Death of Mrs. Wm. Partin.

Mrs. Annie Partin, wife of Mr. W. H. Partin, died at the family home three miles north of the city Monday morning at 9 o'clock, after a brief illness with pneumonia.

Mrs. Partin was about 40 years of age, and was a most excellent woman. She leaves a husband and five children—four daughters and a son—besides a host of friends to mourn her death.

The funeral was conducted from the home at 3 o'clock this afternoon, and the remains were laid to rest in North church cemetery.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's salve as soon as the child is through nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by Mast Bros. & Smith.

OIL DERRICK COMPLETED.

People of Cushing Only Waiting for Machinery to Arrive.

Cushing, May 12. — Last Friday night B. F. Creel, H. A. Dotson, Lee G. Carter, B. N. Richards, Sharp McNeil, B. S. Shirley and others met at the office of B. F. Creel and discussed the question of organizing a debating or literary society. Nearly everyone present had something to say in regard to the benefits to be derived from an organization of this kind. After considerable comment on the subject it was decided to organize a debating society for men only.

The following officers were elected: B. F. Creel, president; Lee G. Carter, vice president; B. N. Richards, secretary; T. B. Phillips, corresponding secretary; Dr. E. C. Billingsley, treasurer; W. F. Thurston, sergeant at arms.

The subject for discussion next Friday night is: Resolve, That Texas Should be Divided into two More States. Affirmative, B. S. Shirley and B. F. Creel; negative, H. A. Dotson and E. C. Billingsley.

The Derrick for the oil well has been completed, but from some cause the machinery for boring the well has been delayed. Capt. A. B. Martindale went to Sour Lake Sunday to see to the loading of the machinery and will rush it through as quick as possible.

W. P. Traylor and his brother, Robert, of New Waverly, are visiting friends here this week.

J. T. Gallant came in from Dallas Saturday.

A Card.

To the Voters of Nacogdoches County.

In a previous issue of The Sentinel I wrote an article declining to make the race for representative at this time, and thought the solicitations would cease. Since I am still urged by the best citizens of different parts of the county who are unbiased by political schemes, I feel that I would do myself and friends an injustice not to permit my name to go before the people.

I am not seeking opposition to my friends who are in the race. I am simply in the field in answer to the call of the people. I propose to stand on my own merits and struggle for the betterment of Texas and her people.

I kindly solicit your consideration and support. I am in the race to stay and I am exceedingly anxious to win the victory.

Time may not permit me to see every voter of the county, but will appreciate your support just the same.

If I am elected I assure you that I will spare no energy and study in rendering the best service possible.

Yours for better government,
 W. E. Feazell.

FOR A COUNTY FAIR.

Movement Inaugurated at a Mass Meeting Last Night.

A well attended mass meeting was held in the city council chamber last night for the purpose of taking steps to organize a county fair association.

Hon. S. M. King was made chairman of the meeting and Maury Haltom was selected to act as secretary.

H. T. Mast stated the object of the meeting, after which the following committees were appointed by the chairman.

Committee on Grounds—Giles M. Haltom, Luther Swift, Guy Blount.

Committee on Solicitation and Advertising—J. B. Power, Maury Haltom, H. T. Mast, P. L. Sanders, Giles M. Haltom, K. P. Branch, W. S. Satterwhite, Will T. Hawkins.

Committee on Estimation—W. U. Perkins, Fritz Swift, H. T. Mast, D. Rulis, Ed DeLamar, D. K. Cason, J. R. McKinney.

Another meeting will be held on Wednesday evening, May 20, when the above committees are expected to report and a permanent organization will be perfected.

Shady Grove Items.

Shady Grove, May 11.—Most everybody of our community seems to be enjoying good health and are striving to their utmost to make a good crop this year.

Crops are beginning to recover from the effects of the cold weather we have had.

Neal Ingraham and Edgar Thomason, of Nacogdoches and Joe and Eddie Day went fox hunting on last Saturday night but failed to catch any of the real animals.

We are sorry to announce that one of Mr. W. T. Weaver's best horses died on last Friday night.

Mr. W. B. Pearson gave a reception on last Saturday night and served the youngsters with ice cream.

Miss Jennie Weaver who has been attending the high school at Douglass, has returned home. We congratulated her on successfully passing the last county examination.

J. O. Cox, Roe Cox, Lee Murphey and others of Nacogdoches, attended the ice cream supper at W. B. Pearson's Saturday night.

J. O. Day, who has been visiting the leading cities of Northwest Texas, returned home last week.

Don't forget the society on next Saturday night.

The Sunday school is progressing nicely under the auspices of J. R. Shirley.

A Sad Death.

Miss Willis Faulkner, a most estimable young lady and a student in the Nacogdoches High school, died at the home of her mother, Mrs. George Faulkner, on North street Tuesday morning.

Miss Faulkner was stricken with an attack of typhoid fever while at school a few days ago, and the disease developed into pneumonia, which caused her death.

She was about 16 years of age, and had scores of friends who are deeply grieved on account of her death.

The funeral was conducted from the family residence this afternoon, interment in North Church cemetery.

John Grimes came in Saturday from St. Louis and is enjoying a few days visit to friends and relatives here.

Distinguished Visitor.

Hon. J. M. Alderdice of Waxahachie, candidate for state superintendent of public instruction, spent last night and a portion of today in the city; and during the forenoon he called on a large number of the citizens.

Mr. Alderdice came here upon invitation to deliver an address to the East Texas Log Rollers association this morning, but the association having completed its sessions adjourned last night, and most of the delegates and visitors having left for their homes on the early morning trains, the address had to be dispensed with. Mr. Alderdice went up to Jacksonville this afternoon where he will speak tonight.

Mack Monk returned home Sunday from Peacock Military school at San Antonio.

EMPLOYER'S LIABILITY BILL.

Referring to the employer's liability bill, recently passed by congress and approved by the president, a Washington dispatch says:

"The bill makes railroads or other common carriers while engaged in interstate commerce, liable for the injury or death of any employe in whole or in part, from the negligence of any of the officers, agent or employes of such carriers, or by reason of any defect or insufficiency of equipment. This provision is made applicable also to carriers in the territories, the District of Columbia, the Panama canal zone and other possessions of the United States. It is provided that in any action brought under the provisions of the bill, the injured employe shall not be held to have assumed the risk of his employment in any case where the violation by the carrier of any statute enacted for the safety of the employes contributed to the injury or death of the employe. Any contract, rule, regulation or device to enable the carrier to exempt itself from liability under the act is rendered void by a specific declaration to that end. Provision is made, however, that the carrier shall receive credit for any contribution made to the employe or his family in the form of insurance, relief, benefit or indemnity. An action for the recovery of damages must be commenced within two years from the date of the cause of the suit."

THE base ball fever is going higher all the while, but as yet none of the Nacogdoches fans have become delirious.

It is said that Secretary Taft has a brother with a barrel; and this fact, coupled with the president's pull, may secure for him the republican nomination.

REPORTS from last Saturday's county conventions indicate that the Texas delegation to the national republican convention will go instructed for Taft.

MR. BRYAN'S Commoner asserts that "ninety-five per cent of railroad stocks is water." Still there is rejoicing among the people when their town succeeds in landing a railroad.

SAN AUGUSTINE is another East Texas county that is out to give Nacogdoches and Orange a run for their money in the tobacco raising line.—Beaumont Enterprise.

Nacogdoches has no hope of monopolizing tobacco growing in East Texas. This county will be content with being the leader in this industry, and in growing the finest cigar tobacco this side of Cuba.

CONSTITUTIONAL AMENDMENT.

An Important Change in the Interest of the Schools.

At the general election in November the citizens of Texas will vote upon an important amendment to the state constitution. It is one relating to public free schools, and should be adopted.

F. M. Braley, the general agent of the Conference for Education, has gotten out a little pamphlet in which is fully set out a number of reasons why every friend of education in Texas should vote for the amendment. As he says, "the further improvement of the country schools of Texas is almost wholly dependent upon the adoption of this amendment to the constitution."

If the amendment is adopted by the sovereign voters of the state, Section 3, Article 7, of the state constitution will read as follows:

"One-fourth of the revenue derived from the State occupation taxes, and a poll tax of one dollar on every male inhabitant of the state between the ages of twenty-one and sixty years, shall be set apart annually for the benefit of the public free schools, and in addition thereto there shall be levied and collected an annual ad valorem State tax of such an amount, not to exceed twenty cents on one hundred dollars valuation, as with the available school fund arising from all other sources, will be sufficient to maintain and support the public schools of this state for a period of not less than six months in each year, and the Legislature may also provide for the formation of school districts within all or any of the counties of this State by a general or special law, without the local notice required in other cases of special legislation, and may authorize an additional ad valorem tax to be levied and collected within such school districts for the further maintenance of public schools, and the erection and equipment of school buildings therein, provided, that a majority of the qualified property tax paying voters of the district, voting at an election to be held for that purpose, shall vote such a tax, not to exceed in any one year fifty cents on the one hundred dollars valuation of the property subject to taxation in such district, but the limitation upon the amount of district tax herein authorized shall not apply to incorporated cities or towns constituting separate and independent school districts."

Attention is invited to the following reasons for voting for the amendment:

1. It will change the Constitution so as to permit a majority of the property taxpaying voters to decide by election if a local tax shall be levied for the erection and equipment of schoolhouses, and for the annual support of the schools, and will thereby give real democracy a chance in school districts of Texas.

2. The Constitution, as it now is, permits a minority of the property taxpaying voters of the school districts to

thwart the will of the majority. To illustrate: An election was held in Goliad, Texas, recently to determine if the State apportionment of school funds should be supplemented for the purpose of lengthening the school term, the vote standing ninety-four for and forty-eight against. The proportion of lengthening the school term in this election was lost, although nearly twice as many voted for it as voted against it. Such minority rule is not authorized by any other State of the Union. It is not right in a representative form of government; it is not right in morals; it should not be perpetuated in the Constitution of Texas.

3. School districts which already have good schools for a sufficient length of time in the year would not be required to levy a tax if the amendment should be adopted. The people living in such districts however, should vote for the amendment in order that the citizens of districts which need better schools for longer terms may legally provide for the educational needs of their children.

4. The children of the country school districts are entitled to a square deal. Under the Constitution at present equal educational opportunities for the children of the State are practically impossible. The best schools are in towns and cities, the independent districts, while seventy per cent of the children of Texas reside in the country districts. The child of the farmer should not be discriminated against simply because circumstances make it necessary for him to live in the country. The adoption of this amendment will make it possible to legally provide for the maintenance of good schools in the country districts, and to thus give the country girls and boys a square deal.

5. In the adoption of this amendment lies our only hope of substantial and permanent improvement of the country schools; better schoolhouses, longer school terms, better teachers, and country high schools.

6. If the amendment should be defeated, Texas would continue to rank embarrassingly low when compared educationally with the other states of the Union, and thousands of girls and boys of this state would be compelled to grow to womanhood and manhood with the door of educational opportunity closed to them.

THE Beaumont Enterprise has just issued a special edition that will be worth thousands of dollars to that city and section. The resources of the Southeast Texas coast country is shown up in print and picture in a way that is most convincing. The special edition was gotten out by the Enterprise in honor of the opening of the Sabine-Neches canal, and a better and larger paper has never before been issued in any city in Texas. Such enterprise is to be commended, and is a credit even to the hustling and progressive Enterprise.

TAXATION THE PLAN.

Sensible Suggestions on the Question of Good County Roads.

Editor Sentinel.
Please allow me space to say a few words in regard to working roads, as I see there has been some things said by others about it.

First, my plan of working public roads is this: I think mixing the clay with the sand is a good one. I think that it could be fixed so as to travel the sand when it is wet and the clay when it is dry. But we can never make a success of working the roads like we do. We change road overseers every year or so, and every man thinks he knows more than the other did. So he will go and tear down some good work that some other overseer has done. I know of one case where such was done and a change made, and the road has never been good since. So we should all work together, or work them by taxation. And until we do that we will not have good roads. So I am in favor of working them by taxation.

Second, the sand hills should be worked up high in the center with scrapers and plowed, and good breaks clear across the road to keep the water from running in the wagon ruts. They should be built about 40 feet broad so as to not be too rough to cross over.

And every time you work do a little to them, and that will keep them up and they will soon get so they will stand such big rains as we sometimes have here. It will have to be done in the summer or winter, so it will stand the spring rains, for the most of our overseers are farmers and they have not time to quit their crop in the spring to work the road. There is no man living that likes good roads better than I do.

Third, the red roads should be well drained and ditched on each side, and in building them up with scrapers and plows, turn the scrapers bottom side upwards, then stand on it and drag it over the road bed and smoothe the high places down, and then you can find the low ones and fill them before you leave your work. Then you may make you a split log drag and keep it in good shape. But when the big lumber and saw mill wagons strike it, you will have to stay close to your job or your road will ruin; for they are the worst wagons on roads that there is.

The plan of dragging a split log drag after each rain can never be done unless we work our roads by taxation, so the work can be let out by contract to some good man that will not have to work in his crop all the time, so he can look after it and keep it in good shape; and he should give bond to do such work as may be directed by the commissioners court, for the majority of the overseers have so much work on the farm to do that they only get to work the road in the summer and winter.

Yours truly for good roads,
Overseer.

DEAD AT EIGHTY-FOUR.

The Founder of the National Game is Out.

Harris Chadwick died a few days ago. The announcement does not convey much to the mind of the average man, but it does to the mind of the man who is "daffy" on base ball. Chadwick, who was eighty-four years old when he died, was the man who evolved the game of base ball from the old game of "rounders." Although an Englishman by birth, he was an American by adoption, and under his guidance and inspiration base ball became the American national game. The Joplin, Mo., Globe speaks of him in language that breathes poetry, and to date no prettier tribute has been paid to the dead athlete. The Globe says: "The biography of Henry Chadwick is, of itself, a history of base ball. The players, the politicians, the polemicists of the game, he has seen them appear, grow mighty, and vanish. Seemingly he had become one of the eternal fixtures of base ball affairs, for the seasons waxed and the seasons waned, and time dropping her garments of grief for the dead arrayed herself in the sprightly green and balmy sunshine of the April to welcome joyously the renewal of the strife, and Chadwick was ever among those present at the reception. The sixties and the seventies slowed his step and frosted his hair and into the eighties he became, whiter, feeble, but with soul as young and lusty and that of the kid peeping through the knothole of left-field fence.

"At eighty-four the umpire says 'You're out!'—Thus endeth Henry Chadwick. From grandstand and bleachers, with heads uncovered, the crowds file slowly out."

THERE is no cup of joy so sweet but that if we hold it attently to our spirit's taste we shall detect in it the salt flavor of tears, says J. T. McFarland. There is no laughter so silvery clear but that some quality of it shall suggest the cry of pain. There are no eyes so bright with joy but that some gleam from their depths shall suggest the fountain of tears. Tragedy haunts the footsteps of happiness as night haunts the footsteps of day and death is the dim shadow that glides inseparably and silently at the heels of all life. What philosophy shall we bring to our support in the presence of all this? What estimate shall we place upon the life with all this sorrow in it? What is the answer of faith? Job rendered it thousands of years ago. "Though he slay me, yet will I trust him."—Exchange.

BASE BALL BETTING.

City Attorney Gives Warning of Law's Enforcement.

Editor Sentinel.
I understand there is some disagreement as to whether or not it is a violation of the law to bet on a game of base ball, and for the information of the public and those who are not aware of the law regarding betting on base ball, I herewith hand you copy of law passed by the last Legislature, to-wit:

Sec. 1. That it shall hereafter be unlawful for any person in this State to enter into an agreement with another, either orally, written or implied, whereby either one or both shall bet or wager money or any thing of value, or otherwise become a party to any gambling scheme based upon the final result or outcome, or any play or portion thereof of a game of base ball, or foot ball; provided that nothing herein shall prohibit contesting base ball or foot ball teams, or their duly authorized agents or managers, from entering into an agreement as to the manner of disposition of gate receipts derived for such games.

Sec. 2. That any person found guilty of violating this law shall be subject to a fine of not less than Five Dollars nor more than One Hundred Dollars.

I would appreciate your publishing this letter that the public may know the law regarding the same, as I do not wish to prosecute any one for a violation of the law when the party who is violating it does not know that he is. This is a new law, passed by the last Legislature, and went into effect last July, and as I am aware of the fact that heretofore there has always been betting on games played here, I take this method of notifying the public that the officers of the Corporation Court will prosecute from now on those who violate this law.

Thanking you for the publishing of the above,

Respectfully,
S. M. Adams,
City Attorney.

Fishing Party Returned.

A party of fishermen, composed of J. J. Hayter, Bob Burrows, Josh Henson, O. L. Ellsworth, Sam Hayter, returned from Durst lakes, where they spent several days last week very pleasantly.

They caught all the fish they could eat, and Mr. Ellsworth succeeded in landing a huge alligator Saturday. Before this he had kept his tent on stilts to keep the alligators from catching him, but after catching one of the reptiles himself all fear of them was removed.

NEW BANK OPENED.
Merchants and Farmers State Bank Begins Business Today.

The Farmers and Merchants State bank of Nacogdoches was formally opened for business at 9 o'clock this morning, and there was quite a rush to the window of Cashier T. H. Nees by citizens, eager to place their deposits.

It is doubtful if there has ever been a bank in East Texas that began business under more flattering auspices, and the general conviction is that this new State bank is destined to become one of the largest and most prosperous commercial institutions in East Texas.

The bank has a paid up capital of \$25,000, and is officered and controlled by experienced, successful and thoroughly efficient business men.

The stockholders are R. D. Whitaker, H. T. Mast, Geo. Meisenheimer, W. G. Reid, Jno. N. Gilbert, G. W. Cavin, R. D. Burrows, R. F. Davis, W. B. McKnight, Asher Mintz, B. K. King, C. A. Hodges, P. C. Meador, Dr. J. H. Reagan, H. Kempner, T. H. Nees, Dr. A. A. Nelson, Mrs. R. W. Murphey, Joe P. Clevenger, T. E. Burgess.

The directors are: R. D. Whitaker, W. B. McKnight, W. G. Reid, John N. Gilbert, H. T. Mast, T. H. Nees, George Meisenheimer, Geo. W. Cavin, H. Kempner.

The following are the officers of the new institution: R. D. Whitaker, president; H. T. Mast, first vice president; Geo. W. Cavin, second vice president; T. H. Nees, cashier; Asher Mintz, assistant cashier.

A Visit to Martinsville.
Editor Sentinel.

A few evenings ago I visited the happy and prosperous little village of Martinsville, and there found one room of the school building crowded with the good people of the community and their visiting friends, awaiting the opening of the literary exercises.

After enjoying a few minutes the sweet music rendered by Mr. Birdwell and Dr. Wheeler, Mr. N. A. Daniel, president of the Martinsville Literary Society, called the house to order and a new corps of officers was installed, as follows:

Fulton Fuller, president; N. A. Daniel, vice president; Miss Cornelia Harrell, secretary; Alden Hanna, treasurer; C. B. Justice, sergeant at arms; Miss Vesta Brown, librarian; W. B. Martin, assistant librarian.

The oath of office having been taken by the newly elected officers, the secretary called the names of those on duty, each one promptly responding, reciting his or her piece in such manner as was very pleasing—proof of having been well drilled at home. Hurrah for the mothers!

Following the recitation was a debate on the subject: Resolved, That the Civil War should have been averted by compromise. The affirmative was represented by W. B. Martin and Fulton Fuller; the negative by C. B. Justice and N. A. Daniel.

After an interesting discussion by these young men the judges decided in favor of the negative.

This literary society, in my opinion, offers one of the very best opportunities to the young people who desire to cultivate high ideals. In connection with this society one will have access to a good library which has been recently founded and placed in the rear end of the hall. Any young man can well afford to ride ten miles to engage in this good work and at the same time associate with young people whose character measures up to a high standard. It meets on alternate Saturday evenings, before the second and fourth Sundays, at eight o'clock.

Accept the constitution as your guide, stand by your officers, yield cheerfully to the majority vote, (the young man who cheerily conforms to the popular vote regardless of his own opinion is a true teacher of Democracy—count him honorable—his future is indeed promising) and push the noble work and its inestimable worth may be traced through countless ages.

Respectfully,
A. L. Harris.

NEW FOOD LAW.
Statement From the State Dairy and Food Commissioner.

Editor Sentinel.
Denton, Texas, May 8.—As the following information is of such vital importance to the business men of Texas, I shall be glad to have you give the same publication.

According to Section 63 of the Pure Food Law of Texas, all foods and drugs must comply with the law in all respects after June 1, 1908, regardless of how long such goods have been on hand. The law does not apply to drugs purchased and received by druggists on or before June 1, 1907, except that such drugs shall be labeled with the statement of the quantity or proportion of alcohol, morphine, opium, cocaine, heroin, alpha or beta eucaine, chloroform, cannabis indica, chloral hydrate or acetanilid or any derivative or preparation of any of such substances contained therein.

We have been asked how the retail dealers can comply with the law in regard to those that have been on hand for a number of years. We beg to suggest that they write to the jobber, or preferably the manufacturer, for information as to the composition of such products as they had on hand when the Pure Food Law was passed. In the event that said manufacturers are out of business at the present time and such information cannot be had, in addition all labels should be put upon each of said articles with the phrase, "of unknown composition," immediately under the name of the article.

It might be safe to have a "clearance sale" of all questionable products about June 1, 1908.

Those products most likely to be illegal are jams, jellies, extracts, olive oil and syrups, and canned meats.

J. S. Abbott,
Dairy and Food Commissioner of Texas.

Mrs. Clifton Garrison.
Garrison Gleaner.

"In the midst of life we are in death." Only those who have suffered the loss of a loved one by sudden death can fully understand or appreciate the import of those words. But 'tis true and the Grim Reaper often times strikes where we least expect Him. How true was this in the case of the untimely death of Mrs. Clifton Garrison which occurred in this city on the 22nd day of April. Mrs. Garrison was taken very suddenly Sunday morning, three days previous to her death, with convulsions and it was evident from the first that death would claim her as its victim.

Mrs. Garrison was the mother of two children. A little 3 year old boy survives her the other and oldest of the two preceded her on the journey to that undiscovered country from whose bourne no traveler returns. She became the wife of Clifton L. Garrison the 31st of January, 1900, and would have been 28 years old the 17th day of July, this year, had she lived to have seen that day, and exemplified the roll of a loving and devoted mother.

Mrs. Garrison became a member of the Methodist church when a girl, and though she had not been active in church work for the past few years, because of the fact that Mr. Garrison was a railroad man and did not remain long at one place, she did not forget and frequently found solace in bible reading.

Her parents, Dr. and Mrs. E. S. Adams, and four brothers, Moss, Wallace, Pierce and Edgar, and two sisters, Miss Fanny and Miss Clara, were with her at the time of her death.

Druggist Takes His Own Medicine

The man who sells remedies for most of the human ills, and hears day after day the opinions of people who have used these remedies, naturally comes to know the superior from the inferior, and when the time comes that he has to decide on which remedy he will take, he of course selects the one he has heard the most praise of. His own opinion, coupled with that of his customers, ought to go far in convincing the layman that the remedy the druggist selects is the best in the field.

J. M. Hawkins, a druggist of Mound City, Kans., has sold medicines for a great many years, and when finally he himself began to suffer from stomach trouble he had no hesitancy in deciding which remedy on his shelf he would take. It was Dr. Caldwell's Syrup Pepsin. Now, after having given it a good test, Mr. Hawkins writes us that it justified his high opinion and he is cured.

It was the same with Druggist Kennedy of Lexington, Ill. He was not very robust, often had constipation and such troubles, so, going on what his customers who had used it told him, he took Dr. Caldwell's Syrup Pepsin and has been a well-man ever since.

There is no better remedy on the shelf of any druggist or in all materia medica than Dr. Caldwell's Syrup Pepsin for obstinate constipation, dyspepsia, indigestion, flatulence, biliousness, diarrhea, jaundice and other liver troubles, whether the disease is in an infant, child, woman or man.

DON'T forget the county fair.

EVERYBODY boost the county fair.

THE county fair is an assured success.

THE Sentinel's fondest hopes are about to be realized. After vigorous and incessant persistence on the part of this paper, steps have been inaugurated to organize a county fair.

THE Center Advocate has suspended publication and the plant and material used in its publication has been turned over to its original owner, Mr. John H. Kirby. John McLendon, the former publisher of the Advocate, has announced his candidacy for representative from Shelby county.

GOOD sidewalks are authorized by the Bible. We are told that the streets of heaven are paved with gold.—McGregor Mirror.

We are also told that the other place is paved with good intentions. But here in this country we should be content with brick or cement paving.

Hon. D. M. McKnight.

Hon. D. M. McKnight, who has been an invalid for several years, has been very low during the past two or three days and all hope of him rallying has been given up, it only being a question of a few hours when he shall take flight from the diseased, frail body and his soul be waited to the reward laid up for such exemplary Christian lives as his has always been. Prior to his prolonged illness Mr. McKnight occupied a prominent place in the affairs of the community, and was a useful citizen. He was also a most excellent Christian gentleman, and the impress of his good life will be felt long after he has left us.—Center News.

Mr. McKnight died Tuesday morning, and as stated in The Sentinel, Mr. and Mrs. W. B. McKnight of this city, left on the first train for Center.

New Campaign Argument.

Palestine Herald.

An exchange sprung a new campaign argument when it announced that Secretary Taft belonged to the type of men who can button their wives' dresses up the back. Another philosopher took issue on this important question and says the dress is not buttoned up the back, but from the neck down if you want the buttons and button holes to come out even. This is immaterial; it is material, however, whether or not Taft has been able to button one of these "blind button" garments, where the buttons face in instead of out. But the San Antonio Express dissents from all of this reasoning and says all it wants to know is whether or not Mrs. Taft is able to make Bill stay at home o' nights.

GOOD ROADS PROBLEM.

Broad Tired Vehicles One of the Principle Requirements.

Rusk Press-Journal.

The Nacogdoches Sentinel is pushing the good roads proposition, and the people of the country appear to be taking considerable interest in the matter, and are discussing the question in the newspapers. This is a good idea, and we like to see it being done. Every once and a while the agitation takes that form in Cherokee county, and from the talk of the people one would conclude that something was going to be done at once, but that is all. The roads remain as they have been for half a century, mere clearings through the woods, washed and warped and gullied, with just enough patch-work done now and then to enable vehicles to be gotten over them at a very slow speed, and by the use of much energy and exertion on the part of man and beasts involved. Now we very much fear that the enthusiasm of our good friends in Nacogdoches will eventually fade away under deferred hopes and disappointments.

Suppose the people of a county in East Texas, where the country is broken and hilly and much of the roads loose sand, should all concur that the roads were a disgrace to the county and a serious draw back to the proper development, and the comfort, happiness and convenience of the people should take up the proposition in good earnest, what obstacles would confront them? They would have to have quite a large sum of money, as good roads can not be built without great expense. Even where the people subject to road duty do much of the work, teams, tools, etc., have to be provided and cared for. There will have to be competent foremen over the work all the time, and the whole work ought to be under the direction of a competent engineer and road builder. Most of the work would have to be paid for as the work of those subject to the road tax will never be sufficient to accomplish much.

But this is not the hardest proposition to solve. For if the roads could be built under the assurance that they would be permanent, and could be kept up at small expense the people could be easily induced to vote taxes to build them. But when they know that the roads built or improved this year will be in as bad a fix a year from now as they were at first they will be slow in voting interest bearing bonds, or special taxes to do such work, and herein lies the difficulty.

Suppose you grade down your steep hills and fill up the low places reducing the steep grades, that you build your roads in the regulation manner with a slight raise to the middle with sloping sides each way so as to drain the water off the road, theoretically, and that all proper drains, culverts and ditches are put in what will prevent the vehicles in use from cut-

ting such roads to pieces in three days use, and of turning a stream of water down each wagon rut washing ditches the first rain that comes after the working; thereby effectually destroying the once pretty, smooth public road along every declivity passed over by such road? Especially if the roads are built of sand and clay, about the only available material we have. And gravel is nearly as easy washed as either of the above.

Just think about it a minute, and see if we are not absolutely without hope for good public roads in East Texas, with the present system of narrow-tired wagons to destroy them as fast as built? It would be much cheaper to have the vehicles help build the roads instead of destroying them, and it is only a question of time until we will realize this, and compel the use of wide tires by law, as has been done in practically every country that pretends to have good roads. Suppose the tires of draft wagons were six inches wide and the hind axle six inches longer than the front, as is the case in France where the public roads are better than the best streets of our large cities, what would our road problems then be? Simply to level down the road beds, and spread common clay over them, and the vehicles would do the rest. They would roll and pack the roads and would not trail after other as they do in using the sharp-tired wagons, and we could then hope to have and maintain decent public roads.

But Nacogdoches county cannot afford to build macadamized roads, nor to concrete them, and to simply keep them graded and worked with the materials on hand, and to keep that up to the extent of keeping them in good condition, the narrow tired wagons trailing after each other and destroying them, would bankrupt the people of the county in a few years, and still the roads would not be good.

This is also true of Cherokee and other East Texas counties, and the sooner we work out some plan to make good permanent roads possible the better, for every intelligent citizen realizes the need for same, and wants them, and is willing to be taxed to get them, provided his money is not wasted and spent in vain.

Rev. R. W. Floyd preached at Concord Sunday, and the hospitality of the citizens was shown when they spread dinner and invited all to eat, drink and be merry, and judging from the action everybody present had a nice time.

Mr. Ed Wheeler and wife of Shelby county, visited relatives here Sunday.

The Swift debating society meets Friday night. We are pleased to announce that Mr. Arthur Seale is on our program for the next meeting, and everybody is welcome to our meeting and invited to take part and help any good cause we may start.

We are pleased to see so many young men who are studying their occupation in the near future. O that the fathers of our country would take more courage and when they see their son trying to climb the ladder of fame and striving to make a useful man, and to make a better father and citizen than he is, he should have all the encouragement that a father can give. Fathers, you should bear in mind that your sons have to take your place and you should strive to impress upon him the necessity of trying to make a better and a wiser man than you; for if you do not, why our country would just be on a stand still; a nation, state, county nor a community is never higher nor more attractive than her citizens make it, and if we want to see our county and town rise higher and her citizen be more loyal we should begin to awake to our needs and when our county wants to build a new courthouse or our commissioners want to raise our taxes for better roads or anything that will help our county we should always stand by them, and when you as old citizens see young men beginning to study politics and ask you questions concerning them, you should give a favorable answer and encourage him to want to learn more and when he begins to try to make speeches and appear in public you should always give him your presence and encouragement for all great men had to start by making an effort.

On account of sickness Dr. Adams was compelled to miss his last dates, but he will meet his Nacogdoches patients this month.

Obituary.

On Thursday evening, April 16, 1908, May, the son of Mr. and Mrs. J. B. West, aged 25 years, ten months and 12 days, passed from earth to dwell among the angels in that land of cloudless day.

May had lain on the bed of affliction for several days, and all that loving hands could do was in vain, and as the bereaved ones stood around him as his spirit took its flight to that glorious land, they could but calmly say, "Blessed Lord; thy will be done."

Dear bereaved ones, we know it was hard to give him up, but weep not, for you have the sweet assurance, that some day you'll meet dear May in that land beyond death's chilling tide and there you'll live forever with him among the pure and sanctified.

May was a kind and affectionate boy, his smiling face and winning ways won the friendship of all who knew him. He was a loving brother to his brothers and sisters, and a faithful companion to his associates.

May professed faith in God at the age of 20, was baptised into the Missionary Baptist church at Spring Hill by Rev. W. L. Heflin in 1903. He lived a consistent christian life.

He leaves a father, two brothers three sisters and a host of friends to mourn his loss. But our loss is his eternal gain in heaven.

Then in this trying hour we would say, "Dear bereaved ones, weep not," for he is sweetly resting on that eternal shore, with his dear mother, who has gone on before.

Our darling, thou art gone away,
From earthly sorrow thou art free;
With Jesus and his angel band,
No more sadness can ere come to thee.

'Twas Jesus called thee from our side,
And now, in glory, thou art free;
We could not, would not, call thee back,
But darling we can come to thee.

He is resting, sweetly resting,
Free from every care and pain;
In that home of endless glory,
There, with Christ, to ever reign.

Though, dear bereaved ones, you are lonely,
Mid earth's troubles, toils and strife;
Yet you have the sweet assurance,
Dear May, you'll meet beyond this life.

Dear May we will meet but we will miss you,
There will be a vacant chair;
We will linger to caress you,
While we breathe our evening prayer.

You will come no more to greet us,
At the old familiar place;
Never again, in our gathering,
Shall we see you face to face.

But we have the precious promise,
That upon that golden shore;
Dear May, we then will meet thee,
Where sad partings come no more.
Written by His Friend.

Educational Rally.

Dr. Geo. P. Garrison of the State University will visit the Nacogdoches High school Thursday and Friday, and it has been arranged to have him deliver an address at the High school auditorium on Friday night.

Dr. Garrison is on a tour of inspection of the schools of the state that are affiliated with the university of Texas, and as is well known the Nacogdoches High school is in this class.

All teachers of the city and county, as well as all others friendly to education, are urged to hear Dr. Garrison's address Friday night.

EAST TEXAS WOODMEN.

Log Rollers Association Completed Labors Last Night.

The session of the East Texas Log Rollers Association completed its labors at 12:30 o'clock this morning and adjourned to meet six months from now with Rusk camp No. 388, at Rusk, Texas.

While the attendance was not as large as was expected, the interest and enthusiasm was never more marked at any previous meeting of the association.

The following officers were elected, each by acclamation:

W. F. Summers of Nacogdoches, president.

Dr. W. G. Hartt of Timpson, first vice president.

C. A. Gifford of Rusk, second vice president.

Will T. Hawkins of Nacogdoches, secretary.

N. G. Charlton of Lufkin, treasurer.

J. F. Green of Paxton, sergeant at arms.

One of the most interesting features of the meeting was the amplified degree work by the Liberty Elm camp degree team. Two candidates were rolled over the skirts—Tom Maroney and Oscar Matthews—and better subjects for the occasion could not have been selected.

The delegates and visitors returned to their homes today each one singing the praises of Nacogdoches and the East Texas Log Rollers association.

Timpson Topics.

Timpson, May 9.—We boarded the train last Tuesday morning, arriving at Nacogdoches at 12 o'clock; took a cab and drove to the comfortable home of Benton H. Wilson. While visiting in several homes the week passed so pleasantly with loved ones. The hours came too soon for the train to carry us home. When we pulled into the station at Garrison who should I see? my best half to meet me on the way.

We are in the midst of a great revival, held by the Methodist evangelist, Bro. Birdwell. He preaches to a full house twice a day. They have fine singing, led by Mr. Bledsoe. The services are fine, holding the crowd with perfect attention. These people here know how to attend church.

The cold weather is causing the fruit to fall off and the cotton to die, but with all that we are wonderfully blessed in this great country of ours. Money is not all, but a power of well defined and narrow limits. It will purchase plenty, but not peace; furnish your table with luxuries, but not you with an appetite to enjoy them; it will surround your bed with physicians, but not restore health to your sickly frame; it will encompass you with a cloud of flatterers, but never procure you with one true friend; it will pay some debt, but not the largest one of all—your debt to the law of God; it will relieve many fears, but not those of guilt that stand as terrible by the dying bed of wealth as by the pallet of the poorest beggar thrust from your door.

STATE ATTORNEY OF TENNESSEE.

I consider Peruna the very finest invigorant and life-giving tonic. I speak from ample experience.

HON. L. P. DeMOUCHE, 1225 G ST., Washington, D. C., Ex-Adjutant General State of Tennessee, and State Attorney at Nashville, is an ardent friend of Peruna. He does not hesitate to give public endorsement to this very excellent remedy.
As a tonic Peruna has no superior. But it is as a catarrh remedy it has achieved its world-wide notoriety and success.
Any catarrh remedy to become permanently effectual in the cure of catarrh must contain tonic and invigorating qualities with its anti-catarrhal qualities. *Catarrh is always an expression of nerve weakness, either local or general.* It is, therefore, important that a catarrh remedy should possess reliable invigorating qualities in order to thoroughly rid the system of catarrh.
Peruna for Colds.
Hon. R. S. Ryan, now residing in Nome, Alaska, was formerly a member of the English House of Parliament and Secretary to the late Irish patriot, Charles Stewart Parnell. His Washington address is, New Willard Hotel, Washington, D. C. He writes: "I have used Peruna and can recommend your remedy as a very effective cure for colds and catarrhal complaints."—R. S. Ryan.

JACKSONVILLE WON AGAIN.

A Large Crowd Witnessed the Second Game Yesterday.

The second of the series of games between Jacksonville and Nacogdoches was played yesterday afternoon at the new park. The game was much better than the first, it being snappy and vigorous from start to finish. The score was the most one sided that ever happened in such a game, it being Jacksonville's luck to hit at the right moment.

Ingraham pitched a good game for the locals and received first-class support.

Quite a crowd was out and every one was pleased with the game.

A specialty of today's game was a foot race between John Lang and Poodle Holland.

The following is the official score of yesterday's game:

Nacogdoches—000 000 000—0
Jacksonville—030 011 200—7

Knuck out by Ingraham 9; Jacobs, 4. Hits, Jacksonville, 6; Nacogdoches, 3; Errors, Jacksonville 3, Nacogdoches, 5.

The batteries for today are Munsell and Rusche for the locals, and Spruel and Francis for Jacksonville.

MIXED CRABS WITH CREAM.

Session of Episcopal Council Ended in Stomach Ache.

The Houston Chronicle records in detail a distressing incident that occurred during the recent session of the Episcopal Council held in that city. The story as related by the Chronicle is as follows:

"Thirty preachers with the stomach ache, the Christ church rectory transformed into a hospital and the church lawn strewn with victims, marked the conclusion of the meeting of the Episcopal Council for the diocese of Texas, in session in Houston during Wednesday and Thursday.

"Sick, in some cases nigh to death, the ministers did their very best to bear up to the burden placed upon them by the disagreement between the concomitant parts of an elaborate lunch and their physical being. Whether it was ptomaine poison in the ice cream or something wrong with the crabs, no one can say, but the certainty of the prevalence of a deadly illness was beyond avoidance.

"During Wednesday night, through Thursday and until Thursday night, the trouble was such as to attract the attention of a corps of physicians. The wives of the visiting delegats who had partaken of the elaborate luncheon served Wednesday, were as seriously if not more seriously affected than were the wearers of the cloth.

"Few, if any, who had mixed crabs and ice cream, escaped the difficulty. Some of them were sick and others were more sick. With difficulty was the business of the last day transacted. One by one those participating succumbed to what seemed to be the inevitable and the sound of groans went up from the church lawn as from a bloody battlefield.

"Those who spoke in the council seldom waited to find how their words were taken, because they didn't care. Fresh air had its attraction, and the green grass looked like a soft couch for the ill and very weary. The question of the open pulpit gave place to one of open air. The canons of the church had no effect when it came to physical sensation and the memory of the crabs.

"The first call for help came early Wednesday night. It was from Mrs. Kinsolving, wife of the bishop. Just before he was summoned he had been dilating upon the glories of the repast served before Rev. Peter Gray Sears could get back to Houston. The rector of Christ church was described as the prodigal too late for the feast.

"That night a number of ministers felt the ominous twangs of trouble ahead. Some of them were ready to go home on Thursday morning and went. They were sick. Rev. W. B. Sams of Tyler was sick when he addressed the meeting and hastened straight home to Tyler.

"The full force of the difficult situation was felt on Thursday. One by one the councillors dropped from the

ranks. Every available room in the rectory was quickly occupied by sufferers. Physicians were summoned. Those first stricken were the luckiest. Some of the preachers who delayed were quite unable to leave the church and equally unable to find any better place than the grass, upon which to lie. Judge W. S. Simpkins of Austin was most seriously affected of all. He is said to have been unconscious during a considerable time, while men worked over him in anxiety.

"Not more than half a dozen of those participating in the festivities escaped. The session of the council ended in a general stomach ache."

Picnic at Appleby.

On May 30, 1908, there will be a free for all picnic at or near Appleby. Everybody invited to come and bring dinner. All candidates have a cordial invitation to be present with ready made speeches and well filled purses.

Some time ago the Baptists of Appleby undertook to build a church. To this cause a number of people subscribed liberally. As the new church was nearing completion it was struck by a violent storm and blown to pieces. Our funds are almost exhausted and we still have no church.

One of the several objects in having a picnic is to give every person in Nacogdoches county an opportunity to spend a day of pleasure in our midst, also to contribute some amount to the rebuilding of our church. So don't forget the day and don't forget your purse. If you live near by bring a basket of dinner.

Nacogdoches Defeated.

From Tuesday's Daily: Nacogdoches and Jacksonville played the first of a series of three games yesterday afternoon in the new park. On account of the bad weather the crowd was small, and those present were disappointed in their expectations of seeing a good game. Jacksonville got a running lead on the start, discouraging the home boys whom it seemed could not ginger up. Smith pitched the first 5 endings for Nacogdoches, striking out 5 men and had he received good support the game would have been interesting. Smith was relieved by Munsell who finished the game, striking out 3 men. Spruel pitched a good game for Jacksonville, striking out 4 men. The old reliable "Pedro" Ingraham will do the twirling act this afternoon and we predict a good game.

OUR MID-SEASON SLAUGHTER SALE

Is still on, and will continue until every citizen of Nacogdoches and adjoining counties has had an opportunity to secure some of the unprecedented bargains we are offering. Remember this rare opportunity comes to you seldom, and may never confront you again in your lifetime. Every one who has visited our store since this sale was inaugurated has gone away surprised and satisfied; suprised that we could sell the goods so cheap, and happy because they were so fortunate as to secure such bargains.

This is the beginning of the season when everybody needs new goods, and our entire stock is new and seasonable. Don't delay, but call before the stock has been picked.

The second of the series of social meetings of the Ladies Aid Society of the Presbyterian church, U. S. A., was at the home of Mrs. E. B. Williams on Wednesday afternoon, May 6. There was an excellent attendance, and a very pleasant and profitable afternoon was spent. Pleasant, because the hostess' welcome and good cheer made it so, profitable because of the good work done by nimble fingers, the results of which goes to swell the funds of the society. Delicious banana ice cream, cake and dewberry nectar was much enjoyed by the guests. The next meeting will be with Mrs. Edgar at Hayward mill on Thursday afternoon, the 14th inst.

Chronic Constipation

One who suffers from chronic constipation is in danger of many serious ailments. Foley's Orino Laxative cures chronic constipation as it aids digestion and stimulates the liver and bowels, restoring the natural action of these organs. Commence taking it today and you will feel better at once. Foley's Orino Laxative does not nauseate or gripe and is pleasant to take. Refuse substitutes. Mast Bros. & Smith. eod

Mesdames Dotson, Butt, Ingraham and Price returned Friday from Center, where they attended the annual meeting of the 4th District Federation of Women's Clubs. They report an excellent convention and are quite enthusiastic over the hospitality of the good people of Center.

Nacogdoches—should be proud, and is, of its gifted young writer, Mrs. T. E. Baker, who under the nom de plume of Charlotte Wilson, contributes frequently to our best magazines. Her poem in the current McClure's which we have reproduced above, is a splendid bit of work, and in the Delineator of this month she has also an exquisite poem full of tenderness and pathos.

If any person suspects that their kidneys are deranged they should take Foley's Honey and Tar at once and not risk having Bright's disease or diabetes. Delay gives the disease a stronger foothold and you should not delay taking Foley's Kidney Remedy. Mast Bros. & Smith. eod

Mr. O. P. Hall of Timpson was in the city a couple of days last week, the guest of his parents.

The Ladies Aid Society of the First Presbyterian church had a business meeting at the church on Monday afternoon, May 4, to inspect and pass upon the new furniture just completed for them by the Nacogdoches Show Case factory, consisting of pulpit and three chairs. The furniture was warmly approved and accepted by the society and is certainly a credit to the church, the aid society, whose efforts secured it, and to the factory that de-

Re-Elected Superintendent.

At a recent meeting of the Nacogdoches Independent School District, Prof. R. F. Davis was re-elected superintendent of the Nacogdoches public schools for a term of two years. Professor Davis has held this position for the past several years, and the fact that he has been again elected, and by the unanimous vote of the board, is a splendid testimonial of his efficiency and popularity.

STOCKHOLDERS MEETING.

A Prosperous Year for the Nacogdoches Grocery Company.

The stockholders of the Nacogdoches Grocery company held their annual meeting in the office of the company Wednesday afternoon, May 6.

The report of the management for the year 1907 was quite flattering, and entirely satisfactory to the stockholders. In fact the report showed the business of the company to be in such excellent condition that a vote of thanks was unanimously tendered to Mr. Oscar Matthews, the efficient manager, for the splendid and successful manner in which he and his force under him had conducted the business during the past year.

After the business of the company had been gone over, the stockholders elected the following directors for the ensuing year:

John Schmidt, E. A. Blount, B. F. Hardeman, C. W. Butt, R. L. Hardeman, J. F. Schmidt, Oscar Matthews.

The directors then met and selected the following officers: John Schmidt, president; Oscar Matthews, vice president and general manager; J. F. Schmidt, secretary and treasurer.

W. H. Wood, farmer living in the Northern part of Nacogdoches, Texas, says: "I first began to be troubled by a constant dull aching across the small of my back. I never thought for a moment that my kidneys were out of order until a short time ago when I noticed the kidney secretions were rather scant at times and were accompanied by a burning pain. I tried several remedies without finding any relief. Hearing about Doan's Kidney Pills and the benefits many of our citizens had derived from their use, I went to Mast Bros. & Smith's drug store and got a box. They certainly did me a lot of good. My wife has also used them with excellent results. I therefore take pleasure in recommending this really valuable kidney medicine."

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

A Treatise on Horse Collars

BOTH men and horses wear Collars. The difference is not only in size and character, but a man can select a fit—a horse can't. Therefore the necessity for good judgment in buying the equine kind. A cheap, badly stuffed collar of inferior leather will not only harm a horse's skin, but break in important parts before it has been in use, maybe, a couple months.

Our No. 64 and 66 have never failed to give comfort to the horse and double the money's worth to the people. We are always particular about the fit, that's why we have so many sizes.

Bring around your horses, large or small, and let us take care of their Collar and Harness wants.

Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling of stomach, faint spells, dragging-down feeling in lower abdomen or pelvic region, easily started or excited, irregular or painful periods, with or without pelvic catarrh, is suffering from weakness and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not resolve fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong medicinal endorsement of each of its ingredients—worth more than any other of compounds non-professional physicians—the very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle-wrapper and attested under oath. In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs. When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine can do that—nor prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

For Representative.

Yielding to the solicitation of friends, Mr. W. E. Feazell has permitted his name to be announced as a candidate for representative in the Thirty-first Legislature from Nacogdoches county. Mr. Feazell is the son of a farmer and was raised on the farm, and being endowed with a good education, he is not only conversant with the wants and the needs of the common people but he is capable of intelligibly making those wants and wishes known in the halls of the legislature. He is a typical son of southern parents in a southern state, and has been a Democrat from childhood. If elected Mr. Feazell avows his intention to exert his utmost ability in making a worthy, efficient and capable legislator.

In a recent speech in congress John Sharp Williams, the Democratic leader, gave utterance to the following: "This—huge, balky, bulky, undecided, halting, hesitating, hammered, screaming, screeching, 'cussing,' and, as it would have the country believe, helpless majority has finally succeeded in exciting my commiseration, aye, my pity."

S.S.S. CURES RHEUMATISM

Every case of Rheumatism has its origin and its development in the blood. It is not a disease which is contracted like a cold, but it is in the blood and system before a pain is felt, and the changes in the weather or any physical irregularities, such as a spell of indigestion, bowel disturbance, etc., are merely the exciting causes producing the pains and aches, which are the natural symptoms of the disease. Rheumatism is caused by an excess of uric acid and other corrosive, irritating poisons in the blood, which are carried through the circulation to every part of the system. Every muscle, nerve, membrane, tissue and joint becomes saturated with these acid, irritating impurities, or coated with fine, insoluble caustic matter, and the sharp, piercing pains or the dull, constant aches are felt with every physical movement. When the blood is filled with uric acid poison, permanent relief cannot be expected from liniments, plasters, or other external treatment. Such measures give temporary relief, but in order to conquer Rheumatism and bring about a complete cure, the uric acid and other inflammatory matter must be expelled, and this cannot be done with external treatment. S. S. S. cures Rheumatism because it is a perfect and entirely vegetable blood purifier. It goes down into the circulation, neutralizes the acids, and dissolves the irritating deposits which are pressing on the sensitive nerves and tissues and producing pain, enriches the weak, sour blood, and removes every atom of impurity from the circulation. So instead of being a weak, sour stream, distributing uric acid to the different parts of the system, the blood is strong and healthy and therefore able to supply every muscle, nerve, bone and tissue with nourishment and strength. Then the inflammation and swelling subside, the pains and aches cease, and not only is Rheumatism permanently cured, but under the fine tonic effects of S. S. S. the entire general health is benefitted and built up. In all forms of Rheumatism, whether acute or chronic, S. S. S. will be found a safe and reliable treatment. Special book on Rheumatism and any medical advice you desire will be furnished free.

MEMORIES SWEET AND BITTER.

The Passing of the Good Old Revival Times.

Editor Sentinel.

Dallas, Tex., May 5.—Two articles in your issue of April 30, bring to me memories that are at once both sweet and bitter. Sweet because of the preciousness of the memory, and bitter because we have seemingly left the usages of those times.

L. W., in a retrospective view of the past, mentions the old Cove Springs camp ground, which at once brings fond memories of former days. Well do I remember the great camp meetings of the past at that place; how God blessed his people and saved sinners and gave the victory. Then I ask myself the question, has God changed since that time? No, a thousand times no, for He is the same yesterday, today and forever. The trouble is, the people have changed.

Mr. Skillern in reviewing the singing at Appleby says: "We have left the old landmarks." And here is to my mind the only reason for the decay of the old camp grounds and the lack of the old time revivals of Bible salvation. Not simply the departure in our singing, but a departure in our preaching.

Where do we hear the Bible doctrines of death, hell and future punishment preached today with the fervency and spirit of former days?

Where do we hear the thunderings of the old Sinai gospel of other days? Who today cries out against sin of every kind, as Wesley, Whitfield, Finny, Redfield and others of their day did, warning the very sins of which men were guilty and telling them that it was repentance or hell? Where do we hear of old Bible repentance that causes people to quit their sins and turn from them with obhorrence and make every wrong right, even to the extent of restitution fourfold? No, we are getting to where we are too afraid of offending our congregations to tell them in Bible language that "the soul that sinneth it shall die." Eze. xviii, 4. And as

a consequence of this departure the revivals of early Methodism are almost a thing of the past.

If I refer to the revivals of former days at "Old Trinity" it will awaken fond recollections in the minds of hundreds of your readers, and they will ask with me the question, has God changed? And we will all be forced to the answer, no, not God but men. Some one may ask, why can't we have these revivals again? We can. I believe the same efforts under like conditions will produce the same results today.

Now, Mr. Editor, I cannot say what I would like to say in the short space of a newspaper article, but will say to your readers and my friends that my heart is full of gratitude to God this morning for permitting me to live in these days. And while I deeply deplore the departure on some lines, thank God that it seems to me that by faith I can see better things ahead and with the old poet can sing:

"The saints in all this glorious war,
Shall conquer though they die;
They see the triumph from afar,
By faith they bring it nigh.
When that illustrious day shall rise,
And all thine armies shine;
In robes of victory through the skies,
The glory shall be thine.
And again—

"Shall earth against my soul engage,
And fire darts be hurled;
Then I can smile at Satan's rage,
And face a frowning world.

"Let care like a wild deluge come,
Let storms of sorrow fall;
So I but safely reach my home,
My God, my heaven, my all.

"There I shall bathe my weary soul
In seas of heavenly rest;
And not a wave of trouble roll
Across my peaceful breast."

Yours,
A. B. Harrell,

The Mothers Club.

This club had its regular semi-monthly meeting at the high school auditorium on Tuesday afternoon, May 5, with an attendance of 16 members. Mrs. G. H. Matthews, presiding, Mrs. W. E. Thomason, secretary pro tem.

There being no minutes of the previous meeting and no business of importance, the president called for the program.

Prof. Davis made an interesting and appreciated talk on the "Co-operation Between Parents and Teachers," emphasizing the fact that children must be sent to school, compelled, if necessary, that education means more than the ability to read and write, that it means the harmonious development of the physical, intellectual and moral faculties. That in order to have good schools the parent must instil into the mind of the child an absolute confidence in the judgment of the teacher, and that the parent must do her part by visiting the school and becoming acquainted with the teacher.

Mrs. C. D. Mign's paper on "The place of fear in the Scheme of Ethical Training" showed careful and earnest thought.

Mrs. Foye's talk on "Breaking the Child's Will" was interesting and timely.

The numbers by Mrs. J. C. Harris, Mrs. E. P. Marshall and Mrs. Will Bridwell were

omitted on account of absence of these ladies.

The advisability of placing in the school copies of good paintings and sculpture was next discussed, and while there was no question as to the great advantage same would be, it was decided to leave the decision to a later meeting.

The question as to whether they should continue through the summer also came up, but was not voted upon.

LUMBER COMBINE ASSURED.

Plan for Forest Conservation Receives Official Approval.

The Washington correspondent of the St. Louis Republic under recent date writes that paper as follows:

"Absolutely reliable and official authority was obtained by the Republic here today for the statement that an agreement in detail has been reached for the administration under Government supervision of all the lumber resources of the South from the Atlantic Coast to Eastern Texas. An agreement has been drawn up whereby the lumber interests controlling the immense properties involved consent to the adoption of the new system.

"This agreement has been approved by the lumbermen and is satisfactory to the Government officials. W. S. Cox, assistant forester, who represented the Forest Service at the meetings of prominent lumbermen at St. Louis, has reported to Washington that material progress toward the consummation of the plan was made at St. Louis.

"Mr. Cox will be in Washington tomorrow to make a complete report on the results attained there. The negotiations probably will reach the stage of a closed contract in a few days.

"The success or failure of the intended step, the officials here recognize, depends entirely upon its popular reception. This in brief is the plan.

"To limit production in the southern field to ten billion feet a year, which is about the present cut; to impose a tax upon this cut of 50 cents per 1,000 feet, which would give a fund of \$3,500,000 a year to defray the cost of administering the privately owned forests in the same way that the government forest reserves are administered. The money would maintain a staff of forest rangers and inspectors, who would patrol the forest, fight forest fires and see that cutting is done with provision for reforestation.

"It is freely admitted by the officials here that a general agreement of the controlling lumber interests thus to limit production may be viewed as a trust and attacked and the scheme perhaps killed for this reason. Chief Forester Pinchot, however, backed enthusiastically by President Roosevelt, believes that such a combination would be a 'good trust,' and one to be encouraged rather than assailed. It is a combination such as President Roosevelt would have specifically legalized amending the Sherman anti-trust law.

Every Month

writes Mrs. E. Fournier of Lake Charles, La., "I used to suffer from headache, backache, side ache, pressing-down pains, and could hardly walk. At last I took Cardui, and now I feel good all the time.

TAKE CARDUI

It Will Help You

Cardui is a medicine that has been found to act upon the cause of most women's pains, strengthening the weakened womanly organs, that suffer because their work is too hard for them.

It is not a pain "killer," but a true female remedy, composed of purely vegetable ingredients, perfectly harmless and recommended for all sick women, old or young. Try Cardui. Women's Relief.

The World's Best Climate.

is not entirely free from disease, on the high elevations fevers prevail, while on the lower levels malaria is encountered to a greater or less extent, according to altitude. To overcome climate affections lassitude, malaria, jaundice, biliousness, fever, ague, and general debility, the most effective remedy is Electric Bitters, the great alterative and blood purifier; the antidote for every form of bodily weakness, nervousness, and insomnia. Sold under guarantee at Mast Bros. & Smith's drug store. Price 50c. dw

Declared Bankrupts.

The firm of Phillips & Anderson, engaged in the mercantile business at Appleby, were declared bankrupts by Referee S. D. Reaves at Tyler on May 11. The amount of their liabilities and assets is not known.

Whooping Cough.

"In February our daughter had the whooping cough. Mr. Lane, of Hartland, recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. We found it as he said and can recommend it to anyone having children troubled with whooping cough," says Mrs. A. Goss, of Durand, Mich. For sale by Mast Bros. & Smith. dw

Mrs. J. F. Pleasant and daughter, Miss Willie Mae, of Nacogdoches county are in the city visiting relatives and friends, and attending the commencement exercises.—Center News.

Bad Attack of Dysentery Cured.

"An honored citizen of this town was suffering from a severe attack of dysentery. He told a friend if he could obtain a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, he felt confident of being cured, he having used this remedy in the West. He was told that I kept it in my stock and lost no time in obtaining it, and was promptly cured," says M. J. Leach, druggist, of Wolcott, Vt. For sale by Mast Bros. & Smith. dw

Served With Injunction.

C. G. Bruton was served with an injunction late yesterday afternoon, temporarily restraining him from selling hiawatha. The injunction was granted by Judge Jas. I. Perkins at Lufkin and the case is set for final hearing in Nacogdoches on Friday, May 29.

When you think of Indigestion think of Kodol, for it is without doubt the only preparation that completely digests all classes of food. And that is what you need when you have indigestion or stomach trouble—something that will get right at the trouble and do the very work itself for the stomach by digesting the food that you eat and that is Kodol. It is pleasant to take. Sold by Stripling, Haselwood & Co. dw

Mr. J. F. Floyd left for Center this afternoon, where he was called on account of the serious illness of his son-in-law, B. E. Emmons. He has a severe attack of appendicitis.

Insist upon DeWitt's Witch Hazel Salve. There are substitutes, but there is only one original. It is healing, soothing and cooling and is especially good for piles. Sold by Stripling, Haselwood & Co. dw

The Most Common Cause of Suffering.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Pain Balm will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by Mast Bros. & Smith. dw

Died at Center.

Mr. W. B. McKnight received a message this morning announcing the death of his brother, D. M. McKnight. Deceased was 63 years of age, and had been afflicted with paralysis for some time.

Mr. McKnight left this afternoon for Center to attend the funeral.

A Californian's Luck.

"The luckiest day of my life was when I bought a box of Bucklen's Arnica salve," writes Charles F. Budahn, of Tracy, California. "Two 25c boxes cured me of annoying case of itching piles, which had troubled me for years and that yielded to no other treatment." Sold under guarantee at Mast Bros. & Smith's drug store. dw

Rev. J. W. Mills of Nacogdoches was in the city this morning on his way home from Maud, where he has been assisting his father in a revival meeting. Rev. C. U. McLarty of Carthage was also here on his way to Nacogdoches to assist in a protracted meeting at the Hayward mill.—Timpson Times.

When the baby is cross and has you worried and worn out you will find that a little Cascasweet, the well known remedy for babies and children, will quiet the little one in a short time. The ingredients are printed plainly on the bottle. Contains no opiates. Sold by Stripling, Haselwood & Co. dw

Lon Brown, a well known citizen of Nacogdoches county died yesterday at his home in Melrose with congestion of the stomach, and was buried today at Cove Springs cemetery at 11 o'clock. Mr. Brown was about 37 years old. The Sentinel extends its sincere sympathy to the bereaved family.

Mr. John Riha of Vining Ia., says: "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. There are a dozen people here who have used them and they give perfect satisfaction in every case. I have used them myself with fine results." Sold by Stripling, Haselwood & Co. dw

A letter from Oscar Strahan yesterday states that he is enjoying life in Mexico. His address is Niaca, Chihuahua, Mexico.

For stomach troubles, biliousness and constipation try Chamberlain's Stomach and Liver tablets. Many remarkable cures have been effected by them. Price 25 cents. Sample free. For sale by Mast Bros. & Smith.

Jacksonville Reformer.
Jacksonville and Nacogdoches matched a game of ball at the latter place last Saturday. The boys from the Jovial Town did not get much entertainment, but romped around the bases a few times just for the exercise and the score was dead easy at the price of 12 to 3. The Nacogdoches team don't even afford good practice for the Jacksonville team.

For Sale Cheap.

An Edison phonograph with records. Machine and records good as new. Will sell or exchange for corn payable this fall.
3tw Charles Perkins.

Albert Brewer is representing Trawick Camp as a delegate to the Log Rollers association.

A great many people imagine they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach and whenever you feel a depression after eating or whenever your food seems to nauseate take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now and until you know you are right again. There isn't any doubt what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by Stripling, Haselwood & Co. dw

C. A. Gifford, clerk of Rusk Camp No. 388, Woodmen of the World, is here from Rusk to attend the Log Rollers association.

It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike county, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough,—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs, and chest. Sold under guarantee at Mast Bros. & Smith's drug store. 50c and \$1.00. Trial bottle free. dw

Mrs. Nora Bagley and Mrs. John Phillips of Rusk are here attending the log rollers convention, and are guests of Mrs. John Choate. Mrs. Bagley is Guardian and Mrs. Phillips Chaplain of Rusk grove of the Woodmen Circle.

Valued Same as Gold.

B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Life Pills they get the worth of that much gold in weight if afflicted with constipation, malaria or biliousness." Sold under guarantee at Mast Bros. & Smith.

"Start Young"

To train a child into good habit. There is no habit that will add so much to the good character, the general happiness and thorough contentment of a life is the good habit of "saving." The best way to start this habit is by opening an account "at this bank" for the child. The child will become as interested in watching this account grow as it would be with a toy. This interest will harden into a habit, and the habit into character.

You can open an account at this bank for your child with as small an amount as One Dollar if you like. Better come in today and do this.
