we don't get anything new, we just move it around), and Lavoida Hawkins got into the desk re-finishing mood.

With Richard Collard working on getting his office set up, there has been a lot of activity around the Blade building in recent days, from early until late.

Since Hop Lewis was pretty well settled in, he's about the only one that hasn't been moving things around. Glad to see that someone is settled.

We have been promising the staff and ourselves that we will settle down and just concentrate on getting the newspaper out one of these weeks, but it hasn't happened yet. We're still looking for that normal week, consoled by the fact that Dolph Moten told us he waited 17 years, and never did have a "normal week."

MANY PEOPLE have criticized the Skylab experiments which are currently underway. They have called them a worthless waste of money. When the Skylab developed problems, these doomsday prophets had their say.

However, the NASA people, dredging up some of that old Yankee ingenuity that has made this country what it is, continue to give the astronauts tips on overcoming the Skylab problems, and at this writing, it looks like the world's first space station may weather even the blasts from the skeptics and be a tremendous contribution to this country's space research.

The skeptics are ignoring all of the by-products that have come out of the space program. Many electronic devices, which are on the market today, would perhaps still be on the drawing board, or maybe not even a figment of someone's imagination, except for the space race.

We feel that the nation's space program has paid tremendous dividends, and will continue to do so in the future. This, in spite of the people who think the money should have been used to solve some particular ill on our battered old planet.

"If God had intended for man to fly, he would have made him with a set of wings," insisted some of the early skeptics of the airplane. Yet, millions of people fly all over the world every week.

These current skeptics are merely picking up where their forefathers left off. They are sort of like the line we once heard: "Behind every successful man there is a woman saying, 'You can't do it, Harry!'"

INSURANCE DEAL...Principals in a business transaction in Bovina are pictured above. Johnnie Horn, seated, purchased the Wilson & Brock Insurance Agency from Joe Wilson (left) and Aubrey Brock. Wilson had been in business here for 45 years. Brock was employed by a local lumber yard 30 years prior to becoming a partner in the insurance business.

WILSON & BROCK SELLS

Insurance Agency Changes Ownership

The sale of Wilson & Brock Insurance Agency to Mr. and Mrs. Johnnie Horn was announced this week by the parties involved in the transaction.

The company will be combined with Horn Insurance

Agency, whose office will house the policies and records of customers of Wilson & Brock.

Joe Wilson has been in the insurance business here for the past 45 years. He was born and raised in Bovina. His father had

been in the insurance business here before him.

Aubrey Brock, a Bovina resident since 1927, was employed by Cicero Smith Lumber Company for 30 years, prior to forming the partnership with Wilson 19 years ago.

The Horns have been in the insurance business here since 1967. "We look forward to serving the former customers of Wilson & Brock, and hope to offer the same type of service they have been receiving," Horn said.

"We wish to thank our many faithful customers who have favored us with their business through the years. It has been our pleasure to serve them, and we recommend the Horns for your continued business," said Joe Wilson and Aubrey Brock in a statement this week.

Formal announcements of the two companies appear on inside pages of this issue.

Paving Program Planned

Property owners in Bovina who are interested in having streets in their neighborhood paved are asked to come by city hall and register their desires, according to Mrs. Mary Ruth Martin, city secretary.

The city is currently planning a paving program on the west side of town in the near future. According to Mrs. Martin, a number of residents in that section of town have requested that Ninth Street be paved.

"City officials need to know who is interested in having their streets paved, so we may begin to plan a program of paving," Mrs. Martin said.

JUNE 13

Wheat Growers Set Meeting

Bovina Wheat Growers has scheduled their annual meeting for the night of Wednesday, June 13 at the Bovina Schools Cafeteria. The meeting will begin at 8 p.m.

Larry Webb, manager, announces that the cooperative has landed quite a "plum" for a speaker for the event, in Dr. Bill Black, economist and marketing specialist at Texas A&M.

"Dr. Black has a message for those of us in agriculture, and we feel it would benefit everyone to hear him," Webb says.

JULIA, ANNETTE LANGFORD

Car-Truck Collision Claims Mother, Child

Joint funeral services were conducted at 10 a.m. Friday in First Baptist Church at Farwell for Mrs. Julia Langford, 33, and her daughter, Annette, 11.

Mrs. Langford and Annette, wife and daughter of Leon Langford, well-known area Hereford breeder, were killed about 1.15 p.m. Wednesday in a car-truck collision northwest of Texico near their farm home.

New Mexico State Police say the accident occurred when Mrs. Langford apparently failed to see a northbound truck when she pulled onto N.M. State Highway 108 from a section road.

The car, which had been headed west on the section road was hit near the center of its right side by the truck driven by Boyce C. Brown, 21, of Texico. He was not injured.

Tragedy first struck the Langford family six years ago when their son, Russ Darren, 7, died in a plane crash near their home. The Langford boy, the pilot and his young son died in the crash.

Born July 27, 1939, in Tulia, Mrs. Langford was graduated from Bovina High School in 1957. She was salutatorian of the Senior Class. She had attended schools here from the

fifth grade until she was graduated. Prior to that, she attended school in Tulia. In high school here, Mrs. Langford was a member of the basketball team and participated in many school activities.

An active member of the Farwell Community, she was a member of the Farwell Country Club and was director of girls' 4-H activities there.

Annette, a fifth-grader at Farwell Elementary School, had been active in band and 4-H work at the school. She was a member of First Baptist Church, as was Mrs. Langford.

Mrs. Langford is survived by her husband, Leon; a son, Mac, and another daughter, Jacquelyn, both of the home; her parents, Mr. and Mrs. Howard Kelso of Bovina; and two brothers, Tally Kelso of Sonora and Ferman Kelso of White Rock, N.M.

Annette is also survived by her paternal grandparents, Mr. and Mrs. Elmer Langford of Texico.

Rev. Cliff Ennen, pastor of First Baptist Church, and Rev. Richard Sutherland of Central Christian Church in Clovis, officiated at the rites. Burial was in Sunset Terrace Memorial Gardens.

Pallbearers were Ray Ford,

Travis Dyer, Dean Boyd, Glen A.M. Wilson, Ray Snodgrass, Kelley, Lloyd Snow, Paul Noel Daugherty and Gilbert Davis, Joe Helton, Bill Stone, Kallwasser.

FOUR NOMINEES

Outstanding Dad Votes Due Sat.

Deadline for turning in ballots for the "Outstanding

Father" in Bovina is Saturday, announces Mrs. C.C. Naegle, chairman of the contest here.

Sponsored by the Riata CowBelles of Parmer County, the contest is being held in conjunction with the promotion by Texas CowBelles of "Beef Says It Best" for Father's Day.

Local civic clubs have nominated their choice of an "Outstanding Father" and residents of the community are invited to vote for one of the men on the ballot.

Ballots may be mailed to Mrs. Naegle at Box 417 in Bovina, or mailed or taken to The Blade office on Third Street.

Winner of the contest here will be presented a standing rib roast of beef donated by Missouri Beef Packers, Inc., says Mrs. Naegle.

Nominees for the honor are Leon Grissom, Bovina Chamber of Commerce and Agriculture; Ike Quickel, Bovina Woman's Study Club; Dan Koelzer, Lions Club; and Larry Scott, Bovina Roping Club.

OFFICIAL BALLOT (Outstanding Father)

1. Leon Grissom . . .
2. Ike Quickel . . .
3. Dan Koelzer . . .
4. Larry Scott . . .

HOME UNDER CONSTRUCTION...The new four-bedroom, two bath, brick home of Mr. and Mrs. C.E. Trimble is scheduled to be completed July 1. The home is located on FM 1731 next to

the home of Mr. and Mrs. T.P. Griffith. The Trimbles have three children, Christie, Cathy and Charlie.

Government Can't Do Job Cheaper

The debate will probably never end between those who believe that the "government" — any government — can do things more efficiently than private business, and those who believe that individuals — whether individual business firms or individual persons — can always be depended upon to do things and at less cost than a government monopoly, however well managed it may be.

And it must be said that the socialists can usually marshal some rather impressive arguments for their case. Trouble is, actual experience seldom resembles the theory.

In Omaha, Nebraska, folks can remember when the local youngsters would shovel the snow off one's sidewalk for one, fat, 50-cent piece. With inflation and all, enterprising youth have now been asking four to five bucks for the same job. Even the pro-capitalists grumbled a bit about the high cost of doing business these days.

Recently, however, the Omaha municipal authorities ruled that all snow must be removed from sidewalks within 24 hours after a storm. And if said snow is not removed, the Public Works Department will do the job, with expenses charged to the property owner.

And the tab for so doing? According to the Assessor, the cost to the non-profit city government is \$25.00 per sidewalk — about five or six times more than that charged by independent, profit-seeking youth.

Chalk another one up for the merits of free enterprise!

Reflections From The Blade

TEN YEARS AGO—JUNE 5, 1963

Bovina Elevator, a Bovina grain business since 1943, is in process of being sold to Bovina Wheat Growers, Inc.

The transaction is thought to be the largest business deal in history of Bovina. Announcement of the contract was made jointly this week by J.P. Macon, owner of Macon Elevator, and Jim Russell, manager of Wheat Growers.

Four teachers have resigned their positions on faculty of Bovina Schools, Warren Morton, superintendent, announces. They are Charles Thompson, Mrs. Barbara Thompson, Miss Belva Lowrance and Mrs. Marie Purvis.

Four teachers have been signed for next year in addition to those whose contracts were renewed. New teachers include Mr. and Mrs. Robert Kidd, John Paul Jones and Mrs. Betty Mabry.

Average daily attendance of students in Bovina School during the just-completed school year was up some 15 per cent from 1961-'62, Superintendent Warren Morton announces.

Rain, estimated at five inches or more, fell here last weekend. Bulk of the moisture fell Saturday night with some gauges measuring four inches or more.

M.H. Carson and Raymond Schueler were re-elected directors of Bovina Wheat Growers, Inc., at annual directors meeting of the organization last week in school cafeteria.

Christi Trimble hosted a bon voyage party Friday afternoon at her home honoring Heidi Corn. Miss Corn will spend the summer in Germany with her grandparents.

Sharon Kay Strawn, a senior at Texas Tech and daughter of Mr. and Mrs. A.L. Hartzog of Bovina, was one of 24 new members initiated into Gamma Of Texas chapter of Beta Gamma Sigma, national honorary society in business administration.

In memory of Miss Lillian Fisher, primary teacher here since 1954 who died January 15, a framed painting reproduction has been hung in the hallway at entrance of Bovina Schools. The reproduction, which was done by hand, is of Miss Fisher's favorite picture.

SIX YEARS AGO—JUNE 7, 1967

Rains last week and this week have soaked the ground in Parmer County, while hail damaged crops in some areas. Three inches of rain was measured in Bovina Thursday and Sunday, while hail battered the area both days.

The rains marked the first significant moisture in the Bovina area since September, nine months ago.

Sunday's hail was golfball-size and fell in a strip from a mile west of Bovina to the Hub Community. On Saturday, hail damaged southeast of Oklahoma Lane was reported, while on Thursday, the Rhea area received hail damage.

C.E. Trimble will serve as general chairman of Bovina's Bull Town Days celebration for 1967 for the second consecutive year.

He was named Thursday at a joint meeting of directors of Bovina Chamber of Commerce and Agriculture and BTD committee from Bovina Roping Club. The two organizations are co-sponsors of the celebration. Named to assist Trimble was Tom Caldwell.

Over 250 patrons and their families of Bovina Wheat Growers, Inc., are expected to attend the free barbecue and annual meeting Thursday in Bovina Schools cafeteria.

Twenty-two boys and girls who will enter Bovina Schools for the first time in September reported for class Monday morning in the Head Start program here.

Approval was received early last week from Federal agencies for the Bovina Head Start program.

Mrs. Betty Hawkins was the honoree at a "gag" birthday party recently in Fellowship Hall of First Baptist Church.

Carol Mast, a senior next year in Bovina Schools, will leave Saturday for West Georgia State Teachers College in Carrollton, Ga., for six weeks.

She was awarded a scholarship for high school students in the field of chemistry. She and David Davis of Lazbuddie are the only two students in Texas who were awarded the chemistry scholarship this year. He attends school at Muleshoe.

Piano students of Miss Gina Clawson were presented in a recital held in the Clawson home north of Bovina Sunday afternoon. The recital featured Misses Susan Aday, Shelia Barbee and Donnie Grissom.

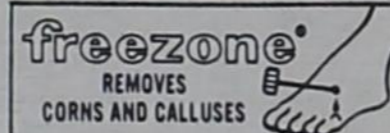

George Isaac celebrated his eighth birthday Wednesday with a party in his home. He is the son of Mr. and Mrs. Ed Isaac.

Goldsmith's Fireballs, a Bovina softball team, treated their big city visitors rudely here Saturday night as they took both ends of a double-header from the TV-10 Tigers of Amarillo, 6-5, and 18-1.

Every executive should have an able assistant to do his work for him in an emergency.

AT ARENA

Name Winners At Play Night

Results of play night, sponsored each Friday night at the roping arena by Bovina Roping Club, was announced this week by Mrs. Erith Hawkins, record-keeper for the events.

In the girls' barrel races, Lezli Williams placed first with a time of 24.9. Second place was won by Kim Naegle with Dianna Naegle third and Kathy Williams fourth. In the boys' barrel races, Al Kerby Jr. took first place in 24.5 with Daryl Hawkins second and Chet Hawkins third.

Lezli Williams won first place in the girls' flag races with a time of 12.9. Second place went to Kathy Williams and third place was won by Dianna Naegle. Daryl Hawkins took first place in the boys' flag races with Chet Hawkins coming in second.

In girls' pole bending, Lezli Williams took first place in 31.8 with Kim Naegle winning second, Kathy Williams third and Dianna Naegle fourth. In boys' pole bending, Daryl Hawkins won first in 48 seconds with Chet Hawkins winning second.

In the hide-ride, Eddie Don Lide took first place in 15.5 with Buddy Hutto second, Daryl Hawkins third, Chet

Hawkins fourth and Jim Rhodes fifth.

In the girls' hide-ride, Donna Beth Lide took first place with 17.2, followed by Lezli Williams and Kathy Williams in second and third places.

In the boot race, John Pruitt took first, Buddy Hutto second, Daryl Hawkins third, Kathy Williams fourth, Steven Pruitt, fifth, Chet Hawkins sixth, Kim Naegle seventh, Eddie Don Lide eighth and Donna Beth Lide ninth.

Play night begins at 8 p.m. each Friday at the arena. Everyone interested in participating is invited to attend.

Summer Desserts

Summer poses special problems for the family cook. With warm weather appetites may wane, but the desire for a luscious dessert never fades!

Another seasonal problem is the fragmented nature of mealtime: Z the boys are in the park playing baseball. Dad has to mow the lawn, and Sis has an early tennis date. They can help themselves to tuna salad (after all, mom feels the heat, too!), but they still want to know "what's for dessert?"

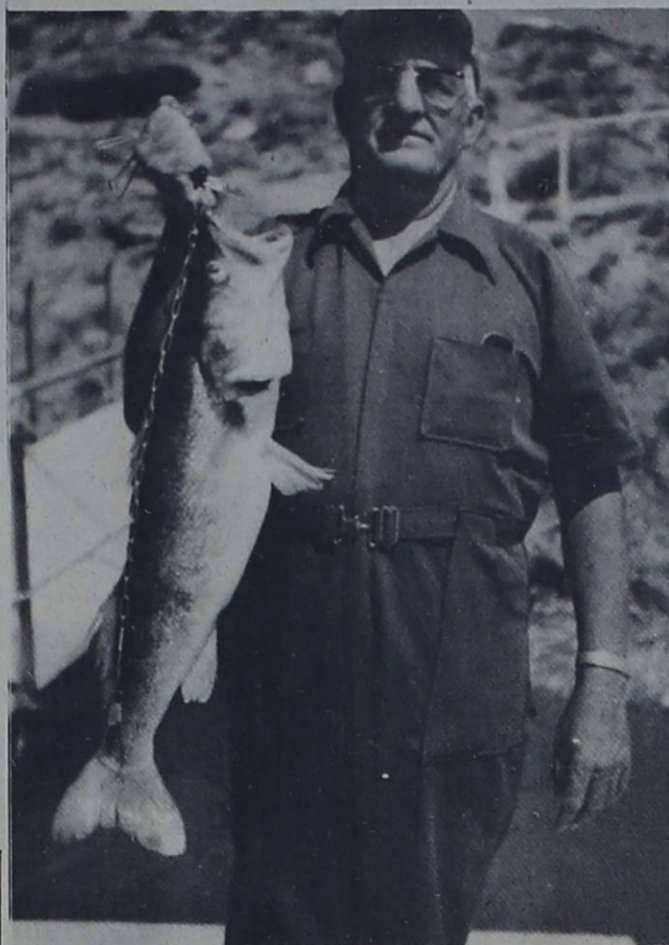

Remember, too, summer months are for fun and celebrating: if there's a graduation party or a bridal dinner coming up in your family, or everyone's clamoring for "something different," try the simple yet festive dessert with Chiquita Brand Bananas, always in season.

BANANAS A LA CREME

- 4 Chiquita Bananas
- 1 cup heavy cream
- 4 teaspoons sugar
- 4 maraschino cherries

Peel golden Chiquita Bananas and wrap each one separately in foil, making a tight closure. Freeze one hour or more. Immediately before serving, remove from freezer and unwrap. Cut into very thin slices directly into chilled sherbert glasses. Sprinkle quickly with sugar and pour over cold heavy cream to coat the fruit. The cream will freeze to the slices. Be sure to serve frozen.

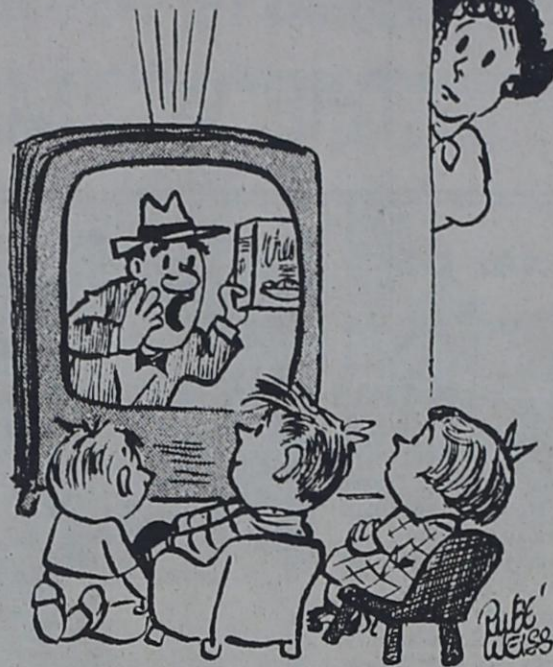

Double bonus: Chiquita Brand Bananas are inexpensive, and provide the energy your family may be lacking due to the increased number of meals-on-the-go.

RECORD WALLEYE....The only fish O.H. Jones caught Tuesday of last week proved to be a record-setting whopper. Jones pulled in the 10-1/2 pound walleye pike he is holding at Ute Lake near Logan, N.M. The fish is said to better the old New Mexico record for a rod and reel by over one pound, measuring 29 inches long and 16 inches in circumference. Mrs. Jones, who helped net the fish, said he caught the pike on a "green hot-spot." Jones says he plans to have the fish mounted.

A horse named Broker's Tip only won one race—the Kentucky Derby!

Services Held For Sister Of Mrs. Looney

Funeral services were held Friday in Lansing, Mich., for Mrs. Walter (Katherine) Simpson, 53, sister of Mrs. Reagan Looney of Bovina.

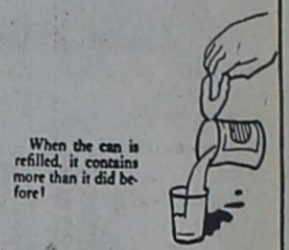

Born March 25, 1920, in Bovina, she was a graduate of Bovina High School. She served with the Women's Army Corp during World War II with a sister, now deceased, Myrtle Marot. She had lived in Lansing for the past 25 years.

Mrs. Simpson died Wednesday, May 30.

Survivors include another sister, Mrs. Max Wade of Groom; and two brothers, J.B. Veazey of Zapata and Robert Burns Vassey of Bangora, Wis.

Debbie Roddy, McCormick To Repeat Vows

Miss Debbie Roddy of Ranchvale, N.M., and Tommy McCormick of Bovina will exchange wedding vows at 2:30 p.m. Friday in the First Christian Church in Clovis.

Parents of the couple are Mr. and Mrs. C.L. Roddy of Ranchvale and Mrs. Hattie McCormick of Bovina.

Friends and relatives of the couple are invited to attend the wedding ceremony and reception to follow.

T. Caldwell, Christians Host Party

Mr. and Mrs. Tom Caldwell and Mr. and Mrs. Troy Christian hosted a farewell supper for Mr. and Mrs. Dolph Moten Saturday night at the Caldwell home.

Barbecued chicken with all the trimmings was served to Mr. and Mrs. Moten, Mr. and Mrs. Durward Bell, Mr. and Mrs. Bedford Caldwell, Mr. and Mrs. A.M. Wilson, Mr. and Mrs. C.C. Naegle, Mr. and Mrs. C.E. Trimble, Mr. and Mrs. A.L. Nuttall, Mr. and Mrs. Lewis McDaniel, Mr. and Mrs. Vernon Estes and Woodrow Wright.

LINDA MARCOM

Linda Marcom Performs In Honor Recital

Miss Linda Marcom, daughter of Rev. and Mrs. Howard Marcom of Bovina, performed recently in the annual Honors Recital of the Catuogno Piano School in Lubbock.

Performing were all top talent and young artists award winners of the American Piano Auditions held in Lubbock May 14-15.

At the close of the recital, it was announced that Miss Marcom was the second place winner with a prize of \$50. She was also one of five students winning the young artists award with a grade of 99.

She is a student of Mrs. Louis Catuogno of Lubbock.

MRS. HROMAS ATTENDS MEETING

Mrs. Glenn Hromas of Bovina, local agent for Transport Life Insurance Co., attended a sales meeting in Fort Worth Friday and Saturday. She was a speaker on the program.

While there, agents were entertained on Friday night at the Windmill Dinner Theater. A luncheon closed the meeting Saturday.

Of Interest To THE WOMEN

Shower Set Friday For Miss Hawkins

Miss Darla Hawkins, bride-elect of Ray Peace of Friona, will be feted with a bridal shower Friday from 3 to 5 p.m. in Community Room of First State Bank of Bovina.

Hostesses are Mrs. H.H. Kelso, Mrs. A.L. Glasscock, Mrs. Ovid Lawlis, Mrs. Thomas Beauchamp, Mrs. Scott Gober, Mrs. Jim Russell, Mrs. Fred Langer, Mrs. Bobby Englant, Mrs. Herman Grissom, Mrs. Roy Allen, Mrs. Gwen Hartwell, Mrs. Glen Kelley, Mrs. Leslie McCain, Mrs. Ronald Minyen, Mrs. Ginger Roman, Mrs. Charles Snyder, Mrs. Ralph Broyles and Mrs. J.D. Stevens.

Edible Package New For Meats

"Acetoglyceride" is a long word but you may be hearing it more, says the National Cotton Council.

It is made from cottonseed. It is colorless, transparent, and—as a packaging medium—has the dual distinction of being both disposable and edible.

The U.S. Department of Agriculture's Southern Marketing and Research Division developed acetoglyceride. They point up the possibility of packaging meat at the packing house and shipping it direct to retailers.

Once the acetoglyceride-coated meat is put in the oven, in the frying pan, or on the broiler it becomes its own nutritious shortening.

CELEBRATES ANNIVERSARY....Mr. and Mrs. Joe Pinner of Amarillo will be feted with a reception on the occasion of their 25th wedding anniversary Sunday from 2 to 5 p.m. at Fellowship Hall of Bovina Church of Christ. Mr. and Mrs. Pinner resided in Bovina for 15 years before moving to Amarillo. Hosting the reception will be their daughters and son-in-law, Miss Linda Pinner of Amarillo and Mr. and Mrs. Randy Barrett of the Oklahoma Lane Community. Unable to attend will be another daughter, Mrs. Arild Ringstad of Copenhagen, Denmark.

Cub Scouts Have Picnic

Pack 202, composed of Dens One, Two and Three, met at City Park Monday for a treasure hunt and lunch.

The scouts were divided into two teams for the treasure

hunt. Each boy brought a sack lunch for the picnic. The scouts conducted the flag ceremony and were led in the Pledge of Allegiance by Brad Heflin.

Attending were Robert Morgan, Bret Whitten, Kevin Hughes, Johnny Stanberry, Robbie Moody, Dale Gilbreath, Karl Willard, Dale Merrell, Don Paul Spring, Brad Heflin and Alan Stanberry.

Den One is under direction of Mrs. Dudley Hughes and Mrs. C.E. Trimble. Mrs. Earl Whitten is leader of Den Two and Mrs. Carol Tucker is leader of Den Three.

Miss Minter, Shoemate To Repeat Vows

Miss Margaret Ann (Cissie) Minter and Randy Shoemate will exchange wedding vows at 4 p.m. Sunday in First Baptist Church of Bovina.

Parents of the couple are Mr. and Mrs. Henry Minter of Bovina and Mrs. A.L. Shoemate of Clovis.

Friends and relatives of the couple are invited to attend the wedding and reception to follow in Fellowship Hall of the church.

HAPPY DUO—The jacket dress with grown-up airs turns out in an all-cotton edition for the stylish young miss. The striped denim-looking jacket goes over a dress with a red and white print top. Designed by Suzanne Godart for Johnston of Dallas.

TEEN FAVORITE—Add a cotton knit top to your shopping list if you're looking for a gift to please a teen-ager. This sleeveless style takes on a feminine flavor with scallop trim and a lingerie bow at the V-neck. By Miss Ingene.

In a shell

by Lou Nuttall

WHILE MAKING the drive between Bovina and Lubbock several times this past week, our attention was called to the various farming operations between here and there, which started us thinking about Parmer County in general.

Believe most of us take it for granted, but folks, we live in what is probably one of the most attractive farming areas anywhere around.

Attractive, not only from a financial viewpoint, but from a scenery viewpoint.

Ha, you say. What scenery? Well consider this time of year, for example. Most of the crops are planted and off to a good start, providing several shades of green, along with the brown of the lay-out land that has been worked well. The wheat, barley and other small grain crops are beginning to turn golden, so just imagine what it probably looks like from an airplane and one can see what we are trying to say.

Even in the winter, which is usually a pretty drab time, Parmer County looks good. Before the harvest is complete, we have the ripe, red milo fields, white cotton patches and green wheat fields. It makes a beautiful pattern from the air and can also be enjoyed from the ground, if one has a mind to.

A VISITOR from Central Texas went back home and told folks there that farmers in Parmer County "manicure" their farms. We're glad he was impressed and we hope he gets to see it when the milo is ready for harvest and along about pheasant season. Think he will really be impressed then.

THE BUILDING NEXT DOOR is really shaping up under the hard-working hands of Furne Harris and Roxie McLean.

Think folks will really like what they see when they open. Maybe, at the rate they are progressing, they will beat that August 1 opening date.

Guadalupe Plan Annual Mexican Meal

Plans for the annual Mexican Dinner were on the agenda at the meeting of the Guadalupe Society in St. Ann's Parish Hall Sunday afternoon.

Opening prayer was given by Mrs. Daniel Rodriguez. Mrs. Gil DeLeon was named alternate for Mrs. Zefferino Villarreal as

Parish Council representative. Appointed rectory cleaners for June were Mrs. Ruben Uriegas, Mrs. Anita Alonzo and Mrs. T. Martinez. Mrs. Daniel Rodriguez and Mrs. Raymond Rocha will furnish refreshments for the next meeting. Rev. John Coppinger gave the benediction.

Mrs. DeLeon served refreshments following the meeting which was attended by eight members and Father Coppinger.

ELTON VENABLES HAVE VISITORS

Mr. and Mrs. John Wigfield of Delavon, Wisc., visited Mr. and Mrs. Elton Venable recently. Wigfield resided with Mrs. Venable's family for several years as a youngster.

Also visiting with Mr. and Mrs. Venable was Mrs. Mary Bickfield of Dover, New Hampshire.

More than 5.4 million persons live wholly or in very substantial part on incomes earned directly from cotton. This includes 1.6 million living on the farm or ginning, storing, and marketing the crop.

"On that check for \$200 you questioned—his name really is John Doe!"

CAN GOD DO THESE THINGS?...DOES GOD DO THEM?

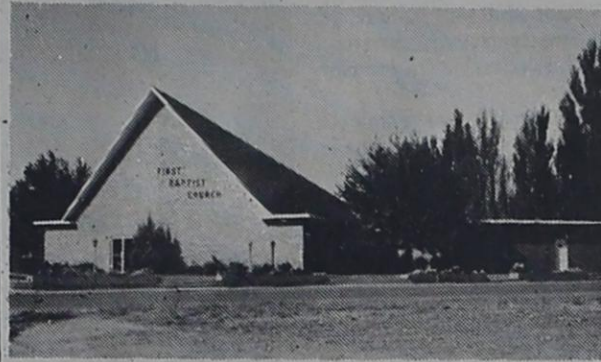

In the Bible there is a line which runs like this—"...all things are possible with God—[Mark 10:27]. Most of us have been willing to grant the omnipotence of God; after all, if He were not all-powerful, would He really be God? Yet it is curious that what we so readily accept intellectually and in general, we question practically and in particular.

He can fashion a universe, but can He instill generosity into a selfish heart? He can hurl stars into space, but can He dry out a drunkard? He can trace the valleys with the tip of his finger, but can He repair a home fractured by deceit, infidelity, or boredom? He can mold mountains with His creative skill, but can He restore the joy of a faith long since gone? He can call nations and men into judgment, but can He give peace to a restless soul? He can leave His mark on the face of human history, but does it matter to Him if I live or die?

Our essential question, of course, is not so much IF God can do these things, but DOES He do them? We are doubtful, not about His power, but about His concern. Here, tho, is the marvel of God—He who cannot be contained by the world is willing to inhabit it. The ministry of Jesus discloses a Lord who is forever interested in children...slaves...rulers...harlots...fishermen...soldiers...teachers...me...you.

Montgomery Named Manager Assistant

Dick Montgomery, industrial relations director for Deaf Smith Electric Cooperative, will be promoted to assistant to the manager, effective June 1, it was announced this week by Manager James Hull.

In the new position, Montgomery will work directly under Hull in the areas of construction contracts, material bid proposals, engineering and accounting. He will also continue duties in commercial accounts and industrial development, noted Hull.

In the new position, Montgomery will work directly under Hull in the areas of construction contracts, material bid proposals, engineering and accounting. He will also continue duties in commercial accounts and industrial development, noted Hull.

Montgomery's promotion

was announced in conjunction with the future retirement plans of Sam Morgan, executive assistant. Hull said Morgan will continue as executive assistant until his retirement in January, 1975.

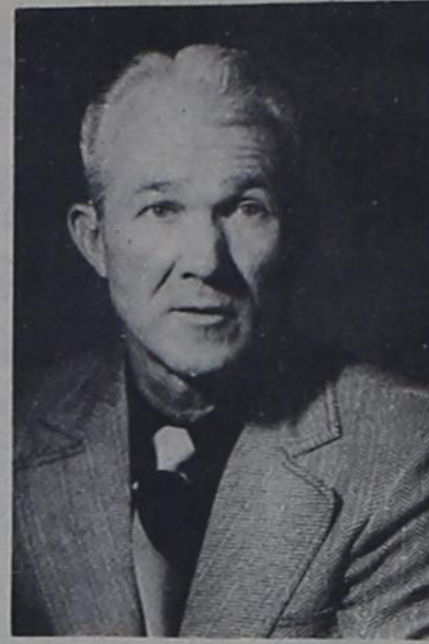

Montgomery was employed by the Cooperative as industrial relations director in July, 1969. He has been an active civic worker, and is presently a director of Deaf Smith County Chamber of Commerce, heading up the Industrial Development Committee.

He and his wife, Pat, have two sons, Mauri and Jay, and are members of the First Baptist Church.

Willie--Papa, do you shoot pool with the iceman?

Pop--What makes you ask, son?

Willie--Mamma told him she would give him his cue when she saw you coming.

DICK MONTGOMERY

Caramel Pudding — Smooth and Flavorful

Confectioners discovered long ago that burning sugar created a different delicious flavor—caramel. A burnt sugar or caramel flavored homemade pudding is delicious and easy to make. Serve it for guests or at the family table.

Caramel Pudding

- 1/2 cup sugar
- 1/4 cup water
- 2 3/4 cups milk
- 1/4 cup corn starch
- 2 tablespoons sugar
- 1/2 teaspoon salt
- 2 tablespoons margarine
- 1 teaspoon vanilla

Heat 1/2 cup sugar and 2 tablespoons water in a heavy 2-quart saucepan over medium-high heat, stirring occasionally, about 5 minutes or until bubbly and caramel colored. Remove from heat. Care-

fully add remaining 2 tablespoons water. After mixture stops foaming, add 2 cups of the milk. Mix together remaining milk, corn starch, 2 tablespoons sugar and salt until smooth. Stir into caramel milk. Cook over medium heat, stirring constantly, until mixture comes to boil and boils 1 minute. Remove from heat. Stir in margarine and vanilla. Turn into serving dishes. Chill. Makes 3 cups or 6 (1/2-cup) servings.

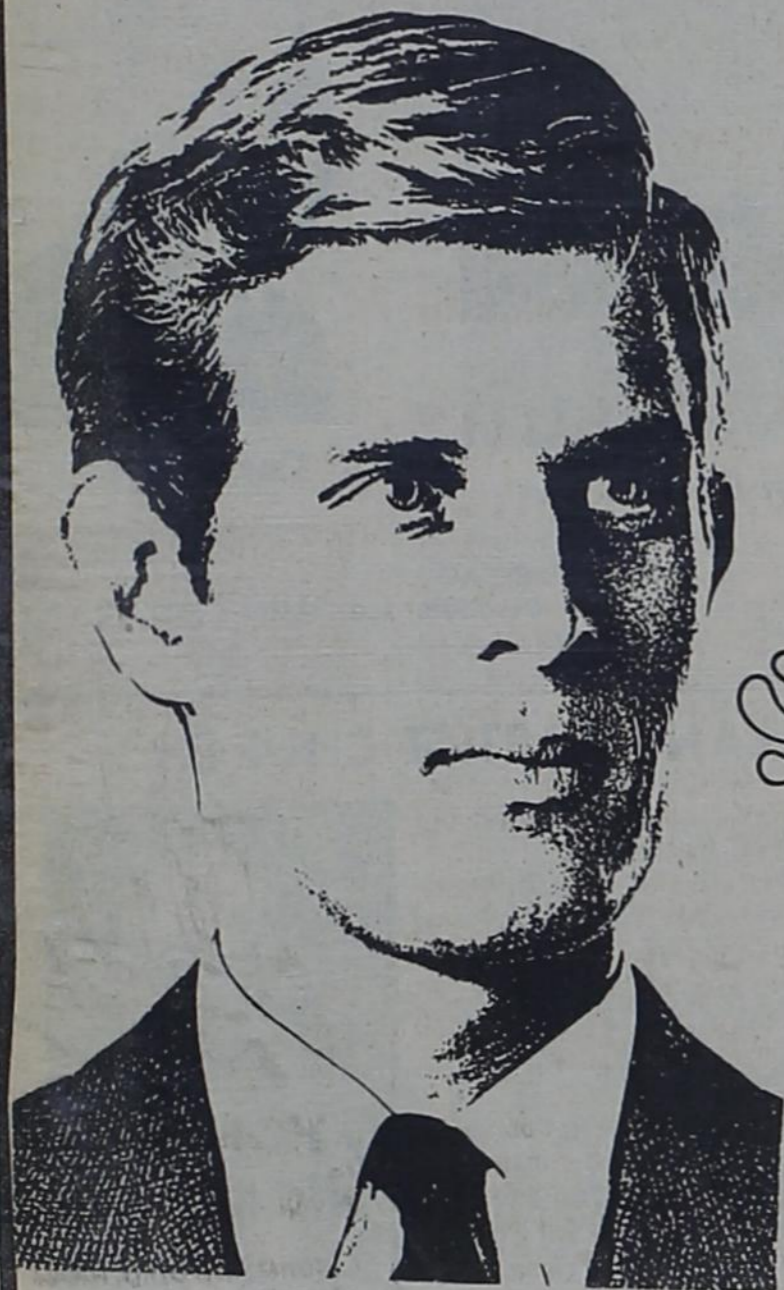

For Mocha Pudding: Increase sugar to 3 tablespoons and add 1 1/2 teaspoons instant coffee to caramel milk.

She: "Does your husband still find you entertaining?"
Her: "Not if I can help it."

Stomach Upset by Gas and Acid?

Di-Gel with Simethicone quickly relieves both acid and gas.

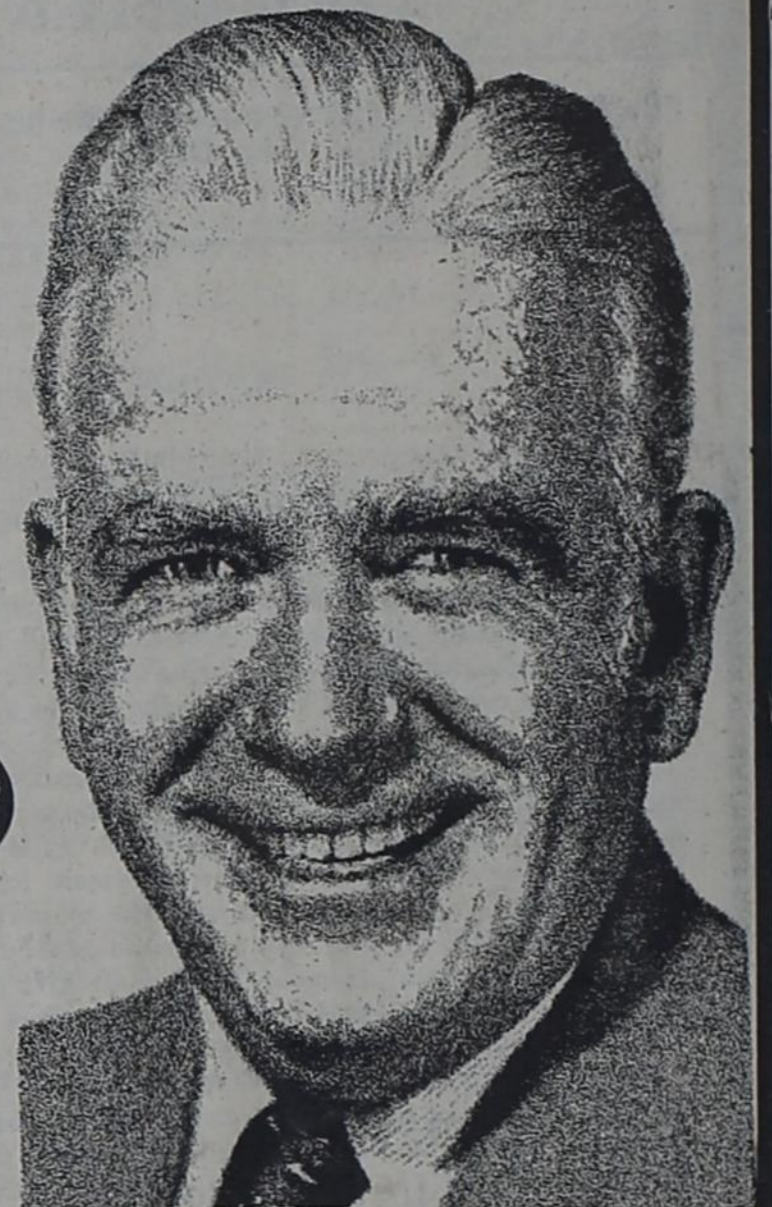

This unique discovery breaks up and dissolves trapped gas bubbles. Your relief is more complete because Di-Gel takes the acid and the gas out of acid indigestion. When you eat too well, demand Di-Gel. Tablets, liquid. Product of Plough, Inc.

Gas Shortage . . .
(Continued from Page 1)

that the situation "may never get any better if there really is a fuel shortage."

Thus far gasoline prices seem to be holding steady, but station operators agree that higher prices are a definite possibility. "I believe the public is expecting a price increase and it will probably be around two cents per gallon," says one operator.

While the operators agree that some changes in their operation may be necessary, they plan to keep operating as usual so long as possible. "We may get in a little more golf than we have in the past," says one operator with a weak laugh.

WITH SO MANY people using credit today, the possibility of billing errors increases greatly.

When an error occurs, a consumer may have difficulty locating the cause of error and the right person to correct it. Should an error occur, the specialist offered the following steps to correct it.

1. Notify the store immediately, informing them of the error.

2. Obtain the name of the person contacted, making a note of it and date contacted. This information is helpful in case of necessary future contacts.

3. If contact is made in writing, don't send it with the bill-and don't write on the bill itself. Keep a copy of any letters sent for future reference.

4. Send a registered letter to the credit manager or company president if you experience difficulty obtaining adjustments on legitimate complaints.

In the letter, explain complaint in complete detail and give facts in a courteous manner. Also request that the post office furnish the signature of the person receiving the letter.

5. If still unable to settle a complaint, write the local

Credit Bureau and Better Business Bureau. Provide details and copies of bills, receipts, cancelled checks or other evidence that prove your point. Also send a carbon copy of this contact to the merchant involved.

Usually with accurate records and a business-like manner, consumers can correct billing errors.

Legitimate businesses are anxious to retain the consumer's good will-and keep him as a customer.

There are several things consumers can do to help prevent billing errors in the first place.

-Use a credit card when charging merchandise.

-Examine sales slips to insure all spaces are correctly filled in and no unnecessary marks included.

-Before signing a bill, make sure the total is correct and in the right place.

-Save duplicate sales slips and check bills against them.

-Know when billing dates are and make or mail payments in time to arrive before deadlines.

-Return the correct portion of a bill with remittance.

-Check bills for errors as soon as they're received.

John C. White, Commissioner

June is Dairy Month... Hay Baling In Full Swing... Herbicide Warning... Keep Those Samples Coming.

Among other things, June is Dairy Month. It's a time when dairy producers are hoping everyone remembers to drink an extra glass of milk each day, not just through June, but throughout the year.

Dairy producers in Texas continue to be caught in the middle of a tightening cost-price squeeze. Even though their prices have shown some increase, their production costs have been soaring. Feed costs now are double from that of a year ago.

Dairy association spokesmen are worried about a reduction in production of milk. Reports from the Texas Crop and Livestock Reporting Service note that there has been a reduction of almost two per cent during the first four months of this year. Dairymen are faced with rising production costs and a good market for dairy cows at their local auction markets.

The dairy industry is an important part of Texas agriculture picture. Texas ranks among the top 10 states in the nation in total production of milk; almost 3.5 billion pounds of milk were produced in Texas during 1972. Texas also is in the top 10 states in the nation in milk cow numbers with 360,000 head as of January 1.

Top counties in milk production in Texas are Hopkins, Erath, Wise, Grimes, Johnson, Tarrant, El Paso, Parker, Bexar, and McLennan.

Milk, any dairyman will tell you, is Nature's most perfect food. So, now is the time to enjoy summer with extra helpings of dairy products.

HAY baling is now in full swing throughout the state. Baling was off to a slow start due to the weather, but a good hay crop is expected in most sections of Texas.

Range and pasture conditions are good to excellent but moisture is needed to maintain present levels of grazing

REMEMINDERS are being issued to users of 2,4-D and other hormone-type herbicides about their use during this time of year. Cotton is growing throughout the state, and that crop as well as many other is highly susceptible to herbicide drift.

If you're using 2,4-D or other such type herbicides, be sure not to use it if the wind velocity is above 10 miles per hour. The herbicide can drift several miles.

Herbicides such as 2,4-D are valuable production tools for agricultural producers but they must also be used with care and concern.

About a third of the state's counties are regulated under the Texas herbicide law.

KEEP those screwworm samples coming to the fly lab at Mission, officials request. Texas is now experiencing one of its lightest years on record in number of screwworm cases.

The number of cases this year compared to last year is ten times less. Many livestock producers were fearful last year when the screwworm was completely out of control that the pest would never again be controlled.

But the screwworm infestations are light this year, and that's due in part to continued reporting of suspected cases by livestock producers throughout the state. This enables officials with the program to counterattack the infestations and wipe them out before they can increase.

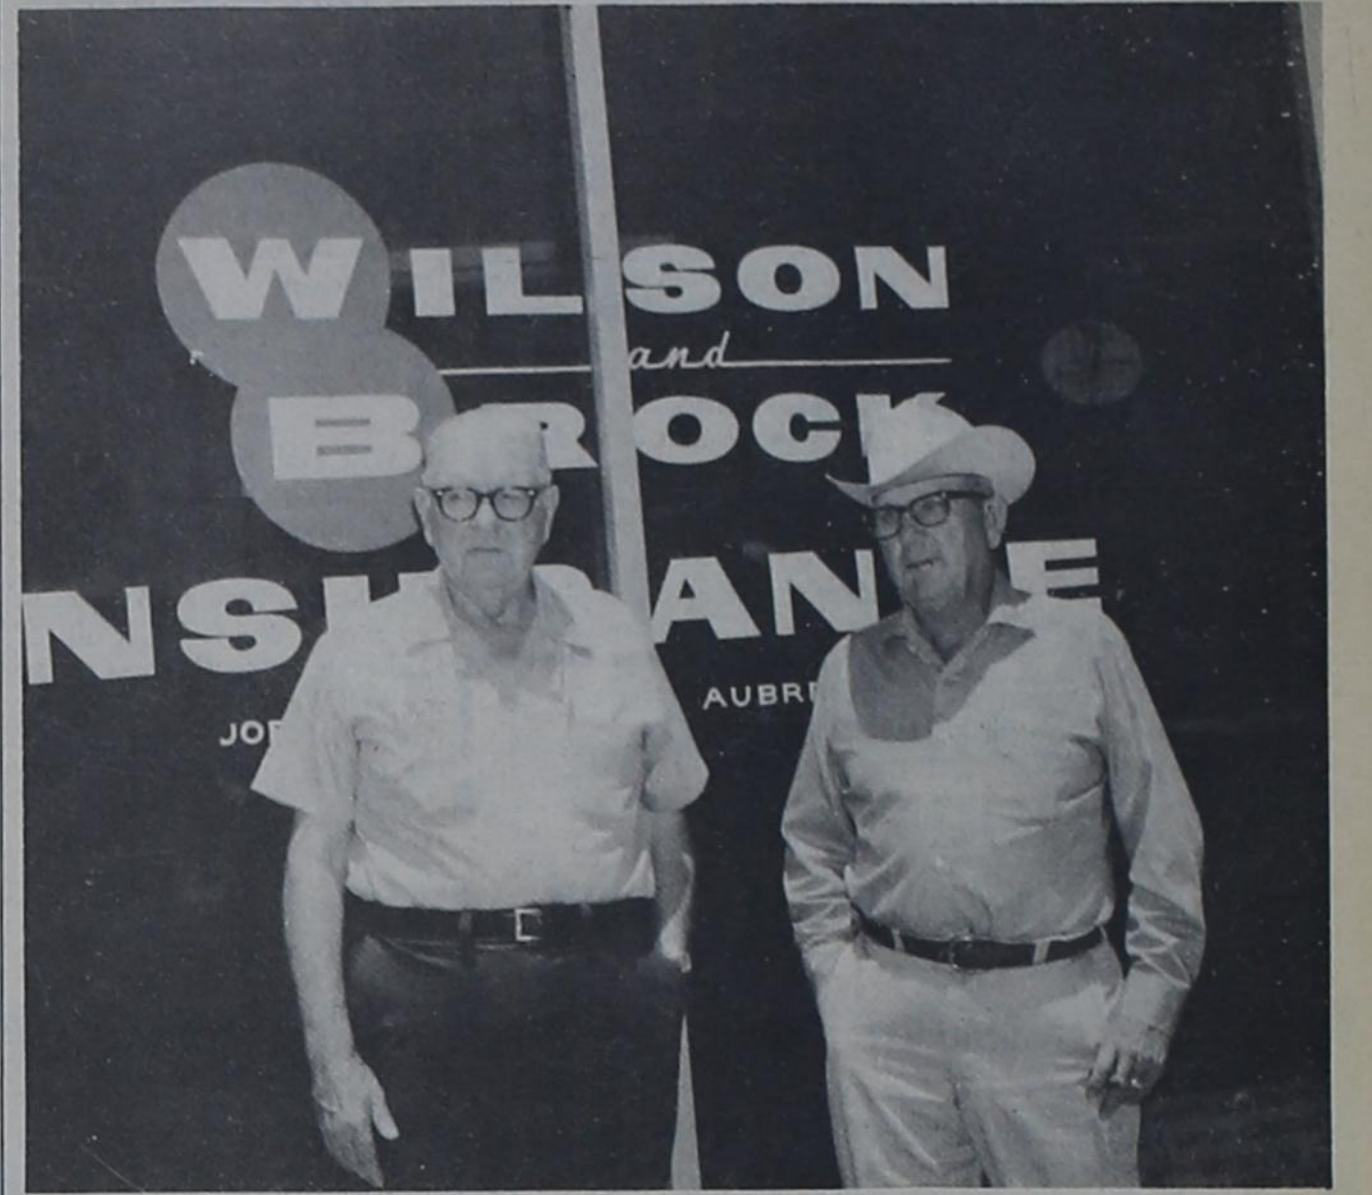

The screwworm eradication program in Mexico is also making progress, officials note. Through a cooperative effort between the United States and Mexico, the screwworm will be eradicated in Mexico.

"THIS EATING EVERYDAY MUST STOP!"

In order to give our employees a little extra time to be with their families, our office will be closed all day on Saturdays during the summer months beginning June 2.

SELL INSURANCE BUSINESS...Aubrey Brock, left, and Joe Wilson, two long-time Bovina businessmen, this week announced that they had sold Wilson & Brock Insurance Agency to Johnnie Horn of Horn Insurance. Their personal messages are carried elsewhere in this issue.

CONSERVING WATER

Varied Methods Produce Results

"My crops look great and I'm using less irrigation water." This is a statement heard more and more around Parmer County. A few "pioneers" who were concerned about wasting irrigation water have shown their neighbors there is a better way to irrigate crops.

W.L. "Preach" Edelman of Friona found that bench leveling steeper slopes not only saved irrigation water and all the rain water which would normally run off his farm, but keeps his topsoil where he wants it-in the field growing crops.

For Max Self, who farms north of Bovina, the answer was simpler and cheaper. He found that row lengths which are coordinated with the slope of the land works on flatter land.

Jan Ward who farms close to Farwell feels his operation needs to be diversified. His answer to eroding soil and

irrigation water waste was to install a circle sprinkler system and alfalfa on his land with steeper slopes.

Frank Hinkson of Lazbuddie agrees with Jan about the usefulness of circle sprinkler systems, but improved pasture grasses and small grains fit his operation more and protect the land just as well.

These men have different needs for their farming operations, but they all have a common goal-conservation of natural resources. It has paid off for them and it will pay off for you, too.

For more information on a tailor made system of managing irrigation water to fit your needs contact the Soil Conservation Service in Friona.

Cotton is one of agriculture's most important crops, providing more than one-ninth as much farm revenue as all other crops combined.

ROBERT HARRIS' HAVE VISITORS

Rev. and Mrs. R.P. Thompson, Vickie and Ronnie visited in the home of Mr. and Mrs. Robert Harris this week. They are planning to attend the Southern Baptist Convention in Portland, Ore., later this month.

A happy bridal couple in our town had just driven away from the church when they heard the angry shrill of a state trooper's siren. Embarrassed, the groom pulled over to the curb and asked what he had done.

"Nothing," said the trooper, "but I've been in front of the church for two hours directing traffic for your wedding."

"Now I want my chance to kiss the bride!"

A mid-west preacher received this thank-you letter from a bridegroom he'd married: "Dear Reverend, I want to thank you for the beautiful way you brought my happiness to a conclusion."

"Gee, did I fool that fellow. Imagine trying to make me pay him \$5,000 for a fur coat."

"But I saw you sign the check."

"I know, but he'll never be able to cash it."

"Why not?"

"I didn't fill in the amount."

During an office "coffee break," a group of secretaries was discussing capital punishment. One, asked whether she would prefer electrocution or the gas chamber, answered: "Not gas! Gas makes me sick!"

COUNTY HISTORY PLANNED

Historical Group Hires Local Writer

Nelson Lewis has been named field secretary for the Parmer County Historical Survey Committee, it was announced this week.

Lewis' duties in the newly-created position will be to obtain information and photographs suitable for inclusion in a proposed published version of the history of Parmer County.

"I am available to visit with any person who has information or data that they feel would be worthy of inclusion in compiling a history of Parmer County, and invite residents to call me at 247-3498," Lewis says.

The society has on file several family histories that have been compiled during the last few years.

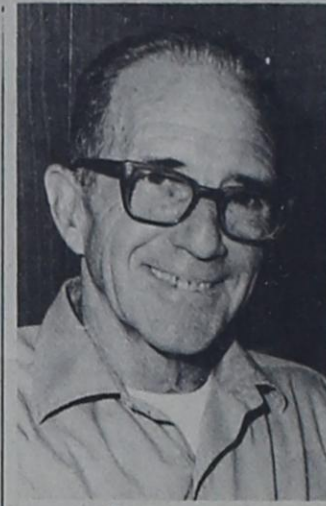

Any photographs that are borrowed for publication will be copied and returned to the owners, Lewis pointed out. "The photos will be stored in a fireproof vault while they are in the possession of the historical survey committee."

Lewis said he wanted to make it clear that he will be glad to come visit with those interested in talking with him. "They don't have to come to me—I'll come to them," he emphasized.

Compiling a history of Parmer County for publication purposes has been a project of the historical survey committee for a number of years.

Lewis is a longtime history buff, and particularly enjoys digging into the history of the Southwest. He has traced the Spanish explorer Coronado's route, spent a night in Charles Goodnight's half-dugout, and enjoys camping out at historical points in the area.

For a number of years, he penned the column, "Pause and Reflect" for the Friona Star, winning the H&R Block Scroll Award for his writing in 1970.

Nelson Lewis

Family Farm Predominates

Contrary to popular belief, the family farm still predominates in U.S. agriculture.

According to data recently released by the Census Bureau, only one American farm in 1,000 is operated by a "giant" corporation. More than 85% of farms with sales of \$2500 or more were operated by families or individuals in 1969, the latest year figures are available.

FLAMING PEPPER BURGERS

1 lb. ground beef
1 egg
1 teaspoon instant minced onion
1 teaspoon salt
1 tablespoon coarsely cracked black peppercorns
2 tablespoons butter
1/4 cup chopped parsley
2 tablespoons lemon juice
1 tablespoon Worcestershire sauce
2 tablespoons bourbon, warmed

Combine beef, egg, onion and salt. Shape into 4 patties. Sprinkle both sides of each with cracked pepper [put peppercorns in small bag and smash with mallet or rolling pin]. Press very lightly into burgers. Let stand about 15 minutes. Sprinkle bottom of a heavy skillet with salt and let it get very hot. Cook hamburgers about 3 minutes each side for medium rare. Reduce heat [or move skillet to a cooler part of the grill] and add butter, parsley, lemon juice and Worcestershire sauce. When heated through, ignite bourbon and pour over. Serve when flames subside, spooning pan juices over. Makes 4 servings.

IN 4-H

Friona Sisters Win D.C. Trip

Two Friona sisters are among 60 young Texans who will be traveling to Washington, D.C. next month for The National American Heritage and Citizenship Short Course sponsored by the 4-H. Karene and Holly Hart, daughters of Mr. and Mrs. Dale Hart, are the only persons chosen from this area.

They are among six youths chosen from District I 4-H, and the only delegates from Parmer County.

Active in 4-H work for a number of years, Karene, 17, and Holly, 16, submitted their record books for judging. The books were carefully kept records of their projects during the past year. It listed projects including cattle, horses, sheep, pigs, clothing, cooking and especially leadership projects.

The duo was unanimous in relating that the main basis for judging was their leadership ability.

They will leave Friona on July 18, travel to Dallas where they will meet with another group of Washington-bound youths and travel by bus to Washington. The four-day tour enroute will take them to many historical sights and they will have an opportunity to visit historical points all along the route.

In Washington, they will attend meetings on citizenship, although the trip should be more of a pleasure tour during

the 14 days they will be gone. No strangers to travel, both girls have done extensive 4-H related traveling, which includes showing livestock at fairs in Kansas, Colorado and Arizona.

They plan to leave Friona on July 18 and return August 2.

Device Cuts Fiber Loss

A simple inexpensive device that reduces fiber loss and increases trash removal from cotton to be spun into yarn is cited by the National Cotton Council as one of the many continuing benefits of U.S. Department of Agriculture research.

The benefit to consumers lies in higher quality cotton fabrics and to textile mills in lower operating costs. Together they help strengthen cotton's position in the highly competitive textile market.

The device, developed at the Southern Marketing and Nutrition Research Division of USDA in New Orleans, is a series of baffles that replace the cleaning knives normally used in cotton carding machines.

Carding is the processing step that separates cotton fibers so they may be formed into a loose strand for spinning. Trash—tiny bits of twig and leaf—is removed in carding.

Besides saving spinnable fibers and efficiently removing trash, the fiber retriever also eliminates a high percentage of short, unspinnable fibers.

**S. McMeans
On Honor Roll**

Stuart McMeans, son of Mr. and Mrs. Bob McMeans of Amarillo, was named to the dean's honor roll for the past semester at Amarillo College. He will transfer to North Texas State in the fall where he will be attending the school on a football scholarship. A graduate of Bovina High School, McMeans has attended Texas Tech University in Lubbock. He is the grandson of Mr. and Mrs. Reagan Looney of Bovina.

BN-HI LEADS LITTLE LEAGUE

**Blade Win Streak
Tops Pee Wee Div.**

The Bovina Blade Pee Wee team pulled a squeaker out of the fire Friday night, defeating Isaac's Department Store, 2-1, to retain their unbeaten record and first place in the Pee Wee division.

Undeclared last year, the Blade team has a 16-game winning streak going. However, Blade Coach Charlie Gilbreath expects a tough battle Friday night from Sherrill-Bonds who has come on strong in the past week of play.

In the Little League division, Big Nick-Horn Insurance came up with two wins this past week to bring their record to 4-0 to retain their hold on first place in that division.

In Tuesday night games last week, Sherrill-Bonds held Chuck's Spraying Service scoreless for an 11-0 win while Riverside Chemical outscored Bovina Gin-Three-Way, 17-10 in the Little League game. Sherrill-Bonds came back

again Thursday night to defeat Chuck's for the second time in a week, 13-2. Bovina Gin-Three Way turned the tables on Riverside Chemical, defeating them, 19-14.

In Friday night games, The Blade edged Isaac's, 2-1, and Big Nick-Horn Insurance took a 17-14 win over First State Bank-Lawlis Gin.

Isaac's Department Store came up with their first victory of the season Monday night, defeating the high-riding Sherrill-Bonds team, 11-4. In the nightcap, Big Nick-Horn Insurance took a 14-7 win over Bovina Gin-Three Way.

Schedule for the next four game nights includes Chuck's Spraying Service versus Isaac's Department Store at 6:30 p.m. tomorrow (Thursday), followed by Riverside Chemical versus Big Nick-Horn Insurance at 8 p.m.

On Friday night, Sherrill-Bonds takes on the Blade at 6:30 p.m. with Bovina Gin-Three-Way meeting First State Bank-Lawlis Gin at 8 p.m.

The Blade will meet Sherrill-Bonds again Monday night at 6:30 p.m. with Bank-Lawlis playing Bovina Gin-Three-Way at 8 p.m.

On Tuesday night, Isaac's Department Store will meet Chuck's Spraying at 6:30 with Big Nick-Horn Insurance taking on Riverside Chemical at 8 p.m.

**Bookmobile
Here Thurs.**

The High Plains Bookmobile will be in Bovina tomorrow (Thursday) from 12:30 to 3:15 p.m.

Other stops that day will be at West Camp from 9:15 to 10:15 a.m. and at Lariat from 10:30 to 11:30 a.m.

Free Bats And Baseballs To Little Leagues

PHILADELPHIA — A major consumer packaged goods promotion that will benefit Little League baseball teams across the country has been announced here.

Up to \$300,000 worth of official baseballs and bats will be distributed to officially chartered Little Leagues through a Scott Paper Company promotion.

Through July, collection of Seals of Quality from five of Scott's packaged production division products will earn up to five cents in value toward the baseballs and bats.

League efforts to collect Seals of Quality will be coordinated; however, individual

consumers are urged to participate as well.

Distribution of baseballs and bats will be made on a prorated basis and will be handled entirely from Little League headquarters in Williamsport, Pa., to authorized Little Leagues.

This arrangement with Scott marks the first time in

the 34 year history of Little League that it has agreed to become partners with a major company.

Little League has more than 6,000 leagues through-

out the United States with over one million youngsters participating in 50,000 teams.

Brands involved in the promotion include ScottTowels, Scotties Facial Tissue, Scott-Tissue, Scott Family Napkins and Waldorf/Family Scott Bathroom Tissue.

HOSPITAL NOTES

Mrs. Dudley Hughes underwent major surgery Wednesday of last week at Deaf Smith Hospital in Hereford. Her condition is reported to be good. She expects to be released next week.

JUNE 17

**Youth Slate
Canvass Here**

The United Methodist Youth of the Bovina United Methodist Church will be sponsoring a "Canvass Against Atheism" on Sunday, June 17.

Youth directors, Mr. and Mrs. Darrel Selke, invite all Bovina youths to meet with the UMY at 8:30 p.m. at the city park. From there, the group will canvass Bovina, passing out letters written to the National Aeronautics and Space Administration supporting the decision of the astronauts to read the Bible in space.

"If enough letters are signed over the United States, then the freedom of our national leaders to express their Christian faith will be protected," said Mrs. Selke.

The campaign is in opposition to Madeline Murray O'Hara's efforts to make it illegal to read the Bible in space. According to reports, she has obtained 27,000 signed letters protesting the decision of the astronauts to read the Bible from their space crafts. She plans to present the letters to NASA with a demand

that astronauts be publicly censured for their act and prohibited from further demonstrations of that nature.

An effort is being made by numerous denominations to secure one million letters to defeat Mrs. O'Hara's purpose.

Those persons not contacted by the youth are invited to copy the following letter and mail it to the following address.

National Aeronautics and Space Administration
Manned Space Craft Center
Astronaut's Office
Houston, Texas 77059

Dear Sirs:
I personally appreciate and wholeheartedly support the decision of the astronauts to read the Bible from their space craft as they orbited the moon during December, 1968. I further support the right of every human being to express their faith in God and the Bible publicly without fear of censure.

Sincerely,
