

THE JUDGE SAYS—

"You can usually tell a lot about a person's ability and stability by looking at the balance of his Thrift Account."

If you want to be known in this community as a person of dependability and worth, drop in and start a Thrift Account, saving a certain part of your earnings each payday.

Flis Bilberry, of the Gilpin section of country, was trading in the city Saturday and meeting with his many friends and acquaintances of the town and surrounding country.

Mr. and Mrs. W. R. Horn, of the Red Hill community to the east of Spur, were among the shoppers and marketers in Spur Saturday of the past week.

I. B. Alexander and son, of the Watson community to the southwest of Spur, were among the large number here Saturday.

"Shorty" Reynolds, of the Plains country, was transacting business in Spur the first of the week. He reports everything flourishing on the Plains and everybody busy these days—but making little money.

J. H. Bolch, of southwest of Spur several miles, was among the number on the streets Saturday, watching the crowds mill.

Mr. and Mrs. Paul Johnston left this week for the Plains country where they will hereafter make their home.

Cecil Alexander dropped in at our sanctum Tuesday and had his name placed on our regular subscription list. Mr. Alexander made a crop this year on the Tom McArthur place moving to town at the beginning of the picking season and engaging in the seed hauling business. We are glad to send him the Texas Spur, and hope some day to have it going into every home of the town and country surrounding.

—Bull the Market—
We met Mrs. I. G. VanLeer on the street one day this week. She informed us that her daughter, Mrs. Norman Rogers of Garza county, had been quite sick, but was now improving.

—Trade in Spur—
Rev. Victor Crabtree of Dickens, was among the business visitors on the streets Saturday.

—It Pays to Advertise—
Mr. and Mrs. Dick Sampson, of the Paddle Ranch in Kent county, visiting with friends in Spur during the week.

A. J. Richie, of the Croton country, was here Saturday rushing around with the crowds of shoppers and traders here that day.

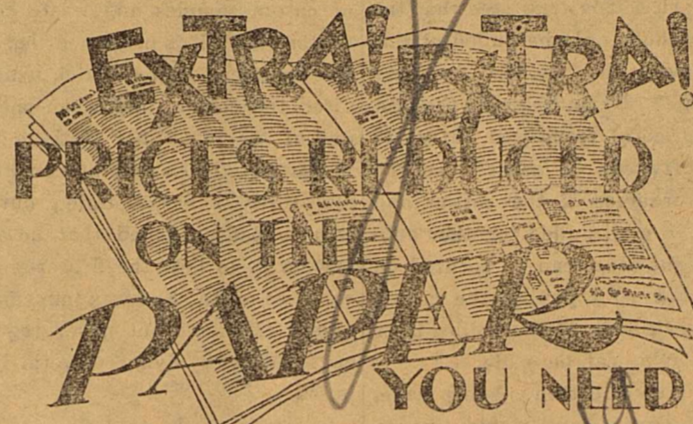

—Reduce Cotton Acreage—
Edgar Teague, of west of Spur, several miles, was here Saturday on business.

—Reduce Cotton Acreage—
Chas. Gunn, of near Dickens, was meeting with his friends here Saturday.

—Reduce Cotton Acreage—
J. H. Jones, of southwest of Spur twelve or fifteen miles, was in town Saturday. He reports everything in good shape but the price of cotton.

—Reduce Cotton Acreage—
H. C. Scott and wife, of Duck Creek, were among the number shopping in Spur Saturday.

—Reduce Cotton Acreage—
W. T. Lovell, of Draper, was here Saturday, spending the greater part of the day here waiting for a bale of cotton to arrive and the price to also arise.

AMON G. CARTER, Publisher.

Dennis Harkey, of Dickens, was in Spur Monday of this week transacting business affairs. During the past month or two, Mr. Harkey has been kept very busy in his abstract business at Dickens, turning out many abstracts of titles to lands within the county, and principally within the blocked lease acreages for oil developments. The oil development program of the various oil concerns now operating within this territory has already resulted in some good, regardless of whether or not oil is ever uncovered. However, we are all hopeful that oil may be uncovered to the greater enrichment and benefit of the entire country.

—Reduce Cotton Acreage—
Notwithstanding the fact that maize is selling for five and six dollars a ton, other feed crops in proportion, farmers are not very much concerned—cotton prices being the greatest worry. The time may come, and very probably will, when the price of cotton will be the least concern of farmers.

Bill Cherry was here among the crowds Saturday. He says cotton picking goes pretty slow these days, being hard to pick out and hard to get pickers. Everybody wants to "pull" cotton rather than pick it, regardless of the fact that about twenty dollars per bale less in price will be the result.

—Reduce Cotton Acreage—
Mr. and Mrs. Albert Jordan, of the Duck Creek community, were among the large number in the city Saturday shopping.

—Orderly Marketing Pays—
County Clerk elect Robt. Reynolds, was in Spur Saturday. He is rushing his cotton picking in order that the crop may be finished by the first of the year when he contemplates assuming the duties of the office.

—Orderly Marketing Pays—
S. B. Boykin, of northeast of Spur three miles, was among the business visitors here Saturday.

—Reduce Cotton Acreage—
Sim Moss, of north of Dickens, was here Saturday with the crowds.

A. Biggs, of just north of Spur, was in the city Saturday. In fact, Mr. Biggs has been spending much of his time the past few weeks in town and on the road hauling cotton, ginning and marketing. He is making a bumper crop, but at present prices it counts for but little and nobody says much about big crops any more. In fact, it appears that most farmers would have been glad to have had smaller crops.

—Reduce Cotton Acreage—
J. E. Cherry, of south of Spur, had business here Saturday.

Mrs. C. A. Brinnell, of Ranch headquarters, was in town Tuesday of this week and was a very pleasant caller at the Texas Spur office. Mrs. Brinnell reports that Mr. Brinnell who is sick of typhoid fever the past weeks, is now slowly improving and is able to walk around. It is thought that Mr. Brinnell will soon be completely recovered.

—Reduce Cotton Acreage—
Prof. Denson, of the Dryden schools, was among the business visitors in Spur the past Saturday.

Randall, of Steel Hill, was a business visitor to Spur last week, spending some time looking over the cotton situation here. However, no one has suggested a remedy that will improve the situation, and the probability all will have to take the situation anew with renewed production in future.

—Reduce Cotton Acreage—
Parks of near Spur was here marketing cotton and transacting business affairs.

—Reduce Cotton Acreage—
Cherryholmes, of west of Spur, was here Monday meeting friends and attending to business matters.

—Reduce Cotton Acreage—
and Mrs. W. P. Marshall, of Creek, were among the large number in the city Saturday visiting the crowds and shopping with their husbands.

—Reduce Cotton Acreage—
A. Harris, of near Dickens, was here Saturday with the crowds of business shoppers.

J. L. Jenkins, of six miles northeast of Spur, was in the city Monday for a short time. We inferred from his conversation that he intended to retire from the business of farming to engage in other lines which at the least appears more productive of profits. The low prices now being paid for both cotton and feed stuff will certainly have a tendency to invite people "back to the towns" rather than "back to the farms."

—Reduce Cotton Acreage—
W. J. Clark, of near Dickens, was here Saturday meeting with the people and possibly doing a little trading in purchasing luxuries only—because we are confident that Uncle Joe produces everything necessary to live upon at home.

—Reduce Cotton Acreage—
W. B. Bennett, of Gilpin, was among the large number of people in the streets Saturday.

—Reduce Cotton Acreage—
Al Bingham, of the Spur Ranch headquarters, was among the large number on the streets Saturday of the past week.

J. P. Middleton came down the past week, spending several days here looking after his farming as well as his insurance business. Mr. Middleton last year established his insurance headquarters at Lubbock rather than in Spur, he having organized a much larger district to look after in future. J. P. Middleton has been recognized as one of the best insurance men of the West, and has on more than one occasion demonstrated his ability in that line of business by being awarded prizes above all other agents throughout the state, in his company.

—Reduce Cotton Acreage—
R. J. Williams, of the Red Top community, was among the business visitors in Spur Saturday, and while in the city was a very pleasant caller at the Texas Spur office. Uncle Bob has been a resident of the country many years. He is known as one of the best old time fiddlers of the entire country, and has won a number of prizes in fiddling contests.

—Reduce Cotton Acreage—
G. U. Seaton, of near Spur, was here Saturday among the crowds of shoppers and business visitors, and in meeting us on the street, handed us the cold cash to have the Texas Spur come on out his way, and which we are very glad to do.

—Reduce Cotton Acreage—
Henry Culbert came in Monday of this week with two more bales of cotton from his place. He says the picking is just about as slow a go as the price, but that he has not yet concluded to begin pulling. For some cause the cotton this year picks harder than ever before.

—Reduce Cotton Acreage—
G. W. Allen, of near McAdoo on the Plains, was in Spur Monday of this week with cotton for the market. He states that pulling rather than picking cotton is now becoming general on the Plains, because of the fact that picking is almost an impossibility, therefore pulling becomes a necessity. Those who pick can not get cotton out of the burs without also peeling the hide from their fingers.

—Reduce Cotton Acreage—
W. H. Dewveall, of near Spur, was here Saturday among the marketers of cotton. Mr. Dewveall has picked, ginned and marketed a number of bales to this date, but with others is very much dissatisfied with the price.

—Reduce Cotton Acreage—
Mr. and Mrs. Frank Goodson, of southwest of Spur twelve or fifteen miles, were among the many here Saturday shopping.

—Reduce Cotton Acreage—
Mr. and Mrs. Jim Smith, of Dry Lake, were among the large number of visitors and shoppers in Spur last Saturday. We accidentally met up with Jim who stopped us and dug up a dollar and fifty cents for another year's run of the Texas Spur, and which made us feel mighty good and more like old times. Jeff Smith was also present and even borrowed a part of the cash to also renew his subscription and send us on our way further rejoicing, and with the assurance that regardless of the edict issued an organized effort to the contrary, we will with such continued favors remain here another year. It is good to live in such a country and among such people who, but for a very few exceptions, are the best of the world produces.

—Reduce Cotton Acreage—
J. L. Spencer, who is teaching the Red Mud school out on the Watson route, this year, was among the number of business visitors in Spur Saturday, and while here was a very pleasant caller at the Texas Spur office.

—Reduce Cotton Acreage—
S. W. Stevenson, of near McAdoo, was in Spur Saturday, remaining over night to assist in furnishing the music for the "old times" dance here that night. Mr. Stevenson is not only one among the most successful farmers of the country, but also one of the best "old time fiddlers" of the country.

—Reduce Cotton Acreage—
Mr. and Mrs. Ilda Harrington, of southwest of Spur, were here Saturday and Sunday visiting with relatives and friends.

T. J. Williams, of east of Spur, was in the city Saturday. He stated that lately he had been having bad dreams—to the extent that he would almost jump out of bed at such times. The present cotton situation has a tendency to make any body have night-mares, and the wonder is that more people are not so affected.

Mrs. Odeneal, who recently was injured in an automobile wreck while driving with her daughter, Mrs. Homer Boothe on the outskirts of the city, is now reported almost completely recovered, we are glad to note. Mr. and Mrs. Olda Harrington, of Stephenville, have been spending the week in Spur, looking after property interests and also visiting among friends. Mr. Crouse invested in Spur property in the beginning of the town in 1909, and has since built a number of substantial brick business houses. In that early day he had faith in the future of Spur, and this faith abides today.

John Randall, of south of Spur, was a pleasant caller Tuesday at the Texas Spur office. This was about the first visit he had paid us since the primary campaign ended so disastrously for him. However, he is not the least disgruntled, stating that he had gained a wider field of knowledge as well as personal acquaintanceship over the country—and then, too, during the campaign he became an adept in the art of public, persuasive speaking. There is not the least occasion to become either discouraged or disgruntled in politics or political aspirations. It will be remembered that Abraham Lincoln aspired to office a number of times before meeting with favor on the part of the voters—and yet he later became generally recognized as one of the world's greatest men.

Roy Harkey this week made a trip to Amarillo after a new Hud-on coach with which to supply the demands of an anxious customer. With the cheap prices prevailing for farm products, the prospect is that the demand for cars will be considerably lessened the coming season. However, this depression will be only temporary—this country will come again richer than ever before.

Prof. Frank Spear of Dickens, was among the crowds on the streets of Spur Saturday.

Run-Down gave out easily

"My health wasn't any account at all," says Mrs. E. L. Carson, of Washington, N. C. "I would start to do my housework and I would give out before I had done anything at all. I did not have any strength, and if I did the least thing it seemed to tax me so I could not finish. I was run-down sure enough. Several of my friends had taken Cardui and they said to me, 'Why don't you try it?' I knew I needed something to build up my general health and to increase my strength. 'Finally one day when I was recovering from a spell of sickness, I decided to try Cardui. I got a bottle and began to take it. I could notice that I was improving as my appetite got better and I did not give out nearly so quick. I took several bottles and I felt lots better. Two years ago I decided to take it again. It built me up and made me feel like a different person. It is the grandest medicine for women that I know anything about.'

Orderly Marketing Pays—
County Clerk O. C. Arthur came
over Monday from Dickens, spending
the greater part of the day here on
business and greeting his friends of
the town and country.

W. F. Cathey, of near Dickens, was
in Spur Monday of this week, meet-
ing with his friends and transacting
business matters.

A. C. George, of the Highway com-
munity, was among the business vis-
itors in Spur Monday of this week,
reporting everything progressing in
his section at this time—the inviting
weather permitting farmers to get
cotton out more rapidly.

Mrs. Bill Davis, of the Spur Ranch
headquarters, was among the vis-
itors and shoppers in the city Monday
of this week.

O. B. Sims, of the Espuela com-
munity, has been spending much of
his time in Spur the past two weeks
to be with his daughter who under-
went an operation for appendicitis
at the Nichols Sanitarium about ten
days ago, and who is now almost com-
pletely recovered, we are vry glad
to note.

Mr. and Mrs. John D. Hufstедler
were in the city Saturday from their
Dockum Valley farm home, spending
the afternoon here shopping and vis-
iting among friends.

While making a round of the city
Monday we incidentally dropped in
at the blacksmith shop and found D.
B. Ince busily engaged in his work.
However, he took a minute off to
give us a check for a dollar and fifty
cents for a year's subscription to the
Texas Spur, and we went on our way
not only richer but happier for hav-
ing thus been favored.

Mr. Lewis Rickels is in Temple,
having undergone an operation last
Thursday. Mr. Rickels is with her,
while their little son, Adrian, is at
the home of Mr. and Mrs. H. O. Al-
bin and continuing to go to school.
It is hoped that Mrs. Rickels will
soon be able to return home, com-
pletely recovered from her troubles.

Mr. and Mrs. Walter L. Powell, of
Dry Lake, were among the number
of visitors and shoppers in Spur Sat-
urday.

Mr. and Mrs. A. M. Shepherd, of
Dry Lake, were shopping with the
merchants and visiting among the
crowds in Spur Saturday of the past
week.

Jim Crump, of the Watson com-
munity, was a business visitor in Spur
Tuesday of this week. He reports
everything in fine shape in the Wat-
son community at this time.

Mrs. Jim Gilmore, of the Watson
community, underwent a surgical op-
eration Monday night at the Nichols
Sanitarium, where she is now report-
ed doing nicely. Her children from
a distance wede called and were here
with Mrs. Gilmore through the op-
eration.

J. A. Kerley, of seven miles east of
Spur, was here Saturday with the
crowds of business shoppers.

Mr. Po, e, of near the city, was a
recent business visitor here, meeting
with friends and also ginning and
marketing cotton.

J. H. Farmer, of four miles north
east of Spur, was among the number
on the streets the first of the week,
reporting everything progressing sat-
isfactorily with the exception of con-
tinued low cotton prices.

Wayne VanLeer was among the
large number here the past week
transacting varied business and tak-
ing advantage of the special trades
offerings now being make by the live
merchants of Spur.

A. W. Phillips, a popular citizen of
Twin Wells, was among the business
men in Spur Saturday afternoon of
last week.

Mr. Pullen, of the Steel Hill com-
munity, was among the large num-
ber of business visitors in Spur dur-
ing the week.

Mr. and Mrs. Aust'n Bell returned
Friday of last week from Prairie Hill
near Waco where they attended the
funeral of Mrs. W. W. Fox who died
in Spur Thursday.

Mr. and Mrs. Cecil Fox returned
the latter part of last week from
Waco where they attended the fun-
eral of Mrs. W. W. Fox.

Mesdames J. A. Fomby, C. E. Har-
kns and son, Coleman, Jr., of Sweet-
water, visited their sister, Mrs. J.
Boyd, Jr., this week.

J. R. Rogers, of Draper, was here
out about eighteen bales and had
hardly made a showing in his field.
There will be lots of cotton made
here this year, but the indication is
that the income from this crop will
hardly be worth mentioning.

Mr. Dorch, of just north of Spur,
returned last week from the Eastern
part of the state where he had been
after cotton pickers. In returning
Mr. Dorch encountered an automo-
bile wreck, in which his car was al-
most a complete wreck. Rains had
come, the roads were muddy and
slick, and in meeting a big truck it
skidded into his car with the result
that it was knocked into the ditch
with the truck, all occupants escap-
ing with slight injuries, Mr. Dorch
being slightly injured on one of his
knees. His car was left for repairs.

J. D. McWaters has been spending
the past several weeks in Kent county
where he has been building houses
and making additions to old ones. He
states that he has about thirty days
more work to do in Kent and Stone-
wall where considerable improve-
ments are now being done in the
building line.

Ben Loomis has purchased an in-
terest with C. E. Skelton in his Quick
Service Lunch Room, and is now
personally identified with the busi-
ness.

Mrs. W. R. Gannon, of southwest
of Spur, was brought to the Nichols
Sanitarium Friday of last week for
an operation. An infant was born
to Mr. and Mrs. Gannon on Novem-
ber 3rd, and since which time Mrs.
Gannon has been in a very critical
condition. It is hoped that the op-
eration will be effective in giving
her permanent relief.

DON'T SUFFER SCIATICA

Friday Health Talk

Uncle Ben Says:

"You Seldom Hear Anything
Said About Mrs. Boot-
legger."

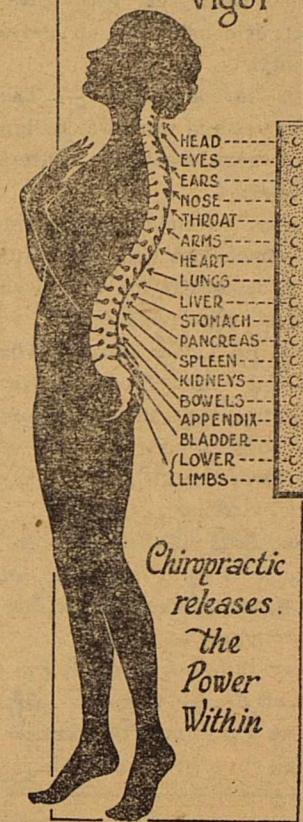

Spinal adjustments are given
for the purpose of correcting
deviations of spinal bones
from normal. It is such
deviations that create the
nerve irritation of which
sciatica is one effect. For
sciatica, see a chiropractor.

FOUR YEARS PAINS
ENDED IN A MONTH

"For four years I suffered
with Sciatica. Two physi-
cians failed to give any re-
lief. Finally I began tak-
ing adjustments and was
astonished at the relief I
received from the first adjust-
ment. I have taken 18 ad-
justments and feel entirely
well."—H. Y. Glenn, Chiro-
practic Research Statement
2210-H.

Sciatica is extremely pain-
ful because it directly affects
a nerve which is more sen-
sitive than other body tis-
sues. But, since a nerve is
affected, relief is obtainable
more quickly when the cause
is adjusted by a chiroprac-
tor.
