

# The Hedley Informer

VOL. 34

HEDLEY, DONLEY COUNTY TEXAS, FRIDAY, FEB. 25, 1944

NO. 15

## A Commander Writes

A Commander of an American submarine which lay in the harbor of an enemy country for four days and four nights writes:

"Four after noon we stayed in the harbor. The only means of relaxation my men had was listening to the phonograph records that the Legion had so kindly furnished. You will never know what that meant."

The Legion has worked for two years trying to get old phonograph records to have new ones made for the boys and girls service. Yet in the homes of many there resull last of old wornout records not doing anyone any good, and we have been too thoughtless to bring them in.

If you have any old records or anyone who has them, bring them in. Leave them with J. O. Orville Doherty and they will soon be made into new records for the ones who are fighting our battles.

Staff Sgt. and Mrs. Weidon G. Simmons and daughter of Ardmore, Okla. visited over the week end with their parents, Mr. and Mrs. N. A. Simmons of Hedley and Mr. and Mrs. D. W. Stout of Goodnight.

Pic Wilson Morgan Pic Hemer Lee Morgan, Tom Morgan, Mrs. G. W. Shattuck, Mr. and Mrs. Carl Dotsen and family, Mr. and Mrs. W. G. Tins and family, and Mr. and Mrs. J. C. Madson took dinner with their mother Mrs. W. B. Morgan last Sunday.

Mr. and Mrs. Ed Wynnegar are visiting in Fort Worth. Mrs. G. L. Johnson is operating Kozie's Cafe in their absence.

Hedley's super-bowler, El Richardson, won a \$25 War Bond last week at Storry's Bowling Alley in Memphis for having the highest score over a two week period.

Robert Washina left Sunday for Okemulgee, Okla. where he will conduct the song services for a two week revival under direction of Rev. E. S. Ornum.

Mr. and Mrs. G. O. Jukka and Mrs. P. O. Jukka are the proud parents of a little girl born Feb. 20. She has been named Cecilia Anne.

Mr. and Mrs. Ray Doherty have moved to Amarillo.

James Reid and family of Amarillo visited here first of the week.

## Giles News

By Mrs. Arthur Hanson

Mrs. Jerry Stotts and daughter Nelda Sue are visiting Mrs. M. H. Edwards at Alford.

Mrs. Kay Antry spent the week end in Amarillo. Mr. and Mrs. A. S. Edwards have returned to their home in Ft. Worth.

Mr. and Mrs. R. O. Kelley and children, and Mr. and Mrs. E. V. Gass attended the basketball tournament at Hedley.

Miss Virginia Watt and 12 girls of the Mobeotic basketball team spent the week end with her parents, Mr. and Mrs. F. G. Watt.

B. H. Stotts was down from Amarillo to see his little son, Richard who has been quite ill the past few days.

We are glad to hear that Arthur Sandrige, who has been ill for some time in a Clarendon hospital, is improved. He has had his right arm amputated.

Those shopping in Memphis Saturday were Mr. and Mrs. Geo. Foster, Mrs. J. M. Baker, Mr. and Mrs. J. O. Stotts.

Mrs. Neilson Johnson spent the week end with his grandmother Mrs. T. O. Johnson at Hedley.

## NOTICE

Raymond Bailey

## Hedley Again Receives Good Fire Record Credit

On account of Hedley's good fire record last year, the fire insurance policies written from March 1, 1944 to Feb. 28, 1945 will again receive a 25% good fire record credit.

Hedley's fire department city council and others should be commended on the good work of preventing fires. This makes quite a savings to the citizens of Hedley on insurance.

## Methodist Church

At the altar of the Hedley Methodist Church next week members will pledge rededication of "self, service and substance" to the wartime tasks and opportunities of Christians, as the edifying feature of the denomination's nation wide second annual Week of Dedication, February 27 to March 5. It was announced today by the Rev. A. B. Cockrell, pastor of the church.

"A world at its worst calls for a church at its best" is the general theme for the entire week. Services will emphasize the place of the Church in the present world emergency as related to the home, the community, "the world task," and "its source of power."

A special service on Wednesday March 1 will be held in the local Methodist Church.

## Friona Squaws Win Girls' District Title

Allowing the opposition only 29 points in four games the Friona High School Girls team, won the Dist 19 Basketball Championship Saturday night. The score of the final game was 21 to 14.

The Quail Bob Whites, winners of all their contests except one against Pollett this year, were the finalist. The Bob Whites swept aside Alanreed 37 to 9, Lakeview 35 to 18 and Dimmitt 44 to 23 to reach the finals.

The performance of Neely at forward in the first three games was sensational. Massey, Taylor and McFarland starred for Friona. Splier and Aaron of the Quail also were outstanding.

The Squaws won their first match by forfeit, then an exhibition game against local all stars 18 to 6, followed by a 16 to 7 win over Somerwood in the second round. In the semi-finals Shamrock was not allowed a field goal going to Friona 27 to 2. In the final coalesce and expert ball handling combined with a good defensive and exceptional defense gave Friona a definite edge over Quail. It was perhaps the best girls game ever played on the local floor.

Dimmitt defeated Shamrock 37 to 20 to win third place honors. The Dimmitt team was small but hustled constantly.

Shamrock nosed out the Hedley Owlets 14 to 13 in the only one point game of the meet. Hedley was handicapped by the loss of three players due to illness and injury.

Other matches of the meet were Shamrock 23, McLean 15, Dimmitt 43, Mobeotic 15; Dimmitt 29, Groom 18; Lakeview 26 and Leta Lake 18.

There were two other exhibition games. Groom boys defeated the Hedley Owlets 28 to 17 Friday night in which Stone of the Hedley Owlets stood out like a sore thumb on a bridge table. The Hedley Lions defeated the coaches 21 to 15 in a rough and tumble affair that resembled basketball only by coincidence.

Milk cows for sale.  
143p  
C. W. Bain

## Reddell-Key

Mr. and Mrs. U. G. Key, announce the marriage of their daughter, Miss Chancery Ruth Key to Lt. David Fred Reddell, son of Mr. and Mrs. Wm. Reddell, of Tahoka, Texas.

The single ring ceremony was performed by Rev. T. T. Posey Feb. 17, in Memphis. Only a few friends attended the wedding.

Mrs. Reddell is a graduate of Hedley High School with the class of '42 and attended Draughon's Business College in Lubbock, Texas. Before her marriage she was employed in Washington, D. C. and later transferred to Amarillo Army Airfield, where she was employed at the time of her marriage.

Lt. Reddell is a graduate of Lubbock High School and attended Texas Tech in Lubbock. Recently he received his wings and commission as Blackland Army Air Field in Waco, and is now stationed at Childress Army Air Field as an instructor. The couple are making their home at 12th and Noel in Memphis.

## Lions Club News

Last Friday night Lions Hun sucker, Bridges, et al fed about fifty Lions all the steak and potatoes they could eat, which was quite a bit of steak and potatoes. These Lions cooks are getting a reputation that is going to hard to beat.

This week the Lions hear Jack Griffith of Paudie, District Governor of the Lions Club. A good attendance is expected.

For Sale—good Delta cotton seed.—Roy Jewell 165p

If you want any listing done, see me.—Pete Darnell 143p

Wanted to Rent—two unfurnished rooms.—Mrs. W. K. Kyser 143p

## A Proclamation

Whereas the approach of Texas Independence Day and Alamo Day herald a week of deep significance and profound meaning in the minds and hearts of all Texans; and

Whereas, I am prompted by the patriotic members of the Forty-second Legislature, as expressed in Senate Concurrent Resolution Number Eight, and by my own feelings of love, loyalty and patriotism toward my State;

Now Therefore, I, Kosco Land, Mayor of the City of Hedley, Texas, do hereby proclaim the week of February 27 through March 4, 1944 as Texas Week.

Mrs. B. G. Olton is reported going nicely after an operation in a Memphis hospital last week.

## Church of the Nazarene

Our attendance is increasing, but we still have plenty of room for more. We have a Sunday School class for every age.

If you do not have a Church home, come and worship with us. You will be welcome.  
W. E. Bond, pastor

## Luther Gribble Announces For District Judge

Judge Moss having announced that he would not be a candidate for reelection as Judge of the 100th Judicial District of Texas, I desire to offer my candidacy for this office for the consideration of the voters of this judicial district.

I am fifty-two years of age and a native of this district, having been born and reared in Collingsworth County. I have been engaged in the practice of law at Wellington for the past twenty-five years, during which time I served as County Attorney for eight years and as County Judge for six years.

Due to present war regulations it will be impractical to attempt to contact each voter personally as under normal conditions, and I will have to rely largely upon my friends and acquaintances over the district to recommend me to those with whom I am not personally acquainted.

Should I be your choice to serve as District Judge during the coming four years term, it will be my purpose to discharge the duties thereof fairly and impartially to all litigants, and to the entire citizenship.

Respectfully submitted,  
Luther Gribble

## Play Night

The Seniors are sponsoring a Play Night, March 3. We will have games for both young and old, big and small, wide and tall.

There will be a fiddlers contest. So those who would like to enter, bring your instruments.

Other interesting features are a snake walk with old time fiddlers' music, shuffle board, domino games, doll rakes, fortune telling—and eat! Well, just wait till you see our hot dogs, pies, cake coffee and candies!

Special efforts will be made to provide something of interest for persons of every age. For smaller children we are preparing a lot of supervised games. So tired mothers, bring your children, have a good time yourself, and let us take care of little Johnny and Susie while you enjoy Play Night with your neighbors.

Out of town musicians are expected to help out with the entertainment.

## Memorial Ass'n. Meets

A meeting of the members of the Donley County Memorial Association was held at the Security State Bank at Hedley Monday night Feb. 21st at 8 P. M.

Something near \$2,000 has been raised for this permanent memorial and the committee is anxious that the remainder be raised so that they can begin work.

The memorial is in the form of four marble blocks to be set on a concrete base, and contain all the names of the Donley County boys and girls in service. The memorial will be placed on the court house lawn at Clarendon.

## 1st Baptist Church

We had a fine day last Sunday at our Church both morning and evening.

Tuesday evening we had the Workers Meeting at our Church, and did we have a good crowd! And was the pastor happy over it! He wishes to thank all the folks that brought food to help feed the crowd and for the splendid way the ladies served the meal. We had the largest attendance we have had at any Workers Meeting in a long time.

The pastor announced at the close of the meeting that he would speak next Sunday on the subject as follows: "The deacon, his office, his qualifications, his work as a deacon, his life as a deacon, his place in the church of today." We especially urge all of our deacons to be present for that service.

Next Sunday evening we want all intermediates to come to 8 P. M. at 7:15 to help us reorganize and get started in better way. The pastor wants the adults to get ready to organize a union soon and assume the parents place as leaders in the church, so the young folks will have leaders in the Lord's work.

Let us try to have 100 in our day School next Sunday. And let us try to set the time for our coming revival as soon as possible, so the pastor can make arrangements to assist the rural communities in their revival work, as he is Associational Director for that work.

Come Sunday and come in time for Sunday School.

## W. S. C. S.

The W. S. C. S. met Feb. 21 with 6 members present. The following program was given:

Subject: Students in our Schools. Leader, Mrs. Mastersen. Alaska. Seward Home. Mrs. Ruth Kempen.

Japanese American, National Training School at Kansas City. Mrs. Cherry.

Jose from Mexico. Holding in Altata. Laredo, Texas. Mrs. Kilian.

Dina from Brazil, now at Scarritt College, Nashville, Tenn. Mrs. Cokrell.

Daphne, from England a war orphan in Calif. Mrs. Kendall. Song, "O for a Thousand Tongues to Sing".

Devotional, II Cor. 2:17. Mrs. Kendall.

Closing Prayer, Mrs. Kendall. All the ladies of the other churches are invited to meet with us Friday at 3:30 P. M. in the World Day of Prayer program. We will not meet Monday afternoon but will have a social meeting Monday evening at 8 o'clock with Mrs. Ross Adamson.

IT'S GOOD-TASTING

TRY SCOTT'S EMULSION  
Great Year-Round Tonic

Household Hints

Save bread and cracker crumbs for poultry dressing, meat extenders and scalloped dishes.

Preserve your metal costume jewelry with a quilted folder. This will prevent tarnishing and scratching and save time when you're hurrying to find your favorite piece.

Store hats one to a hat-box or hat stand and brush after each wearing to have them looking well.

Lightly waxed woodwork cuts down cleaning. Rub spots that are handled often—banisters, areas around doorknobs and windows—with a thin coat of liquid wax.

Don't make dust cloths out of that old sheet. Cut it down to make a cot sheet, crib-sheet, or a pillowcase.

All new cooking utensils (if you find any) should be thoroughly greased and heated before using for the first time.

Remove all stains from table linens before putting them into the wash. This prevents their becoming permanent.

FIRST CHOICE OF MILLIONS

None faster. None surer. None safer. St. Joseph Aspirin—world's largest seller at 10¢. Save most in larger sizes. 30 tablets, 20¢; 100 tablets, only 35¢. Why ever pay more? Demand St. Joseph Aspirin.

**City of Saints**  
So many streets in Montreal are named after saints that it is sometimes called the "city of saints."

COLD SUFFERERS GET PROMPT-DECISIVE RELIEF!

Millions rely on Grove's Cold Tablets for prompt, decisive relief. They contain eight active ingredients. They're like a doctor's prescription—that is, a multiple medicine. Work on all these usual cold symptoms at same time . . . headache—body aches—fever—nasal irritation. Why just put up with this distress? Take Grove's Cold Tablets exactly as directed. Rest—avoid exposure. Your druggist has Grove's Cold Tablets—for fifty years known to millions as famous "Bromo Quinine" Cold Tablets.  
Save Money—Get Large Economy Size

GROVE'S COLD TABLETS

THROW AWAY HARSH LAXATIVES!

Millions Have Ended Constipation with Simple Fresh Fruit Drink

Don't form the habit of depending on harsh, gripping laxatives until you've tried this easy, healthful way millions now use to keep regular.

It's fresh lemon juice and water taken first thing in the morning—just as soon as you get up. The juice of one Sunkist Lemon in a glass of water. Taken thus, on an empty stomach, it stimulates normal bowel action, day after day, for most people.

And lemons are actively good for you. They're among the richest sources of Vitamin C, which combats fatigue, helps resist colds and infections. They supply vitamins B, and P, aid digestion and help alkalize the system.

Try this grand wake-up drink 10 mornings. See if it doesn't help you! Use California Sunkist Lemons.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly always the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

**FALSE TEETH HELD FIRMLY BY Comfort Cushion**

NOW WEAR YOUR PLATES EVERY DAY HELD COMFORTABLY SNUG THIS WAY! It's so easy to wear your plates all day when held firmly in place by this "comfort-cushion"—a dentist's formula.

WEEKLY NEWS ANALYSIS

Nazis Pour Troops Into Anzio Region As Battle for Italy Grows in Ferocity; Senate Studies 'White-Collar' Income; Aussie-U. S. Forces Join in New Guinea

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.) Released by Western Newspaper Union.

Italy—First great armored battle of Italy raged near Anzio, where Nazis strove to knock out Allied beachhead.

ITALY:

Major Battle

For the first time in the Italian campaign, major Allied and German armored forces met on level ground to slug it out, as the great battle for the Anzio beachhead below Rome raged.

To the southeast, bloody mountain fighting continued, with the entrenched Nazis stubbornly resisting advancing U. S. and French soldiers, crawling through fierce machine-gun and mortar fire to root enemy units out of deeply dug defenses.

Determined to fight a major battle in Italy far below the Po river valley in the north, the Nazis poured thousands of troops in the Anzio region, and action rose in tempo after the enemy carefully probed Allied lines for weak points.

Crowded into an area about 30 miles long and 12 miles inland, Allied forces swung into the attacking enemy at close quarters, while their air forces roamed over German positions and communication lines, blasting troop concentrations and supply deliveries.

MEAT PRODUCTION:

Record Levels  
Keeping well in line with government predictions of record meat production for 1944, January slaughter of hogs, cattle and sheep set all-time marks for the month.

Partly because of liquidations due to concern over the overall feed situation for the year, 1,141,081 cattle were butchered in January, along with 7,839,352 hogs and 1,932,987 sheep.

Although the government estimated that meat production would rise 8 per cent in 1944 to a record 25,000,000,000 pounds, civilian allocations were set at the 1943 level of 131 pounds of meat per person for the year, with the services, lend-lease and other U. S. agencies obtaining the increased output. Only if the latter's needs were cut, could civilians expect more meat, it was said.

DEMOBILIZATION:

Congressional Plan

Adequate financing of industry to switch to civilian production, and orderly disposal of war material to prevent upsetting the markets, were proposed by the senate's economic policy and planning committee for postwar America.

The committee's recommendations were embodied in a bill sponsored by Senators George (Ga.) and Murray (Mont.), calling for government purchase of all raw materials or processed goods or extension of advances, partial payments or loans upon contract cancellations.

Regarding the nation's \$15,000,000,000 investment in war plants, the committee proposed their sale to private interests, but not if their use should over-expand production. The number of aircraft, aluminum, rubber, magnesium, ship, steel and pipeline plants retained for postwar defense output should depend upon the scope of such a program, the committee declared.

Precaution should be taken against flooding the markets with war goods and depressing prices and production generally, the committee said, and opportunity should be sought to sell such material abroad. Organization of a demobilization board to carry out the program was recommended.

SUBSIDIES:

Opposed in Congress

Although facing an expected presidential veto, the senate moved to join the house in outlawing government subsidy payments to reduce retail food costs.

Senate approval of Sen. John Bankhead's anti-subsidy bill was scheduled after rejection of Sen. Francis Malone's amendment calling for the expenditure of \$1,500,000,000 for subsidies this year, and Sen. Robert Taft's compromise proposal that the program be limited to \$350,000,000.

Countering administration arguments that abolition of subsidies would threaten the whole anti-inflation program by leading to demands for wage raises to meet higher retail food costs, Senator Bankhead (Ala.) said that such subsidies would only save each family an average of 11 cents a day, and this at a time when incomes and savings are at record levels.

OLD TOPIC:

White-Collar Wages

Popular as a topic ever since the days of Charles Dickens' stringy Bob Cratchit, low wages for white-collar workers now have come under the consideration of a senate labor committee.

Regardless of general salary increases of 15 to 30 per cent for clerical workers and salesmen since 1941, current earnings of many groups of non-manufacturing employees remain relatively low, A. F. Hinrichs of the U. S. department of labor said.

Although a survey in small towns showed store clerks have received boosts of 15 and 25 per cent and bank tellers increases of 5 to 10 per cent since 1941, straight time earnings of many groups remain less than 50 cents an hour, Hinrichs said. This averages less than \$24 for a 48-hour week, and earnings are even lower in some other occupations, Hinrichs asserted.

SOUTHWEST PACIFIC:

Gain in New Guinea

Joining hands near Saidor after more than a month of fighting through rugged jungle, Australian and American forces prepared to lunge northward toward remaining Japanese positions on New Guinea's eastern coast.

First Allied objective was the base of Madang, feeder point for the Japs' inland positions, then Wewak, oft-pounded air base from which the enemy has sent up planes to harass Aussie and U. S. forces operating on New Guinea.

On New Britain island to the east of New Guinea, U. S. air forces continued to smack at the major Jap air and supply base of Rabaul, and at the port of Kavieng on New Ireland to the northeast, also a center of feeder operations for barges stocking enemy strongholds in the surrounding area.

HIGHLIGHTS . . . in the week's news

**SLED:** The Russian army is using an improved sledge driven by an airplane propeller for its mobile machine gun corps. A machine gun is mounted behind armor plating.

**BASEBALL:** The American league games in their spring circuit, according to tentative schedules. Traveling difficulties may curtail the program.

**TOKENS:** More ration tokens will be needed than was at first thought, OPA officials indicate. About 2,000,000 tokens should be ready for release February 27, and the OPA is having another 200,000,000 made as a reserve. This supply may be increased to 400,000,000, it was said. A larger token, about the size of a quarter, with a value of five points, is being considered.

Sash Curtains Are Being Used Today With Good Effect as in Days of Old

Frills and larger panes of glass came later but sash curtains were also used with these new windows. They are also being used with good effect today for rooms where an informal atmosphere is needed.

NOTE—This is the first of a series on modern adaptations of period curtain fashions. There is another interesting treatment of a sash-curtained window in BOOK 1; and the method of lining casement draw curtains is illustrated in BOOK 2 of the series of 10 booklets on sewing for the home. Price of booklets is 15 cents each. Order direct from:

MRS. RUTH WYETH SPEARS

Address . . . . .

WHEN we think of the type of curtains used in Early Colonial cottages, crisp frills and ruffles usually come to mind. It is true that ruffled curtains were used in Colonial times but the curtains of the first homes in the New World were of the casement or sash variety. We must remember that as late as the discovery of America glass windows were rare. They were of the casement type with tiny diamond-shaped pieces held together with lead. Simple straight curtains to give privacy were the next logical development.

**U-Boats Lose Their Punch**

The amount of merchant ship tonnage sunk by German U boats during January was among the lowest monthly figures for the whole war, according to a joint Anglo-American statement issued last week by the Office of War Information.

**Less Paper For Packages**

Fewer package wrappings will be available for retail shoppers this year, according to WPB shortage of wood pulp for paper making will not permit a normal supply. There will be enough bags for assorted groceries WPB said, if housewives save these bags and take them back to stores for their own reuse. WPB also advised that the shopping bag with handles must be used many times to substitute for individual package wrappings.

**Continue Farm Pork Sales**

Farmers may continue the sale of pork from home slaughtered hogs without a license or permit and may deliver any quantity of pork to persons not living on the farm until March 17, the War Food Administration has ruled. However, farmers are required to collect ration stamps for pork so delivered.

**Ration Tokens In Use Sunday**

During the three week period February 27 through March 20 in changing from the old rationing program to the simplified token plan, two sets of stamps, green and blue, will be used for processed foods, and two, brown and red, for meats and fats. The old stamps, brown and green will be used exactly as in the past at their regular value through March 20. The token plan will be fully in effect on March 21. Beginning then, processed foods can be purchased only with blue stamps and blue tokens, and meats, fats, and oils only with red stamps and red tokens. Blue and red stamps, effective February 27 are valued at 10 points each. All tokens are valued at one point each and will be given as change only when a purchase is made. No more than nine tokens need be given as "change" in one transaction.

**To Review Farmer Deferments**

Local Selective Service Boards have been ordered to review promptly deferments of agricultural workers because of the sharp curtailment of available manpower for the armed forces. Selective Service has announced. It is not expected that local boards will defer or continue to defer a registrant as necessary to and regularly engaged in agriculture unless by his own person and direct efforts he produces 16 or more war units each year. About 1,700,000 men in agriculture were deferred in class II-C and III-C as of January 1, 1944. Of this total, 400,000 are single men below 22 years of age and more than one million are non-farmers. In all other war production and war supporting activities less than 125,000 non-farmers below the age of 22 were deferred as of January 1.

**Adamson-Lane Post 287, American Legion**

Meets on the 2nd Tuesday of each month. All Legionnaires are requested to attend.  
Obe Holland, Commander.

**Church Of Christ**

Preaching every 1st and 3rd Saturday by Rev. Frank Chism of Quanah. Preaching every 2nd Sunday by Rev. McKinney of Memphis.

**MOOS OF THE MOMENT**

BY UNCLE BOB

of the Kraft Dairy Farm Service

We are indebted to the University of Missouri for breaking the ice for us in this first item. We mean that literally, too.

It seems that cows have more sense than us mortals and refuse to freeze their stomachs with ice water. When they have to drink it, they take only as much as they need to get along. Down goes milk production and up goes the feed bill.

Missouri suggests that a cow's production can be increased from 25 to 100 per cent by giving her drinking water that is 50 to 60 degrees Fahrenheit. Of course, it's almost impossible to buy a stock tank heater now so Missouri suggests you make one out of an old milk can and other odds and ends. They have a circular to show you exactly how you can do it, too.

If you're interested, send for Circular 484, Agricultural Extension Service, University of Missouri, Columbia, Mo.\*

Pretty soon the cows will be wanting a hot cup of coffee for breakfast.

Just to refresh your memory, here's the 8-point national milk-production program for 1944:

1. Grow more legume hay, pasture, and grain.
2. Fertilize to increase quantity and quality of feed.
3. Feed to avoid summer milk slump.
4. Feed cows liberally during their dry period.
5. Keep as many cows as feed and labor permit.
6. Market more whole milk whenever possible.
7. Produce good-quality milk and avoid waste.
8. Breed for better herd replacements.

The biggest headline in one of the latest issues of "Stars and Stripes", official U. S. Army newspaper, was "Ice cream sodas soon in European theater of operations". With it, on page 1, was a picture of a heaping dish of ice cream. War news was put in second place.

If any dairymen needs additional inspiration to excel his 1943 milk production, this little story should certainly provide it. Milk and the good old American products made from milk satisfy a yearning that all our boys have for home-like things. The dairymen who boosts his production is doing his part to boost the morale of Americans everywhere as well as their nutrition.

If we can't get a good argument started any other way, let's take up the question of whether or not cows need overcoats. Nothing fancy, mind you. A nice reversible slister will do.

Furthermore, your Uncle Bob is willing to contend that every cow should be taught to carry an umbrella and I have the proof to back me up. From the Agricultural Extension Service of the University of Tennessee comes a booklet that tells how feed is wasted when a cow is exposed to winter wind, rain and snow.

According to Tennessee's Publication 100, the average 800 lb. cow uses 7 lbs. of her daily feed for body maintenance. She uses the balance of her feed for milk production. When she is exposed to the cold, she loses body heat and so she uses for body maintenance some of the feed she would otherwise use for milk production.

Of course, Tennessee isn't recommending overcoats or umbrellas but the Agricultural Extension Service is recommending good warm shelters. Write for Publication 100, University of Tennessee, Knoxville, Tenn.\*

The Alabama Polytechnic Institute at Auburn, Alabama, agrees wholeheartedly on this matter of proper winter shelter. In Circular 152,\* Alabama says that the increased milk production plus the manure saved will soon pay for the cost of inexpensive shelter. So, if you live anywhere north of the Gulf of Mexico you will make money by seeing to it that your cows are kept warm and comfortable.

Hold still, Bossie, while I tuck this pillow under your head.

The human animal's need for vitamins is pretty well known. Now the University of Wisconsin finds that dairy calves need vitamins... that lack of vitamins is one cause of calf losses. For more on this write for booklet called "Calves Need Vitamins," Extension Service, College of Agriculture, University of Wisconsin, Madison.

Ever hear of a man working hard all week and then deliberately tearing up his pay-check? Neither have I, and yet thousands of dairy farmers do almost that same thing every week. They work hard, invest their time and money in milk production, and then lose their hard-earned pay by failing to give the milk proper protection.

If you've been having any trouble with sour or off-flavored milk, or if you want to avoid such trouble, I suggest you send for Farmer's Bulletin No. 602, U. S. Department of Agriculture, Washington, D. C. There is a 5c charge.

\*NOTE: There is usually a 5c charge for pamphlets loaned to non-residents of a state.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its busy and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users every where. Ask your neighbor!

DOAN'S PILLS

FOR EMERGENCY AMBULANCE In case of accident or sickness, on the highway or at home— PHONE 94 HEDLEY WOMACK FUNERAL HOME Attendants Are Trained in First Aid

War has helped destroy a lot of America's old illusions. Gone are the ideas that all South Sea beauties look like Dorothy Lamour; that all Englishmen wear monocles and all Russians whiskers. Gone is the idea that free enterprise is some vague theory for the guy in the big city to worry about. Wherever you live... on Main Street, Park Avenue, or RFD No. 4... you are vitally concerned with the continuation of this American system. The grocery, the millinery shop, the corner drug, the hardware store, the hamburger stand, the score of other businesses which make up your Main Street, the farm on RFD No. 4, the

ranch in the south end of the county... all of them, like your local electric service company, are products of business management under the system of private enterprise. PRIVATE ENTERPRISE—the right of every American to work when and where he wants, within reason; to enter any business or profession; to create, produce and benefit by his own success.

West Texas Utilities Company

### At Last John Got Chance To Be Side-Seat Driver

The wife was busily engaged in sewing an apron when her husband drew his chair up beside her sewing machine. "Don't you think you are running too fast?" he said. "Look out! You'll sew the wrong seam! Mind that corner, now! Slow down, watch your fingers! Steady, now. I tell you you're going too fast!" "What's the matter with you, John?" said his wife, alarmed. "I've been running this machine for years and don't need you to tell me how now!" "Well, dear," replied the husband. "I thought you might like me to help you since you help me drive the car."

### SNAPPY FACTS ABOUT RUBBER

Normally U. S. motorists need 30 to 35 million new replacement tires a year. In 1942 and 1943 combined, only about 17 million tires will have reached vehicle owners through retreading offices. Koroseal is "Plasticized polyvinyl chloride," a B. F. Goodrich rubber-like material that before the war was used in more than 300 different products. Koroseal has now gone to war. Wheel alignment means much to tire mileage these days, with so many old cars in service. Frequent checking of corner and toe-in on front wheels will prove a rubber and mileage saver.

### Who's News This Week

By Delos Wheeler Lovelace

NEW YORK.—Incentives to American girls and women to join the U. S. Cadet Nurse corps are less numerous than the blessings which will follow them on the battle fields of the world and in hard-pressed, under-staffed civilian hospitals. Still, they are numerous enough: free education in a well-paid profession, a shortened training period, living expenses, spending money while training, a distinctive insignie, uniforms. But Lucile Petry, director of the corps, seeking 27,000 new recruits, offers still another inducement. The prospect for marriage in the nursing profession are, she points out, excellent.

This corner agrees after viewing the fetching new uniform. The petite, erect, gray-haired, fresh-as-a-daisy Miss Petry is even prettier in uniform than in civilian dress. On leave of absence as dean of Cornell University New York Hospital School of Nursing, she has been helping the government since 1941. She was named director of the nurse corps immediately after its creation in 1943. Before Cornell she taught and supervised at the University of Minnesota.

Earlier there was an immense amount of study. Graduating with honors from the University of Delaware in 1924, she entered Johns Hopkins Hospital School of Nursing. After graduation there she was awarded a scholarship and took a master's at Teachers' college, Columbia university.

Daughter of a small town school principal who believed that children should accept responsibility, Miss Petry worked in a dry goods store, a canning factory and a broker's office while still "the little Petry girl."

If Lieut. Gen. Omar Bradley runs true to form his maps of coastal France are being worn thin. He will lead invading American ground troops in the coming Through Needless big push, Blood Sacrifices and he tries to know as much of the battle terrain as the enemy, more if possible. Usually he hops into a jeep and looks the country over, then studies his maps far into the night. Since he can't very well tool a jeep through Nazi defenses beyond the channel the maps must do double duty.

Fifty-one, Bradley is a Missourian who has made his way in the army against the handicap of a singular modesty. Before this war started he was notable as one of the army's best mathematicians, probably the best commandant ever in charge of the Officers' Candidate school at Ft. Benning, and a tactician who usually did a little better in maneuvers than his opponent. When he took over in General Patton's wake in North Africa only the army found his name a familiar one. His score at Gafsa, Hill 609, Mateur and Bizerte turned the international spotlight on him.

Bradley's military books are dog-eared from much reading but for fun he likes detective stories. He likes also to talk with his soldiers. And above all he dislikes the records of such generals as that Frenchman who, in the last great war, was said to butcher his divisions to gain a victory.

WHEN historians turn to the exciting story of this era they will note the use of special envoys as a characteristic of the long administration of the second Sea Dog Who Is Roosevelt. An Adroit Diplomat Now it is Envoys W. A.

Glassford who performs the very special task of laying American aims and plans before the obstreperous Gen. Charles de Gaulle. William A. Glassford Jr. is a vice admiral in the navy, and it is common practice to look upon all our admirals as bluff old sea-dogs but among them is included a handful of deft diplomats. The vice admiral is one of these for all that he can seem bluff enough at times. He seemed so a few months before we got into the war. Speaking then before a Shanghai audience of American business men, he declared bluntly that Britain was on the edge of a flicking and our turn would come next.

In the light of his later assignments, however, he may have been doing some pretty wily talking on orders received from very high up. Since last May, Mr. Glassford has been President Roosevelt's personal representative in North Africa, with ministerial rank. Earlier he headed a mission which sought to discover for the administration the value to the Allied cause of the battered but strategic port of Dakar. In the first days of World War II he was commander of the Anzac forces in the southwest Pacific.

### Star Dust STAGE SCREEN RADIO

By VIRGINIA VALE Released by Western Newspaper Union. IT WAS rumored some time ago that Frank Sinatra didn't like his role in his first picture, "Higher and Higher," and therefore didn't want to do it. For all anybody knows, the lad may have dramatic talents that will bring him success equal to the fame he's won as a singer. The picture "Wake Up and Live," which Ben Bernie and Walter Winchell made some years ago, seems a perfect vehicle. Now that Sinatra has replaced Bing Crosby's horses as the leading topic of most of the radio comedians, it's only fit and proper that Bing and he are arranging to appear on each other's broadcasts.

Phil Baker's "Take It or Leave It" is about to become a motion picture. Twentieth Century-Fox has signed Baker to star in a comedy built around and named for the CBS Sunday night quiz. "Take It or

PHIL BAKER

Leave It" departs for Hollywood following the February 27 broadcast, to start work on the film—with Brian Foy directing, the picture should be worthy of the air show.

In RKO's "Marine Raiders" (Pat O'Brien, Bob Ryan and Ruth Hussey), eight men of the cast have received honorable discharges after months of action in the South Pacific. All eight have been awarded the Purple Heart.

London whooped it up over the performance of six-year-old Margaret O'Brien in "Lost Angel," when the picture was launched there. The newspapers couldn't praise her highly enough. She made her screen debut in Metro's "Journey for Margaret." She'll play Little Eva in their technicolor production of "Uncle Tom's Cabin," with Lena Horne as Eliza and Lewis Stone as St. Clair.

Last year Bette Davis was compelled to decline an honorary degree from her father's alma mater, Bates college, in Maine. This year Rollins college, in Winter Park, Fla., wanted her to drop in on February 25, to accept a Ph.D., but she had to decline again. With "Mr. Skeffington" now being filmed and "The Corn Is Green" coming up, she can't get away for the ceremonies.

The new Horace Heidt show (Monday evenings on the Blue network) is rapidly becoming a "must" on the broadcasting lists of many American homes. Certainly nothing could be more dramatic than this attempt to find just the right job for two honorably discharged service men each week. And the rest of the show holds up as excellent entertainment.

One of the biggest prizes that a Hollywood director could get was that of directing "The Robe." It went to Mervyn LeRoy, who did "Madame Curie," "Random Harvest," "Anthony Adverse," and many other successful pictures. It'll keep him busy for some time.

Anne Jeffreys, blonde ex-model, was on her way to an operatic career when films lured her to Hollywood; now she's getting her first important break in a major production, playing the second feminine lead in the new Sinatra picture.

Radio's "Stage Door Canteen," heard over CBS, helps maintain cantens in New York, Hollywood, Washington, Boston and Philadelphia. Not content with that, the "Stage Door Canteens" have adopted a fleet of the navy's landing craft infantry, and are keeping the entire group entertained via letters and surprise packages. The program is presented by the American Theatre Wing.

ODDS AND ENDS—When "Madame Curie" was in its seventh week at New York's Radio City music hall, it was also playing its seventh week for the troops on the Italian battlefield... Charlie McCarthy turns ventriloquist in "Song of the Open Road," with a replica of himself, called Junior, on his knee... A North African soldier fan of CBS singing star Jeri Sullivan has dubbed her "the girl with the pin-up voice"... John Gari, radio's busiest conductor-arranger, has completed composing the original musical score for CBS's "War Town," a new dramatic series with a contemporary theme, starring Ralph Bellamy.

### PATTERNS SEWING CIRCLE

1899 1-5 yrs.  
1892 10-20

Barbara Bell Pattern No. 1899 is designed for sizes 1, 2, 3, 4 and 5 years. Size 3 pattern and pinaflore require 2 3/4 yards 25 or 28-inch material. Barbara Bell Pattern No. 1892 is designed for sizes 10, 12, 14, 16, 18 and 20. Corresponding bust measurements 32, 30, 32, 34, 36 and 38. Size 12 (30) requires 2 1/2 yards 22 or 25-inch material.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.
