A QUARTER OF A CENTURY OLD.

Our drug store was established here in 1879 (twenty-five years ago.) During our quarter of a century of honorable dealing, the store has constantly been improved with up-to-date equipment until it now stands as a splendid example of the highest standard in pharmacy.

Therefore we feel that by reason of our long experience and practical knowledge of the wants of this county, we are offering you a better drug store service than can be attained elsewhere.

Besides we are never undersold on genuine first quality drugs. When you have prescriptions filled here you always get the best medicine which skill, care and trustworthiness can prepare. We invite you to buy all your drugs here.

WHISKEY MAN ARRESTED.

Alleged to have Violated Local Option Law in Two Cases.

From Monday's Daily:

A. R. Roberts, representing the Shawhan Distilling Company of Kansas City, Mo., was arrested in Lufkin Saturday on a writ from Nacogdoches county, charging him with selling whiskey here in violation of the local option law, and was brought to Nacogdoches yesterday afternoon. Roberts was arrested by Sheriff Mantooh after receiving papers from Mr. Charley Bruton, who was on the same train with Roberts when he reached Lufkin and who conveyed the warrant from Sheriff Spradley to Sheriff Mantooh. County Attorney Beeman Strong paid ten dollars reward for the arrest of Roberts and alleges that he has several good cases against him. Roberts has employed counsel and will fight the cases.

A. R. Roberts, the whiskey drummer who was arrested at Lufkin and brought here Sunday, gave bond for his appearance at trial and was released Sunday night.

Extreme Cold Retarding War.

News from the scene of war indicates that no fighting of consequence is in progress and that both sides are waiting the coming of spring. April 1 will probably witness moves of great importance.

The reported loss by Russia of 2000 men in fighting on the Yalu river is discredited.

Both Japan and Russia have been officially informed of the wishes of the powers with respect to limiting the area of warfare.

Admiral Alexieff is still at Port Arthur, and strong denial is made of the report that Russia contemplates abandoning that post.

The only chance in sight for a naval battle of consequence is the possibility of a torpedo attack by the Russians on the Japanese ships.

NEGRO ESCAPED FROM JAIL.

But Paid Dearly For His Desperate Break.

Jim Redgeway, the negro who was jailed some two months ago on a charge of attempted rape, committed near Garrison, made a desperate dash for freedom late Monday afternoon. As jailor Sloan entered the door at his usual hour for the purpose of feeding the prisoners, he was knocked down by Redgeway who had secreted himself near the door in such a manner that he was not seen by Mr. Sloan as he entered. After knocking the jailor down the negro snatched his pistol and dashed out through the door, which Mr. Sloan had not time to fasten before he was attacked, and made a lively run for the timber. The alarm was given and Sheriff Spradley and several others started in pursuit of the fugitive before he could get out of sight. He was overtaken near the "double ponds" two miles South of town and after a stubborn resistance was recaptured. He stood off several citizens with the pistol in his flight and did not lay down the weapon until he was fired on two or three times. He was hit in the ear with a load of bird shot by Charley Clark, who was one of the posse. After he was run upon by the officers and had been disarmed he still made a desperate resistance and had to be clubbed into submission. He was returned to jail in less than an hour after his escape, doubtless sadder, if not wiser, from his experience.

WHEAT has passed the dollar mark.

EDITOR HENNING is turning truly democratic.

It is reported that the empress dowager of China is dead.

OKLAHOMA democrats are endorsing Bryan and the Kansas City platform.

The Japanese war has interfered with the colonization of Japanese in Texas.

RUSSIA is saving Japan a lot of trouble by blowing up her own fighting vessels.

MEN with honest convictions will not go very far wrong even if they are mistaken.

We trust the farmers will not lose sight of the principle of diversification while watching the demonstration farms.

The juvenile pistol toter would not be so common if it were not for the example set by old "vets" at the business.

THERE will be a scramble in Ohio for the place made vacant in the United States Senate by the death of Senator Hanna.

The farmers are buying heavily of the early maturing cotton seed, and there will be a tremendous effort made to baffle the boll weevil this year.

We are expecting Nacogdoches to become an educational center some of these days in spite of the slow progress we have made the past few years.

GEN. JAMES H. WIDSON of the United States army says England is backing Japan and he predicts a long and bloody war with the outcome beyond prediction.

We congratulate the Timpson Times. The Huntley Grocery Co. has opened up in Timpson, and H. A. Huntley is one of the best advertisers in this country.

THERE will probably be three candidates out for District Judge of the 2nd Judicial district. The Sentinel has it from good authority that Judge Jas. I. Perkins, of Rusk, will be in the race.

THERE is more patriotism among the women of Texas than the men. Miss Clara Drescoll has advanced \$17,000 of her private means toward the purchase of the Alamo building at San Antonio.

FATE is going hard with Russia. Besides her other heavy losses from accident, six hundred Russian soldiers were frozen to death while marching across Lake Balkie.

THERE is a rumor to the effect that Nacogdoches could secure the Tyler Business College, which was recently burned out at Tyler, by putting forth an effort. The matter should be investigated.

HENNING ON THE SITUATION.

From the Plaindealer.

The Sentinel contained a lengthy editorial this week on the "Populistic Situation," in which it is pointed out in a mild way that populists may go into the primaries and dictate nominees. Under the Terrell law no test can be applied that will keep any voter out of the primaries when there is only one party primary held in a county. It is suggested that two primaries be held, we presume the first to thin 'em down to two in a hill and the next to thin 'em down to one. As to the point that populists would dictate the ticket, we think it a wrong proposition because if the populists of this county are united on any of the candidates now in the race it is more than they ever were in recent years at a general election. This county has ever been rather independent in voting. Died in the wool pops and Bourbon democrats have scratched their tickets unmercifully when it suited their inclination. The writer does not believe that there has been 1000 absolutely straight tickets voted at any election held here in the past eight years. At present there are but two candidates in the race for county offices whose democracy can be questioned as far as any alliance with other parties is concerned. One of these is Hardy Dial for county assessor. He doubtless voted for his cousin, A. J. Spradley, for sheriff, and his brother, W. H. Dial, for county attorney and district judge. Outside of this we are pretty certain that Hardy toed the mark, and previous to his coming here he voted 'er straight all his life. As for merly "keeper of records and seals" of the populist party we are prepared to certify that he was never in "good standing" with that party. C. M. Walters for sheriff, acted as deputy under A. J. Spradley, and he may have voted for him. If so, we don't know of it. He, we believe, has always acted with the democrats. The Plaindealer, as formerly the newspaper representative of the people's party, is very much opposed to anyone prominent in the populist movement asking for nominations on the democratic ticket in this election at least, even though he should have decided in good faith to connect himself with that party for all future. It would have the appearance of turning coat for a good job—something repulsive to all right thinking men. The Plaindealer hereby disclaims any scheme, plan or intention, on the part of its owner or backers to influence the action of the democratic primaries with the old populist organization. If anyone now in the race intends trying this plan we are ignorant of it, and if anyone should try it we believe the scheme would be entirely fruitless. The populist vote which goes into the primary will be just about as much divided as the democratic votes. Of this we are probably in a good position to know. As to the double primary, however, we have not the slightest objection, if it

can be held under the law. It would insure the nomination by a majority vote, something desirable at all times. It would make the fellow who brings out weak candidates to aid his own cause feel like thirty cents, and he is the fellow we like to see gloriously clupped. Let us have the double primary—let the majority name the man.

THE SENTINEL knows of a splendid small job office, doing a good business in growing town, that can be bought at a bargain.

NEWS has reached Washington that war is at hand in the heart of Europe. Turkey is about to invade Bulgaria and there is danger that all Europe will become involved.

It would be better for state officers generally to return to "old foggy" ideas and discharge the duties of their office instead of devoting so much time to machine politics.

FARMERS were in fine shape for the rain of the past few days, and will have things coming their way if the weather god continues to favor them as he has up to date.

THE two rural free delivery routes have proved a great convenience. We would like to see more of them put on. It adds quite a little to the circulation of The Daily Sentinel.

THE Cushing Enterprise is indeed a credit to Bro. Carter and an honor to Cushing. Few towns of the age of Cushing can boast of a better paper nor better patronage than is given The Enterprise.

THE Terrell election law should be enforced to the very letter. The best way to find out whether or not a law is good is to enforce it. If after strict trial it proves bad let it be repealed.

THINGS are getting in bad shape at San Augustine again and it seems that old factional feeling is again stirred up. An attempt to override the local option law is responsible for the present trouble.

SINCE the death of Senator Hanna his picture has appeared in the papers as a respectable citizen for the first time since he entered national politics. He was really a good looking man, divested of the dollar marks.

THE Nacogdoches friends of Judge Jas. I. Perkins have been "officially" notified that he will be a candidate for district judge of this judicial district. It is thought by the friends of Judge Davis that he will not be a candidate if Judge Perkins runs.

It is to be hoped that a full attendance of the county democratic executive committee will meet Chairman Campbell in Nacogdoches on the 27th instant. The members of said committee are not known to the chairman, and if there are any who cannot attend they are requested to write the chairman, giving their addresses.

SENATOR HANNA.

Houston Post:

In the death of Senator Hanna the republican party has lost its most potential character and the country has lost an interesting figure in public affairs.

Mr. Hanna first came into notice in 1895 as the manager of Major McKinley's presidential campaign. A successful iron manufacturer in Ohio, he was not previously known in politics beyond his immediate section. For many years he had enjoyed an intimate personal acquaintance with McKinley, and upon his nomination became chairman of the republican National executive committee.

Instantly he became the central figure and the most powerful factor in the republican organization. His methods were "strictly business." He collected the greatest campaign fund ever raised in a popular election and used it to the best advantage.

It is related that Major McKinley in the outset remarked to Mr. Hanna, "Mark, please remember that there are some things I would not do to be president of the United States," which was a protest against methods at which his better nature revolted and a plea not to have his office compromised by campaign promises which he could not fulfill in good conscience. Within the "practical" limitations of the commercial conscience this request was doubtless respected to the extent that the new president was placed under no offensive obligations and no post-campaign influence by his adroit manager. Indeed, the sentiment Mr. Hanna felt for Major McKinley was so affectionate that he sought to save his friend from all possible embarrassment, and he graciously refrained from attempting to exercise the control of the party boss. With commendable modesty he declined to enter the cabinet.

But when Senator Sherman resigned he gladly accepted the appointment to the United States senate and with a perfectly natural ambition sought and gained succession by election. He desired to attain and did attain a place of his own. And there his ambition seemed to end. There is hardly a doubt that at any time within the last twelve months he could have put himself in position to secure the republican nomination for president, but he refused to become a candidate.

After Mr. Hanna entered the senate he broadened and developed surprisingly in the

school of republican statesmanship. He showed himself to be vastly more than a party Warwick, and while he did not wield great influence in legislation he did acquire a position of deserved respect among his colleagues and he exhibited a grasp of public affairs, a poise and self-restraint that commanded the country's attention. He was patient of the partisan whips and scorns which his position and methods invited, and was sincerely devoted to his country as he conceived its welfare.

In private life he was an amiable and lovable gentleman. He cherished a hope of ameliorating the animosities between capital and labor, and upon many occasions of strife he was a powerful influence for peace. His noble impulses and a native talent for public affairs were struggling to escape the bondage of calculating commercialism, and if he had entered politics ten years younger or had lived ten years longer he might have attained a place among the nation's truly great.

STATE TOPICS, an Austin publication discussing the extent to which nepotism is practiced at the State capitol quotes figures to show that Gov. Janham and members of his family receive annually from the State \$9,625.00; total amount received annually by Jno. W. Robbins, State treasurer and members of his family, \$9,000.00; total amount received by J. W. Stephens and members of family of R. M. Love, deceased, \$3,300.00; total amount received by Secretary of State J. P. Curl and members of his family, \$3,100.00; C. E. Gilbert, superintendent public buildings and grounds, \$2400.00. Grand total, \$32,715.00. Even at this, nepotism is not practiced in Austin near to the extent it has been in the past.

TIMPSON and Lufkin will both cultivate a demonstration cotton farm under the government supervision. We are eager to see what will be the result of these demonstrations. It strikes us that Uncle Sam is expending that quarter of a million dollar appropriation in sending "biled shirt agriculturists" over the country to talk money out of the people instead of spending it to their relief. Lufkin, Nacogdoches and Timpson have each put up a hundred dollars, while the government puts up nothing except a little high salaried advice. Still, we would not discourage the plan now on foot here. On the other hand we have contributed of our means and moral support to the undertaking.

AN HOUR WITH THE EDITORS.

THE farmers of Nacogdoches county are preparing to hit the boll weevil a solar plexus blow. They are going to put 1000 acres in Cuban tobacco.—Palestine Herald.

The only fear we have is that the beast has learned to chew tobacco.

THE people along the line of the Dallas branch of the T. & N. O. railroad are raising a howl about the change in the schedule. However, Jacksonville is not joining in the row.—Orange Tribune.

'Deed she is. She has "wired in" her protest against the division being moved from Jacksonville.

Jacksonville has wired her protest to the T. & N. O. officials and to the Dallas Commercial Club concerning the proposed removal of the division from that place to Nacogdoches.—Jacksonville Daily Banner.

Very natural. Nacogdoches has also wired her wishes in the matter.

It is now up to the cotton planter to decide whether he will plant Brown select, early-maturing or boll-weevil-proof cotton seed. There is a syndicate offering an early English variety and as raising cotton has been going on in England for some time, it might be well to make an experiment.—Beaumont Enterprise.

Hope you have no reference to the late English-American syndicate of Houston.

The Sentinel editor lost five thousand dollars before Christmas by not having money sufficient to invest in cotton futures, but he has made seven thousand since Christmas by not having futures when the slump came. It's dead easy to beat the future market if you know how to play the game.—Farmersville Sentinel.

Two thousand dollars ahead, then. That's a heap of money for a newspaper man.

Nepotism in our State government is up for discussion now and it will not down. Some reckless papers are declaring that a public office is a family snap. Well, what difference does it make, provided the office is well administered?—Tyler Democrat and Reporter.

Really, the D. R.'s position sounds reasonable. If a man buys a farm he puts his family to work on it. If he opens a store, he puts as many of his family to clerking as are qualified. If he runs a printing office he puts all his kids to setting type. Why not get the full benefits of the "snap" when he secures an office? Whether right or wrong, most men do.

HENDERSON HIT AGAIN.

Bank Alleged to Have Been Swindled of \$19,000.

Henderson has received another financial blow, and officers are now on the lookout for one George Hambrick, alleged to have embezzled the Henderson bank out of nineteen thousand dollars.

The Jacksonville Daily Banner of the 17th (yesterday) says:

City Marshal Mathis received a phone message this afternoon from a bank at Henderson, asking him to look out for Geo. Hambrick, a young man who is wanted there for the alleged embezzlement of \$19,000.

The Wanderer.

He left the dear old homestead and the scenes of his youth And went forth a wanderer; a searcher in truth. He looked not for treasure, naught he cared to be rich. What he sought for was something to cure his itch. He found it. Name, Hunt's Cure. Price 25c.

THE negroes of Harris county are on the war path over treatment they received in the county republican convention, which was held to select delegates to the congressional convention of that district. They claim that they weren't given sufficient recognition.

The Lost Ring.

Woman lived in Rackensack, Had a ringworm on her back, Said she would 'nt care a snatch But 'twas where she 'could 'nt scratch.

Therefore she could 'nt endure Had to have aid quick and sure.

One box of Hunt's Cure did the work. It always does. It's guaranteed. Price 50c.

THE Grayson College at Whitewright, Texas, has been destroyed by fire, but in spite of the loss of \$60,000 it is announced that the school will continue uninterrupted. The test of fire has been tried on several of Texas leading educational institutions in the recent past, but it has put none of them out of business.

For County Commissioner.

The announcement of R. L. Williamson for the reelection to the office of County Commissioner of Precinct No. 3, subject to the democratic primaries, appears in the announcement column. Mr. Williamson has made a splendid record as commissioner during the present term, proving his ability to serve his people with efficiency and to the best interests of his constituency and the voters of the Northern section of Nacogdoches county will doubtless continue him in their service for another term.

Beyond Expression.

G. W. Farelowe, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused an almost unbearable itching. I could neither work, rest or sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and although a year has passed, I have stayed cured. I am grateful beyond expression." Hunt's Cure is guaranteed for all itching diseases of the skin. Price 50c.

THE Baltimore Fire Insurance Company, and the Home Insurance Company of Baltimore, have asked for receivers as the result of losses in the great Baltimore fire.

It's Everywhere.

The huts of the poor, the halls of the rich, Are neither exempt from some forms of the itch; Perhaps a distinction may be made in the name, But the rich and the poor must scratch just the same. O, why should the children of Adam endure An affliction so dreadful, when Hunt's Cure does cure? All forms of itching. Price 50c. Guaranteed.

W. G. Parker, of Lufkin, is in the city and expects to remain several days and will put in the time introducing his fertilizer, which he guarantees to be second to none in the world.

Wedding at Attoyac.

Mr. Tom McKnight, of Center, and Miss Willie May Pleasant of Attoyac were married in that village yesterday morning at ten o'clock Rev. W. W. Watts performing the ceremony. The wedding took place at the residence of the bride's mother, Mrs. John F. Pleasant, and only the relatives and a few intimate friends were present. The bride was dressed in white, afterward changing her costume for a handsome brown tailor made traveling suit, and immediately after a twelve o'clock dinner Mr. and Mrs. McKnight left for their home in Center.

Mr. McKnight is a partner in his father's mercantile establishment at Center, where the family are among the most highly thought of, and leading citizens. As for Mr. McKnight himself, no young man bears a better character or has more friends. Miss Willie May Pleasant is as well known in Nacogdoches as at her home and is a general favorite. She is the sister of Mrs. R. A. Hall of this city and belongs to one of our best families.

The young couple were the recipient of many beautiful presents. The many friends of both in Nacogdoches extend hearty congratulations, and The Sentinel wishes them all possible happiness.

If you want a good review this spring attend the Garrison School.

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough apply frequently Ballard's Snow Liniment to the throat.

THE war cloud is lowering over several great nations and the prospects of involving the whole world are almost alarming.

DON'T forget the appointment of the gentlemen from the agricultural department, the A. & M. College, and others, for Nacogdoches on Wednesday, March 2nd.

Now that Dodge the dodger has been taken in hand again, the question arises, what is to be done with him. His case has set the best legal talent in the country to guessing.

THE members of the democratic executive committee of Nacogdoches county are requested not to overlook the call of Chairman Campbell. A full attendance at the meeting next Saturday is desired.

It has been officially announced at Washington that a decisive battle has been fought at San Domingo between the government forces and the insurgents and that the siege has been raised and the insurgents are in flight.

THE business men of Jacksonville have organized a commercial club with nearly every prominent citizen in the town on the membership. The agitation over railroad matters of the past week woke 'em up over there.

SOUR LAKE now has a live daily paper, The Oil News. A town can't boom much these days without a daily. Giving the news in weekly installments is entirely too slow in this busy bustling age.

ALL the farmers and business men in Nacogdoches county ought to be in Nacogdoches on Wednesday Mar. 2nd to hear those lectures on cotton growing, fruit and truck growing, hog raising and general topics pertaining to farming.

THE Center New Era is warned not to be revising our "figgers." The Sentinel said there would probably be three candidates out for district judge and the New Era quoted the "squib" and made it "two." If Hugh Short, Tom Davis and Jim Perkins don't make three what does it take to make that number?

JACKSONVILLE is making some terrible threats against Dallas anent the moving of the division of the T. & N. O. railway. But Dallas fails to see wherein Jacksonville is of more importance than Nacogdoches and will prefer to risk losing Jacksonville's friendship than to be cut off entirely from Nacogdoches. The division will either be moved to Nacogdoches or a through train service will be put on with a double daily service between Jacksonville and Dallas. If the company is so anxious to serve Jacksonville it might reestablish the service as it was before the train between Jacksonville and Dallas was taken off.

THERE is nothing in the published proceedings of the county convention two years ago to indicate who are the democratic chairmen of the various precincts of the county. In the meeting to be held in this city next Saturday it is hoped that each voting box will be represented, and that if it cannot be ascertained who the chairman is, that one representative democratic citizen or more will be present any how.

THERE is a war on in Texas against nepotism. The democratic platform of Texas declares most emphatically against it, and it is strange that men elected to office upon that platform and who were so strong in their endorsement of said platform while running for office would so flagrantly violate it after securing the office. We believe in men adhering to platform principles after election as well as before, and when they have proven their disregard for platform pledges they should be retired to the shades of private life.

TODAY is Washington's birthday and people are supposed to plant trees and tell the truth, so that in after years they can saw wood and say nothing. Some people are so carried away by the prospect of two bit cotton that they will plant nothing but cotton wood trees today. This will be a mistake for no cotton would ever grow on them. The candidates are all out planting poplar trees of course, and those ladies who are celebrating the day favor fine China trees. Advice is hard to give on the subject of what tree is best to put in the ground, but the example of the German who said "I'll just plant me a gabbage" is as good as any to follow.

THERE will be a series of meetings held under an arrangement of the United States Department of Agriculture, the Texas Agricultural & Mechanical College and the Central East and West lines of railroad for the purpose of discussing the new cotton culture, forage and farm crop, fruit and vegetables and hogs and cattle. A date has been made for Nacogdoches on the 2nd day of March, at which time Dr. S. A. Knapp and Prof. Spillman, of the department of agriculture, Mr. Roland Morrill, the most extensive fruit and vegetable grower of Texas, Mr. R. E. Smith, the great alfalfa farmer, Mr. H. E. Singleton breeder of fine hogs, and Profs. Kyle, Green, Johnson and Marshall, of the A. & M. College, and others will deliver addresses. This will be a most instructive meeting and every farmer, school teacher, business man, lawyer, doctor or any other good citizen is urged to be present. The farmers and business men especially are invited. The subjects to be discussed are of vital interest to all.

DO YOU KNOW ENOUGH?

If Not, You will not Fail to Attend This Meeting.

It has been arranged by the United States Department of Agriculture, the Texas Agricultural & Mechanical College and the Central, East & West lines of railroads to hold a series of meetings for the purpose of discussing the New Cotton Culture, Forage and Farm Crops, Fruit and Vegetable, Hogs and Cattle and other live topics.

Dr. S. A. Knapp, U. S. Department of Agriculture. In charge of boll-weevil campaign.

Prof. Spillman, U. S. Department of Agriculture. In charge of diversification experiments in Texas.

Mr. Roland Morrill, the most extensive grower of fruits and vegetables in Texas.

Mr. R. E. Smith, the great alfalfa farmer.

Mr. H. E. Singleton, breeder of fine hogs.

Profs. Kyle, Green, Johnson, and Marshall of the A & M College, and others, will assist in this campaign.

A meeting is to be held at Nacogdoches, on March 2nd.

We would be pleased to meet all the progressive farmers and business people of that vicinity.

Let us make this the best meeting ever held at your town.

Yours truly,
Stanley H. Watson,
Industrial Agent.

IN the meantime we have gotten on very well without a special session of the Legislature. How would it do to ask candidates for the Legislature how they stand on long-drawn out sessions and on special and extra sessions of the Legislature? All things being equal, the thirty-day man should be elected. We have too much legislation and too much Legislature.—Galveston News.

It we could elect a Legislature of deaf mutes qualified to attend to business, thirty days would be sufficient and there would be a great deal more done. Texas has expended millions on worthless hot air.

We have been "spoke to" some more about running for the legislature, and are informed that we are running like an automobile in Angelina, San Augustine, and Shelby counties. Haven't heard from Rusk and Cherokee yet.—The Sentinel.

We can't support you up here, if you should happen to go to Austin as a member of the legislature it wouldn't be six months before some Smart Alec would be saying you took the job "to make ends meet" and to help support your newspaper. Then, besides, if you should happen to get started in that direction, no telling where you would stop. Apt as any way you would wind up by selling rotten tomatoes for a living.—Jacksonville Banner.

McFarland, editor of the Banner, has held down the engrossing clerk's job in the House for several years, and was one of the competent employes of the Legislature. State Press has never heard any one intimate that he took the job to make both ends meet, nor that he peddled rotten tomatoes. It would be interesting to know how automobiles run in Angelina, San Augustine and Shelby counties.—Galveston News.

State Press evidently overlooked the incipency of this "joke." As to automobiles, they run as well in the counties named as a candidate in the Nacogdoches district would run for the legislature in those counties.

THE NEWS FROM APPLEBY.

Appleby People Clamoring For a Justice's Court.

Appleby, Feb. 22.—After several days of rainy weather, the farmers are again at their posts making preparations for another crop.

Our school is progressing very nicely and the measles are not interfering with it as much as we expected.

Mrs. N. Paine and Mrs. E. J. Hunt are on the sick list this week.

Misses Annie and Minnie Skillern spent two days at home returning today for school work.

Miss Irene Justice and Messrs. Boon Justice and Claud Thrash went to their homes at Martinsville Friday, returning today for school.

Mrs. Stephens, agent at Gara for the Windy Road, has been visiting relatives here, returning home today.

Mr. Geo. C. Clark is night agent here now for the H. E. & W. T.

Messrs. Will Lawson and Phillips have formed a partnership business to sell general merchandise here. We predict for them success, as they are both very fair, square and energetic and liked by all.

The Methodist church is being repaired, adding much to the comfort of all who attend.

We Appleby people still believe we ought to by all means have a Justice Court at Appleby, as it is 10 to 12 miles in all directions from here to a place where Justice Court is held, and there are places in this county that the Justice Courts meets not over four miles apart. So we can't see any fairness or good reason or sound judgment in this

thing continuing so forever. Remember it is 21 miles from Nacogdoches to Garrison and 20 miles from Cross Roads (Swift) to Linn Flat where Courts are held and we are just in the center of this large territory and we need the Court to meet here.

Garrison Locals.

Garrison, Feb. 22.—A hard rain and freeze has left us with clear weather again.

Miss Harrison's class in Physical Culture and Fencing is doing nicely.

Mrs. Atteaway is with her daughter, Mrs. Rainbolt for a few weeks.

Farmers are in buying implements and supplies. They are very much interested in the Experimental farm which will no doubt help them to destroy the boll weevil.

Mr. and Mrs. Ben Baltimore are in Concord with relatives this week.

Miss Cook entertained a few of her friends with Flinch at the home of Mr. and Mrs. W. Y. Garrison Friday night. The occasion was to celebrate her 20th anniversary which her guests hoped with good wishes would pass many more times.
W. B. Hargis.

Notice.

Dr. J. M. Lively, Veterinary Surgeon and Dentist, of Colmesneil, will be in Nacogdoches at Ogg's livery stable Friday and Saturday, Feb. 26 and 27. Two days only. If you have a lame horse, or a horse with bad teeth, bring it, or call on Dr. Lively at Ogg's stable. Remember the date as he will positively leave Nacogdoches Sunday, Feb. 28. Examination and consultation free. Charges reasonable.

For County Commissioner.

The announcement of Mr. J. W. Byrd for reelection to the office of County Commissioner, subject to the democratic primaries will be found in the announcement column. Mr. Byrd's reasons for offering himself for reelection can best be understood by reading the following from his own pen:

"To the voters of commissioners precinct No. 1. I am now serving you my second term as commissioner. It has been my intention not to offer for reelection, but since the court has decided to purchase a tract of land for the purpose of supplying a home for the paupers and furnishing employment for county convicts, a thing I have so earnestly advocated ever since I have been in the office, and being anxious for the success of the enterprise, it is my desire to be reelected, and I earnestly solicit your vote at the coming primaries. If elected I will do all I can for the public roads, to keep the jury scrip at par and make the poor farm a success, which will, if done, lessen the burden of the tax payer."

Respectfully,
J. W. Byrd.

Have You Indigestion?

If you have Indigestion, Kodol Dyspepsia Cure will cure you. It has cured thousands. Its curing people every day—every hour. You owe it to yourself to give it a trial. You will continue to suffer until you do try it. There is no other combination of digestants that digest and rebuild at the same time, Kodol does both. Kodol cures, strengthens and rebuilds. HEAR US!

We Have This to Say; we Have What You Want. We Handle Everything.

We Will Continue Our Business at the Same Old Stand and in the Same Old Way.

The Boll Weevil is Not Going to Run Us Out of Business---We Are Going to Help You Put the Boll Weevil Out of Business---We Are Not Going to Forsake Our Friends---We will Continue to Help Those who Helped Us.

We want your cash trade as well as your credit trade. Your cash trade will be appreciated by us. We will not be undersold by anyone for the cash. Our credit price is reasonable. Remember: Our cash prices are as low and oftentimes lower than the other merchants "Cost" price, "Bye Bye" price, and "For 30 Days Only" price.

Don't go spend your money elsewhere, but come price our goods, for we've got what you want; we can convince you that we are offering better goods for less money. Don't you think it right to give us your cash trade, if we are to sell you on credit.

We want your cotton, wool, wax and hides and don't want you to sell to anyone until you see us. We pay higher prices than any one, and your good money will buy more good goods from us than anywhere in Nacogdoches.

Yours "for keeps."

KING'S IMPROVED COTTON SEED and King's Cotton Fertilizers,

And are sole agents for the celebrated Fertilizers made by Armour & Co.,---none better---analysis guaranteed The finest in the land for crops and truck of all kinds Prices we make are the lowest and on terms to suit the purchaser.

Let everybody join in together to "oust" Mr. Boll Weevil. Go after his "snout" and try to get it. They tell us plant improved seed, sow them early and work often and use some fertilizer. Don't plant cotton too thick---and by so doing you can make Mr. Boll Weevil's existence a little unpleasant. If we do this, with the present prices for our cotton, we will all make a little money.

We have just received one car Bliss Maine Triumph Potatoes, Seed Oats, and a general and complete stock of Plow Goods.

Count us among the number who do not believe that our county and country are going to the "bow wows," but yet think when this year is rounded out we will find everything has been very good with us all, if we have only put forth the proper efforts ourselves. Don't think we are altogether optimists, but we never could take a pessimistic view of everything.

We are not selling out at cost nor offering our stock on the market at any old price. But listen: We have one of the cleanest stocks of General Merchandise in the city and at prices when quality is considered as low as you find anywhere.

We not Only Want Your Cash Trade, But can take care of your Credit also.

When we get your money and then later when you need a little accommodation we do not show you the door, and also remember we always buy your cotton. If you spend your cash or credit either we will remember in the fall to help you out when you have something to sell.

IF THE FARMERS AND THE WHOLE COUNTRY ARE GOING TO THE BOLL WEEVIL WE WANT TO GO TOO.

If you will give us all or a part of your business we assure you it will be appreciated and that your money will buy as much at our store as any place in the city; we guarantee absolutely every article we sell or refund your money. Visit our store and find some of the many bargains we have laid aside for you

Farmers Up With Work.

Never before in the history of this country were the farmers so well advanced with their work for a crop as they are now. We will drop a gentle reminder that they should not go too heavy on cotton, for no man knows what figure the boll weevil will cut in these parts next summer. Diversify, and when you have diversified go to work and diversify sure enough. Then next fall when the other fellow goes around with a long face, you will wear a smile over the fact that you have cash in plenty in your pockets.--Cushing Enterprise.

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of rheumatism is being demonstrated daily. Parker Triplett, of Grigsby, Va. says that Chamberlain's Pain Balm gave him permanent relief from rheumatism in the back when everything else failed, and he would not be without it. Chamberlain's Stomach and Liver Tablets. Unequaled for Constipation.

Mr A R Kane, a prominent druggist of Baxter Springs, Kansas says: "Chamberlain's Stomach and Liver Tablets are in my judgment, the most superior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or grip." For sale by Perkins Bros.

Charley Power, carrier on Rural Route No 1 is just back from Dallas, where he attended the first meeting of the carrier boys of Texas. An elegant banquet tendered them by the Farm and Ranch was spread at the Oriental Hotel. The menu card was characteristic and well designed, having a horse's head, wheel and stirrup in gold in the corner and a mail wagon with the carrier just stepping in, as the center vignette. On the inner leaf was engraved, "from the Farm and Ranch to the carriers of Texas". Mr. Powers says he had the time of his life and that the meeting was instructive as well as entertaining.

When you Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This Remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by Perkins Bros.

T. C. Sharp, carrier on Rural Route No 2 was compelled to put another man on his route temporarily as his wife is very ill. Slight hopes are entertained for her recovery, as she has been in bad health for several months.

Perfect Confidence.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs M I Bastford, of Poolesville Md in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough remedy for I have used it with perfect success. My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by Perkins Bros.

I will continue with O. F. Baxter in the grocery business and my old customers can expect the same courteous treatment and fair dealing in the future that I have given in the past. Give us a call. S. F. Baucom.

Strength and vigor come of good food, duly digested. "Force," a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates.

A Night Alarm.

Worse than an alarm of fire at night is the brassy cough of croup, which sounds like the children's death knell and it means death unless something is done quickly. Foley's Honey and Tar never fails to give instant relief and quickly cures the worst forms of croup. Mrs. P. L. Cordier, of Mannington, Ky., writes: "My three year old girl had a severe case of croup; the doctor said she could not live. I got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life." Refuse substitutes. Sold by Perkins Bros.

Mr. B. D. Crockett, a former resident of Nacogdoches who has been living in Beaumont for some time past is here for a few days on business and shaking hands with his many friends.

Winter coughs are apt to result in consumption if neglected. They can be soon broken up by using Foley's Honey and Tar. Sold by Perkins Bros.

A Cure For Eczema.

My baby had Eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve. Frank Farmer, Bluff City, Ky. In buying Witch Hazel Salve look out for counterfeits. WRECK ON I. & G. N.

Entire Train Burned After Being Wrecked.

I. & G. N. passenger train No. 4, due at Jacksonville at 1:05 a. m., being the fast train for St. Louis, met with a disastrous wreck this morning, in which the entire train was destroyed by fire, with the exception of two pullman sleeping cars.

The wreck was caused by a dislocated switch, causing the engine to run in on the siding while the train kept on the main line. The engine was an oil burner, and the connection from the tender to firebox were broken, from which the oil leaked and caught fire. In a few minutes the front cars of the train were also on fire, and it was impossible to save anything except the two rear cars, both of which were Pullman sleepers. They were cut loose and pushed down the track by the passengers before the fire reached them. The mail, baggage and express, smoker and chair cars were a total loss. The engine, white greatly damaged, is not entirely ruined.—Jacksonville Daily Banner, Feb. 16.

RHEUMATISM

NOT A SKIN DISEASE.

It is natural to rub the spot that hurts, and when rheumatic pains are shooting through the joints and muscles and they are inflamed and sore, the sufferer is apt to turn to liniments and plasters for relief; and while such treatment may quiet the pain temporarily, no amount of rubbing or blistering can cure Rheumatism, because it is not a skin disease, but is in the blood and all through the system, and every time you are exposed to the same conditions that caused the first attack, you are going to have another, and Rheumatism will last just as long as the poison is in the blood, no matter what you apply externally. Too much acid in the blood is one cause of Rheumatism; stomach troubles, bad digestion, weak kidneys and torpid liver are other causes which bring on this painful disease, because the blood becomes tainted with the poisonous matter which these organs fail to carry out of the system. Certain secret diseases will produce Rheumatism, and of all forms this is the most stubborn and severe, for it seems to affect every bone and muscle in the body. The blood is the medium by which the poisons and acids are carried through the system, and it doesn't matter what kind of Rheumatism you have, it must be treated through the blood, or you can never get permanently rid of it. As a cure for rheumatic troubles S. S. S. has never been equalled. It doesn't inflame the stomach and ruin the digestion like Potash, Alkalies and other strong drugs, but tones up the general health, gently stimulates the sluggish organs, and at the same time antitoxins and filters out of the blood all poisonous acids and effete matter of every kind; and when S. S. S. has restored the blood to its natural condition, the painful, feverish joints and the sore and tender muscles are immediately relieved.

UNABLE TO SLEEP AT NIGHT.
Sidney, Ohio, August 26, 1903.
A few months ago I was feeling weak and run down and unable to get sleep at night. I felt extremely bad, and also had rheumatic pains in my joints and muscles. The medicine I used gave me only temporary relief at best; so seeing S. S. S. highly recommended for such troubles, I began its use, and after taking it for some time was well pleased with the result. It did away with the rheumatic pains, gave me refreshing sleep and built up my general system, giving me strength and energy. It is a good medicine, without a doubt, and I take pleasure in endorsing it.

A DEMONSTRATION FARM.

Business Men of Nacogdoches Take The Initiative.

The fact that Nacogdoches is aroused over the boll weevil problem was clearly demonstrated by the meeting held at the opera house last Wednesday afternoon. Hon. J. A. Evans, of the government agricultural department, came on the afternoon train from Lutkin, met Mr. John Schmidt and others, explained that he was here to start a move for a government demonstration farm under the government plan, and within a short time a meeting of the citizens was held as above stated, with an unusually good attendance.

Mr. Evans was introduced to the audience by Mr. Schmidt, and explained briefly the government's proposition, which simply is to supervise the cultivation of a given quantity of land to be planted in cotton, not to be interfered with by suggestions from any one, the expense of seed, fertilizer and cultivation to be paid by a fund raised here for that purpose, giving the crop to any person who will raise it under these conditions.

The meeting at once resolved itself into an organization electing Allan Seale chairman and D. K. Cason secretary.

On motion of John Schmidt, J. W. Saunders, J. G. Smith, J. M. Weeks, J. A. Pirtle and Allan Seale were elected as an executive committee, of which Allan Seale is president and J. G. Smith secretary.

On motion of W. M. Imboden, a volunteer subscription was called for and fifty-five dollars was subscribed, the amount required, being one hundred dollars. The hundred dollars was guaranteed before the adjournment of the meeting and the committee will solicit subscriptions to make up the remaining forty-five dollars. The duty of the executive committee will also be to contract with some farmer as near the city as possible for the cultivation of from ten to twenty acres of cotton under the government plan.

This move means more to the general interest of Nacogdoches county than it is given credit for at a casual glance. The department is assured and is perfectly confident that it has discovered a plan by which cotton can be grown and a good crop made in spite of the boll weevil.

The idea is to cultivate properly, plant early maturing cotton, use certain grades of fertilizer and make the crop before the boll weevil has time to multiply in such numbers as to entirely ruin the crop. These demonstration farms are for the purpose of convincing cotton growers that it can be done. The business men of Nacogdoches are willing to put up the hundred dollars to make this demonstration. If it fails only a hundred dollars has been lost, which is shared by a large number of subscribers. It succeeds the benefits fall to the county at large. The move should be encouraged.

COMMITTEE MEETING.

Democratic Executive Committee to Meet Feb. 27th.

As chairman of the Democratic Executive committee of Nacogdoches county, I hereby call a meeting of said committee at the court house in the town of Nacogdoches on Saturday the 27th inst at 1 p. m. for the transaction of such business as may come before said committee.

I would be glad to have a full attendance.

Respectfully,
W. H. Cambell,
Chairman.

It Matters Not.

No matter the name; no matter the place; if you are afflicted with that intolerable, often excruciating itching sensation, you want a cure and want it quick. Hunt's Cure is an infallible, never failing remedy. It cures. Only 50c per box, and strictly guaranteed.

The advertisement of a Denver paper recently for the oldest paper printed in the Louisiana Purchase Territory has brought forth many old and faded copies of publications of the early days of the 19th century. One of these was shown at the Sentinel office yesterday by Mrs. Annie Boles, of this city, who is the possessor of a copy of the "Missouri Gazette," published in St. Louis, Tuesday, July 26th 1808. Mrs. Boles' father was John Alexander, who betore the war was a well known newspaper man in New Orleans, and who was for a long time connected with the Times, afterwards consolidated with the Democrat. This old copy of the Gazette had been in her father's family from its publication until his death, afterwards falling into her hands. She prizes the old relic very highly and says its value is too dear to her to risk the possibility of losing it by sending it to the World's fair as she has been urged to do.

San Augustine Without a Sheriff.

It is reported here that the bondsmen of Sheriff Curg Borders have asked to be released from his bond and that San Augustine is temporarily without a sheriff. It seems that a great deal of trouble has risen over the prohibition question and that the sheriff has taken a position unsatisfactory to his bondsmen. Private letters state that a distressing state of affairs now exists in San Augustine and much trouble is feared.

Good Advice.

If your children are subject to croup you should never be without a bottle of Harts' Honey and Horehound in the house. It is a sure and speedy cure for croup and we have never known it to fail. If you give it as soon as hoarseness appears, it will prevent croup in every instance. Mothers should remember this as Harts' Honey and Horehound has saved the lives of many children subject to croup when nothing else gave relief. There is no danger in giving this medicine to small children in large or frequent doses. Sold by Perkins Bros.

Relief in One Minute.
One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlem, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, colds and croup. One Minute Cough Cure is pleasant to take, and good alike for young and old. Sold by Perkins Brothers.

Rev. S. F. Baucom returned yesterday afternoon from Georgia where he was called by the illness of his mother, Mrs. Fannie M. Parker. He reached her side in time to see her alive but she was unconscious and died about a half an hour after he came. Mr. Baucom's friends extend the warmest sympathy to him. In the course of nature her death was expected but "a mother is a mother still, the holiest thing alive" and her loss a heavy sorrow.

An Early Riser.
A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues of that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by Perkins Brothers.

Hog Law Election Proclamation.
Whereas the Commissioners' Court of Nacogdoches county on the 10 day of February, 1904, granted a petition signed by more than twenty free holders asking that an election be held to determine whether or not hogs, sheep and goats should be permitted to run at large in the following described subdivisions of Nacogdoches county, and designating the 26th day of March 1904, as the day on which said election is to be held.

Therefore, I, Robert Berger, county judge of Nacogdoches county, Texas, do hereby issue this proclamation, and order that an election be held at Sand Ridge church on the said 26th day of March, 1904, for the purpose of enabling the free holders of the following described subdivision of Nacogdoches county to determine whether or not hogs, sheep and goats shall be permitted to run at large in said territory described as follows, to-wit:

Beginning at the S W corner of Wm Dankworth survey, thence east to the Looneyville road; thence S E with said road to its junction with the Tyler road; thence N W with said Tyler road to a point due east of the S E corner of 50 acres owned by O N Weber; thence west to his S E corner and continue on west to his S W corner; thence north to his N W corner; thence west to the N W corner of said Wm Dankworth survey; thence south to the beginning.

I hereby appoint E. B. Chandler as presiding officer and B. F. Fezell and S W Day as judges of said election and they shall select two clerks to assist them in holding said election.

Given under my hand and official signature this 16th day of February, 1904.
Robt. Berger,
County Judge,
Nacogdoches Co., Tex.

Citation.
The State of Texas.
To the Sheriff or any Constable of Nacogdoches Co., Greeting:
You are hereby commanded to summon W. R. Cheney by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the Second Judicial district; but if there be no newspaper published in said Judicial district, then in a newspaper published in the nearest district to said Second Judicial district, to appear at the next regular term of the Justice Court of precinct No. 1 Nacogdoches county, to be holden at the court house thereof in Nacogdoches, the 28th day of March, A. D. 1904, then and there to answer a petition filed in said court on the 23rd day of Jan. A. D. 1904, in a suit numbered on the docket of said court No. 1733, wherein Mayer & Schmidt, a corporation, is plaintiff, and W. R. Cheney is defendant, said petition alleging that defendant is due plaintiff upon two notes, in the aggregate of \$109.84, bearing 10 per cent interest from date, and ten per cent attorneys fees. Said notes are long past due, and a mortgage upon one mare which lien is asked to be foreclosed.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court at office in Nacogdoches this 22nd day of Feb. A. D. 1904.
