TEXAS-CUBAN TOBACCO.

Dr. Mayfield Writes Interestingly of the Industry—Brief History.

In the special edition of the Galveston News there appeared a letter regarding the tobacco industry in this section, written by Dr. J. E. Mayfield of this city, a gentleman as well versed on that subject as any one possibly. The letter will prove of much worth to the people interested in growing tobacco, and we take pleasure in reproducing it.

The growing of high grade cigar filler tobacco and also of wrappers and binders of superior quality upon certain red lands in East Texas, which abound in a section of about 100 miles east and west by about forty miles north and south, with Nacogdoches as a center, has been carefully and scientifically tested by experiments conducted by the United States Department of Agriculture Bureau of Soils for four successive years. Soil surveys were made in minute detail, with chemical analysis and climatic conditions, and it was found that in appearance and many special particulars there was a most marked resemblance to the famous Pinar Del Rio section of Cuba and that the tobacco here produced was as good as there.

In these four years of experimental work no pains have been spared and new points are attained every year. The work has been done under direct supervision of the department at Washington, first under Milton Whitney, chief of the bureau of soils, next by Dr. Galloway and expert assistants, among these being George T. Mc Ness and W. M. Hinson. Mr. Otto Olsen is in direct charge of the station at Nacogdoches, giving special attention to experiments in seed selections, mode of culture, methods of fertilizing, harvesting and caring for products. The leading point is to educate farmers in the most practical and profitable mode of tobacco growing, and this has proven quite successful. It was entirely new to the farmers and at first they were slow to embark in the business.

The first year, 1904, the government cultivated less than fifteen acres and the farmers increased to about twenty acres and in 1906 about forty acres. In 1907 the acreage did not exceed 100 and in 1908 it went up above that, and there is now good reason to expect several hundred acres in 1909.

Cigar filler tobacco is grown out in the open field, being cultivated very carefully like garden truck. One hand can cultivate three to five acres, and the yield is from 600 pounds to 1,000 pounds to an acre. The price is from 15c to 20c a pound; net profits,

BUCK'S FARM WAGONS

are higher in price. We have to pay it on our next shipment. Have however a few of

The Celebrated Studebaker

in stock and will for the next few days sell these at old prices. **It is to your interest to buy now** before we advance prices, and it's always **economy to buy the best—that's the Studebaker.** This is fair warning—will you take it?

We've a **Deering Mower and Hay Rake**, too, that you ought to have.

—Don't you need a Buggy or Surrey, too. We've got 'em. The styles and prices are right.

CASON MONK & CO.

The HARDWARE FOLKS

Dr. Ellen Dabbs Dead.
Dr. Ellen Lawson Dabbs, formerly well known in Rusk county, died at Logan New Mexico Aug. 20 of consumption. Dr. Dabbs was born at Lawsonville, Texas in 1853, in 1888 she began the study of medicine, graduating in 1890 at Keokuk, Iowa.
Dr. Dabbs practiced medicine for 12 years in Fort Worth, Texas where she was one of its prominent physicians, and until her health prevented her attendance she was the only woman member of the North Texas Medical

Association. It was largely through her efforts that the Girls Industrial school is now a reality.
She leaves four children, Miss Junia Dabbs of Logan, New Mexico, Miss Louise Dabbs of Chicago, Ill., Mrs. F. S. Townsley Sulphur Okla. and Mrs. G. L. Seesa Los Angeles, Cal.
The deceased lady is well known in Nacogdoches being related to Mrs. J. M. Spradley of this city and having made several visits here. She has scores of friends in East Texas who mourn to hear of her death.

A TOBACCO EXHIBIT.

Nacogdoches Crops to be at Big Fair—Mr. Hall in Charge.

Nacogdoches county will have a tobacco exhibit at the State Fair at Dallas. That proposition is no longer speculative and work of getting the products together has already begun. It is proposed to include in that exhibit almost every variety of tobacco grown here the past year, some forty or fifty, possibly, in all. This will include both wrapper and filler, the latter though being the chief as more attention has been paid to its cultivation than the former.

A complete and splendid exhibit of the product—cigars—will also be included in this display at Dallas, and by virtue of the quality, bids fair to attract no end of attention. J. Thomas Hall, of the Hall Tobacco Farm is slated for the management of the exhibit and, if he consents to assume charge, will prove the very best man, we surmise, for the place. Mr. Hall is well experienced in tobacco culture, is an enthusiast on the subject and knows just how to enlighten. Last year it will be remembered, the Nacogdoches county tobacco exhibit was awarded two premiums, one at Dallas and one at San Antonio. The exhibit this year promises to excel all others and the chances are excellent for it's getting the premium easily over all competitors, aside from the fact that many people are likely to come here as a result of display.

SEEDS

We are proud to announce that we have just been made the **Sole Distributing Agents for East Texas** for the

Texas Seed & Floral Co., of Dallas,

the largest and best known seed business in the South. Every known variety of seeds is always carried in stock—fresh—matured and backed with a guarantee. That includes **Corn, Kaffir, Cane, Cotton, Wheat, Oats, Millet, Rye, Garden, Flower Seeds, Etc.**

What Our Position Will Mean To the Farmers of East Texas

1. The Best Seeds; 2. The Lowest Prices; 3. Prompt Service; 4. Saving of Freight; 5. Advantage of a Personal Selection; 6. It is like having that big seed house right here in Nacogdoches.

If you are in need of any kind of seeds see us.

Spradley Bros.

N. B.—Beginning October 1st we will issue a **Farmers Magazine** once a month and will mail it to 400 farmers in this county—it will be worth something to you.

about \$100 to \$125 an acre. Wrapper tobacco is grown under what is called shade, made either of thin cotton cloth or wooden slats an inch wide placed an inch and a half apart, nine feet above ground. The plant grows nine feet high. The yield of this is about double the other—say, 1,000 to 1,500 pounds to the acre, worth 50c to 75c a pound. The method of growing is about the same. In cultivation and other details special rules must be observed to attain success in quality and quantity. The essentials to profit. Improved lands of this type can be bought at \$10 to \$30 an acre. One big trouble and an indispensable one is a spacious barn in which to house and cure the product, which requires only a few weeks in July and August, after which this barn reverts to ordinary purposes. The notoriety of this industry and its superior merits has become wide and is rapidly spreading. Cigar makers and leaf dealers in distant localities are inquiring. There is a home factory here, founded by enterprising citizens, to use the product and promote the agriculture.

A Fine Sample.
W. C. McBee, who lives five miles east of town, brought to the Sentinel office today one of the finest samples of tobacco seen this year. The stalk is between 10 and 12 feet in height and despite the fact that it is a second crop stalk and has no cultivation whatever, it has some excellent leaves. This is Mr. McBee's first trial with tobacco, and he went into the culture on a very small scale, being somewhat fearful of returns too. He realized between \$90 and \$100 from his three quarters of an acre, and if he could have attended to and cultivated the second crop, the returns would have been at least double. Mr. McBee is converted to the industry, however, and expects to plant several acres next year. He stated that he knew of a number of farmers who would increase their acreage next year. The gentleman has already had lumber placed for the building of a new barn, and which he expects to begin in a few days.

District Court.
Everything is in readiness for the convening of District Court next Monday, and it is expected that Judge Perkins will come in Sunday night. The docket will be taken up as follows:
1st Week—Non-jury civil docket, all of the week.
2nd Week—Jury civil docket, all of the week.
3rd Week—Criminal docket (less than capital cases) all of the week.
5th Week—Mart Griffin case set for Monday of 5th week.
4th and 6th Weeks—Capital cases.

—Messrs. Dodge and Dowdel, government good roads men, will be present at the mass meeting tonight, the former having consented too, to make a talk on good roads. Don't forget to come.

Wanted to Buy.
50 head of hogs weighing from 60 pounds, on-foot, up to 120 pounds.
6th 1stw Blackburn's Market.

GET the habit—of working.

TIMPSON folks are organizing a fair.

IDLENESS accomplishes nothing—get busy.

WORK is progressing nicely on that mile of model road.

THE sunshine is mighty good for cotton and cotton picking.

DON'T forget that model road and don't neglect to visit it and see it in the making.

A TRADES day will prove a great thing for Nacogdoches—and we are going to have it.

THE city "dads" are doing some good things for Nacogdoches—keep your ear to the ground.

NACOGDOCHES county should invite some of those Kentucky tobacco growers to come among us.

WE bow acknowledgements for the many nice things said about our tobacco industry by the Beaumont Enterprise.

A FELLOW in Van Zandt county claims to have found 40 snakes up one tree. Those Van Zanders must use an awful strong brand.

AN exhibit of tobacco, cigars, etc.—Nacogdoches grown and manufactured—would prove of great worth to this section—and such is going to the Dallas Fair.

HISEN, Graves and Hearst will be in Dallas some time this month and each will probably deliver a speech while there. Gas rates ought to be lower in that city as a result.

Two prominent citizens of Galveston were drowned yesterday in the Gulf; John Goggan of Thomas, Goggan & Bro., the big piano house, and John Moore, a wholesale grocer.

THE city council deserves commendation for the proposition relative to arranging and beautifying the square. The people of Nacogdoches city and county will appreciate a pretty square.

PRESIDENT Roosevelt has certainly overlooked a hand in not inviting Col. Mose Harris of "Saucy Santone" to accompany him to Africa. With the nerve to run a republican paper in Texas, he surely would do to take along.

SAMUEL GOMPERS, the labor leader and President of the American Federation of Labor in an address before the Farmers Union National Convention at Fort Worth, announced his purpose of supporting and aiding in every way possible the election of William Jennings Bryan to the Presidency.

SCHOOL SANITATION.

The action of the School Board at the meeting yesterday is to be commended and it is believed that every patron of this great institution will endorse this action fully. Health is the chief asset of a people and especially is the matter of health with children important. The installation of an sewerage system for the schools of this city will mark a progression, the import of which is even greater than, perhaps at present, seems and it places our pride; and the pride of this section, on a much higher plane than even many larger cities can lay claim to. It is no idle boast that the Nacogdoches schools have few equals and still fewer peers. It is no distorted claim that with each succeeding year this school grows even better, stronger and more influential. The boys and girls, young ladies and young gentlemen, who affiliate themselves with this institution lay the foundation for a life of usefulness and bid fair in the very beginning, for a splendid success. This has always been, and is better now by odds, since safeguards for the health of students have been made. The matter of sanitation has been one of considerable bother for some time, but now that the members of the School Board have solved the question, and will at once put in a system, there is no occasion for further fears. The patrons of the schools will praise the Board for the action—and it is right they should.

DESPITE the fact that no rain has fallen for some time, the "city pond" on Church street is again assuming its former proportions.

COL. JIM LOWREY of butter-milk fame has almost converted us to join his club—but then did drinking butter-milk cause that "peeled onion" baldness?

THE fact is forcibly demonstrated everyday that Nacogdoches city and county are not doing the advertising that should be done. Hundreds and hundreds of people would gladly accept an invitation to cast their lot among us if properly urged and informed.

EVERY farmer in Nacogdoches county would do a splendid service for themselves and their community by making a split log drag—and using it every time they can spare the time. The need of good roads is plainly evident and the way to get them is to make them. The best and most economical way to make them is by frequent use of a split log drag.

One of the features of the mile of good roads that is being built in Nacogdoches is that the split-log drag is a considerable factor in its making. If government experts can come to Texas and make a good road from Texas soil with a split-log drag, why cannot Texans likewise make a good road with a split log drag?—Beaumont Enterprise.

THE MODEL ROAD.

Judge Mims Tells of Construction—Advises a Visit.
Editor Sentinel.

The construction of the mile of demonstration road on the lower Nacogdoches and Melrose road is sufficiently under way as to show the method of constructing sand-clay roads, as well as to indicate the utility of such roads when constructed. It is the desire of the commissioners' court that every citizen of the county who feels an interest in good roads go out and see this road while under construction as well as after it is completed. It was, and still is, the opinion of those members of the court responsible for the building of this piece of road that its construction would demonstrate the practicability of our overcoming the exceedingly bad roads in the county by following the method and using the material employed in the construction of this piece of road, and that ultimately, and at no great distant day, Nacogdoches county will have the best public roads of any county in the state; and that, too, at a cost far less than the average citizen at any time imagined.

One thing the citizen should not fail to expect, and that is that this piece of road, as well as any other that might be constructed of whatever material, will need repairing at times—will not be perfect, nor will it be indestructible. Time, the elements and service wears all things—the individual as well—and repairs will be needed; but with roads constructed of the material the Creator has seen fit to place at our hands in this county, and conveniently located one class to the other, the cost of their maintenance when once constructed will not exceed one-fifth of the cost of maintaining the roads as heretofore. Besides it will be a pleasure rather than discomfort to travel over them at all seasons of the year.

It is my earnest hope that our citizens generally will take a deeper interest in the public roads of the county than heretofore, and give to incoming administration the proper encouragement in furthering the work now begun. If this shall be done, then with good judgment, proper care and economy on the part of those officers the mileage of such roads in the county can be rapidly increased even with the present rate of our road tax. Respectfully,
C. D. Mims,
County Judge.

Good roads are among the strongest assets of a city, county or section. Without good roads no city can expect to grow and develop, as it should, though it has railroads, factories and all other important industries—Nacogdoches Sentinel.

Good roads will induce more people to locate in the county, cause more farms to open up, and benefit every citizen of the town and county in which good roads are established.—Polk County Enterprise.

PHILOSOPHY OF CONTENTMENT

Beaumont Enterprise.

One thing that should be taught to all young men, if it is possible to teach it, is the philosophy of contentment. That is, that the young should be taught that environment, company, familiar surroundings are not all there is in life, and that as much pleasure may be found in living under differing circumstances as may be found under the circumstances with which they have become familiar. As you go through life you will find one man or woman who is as content in one condition as in another. In the city or in the country, amid excitement or amid monotony, it is the same to them. They are self-poised, self-centered, and surroundings are nothing to them. This does not necessitate selfishness, far from it; for one may be sympathetic and be content with one's self and one's surroundings, whatever they may be, while the most callous persons are those who are in a rut and fret to death if they get out of it.

The lack of the philosophy of contentment is responsible in a large measure for the number of divorces. People who have become slaves to surroundings fail to adjust themselves to the new conditions that surround their new life, and there arises a discontent that ends in the divorce court.

Workers in the city slums find this lack of the philosophy of contentment the hardest thing that they have to contend with. People get so used to the qualor of their surroundings that anything better becomes irksome. The Louisville Courier-Journal finds an example of this in the following:

"A woman who was working among the poor of New York City found a family in conditions of extreme destitution, illness and filth. She had them transplanted to the estate of a millionaire, where they had light work and every comfort. At the end of a year she found them back in their former den of wretchedness. She was aghast and filled with wrath, nor did it abate when she found that their only excuse was 'it is too lonesome in the country.'"

"This charitable woman does not realize that she could visit no more acute punishment upon that family than she did in sending them away. She does not appreciate their suffering that year, cut off as they were from every association of a lifetime. They might as well have been in jail as on that millionaire's estate. They never took root after being transplanted."

In commenting upon this, the Courier Journal waxes impatient and says that the Lord helps those who help themselves, and unless people have gumption enough to adapt themselves to circumstance there is little hope for them.

But it is the fault of the times. The young are no longer taught adaptability to conditions. The human brain is not expanded as it should be along this line, and will account in a large measure for the insanity that arises from melancholy and brooding.

SOME BACK TALK.

1,000 acres—don't forget it. —Nacogdoches Sentinel.
Weeds?—Center News.
Yes, the kind you smoke in your pipe.

A town "booster" is a town builder—Nacogdoches Sentinel.

Usually he is also the secretary of the local commercial club.—San Antonio Express.

And now Nacogdoches papers say that the city needs street crossings. We thought for a while that Beaumont was alone in its needs.—Beaumont Journal.

The Nacogdoches Sentinel is of the opinion that a man is lucky who owns a cow in Houston, as nothing is ever known to go dry in that city.—Beaumont Enterprise.

The weeds and the knockers of Nacogdoches keep The Sentinel busy. Well a paper has to have something to talk about you know.—Lufkin News.

The Nacogdoches Sentinel has entered upon a progressive fight for a bigger and better town and its columns bristle each day with arguments therefor.—Beaumont Enterprise.

The Nacogdoches Sentinel says that every time you meet some people you think of a lemon squeezer. The editor must have just met one of the mossbacks of the town.—Beaumont Enterprise.

Somebody claims to have discovered a substance which is 300 times sweeter than sugar. The substance is supposed to be about 18 years old and wears a bustle, and the Sentinel says abounds in paying quantities in Nacogdoches county.—Panolo Watchman.

The information is gleaned from The Nacogdoches Sentinel that the weeds which it has been "fussing" so much about lately are growing in the back alleys, and it is now up to the editor to explain why weeds in the back alleys would worry him so much. An editor's troubles never end.—Center News.

The happiest and most contented family is the one that doesn't depend on Oklahoma for corn, Kansas for bacon, Colorado for potatoes or Georgia for cotton seed.—Nacogdoches Sentinel.

And you might have added, nor a St. Louis catalogue house for goods nor Chicago for a paper to read.—Rusk Press Journal.

Ill nature is a disease of the mind, is harmful to self and all who come in contact with it and fits a person for full fledged membership in the "lemon club".—Nacogdoches Sentinel.

Ill nature is frequently more a disease of the nerves, stomach or liver than it is of the mind or heart. When it comes from the heart, it more than ill nature—it is dogged meanness.—Bonham News.

"A strong pull, a long pull

and a pull together" is a good motto for the citizens of Nacogdoches.—Nacogdoches Sentinel.

The above is also a good motto for the citizens of Livingston.—Polk Co. Enterprise.

The Nacogdoches Sentinel asserts that Edwin Waller of Austin wants to be comptroller two years hence. As the result of several years of personal acquaintance with that young man, we state for his benefit that he is a receptive candidate for any state office Texas citizenship might see fit to offer him. The "mayor" of Quintana knows well the value of furnishing personal copy to the members of the press.—Beaumont Journal.

After finishing with the delinquent weed cutters, the Nacogdoches Sentinel proceeds to romp on its commercial club, after this manner: "There are lots and lots of things the commercial club should be looking after, and unless that august body gets busy soon it will be too late to take them up this year."—Lufkin News.

There is work for the commercial club every day in the year. Its work is never done. It is the duty of all the citizens of every town to stand by the commercial club in its efforts at betterment and lend constantly the support which is necessary to the exercise of its best powers.—Arlington Journal.

Will the citizens of Livingston take notice what commercial clubs are doing for other towns. Let's make the Livingston commercial club one of the busiest in the State.—Polk Co. Enterprise.

The time was when farming was considered the most humble of occupations. It a young man made a failure in business venture or met with little success in the line of work he had taken up, his friends were apt to advise him to go to farming. Farm life and farm work were looked upon as drudgery, and the farmer was little more than a beast of burden. But things are different today. The life of a farmer is the happiest most contented and the only really independent life there is. Farmers have their conveniently-built houses, telephones and daily mail. They read and think. They have learned and are continuing to learn the best way to farm. They are practical. Farming now must be learned before one can farm.—Nacogdoches Sentinel.

To what extent are the farmers of Texas availing themselves of the discoveries which science has made? It would be interesting to know. Farming is susceptible of being made one of the fine arts, and when it is elevated to that dignity, not only will the farmer be more prosperous, but he will be envied, and then we shall hear less about the tendency of boys raised in the country to quit the farm and go to the city.—Dallas News.

HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden.

It is to these faithful women that **LYDIA E. PINKHAM'S VEGETABLE COMPOUND** comes as a boon and a blessing, as it did to Mrs. E. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say:

"I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

County Examinations.

The County Board held the first examinations of the new year Friday and Saturday. There were twenty three applicants, fifteen whites and eight negroes. Thirteen of the fifteen were successful, five getting second grades and eight third grades. All however were applicants for second grades. None of the negro applicants were successful. The Board is composed of Profs. R. F. Davis, J. B. Stripling and B. S. Shirley.

Stolen Money Orders.

Look out! Stolen at Kansas City, Station 17, numbers 10644 to 10800. It such is presented in payment for goods, arrest and notify me. H. H. Cooper, P. M.

Maxims.

"It is the misfortune of the bachelor that he has no one to tell him frankly his faults, but the husband has this happiness."

No two persons are ever more confidential and cordial than when they are censuring a third.

So easily are we impressed by numbers that even a dozen wheel barrows in succession seem quite imposing.

ORINO

Laxative Fruit Syrup

Pleasant to take

The new laxative. Does not gripe or nauseate. Cures stomach and liver troubles and chronic constipation by restoring the natural action of the stomach, liver and bowels. Best substitute. Price 50c. For sale by Mast Bros. & Smith

SCHOOL BOARD MEETS.

Very Important Business Attended to—Session to Begin Sept. 21.

One of the most important sessions for the year, of the School Board, was held yesterday in the City Hall. The business attended to, was of the nature that concerns every citizen of Nacogdoches, and especially every patron of the school. The question of sanitation was solved however and when the system is installed and in thorough working order, the Nacogdoches schools will have made

a long step even in its rapid advancement. And aside from the putting in of such from a sanitary standpoint, it was too, a legal requirement and one for which there was no alternative. Thus, the action of the board yesterday could not have been otherwise, even had the members so desire. A representative committee of the Commercial club, as well as a number of physicians, were present and urged the matter of sanitation, while many petitions from other citizens, including physicians, were on hand, all asking for a sanitary system for the schools. The city has done its part in putting down the sewerage main within the required distance and in a short time now the connections will have been made. To do this work, of course, will necessitate a big expense and as the Board has no authority to borrow money for such, these improvements will have to be made out of the school funds. On this account, as well as the fact that the recent Supreme court ruling has left matters in an unsettled condition, two months of private school will have to be included in this year's term. This will be for 1908-09 session though, and in the future the public term can probably be lengthened, as the sanitary system will be permanent. And as it will require two or three weeks to get the necessary material and to complete the work of installing the system was it decided by the Board to have the session begin September 21st instead of the 14th. Superintendent R. F. Davis stated today, in regard to the term, that to make the grades it would be necessary for pupils to take advantage of the entire session of nine months, and not delay taking up the work until public school begins. It is understood that all of the newly adopted books are here, excepting the geographies and a representative of those books, who was here early in the week, promised that they would be on sale by September 15th. The School Board has been the recipient of many congratulations for their action relative to school sanitation and it is believed that such will be the cause of a large increase in attendance from out of the city. The members of the Board present at the meeting: J. M. Weeks, president; Dr. J. H. Barham, Giles M. Haltom, R. C. Monk, W. S. Beeson and W. U. Perkins, secretary. H. T. Burk was absent. Prof. R. F. Davis and many others

were also present. The following is a complete and correct list of the teachers for the year and who will take up their duties September 21. R. F. Davis, Superintendent.

HIGH SCHOOL.

John E. Rosser, Principal; H. G. Damon, Jr., Miss Mary E. Wadlington, Miss Viridian Barham.

CENTRAL SCHOOL.

Mrs. W. A. Bridwell, Misses Alpha Windsor, Christine Hammock, Brice Vinson, Hattie Loden, Louella Loden, Lois Cook; Lucile Davis and Mrs. F. P. Marshall.

WEST END SCHOOL.

Miss Zillah Langley, Principal; Misses Vera Stallings and Mary Elkins.

COLORED SCHOOL.

William Sanders, Principal; W. W. Frazier; Sarah Baldwin and Emiline Fears.

Will Build Warehouse

Lufkin News.

The Gulf Refining Co., will enter the field here for a share of the city's oil business, and to that end has closed a contract in this city for the erection of a warehouse and storage building on the vacant lot near the Schumaker Grocery Co's store, on the E. & W. tracks. O. P. Jopling of Nacogdoches, the traveling agent for the company was in the city today, closing up the agency business, and closing a deal for a lease, on the land and contract for the work. The company expects to have the stock in their new warehouse by the 15th of the present month, and will carry everything needed to supply the trade, illumination and lubricating oils, axle grease, etc. J. E. Sharpe has accepted the position of local agent for the new concern, and his acquaintance with the trade added to his popularity as a business man, will give the concern a good start from the first.

The Gulf Refining Co., is one of the largest independent oil companies in the world, and one of the strongest financially. They have a refinery at Port Arthur valued at over two millions of dollars, and others in the East. This company is the owner of the Gulf Pipe Line, pumping their own crude products from their own wells at Tulsa, I. T., to the refinery on the coast, and their own fleet of oil vessels, carrying the oil from the Texas port to the refineries North.

News From Melrose.

Profs. Stripling and Harris closed their summer school at this place Aug. 23 with an interesting program at night. One of the features which deserves special mention was the short talk on education by Prof. J. B. Ramsey of Timpson.

Prof. J. B. Ramsey spent a few days in our city the past week the guest of J. B. Stripling and Gracie Stripling, his former pupil.

We regret very much that

SHAKE INTO YOUR SHOES
Allen's Foot-Ease, a powder. Relieves painful, smarting, nervous feet and growing nails, and instantly takes the sting out of corns and bunions. It is the greatest comfort discovery of the age. By mail for 50c, in stamped paper. Don't accept any substitutes. Trial package FREE. Address Allen S. Ormsted, Le Roy, N. Y.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and every nerve traced to the impurity of the blood. **Fool Impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It cures and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.**

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood-cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

the Baptist meeting had to be closed on account of the sickness of Bro. Garrard's wife.

Miss Bess Ross of Garrison is visiting relatives here.

Misses Audie Patton, Clytie Stallings, Gladys Simpson, Lora Hardeman and Messrs. Douglas Patton, Grady Stallings, Clifford Mast and Gracie Stripling will leave in a few days to enter school at different points.

On the evening of Sept. 1, Mr. and Mrs. E. W. Seale entertained a number of young people in honor of Miss Roxve Ivey who is to leave in a few days for Hereford, Texas. Mr. and Mrs. Seale never do things by halves, and when the invitations were received by the boys and girls they knew a rare treat was in store for them. Some of the amusing features of the evening was a guessing contest and an old fashioned spelling match from the blue-back speller. In the guessing contest Miss Vera Stallings received first prize while Miss Edna Mast was honored with the booby. Miss Daisy Seale was the lucky one in the spelling match and Mr. Harris took the consolation prize. After the games dainty refreshments were served, consisting of a salad course followed by delicious cream and cake. Mrs. Seale was ably assisted in entertaining by Mrs. John Stripling. The hour for departure came only too soon, and the guests left with expressions of delight for the happy evening spent.

Mrs. J. T. Seale and daughter Miss Daisy of Neches, Texas, are visiting relatives and friends here.

Misses Primma and Carrie Durbin leave on the 10th of Sept. for Meridian, Miss.

I-X-I-

Card of Thanks.

We desire to express our thanks to the good people for the kindness shown us during the sickness and in the death of our little child.

Mr. and Mrs. John Pybus.

What Shall We Have for Dessert?
Try JELL-O. The finest, appetizing, economical dessert. Can be prepared instantly—simply add boiling water and serve when cold. Flavored just right; sweetened just right; perfect in every way. A 10c package makes enough dessert for a large family. All grocers sell it. Don't accept substitutes. JELL-O complies with all Pure Food Laws. Flavors—Lemon, Orange, Raspberry, Strawberry, Chocolate, Cherry, Peach.

SOCIETY MEETS.

Officers Elected and Program Arranged—Mr. Dies Sick.

The Reagan Literary Society held its fifth annual opening meeting last night at the Library Hall, the attendance being unusually good and the interest shown in the work very gratifying. On account of a severe nervous headache, Hon. Martin Dies who was scheduled to make a talk, could not attend. The meeting was devoid of any program, only business being attended to. The following officers for the ensuing term were elected:

J. A. Spears, president.
J. B. Power, 1st vice president.
J. O. Cox, 2nd vice president.
Isadore Rouse, 3rd vice president.

Asher Mintz, secretary.

F. P. Marshall, assistant secretary.

A. T. Russell, treasurer.

Edgar Thomason, librarian.

Arthur Seale, assistant librarian.

W. T. Petty, sergeant.

H. F. Marr, door keeper.

A committee composed of R. A. Higgins, J. B. Power and Edgar Thomason, was appointed to wait on Mr. Dies and express to him the thanks of the society for his donation of a number of books to the library. The volumes are interesting ones, being a splendid addition to the library of the society and one that is appreciated. Mr. Dies has assured the members too, that he will send them public documents and such other literature that may be of interest, when he goes to Washington as Congressman.

The committee, above mentioned, was also instructed to extend to Mr. Shaw the thanks of the Society, for his tender of the dining hall at the Redlands in which to hold the meeting. The regular meeting of the Society will take place each Friday night and possibly several open meetings will be held during the winter. Several new members were added to the roll at last night's session and efforts will be made to have a larger membership this year than before. The program for the next meeting will be an oration by A. A. Seale and a discussion of the following subject: "Resolved that all state and county offices now being two year terms, should be increased to four years."

Trouble Near Front.

In response to a message from the Hampton Front yesterday afternoon, deputies Horace Wilson and Charley Shindler went down to find the trouble, if possible, and to arrest the trouble maker. The two gentlemen returned last evening and one of them gave a version of it as follows: "A tie maker living, about five miles from the Front whipped his two daughters, aged 10 and 15 years; it is said, with a large stick bruising them badly. A neighbor was attracted by the cries of the girls and went to the house and made the parent stop abusing his children. The parent became incensed and declared he would kill the neighbor on sight. Both men, as a result, were armed and trouble was expected. Nothing came of it however and the officers returned. Today it is learned that peace has been made between the parties."

What to do in Dyspepsia

Dieting has become a great fad in America, and just as, years ago, we, as a nation, over-ate, so now we are under-eating. The one is as bad as the other. Man needs food and plenty of it to sustain life and to give strength to compete in this busy world.

It is not, however, the fact that you may eat too much that hurts you, but that you don't digest what you eat. And if that results in dyspepsia you will not cure the trouble by cutting down your food supply. If your digestive organs were creating the proper amount of gastric and peptic juices you would have no dyspepsia. To cure the disease you must create an abundance of these necessary juices.

This can only be done by a reliable tonic laxative, and as its name indicates, Dr. Caldwell's Syrup Pepsin contains the very ingredients needed to do this. Take it regularly for a while according to the explicit directions on each bottle and you will soon be cured of dyspepsia and any of the accompanying symptoms such as heartburn, sour stomach, bloated stomach, hives, pimples, narrow complexion, wind on the stomach, etc. Every bottle carries with it an absolute guarantee to do what we claim. It is a gentle, pleasant, effective laxative and you will like its taste and be pleased with the results.

One of the great friends of this remedy is Harry F. Keator, a lieutenant in one of the Chicago companies that fought at the battle of Santiago. While in the wet trenches, and eating the rough food of a soldier, he contracted severe dyspepsia and lost weight rapidly. A friend in the regiment called his attention to Dr. Caldwell's Syrup Pepsin, which he promptly began to use. It not only cured his dyspepsia but increased his weight 40 pounds.

Your druggist will send you a bottle at 50 cents or if you will send him a dollar a hundred times that to you.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of sour stomach, liver or bowel disease. Quickest yet met effective laxative for children, women and old people. A guaranteed, permanent home cure. THE PUBLIC VEGETABLE "DR. CALDWELL'S SYRUP PEPSIN." This product is guaranteed pure. No. 17, Washington, D. C.

PEPSIN SYRUP CO.
Caldwell Bldg., Monticello, Ill.

Letter to P. E. DeLamar.

Nacogdoches, Texas.
Dear Sir: When 15 gallons of somebody else's paint to cover a house that 10 gallons Devoe is enough for, who gets the \$25 extra money you pay for the job?

You don't see the extra \$25? It is 5 gallons paint at no matter what price per gallon, and \$2 to \$4 a day for painting those 5 superfluous gallons. That makes \$25 about; it may be more, it may be less. A gallon put on is about \$5; 5 gallons \$25.

The paint manufacturer gets part of that extra money, the dealer gets some, and the painter gets some. You pay it. What do you get for it? Whitewash, whitening, china-clay, ground-stone, barytes, benzine, and water, mixed with your paint. Don't blame the dealer and painter; they can't help it.

106 Yours truly,
F. W. Devoe & Co.
P. S. Mast Bros. & Smith sell our paint.

W. C. Fouts has returned from St. Louis and other eastern markets, where he has been on a purchasing tour.

ARE YOU SURE

"That the ice cream you buy is strictly 'PURE'?"
Do you know that the makers' brands were clean, free from the factory, and free from all other outside impurities in any condition?
Why take any chance where your health is concerned? Why not?
MAKE AND FREEZE YOUR OWN ICE CREAM
In 10 MINUTES
FOR 10 A PLATE WITH
JELL-O ICE CREAM POWDER
It is so easy. Simply stir contents of one 10c package into a quart of milk and freeze, without cooking, heating or the addition of anything else. This makes two quarts of the most delicious, pure and wholesome ice cream. A good ice cream freezer can be bought for a dollar or two which will last for years, and will soon save its cost.
2 packages JELL-O ICE CREAM Powder for 25c.
Flavors: Chocolate, Vanilla, Strawberry, Lemon and Orange.
Sold by all good grocers.

Weekly Sentinel

HALTOM & HALTOM, Proprietors.
GILES M. HALTOM, Manager.

A BUSY man is never lone some.

THAT reminds us; only 57 days until Bryan is elected president.

LUFKIN has discovered that oil field again—it's Brownwood's time next.

THE most expensive things that farmers have to deal with, are bad roads.

THE trades day feature needs only a trial to convince that it's a paying proposition.

If there is a difference in opinions, of course the other fellow is wrong. It was ever thus.

FROM the looks of some of the back alleys the "trash man" must be taking his vacation.

THE Church street "pond" is getting back to former proportions as far as possible—give it time.

TIMPSON may not have a fair but the citizens have gone to work as if they were going to have one, and a good one.

THAT court house square, arranged as it is planned, will be a pretty place and a pride of every Nacogdoches county citizen.

AUSTIN promises to pull off two shows within the next few months. The first is the fair and the second is the Legislative session.

MORE corn, more hogs, more tobacco will put the farmers of East Texas on a more independent footing than eight cent cotton.

THE merchants should begin their advertising campaigns. Don't expect people to come to your place of business unless you invite them and tell them what you have to sell.

THAT tobacco exhibit at the Dallas Fair will be one of the very best "immigration pulling" cards that could have been devised. The man in charge, J. Thomas Hall, will certainly be the right man in the right place.

THE black land farmers and others can raise all of the cotton necessary to keep Texas to the fore in that industry. The thing for East Texas farmers to do is plant less cotton and turn to tobacco as their money crop.

AND now the New York styles have decided that to be "of the latest" the ladies must wear an extremely long corset requiring about ten yards of string. To resemble a telegraph pole as much as possible is to be "stylish" this year.

THE farmer who hauls his cotton to other points expecting to get more for it than it he brought it to Nacogdoches, is doing a foolish act. With competition in the cotton business as strong as it is here, anyone ought to know that the very top of the market is always paid.

OUR TOBACCO.

Beaumont Enterprise.

The Austin Statesman rushes in with a denial that Alice Webb-Duke, recently indicted in Chicago, developed the Nacogdoches tobacco district, and the Statesman is right in its premises, but it cannot be denied that the gentle Alice gave the district considerable advertising, some of it of an unsavory nature.

But the Statesman further says that the men who established this industry in Texas will sometime get the credit that is theirs. Why not now? Why does not some one familiar with all the facts of Nacogdoches tobacco planting put it on paper for the benefit of future generations, and that credit may be given to those to whom credit is due?

As one of the oldest towns in the state, settled by a people who came from tobacco growing states, there can be little doubt but that tobacco was one of the earliest crops to be planted in that section, but, like many other things, lacking facilities to reach a market with the crop, its cultivation fell into disuse, save a few plants for home consumption, and the new generation knew nothing of it or its scientific cultivation.

The attempt to revive the industry in recent years is within the full knowledge of this generation, yet there are many who are not familiar with all the facts, and to whom credit is due. For this reason, some one who is in possession of the facts should make them public for the benefit of the state. It would serve as a further advertisement of the Nacogdoches tobacco section and would help to keep the record straight.

The Nacogdoches Sentinel is asking for 1000 acres of tobacco planted in that locality.

Every farmer in East Texas should study up on tobacco culture and put out a small experimental piece of tobacco another year.

The Lufkin News is of the opinion that the night riders should keep an eye on Nacogdoches. Let us hope not. Nacogdoches is to be too busy raising tobacco to have any time to give to raising Hades. Nacogdoches cigar tobacco should be manufactured and smoked in Texas.

East Texas cigars made by East Texas workmen from East Texas tobacco would help along the prosperity of the state.

The Nacogdoches Sentinel is still prodding up its farmers on the tobacco raising industry.

Galveston News.

Tobacco growing, or rather the growing and curing of it, is something of a fine art. It requires experience. The first efforts usually result in failure. It is because of these facts that the tobacco acreage in Southeast Texas is not larger than it is. It has been thoroughly demonstrated that the soil and climate of Nacogdoches, Montgomery and other counties of that neighborhood are excellent for the cultivation of a first-class tobacco, and as the supply of that kind of tobacco is never

equal to the demand, a good profit is certain. There ought to be a big exhibit of Texas tobacco at the state fair.

Lufkin News.

The night riders had better keep their eyes on Nacogdoches. It won't be many years before she will be producing more and better tobacco than the famous fields of Kentucky. And then Angelina has some of that same good red tobacco land that may soon come into notice.

Dallas News.

East Texas has the lands for producing a long leaf filler equal to that of Cuba, and there is no reason why tobacco should not be added to the valuable crops of Texas. Among the imports of Bremen, Germany, are noted tobacco from the states of Maryland, Virginia, Kentucky and Ohio. Texas should be added to the list of states which are now exporting tobacco to Germany.

In this issue of the Sentinel appears a call for funds to carry on the Democratic National Campaign. This matter would have had attention earlier but for the fact that we hesitated for the organization of a Bryan and Kern club. Now that a movement is on foot to perfect such, and it will possibly be done within the next few days, the Sentinel is ready to do its part toward aiding in electing the Democratic ticket. All who desire to contribute are asked to bring or send any amount, from \$1 up, to the office and it in turn will be forwarded to treasurer C. N. Haskell. Please give name and residence with contributions, so we may acknowledge receipt. Names and amount will be published each week in the Sentinel.

THE Sentinel acknowledges receipt of a copy of the catalogue of the Travis County Fair, which begins Sept. 14 and continues five days. Some excellent premiums and fat purses are offered for exhibits and racing and which are calculated to bring out the very best in that county. The Travis county institution promises to be a great thing for that section.

THE tobacco industry in Nacogdoches county is not an experiment. The growing of tobacco here, has been proven beyond all doubt, to be a sure crop—an easy crop—a superior crop—an economical crop and a money crop. 250 farmers in the county should have from two to five acres in tobacco next year.

NACOGDOCHES and San Augustine farmers would do well to turn their attention from cotton to tobacco as a money crop. Plant more corn, more feedstuff, raise more hogs, cows, horses and chickens, plant less cotton and more tobacco, should be the program.

That tobacco ware house is to be a fact; 500 acres is also to be; now for 250 farmers in Nacogdoches county to grow from two to five acres each, in addition.

SUNSET EXTENSION.

Galatin-Rusk Branch of T. & N. O. to be Completed Within Six Months.

Suderman-Dolson & Co. of Galveston and Houston were awarded the contract to construct the Texas and New Orleans extension between Gallatin and Rusk, a distance of eight miles. The contract was signed between 12 and 1 o'clock Tuesday by E. B. Cushing, engineer in charge of construction for the Sunset lines, and members of the successful firm. The extension must be completed by February 28, 1909.

Although but eight miles in length, the work is of a very heavy nature. What is known as Irion Mountain hill has to be climbed, there being no practicable, feasible route around it, unless by lengthening the road materially. In addition approximately 350,000 cubic yards has to be graded and placed in condition to receive the ties. For this reason the contract is at a figure slightly more than was at first contemplated.

The rails which are to be used are what is known as "re-layers." By this is meant they have been used on other portions of the main line, but are yet in such good condition that they are perfectly adapted to the extension. The ties will be oak and it is stated that the majority of them will be cut from along the right of way, there being plenty of trees available throughout the short extension. This will obviate the necessity of hauling the ties from any great distance and has aided in cheapening the cost of construction.

W. D. Staton, resident engineer of the Sunset in Houston, will be in charge of the work as representing the company. Mr. Staton is already on the ground overseeing the initial work and will remain with it until completion. At such periods as are necessary, Mr. Cushing will visit the extension to supervise what has been done.

In all there were about ten bids put in for the contract. Some of these were from Houston, some from Cincinnati and some from St. Louis. That the successful company is a Texas concern demonstrates that in railroad construction the Texan can bid as low and lower than any others.

Weather Conditions.

Galveston Bureau. Showers occurred in scattered localities on several days during the past week. The amount of precipitation was greater than the normal in extreme southern counties and in a large number of northwestern and adjoining western and northern counties. At Brownsville, where it was heaviest, the amount exceeded two inches. In Cooke county, and over the upper Colorado, and portions of the Pecos, river valleys the amount exceeded one inch. There was no precipitation in northeastern and eastern, and in many central, southwestern and coast counties.

There was an abundance of sunshine and the mean tem-

SHALL THE PEOPLE RULE?

Appeal to Democrats For Bryan and Kern Campaign Fund From Democratic National Committee.

There are no secrets in this campaign. Strictly practicing what he preaches, Mr. Bryan would not win victory with tainted money paying the election expenses.

Not a dollar is to be accepted which requires any promise, either express or implied, other than for honest, impartial government.

Mr. Bryan will enter the White House absolutely free from entangling alliances, free to serve all classes of honest citizens alike, or he will not enter it at all.

Hence the course is plain. The campaign of Bryan and Kern must be conducted by the people.

The people must pay the necessary campaign expenses if they want public servants who will serve their interests.

Special interests and favored classes, having secured "swollen fortunes" by purchasing favors in the past with millions contributed to control elections, stand ready to give millions more for continued favors. But that class never gives a dollar unless it buys a pledge.

Mr. Bryan says, from March 4th, 1909, "Let the people rule."

This can come only if the people pay their own bills, and control their own elections.

"Beware of the trusts bearing gitts."

That policy of the favored few buying a mortgage on the government meant that the candidate for president knew a few people only in an entire State.

Bryan says, "We will take the cause of people's rule

home to the people in every county."

You can serve the grand cause popular government through the columns of your paper. It reaches the fire-side of the patriot who loves his country for his country's good; as distinguished from the greedy possessor of swollen fortunes who loves his country only for his country's goods.

SEND IN YOUR CONTRIBUTIONS

In accordance with the above—The Sentinel will receive subscriptions to the Democratic National Campaign Fund and urges all loyal Democrats to send in their contributions. The Sentinel will transmit them weekly to Gov. C. N. Haskell, treasurer of the Democratic National Committee, who will issue to each contributor a beautifully executed acknowledgment printed in three colors as a souvenir of their devotion to the cause of Democracy and the principles of Government by the people.

When sending in your contribution money use the accompanying remittance blank, and, unless otherwise requested, your name will be printed in The Sentinel together with the amount given.

REMITTANCE BLANK

Money should be sent by check, draft, express or money order.	

This community should be an example for every community in the county needing a school building.

The only thing that is needed to insure success is for everybody to put their shoulder to the wheel and push.

Plenty of grit and grace with a little green back makes things move to success. We hope to see other communities fall in line and put the country schools on equal footing with the town schools from point of comfort and working equipment. Then we will have the working capacity. A well-wisher.

The Tobacco Price.

Tom Maroney left yesterday for Palestine on business in connection with this year's tobacco business. Mr. Maroney, in speaking of the industry, stated that he felt justifiable in saying that the contract price for tobacco next year would be the same as it has been this year, and which is 17 cents per pound.

The teachers of the county have been called to meet here Friday and Saturday for the purpose of discussing the new text books and mapping out a course of study. A large attendance is expected and the meetings promise to be interesting and very beneficial.

TUCKER, HAYTER & CO.

We have our office open and are ready to buy your cotton and pay you the highest market price in cash.

Our goods are arriving on every train, and by September 15th we expect to be open and ready for business with the newest and cleanest line of merchandise ever shown in the city. We have purchased nothing but the newest and cleanest of merchandise for cash, and will be able to make you some very attractive prices.

Our stock will be complete in every detail in a very short time and if you will call around we will be glad to show you through. We do not want nor do we expect to do all the business, but will appreciate any part you may see fit to give us and will assure you the best of values and most courteous treatment.

Bring your cotton to us and we will endeavor to make it bring you the highest market price.

Yours for business,

TUCKER, HAYTER & CO.

Don't Make a Mistake.

If you are contemplating making a stenographer of yourself, do not make a mistake and attend a school teaching one of the old systems, such as Pitman, Graham and Gregg—they are too awfully hard to learn, almost impossible to read accurately and are incomplete. The Byrne Simplified Shorthand, as taught at the Tyler Commercial College of Tyler, Texas, is far superior, more modern in every way; it is a system that is easy to learn and has often been mastered by youngsters of 9 to 12 years of age. Where the Pimanic and other systems have over 500 rules, almost 500 exceptions and thousands of word signs to be committed to memory, also a phonetic language to master, the Byrne Simplified writes the English language as it is written and spoken in every day use, with but the 26 letters of the alphabet, 13 short rules, no exceptions and 13 word signs to be memorized. It takes one with a giant memory to become an expert stenographer with the other systems, while with the Byrne Simplified, practically anyone has sufficient memory to handle it successfully. The illegibility of the old systems is due to the student's unfamiliarity with the phonetic language, his inability to supply the 500 rules or some of the many exceptions properly, his failure to execute accurately the complicated outlines required in writing words with these systems. With the Byrne Simplified, reading is an easy matter, and one who could read print accurately should have no trouble in learning to read the Byrne Simplified

with accuracy. In the first place, he writes the English language as his mother taught him to speak it, and not a phonetic language as hard to learn as Latin. Next, he uses characters representing the 26 letters of the English alphabet, which together with the 13 short rules and 13 word signs, enable him to write anything in the English language. There is not a word that can be set in type or written in script alphabet that cannot be written with the 26 letters of the alphabet of the Byrne Simplified. Its outlines are simple and easily executed. You are not worried to death trying to figure out whether the vowel dot or dash you put in was shaded or unshaded or whether it was put at the beginning of a character or in the middle, neither are you worried trying to figure out whether that vowel circle was made large enough for A or small enough for I or whether it be a loop or what in the world it might be. There is absolutely no guess work in the reading of the Byrne Simplified, as is the case with the other systems. The other systems are incomplete inasmuch as the basic principals are so deficient and incomplete that the thousands of word signs, hundreds of rules and exceptions must be brought into use to supply the deficiencies. The Byrne Simplified is the most complete system in use, inasmuch as it is more like the 26 letters of the printed or script alphabet; with these 26 letters of the script alphabet, we write any word in the English language; the same is true with the 26 letters of the alphabet in the Byrne Simplified Shorthand. Many of the most rapid writers in America today

write the Byrne. This proves its wonderful speed possibilities. For indorsements from those who have mastered the other systems, then abandoned them and made a success of the Byrne, write for 168 page catalog; it contains hundreds of indorsements that are sufficiently strong to convince the most skeptical of the wonderful superiority of the Byrne over all other systems. We have the exclusive control of this system and no other school in this section is permitted to teach it. You can better understand why the Tyler Com'l College is the largest school of Bookkeeping, Business Training, Shorthand, Typewriting and Telegraphy in America when you have read our catalogue. Every statement made in this catalogue is true and correct and is backed by a cash guaranty of \$100. Don't delay; write at once for catalogue.

Mrs. C. W. Butt Complimented. The many friends of Mrs. Chas. W. Butt will be pleased to learn of the very nice compliments that have recently been shown her by the State Federation of Clubs. Mrs. Joseph D'brell, president of the State Federation of clubs has appointed her as one of the representatives to the International Tuberculosis congress which meets at Washington the 21st inst.

She has also been asked to serve as chairman in the State Federation on the committee of laws for women and children. Should Mrs. Butt be able to accept these appointments, she will fill them with most acceptably and will reflect credit not only on the

Federation but on her home clubs and her city as well.

Remains Interred.

The remains of Mrs. Nancy E. Rector were interred this morning at 10 o'clock in the Fairview cemetery, funeral services being conducted by Rev. J. W. Mills. Mrs. Rector was about the age of 77 years and had been in ill health for some time. Three children survive her, Mrs. J. L. Burrows, Mrs. A. T. Stallings and T. E. Rector, all residing in this county.

Cox-Mattes.

James Ollie Cox of this city and Miss Lillian Mattes of New Iberia, La., were married last night at 8 o'clock in the latter city. Mr. and Mrs. Cox arrived in the city this afternoon and a reception will be tendered them tonight at the residence of the groom's parents, Mr. and Mrs. W. M. Cox.

Birthday Party.

Miss Willie Gramling entertained last night in honor of Miss Odie Clevenger, whose birthday was yesterday. Music conversation and 42 were indulged in, and at a late hour all departed wishing Miss Odie many more such birthdays and heartily thanking Miss Gramling for their pleasant evening.

Mrs. W. W. Perry returned to San Augustine last week after a few days in Nacogdoches adjusting her household goods, in the pretty new home recently purchased on North street.

To Our Customers.

We take this method of extending thanks to our many customers for the splendid patronage given us in the past. Beginning small but grown steadily, solidly, until now we have one of the most complete stocks of goods in this section. We attribute our splendid success to the unstinted patronage of our long list of customers and appreciate well the trade we have received. We have this season put in a much larger stock than ever and invite you to make a trip to our place of business for inspection.

Our aim has been, good goods at the lowest possible prices and this we will continue to maintain. We offer you a full and complete stock of first class, clean, new, dependable merchandise, including dry goods, hats, shoes, clothing, furnishings etc at prices that will mean many savings to you. Our word is our guarantee—you know we do just what we say. Again thanking you most sincerely for past favors, soliciting a fair share of your future business and assuring you of entire satisfaction we are most respectfully,
Yours to serve,
Thomas & Richardson.

Miss Blanche Matthews departure for her home in Athens Friday last was the final breaking up of the delightful house party entertained by Miss Zirleta Matthews for the past two or three weeks.

Educational Rally.

Do you believe in education? Then come out to the Nacogdoches High school auditorium Friday evening, Sept. 11 8:30 p. m. School trustees and patrons in particular, and everybody in general are invited. An interesting program is promised. The conference for education in Texas will have a speaker here. Come to hear him.

Yours truly,

R. W. Tillery, Co. Supt.

Received 15 dozen sample Pongee shirts, \$1 50 and \$2 50 grade—at 90c.
Thomas & Richardson.

Miss Helen Garrison left last week for Sweetwater.

Notice—Sheriff's Sale.

The State of Texas, County of Nacogdoches: By virtue of an order of sale, issued out of the Honorable District Court of Nacogdoches County on the 17th day of March, A. D. 1908, by the clerk thereof in the case of W. U. Perkins versus J. E. Watson, No. 2479, and to me as Sheriff directed and delivered, I will proceed to sell for cash, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in October, A. D. 1908, it being the 6th day of said month, before the court house door of said Nacogdoches county, in the town of Nacogdoches, the following described property to-wit:

The north one-half of lot No. 4 in block No. 1 and the north one-fourth of lot No. 5 in block No. 1 of the town of Appleby, Nacogdoches county, Texas. Said land was conveyed to the defendant, J. E. Watson, by H. R. Doolittle and wife by deed dated January 6, 1906. Levied on as the property of J. E. Watson to satisfy a judgment amounting to \$200.75 in favor of W. U. Perkins and costs of suit.

Given under my hand, this 8th day of September, A. D. 1908.
G. W. Blackburn, Sheriff.

Convalescents need a large amount of nourishment in easily digested form.

Scott's Emulsion is powerful nourishment—highly concentrated.

It makes bone, blood and muscle without putting any tax on the digestion.

ALL DRUGGISTS: 50c. AND \$1.00.

Windham-Hale.

Mr. Ford Hale and Valita Windham were married Sunday at the Methodist parsonage, Rev. J. W. Mills officiating. Both young people have been reared here and have many friends who join The Sentinel in extending congratulations.

Hoppy Hop.

Are you just barely getting around by the aid of crutches or a cane? Unless you have lost a limb or have a deformity—if your trouble is rheumatism, lumbago, sprain, stiff joints, or anything of like nature use Ballard's Snow Liniment and in no time you can throw away your crutches and be as well as anyone. Price 25c, 50c and \$1.00. Sold by Mast Bros & Smith.

Died Last Night.

Word was received here this morning that Henry Thomas died last night at his home at Melrose. Deceased was a long time citizen of that place and was about 50 years old. Interment will take place this afternoon.

Miss Nora Evans returned this morning from St. Louis and Chicago where she has been purchasing goods for Mayer & Schmidt's millinery department.

Hands cracked and bruised from husking, skin diseases, tan, freckles, cuts relieved at once with Pinesalve Carbolyzed (acts like a poultice). Draws out inflammation.—Price 25c. Sold by Stripling, Haselwood & Co.

W. T. Walling, who has opened a lumber office on the south side of the square has also perfected arrangements to enter the market for cotton. Mr. Walling will represent a large concern, financially strong, and will be prepared to pay the top of the market for the fleecy staple.

To Be Happy

You must have good health. You can't have good health if your liver is not doing its duty—slow but sure poisoning is going on all the time under such circumstances. Ballard's Herbine makes a perfectly healthy liver—keeps the stomach and bowels right and acts as a tonic for the entire system. Sold by Mast Bros & Smith.

Mr. and Mrs. Beeman Strong have returned from a two week's pleasure visit at Galveston.

PINEULES

30 DAYS TREATMENT FOR \$1.00
Satisfaction guaranteed or money refunded.

FOR ALL KIDNEY BLADDER TROUBLE, RHEUMATISM AND LUMBAGO

A dose at bed time usually relieves the most severe case before morning.

BACK-ACHE

PINEULE MEDICINE CO.
CHICAGO, U. S. A.
Stripling, Haselwood & Co.

Rev. R. T. Holleman Accepts.

About two weeks ago the congregation of the First Baptist church of Nacogdoches extended a hearty and unanimous call to Mr. R. T. Holleman to become the pastor of that church. Last Sunday morning, Mr. Holleman announced his acceptance of the call and is now the regular Shepherd of that congregation.

Mr. Holleman is twenty-three years of age, a zealous, consecrated young gentleman, a student, and possessing a rare degree of intelligence he is destined to become one of the leading ministers of the country before many years. He was born and raised near Laneville in Rusk county.

A Burglar in Town

his name is "bad cough." He doesn't care for gold or silver but he will steal your health away. If he appears in your house arrest him at once with Ballard's Horehound Syrup. It may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Price 25c, 50c and \$1.00 per bottle. Sold by Mast Bros & Smith.

Will Bridwell of Nacogdoches, who has been in Tyler taking a business course, was here Wednesday, on his return home. He was accompanied by his wife, who has been visiting her parents in Ballinger.—Jacksonville Banner.

Gambling

your life against 25c is just exactly what you are doing if you neglect a cough or colds on the chest instead of treating it with Ballard's Horehound Syrup. A 25c bottle of this splendid remedy will cure an ordinary cough, heal the lungs and act as a tonic for your entire system. Sold by Mast Bros & Smith.

Prof. George Hale requests the Sentinel to announce that on account of the school house not being completed at Douglas, school will not open until September 21.

Wood's Liver Medicine in liquid form for malaria, chills and fever, regulates the liver, kidneys and bladder, brings quick relief to biliousness, sick headache, constipation. Pleasant to take. The \$1.00 bottle contains 2½ times the quantity of the 50c size. First dose brings relief. Its tonic effect felt at once. Sold by Stripling, Haselwood & Co.

Mrs. Asher Zeve and daughter, Erma, who have been visiting A. Zeve and family, have returned home to Shreveport.

Pineules for the kidneys. 30 days' trial \$1.00. Hundreds of people testify to the merit of this preparation in the relief of kidney trouble, rheumatism, lumbago, backache. Pineules act directly on the kidneys, purify the blood and make you feel like a new person. They tone the system. Sold by Stripling, Haselwood & Co.

CITY COUNCIL DOINGS.

Short Session But a Busy One—Water Troughs.

The regular meeting of the city council Tuesday night was not a long one, but it was a very busy one and lots of real interesting business was transacted. Fire Chief Sturdevant made a report anent the leasing of a building for a fire station and which if done will make some other additions and improvements to the company necessary, resulting in a benefit to the city. A matter of much importance disposed of too, is the water trough feature and the beautifying of the court house square, and though not entirely settled will probably be in definite form tomorrow. Plans are now being made and if carried out as per intentions, will be a matter for congratulation as well as "a thing of beauty." An ordinance calculated to do much toward putting an end to youthful "chancing" was one passed to prohibit raffling to the value of \$500. The statutes prohibit above that sum, so that business will be "cut out" entirely in the city of Nacogdoches.

It Knocks Malaria Out.

The old reliable Cheatham's Chill Tonic cures quicker and more permanently than any other remedy. One bottle is guaranteed to cure any one case. You can't lose. Try it.

Eugene Doughtie is here from his home in Meridian, Miss., visiting home folks and greeting his many friends.

It Does It.

The remedy that cured your mother and father of chills twenty years ago is sure good enough to cure you and your kids at the present time. Cheatham's Chill Tonic did it and will still do it. It's guaranteed.

The United States engineer begins next week laying a mile of model road at Nacogdoches to demonstrate the feasibility of such roads in East Texas.—Beaumont Enterprise.

Manzan Pile Remedy comes ready to use with nozzle attached. Soothes, heals, reduces itching and inflammation. An operation for piles will not be necessary if you use Manzan. Price 50c. Money refunded if not satisfied. Sold by Stripling, Haselwood & Co.

Nacogdoches, Texas, is to have a mile of model road built under the supervision of government experts. There are lots of other towns that might profit by such an example.—Farm & Ranch.

Bee's Laxative Cough Syrup always brings quick relief to coughs, colds, hoarseness, whooping cough and all bronchial and throat trouble. Mothers especially recommend it for children, as it is pleasant to take. It is gently laxative. Should be in every home. Guaranteed. Sold by Stripling, Haselwood & Co.

Tausig Tobacco Co. wants 500 acres of tobacco for next year and any farmer that is interested will please drop me a card at Nacogdoches and I will come to see you at once. Tom Maroney, Agent.

TESTED AND PROVEN.

There is a Heap of Solace in Being Able to Depend Upon a Well Earned Reputation.

For months Nacogdoches readers have seen the constant expression of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

George Whitkorn, living on Mound street, Nacogdoches, Texas, says: "I hold the same high opinion of Doan's Kidney Pills at present as when I testified to their merits in the Spring of 1905. I then stated that I had been a sufferer of kidney trouble and had been cured through the use of this remedy. Doan's Kidney Pills absolutely freed me from all pains across my loins which by spells had caused me a great deal of misery and annoyance. They also corrected the too frequent action of the kidney secretions. I am now able to state that the cure has proven a permanent one and this gives me a higher opinion of this grand old remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

To The Public.

My gin having been repaired, saws sharpened, and everything put in first class condition, is now ready to gin your cotton. Mr. Tom Hand will have charge of the gin, and we have decided to gin your cotton for two dollars per bale, a bale not exceed five hundred pounds, or forty cents per hundred pounds lent. We are better prepared to serve you than ever before, and you will always find us to be courteous and prompt to attend to your needs. We guarantee satisfaction and ask that you give us a trial and we will show you.

Thanking you for past patronage and soliciting a continuance of same assuring you quick service, prompt attention and courteous treatment, we are,

Yours to serve,
J. P. Clevenger,
Tom Hand.

Up "In The Air."

Mr. John Schmidt, the big hearted, big manager of the Mayer & Schmidt firm, Wednesday afternoon, complimented the mayor and members of the city council with a ride in the elevator just installed in the handsome new building. The initial run was O. K. and the elevator came up to all it was represented to be and do. There were several in the party, and despite the fact that the gates were shut, some are reported to have been of easier mind on terra firma "than in the air." The elevator was locked after the trip and will not be in operation again until the new store is occupied.

Ring's Little Liver Pills for biliousness, sick headache, muddy complexion. They tone the liver; do not gripe. They keep you well. 25c. Sold by Stripling, Haselwood & Co.

VISITS MODEL ROAD.

Hon. Martin Dies, Inspects Work—For Federal Building.

Hon. Martin Dies left Saturday afternoon for his home in Beaumont, having spent a day or so here shaking hands with and calling on his friends and acquaintances. Judge Dies was unable to attend the Reagan Literary society Friday night as per schedule, but promised to return at some future date and speak. In reference to the Federal Building for Nacogdoches, he stated that he would do all possible for a nice appropriation for such a structure and thinks there will be no hesitancy in allowing such. Saturday morning he visited the mile of model road now under construction by the Federal government and inspected the work, acquainting himself with the method etc. Judge Dies is an enthusiastic good road man, is a great believer in the use of the split log drag, and has some good roads on his farm built and maintained almost exclusively by the use of a King drag. It is quite likely that there will be some Federal legislation at the coming meeting of the new Congress, relative to better roads and Judge Dies' visit to and inspection of the work here is regarded as very significant.

Has to Be Cited

"Possibly there is some on Earth that is a surer and quicker cure for cuts, burns, aches, pains and bruises than Hunt's Lightning Oil. If so I would like to be cited. For twenty years I have been unable to find anything better myself."—H. H. Ward, Rayville, La.

Mr. and Mrs. E. A. Blount, Miss Mamie E. Blount and Miss Laura Blount Chapman left last week for New York, going via Galveston from which point they failed on Saturday on S. S. Nueces.

If you are a sufferer from that most distressing affliction, piles, and have tried many remedies without being benefited we can safely say that Manzan Pile Remedy will bring relief with the first application. Sold by Stripling, Haselwood & Co.

Very pretty invitations, appropriately engraved in silver, and reading as follows have been received by the numerous friends of Mr. and Mrs. W. B. Pearson:
Saturday, September 26
from 5 to 11 p. m.
West Main street
Nacogdoches, Texas
Twenty-Fifth Anniversary.

To those afflicted with kidney and bladder trouble, backache, rheumatism, Pineules for the kidneys bring relief in the first dose. Hundreds of people today testify to their remarkable healing and tonic properties. 30 days' trial \$1.00. They purify the blood. Sold by Stripling, Haselwood & Co.

Notice.

The Union Cotton Yard will open and conduct business at the Union Cotton shed until other arrangements can be made for moving the yard—By order of Executive Committee.

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

Goes to Washington.

Otto Olsen, government tobacco expert, left this afternoon for Washington to remain until October. He will go by Natchez Miss., where Mrs. Olsen is visiting and where he will spend a few weeks. Mr. Olsen will make a report of the work that has been done here the past year and which will be published in pamphlet form for free distribution. The gentleman will return here in October to resume the experimental work. He shipped about 500 stalks of tobacco, nearly 50 varieties, today, which goes to the agricultural department at Washington.

Instantaneous Action.

"I was almost distracted by a terrible itching which defied all treatment until I obtained a box of Hunt's Cure. The first application afforded instant and absolute relief. The one box affected a complete cure. It is simply wonderful in its instantaneous action."—Geo. Gilliland, Manitou, O. T.

To Our Customers.

We will gin for 40 cents cash, per hundred, or for one twentieth of cotton.
w3t Adams & Bentley.

Stock Law Election Proclamation.

Whereas, the Commissioner's Court of Nacogdoches county, Texas, on the 10th day of August, 1908, granted a petition duly and legally signed and filed in said court, asking that an election be ordered by said court to determine whether or not hogs, sheep and goats shall be permitted to run at large in a subdivision of Nacogdoches county described in said petition; and, Whereas, said court on said 10th day of August, 1908, ordered that an election be held on Wednesday, the 23rd of September, 1908, to determine whether or not hogs, sheep and goats shall be permitted to run at large in said subdivision of Nacogdoches county, which is described as follows:

Beginning at the west boundary line of Wm. Dankworth 1-3 league grant where the Looneyville road crosses said line; thence south with said line to the S. W. corner of said grant; thence east with its south boundary line to the northwest corner of one labor in the name of M. Sanches; thence south to its southwest corner; thence east with its south line to a point due north of the northeast corner of 25 acres of land sold by Chas. Hoya to T. J. Hill; thence south with east line of said 25 acres to the southeast corner in the San Antonio or Douglass road; thence west with said road to the northeast corner of a tract of land sold by Handy Bruton to T. J. Hill; thence south with the east line of said tract to its southeast corner on the Moral bayou; thence down said Moral bayou with its meanders to the mouth of a small creek; thence up said creek with its meanders to where said creek crosses said San Antonio or Douglass road near and west of T. J. Hill's dwelling house; thence with said road in a westerly direction to where said road crosses the south boundary line of the Manuel de los Santos Coy grant of land; thence west with the south boundary line of said grant to the northeast corner of W. B. Spradley's pre-emption; thence south to southeast corner of said Spradley pre-emption; thence west with the A. H. Morgan north boundary line to its northwest corner; thence south to its southwest corner; thence east to the northwest corner of the H. R. M. Spivey survey; thence south to said Spivey's southwest corner; thence west with the north boundary line of the Robt. Rogers survey to the northeast corner of 80 acres owned by D. S. Spradley; thence south to the southeast corner of said 80 acres; thence west to the southwest corner of said Robert Rogers survey; thence north to the southeast corner of the John Harris survey; thence west to another corner of said Harris survey in the east boundary line, of the W. R. Donahoe survey; thence north to the northeast corner; thence west with its north boundary line and the north boundary line of the Morales survey to its northwest corner in the east boundary line of B. C. P. Harrell survey; thence south to the northeast corner of 100 acres formerly owned by W. B. Spradley; thence west with the north line of said 100 acres to its northwest corner in the west line of said B. C. P. Harrell's survey; thence south to the N.E. corner of 100 acres owned by P. D. Fore; thence west with his north boundary line to his northwest corner on the east bank of Bayou Loco; thence down said Loco with its meanders to the southwest corner of 115 acres known as the Petty land;

thence east with the south boundary line of said 115 acres and the south line of the George Johnson land to its southeast corner in the east line of the Lambert league; thence north to the southwest corner of 74 acres owned by Lawrence Monts; thence east to Bernardo creek; thence northwardly up said creek to its fork; thence with its west prong to where it crosses to the east line of the Lambert grant; thence north to northwest corner of J. E. Porter's tract; thence east to the northwest corner of R. F. Johnson land; thence south to Johnson's southwest corner; thence east to southeast corner; thence north to northeast corner of R. F. Johnson land; thence east to Alazan bayou; thence up said bayou with its meanders to the southwest corner of Andy Parrot's land; thence east to Chas. Coats' southwest corner; thence N. 9 E. with the west boundary line of said Coats' tract to the northwest corner; thence S. 81 E. with the north line of said Acosta grant to its northeast corner on the west bank of Moral bayou; thence down said Moral bayou to where said bayou crosses the Spanish Bluff road; thence northwardly with said road to the west boundary line of Elias Pasche's tract of land; thence south with his west boundary line passing his southwest corner to the southwest corner of a tract of land owned by A. J. Spradley; thence east to said Spradley's southeast corner; thence north to Spradley's northeast corner; thence west with his north boundary line to where the same crosses the Spanish Bluff road; thence northeasterly with said road to where another hog, sheep and goats district crosses said road; thence N. 10 E. with the west boundary line of said district to a corner in the north line of the Jose Lewis de La Bega grant; thence continuing on N. 10 E. to the said San Antonio or Douglass road; thence eastwardly with said road to west boundary line of the corporation of the city of Nacogdoches as it was in 1901; thence north with the west boundary line of said corporation to its northwest corner; thence east with north line of same to where said line crosses the Loneyville road; thence northwesterly with said road to place of beginning.

Now, therefore, I, C. D. Mims, in my capacity as County Judge of Nacogdoches county, Texas, do hereby order that an election be held on Wednesday, the 23d day of September, 1908, at Gravel Ridge church, Nacogdoches county, Texas, to determine whether or not hogs, sheep and goats shall be permitted to run at large within the boundaries of the above described subdivision of Nacogdoches county, Texas.

All persons who are legally qualified voters under the laws of this State, and who are also freeholders in Nacogdoches county, and resident citizens within the boundaries of said subdivision are entitled to vote in said election.

J. W. Johnson and John N. Rogers are appointed managers of said election, and they will select two clerks to assist them in holding said election. The judges of said election shall within ten days after said election has been held make due return thereof to the County Judge of Nacogdoches county.

Witness my official signature at Nacogdoches, Texas, this August 17, 1908.

C. D. Mims, County Judge, Nacogdoches County, Texas.

Stock Law Election Proclamation.

Whereas, the Commissioner's Court of Nacogdoches county, Texas, on the 12th day of August, 1908, granted a petition duly and legally signed and filed in said court, asking that an election be ordered by said court to determine whether or not hogs, sheep and goats shall be permitted to run at large in a subdivision of Nacogdoches county described in said petition; and, Whereas, said court on the 12th of August, 1908, ordered that an election be held on the 26th day of September, 1908, to determine whether or not hogs, sheep and goats shall be permitted to run at large in said subdivision of Nacogdoches county, which is described as follows:

Beginning at the Nacogdoches and Southeastern railroad bridge on the Cariso creek thence eastwardly with said railroad to Black branch near Hampton's camp; thence up said Black branch to the south boundary line of Z. T. Mast's tract of land; thence east with said Mast's said line to southeast corner of same said corner being on the west line of the Impson survey; thence north with said Impson line to northwest corner, said corner being on the south boundary line of a tract of land known as the Pike and Mathews tract; thence eastwardly with said boundary line to the Melrose hog law line; thence with said hog law line to the mouth of the Atacosa creek where it empties into the Cariso creek; thence up said Cariso creek to the Trinity hog law line; thence with said hog law line to where it crosses the lower Melrose and Nacogdoches road; thence south to Lige Acrey's southwest corner; thence east to Lige Acrey's southeast corner; thence north to the lower Melrose and Nacogdoches road; thence down said road to Bill Crossland's west boundary line; thence south with dividing line between Bill Crossland and At Pruitt to At Pruitt's southeast corner; thence a westerly course with At Pruitt's line to the northwest corner of Charley Chapman's tract of land; thence in a southwesterly direction to the southwest corner of a tract of land deeded for the Fairview school house; thence with Charley Chapman's west boundary line to a branch north of Charley Chapman's house; thence eastwardly down said branch to Tom Crisp's west boundary line; thence southwardly with dividing line between Tom Crisp and Charley Chapman to said Chapman's southeast corner; thence westwardly with said Chapman's south boundary line to said Chapman's southwest corner; thence westwardly with Dr. Ford's north boundary line to said Ford's northwest corner; thence southwardly to said Ford's southwest corner on the Nacogdoches and Southeastern railroad; thence eastwardly with said railroad to George Meisenheimer's northwest corner on the Nacogdoches and Southeastern railroad; thence southwardly to George Meisenheimer's south-

west corner; thence eastwardly with said Meisenheimer's south boundary line to said Meisenheimer's southeast corner; thence south to Bob Montes' southwest corner; thence eastwardly to Bob Montes' southeast corner; thence northwardly with Bob Montes' east boundary line to the Nacogdoches and Southeastern railroad down said railroad to the place of beginning.

Now, therefore, I, C. D. Mims, in my capacity as County Judge of Nacogdoches County, Texas, do hereby order that an Election be held on the 26th day of September, 1908, at Fairview School House, Nacogdoches County, Texas, to determine whether or not hogs, sheep and goats shall be permitted to run at large within the boundaries of the above described subdivision of said Nacogdoches County, Texas.

All persons who are legally qualified voters under the laws of this State, and who are also freeholders in Nacogdoches county, and resident citizens within the boundaries of said subdivision are entitled to vote in said election.

G. P. Parks and R. L. Parish are appointed managers of said election, and they will select two clerks to assist them in holding said election. The judges of said election shall within ten days after said elections has been held make due returns thereof to the County Judge of Nacogdoches County, Texas.

Witness my official signature at Nacogdoches, Texas, this August 17th, 1908.

C. D. Mims, County Judge Nacogdoches County, Texas.

An unusually large crowd was present Thursday night at the college campus to enjoy the open air concert by the Elks band. The program contained a number of pretty and popular selections, and each met with a generous response from the music hungry listeners. It is hoped that they will repeat this during the fine moonlight nights we are now having.

W. L. Coon, who lives about nine miles north, was in the city today on business.

The Rock Springs Singing.

The singers reunion that convened at Rock Springs last Saturday and Sunday was a grand success. The meeting was well attended throughout. On Sunday the crowd was extremely large. We had more singers than we could find room for in the choir. Among the distinguished features of this session was the lady leaders and the class contest work. Every class entering the contest crowned themselves with honors. Trinity class won first banner, Appleby second and Shady Grove third.

The good people of Rock Springs entertained the reunion most royally. The good things they put before us to eat would make a hungry man envy his appetite for giving out so quick.

There was no place selected for the next meeting of the reunion.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Remedy cures backache and all forms of kidney and bladder trouble. Mast Bros. & Smith. eod

Foley's Orino Laxative is a new remedy, an improvement on the laxative of former years, as it does not gripe or nauseate and is pleasant to take. It is guaranteed. Mast Bros. & Smith. eod

Miss Lela Ward of Chicago has accepted a position in the millinery department at Mayer & Schmidts.

When Trifles Become Troubles, If any person suspects that their kidneys are deranged they should take Foley's Kidney Remedy at once and not risk having Bright's disease or diabetes. Delay gives the disease a stronger foothold and you should not delay taking Foley's Kidney Remedy. Mast Bros. & Smith eod

Shady Grove Gleaning.

Mr. G. S. Cox is having the chills these days.

Mr. John R. Cox is on the sick list.

J. S. Neely has sold his farm to Tom Strahan of San Augustine county.

Several of the young folks attended the singers reunion at Rock Springs Saturday and Sunday.

Rev. Elbert Stack is visiting home folks.

Mr. Simeon Chalker attended the C. M. conference at Fitz last week.

Mr. T. J. Tillery is visiting his sick sister, Mrs. Tucker, of Lufkin.

Miss Annie Barnes returned home Sunday.

Mr. Walter Tynes attended the singing at Moriah Sunday. Rose Bud.

Wanted to Trade.

Ribbon cane syrup for new corn. L. W. Lyle. 4tw

When you attend court it is in need of spectacles properly fitted, See W. N. Burris at the Stone Fort Bank.

Ready For Business.

I am now ready for business, with a complete stock of staple and fancy groceries—everything new and fresh. Free delivery anywhere in the city. To the people of this city and county I extend a most cordial invitation to visit my store, inspect my stock and solicit a share of your business. Satisfaction guaranteed. d&w-1t J. P. Jenkins.

How to Get Strong.

P. L. Daly, of 1247 W. Congress street, Chicago, tells of a way to become strong. He says: "My mother, who is old and was very feeble, deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. Sold under guarantee at our drug store. 50c. Stripling, Haselwood & Co. w

W. P. Armstrong is agent for the Brazos-Coast Development Co., who sell a city lot in the town of Velasco, and a five acre tract of fine truck and fruit land outside the city limits. All for \$120.00 ten dollars cash and ten dollars per month until paid. See him and get one before they are all gone. Velasco is the coming sea-port of Texas, and has the finest harbor on the coast. The Yoakum railway interests now control the Velasco railroad, "and that means a whole lot." Room 11 Hardeman Building.

A Paying Investment.

Mr. John White, of 38 Highly Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at our drug store. 50c and \$1.00. Trial bottle free. Stripling, Haselwood & Co. w

The new firm of Blount & Buchanan are receiving their new goods this week and will be open for business about the 10th, in one of the buildings formerly occupied by the Crain Furniture Co. All their goods will be new and fresh and they will be prepared to supply all your wants.

A Sure-Enough Knocker.

J. C. Goodwin, of Reidsville, N. C., says: "Bucklen's Arnica Salve is a sure-though knocker for ulcers. A bad one came on my leg last summer, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns etc. 25c. at our drug store. Stripling, Haselwood & Co. w

P&P

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Remedy will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Remedy is taken in time. Mast Bros. & Smith. eod

Misses Katie and Pattie Lee Hall have returned from a two weeks visit with Misses Mabel Curl and Lucile Weeks at Chireno.

Millions of bottles of Foley's Honey and Tar have been sold without any person ever having experienced any other than beneficial results from its use for coughs, colds and lung trouble. This is because the genuine Foley's Honey and Tar in the yellow package contains no opiates or other harmful drugs. Guard your health by refusing any but the genuine. Mast Bros. & Smith. eod

Miss Winnie Davis Smith left for Sherman on Friday to enter the Kidd-Key Conservatory for vocal and instrumental music. This is her second term there and she will teach in the conservatory. Quick Relief for Asthma Sufferers. Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. Mast Bros. & Smith. eod

They Take the Kinks Out.

I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without tuss or friction." says M. H. Brown, of Pittsfield, Vt. Guaranteed satisfactory at our drug store. Price 25c. Stripling, Haselwood & Co. w
