## W. O. W. UNVEILING

Liberty Elm Camp No. 210 Will Unveil Monument August 16

Plans have been perfected and a program arranged for the unveiling of the monument of Gov. R. W. Haltom. The date is set for the third Sunday in August, or August 16th, at 4 o'clock, p. m.

All Woodman are invited to attend and take part in the exercises, and especially are all of the camps of Nacogdoches county invited and each individual Woodman in the county is requested to come and take part.

It is the duty of every member of this camp, who can, to assist in this work, at least by their presence.

The following program has been arranged for the occasion.

The Camp will march from the hall, led by a band of music to play dirges and sacred music.

At the cemetery.  
Band—Nearer My God to Thee.

Quartett—Selection.  
Opening exercises.  
Quartett—Selection.  
Poem—Arthur Seale  
Unveiling.  
Oration—Beeman Strong.  
Closing exercises.  
(County papers please copy.)

### County Court Doings.

In the county court, Friday and Saturday, the following business was disposed of: C. G. Bruton, violation of the local option law, not guilty; Wallas Jones, same charge, not guilty; Hollins Wade, same charge, \$25 and 20 days in jail. The criminal docket will possibly be concluded by Wednesday afternoon, then the civil docket taken up.

### Called Meeting.

The County Union is called to meet on the 15th of August, 1908, at the Union cotton yard.

Executive Committee.

### To Whom it May Concern.

Owing to the fact that rumors have come to us at various times that Mr. W. B. McKnight has dealt unfairly with the Blake heirs, we feel duty bound to him as a friend to correct that report in so far as our ability will permit.

We believe that he has dealt fairly toward us at all times, and believe that the report that he had not done so was maliciously started to injure him in the recent primary election.

W. B. Taylor.  
Lizzie Taylor.  
Mrs. Clara P. Blake.  
Clayton Blake.

### Card of Thanks.

To my Democratic friends in Nacogdoches county.

I take this method of thanking most heartily all of those who supported me, either by their vote or by both their vote and kind words, for the nomination to the office of District Judge of the 2nd Judicial District. While I did not receive the majority over my leading opponent I felt justified in expecting at the hands of my county people, and have been defeated in the District. I have the satisfaction of having secured a majority (though in each instance small) of the Democratic votes in two out of the four counties composing this Judicial District, viz: Nacogdoches and Angelina. Again thanking you, my friends and supporters, and with malice toward none who honorably opposed me, I am

Most gratefully yours,  
C. D. Mims.

Aunt Milly Woodson, an aged negress living near Chireno, died yesterday. Aunt Milly was 105 years old.

### A NEW FIRM.

Gulf Refinery Co. Opens Branch House in Nacogdoches.

Otis Jopling, an East Texas and also a Nacogdoches young man, has been promoted from a 13 days local agent to a district and traveling agent by the Gulf Refinery Co. of Houston, which is putting in a branch house here. The Gulf Refinery Co. has something like \$2,000,000 invested in Texas and is the largest independent concern of the kind in the world. Nacogdoches will be a supply station for East Texas and the probabilities are that they will build a large ware house in the railroad yards. W. N. Jopling has succeeded Otis as local agent. They will handle all kinds of lubricating and illuminating oils.

### Shady Grove Gleamings.

We are having rain and more these days.

The Shady Grove school house is going up every day and it every one will keep their shoulder to the wheel it will be completed by September 1st.

Prof. Joe R. Day has fifty nine pupils enrolled in his singing school.

Prof. W. E. Feazell was in our community two or three days last week.

Mr. and Mrs. J. B. Rushing left on last Thursday for Oklahoma to visit their son, Dr. J. G. Rushing. May their visit of a few days be filled with many pleasures.

Mr. Eddie Day left last Friday to spend a while in Tyler county.

Mr. Walter Tynes has purchased a fine horse.

Mr. J. O. Day visited the fair maidens of Libby, Sunday.

Mr. Marvin Day and family attended preaching at Pisgah Sunday.

Mr. Whit Martin, of Martinsville, passed through our midst on his return home from Campbell community to-day.

The little infant of Mr. and Mrs. John Simpson, of Pisgah community, was buried in the Shady Grove cemetery on last Friday afternoon at 2:30 o'clock.  
Rose Bud.

### Cured Hay Fever and Summer Cold

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription not did reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Mast Bros. & Smith.

### SAN AUGUSTINE TOBACCO

Hon. Claude Pollard Makes a Visit to East, and Talks.

The following special from Austin, Texas, appeared in yesterday's Post, and is relative to the tobacco crop in San Augustine county:

"Texas is a great State, and not the least of its greatness is its rapidly increasing tobacco industry, which promises to rank with that of other and older States. Claude Pollard, the assistant attorney general from Panola county, has just recently returned from that section of the State and is much enthused with the tobacco raised in San Augustine county, being emphatic in his statement that it is as fine as any raised in the country and, in his judgment, an improvement over the Texas tobacco raised in Nacogdoches county.

Judge Pollard, when leaving San Augustine, was presented with a box of the home product fillers, and he says that they are in greater demand than the dealers can supply. That this section of the State will before long increase its acreage and identify itself with this industry to the exclusion of others is believed most probable, and the elegant flavor and quality of the leaf would justify a great devotion to its cultivation.

### News From Mahl

We are having lots of rain. Corn is good but cotton won't do to brag on yet.

Health in our little town is good.

Fire almost destroyed our little town Saturday morning at 2 o'clock. Eight houses burned.

F. M. Matlock, connections, a total loss, no insurance.

J. F. McCunston, house occupied by Mr. Matlock, value \$250, no insurance.

House, vacant, owned by May Derritte, value \$250, no insurance.

J. S. Winder, house and general merchandise stock, latter valued at \$3200. House, no insurance; stock, \$1000 insurance.

J. C. Brough, drug and shop, value \$500, no insurance. The post office, which was in Mr. Winder's store, was totally destroyed, loss not known. It is believed that the fire was incendiary origin.  
A Reader.

### Two Years and Fine.

In the case against Tom Treadaway, charged with aggravated assault, and which has been on trial the past two days in the county court, the jury this afternoon returned a verdict of guilty and assessed the punishment at a \$500 fine and two years in jail. Treadaway was charged with whipping his wife, now Kittie Box, a divorce having been granted them at the recent session of district court.

are higher in price. We have to pay it on our next shipment. Have however a few of

### The Celebrated Studebaker

in stock and will for the next few days sell these at old prices. It is to your interest to buy now before we advance prices, and it's always economy to buy the best—that's the Studebaker. This is fair warning—will you take it?

We've a Deering Mower and Hay Rake, too, that you ought to have.

Don't you need a Buggy or Surrey, too? We've got 'em. The styles and prices are right.

**CASON MONK & CO.**

Hardware, Tools

### In Memoriam.

On the 20th of July after a lingering illness of five weeks the spirit of Miss Ella McBee took its flight to the better world. By her death many hearts in Family community were made sad. She bore her suffering with marked patience and even while her brow was scorched with fever she was thoughtful and considerate of the comfort of others. She was a loving and affectionate daughter and considered no sacrifice too great for the comfort of her parents. Her two remaining sisters and brother have lost a loving companion and a devoted sister. Her life and conduct was such that all the people of the community were her friends.

She professed faith in Christ about eleven years ago and was baptized into the fellowship of Trinity church by Bro. S. F. Baucum. By her departure the church has lost one of her most devoted members. Her life measured up to her profession.

Her remains were laid to rest in the Masonry cemetery witnessed by a large concourse of sympathizing friends.

Bereaved ones, she is now free from the blighting sorrows of this world. "Blessed are the dead that die in the Lord from henceforth, for ye sayeth the spirit that they may rest from their labors and their works do follow them."

A. T. Gairard.

### Attention, Asthma Sufferers!

Foley's Honey and Tar will give immediate relief to asthma sufferers and has cured many cases that had refused to yield to other treatment. Foley's Honey and Tar is the best remedy for coughs, colds, and all throat and lung trouble. Contains no harmful drugs. Sold by Mast Bros. & Smith.

### To the Voters of Precinct No. 1.

Gentlemen, allow me to express to you my thanks for your liberal support in the first primary and now as the final count was made last Saturday and the race is left between Mr. W. B. McKnight and myself I will ask you to make a careful consideration, and if you can give me your support on next Saturday night to be nominated I will feel very grateful to you and when elected will endeavor to make you one of the best commissioners you have ever had. Thanking you again for your support I remain yours to serve.  
Jno. Burrows, Sr.

### A Friend Indeed

Mr. J. W. Byrd says "that a friend in need is a friend indeed," and explains that after the loss of his mill by fire on the night of August 1st that Mr. W. B. McKnight, who had sold him most of the timber to support his mill, on a contract that the timber must be moved within three years, had voluntarily come to him and extended the time to five years. This is certainly a favor that would appeal to most anyone in Mr. Byrd's place.

### A Boon to Elderly People

Most elderly people have some kidney or bladder disorder that is both painful and dangerous. Foley's Kidney Remedy has proven a boon to many elderly people as it stimulates the urinary organs, corrects irregularities, and tones up the whole system. Commence taking Foley's Kidney remedy at once and be vigorous. Sold by Mast Bros. & Smith.

John Wolom and daughter of San Augustine county, passed through the city yesterday enroute to Oklahoma.

Let's see. Where is Cumby?

NACOGDOCHES county is now getting her share of rainfall.

"Hogs and Hominy by gatlings" for Nacogdoches next year.

COCKE'S ward, San Antonio is a nightmare to the Austin Statesman.

LAKE Charles, La., has a tamale factory. It promises to be a hot number.

NO SIR, the election being over hasn't checked the weeds; they are still growing.

A MAN was shot and killed near Wharton, the result of a quarrel over a one cent stamp.

MATAGORDA county jail is now without an occupant; even the jailor has moved out.

WE are wondering how the recent primaries affected Col. Jim Lowery's Buttermilk club.

ANOTHER question being asked is: "What about that model road to be built by the government?"

PORT ARTHUR Republicans are threatening to nominate John W. Gates for congress. "Bet a million" it's a bluff.

THE majority against submission in the state has been reduced to 5500 with a large number of boxes yet to hear from.

THAT San Augustine county tobacco is all right, but surely Judge Pollard hasn't smoked any Nacogdoches cigars.

Now that we are pretty sure of having a two year's rest on politics, Texas should get busy along industrial lines.

It is stated that R. R. Williams is taking his defeat philosophically. That's probably easier than running for governor.

EVERY dollar that is spent in building sidewalks, making improvements etc not only benefits the spender but the entire town as well.

A SAN ANTONIO merchant and cotton buyer estimates, this year's cotton crop at 14,000,000 bales. Another case of guessing at long range.

"RELIEF" Williams has made affidavit that his total campaign expenses amounted to only \$25.00, but that's expensive when you're running for a big job.

THOMAS J. R. BYRNS of Athens, a recent candidate for the office of comptroller, has accepted a position as private secretary to Congressman Gordon Russell.

ONE good, true man is worth more to a town than a train load of citizens who never stop chasing the almighty dollar long enough to get a decent breath.

A DALLAS man discovered the tooth of a canine in a hot tamale. But for the fact that he had already eaten the rest of them he might have found an entire set.

JUST because the other fellow does not agree with you, don't fall out with him. Maybe you are the one that needs a change of mind and heart instead of him.

"BUSINESS is picking up" said a merchant today; and he is right. Business seems to be getting better fast, in all lines, and that smile gets broader and broader.

THOMAS L. HISGEN, of Massachusetts, and John Temple Graves, of Georgia, have been nominated by the Independence League for President and Vice-President.

KENNEDY of McLennan, Gilmore of VanZandt, Robertson of Travis, Davis of Brazos and Mobley of Henderson are announced candidates for speakers of the 31st Legislature.

STATE Health Officer, Dr. Brumby went over to Mineral Wells and gave the Mayors Convention a lecture on cleaning up; not that the mayors needed it so much but their towns do.

THE defeated men for office, who have, since the primaries, rolled up their sleeves and gone to work for themselves and for the town, are the kind of men that are worth while.

ABILENE citizens have made a contract with a sidewalk builder to put down one mile of cement walks in the residence portion of that city at ten cents per foot, or about \$20 per fifty feet front.

A CITIZEN of Rockdale county has already announced that he will be a candidate for comptroller two years hence. We haven't yet learned who will aspire to the place four or six years from now.

BEAUMONT is one city in the big south-west that is laying the foundation for future greatness by building sidewalks. Yet what Beaumont is doing is no more than any town can do and ought to do. All it takes is hustle.

AND now they tell us that Tatt carried a message of peace to China more than a year ago; he should also carry some of the "million copies" of his speech there, we can well do without them.

MAKE everyday count for something. With the setting of the sun your future is just one day less and a failure to do your best means one day more; the goal and an opportunity for good, gone.

MR. Merchant, it is about time for you to begin increasing your trade. In a few more weeks the farmers will begin to harvest a big corn and cotton crop and they will need dry goods, clothing, groceries, etc. Let them know what you have to sell and they'll come to see you. Advertise.

CHARLEY Richardson has yielded the field to J. H. Brantley in the race for Tax Collector. This ends the contest, and there will be no second primary for this particular place.

It is whispered around that the commercial club is to be merged into a Progressive League and if done, will take up the fair proposition and other things now needed by Nacogdoches.

"WILLIE" HEARST, evidently, is not well pleased with the way things were run during his trip to "gay Paree." The young man will have to remain at home and stick closer to business.

YOU can't head the Timpson Mayor, and his defeat for Representative hasn't dampened him the least. He has just received a request from Philadelphia for his photograph to be published in a "special edition of a paper" and of course he will send it as per—

LAMPASAS is to have a county fair, Cleburne citizens will build a creamery, Bonham and McKinney are talking interurban, Amarillo has secured a \$150,000 packing house and Nacogdoches is taking things easy—and waiting for something easy to take.

BE true to your fellowman. Be honest with yourself; and you'll be honest with others; honesty begets honesty. Have confidence in your neighbors and associates. Of all creatures, the most nauseating are those that are forever parading it, that they "have lost confidence in the human race."

LONGVIEW officials are advocating turning the stock out for a period of 30 days to rid the town of the grass and weeds. The reason is given that the force of street hands is not sufficient to cope with the situation. That may be a good course to pursue, but we rather think that if every person will clean up their own yards, cut the weeds on their own places, rid the garbage and refuse from their own alleys, no such job would have to be saddled off on old "Pide."

### Delegates and Resolutions.

The Republican county convention was held Saturday afternoon at 4 o'clock. D. C. Baines was elected permanent chairman and G. W. Eason secretary.

The following delegates were elected to the Republican State Convention to be held at Dallas August 11. Several resolutions were adopted:

H. H. Cooper, H. R. Doolittle, R. E. Martindale, Wm. McCreary, D. C. Baines, T. K. Raynor, G. W. Eason.

W. C. Fouts has resigned his position as salesman in the dry goods department of Mayer & Schmidt, and has accepted a position with the big new firm that is to begin business in the near future. Mr. Fouts is a very popular salesman, is well versed in his line and has been with Mayer & Schmidt about ten years.

### SOME WEST TEXAS PLUCK.

The "Big Plains" people have a way of doing things, distinctively their own. They are not every time the originators, nor does that fact lessen their zeal, for they are excellent imitators and oftentimes show improvements. Western Texas and especially that part known as the Panhandle, has undergone some marvelous changes in the past decade. Ten years ago it was just a bald prairie, utilized for stock raising only, with no seasons, it was thought, unfit for growing anything and in some sections not even enough vegetation for a Texas steer to subsist on through the easy months. Today that portion of the Lone Star State represents one of the wealthiest, most progressive and promises to be one of the most populous in the entire Southwest. Its millions of acres are being put into farms; thriving towns and cities have sprung up and beautiful homes now dot the prairies, where heretofore not even a sign of life was scarcely seen. That section of Texas has few natural advantages, few inducements and talk of habitation was for many years but the jest of skeptics. But the people have made it and are planting the seed for a still greater future. They have accomplished these things in the face of adversities. They have accomplished these things only by advertising, by investing, and by spending their money. Not lavishly, necessarily, and not in a foolhardy way but carefully, conservatively and always with a confidence and belief that it would return; and it has, ten fold. They have a system for work and how to the line. Such a thing as sectional prejudice is rarely known and instead, every city, town and community join hands for the one purpose. That purpose is to bring people to that section; to develop the resources and to make it a better country. A few years ago, and before the famous Pecos Valley came before the eyes of the world, the few people there conceived the idea of sending an exhibit north, for the purpose of interesting the farmers about the new country. The expense of such an undertaking was very great and came near causing the defeat of their plans. A last effort, however, proved a successful one and with the co-operation of the railway company, the only one at that time, they set about to arrange an exhibit car. Organizations were formed in all towns and communities, subscriptions were raised and products of the little farms and orchards were asked for. People who were able, gave money to the enterprise, those who were not, aided in the work by going among the people and talking for it while the men with the small farms and truck patches contributed the very best their lands afforded. The car was well filled and with stuff that even surprised the natives, in many ways. The community organizations were called together and delegates to a central body elected. The cen-

tral body met and selected a good man, a practical farmer he was too, and then selected an assistant to accompany the car. Hundreds of dollars were expended for advertising matter, such as pamphlets, booklets, scenes in the Pecos Valley etc and an appropriation was made for newspaper advertising, if mention without charge could not be gotten on the trip. Several months were spent in going through just a few of the most populous central states, lecturing on the Southwest and giving out advertising matter. The enterprise was a success—people began to leave the northern climate and come to the new country. Pecos Valley is today as thickly settled as East or Central Texas. The Panhandle folks, three years ago, took up the exhibit car proposition. It is now an annual feature and in a few weeks, according to news-columns, will leave on its third trip. Of course it's a success in every way and why shouldn't it be? The proposition now is, can't East Texas do as well? Not one city nor one county, that would prove too expensive. But say a half dozen or a dozen would be better, towns get together, raise \$200, \$300 or even \$500 each, equip a car with the products of East Texas, issue booklets for distribution, send a practical, hustling man with that car and let him spend a few months in Kentucky, Tennessee and a few other farming states where the people are crowded. The results would, we venture, be astonishing and hundreds of people would come to this section. The only reason lots of people are not coming is because they know nothing of the country. They are going to Southwest and Northwest Texas; why shouldn't they come here? They will if given an opportunity to learn of this country. A unity of action, a system for work and plenty of advertising is all that is needed.

THE Beaumont Journal evidently is not well pleased with the retirement of S. B. Cooper, as Congressman for the 2nd District and says:

It appears that Martin Dies has been chosen as the Democratic nominee for congress. The voters of Jefferson county are responsible for the change in congressional candidates and it is these self same voters who kick because a congressman cannot get everything they desire. In other Texas congressional districts the voters generally return the old man on the ground that he knows the roads and the longer he is there, the more valuable an asset he becomes in securing for them, federal assistance on many worthy projects.

A MAN at Celina Texas has invented a spanking machine and has used it with success the past five years. He says the new invention will mean a great saving of strength to mothers, will relegate the old shoes and slippers to the stock of "has beens," and will also be more effective in its work than the old way. He will apply for a patent.

### EAST TEXAS PRESS.

Use every effort possible for the advancement of your home town. You will thus "cast bread upon the waters."—Cushing Enterprise.

That's correct doctrine. Boast your home town when abroad; join in all movements for it's upbuilding when at home, and—cut the weeds.

We love to see a whole hearted, whole souled man. One who is energetic, enterprising, ever alert to his own interests, with a good word for everybody and who never fails of an opportunity to push for his town and community. Such a man is a gem.—Nacogdoches Sentinel.

He is a gem and one who should be appreciated.—San-Augustine Vidette.

"Every loafing negro should be warned to get busy or move on and on his failure to comply he should be put to work on the streets. He is a vagrant and should be dealt with according to law. Some of the streets need working anyway."—Nacogdoches Sentinel.

What's the matter with the loafing white man? What law or custom gives him a monopoly of the loafing business?—Lufkin News

Tom Campbell and his ideas will be in power in Texas for another two years. We hope the spanking he received will tame both he and his ideas during the rest of his tenure in office.—Beaumont Journal.

Admitting the Journal's consolation that Governor Campbell did receive a little spanking it is apparent that the opposition "will stay hitched by gatlings" for a while at least.

The interest manifested in the primary will be wanting in the November election.—It should not be the case.—Pittsburg Gazette.

While, of course, the general election in November is looked forward to with but little interest, and in one sense everyone is glad, yet there are some things to be settled at that election and to do what should be done, and intelligently, the people should study the questions well and go to the polls and cast their ballots.

In counties of other states the old system of hiring the work done substituted. It is said that the people who have tried the change are better satisfied and have better roads.—Abilene Reporter.

Everybody's work is usually nobody's work and on that account the roads have not received the attention they are entitled to.—The new way, as is being done in some of the old states, is the sensible way and until it is taken up in this state we need not expect real good roads.

The Nacogdoches Sentinel remarks that weeds are about the only thing that will grow in town without help. Wrong again. It takes plenty of rain and a little sunshine to make weeds do their best. Now the calamity howler every city possesses is about the only thing known that sprouts without the aid of man, rain or sunshine.—Beaumont Journal

This woman says she was saved from an operation by Lydia E. Pinkham's Vegetable Compound.

Lena V. Henry, of Norristown, Ga., writes to Mrs. Pinkham:

"I suffered untold misery from female troubles. My doctor said an operation was the only chance I had, and I dreaded it almost as much as death.

"One day I read how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it. Before I had taken the first bottle I was better, and now I am entirely cured."

"Every woman suffering with any female trouble should take Lydia E. Pinkham's Vegetable Compound."

**FACTS FOR SICK WOMEN.**

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

**TO BEGIN RUSK LINE SOON.**

Texas and New Orleans Will Build From Gallatin.

Houston Post.

While no construction or extensions upon general lines are in progress or contemplated in the near future, the Texas and New Orleans road will shortly begin building eight miles of road which will connect it with the iron industry at Rusk. This short extension is a branch from Gallatin south to Rusk, and was decided upon last year.

Rusk is the seat of one of the State iron mills, operated by convict labor, and an excellent quality of pig iron is being turned out at a profit to the State. A good deal of water pipe and culvert pipe is also made there.

The Cotton Belt is now the only road that reaches Rusk, but the Texas and New Orleans will soon be a competitor in that field, which promises in time to become a great iron producing district.

Bids for grading the Texas and New Orleans branch will be called for by the general manager of the Sunset-Central lines, Thornwell, within a week or two.

The many friends of Miss E. Wadlington will be pleased to learn that she has accepted a position in the High school in the Latin department. Her sister will teach music here also.

**FOLEY'S KIDNEY CURE**

WILL CURE YOU

of any case of Kidney or Bladder disease that is not beyond the reach of medicine. Take it at once. Do not risk having Bright's Disease or Diabetes. There is nothing gained by delay.

50c. and \$1.00 Bottles. REFUSE SUBSTITUTES.

For sale by Mast Bros. & Smith

**That Public Well Question. To The Sentinel:**

In an issue of your daily last week "A Farmer" wrote well in favor of a public well, in our public square. It looks funny to talk about a place to quench thirst in our dry old town. We not only voted dry, but we filled up a big well that was dug and curbed in the center of the square. It cost hundreds to put it there, and a hundred to fill it up. Yet "we are on the water wagon now," and must not drink, nor let our farmers drink in town. Moreover, we must cross the Lanana creek, as we go and come, high and dry on an iron bridge, and to prevent us from even watering our horses on hot days the ford has been stopped up. We are not permitted to drive or ride across at the ford—no matter how badly we need to get a drink or get wet. We must go dry.

No, Mr. Farmer, you can't be wet and dry at the same time.

But, jokes aside, it does seem like places to drink, and to water stock, ought to be prepared for farmers, and all folks alike, and not stopped up.

Another Farmer.

**From Mr. Blackburn.**

Fellow Citizens: All men have their choice. In the primary, Mr. Spradley received 912, Mr. Buckner 586, Mr. Walters 409 and I, 906 votes, leaving Mr. Spradley and myself to run in the second primary for the nomination for the office of Sheriff. My opponent argues that on account of the above vote, my action as Sheriff has been condemned, but that remains to be seen, and if might be argued that his defeat in the last two election showed that the people did not want him for Sheriff. He writes and says "I had promised both of these gentlemen if either of them, were in the second primary, with Mr. Blackburn, I would give them my earnest support." If these gentlemen promised to be as good to Mr. Spradley as he promised to be to them, then you see I have been up against a combination from the start. Apparently this statement was written for the purpose of catching the vote that Buckner and Walters received in the first primary, will it do it? That remains to be seen also. I have run my own race on my own merits and record as Sheriff for the last two years, and promised no one my support in the second primary. My race has been made for the purposes of being nominated, and not for the purposes of defeating any one else, and I leave the solution of the matter to you, respectfully asking all those who favor me, to be sure and go to the polls and vote in the second primary.

Respectfully,  
G. W. Blackburn.

The Show Case Factory has the contract for making the fixtures for Mayer & Schmidt's new building, and has already some of them made and they are strictly up-to-date.

**THE COUNTY CONVENTION.**

Delegates to Various Conventions Elected and Resolutions Adopted.

The county Democratic convention met Saturday afternoon at 2 o'clock, in the district court room, chairman S. W. Blount presiding and G. B. Layton acting as temporary secretary. The committee on credentials was: G. S. King, B. T. Shirley, B. L. Joplin. On permanent organization, representation and resolutions was: Beeman Strong, W. S. Beeson, D. K. Cason, T. B. Jordan and George F. Ingraham. The temporary officers were recommended as permanent, and the convention accepted unanimously. The following resolutions were offered and without a dissenting voice were adapted:

Resolved by the Democracy of Nacogdoches county in convention assembled that we approve and commend the administration of the state government under Governor Thos. M. Campbell for the last two years and congratulate the Democracy and the people of our great state on his renomination in the recent primaries for a second term in office.

Resolved by the Democracy of Nacogdoches county in convention assembled that we favor a constitutional amendment validating all school bonds which have been issued by the independent school districts in Texas and purchased by the state or by individuals where said bonds are in effect invalidated, if they are invalidated by the recent opinion of the supreme court affecting school bonds and we hereby instruct our Representative in the Legislature to favor all measures looking to the validation of such school bonds.

Resolved by the Democracy of Nacogdoches county, in convention assembled that in the event the official returns of the primaries throughout the State on the proposition to submit to the voters of Texas a prohibition amendment to the state constitution, show that for submission had a majority of the votes cast for and against such submission, then our delegates to the state convention are hereby instructed to vote for a demand in the platform of the party to be formulated at the San Antonio convention for the submission by the next Legislature of such constitutional amendment, and—

Resolved further that the vote of Nacogdoches county on all questions arising in the State and various district conventions shall be cast as a unit by the delegates present at such convention who have been duly elected by this convention as such and that no proxies be allowed in any convention to which this convention has this day elected delegates, if one of the duly accredited delegates selected by

**DELICIOUS BANANA CREAM.**

This recipe is highly recommended by our correspondents; try it for dessert or for a special treat. Add one teaspoon sweet cream beaten to a stiff froth, then add one package of Lemon JELLO dissolved in 1 1/2 teaspoons boiling water. Pour into mold and when solid garnish with candied cherries. Serves with whipped cream, or any good pudding sauce. JELLO is sold by all Grocers at 40c. per package.

**Cures Woman's Weakness.**

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ELECTRIC MEDICAL REVIEW says: "The following are among the leading indications for Helonias (Ulcorn root). Pain or itching in the back, with leucorrhoea, chronic or acute, of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flowing) or accompanying an abnormal condition of the reproductive system; amenorrhoea or irregular monthly periods; aching, burning or accompanying an abnormal condition of the digestive organs and general (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, the use of Helonias is recommended. It is a powerful purgative, and is the most faithful of purgatives.

Of Golden Seal root, another prominent ingredient of Favorite Prescription, Prof. Fyfe writes: "Golden Seal is a powerful tonic, and is the most faithful of tonics."

"It is an important remedy in disorders of the womb. In all catarrhal conditions, it is especially valuable as a tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "It is a valuable uterine hemorrhage, menorrhagia (flowing) and congestive dysmenorrhea (painful menstruation)."

"Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended."

this convention is present. Respectfully submitted,

Beeman Strong,  
W. S. Beeson,  
D. K. Cason,  
T. B. Jordan,  
Geo. F. Ingraham.

Delegates to the state convention were elected as follows:

D. K. Cason, W. A. Barry, S. W. Blount, W. J. Campbell, J. C. Harris, Tom Summers, Beeman Strong, Dr. H. A. Hardeman, George F. Ingraham, J. F. Fuller, J. W. Cariker, C. D. Mims, Roe Garrison, H. B. Fall, George S. King and R. F. Davis.

To the congressional convention: Moss Adams, A. T. Russell, D. K. Cason, Will Reid and H. T. Mast. To the judicial: E. B. Lewis, J. E. Doughtie, P. M. Sanders, A. T. Russell, A. Y. Baugh, S. W. Blount, John Weatherly, S. M. King and June C. Harris. A motion to ratify the work of the executive committee, in declaring the nominees of the party, elicited a little discussion; the only discussion that was shown during the convention. The objection was to H. A. Dotson being declared the nominee, in as much as the 17th District is composed of Nacogdoches county and it being taken by some to be a county office.

For this reason it was thought the race should be run over, but a vote carried the motion, ratifying the work of the committee. A large number of delegates were in attendance and much interest was taken in the proceedings. Judge S. W. Blount, county chairman, at the close of the convention, relinquished his position to S. M. Adams, the newly elected chairman, and who will be at the head of the organization for the next two years.

R. T. Bentley of Martinsville was here today on business relative to his gin plant. He states that they are overhauling and repairing and will be ready to begin ginning in about three weeks.

**In a Pinch, use ALLEN'S FOOT-EASE**

Allen's Foot-Ease. It makes tight or new shoes feel easy-gives instant relief to corns and bunions. It is the greatest comfort discovery of the age. Cures swollen feet, blisters, calluses and sore spots. It is a certain relief for sweating, tired, aching feet. At all drug stores and shoe stores. Don't accept any substitute. For FREE SAMPLE, also Free Sample of the FOOT-EASE Sanitary COUPON-PAD, send in a card, address Allen S. Ginn, Ltd., Le Roy, N. Y.

**MAHL BURNED OUT.**

Fire Sweeps Little Town At 2 O'clock This Morning.

From Saturday's Daily:

The little town of Mahl, located 10 miles west from here, was entirely destroyed by fire this morning about 2 o'clock. Nine buildings burned, all frame, four occupied and five vacant ones.

J. G. Winder, dealer in general merchandise, was the heaviest loser, having a stock of several thousand dollars.

A house next to his store and used as a ware room was among his losses. In his store was the postoffice and telephone office both of which are destroyed. Mr. Winder had \$1000 insurance on his stock of goods, none on his building.

S. M. Matlock, dealer in confections and can goods, stock a total loss. J. G. Baugh, blacksmith shop, total loss. Mr. Winder was called up at Caro and asked concerning the fire, giving the above information, but did not state who owned the vacant buildings.

It is thought that neither Mr. Matlock nor Mr. Baugh had any insurance. The fire caught in a shed room, it is supposed, to the rear of Matlock's store, but how, is not known. When discovered by Mr. Baugh, the room was about ready to fall in and the fire had gained such headway that to check it was impossible. The only water available was from private wells, making fire fighting almost an impossibility.

No residences were burned but it required hard work to save Mr. Baugh's residence, which is located near the store occupied by Mr. Matlock.

Letter to W. S. Beeson, Nacogdoches, Texas.

Dear Sir: Here's the one great big fact in paint:

Every job painted Devoe takes less gallons than any other paint.

If any one doubts this statement, here's the proof:

He may paint half his job Devoe, the other half whatever paint he likes. If the Devoe half does not take less gallons and cost less money for both paint and labor, no pay.

Yours truly,

F. W. Devoe & Co.

P. S. Mast Bros. & Smith sells our paint.

**Nomination of Martin Dies.**

Concerning the nomination of Hon. Martin Dies, the Houston Chronicle says:

There will be only one change in the Texas congressional delegation as a result of the democratic state primary. In the Second congressional district Martin Dies defeated S. B. Cooper by a narrow margin after a strenuous campaign.

Mr. Dies is a man with a future. Texans are going to hear more of him. He is one of the keenest, cleanest, kindest men in public life in this state. He has convictions, and fights for them, without fear or favor. In a district where Senator Bailey's adherents were especially numerous and intolerant of opposition, he began his campaign for congress by taking the stump

**Guaranteed Cure for Constipation**

After watching results for sixteen years, during which time many millions of bottles were sold and thousands of letters from users were received, the originators of Dr. Caldwell's Syrup Pepsin, the great herb laxative compound, feel safe in guaranteeing it in the various diseases of the stomach, liver and bowels, such as chronic constipation, dyspepsia, indigestion, biliousness, flatulency, sour stomach, bloated stomach, heartburn, etc. There is an absolute guarantee to refund the purchase price if Dr. Caldwell's Syrup Pepsin does not do what is claimed for it.

For sixteen years this remedy has been recommended for stomach, liver and bowel complaints and the fact that each year more and more families are using it proves that it has the merit claimed for it, and the letters we are constantly receiving prove that it is curing these diseases. Hence the guarantee is justified.

Mrs. Abigail of Boynton, I. T., writes: "Dr. Caldwell's Syrup Pepsin is the best laxative tonic on the market because to use his own words, 'It does all you claim for it and I do not know of another medicine of its kind that does.'"

Mrs. Williams of Sidney, Ill., writes: "I have used it in her home all her married life and would not keep home without it. Thousands of others have written to the same effect. If you have any complaint for which Dr. Caldwell's Syrup Pepsin is recommended, get your drugist and get a 50 cent or \$1 bottle. Take it on the basis that we guarantee satisfaction. You will find it gentle to use and pleasant to take. It works promptly and efficiently, and unlike purgative waters, salts and cathartic powders or pills, does not grip and leave you weak and torn. It is safe to say that you will like it and use it regularly when you have call for a laxative. It is especially suited to children and weak people because of its gentle action."

**FREE-TEST** Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Beware of cheap imitations. Get the genuine. It is the only effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "The Laxative Syrup Pepsin." THIS PRODUCT IS DR. CALDWELL'S SYRUP PEPSIN. This product bears the name of Dr. Caldwell, Washington, D. C.

PEPSIN SYRUP CO. 119 Caldwell Bldg., Monticello, Ill.

against the senator's nomination—the delegation to Denver. He employed no offensive personalities; he never lost his temper; he made his arguments solely upon principles and always in the best of humor. He would not apply offensive epithets to his opponents, because he had fully made up his mind not to permit them to apply such epithets to him. His speeches were genuinely democratic; he has nothing of the demagogue in his makeup. He made his appeal, not to the passions of the prejudices of the people, but to their common-sense, their patriotism. He hit hard, but logically, fairly. So it occurred that, although his opponent had the backing of the interest that also support Senator Bailey, he convinced and captured the majority at the polls.

Mr. Dies is a lawyer in practice at Beaumont. He is a man self-educated and well educated. It is not so long since he was a farm hand, working for wages in the fields. He understands the needs and desires of the people. His district he knows thoroughly. The Chronicle believes the people of the Second district will be well satisfied with their new representative, and that he will in time to come take high rank in the Texas delegation.

Prof. H. G. Damon of Corsicana has been elected to fill the department of science in the Nacogdoches High school this year taking the place vacated by Prof. Flagg. Prof. Damon is a graduate of the Vanderbilt University and comes highly recommended to Nacogdoches people.

**MAKE ICE CREAM FROM WATER**

and a small quantity of condensed milk, if fresh milk cannot be had.

**RECIPE.**  
1/2 pint condensed milk (Evaporated) . . . . . 50c.  
Add enough cold water to make one quart . . . . . (50)  
One 12c. package JELLO ICE CREAM Powder . . . . . 12c.  
Total . . . . . 1.10c.  
Mix all together thoroughly and freeze. Don't heat or cook it; don't add anything else. This makes two quarts of delicious ice-cream in 10 minutes at very small cost.

**BEWARE OF KNOX IT'S PURE.**  
Five kinds: Chocolate, Vanilla, Strawberry, Lemon and Unflavored. 2 packages 25c. at all grocers. Illustrated Recipe Book Free. The Gossens Pure Food Co., Le Roy, N. Y.

# Weekly Sentinel

MALTON & HALTOM, Proprietors.  
GILES M. HALTOM, Manager.

NEXT year's crop should also include a few acres of tobacco.

A DAILY reminder of the need of side walks and street crossings—the rain.

W. J. BRYAN has been elected an honorary member of the Lincoln Typographical Union.

"FLOAT loads of northern bacon" don't look very good when hogs can be raised at home.

WE haven't heard of the Commercial club doing anything toward advertising Nacogdoches.

LIMESTONE county Republicans have endorsed Judge Ogden of San Antonio as a candidate for governor.

If the ladies of the town take an interest in Nacogdoches being clean, we can hope for it to be so right away.

THE Thirty-First Legislature will be composed almost entirely of new members. Texans should be thankful.

ACCORDING to the Beaumont Journal, Martin Dies has a majority of 431, official count, over S. B. Cooper, for Congress.

IT is thought that the school apportionment this year will be \$6.50 per capita, the largest in the history of the state.

THE cost of building a side walk along the front of your home would be small when compared with the enhancement in value.

NACOGDOCHES has an ordinance that requires the weeds to be cut, alleys cleaned etc and makes a failure to do such, a "finable case."

A FEW acres of tobacco, netting only one crop, bringing the low sum of \$100 per acre will beat most any other crop you can mention.

DALLAS, San Antonio, Taylor, San Angelo, Brownwood and other good towns in the state are getting ready for their annual fairs.

A MAN by the name of Corn is running for Governor of Kansas on the Republican ticket. The Corn crop doesn't promise to be large, in that state, this year.

NACOGDOCHES merchants have long ago forgotten the panic and are putting their faith in the future, as is evidenced by the big shipments of goods coming in.

ASSISTANT Attorney General Lightfoot promises to probe the ice trust in Texas. He'll find nearly all of them putting it out "about the size of a Garrison brick."

BEAUMONT is worrying because she hasn't even a cigar factory, and here is old Nacogdoches with two and besides the stuff to make "those delightful smokers" is raised right here at home.

## THEY'RE COMING SOUTHWARD.

The time of year is near at hand when the northern man seeks a southern clime. It is a habit he has acquired, almost by necessity. The crowded central and northeastern states have become too densely so for him and he seeks broader fields. The ten, twenty and fifty acre farms are large ones now, and even some of them are being divided and subdivided to make room for the increasing population. On his small tract, by a careful diversification and a still more careful and intense cultivation he has made and can continue to make a living. He raises everything—almost that he consumes to live, and from his various patches of truck he disposes of enough to purchase clothing. He does not want, in the term we apply it, yet he is not satisfied. The country has grown too populous and farms have dwindled to a size where profit above his family's keeping, cannot be made. He is yearning for more acres or maybe he wants a land where he can just purchase a home. He has heard and read something of Texas; of its broad acres, rich fields, verdant pastures and cheap homes. He has read and heard that a man on Texas soil can also live at home and besides make profit from his labors. He learns of the Texas climate, her seasons and resources. He has been invited to come southward and he's coming. The fall harvest time is approaching and he bids it welcome that he may finish his work and visit the country, of which he is learning, and see for himself, the opportunities of the south. He comes—and stays. They all do when they come to Texas. And there are thousands and thousands of them coming and to stay. They have been invited by some hustling town, city or section. They're coming southward, as they did last year and as they will continue to do. Texas is urging them come and sections of the great state are continually showing up their advantages to induce some of these people to locate there. What advantages have other sections over East Texas and on the other hand, think of the advantages East Texas has over all others. Yes, they're coming Southward and East Texas should get her share; but will she?

THE farmer with a crib full of corn, some hogs for this winter's killing and a nice bunch of chickens will be one of the independents when frost and ice come round.

THE Santa Fe railway system has purchased 8000 acres of land in California and will plant trees. In 18 years the company expects to get 7,000,000 ties a year from its own forest.

FROM almost every quarter comes the encouraging reports of returning prosperity. Railroads are increasing their forces, factories are putting on additional men, merchants are laying in large stocks, and everybody has taken on that air that gives a confidence.

The sawmills are sending out their products and the wage earner is again at his place. Building in every line is fast being resumed, and the farmer is promised a bountiful harvest: Prosperity is here again.

To let this year pass without the organization of a fair association in Nacogdoches, will simply mean a neglected duty on the part of our citizens. Don't put off this important matter longer; get together, formulate plans, do some work and have a fair.

NOT a vacant business house in Nacogdoches may sound funny to some of the towns that have been yelling "best ever." Yet this is a fact in Nacogdoches, and if all of the proposed new businesses materialize, it will mean more buildings to go up.

NACOGDOCHES has a right to be proud of her large number of beautiful homes. It is quite doubtful if there is another city her size, in the entire southwest, that can boast of as many elegant residences—but the need of side walks is a burning question just now.

TEXAS possesses the biggest and best of everything. The following clipped from an exchange shows that any reputation the state may have for being able to produce liars can be sustained: "New Jersey has lost its own peculiar reputation as the haunt of the big mosquito. A Santa Fe train, returning from Galveston with the usual Sunday crowd of excursionists Sunday night, ran into a swarm of mosquitoes ten miles out of Houston and stalled. The pests choked up the engine and put it on the bum, and for four hours, while a new locomotive was brought to the scene from Houston, the passengers are reported to have suffered more even than did the Egyptians in the days of the plague of locusts and the swarms of flies."

Someone has said, and very truthfully, too, that the best friend any business man or politician ever had in this world, next to his wife, if she is a good wife, is the local newspaper. This is a truth that some people never learn, however. A business man, striving for popularity and trade, puts a millstone about his neck when he offends the local paper, or when through some imagined wrong, he withdraws his patronage. And the would-be aspiring politician, when he parts friendship with the local paper, so far as his political aspirations are concerned, had as well go jump in a mud hole and drown himself; for the paper cannot only leave him in obscurity, but can, as a rule, defeat his every ambition. If you do not believe these truths you have not learned the common lesson that observation will teach you. Every man needs the friendship of the local newspaper, and the way to retain it is to be square with the men behind it.—Ex.

## A STORY OF WHEAT.

### Idaho Man Claims to Have Made a Great Discovery.

Every one who knows anything about farming or gardening, even in the remotest degree, and many others besides, know about Luther Burbank, the wonderful manipulator of nature's products, and the great things he has done to create new varieties in fruits and flowers, yet when it comes to actual value to the country and world at large, the most wonderful thing ever accomplished has been by Abraham Adams, of Juliaetta, Idaho, who has performed almost a miracle with wheat, and made it possible to increase the wheat crop of every individual who raises that cereal ten fold.

While it has not been generally known, many governments through their scientific men, have been striving for many years to avert a world famine. "How soon will the world starve to death?" asks Sir Williams Crookes who shows by statistics that the average yield per acre of wheat for the world is only 12.7 bushels. Yet after years of skillful trial the government stations have been able to perfect wheat bearing only a trifle, and they are now aghast at the result of experiments by this Idaho farmer, who has been able by mathematical figuring on individual stands of wheat as perfected by him, to show an increase of 278 fold.

It will be hard for old wheat raisers to believe this wonderful story, but proof has been made by surveys of the land on which wheat was planted, and accurate affidavits of wheat threshed. Here is what is coming to the wheat business, a most marvelous thing, but actually true.

Mr. Adams in 1904, succeeded in getting one single head of wheat, that satisfied him of a discovery. This one head of wheat he planted in the fall of that year, and in the following summer, procured seven pounds of the wheat. This seven pounds he planted in the spring of 1906 and he secured from the seven pounds, 1545 pounds. Here was a startling yield at the ratio of 222 bushels to the acre. This seed was planted in the fall for winter wheat, but bad weather and hail during summer, destroyed all the fields of ordinary wheat so they were not fit to harvest. Yet the new wheat left standing threshed out 53,000 pounds.

From these statements, it is easy to figure what this wonderful wheat is. But the wonderful things were yet to come. On a government station test, it was found that this wonderful wheat was hard wheat. It is therefore a wheat that succeeds equally well as winter or spring wheat, and in both plantings will grade No. 1 hard.

This means an absolute revolution in wheat raising. It means that the countless acres of California, where only soft wheat is grown, can now raise hard wheat. It means that in all the vast winter

wheat region, which is greater than the spring wheat territory, growers can now compete with the northern countries in growing hard wheat. It means that the worn out farms of the east, with such a yield can afford to have farmers manure their land for wheat crops because of the enormous return. When this is realized, the wealth that Alaska has given it gold, pales into insignificance by the side of what the farmers will be able to lay up in wealth for the country.

Mr. Adams' wheat has been raised on dry land, under slight moisture, showing that this Alaska wheat is suited to thrive in drouth. In southern countries a test has shown larger results. Planted in Alabama, its leaves have attained a width of 7-8 of an inch. A head planted in that state showed greater results than that from the original head in Idaho.

### Letter From Mr. Dies.

The Sentinel, Nacogdoches, Texas.

Be good enough to say in your paper that my heart overflows with gratitude to the many friends who so loyally and unselfishly supported my candidacy in the recent primary. I wish it were possible to know each by name, and write him a personal letter, thanking them for their support. It shall be the ambition of my life to render unto all the people faithful and efficient public service.

The last two weeks of the campaign were very trying on me, and as a result I am completely broken down. It will be necessary for me to delay answering many of the letters I am receiving from friends, until I recover from the effects of the hard work of the campaign. When my health improves it is my purpose to visit as many parts of the district as possible, and to make speeches between now and the November election. Permit me to say to the people that I have made a clean, candid and fearless campaign and if elected to Congress I can enter upon the discharge of my official duties with no obligation except to the people, whose interest I except to faithfully serve.

Without bitterness to any man, and with everlasting devotion to my friends, I am Sincerely and gratefully, Martin Dies.

### A Fine Catch.

Leon Clark and Elmer Weaver came in from the Angelina yesterday afternoon with another fine catch of the big yellow catfish. They brought in 12 of the finny tribe ranging in weight from three to 21 pounds, seven of which were not under 10 pounds. Friday they also brought in about 100 pounds, just three night's luck and last night again returned to their old haunts to "Isaak Walton" a few more.

TEXARKANA is to pipe natural gas from the Caddo, La., field. If that doesn't prove satisfactory the double city might try it from Little Rock Ark., if Senator Jeff Davis is still there.

## The Split Log Road Drag.

A FARMERS' bulletin has just been issued by the Department of Agriculture which should be read and studied by every man in the country, whether he has a five-acre or a thousand-acre farm. It is a description of the split log drag for use on earth roads. The split log drag is by no means a new institution, but this 15-page pamphlet tells why it is sometimes a failure. For one thing, it is often made too heavy. It should be light enough for a man to lift easily. A dry cedar, elm or walnut log is the best material for a drag—far better than oak or hickory. Another mistake is in the use of squared timbers instead of those with sharp edges, whereby the cutting effect of sharp edges is lost, and the drag glides over instead of equalizing the irregularities in the surface of the road.

There are 2,000,000 miles of dirt roads in the United States, and on those which are in any way adequately kept up, the ordinary process of improving by ditch cleaning, scraping etc., costs annually per mile from \$20 to \$50. On the other hand the annual cost of improvement by the use of the split log drag, and the plank ditch cleaner, also described in the bulletin, ranges from \$1.50 to \$5 per mile and a far better road is the result. The cost of constructing either of these implements is at the most a few dollars.

The advantage to be gained from the use of a road drag are emphasized in the bulletin thus: First, the maintenance of a smooth, serviceable earth road, free from ruts and mud-holes. Second, obtaining such a road surface with the expenditure of very little money and labor in comparison with the money and labor required for other methods. Third, the reduction of mud in wet weather and of dust in dry weather. There are also several minor benefits, such as the banishment of weeds and grass from the dragged portion of the road. This publication (Farmers' Bulletin 321) can be had free upon application to your member of congress or to the secretary of agriculture, Washington, D. C.

### Returns From Beaumont.

Rev. J. G. Clothier returned yesterday afternoon from Beaumont and will be in the city several days, visiting. He preached Sunday in Beaumont, concerning which the Journal says:

"Rev. George Clothier of Livingstone, one of the leading Presbyterian preachers of Texas, was the occupant of the pulpit at both morning and evening session of the Central Presbyterian church yesterday. Both services drew a large patronage and both sermons were among the best the Presbyterians of this city have as yet heard."

PEOPLE should be able to go from every part of town to every other part without getting their feet wet, much less muddy.

**THE COMPLETE RETURNS.**

**Official Count Shows a Change in the Sheriff's Race.**

Below we give the official count of the votes polled at the primaries July 25, and as found by the executive committee Saturday. The total count only, is given and then for just county officers.

We have not yet been able to get the official count of the county for state officers, but hope to have them in the near future. The congressional race and the judicial race is changed but little however, if any, and then not enough to alter the results. Hon. Martin Dies majority will be in the neighborhood of 200, it is thought, a few in excess of the number stated last week. Judge Perkins majority over Judge Mims will no doubt be less than 900. Figures, at present obtainable, show a difference of only 869 and several small boxes, favorable to Judge Mims, are not included. This is quite different from the "2000 majority" that was announced in some quarters. It might be stated also that Judge Mims carried Nacogdoches and Angelina counties, Judge Perkins carried one, Cherokee, and Judge Short one, Shelby. The count is:

County Chairman.	
Moss Adams	2594
Representative.	
H. A. Dotson	851
George F. Fuller	565
W. E. Feazell	656
B. A. Calhoun	642
County Judge.	
Robert Berger	665
F. P. Marshall	1458
George H. Matthews	628
Sheriff.	
T. E. Buckner	528
C. M. Walters	405
A. J. Spradley	902
Geo. W. Blackburn	911
Tax Collector.

Active at 87.	
This would be unusual news if men and women would keep themselves free from rheumatism and all aches and pains as well as keeping their muscles and joints limber with Ballard's Snow Liniment. Sold by Mast Bros & Smith.	
Work is Resumed.	
Rangers Dibrell and Latta returned to-day from Press where they have been the past few days. Sargeant Dibrell stated that everything was quiet in that section, and work at the Carter front had been resumed. Monday, only about fifteen were at their places, but yesterday about sixty were employed, laying steel and getting out timber.	
The Laziest Man in the World would not be contented to be kept in the house and doing nothing by rheumatism. Neither are you, who are always busy and active. Then don't neglect the first twinge of an ache or pain that you might think is just a "crick." Rub well with Ballard's Snow Liniment and no matter what the trouble is, it will disappear at once. Sold by Mast Bros & Smith.	
Nacogdoches is complaining of the weeds. The only weed that there is profit in is the kind Nacogdoches grows under a lattice shade.—Beaumont Enterprise.	
Baby Morphine Fiends are made by all soothing syrups and baby medicines that contain opium and narcotics. McGee's Baby Elixir contains no injurious or narcotic drugs of any kind. A sure and safe cure for disordered stomachs, bowels and fretfulness—splendid for teething infants. Sold by Mast Bros & Smith.	

**Some Fine Corn.**

It is not often the case that a county farm is a good producer, sometimes for one cause and sometimes for another. There is no cause at all connected with the Nacogdoches farm and it is an excellent producer, having this year one of the best corn crops in this section. County Judge C. D. Mims and Farm Superintendent W. E. McMillan have taken a very active interest in the farm and all of the care possible has been exercised in its management. Judge Mims brought in some samples of corn last week from the farm, all very fine, the best of which measured 18 inches in length. There are five varieties on the place, four of which are: McFarland, Greer, Oklahoma and Iowa. All who have seen the samples pronounce them very fine and express the opinion that the Nacogdoches county people should feel very gratified over the success of the farm. It is estimated that the 75 acres will yield more than 1500 bushels.

**Judge Blount at Timpson.**  
Judge Perkins is engaged in holding a special term of court in Angelina county and was unable to get to this county for the summer term so the bar elected Judge S. W. Blount of Nacogdoches special judge, and the business of the court is proceeding.—Timpson Times.

**Forty-Two Party.**  
Mrs. Geo. Meisenheimer had at her home on Wednesday afternoon four tables of "42" in compliment to Mrs. Henry Ruff, prior to her departure for Lanana which will be their future home of Dr. and Mrs. Ruff.

It was a charming compliment and a delightful party in spite of the minor note that necessarily prevails when a departure is the inspiration, and none enjoyed it more than the honoree.

A two course luncheon consisting of salad, waters, olives etc and followed by ice cream and cake terminated charmingly a charming function.

**The Sewing Circle**  
Sharpened their scissors (not tongues) looked up their thimbles, brought forth their dainty work bags in response to Miss Fannie Wade's telephone invitation to meet with her Wednesday afternoon. The several weeks that had elapsed since the last meeting of the circle, may account in part of the good time the girls had, but much of it was no doubt due to the hostess, who made the afternoon pass delightfully. Misses Denman of Wincastle Ind. and Miss Buford of Henderson, Texas, were charming supplements to party of busy bees.

Delicious apricot ice cream and cake rewarded the circle for their labors, with needle and tongue.

Misses Margaret and Elleece Harris complimented their guest, Miss Alice Stephens of Palestine with a picnic on Thursday at the Harris & Lindsey pond, than which no more ideal place for an alfresco entertainment could be found.

**An Obituary.**

On July the 5th 1908 at 5 o'clock p. m. the home of Mrs. M. Myatt was saddened by the death angel visiting it and plucking from its midst the fairest flower, little Ray, and bearing safely home to Jesus.

Ray was born January 12th 1889 being 19 years 5 months and 23 days of age at the time of her death. She was sick for more than a year, but was up most of the time, and bore her sickness with the patience of a little child. Ray bore affliction all of her life.

Her greatest pleasures and only troubles were her little dolls and toys, and her greatest anticipations was the coming of Santa Claus at Christmas times. The mother and sisters never tired trying to do for her the things that gave her the most pleasure. It is hard for us to give up the pet and sunshine of our homes, but God knows best and does all things for our good. We cannot call Ray back to us, but we can prepare ourselves so that we may go to her. Weep not dear mamma and sisters for she is safe in the arms of Jesus. Will never bear sickness and afflictions any more, for Jesus says, "Suffer little children to come unto me, and forbid them not, for such is the Kingdom of Heaven."

A Friend.

**Rain Fall Over Texas.**  
The following is a summary of the weather conditions over Texas, for the week ending yesterday afternoon, as furnished by the government bureau at Galveston:

Showers occurred during the past week in some portion of the State. The amount of precipitation, however, was considerably less than the normal, except over several limited areas. A large number of scattered counties received no rain or inappreciable amounts only. The precipitation was heaviest in Ellis county, with 1.52 inches, while Hardin, Grayson, Gregg, Colorado and Harris counties received over one inch each, but less than 1.50 inches.

The mean temperature was nearly normal in the southeastern half of the state, and from two to five degrees below in the northwestern. In many counties, however, the weather was cloudy and sultry, which caused the heat to be oppressive. The highest temperatures reported ranged from 86 degrees at Amarillo to 101 degrees at Greenville, and the lowest from 62 degrees at Amarillo and Kerrville to 76 degrees at Galveston.

During the corresponding week of the previous year the weather was unusually warm and dry in all portions of the state.

**Disagreeable at Home**  
Lots of men and women who are agreeable with others get "cranky" at home. It's not disposition, it's the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50c per bottle. Sold by Mast Bros & Smith w

### State Bank

Of Nacogdoches

**"Time to Clean Up"**

So reads a very timely and practical editorial in the Houston Post of the 27th ult, in which the readers of The Sentinel, by substituting "Nacogdoches" for "Houston," would find pertinent suggestions of equal value to the smaller city.

"Now, that the election is over," says the Post, "there is nothing in the world to prevent the people of Houston (or Nacogdoches) from giving the town another good cleaning. We are at the season of the year when cleanliness is of vital import to the health of the city, and the people have too much at stake to permit any neglect at this time."

While the Post's editorial is for the most part directed to the individual citizen, our appeal would be to the civic authorities, as on the whole, the individual premises in our little city are well kept. It is our high ways and by ways, our streets, our alleys, our vacant lots, that are crying for attention. On these the weeds should be cut and burned, the trash gathered up and hauled away, ditches cleaned and oiled, in order that the festive mosquito may not have things all its own way, and in order too, that our little city, with which nature has been so lavish, may present a tidier, more inviting appearance, not only that the "stranger within our gates" may say nice things about us and our town, but that our own aesthetic sense may be appeased and satisfied.

The Post would like to see the ladies taking the initiative in this work, saying that "experience has shown, that women are the best promoters of public cleanliness and that throughout the state, there are towns and cities where this work is almost in the hands of the ladies."

It looks as if the ladies will have to come to the rescue in our town also, although it is asking a good deal of the ladies of Nacogdoches, already so engrossed in home work, church work, and club, but we believe, that they with the assistance of our civic authorities can and will make of our little city a cleaner Nacogdoches. Let us see who will make the first move in this work.

C. W. Doughtie and wife of Meridian, Miss., are here visiting Mr. Doughtie's parents, Mr. and Mrs. J. S. Doughtie.

**Young Girls Forty-Two Party.**

"Forty-two" was the delightful medium with which Miss Fannie Bert Nelson entertained about forty of her friends at her pretty home Wednesday afternoon. Pretty score cards were provided by which to find tables and partners, and enjoyment of the seven games played and the pleasures provided for their entertainment was as keen and spirited as if this was the very first party of the season.

In entertaining the young hostess was assisted by her mother and Miss Lillian Davidson, and the ice cream course of refreshments was a delightful finale of a delightful afternoon. The out of town guests who participated in this hospitality were Misses Carrie and Margie Moody of Center, Ida Stephens of Palestine, Lois Simpson, Paula Garrison of Houston, Lottie Coats of Lufkin, Floy Lewis of Burnett and Ellen Stegall of Lufkin.

**Evening Party.**

At least fifty girls and boys responded to Miss Willie Cason's pretty invitations posted a few days previous, to meet her cousins Misses Carrie and Maggie Moody of Center Wednesday evening, and just as many girls and boys had the time of their lives.

No formal program had been planned, but all the games dear to the heart of young people were freely indulged in, and for those who did not care for the more active pleasures, the spacious verandas, with inviting tete a tete nooks and the pretty lawns afforded opportunities for talks.

The young hostess assisted by her mother and the charming young honorees were untiring in their efforts to make the evening one long to be remembered, which had for its crowning feature a dainty refreshment course of ices and cakes.

The week ended has been a round of pleasures, parties and picnics for the very young set, they seeming to have a monopoly of the fun going, being the only ones, in the parlance of the day, "in it" socially. And small wonder with such an attractive bunch of visiting girls to furnish inspiration as Paula Garrison of Houston, Ida Stephens of Palestine, Floy Lewis of Burnett, Carrie and Maggie Moody of Center, Ellen Stegall and Lottie Coats of Lufkin, and Lois Simpson of Timpson.

The effect of *Scott's Emulsion* on thin, pale children is magical.

It makes them plump, rosy, active, happy.

It contains Cod Liver Oil, Hypophosphites and Glycerine, to make fat, blood and bone, and so put together that it is easily digested by little folk.

ALL DRUGGISTS; 50c. AND \$1.00.

**The District Vote.**

The following is given as the returns from the 2nd Congressional district, on the race between S. B. Cooper and Martin Dies. The official returns may change the figures some but not to the extent that the result will be different. According to this Mr. Dies received a majority of 177 over Mr. Cooper's vote.

In liquid form. Pleasant to take. Sold by Stripling, Haselwood & Co.

Advertisement.  
Card of Thanks.

To the Democracy of Precinct No. 1.

I most sincerely thank each and everyone who aided or supported me in any way for the nomination as a candidate for justice of the peace, and I have not the least ill will to anyone who did not. The office belongs to the people and I cheerfully bow to the will of the majority. Kindly and obediently as ever

Your humble servant,  
F. D. Huston.

Operation for piles will not be necessary if you use Man Zan Pile remedy. Put up ready to use. Guaranteed. Price 50c. Try it. Stripling, Haselwood & Co.

**PINEULES**

30 DAYS' TREATMENT FOR \$1.00  
Satisfaction guaranteed or money refunded.

FOR ALL KIDNEY BLADDER TROUBLE, RHEUMATISM AND LUMBAGO

A dose at bed time usually relieves the most severe case before morning.

**BACK-ACHE**

PINEULES MEDICINE CO. CHICAGO, U. S. A. Stripling, Haselwood & Co.

**A Church Organized.**

A Baptist church was organized Thursday night at Hampton Front, with a membership of twelve. There are a number of others to join and it was their intention to go in the first night, but could not be present. The meeting in progress there will probably come to a close tomorrow night. It is understood that a building for worship will be erected in the near future, but more than likely at Woden.

Sick headache and biliousness relieved at once with Rings Little Liver pills. A rosy complexion and clear eyes result from their use. Do not gripe or sicken. Good for all the family. Stripling, Haselwood & Co.

Mrs. O. P. Hall and the children and her mother, Mrs. A. Norsworthy have gone to Nacogdoches to spend a few days with friends and relatives.—Timpson Times.

Pineules for backache, little golden globules, easy and pleasant to take. Act directly on the kidneys, purify the blood and invigorate the entire system. Best for backache, lame back, kidneys and bladder. 30 days trial \$1.00. Guaranteed. Stripling, Haselwood & Co.

Nacogdoches has received her first bale of 1908 cotton. Palestine will be getting one pretty quick now. Cotton is booming.—Palestine Herald.

**Beyond Expression.**

G. W. Farlowe, East Florence, Ala., writes: "For nearly seven years I was afflicted with a form of skin disease which caused almost unbearable itching. I could neither work, rest or sleep in peace. Nothing gave me permanent relief until I tried Hunt's Cure. One application relieved me; one box cured me, and though a year has passed, I have stayed cured. I am grateful beyond expression." Hunt's Cure is a guaranteed remedy for all itching diseases of the skin. Price 50c.

**The B. Y. P. U. Encampment.**

Rev. J. H. Thone expects to leave Monday for Jacksonville to attend the Baptist Young Peoples Union Encampment, and will remain there throughout the meeting. His family will go up Thursday. Regarding it, Rev. Thone said: "Arrangements have been made for a special train on Sunday's leaving here about 7 o'clock in the morning and returning that afternoon or night, with low rates for the round trip. A large crowd is expected to attend the encampment and all accommodations possible for the people have been made. Excellent programs for each day have been prepared and all who may go, will undoubtedly have a most pleasant and profitable time."

**Our State University.**

With the beginning of the session 1908-09, The University of Texas enters upon the twenty-fifth year of its existence as an institution of learning. Exercises in celebration of this quarter-century will be held at an appropriate time—the coming Thanksgiving season. While a review now of the history and achievements of the University will not be attempted, it is proper to say that the hopes and aims of the founders of the Republic, who incorporated provisions for the University in the fundamental law of the land, have been amply realized. Past accomplishments, however, are but predictions of future successes. The ideas and ideals now embodied in our great institution must and will be enlarged and perpetuated for all coming time. Standing as it does at the head of the State's educational system, the University has led the way of progress in our educational history. She is allied to our public schools with an indissoluble tie, and regards their success and welfare as vital to her own progress. Her thousands of sons and daughters scattered over our wide domain are deeply interested in every movement that seeks to promote the welfare of the State, and especially in those plans for the enlargement and betterment of our educational system.

Twenty-five years ago the University was launched with only two departments, academic and law, in inadequate quarters. To-day the University maintains five well-equipped departments, each with its own especially adapted buildings. From a student enrollment of 221 the first year, it has now reached a total of 2462. The present is the greatest area of expansion in the institution's history, and how to provide for the large influx of students is a difficult problem for the Board of Regents to solve. In their care for the interest of the University and in their endeavors to subserve and promote them, they should have the hearty co-operation and backing of the people of Texas, whose servants they are. More and more the University is winning its way into the confidence and affection of our people. It richly deserves their support and devotion to its interest.

Pineules for the kidneys. 30 day's trial \$1.00. Guaranteed. Act directly on the kidneys and bring relief in the first dose for backache, rheumatic pains, kidney and bladder trouble, invigorate the entire system. Sold by Stripling, Haselwood & Co.

If Nacogdoches suffers from the weed nuisance it will not be the fault of the Sentinel. Every issue of that paper has something to say about the necessity or advisability of cutting the weeds.—Lutkin News.

One application of Man Zan Pile Remedy, for all forms of piles relieves pain, soothes, reduces inflammation, soreness and itching. Price 50c. Guaranteed to give satisfaction. Stripling, Haselwood & Co.

**A GOOD REASON.**

Nacogdoches People Can Tell You Why It Is So.

Doan's Kidney Pills cure the cause of disease, and that is why the cures are always lasting. This remedy strengthens and tones up the kidneys, helping them to drive out of the body the liquid poisons that cause backache and distressing kidney and urinary complaints. Nacogdoches people testify to permanent cures.

A. G. Gatlin, living on Cox street, Nacogdoches, Texas, says: "About two years ago I was engaged in contracting and building work and after stooping to lift a heavy peice of timber I was taken with a crick in my back which made it impossible for me to straitghen. There was a pain across the small of my back for a few days and my kidneys were disordered. Someone finally told me to give Doan's Kidney Pills a trial, and I procured a box at Mast Bros. & Smith's drug store. As a result of their use, my back was restored to strength and before I could realize it my kidneys were acting properly. Doan's Kidneys were acting properly. Doan's Kidney Pills acted as represented in my case and they have my most heart recommendation at all times."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**A Good and Great Man.**

In the death of S. W. T. Lanham the state of Texas has lost a great man. As a citizen he was as spotless as possible to be; far above reproach and beloved by all who knew him. As a Congressman he did invaluable aid for his constituency, ever conscious of one motive—right, and his voluntary retirement as a lawmaker was but to abide by the will of the people when they placed him in a still higher position. As chief executive of this great state he held the confidence of all, and his record while in that capacity shows a period of progress and prosperity. Born poor and with few advantages, he made himself, climbing the ladder, rung by rung, until he reached the topmost one; always fearless, vigorous of mind and body yet conservative in all, clean and moral, he lived—a great man and died a great man. With his passing there are now living only two ex-Governors of Texas, Congressman C. A. Culberson, whose home is in Dallas and Joseph D. Sayers, who lives at Bastrop.

**The Plain Plucker.**

If a burn or bruise afflicts you rub it on, rub it on. Then before you scarcely know it all the trouble will be gone.

For an aching joint or muscle do the same.

It extracts all pains and poisons, plucks the stings and and heals the lame.

Hunt's Lightning Oil does it.

Bob King of Douglass was here today.

**U. C. V. Reunion.**

The next annual state meeting of the United Confederate Veterans will take place at Wills Point, Texas, August 25 and 26. The citizens of that town are arranging a program for the entertainment of the old veterans, as well as homes for their personal comfort. There is to be several side strokes, including speakings, music, sham battle and a sponsors' ball at the auditorium. It is requested that all who are going to attend will report in advance so as to prepare for their accommodation. Dr. J. E. Mayfield, commander of Henry Ragnit Camp No. 620, will be glad to receive names. He will call a meeting soon to elect delegates, any veteran can be elected. Annual dues 20 cts.

**Do You Itch?**

If so, you know the sensation is not an agreeable one, and hard to cure unless the proper remedy is used.

Hunt's cure is the king of all skin remedies. It cures promptly any itching trouble known. No matter the name or place. One application relieves—one box is absolutely guaranteed to cure.

The Sentinel office is in receipt of an invitation to attend the B. Y. P. U. encampment at Jacksonville, August 7 to 17. Jacksonville people are busy for the big gathering and the prediction is made that all who attend will have a most enjoyable time. Jacksonville will do her part.

**Have You Chills?**

It cured your Pa and also your Ma of chills in the long ago and it will cure you now. It has been tested by time and its merits have been proven. We guarantee one bottle to cure any one case of chills. If it fails your money is cheerfully refunded—and its name is Cheatham's Chill Tonic.

**Postoffice Robbed.**

Word was received here yesterday to the effect that the postoffice at Shepherd was robbed Wednesday night, and even the stamps were taken. No particulars were learned.

B. H. Wilson has bought the house on South Fredonia street, formerly occupied by W. C. Fauts, and is moving to-day. Mr. Fauts rented the place now occupied by Ed Rice.

Bees Laxative Cough syrup recommended by mothers for young and old is prompt relief for coughs, colds, croup, hoarseness, whooping cough. Gently laxative and pleasant to take. Guaranteed. Should be kept in every household. Sold by Stripling, Haselwood & Co.

As another correction relative to the first bale of cotton, we will state that the commission for selling the cotton was donated to Mr. Edwards by J. S. Doughtie, auctioneer, amounting to \$2.60. We are also told that the ginning was donated, running the amount of the premium up about \$3.00 more; W. T. Wilson Grain Co., cash, \$1.00.

**Truth and Quality**

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

**Mr. Tausig Here.**

Mr. Tausig, of the Tausig Tobacco Co., of Chicago, extensive leaf dealers, and who is operating the Redfield and other farms in this county, was here yesterday, and with Mr. Henry Wineberg, local manager, made an inspection trip to the various tobacco farms. Only a day was spent here, the two gentlemen leaving at noon yesterday for Palestine. It will be remembered that Mr. Tausig spoke very favorably at one time of operating a large warehouse here, and it is possible that he will again take the matter up. Mr. Wineberg will return from his trip in about a week.

Mrs. H. A. Hardeman, of Melrose, returned this morning from Huntsville, where she has been attending the Summer Normal.

ALASKA-YUKON EXPOSITION.

Everything Will Be Ready For Its Opening, June 1, 1909.

Little did Godfrey Chealander think, one Sunday morning early in June, 1905...

Chealander was receiving the trip he had just made, as commissioner for the United States government...

That was what he was thinking about that Sunday morning in the swell hotel of Nome...

Chealander then conveyed his idea by letter to J. E. Childberg, president of the Alaska Club at Seattle...

Accordingly the exposition was incorporated and officers elected on May 7, 1906.

The interest displayed in the exposition and its increase in magnitude was the result of another idea being given birth to by Henry E. Reed...

On June 22, 1906, the grounds of the Washington University were selected as the most advantageous spot to hold the great fair...

Since that date up to the present time much progress has been made in all divisions of the exposition.

Assurances have been given the management that many countries of the Pacific will have displays, especially the nations of Japan and China.

Work on the grounds and buildings of the exposition is well advanced and the management is determined to have everything in readiness by opening day.

Different from former fairs the Alaska-Yukon-Pacific exposition includes its plan the erection of permanent buildings.

ing located on the unused portion of the campus of Washington University, after the fair is over most of the structure will be turned over to the state university.

Much exhibit space in some of the buildings is already taken. In other buildings it is being reserved for governments and states.

About twenty large concessions have been let for the Pay Streak, the amusement boulevard, out of a possible thirty in all.

Dallas Wins Game.

The "Blues" lost their rabbit's foot Saturday losing the last game of the series to the Dallas "Microlines" by a score of 6 to 2.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION FIXING THE COMPENSATION OF THE GOVERNOR AND LIEUTENANT GOVERNOR.

Joint Resolution proposing an amendment to Article 4 of the Constitution of the State of Texas by amending Sections 5 and 17 of said Article 4 so as to fix the compensation of the Governor at eight thousand (\$8000) dollars per annum...

Section 17. If during the vacancy in the office of the Governor, the Lieutenant Governor should die, resign, refuse to serve or be removed from office or be unable to serve...

Section 2. The Governor of this State is hereby directed to issue and have published the necessary proclamation for the submission of this resolution to the qualified voters for members of the Legislature of the State of Texas...

R. H. Burtford of Henderson is visiting in the city.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION RELATING TO COMMISSIONERS' PRECINCTS.

Joint Resolution to amend Section 18, Article 5, of the Constitution of the State of Texas, so as to provide for subsequent redistricting of a county into commissioners' precincts...

Each organized county in the State now or hereafter existing, shall be divided from time to time, for the convenience of the people, into justice precincts, not less than four and not more than twelve.

Section 2. That the sum of one thousand (\$1,000) dollars is hereby appropriated out of the State Treasury not otherwise appropriated, for the purpose of defraying the necessary expense of submitting the above proposed amendment to the people of the State...

TAXATION—SUBMITTING AMENDMENT TO CONSTITUTION.

Joint Resolution amending Section 3, Article 7, of the Constitution of the State of Texas, increasing the amount of tax that may be voted on school districts and providing for a majority vote of the property tax payers...

Section 2. The Governor of the State of Texas shall and he is hereby directed to issue the necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas...

There will be a bumper cotton crop this year, and the roads are good to haul the cotton over, although Nacogdoches is working the roads down as far as Chireno—San Augustine Vidette.

Mrs. Ada Crain's many friends will be glad to know that she is at home with Mrs. Greer for a few days.

JUDGE SCROGGINS DEAD. Aged Attorney Passes Into Great Beyond After Illness of But Few Hours.

After an illness of but a few hours' duration, Judge J. H. Scroggins, one of the oldest and best known attorneys of the city, died yesterday afternoon at his home on Crest street.

Judge Scroggins has been a resident of this city for more than thirty years, during most of which time he has enjoyed a lucrative practice in the county and city.

courts. For the past five years, however, his health has been such that he could not give his attention to the practice of law...

In Nacogdoches, Texas, H. W. Boozer is engaged in raising tobacco and J. W. Boozer of Redlawn, same State, raises tomatoes.

G. W. Brown of Thibet, Texas, was in the city today.

"My Young Sister" writes Mrs. Mary Hudson of Eastman, Miss., "took my advice, which was, to take Cardui. She was staying with me and was in terrible misery, but Cardui helped her at once." TAKE CARDUI It Will Help You

Buggy and Wagon Harness. It is now nearly time for you to buy your wagon harness. We have a full line of wagon and buggy harness. Be sure and see us before you buy harness, collars, bridles, whips, pads, etc. M. L. STROUD

Druggists and Jewelers

Frank Martin is here from Lufkin to-day.

R. H. Irions new home on North street is fast nearing completion.

Berry Yates and son, from near Melrose, were trading here to-day.

5 or 6 doses of "666" will cure any case of Chills and Fever. John L. Garrison and daughter, Paula, are in the city.

Miss Rosa Graham has returned from a visit in Houston.

Mr. and Mrs. J. M. Seale and baby, of Fullerton, La. are visiting relatives in the city.

J. A. Ray went to Pineland last night where he has accepted a position with a lumber company.

Mr. and Mrs. E. C. Branch left last night for San Antonio for a few weeks' pleasure trip.

Mrs. J. M. Spradley and son, Brutus, and Miss Grace Linthicum returned yesterday from Houston.

Miss Elsie Parrish left on the northbound T. & N. O. today for Mineola to be the guest of her sister, Mrs. Frank Mize, for a couple of months.

C. M. Shannon, of Galveston, is a business visitor in the city. Mr. Shannon is a former Nacogdoches citizen and is welcomed by his many friends here.

Mrs. C. D. Stinson and Miss Charlie returned from Tyler Wednesday after a delightful visit with Mrs. John Durst and family. Miss Tannie remained in Tyler for a continuance of her visit.

Ed Blount returned today from a visit to San Augustine.

Miss Alma Huston has returned from a visit to Alto.

Miss Paula Garrison of Houston is the guest of Mrs. Geo. Barham.

Mrs. S. T. King and children returned last week from a months visit to Mr. King at his mill at Hartsburg, Texas.

Miss Willie Cason has as her guests, Misses Maggie and Carrie Moody of Center, Texas.

Misses Mamie E. and Mamie L. Blount left last Tuesday morning for a round of visits, to Brenham, Waco, etc.

5 or 6 doses of "666" will cure any case of Chills and Fever.

Miss Viola Phillips of Denison arrived in the city yesterday to visit her aunt, Mrs. E. F. Chester. She will probably be here a couple of weeks.

Miss Bettie Perkins spent last week in Jacksonville, the guest of her sister, Mrs. Devraux.

T. N. Oxsheer, of Garrison, was in the city to-day on business at the court house. He states that in Commissioners race, precinct 3, Jim Strode won out over Steve Satterwhite.

Arthur Seal is back at his old place at Mayer & Schmidt's where he expects to sell goods the next few months.

Mr. and Mrs. G. W. Reid left today at noon for a two week's visit to Mrs. Reid's mother, Mrs. Stone, at Gary. They will also visit relatives in Timpson before returning home.

Mrs. J. H. Barham spent a few days with her parents in Garrison last week.

Wallace Ireson, formerly of this city but now of Fort Worth, is here on a visit. His children came with him to spend a few days.

Fritz Swift left last night for Carthage where he will be the guest of a house party the coming week.

Will Sanders, principal of the colored school, today presented The Sentinel folks with a dozen nice cantaloupes of his own raising.

Mrs. Dr. Garrison of Austin was Mrs. W. P. Devreux's guest a day or two last week on her return from a visit to relatives at Nacogdoches. Jacksonville Banner.

Charley Gramling, while coming down off his father's house, where he had been doing some repairing, stepped on a nail and is suffering much from the effects.

J. G. Smith, a former Nacogdoches citizen, but now a member of the large firm of Smith Bros. Grain Co. of Fort Worth, is in the city on both business and pleasure.

Mrs. C. Evans and Arthur Webster of Lanana, Texas, were the week end guests of Mrs. J. R. McKinney at the Banita Hotel last week.

Mr. and Mrs. H. C. Fulgham returned last week from Crystal Springs, Miss., where they have been visiting "the home folks."

Miss Amelia Westheimer and little niece, Francis Louise Schwartz, returned yesterday to their home in Houston, after a two weeks visit with the Misses Zeve.

Dave Eason and sister, Miss Marion, entertained their many friends last night at their home on North street. Regardless of the bad weather a large crowd was present and the occasion was one of supreme pleasure. Various games were played, and music by the colored string band on the lawn was a feature of the entertainment. In the drawing contest, Mr. A. D. Simpson got the candy and received many congratulations for his luck in receiving the new name of "kandy kid." At a late hour refreshments of cream and cake were served, and all departed expressing their keen enjoyment.

From F. P. Marshall.

To the people and voters of Nacogdoches county, who supported me so loyally and gave me a majority over two men in the county, judge's race, I express my deepest gratitude.

My best efforts shall be given to the service of the county's interest.

Sincerely,  
F. P. Marshall,

Notice.

The Union Cotton Yard will open and conduct business at the Union Cotton shed until other arrangements can be made for moving the yard—By order of Executive Committee.

## Pall Attendance.

From present indications the attendance at the Tyler Commercial College, Tyler, Texas, the coming fall will be more than double what it was last. We are receiving many letters from our former students who are now holding good positions stating that many of their friends will be with us; we are also receiving a large list of inquiries through the mails for catalogs from those who are contemplating enrolling with us at an early date. We have no regular fall term opening with a set date for beginning; our work is practically all individual instruction from start to finish, which removes the necessity of having term openings. New students are enrolling with us daily; our practical plan of individual instruction enables the student to enroll at any time and take up work to the very best advantage; he is never discouraged by being held back by a dull student nor crowded too fast by an exceptionally bright student, but is able to work right up to his full capacity at all times. Each student gets help whenever he needs it, he is advanced just as fast as his ability will permit.

Make your arrangements to enter just as early as possible; the sooner you enroll the sooner your course will be finished and you will be earning a good salary. Fill in and mail and receive large 168 page free catalogue.

### I am Ruled Out of the Primary.

As I can't see all the voters face to face I take this method of thanking them for their loyal support this far in the campaign. I feel like if I had been permitted to have entered the second primary I would have been your representative. I think it constitutional, democratic, and right for a majority of the voters to select their servants. In this case 850 people say who is to serve about 75000. I shall not consider that I am really defeated until a majority of the voters say I am not the man for the place.

But since I am ruled out I bow in submission and honor Mr. Dotson as our representative and advise my supporters to let the matter rest here.

My ambition is not quelled yet. I'll get up and come again in another place.

I am grateful to every one who, in any way, aided in my campaign. I hope they may never have cause to regret what they have done.

Yours very respectfully,  
W. E. Fezell.

### To Our Customers.

We will gin for 40 cents cash, per hundred, or for one twentieth of cotton.

Adams & Bentley.

### Estrayed.

Taken up at my place 5 miles east of town, near North church, one brown mare mule, about 8 years old, unbranded, wire cut on left front foot. Owner please come for her at once and pay charges. Taken up July 22. G. M. Hall.

## BRUSHES

that we sell are the kind that make you say "I'm glad I went to the Little Drug Store and let them pick out this brush for me." You will say that whether it is a Tooth Brush, Hair Brush, Clothes Brush, Bath Brush, or any other kind of the many brushes we can supply you with. We have them at all prices, but whatever that price may be, you will always feel that it was the best possible value for your money.

### For Sore Feet.

"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for healing burns, sores, cuts, and all manner of abrasions," writes Mr. W. Stone, of East Poland, Maine. Is it the proper thing too for piles. Try it! Sold under guarantee at our drug store. 25c. Stripling, Haselwood & Co. w

Homer Hardeman writes interestingly from U. S. ship "Independence" Mare Island California, and sends greetings to his friends. He encloses menu of the dinner provided by U. S. on Independence Day which shows that Uncle Sam is no niggardly provider.

### How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Foley's Orino Laxative cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Foley's Orino Laxative does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Mast Bros. & Smith. eod

### Saw Mill Burned.

The saw mill of J. W. Byrd located 4 miles east from town, burned Saturday night about 12 o'clock. The night watchman was on duty at the mill, it is said until 9 o'clock, and there had been no fire about it since Friday. Mr. Byrd's loss on the mill was total, valued at \$3000 and no insurance. All of the lumber was saved.

Foley's Kidney Remedy will cure any case of kidney and bladder trouble that is not beyond the reach of medicine. No medicine can do more. Sold by Mast Bros & Smith. eod

Hon. Beeman Strong has purchased the Mims lot on North street and has already improved it 100 per cent by cutting the weeds. We predict a modern dwelling house on the lot in the near future.

No one is immune from kidney trouble, so just remember that Foley's Kidney Remedy will stop the irregularities and cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Mast Bros. & Smith. eod

### She Likes Good Things.

Mrs. Chas. E. Smith, of West Franklin, Maine, says: "I like good things and have adopted Dr. King's New Life Pills as our family laxative medicine, because they are good and do their work without making a fuss about it." These painless purifiers sold at our drug store. 25c. Stripling, Haselwood & Co. w

We should have stated yesterday too, that Mr. W. C. Fouts, who has resigned his position with Mayer & Schmidt, will be a partner in the new firm that is to begin soon. The Sentinel is not at liberty at present to give the style of the new firm, or the personnel, but hope to be able to do so in a few days.

### Excellent Health Advice.

Mrs. M. M. Davidson, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at our drug store. 50c. Stripling, Haselwood & Co. w

W. M. Hinson, head of the tobacco industry in the South, for the Government, is here this week and has visited the tobacco farms in this county. Mr. Hinson states that the tobacco crop in Anderson county is pretty good and that there will be an increase in acreage next year.

### Why James Lee Got Well.

Everybody in Zanesville, O., knows Mrs. Mary Lee, of rural route 8. She writes: "My husband, James Lee firmly believes he owes his life to the use of Dr. King's New Discovery. His lungs were so severely affected that consumption seemed inevitable, when a friend recommended New Discovery. We tried it, and its use has restored him to perfect health." Dr. King's New Discovery is the King of throat and lung remedies. For coughs and colds it has no equal. The first dose gives relief. Try it! Sold under guarantee at our drug store. 50c. and \$1.00. Trial bottle free. Stripling, Haselwood & Co. w

## Just One-Half

The money you "blow in" foolishly, if invested in a bank account, would soon put you on "easy street." If you are spending all you earn, it is unfair to yourself and those who may be dependent on you. You have noticed the manner in which small amounts expended count up in a month. A part of such expenditures saved will allow you to have an account at this bank. Start with One Dollar. Have a bank account with
