AWARDED GOLD MEDAL.
Tobacco Exhibit Captures Highest Award at Dallas Fair—Dr. Ford Wins Two Prizes.

Robert Lindsey, president of the Nacogdoches Commercial club, who is in Dallas with J. Thomas Hall in charge of the tobacco exhibit at the fair, broke the good news by telephone to J. C. Harris this morning, that the Nacogdoches county tobacco exhibit had been awarded the highest prize—a gold medal—by the fair management this morning. Dr. F. C. Ford's individual exhibits of tobacco and cigars were also given first prizes. Mr. Lindsey stated too, that the exhibit is at all times the center of attraction and especially is this true with the tobacco men. It is indeed gratifying to the people here know that the gold medal was awarded the Nacogdoches exhibit and the subject has been one of interest here to day.

Died at Galveston.

M. K. Lott, brother of Mrs. Geo. Barham of this city, died Saturday in Galveston. The young man had only been there a few weeks and was a student in the medical department of the State University. The body was shipped to Belton where burial took place yesterday morning. Dr. and Mrs. Barham went to Galveston Friday and also accompanied the remains to Belton.

Happy and Prosperous.
Mr. Robert Teutsch of Melrose was in the city Saturday and favored the Sentinel office with a visit. Mr. Teutsch is one of the most prosperous farmers of that section and is also a member of the rank that raises the best living in the world at home. He reported conditions in his community excellent and people happy and altogether prosperous. Saturday he shipped a sack of chinquepins to a son in West Texas—something that does not grow in that country and is never seen by a West Texan unless he comes East or sees them shipped there.

Goes to Tyler.

J. A. Dodge, government expert road builder, who has been here the past six or seven weeks in connection with the good roads work near this city, received instructions yesterday to go to Tyler and left on the afternoon train for that city. It is presumed that Smith county is to do some demonstration work in the good road building line.

Mr. Dowdell will remain here until the additional mile and a half of good road is completed. The latter gentleman stated yesterday that 1100 feet of it had been finished already.

Mr. Dolph Teutsch has accepted a position as a salesman with Jim Cox at the Cox grocery, and especially invites his friends in to see him.

Just received a fresh shipment of candies, Chocolates and penny goods at Blount & Buchanan's.

A Small Fire.

The alarm was turned in at 2 o'clock this afternoon for a fire at the show case factory. The company made a good run and after laying about 150 yards of hose, put the water to good service and put out the flames. The boiler house of the Brewer-Thompson planer was the biggest damage amounting to several hundred dollars.

Letter to Dr. W. H. Campbell,
Nacogdoches, Texas.

Dear Sir: The test of truth is evidence. Words in themselves prove nothing.

When we say Devoe takes less gallons for a job we prove it by the following offer:

Paint half your job Devoe; paint half with any other paint. If Devoe half don't take less gallons and cost less money, no pay.

Here's an instance:

Judge L. D. Fairchild owns two houses, exactly alike, in Lufkin, Texas. J. M. Torrence painted both houses, one Devoe, 15 1-2 gallons; the other with another paint sold at same price; 25 gallons. That 25 gallon paint is weak and 15 per cent whitening; that's why it is 9 1-2 gallons more.

Yours truly,

F. W. Devoe & Co.

"Do good all the days of thy life." You can do good today by contributing a \$ to the campaign fund.

With the bountiful supply of ribbon cane syrup, there is no excuse for any person to have a bad taste in the mouth.

The Republican party has been exerting itself of late in an effort to create some stir in Texas but so far the Democrats haven't paid much attention to the flatters.

An optimist is one who can thoroughly enjoy an "imported" cigar, knowing too that he could have gotten a better one by calling for a Nacogdoches brand.

A new court house, a Federal building, a few miles of side walks, a pretty enclosed square and better streets, are just some of the things Nacogdoches has booked for next year.

A light rain would not be unwelcome just at present. Cooler days to go with these cool nights would be more conducive to health, and a few showers would likely cause such to say nothing of allaying the dust.

THURSDAY, Nov. 5, will be an excellent chance to come to Nacogdoches and learn the particulars of the National election. If Bryan is elected Nov. 3, you may rest assured Trade's day will be celebrated in royal style. Better not miss it.

Just because you bought your meat and lard and some feedstuff this year, is no excuse that you should repeat the performance in 1909. Get some hogs now and thus be on the safe side of "home production." Raise your bacon at home, also your feed.

A church-going editor in Kansas has this to say: "Ladies should take off their hats in church. No preacher can inspire a man who is looking into a lopsided aggregation of dead birds, stuffed weasles, chameleon skins, ribbons, beads, sticks, straws, corn tassels and thistle down."

Nacogdoches has set the pace and many other counties have taken up the "good roads" matter. We are powerful proud of our efforts and unreservedly say that good roads will prove the very best things for East Texas that can possibly be done. The only thing we want more of them and as soon as they can be built.

The Sentinel is in receipt of a descriptive booklet of Smith county, gotten out by the commercial club of Tyler. It is a neat, attractive folder and carries in it much valuable information; inducements to home seekers. Among the things stated the total value of fruits, berries and vegetables, shipped from that county in 1906, is put at \$848,000, an immense sum, and an item alone calculated to attract many people.

The city with as many "boosters" as Nacogdoches has ought to have 10,000 population, a cotton factory, a creamery and many other enterprises in 1909.

The merchants of the city are today enjoying a splendid trade, and as they usually do. They have prepared for the people by laying in large stocks and the people are taking advantage. The only thing to do to cause a continuance of such is for the merchants to advertise.

The intense heat of the present National campaign is likely to cause a spontaneous combustion and the oil become ignited "if they don't watch out." If such should be the case there is quite likely to be a rush to the watering places by the "big politicians" who have been tampering with the oil can.

The Houston Chronicle greeted its readers yesterday with 68 pages in honor of its seventh anniversary. The Chronicle has grown rapidly and wonderfully since its beginning and now occupies a field alone in south Texas journalism. The Chronicle has prospered too, evidence of which is the 10-story home, the contract for which was recently let.

The program for the Second Trade's day which is to be Thursday, Nov. 5, is a most interesting one and the premiums offered are attractive. The people who expect to have exhibits here on that occasion, will do well to begin now to plan and get their displays in good shape by that time. The business men of the city are offering some splendid inducements to the farmers and the committees in charge are exerting every effort to eclipse the first Trade's day in exhibits, entertainment and attendance. Make up your mind now to come and come to enjoy yourself.

More corn, more hogs, more chickens, more fine horses and mules, more peanuts and many other things that can be grown with profit on any well regulated farm will cause a slump in the interest in the war between the bulls and bears of the cotton market. In fact the farmer who is furnishing his family with the necessities of life outside of the cotton crop and can feed his cotton to the market when the price suits him can view with unconcern the daily fluctuation of the market—and more than all, he and his family will find more happiness and contentment in life.

The Sentinel takes pleasure in stating that two more American eagles have been contributed to the campaign fund.—Nacogdoches Sentinel. It is to be hoped that these are of the metal rather than the feathered class, as many people seem to be laboring under the impression that it is the object of the campaign committee to establish a game preserve.—San Antonio Express.

CARE OF THE SOLDIERS.

Visitor to Confederate Home Disputes the Charge That They are Poorly Cared For.

Seeing from the papers that Mr. John Simpson, the republican candidate for governor, has stated publicly that the inmates of the confederate home are treated like "old women," etc., I can not refrain from giving an experience of my own.

Several months ago I visited a very dear friend in Austin and told her I could not leave Austin until I had gone through the confederate home for at different times rumors had reached my ears that these old soldiers so dear to the heart of every Southern woman were not made as comfortable as we might wish them to be, so in company with this friend and my son we made the visit, the memory of which shall always linger with me.

We were met at the door by a courtly, elegant old gentleman, erect as 'tis possible for a man to be, and looking every inch the soldier in spite of the burden of years I knew he must have carried, and after inviting us in and showing us the "post-office," a room where the mail is methodically distributed each morning and evening, he kindly introduced us to another veteran who guided us over the entire home and immediate grounds.

As I met these old warriors and received from them a warm hand clasp and cordial greeting, an audible "God bless you" fell involuntarily from my lips and in response to my query, "Gentlemen, I cannot go back to my home till I hear from your own lips how you are being treated," answer after answer came to me in these words: "Madam I want you to know everything is done for our comfort, not only is our physical being looked after, but all kinds of literature provided for us; and we are as happy as we could be anywhere." After a thorough examination of their dining room, containing an immense ice chest where they assured me 600 pounds of butter with milk in proportion was stored, and used each month, we passed on into the library and from thence to other portions of the home. Of course no one would have taken the liberty of inviting us into their individual rooms but as we passed along and would find a crowd sitting comfortably in front of their rooms, chatting or perhaps playing dominoes or some other game, they would rise to their feet and invite us to come in and look around.

In this way I was enabled to inspect the entire premises and although I came away with streaming eyes, it was not because I was not more than pleased with all I saw of the management of the institution, but caused by a realization of the fact that these men who fought nobly for principles they deemed dearer than life, must now spend their last days on earth far from wife, children and the dear delights of home, but we must remember: "'Tis the soldier's life to

have their balmy slumbers waked with strife." And console ourselves with the knowledge that our great state has made this institution her care and with her best efforts will endeavor to make the place as much as possible a real home for our beloved soldiers and rest assured that all will be done for their peace and happiness till the last man shall have answered the final roll call.

My husband was a confederate soldier, a member of that gallant band, Hood's brigade and although it is two years since he left me to join his comrades on the other side, it is most natural that I should feel more than the ordinary interest in his fellow soldiers.

As I stood at the state cemetery at Austin during this same visit I looked at the plain wooden head stones marking the graves of the confederates already laid there and numbered upon how short a time must elapse before the last veteran shall have closed his earthly cares. It cannot be long. No doubt but while they are with us, if we could only read their innermost thoughts, they would be, "let us have peace."

Mrs. M. L. J. Burges,
Seguin, Texas.

ABOUT TRADES DAY.

Nacogdoches has had a very successful trade's day and produce exhibit; and seems inclined to do so some more.—Beaumont Enterprise.

Even the citizens of Nacogdoches were surprised to see the many good things the farmers of that county had to show on Sales Day. Had this been a county fair they would have been still more surprised.—Lufkin News.

Nacogdoches had their first sales day on October 6, and it was a success in every particular, even more than the people expected. It drew people from all parts of the county, not only Nacogdoches county, but farmers from adjoining counties.—Polk Co. Enterprise.

The Nacogdoches monthly trades day seems to have been a success in every particular, the produce exhibit as well as that of the poultry, colt and other live stock shows, are receiving many expressions of praise. Nacogdoches will have another day in November.—Bronson News.

We venture the assertion that if there is a man in Nacogdoches who has been the least skeptical as to the success of the Big Trade's Day, he is no longer a "doubting Thomas" and will henceforth and forever be a "booster."—Nacogdoches Sentinel.

Boosters are the class all Texas towns need. Any town who has knockers should paste 'em on the cocoanut and give 'em their walking papers.—Conroe Courier.

Nacogdoches' special Trade's Day was, from all accounts, a glowing success. People from far and near took advantage of the occasion and profited thereby. Considering the many advantages Angelina

county has over the neighboring counties, Lufkin's big Trade's Day next Wednesday should surpass all efforts of like nature ever undertaken in East Texas.—Lufkin Tribune.

Mr. Geo. S. Bruce, president of the Texas Leaf Tobacco Growers Association, writing from his office in Houston, is trying to whoop up an interest in the annual meeting to be held at the business league club rooms in Houston November 10th, the big day of the carnival. Let every body come that can and don't forget to talk about it.

A Serious Accident.

Eugene, the little son of Mr. and Mrs. C. Linthicum received a very painful injury yesterday while

playing with his goat, the large black one on exhibition during trade's day. A horse suddenly coming around the house caused the goat to suddenly look up and start running. One horn went through Eugene's mouth tearing a hole, the other horn going through his shoulder. The little fellow is painfully injured but doing nicely.

FACTS FOR SICK WOMEN

LYDIA E. PINKHAM

No other medicine has been so successful in relieving the suffering of women or received so many genuine testimonials as has Lydia E. Pinkham's Vegetable Compound. In every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound. Almost every one you meet has either been benefited by it, or has friends who have. In the Pinkham Laboratory at Lynn, Mass., any woman any day may see the files containing over one million one hundred thousand letters from women seeking health, and here are the letters in which they openly state over their own signatures that they were cured by Lydia E. Pinkham's Vegetable Compound. Lydia E. Pinkham's Vegetable Compound has saved many women from surgical operations. Lydia E. Pinkham's Vegetable Compound is made from roots and herbs, without drugs, and is wholesome and harmless. The reason why Lydia E. Pinkham's Vegetable Compound is so successful is because it contains ingredients which act directly upon the feminine organism, restoring it to a healthy normal condition. Women who are suffering from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

"TO OLD VIRGINIA SHORE."

Pays Visits to Historic Places Before Returning Home on the Plains.

Yesterday I left Washington at 4 p. m. arriving at Shepherdstown at 9:30 to visit relatives. This is to me a most interesting, quaint old place one of the oldest towns settled by the colonists. Here I visited the house where my husband's father was born and looked on the church wherein he used to worship. I went to the cemetery and stood by the graves of my husband's grand parents and little farther along saw the ground made sacred by the burial of confederate soldiers who fell at the battle of Sharpsburg. All had markers and most of them were named. Near by is a beautiful Confederate monument, one of the first erected, bearing the date, 1870. On one side this inscription, "We lie here in obedience to the Sovereign command of our state." Does it not contain the very essence of patriotism?

Leaving here this morning at 10, I went to, Sharpsburg only three miles distance, to see more relatives and spent the day with them sightseeing. We visited a national cemetery where the Federal dead are buried, but aside from the magnificent trees there was little to interest us there; one monument dedicated to the dead stands near the center of the grounds. From there we crossed the street into the Citizens cemetery and found the grave stone of an aunt which is near where Gen. Lee stood while directing his army during the battle; it is a beautiful eminence and was commemorated by a stone which was erected on the place sacred to the memory of Lee, but the U. S. A. government had it destroyed. The stone is gone but the memory will live forever. In the town is a beautiful Lutheran church which was built to memorialize the battle of Sharpsburg and all the windows are memorial windows contributed by different states to the memory of officers who fell in battle.

After noon I drove with my cousin through a portion of the old battle ground; it extends ten miles and presents many fine views of the country. In its midst is a Dunker's church where the wounded were carried after the battle and once a year service is held there. An extensive plot of ground is enclosed and is called Philadelphia Brigade Park and contains a tall, beautiful monument. Monuments have been erected throughout the battle field by Massachusetts, Connecticut, Vermont, New Jersey, Maryland, Ohio and Pennsylvania. The latter state has eleven that we saw. All the roads are kept in perfect order by the government and each one bears a name. After leaving "Hagerstown Pike" we came into "Confederate avenue." One little monument, an inverted canon, bore the inscription, W. K. Anderson, C. S. A., he fell near the spot, mortally wounded. A lane leading through

grounds is called Bloody lane, where hundreds of the dead fell. Over the river Antietam which flows through the old battlefield is built a bridge called Burnside bridge; there the battle was hotly contested and the bridge has plates bearing the names of many who fell.

To those who like relics, I found at the house where I stopped, quaint tables, chairs and bedsteads nearly 200 years old and a wine chest over 200 years old in splendid preservation. The silver spoons had come down many generations and are very tempting! Returning to this town at 6 p. m. I am now resting from my sightseeing day. Will return to Washington tomorrow and Monday will begin my journey to "home sweet home."

Emma B. Shindler, Shepherdstown, Va., Oct. 9. In a little walk this morning I saw a Lutheran church very large and handsome built in 1795 but rebuilt in 1906; the fine State Normal college and near by the large graded school. E. B. S.

Best Catarrh Doctor.

This is the little Hyomei inhaler, a doctor that has cured many thousands of sufferers from catarrh, bronchitis, asthma, hay fever, coughs, colds, grip and croup.

It's easy to cure yourself with Hyomei. Pour a few drops in the little inhaler, and breathe it in. The healing, soothing and antiseptic air will reach every nook and crevice of the mucous membrane of the nose and throat; will stop the irritation almost immediately; will allay the inflammation; drive out the foul odor; kill the germs and cure the disease.

"My wife has been using Hyomei for two months for catarrh. She has received more relief and benefit than from any other treatment." E. S. Parret, Jeffersonville, O.

Stripling, Haselwood & Co., the druggists, sell Hyomei (pronounced High-o-me) and guarantees it. A complete outfit, including inhaler, only costs \$1.00.

Dr. Stephens, the osteopath, who moved away several months ago, is in the city and intends locating in Nacogdoches again.

Candy Talk.

We have just received our usual fall shipment of about a thousand pounds of fancy candy, right fresh from the factory. We have an excellent assortment of chocolates at 25c per pound and a beautiful line of creams, bon bons, fruit centers, etc., etc., which we will sell for 15c per pound. You will find these candies fresh and pure, and as good as you pay from 40c to 50c per pound at other places. C. W. Butt.

The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superiority as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone- Mandrake root, Bloodroot and Black Cherry bark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholin, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia, as well as all bilious or liver complaints and in "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich pure blood and so invigorates and restores the system, liver and bowels, and through them the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure the healing by applying to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Home and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, and even though the urgent dealer may thereby make a little bigger profit, Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

KICKED BY HORSE.

L. A. Lillin of Appleby Painfully Injured Wednesday.

L. A. Lillin a well known farmer living in the vicinity of Appleby met with a very serious and painful accident Wednesday night at his home. From particulars it seems he went to the barn just before dark to feed his stock and ran against a mule; the mule kicking him under a horse and the horse also kicking him. The accident resulted in Mr. Lillin sustaining a broken nose, face badly cut and one ear almost torn off.

Mt. Moriah Topics.

When we notice the beautiful trees putting on a thick bark and see the leaves putting on their brown color and hear the wind come roaring through their boughs and leaves falling, it presents a picture to our minds that we are no more than the leaves when compared with eternity, for as often as the leaves, we have to part with some of our best friends and loved ones every year. We should strive every year to improve in every thing and try to make everything a success that we turn our hands to. We have too many men who are just drifting along life's stream and never look down the stream of time to see where their landing will be and who they will associate with and what their future avocation will be.

Mrs. Clinton Trilery of Nacogdoches departed this life Saturday and was laid to rest in Shady grove cemetery.

She leaves a husband and hosts of friends and relatives to mourn her loss. But dear friends we should take courage, be faithful and when we reach death's chilly waters we can see the light of eternity brightly shining at the landing with our loved ones who are waiting for us in that home where all is love.

Liver Trouble Remedy Free

Any intelligent person can be his own doctor in the ordinary case of liver trouble, for the symptoms cannot be mistaken. If the white of the eye becomes yellowish, if the skin becomes sallow, if pimples and blotches appear, if the bowels do not move, if you have sick headache, if you are bilious, you may be sure that your liver is torpid or inactive.

The quickest and surest remedy yet found for the cure of liver trouble or any of its symptoms is Dr. Caldwell's Syrup Pepsin, the great herb laxative compound. This wonderful remedy is not only a laxative, but a tonic as well. It will start the flow of gastric juice, thereby soon enabling the liver to do its work naturally. A bottle of this great liver remedy can be bought of any druggist for 50 cents or \$1, and in many cases a single bottle has cured a chronic case.

For example, John W. Lane, 618 S. Pennsylvania a. e. Indianapolis, Ind., had a stubborn and very long-standing case of liver trouble, with pimples, blotches, jaundice, etc., and it cured him. Mrs. H. Pilechug, Jackson, Ky., says the same of it. Thousands of families keep it in the house against just such a contingency, as you can never tell when some member of the family will need a good laxative.

In order to have you or any other sufferer from the liver make a test of Dr. Caldwell's Syrup Pepsin without personal expense, Dr. Caldwell will send you a free test bottle if you will send your name and address to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 618 Caldwell Bldg., Monticello, Ill.

our city friends be the only ones who make an effort on better highways. When a home seeker comes to a country and finds good roads in even winter months and good bridges, above any high water mark, and people who take an interest in having a nice school house and church and well kept cemeteries, he knows he is among people who have a big, free and open heart and who believes in progress. All our county needs is more people, and when they come and see what is here for them and the old mossbacker sees the whirl of progress beginning to move they will fall in line or have to move away. So wake up hayseeder and let us all resolve to be the foremost man in every good cause that presents itself and then we will enjoy life in its fullest extent. Sleepy Boy.

Is Pe-ru-na Useful for Catarrh?

Should a list of the ingredients of Pe-ru-na be submitted to any medical expert, of whatever school or nationality, he would be obliged to admit without reserve that each one of them was of undoubted value in chronic catarrhal diseases and had stood the test of many years' experience in the treatment of such diseases. **THERE CAN BE NO DISPUTE ABOUT THIS WHAT-EVER.** Pe-ru-na is composed of the most efficacious and universally used herbal remedies for catarrh. Every ingredient of Pe-ru-na has a reputation of its own in the cure of some phase of catarrh.

Pe-ru-na brings to the home the **COMBINED KNOWLEDGE OF SEVERAL SCHOOLS OF MEDICINE** in the treatment of catarrhal diseases; brings to the home the scientific skill and knowledge of the modern pharmacist; and last but not least, brings to the home the vast and varied experience of Dr. Hartman, in the use of catarrh remedies, and in the treatment of catarrhal diseases.

The fact is, chronic catarrh is a disease which is very prevalent. Many thousand people know they have chronic catarrh. They have visited doctors over and over again, and been told that their case is one of chronic catarrh. It may be of the nose, throat, lungs, stomach or some other internal organ. There is no doubt as to the nature of the disease. The only trouble is the remedy. This doctor has tried to cure them. That doctor has tried to prescribe for them.

BUT THEY ALL FAILED TO BRING ANY RELIEF.

Dr. Hartman's idea is that a catarrh remedy can be made on a large scale, as he is making it; that it can be made honestly, of the purest drugs and of the strictest uniformity. His idea is that this remedy can be supplied directly to the people, and no more be charged for it than is necessary for the handling of it.

No other household remedy so universally advertised carries upon the label the principal active constituents, showing that Pe-ru-na invites the full inspection of the critics.

The last call for campaign funds has been made and instructions have been sent out from headquarters to forward all contributions Oct. 28—nine days from today. The amount already collected by the Sentinel has been forwarded and it is hoped that we'll have a much larger sum to send in the 28th. If you haven't given to the fund, do so today. If The Democratic party is successful, you'll be proud of your contribution; if defeated, feel assured that you have contributed to a good cause.

COL. JOHN N. SIMPSON'S POLITICS.

(R. A. H.)

Nacogdoches has had the honor of entertaining one who aspires to the executive's chair of the great state of Texas. Nothing particularly startling about that! She has entertained others—the first governor Texas ever had—more honor still—the first president of the Republic; before Texas became a state and this same personage too, made this city his home for many months. But Nacogdoches has never before entertained one who sought that high office under similar circumstances, on a like platform, advocating even akin so-called principles and of strictly neutral political faith. Col Simpson is a most estimable gentleman, a true southerner, a business man of wonderful success, a citizen of Texas for 42 years. He is no orator, he says; he is no politician, he says; though in this last role he is attempting, it seems, to play politics, an old game too, in his snail pace toward Austin. "Call me a Socialist, a Republican, a Democrat, a Populist, or what not," he says;—he is not either, not even independent—but, anti-Campbell, anti-administration, anti-Robertson law, anti-full rendition law, anti-text book law and anti-prohibition—that's the political game. We really believe he enjoys being called a Democrat though, because for a third of a century he was affiliated with genuine southern Democracy and the principles of that great party are so thoroughly instilled within him, that only the grave will cease his faith. But we'll not accuse him of being a Democrat now—he is not. He is not a Republican—doesn't advocate such. He is not a Socialist—is too conservative to admit of the flaring, red flag, no-quarter belief. He is not a populist, "with the all corporations are bad" idea. Nor is he an Independent in any sense, but "neutral," entertaining excerpts from all, enforced by foreign "particles" and which taken together form a most peculiar position and platform; a platform erected of planks of uneven lengths, unplanned, splintery and not at all safe for too great weight. Editor Robinson of the Waco Times Herald calls Col. Simpson an old-fashioned Democrat, but if we should pin him to any political faith, it would be the "new fashioned Republican."

Col. Simpson, in some of his talks in some sections, attempts to strike a popular chord at least with the 123,000 "Cumby" blacksmith regrets, and dwells on those things that may find favor. But he is aloof from a political faith and can't be accused of being a Democrat any more than he be called a believer in the military measures of Poland. The Fort Worth Record in reference to this says:
The distinguishing characteristic of the old-fashioned Democrat was unquestioning loyalty to party, and his proud boast was that he never scratched a ticket or bolted a convention. If Colonel Simp-

son is still a Democrat he can not be true to his convictions, because there is no evidence that the Republican party has gone Democratic, and Colonel Simpson is the nominee of that party and making speeches against the Democratic party. Colonel Simpson may be and doubtless is a good man, but he certainly is not a Democrat.

He is opposed to the Robertson insurance law—believes in cheap money. He is opposed to the full rendition law, yet suggests no alternative. He opposes the text book law—yet goes further in the belief that the state should select them and supply them to the children free of charge. He criticizes the administration for creation of offices, yet advocates the creation of still more. He accuses extravagance and jestingly refers to "experimental legislation," though at no time does he intimate reforms that would even cause a faint suspicion of a "better government." In his "fewer and better laws" slogan there is a trace of corporate interests and we doubt not but what a closer sounding would bring forth an echo of 20 years ago, "turn Texas loose." Col. Simpson has taken up the cry of a disgruntled few against the text book law, laboring under a delusion and mistaking the megaphones of this small per cent for the criticism of many. Without attempting to defend any persons, it might be well to get into that matter just a little deeper. For ten years Texas has had the text book law. For ten years the wailings have been heard and for ten years the charge of "sectionalism" and "favoriteism" has been made. Where would you expect to find "sectionalism?" In a grammar? a spelling book? a geography? an arithmetic? Not hardly. You would find such, if it existed, in the histories, the readers and possibly in the civil government. You wouldn't expect Southern writers and especially Texans to show favor to the North in text books for the South? The Texas history, in use here for 10 years, was re-adopted. Mrs. Pennybacker, the author, is a Texan and the book is published in Texas. The United States History, in use for ten years, was re-adopted. The authors are Texans; Oscar H. Cooper, ex-state superintendent, Prof. Estill, president of the Huntsville State Normal and Prof. Lemons of the State University. The Beginners History was re-adopted, after five years use; also written by Prof. Lemons. Towers civil government was written by the Dean of the law department of the State University. The series of readers, five books, "Our Country's Readers," have Prof. Lemon and Miss Hallie, the latter of the Huntsville Normal, as authors. Where is sectionalism? A couple, possibly, of examples in arithmetic, mentions Sherman and Sheridan. It is to find dates—problems for subtraction. And from a little non-sensical complaint on this account, a "business" man of

Texas, a man of large affairs, is making a race for the governorship. It is to laugh! He is a man of large affairs—worth maybe a million dollars and has various interests in various sections of Texas. He was not even in the state when nominated. He is well able to campaign—has the money—and it gives him an opportunity to see Texas, study conditions and sections and "get acquainted." He says he doesn't want to be governor; we believe he is sincere in that and know he won't be.

His nomination is an excellent excuse to visit, and likewise an excellent excuse to espouse anti-administration. He is broad minded and liberal in many respects, even politically. His son is a politician—a Republican—postmaster at Dallas. The colonel is a business man and we would not be surprised if he votes for Bryan.

ENGLEDOW, A BENEDICT.

Sentinel Man Bids Adieu To Single Blessedness—Miss Elsie Parish, the Bride.

George B. Engledow, foreman of the Sentinel office for the past eight years has cast his "30" on single blessedness and this morning betook to himself a bride, Miss Elsie Parish, the daughter of Mr. and Mrs. W. D. Parish, who reside on Irion Hill, in this city. Mr. Engledow announced to the force several days ago that he was going to the "Fair" Tuesday, and while the "facts" were suspected, nothing definitely was known until yesterday when he bade good bye and left presumably for Mineola where his bride-to-be was visiting. A telephone message this morning however, conveyed the news that the young lady had left Mineola at 5 o'clock for Jacksonville and where at 9 o'clock she and Mr. Engledow were wed. The couple returned on the afternoon train from Jacksonville and were surprisedly met by a delegation of friends, including the Sentinel force en masse, armed with an abundance of rice, the article being used profusely. Mr. and Mrs. Engledow went to the home of Mr. and Mrs. Parrish where, after a few days, stay they will go to house keeping. Mr. Engledow has been a citizen of this city for many years and has been connected with the "craff" during that time, most of which with the Sentinel. Miss Parish is a native of this city, where she has grown to young womanhood. The host of friends of Mr. and Mrs. Engledow are joined by the Sentinel in wishing for them a long and a prosperous life.

WE NEED A CHANGE.

Gist of Col. Simpson's Speech Last Night—Banquet at the Banita—Sketch of the Man.

From Thursdays Daily.

Col. John N. Simpson of Dallas, nominee of the Republican party for Governor of Texas, arrived in the city yesterday afternoon at 3 o'clock from Beaumont. He was met at the station by a delegation of business men and escorted to the Redland hotel, when, after a brief rest, he came down to the lobby and met a large number of callers, being all the afternoon, surrounded by a group and seemingly enjoying conversation. On account of fatigue, speaking was postponed from afternoon until 8 o'clock at night.

LARGE CROWD PRESENT

The opera house was comfortably filled by eight o'clock, a few minutes after which Col. Simpson, accompanied by Capt. H. H. Cooper and Eugene H. Blount, arrived and was greeted by applause. In a brief speech and in that pleasing style of his, Mr. Blount introduced the gentleman, and who in a talk of more than an hour's duration, re-viewed the work of the state administration, especially the legislative end. He laid particular stress on the Robertson insurance law, criticizing it severely, alleging that the result of that law had caused the withdrawal of millions of capital from the state, causing an increase in interest rates and retarding the development of the state in many ways. To emphasize his view, statistics were quoted and in which comparisons of Texas with other states were made. The full rendition law was also taken up and discussed, in connection with which he stated that the taxes now received by the state were much more than is necessary for an economic administration, but new offices have been created to take care of all surplus funds in salaries. The text book law was referred to, and Governor Campbell censured for allowing the "professional lobbyists" to play the part they played in the adoption of the new books. The "experimental legislation," regarding the creating of this law was the subject too, of unfavorable terms, previous to the "governor and the lobbyists." The conclusion of his address was in reference to the prohibition plank—or the personal liberty feature as it was called. Col. Simpson is an avowed local optionist, first, last and all the time as he said, and believes the present law an excellent one. His speech throughout, received the closest attention and was well received. His reference to his serving in the Confederate army was the signal for great applause. The gist of his speech might be stated in few words "we need a change." At no time was any reference made to the election of a republican ticket, other than, that with some other great party, strong enough to balance the Democratic ranks in Texas, the state would be better governed.

Doctors

say take Cod Liver Oil—they undoubtedly mean Scott's Emulsion.
It would be just as sensible for them to prescribe Quinine in its crude form as to prescribe Cod Liver Oil in its natural state. In

Scott's Emulsion

the oil is emulsified and made easy to take—easy to digest and easy to be absorbed in to the body—and is the most natural and useful fatty food to feed and nourish the wasted body that is known in medicine today.

Nothing can be found to take its place. If you are run-down you should take it.

Big Syrup Crop.

J. C. Stinson of Douglass, Nacogdoches county, is now making syrup from one and a half acres of ribbon cane, which he raised this year as a side line on his farm. He estimates the yield at 400 gallons, which sells at 50 cents a gallon. Two hundred dollars from an acre and a half is not bad diversification. Mr. Stinson did not keep books on this crop, but calculates the cost as about the same as that of an equal area in cotton. — Alto Herald.

Has to be Cited

"Possibly there is some on Earth that is a surer and quicker cure for cuts, burns, aches, pains and bruises than Hunt's Lightning Oil. If so I would like to be cited. For twenty years I have been unable to find anything better myself."—H. H. Ward, Rayville, La.

T. R. Raynor, mayor, postmaster, merchant prince and one of the very best farmers of Decoy, was up last night to hear Col. Simpson's speech and to attend the reception. Mr. Raynor reports that there has been considerable sickness in his family of late and at one time all the members were in bed and neighbors were called in to attend to household affairs.

Slightly Colder With Snow.

When you see that kind of a weather forecast you know that rheumatism weather is at hand. Get ready for it now by getting a bottle of Ballard's Snow Liniment. Finest thing made for rheumatism, chilblains, frost bite, sore and stiff joints and muscles, all aches and pains. 25c, 50c and \$1.00 a bottle. Sold by Mast Bros. & Smith.

J. O. Miley of Etoile was in the city last evening and paid the Sentinel a visit, ordering it sent him the next year.

John M. Partin Dead.

From Saturday's Daily:

John M. Partin, a well known and highly esteemed pioneer farmer, died this morning at his home of nearly half a century, three miles north of town. He was about 79 years old and was born in Grundy County, Tennessee, at a point known as Burrow's Cave, named for the old family of whom many descendants are living here, he being one of them, and the King's of this vicinity being also a branch. These families and others of that locality came to Texas about the year 1850, settling near Nacogdoches. There are a large number of them living here now.

Mr. Partin married a Lilly, and his wife and several children, also his only brother, Geo. W. Partin of this city, survive him. Fairview, four miles east of here, is their old burial ground, in the vicinity where most of them always lived. The hour of interment will be at 11 a. m. tomorrow, the 18th. Rev. Mills of this city will conduct the funeral.

He was a good confederate soldier, and was once wounded with a saber in a cavalry fight, and was unhorsed and taken prisoner near Lafayette, La. Few better men have lived, and his loss will be mourned by many.

Had melancholy, probably caused by an inactive liver. A bad liver makes one cross and irritable, causes mental and physical depression and may result disastrously.

Ballard's Herbine is acknowledged to be the perfect liver regulator. If you're blue and out of sorts, get a bottle today. A positive cure for bilious headache, constipation, chills and fever and all liver complaints.

Howard Lee has moved his family from Garrison and is now located in the Davidson place on South Fredonia street.

They Should.

"My honest conviction, based upon my own experience and that of my friends, is that 'Hunt's Cure' will cure a larger per cent of skin troubles, especially of an itching variety, than any other remedy. Certainly those afflicted with any form of itch should try it."

Arthur Burrows Dead. Arthur Burrows, son of T. A. Burrows, residing 4 miles east of town, died yesterday evening at 8 o'clock of typhoid fever. Mr. Burrows was about 28 years old and was highly esteemed by all who knew him, being well known throughout the county. He leaves a wife and 3 children to whom the Sentinel extends sincere sympathy. The remains were laid to rest at the Fairview cemetery this afternoon at 4 o'clock.

Cotton Seed For Meal.

I am giving one thousand pounds of cotton seed meal for a ton of seed. If you want to feed or fertilize this beats the raw seed bad.

Never Worry

About a cough—there's no need of worry if you will treat it at its first appearance with Ballard's Horehound Syrup. It will stop the cough at once and put your lungs and throat back into perfectly healthy condition. Sold by Mast Bros. & Smith.

Dr. J. E. Mayfield, manager of the Nacogdoches Cigar Co., is sending a nice exhibit to the Dallas fair consisting of various brands of Nacogdoches cigars and also samples of the filler tobacco grown and sweated here. He says there is no better cigar filler grown in the United States, and he is receiving inquiries about it from big dealers in the large cities.

Cold Weather Advice

To all is to beware of coughs and colds on the chest; as neglected they readily lead to pneumonia, consumption or other pulmonary troubles. Just as soon as the cough appears treat it with Ballard's Horehound Syrup the standard cure of America. Use as directed—perfectly harmless. A cure as preventive for all diseases of the lungs. Price 25c, 50c and \$1.00 per bottle. Sold by Mast Bros. & Smith.

Cotton is Good.

G. W. Orms, special agriculture agent, spent a day or two in Nacogdoches the past week. He says several farmers over there are gathering a bale of cotton to the acre on red hills of Nacogdoches county. Some of our readers might think we were stretching the truth when we stated that the uplands around Timpson were producing a bale to the acre under the supervision of the Government agent, but in his report sent to headquarters is the record of J. R. Wedgeworth, living four miles from Timpson, who gathered four bales on four acres. Others have done as well.—Timpson Times.

OFF TO DALLAS

Gentlemen Left This Afternoon For State Fair—Big Exhibit.

From Friday's Daily:

Messrs. J. Thomas Hall and Robert Lindsey left this afternoon at 3 o'clock for Dallas, where they will place on display the exhibit for this county. The tobacco exhibit, of course, will be the chief one and nothing that will add to its completeness and attractiveness has been overlooked. The growing plants, the "sweated" leaf and the delightful smoker is included and the arrangement of the booth will be set of with other Nacogdoches farm products, such as cane, corn, fruits etc. The exhibit is not so extensive but is elaborate to say the least. The gentlemen will arrive in Dallas tonight and tomorrow morning will get the booth in shape for the very beginning. Mr. Hall will remain with the exhibit this week and will be relieved by Mr. Lindsey, though the latter gentleman will be on the ground this week too.

IS THIS A SQUARE DEAL?

Stripling, Haselwood & Co., the Druggists, Will Give You Your Money Back if M-O-N-A Does Not Cure Dyspepsia.

That's the squarest kind of a square deal as every fair minded man knows.

But Nacogdoches can afford to make this offer because he knows that Mi-o-na tablets are a worthy stomach remedy, and that the makers will back up the generous offer.

And so we say to all readers of the Sentinel suffering or ailing with any stomach trouble, try Mi-o-no. It has such a mighty and powerful influence on the stomach that it immediately refreshes and relieves, then invigorates and cures.

It strengthens the stomach walls, puts the stomach in such perfect condition that it can digest food without pain or other distressing symptoms. It cures by removing the cause, and it removes the cause 96 times in a hundred.

A large box of Mi-o-na tablets only costs 50 cents, and relief will come in 24 hours.

"Mi-o-na tablets are truly great for anyone that has stomach trouble. I can not praise them too highly for what they have done for me." —Mrs. W. D. Bennett, Bucksport, Me.

Just received a large shipment of barley, wheat and rye for fall sowing.

G. H. King, County Superintendent R. W. Tillery received an invitation this morning from Prof. S. S. Harris of the Chireno school to attend the school exercises to be had there on the 23rd. F. P. Best in Existence. "I sincerely believe, all things considered, Hunt's Lightning Oil is the most useful and valuable household remedy in existence. For cuts, burns, sprains, and insect bites it has no equal so far as my experience goes." G. E. Huntington, Eufala, Ala.

S.S.S. CURES SKIN DISEASES

There is an evaporation from the body going on continually, day and night, through the pores and glands of the skin. This is nature's way of maintaining the proper temperature of our systems and preserving the softness and flexibility of the skin, and so long as the blood is free from impurities no trouble will result. When, however, the blood from any cause becomes infected with humors and acids, these too must be expelled, and coming in contact with the delicate fibres and tissues with which the skin is so abundantly supplied they produce irritation and inflammation, and the effect is shown by Eczema, Acne, Tetter, and skin affections of various kinds. These impurities and humors get into the blood through a deranged or inactive condition of the system; the members whose duty it is to carry off the waste and refuse matter of the body fail to properly perform their work, and this impure, fermenting matter is left in the system to be absorbed by the blood. The skin is not only affected by poisons generated within the system, but poisons from without, such as Poison Oak, Poison Ivy, Nettle Rash, etc., enter through the open pores and glands, and so thoroughly do they become rooted in the blood that they are ever present, or return at certain seasons of each year to torment the sufferer. Salves, washes, lotions, etc., cannot cure skin diseases. True, such treatment relieves some of the itching and discomfort, and aids in keeping the skin clean, but it does not reach the real cause, and at best can be only palliating and soothing. A thorough cleansing of the blood is the only certain cure for skin diseases. S. S. S., a gentle acting, safe blood purifier, made entirely of vegetable ingredients of the forest and field, is the proper treatment. S. S. S. goes down into the circulation, and neutralizes the acids and humors, thoroughly cleansing and purifying the blood, and curing skin affections of every kind. It supplies to the blood the fresh, nutritive qualities necessary to sustain the skin and all other parts of the body, and rids the blood of any and all poisons. S. S. S. cures Eczema, Tetter, Acne, Salt Rheum, Poison Oak and Ivy, Nettle Rash, and all other skin troubles, and cures them permanently by removing every trace of the cause from the blood. Special book on Skin Diseases and any medical advice desired furnished free to all who write.

To My Farmer Friends of Nacogdoches County.

I am running the oil mill this year and will appreciate it if you will see me or Bob Sullivan before you sell your cotton seed. Price being equal I believe you will sell us your seed. We will not only give you as much for seed as any one, but we can make it to your interest to exchange seed for meal and hulls the best cow feed on earth. Let Nacogdoches mill crush Nacogdoches seed, when prices are equal.

Suffering Ladies

are urged to follow the example of thousands of their sisters and take Cardui. Cardui is a non-mineral, non-intoxicating medicine for women. It is for sick, weak ladies, with sick female organs.

TAKE CARDUI

It Will Help You

It is a genuine, curative medicine, that builds up the female system and relieves female pain.
Mrs. M. A. St. Clair, of Eskdale, W. Va., writes: "Before taking Cardui, I had given up all hope of getting well. I had suffered for 3 years with my left side and was confined to my bed, so I took Cardui, and now Cardui has about cured my female trouble."

AT ALL DRUG STORES

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

A WAY THEY HAVE.

What This Nacogdoches Citizen Says Only Corroborates the Story of Thousands.

The particulars related by this representative citizen of Nacogdoches are similar to hundreds of others in this city. When there are scores of people, all anxious to tell about the benefits received from the use of Doan's Kidney Pills, the greatest skeptic in Nacogdoches must be convinced. Read the following:

W. H. Woods, living in Nacogdoches, Texas, says: "About six years ago I first began to be troubled by a dull aching across the small of my back. I did not think my kidneys were out of order, until a short time ago I noticed that the secretions were scanty and accompanied by a burning sensation in passage. I tried several remedies, but did not find relief until I procured Doan's Kidney Pills at Mast Bros. & Smith's drug store. They certainly proved of great benefit. My wife has also used Doan's Kidney Pills with excellent results, and we both take pleasure in recommending this reliable kidney remedy to other sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Nacogdoches has put the ban on raffles of all kinds and descriptions, and any one convicted of pulling off a raffle may stand a fine of \$100.00.—Tyler Courier.

When Trifles Become Troubles,
If any person suspects that their kidneys are deranged they should take Foley's Kidney Remedy at once and not risk having Bright's disease or diabetes. Delay gives the disease a stronger foothold and you should not delay taking Foley's Kidney Remedy. Mast Bros. & Smith eod

Travel in the Old Days.
Lufkin News.

The Galveston News last Sunday printed a time table, giving the connections of stage lines in Texas in the year of 1859. Old timers will recall the days when travel in the state was a slow business, often dangerous and full of incidents that have been told to interesting listeners around many firesides. Many of the places mentioned have long ceased to occupy a place on the map, living only in the memory of the oldest citizens. In this county the name of Jonesville now a farm about six miles below Homer, once the county seat. The prelude to the table of the service is as follows:

Traveling Facilities in Texas by U. S. Mail-Conveyance.

"For the accommodation of our traveling community, we have been at some trouble to get up a list of coach and hack services throughout the entire state. The connections are believed to be close, and as a general thing the service is as good as can be found elsewhere. From this list it will be seen that nearly every portion of the state is accessible. The usual price (average) is about 10c per mile, and the travel is both day and night.

To reach Nacogdoches, the route was:
From Galveston via steamer to Sabine City, thence by steamboat to Steep Bluff, and thence via Woodville and Jonesville to Nacogdoches.

The Houston & Texas Central railroad at that time terminated at Cypress, still a small station in Harris county, and the traveler who wished to go to Waco was informed that he could go "From Henderson two-horse hacks via London, Tyler, Bayets Ferry, Athens, Corsicana and Dresden to Waco, striking then the Great Northern mail."

The route to Memphis was rather circuitous:
"From Gonzales via Seguin to San Antonio."
"From San Antonio via New Braunfels, San Marcos, Austin, Georgetown, Belton, Waco, Milford, Chambers Creek, Waxahachie, Lancaster, Dallas, McKinney, Bonham and Paris to Clarksville; thence through Arkansas to Memphis, Tenn."

But those were good old days, just the same.

ed and make greater strides and become more and very better developed.

BANQUET AT BANITA.

A pleasing feature of Col. Simpson's visit here, was the magnificent spread last night at the Banita hotel, in honor of him. Captain Cooper, the genial postmaster, was responsible for it of course, and knowing full well the meaning of "for thystomach's sake," he arranged—as only he can—a sumptuous feast. Immediately after the speaking, a

party repaired to the famous hostelry, where awaited them the heavily laden tables of an "appetites desire." Many made excuses that hearty suppers interfered with their partaking as they would like—but after the feast it looked as if all had dealt justice with lavishness. With the arrival of cigars, Captain Cooper, as master, elicited many toasts to various subjects, including "Our Guest," "Nacogdoches," "The Old Soldier," etc. Col. Simpson responded, express-

ing his pleasure for the reception and referring to the historical East Texas and Nacogdoches in particular. In concluding he said, "I don't want to be governor of Texas; I am too busy, but if you can't get a better man, I'll serve." His response brought forth much applause and after the prosperity "toast" by the Captain, the party dispersed, having spent a most enjoyable two hours.

TALKS OF NACOGDOCHES.

Colonel John N. Simpson expressed himself today as delighted with the cordial reception that was accorded him during his visit to Nacogdoches.

"I have enjoyed the hospitality of the warm-hearted people of Nacogdoches and I can hardly measure my appreciation in mere words. I feel that I have the confidence of the thinking, business men, farmers and all other citizens who have gravely considered the matters at issue in this campaign, and whether I receive their votes or not, the kind treatment and good words that have been given me in my present trip over the state will always be cherished in my memory.

"It has given me great pleasure and it is with no little pride that I have noted the growth which the old and historic town of Nacogdoches has made during the last few years. That this growth and development of the natural resources that have contributed to your property would

have been many fold greater under more favorable laws and better directed policy of the state's governmental affairs cannot be doubted for one moment.

"I believe that the people here and elsewhere throughout the state have awakened to a realization of this fact and that they are going to vote for the overthrow of the present ruinous administration and place Texas on a better footing. It is not a question of politics; it is a matter of business."

COL. SIMPSON'S CAREER.

Colonel John N. Simpson, candidate for governor on the Republican ticket, was born in Jamestown, Feuters county, Tenn., March 1, 1845. His father moved to Overton county Tenn. when the former was quite young. He was raised there and when 16 years old—in 1861—he entered the Confederate army. He served through the war to its close and was paroled at Washington, Ga., May 9, 1865. That part of Tennessee where he was raised was overwhelmingly union in sentiment and most of the young men went into the Federal army. The prejudice what existed among the people there was so strong that young Simpson was not allowed to return to his old home at the close of the war. He went to middle Tennessee in 1866 and came to Texas in that year. He rode horseback all the way to Waco. After wrestling with chills

and fever at that place until February, 1867, he went to Milam Texas, which was then the terminus of the Houston & Texas Central. He remained at Milam and Bryan, Texas, until the fall of 1868, when he re-moved to Weatherford where he lived a while. He then went to Port Griffin, Shackelford county, which was one of the frontier out ports of the army. He clerked in the Suttler's store at Port Griffin until the fall of 1871 and then returned to Weatherford and drifted into the livestock business. He was successful and built up a large business. He married at Weatherford in 1875. His wife died in 1879.

In 1883 he moved to Dallas where he became interested in banking and other business enterprises, which still receive his attention. He has large farm interests in South Texas.
