HOME AGAIN.

Hon. R. W. Haltom and Family Back From Del Rio.

After an absence from their home and friends in Nacogdoches for near two and a half years, Hon. R. W. Haltom and family returned from Del Rio early this morning.

As is known by all of Mr. Haltom's many friends, he has been in failing health for several years, but not until a little more than two years ago did his condition reach that stage that he was compelled to give up his editorial work on The Sentinel. About that time he moved to Southwest Texas, locating at Del Rio, hoping to regain his health. In this Mr. Haltom has been sadly disappointed, and he requested that he be brought back to his old home that he might live the remainder of his allotted time among his relatives and friends that are so near and dear to him.

His brothers, Giles, James and John went to Del Rio last week to gratify the request of their invalid brother, and this morning they returned with him and his estimable family who are once more bona fide citizens of old Nacogdoches. For the present Mr. Haltom and family have rooms at the Banita hotel, where they will be glad to meet their friends, but they expect to be house-keeping in a few days.

Nacogdoches Boy Honored.

His many friends and old associates in Nacogdoches county will be glad to learn that John E. Love of Woodward, Oklahoma, has been highly honored by the Democrats of the new state.

Mr. Love has received the democratic nomination for state corporation commissioner, which is equivalent to his election.

John Love was born, and raised in Nacogdoches county, and was a schoolmate of the proprietors of The Sentinel who are as much rejoiced at his good fortune as he is himself.

Fifth Sunday Meeting.

The indications are the fifth Sunday meeting to be held at Melrose will be largely attended. The meeting will convene Friday evening and continue over Sunday.

The citizens of Melrose have made preparations to entertain a large crowd, and they will be disappointed if the people do not go.

Will Skeeters of Appleby is reported seriously sick again. He is suffering with meningitis. It will be remembered Mr. Skeeters was dangerously ill several months ago and also last summer with typhoid fever and it is with sincere regret his friends hear again he is so sick. He was reported better yesterday.

CORNER STONE TO BE LAID.

Exercises to be Held on The Fourth of July.

Preparations are already under way for the laying of the corner stone of the Stone Fort on the afternoon of July 4th. Special attention has been paid to the arrangement of the program. The ladies of the C. C. club invited Judge Peyton F. Edwards of El Paso to deliver the oration.

Haden Edwards, father of Judge Edwards, was one of the most admirable characters of that group that helped to make Nacogdoches and Texas.

The rebuilding of the old Stone Fort is of widespread interest and the club ladies have worked with untiring energy for several years. Now as their efforts are about to be crowned with success, they wish their friends to come out on this great memorable day and help rejoice. Especially do we invite the Old Confederate Soldiers.

The Nacogdoches Chautauqua.

Through the enterprise of a committee of our leading citizens, Nacogdoches is to experience the pleasure and benefit afforded by a very high class Chautauqua. For this treat the town is indebted to Messrs. E. H. Blount, T. E. Baker, R. F. Davis and Ben T. Wilson.

A glance at the published program will reveal the genuine excellence of the talent which is to appear. Eminent lecturers, orators and statesmen of national reputation, interspersed with two vocal quartettes, make up the offering. Daily notices of the attraction to appear will be presented in our columns.

We believe that Nacogdoches, which rightly lays claim to much of well-borne culture, will avail itself of the rare privileges which the Chautauqua affords. For this is indeed a rare treat for a city of our size. These attractions ordinarily appear only in the larger cities. They are at present, we believe, in Waco.

The price of tickets has been put so low that every one can afford to attend. By purchasing a season ticket the cost is reduced to a few cents for each attraction.

The exercises will be held at the most convenient hours, 4:30 and 8:30 p. m., daily.

The High School auditorium will prove an ideal place, being large and comfortable, and thoroughly ventilated. You will be as cool there as anywhere in town.

Door tickets will be on sale at Week's Drug store. Season tickets are in the hands of Mr. Jno. E. Rosser.

The first number will be presented the night of Saturday, June 29.

New Brick Block.

The brick work on the Perkins building was completed this afternoon, and the masons were transferred to the other four buildings on the west end of the block. The brick work on the three Blout buildings, including the Commercial National bank building, was finished several days ago, and today during the noon hour a pine top was nailed up on the front of these buildings.

The brick walls of the Sanders, Reindl, Hardeman and Weeks buildings are each one story high, and they will now be rushed to completion.

Rev. J. W. Mills has returned from Red Water, where he spent last week assisting his father in a big revival meeting. Brother Mills will go to Chireno to assist in a meeting next week.

On a Serious Charge.

Attorney G. B. Layton returned from Tyler yesterday where he went to represent Messrs. Tol and Ned Pye, Jim Atterberry, Louis Caver and C. R. Cox, well known citizens of Sacul, who were arraigned before United States Commissioner Butler on a charge of unlawfully using the United States mails.

After hearing the evidence in the case, the charge against Mr. Cox was dismissed, but the other defendants were put under \$300 bond each to await the action of the federal grand jury.

Mr. Jno. S. Hardeman of Henderson has been in the city the past two days on business for the M. Lipshitz Dry Goods Co. of Dallas. Mr. Hardeman formerly lived in Nacogdoches, and was very much impressed with the many evidences of improvement in the city.

JUDGE STOREY DISSENTS.

Still Prospects are Good for Cheap Rate to Palacios.

A report from Austin of date June 25 states that Railroad Commissioner Colquitt made a motion to set down for a hearing the proposition to give a special rate of one fare for the round trip on railroads for the coming meeting of the Young People's Baptist union, which is to meet soon at Palacios, and also for the same proposition for the coming meeting of the Epworth leaguers at Corpus Christi. Commissioner Storey refused to approve or agree with the motion. Judge Storey says that he does not think it is within the jurisdiction of the commission to force railroads of the state to give excursion rates. Heretofore the commission has been fixing excursion rates for the railroads on application of the different lines, but in this instance the commission wants to take the

initiative and put in the low rates. The matter has not as yet been submitted to Commissioner Mayfield, but it is understood he will assent to the motion of Mr. Colquitt.

Mt. Moriah Oil Field.

Stoker, June 24.—The health of our people is good.

The farmers are up with their work and would like to see a good rain, as corn is beginning to fire up.

Cotton is looking well, but the boll weevils are more plentiful than last year at this time.

We cannot hope to make a good crop this year; both corn and cotton will be a short crop.

Fruit is scarce but the vegetables are fine.

Our oil well is still going down. It is about 1800 feet deep and indications are good for oil.

For Sale.

Garlic seed 10 cents a pound for this week only.

THE democratic nominee for Labor Commissioner of the new State of Oklahoma—James Dougherty—is a union printer and a former Texan.

SINCE Houston's lid went down the churches of that city are said to be crowded on Sundays, and to each song is added the refrain—"How dry am."

BROADLY speaking, says the Galveston Tribune, Taft is the Republican's most available man. And physically speaking he is the Republican's biggest man.

THE suspicion is growing that Col. Watterson's "dark horse" is a dapple gray. San Antonio Light.

The indications are that he is of a blue grass tint.

REPORTS from all parts of the county state that the condition of the corn crop has improved greatly during the past three weeks, and with sufficient rains a fair crop will be made.

THE Beaumont Enterprise has discovered that the reason some towns never get ahead is because their citizens have a wish bone where their backbone ought to be. Whose back does that garment fit?

THE man who is responsible for the "cotton leak" in the agricultural department has been discovered, but it is not yet known who started the report about the leak in Houston's Sunday lid.

BECAUSE the Houston Post recently headed an article—"When Animals Weep," some of the newspaper boys are giving the head writer the horse laugh. But they doubtless have not been in Houston recently on a Sunday.

REPORT comes from Palestine that Hon. John M. Duncan is boring for oil. The report failed to state, however, whether the Smith county statesman had his drill set toward the Waters-Pierce Oil company or in the direction of undiscovered oil deposits beneath mother earth.

OUR friends are advised that the street and the sidewalk leading to The Sentinel office from Main street are not blocked entirely all the time, and if they will watch and wait for a moment when either one or both are free from obstruction they can reach the office without very great difficulty.

THE Nacogdoches Summer Normal now in session at the High School auditorium is one of the most successful from many standpoints ever before held in East Texas. The attendance is large, the faculty is excellent, the interest is great, and the work is progressing with systematic perfection. The teachers who failed to attend this normal will have cause to regret it.

THE world wants men who do things. Any one can stand in the middle of the road and make a noise.—Denison Herald.

If a man can't do anything else, for heaven's sake let him make a noise. Anything to keep him busy.

THE Democrats of Oklahoma have nominated Miss Kate Barnard, a handsome young woman, for the office of Commissioner of Charities and Correction. If the Democrats could not beat her with a man, it is useless for the Republicans to try.

THE county judge of Val Verde county has been impeached by the judge of the district court. The grounds upon which the impeachment proceedings were based alleged official misconduct in a number of particulars, but especially in conspiring with one of the county commissioners to prevent the commissioners court from transacting the business of the county by absenting themselves from the sessions of the commissioners court.

THE following from an exchange is as true as holy writ: "The newspaper man can write in the language of the most gifted poet, the most enthusiastic eulogist and frame his words in the rhythmic of rhymes of the lyric and the fervid eloquence of the orator to let the world know how good and smart people are, and not one in ten will ever stop to thank him, but say anything bad about a man and he will fall over himself and somebody else to get to the office to stop his paper and abuse the editor."

THE greatest interest is being aroused in California and adjoining States in the various features of the coming National Irrigation Congress to be held in Sacramento in September. This session of the Congress will differ materially from preceding ones, not only in the scope of the work planned, but in the character and extent of auxiliary features. Sacramento is preparing to welcome the immense attendance which these attractions are sure to draw to the city and which is already foreshadowed by inquiries from everywhere concerning arrangements and accommodations. Not only is the city ready to take care of all who come, but is planning to royally entertain her guests and visitors during the continuance of the Congress and incidental events.

Hunting for Oil.

J. Y. C. T. Christensen, an experienced oil man of Nacogdoches, spent Monday in the city, and in company with W. P. Armstrong, who has also had considerable experience in the oil business, visited several places around Timpson where there are indications of oil.

They were well pleased with one or two locations and we hope a test will be made soon. Timpson could use a few gushers just now, and such would be in keeping with the many other things that seem to be coming this way in the near future.—Timpson Enterprise.

NEW LIQUOR LAW.

Travis County Judge Will Comply With its Provisions.

Austin, Tex., June 24.—While it is announced that the liquor dealers in some of the leading cities of the state have been advised not to pay any attention to the ruling of the attorney general's department touching on the Baskin-McGregor liquor law, and that they are going to take this advice and not close their places of business for a period of twenty days, it appears that the saloon men of Austin will have to close shop during the interim, according to the attitude of County Judge J. W. Hornsby of this county.

Judge Hornsby was seen today and asked concerning the matter and he said that he intended to comply fully with the law and the ruling of the attorney general thereon.

"I shall comply with the law," said Judge Hornsby, "and the ruling made by the attorney general. All saloons will necessarily have to close when their present licenses expire on the night of July 11, and they will not be able to do business until a new license is issued. If they keep open and violate the law I shall not issue a permit to such offender. It is the law and it must be complied with."

This means that Austin will get the full benefit of the defect in the new law, and everything will be closed here unless the saloons decide to keep open and take the chances of getting through the courts a writ of mandamus to compel the county judge to issue the necessary permit.

Nobody Likes a Knocker.

If there is a chance to boom business, boom it. Don't be a knocker. Hope a bit. Get a smile on you. Hold up your head. Get a hold with both hands. Then pull. Bury your hatchet. Drop your tomahawk. Hide your little hammer. When a stranger drops in tell him this is the greatest country on earth. It is. Don't roast. Be jolly. Help yourself along. Push your friend with you. Soon you'll have a whole procession. No man ever helped himself by knocking other people down. No man ever got rich trying to make people believe that he was the only good man on earth. You can't climb the ladder of fame by stepping on other people's corns. All men are not alike. If you don't like their style let 'em alone. Don't knock. There is no end of fun minding your own business. And it makes other people like you better. Better have others get stuck on you than get stuck on yourself. Nobody gets stuck on a knocker. Don't be one. Cut it out.—Pleasanton Monitor.

A Good—Result.

Under the operation of the new Pure Food Laws, baking powder, now generally bear on the labels a statement of the ingredients. This is of utmost importance because of the harmful ingredients used in many cases.

Royal Baking Powder is

known to be the only baking powder made of Royal Grape Cream of Tartar, and this no doubt explains its greatly increased sale here.

Careful housekeepers are taking advantage of the protection which the Laws afford and are examining all the reading matter on the back of the label before adopting any brand for use in the home.

When in place of the words Cream of Tartar the words "alum" "aluminum" or "phosphate of lime" appear among the ingredients, they heed the warning and avoid baking powder containing these substitutes.

Masons Elect Officers.

A Mistaken Idea.

Some one has said: the only way to do a thing is to do it.

A greater mistake was never made. There are two ways to do everything. The right way and the wrong way. Every day we see examples of things done both right and wrong.

Too many people fall into the error of believing that "The only way to do a thing is to do it," and suddenly find themselves in a bad condition. Sometimes financially, sometimes morally and sometimes socially.

Sorrowful indeed is the fate of the man who, when it is too late to retrace his steps, awakes to find that he has acted in the wrong. But happy is he who chooses the right way.

We love to see people quick

in thought and fearless in action, but sad will be the ending of those who act without ever thinking at all. A thing done right will stand forever, but if it is done wrong it will vanish like peanuts at a picnic. People who are disposed to act without thinking and think without acting, should keep in constant remembrance the words of Davy Crockett when he said: Be sure you're right, then go ahead.—Zephyr Mirror.

The Hall Remedy Co., Dallas, Texas. Iowa, Ia., July 9, 1904.

Dear Sirs—I have tried a great many Chill remedies, but have found none equal to Hall's Chill Cure for Malaria. A few years ago I had a severe attack of Chills and Fever and took many kinds of Chill cures, but they did no good and I just had to wear them out. They commenced on me last year the same way, but in a worse form. A friend recommended Hall's Chill Cure and I took it. It broke up the Chills and Fever and I am well again. Whenever I hear of anyone having Chills or Malaria, I tell them Hall's Chill Cure will make them well if they will take it. I never can say enough for Hall's Chill Cure. Yours truly, Mrs. FRED LIGHTNER.

A Quiet Wedding.

Last Sunday morning at 10 o'clock at the residence of Rev. Geo. L. Crocket, two happy souls were united in the holy bonds of matrimony, the contracting parties being Mr. Charlie McMillan and Miss Kate Sharp, the Reverend Geo. L. Crocket in an impressive manner tied the nuptial knot which made them husband and wife.

They departed that same morning on the 11 o'clock train for the Sea Wall City (Galveston) for a few weeks' visit, when they will return to San Augustine to make this city their future home.

Mr. McMillan is well known in this city and his large circle of friends, including The Sentinel, extend congratulations.

Little Ills of Children

Mothers and all others who have children about the house cannot do their families a better service than to learn of simple and reliable remedies that correct children's ailments. Many grown people are suffering today for the ignorance or negligence of those who had charge of their bringing up.

Children are prone to constipation, and if it isn't corrected early, the bowels get in the habit of not working normally and soon chronic constipation results that may last off and on all through life. Then children eat almost continually and as a consequence indigestion sets in soon followed by worms, or stomach pains, or diarrhea, or any one of a dozen other troubles. To say that it will right itself is putting altogether too much faith in chance. It is toying with the child's present and future health.

A better way is to give the child a dose of something intended to cure that very trouble, and nothing better for the purpose is known than Dr. Caldwell's Syrup Pepsin. It never grieves but acts gently and as it has a pleasant taste the child will not refuse to take it. Buy a 50-cent or \$1 bottle of your druggist and save the child from sickness. You should remember that a child whose stomach is in good working order is not likely to catch colds and fever diseases. Mrs. Curry, of Trowbridge, Ill., attributes the remarkable health of her child to Dr. Caldwell's Syrup Pepsin, which she gives regularly in these disorders. Mrs. Eversole, of Hillsboro, Ill., is frank to say that the present good condition of her five-year-old boy is entirely due to this wonderful remedy. Try it in your own family and see if you cannot share these opinions. Every bottle is guaranteed to do exactly as we claim, and the purity of ingredients is also vouched for.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Get the most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good as Dr. Caldwell's Syrup Pepsin." AGE NO BAR.

Everybody in Nacogdoches is suffering with

Children, unable to explain. All in misery from their kidneys.

Only a little backache first. Comes when you catch a cold.

Or when you strain the back. Many complications follow. Urinary disorders, diabetes, Bright's disease.

Doan's Kidney Pills cure backache. Cure every form of kidney ills.

J. F. Floyd, alderman, of Nacogdoches, Texas, living in the west part of Nacogdoches, Texas, says: "My daughter, eleven years old, was troubled with a weakness of the kidneys for some time. This was very annoying and caused considerable uneasiness and worry at times. I procured a box of Doan's Kidney Pills at Kleas & Mast's drug store. As your remedy was the only medicine used I believe that it is accountable for her much improved condition. I take pleasure in saying that Doan's Kidney Pills are good for the purpose for which their use is recommended, and I shall not fail to tell my friends about this invaluable kidney cure."

Remember the name—Doan's,—and take no other. Uncle Barney Campbell.

The following report of the death of Mr. Barney Campbell is from the Garrison Gleazer:

"Uncle Barney Campbell died at Appleby last Friday, June 4, at the advanced age of 89 years. He was born in Alabama and came to Texas in the 40s. Served in the war with Texas and Mexico and was a Confederate soldier during the war with the states. Uncle Barney was a strict member of the Baptist church, joining the same soon after he attained his majority. He had been at Appleby several months prior to his death but Garrison was his home for a number of years. His good wife died about a year ago and since her demise he has lived with his children. His son, W. O. Campbell of this place, was with him at the time of his death.

The Sentinel has already mentioned the death of Mr. Campbell, but in this connection we will say that he was the father of Mrs. William Cox, Sr., of this city and grandfather of Zeno Cox, Jr.

BIG ONION CROP.

Flattering Report Made to State Agricultural Commissioner.

State Insurance Commissioner R. T. Milner has just received a letter from John K. Woods, a prominent banker of Laredo, giving some valuable information concerning the onion industry in Webb county. The writer says that the crop of onions this year will yield 750 carloads and will bring an average price of \$750 per car. Mr. Woods also declared that since the cultivation of onions in Webb county has become one of the leading industries there has been no failure of the crop, although there has been times when the depressions in the market was felt, but taken as a whole the industry has been a big success. The writer also declared that prior to the onion business in his county land could be purchased at \$20 an acre, but now the same land can not be bought for \$250 an acre.—Austin Statesman.

Sour Stomach

Now little loss of strength, nervousness, headache, constipation, bad breath, general debility, sour stomach, and other symptoms are all due to indigestion. This new discovery, called Kodol, is a powerful stomachic, and as it acts in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Pepsin Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the natural membrane lining the stomach. Mr. S. S. Hall, of Ravenswood, Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in our family."

Kodol Digests What You Eat. Bottles only, \$1.00. Six bottles 5 times the trial size, which sells for 50 cents. Prepared by E. G. Dewitt & Co., Chicago. Stripling, Haselwood & Co.

BIG TIMBER DEAL.

Twin City Lumber Company Disposes of Large Holdings.

The largest land and timber deal that has been consummated in Nacogdoches county in a long while was filed for record in the county clerk's office here a few days ago.

The deal involves a cash consideration of \$105,500, and includes over 50 tracts of land besides considerable timber.

The sale was made by the Twin City Lumber Company, the purchaser being Mr. J. P. Carter, who bought the property for the use of the Attocac Lumber Company whose mill is located at Maytown. All the land and timber included in the deal is located near Martinsville, in the Northeastern portion of Nacogdoches county.

Kills the Weevils

Times witnessed a demonstration of the fatal effect that frequent plowing will have on the boll weevil. J. A. Wade, U. S. Agricultural agent, put a handful of live weevils in the sand on the public square and covered them about a quarter of an inch deep; they remained covered just two minutes by his watch, and when uncovered were unable to fly and perished in less than five minutes.

Mr. Wade says that frequent plowing with a single-tire long enough to shake the weevils from the stalk so that they will be covered in the furrow, will destroy the little pests. The hot sand will kill them in five minutes, and this is the best way to fight them.

If farmers will follow this plan they will make better crops, and prosper more than if they continue to plow up their cotton and plant the land in corn.

Liver and Kidney Trouble

Are more important than many imagine. Lame back, pain in the side, short breath, ringing in the ears, sunken eyes, general ill health accompanied by despondency and gloomy feeling are among the many symptoms. Take warning—Browns' Iron Bitters have cured thousands, they will make you well. Stripling, Haselwood & Co. dw

The automobile is becoming more popular in Nacogdoches all the while. The most recent auto to arrive is that of Mr. and Mrs. R. C. Shindler's, and it is quite a handsome machine. The vehicle might properly be termed a horseless phaeton.

Remarkable Rescue.

That truth is stranger than fiction, has once been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work."

LYDIA E. PINKHAM

a more potent remedy in the roots and herbs of the field than was ever produced from drugs. In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable compound and what it has done for them.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

Married in Chicago.

Intimate friends of B. M. Isaacs have received announcements of his marriage in Chicago, on Monday, the 17th of June, to Miss Gerty Gutmann of that city.

The wedding occurred at the home of the bride's sister, Mrs. John Bender. They will be at home to friends in this city after the first of September.

Weekly Sentinel.

HALTOM & HALTOM, Proprietors.

R. W. HALTOM, Editor-in-Chief.
WILL T. HAWKINS, Editor.

It begins to look like 20 cent cotton next fall, but it will be poor comfort to the fellow who has none to sell.

If you wish to reduce your flesh, eat steak which is now being sold all through East Texas.—Tyler Courier.

Then it is much more preferable than chewing the rag.

MANY a man, and woman too, would blush with shame if they were to read their obituary notices before they died. They would be such libels.

THE election to determine whether or not bonds should be issued for a new court house in Nacogdoches county is drawing near, and it cannot come too soon to please The Sentinel.

THE Clarksville Times remarks that an editor is a man who is liable to grammatical blunders, toothache, typographical errors and lapses of memory, and usually he has half a million people watching to catch him tripping. And yet the world is full of people who want to be editors.

THE Shreveport Times thinks that as many see it, a good man is one who turns his money loose. No man is worth much to a community who lays his money away in an old sock or buries it in the garden. The useful citizen will invest his money in useful improvements or desirable property.

THE St. Louis women's clubs, in their work of civic and sanitary improvement, have set a day to kill all the rats in the city.—Exchange.

The very announcement of such an event in Nacogdoches would be enough to move every woman for miles around to spend the day standing in a chair and screaming for a ladder.

SOME enterprising fellow with a penchant for statistics has figured out that the average age of some of the familiar animals is as follows: Squirrel, 7 years; rabbit, 7; swine, 20; stag, 50; horse, 30; ass, 30; sheep, 10; cow, 20; eagle, 100; goose, 80 years. If the above figures are correct, we know some animals that have lived over their allotted time. Number six, for instance.

HERE is a joe darter from the Bonham News: When a man who lives in a town that is lighted only by the glow of fireflies and the pale beams of the moon, a town that can't build even a broom factory, and that looks upon a cotton mill as an impossible attainment; that talks of railroads but never puts up any money; that sighs for sidewalks and never builds them; whose only enterprise is chasing rabbits with fean dogs, and taking a mortgage on Old Beck—when such a man talks about any place being the deadest town on earth, he must mean the town where he lives."

CIVIC LEAGUE PLATFORM.

We have been asked repeatedly what the Civic League proposes to do, and what are its purposes. For the benefit of the curious, The Sentinel will give below a few of the planks in the League's platform:

1. We will have no dirty back or front yards about our own homes, and we will, by example and help, endeavor to have our neighbors clean up.

2. We will plant hardy trees, shrubs, and vines and clean grass wherever we can, and will help our neighbor to do likewise.

3. We will join cheerfully, as far as our resources will permit, in organized effort for clean and beautiful streets and will help any movement for parks or play-grounds with which we come in contact.

4. We will fight the mosquito relentlessly by cleaning up and oiling wet places where it may breed, urging others to do the same.

Finally we will consider outdoor beauty as worth while and as economically justified, and will try to have the children of Nacogdoches grow up in a greater love for the natural beauties of their country.

If you are not a member, you should become one at once, and by all means attend the meeting Monday night.

THE madam editor of the Timpson Times complains that the hot weather and late hours have almost knocked the madam out. The Sentinel editor is suffering from the same complaint, but little do the common herd care what suffering comes to the newspaper folk. They must have their paper regularly and its columns must shine just as bright one day as another.

THE following remarkable coincidence is going the rounds of the Texas Newspapers: "An editor in a South Texas town owned a pet monkey and the mischievous little fellow got into the printing office one night and pounded vigorously on the type setting machine, and the result looked like this 'utC eTh dseWe!'; but when properly straightened out it read, 'Cut The Weeds!' Even a monkey knows the weeds ought to be cut."

Three More Companies Going.

State Insurance Commissioner Milner has received official notification from three more life insurance companies doing business in Texas advising the insurance department of their withdrawal from Texas. The three companies which Saturday officially indicated their intention of leaving Texas are the Mutual Life, Germania Life and Home Life, all of New York. The Mutual will leave on July 11, and the others on the last day of this month. These companies claim they prefer to leave the state than comply with the provisions of the Robertson insurance law.

THE Nacogdoches county tobacco growers are making a noise like big profits.

TRUE FRIENDSHIP.

Do you know what it means to be a friend, to have a friend, to be absolutely sure that whatever you do, whatever you are, where ever you are, there is one living soul who believes in you, who will trust you, help you and never, never fail you? One who will always cheer and encourage in sunshine as well as in storm, for life is mostly sunny and the heart needs a friend all the time—a constant source of inspiration, a heart forever alert and on the defensive for those it chooses to love.

In other words have you ever played Damon to some one else's Pythias? Friendship is a beautiful thing, but like many other things, is too frequently abused. The best friendships are between those friends who are careful not to use each other unfairly. Friendship is all right; but there are others.—Fort Worth Record.

Presbyterian Encampment.

The second annual Texas Presbyterian Encampment will open at the assembly grounds, near Kerrville, July 9th, and will continue until July 25th. The success of the encampment last year, which was its first, demonstrated to those in charge that there is a wide-spread demand among the Presbyterians of Texas for a summer encampment and assembly and they have enlarged their plans, this year feeling certain that the attendance will be much larger than last.

The camp grounds lie on a high plateau a mile south of Kerrville, and between the mountains which enclose the valley of the Guadalupe, which flows along one side of the grounds. The site is a beautiful one. The river affords splendid opportunities for fishing and bathing. The tract is well wooded, so there is no lack of shade. Water is piped to the ground with hydrants convenient to every tent. There is a very large and substantial dining hall which will seat about 300 persons and arrangements will be made for a large assembly hall.

The expense of the season at the encampment has been reduced to a minimum. Campers may either eat at the dining hall, where the charges are very reasonable, or they may do their own cooking. Tents will be rented for a nominal charge.

Special attention has been paid this year to the arrangement of the program, and the committee has been at considerable pains to secure the best talent for the various assembly features.

The railroads have granted the regular convention rate. Tickets are sold to "Westminster," and not to Kerrville. Westminster is the station on the assembly grounds, and baggage can be checked direct. Mail should be addressed to "Westminster" Station, Kerrville, Texas. This is a sub-postoffice of Kerrville.

Rev. Hugh W. Hoon, of San Antonio, Texas, will furnish any information desired.

Houston Chronicle's New Home.

There have been various and sundry newspaper guesses in regard to the new building to be erected at the corner of Texas avenue and Travis street. None of the reports so far published have been correct, as everything given out has been wholly guess work.

The Chronicle has refrained from mentioning the matter until something definite could be announced. It can now be stated that The Houston Chronicle Building Company has been organized for the purpose of erecting an 11-story steel frame structure fronting 72 feet on Travis street and running back 140 feet on Texas avenue. Ten stories will be above ground and one under ground.

Contract for this building was given this week to the Southern Loan and Investment Company and that company has in turn made a contract with Mr. A. T. Lucas for the supervision and erection of the building. The building will cost in the neighborhood of \$500,000 and the entire investment will run somewhere between \$600,000 and \$750,000. It will be the finest newspaper office building in the entire South, and will contain over 100,000 square feet of space. Of this space about 25,000 feet will be used by the Houston Chronicle Company and the remainder will be leased for stores and offices.

The building will be equipped with every modern convenience and full details of the proposed construction will be given in Sunday's Chronicle, together with illustration. Work is to begin within the next 60 days.—Houston Chronicle.

Smart Law Student.

A special from Austin to the Houston Chronicle says that one of the questions asked by the board of legal examiners there at the law examination was:

"What special privileges do United States senators enjoy that other people do not?"

One student wrote: "They can borrow money from a public service corporation without security."

The politics of the board is divided and the paper had to be sent back to the applicant, who then gave the legal privileges of a United States Senator.

A Letter to The People.

To the Citizens of Nacogdoches.

Just a word about the Civic League. We all live here, many of us expect to die here, many of us hope to go to some better place or the rainbow's point, but it behooves us all to make the best of it. While we are here.

The purpose of the creation of the Civic League is by organized effort to improve the town. That is about everything an ordinary community needs. The effort to be borne is beautiful. A city more prosperous, to conditions socially, morally and physically.

There can certainly be no objection to this; there is certainly every reason to favor the effort. Some of you are skeptical of its success while you are in harmony with the idea. To you I want to say help us and we will not fail.

Some of you are indifferent. To you the inducement I offer is this: Wake up to the importance of the work and I promise you that you will be glad you did so.

The Plan. The League is assigned to consist in the membership of every man and woman in Nacogdoches.

Each member is expected to pay one dollar as a membership fee in advance every six months. The money thus acquired will be used in substantial public improvement, together with funds raised by voluntary contribution and by other means.

The work will be carried on by committees appointed from every part of the town, acting with a general executive committee.

There will be very few meetings of the league proper to attend.

The work of improvement will be taken up by the committees, on a systematic way, one thing at a time, and completed before another thing is undertaken.

Public improvement in view.

Beautify the college campus.

The two Plaza's.

The streets, the sidewalks.

A general cleaning of the town.

Bridge the creeks.

Free mail delivery.

Begin the work of securing a postoffice building.

A city park.

A brass band.

Improved railroads and other public utility service, and many other things of not less importance.

By proper and judicious effort to encourage a disposition among us to make our homes more clean and more beautiful, to enhance the moral tone of our city, to cultivate a due appreciation of the necessity of education, to rid the city of its criminal element and elevate our standard of citizenship. How these things may be accomplished rests in the wisdom of those interested. Let us try. Give me your co-operation and support; your encouragement, your good will, and I will do my best to help make our town brighter, more beautiful and more desirable as an abiding place. If the pur-

pose is not a laudable one, condemn it. If it is, help us. Sincerely yours,
June C. Harris,
President Civic League.

WHY REMAIN IN DARKNESS

Why Suffer From Eye Diseases or Deformities?

Why Suffer From Eye Diseases or Deformities? You can now be cured in Nacogdoches and... You want to know facts about your eyes and be dealt with square and fair. If he cannot cure you he will not take your case. He has been in this special work for 15 years, had special training under several of America's leading authorities, and will easily prove to you that he is an expert oculist if you will call at his office and investigate his record of cures. He has cured hundreds who were led to his office, many of them in East Texas. Reason teaches you that if he is able to cure those blind and led for years, the average case can be quickly cured, therefore it is to your interest to get treatment before you go blind, although he cures 9 cases out of 10 that are led to his office, even after they have been led for years. He solicits such cases and treats them on a guarantee; they place fee in bank or give a note, and pay only when their eye sight is restored. Here is a proof which no one can dispute, and he has hundreds of such references:

Henry Turner, ex-county assessor and collector, Nacogdoches, Tex., says: "It is a fact that my mother was blind and led four years. Dr. Adams operated on her in May and in three weeks' time she was up and attending her household. He has made many wonderful cures here, and I know him to be an expert."

T. P. Seay, jeweler and optician, Nacogdoches, Texas, says: "My mother was blind and led for two years; she is 85 years old yet Dr. Adams had no trouble in curing her, she now enjoys good vision; he also cured me of a severe case of granulated lids after many other treatments had failed."

Space will not permit of a complete record of many difficult cases treated recently but I would respectfully refer you to the following prominent citizens of your community some or all of whom you know, who have been operated upon or treated for various serious and difficult eye troubles. Ask or write them as to the benefits they have derived from the treatment: J. J. Ridder, J. E. Tyndall, A. G. Childress, A. W. Bird, O. A. Fuller, J. W. Power, Mrs. Mary Randall.

When your neighbors talk about a doctor's work as the above do, and when the doctor can give you references from thousands of prominent citizens in the South, it is unquestionable proof that his claims are true, therefore if you want to save money and time and future suffering, call on him at his branch office nearest to you, or write for symptom blanks and answer his questions and he will tell you whether or not your case is curable. If curable he will guarantee a cure; if not curable he will say so, and you are not out your money, neither have you wasted any time. Watch this space for his dates at branch offices.

His next date at Nacogdoches will be July 15th and 16th. Office at Banita Hotel.

In the meantime should you want to write for symptom blanks address Gordon Adams, M. D. Eye Specialist, San Antonio, Texas, 320 San Pedro Ave.

Two More Companies.

Two more life Insurance companies have officially notified Commissioner of insurance Milner of their withdrawal from Texas on account of the operation of the Robertson insurance law. The two companies are the Mutual Benefit Life of Newark, N. J., which leaves July 10, and the Columbian National of Boston, which leaves June 29.

PAID AN OLD BILL.

Claim Against the State Issued in Houston's Time.

A certificate of indebtedness of the republic of Texas, of considerable historical value has just been received by the state treasury department. The certificate is in the sum of \$100 and was issued in 1837 and is signed by President Sam Houston of the republic. The certificate was accompanied by a letter from Mrs. J. D. Whatley of Alvin, Texas, widow of Freeman W. Douglass. The writer requested the treasurer to issue a warrant for \$100 in her favor, which amount was appropriated by the Thirtieth legislature to pay this certificate. It appears that the republic of Texas was indebted to Freeman W. Douglass for services in the battle of San Jacinto, and the head of the republic and now the state of Texas has allowed the claim. The certificate itself is rare, and from what can be learned there are not many in existence. The one sent to the treasury will be deposited in the state library and placed in the archives of the state. Mrs. Whatley, however, will not be able to get the cash until September 1, as the general appropriation bill does not become effective until that time.

Judge Edwards Coming.

Mrs. E. M. Dotson received a telegram from Judge Peyton F. Edwards of El Paso this morning, stating that he would positively be here July 4, and deliver the address at the laying of the corner stone of the Stone Fort.

A Serious Proposition.

The Austin Statesman says: "State Health Officer Brumby said yesterday that no official action had as yet been taken by his department regarding the issuing of a proclamation prohibiting persons afflicted with acute or advance stages of tuberculosis. Dr. Brumby said that he is now conferring with the city and county health officers in the western part of the state regarding the proposition. He says that he may either get the governor or himself issue a proclamation stopping persons from coming into the state when so afflicted."

THE Hallettsville Herald has discovered the source from which an old saying originated. It says: "We can figure out how that old saying that two can live as cheap as one originated. It's all a mistake of course, but it was started honestly and sincerely. You see when a young couple marries, the girl is provided with a trousseau that keeps her in clothes fully a year, while a man, who has been courting, has a trunk full of good clothes. Obviously few purchases of this character have to be made for a twelve months, and this is usually one of the heaviest expenses. But at the end of that period both have to purchase anew and usually there is another to provide for. Then is the time dimes have to do the duty of dollars and the young man cuts a swamp elm club and goes on a still hunt for the reptile that said two could live as cheap as one."

Story With Two Sides.

The Pleasanton News prints the following interesting story: "The big failures, a few days ago, contained an account of a young man winning \$150,000 in one day speculating in wheat. The papers, however, failed to state how many young men have won homes in our penitentiaries by attempting to beat the same game. Where this young man won, there were, in all probability, a thousand who felt that keen pain excited by a sense of guilt—for losing money that possibly did not belong to them, and which they could not replace. The money won by the successful young man was merely taken from the pockets of other men playing the same game. The day after the foregoing was written, the following special from Seymour, Wisconsin, appeared in the dailies: "A defaulter to the extent of \$40,000, caused by the allurements of the Chicago wheat pit, Thomas Coghill, cashier of the First National Bank of this city, was arrested today. The affair will not affect the bank in any particular. Coghill confessed."

The Magic No. 3.

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best remedy for stomach, liver and kidney troubles, by Stripling, Haselwood & Co. druggist, 50c.

Stock Law Election Proclamation.

Whereas, the Commissioners' court of Nacogdoches county, Texas, on the 18th day of June, 1907, granted a petition duly and legally signed and filed in said court, asking that an election be ordered by said court to determine whether or not Hogs, Sheep and Goats shall be permitted to run at large in a subdivision of Nacogdoches county described in said petition; and, Whereas, said court on said 18th day of June, 1907, ordered that an election be held on the 27th day of July, 1907, to determine whether or not Hogs, Sheep and Goats shall be permitted to run at large in said subdivision or Nacogdoches county, which is described as follows:

Beginning on the east bank of the Atascosa creek at a corner between H. C. Stack and Dave Strahan; thence eastwardly with a line between said Stack and Strahan to the east line of the Jesse Walling grant of land; thence northwardly 28 west with said line to the northeast corner of said grant; thence west with the north line of same to the northwest corner of John Hamilton's land; thence south with his west line to corner between Robert Shirley and James Neely; thence west with Neely's north line to his northwest corner; thence north with Shirley's west line to his N. W. corner; thence east with his north line to one Arthur's S. W. corner; thence north with Arthur's west line to his northwest corner; thence in a westwardly direction with his northwest line to the Martinsville and Nacogdoches road; thence westwardly with said road to where the Melrose and Appleby road crosses said Logansport road; thence north with said Logansport road to Pisgah church; thence west with Appleby and Miller road; thence westwardly with said road to the line of the Appleby hog law district; thence south with the east line of said Appleby hog law district to the Logansport road; thence eastwardly with said road to Sam Davis' south line; thence east with said south line to Lee Heflin's northeast corner; thence south with Heflin's east line to his S. E. corner in the Nacogdoches and Martinsville road; thence westwardly with said road to the east line of the Trinity hog law district; thence southwardly with said east line to road leading from Nacogdoches to Shady Grove; thence eastwardly with said road to J. L. Thrift's west line; thence south with his west line to his southwest corner; thence east with his south line to his southeast corner; thence north with a line between G. A. Lee and W. B. Pearson to Lee's N. W. corner; thence east to corner between Lee and Rushing; thence south with Rushing's west line to the east prong of Red creek; thence down said Red creek with its meanders to the N. E. corner of the M. G. Herrera survey of land; thence west with the north line of said survey to its N. W. corner; thence south to the Nacogdoches and Shelbyville road; thence eastwardly with said road to the west line of the Melrose hog law district; thence with said district to the Atascosa creek; thence down said creek to the beginning.

Now, therefore, I, C. D. Mims, in my capacity as county judge of Nacogdoches County, Texas, do hereby order that an election be held on the 27th day of July, 1907, at Cox's school house, Nacogdoches county, Texas, to determine whether or not hogs, sheep and goats shall be permitted to run at large within the boundaries of the above described subdivision of said Nacogdoches County, Texas. All persons who are legally qualified voters under the laws of this state, and who are also freeholders in Nacogdoches County, and resident citizens within the boundaries of said subdivision are entitled to vote in said election. W. B. Pearson is appointed presiding judge of said election, and Rowland White assistant judge; M. S. Dale and S. S. Arthur as clerks to assist them in holding the same. The judges of said election shall within ten days after said election has been held make due return thereof to the county judge of Nacogdoches county.

The New Buildings.

Work on the new brick block is progressing rapidly since the rains ceased, though the contractors have had some delay on account of scarcity of mechanics. They have been short on carpenters and brick layers.

The brick work on the Blount buildings and the Commercial National bank building is completed; and the roof is being put on.

The walls of the Perkins building are up to the top of the second story windows and the walls of the Sanders, Reindl, Hardeman and Week's buildings are one story high. The intention is to have the entire block of two story buildings completed by the first of August if possible, and not later than the middle of August at the farthest.

Capt. H. A. Harris of Black

Jack, Nacogdoches county, is in the city on a visit to his son, J. R. Harris and family. Prior to his removal to Nacogdoches county Capt. Harris was a citizen of this county, and has many friends who are always glad to see him. He is a veteran of the Mexican war, and is getting quite old, but is still hale and hearty, and bids fair to be spared to his loved ones many years longer.—Center News.

Ogden for Governor.

A late special from San Antonio says: "Charles W. Ogden of this city will be the nominee of the republicans for governor of Texas in 1908. He will have associated with him a strong ticket and the republicans are preparing to make an especially vigorous campaign."

Advantage will be taken of the dissatisfaction over many of the radical laws passed by the recent legislature and the anti-Bailey split. The republicans believe that the Baskin-McGregor liquor bill and tax measures will drive many substantial men into the ranks of the republicans.

The German element of the state, which is very strong in some sections, is said to be particularly dissatisfied with the blue laws and will vote the republican ticket straight. Judge Ogden could have been nominated for governor

two years ago, but refused it because he had to make a trip to Europe. His friends declare he will accept this year if the nomination is tendered to him and will make a vigorous campaign of the state.

So far, there is no very great alarm in democratic circles on account of the above startling statement.

Remarkable Rescue. That truth is stranger than fiction, has once been demonstrated in the little town of Fedora, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." "We dined in some of the finest hotels and restaurants, but did not find any coffee to excel in quality Arbuckles' ARIOSA."

That is what one lady writes and millions of others prove they believe, by using more Arbuckles' ARIOSA Coffee than all the other packaged coffees in the United States put together.

The fact that Arbuckles' ARIOSA Coffee costs less and has suited the health and taste of most American people for over

37 years, ought to induce everybody to at least sample it.

The cities hide many country girls and boys who secretly sigh for a cup of good coffee like "mother" made. "Mother" probably used the old original "Arbuckles" the first-roasted packaged coffee.

NOT GUILTY.

Roquemore and Slay Were Acquitted at Rusk.

From Friday's Daily:

A phone message from Rusk today announced that Joe Bug Roquemore and Charly Slay had been acquitted by the jury.

The readers of The Sentinel are familiar with the particulars of this case, which was twice tried in the district court of Nacogdoches county. The first trial resulted in a verdict of guilty with two years each in the penitentiary, but this verdict was reversed by the court of criminal appeals.

At the second trial Charly Slay was given three years, but was afterwards given a new trial by Judge Perkins. Roquemore's second trial resulted in a mistrial.

The cases were then transferred to Rusk on a change of venue with the result above stated.

HARVESTING TOBACCO.

Prospects Good for a Large Crop This Season.

Quite a number of tobacco growers were in the city today and they all made most favorable reports of the present crop.

Some have already begun harvest, Mr. J. ... field having cut about ... Mr. Gill has ...

Tom Maroney has two acres under shade which the government experts state is as fine as they ever saw.

J. H. Nabors has two acres of filler tobacco that will yield him a big profit.

Altogether the outlook is good, and already preparations are under way to increase the acreage next year. Mr. J. Thomas Hall is negotiating for the material to shade ten acres for next year's crop, and C. D. Power and others will plant 15 acres for filler tobacco next year.

A prompt, pleasant, good remedy for coughs and colds is Kennedy's Laxatives Cough Syrup. It is especially recommended for babies and children, but good for every member of the family. It contains no opiates and does not constipate. Contains honey and tar and tastes nearly as good as maple syrup. Children like it. Sold by Stripling, Haselwood & Co.

Why They Wait.

Although about a dozen of the big insurance companies doing business in Texas have indicated their intention of withdrawing from the state on account of the Robertson insurance bill, only three companies have thus far advised the commissioner of insurance their intention to leave the state. It is likely that the big companies are waiting the result of the test case which is to be made of the act by the Metropolitan Insurance company. — Austin Statesman.

PEOPLE'S RAILROAD.

Charter Prepared for Road From Tyler to Canton.

The towns of Tyler and Canton are in a fair way to be connected by railroad, and that right soon.

A meeting of the citizens of Tyler was held yesterday afternoon for the purpose of organizing a construction company to build a railroad from Tyler to Canton.

The people of Tyler, Canton and along the proposed route have put up the money to construct such road. Tyler citizens have subscribed for stock to the amount of \$100,000, and this amount having been raised within two weeks. No donations have been sought, and all money goes in for stock. A charter for the construction company will be asked for before July.

The Texas Right of Way Company of Tyler was the first to propose a railroad from Tyler to Canton. The survey has been made and right of way for the road decided between the two cities, and as soon as the charter is granted the work of construction will begin.

Major Wenzel Hillenkamp, one of Angelina's oldest citizens is dead. — He was stricken with paralysis last Saturday morning about 7 o'clock and died at 7 in the evening of the same day at the home of his daughter, Mrs. Ida Cottingham, in this city.

Major Hillenkamp was born in Germany, April 23, 1832, and came to this country at an early age. He settled in the northwestern part of the county, where he engaged in farming and merchandising and lived there 45 years. He was industrious and a good manager, he soon accumulated valuable property in one of the best sections of the county, and was widely known for his hospitality and charity.

His home and heart was always open to those who visited him, and the cry of the needy and unfortunate always touched his heart. He leaves three children, Dolph Hillenkamp, of Nacogdoches; Joe Hillenkamp, of Rusch and Mrs. Ida Cottingham of this city. The remains were shipped Sunday morning to Wells, his old home, where they were laid to rest. — Lufkin Tribune.

At the Waist

LEAVING THE FIELD.

The Higgins Oil Company Has Deserted Oil City.

After making a thorough test of the oil field at Oil City, the Higgins people have pulled down their rig and shipped it back to Beaumont.

Mr. F. W. Michaux, who has had charge of the rig at Oil City, was in the city last night enroute to Beaumont, and to a Sentinel reporter said:

"We set up our rig at Oil City the first of last October, and though we encountered many difficulties, we have made a satisfactory test of the Oil City field. We put down one well to a depth of 2000 feet, and though we encountered several strata of oil, it was not in paying quantity. After going 2,000 feet and finding no oil, we pulled up and set up on the property that had been partially developed several years ago and sank a shallow well to ascertain the quantity of oil there. That too proved to be inadequate—not more than one barrel per day, and we received orders to abandon the field."

Mr. Michaux stated, however, that he is confident there is a rich oil vein in the vicinity of Nacogdoches, because the surface indications are similar to those at Tulsa, Henrietta, Corsicana and Beaumont, and Nacogdoches is in direct line with the southeast northwest course of the vein so far developed.

Mr. Michaux also stated that the deep well drilled by him at Oil City is now flowing a strong stream of sulphur water.

WRITE US A LETTER

Execution Sale.

No. 498. W. M. Stillwell vs. Houston, East & West Texas Railway Company. In Justice Court, Precinct No. 1, Nacogdoches County, Texas.

Whereas in the above entitled and numbered cause an execution was issued on the 7th day of May, A. D. 1907, by F. D. Huston, Justice of the Peace, Precinct No. 1, Nacogdoches County, Texas, and directed to the Sheriff or any Constable of Nacogdoches County, Texas, commanding me as a Constable of Nacogdoches County, Texas, of the goods and chattels, lands and tenements of the defendant, Houston East & West Texas Railway Company, to cause to be made the sum of Fifty (\$50.00) Dollars with interest thereon from the 28th day of January, 1907, at the rate of 6 per cent per annum together with the sum of Ninety (90c) cents cost and the further cost of executing this writ.

And whereas, on the 12th day of June, A. D. 1907, I have, by virtue of said writ of execution seized and levied upon, as the property of the defendant, the following described real estate, situated in Nacogdoches County, Texas, in the town of Nacogdoches, and lying between the depot of the defendant and the Banita creek and more particularly described as follows, to-wit: Beginning at a point on the Banita creek where the same is crossed by the Main street of the town of Nacogdoches, thence west with the south margin of said Main street to the right-of-way of the defendant, H. E. & W. T. Railway Company; thence south with the east margin of the said right-of-way to Pillar street; thence east with the north margin of said Pillar street to the Banita bayou, thence up the Banita bayou, with its meanderings, to the place of beginning.

These are therefore to notify you that I will offer for sale the above described tract of land, at the Court House door of Nacogdoches County, in the town of Nacogdoches, on Tuesday, the 6th day of August, A. D. 1907, between the hours of 10 o'clock a. m. and 1 o'clock p. m., to the highest bidder for cash by virtue of said writ and said seizure for the purpose of satisfying the command of said writ.

In testimony whereof, witness my official signature at my office in the town of Nacogdoches, on this 12th day of June, A. D. 1907. G. W. Stone, Constable Precinct No. 1, Nacogdoches County, Texas.

There is no case of indigestion, no matter how irritable or how obstinate that will not be speedily relieved by the use of Kodol. The main factor in curing the stomach of any disorder is rest, and the only way to get rest is to actually digest the food for the stomach itself. Kodol will do it. It is a scientific preparation of vegetable acids containing the very same juices found in a healthy stomach. It conforms to the Pure Food and Drugs Law. Sold by Stripling, Haselwood & Co.

Gatesville Reunion. The Sentinel is in receipt of an invitation to attend the Confederate Reunion and Carnival to be held at Gatesville, Texas, July 22 to 26, inclusive. The invitation comes from our old time friend, Davis R. Hall, editor of the Gatesville Messenger. Clarence L. Bush, formerly postmaster, and C. E. Clark, a prominent business man of Gatesville, who state that a splendid program has been arranged for each day of the reunion. They also say:

"Every arrangement is made for the comfort and convenience of campers. Low rates are offered on all railroads. The people of Gatesville and Coryell county and the Confederate veterans are working together to make this the record breaker of all reunions in every respect. They extend a cordial invitation to everybody to come and enjoy it with them. All of the committees are at work and if you attend you will be looked after. The proverbial hospitality of Gatesville guarantees this fact. Each day

BAD BLOOD THE SOURCE OF ALL DISEASE

Every part of the body is dependent on the blood for nourishment and strength. When this life stream is flowing through the system in a state of purity and richness we are assured of perfect and unobstructed health; because pure blood is nature's safeguard against disease. When, however, the body is filled with impure or polluted blood, disease and suffering of its strength, disease prevails, and the trouble is man's greatest affliction. Eruptions, pimples, rashes and the different skin diseases show that the blood is in a feverish and diseased condition. It is the result of morbid, unhealthy matter in the blood, and rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc. are all deep-seated blood disorders that will continue to grow worse as long as the poison remains. These impure blood poisons find their way into the blood in various ways. Often a slight, but constant, condition of the system, and a torpid state of the avenues of bodily excretion, leaves the system open to the entrance of morbid and other matter, which is then carried by the blood and distributed throughout the circulation. Coming to contact with contagious diseases is another cause for the poisoning of the blood, as also is the germs and microbes of Malaria into our lungs, and when these get into the blood in sufficient quantity it becomes a carrier of disease, and of health. Some are so unfortunate as to inherit bad blood, perhaps the legacy of some old constitutional disease of ancestors is handed down to them and they are constantly annoyed and troubled with it. Bad blood is the source of all disease, and until this vital fluid is cleansed and purified the body is sure to suffer in some way. For blood troubles of any character S. S. S. is the best remedy ever discovered. It goes down into the circulation and removes any and all poisons, supplies the healthful properties it needs, and completely and permanently cures blood-diseases of every kind. The action of S. S. S. is so thorough that hereditary taints are removed and weak, diseased blood made strong and healthy so that disease cannot remain. It cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc. and does not leave the slightest trace of the trouble for future outbreaks. The whole volume of blood is renewed and cleansed after a course of S. S. S. It is also nature's greatest tonic, made entirely of roots, herbs and tarks, and is absolutely harmless to any part of the system. S. S. S. is for sale at all first class drug stores. Book on the blood and any medical advice free to all who write.

Verandah Party.
At the beautiful cottage home of Mrs. I. L. Sturdevant yesterday afternoon Mrs. Sturdevant, in company with Misses Leah, Rachel and Bell Zeve, gave one of the most delightful afternoon parties of the season's entertainments.

From the hours of four to seven the vine covered verandah was crowded with married and young lady friends of the hostesses who responded joyfully to the kind invitations bidding them come to meet Mrs. Link of Palestine, Mrs. Lichtenstien of Shreveport and Mrs. F. H. Tucker of this city, but who will soon move to Lufkin, also to join them in 42.

Seventeen tables were the number sufficient for 42, but aside from this there were a number who enjoyed watching the game. No prizes were given but the games were played with the same enthusiasm so fascinating is this popular game. Refreshing punch was generously passed throughout the afternoon's pleasure, but delicious cream and cake was served at the close and the grateful guests, part of whom were other visitors in the city, returned home after many deserved praises to their hospitable entertainers.

Reception.
On Tuesday evening, June 25, the hospitable home of Mr. and Mrs. E. A. Blount on North street was thrown open in honor of Miss Mamie's house party of girls. The following people helped Mr. and Mrs. Blount to receive: Mr. and Mrs. Guy Blount, Mr. and Mrs. Eugene Blount, Mrs. Frank Sharp, and Misses Sansom of Fort Worth, Key of Marshall, Giddings of Brenham, Jarrell of Athens, Banks of Temple, Smith of McKinney, Allen of Houston and Miss Mamie Blount of Nacogdoches.

An impromptu, musical program was rendered after which delicious refreshments, consisting of the dainties of the season, were served.

J. H. Whitaker of Nat was in the city today and paid The Sentinel a pleasant visit.

President Harris read a letter from Mr. W. T. Wilson in which he asked to be relieved from duty as chairman of a committee, but expressed his willingness to do all in his power to aid in the work undertaken by the League. He also offered to subscribe \$100 to aid in the work. On motion of Father Dreese the chair was authorized to appoint a committee of three girls in each of the four wards to solicit membership, and that the executive com-

CIVIC LEAGUE MEETING.
Constitution for its Government Was Read and Adopted.

An interesting meeting of the Civic League was held at the opera house last night. One feature that made the meeting most interesting and gave fresh impetus to the move and encouragement to the promoters was the unusually large number of ladies present.

Immediately after calling the League to order President Harris presented the following constitution, which was read and unanimously adopted:

PREAMBLE.
In order that we may, to the utmost of our ability, promote the best interests of our city by permanent and practical improvement, enhancing its beauty, improving its sanitary condition, elevating its moral tone, cultivating a taste for things better, purer and more beautiful, we have organized ourselves into a society to be known and called **THE NACOGDOCHES CIVIC LEAGUE**, and do here ordain and declare this constitution for its government.

CONSTITUTION.
Article 1—The membership of this league shall consist of active and honorary members.

Article 2—Any white person who will pay the membership fee is eligible to membership.

Article 3—The payment of (\$1.00) one dollar and enrolling the name of the applicant with the Secretary shall be the only ceremony necessary to membership.

Article 4—The officers of the League shall consist of a President, two Vice Presidents, Secretary, Treasurer and a Treasurer.

Article 5—The President shall preside at all meetings, and if absent one of the Vice Presidents shall preside. The Secretary shall keep the minutes of all meetings of the League and the roll of membership. The Treasurer shall be the custodian of the funds of this society and shall disburse the same upon the order of the Chairman of the Executive Committee attested by the Secretary.

Article 6—There shall be elected at a regular meeting once every six months an Executive Committee of five members. The Executive Committee shall have control of improvements and the general management of the active work of the League with authority to employ labor, make contracts and disburse the funds of the League and it shall be its duty to report to the League once every month at a regular meeting.

Article 7—The regular meetings of the League shall be held on the first Monday night in each month. Called meetings in the discretion of the President.

President Harris read a letter from Mr. W. T. Wilson in which he asked to be relieved from duty as chairman of a committee, but expressed his willingness to do all in his power to aid in the work undertaken by the League. He also offered to subscribe \$100 to aid in the work.

On motion of Father Dreese the chair was authorized to appoint a committee of three girls in each of the four wards to solicit membership, and that the executive com-

mittee be authorized to offer prizes for the greatest number of members secured.

Rev. Geo. L. Crocket was called on to address the League, and he responded in a happy strain. He eulogized the natural advantages offered and expatiated upon the beauty of the city of Nacogdoches, yet, he said, much depends upon the people utilizing the advantages and the means at their disposal to beautify the city. Then it will pay the citizens to keep the city clean. There are many people who can't get away from the city during the summer whose lives are in danger of pestilence. When we have all to understand that this is not a decorating committee for show, but that we are here for business, to save the lives and improve the health of the citizens, the work of the League will be better appreciated and understood.

A number of plans for inaugurating work were discussed, the result being that the matter was left to the executive committee to start the work in motion.

The League adjourned subject to the call of the President.

Notice.

All parties are hereby notified not to trade for, buy or negotiate two certain vendor notes, dated March 18, 1907, for \$775 each numbered from one to two, signed by W. F. Price and in favor of J. B. Power, both drawing ten per cent per annum interest, and made payable at Nacogdoches, Texas. No. 1 will be due March 18, 1908, and No. 2 will be due on the 18th of March, 1909. They retain vendor's lien upon J. B. Power's one half undivided interest in a tract of fifty acres of land bought by W. F. Price and J. B. Power from E. W. Smith, October 21st, 1905, and a same interest in a thirty acre tract bought by the same parties from W. O. Crain on the same date, and the notes so stipulate. The said notes have been lost or unconsciously destroyed by me, and all parties are warned not to buy or negotiate said notes. W. F. Price has executed to me duplicate notes in their stead.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials. Address: F. J. Cheney & Co., Toledo, O. VALUE OF WATERWORKS.
The System at Center Has Demonstrated its Worth.

The following from the Center News is reproduced here because of the application of the observations and suggestions to conditions in Nacogdoches just now:

In the fire Sunday night the waterworks system of this city again demonstrated its great worth. An ordinary house without the fire hose and had Mr. King's house burned the probabilities are that the flames would have continued to spread until possibly that whole section of the city would have been consumed. These facts were noticed and commented on by many, but there is another proposition that is not noticed as closely as it should be, which will bring the city to sorrow some of these days if a remedy is not afforded. We have reference to the equipments of the system. In the first place a larger engine is needed, and secondly more hose should be provided at once.

The pumping apparatus of the enterprise would do double the service had it the power behind it, thus making it easier and cheaper to keep the tank filled. Then, too, when a fire breaks out the engine work would be felt where in the present arrangements it is not.

In the matter of hose any one can see the necessity who will give the matter a moment's sober reflection. When a fire breaks out there should, when possible, be two streams of water put into operation, and at times it is absolutely essential.

Mr. and Mrs. John P. Davidson left Sunday for Mr. Davidson's ranch in Jones county, near Abilene, where they will spend the remainder of the summer. Mr. Davidson will return for a short time in July.

Miss Lillian Parker of Center is the guest of Mrs. Eli Napier.

IT'S MASTER'S VOICE.
When Schoetel Said "Baby," Calf Came to Him.

San Antonio, June 19.—When Mr. Schoetel, a farmer living near Austin, went to the stock yards in company with a deputy sheriff this morning and called a pretty baby calf that he claimed had been stolen from him, and it became a fact the baby. When it responded to his call this morning he knew there could be no mistake as to identity and he forthwith went before a justice and made an affidavit alleging ownership.

Sheriff Tobin sent for Esperidio Precado, who had possession of the calf. Precado claimed he had bought this calf and another and two cows from a man in Austin last Monday. He showed a receipt for \$55, which he said was for the stock, although that fact was not stated in the receipt.

The sheriff at once telephoned to Sheriff Matthews of Austin and that officer will come to San Antonio to assist in the investigation.

Death of Mrs. Y'Barbo.

On June 23, 1907, death visited the home of W. Y'Barbo and claimed from him his loving mother whom he obeyed for many years. Aunt Patsy was 76 years and 9 months old. She has gone home to dwell with other loved ones who have preceded her to that better world where all is love; no heartache, no sickness or dying in heaven. But while we stay here her sweet voice we loved so well and her loving smiles will never be forgotten.

She suffered but a short while. She leaves two children and a host of relatives to mourn her death. Her remains were laid to rest in Y'Barbo cemetery beneath a bed of flowers to await the resurrection morn.
