

Bull Town Bulletins

By
Bill Ellis

ALTHOUGH THE WEATHER has been somewhat of a problem for some of the area's farmers—as well as a number of businesses and residents of the city of Amarillo this summer—for the segment of the farm community which has not experienced hail, the summer of 1982 has been above-average in many respects.

From the standpoint of moisture, farmers have received much better rainfall than average during the May-June-July quarter, and this has been great for the farmers who are strictly dryland farmers, or who have had to cut back on their irrigation due either to weaker water or high energy prices.

The rainfall received during the month of July was much better than average. Many times the "middle month" of the summer will pass with scarcely any moisture received, at a time when growing crops are at the height of their moisture need.

Not only was a good amount of rainfall received during the month just passed, but the rains were also spaced out good in many sections of the county, and this is also worth a lot.

Farmers in the dryland section in the northern part of Parmer County got another good rain last Friday morning, and this should give them more than adequate ground-moisture to plant their wheat crops.

If farmers could just see the prices on their farm commodities take an upward trend, it would go a long way toward making the 1982 farm year a successful one. Prices have been on the down-side for so long a time, that it seems they surely will take a turn for the better.

THE PROBLEM OF a better deal for farmers is one on which local resident Ralph Roming has been working on the political level for the past three years or so, and Roming is announcing this week that he plans to devote full time to his position in a lobbying effort on behalf of agriculture.

Virtually every one of the area's elected representatives, from Representative Bill Clayton to Congressman Kent Hance, has said that the key to getting something accomplished for agriculture in congress is more work along the "Political Action Committee" line.

Roming, with his farming experience, and agri-business background, should be a natural to work in this arena. In fact, it was this background which prompted Speaker Clayton to name Roming to his staff a couple of years ago.

With the recent publicity the farm sector has received due to the hail-related disaster all the way from Parmer County on down the line, this could be a good time for agriculture to get its story across.

A number of national figures, both in and out of agriculture were made aware recently of the plight the farmers are in due to weather-related losses.

If the farmers can get the message to congress and the administration that they at least need a fighting chance to make a profit in the marketplace, then perhaps the farm economy will "turn the corner," and once again offer the profit potential that it formerly did.

Footballers Need Forms

Coach Larry Helton said that all BHS prospective football players must pick up a new form which is necessary, along with their physical examination, prior to two-a-day workouts which begin August 9.

The forms must be signed by the parents prior to the physical examination.

Mosquitoes Are Threat To Horses And Pets

Local residents have been warned to check their pets and horses for special diseases this summer, due to the unusual amount of rain, and the high mosquito population.

Dr. Gary Cash, Friona veterinarian, said that there had been a confirmed case of viral encephalitis in a horse this summer in Bovina, so horse owners need to be on the lookout, lest there be an outbreak of this disease, otherwise known as "sleeping sickness."

Dr. Cash said the symptoms of encephalitis in horses include staggering, severe depression and incoordination. The viral germ is transferred to horses from birds to mosquitoes.

The germ is not transferrable from horses to humans, Dr. Cash said, but the same mosquitoes that transfer the virus to a horse could give it to a human.

The local veterinarian said that there had been some unconfirmed reports of humans contracting sleeping sickness in the Hereford area this summer.

Dr. Cash warned that this could be a bad year for viral encephalitis, due to the weather conditions, but that if horse owners will keep an eye on their animals, such an outbreak as was seen in the area in 1977, and again in 1980 might be avoided.

In 1977, around 100 cases of the equine encephalitis were recorded in Parmer County, as the disease reached epidemic proportions. The situation was not nearly as bad locally in 1980, although neighboring counties were severely affected.

Concerning household and yard pets, such as dogs and cats, Dr. Cash said that heartworms, a

problem affecting dogs, is transferrable from birds, also by the pesky mosquito.

Fleas and ticks also can become a problem, and fleas are the intermediate hosts for some types of tapeworms. When dogs chew fleas and break them open, the tapeworms are swallowed and can get into the animal's digestive system.

Dr. Cash said that the area's weather conditions of 1982 also has been conducive to a heavy infestation of fleas—the mild winter which was followed by a rainy season and hot humid summer days.

The veterinarian suggested that there are several remedies for controlling fleas. One is a solution which can be sponged over the pet. There are also sprays and powders, and oral pills.

Pet owners were reminded to read the product label and follow the instructions carefully, as improper use of flea and tick products can kill a pet.

The obvious sign that your dog or cat has fleas is scratching. Pet owners should also watch for skin inflammation or bald spots.

But treating your pet is not enough, according to Dr. Cash. Unless the premises, including the house and yard, have been treated, the fleas or ticks may come back. Pets should also be kept within the confines of the treated areas, the veterinarian said.

Foggers are available for use in the home, which will kill both the fleas and their larvae.

If in doubt about the best method for controlling fleas or ticks, contact your veterinarian for his suggestions for your particular problem.

Commission Awards Bid On New, Used Equipment

Awarding of contracts for a used truck-tractor, and a new tractor with front-end loader and backhoe were the principal items of business for the Parmer County Commissioner's Court this past Monday.

On the tractor, front-end loader and backhoe, two bids were received on new equipment, from Case Power & Equipment of Clovis and Deckard Equipment Co. of Amarillo. In addition, Running Water Irrigation Co. of Bovina submitted a bid on a used piece of equipment.

A motion was passed to accept the bid by Deckard Equipment Co.,

Amarillo, as the lowest and best bid, in the amount of \$21,893 trade-in.

Two bids were received on the used truck-tractor, from McGehee Truck Co. of Clovis and Dale Gober of Bovina. Gober's bid, the lowest of the two, was accepted in the amount of \$6,750.00.

A motion was unanimously passed for Parmer County to participate in the surplus cheese program through the Panhandle Community Action Corp.

Seth Halbert and C.L. Abernathy of the Central Plains Mental Health/Mental Retardation Center,

Plainview, made their annual report to the court and requested the consideration that the county's annual fee of \$2,430 to the Central Plains MH/MR, be contained in the 1983 budget. The fee is the same as for the previous year. Motion was passed unanimously to include this fee in the county's budget.

A delegation from Parmer County Community Hospital, Elda Hart, J.W. Gammon, Wendell Gresham, Cordie Potts and Dr. Paul Spring, appeared before the court explaining their needs and seeking financial help. The court assured the group that it would try to include something in its 1983 budget for this purpose.

At the suggestion of Benna Felts, County Treasurer, a motion was passed to re-invest \$125,000 of right-of-way money from a certificate of deposit currently maturing in another C.D., to mature November 9, 1982. It also was voted to re-invest \$10,000 of the permanent improvement money in a C.D. to mature November 9, 1982.

A motion was passed to pay the boarding care bills for the Parmer County foster children in the amount of \$1,005, which money will be refunded to the county through the state.

A report from a "jury of view" on opening a new road was postponed, since attorney Charles Aycock, representative of the group, was out

(Continued on Page 7)

OWNERSHIP CHANGE....Ralph Roming, left, and Gaylon Rhodes, are shown as they shake hands following consummation of the transaction in which Rhodes bought the local Funk Seed dealership from Roming. The ownership change was effective August 1.

BHS TWIRLERS....Getting ready to lead the Mustang Band onto the field this fall for halftime shows are the Bovina High School Twirlers, Gail Turner and Rebecca Hodnett. Gail is the daughter of Mrs. Pat Turner, and Rebecca is the daughter of Mr. and Mrs. Larry Hodnett. Both will be juniors this fall.

Ownership Change Is Given For Company

Gaylon Rhodes has purchased Ralph's Funk Seeds from Ralph Roming, according to a joint announcement from the two parties this week. The transaction was effective August 1.

Roming has been the Funk Seed dealer in Bovina for the past ten years, says he is selling the business in order to devote full time to a position he has held in Washington, D.C. since last September.

Roming is associated with the Martin-Ryan-Haley Company in Washington, and to put it simply, he says that his job consists of being a lobbyist.

"I will be working with Agricultural clients from across the nation," Roming says.

Rhodes, the former manager of Agri-Sprayers for several years, has been engaged in farming as well as contract highway mowing for the past couple of years since leaving his post at Agri-Sprayers.

"I know that Gaylon will do a super job of serving my former customers. I appreciate the fine patronage, and the patience that my customers have shown during the last few years when I had other interests. I finally decided I was doing my customers an injustice.

"Donna and I have had the pleasure of serving many of you for several years, and it has been our distinct pleasure to have served the finest people on earth—the American farmer," Roming said.

Roming added that Gaylon and Shelby Rhodes were "tailor-made" to own the business he has had the past decade.

"We want to invite all of our former customers to come by and visit us. We extend an invitation to all of our friends and neighbors to come by and see what we have to offer," Rhodes said.

The new name of the company will be Bovina Seed Company. Location will be unchanged—700 Third Street.

School To Open Here August 23

Superintendent of Schools Bob Owen announced dates this week pertinent to the opening of Bovina Schools.

Teachers will begin on August 18-19 with workdays, and an in-service day on August 20.

Enrollment for high school students will be held August 19 at 1:30 p.m. Junior High registration will be held at 10:30 a.m. August 19.

There will be no registration for students in grades K through six, but new students should pre-register anytime before school starts.

Regular classes will start Monday, August 23 at 8:20 a.m.

New faces in the school system this year will include Danny Cochran, high school principal; and the following teachers: Karen Helton, third grade; April Gober, Title I reading; Earlene Cochran, junior high English; De Dickey, high school special education.

Also, Marka Herbert, homemaking; Larry Helton, athletic director, head football coach and government; Marks Lanham, basketball coach, health, P-E; Pat Carrigan, coach, biology, P-E; Terry Brax, coach, elementary P-E; Eddie Fortenbery, junior high boys coach, history, P-E; and Judy Steffens, junior high girls coach, P-E.

Judy Hromas will be a new aide in the school system this year, and Jim Wehnt will be new in maintenance.

MBPXL Sets Name Change

MBPXL Corp., the beef processing subsidiary of Cargill Inc., today changed its name to Excel Corp.

Excel President Bill Nicholson said the move would eliminate confusion over the company's name.

"The old name combined the initials of Missouri Beef Packers (MBP) with initials representing the Excel brand name of Kansas Beef

Industries," he said.

Missouri Beef Packers and Kansas Beef Industries merged in 1974 to form MBPXL Corp. Since the merger, Nicholson said, the company has steadily expanded its range of boxed beef items and marketing programs for domestic and export markets.

He said the new corporate name

will be identified closely with the Excel brand.

Excel is based in Wichita and also has plants in Rockport, Missouri, Dodge City, Kansas, Friona, and Plainview, Texas.

Company spokesman Les Williams said Excel has about 5,000 employees.

Cargill acquired the firm in 1979.

REFLECTIONS From The Blade

25 YEARS AGO--AUGUST 7, 1957

"It's possible that we (Bovina) can get some paving this year," a member of Bovina city commission announced Monday night in a regular meeting of the board in the city hall.

Rain, totaling some 2 1/2 inches, splashed down slowly on Bovina Monday morning. The surrounding area didn't, in most cases, get that much, but "it rained some nearly everywhere around," as one man explained it.

A 1957 Ford, appearing to be transporting considerable weight, aroused the suspicion of Sheriff Chas. Lovelace Sunday morning, and after investigating, the lawman found that the car contained 25 cases of beer--all quarts.

A petition bearing the signatures of some 50 Bovina School District taxpayers was presented to the school district equalization board at their July 30 session. The document requested that the board "readjust and reallocate" taxes for 1957.

20 YEARS AGO--AUGUST 8, 1962

Cantaloupe harvest is slated to get underway here Friday and Saturday of this week. A portion of the 450 acres of cantaloupes in this area are scheduled to be ready for harvesting by then.

As many as 150 horses are expected to be entered in the Second Annual Bovina Quarterhorse Show here Saturday, August 18.

"Everything in America is air conditioned--even the cars!" That was one of the first impressions of Elke Steffens, from Germany, who is Bovina's first exchange student.

Dean McCallum and Jimmy Ware have purchased Bovina Real Estate and Insurance from A.L. Glasscock. Involved in the transaction was the general insurance business of Bovina Real Estate and Insurance and a swap of offices by Glasscock and McCallum Agency.

15 YEARS AGO--AUGUST 9, 1967

Bull Town Days, 1967, is just a week away. Almost 4,000 pounds of dressed beef are hanging "on the rail" in readiness for the Bull Town Days free barbecue on Friday, August 18.

Band director, Joe Wayne Harper, announced this week that band practice will start Monday, August 14. Two all-regional band members will be back this year. They are Tommy Spears and Mike Grissom.

In memory of her husband, J.P. Macon, Mrs. Macon paid for all the coffee which was served Thursday at Bovina Restaurant and The Spudnut Shop. Mr. Macon died July 28. "J.P. thought so much of his coffee drinking friends and this is something we wanted to do," Mrs. Macon said.

Mike Grissom, son of Mr. and Mrs. L.L. Grissom, left Tuesday on a chartered bus with other area high school students for a seminar at Baylor University.

10 YEARS AGO--AUGUST 9, 1972

Mrs. J.W. (Furne) Harris has been selected to receive the Chamber of Commerce and Agriculture's "Good Guy" award for August. She was selected on the basis of her volunteer work at the Bovina Lions Club concession stand at the baseball park for the past seven years.

Bovina's city council voted to continue to go along with a state-sponsored project to install railroad crossing gates on the east for 80 per cent of the cost to be paid by the state.

Three 20-year-old men were taken into custody and charged with possession of marijuana about 1 a.m. Sunday at Bovina's city park by City Marshall, Ronald Mitchell and Deputy Sheriff, Henry Minter.

5 YEARS AGO--AUGUST 3, 1977

Larry Manuel, 30, has been named manager of Bovina's Chemical Enterprises outlet, it was announced this week by company officials.

Elton and Marie Venable, Bovina, are undertaking the task of identifying the grave sites of all Veterans of Wars who are buried in the Bovina Cemetery. It is known there are 39 such sites.

Parmer County Sheriff's deputies are searching for a red and white 1962 Ford car believed connected with the Saturday night theft of some machinery at the Ralph Shelton barn five miles south and west of Friona.

Hospital Report

ADMISSIONS--

Nellie White, Friona; Eva Marie Gonzales, Friona; Leslie Ainsworth, Friona; Edith Rosson, Bovina; June Patton, Bovina; Humberto Gonzales, Hereford; Suzanne Tullis and baby girl, Friona; Hope Pesina, Hereford; Thelma Watson, Hereford; Jenny Johnson, Friona; and Ricardo Soria, Friona.

DISMISSALS--

Leslie Ainsworth, John Gaede, Linda Ybarra and baby boy, Carol Hardesty, Nellie White, Edith Rosson, Eva Marie Gonzales, Rosie Leal and baby boy, Raymond Schueler, June Patton, Suzanne Tullis and baby girl.

PATIENTS IN HOSPITAL--

Ada Houser, Tisha Harris, Lillian Clark, Jenny Johnson, Ricardo Soria, Humberto Gonzales, Hope Pesina, Thelma Watson and Eugene Hester.

Shower Set August 7

A baby shower will be held for Jana Barrett at First State Bank Saturday, August 7, from 3-4 p.m.

Hostesses for the shower are Juanda Murphy, Martha Garner, Carolyn Pruitt, Barbara Corbin, Tamra Corbin, Lillian Rogers, Cindy Bradburn, Dorothy Sorley, Phyllis Steelman, Esther Steelman, Susan Kerby, Judy Hromas and Scooter Russell.

Selections for the shower are at Kirkpatrick's in Bovina.

Israeli Team Wheat
A six member from Israel will August 8-11, as part of a promotional program...
Wheat Producers members, under Texas Wheat Producers U.S. Wheat Assn. export elevators...
merchandise with quality country elevators...
The team consists of Karzarin, owner Katurin Flour Mill, Eliezer Poser, manager Ein-Chay Flour Mill, Saba, Eliahu Grinberg, director, Jerusalem director, Mirfraz F. Haifa; David manager, Yezreel and Myron Kravitz, Marketing Specialist, Associates, Inc., Netherlands.
"Israel is the largest U.S. wheat in having imported million bushels last year the top ten customer Red Winter Wheat Moore, chairman Producers Board significant wheat year and we want grower to get the added Moore. producer has been 98 per cent of market due to sponsored with the funds," stated European Market U.S. Wheat Assn. Texas, and producers main and conduct programs, such trade team, through check-offs to the commissions. 9 succeeded in an per year increase exports each Overseas active through 12 offices world.

Israeli Trade Team Visits Wheat Area

A six member wheat trade team from Israel will be in Texas on August 8-11, as part of the ongoing promotional program of the Texas Wheat Producers Board. The team members, under the direction of Texas Wheat Producers Board and U.S. Wheat Associates, will visit export elevators and grain merchandisers in Houston, along with quality control facilities and country elevators in the Panhandle.

The team consists of Abraham Karzorin, owner and manager of Katzurin Flour Mills Ltd. in Tel Aviv; Eliesner Poser, managing director of Ein-Chay Flour Mills Ltd. of Kfar-Saba; Eliahu Grinstein, managing director, Jerusalem Mills Ltd. from Jerusalem; Jacob Adari, managing director, Mifratz Flour Mills Ltd., in Haifa; David Granot, general manager, Yezreel Flour Mill in Afula; and Myron Krenzin, European Marketing Specialist, U.S. Wheat Associates, Inc., in Rotterdam, the Netherlands.

"Israel is the largest customer for U.S. wheat in the Middle East, having imported approximately 20 million bushels last year, and ranks in the top ten customers for U.S. Hard Red Winter Wheat," reports W.R. Moore, chairman of the Texas Wheat Producers Board. "Israel could be a significant wheat purchaser again this year and we want the Texas and U.S. grower to get that export business," added Moore. "The U.S. wheat producer has been able to capture 95-98 per cent of the Israeli wheat market due to programs which are sponsored with their wheat check-off funds," stated Myron Krenzin, European Marketing Specialist with U.S. Wheat Associates in Rotterdam.

Texas, and other states, wheat producers maintain their relations and conduct market development programs, such as hosting the Israeli trade team, through their per-bushel check-offs to their wheat boards and commissions. Such activities have succeeded in an average 15 per cent per year increase in U.S. wheat exports each of the past ten years. Overseas activities are carried on through 12 offices located around the world.

Scooter's Scoops

By Scooter Russell

We went camping weekend before last and our son-in-law, Chuck Scott, who had been working in Colorado met us at Eagle Nest and came home with us for the week...Last Tuesday our family enjoyed seeing the production "Texas" in the Palo Duro Canyon and Wednesday daughter Janee and I, children, Jason and Rene', went to Lubbock and watched the Ringling Bros. Barnum & Bailey Circus and sat with Bill and Carol Ellis who provided the tickets...The circus was fantastic, hope you made it to Lubbock for this...Last Saturday, Jim and I took Janee and family to Grand Junction, Colorado, where they picked up furniture stored and moved back to Idaho...On the way to Grand Junction we stopped at Canon City's beautiful Royal Gorge and walked across the highest bridge in the world which extends 1200 feet above the Arkansas River...Jim and I came back to Bovina Monday afternoon of this week. Had a wonderful 25 days with Janee and family...and it sure is quiet around our place!

We wish to extend our deepest sympathies to the family of Forrest Bell who passed away in Shreveport, Louisiana, July 25. He was Durward Bell's brother and he was survived by his mother, Mrs. J.W. Bell, Bovina; his wife, Jane; and three sons. Attending the funeral from our area were Durward and Fern and their son Greg and Durward's sister, Mrs. Erick Pierce of Pleasant Hill.

Vernon Ward came in the office grinning from ear to ear and telling me about how excited he and his wife Dottie are because his granddaughter Kathy and her husband Chris Roberts will be moving from Chicago to Clovis and should be there by the fifteenth of the month. We're happy for them, too.

Visiting over the weekend with Sue and Lonnie Fowler were Sue's sister and family, Mr. and Mrs. C.T. Gross

and children, Sheri and Craig of Las Cruces, New Mexico.

I talked Tuesday morning with Mrs. J.D. Terry and she said her husband will be having surgery during the latter part of the week in the Veteran's Hospital in Amarillo.

Mrs. Ruth Ledbetter of McAllen is visiting this summer with her sister Mrs. T.J. Hopingardner. These ladies, both widows, are the only living members of their family.

Brother J.L. Bass has been holding a revival at the Pecan Grove Baptist Church in San Saba, Texas. Their daughter and her husband, Jana and Jarvis Hensley of Odessa visited in their home over the weekend and Jana attended her class reunion held in Farwell.

Don and Gladys Spring are having a good time this week with daughters Pam and Alicia who are home from college. Pam has been at College Station and Alicia at Houston. This fall Pam will be going to San Angelo and Alicia will be going to Defiance College in Defiance, Ohio.

Little Al Kerby underwent surgery to repair the damage on his fingers caused by an accident at Al Kerby's Welding Shop. I talked with his wife Susan and she said Al had surgery last Friday at the Lubbock General Hospital and came home Saturday and is getting along fine.

Lavoida and Erith Hawkins and son Chet returned to Bovina Monday night following a trip to Topeka, Kansas, to visit with Erith's brother and sister-in-law, Gene and Louise Hawkins. Lavoida said Gene had had back surgery recently and was getting along fine. On their way to Kansas the Hawkins spent some time in Oklahoma City going through the Cowboy Hall of Fame and while in Wichita Falls they toured the old Main Street which has been restored

and is now called "Cowtown." Lavoida said while they were in Oklahoma City they really had a downpour of rain and even were delayed a while, waiting for the rain to stop.

Bobby and Janice Patton and children, Paul and Beth, were in Bovina over the weekend visiting Bobby's sister and brother-in-law, Juanda and Don Murphy. While in the area Bobby and Janice went to see "Texas," at Palo Duro Canyon last Saturday.

Ludene Davis of Roswell, New Mexico, visited in Bovina last Thursday night with her parents, Brother and Mrs. Terry. Friday the family went to Sulphur Springs and took their ten year old grandson Jesse of Lufkin with them. His mother, Diane Clayton was able to spend the day there with the family visiting friends and relatives.

Sunday the Terrys spent time at the Elm Church and attended memorial services held for the community that afternoon. They visited with two of Mrs. Terry's aunts, Mrs. Cordie Dixon and Mrs. Judson Stevens in Matador and her sister Ruby Tucker of Plainview. Brother Terry said they met with a lot of old friends and made a lot of new ones on their trip.

Rose McCain went to Cleburne over the weekend to the Lain family reunion which was held on the banks of the Brazos River. About 65 members of the family attended.

I talked Tuesday with P.O. Dixon and he was telling me about visiting a relative, Annie Spurlock of Sunray recently. He said she was 97 years of age and had completed 64 afghans to be given away. Said she painted up until recently when she began having problems with her eyes but plans to get back to it someday. Dixon also visited with his sister Dovie Fedrick of Stratford. He was telling me his daughter Mary Hazel Hill of

Amarillo suffered a slight heart attack and had been hospitalized in Saint Anthony's Hospital in Amarillo but had been transferred to Houston. They hope they can place a type of balloon in an artery of her heart to expand it rather than have extensive surgery, P.O. said.

Mrs. Amos Steelman called this week and reports that an artist who is special to her, Bob Summers, is having a showing of his nine-foot bronze statue of John Wayne he has done for the John Wayne Airport in Los Angeles. The showing will be held in Glen Rose, Texas Monday, August 9.

Mrs. Steelman's daughter, Evelyn Joyce Vineyard, a school teacher and Bovina native, lives in Glen Rose, and the ladies are well acquainted with artist Summers' sister. They have visited Summers' studio. Both of the late actor's sons are to be present for the showing.

Thank you for helping with the Scoops this week and don't forget to call next week...Scooter.

In life it is difficult to say who do you the most mischief, enemies with the worst intentions or friends with the best. --Bulwer-Lytton

GTE Will Charge For Excessive Assistance

Beginning August 1, General Telephone customers in Texas will be charged for calls to directory assistance that exceed a ten-call per month limit.

"The increasing volume of calls to directory assistance is one factor that has made local basic monthly rates paid by all customers go up in the past," O.D. Hearn, operations manager-Western Division Operations for General Telephone, said. "With the directory assistance charging plan, the local rate increases recently placed in effect were less than what they would have been without directory assistance charging."

Hearn pointed out that charging for calls to directory assistance exceeding a ten-call per month limit will have little effect on the majority of the company's customers, except to help keep basic rates lower than they would be without the charge.

"Our studies have shown that approximately nine per cent of the total directory assistance users make nearly half of all calls to directory assistance," Hearn said.

"Under the previous method, the

July Raise

Won't Affect

S.S. Payees

The Social Security raise that was received in July won't count against Supplemental Security Income checks until September, according to word from the Social Security Administration.

As of April 1982 a change in the method of charging other income against SSI benefits provides for counting new amounts in the second month after the new amount began.

Anyone who receives both Social Security and SSI checks in July, 1982 will get a 7.4 per cent increase on both checks. The SSI check will be reduced in September, 1982 to take into account the raise in the July Social Security check.

Anyone who has a question about the new procedure can get more information from the Clovis Social Security Office. They are located at 912 Parkland or you may call 1-800-432-5900.

cost of providing directory assistance was spread among all customers, regardless of whether they use the service or not," the telephone company manager said. "Customers formerly could make an unlimited number of calls to directory assistance without paying a separate charge.

"As a result, customers who never use the service or who used it very little were paying just as much through their local rates as the heavy users for this service.

"Charging for excessive use will transfer the costs to those who use the service extensively, resulting in keeping basic local rates lower than they would be otherwise."

Each General customer will have a ten-call per month per line allowance without charge. The caller can also obtain a maximum of two telephone numbers during each call under the plan approved July 14 by the Public Utility Commission.

"We feel this will take care of new listings and number changes most customers will need during the course of a month," the manager said.

"After a ten-call limit, a 25-cent charge per request will be assessed."

Calls for which no charge would be assessed will be those made from coin telephones, from hospitals, by certified handicapped persons who cannot use a telephone directory, and calls for long-distance directory assistance which are offset by a long-distance call.

Sgt. Gore Completes Army Phase

Sgt. Bryan D. Gore, son of Lewis and Elizabeth Gore of Friona, has completed a Pershing missile electrical mechanical repair course at the U.S. Army Missile and Munitions Center and School, Redstone Arsenal, Alabama.

During the course, students acquired a working knowledge of the Pershing missile and learned how to inspect, test, and repair the weapon system.

He is a 1978 graduate of Friona High School.

YOU'RE A GRAND OLD FLAG.... One of the many patriotic numbers performed in Friona's Summer Drama Workshop production of "Tin-types" is shown above. Left to right are Amber Smith, Melanie Blackwell, Andy Alexander of Bovina, Stanley Ellis and Ricky Barnett.

The Speaker Reports

by Bill Clayton

AUSTIN—Shortly before the Second Special Session of the 67th Legislature was to convene in May, the Texas Department of Corrections announced that it was closing its doors to incoming prisoners. The State Board of Corrections made this decision in response to a 1981 federal court order from U.S. District Judge William Wayne Justice to reduce prison overcrowding.

But closing the doors of TDC meant that several county jails would immediately be overburdened with inmates which couldn't be transferred to state prison facilities.

Faced with this difficult situation, the Governor opened the call and the Legislature dealt with the problem by passing House Bill 9 in the special session.

This bill provides approximately \$51 million to accelerate current construction projects, to adapt buildings for inmate housing, to construct additional inmate beds, to construct three 80-man employee dormitories, to provide additional equipment and operating costs, to hire additional guards, and to provide transportation costs of inmates from jails to TDC.

In addition, approximately \$2 million is appropriated to the Board of Pardons and Paroles for three additional parole commissioners and for more parole officers and support staff. Also, \$2.5 million was appropriated to the Texas Adult Probation Commission for additional intensive supervision probation personnel at the local probation departments, and for new residential treatment centers.

An added provision appropriates an additional \$250,000 for the comptroller to be used for attorney fees and related expenses in accordance with Article 26.055, Code of Criminal Procedure, 1965 (refers to contribution of state and county for defense of certain prisoners). A limit of \$10,000 is set for attorney fees and other plaintiff expenses in any suit brought against TDC unless the legislature specifically authorizes additional funds.

An amendment to the bill prevents TDC from using any of its funds to begin projects that would necessitate a request for emergency appropriations from the 68th Legislature to complete new projects. This prevents TDC from beginning construction of 13 1,000 bed prison units. The intent behind the amendment is to allow the legislature to consider alternatives to new prison construction.

Recently, much of Judge Justice's ruling has been reversed and modified by the U.S. 5th Circuit Court of Appeals. However, up-

held was the provision that the TDC population had to be reduced to two inmates per cell.

I am glad that the appeals court saw fit to eliminate the majority of burdensome requirements imposed by the lower court, for now our state can devote our time, funds and concentrated efforts towards the most salient problems in our prisons and in other branches of our criminal justice system. There are no easy solutions, but there are certainly improvements which need to be made by the 68th Legislature.

General Telephone Adds Late Charge Policy

General Telephone business customers who do not pay their telephone bills on time will be charged a late charge fee on past due amounts effective August 4.

The charge will apply only to business customers in accordance with Public Utility Commission of

Texas rules.

The fee will be equal to five per cent of the delinquent amount. The late charge will apply if the bill is not paid by the due date shown on the bill.

O.D. Hearn, general manager-Western Division Operations for General, said the late pay charge is designed to place the costs associated with collecting past due business account bills on those customers causing the costs.

"It is not fair to customers who pay their bills on time to have to pay higher monthly local basic rates because of customers who do not pay on time," Hearn said.

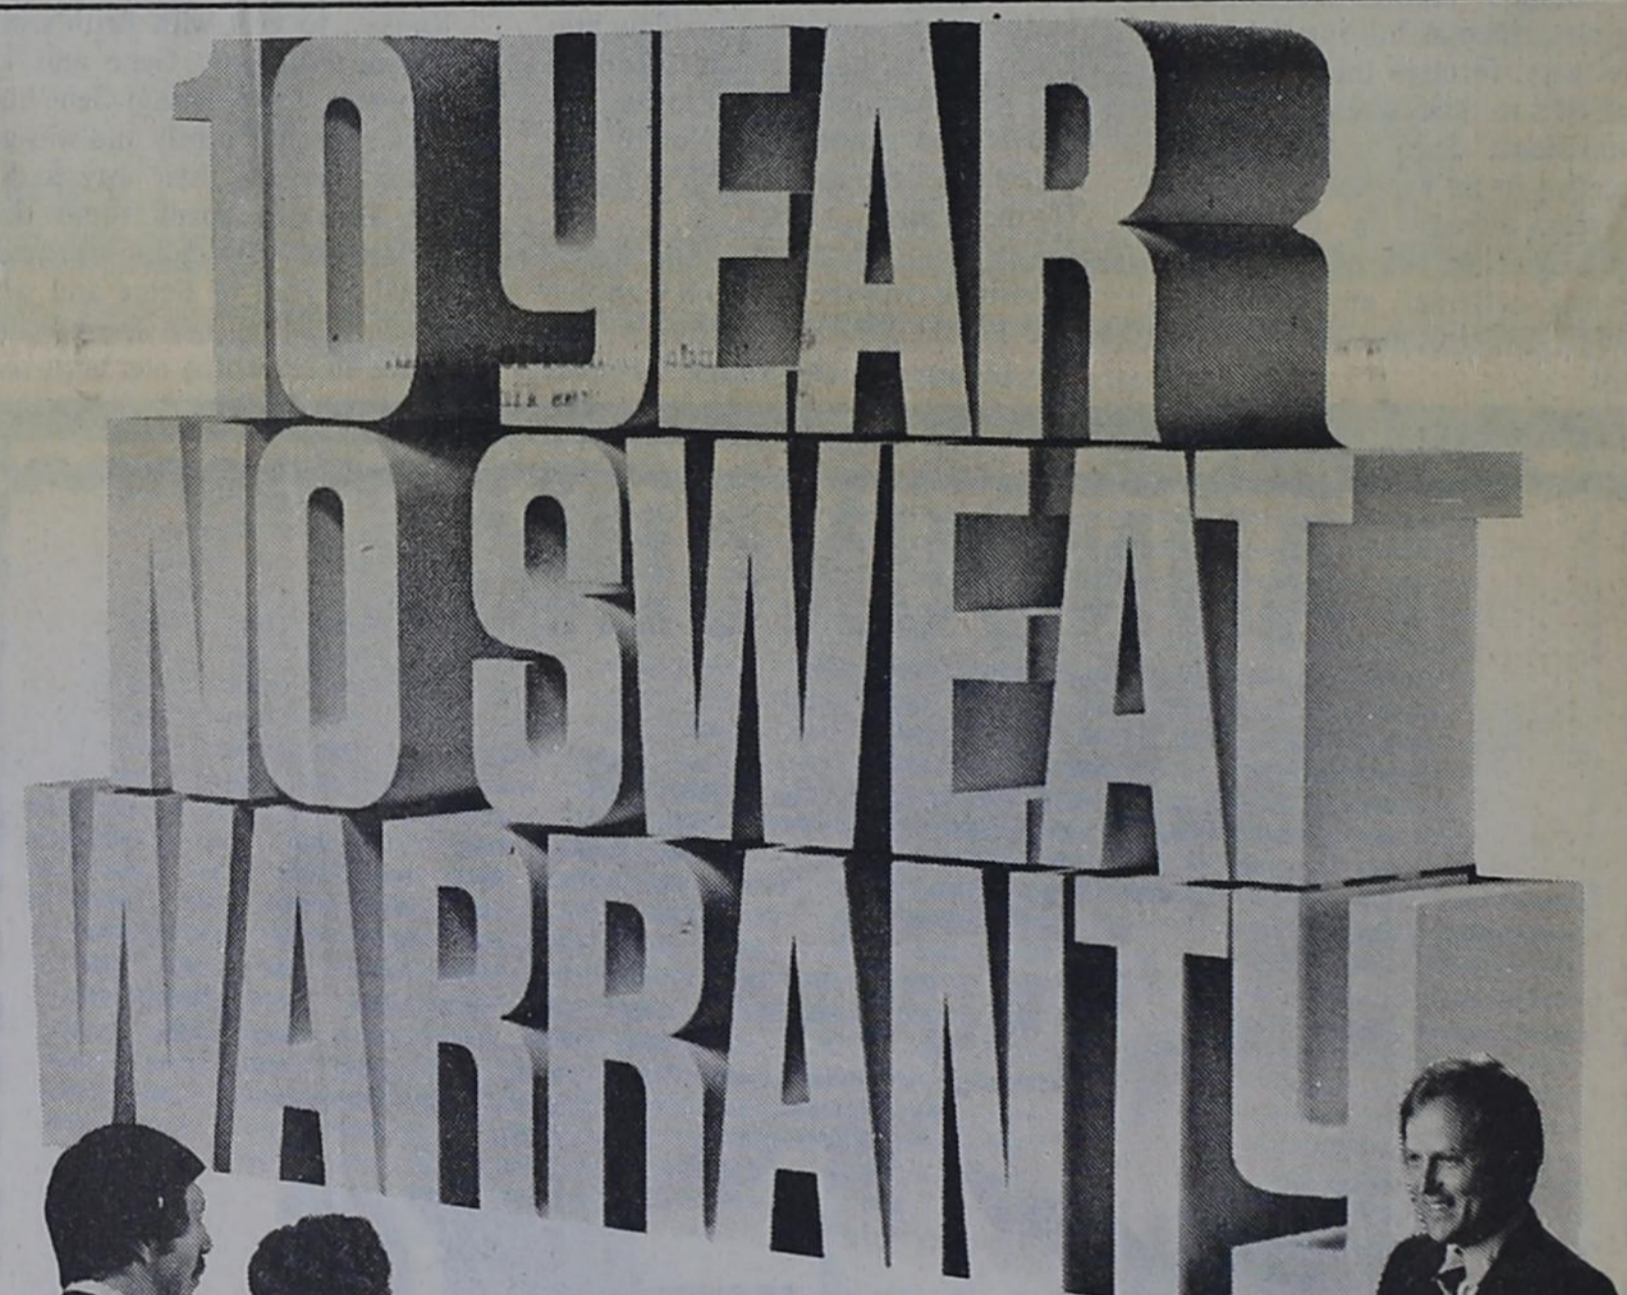

"Another advantage will be to reduce the amount of uncollectible bills since those business customers who will pay their bills will now have an incentive to pay it before the late charge is assessed. We will be in a better position to determine the bills that may never be collected and take action sooner to reduce losses," Hearn said.

"Our late charge policy serves to protect customers since uncollected bills and the related costs are an expense item paid by all customers. By keeping uncollectible bills as low as possible, we can help keep local basic rates lower than they would be otherwise," Hearn said.

L. Wilkinson Reenlists In Marine Corps

Marine Sgt. Lynndon L. Wilkinson, son of Larry and Billie J. Manuel of Bovina, has re-enlisted for four years in the Marine Corps.

He will serve with the 1st Battalion, 4th Marines, Marine Corps Air Ground Combat Center, Twenty-nine Palms, California.

If Air Conditioning doesn't have it here it probably doesn't have it.

Gas Air Conditioning Has It!

No other air conditioner has a warranty like a gas air conditioner because no other air conditioner is built like a gas air conditioner.

Gas air conditioning has fewer moving parts and no compressor to wear out or break down. This means less wear and tear and lower maintenance costs.

That's why gas air conditioning is so dependable and why it has a warranty that's twice as long as other types of units... a full 10 years!

Find out more about the air conditioning that's backed by the best warranty available. Call Energas today for a free cooling survey and cost estimate. There's no obligation.

Remember, all air conditioning was not created equal. And we have the paper to prove it!

Manufacturer's limited warranty covers all defects in materials and workmanship on the sealed refrigeration unit for ten years from the date of installation of the air conditioner when it is installed in a single family residence. All other parts are warranted for one year from date of installation.

VISION SCREENING SCHOOL CHILDREN

Vision screening programs conducted in school are valuable in measuring how well or how poorly a child sees with each eye at 20 feet. Our School Nurses who conduct the screening programs do a good job, but such screening cannot substitute for a thorough vision examination by an eye specialist. For instance, problems with near vision, eye coordination and focusing ability and eye health conditions may not be discovered merely by using the typical school screening tests.

The American Optometric Association lists these basic vision needs for school: Near Vision--the ability to focus and see clearly at 13 to 16 inches; Binocular coordination--ability to make the two eyes work together; Distance Vision--the ability to see clearly at 10 feet or more; and Adequate field of vision--ability to see to both sides and up and down while focusing on a small object.

A complete visual analysis is needed to evaluate these abilities. All school children should have a complete vision examination each year and healthy adults at least each two years by an Optometrist.

This message is brought in the interest of better vision by
 Drs. Armistead & Smith, Optometrists, Littlefield, Texas.

Fifty Senior Citizens Meet For Luncheon

The Senior Citizens met July 28 for their monthly luncheon with fifty members and visitors present. After lunch a short business meeting was held. It was voted that Senior Citizens will have a booth of arts, crafts and baked goods during Bull Town Days. "So come by and see what we have," said a spokesman for the club.

Those having birthdays in August will be honored with a party on August 11.

Those attending the luncheon were Mr. and Mrs. H.H. Kelso, Mr. and Mrs. Clifford Leake, Sid Lloyd, Elbert Kelley, Willie Mae Ross, Bill Hill.

Also, Mr. and Mrs. Levi Johnson, Mr. and Mrs. Grady King, Mr. and Mrs. George Trimble, Montie Turner, Mr. and Mrs. Earl Richards, Mr. and Mrs. Willie Gipson.

Also, Mr. and Mrs. Cecil Sisk, Mr. and Mrs. Buck Ellison, Mr. and Mrs. Travis Hancock, Ruth Ledbetter, Mae Hoppinggardner, Hattie Burnett.

Also, Lillian Warren, Ola Epperly, J.J. Terry, Alice Moore, Lillie Fuller,

Flora Lee Bass, Allene Russell. Also, Mr. and Mrs. French Crook, J.T. and Tessie Jones, Mr. and Mrs. Tom Rhodes, Mona Smith, Mr. and Mrs. Alvo Kersey and visitors, Mr. and Mrs. Neal Smith and daughter.

Twelve Attend 4-H Field Day

Twelve Parmer County 4-H'ers attended the Texas Hampshire Breeders Field Day at Bilt-Rite Farms, Happy, Texas, on July 29.

Four-H'ers participated in judging contests and type discussions. A very interesting program was given by Dr. Don Orr, of Texas Tech University.

Those attending were Guy and Glenda Ellis and Chad Rhodes from Friona 4-H; Charles and Sharlet Johnson and David Boozer from Bovina 4-H; Vandi Tarter of Lazbuddie 4-H; Eric Williams, Kevin Owen, Daniel and Geretta Hutchins and Danna Ralston of Farwell 4-H.

These 4-H'ers were accompanied by Nelda Ellis, Judy Rhodes, Lowell Boozer and CEA Seth Ralston.

CAPITOL UPDATE

John Tower
 U.S. SENATOR for TEXAS

Definition of "navigable waters" for purposes of federal regulation has been a persistent problem for Texas communities and individuals. While logic would seem to dictate that the term "navigable waters" means a body of water over which boats can travel, the legal definition for the past 10 years has been ALL waters in the United States. This is such a broad definition that the Corps of Engineers conceivably could claim jurisdiction over a backyard swimming pool.

As a practical matter, it has stymied local efforts to control flooding near the coast, made it impossible for farmers to manage draws that run through their land and allowed the government to limit use of farm ponds completely contained on an individual's piece of land. This problem has been compounded by the red tape nightmare and time requirements involved in obtaining permits to dredge or fill the smallest body of water. When the system works well, the process takes 13 months. When problems develop, years elapse before a permit can be obtained.

I have introduced legislation to redefine navigable waters to mean bodies of water that could reasonably be considered to be navigable. This action would solve many problems encountered by Texans, and would narrow the scope of federal jurisdiction to that envisioned by Congress when it gave the Corps of Engineers authority to carry out this aspect of the federal responsibility to regulate interstate commerce.

I am pleased to report that the Senate Environment and Public Works Committee held a subcommittee hearing on this legislation last week. This hearing brings enactment of the bill one step closer to fruition.

Additionally, the Administration is moving administratively to streamline the permit application process under the existing legislation.

Under the new proposed rule, most permits will be granted within 60 days of the original application. Instead of four levels of regulatory review, there will be only one. In many cases, states will have more authority and responsibility under the new regulations. The Corps of Engineers will issue more general permits for some categories of projects, and will not have the authority to override decisions made by states or local governments concerning land use or zoning unless issues of national importance are involved.

Further, the Corps of Engineers and the Environmental Protection Agency are to clarify the rules concerning when application for a permit must be made and when it is unnecessary.

I applaud these excellent improvements to the regulatory process. However, I still believe that the ultimate solution must be legislative. I remain convinced that the federal government should not have the right to interfere with local, state or individual decisions regarding land use. The only way to make certain that federal authority does not exceed its rightful bounds of jurisdiction is to spell out the limits of that jurisdiction in law.

Thus, I will continue to work toward passage of my navigable waters legislation.

did you know?

We at Southwestern Public Service Company are forecasting now how much electricity you'll use today, tomorrow, next week, next month, next year, even 5 and 10 and 15 years from now. We take the forecasting job seriously. It tells us how much electricity to generate for you in the next few hours or few days. It helps us decide how much fuel to buy. And forecasting helps us decide when, where, or if we should build new power plants.

Grafton Clarke, Fuel Planning Senior Engineer, Amarillo.

School is out, and youngsters are out and about. Their safety concerns us, as it does you. We recommend this important warning about power line danger: Never climb a tree which is near electric power lines. There may be power lines among the branches. If the lines were touched, tree-climbing fun would turn into tragedy.

Mike Costello, Safety and Claims Specialist, Roswell.

Everyone, including SPS, is affected by high money costs. When we borrow money at today's high interest rates, or sell stock, people are actually letting us use their savings to build new power plants and lines and to buy equipment. If we do not pay the going "wage" for their savings, people will stop letting us use their money, and our ability to deliver the electricity you need will be limited.

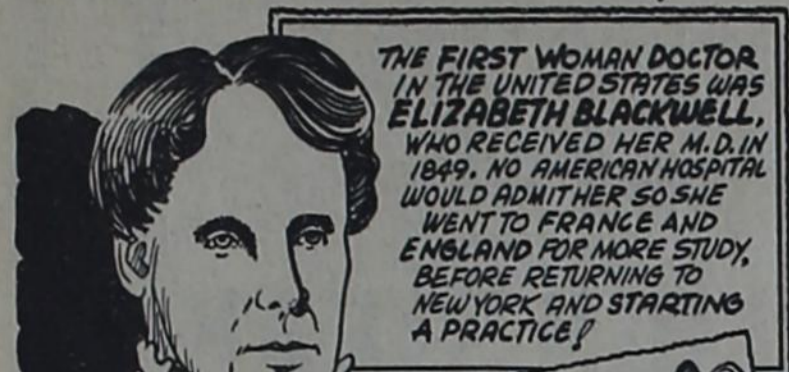

Bob Whippo, District Manager, Seminole.

Knowing what electricity is worth is worth knowing. For answers to your questions, call or write your SPS manager.

Strake Talk

Education—Our Money's Worth?

In my travels over Texas, it has become clear that Texas rate crime, the economy, and the education of their children among their principal concerns.

This week I would like to discuss education. As the father of six children, this has long been one of my principal concerns also.

We currently spend over half our tax revenue on education, and many people raise the question to me: "Are we getting our money's worth?" The questions put to me indicate some think we are spending too much; others, not enough.

I too am concerned about the amount of money we spend on education, but I am more concerned about the quality of that education. I believe the quality of education our children receive can be improved by making some fundamental changes in the way we pay and treat our teachers.

I believe in merit pay for teachers. Frankly, I think good

teachers ought to be paid more than poor teachers. A good, conscientious teacher cannot help but become discouraged and disillusioned when he or she ends the month with the same pay as one whom they know to be indifferent. The result is apt to be that they leave the teaching profession altogether.

I also think we ought to enter a system of competency testing not only for new teachers, but for those who are currently teaching. We test our kids, why not also test those who teach them?

In short, I think we ought to bear down on the basics, relieve our teachers of burdensome paper work now placed upon them, and recognize and reward our better teachers with better pay, for the sake of our children, and our future.

If you have thoughts on this subject, I would welcome them. Just write to me at 1213 W. 34th in Austin, 78705.
