Soil Conservation Meeting at Memphis

Plans are progressing rapidly for a series of five meetings on Soil Conservation throughout the West Texas and Panhandle territory served by the Fort Worth and Denver City and Wichita Valley Railways, sponsored by local committees comprised of representatives of these railroads, local banks, Chambers of Commerce, County Agents, and others interested in this work.

The fourth session will be at Memphis where County Agent W. P. Hooser will call order at 7:30 PM, Friday, January 24th, in the High School Auditorium.

Mr. and Mrs. L. A. Tucker and son of Estelina visited here Sunday.

Was Casters

If furniture casters are waxed, it will help prevent ugly marks on the floor.

Madrigals 500 Years Old

The madrigal was known as a musical art form by the middle of the 15th century.

P. T. Barnum sponsored a song writing contest as publicity for the first American appearance of Jenny Lind.

Raising Cuid

A report says that as a rough average it costs as much to raise a child and put him through college as to buy a house.

Neuro-estrinum

Calves not receiving Neuro-estrinum, or the first milk, or supplementary vitamin feeding, usually fail to survive.

Cauliflower Leaves

Cauliflower leaves cooked until tender and served with butter taste like brussels sprouts.

Mister X

Well, kids here I am again. Sorry I didn't make it last week, but I sure had an awful hangover from New Year's.

Betty Jo, who's that certain Junior boy who's been calling you "incident"? Is it getting serious? Let's hope for the best.

Wanda did he finally ask you to go to Amarillo? Good.

Redtop, you are getting to be quite a cradle robber here lately. Living up to your name? You won't have to, we knew.

What was wrong with Erma Jean Monday night? I thought she wanted to go. Watch her, ul.

Say, Bobbie Lee, who are you still crying over? That guy Sam from C.J.C.?

Mary Sue, you should have come to the ball game Monday night. Is he stepping out on you? James, why don't you ever go with any of the girls anymore? They all seem to like you, or do you know something which puzzles us all?

Settop, give the box of Xmas cards to your

Lions Club

Next week is the club meeting. Lions Officers and D. F. Timmons have had the program. Let the membership contest and valuable awards are given to each Lion who gets a new or reinstated member during the month.

Ladies night will be week after next, Thursday night, January 30th. The meeting will be at the High School Auditorium. Lions W. C. Bridges and J. W. Noel have charge of the program.

The Lions Basketball team defeated Groom here Monday night by the score of 47-26. The team is still undefeated in the Amarillo tournament. Special busses were run to the tournament last Thursday and Tuesday night carrying the Lions, their ladies and other fans.

Tuesday night the Lions defeated Stinnett 56 to 28, and will play Phillips in the semifinals Thursday night.

Rowe Cemetery

Some time back we published an article saying we would not be responsible for the up-keep of the Rowe Cemetery. We realized we are not young men anymore and felt a young man could do more than we could.

No one seemed to have time or interest for this work. Our cemetery was in an alarming condition due to fall rains some graves were sunk down to the boxes—still no interest. We decided we were due our loved ones and friends some respect and we would do our best. We hired Mr. and Mrs. Ed Lawson to work until our money gave out. Every grave has been filled and all weeds cut and disposed of. It's an excellent job, one every citizen should be proud of.

Some gave liberal donations. We have it all cleaned up and invite you to go see for yourself what has been done. If you folks in and around Hedley community think it is good work, why not make a donation to keep the good work going.

You folks who have loved ones buried there, it's your duty to see that it's kept up. We ask you to donate liberally for our treasury is exhausted. We would like to keep this work up. Wages are high, but the big expense is over and we can continue.

See our cemetery first; if you are pleased leave donations with Security State Bank, Mrs. Clyde Bridges, Mr. and Mrs. Ed Lawson, Charley Shaw, W. I. Rains or Claud Nash. Why not do this today, you could forget it later.

Thanks for all donations already received.

W. I. Rains and Claud Nash, Committee

Wreck Injures Five

Five persons were injured, three of them seriously, in a head-on collision on the highway north of here about noon Monday.

Seriously injured were Mrs. Fate Russell of Childress, Mrs. Vennie Irwen of Wellington and Mrs. M. L. Melton of McKnight. Also hurt were Mr. Russell of Childress and Harvey Melton of Memphis.

The Russells and Mrs. Irwen were on their way to attend the funeral of a nephew at Raton, N. Mex. The Meltons were en route from Memphis to McKnight. The accident apparently was caused by failure of the steering mechanism on the Melton car.

The injured, who are in a Memphis hospital are reported slightly improved.

Workers' Conference

The Panhandle Baptist Worker's Conference will meet with the First Baptist Church in Lakeview next Tuesday, January 21. Several members from the Hedley church are making plans to attend. The following program has been planned for the evening:

Uncle Sam Says

Ponder these facts, niece and nephew. In 1937 many Americans bought the Series C Savings Bond, similar in every respect to the present Series E bond which millions of you are now buying regularly through payroll savings or at your bank or post office. During 1947 the Treasury Department will hand over \$4 for every \$3 these wise Americans laid away 10 years ago. The total payoff in interest is a staggering sum—over \$100,000,000. Nearly 75 per cent of all buyers of Series C bonds held on to them for the full 10 years. You have the opportunity now to join your fellow Americans who will share in the Treasury Department's 1957 payoff of an extra dollar for every \$3 you invest now in Savings Bonds. U. S. Some Things Right and First With Hedley Schools

Every High School teacher has a home in Hedley.

All grade teachers but two live in Hedley.

Each High School teacher has a Bachelors degree and works in his major field.

Each Grade School teacher has made some special preparation for his or her work.

The Superintendent has a BS. E.; and M. E. and L. L. B. degrees.

Our class equipment has always passed inspection.

Our teachers are not fussing among themselves.

A full 9 months is always taught. A warm lunch, separate and apart from class rooms, is provided and well equipped.

A separate music room is provided.

We have the largest campus in Donley County.

Four of our teachers rank among the first in length of service in the County.

We do not fire a bunch of teachers every year. The best schools have teachers that have been in them over twenty years.

We play square with the State from whom we get most of our money.

There is nothing wrong with the school that money won't cure.

We have more visual aid than any other school in the county.

With the help of Dr. and Mrs. Cox and Mrs. Hunsucker we have put on a health program of which all of us are proud.

Things are back to normal again, so I will just settle down to a little news:

Bobbie Lee, you have another boy to add to your list now. Have you forgotten Sam and R. L.? You had better get back on the right track.

Sue, how did it happen? Who was the good looking Quail boy you were with at the preview Saturday night?

What's this I hear about a certain ex-soldier asking Erma to go to the show last Sunday? Hubba! Hubba!

Martha Jo, who was the guy you were with at the show Saturday night? An ex-senior, no?

It seems as if Pete can't make up his mind who he wants to go with, Jerry or Lola Faye? You are doing okay, take one to the first show and the other to the preview.

Elsie, I hear Marg. and you had some trouble Sunday afternoon. Do you still like to ride bicycles or can you go faster in a truck?

Faye, a little Memphis boy was hunting you Saturday night. I think his name was J. C.!

Bragg and Pete seemed to be pretty happy Saturday night. You must have met up with Redtop somewhere!

Say, Betty Jo, who were you talking to in the cafe Sunday afternoon?

Boxing Matches

The Clarendon boxing team will make their first appearance of the season Friday January 17th at the Hedley gymnasium in a matched bout with the Maverick Club of Amarillo. The event is scheduled to start promptly at 8 p. m. and a capacity crowd is expected. The meet is being held here because the Clarendon gym does not have adequate space.

Several bouts have been matched for the evening. Of special interest to local fans is a match between Charley Johnson and Red Glasgow of Amarillo. Charley won a middleweight exhibition match recently in the Maverick boxing tournament at Amarillo. The Owens twins will put on a special exhibition as added attraction.

To Organize Lions Club At Quail

Organization of a Lions Club is now under way at Quail to be made up of business men, farmers, ranchmen and teachers of that community. The minimum membership of 25 required for a charter has been reached and following its approval an organization meeting and election of officers will be held.

Leading in the formation of this civic club are Neph Cunningham, superintendent of the school, and W. C. Risinger, principal.

The Memphis Lions Club is sponsor of the new club and the Hedley Lions Club is co-sponsor. The organization meeting will be held Monday, Jan. 27.

GOP Takes Over Both Congress; President Cuts Wartime Powers; Industrial Pay Reaches Peak

Released by Western Newspaper Union

Opening of 80th congress saw Republican majority in limelight. At top, Senators Vandenberg (Mich.), Wherry (Neb.) and White (Me.). Middle, Senators Robertson (Wyo.), Bricker (Ohio) and Taft (Ohio). Bottom, Senators Cain (Wash.), Thye (Minn.) and McCarthy (Wis.).

CONGRESS: Ready to Go

Times and labor legislation were scheduled for early consideration as the 80th congress convened under Republican leadership.

Veteran GOP luminaries held the reins as the session got underway. While seniority was acknowledged in the naming of the party's congressional command, the men named have proven their mettle in legislative wars and qualify for the positions.

One of the outstanding figures in the bipartisan foreign policy development by Secretary of State Byrnes, Arthur Vandenberg (Mich.) was the choice for president pro tem of the senate. Quiet, able Wallace White (Me.) took over the majority leadership of the senate while aggressive, conservative Kenneth Wherry (Neb.) was in line as the party whip in the upper chamber.

For Martin (Mass.) was the unanimous choice for speaker of the house but a battle developed for the majority leadership between the Taft and Dewey forces. Although charged with being a Dewey man, Charles A. Halleck (Ind.) vowed impartiality and obtained the position after a brief struggle. It is within the power of a majority leader to advance or push certain legislation, hence the importance of the post to factions seeking to build up their prestige.

LIVESTOCK: Hal Mexican Imports

Veterinarians were scheduled to check every Mexican animal imported into the U. S. since reopening of the border October 17 for the dreaded hoof and mouth disease following reports that the malady had broken out in three Mexican states.

At the same time, Republican congressmen revealed their intention to probe President Truman's reopening of the border last fall in the effort to provide additional livestock to relieve the acute meat famine then prevailing. It was charged that Mexico never has eradicated the disease because of lax supervision of imports from other South American countries afflicted with the sickness.

Of open outbreaks of the hoof and mouth disease in the U. S. since 1870, the last two occurred in 1924. Highly communicable, hoof and mouth disease blisters the feet and mouth of cattle, affecting their ability to move freely and eat normally.

WHITE HOUSE: Steadfast Thunder

Beating congress to the punch, President Truman officially proclaimed the end of hostilities to terminate government powers under 20 laws to mark 33 others for expiration within six months to five years. Loosening the period of hostilities is supposed to cover actual fighting. Mr. Truman did not call for an immediate cessation of the states of emergency proclaimed in 1939 and 1941 and of the state of war, revealing that he would recommend action on these measures to congress.

POWER: Increase Service

The year 1946 was a period of phenomenal growth in the electric utility industry in the number of customers served, with nearly 2,000,000 new customers added.

Another high record established in 1946 was the increase of 100 kilowatt hours per capita.

ing that he would recommend action on these measures to congress. A state of emergency is designed to cover any situation deemed critical to the country while a state of war is considered to prevail until the signing of peace treaties.

In terminating hostilities, the President: —Reduced wartime taxes on liquor, beer, wines, fur, luggage, jewelry, telephone and telegraph service, transportation, electric bulbs and billiard and pool tables to prewar levels. —Ended government power to seize privately owned mines and plants. —Scheduled the end of price supports for farm products for 1948.

LABOR: Pay Up

Losses of 107,475,000 man days of work during the first 11 months of 1946 due to strikes partly were offset by increased wages and shorter hours over the comparable 1945 period, the department of labor reported.

Time lost in walkouts set an all-time peak, even topping the embattled postwar year of 1919, the department said. As against the 107,475,000 man days lost this year, 30,307,000 were lost in 1945; 8,336,000 in 1944, and 16,089,000 for the 1935-'39 prewar period.

Industrial pay hit new tops following the year's bitter labor disputes. Average weekly earnings in the bituminous coal industry rose to \$62.54 on an increased work week, but other pay jumped appreciably despite shorter time. Figures for different industries follow:

All	Average weekly earnings	Change	Average weekly % change
All	\$45.69	+11.5	40.4
Iron, steel, and products	49.85	+7.0	40.3
Steel furnaces, rolling mills	50.43	+8.2	39.6
Electric machy.	42.20	+11.3	40.9
Auto	52.80	+11.9	38.1
Meat packing	43.96	+3.8	37.5
Oil refining	57.29	+8.0	40.0
Tires, tubes	57.19	+15.1	36.1

FOREIGN AFFAIRS: Border Problem

As first intimated in Secretary of State Byrnes' historic Stuttgart address September 6, the U. S. will press for revision of Germany's eastern border when the Big Three meet in Moscow March 10 to discuss a peace treaty for the Reich.

Backed by Britain, the U. S. will seek restoration of Pomeranian and Brandenburg farmlands given to Poland by Russia after the end of the war. While the U. S. intends to press for a return of this territory, it will accede to the cessation of the rich industrial section of Silesia and half of East Prussia to the Poles.

The U. S. position for restoration of Pomerania and Brandenburg to Germany is based on the fact that these regions comprise 23 per cent of the Reich's best farmland and the country would suffer a serious food deficiency if the land is not returned.

News in Brief

The 30th anniversary of the Monroe Auto Equipment company, largest independent producer of hydraulic shock absorbers, points up the phenomenal growth of the motor vehicle and allied industries during the last three decades. In 1939, the industries' sales topped 4 billion dollars to lead all other non-

PG: Huge

As much as government-owned potatoes to waste following U. S. the 1946 crop in the face of a sagging market.

Originally, the government held title to 100 million bushels as the result of a bumper harvest. Making good on its agreement to maintain prices at least 90 per cent of parity, the U. S. bought substantial stocks and covered other commitments with loans, redeemable if the market rose. The huge waste is expected to follow from rotting of the potatoes in inadequate storage on the farms.

To escape total loss, the government resold millions of bushels to distillers and livestock feeders at bargain prices. Distillers of beverage and industrial alcohol bought over 28 million bushels. About 525,000 bushels were resold for export to famine areas with the amount held down by perishability and high transport costs.

Public institutions and school lunch programs received about one million bushels of the surplus potatoes free.

U. N.: Pursue Disarmament

The question of disarmament proceeded on its labyrinthine course in the United Nations.

As a struggle shaped over formulation of an atomic control measure, the Russians asked the 11-nation security council to proceed full steam ahead on disarmament without waiting for final action on nuclear energy. Declaring that disarmament is the most important factor for strengthening peace and security, the Reds called for an agreement within three months at the latest.

Meanwhile, the pesky question of the veto snagged deliberations on control of atomic energy. While the United Nations' atomic energy commission approved of the U. S. plan and sent it to the security council to be worked out, Russia expressed opposition to the provision that no Big Five power be permitted to apply the veto to escape punishment for violating regulations. Since the Reds can use the veto in shaping control in the council, however, prolonged discussions loomed.

HOUSE: Assail Reds

Noting a softening in the Russian attitude following U. S. implementation of a "get tough" policy with the Soviets, the special house committee on postwar economic planning headed by Representative Colmer (Dem., Miss.) and dominated by Democrats urged a further tightening of relations with Moscow until it meets its international obligations and agrees to full control of atomic energy.

Drawn after a group of committee members had toured Europe, Russia and the Middle East, the report declared that an affirmation of reports that the Soviets were using German plants for rearming would justify a renunciation of the Potsdam agreement and a demand for the Communists to vacate the eastern occupation zone. Pointing up Russian rearmament policies, the report stated that the Soviets were concentrating on development of heavy industry convertible for war in their new five year plan.

Until the Russians agreed to play ball with the Allies, the committee recommended that the U. S. withhold appreciable financial assistance from the Soviets, curb the extension of technical assistance and industrial exports, and license the sales of American firms to the Reds.

COLLEGE: Peak Enrollment

Taking full advantage of the G. I. bill of rights, vets constitute a large percentage of undergraduates attending educational institutions, a survey of 688 universities and colleges disclosed.

Compiled by Dr. Raymond Walters, president of the University of Cincinnati, the study showed that of 1,718,862 students at the 688 schools, 714,477 were ex G.I.s. In addition, 150,000 vets were enrolled at 650 junior colleges and thousands more at several hundred other schools, bringing the grand total of G.I.s to slightly more than half of 2,000,000 students.

With ambitious vets availing themselves of generous educational opportunities, current full-time enrollments at the 688 top universities and colleges are at peak levels, the survey showed. Roughly, they are 57 per cent above the 1939 figure and twice that of 1945. Two men are enrolled to every woman whereas the wartime ratio was three women to two men.

DEBT: War Tells

Showing the effects of total war, the nation's indebtedness stood at 400.5 billion dollars at the end of 1945, according to a survey of the department of commerce.

While total debt doubled during the 1941-'45 period, federal debt jumped five times. In 1945 federal debt rose 42 billion dollars white star

Faithful Model of Sir Drake's Ship Inch Long

Among the outstanding exhibits of glass-case ship models is the Hampshire collection in the Institute of Marine Engineers in London, says Collier's. The life work of one man, it consists of 13 miniature reproductions of famous vessels built on a scale of 1 inch to 64 feet, or about one-eighth of the usual size of decorative ship models. Most unusual of them all is a faithful reproduction of Sir Francis Drake's three-masted Golden Hind, which is one inch in overall length, or so small that it can be hidden behind a half dollar.

This Home-Mixed Syrup Relieves Coughs Quickly

Needs No Cooking... Saves Money. The surprise of your life is waiting for you, in your own kitchen, when it comes to the relief of coughs due to colds. In just a moment, you can mix a cough syrup that gives you about 4 times as much for your money, and is surprising for quick results. Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed—it's no trouble at all. Or you can use corn syrup or liquid honey, instead of sugar syrup. Then put 2 1/2 ounces of Pinex (obtained from any druggist) into a pint bottle. Fill up with your syrup, and you have a full pint of really wonderful cough medicine. It never spoils, lasts a long time, and children love it. This home mixture takes right hold of a cough in a way that means business. It loosens the phlegm, soothes the irritated membranes, and quickly eases soreness and difficult breathing. Pinex is a special compound of proven ingredients, in concentrated form, well known for quick action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

Ham and Bacon Stacks
Offer Luscious Treat

"For a special luncheon there isn't any better dish than Ham and Bacon Stacks," writes Marjorie Griffin, Rural Home editor of nationally-circulated Capper's Farm.

"This luscious treat offers ham and pineapple slices rolled inside bacon, and in the middle of it all is a mashed sweet potato patty," she tells homemakers in the magazine read by 1,300,000 farm families."

HAM AND BACON STACKS
2 strips bacon 1 lb. ground ham
1 slice pineapple 1 c. mashed sweet potato

Cross two strips of bacon. Lay on one slice of pineapple. Shape the mashed sweet potato into 4 patties and the ground ham into 4 patties. Top each pineapple slice with a sweet potato patty and a ham patty. Fold over ends of bacon on top of each stack and fasten ends together with a toothpick. Place in baking dish. Bake in 350° F. oven for one hour. Serve while hot.

We've Hired an EXTRA SERVANT

AT NO EXTRA COST

With household help becoming more and more a problem to obtain—a fact that is not pleasant to recognize—our customers are increasingly looking to Reddy Kilowatt as the only servant available, not only for part time work, but as a regular 24 hour day chief cook and housekeeper. Positive evidence of the demands for Reddy's services are at all electric employment centers—our display floors and the display floors of every electric dealer.

That people are hiring Reddy to do their cooking and house cleaning is shown by their eagerness to purchase every electric range and vacuum cleaner on arrival, and their insistence in holding their place on waiting lists for delivery as soon as possible.

Reddy's wages are still the bargain of the age. For year-round service with no time off, he's the post war super domestic.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people in the country over. Ask your neighbor!

Rural Homemakers Speed Kitchen Remodeling

Above: kitchen storage space was furnished by built-in cabinets in Mrs. J. Ross Fleetwood's kitchen in Boone county, Missouri. Shelves in cupboards are spaced to fit utensils.

CREATING a bright, efficient kitchen from a dingy, inconvenient one is the first postwar improvement many farm women want in their homes, according to the Rural Home editor of nationally-circulated Capper's Farmer.

"Among handy devices that can do lots toward kitchen convenience is a pulled out board that makes it possible to sit comfortably to do many tasks," she writes in the magazine read by 1,300,000 farm families. "Lap-board can slide into a slot in a built-in cabinet at a convenient height for the person who uses it."

"A double-basin sink with swing-faucet, single drainboard and back eliminates need for also gives plenty of

space for vegetable preparation, pan rinsing and numerous mealtime jobs. With a drainboard it's easy to let dishes dry by themselves. If sink has no porcelain back, a linoleum splash back 10 to 12 inches high is ideal.

"Space underneath sink should have shelves for cleansing materials and room for trash containers. A door with ventilation holes will allow under-sink moisture to escape. Also needed are toe-space for standing at the sink and knee-space for sitting down."

A hardwood counter top beside the refrigerator is useful as a cutting-chopping block and as a pastry board, she adds. It's always out and ready. Might be made of heavy, hard maple.

Plastics Brighten Home

Plastics are making their home entrance in everything from window screens to furniture upholstery. There: Petersen points out in nationally-circulated Capper's Farmer.

These adaptable synthetics will be seen in many forms. Some will be pressed into fine-films, some made into thread to be woven into thicker sheets, giving a leather-like appearance, she writes in the magazine read by 1,300,000 farm families. Molded plastics are being made into dishes, accessories, furniture and other parts for home equipment.

NEW YEAR'S MESSAGE

Philippians 3:13 and 14: Here I am, I count not myself to have apprehended; but this one thing I do, forgetting those things which are behind and pressing toward the mark for the prize of the high calling of God in Christ Jesus.
 Not only to the REV. BILLINGTON Christian people, but to the unassured, those of you who are not Christians, that have a background and a past as black as the abyss of hell. If you would forget the past years gone by and look forward to the Cross of Jesus Christ and be saved by His name and by His shed blood, New Years would be the happiest days you ever spent. If all Christians would forget their differences, especially their opinions rather than Scriptural truths and look forward to the things that are ahead, what a Christian world we would have in living time to XMAS, every Saturday night, 9:30 P. M. (CST).
 Send for copy of our weekly paper and five things every person ought to know.

Matter Over Mind

Sir Mark Young, governor of Hong Kong when it was taken by the Japanese, and who was taken prisoner at that time and later released, is the hero of many stories illustrating a rapier-like wit. One of the best is of the lady, lurching at Government House, who was aggrieved to find herself on Sir Mark's left instead of his right. She approached her grievance obliquely—but made it fairly obvious. Finally she remarked: "I suppose it is really very difficult for your A.D.C. always to put your guests in their right places?" "Not at all," said Sir Mark blandly, "for those who matter don't mind, and those who mind don't matter."

Plain Waffles

(Makes 6 waffles)
 1 1/2 cups sifted all-purpose flour
 3 teaspoons baking powder
 1/4 teaspoon salt
 2 eggs
 1 1/4 cups milk
 6 tablespoons melted butter or fat

Sift together dry ingredients. Beat eggs with an egg beater until light. Add milk and butter. Add this to sifted dry ingredients and beat until smooth. Bake on waffle iron according to manufacturer's directions.

Cheese Waffles

Add 1 cup grated cheddar cheese to above recipe with melted fat.

LYNN SAYS: Don't Forget Salads During Winter

Green vegetable salads gain distinction when you add a few savory herbs to them. Sprinkle such seasonings as chervil, thyme, basil, tarragon and dill on the salads before serving, and watch appetites perk up.
 Salads should never be placed on the table until the main course is served.

HOUSEHOLD MEMOS... by Lynn Chambers

Serve Waffles for Any Occasion! (See recipes below)

Versatile Waffles

One of our simpler foods, the waffle, can be served in an amazing variety of ways. Add a few variations to the original waffle recipe and you have a wonderful new breakfast treat or Sunday night supper special. Instead of a sauce, serve it with fresh or stewed fruit or a fluffy whipped cream and you have an extra-delicious dessert. Or, if you prefer, top it with creamed chicken, ham a la king, and presto! There's your luncheon dish all ready.

Waffles are hearty fare, and that's pleasing to those of you homemakers who have trouble giving the family enough nourishment on nippy days. Let them fill up on waffles in all their variety, and the whole family will be pleased as punch.
 You won't be able to run through all these different suggestions I'm giving for waffles immediately, so clip the ideas and save them. They're wonderful to have on hand for the different occasions I've just mentioned, and your menus—whether for sn-ck or breakfast—will never fall into doldrums.

Peanut butter waffles are tasty and have a softer crust than the ordinary waffle. They're breakfast fare, but may be served for a light supper with soup 'n salad.

Peanut Butter Waffles
 (Makes 7 waffles)
 6 tablespoons peanut butter
 6 tablespoons fat
 2 eggs
 1 1/2 cups bottled milk
 1 1/2 cups flour
 3 tablespoons sugar
 3 teaspoons baking powder
 1/4 teaspoon salt

Cream peanut butter and fat together. Add beaten eggs and blend well. Add milk. Sift flour, measure and sift again with sugar, baking powder and salt. Add milk mixture to dry ingredients. Mix until smooth. Pour onto hot waffle iron and bake 3 to 5 minutes.
 A good basic waffle recipe may be varied in countless ways. The mixing is easy and need take but a few minutes.

Ice Cream Sauce
 (Serves 10 to 12)
 1 cup heavy cream
 1 egg
 3/4 cup granulated sugar
 1/2 cup melted butter
 1 teaspoon vanilla

Beat egg until light, add to sugar and beat well. Fold in melted butter and mix well. Fold in whipped cream and vanilla, then place mixture in refrigerator tray to chill.

Hot Fudge Sauce
 (Makes 1 1/2 cups)
 2 squares unsweetened chocolate
 1/2 cup water
 1 1/2 cups corn syrup
 1 teaspoon vanilla extract

Cook chocolate and water over direct heat for 2 minutes, stirring constantly. Remove from heat, add corn syrup. Simmer for 10 minutes, stirring occasionally. Add vanilla.

Butterscotch Sauce
 (Makes 1 pint)
 1 cup sugar
 3/4 cup corn syrup
 1 tablespoon butter
 1/2 pint thin cream

Cook until a soft ball forms when tested in cold water. Remove from fire and serve hot or cold. Thin with cream, if desired.

Fish, meats and vegetables will be more palatable if they are first marinated before being tossed with the other salad makings. Frequently two dressings may be combined to give extra sparkle to salads. Use french dressing mixed with mayonnaise or sour cream dressing, for example.
 If you want to dress up vegetable fish salads use carrot

HOUSEHOLD HINTS

To cook macaroni or spaghetti without constant watching or stirring, place it in a colander and then lower the colander into a kettle of salted, boiling water.

Flavor for the soup. Put onion and spices into tea ball holder that may easily be lifted out when the broth is full-flavored.

When ironing clothes, place several drops of cologne on your ironing board cover. Then as you iron the cologne aroma will be absorbed by hankies and blouses.

Oatmeal cooked with molasses in the water makes a tasty cereal rich in iron and saves sugar.

To perk up frayed blankets, why not rip off the old binding? Buy several yards of sprigged sateen ribbon that costs but a few cents at the dime store. Choose it in a contrasting color and stitch it on to give your blankets new life.

Spices lose strength rapidly in a paper container, so empty promptly into a small glass jar. Use a screw top jar.
