### MELROSE ITEMS.

Melrose, March 19.—The nice refreshing rain was a great blessing to our county. Each one can say "I am a debtor," and we cannot limit the obligation.

Mrs. Collinsworth, the mother of Mrs. J. W. Miley, died at her home near Melrose, Wednesday night. God bless and save her children.

Dr. Hardeman spent several days in Galveston last week on business.

The Baptists have organized their Sabbath school again with good attendance.

The wedding cards are out for Mr. Berdelle Wright and Miss Ada Barret, of Garrison, to be married on the 23rd of March.

We have been riding around over the country and we find the people very busy working and planting, knowing that labor carries its own crown, and the great King who presides over all the busy affairs of life assigns his servants their rank by their cheerful fidelity to what ever bit of service he appoints.

Miss Roxie Ivy and Miss Bessie Wilson are at home,

having closed their schools until the summer term.

This year will bring to all of us pleasures and disappointments, but the Christian men and women that are undergoing trials and testings will be the strong men and women in this world and God's chosen ones in eternity. Then let us never again wonder why these trials are permitted.

### THE NEWS FROM GARRISON.

Garrison, March 18.—A good rainfall Thursday helped the gardens a great deal.

Mr. C. A. Bryan is attending court at Nacogdoches today.

Mrs. W. Y. Garrison was called to her brother Thursday, near Caledonia, who is very ill.

Mr. Ben Bateman, from Concord, was in town today.

Mrs. George Rainbolt who has been dangerously ill several weeks, is improving slowly.

Dr and Mrs. Long, of Mt. Enterprise, are visiting their daughter, Mrs. Lawler.

Bob Kelley went to Nacogdoches yesterday to attend court.

### OIL PROSPECTS.

Nacogdoches May Soon Become the Center of Operation.

It need not surprise any one if a genuine oil boom should break out right in the town of Nacogdoches. There are oil indications right on the surface in every section of the town and they are particularly noticeable in the northwestern suburbs. A party went out a few evenings ago to investigate indications that had been discovered on the Galloway planer tract near the light plant, and the results were gratifying to those interested. In many places it was only necessary to shove a stick down in the ground a few inches, withdraw and touch a lighted torch to hole to produce a very perceptible blue blaze from gas, which in many instances burned several seconds. Messrs. T. J. and J. W. Williams, who are familiar with oil indications, and have had some experience in the oil fields of Texas and Louisiana, were among the party and both pronounce the indications excellent, so much so that T. J. Williams has bought an option on six acres of land of Mr. Galloway. It is probable that Mr. Williams will organize a company and sink a well upon the land in near future.

### District Court.

From Monday's Daily:

The second week of district court began today. The following petit jury for the week was empaneled:

B F McBee, W B McKnight, John Henderson, H Fitch, W L Burnaman, W M Cox, N T Sisco, O C Hughes, C C Johnson, Dick Pack, W T Reedy, J C Stinson, Willis Brown, Geo A Ramey, J H Hanna, G W Shofner, R V Powers, A A McKinley, Jno B Rushing, J D Muckleroy, C T Richardson, H A Morrison, Marion Peterson, D T Pounds, Arch Price, Tom Knox, J E Sanders, W A Parmelly, R L Page, J F Fulghum, John Muckelroy Sr, W P Garrison, R D Whitaker, Tom E Rector, John E Floyd, Ben A Grimes.

The criminal jury docket was taken up this morning.

The grand jury returned a bill of indictment against Cal Scott, charged with the murder of Ed Skillern, Saturday, and the case has been set for April 6th.

The case of the State vs C. B. Linthicum, charged with assault to murder was dismissed on motion of State's attorney this morning.

### Wanted Long Leaf Pine Timber.

We are in the market for Long Leaf Pine Timber, 10,000 acres and up. If you have any to offer call at our office in front room over the Commercial National Bank, or address us at Nacogdoches, Texas. Please do not submit bad titles so as to endanger delivery.

### RIPPEY CASE AFFIRMED.

Supreme Court Upholds Texas Local Option Law.

Washington, March 21.—The supreme court today handed down its decision in the case of the State of Texas vs. Granville Rippey, of Grayson county.

The decision affirms the ruling of the lower court, with costs, thus sustaining the constitutionality of the Texas local option law.

This is the case recently argued by Attorney General Bell for the state of Texas and Judge George Clark for Defendant Rippey.

Sentence for Eight Years.

Will Carpenter, who was tried yesterday for assault to murder, was given a term of eight years in the penitentiary by verdict of the jury. Carpenter refused to employ counsel and left his fate to the mercy of the court and jury. The offense for which Carpenter was convicted was committed at Black Jack last year, in which he disemboweled a man named Jernigan.

HALTOM & HALTOM, Proprietors.

R. W. HALTOM, Editor.

CORN is big enough to plow on some farms in Nacogdoches county.

WHY don't they Reed Smoot out of congress and be done with it?

THE Georgia Press seems to be almost a unit for Hearst for president.

HOUSTON is going to build a cotton mill. There's room for lots of 'em in Texas.

THE Hearst boon has past the joking stage. It is now a reality and the Parker people have got to get busy.

WHEN the "loops" are taken out of the Terrell election law it will be a good thing. In fact it is better law than we had as it is.

ALL the truckers and fruit growers should not forget the next meeting of the Fruit and Truck growers' association the first Saturday in April.

THE general election this year will be held on the first Tuesday after the first Monday in November, which will be the 8th day of the month.

CURR BROOKS is now a full fledged candidate for Cooper's seat in congress. No wonder Cooper had to come home on urgent business.

THE little village of Neyland, in Hunt county, was swept away by a cyclone Thursday. Robt. St. Clair was killed and several other people were severely injured.

THE Tyler Courier has shifted Congressman Cooper from the 2nd to the "Houston" congressional district, but Mr. Cooper insists on remaining in the 2nd and is a candidate for re-election.

THE Nacogdoches post office will go into the second class after July 1st next. That means that Nacogdoches can have free city delivery, provided the streets are marked and the houses numbered.

THE actual main line railway mileage, in Texas is 14,294 1/2 miles, which leads every other state in the union. Illinois is second with 11,229 1/2 miles, and Pennsylvania is third with 9,927 miles.

CONGRATULATIONS are being passed around among the Texas congressmen for the splendid appropriations they are obtaining for the State. Appropriations are easy just about election time.

THIRTEEN of the sixteen congressmen from Texas favor Parker for President. Both the Texas senators favor Gorman. Hearst seems to be more popular with the people than he is with the politicians.

SEVERAL negroes have entered suit for damages against a railroad company at Houston for refusing them seats among the white folks after the apartment set apart for colored passengers had become crowded.

## HON. M. L. BROOKS.

The Sentinel is authorized to announce Hon. M. L. Brooks, of San Augustine, for congress from this, the 2nd Congressional District, subject to the action of the democracy.

Mr. Brooks is the son of the late Col. John H. Brooks, of San Augustine county. He was born in that county on the farm five miles east of San Augustine, on Nov. 1st. 1864. He attended the common schools of the country and finally graduated in the law at the University of Texas, in the class of 1891. He was elected to the 23rd legislature from San Augustine county, served one term with credit and voluntary retired, entering the practice of law with his brother, John H. Brooks, Jr., and brother-in-law, Hon. Geo. C. Greer, at Beaumont. In 1896 he was elected district attorney of the district composed of the counties of Jefferson, Orange, Tyler, Jasper and Newton, over Col. W. P. Nix, the present judge of the 1st judicial district, the duties of which office he discharged with marked ability and fairness. This office he also voluntarily relinquished at the end of the term, in spite of the fact that he would have been re-elected without opposition, resuming the practice of law in Jefferson county. In 1900, at the solicitation of friends, he became a candidate for judge of the 1st judicial district against Judge Stepen P. West, of Tyler county, and Senator K. B. Seale, of Jasper county. Owing to a tragedy, in which his brother, B. C. Brooks, was a victim, he withdrew from the race and removed to his native county to take care of his father and mother, now old, feeble and weighted with fresh burdens, where he has since lived, engaging principally in farming and the practice of law.

He is a man of clean and orderly life, a consistent democrat, a man of fine intellect, young, vigorous and useful. His ideals are high and his ambitions commendable and patriotic. He is worthy of the highest public trust and deserves the fair, thoughtful and unprejudiced consideration of the public for the honor he seeks.

## STERLING P. STRONG.

Hon. Sterling P. Strong, candidate for State Treasurer, who is now making a trip through East Texas on behalf of his candidacy, made a good impression upon the people of Nacogdoches who had the pleasure of making his acquaintance during his visit here. To those who have not met him, The Sentinel, feeling an interest in his race, offers the following introduction:

Sterling Price Strong was born in Mississippi during the early years of the Civil War, but came to Texas with his parents more than thirty years ago, and settled in Montague County, where he now resides, and where his family has been a prominent one for many years. His education was received principally in the public schools of Montague County, and was finished at East-

man's Business College at Poughkeepsie, N. Y., where he graduated in 1884.

Mr. Strong has filled a number of places of public trust, being now the County Clerk of Montague County. He is a member of the county Clerks' Association of Texas, and to show the esteem with which he is held by that association, he was unanimously elected its president, and the services rendered by him in this capacity was gratifying to the County Clerks of the State. He was a member of the State Democratic Executive Committee in 1900-02 and for several years past has taken a prominent part in the politics of Texas. Through his connection with public affairs he has formed a personal acquaintanceship with leading public men in nearly every county in the state, and living as he does among the big counties in North Texas, gives him considerable prestige. His record gives evidence, as do all who know him, that if elected State Treasurer, he will discharge the duties of that important office with ability and credit, and to the satisfaction of the people of Texas.

GOV. VARDEMAN, of Mississippi, does not believe in negro education, and has vetoed the bill passed by the Mississippi Legislature appropriating money for the support of a negro normal school, Texas is the most liberal state in the union in providing for the education of the colored race.

THE night mails bring an average of three thousand letters daily to the Nacogdoches postoffice. The office will enter the second class in a few months, after which we may have city free delivery if we will comply with the requirements by marking the streets and numbering all the houses. Are we going to do it?

WHILE Dodge is held in custody in Houston, Mrs. Dodge and her tother husband, Charles F. Morse, are being reunited and are preparing to sail for Europe together. Dodge will lose wife, liberty and the pile of money he had planned to extort from the millionaire by a most disreputable scheme.

THE "Social club" racket don't go in San Augustine. Two young men who tried it are now lying out a sixty days sentence in jail and will have to pay a fine of a hundred dollars each. Some other parties who had planned to start a "club" weakened when they saw the cruel hand of the law laid so heavily upon their brethren and they rolled their barrel out of the county and it is said, have not been heard from since.

CARNEGIE has had \$1,750,000 refused by cities and societies to whom it was offered. We are not that proud and unkind. If Carnegie offers that sum to The Sentinel it is going to sacrifice pride, accept, and give the poor old fellow a boost toward entering the pearly gates. Its mean not to aid a fellow mortal in distress, and more than cruel to bar the gates of Heaven to him by refusing \$1,750,000.

## THE VIEWS OF A REPUBLICAN.

Wants a Law to Stop Spread of Measles.

Friend Haltom:

I see you have formally announced as a candidate for representative, subject to the action of your party.

We feel an interest, because you will, if elected, represent East Texas, as well as your county. I want to support a man who will try to have a law enacted making it a felony for any one knowingly and maliciously to scatter the measles. We have had the best school broken up in our history, because of the measles. Almost in every instance the measles is scattered by some one who has no interest in school, church or any thing else. I think the State could give him a better job than to scatter some loathsome disease. What say you friend Haltom?

The farming interest of this section is moving along nicely, a large amount of early plowing has been done with better plows than formerly. A great amount of talk is going the round as to the "cultural method" advocated by the agriculture department. No doubt a considerable number of farmers will do this, that otherwise would not, if it had not been for the persistent agitation of "raising cotton in spite of the boll weevil." This cultured method is all right and is nothing new to the intelligent farmer, for it is the plan that has won for the last 10 years. Thorough preparation, thorough cultivation, thorough diversification, are the geese that lay the golden eggs.

I heartily indorse your comment on the meeting in your town Mar. 2nd. Mr. Watson & Co. may or may not know anything about practical farming.

Mr Secretary Wilson's effort to keep this boll weevil proposition out of politics was commendable but unfortunately for we republicans the free seed came down through our congressmen, who are all democrats, and hence the result is we republicans all have to buy our seed. I may possibly be mistaken in this matter. If any republican has received any free seed he can speak out. I know of some very influential merchants who have received some up here. Reckon they are going to farming. We Republicans can afford to be generous, as we have entire control of the "pie" and ought not to begrudge the democrats a few mouthfuls. I did what I could to help Hon. Gordon Russell beat Col. DeGraffenreid, but will be compelled to buy all my early cotton seed or do without.

Say, who is that fellow blowing up Cushing? Give us his picture in next issue House rent may go down in that village some day. I admire her pluck, progress; and at last a town is what its inhabitants make it.

R. H. Coston,  
Locklin, March 16th.

Warm Up a Little.

To the Truck and Fruit Growers, Nacogdoches association. At the April meeting, which is the first Satur-

day, it is very necessary that all members be present. The time is close at hand when a full understanding should be had as to the manner in which our stuff must be handled, acreage list, and an overhaul of our business in every particular. As a rule we truckers remind me of a frog with a chunk of ice on his back, and very nearly chilled to death. We have lost vitality to a great extent. Our President and vice and secretary are all strangers and I would like to renew my acquaintance with them again. The loss of vitality referred to applies strictly to the Truck and Fruit members. I have had the same state of feelings for the last few months, but I am getting warmed up, and I would like to know that each and every member and well wisher of the Truck and Fruit interest would raise his thermometer to about 100 or more if possible. Get the thing hot and it will move.

Say, come out Saturday, April 2nd, 1904, and bring your best ideas, and present them to the association.

Respectfully,  
A Member.

THE Shelby county school question is getting muddled. There is a division of sentiment pro and con, over the question of a county superintendent, and the commissioners' court has decided to leave it to the democratic primaries to settle the trouble.

THAT familiar "Bachelor" of the daily papers who reflects so much without saying anything worth thinking about, actually got off a good remark recently. He said: "Drinking isn't so expensive for what you spend on it as for the money you don't earn while you are doing it."

THE Lufkin Herald attributes all the success of the recent meeting of the teachers of Nacogdoches to the railroad. Couldn't you divide honors, brother, and allow Nacogdoches a little of the credit? The Teachers and some of the other folks of Nacogdoches worked faithfully and zealously for weeks prior to the meeting, and a large amount of advertising matter was used in the effort to draw a large crowd. The homes of Nacogdoches were opened to the visitors and our citizens yied with each other in extending them the most cordial hospitality.

TALK about the strenuous life? Here is president Joseph Smith owning up to forty-two children, with the sexes equally divided, yet in nowise hankering to shirk his plural responsibilities. He confesses that he cannot name the dates of the births of his flock off-hand, but he says he is proud of his family and loves his wives tenderly. Such devotion is rare in these prosaic days. As a ladies' man Brother Smith easily is entitled to the belt. Forty-two of 'em! and to think there are thousands of good Americans who would give half their fortune for just one! Truly this is a queer old world.—Los Angeles Express.

## THE RURAL MAIL CARRIER

And Some Things He Must Know And Do.

The life of the Rural Mail Carrier could be one of everlasting sunshine were it not for some things he must know and do. The blessings he daily deals out to his patrons can only be told by the postman of the highway as he plods his 25 or 30 miles over hills and through hollows, in sunshine, cold, snow, hail and the rain, meeting with misfortune here and disaster there; carrying a burden of blame, a heavy heart and a light purse. He enters the service with a bright countenance and a glad heart, which soon leaves him never to return, except when he is given assurance of a better salary.

He knows his requirements and fully realizes them to the extent of his ability. He must know the postal laws and regulations from A to Z, and woe unto him if he knoweth them not. He must carry a line of postal supplies, and at the same time he must fish the pennies out of a mail box for a patron who hasn't time to bother with the postage.

Not only must he be the Rural Mail Carrier, but must be the rural weather man, the rural telephone and the rural transportation company. He must be a bureau of usefulness, an agricultural luxury and a household necessity. He must be as wise as Solomon, as patient as Job, and as enduring as Father Time. He must have a world of goodness, a modicum of wit and a little bit of wickedness. He must be a confidant to the ladies and a pal to the boys, and a companion in general. He must always know why the publisher failed to get their papers out on time, and be able to explain why the supply house failed to fill their orders promptly. He must be a mind reader and address all unaddressed letters to the proper parties. He must be able to give the exact time consumed by a letter in making a trip to any part of the globe. He is not eligible to mistakes, but should he make one he must run the gauntlet of a strict department and the wrath of his patrons. He must serve his route year in and year out with only two holidays, which are Independence and Thanksgiving day. Independence day is allowed him as a gentle reminder that he must be Independent of his salary in order to support his route, and Thanksgiving day in order that he may give thanks for the good fortune of being independent of his salary. For all this he receives a salary that enables him to line in poverty and upon the charity of good people should he fall sick.

With a sincere and heartfelt feeling for his trials and tribulations, I knock on the critic that criticizes him, on the alleged funny man that makes fun of him, and on the government that under pays him.  
Rural Man.

FARMERS are being annoyed by field larks destroying the young corn in Falls county. They should report the matter to Attwater.

**A Remedy That No One Is Afraid To Take.**

Dr. Thacher's Liver and Blood Syrup has been used in thousands of homes for fifty-two years with perfect confidence and the most remarkable results.

The great success of this remedy is due to the fact that its formula (which consists of Buchu, Hydrangea, Mandrake, Yellow Dock, Dandelion, Sarsaparilla, Gentian, Senna and Iodide of Potassium) has been freely published.

Doctors and Druggists everywhere do not hesitate to recommend a preparation which they know contains the best-known remedies for correcting all irregularities of the Liver, Kidneys or Blood, and the diseases caused by the failure of these functions to perform their proper work.

Thousands of sick ones to whom life has been a burden have written grateful letters that others might profit by their experience.

BLOOMING GROVE, TEX., Nov. 18, 1902. I was suffering terribly with indigestion and kidney trouble and sent to my druggist for something to relieve me.

As he sent me a package of Dr. Thacher's Liver and Blood Syrup I concluded to try it, and now I am deeply grateful to my druggist as well as to you.

I had been a sufferer from these things and a general run-down condition for ten years, and had only received temporary relief from other medicines. But after using not quite two packages of your Liver and Blood Syrup I feel as stout and hearty as I ever did in my life, and I am satisfied that I am entirely cured. I feel no symptoms whatever of kidney trouble, and my digestion is as good as any living man's. I can now eat whatever I choose.

I never had any remedy give me such quick and permanent relief, and I can not put a correct estimate on the value your medicine has been to me. I would not take any amount of money for it. Very gratefully yours

J. C. BROWN.

If you need a medicine write to-day for a free sample bottle and "Dr. Thacher's Health Book."

Give symptoms for advice. We simply ask you to try it at our expense. We know what it will do.

**District Court.**

From Friday's Daily: The Walker railroad damage suit is the only civil jury case that has gone to trial and is now occupying the attention of the court. A carpenter was killed by the falling of bridge timbers during the construction of the bridge across the Angelina on the T. & N. O. railroad near Sacul, and the suit now pending is for \$25,000 damages to his beneficiaries.

The following cases requiring special venies have been set for trial:

A. M. Denman, charge rape, April 7th.

Barney Roberts, murder, April 12th.

Charley Roberts, murder, March 31st.

Bob Forney, Murder, April 12th.

J. W. Bailey, rape, March 29th.

J. P. Clevenger, murder, March 30th.

Mayheld Elliott, murder, April 1st.

M. A. Miley, murder, two cases, April 13th.

**He Saved the Baby.**

Logan Huffman, of Lewis-town, Ill., writes: "About the middle of March, 1901, my little girl three years old was suffering from a bad cold. One day she grew worse and a severe attack of croup followed. Various remedies were used but failed to relieve her, and I believe she would have died had I not been able to secure a bottle of Harts' Honey and Horehound, a few doses of that medicine saved her life. It is a most wonderful remedy for croup." The first symptom of croup is hoarseness, which is soon followed by a singular rough cough, easily recognized by anyone who has ever heard it. The time to act is when the child first becomes hoarse and if Harts' Honey and Horehound is freely given, a cure is certain. There is no danger in giving large doses of this medicine, as it contains nothing injurious. Sold by Perkins Bros.

**Shelfer in Houston.**

Houston, Tex., March 14.—L. H. Shelter, late Government tobacco expert at Nacogdoches, is in the city for a few days. He presented Col. Tom J. Anderson with a box of fine cigars which the latter passed around among his friends and callers. The tobacco they are made of was raised near Nacogdoches last season and the cigars are not only very attractive looking, but are good smokers, equal to any 10 or 15 centers on the market; at least that was what every one who smoked one of them declared. Mr. Shelter states that the farmers up in his locality are taking an active interest in the culture of the fragrant weed and that it will soon become the leading agricultural industry in that locality.—Galveston News.

**A Household Necessity.**

I would almost as soon think of running my farm without implements as without Hunt's Lightning Oil. Of all the liniments I ever used, for both man and beast, it is the quickest in action and richest in results. For burns and fresh cuts it is absolutely wonderful. I regard it as a household necessity. Yours truly, S. Harrison, Kosciusko, Miss. 25 and 50c bottles.

**For Recorder.**

Mr. C. S. Southern announces for the office of recorder of the city of Nacogdoches and asks the consideration of the voters at the city election to be held on the fifth of April next. Mr. Southern is well qualified to fill the office, fearlessly and impartially, complying to the strict letter of the law. At this election the recorder may be elected separately from the mayor, or both offices may be held by the same person. Mr. Southern seeks to be elected recorder separately from the mayor's office, promising the fulfillment of the office to the best of his ability and strictly in the interest of law and order.

**Stands Head.**

There is something about Hunt's Lightning Oil that no other liniment possesses. Others may be good, but it is surely the best. It does all you recommend it for and more. For sprains, cuts, bruises, burns, aches and pains it has no equal on earth. It stands head on my medicine shelf. Very truly yours, T. J. Brownlow, Livingston, Tenn. 25 and 50c bottles.

Austin, Tex., March 8. one trustee will be elected in every common school district in Texas on the first Saturday in April and three trustees in each independent school district on May 1. There are 40,000 common district school trustees in Texas and some three thousand trustees of independent school districts. Inasmuch as the schools of Texas are reported to be in a most prosperous and progressive condition it is expected that the patrons of the schools will see that good sound business men continue to be elected on school boards.

Inquiry at the State Department of Education elicited the information that the Attorney General has been asked to give an opinion explaining the operations of the Terrell election law in school trustee elections. As soon as this opinion is received the State Superintendent will make it public.

**EZEMA KEPT SPREADING.**

Six years ago my wife had a breaking-out below her knees. At first red bumps appeared, but soon white, husky sores came, and when these would shed off the place became red again, and would itch and burn so that she found it impossible to sleep. At times a yellow water ran from the bumps, and it kept getting worse and worse. Our family physician pronounced it Eczema, and prescribed ointments and powders, but it kept spreading, breaking out on her body and arms, and almost closed up her ears. The druggist at Garner told me to try S. S. S., which she did, and after taking several bottles was cured, and is well to-day and has been for years.—W. A. HOGUTT, Garner, N. C.

The humors and poisons that produce the itching eruption, roughness and redness of the skin, must be rooted out before there is complete relief from the terrors of Eczema. Nothing applied externally does any permanent good, for whenever the blood is overheated, or the skin is reacting during Spring and Summer, the disease breaks out again. You can't rely upon washes, soaps and salves, or such things as are applied to the surface, for they do not reach the seat of the trouble, which is internal and deeply implanted in the system; the blood is aflame with the itching, burning humors, which are carried by the circulation to the surface and are being constantly forced out through the glands and pores of the skin, and you can never heal the sores or stop the aggravating eruptions with external applications.

To neutralize the acids in the blood and expel the humors and poisons is the only way to get permanently rid of this torturing skin trouble, and no remedy known does this so quickly and thoroughly as S. S. S. It purifies the blood and restores it to health, and the outbreak of the poison through the skin ceases, and the sores and eruption gradually disappear. S. S. S. builds up the thin acid blood, makes it rich and strong, and restores to it all the elements of nutrition, and drives from the circulation all impurities; and under the tonic effect of S. S. S. the general system is invigorated and toned up, and you not only get rid of your old skin trouble, but the health is benefited in every way. S. S. S. being a strictly vegetable medicine, acts gently, leaving no bad after-effects, as do Arsenic, Potash and other minerals which are usually prescribed in skin diseases.

Eczema cannot be cured by anything applied to the surface of the body; the blood must be purified and the cause removed, and in no other way can this deep-seated skin disease be reached. If you have Tetter, Psoriasis, Salt Rheum, Nettle Rash, or any form of Eczema, you will find S. S. S. does its work well and thoroughly, and relieves the itching and burning, soreness and pain, and soon produces a lasting cure.

Write us, and medical advice or any special information desired about this King of Skin Terrors will be given without charge. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

DAVID B. HILL has declared himself for Parker for President.

PLATT will retain the active leadership of the New York republicans.

CONGRESSMAN THOMPSON from the Tuskegee district of Alabama, died in Washington Sunday.

THE pistol of the famous bandit, Jesse James, will be among the exhibits at the St. Louis Exposition.

It is as necessary under the new law to show poll tax receipts in voting in primary elections as in general elections.

BOSQUE county has gone dry by a small majority. The election was closely contested but the pros won by a majority of 205 votes.

HOUSTON wants an \$850,000 federal building, but is willing to take a \$500,000 one as a compromise. She has already secured a \$120,000 site for the building.

ALL persons interested in the success of fruit and truck growing are reminded not to fail to attend the Fruit and Truck Growers meeting on Saturday, April 2nd.

UNDER the new election law, no person can electioneer with a voter nearer than 100 feet of the voting box. The same rule applies in primaries as well as in general elections.

UP to the present not a republican convention has been held which failed to endorse Roosevelt for President. Since the death of Hanna there seems to be no opposition to his "strenuous" highness.

THE remnant of populism in Nacogdoches county are determined to keep up the organization, and have decided to put a ticket in the field. They cannot hope for success, but they are not willing to give up the ship entirely yet.

THERE are four candidates now before the people for Attorney General of the State of Texas, Schluter, of Marion, Simmons, of Grayson, Waer, of Hill, and Davidson, of Galveston counties. They are all good men and either will fill the office well. The sentiment in Nacogdoches county seems to be divided between Schluters and Simmons, so far.

H. C. FULLER, editor and proprietor of the Hunting Enterprise, has accepted the city editorship of the Orange Tribune and has moved to Orange. He still retains his interest in the Enterprise and has placed the management of the latter in the hands of Chas. Usher, a worthy young man and a practical printer. The Tribune is fortunate in securing the services of Henry Fuller, who is an able writer and is famous as a news gatherer.

## GOOD ROADS MOVEMENT.

The most important movement that has ever demanded the attention of the people in the cotton growing states is now warming up to where it has the prospect of accomplishing results, and it is believed that within the next few years a system of road building and road improvements will be inaugurated that will ultimately solve the greatest problem that at present agitates the people of Texas. On April 6th and 7th there will be held in the city of New Orleans the "Southern Good Roads Convention." Gov. W. W. Heard, of Louisiana, Mayor Capdevielle, of New Orleans, the Progressive Union, and all other commercial organizations of that city have joined with the National Good Roads Association, and the office of Public Roads Inquiries, United States government, in issuing the call and inviting state and national legislators, road supervisors, county surveyors and planters and farmers. The Governors of Texas, Tennessee, Mississippi and Alabama will be invited to attend and speak, also to issue proclamations and appoint delegates. The railroads have granted one fare, plus 25 cents, to all delegates within the above named states. It promises to be the largest and most influential industrial meeting ever called in the South. State organizations will be effected, and the following subjects considered:

First—The necessity of a State Highway Commission to create system and economy in road affairs.

Second—The adoption of the "state aid" plan, whereby the legislatures will appropriate funds to assist the several counties in road improvement. (New York, Pennsylvania, Massachusetts, New Jersey and Connecticut have already adopted this system and are showing wonderful progress in road improvement.)

Third—The enactment of vagrancy laws, whereby able-bodied convicts, tramps and vagrants shall be used in preparing material and in the construction of roads. Mississippi, Georgia, Virginia and other Southern states have already enacted vagrancy laws, which comprehend the arrest of idlers and vagrants, and placing them on public work in localities where found.

It is the duty of every road official, taxpayer and legislator to attend the Southern Good Roads Convention at New Orleans, April 6th and 7th, and join in bringing about progressive measures which will inaugurate a system of road improvement in these states.

Several bills are now pending in the Fifty-eight Congress imploring Federal aid in road building. Possibly some bill may be enacted by that session. If not, the subject is receiving so much attention from all sections of the country, that it is almost certain the Federal government will enact legislation in the Fifty-ninth Congress, making an appropriation to aid the several states and territories in

the improvement of the common roads.

President Roosevelt; Hon. James Wilson, Secretary of Agriculture; Hon. Henry C. Payne, Postmaster-General; and Hon. George B. Cortell, Secretary Department of Commerce and Labor, together with all United States Senators and Congressmen representing these five states will be invited to participate.

If The Sentinel believed in the display of elocution in the legislative halls of Texas, its editor would never have become a candidate for Representative. We are agin speechmaking. Plain talk at the right time and in the right place and right to the point, and in the fewest words possible, is our ideal of oratory. We do not believe in candidates "educating" the people to their own peculiar ideas, but in his receiving the instruction from and the submission to the will of the majority. If he feels that he could not surrender his personal views to the subserviency of the majority of the people he represents, he is out of tune with his constituency and should never become a candidate. The man who thinks himself bigger than his people is too small to go to the legislature.

THE failure of D. J. Sully & Co., the cotton bull kings caused the greatest panic ever known in the cotton trade, and it is now believed that there is no hope for cotton to recover the high price to which it had reached. During the past week the price has slumped over \$20 a bale. All Sully's immense profits including those of Col. S. F. B. Morse, who had recently become a member of the firm, were wiped out by the stubborn decline until the firm was forced to suspend, with liabilities possibly doubling the combined millions of the company. Those who have held cotton for a price above 16 cents have acted unwisely.

IN Kansas the parents are fined if their children are not regular in attendance at school. The law is complained of as a hardship upon the farmers, who cannot stop their children from school to help them in their farm work at this season of the year when it is badly needed. If such a law could be confined to towns it would be a good thing in Nacogdoches.

THE only charge the opposition to Hon. Lee Blanchette has ever been able to bring up against him is that he possibly sent a few dollars worth of printing out of Jefferson county that might have been done at home. If this is sufficient to condemn a man, we doubt if there is an officer in the State of Texas eligible to reelection or promotion to higher office.

SENATOR DIETRICH will be the biggest man in Nebraska two years hence. His voluntary resignation of his seat in the U. S. Senate when he discovered that irregularities had occurred in his election gave him the indelible stamp of an honest man, and when he goes before his people again there will be no show for opposition.

## TEXAS DON'T NEED THEM.

Every ship that arrives at New York from the ports of Northern Europe brings in a thousand or two of Russians and Finns that are fleeing from army duty in Russia. The rate for steerage passage has been cut to \$18, which puts it within the reach of the poorest to emigrate if they can dodge the Russian officers on the frontier. Late New York papers state that efforts are being made by several well-to-do Finns, that are residents of New York, to organize a colony and settle them in Texas. So this State is liable to get a share of the influx. With the exception of one or two nationalities, the best and most useful class of immigrants that Texas has received did not come across the ocean. An emigrant who when he arrives, merely turns himself into a grubbing money making machine, is not the best for the development and progress of any country.—Beaumont Enterprise.

Much as we desire to see the State filled up with thrifty, energetic immigration, we would prefer to see the gates of Texas closed against such cattle. Men that are too cowardly and unpatriotic to do service in the defense of their country are not the kind that have made Texas what she is and are not the sort needed on her onward march of progress. A man who will not fight for his country is not a fit subject for citizenship in any self-respecting community, state or nation. There is nothing more contemptible to a true Texan than a refugee from a patriotic duty.

THE theatrical world is daily becoming more demoralized, and suicide is becoming common among stage people. Robert Leeland, an actor and play writer committed suicide at Chicago Sunday by locking himself up in his room and turning on the gas.

COL. MORSE has thousands of friends in Texas, who are deeply concerned about his fate in the crash that came to his firm in New York. It is hoped and believed that the firm will resume after the crisis is passed and that the company's losses does not mean its entire withdrawal from the field of operation. If it comes to the worst, Col. Morse will find his Texas friends unchanged, even if he is forced to return to them a poorer man than when he left them. Wherever he may be and whatever may be his condition, he is always the friend and well wisher of the farmer and laborer and to the State of Texas.

THERE is a probability that a regular Bailey boom will be started up pretty soon. The national committeeman, Hon. Clark Howell, of Georgia, is for Joseph W. Bailey, of Texas for president, and is quoted as saying, "The situation of the Northern democracy on the eve of the national campaign as regard men of presidential stature and harmony, invites Southern self-assertion as never before. The South will not demand it this year, but let the whole reunited country be put on notice that the forty years

embargo is ended and the ideas of next November, and that thereafter no point of 'availability' is to be raised against the strongest men of the nation, simply because they happen to hail from the Southern States." Mr. Howell, it will be noticed does not expect Bailey to be the standard bearer at the coming election, but he is his choice, nevertheless, and as there are thousands of democratic leaders of the same sentiment it is not unlikely that the Texas man may become prominent as a possibility in the coming campaign.

LUEKIN and Rusk both seem to be in pretty much the same predicament that Nacogdoches has been with regard to schools, and will have to go through the same course of holding numerous elections that Nacogdoches had to pursue to get out of the "tangle." We sincerely sympathize with our neighbors.

THE City Council of Austin recently extended the sidewalks on Congress avenue to a width of 20 feet on each side. The move is condemned by the citizens and a petition with nearly two hundred signers has been filed protesting against the ordinance. This is the first time we ever heard of the sidewalks of any town being made too wide.

A FACT not known to all is, that the roll of tobacco enjoyed so much as a cigar, is named after a grasshopper. The spanish name "Cigarro" is also Spanish for the insect, and the cigar was so called on account of its resemblance to the cylindrical body of the grasshopper. This is an odd coincidence, as school children all know the 'hopper habit of chewing tobacco.

THE Houston Chronicle says that Roosevelt is the Richard III of republicanism. That must be a typographical error for Richard I, who was a first-class fighting man with out an ounce of discretion or judgment, while the three eyed gentleman was persuasive, guileful and could talk a bird off a tree, characteristics that do not belong to Teddy. It's a wonder that Roosevelt dares put his foot in his mouth as often as he does, with such a mouthful of terrible teeth as he possesses.

THE Lufkin Herald has changed hands and is now the property of C. B. Bacon, of the Logansport News-Boy, and J. W. Burson, formerly of Galveston. Both Bacon and Burson are newspaper men of superior ability and have the capital to place the Herald substantially upon its feet financially. Burson will have personal supervision over their new property and will soon place it at the front of the East Texas press. As an editorial writer he has few equals and no superiors, and he possesses especial talent for news gathering. There can be no doubt as to the success of the new enterprise.

RUSSIA expects to slip up on the Japanese and strike a decisive blow. She may land the "solar plexus" blow, but she will never catch the Japs napping.

## HARDWOOD MILL.

An Important Enterprise For Nacogdoches County.

Bronson Bulletin: Nooner Collins, general manager for the T. B. Allen company, returned home last Friday from Nacogdoches county, where he had spent very near all last week in selecting a location for one of the largest hardwood and stave mills that has been built by his company. He informs us that he selected a location on the lands of Mrs. Palmer, just across the Attoyac river, in Nacogdoches county, and about midway between the towns of San Augustine and Nacogdoches.

These enterprising people have a sufficient quantity of hardwood to manufacture 200,000,000 pieces of staves and heading in the vicinity of the location of above referred to, which will make it one of the most advantageous industries for the farmers ever erected in that section of the state, as this company has the principal part of their hauling done by the farmers in the community where ever they operate one of their mills, and pay them good prices in cash every month.

REMEMBER, it was Mr. Lee Blanchette who let his county issue 6 per cent. bonds, when he knew (or should have known), that they could be sold to the State at 4 per cent. This looks bad.—Austin Journal.

What has the county clerk to do with the issuing of county bonds? That is a matter we thought was entirely in the hands of the commissioners' court.

The Nacogdoches Sentinel says: "The next meeting of the East Texas Bankers' association will be held at Lufkin. Timpson was a candidate but somehow Lufkin got the 'pull' and there were only two votes in favor of Timpson." Off again, Mr. Sentinel. There was no "pull" about it. Judge Townsend made a few passes with his rabbit foot, Collins dropped a few silver-tongued expressions and Fairchild did the rest. That's all the how it happened.—Lufkin Herald.

If all that aint a "pull" what would it take to make one? The Sentinel was present and knows precisely how it happened.

Editor Haltom, of the Nacogdoches Sentinel, is trying to break into the legislative halls of the state of Texas, with mighty fair prospects of success, and Editor Henning, of the Plaindealer, wants to do his legislating through the city council. Both are good men and should be elected.—Lufkin Tribune.

We appreciate your kind words, but dislike the allusion to "fence breaks." We are not trying to "break in" to anything, but are humbly seeking to have the doors opened and the hand of welcome extended. Neither of us will ever hold a position, public or private, otherwise obtained.

#### A SURPRISING FIND.

Mr. William Dunn Discovers a Six Weeks Old Baby on His Gallery. Lufkin Herald.

It was a strange, and yet a familiar sound that called Mr. William Dunn from his bed to the front gallery about 11 o'clock, Tuesday night. Mr. Dunn lives in a comfortable farm home, about six miles west of Lufkin.

He was not long in recognizing the sound that came in smothered spasms from a bundle that he noticed lying on the gallery. Mr. Dunn has reared a large and well grown family and has heard similar sounds "many a time" and at all hours of the night. The surprise at finding the unexpected prize did not curb his curiosity and Mr. Dunn was not long in discovering that the roll of blankets contained a daintily dressed, healthy looking boy baby, apparently four or six weeks old. The Dunn family was not slow in understanding what the little stranger needed most at the moment and curiosity and speculation as to whose child it was, and where it came from did not interfere with prompt and tender care.

Next morning Mr. Dunn and some neighbors are reported to have made an inspection for signs that might give some clue as to how the little visitor had reached "home" with the Dunn family.

This investigation led to the discovery of fresh buggy, or light wagon tracks coming from Lufkin. These tracks, the Herald is informed, were followed back—that the tracks were those of the vehicle returning—to Lufkin, where they were lost with other tracks. But it is safe that those who followed the track were strongly of the opinion that the same track led out of Lufkin Keltways.

Mr. Dunn came to town again Thursday to confer with county officials, and people generally, possibly with the hope of finding some advice as to what to do. Just what comfort or advice Mr. Dunn received the Herald is not advised, but it is said the child will be cared for by the Dunn family until a good home can be found for it.

The Herald might preach a sermon on what lies behind this episode of child abandonment. Yet, it would be the old, old sermon; on the old, old story; on woman's confidence; on man's perfidy. Men and women are largely human, and so long as they are, like sermons will be repeated to little avail.

Poor, nameless child! Poor, nameless unwedded mother! Heartless, shameless, beastly father!

#### Damage Suits.

The railroad damage suit of the widow of T. L. Walker vs the T. & N. O. Ry. Co., was closed by peremptory instructions of the court to the jury to find for the defendant. The suit was for \$25,000 damages for the death of T. L. Walker, who was killed by falling timbers while working on the railroad bridge across the Angelina river at Sacul.

In the suit of O. E. and Josie Scarbrough vs the T. & N. O. Ry. Co., the jury re-

turned a verdict for plaintiff for \$1,000. Suit was brought for \$8,000 damages for personal injuries sustained by Mrs. Scarbrough, caused by the train moving off and causing her to fall while stepping from the train.

#### Do You Want Strength.

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by Perkins Brothers.

#### TRUSTEES IN SESSION.

Bond Issue to Be Thirty-Six Thousand Five Hundred Dollars. From Monday's Daily:

The trustees of Nacogdoches Independent School District, No. 3, have held session today, consuming the entire day. The object of the meeting is to pass upon the plans and specifications submitted by various architects and contractors for the new school buildings. This is quite a tedious undertaking and consumed a great deal of time. The following architects are here and each have submitted plans:

D. Rults, of Nacogdoches. J. Oyerton Parr, representing Taylor & Parr, Greenville, Texas.

O. H. P. Rudisell, of Houston.

C. H. Page, of Austin. Sam P. Herbert, of Waco. John A. Ettler, of Beaumont.

Malcomb Moore, representing Smith & Moore, of Ft. Worth.

The Attorney General has refused to consider his ruling and the permit to issue not exceeding \$36,500 school bonds has been made final and the cost of the buildings to be erected will have to be governed accordingly.

#### Women's Kidneys.

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are deranged. Nervousness, headache, puffy or dark circles under the eyes, pain in the back are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has restored the health of thousands of weak, nervous and broken down women. It stops irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system.—For sale at Perkins Bros.

J. F. Askew, an experienced mill man from Call, Texas, is now with the Hayward Lumber Co., of this city. Mr. Askew will move his family to Nacogdoches as soon as he can secure a suitable dwelling house. He desires to locate permanently here for the benefit of the school.

#### Colds Cause Pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength. Sold by Perkins Bros."

#### A BUSINESS PROPOSITION.

Some Hints to Farmers And Business Men.

A few days ago some one over the signature of "A Member" gave the Fruit and Truck Growers Association a first class roasting through the columns of the Sentinel. He says the president, vice, and secretary are strangers. Since election of officers I have seen only one of them present at a meeting and that one, the president, has filled his chair promptly at each meeting and the "Member" that does not know him, or that does not believe him "warm" enough to grow truck in the coldest weather, does not attend the meetings.

But to the point: We have enrolled as members up to the present nearly two hundred of the best farmers, merchants and bankers in our reach. Are these good business men? If so why not work together and build up an industry which bids fair to put more money into the hands each of the banker, the merchant and the farmer, than will be delivered from all other sources together?

We didn't expect the merchant to spend his Sundays in the tomato patch, neither do we expect the salesman, the insurance man, nor the lawyer to spend their leisure moments behind old "Beck" and the plow; neither do we expect the average farmer to do anything. But here are some things we should expect. We should expect the men of Nacogdoches and locality, who have a keen foresight to the business needs and demands of a progressive people to meet together, discuss and solve problems mutually beneficial to all and emphatically necessary to develop the best interests of our section. It was for this purpose the Fruit and Truck Growers Association was organized.

In this work there are some very difficult problems to be solved, yet some of our members, with the greatest shipping interests, keep to themselves an inexhaustible supply of information and are not seen or heard from till selling day, and then "cuss out" all the officers and men who have spent money and valuable time to solve these problems, because they did not get fancy prices for their produce. Then there are others who always do the wrong thing at the wrong time. That is, they grow the high priced article after it has been marketed. He grew tomatoes last year because they brought high prices the year before. Tomatoes were low last year, so this is the year for cotton. This reminds me of a man who plows till the shower is over then goes to the house and sleeps till time to get out and catch the next shower. He sleeps at the wrong time. Our truck farmers, like the above unwise man, are sleeping at the wrong time.

Those who intelligently continue in the business will ultimately succeed, and while his uninformed neighbor is laboring in showers of despair he will be bathing in sunshine of high prices.

The time is here when we must give up cotton as our

money crop, and, fortunately for those who will read and reason, we have something by far more pleasant and profitable.

Now in conclusion let me insist that every man who expects to have a sack of potatoes or a crate of tomatoes for shipment this season to meet with the Association Saturday April 2nd at 2:30. It is important that we get the acreage so as to arrange for packing shed, inspector, bookkeeper, etc.

Asst. Secretary.

#### Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for any one to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I used it in cases of pneumonia and have always gotten the best results." For sale by Perkins Bros.

#### SHELPER HAS A HEN ON.

Something Doing of Concern to South Texas.

Mr. L. H. Shelper, whose good work for Texas in advancing the cultivation and handling of tobacco, arrived here this evening and has in hand a project that he has been working upon for some time that means a great concern for Texas in the tobacco line for this part of Texas. He has it so far along that the features will be ready to move or complete the deal in a day or two. Mr. Shelper has been the successful factor in getting it in the hands of enterprising capital that will push it through.—Galveston News March 20.

Death Rate in New York and Chicago.

During November and December, 1903, one fifth of the deaths in New York and Chicago were from pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs and prevents pneumonia, so do not take chances on a cold wearing away when Foley's Honey and Tar will cure you quickly and prevent serious results. Sold by Perkins Bros.

#### Conundrums.

Would you loan a man money for 20 years and agree to forfeit the interest on same if death occurred during time?

Oh, no!

Then why will you take a 20 year policy and agree to forfeit all dividends on same should death occur during that time?

The Massachusetts Mutual Life Insurance Co., organized 1851, over \$3,000,000 assets, writes only annual dividend policies with premiums growing less annually, and should death occur any time the insured gets all coming to him, viz: face of policy and dividends on all premiums paid.

Actual results on policy issued Nov. 30, 1881: First premium \$342; 2nd, \$308.70; 3rd, \$305.70; 4th, \$301.90; 5th, \$294; 6th, \$297.90; 7th, \$295.30; 8th, \$292.50; 9th, \$289.60; 10th, \$283.50; 12th, \$280.10; 13th, \$276.60; 14th, \$273.10; 15th, \$269.30; 16th, \$265.50; 17th, \$261.60; 18th, \$257.60; 19th, \$253.40; 20th, \$249.10. Policy fully paid for \$10,000 with life annual dividends. Besides should party take paid-up policy before maturing, said paid-up insurance participates in profits.

Mr. W. D. Jackson, of Etoile, is spending a few days in the city attending court and looking after business at the hub.

J. B. Paine, of Linn Flat, was in the city yesterday, and was a caller at The Sentinel office. He sold cotton at 15 cents.

Mr. Jopling Jr., of Garrison, was in town yesterday. He says there are rumors of several weddings to take place in Garrison soon.

J. D. Blakey, one of the most prosperous farmers of Melrose, was in town a day or two this week trading and on business.

Sheriff Spradley returned last night from Sabine parish, La., with G. W. Walker, who is now in the Nacogdoches jail, charged with robbing the house of Lorenzo Phillips.

Hon. M. L. Brooks, of San Augustine, arrived here last night. Mr. Brooks is the opponent of Congressman Cooper for congress at the coming election and is stirring around among the people.

Invaluable for Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ills. 25c, 50c and \$1.00. Sold by Perkins Bros.

W. G. Barron has sold his home on Ratcliff avenue to Mr. McDougal, as a home. Mr. Barron has moved into the Ratcliff place on North street.

It Matters Not.

No matter the name; no matter the place; if you are afflicted with that intolerable, often excruciating itching sensation, you want a cure and want it quick. Hunt's Cure is an infallible, never failing remedy. It cures! Only 50c per box, and strictly guaranteed.

### SATURDAY'S LOCALS.

Messrs T. J. Humphreys and S. J. Weatherly, of Garrison, were in the city today on a business visit.

Mrs. Mellisia Weaver and daughter, Miss Attie were in the city yesterday accompanied by Little Lelia Skillern.

Prof. W. A. Spivey, of Melrose, was in the city today and was a friendly caller at The Sentinel office. He reports the death of Mrs. Col. insworth, widow of the late Joel Collinsworth, which occurred Wednesday night. Mrs. Collinsworth was buried at Melrose Thursday.

C. A. Hotchkiss, of Dallas, is in the city and will spend several days here for rest and recreation. He is also interested in the Association of Natives and Pioneers of the Republic of Texas, and is endeavoring to get a large attendance at the annual meeting to be held in Ft. Worth on April 21st. The Daughters of the Republic will meet in annual convention at the same place on the 20th. Excursion rates have been granted over all the Texas lines, and a large gathering is expected on this occasion. All persons who came to Texas, or were born in Texas prior to 1846 are eligible to membership in the Association of Natives and Pioneers.

Fearful Odds Against Him.

Bedridden, alone and destitute. Such in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies: "I'm on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c. Guaranteed by Stripling, Haselwood & Co. druggists.

A Shocking Death.

While assisting her husband on the farm Tuesday evening, Mrs. Dallas Rawlinson's clothes caught fire and were burned from her body, burning her in a horrible manner. She lingered in great agony until 3 o'clock the next morning and died. Her husband was also burned about the hands very badly while rendering assistance to his suffering companion. Surviving relatives have our deepest sympathy.—Cushing Enterprise.

A Boy's Wild Ride for Life.

With family around expecting him to die, and a son riding for life, 18 miles to get Dr King's New Discovery for consumption, coughs and colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Live marvelous cures of consumption, pneumonia, bronchitis, colds and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1. Trial bottles free at Stripling, Haselwood & Co's., drug store.

Cal Scott has sold out his livery business to Mr. W. J. Green, who will continue the business at present stand.

Itch on human cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by Perkins Bros. druggists.

### For Tax Assessor.

The announcement of Rev. Jno. N. Wilson may be found in the announcement column for tax assessor of Nacogdoches county, subject to the democratic primaries. Mr. Wilson needs no introduction to the people of Nacogdoches county. He has served them in this capacity in the past and none can show a better record. He is thoroughly familiar with the duties of the office and his qualifications have been proven. He is worthy of the place and if elected will, as he has done before, make a most efficient tax assessor and a faithful public servant.

### Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c. Sold by Perkins Bros. w

### For County Commissioner.

The name of G. W. Dennis appears in the announcement column for the office of county commissioner of Beat No. 4, subject to the action of the democracy. Mr. Dennis is a level headed, practical man, upright and honorable in all things, fully competent and capable of filling the office to the interest of his constituents. It will be no mistake for his people to elect him, in which case he will prove the truth of all that is said here.

"Makes it Go Way."

We simply can't do without it. We are not going to try. When Bobby stubs or cuts his toe, its "Ma, where's the Lightning Oil?" When Liz-zie burns her hand or arm, its "Where's the Lightning oil?" When little Dick's been playing with a bumble bee, its "Where's the Lightning Oil?" The echo of our afflictions is "Where's the Lightning Oil?" Its the balm that makes the pain go way. Sincerely yours, P. Cassidy, Montevalo, Ala. 25 and 50c bottles.

Mr. P. C. Griffith, recently from Denver Colorado, has bought the pottery of Mr. Carmichael, a few miles east from Nacogdoches, and will become a resident of this vicinity and will engage in the pottery business. Mr. Griffith will enlarge and improve the plant and will manufacture a number of articles in this line not heretofore made here.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept it. For coughs and colds it has no equal." 25c, 50c and \$1.00. Sold by Perkins Bros. w

The fruit crop of Nacogdoches county is almost safe and out of danger.

The Best Cough Syrup.

S. L. Apple, ex-Probate judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, \$1. Sold by Perkins Bros. w

### BEAUTIFUL OLD AGE.

81 Year Old Daughter Looking For "Mamma."

An interesting incident came to light yesterday, illustrating the healthful climate of Texas generally and Nacogdoches in particular. Mrs. McAdams, living near this city is a hearty hale old lady of 81 summers, her hair is white as snow, but through her long life she has had no serious illness.

The other day she had a slight spell of sickness and sent at once for Dr. Ford, also for her mother, Mrs. Wright, who lives in Wood county, to come and see her, and her mother, 99 years of age is able to make the trip and is coming. It sounds funny, and yet is beautiful, just as the old moon worn to a silver thread is as lovely as the new moon's bow of promise. It would be a touching sight to see these two old ladies meet, one snowy head still the baby to the other still looking for comfort to the mother heart that has never failed, and is coming to her daughter's bed side as swiftly as thought the weight of her century of years was as light as the drifting petals of the spring. May the two live long to enjoy each others love and be an inspiration to a younger generation.

### Cancer Cured by Blood Balm—All Skin and Blood Diseases Cured.

Mrs. M. L. Adams, Fredonia, Ala. took Botanic Blood Balm which effectually cured an eating cancer of the nose and face. The sores healed up perfectly. Many doctors had given up the case as hopeless, hundreds of cases of cancer, eating sores, snppering swellings, etc, have been cured by Blood Balm. Among others, Mrs. B. M. Guerny, Warrior Stand, Ala. Her nose and lip were raw as beef, with offensive discharge from the eating sore. Doctors advised cutting, but it failed. Blood Balm healed the sores, and Mrs. Guerny is as well as ever. Botanic Blood Balm also cures eczema, itching humors, scabs and scales, bone pains, ulcers, offensive pimples, blood poison, carbuncles, scrofula, risings and bumps on the skin and all blood troubles. Druggists, \$1 per bottle. Sample of Botanic Blood Balm free and prepaid by writing Blood Balm Co., Atlanta, Ga. Describe trouble and special medical advice sent in sealed letter. It is certainly worth while investigating such a remarkable remedy, as Blood Balm cures the most awful, worst and most deep-seated blood diseases.

### Bucklin's Arnica Salve.

Has world-wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for cuts, corns, burns, boils, sores, felons, ulcers, tetter, salt rheum, fever sores, chapped hands, skin eruptions; infallible for piles. Cure guaranteed. Only 25c at Stripling, Haselwood & Co. drug store.

The second judicial district composed of the counties of Shelby, Sabine, Nacogdoches, Angelina and Cherokee, has an interesting triangular fight on for the district judgeship. The three contestants are Hon. H. B. Short and Judge T. C. Davis, the present incumbent, both of Center, and Hon. J. I. Perkins, present state senator from Cherokee. Mr. Short is a lawyer of exceptional ability, likewise are Perkins and Davis. Judge Perkins has held the place before. Judge Davis is a genuine mixer, and goes around smoking a corn-cob pipe and frequently bumps the fellow from the sticks for the smoking tobacco. It is estimated that he has thus bumped enough tobacco to come very near electing him for another term. However, the district will be well served, it matters not which of the three is elected.—Orange Tribune.

### What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr King's New Life Pills quickly re-adjusts this. Its gentle, yet thorough. Only 25c at Stripling, Haselwood & Co's, drug store.

Eugene H. Blount is being urged by friends to allow his name to be placed on the ticket for alderman at the ensuing city election. He is a most suitable and acceptable man for the position and if he becomes a candidate will be elected. Notwithstanding his youthful age, which he says is all that keeps him from consenting readily to become a candidate, Mr. Blount is a man of superior business ability, thoughtful, careful and conservative, yet progressive and enterprising. He would be a safe man in whom to trust the city's best interests.

### COOPER PULLS FOR DISTRICT

Beaumont Congressman Usually Goes After His Wants.

### BANKS AND BANKERS

Further Orders Entered of Texas Interest—Rural Carriers Appointed, and Notes of Interest.

### Houston Chronicle:

Washington, March 16.—Representative S. B. Cooper, of Beaumont is one of the most active and successful members of the entire Texas congressional delegation. Only the other day he induced the rivers and harbors committee to recommend, and subsequently got the house to unanimously pass a bill with a \$145,000 appropriation for the improvement of the Sabine river. This was the only bill carrying an appropriation that the river and harbors committee sanctioned this session and it is easy to divine what the fate of the measure would have been if engineered by almost any other member.

Down in Cooper's district there was a government dredge boat doing some good work a short time since (he had it sent there), and about the time its services were most needed, and just when its real value was thoroughly appreciated, along comes an order from the war department directing its transfer to New Orleans, where it is said certain harbor work imperatively demanded its presence.

Cooper knew that the boat was also needed on the Sabine and other waterways in the vicinity of Beaumont, and the way in which he labored morning, noon and night to have that dredge restored to his district may be inferred from the following letter sent out by Gen. A. Mackenzie, chief of engineers:

"Hon. S. C. Cooper, U. S. House of Representatives: War Department, Office of the Chief of Engineers, Washington, Mar 11, 1904.—

Sir: (1) In reply to your verbal inquiries and to the letter from the Port Arthur (Texas) Transatlantic line to the Port Arthur chamber of commerce, dated February 3, 1904, and filed by you with this office, I have the honor to inform you that the dredge Sabine, now at South Pass, Mississippi river has been ordered to return to Sabine Pass, leaving New Orleans not later than March 16.

"(2) I have regretted the necessity of retaining the Sabine so long at New Orleans, in the face of your repeated and earnest representations of the need of keeping her at Sabine Pass, Texas. There seemed, however, no escape. The channel at the entrance to the South Pass had become obstructed by a bar which threatened to cut the entire deep draught commerce of the port of New Orleans. The emergency there was so great that the interests of some other locality had to give way temporarily.

"(3) It has been the intention of this office to return the Sabine to the Texas work just as soon as she had answered what was regarded as the most pressing call; and in returning her now at your urgent request, I am anticipating somewhat the date at which I had proposed to call her away from New Orleans, and fear that the office will receive protest from the interest at that port. Very respectfully, your obedient servant,

"A Mackenzie, Chief of Engineers, United States Army."

### Springtime.

There was a man who chanced to win  
A charming sweet young wife

Who took out 20,000 in  
The Massachusetts Life;  
As time rolled on and children played around his cottage door  
He saw the good thing he had done

And took out twenty more.  
He did not take the tontine plan  
Nor that they could assess.  
But took the yearly dividends

To make his payments less  
And when at last it was paid up  
With dividends for life

Mr. R. B. Shearer, of Lufkin, has been awarded the contract for the brick work, and W. H. Rulls, of this city has secured the contract for the woodwork on the new ten thousand dollar building to be erected by the Nacogdoches Grocery Company. The work will be begun at once and the building will be completed this summer.

Our friend, E. L. Ruark, of Locklin, Rusk county, spent yesterday in the city in company with his daughter and son-in-law, Dr. and Mrs. Parker, of Cushing. Dr. Parker and wife were married only a week ago, and they came down to buy their household furniture, bringing the "old man" along to help them in making a selection. The newly wedded couple have an elegant home in Cushing, where Dr. Parker enjoys a lucrative practice of his profession.

Mr. D. Rulls has the contract for remodeling and building an addition to the residence of Earnest Simpson, six miles from town on the San Augustine road, and has been out of town the past two weeks. Mr. Isaac Harris is also out there with him.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advance stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. Sold by Perkins Bros.

### For Tax Assessor.

A letter from Mr. John Weatherly, of Appleby, authorizes The Sentinel to announce him for the office of Tax Assessor of Nacogdoches county, subject to the democratic primaries. Mr. Weatherly is not a stranger by any means to the voters of Nacogdoches county, and none who know him doubt his thorough qualification and fitness for the office. He made a partial canvass of the county two years ago extending his acquaintance in every section. He feels that he is strengthened by this acquaintance. He has had sufficient encouragement to lead him to believe that his chances of success are much brighter than they were before and he has finally made up his mind to enter the race. He is entitled to a fair and thoughtful consideration at the hands of the voters at the ensuing primaries.

# Government Experts Say

The Boll Weevil will destroy 75 per cent of the cotton in Nacogdoches County this year that is planted in our late maturing home grown seed.

**PRACTICAL FARMERS SAY** (those who have tried them) that King's Improved and Shine's Early Prolific Cotton Seed mature a crop 3 to 4 weeks earlier than home grown seed. Why should you risk your entire year's work and expenses on old fogy ideas and late maturing cotton seed?

**TO BE CONSERVATIVE** you should plant at least one half of your cotton crop with

## Northern Cotton Seed

Grown and shipped in sealed cars from North Carolina, and fertilize with Virginia - Carolina Royal Cotton Fertilizers

### REMEMBER OUR OFFER.

To the farmer planting our King's or Shine's Cotton Seed and using our Virginia-Carolina Royal Cotton Fertilizer who obtains the greatest results (regardless of nature of land planted) we will give one of our justly celebrated Mitchell Farm Wagons, complete with body brake and lazy back seat. Size 2 1-2.

To the farmer planting our King's or Shine's Cotton Seed and using our Virginia-Carolina Royal Cotton Fertilizer who obtains the greatest results on upland we will give one of our premium winner Garland Cooking Stoves complete. \$30.00 grade.

To the farmer planting our King's or Shine's Cotton Seed and using our Virginia-Carolina Royal Cotton Fertilizer who obtains the greatest results on 1st or 2nd bottom land we will give one of our B. T. Avery & Son's or Eagle 7-Knife Corn and Cotton Stalk cutter.

No one contestant can win more than one premium.  
Minimum test crop to be 6 acres. Nature of soil, quantity of fertilizer and seed per acre, time of planting and cultural methods the points to be considered in determining results. Written statement by farmer, corroborated by ginner and attested by nearest notary public must be furnished us before Dec. 15, 1904. Awards to be made on Dec. 21, 1904, by a committee of three competent judges.

Don't delay supplying yourself with Seed and Fertilizers. A great many are going to come in with a rush, just after we have sold out of both. Our supply of seed is dwindling rapidly, and we have notice from the Virginia-Carolina Chemical Co. that they are behind on orders for fertilizers, and our supply may be cut off at any time. Don't wait till the boll weevil has ruined you, as it has thousands of other good farmers south of here, but protect yourself with early maturing cotton seed, and farm this year upon new and up-to-date ideas.
