Lions Roar

This week is regular Lions Club meeting, also the Lions Club Bingo Carnival Friday and Saturday nights.

Next week is directors meeting night. At last week's directors meeting the attendance was good. The directors voted to aid the ladies in forming a garden club. This will come under the Civic Improvement committee who are Lions A. T. Simmons, Clyde Grimsey and Ray Moreman.

Weekly Swings SOUTHWEST FARM MARKETS

Southwest farm products moved largely in steady to stronger markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Less cattle and sheep arrived at southwest and midwest markets last week than the week before, and more hogs and calves. Most changes were not large.

Cattle and calves sold unchanged to \$1 higher for the week at Texas markets, and unchanged to 50 cents higher at Oklahoma City and Denver. However fed cattle gained around \$1.50 at Denver, where choice steers reached \$32, highest of the year.

Most markets paid around 50 cents more for hogs than a week ago. However, sows and pigs closed unchanged at Fort Worth, as did all hog classes at San Antonio. Top hogs sold from \$18.50 to \$18.75 at Texas markets and at \$19.25 at Denver.

Dressed beef advanced \$2 to \$6 at Eastern wholesale markets, but veal and calf sold weak to \$2 lower. Other meats were steady to strong except Boston butts.

Spring chickens sold a little higher than a week earlier, but other eggs and poultry held about unchanged. Northwest Arkansas growers received mostly 28 cents a pound at the farm or 2 3/4 to 3 pound broilers. Best fryers brought 28 to 30 cents at Dallas, 27 to 30 at Fort Worth, 31 to 33 at New Orleans, and 22 to 25 at Denver.

Cotton advanced 25 to 50 cents a bale for the week. Spot middling 15-16 inch closed Monday at 23.50 cents a pound at Dallas, 29 at Houston, 29.10 at Galveston, 29.20 at New Orleans, and 29.40 at Little Rock.

Mrs. C. L. Johnson spent from Thursday to Monday visiting in Snider, Okla. and Veinon.

Mr. and Mrs. Banks Jeffreys and baby of Amarillo spent last week end here.

Mr. and Mrs. J. B. Staley of Ingewood, Calif., visited here last week end.

Mr. and Mrs. C. C. Carter of Anaheim, Calif., are visiting in parents, Mr. and Mrs. F. S. Blackwell.

Mrs. Bruce Staley of Fort Worth visited friends and relatives here last Tuesday.

Mrs. O. W. Shelton of Ceres, Calif., is visiting here.

Willie Johnson for flowers, phone 58.

Lions Carnival

There will be a Carnival at the Lions Den in the lower floor of the Masonic Hall Friday and Saturday nights. All kinds of games for your entertainment and amusement. Profits will go toward the Physical Education program of the Hedley schools. Come out and have a good time and help a good cause.

B. W. M. U.

The Irene Anderson circle and the Veda Waldron circle of the B. W. M. U. met Monday, Oct. 24 for their Royal Service program in the home of Mrs. M. W. Mosley with Mrs. J. J. Beach as co-hostess. The program topic was "Christ's Answer to the Pagan People" and was in charge of the Veda Waldron circle with Mrs. C. W. Bain as leader. The numbers on the program were as follows:

Hymn, "Send the Light"
Devotional, "Out of the Slavery of Sin" (Acts 17:24-28; Psalms 101:11-17)
Prayer, Mrs. Joe Miller

"Our Great Inheritance," Mrs. W. C. Bridges

"The Orient," Miss Myrtle Hall
Prayer for the Pagan Lands, Mrs. C. W. Lisenbee

Hymn, "We've a Story to Tell"
"Japan's Open Doors"

"African Contrasts," Mrs. R. W. Alewine

"The Call is Forward," Mrs. J. E. Blankenship

Hymn, "Jesus Loves"
Dismissal prayer, Mrs. Beach

Refreshments of pumpkin pie and whipped cream, chicken sandwiches, salad and coffee carrying out the Halloween color scheme were served to the fourteen ladies present.

Walter Miller of Raton, N. Mex., spent last week end here.

Lee Neal Blackwell, 3 year old son of Mr. and Mrs. Huey Lee Blackwell of Boger, is reported seriously ill with polio in the polio clinic at Plainview.

Mrs. Leo Paulk of Clarendon visited Mrs. Ivan Jones Friday.

Mr. and Mrs. Bill Bridges are visiting here from Eldorado, Kansas.

Take a good look at that plane, Dad! It's the "Flying Carboonist" and it's carrying a group of Americans who are doing their "bit," a great big "bit" for their country. The passengers are some of our top-flight cartoonists, every one of whom has helped to sell U. S. Savings Bonds, using their comic strips to emphasize the old American principle of thrift. And they practice what they preach, realizing that the regular purchase of U. S. Savings Bonds is the one sure way to save. And Savings Bonds pay you \$4 for every \$3 invested, in just ten years. U. Burlington To Sponsor Soil Meet

All local arrangements committees now have been named for the series of soil conservation meetings throughout West Texas sponsored by Burlington Lines and the Second National Bank of Houston, in cooperation with the U. S. Soil Conservation Service and Texas A&M Extension Service.

These meetings are to be held at selected points along the line of the Fort Worth and Denver City and Wichita Valley Railways, the first one to be in Shamrock on November 14th, followed by meetings at Childress, November 15th; Quanah November 16th; Hentietta, November 17th; and Spur during the afternoon and Stamford during the evening of November 18th.

The Childress meeting is to be held in the High School Auditorium at 2:00 p. m. At Shamrock the November 14th meeting is scheduled for 1:00 p. m. in the Shamrock Community Building.

Garden Club

A group of ladies of the Clarendon Garden Club will meet with Hedley ladies that are interested in Garden Club and civic improvement on Tuesday, Nov. 1. The meeting will be at the Lions Den at 3:00 p. m.

Messrs. and Mesdames Hobart Moffitt, Alva Simmons and Ansil Adamson attended a housewarming at Mr. and Mrs. J. R. Adamson at Turkey Sunday.

Mrs. Mike Thornberry and Cynthia Ann visited relatives at Wichita Falls first of the week.

Mr. and Mrs. W. I. Rains returned Saturday from a three weeks stay at Marlin.

2,000,000 Pledge Cards for CROP

Rural families throughout the country are using cards like those shown above to pledge their contributions above to pledge their contributions to the church overseas relief project. The harvest season drive is concentrated in this and 32 other agricultural states. Small grains, meat, milk, cotton, and other farm commodities are needed. Sponsors of CROP are Catholic Rural Life, Church World Service (22 Protestant denominations) and Lutheran World Relief.

More than 2,000,000 of the pledge cards are being distributed to farm families in the Christian Rural Overseas program (CROP); the in-church overseas relief project. The harvest season drive is concentrated in this and 32 other agricultural states. Small grains, meat, milk, cotton, and other farm commodities are needed. Sponsors of CROP are Catholic Rural Life, Church World Service (22 Protestant denominations) and Lutheran World Relief.

CROP's motto, holds up a card in the program.

Donates Barn

Last week's Panhandle Herald carries a news article on a generous gift made by C. E. Deahl, who has donated the old horse race barn on his place near Panhandle to the Rotary Club there for use in connection with 4-H Club and F. F. A. work for boys and girls. The building is 60 by 200 feet, and will be moved to a new site in the east part of Panhandle.

A lighted softball park and buildings for stock exhibits and club girl projects are the goal of the Rotary club.

Mr. Deahl is the father of Carroll Deahl of Hedley.

State Fair Ends

The greatest state fair ever produced in Texas or anywhere else, for that matter, closed up and locked its gates Sunday, Oct. 23, after breaking practically every existing record for state fairs.

Despite four days of rain and almost continuous threats of rain, more people visited the exposition, won more livestock premiums, saw more exhibits, enjoyed more shows and more football games, heard more music and ate more food than at any state fair in history.

Attendance for the 16 day show was 2,047,540, which was 155,000 more than attended the largest previous fair. Rural Youth Day set the record for number of farm and ranch youth ever assembled at a single spot when 75,000 swarmed the grounds Oct. 15. This was also the largest single day in the history of the Fair; 276,984 visitors arrived from every corner of the Southwest to enjoy the fantastic exposition.

Mr. and Mrs. Clifford Taylor of Clarendon announce the arrival of a fine little daughter, weight 6 lbs. 9 oz.

Red Delegate Urges World Awaits Pound Cut Effects; Walkouts Plague Major Industry

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

RUSSIA: A 'Sweet' Note

The Russian theme in international accord was growing a little sweeter, if Andrei Y. Vishinsky, Soviet foreign minister could be taken at his word.

WEARING a broad smile, Vishinsky had urged United Nations members to cooperate. The gesture was made by the chief delegate as he arrived in New York by plane to attend the fourth United Nations general assembly sessions.

Disdaining the usual brusque "no comment" for reporters, Vishinsky was almost voluble. "The Soviet delegation," he said, "is fully confident that the United Nations is—as the head of the Soviet government, Stalin, said—a serious instrument for the maintenance of peace and international security."

Then he added: "There can be no doubt that the general assembly would be able to solve the important problems before it providing the nations of the U.N. show a sincere desire to cooperate with each other and in accordance with the principles of the U.N. charter."

Other delegates, advised of this and remembering the almost innumerable Russian "vetoes" in matters where cooperation might have been most valuable, decided to await development at assembly sessions to see just how far the Russian might be able to go.

DEVALUATION: Wait and See

To say that reaction to Britain's devaluation of the pound sterling was mixed, would be an understatement. Instead, reaction ranged from hope to fear, from confusion to jubilation "I told you so's" from all those who had held that devaluation was the only answer to Britain's current economic crisis.

AND that was the chief reb—was the solution one that would solve just the current situation, or was it the entire answer? The bulk of the thinking on that angle was that it was not the long-range panacea, with most observers preferring to "wait and see" before committing themselves to any analysis of the devaluation effect.

Meanwhile Canada had joined the parade of English-connected nations devaluating the pound.

THE DEVALUATION move was a two-edged sword in the British dollar crisis, for just as it might result in increased buying of British goods by Americans because of lowered costs, it would mean, too, that the English would have to pay more for the items they bought at home. The pound value was cut from \$5.03 to \$3.07, an action which alarmed most importers.

While expressing fear the move would cost them a great deal of money, most traders said they "didn't know a thing" yet and couldn't speculate until they had some word from British manufacturers.

SOME DEALERS and importers declared they would take a beating on the reduced values of their inventory of British goods already bought and paid for at \$4.03 to the pound.

Fire Hazards

Of course one can live in a fire-trap—but the question is: How long?

The National Fire Protection association, calling attention to Fire Prevention Week October 9-15, poses this question and points out that 11,000 people lost their lives in fires last year. More than twice

Dry roof is vulnerable.

that number were seriously injured. One-third of that number, the association reported, lived on farms.

Reporting that a few structural hazards account for at least half of all farm fires, the NFPA urged farmers to take steps now to eliminate such hazards. These steps were listed as: checking of wiring systems; wetting down of inflammable roofs in dry weather; inspecting heating plants and chimneys, and protection of main buildings with lightning rods.

MARSHALL PLAN FUNDS

Money Helps Fight Disease in Europe

Critics of the Marshall plan could find little fault with one phase of it, at least. For the record showed that through this means the United States was throwing the full weight of modern medical science into Europe's battle against war-spawned disease.

This was done through the administration of Marshall plan funds in Europe.

New Justice

Judge Sherman Minton, of U.S. circuit court at Chicago, was named by President Truman to succeed the late supreme court Justice Wiley B. Rutledge.

WALKOUTS: Cars, Coal, Steel

American industry, fighting to regain pre-war stability, was facing parlous times. John L. Lewis' coal miners had left the pits. The United Automobile Workers' union had handed the Ford Motor company what amounted to a strike notice, and now the steel industry was next.

WITH these basic U.S. industries all down, production suspended, millions of workers out of jobs, the national industrial and economic picture appeared dim indeed.

President Truman was coming in for some blame in the steel industry dispute, with critics charging he had "fumbled the ball" in efforts to prevent a strike.

Four days before the deadline for start of the strike, federal conciliator Cyrus Ching had reported no progress in negotiations. Neither side would budge on the key point in negotiations.

The union contended that since it had agreed to forego its demands for a pay raise, the steelmakers should accept the presidential fact-finding board's recommendations for a company-financed welfare fund. While this seemed to satisfy steelworkers, it didn't please the UAW.

ON the other hand, the steel industry was buying newspaper space to claim that it was agreed at the outset that the presidential board's findings would not be binding on either party, and that if a strike resulted, the union would have to assume the responsibility.

Steel leaders took the position, too, that the workers should contribute to the pension-insurance plan costing 10 cents an hour for each man.

BOMBERS: Gives Reds Pause

The declaration came from a man whose qualifications entitle him to the rating of expert—Gen. Henry H. Arnold, wartime chief of U.S. air forces. The statement, made in a book, "Global Missions," was that it isn't armies or navies that Russia fears, but only far-reaching bomber strength.

"Let's put it this way," the general wrote. "Russia has no fear of an army. She thinks hers is just as good and bigger than any other in the world; she has no fear of a navy since she can't see how it could be employed against her; but she does fear our long-range strategic air force which she cannot as yet match, or as yet understand. In the strategic air force, coupled with our atomic bomb, at this writing we hold the balance of power in the world."

"But," he warned, "by tomorrow the picture may change."

Arnold minced no words in the dim view he takes of the Russians. "The Russians," he says, "would have none of the American proposal that the American air force be allowed to build B-29 bases in Siberia to attack Japan." Similarly, he recalled that agreement for bases in Russian territory to be used for shuttle-bombing of Germany, was ended after a short time by Moscow.

The air force, in the current squabble over armed-service prestige as a result of the unification bill, could take much solace and encouragement from General Arnold's statements.

FOUND THE HOUSE

Condiments
Keep a large shaker of both salt and pepper in the kitchen and you can add both condiments to a dish with one shaking.

Hot Water Bottle Patch
Another way to patch a leaky hot water bottle is to melt part of an old jar rubber, rub the molten rubber over the hole with a flat-bladed knife and press it down with your fingers.

Dumplings
If dumplings are on the same menu as gravy, don't wash the bowl in which the dumpling dough was mixed. Instead, add a little water to the dough which sticks to the bowl and use it to thicken the gravy.

JUST NO

No Waste
During the war Mr. Bulb-snatcher was very conservation conscious. He made his wife save all the fats from her cooking. He himself saved the waste paper and flattened the tin cans as per instructions, but his wife couldn't understand why he saved dead electric light bulbs.

"Why are you saving those?" she asked.
"We can make the good bulbs last longer," he explained, "by using these dead bulbs during blackouts."

Mathematics
An instructor was teaching a class an intensified course. Realizing that the boys were beginning to show the strain of constant study he decided to ease the situation with a rather pointless question.

"If a chair has four legs is painted white, and rolls on casters, how old am I?"
The surprised students sat dumbfounded. Then the most backward member of the class supplied the answer, 44.
It was the instructor's turn to be amazed. "That's correct," he said, "but how did you know?"
The student supplied the second answer, "My brother is 22 and he's only half crazy."

Tea Flavor
A dried piece of orange rind kept in the cannister, adds a fine flavor to tea.

Test Cake Quality
The quality of a cake can be tested without cutting into the cake itself if you set aside a small portion of batter and bake it as a cupcake. When both cakes are done, a taste of the little one will reveal the quality of the large one.

Restoring Mercury
If the mercury in a thermometer separates, try to shake it to ether. Or dip it in very cold water for a few minutes. If both fail, it's usually hopeless and a new thermometer is the remedy.

Coloring Margarine
To color margarine for table use, put your electric mixer to work on the job. Then, without cleaning the stray margarine of the mixer paddles, use the mixer for whipping mashed potatoes.

ASK ME ANOTHER?

A General Quiz

The Questions

1. Will a cow give more milk if she is milked three times a day instead of two?
2. What is the biggest crop in the U.S.?
3. Is there a sure way to tell sheep from goats?
4. How long does it take to feel a pin prick in your fingers?
5. Does the weather always travel in a given direction?

The Answers

1. Yes, from 10 to 25 per cent more.
2. Corn.
3. Goats carry their tails up, sheep carry theirs down.
4. About one hundredth of a second.
5. Almost always. In the temperate zones its direction is from the West to the East.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its rate of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body wastes. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

SERVING the Gulf South

... by building for the FUTURE

Every business man who hopes to stay in business knows that he must plan for the future. More customers and greater demands for his products or services make it continually necessary for him to expand and improve his facilities. That's why United Gas, in an effort to meet a constantly increasing demand for natural gas service, is investing 30 million dollars this year in construction and development of its facilities.

More than half of this money is being invested in Texas.

A large part of the money spent for expansion moves immediately into the channels of trade in the Gulf South, which is another example of the way the American Business System works to bring better living to your community.

FIRST AID to the AILING HOUSE

by Roger C. Whitman

Finishing Walls And Floor of Cellar

QUESTION: I should like some advice on finishing the walls and floor of our cellar, which we now are digging out. Our house was built without a cellar.

ANSWER: The floor can consist of at least four inches of good, waterproof concrete. If you intend to make a game-room, you could cover this with asphalt tile, which should be properly laid by an experienced workman. The walls can consist of poured concrete, or concrete block. They should be waterproofed on the outside below grade with two coats of hot

tar or asphalt paint. The outside trench can be provided with drain tile to carry off water, or in any case should be solidly packed with earth formed into a bank at the top sloping away from the house. Do not throw any kind of rubble, stones or anything else into the trench can be provided with drain holds volumes of water that may work inside the cellar. (I hope you will have experienced help with this important work.) If you wish to paint the walls either inside or outside, use a waterproof cement-base paint. Get this from a dealer in building supplies or mason supplies.

A CELLULOSE FIBRE PASTE

... billion dollars arms-aid had a stalwart supporter in Sen. Arthur Vandenberg (R., Mich.) who termed it a bargain-price peace insurance policy against Communist aggression.

He said he feared that any "meddling" with the bill might impair its force and effect. Vandenberg, chief Republican spokesman in the senate on foreign policy, declared that the arms-aid program might be regarded either as life insurance or fire insurance and said that in any case it is a bargain policy as far as peace is concerned.

Referring to the North Atlantic defense pact, he said that pact included a pledge to maintain forces that can resist armed attack. Too, he pointed out, European allies have weaknesses that the arms bill would help overcome.

Vandenberg declared that it would be in "honorable keeping" with U.S. treaty obligations to adopt the arms bill. "I think it is definitely and specifically in the interests of our own national defense," he went on. "I think it is a discouragement to war... I think it is prime and vital peace insurance."

He argued that the plan to send American tanks, guns and planes to Europe falls squarely within the commitments of the North Atlantic pact which the senate ratified by a vote of 82 to 13.

He denied sending arms a road would mean the start of an arms race between the East and West.

Vandenberg's active support for the measure was expected to help it materially in winning final adoption in the senate, since many dissident Republicans would probably go along on the basis of Vandenberg's admitted stature in the field of foreign policy and because of his prestige in the senate.

U.N. TOP MAN: Soviets Object

Over Soviet protest, Brig. Gen. Carlos P. Romulo, anti-Communist campaigner from the Philippine islands, was elected president of the fourth United Nations general assembly. Only the five nations of the Soviet bloc opposed his election.

IGNORING the Soviet attitude, Romulo's first act was an appeal that the delegates make this gathering a real "peace assembly."

According to newsmen, Yugoslavia apparently voted against the Soviet bloc for the first time, in the secret ballot for president, but declined to admit it publicly.

The new president, acknowledging that many obstacles to peace still exist, said the danger of a new war had abated and that the delegates must press this advantage.

HE CALLED upon them to move forward boldly in the spirit of international cooperation called for by the Mexican resolution approved unanimously in Paris last year.

Romulo's choice as chief of the assembly was seen as indicating friction in debate on issues as the Soviet bloc could be expected to fight the anti-Communist leader at every turn where opposition could be maintained. Top Russian delegate Vishinsky had also spoken out for harmony, but on the basis of past performance by the Russians, his attitude was open to doubt.

Anti-Red

Karl Peyer, one of the most courageous oppositionists to defy communism in the Hungarian parliament, is shown beaming happily on his arrival in New York.

RAILROADS:

One Fireman

The Brotherhood of Locomotive Firemen and Enginemen wouldn't like it, but nevertheless, there would be only one fireman on diesel locomotives. The presidential emergency board had ruled that a union demand for a second fireman on these locomotives was out of line, rejected the demand.

THE BOARD said simply that there is no need for an extra fireman on diesel-powered locomotives now in use.

TRADE BODY:

Carson Okayed

Despite some vigorous Republican opposition, John J. Carson was confirmed by the senate as a member of the federal trade commission. The Truman appointee was confirmed by a vote of 45 to 25. Carson's economic views came under heaviest fire from the Republicans, with many charging with lack of sympathy for American free enterprise. Carson is a former

Watch Your Kidneys
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

DOANS PILLS
Symptoms may be nagging, persistent headache, attacks of getting up nights, swelling, under the eyes—a feeling of anxiety and loss of pep and zest.
Other signs of kidney or bladder trouble are sometimes burning, stinging, or smarting urination.
There should be no doubt that pinkham's pills have been used by new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people—country over. Ask your neighbor!
