Old Settlers Picnic

Over 1000 persons gathered at the Tate Grove northeast of town last Friday for the 10th annual Donley County Old Settlers Picnic. Old timers came from all over the Panhandle to meet old friends and recount bygone days.

The program opened with music by the Clarendon band, after which Editor Sam M. Braswell of Clarendon led the audience in singing "America."

One of this vicinity's best known old timers, E. H. Watt, made the welcome address, which was responded to by editor J. Claude Wells of Memphis.

Mrs. Clyde Bridges then gave an interesting history of the picnic since its organization in 1931.

A short business session was held, in which Tom Tate was re-elected president, Homer Mulkey was named vice president, and Mrs. Joe Crawford was again chosen secretary.

Among the highlights of the day's program were addresses by Congressional candidates Deskins Wells and Eugene Werley.

A song, "Beautiful Texas," was dedicated to Mrs. W. I. Rains, co-founder of the picnic, following which the bountiful basket dinner was spread on the tables. The food supply, as usual, proved far too much for even so large a crowd, and probably a half of it was repacked in the baskets.

After lunch the crowd was entertained with string and band music, an old fiddlers contest and a quartette contest. Winners in the fiddlers contest were Alva Woods and P. Chandler of Wellington and Tom Stotts of Giles. The quartette winners included the Moss quartette of Hedley, the McKnight Girls and the Sunnyview quartette.

Among the pioneers especially honored were E. H. Dedson, a resident for 57 years, and Buster Caldwell and Mitch Bell, both 55 year residents. Others were Messrs. and Mesdames W. I. Rains, Milt Mosley, Sims Adamson and E. H. Watt, Mesdames J. W. Bramley, Ruby Glass and Clyde Bridges, Oscar Caldwell and J. O. Estlack.

J. Floyd Bates

J. Floyd Bates was born March 18, 1918 at Texaco, N. Mex. He died at the home of his father B. B. Bates, near Bovina, Texas, August 14, 1940. He was married to Miss Von Kathryn Biggs July 20, 1940.

He leaves to mourn his death his wife, Mrs. Von Kathryn Bates of Hedley, his father and step-mother Mr. and Mrs. B. B. Bates of Bovina, eight brothers, Coy and R. L. of Friens, Earl of Clovis, N. Mex., J. E., Wayne, Dean, Frankie and Leon of Bovina, and one sister, Mrs. D. W. Sides of Shreveport, La. All were present for the funeral service.

The funeral service was conducted by Rev. J. N. Heaster, pastor of the Methodist Church of Bovina, assisted by Rev. G. T. Palmer, District Supt. of the Clarendon district, Rev. A. J. Stouffer, Rev. L. L. Hill, pastor of the Methodist Church of Friens, Rev. M. B. Nerwood, pastor of the Methodist Church of Clarendon and Rev. A. S. Holmes, pastor of the Baptist Church of Bovina.

He was converted and joined the Methodist Church at Bovina about 1933. He transferred his membership to the Hedley Methodist Church about a year ago. He was president of the Young People's Division and under his leadership Hedley has had one of the best young people's divisions that it has had for a number of years.

Hedley Schools to Open

At this writing the Hedley faculty is incomplete. It is expected that we shall be able to publish the names of our teachers for 1940-41 next week.

The opening program is in the process of preparation at this time; but two speakers whom we all know have consented to appear. They are Rev. Biggs who will conduct the devotional and Miss Ruth Richerson, County Superintendent elect who will have some words concerning education.

Mr. Poovey, chairman of the county board, has asked that we run a notice that the county board will meet August 31 for the purpose of approving bus drivers' contracts. Mr. Poovey is also urging that each district operating a bus have the vehicle in good shape for dependable and safe operation from the very start of the year. Representatives of the State Department of Public Safety will be in Clarendon in the near future to inspect all buses.

Patsy Blanks is visiting in Amarillo.

Hedleyans Graduate

Among the 139 graduates of West Texas State College at Canyon are a number who are well known in this vicinity. They include Lela Ruth Watt of Hedley, Mrs. Velma Raney Weaver of Amarillo, Stephen Milner and Nellie Bird Richey of Canyon, Fern Martin and Wilma King Bateson of Lella Lake and Alta Mae Hammit of Quail.

Those attending the funeral services for Floyd Bates at Bovina last Friday included:

Rev. G. T. Palmer and Miss Emma Sheffield of Clarendon, Mrs. Si Wood of Amarillo, Messrs. and Mesdames R. W. Seales, Clyde Bain, H. M. Horschler, and Otis Owens, Mesdames J. B. Masterson and J. B. Pickett, J. W. Noel, Jerry Hunt, Adell Myers, Billy C. Johnson, Glenn Richerson, Misses Jonimarie Pickett, Myrtle Reeves, Ruth Richerson and Mary Rains Bridges.

Mr. and Mrs. Delbert Clawson of Littlefield visited here last week.

We endeavor to serve in a way that honors those whose work is done and helps those who yet have work to do.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubt that prompt treatment is wise when neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

WEEKLY NEWS ANALYSIS By Roger Shaw

'Battle of Britain' On as Nazi Bombers Increase Momentum of Mass Attacks; British Are Forced Out of Shanghai; Italy Stages Minor African Offensive

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union

THE WAR: Step-Up
Reports from both London and Berlin indicated that long awaited aerial blitzkrieg against the British isles had been stepped up to the point where as many as 500 Nazi planes were making periodic attacks on shipping ports and air-dromes.

Apparently the German tactics had a threefold objective: (1) to challenge Britain's sea control of the English channel by damaging naval harbors and shore establishments; (2) weakening of British air defenses by bombing airports, silencing ground guns and attempting to wear down British pilots by forcing them to maintain 24-hour patrols; (3) a bolstering of the morale of the German people by continued reports of air victories.
As usual London and Berlin in turn each claimed to have the upper hand in the first days of this "battle of Britain." Nazi leaders declared that in the first raids the ports of Margate, Dover and Portsmouth (naval yards) had been ruined by constant bombings. British sources reported a large number of Nazi warplanes shot down (as many as 60 in one day) and government spokesmen praised what they called the "heroic work" of the British fighter plane pilots.

Down East
The most interesting new phase of the II. German war was not in the least degree German. It came as John Bull's worst setback in the whole fracas, since last September, and Hitler had virtually nothing to do with it. It was simply this: The Japanese kicked the British out of the wicked Chinese city of Shanghai. Here England has controlled the so-called international settlement for a century. In North China, where corrupt Shanghai is queen-city, there still are 10,000 British subjects, and nearly a billion dollars' worth of British invested capital. But out the British garrison went, and it was sent far south to Hongkong, a British commercial island just off Canton. Hongkong probably will be next. Already, the Japanese are penetrating French Indo-China, which doubtless won't be "French" very much longer.

That's Not All
There are 500,000,000 folks in the British empire. Of these, about 70,000,000 are whites, and the rest are multi-colored. Some 400,000,000 of them live in India. In the II German war, they have been practical-

ly neutral, although some Indian regulars in the British army have seen service. England is anxious to get India into the war, and so offered Mahatma Gandhi "full and equal" dominion status, like Canada or Australia, but not until after the war. The Indians were too foxy. They replied they would be a great help—if they were given complete

NAMES . . . in the news

Governor Stassen, Norse-German-Czech governor of Minnesota, outlined plans for a local home guard, made up of war veterans, as suggested by Mr. Roosevelt.
Senators Minton of Indiana and Holt of West Virginia went into each other's personal characteristics and family histories, in the bitterest congressional debate seen in perhaps a century. Alcohol, slacker activity and billingsgate added to the senatorial spice, and fist-shaking gave a subtle punch to the proceedings. The issue was based on a single potent word: conscription.
Secretary Morgen'han had uniformed guards put around his office in Washington. Officials declined to explain the order, treasury or no treasury. Mystery!

independence, right now. Churchill had always been the No. 1 foe of Indian home rule, and the Indo-nationalists simply didn't trust him. In the last war, India had dished up millions of soldiers and workers, and many, many millions of good, hard dollars. What Churchill really wanted, was another crack at these untold, untapped resources. But Gandhi, as usual, was from Missouri—or, perhaps, from the Irish Free State.

In Africa
The Italians in Ethiopia staged an offensive against little British Somaliland, on the Red sea. Mussolini's local legions started out by doing very well, and won some bush-league initial successes. It looked as if the Somali capital of Berbera, was going to get it, and the Italians captured some tanks and sunk some airplanes, as they forged ahead. London did not worry much about Berbera. That hell-hole is no gold mine like Shanghai, Hongkong, Bombay or Calcutta, where imperial profits stack up.

MOSLEY'S Upper Crust

One of the funniest aspects of the war developed. It was this. Perhaps 400 of Sir Oswald Mosley's blackshirts—male and female—are

MRS. OSWALD MOSLEY
She has her sunbaths on the prison lawn.

interned in the Brixton and Holloway jails in London. Mosley is a wealthy blueblood, and so are most of his Fascist followers: people who are used to the best, in everything. These Fascists have turned the two jails into pleasure resorts. One lady Fascist ordered 26 bottles of champagne in a single day. The warden's government has had to advertise for more warden's, to do more waitering. Lady Mosley, sister of Hitler's famous girl-friend, Unity, takes sunbaths in a bathing suit, on the prison lawn. Good Sir Oswald eats via an outside caterer, wears silk shirts, and sports a different, newly tailored ensemble each week.

DEFENSE? Nat-Guard

The senate passed the measure of National Guard mobilization, by 71 to 7. The National Guardsmen, who didn't seem to know what they were in for, could be sent absolutely anywhere in the Western hemisphere, or to the far-flung Philippines, for that matter. Most of them were business men, and could ill be spared from key positions. Married men were exempted if they resigned within three weeks after they were called up. As a whole, the National Guard is supposed to have Willkie tendencies, and not Rooseveltian ones. But Mr. Roosevelt hastened to assure the Guardsists that it was most unlikely they would be sent far afield—something like a 100 to 1 shot. This tended to cool their disgruntlement. New York's crack high-society cavalry became an armored-car outfit and New York's ditto infantry turned into coast artillery anti-aircraft. So did Harlem's ditto ditto infantry Negroids. The entire New England National Guard had two tanks (from Hartford, Conn.), and it was authentically asserted by war department bigwigs that we wouldn't have a real army till 1944.

NO SHIPS For Hitler

England did one thing that will calm many an American heart. She promised categorically to surrender none of her warships to Germany, in case the latter won the war. England indicated she would scuttle them instead. This was fine news all round. The English begged, too, for 50 to 100 Yankee destroyers. It seemed that British naval losses, in the destroyer class, had been very heavy indeed.

WHO'S NEWS THIS WEEK

By LEMUEL F. PARTON
(Consolidated Features—WNU Service.)

MARSHALL E. DIMOCK, now slated, according to report, for appointment to the National Labor Relations board, got along famously with both factions of labor until last winter when he, together with Oscar Chapman, assistant secretary of the interior and Norman Littell, assistant attorney general, started to organize that convention of liberals to be held in Salt Lake City. The project perished as the consequence, so at least it is said, of a statement by John L. Lewis that the convocation had for one of its primary objects the formulation of plans to assist in the launching of a third-term boom. Since then suspicion has been entertained that the symbol, two crossed fingers, has not accurately suggested the relationship between the two men.

While still a professor at the University of Chicago, Dimock was appointed consultant to the national resources commission. Then Secretary of Labor Frances Perkins retained him to survey the procedure of the immigration and naturalization service and afterward named him as her second assistant secretary with full authority over that agency. It was a post that had been vacant for two years as a result of the appointment of Arthur J. Altmeyer as a member of the social security board.

Here Dimock served with efficiency until last July when he was transferred to the department of justice following removal of the immigration and naturalization service from the labor department. If he goes to the NLRB he will succeed J. Warren Madden, the chairman whose five-year term of office expires the latter part of this month. And, if he does receive the appointment, it is not certain he will be named chairman, although the possibility exists.

In various outings designed to acquaint both labor and business with his theory that there was no quick route to social stabilization Dimock has often spoken with tolerance and cogency, but with firmness as well. As for instance: "Business must accept a new order in a period of administrative growth and experimentation." He was speaking, among other things, of the Wagner act and the fair labor standards act. Growing pains he regards as an inevitable result of so much new legislation in recent years. "They will diminish," he has said, "as administrators gain more experience."

NEW YORK—Current interest in Dr. Gerhardt Alois Westrick, noted German supreme court lawyer, relates to the secrecy covering his movements rather than his presence in the United States, which, indeed, was generally known in business and government circles. His arrival in this country from Germany via Russia to California, thence to New York, last February was duly noted, as was that of his wife and two sons, aged eight and six, a fortnight ago.

His visit, he said at the time, involved a special mission dealing with post-war economic adjustments. The fact that, as a lawyer, he has represented the interests of many American firms in Germany supplied plausibility to the reason advanced for his presence here. But an element of mystery developed as a result of his whereabouts after arriving in New York. He lived in various hotels, and finally established headquarters at the Waldorf-Astoria. Here with a secretary, the handsome Baroness Irmingard von Wagenheim, taking messages and receiving telephone calls, the doctor himself was rarely in evidence. Inquiries as to where he might be found elicited vague response.

Eventually he was discovered as tenant of an attractive residence in Westchester where at this writing he has not been available to callers. A man of fine physique, 51 years old, gray hair and penetrating green eyes, he is a law partner in Berlin of Dr. Heinrich Albert who was active in this country as a German propagandist before the United States entered the World war in 1917. Accredited in the state department's diplomatic list as a commercial counselor to the German embassy, it is asserted that at least part, if not all, of his mission here relates to the interests of Joachim von Ribbentrop, foreign minister of the Reich, with whom he has been closely associated for many years.

WHY MAX BOYER SHOULD BE ELECTED

STATE SENATOR

BECAUSE—Max Boyer has served for the past four years as a member of the Texas House of Representatives and has gained much experience which qualifies him for promotion to the State Senate.

BECAUSE—Max Boyer received 79% of all votes in the ten counties which he served.

BECAUSE—Max Boyer has co-operated with two governors of this state and has voted at all times for measures to pay old age pensions, aid for the blind, the dependent children and for teachers retirement.

BECAUSE—Max Boyer received a letter from the Governor commending him and thanking him for his co-operation and help in assisting the old people and others included in the Social Security program, which letter was written on May 30, 1939.

BECAUSE—Max Boyer, when he saw that no program would be passed by the Legislature, after the Senate had killed all measures passed by the House, and he had voted for SJR 12, he then voted to adjourn the legislature which was costing the taxpayers of this State over \$5,000.00 per day.

BECAUSE—Max Boyer has always fought for the rights of the average citizen

WE'RE READY
...and big enough to do the Job!

AMERICA is busily engaged in building a defense of her freedom.

This freedom of ours—freedom of action, freedom of thought, freedom from fear and oppression, freedom of enterprise—is the most precious thing in the world to protect.

Electric service will play a big part in this great program of strengthening our defenses. Your electric company is ready NOW to do its full share in any task this community may be called upon to perform.

We're ready because for years we have planned far in advance in order to meet your ever-increasing demands for electrical service.

Because of this we have built power capacity in advance of any demands in the community.

To assure constant power under all conditions our several sources of electricity are linked together so that the switch at your finger-tip controls power from many sources. If one should fail, it is but a split second until a new source of power is at your bidding.

The highly skilled and trained staff of people who have built up your electric service, and who are serving you from day to day, are eager for any new task.

It is through these people, and this marvelous system of interconnected power plants and distribution lines they have built, that we are ready to do our part.

Meanwhile, we have not forgotten that our job in the future, as in the past, is to improve our service and its usefulness to you, and bring more of the good things of life to more people at less cost.

The Marty and Her Bag of Tricks

By RUTH WYETH SPEARS

LAST week Marty helped to talk Grandmother out of her old buffet. The Martindale family were in a dither when she told them that she was going to furnish a combination guest and sewing room with the mirror and two legs of the old buffet; plus some spools, a butter tub, unbleached muslin, some old rags and other odds and ends.

The rags were used for the hook rug in this sketch of a corner of

that new guest and sewing room. Directions for the rug and for making the spool tables shown here are both in Sewing Book 5. The mirror was hung end-wise and is marvelous for fitting dresses. The muslin drapery was used to cover the irregular edge of the mirror and makes just the right background for the blue spool tables. You can see in the sketch how the lamps and stool were made. Next week the bottom shelf of the buffet will be used and Gram will teach Marty another trick or two.

EDITOR'S NOTE: As a special service to our readers, 150 of these homemaking ideas have been published in five 32-page booklets which are 10 cents each to cover cost and mailing. Send order to:

DOANS PILLS

Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of satisfactory use. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and worry it causes. If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed. Burning, heavy or too frequent urination sometimes warns of disturbed kidney function. You may suffer nagging back-ache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out. Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!

FROSTY FOODS FOR SUMMER
(Recipes Below)

When you're "eating out," and you wonder what to order for the grand finale of your meal, how often do you decide on a delicious sounding parfait? There's something very special about this tall, imposing and delectable dessert. And there really is no reason at all why having parfaits for dessert should be confined to our "eating out" days. A parfait may be a culinary creation, but with modern ice cream freezers, improved freezing in mechanical refrigerators and commercial mixes to help produce smooth, creamy, frozen desserts, there's no reason why you shouldn't serve them often at home!

Make a variety of ice creams and sherbets too, and serve them with cookies or dainty cakes. You'll find a grand assortment of cookie and cake recipes in my cookbook, "Better Baking,"—crisp cookies, chewy cookies, and light feathery cakes that are just the right accompaniment for foods and drinks that are cold and frosty.

Ice Cream Freezer Ice Cream.
(Makes 1 quart)
2 cups milk
1 cup sugar
2 tablespoons flour
¼ teaspoon salt
2 egg yolks
2 teaspoons vanilla extract
1 cup whipping cream

Scald milk, reserving ½ cup. Mix and blend the sugar, flour and salt and mix to a smooth paste with the cold milk which was reserved. Add this mixture to the scalded milk and cook, stirring constantly until thick, in a double boiler for 15 minutes. Add egg yolks (well beaten) and cook, stirring constantly, three minutes longer. Add vanilla and chill. Fold in whipping cream (whipped), place in ice cream freezer and freeze, using three parts ice to one part rock salt. This is a good standard recipe to use as a "pattern" for many tasty variations.

Chocolate Angel Parfait.
2 egg whites (beaten stiff)
½ cup sugar
½ cup water
1 square unsweetened chocolate (melted and slightly cooled)
1 cup cream (whipped)
1 tablespoon vanilla extract
¼ cup candied cherries (quartered)
¼ cup blanched almonds (chopped)

Beat egg whites stiff. Cook the sugar and water to the soft ball stage (234 degrees). Pour syrup in fine stream over egg whites, beating constantly. Continue beating until mixture is cool. Fold in melted chocolate, whipped cream, extract, nuts and cherries. Pour into trays and place in freezing section of mechanical refrigerator. Freeze. No stirring is necessary. Nuts and cherries may be omitted, if desired.

Mocha Freeze.
Make strong coffee in the usual manner, and pour over crushed ice to chill. Pour into tall glasses and add a generous spoonful of vanilla ice cream to each glass. Top with whipped cream.

Chocolate Mint Parfait.
1 cup sugar
1 tablespoon cornstarch
¼ teaspoon salt
2 cups milk (scalded)
3 eggs (beaten)
2 squares unsweetened chocolate (melted)
2 teaspoons vanilla extract
1 cup whipping cream (whipped)

Blend sugar, cornstarch and salt. Add scalded milk slowly, stirring well, and place in saucepan or double boiler. Cook, stirring constantly, until thick. Remove from heat; add beaten eggs; then cook, stirring constantly, until thickened. Blend in

melted chocolate. Cool. Then add vanilla extract and fold in whipped cream. Place in freezing container of modern ice cream freezer, and freeze, using 2 parts ice to 1 part rock salt. Serve in tall parfait glasses, alternating with layers of peppermint sauce. Top with whipped cream and a cherry. Peppermint sauce:

½ cup sugar
4 teaspoons cornstarch
¼ teaspoon salt
1 tablespoon lemon juice
½ cup cold water
½ cup boiling water
¼ teaspoon peppermint extract
Few drops green coloring
¾ cup whipping cream (whipped)
Combine sugar, cornstarch, salt, and lemon juice. Mix with cold water to form a paste. Add hot water and cook, stirring constantly until thick and clear. Add flavoring and coloring, and chill. Just before serving, fold in whipped cream.

Lemon Sherbet.
(Serves 8)
1½ cups granulated sugar
1 quart water
1 tablespoon gelatin
2 tablespoons cold water
¾ cup lemon juice
Yellow food coloring
2 egg whites
2 tablespoons powdered sugar
Combine granulated sugar and water and boil for 5 minutes. Soak gelatin in cold water and dissolve in the hot syrup. Cool. Add lemon juice and a few drops of yellow food coloring. Pour mixture into freezing container of ice cream freezer. Cover and surround with a mixture of chipped ice and salt (3 parts ice to 1 part salt, by volume). Freeze.

Lemon Iceberg.
To each glass of lemonade, add a scoop of lemon sherbet. Garnish with mint and a fresh strawberry or raspberry. Slip a lemon slice over the edge of each glass.

Iced Chocolate.
(Makes 4 large glasses)
4 tablespoons sugar
4 tablespoons cocoa
¼ teaspoon salt
½ cup boiling water
2 cups milk (scalded)
½ teaspoon vanilla
Crushed ice
Whipped cream

Combine sugar, cocoa and salt. Add boiling water and cook for two minutes. Remove from fire, and combine with the scalded milk. Pour into glasses filled with crushed ice, and serve with a spoonful of whipped cream garnishing each glass.

Odd Chicken Coops
All Sworn In

In some parts of China, weight instead of price of food fluctuates with market conditions. For example, a housewife always pays the same price for rice, but she gets a "big pound" when it is plentiful and "a little pound" when it is scarce.

Such places as old city warehouses, factories, breweries, hotels and churches provide housing for more than 40,000,000 egg-laying chickens in tiers of individual cages equipped with feed, water and egg-transportation troughs. For instance, a \$1,000,000 Florida hotel that failed a short time ago is now a "chicken coop" with 60,000 caged hens.

Efficient Linen Closet That's a Step-Saver

By RUTH WYETH SPEARS
 EVERY Homemaker knows how many steps could be saved if table linens could have a special closet in the kitchen or pantry. In one home that we know of space for such a closet was going to waste all because cupboard doors or drawers would conflict with the door shown here in the small sketch. At the right you see how that space became an efficient linen closet after all—complete even

 The high compartment has a door of plywood. Below this are shelves with a curtain on a shade roller. The curtain runs up and down between the shelves and the scalloped board that frames the closet, as shown at the left. This board is 1/2 inch thick and four inches wide. The scallops were marked by drawing around a teacup and were cut out with a jig saw. I want to tell you how the laundry bag is made too. Watch for it, next week.

Star Dust
 STAGE-SCREEN-RADIO
 By VIRGINIA VALE
 (Released by Western Newspaper Union.)

HOLLYWOOD is all agog over a contest that's to take place on August 25th at the RKO studios. The participants are Jack Oakie and George Bancroft, and the event is—of all things!—a table-setting contest!

It all started when a Los Angeles department store persuaded ten prominent men about town to set tables as each thought they should be set. Oakie and Bancroft saw the exhibit, and the argument was on, each being perfectly sure that he could out-do the other if ever—heaven forbid—he had to set a table. First thing they knew, they'd arranged the contest; the only rules are that they'll use modern American

VIVIAN LEIGH

can glassware and keep expenditures down to \$40. The loser will set a table and serve dinner for 18 of the winner's friends.

Vivian Leigh and Laurence Olivier are to be co-starred in a story based on the romance of Lord Nelson and Lady Hamilton, an Alexander Korda picture. Remembering what a superb picture he made of "Henry the Eighth," it seems certain that his version of the famous love story of the famous admiral will be one of the year's best pictures.

Phyllis Kennedy ought to succeed if anybody should—first she broke her back, and later she accepted advice that wasn't very good and lost a grand opportunity—and now she's started toward the top again. In 1933 she was dancing with a troupe in Denver, and fell and fractured her spine. Doctors said she'd never walk again. Two years later she was dancing once more. She was engaged for chorus work in the Astaire-Rogers musicals, and her gift for comedy got her the role of the maid in "Stage Door." Warner Brothers offered her a contract, but she hesitated, let people tell her what to do, and the chance slipped away.

She's working now in "Honey-moon for Three," and Lloyd Bacon, who's directing, is helping by building up her role. Watch her—she's bound to get ahead this time!

Douglas Fairbanks Jr. may have been something of a playboy some years ago, but now he's nothing if not a solid citizen. Married happily, and the proud father of a three-year-old daughter, he's not only the star of Columbia's "Before I Die," but his co-producer as well. That means being on the set early and late, whether he's appearing before the cameras or not.

The girls of Hollywood are wearing red, white and blue these days. Penny Singleton appeared at a benefit in a cotton evening gown having a white skirt and a bodice that was red and blue; Anita Louise, told to wear a novelty necklace in "I'm for Rent," chose a silver chain from which were suspended miniature flags of the 23 American countries; Evelyn Keyes has a red, white and blue straw hat, and Frances Robinson's leather handbag has a flag on either side.

Uncle Ezra's Rosedale Silver Cornet Band rehearses longer than the actors on that popular radio program, just to achieve those peculiar off-key effects that drive music lovers mad. The reason the band has to rehearse so long to sound so discordant is that each man is an accomplished musician; "We work harder than Toscanini," declared Director Bruce Kamman, "Just to perfect a musical mistake!"

Paramount's going to do right handsomely by Joel McCrea—he's been assigned to the lead in "Botany Bay," a story by James Norman Hall, one of the authors of "Mutiny on the Bounty."

"Bottom Bay" is one of those highly dramatic tales, laid in the period just after the American Revolution.

Jean Hersholt's dream of years, a Hollywood home for aged and incapacitated film workers, is soon to be a reality. As president of the Motion Picture Relief fund, he and members of the organization's executive committee will soon begin looking for a site for the home. They have more than a half million dollars, earned by the stars who donated their services to the CBS Screen Guild program so that the money could go into the fund.

WHEN YOU PLAN A PICNIC FOR A CROWD (Recipes Below.)

Community picnics are fun! They offer an opportunity for a carefree day under the open sky—carefree for even the chairman in charge of affairs, if she's planned her program well and chosen her helpers wisely.

If the crowd to be served is a really large one, it's a good idea to have one committee member responsible for each main dish such as meat, potatoes, salad, dessert, and beverage, and one responsible for extras such as buns, butter, relishes, etc. There'll be a serving committee and a clean-up committee, as well.

Picnics for four or five families are usually co-operative affairs. Each family may supply its own lunch, but more often each one provides one item in large enough quantities to serve the crowd. One family might provide the salad, one the meat, and still another family the dessert, which might be watermelon, a luscious chocolate cake, or a freezer full of old-fashioned ice cream. With a little planning, the cost can be fairly equally distributed.

When an outing is in the offing and it's up to you to plan the menu for a crowd, you'll find these picnic pointers helpful.

1. If lunch is being prepared at home, choose foods that permit beforehand preparation, and that are not too difficult to carry or to serve.
2. Provide a fairly simple meal, with plenty of everything but not so much variety that it will cause confusion and lots of extra work.
3. Unless you are sure of a good water supply, it's better to carry the water from home.
4. Carry fruit juices, tomato juice or milk in thermos bottles.
5. The main dish for the picnic—which might be chili, baked beans, or scalloped potatoes, can be cooked the day before, then in the morning brought to the boiling point, and the dutch oven or casserole wrapped in several thicknesses of newspaper to retain the heat.
6. Don't overlook the possibilities in frozen foods for picnic use. Quick-frozen meats can be carried, without ice, even on a warm day. They thaw out on the way to the picnic ground and will be ready to use.

You'll find other picnic pointers in my cook book, "Easy Entertaining." There are menus and tested recipes for beach parties, hikes and a "Colorado beefsteak fry."

When you write to me, won't you tell me something about the "community meals" your group has served? Do you serve dinners for the church, for business men's organizations or for the farm bureau, perhaps? How many people do you serve at meals like this, and what are your favorite menus? I'll be waiting to hear from you!

Eleanor Howe is going to give you, next week, some of her favorite recipes for cool, refreshing summer beverages, and dainty cookies to serve with them. Watch for this column next week.

Grandmother's Ginger Cookies.

(Makes about 6 dozen)
 1 1/4 cups shortening
 2 1/4 cups sugar
 3 eggs (separated)
 1 1/4 cups molasses
 1 teaspoon cinnamon
 1 teaspoon ginger
 1 teaspoon nutmeg
 1 teaspoon cloves
 1 teaspoon salt
 3 teaspoons soda
 3/4 cup cold water
 9 cups flour

Cream shortening and add sugar gradually, creaming until smooth. Beat egg yolks until light, and add to the creamed mixture, with the molasses, and spices, and salt. Dissolve soda in cold water, and add to the first mixture; blend well. Beat egg whites until stiff, and fold into batter. Add flour, and mix until smooth. Roll out to 1/4-inch thickness on a lightly floured board. Cut

There's something very social and heartwarming about entertaining friends in your own home. And entertaining needn't be expensive, nor does it necessarily mean a lot of work!

Eleanor Howe's cook book, "Easy Entertaining," will give you the secrets of doing just that—entertaining without fuss and bother, and to fit your budget.

You'll find in "Easy Entertaining" plans for almost every kind of party. Send 10 cents in coin to "Easy Entertaining," care of Eleanor Howe, 919 North Michigan Avenue, Chicago, Illinois.
