FORTIFYING THE PACIFIC.

Government Will Lose no Time in the Work.

A dispatch from Washington, D. C., says: There is to be no delay on the part of the war department in utilizing the appropriations made at the last session of congress for fortifying the American dependencies in the Pacific ocean. In order that the keys to these possessions may be put in condition for defense as rapidly as possible the department is arranging for the transportation of ordnance material purchased for the American coasts to Hawaii and the Philippines, and will replace it at once with funds which became available on July 1.

The appropriations included \$200,000 for the construction of sea coast batteries in the Hawaiian islands and \$500,000 for the same purpose in the Philippines, for accessories \$130,000 was granted and for the construction of mining easements, necessary for the operation of submarine mines, and the necessary appliances to operate them, an appropriation of \$755,534 was made.

It is understood that orders have been issued to the transport Cook to make a special trip to Honolulu and Manila. The transport will carry mines for Pearl harbor and Olongapo in Subig bay, the two points which would have to be defended in the event of war.

From Mount Moriah.

July 7. The health of our section is very good, with the exception of Mrs. Mattie Manning, who is very febrile with slow fever.

On account of the continued drought crops are very sorry—except melons, they are fine.

Mr. and Mrs. Lee Judd of Tyler are visiting parents for a week or two.

Mr. and Mrs. Wyatt Chesnut and family of Attoyac are visiting relatives at this place.

A large party went fishing on the 4th, and reported a fine time. Black Eyes.

Union Meeting.

There will be a union tent meeting held at Fairview, four miles east of Nacogdoches, beginning August 1, to be conducted by Revs. Bruce Harrell and Edd Heppenstill.

This meeting was planned nearly a year ago by the community, and is being looked forward to with great expectations. In fact we are looking for a great revival.

Everybody come and worship with us; plenty of camp room and water for all who may want to camp.

At a quarter past 7 there are beats that weigh more, but this is the largest beet that has reached this office this season.

GRAND SUCCESS.

Second Annual Convention Nacogdoches Log Rollers.

This has been a gala day in Nacogdoches, and one that will go down in history as the biggest gathering of Woodmen that has been held in East Texas to this date. The sovereigns were here in large numbers, and their enthusiasm was as boundless as their numbers.

The occasion was the second annual log rolling under the auspices of the Nacogdoches County Log Rollers Association. The chief attraction was the speech of Hon. Morris Sheppard, representative in congress from the first Texas district, and sovereign banker of the Woodmen of the World. The choppers came from all sections of this and adjoining counties to hear the greatest speech on Woodcraft ever before heard in this section of the state, and they were not disappointed.

Owing to the fact that some of the speakers expected were unavoidably prevented from being present, the program was changed somewhat.

Mr. Sheppard spoke in the forenoon. The Woodmen, as enabled at the hall on Freedom street, and at 10:30 a. m. they started on the march to the City park, preceded by the Lufkin Woodmen band seated on a huge float drawn by four dapple gray horses. There were 500 Woodmen in line of march.

On arriving at the park Hon. E. H. Blount in a brief but eloquent address extended to the visitors a hearty and boundless welcome.

This address was responded to in a happy manner by Rev. J. T. McClure of Wabasha, at the conclusion of which Sovereign W. E. Thomason introduced the speaker of the occasion, Congressman Morris Sheppard.

Mr. Sheppard spoke for two hours, and his address was declared to be the finest and most superb ever before heard in Nacogdoches.

At the conclusion of Mr. Sheppard's address, Rev. J. M. Robinson offered thanks to the deity, and dinner was announced ready.

It is useless to say more than that there was more than enough for everyone of the 2,500 people present, and of the very best grub ever prepared at any barbecue.

Forty-nine animals were barbecued for the occasion, including bees, goats and sheep, and a better lot of barbecued meats was never seen before.

At 3 p. m. dinner Rev. T. W. Yates Camp No. 2216—N. A. Daniels.

Representatives from Rusk and Lufkin Camps were pre-

Mill Supplies

We can supply you with almost anything wanted around a saw mill. Pipe Fitting of all kinds, Shafting, Lace Leather, Pulleys, Lath Yarn, Circle Saws, Lumber Buggies, and many other items not named here.

You will also want a Log Wagon to haul your logs or a Lumber Wagon to haul lumber. We have them in different makes and sizes. For lumber hauling buy a Studebaker or Mitchell. They stand up and do your work when other makes break down. We don't try to see how cheap a wagon we can sell, but how good.

TEXAS RAW FOR DEFENSE.

The congress will meet here They are Not Hunting Trouble. The annual meeting for trouble. The Associated Press dis- sent from the Hague, dated July 8, says:

"Vice Admiral Ijima and officers of the Japanese cruisers Chitose and Tsukuba, lying off Flushing, dined with Queen Wilhelmina at Loo palace today. The Japanese minister and the Dutch minister of marine were included in the party. Speaking of the American-Japanese question, the Japanese officers said they did not believe a serious misunderstanding was possible. The Japanese wished to maintain good relations with the Americans and, pointing to their swords, the officers added, "We are determined not to draw them for offense but only for the defence of our country from attack. In the latter case you will find us ready for all sacrifices."

Died at Appleby.

"Grandma" Strode died at Appleby last night. She was the mother of J. W. Strode, a well known citizen of this county. Grandma was one of the pioneer women of the South whose noble character was recognized and loved by every one whom she met.

Her loved ones have the sincere sympathy of her every friend for they realize that they have lost an aged jewel, but one that kept its value to the end.

NACOGDOCHES will break all previous building records this year.

This weather is obnoxious to every one except the ice man. In the warmest weather he always manages to keep cool.

The old adage, "the good die young," does not always prove true. United States Senator Pettus of Alabama was 86 years of age last Saturday.

The statisticians are now busily engaged compiling the Fourth of July casualties. The ten thousand mark has already been passed and still all the fools were not killed.

The statement is made that District Attorney Jerome is soon to spring a big surprise in the Thaw case. If the resourceful Jerome does not spring a new sensation in the case it will be a surprise.

"I don't know" is sometimes a man's Gibraltar.—Timpson Times.

And "because" is often a woman's rock in a weary land, a shelter in time of storm.

SOME of our oldest settlers are beginning to predict a drouth. Considering the fact that there has been no rain in this immediate vicinity in more than five weeks, there seems to be some reason for the prediction.

The United States may be confronted with the yellow peril face to face, but when the little Japs place their feet upon American soil in any mood but a friendly one, they will be scourged back with the stars and stripes.

ONE of the Fourth of July attractions at San Antonio was a married ladies' race for 100 yards, says the Beaumont Journal, the prizes being a bracelet and a package of tea. The result is not yet known to The Sentinel but we venture the prediction that the report will show that neither contestant wanted the tea.

The building and the fixtures of the Bronson State Bank are in every way modern.—Bronson Bugle.

If the Bugle wanted to blow good and strong, it could have stated that the fixtures were made in Nacogdoches by the Nacogdoches Show Case and Manufacturing company, and from Nacogdoches county wood.

ANOTHER prophet has hobbled up in the person of Rear Admiral Thompson, retired, who predicts war between the United States and Japan within five years. He also predicts that Great Britain will

NEARLY four million dollars were expended for fire works with which to celebrate the 4th of July in New York city. That was considerable patriotism to go up in smoke, but it is estimated that twenty million was burned up by young America throughout the country.

THE following from the Center Advocate is duly appreciated by all concerned: "Hon R. W. Haltom, editor-in-chief of The Nacogdoches Sentinel, has returned to his post of duty after an absence of two years seeking good health in Southwest Texas. The Sentinel is one of our most appreciated exchanges and our best wishes go out to its able chief in his valiant efforts to find perfect health."

THE firebug seems to be in after Nacogdoches these days, some seven fires having visited the Stone Fort city during the past six months. Center would better provide a night watchman and a few more feet of hose before the nuisance comes this way.—Center News.

The esteemed News is wrong. Nobody believes the recent fires in this city were the work of a firebug. They were the result of accident, some of them apparently unexplainable, it is true, but none were charged to the incendiary.

R. W. HALTOM is again occupying the editorial desk on The Nacogdoches Sentinel, and the Gleams man, along with the entire press of the state, extends him best wishes.—Houston Chronicle.

Though painful the duty is. The Sentinel will state for the information of his many friends that Mr. Haltom has not yet so far recovered as to be able to resume newspaper work. Though he makes occasional visits to the office, his desk is still vacant and his editorial chair is empty.

UP in Fort Worth it is now announced that show windows extending over the sidewalks are going to be charged rent space by the city. Come to think of it there is no very good reason why such should not be the rule. The sidewalk belongs to the public and should not be monopolized by show windows.—Austin Statesman.

If that law were enforced in Nacogdoches some of the merchants would have to go out of business. Part of the time about half of their stock is piled on the sidewalk.

QUITE a number of the citizens of Nacogdoches have become cold toward the ice man, even these warm days in July. They have, in fact, begun to raise a howl and ask questions. For instance, they want to know why 5 cents will buy only six pounds of ice in Nacogdoches, when a nickel will get twelve pounds in cities no larger than this. They want to know why the cash will get less ice than coupons will. They really think that it is funny discrimination against the poor of the realm. They also want to know if the Nacogdoches

STATE SUFFERS LOSS.

General Fund Will Be Reduced Over \$138,000.

Up to date sixteen life insurance companies have withdrawn from the state, on account of the enactment of the Robertson law by the last legislature. The withdrawal of these companies will deprive the state general revenue of \$138,000, as that was the amount of occupation taxes that they have been paying into the state treasury, in order to transact business in Texas.

The New York Life, Equitable and Mutual Life were the three big ones in the way of annually replenishing the state's exchequer, and the others trailed in according to the amount of business they transacted annually in the state.

The following shows the various amounts paid by the companies that have withdrawn, sixteen in all:

New York Life	\$49,657.13
Mutual Life	27,090.07
Equitable Life	22,488.75
Columbia National	328.71
Des Moines Life	693.25
Germania Life	2,332.25
Home Life	2,761.89
Manhattan Life	4,275.18
Massachusetts Mutual Life	1,930.55
Mutual Benefit Life	8,762.08
National Life	947.11
Penn Mutual	7,644.75
Prudential Life	2,944.35
Security Mutual	1,794.59
Traveler's Life	2,230.35
Washington Life	2,569.89

Total \$138,420.90

Each of the above companies also paid a filing fee with the department of insurance of \$21 each and for the sixteen companies, this totals to \$336, in addition to the above total.

It will be seen from that the Robertson law as a starter will hit the state revenue fund a jolt just at a time when the state is in need of funds to conduct the affairs of the government.

The new companies entering the state will partially make up this loss of filing fees, but can hardly for some years to come be expected to pay an equal amount of occupation taxes as the companies withdrawing.

Off to Confederate Home.

Mr. F. M. Sloan left this afternoon for Austin to enter the Confederate home. Mr. Sloan has lived in Nacogdoches for a number of years, and he has many friends throughout the county who sincerely hope that his stay at the home may be pleasant and agreeable, and that his days on earth may be many and happy ones. His friends in Nacogdoches presented this noble old soldier with a nice purse before he took his departure, for which he feels deeply grateful, and will be remembered by him as long as he lives.

Our State University.

An institution which is the pride of the people of Texas is our State University. It was founded to meet the needs and promote the welfare of our people. That the facilities which it affords are being appreciated is evidenced by the constantly increasing attendance from year to year. There is no reason why the young men and women of Texas should go out of the State to obtain a first-class education; and we are glad to say, the trend is no longer in that direction. Being an institution of the commonwealth, the University of Texas prepares men and women for service to the State, and it believes that practical, common-sense knowledge makes a good and useful citizen. In its several departments it is admirably equipped for meeting the educational needs of Texas. If any of our readers are interested in the work of the University, let them write for a catalog to Wilson Williams, Registrar, Austin.

Rolls Approved.

County Superintendent R. W. Tillery has received notice from State Superintendent R. B. Cousins that his scholastic roll for the year 1907 has been approved, except that one has been added to the number, making the total scholastic population of the county 7,500. This extra pupil has been added to the Appleby independent district, making the number of scholastics in that district 179, the same as in 1906, and making the total decrease in the county 149 instead of 150. Mr. Tillery also received his commission from the State Superintendent as examiner of teachers for the Nacogdoches colored normal, the examinations to be held July 10, 11 and 12.

Teachers Library.

The library of the Nacogdoches Teachers Association is now open at the office of the County Superintendent R. W. Tillery in the court house. The use and benefit of the members of the association is the object. The collection now embraces over 40 volumes, but it is desired that every teacher become a member of the library auxiliary at once and assist in increasing the number of books to several hundred volumes. This is an enterprise that should receive the aid and encouragement of every teacher in Nacogdoches county. That eastern magazine editor who is advertising for "good, true fish stories," should read the Houston Post.

Dear Sir:—I have tried a great many Chill remedies, but have found none equal to Hall's Chill Cure for Malaria. A few years ago I had a severe attack of Chills and Fever and took many kinds of Chill cures, but they did no good and I just had to give them out. They commenced on me last year the same way, but in a worse form. A friend recommended Hall's Chill Cure and I made it. It took me the Chills and Fever and stopped them entirely. Whenever I have a chill or fever, I take a few bottles of Hall's Chill Cure and they will make them well. I can't say enough for Hall's Chill Cure.

HIS BOYHOOD HOME.

Came From Palestine to Attend Corner Stone Ceremonies.

From Thursday's Daily:
Mr. C. A. Sterne, who was born practically under the shadow of the old stone fort 77 years ago, came from his present home at Palestine yesterday to participate in the ceremonies incident to laying the corner stone of the rebuilt stone fort this afternoon.

Mr. Sterne said, in talking to a Sentinel reporter, that he could not resist the temptation to visit his old boyhood home on this patriotic occasion, nor could he let the opportunity go by to hear his boyhood friend, Judge Peck Edwards, deliver his address this afternoon.

Texas speaking of some of the trying incidents and early years will be connected with the annual meeting of the old fort. Mr. Sterne's meeting at the old fort was used for the purpose of the county court house, from 1838 to 1842.

Some of the greatest lawyers of Texas crossed swords in legal combat. Sam Houston, Thos. J. Rusk, James Pinkney Henderson (first governor of Texas), Wm. B. Ochiltree, Judge Williamson (three-legged Willie), David S. Kaufman (first member of congress from Texas), and other distinguished lawyers were regular attendants at the district court of Nacogdoches county.

"The first Methodist sermon preached in Nacogdoches was by Rev. Littleton Fowler in this building. It was also the scene of a reception in 1835 to Davy Crockett when on his way to the Alamo.

"On the ground floor was the saloon kept by Roberts. This was a popular resort in those early days. The best of Cincinnati whiskey, with brown sugar (ad libitum) at 6-14 cents or a picayune per drink."

How to Cure Your Piles

If sufferers from piles and rectal diseases would first try a reliable laxative like Dr. Caldwell's Syrup Pepsin instead of using external salves and suppositories, or having an operation performed, they would save themselves a world of trouble, expense and pain. The reason is that in nine cases out of ten piles are the result of habitual constipation, and when once the constipation is thoroughly cured the piles disappear.

Piles are to constipation what pimples are to bad blood, simply an outward symptom. And just as face lotions aren't half as good for pimples as a good blood medicine, so salves and suppositories aren't half as good for piles as a reliable laxative like Dr. Caldwell's Syrup Pepsin.

A 30 cent or \$1 bottle will prove these claims, and every druggist is authorized to guarantee results. Hundreds of people have written us that Dr. Caldwell's Syrup Pepsin is the best pile cure they know of, and it is surely worth a trial from you. Not only will it cure the piles but it will permanently correct bowel trouble so that you will have regular movements. It will tone the stomach and make digestion easy for you.

Dr. Caldwell's Syrup Pepsin is the best remedy for constipation, dyspepsia, biliousness, indigestion, and all resultant troubles, such as piles, arising from disordered stomach, liver or bowels. Its gentle action and pleasant taste make it especially suited to children and all who are too weak to stand purgative waters, salts and griping powders and tablets. A physic is not what pile sufferers need, but steady, easy bowel movements, and these can be obtained by the use of this wonderful remedy. It brings about a permanent home cure at a minimum of expense.

FREE TEST These pills will cure Dr. Caldwell's Syrup Pepsin. Send for a free trial bottle and you will see how it works. This offer is to prove the remedy to you as we claim, and it is only open to those who have never before used it. Send for it if you have any trouble with your bowels, or if you have any other ailment that is caused by indigestion, constipation, or any other of the ailments mentioned above.

FROM RED RANCH.

Crops Suffering for Rain in the Abilene Country.

Editor Sentinel.
On Red Ranch, Jones County, Tex., July 2.—We arrived at Abilene Tuesday evening, June 25, and came out to Red Ranch on the Nugent mail hack Wednesday morning.

We found all reasonably well, there being six families on the place, and while their crops are young on account of no rain to bring them up, the crops look well. This country had some rain about twelve days ago, but owing to the high, hot winds and especially on last Saturday, Sunday and Monday, the condition of the crops and grass has a tendency to give a man from God's country the blues. Yet it does not raise an old time long-horned out here, as they and the prairie dogs are hardened unto this climate and fine breezes; besides, they are a hopeful people, bragging on their country and its people, etc.

The railroads lost or misplaced our trunk and clothes, but we hope to get them in the near future; besides we surely need them.

Grain crops in this section are a failure this year.

Note from Sentinel that our friends, Hon. R. W. Halton and family, have returned to their home in Nacogdoches, and we hope the change will prove beneficial to Dear Will and he may yet be spared to his family and friends for many years to come.

Hope this epistle will find our friends all well, that old Nacogdoches county will have had good rains and will harvest an abundance in crops this year.

Glad to note we have another lawyer in Hoya Short, as the young men and women will soon have the reins of this government to govern and to push forward for better progress, etc.

Hoping The Sentinel and all connected with it health, long life and prosperity. As wife's and my health is fairly good; but the rheumatism is ever with me, I may try to write you again, provided I think of more news to write.

At least I'll tell you about the stock, etc.

We get Daily Sentinel and peruse its pages in order to keep up with you all. Yours truly, Jno. P. Davidson.

J. M. Spurgeon of Melrose was in the city today and reported that his community was blessed with a good rain Saturday afternoon.

Elberta on Market.

This week finds the peach that makes East Texas famous on the market. The Elberta season is always a lively time in Lindale. The peach conditions have been very unfavorable this year, but as usual our people are delivering their part of the goods.

When it comes to berries and peaches we are always Johnny on the spot. The berry crop has netted the growers about \$35.00 and we are the only people in Texas who have shipped peaches in car lots to date.

F. M. Boyd, secretary of the Fruit Growers Union, says Lindale shipped about 100 crates of Elberta peaches Tuesday. Up to date we have shipped about 200 crates of this peach and the season is just opening. These peaches are worth \$1.25 to \$1.50 per crate. Mr. Boyd thinks Lindale will ship about 4 or 5 cars of this peach. That is not so bad when we take into account the shortage of fruit this year.

Besides the Elberta various other peaches, such as the Belle of Georgia, etc., are also on the market. Ph

FAMILY REUNION.

Descendants of the Garrison Family to Meet July 10.

The following from the Galveston News will be read with interest:

Garrison, Tex., July 5.—G. M. Garrison was born Feb. 25, 1816, in Franklin county, Georgia; Mary Ann Cooper, April 21, 1818, in Carroll county, Georgia. The couple were married in the winter of 1834, and lived in Georgia twenty years after their marriage. Mr. Garrison was sheriff at one time in Polk county, Ga., and county judge several years before coming to Texas. They moved to Texas in the fall of 1854 and settled near Henderson, Rusk county. He lived there two years, and then moved to the southeastern part of the county, where he passed the balance of his life. He never held office in Texas except that of Magistrate. He died in the winter of 1884. Mrs. Garrison survived her husband a number of years, and met death by falling from a wagon in 1898. Eight boys and six girls were born to this couple, of whom five boys and four girls are still living. Their descendants living in this vicinity number over 200, and they will have an annual reunion on July 10.

The writer knew this couple well. They were highly esteemed by all who knew them. Mr. Garrison was an enthusiastic Democrat and always voted that ticket. This couple was always identified with the Methodist church, South.

TIRED AND SICK YET MUST WORK

"Man may work from sun to sun but woman's work is never done." In order to keep the home neat and tidy, women overdo and often suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

MRS. AUG. LYON

It is to those women that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, comes as a blessing. When the spirits are depressed, the head and back aches, there are dragging-down pains, nervousness, sleeplessness, and reluctance to go anywhere, these are only symptoms which unless heeded, are soon followed by the worst forms of Female Complaints.

Lydia E. Pinkham's Vegetable Compound

keeps the feminine organism in a strong and healthy condition. It cures Inflammation, Ulceration, displacements, and organic troubles. In preparing for child-birth and to carry women safely through the Change of Life it is most efficient.

Mrs. Augustus Lyon, of East Earl, Pa., writes:—Dear Mrs. Pinkham:—For a long time I suffered from female troubles and had all kinds of aches and pains in the lower part of back and sides. I could not sleep and had no appetite. Since taking Lydia E. Pinkham's Vegetable Compound and following the advice which you gave me I feel like a new woman and I cannot praise your medicine too highly.

Mrs. Pinkham's Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help you. Her advice is free and always helpful.

The following from the Hemphill Leader is as true as holy writ: "We notice from our exchanges that any number of people who have moved to the west the past two years, have returned to old East Texas with their purses overflowing with expensive experience. The fact that tens of thousands of people have come to East Texas from the West the past few years should furnish to our home farmers conclusive evidence that money does not float in the western atmosphere is refuted." There is no question but that East Texas is the best all round country on earth, and he who remains here is wise.

THE Tyler Courier makes this important announcement: "One of the biggest news items given out to the public for some time is the announcement of the consolidation of the two daily papers now published in Tyler, The Daily Courier and The Evening Times. This news is most important, not so much from a financial standpoint, but on account of the great number of people affected and the natural general interest." Not only the papers interested, but the citizens of Tyler and Smith county are to be congratulated upon the consolidation of their two leading newspapers, as it will guarantee to them better service and doubtless a better newspaper.

THE BOND ISSUE.

Statement From Judge Mims in Regard to the Matter.

To the property tax payers of Nacogdoches County:

In view of the fact that you are to determine by vote on the 6th day of next month whether or not the bonds of Nacogdoches County in the sum of \$75,000 shall be issued for the purpose of building a new court house and jail, I wish to state the main reasons causing the commissioner's court to order said election, to-wit:

First. The unprotected condition of the records of the county; not only those in the office of the county clerk, but those of the other offices of the county, all of which are of great value to the people of the county, and in the preservation of which every citizen is more or less directly interested.

Second. The lack of room for the decent accommodation of jurors required to attend upon the district and county courts.

Third. The absolute necessity for a decent and safe jail for the criminal class.

All these matters were forcibly brought to the attention of the commissioners court in a petition or memorial from the grand jury serving at the February term, 1907, of our district court; said petition on being signed by each member of the grand jury, and they being representative citizens from the different sections of the county. In making the order for the bond election it was estimated by the court that an additional tax of 10 cents on the one hundred dollars of assessed valuation in the county according to the assessment of 1906, would be ample to pay the annual interest at 5 per cent on the bonds and provide a sinking fund for the payment of the bonds at maturity. Taking this estimate to be reasonably correct, the additional tax for the bonds would increase the present rate of taxation to about 88 cents on the \$100 or valuation for all purposes, both state and county. In other words, while the rate at present is 78 cents on the \$100 of assessed valuation, if the bond issue should carry that rate would be increased to only about 88 cents on the \$100 of assessed valuation in the county. While it has not yet been ascertained to a certainty, it is believed that the assessed valuation for this present year, 1907, will exceed that of the year 1906 by about \$2,000,000, and if this is so, the additional tax, should the bond issue carry, should not exceed 5 cents on the \$100 of assessed valuation, which would amount to 50 cents on the \$1000 of assessed valuation—a tax so slight and insignificant to the citizens as to amount, practically, to nothing especially when the great value to him individually and as a citizen in having an absolutely safe

decent and safe place for the placing of the criminal class of our society, is considered.

In case the bond issue shall carry, it has been determined by the Commissioners court that they will appoint a committee of five or seven of the representative citizens from different sections of the county as an advisory board to act with them in all matters connected with the selection of a location for a court house, letting of the contracts, selection of plans for building, etc., and generally to aid the commissioners in an intelligent and honest effort to get the best possible results from the expenditure of the people's money.

In this connection I desire to say that as yet no particular place for the location of the court house has been determined upon by the commissioners court, except that the new court house would not be located where the present court house now stands; and no one should vote for or against the bond issue expecting the court house to be located in any certain place. The selection of its location would be entirely with the commissioners court, acting with the committee of citizens to be appointed as before stated. I should think that the new court house, in case the bond issue carries, would be located in the center of the public square, or some open convenient place thereto as it was possible to secure at a reasonable price.

Individually, as well as an officer of the county, I feel a deep interest in the proper and safe preservation of the records of the county, and think the matter is one worthy the serious consideration of every citizen of the county, and he should weigh the matter well and thoughtfully before voting on the question. Respectfully,

C. D. Mims.

Haltom, editor of the Nacogdoches Sentinel, who has been in Uvalde county with the view of benefiting his health the past two years, has returned to his home in Nacogdoches to spend the remainder of his days. His move out west did not have the effect so much hoped for by his many friends. Mr. Haltom is one of the most deservedly popular newspaper men in East Texas, and his paper has been and is still a very important factor in the development of this section. He recently voluntarily retired as representative from his district in the legislature. —Hemphill Leader.

THE CUM CONCILIO CLUB.

History and Origin of This Patriotic Organization.

The following interesting history of the Cum Concilio club was to have appeared in The Sentinel on July 4, the date of the laying of the corner stone of the new stone fort but, was unavoidably crowded out:

The Cum Concilio Club was organized in Janr 1894, its object being to promote good fellowship and sociability among its members. The funds in the treasury derived from the payment of a monthly assessment of twenty-five cents from each member is expended for books, thereby forming a nucleus for a library. The librarian has in her care at present four hundred volumes which the public is privileged to enjoy by the payment of the small sum of ten cents for two weeks rental per volume.

The membership of the club in the beginning was limited to fifteen. It being the desire of the members, however, to have more of their friends enjoy the pleasures and benefits of the club, the membership limit was in a short time extended to twenty, and it so remains. The officers of the organization were originally, a president, vice president, secretary, treasurer and librarian. As the work of the club increased it was found necessary to add the office of corresponding secretary, and later still it was found advisable to have a parliamentarian.

In its infancy the object of the club was almost entirely a social one; the hostess each week providing amusement or a literary program at her pleasure, followed by the serving of light refreshments of some kind and interchange of thoughts and ideas. Gossip was forbidden fruit and to the present day has never been indulged in.

In the winter of 1897, after due consideration, the club decided to enter the State Federation and in February the first delegate was elected to represent the club at the annual meeting of this organization to be held in Tyler in April. Since becoming a part of the State Federation the club has been represented annually at both the state and district meetings.

The first public work in which the club as a body became interested was the improving and beautifying of the City cemetery. The movement resulted in the organization of the Cemetery Association, the placing of a neat steel wire fence around the "silent city of the dead," and of neatly kept grounds within.

In 1902 the work of looking to the preservation of the old Stone Fort was begun. The first committee was appointed Jan., 2, to see what could be done in this respect, and to see if Perkins Bros., who had purchased the old building and expected to replace it

finite answer, as Messrs. Perkins Bros. were at that time in communication with the "Daughters of the Republic" with regard to disposal of same. Later a plea from some prominent patriotic women of the state caused the club to renew its efforts to secure the stones, which proved successful.

The history of the great effort expended to make a success of this work and the result is given in another sketch, so it is not necessary to go into detail. It is a pleasure, however, to say that the effort has been crowned with success, as the laying of the corner stone July 4, gives testimony. The club has always been public spirited, ready to assist in any work for the uplift of the community. The literary work of the club has increased from year to year until the literary feature has become the main feature.

The coming year the club will study Germany, using Bay View course of study. Originally very few laws were needed for the government of the body, but as the work broadened, new laws were needed, hence the constitution and by-laws have been revised to meet the demand. We feel that we have a right to be just a little elated over the success of our efforts during the thirteen and a half years of our organization and that it would not be amiss to ask our friends—and our enemies too—to join the members of the Cum Concilio club in the wish that their efforts in the future may be more abundantly successful. A Member.

The Post Card Evil.

An evil path, if continually traveled, will become wider and more evenly trodden and will finally end in perdition. The post card craze is a sample of an evil road. A short while ago they came out in the form of comic pictures and were quite a rage for awhile and offered a great deal of amusement to friends and sweethearts playing jokes upon each other. They drifted from a comic picture to one of a little immoral appearance and from bad to worse. Many of them have become indecent for ladies to gaze upon and are a shame to a civilized world. They are displayed in the card case where young girls and boys are at liberty to gaze upon them and purchase them if they wish, as they are made to sell. They are for no good, but on the other hand, they might be the means of pointing out an evil path to the younger folks and anything that stands between our children and right, should be put out of existence and that quickly. We have no objections to the comic cards, but the ones with immorality stamped upon them, we have the utmost contempt and are in favor of putting them out of existence. —Ratcliff Herald.

IMPORTANT DECISION.

Railroads Must Provide Equal Accommodations for All Races.

Washington, July 8.—The interstate commerce commission in a decision today in the case of Georgia Edwards against the Nashville, Chattanooga and St. Louis railroad, held that where a railroad provided certain accommodations for first-class passengers of the white race it is commanded by law that like accommodations be provided for negroes who purchase first-class tickets. It holds in this case that it is manifest that the railroad "unduly and unjustly discriminated in some particulars against colored passengers," and orders that where a railroad provides a wash bowl and towels in coaches for white passengers, and separate smoking compartments, similar accommodations must be provided for negro passengers paying similar fares. The complainant, who purchased a first-class ticket from Chattanooga, Tenn., to Dalton, Ga., was moved from a car for negro persons to one for negroes and complained that she had been discriminated against because of her color and not afforded equal facilities.

Preserving Historical Structures.

The ladies of Nacogdoches have done well for themselves and for Texas in preserving to future generations the historical old stone fort at that place, about which so many traditions of East Texas cling. To preserve the old structure, it has been found necessary to rebuild it, but it was taken down carefully and each part restored to its proper place. The corner stone of the rebuilt structure was laid with appropriate ceremonies.

The old fort was built in the earliest days of the settlement of East Texas for protection against the Indians. It was used for years as the county court house, and from 1838 to 1842 some of the greatest lawyers of Texas met there in legal combat. Sam Houston, Thomas J. Rusk, James Pickney Henderson, first governor of Texas, Wm. B. Ochiltree, Judge Williamson, David S. Kautman, first member of congress from Texas.

The first Methodist sermon preached in Nacogdoches was in this building by Rev. Littleton Fowler. It was also the scene of a reception to Davy Crockett, when he was on his way to the Alamo, in 1835.—Beaumont Enterprise.

Board of Equalization.

The city council held a called meeting yesterday afternoon to complete the board of equalization. Several had been selected to act on this board, but they in turn declined to serve for different reasons. A complete board has now been selected, however, in the persons of Hon. S. W. Blount, H. T. Mast and J. G. Orton.

THE ANTI-PASS LAW.

Another Ruling by the Assistant Attorney General.

Assistant Attorney General J. P. Davidson has given out an opinion which he holds that a Texan

may be an officer, under the free pass act, use free railroads over any railroad in this state. This was in answer to a question from the present attorney of Terrell, Texas, who stated that one of the councilmen, W. P. Allen, is also assistant treasurer of the Texas Midland and asked if the fact that he is a city councilman will prevent his acceptance of and riding on free transportation on the Texas Midland railroad. According to Judge Hawkins he will have to give up his seat in the council if he wishes to avail of his pass over the road by which he is employed.

The opinion of Judge Hawkins in full follows:

Senate bill No. 8, which was passed by the Thirtieth legislature and is commonly known as the anti-free pass law, which will become effective on July 12, 1907, contains the provision that "no persons who hold any public office in this state shall at any time during their term of office be entitled to any such free pass or transportation, privileges or franks or substitute for fare or charge over any railway or other company mentioned in section 1 of the act, except employees operating trains when in the actual discharge of their duties as such and the officers herein after exempted."

A member of a city council is, in my opinion, a public officer, within the meaning of

of this statute. (McCormick vs. Pratt, 19 L. R. A., 843 and note)

A city councilman is not of the officers who are expressly exempted from the operation of said anti-pass law.

I am, therefore, of the opinion that under said statute, and with the exception of "employees operating trains when in actual discharge of their duties as such," a city councilman can not on or after July 12, 1907, lawfully use free railroad transportation over any railroad within this state. The fact that such person is assistant treasurer of a railroad company is immaterial, if he is also a public officer.

Truly yours,
 William E. Hawkins,
 First Office Assistant and
 Acting Attorney General.

CITY COUNCIL MEETING.

Regular Session of City Fathers Tuesday Afternoon.

The city council met in regular session Tuesday afternoon with all present except Alderman Blount.

After the minutes of the previous meeting of the council had been read and approved, the selection of L. P. DeMouche, chief; Josh Henson, first assistant chief, and T. J. Stack, second assistant chief, of the Nacogdoches fire department, was ratified and approved by the council.

Accounts amounting to \$64.10 were allowed.

Mayor Shindler was employed by the council to have the management of the water works while the plant is under construction and instructed to make reports to council.

Alderman Baker was selected as a committee of one to employ a man to look after pumps and make repairs, etc., to be under manager of water works.

Alderman Baker reported that the H. E. & W. T. railroad had agreed to enter into contract for water for engines only for 25 years at \$25 per month.

Mayor reported that J. P. Davidson was willing to pay for 12 inch sewer on North street the length of his property.

The mayor reported that Chas. Perkins and Sam Stripling can not serve on equalization board, and Geo. H. Matthews and Jno. Orton were appointed in their stead with Hollis Mast.

Mayor was authorized to contract with Ice company for water.

W. H. Wood asked permission to fill in and grade up lot on Fredonia street and asked council to build sewer in front of lot. The request was granted and D. Rulfs was appointed committee of one to have sewer put in.

Alderman Rulfs reported bridge on Banita bayou on North street in bad condition and suggested that an iron bridge should be built. Referred to street and bridge committee.

City marshal was instructed to set fence back on the property of Hyde at Hardy house, on North street and Josh Henson given permission to build sidewalk.

The mayor appointed City Marshal Matthews and Fire Chief DeMouche as a fire committee with authority to inspect all flues and buildings within the fire limits and require property owners or those having property in charge to place them in safe condition.

A committee from the fire department appeared before the council and asked that the department be equipped with substantial apparatus to be drawn by horses, and that horses and drivers be provided.

At the conclusion of the committee's request, on motion of Alderman Baker Will T. Hawkins, the spokesman for the committee, was requested to secure from the three and a quarter p. There are beats that weigh more, but this is the largest beet that has reached this office this season.

HOBSON'S LECTURE.

The Closing Attraction of the Nacogdoches Chautauqua.

From Friday's Daily:

The splendid lecture by Capt. Richmond Pearson Hobson at the auditorium last night was not only a fitting finale to the Nacogdoches Chautauqua, but it was by far the best number in the entire series of attractions.

While it is regretted that the attendance has been disgracefully small throughout the entire Chautauqua, it is exceedingly unfortunate that so few availed themselves of the opportunity to hear this distinguished hero, orator and statesman last night.

The speaker was introduced by Hon. June C. Harris in a brief but eloquent speech, and when Captain Hobson stepped to the front of the rostrum he was greeted with prolonged applause.

It had been announced that Mr. Hobson's subject would be, "My Personal Experience in the United States Navy," but owing, he said, to the fact that Hague conference is now in session, and

the further fact that our relations with Japan are somewhat strained, he asked permission to change his subject to that of "Peace and the American Navy." Captain Hobson astounded his audience. He did a greater thing. He convinced them. His hearsers soon ceased to mark the man with his sterner yet kindly clear-cut features, and for one hour and a half the message and not the man engrossed attention. His address is wonderful for its saneness, its lack of ostentation, its enthralling interest, and its irrefutably cogent argument. He speaks truth with a marvelous degree of effectiveness. There is no American who can lay just claim to greater strength in public speech.

Hobson's foresightedness is amazing. His interpretation of present day affairs is worthy of the maturest and most experienced statesman. Alabama, the South and the Nation are fortunate in having as a representative this astute patriot.

Miss Lillie Davidson left last night for Tyler where she will join her cousin, Miss Durst and her grandmother for quite a trip this summer. They go first to Detroit, Mich., to visit Mrs. Ott Long, Jr., (nee Miss Durst); from there they visit parts of Canada, Niagra Falls, down the Hudson to New York City, Washington City, Richmond, Va., the Jamestown Exposition. Then to the White Sulphur Springs, Va., to remain until fall. Mrs. P. C. Meador accompanied her daughter as far as Tyler where she will remain only a few days, returning home about next Monday.

A PLEASANT AFFAIR.

Reception Tendered to Judge Edwards at the Banita.

From Saturday's Daily:

One of the most enjoyable and distinguished functions that has been given in Nacogdoches in many a day was the reception and dinner tendered to Judge Peyton Edwards by the ladies of the Cum Concilio Club at the Banita hotel last evening.

There were present as guests of the ladies, in addition to the honoree of the occasion, the husbands of the members of the club, Congressman Richmond Pearson Hobson of Alabama, Dr. A. R. Rambert of Chicago, Prof. John D. Rosser and Will T. Hawkins of Nacogdoches.

Covers were laid for 45, and a choice menu was served by Mr. J. R. McKinney, the genial and courteous proprietor of the Banita.

Mrs. Charles Butt presided at the head of the festal board in a most pleasing and creditable manner, and her easy grace won the congratulations and plaudits of every guest present.

After the first course had been served Mrs. Butt, the accomplished toast mistress, in a few graceful and polished words, explained the purpose of the occasion, and concluded by calling on Jno. T. Garrison, Esquire, to respond to the toast—"Our Guests."

Mr. Garrison made a happy hit in his reference to the grand work that has been accomplished by the Cum Concilio Club, and he congratulated their husbands, one of whom he is which, upon having such noble and patriotic wives.

Judge Edwards, the honoree of the memorable event, responded to the hostess' request for a speech by reiterating his belief that the old stone fort was erected prior to 1725, and concluded by telling some amusing jokes that had their origin with citizens of Nacogdoches half a century ago.

The toast of the evening was delivered by Congressman Hobson, whose theme was "The Ideals of the Old South." Captain Hobson is a man of graceful mien and splendid physique, and is a pleasing and entertaining speaker. His ideals of the old South were the women who produced the noble and valorous men of history and whose hardships, sufferings and fortitude was not second even to the heroic and chivalric deeds of those brave sons who have defended them and preserved their country. He called attention to the fact that so long as the Democratic party of the old South furnished the leaders and the standard bearers, the party maintained the respect and admiration of not only all Democrats, but of all peoples, and in every contest the Southern leaders were successful. He further expressed the belief that the time had now come back when the south should put forth the

he spoke feelingly of her whose influence is so intermingled and interwoven with every movement for good, is to but feebly express it. His remarks touched a receptive chord in the hearts of all present.

There were other toasts on the program, but the hour, having arrived for the lecture at the auditorium, the guests were dismissed and all repaired to the hall to hear the brilliant hero of the Merrimac.

Lufkin Saloons to Close.

M. M. Feagin who has been in Austin for several days conferring with the Attorney General and other parties regarding the 20 day closing under the new law returned yesterday.

Mr. Feagin stated that the advice of all parties with whom he talked was that the saloon men close promptly at 12 o'clock on the night of the 11th and stay closed until the courts decided that they could open up.

It is understood that all the saloon men of the city have agreed to close and keep the "lid" on until they can legally open their doors.—Lufkin News.

Mrs. S. A. Durst, accompanied by Miss Azalea Durst and Miss Lillie Davidson, of Nacogdoches, left today for a pleasant trip. They will visit Hot Springs, Va., and points north before stopping at Detroit, Mich., where they will be the guests of Mrs. O. L. Lang.—Tyler Courier.

Miss Mary Wallace of Abilene and Miss Maritta Keith of Dallas and Miss Alice Harrington spent last Friday and Saturday with Mrs. Ling at Davisville. They report a grand time, and it was the young ladies first visit among the pines.

P. L. Sanders left yesterday afternoon for Philadelphia to attend the grand lodge meeting of the Benevolent Order of Elks. He will also visit the Jamestown exposition at Norfolk, New York city, Washington and other points of interest and note before returning.

Mr. Lee Edward Stout, business manager of the Rusk Press-Journal, was one of the prominent visitors to the Woodmed Log Rolling today.

Miss Floy Galloway of Dallas is the guest of Miss Alice Harrington. It will be remembered that Floy lived here a few years ago.

Misses Paula and Jessie Garrison accompanied their aunt to Palacios to spend the rest of the summer. They left today.

SENTINEL REMEMBERED.

Was the Recipient of a Crate of Fine Peaches.

A crate of fine Elberta peaches reached The Sentinel office by express this morning from the orchard of Mr. L. A. Lallier at Appleby. On the top of the crate was written: "To the working forces of The Daily Sentinel; compliments of L. A. Lallier, Appleby, Texas."

On one side of the crate was this remarkable statement: "The only peaches in Nacogdoches county;" and on the other the command, "Eat and be Merry."

Mr. Lallier can rest assured that his gift was not only appreciated, but that his peaches were enjoyed by every member of The Sentinel force, and he has their congratulations upon being able to produce the only peaches in Nacogdoches county.

Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S. Blackwell, Okla., writes:

"My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since. Sold by Kleas & Mast.

Do You Itch?

The cup of human misery is never quite full until some form of itching skin disease is added. Then it overflows. Hunt's Cure is a specific for any itching trouble ever known. One application relieves. One box is guaranteed to cure any one case.

Best of All.

R. J. Mayher, No. 406 South Clark St., Chicago, writes as follows:

"I have kept and used your Hunt's Lightening Oil for the last ten years in my family. It is the only kind to have and the best of all."

It cures cuts, burns, bruises, sprains, aches, pains, stings and bites. It kills chiggers, too.

Mrs. Hal Tucker and children left for Lufkin today to join Mr. Tucker in their new place of residence. Mrs. Tucker has lived here since infancy and her scores of life long friends find it hard to give her up. Mr. Tucker has lived here a number of years and he too has many friends, who regret to have them leave. The best wishes of all go with them.

Your Liver

is out of order. You go to bed in a bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for Constipation, Dyspepsia and all liver complaints. Mrs. F. Fort Worth, Texas, writes:

"Have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household are happy and well and we owe it to Herbine. Sold by Kleas & Mast.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles. A Nacogdoches Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Nacogdoches people testify to permanent cures.

G. P. Parks, farmer, living five miles west of Nacogdoches, Texas, on the Melseose road, says: "I had occasion to use a kidney remedy some time ago as I was troubled considerably with an aching in the small of the back. I procured a box of Doan's Kidney Pills at Kleas & Mast's drug store. After using them I found the pain less annoying. I believe Doan's Kidney Pills to be an excellent kidney medicine."

CORNER STONE LAID.

A Memorable Event in History of Nacogdoches.

July 4, 1907, marked an interesting epoch in the history of Nacogdoches. All interest in the fact that it was the 181st anniversary of American Independence was overshadowed by the enthusiasm incident to the laying of the corner stone of the old Stone Fort, now being rebuilt.

The exercises were conducted at the High School auditorium under the auspices of the ladies of the Cum Concilio club, whose patriotism and zeal are responsible for the preservation of this historic old land mark. The time set for the ceremonies to begin was 5 o'clock p. m., but it was 5:30 when Mrs. John T. Garrison, the president of the club and mistress of ceremonies, called the large assemblage to order. The auditorium was literally packed with people, who joined in singing the patriotic air, "America."

The exercises were then opened with prayer by Rev. Miller.

Members of the Cum Concilio club and Judge Edwards of El Paso, Texas, were present on the occasion. The exercises were presided over by the Rev. Miller, assisted by Messrs. June C. Harris, H. Blount of Nacogdoches, and J. T. Garrison.

At the conclusion of the invocation Mrs. Garrison, the club's efficient president, stepped to the front of the stage and said:

"I will say in behalf of the Cum Concilio club, about 5 years ago commercialism decreed the fate of the old Stone Fort and it was leveled to the ground because of its prominent place upon the square, from a business standpoint. The purpose for which this old building was originally erected had been so desecrated in late years that many had lost their reverence for its ancient protective glories, and when those sacred old rocks gave place to a more modern structure, they were to have been cast aside to be forgotten. 'Twas then the Cum Concilio club caught the spirit of perpetrating the patriotism of its builders and since then our Club, assisted financially by other clubs and individuals throughout the state, undertook its re-erection and today we feel that our efforts have been rewarded and crowned with success."

This was followed by a few musical numbers by Mesdames Robert Lindsey and M. J. Dooley and Misses Clytie Harris and Jenivieve Jones.

Mr. E. H. Blount introduced Judge Edwards with a brief but complimentary address.

Judge Edwards prefaced his remarks with the statement that the happiest moments of his life are when he is here in Nacogdoches among old friends of his boyhood days. A large part of his address was devoted to historical references to the origin and

fort. Most, or nearly all, of the speaker's history was based upon tradition, and all the facts brought out by him have been repeatedly published, and several times in The Sentinel. The speech was full of interest, however, and elicited frequent an hearty applause.

At the conclusion of Judge Edwards' address Hon. June C. Harris made a brief but patriotic talk, at the conclusion of which the benediction was pronounced by Rev. J. M. Robinson and the vast audience repaired to the site of the new stone fort where the corner stone was placed in position with the beautiful ceremony of the Masonic fraternity. Judge V. E. Middlebrook having been commissioned special grand master for the occasion, conducted the ceremony. The stone is a beautiful white marble tablet, on the face of which is inscribed these words:

"The Stone Fort, Built 1778; Re-erected 1907, by the Cum Concilio club to the memory of those heroes whose courage rose superior to their privations, and whose valor made possible Texas Independence."

A Woman's Back

Has many aches and pains caused by weakness, and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness. If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening medicine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful or habit-forming drugs. Its ingredients are all printed on the bottle wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy of known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets original "Little Liver Pills" by old Dr. Pierce over forty much imitated but never equalled.

Rings Round Eyes

WHY REMAIN IN DARKNESS

Why Suffer From Eye Diseases or Deformities?

You can now be cured in Nacogdoches and save railroad fare and board bills. You get the same scientific treatment that you would in any city. Dr. Adams, an oculist of years' experience, has opened a branch office in the Banita hotel and visits this branch office once a month. See him if you want to know facts about your eyes and be dealt with square and fair. If he cannot cure you he will not take your case. He has been in this special work for 15 years, had special training under several of America's leading authorities, and will easily prove to you that he is an expert oculist if you will call at his office and investigate his record of cures. He has cured hundreds who were led to his office, many of them in East Texas. Reason teaches you that it is able to cure those blind and led for years, the average case can be quickly cured, therefore it is to your interest to get treatment before you go blind, although he cures 9 cases out of 10 that are led to his office, even after they have been led for years. He solicits such cases and treats them on a guarantee; they place fee in bank or give a note, and pay only when their eye sight is restored. Here is a proof which no one can dispute, and he has hundreds of such references:

Henry Turner, ex-county assessor and collector, Nacogdoches, Tex., says: "It is a fact that my mother was blind and led four years. Dr. Adams operated on her in May and in three weeks' time she was up and attending her household. He has made many wonderful cures here, and I know him to be an expert."

T. P. Seay, jeweler and optician, Nacogdoches, Texas, says: "My mother was blind and led for two years; she is 85 years old yet Dr. Adams had no trouble in curing her, she now enjoys good vision; he also cured me of a severe case of granulated lids after many other treatments had failed."

Space will not permit of a complete record of many difficult cases treated recently but I would respectfully refer you to the following prominent citizens of your community some or all of whom you know, who have been operated upon or treated for various serious and difficult eye troubles. Ask or write them as to the benefits they have derived from the treatment: J. J. Ridder, J. E. Tyndall, A. G. Childress, A. W. Bird, O. A. Fuller, J. W. Power, Mrs. Mary Randall.

When your neighbors talk about a doctor's work as the above do, and when the doctor can give you references from thousands of prominent citizens in the South, it is unquestionable proof that his claims are true, therefore if you want to save money and time and future suffering, call on him at his branch office nearest to you, or write for symptom blanks and answer his questions and he will tell you whether or not your case is curable. If curable he will guarantee a cure; if not curable he will say so, and you are not out your money, even if you wasted any time. Watch this space for his dates at branch offices.

His next date at Nacogdoches will be July 15th and 16th. Office at Banita Hotel.

In the meantime should you want to write for symptom blanks address Gordon Adams, M. D. Eye Specialist, San Antonio, Texas, 320 San Pedro Ave.

DAMON'S BEE. Three and a quarter pounds. There are bees that weigh more, but this is the largest bee that has reached this office this season.

Wine of Cardui. The ills peculiar to women, take different forms. Some ladies suffer, every month, from dark rings round their eyes, blotches on their skin and tired feeling. Others suffer agonies of pain, that words can hardly express. Whatever the symptoms, remember there is one medicine that will go beyond mere symptoms, and act on the cause of their troubles, the weakened womanly organs. Mrs. M. C. Austin, of Memphis, Tenn., writes: "For five (5) years I suffered with every symptom of female disease, but after using the well-known Cardui Home Treatment, I was entirely well." WRITE US A LETTER

W. corner; thence east to corner between Lee and Rushing; thence south with Rushing's west line to the east prong of Red creek; thence down said Red creek with its meanders to the N. E. corner of the M. C. Austin tract.

Now, the return: I. C. D. Mims, in my capacity as county judge of Nacogdoches County, Texas, do hereby order that an election be held on the 27th day of July, 1907, at Cox's school house, Nacogdoches county, Texas, to determine whether or not hogs, sheep and goats shall be permitted to run at large within the boundaries of the above described subdivision of said Nacogdoches County, Texas.

All persons who are legally qualified voters under the laws of this state, and who are also freeholders in Nacogdoches County, and resident citizens within the boundaries of said subdivision are entitled to vote in said election.

W. B. Pearson is appointed presiding judge of said election, and Rowland White assistant judge; M. S. Dale and S. S. Arthur as clerks to assist them in holding the same.

The judges of said election shall within ten days after said election has been held make due return thereof to the county judge of Nacogdoches county.

Witness my official signature at Nacogdoches, Texas, this 18th of June, 1907.

C. D. Mims, County Judge of Nacogdoches County Texas.

A Memorial Day.

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowels right. 25, at Kleas & Mast's drug store.

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD. Whenever a sore refuses to heal it is because the blood is not pure and healthy, as it should be, but is infected with poisonous germs or some old blood taint which has corrupted and polluted the circulation. Those most usually afflicted with old sores are persons who have reached or passed middle life. The vitality of the blood and strength of the system have naturally begun to decline, and the poisonous germs which have accumulated because of a sluggish and inactive condition of the system, or some hereditary taint which has hitherto been held in check, now force an outlet on the face, arms, legs or other part of the body. The place grows red and angry, festers and eats into the surrounding tissue until it becomes a chronic and stubborn ulcer, fed and kept open by the impurities with which the blood is saturated. Nothing is more trying and disagreeable than a stubborn, non-healing sore. The very fact that it resists ordinary remedies and treatments is good reason for suspicion, the same germ producing cancerous ulcers is back of every old sore, and especially is this true if the trouble is an inherited one. Washes, galves, nor indeed anything else applied directly to the sore, can do any permanent good, neither will removing the sore with caustic plasters or the surgeon's knife make a lasting cure. If every particle of the diseased flesh were taken away another sore would come, because the trouble is in the blood, and the BLOOD CANNOT BE CUT AWAY. The cure must come by a thorough cleansing of the blood. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is an unequalled blood purifier—one that goes directly into the circulation and promptly cleanses it of all poisons and taints, the trouble is cured at the very bottom.

Many of our people knew Miss Fite as teacher in the Libbert school during the past year. Bert is well known to all as a business man of marked ability.

Mr. and Mrs. McNeil will make their home in Cushing, where they have received the glad hand of welcome.—Cushing Enterprise.

H. C. Hatchel Pardoned. A message was received from Austin today stating that Gov. Campbell had pardoned H. C. Hatchel. It will be remembered that Hatchel was sent to the penitentiary from Shelby county for killing a man named Judd at Center a few years ago.

Card of Thanks. To the good people of Nacogdoches: Since I am to leave this afternoon for Austin to make my future home, I desire to thank the good people of Nacogdoches most heartily for the many deeds of kindness that you have shown me during my stay of 20 years among you. I am not leaving Nacogdoches and her good people because it is my choice to do so, but the frost of many winters and feeble health make my leaving a necessity. I shall ever remember dear old Nacogdoches and her excellent people, and it is my sincere desire that peace and plenty may abide with you to the end, and that it may please an all wise Providence to permit us a joyous meeting on the shining shores of eternity.

Again thanking you one and all, I am yours most gratefully. F. M. Sloan.

Rain at Melrose. Editor Sentinel. Melrose, July 7.—Rains that fell here yesterday and the day before have put a good season in the ground and the crops will be greatly benefited. The protracted drouth had nearly paralyzed energy, but hope for a fair yield of crops is received. The rain clouds seem to be partial in their course. There was a good rain at Woden south of here last Saturday, but no rain on a considerable space between here and there. Nature's freaks are wonderful, but God knows best how and where to bestow his blessings.

There are but two merchants here now, though there are three houses containing good stocks of general merchandise, all doing pretty fair business.

G. W. Morris, who formerly did mercantile business here has sold his stock of goods to J. W. Mast and I am informed that Mr. Morris intends to make Nacogdoches his future place of residence and business.

Mrs. Fannie Hardeman has recently organized a school here with about 50 pupils listed under her guidance. The patrons may expect good results.

Dr. H. A. Hardeman is confined to his bed with fever; he has been quite sick several days. No other sickness in this immediate neighborhood.

No political nor sensational news of any kind to report.

Do you really enjoy what you eat? Does your food taste good? Or do you have a heavy, dull feeling after meals, sour stomach, belching gas on the stomach, bad breath, indigestion and dyspepsia? If so, you should take a little Kodol after each meal. Kodol will nourish and strengthen your digestive organs and furnish the natural digestive juices for your stomach. It will make you well. It will make your food do you good. Turn your food into good rich blood. Kodol digests what you eat. Sold by Stripling, Haselwood & Co. dw

George Faulkner, deputy county clerk, has returned to his post of duty after a week's vacation at his old home in Rusk county.

Married in Houston. Last Friday evening Mr. Earl Ramey and Miss Lillie Lee were married in Houston. Mr. Ramey's parents live here and they came up Saturday night to visit them. Nacogdoches friends extend congratulations.

Nearly all old fashioned cough syrups are constipating, especially those that contain opiates. They don't act just right. Kennedy's Laxative Cough Syrup contains no opiates. It drives the cold out of the system by gently moving the bowels. Contains Honey and Tar and tastes nearly as good as maple syrup. Children like it. Sold by Stripling, Haselwood & Co.

Mrs. O. F. Baxter, baby, Virginia Bell, of Houston, are visiting Mr. and Mrs. Ham, on North street.

A cleansing, clean, cooling, soothing, healing household remedy is DeWitt's Carbolic Witch Hazel Salve. For burns, cuts, scratches, bruises, insect bites, and sore feet it is unequalled. Good for piles. Beware of imitations. Get DeWitt's. It is the best. Sold by Stripling, Haselwood & Co.

Mr. and Mrs. Tobe Booth of Hugo, I. T., who have been visiting the families of Mr. J. T. Booth near town and Mrs. Cronkrite in this city for several days, went to Lufkin today to visit relatives for a few days before returning to their home.

Bad sick headaches, biliousness or constipation are quickly relieved by DeWitt's Little Early Risers. Small pill, sure pill, safe pill—prompt and pleasant in action. Sold by Stripling, Haselwood & Co. dw

Great Reduction Sale Continues. Our sale as advertised has been a wonderful success, and having an immense stock that needs reducing, and no further expense necessary to be incurred, goods all tagged and marked, hot and dry weather, and thousands of people needing goods at the lowest possible prices, we have concluded to extend the time of our sale one more week, closing Saturday, July 13.

Our stock will be kept up, goods coming by express all the time. We intend that people shall know where we are, and are determined to offer inducements that will cause them to hunt us up. Come one and all, both great and small, those just ajar, and those afar. Yours out of the old ruts, F. M. DOTSON
