## WTU To Pass Tax Cut On To Customers

Savings resulting from the reduction in Federal income taxes will be passed on to West Texas Utilities customers according to plans for system-wide rate reductions announced today. These reductions in rates will save customers about \$1 million annually, approximately 2.8% at this time. Savings will be even greater as electric sales grow.

Eugene Allison, WTU Local Manager announced that the Company plans to pass on the full benefits of the tax reduction which it will receive under the new tax law. Under the new law the income tax on corporations will be reduced in two steps of 2% each. The corporate income tax will go from 52 to 50% in 1964 and from 50 to 48% in 1965.

"We are giving customers the benefit of both the tax reduction already established for 1964 and the tax reduction scheduled for 1965," Cal Young, WTU President said. "Passing this tax saving on to customers in the form of rate reductions will simply leave the Company with the same rate of return it has been earning."

WTU supplies electric service for Hedley and 165 other West Texas towns and communities in 50 counties extending from the Red River to the Rio Grande

## LIONS ROAR

The Hedley High School girls basketball team will be the guests of the Lions Club at next week's meeting. A good supper and a good program has been promised. Come, eating time is 7:30 p. m.

Last week the Boy Scouts put on a nice program. Lawrence Neese of Clarendon, District Commissioner of Adobe Walls Council, B. S. A., presented the new troop charter. Graham Brinson and Alva Simmons, who were members of the first Hedley Scout troop, were present. This troop was organized by J. Claude Wells, now of Memphis, the latter part of 1910.

There were 53 present at last week's meeting. Let's keep up the good attendance.

Ray Smith has been visiting his sister at El Paso.

## Greenbelt Dam

The engineers, attorneys and bond men have been putting together the odds and ends the last ten days.

A crew has been working on Lake Creek to determine what is necessary to be done to obtain emergency water. The Authority will be allowed to obtain five million gallons of water a day from this source.

The attorneys and bond men think there is a possibility of getting a cheaper rate on the bonds than the 3 1/2% interest first expected. This will save the Authority many thousands of dollars in the thirty five year period of the bonds.

No meeting of the Authority has been held lately but one is expected soon. Probably before we go to press.

## Mrs. Charley Myers

Funeral services for Mrs. Charley Myers, 79, who passed away Tuesday of last week at Ringgold, were held Thursday in the First Baptist Church there. Burial was in a Dallas cemetery.

Mrs. Myers was born Feb. 14, 1885 at Winnsboro. She was married to Charlie Myers in Wood County in 1903. They moved to Donley County in 1905, and lived here until 1927. Mr. Myers passed away at Ringgold Oct. 26, 1957.

Survivors include five daughters, Mrs. Nella Mae Anders and Mrs. Bennett Skinner of Dallas, Mrs. Helen Sims of Dublin, Mrs. Ina McDuffy of Eureka, Calif., and Mrs. Margie Brown of Ardmore, Okla.; three sons, Johnny Myers of Hedley, Ernest Myers of Albuquerque and James Myers of Los Angeles, Calif.; 22 grandchildren and 25 great-grandchildren.

## LEGION NEWS

The local post will hold the Legion's 45th birthday party in connection with the regular meeting this Tuesday night. A free hot supper of beef, beans, and the trimmings will be served.

The business meeting is scheduled to start at 7:30 p. m. and food served at 8:00. Local Legionnaires who have been continuous members the 45 years are Malcolm Glass and Alva Simmons.

## Public Schools Week

As a highlight of Public Schools Week in the local schools, an assembly program will be given at 3 o'clock Friday afternoon, March 6, at which time Glenn Thoren will present a program on Gyroscopes. Mr. Thoren has worked with young people in the educational and recreational field, having worked with the Park and Recreation Departments over the last four years. He was responsible for both planning and supervision of young peoples educational and recreational programs. Mr. Thoren comes from Southern California where he attended Santa Ana College.

Included in Mr. Thoren's program is equipment presented by the Sperry Gyroscope Corporation because of the educational value of Mr. Thoren's presentation.

Supt. Kenneth Sams says that the school would be happy for patrons to come early and visit classes, then attend the program.

## Gay Nineties Revue

Two nights of variety entertainment will be staged by the Memphis Little Theatre with the cooperation of six other Memphis clubs the evenings of March 9 and 10 in the new community auditorium in Memphis.

This revue of the gay and flamboyant 1890's, boasting an excellent cast of local talent, promises the spectators two hours of comedy, dancing, music, and refreshments on the "bill of fare."

Tickets are on sale by the Business and Professional Women, the price being \$1 for adults and 50¢ for students, with no reserved seats.

Among the cast is Letha Springer of Hedley, playing the part of Diamond Lil.

The revue begins each night at 8 o'clock.

## Mrs. Rose Burgan

We note in last week's Wellington Leader that Mrs. Rose Couch Burgan, 63, of Tyler, passed away there Feb. 18. Funeral services and burial were at Tyler.

Mrs. Burgan was reared in Wellington and was a former teacher in the Hedley schools. She was the first teacher of this editor, and probably of several others still living here.

## Lions Auction Sale

Don't forget the big Lions Club auction this Friday, March 6. They have a nice variety of items listed for sale, and you may find the very item you need at a bargain price.

Free coffee will be served all day, and dinner will be served in the Lions Den.

Phil Walker and Cal Walker of Claude will serve as auctioneers free of charge.

## Pies Needed

All ladies of the town who will donate a pie for the Lions Club auction sale on March 6 are requested to bring them to the Lions Den on the morning of the sale.

## Notice

## 1919 Study Club

The 1919 Study Club met Tuesday evening, Feb. 25 in the Lions Den with a salad supper, the guests being the Garden Club and Sodaktas Club. The tables were carried out in the club colors, green and white, and the club flower, white carnation. White carnations and candles marked the speaker's table.

Mrs. Taylor called the house to order and welcomed the guests. Mrs. Petty gave the devotional, and Mrs. Miller gave the invocation. Mrs. Jewell presented our guest speaker, Mrs. Joe Ritter, who gave a review of the book, "The Scent of Water," written by Elizabeth Goudge.

The affair was enjoyed by 45 members and guests.

## Attend Funeral

A number of Hedleyans attended the funeral services of Ode Caraway at Clarendon Saturday.

Mrs. W. H. (Alabama) Hill had the misfortune to be burned about the face when gas accumulated in the oven exploded.

Mr. and Mrs. B. M. Hoggard and son Billy of Albuquerque visited the Kay Autrys and other relatives here last week end.

REP. BILL HEATLY

## Rep. Bill Heatly Is Candidate For Representative

Representative W. S. (Bill) Heatly of Paducah has authorized the Hedley Informer to make his formal announcement as a candidate for re-election as Representative from the 82nd Legislative District comprised of Hall, Childress, Cottle, Donley, Foard, Hardeman, Motley and Wilbarger Counties.

In announcing his candidacy, Mr. Heatly made the following statement.

In ten years service in the Legislature, I have acted on the theory that my primary responsibility was to represent the views and interests of the people of my district and to act as their spokesman in their dealings with the State government. My conviction in the soundness of this policy is based on the fact that special groups are well represented through their organizations by persons who have large office and field staffs and plenty of money with which to carry on their activities.

In addition, the State government, functioning through approximately 150 commissions, boards and other agencies, is ably represented by people employed for that purpose. These agencies have the responsibility of collecting taxes, making regulations governing business and professional activities, and making arrests under certain conditions. They also assess and collect fines and penalties and have authority to institute civil court action.

My service to the individual citizen includes obtaining for persons in need of special care admission to hospitals and special schools maintained by the State. During my ten year in the Legislature I have handled hundreds of applications of this nature. Knowledge of the law and long experience in such matters enable me to be helpful to constituents in matters of this kind without cost to them.

Of importance to citizens of the 82nd District is the fact that three of the five terms I have served in the House I have been honored with the chairmanship of an important committee. I am particularly proud of the fact that I have headed the House Appropriations Committee in two sessions, a distinction enjoyed by only one previous House member. My work with the Appropriations Committee has given me a thorough knowledge and understanding of the

functions of all the state agencies.

It is my feeling that counties in the 82nd District represent a fair cross-section of the interests and needs of the entire State. Consequently, in representing interests of the people in my district, I feel I am doing a good job for all of Texas.

One of the issues which always arises in my campaign involves my attitude toward various organized business and professional groups. In this connection I think it is fair to state that such groups as organized profession, business and labor have a perfect right to organize and maintain lobbies in Austin to represent their interests.

But I also believe that none of these is entitled to special privileges or favors particularly in such matters of taxation. For example, I believe workers have a right to organize a union to promote their interests, but I also believe that no individual should be compelled to join a union or to contribute to a campaign funds of any political party or candidate in order to hold a job in Texas. I also believe that the beer industry has a right to maintain a lobby for promoting its legitimate interests, but I believe that beer should be taxed in the same ratio to sales value as cigarettes and gasoline are at the present time.

These examples illustrate my philosophy of government, but naturally my views do not always suit representatives of special interests which seek or already enjoy special favors. One of the results is that in my races for re-election I have had well-financed and well-organized opposition particularly from representatives of the beer industry, with help from certain other organized groups. I am sure this year's campaign will be no exception in this regard. Agents from some of these special interests will be at work in the 82nd District trying to bring about my defeat. Every member they can elect to the House of Representatives will make it easier for them to obtain special favors.

Of special importance, because it will be discussed in this campaign, is my record of sponsoring increased appropriations for all branches of education. Appropriations by the 58th Legislature for education represented marked increases over appropriations for the previous biennium. The increase in my appropriations bill for higher education was \$63,867,667. This represented an increase of 29 per cent and the increase for public schools was \$103,950,952, making a total increase in the field of education of \$167,818,619. I think my record will support the statement that I have been a genuine friend of education throughout my service in the Legislature.

It is impossible to discuss in detail all of the matter I would like to mention. I would just say, however, that my record shows that I have consistently represented my people in this area by assisting the farmer, students with part-time jobs in college, the elderly people who have had problems with the Welfare Department and other individuals who have dealings with State agencies.

I was born on a farm near Mart, Texas, attended public schools there and later attended Decatur Baptist College. After graduation there I entered Baylor University, receiving a BA and LLB degree in 1936. I married Jonnie Green Hawkins of Wichita Falls. We have three sons, Gene and Bill,

who are presently attending Baylor University and Stan, who is presently attending Schreiner Institute. We are members of the First Christian Church in Paducah where I serve as elder on the Official Board and chairman of the Building Committee. I am also engaged in the practice of law and the farming and ranching business in Cottle and Dickens Counties.

I appreciate the fine support I received in Donley County two years ago. I hope my service has been satisfactory and that I may have the support of the people in Donley County in the coming election.

### Mrs. Brown Writes

The Hedley Informer,  
Hedley, Texas

Dear Mr. Boliver:

I moved to Bonham Jan. 12. I have been sick with my heart. Dr. Vincent said he would not give me 15¢ for my heart. Well, I have paid him and druggist \$70 so I thought I would sell it to him for 15¢.

But my niece and her husband have been caring for me, and my stepson and wife said they would pay my way on an airplane so I flew on an airplane to Tampa, Florida, Feb. 20th. I am enjoying myself very much. They gave me my supper and four cigarettes on the plane but I thought I would wait a while before I smoke the cigarettes.

If I don't ever see the Hedley folks I want to meet them in a better world. My niece and stepchildren treat me kind. The doctor said I might live 15 minutes or I might live 20 years. Well, I am ready to go when the Lord calls me, and tell Bro Simmons to sing that song, "When the Roll is Called Up Yonder."

If you Hedley folks want to enjoy life a while just catch a plane and fly to Tampa Florida.
