BEWARE OF CATS — And this young miss seems to be giving a special warning on Halloween Eve. Found meowing out in front of The Merkel Mail Saturday evening, she's been given a "special welcome to stay here until someone claims her." (Staff Photo)

## **Bonfire Scheduled** Friday at 7:30

"Plans have all just about been 'wrapped up'," said Exes Association president, Pinkie Cypert. "Our schedule is complete, from the bonfire Friday evening, until social time after the ballgame Saturday night.'

The Badgers are getting in shape to face the Jim Ned ball team Saturday night at Badger Stadium at 7:30 and an exciting game awaits ball fans.

Merkelites and visitors will be seeing pennants waving from business houses when they start pouring into the city Friday evening, ready for the bon fire near Badger Stadium at 7:30 p.m.

Homecoming queens have been nominated as well as a new feature this year with nominations for "Mr. Exe." Candidate for the Exes Homecoming Queen are Mrs. Quida Reed and Mrs. Marie Derrick. Candidates for Mr. Exe are Robert Hodge of Sweetwater and Sylvan Mellinger.

High school homecoming candidates are Shelia Holland, Cathy Derrington, Cheryl Herring and

Some farmers are through sowing grain and some few are about through cutting their feed and baling hay. It is believed that the feed and hay that are made will supply needs for livestock, which will be a big help. This is the result of the good rains our area received. Some early sown oats are making splendid growth, almost ready for grazing.

Cattle are high and sheep are high; farmers are wondering which would be best to buy to graze the land.

Some farmers are finishing sowing wheat and don't know anything about the wheat program, and yet most farmers would like to go into the program if they knew anything about it.

Some farmers raised their voices so high in opposition to the best wheat program, we have ever had, and help to defeat the program and afterwards, were ready to accept a program that not anyone knows anything abuot and then accept twenty - five cents per bushel for wheat. I think we flat lost the best wheat program we ever had and we certainly reaped the benefits from it on last years' crop.

Now there is very much concern about the skip row cotton program. I think if the farmers want it they should have it, but it has caused a lot of unhappy cotton farmers.

I think our government wants the farmers to have a good sound program, and not be all time crying about so many things. We just notice an article this week where the government program on our wool has been extended

After a cup of milk borrowed from Mr. McKeever over at Mack's Cleaners, and a few kind words, the face behind the 'meow' dent decided to adopt the premises

And so it's been ever since that first "meow" on Halloween each morning a loud growl to al, a cup of milk, a serving of cat food, and she's ready to

Certainly "her majesty" has been accustomed to finer things than a wire basket for a bed and a newspaper for an eating dishbut where those finer things are and where she "came from," has the Mail staff wondering.

Pepole dropping in remark "Why, that's the "So and So's" cat," or "She looks just like Mrs. X's cat." Miss Sara Salter was so sure that "her majesty" belonged to Mrs. Carol Britton and

even did the good deed of taking her over for Mrs. Britton to see - but back she came as though to say after a disgusted "meow" Glenn Reed. "Now that's over with, where's

my wire basket?" A little research reveals that Siamese cats seem less independent than other breeds. They depend on their human friends more than other cats do, and uttter loud, mournful "meows" until they receive attention.

They were first brought to the United States in 1895 and more Siamese cats live in the United States, England and other countries today than in Thailand (Siam).

These "royal cats of Siam" lived in palaces and temples of Thailand for more than two hundred years."

But here's one "her majesty" that will have to put up with a bare floor, wire basket for a bed, and a dish made out of a newspaper, unless the "royal owner" comes and claims her.

## MAYOR PROCLAIMS YOUTH APPRECIATION

Bradbury, an Abilene attorney, who recently returned from a Bradbury, when he spoke to the tour of the Soviet Union, spoke to approximately thirty Lion members and guests at their regular noon luncheon Tuesday, Nov. 2. Bradbury said that he was surprised to find so many young people speaking English. "They know about our country," he said, "the economic problems and the unemployment, but their educa-

cation has been controlled. There were no American newspapers or magazines ' In presenting his impression of

the Russian people, Bradbury showed films depicting the differences in conditions of living in small villages and in the larger cities. "Russia's abundance of things are not to compare with ours," he said. "The people are all busy - all working."

One film showed a group of young people at a gathering. "They are called Young Pioneers," explained Bradbury, and later he said they would be young communists. "This is just a training ground to develop communist minds.

Guests at the noon meeting were Mr. E. E. Reed and Mrs. Mack Davis, Merkel High School teachers, Belan Sedberny and Jack Lewis of Abilene, and Waymon Adcock, Merkel Fire Chief.

NATIONAL SCHOOL LUNCH WEEK OCTOBER 10-16. In the current school year about 18 million children will be served nutritious noonday meals under the National School Lunch Program. It is administered by the U.S. Department of Agriculture's Consumer and Marketing Service, which provides about a fifth of the total cost in cash and food. This program makes it possible for children to enjoy a complete lunch for an average payment of only 27 cents. A tenth of the nearly 3 billion lunches consumed last year were served free or at reduced prices to youngsters who could not afford the full price. About 71,000 public and non-profit private schools are expected to take part in the program this year.

### Swindling Cases Investigated

Taylor County Sheriff George Maxwell, issued a warning for area citizens to be wary of highpressure pest extermination sales talks

The warning, issued this past week end, came after investigation of at least three cases of apparent swindling in the Merkel area, where men hoaxed an clderly man of \$1,150, a woman of \$500 and another woman of a smaller amount.

Maxwell said the men specialized in requesting to level elderly peoples' houses and exterminate termites.

In the area swindlings, the Sheriff's office said that four men were present at one house and three were in on another job. The men used two or three picup trucks and two or three cars. Taylor County officers said the men involved in the Merkel cases apparently were not the same ones who worked a similar deal in Nolan County.

Sheriff Maxwell advised people to hire licensed exterminators from known companies.

Homecoming in Merkel has always been a time of excitement and memories. Juniors are running there and there, making banners and planning the pep rally; teachers are trying to organize the classes for more efficient work, and the "exes" are buying mums and attending parties.

Then comes the BIG NIGHTthe FOOTBALL GAME! The women are remembering and the men are replaying football games of the past. This is the typical homecoming weekend. We hope that our homecoming this year will be as good, if not better, than those of the past.

Mr. Football and Football Sweetheart were chosen last Friday night at the game. Dick White was chosen Mr. Football, by the entire student body, and the Football Sweetheart, selected by the football team, is Pat Bigty. Other nominees for football sweetheart were Becky Gladden and Linda Windham. Runnersup for Mr. Football were Richard Walker and Bruce Allamon.

Also presented at the football game were band favorites. They were Linda Doan and Mike Walla.

Congratulations go to Brownyn Gamble on her being selected sweetheart of the FFA chapter for this school year. Decisions have not been reached at press time concerning the FHA sweettivities. Purcell will speak at 9:30 heart.

us in a nerve - racking game, 15-22. Everyone thought we had it won, but in the last forty seconds the Plowboys turned the table against us. Even though we lost, some say it was the most exciting game of the season. Let's all cheer the Badgers on to victory for this Saturday night.

Last Monday each class met and elected a nominee for homecoming queen. They were Sheila Holland, senior; Cathy Derrington, junior: Chervl Herring. sophomore, and Ann Riney, freshman. The queen will be presented this week at the homecoming game

Friday night there will be a bonfire and a pep rally near the football field. If anyone would like to donate an old house or something, the seniors would appreciate it.

As usual, our regular barbecue supper will be held on that afternoon, just before the program and sale. The sale some fifteen years ago netted a little over \$1,400. That was the largest we have ever had.

Last week, over in the Nolan area, Mr. and Mrs. Garland Story gave a party in their beautiful home in honor of Mr. and Mrs. Joe Nally of Merkel. Other guests at the party were Mr. and Mrs. Tom Russom of the Canyon, and Mr. and Mrs. O. S. Moore of Nolan. A very happy time was enjoyed with some singing and afterwards refreshments were served. Mrs. Story showed us through her beautiful little home, showing some things that were well over a hundred years old.

### The Investment Revolution

Time was when the stock market was largely the haunt of men of wealth who could readily afford the luxury of full-time investment counselors to worry over their investments. How times have changed! The rich can still afford the best

in services, of course, but now their position is no longer exclusive.

Forty-one years ago — in 1924, to be exact — the first mutual fund was established. This development, more than any other, perhaps, helped to popularize and broaden the appeal of equity investment in this country.

Over the years mutual funds have helped to "democratize" the investment of capital in American business and industry, permitting indi-viduals of modest means to share in the growth and de-velopment of the national

economy. In the years since its birth, the mutual fund industry has incorporate the sound prin-grown steadily until today it ciples of diversification of inmanages assets worth more vestment risk and continuous than \$31 billion for more than investment supervision.
