Fruit Jars—both kinds—Tops and Rubbers, Jelly Glasses

### A SPECIAL CAR TO TYLER.

Cotton Belt Railroad Will Furnish Coach If Fifty People, Including Band, Will Go From Here—Leaves Here Monday Noon

The following letter has been received by Robert Lindsey, president of the band, in reference to the special car and special rate to Tyler. The letter is self-explanatory.

Tyler, Texas, June 28, 1909.  
Mr. Robt. Lindsey.

Nacogdoches, Texas.  
My Dear Mr. Lindsey: Mr. Bell, the chief clerk of the passenger department of the Cotton Belt, advises that the Cotton Belt people will send one of their passenger coaches over to Nacogdoches if you have as many as 40 or 50 passengers to come to Tyler.

If you can get up that many, please have the agent of the H. E. & W. T. make requisition to the Cotton Belt for this car and they will have it there in ample time.

In buying the tickets, buy them in lots of 14 or more so we will get the low rate of \$2.70 for the round trip.

We are working hard on our "Home Coming" and are looking for a big success.

Hoping to see you and a big crowd of Nacogdoches people here, I am,

Yours sincerely,

S. Buck.

The base ball team will not be included in this car, for

the reason that it will play at Jacksonville Saturday and will go from there to Tyler. There are thirty members in the band, so to complete the number for the car, will require about fifteen or twenty people. And in order to get the \$2.70 round trip rate, it will be necessary to purchase tickets in bunches of fourteen, as the letter states. This car will leave Nacogdoches Monday, July 5th, at 12 o'clock, via H. E. & W. T. to Lutkin, where it will be carried out at 2 o'clock by the regular Cotton Belt direct to its destination. To make sure of getting the car in time, it is requested that all parties contemplating going, notify Robert Lindsey not later than Saturday, July 3d.

### Notice.

To the members of the Nacogdoches Farmers Co-operative Union.

There will be a meeting of the County Union on Saturday, July 10, 1909, at 10 o'clock a. m. The meeting will be at the court house in the city of Nacogdoches. All Sub-Unions are requested to send delegates, also all members are requested to come who can do so.

T. W. Bell,  
President.

### Ice Cream at Caro.

Arrangements are being made for a big ice cream supper at Caro, Saturday night, July 3, for the benefit of the Baptist church. Everybody invited to attend, and help the folks complete their church.

### A WHOLESOME CAPTURE

Sheriff Spradley and Deputy Andis Make Investigations That End In Several of The "Dusky Hue" Landing In Jail—Bootlegging And Robbery.

The county boarding house has a number of additional occupants today, as a result of some investigations started several days ago by Sheriff Spradley and Deputy Andis, and which ended last night. The sheriff's office begins to "put up" the appearance of a liquor ware room too, and if much more of the "wild fire" is annexed, other quarters will have to be secured to accommodate the stuff. A negro man was noted last night en route to a "colored settlement," and immediately the suspicion that whiskey was the object, seized the officer. This latter named party said nothing but but laid low and in a very short time the negro man showed up again. On being searched a pint of real whiskey was found snugly laid away in the aforesaid negro's bosom. Without any beating around the bush, it was learned where the liquor was secured. The accused negro men and women however balked, and stoutly denied that they had any whiskey. A search of the premises was made and seven quarts were found under the door step,—the negroes being carried to the jail. Another negro woman, it is understood, will be locked up this afternoon, on charges of bootlegging and vagrancy.

Leslie Simmons, a big, black, insolent looking negro about seventeen or eighteen years of age, was arrested last night on a charge of robbery. A little white boy living in the neighborhood of the Hayward mill was sent to the store yesterday afternoon to buy some groceries, and was given a five dollar bill with which to make the purchases. When finished about four dollars in change was handed back to the boy and he started home. This negro followed him to a branch beyond the Commissary and knocked him down with a rock, taking the four dollars. Sheriff Spradley found him about midnight at a negro festival. The negro, in the meantime had come to town and exchanged the dollars for small change, in his effort to conceal the robbery. The money was recovered.

### A Card of Thanks.

We want to thank the people of Chireno, and the surrounding community for the kindness they have shown us during the sickness and death of our little boy.

Respectfully,  
H. W. Birdwell,  
and family.

Chireno, Texas.

Rev. G. W. C. Self of Lillbert was in town today.

### THE AUDITORIUM MATTER

Subscribers Meet At Vaudette and Discuss Plans For The Proposed Building—Resolutions In Reference To Sunday Features.

The subscribers to the Auditorium fund met yesterday afternoon, at the Vaudette, in response to a call, and for the purpose of discussing the proposed building and possibly making some plans relative thereto. C. W. Butt was elected chairman and G. M. Haltom secretary. On motion the list of subscribers and the amounts subscribed was read. The list showed \$3004.00 for the joint purpose of erecting an Auditorium and advertising the city. The report of the committee, appointed to solicit, was received and the committee retained for further services, should such be desired. At this point a resolution was introduced by D. K. Cason, and after considerable discussion, was adopted. On motion John Schmidt, S. L. Miller and Charles Perkins were named as a committee to get up plans and arrange

## White Specials

details of the structure,—and later E. A. Blount was added to the committee, on account of Mr. Schmidt not being in the city for several days. The committee was also instructed to recommend a board of directors. As soon as this committee is ready to report, another meeting will be held, and definite plans for work will be made. The resolution, above mentioned, is as follows:

Resolved: That it is fully stipulated and agreed by and between the subscribers to the fund for building of the Auditorium at Aqua Vitae Park, and by and between the stock-holders thereof, that no games or operas will be permitted at the Auditorium

## We Will Give You \$1.00 in Cash

If you will buy a new Buggy, Surrey or Trap during this month or next from any other person or firm, except ourselves, if you will before making your purchase come into our store, ask for our manager and spend 30 minutes in our Buggy department telling him frankly just what you are going to buy

This is a positive, clear cut proposition that we make deliberately and mean all that we say.

Our reason for such an offer is that with our present stock and with other goods that we have bought we know that no concern in Texas or out of it can sell you good vehicles at a less price than we can and we know that the people of this section of Texas are always willing to spend their money at home if goods and prices merit it. There may be a very few exceptions and to this few we will gladly give the

**One Dollar in Cash**

if they will let us put our goods before them.

Please call, we will interest you.

**Cason, Monk & Co.**

The Buggy People

on Sunday, nor will any sort 1909. The report of said of gambling be allowed in committee was unanimously said building at any time, adopted, and ordered printed. This regulation is primary, which is as follows: "Resolved that this Camp and made a rule and condition. "Resolved that this Camp tion of the issuance of the tender our heartfelt appreciation stock and the soliciting of the honor conferred subscriptions for stock, and upon us, by the Daughters of can not be changed in the the Confederacy in their structure by any managing committee, lesses, board of directors, or even by the stock presenting to every Ex-Com- federate soldier in the county tors, or even by the stock holders themselves, unless a Cross of Honor, as their every stock holder is present contribution to the memory and voting and the vote to change be unanimous.

### Resolution Of Thanks.

At the last meeting of of this Chapter U. D. C., and Camp Raguet No. 620, held her faithful allies in their union on the 26th day of June, 1909, trying zeal in accomplishing E. B. Lewis and John C. Hartman were appointed a committee to draft resolutions expressing their thanks to the United Daughters of the Confederacy for the presentation Mrs. S. B. Burns left this to them of the Crosses of afternoon for an extended Honor on the 3rd. of June, visit to Connor

## Weekly Sentinel

HALTOM & HALTOM, Proprietors.  
GILES M. HALTOM, Manager.

NACOGDOCHES folks may pride themselves on having one of the prettiest, convenient and most substantial city halls and fire stations in this section of Texas.

JOHN NICHOLS, a Belton barber, has invented a flying machine and has already applied for a patent. Will possibly be propelled by hot-air while it's shaving the atmosphere.

There is so much to be done in this world and such a short time to do it! We fume and fret and exercise ourselves until all that is right and proper is smothered to inactivity. It is a good thing—the county fair.

TYLER is making plans on top of plans. If there is anyone in Texas who has ever lived in or about Tyler, who doesn't visit there during home-coming week, it will be no fault of the present inhabitants. Push it along—it's a good thing—the county fair.

WE ARE in receipt of some printed matter from Austin, relative to the candidacy of Edwin Waller for Comptroller next year. Much obliged to the gentleman for reminding us, as the "former mayor and philanthropist" had almost been forgotten since the postal card episode.

The tobacco crop, of this county is the finest yet, according to the version of men closely identified with the industry. There will be no trouble in finding a ready market for the product and at a fair figure,—no doubt causing it still greater increase in the acreage next year. It pays to grow tobacco on these redlands.

The state experiment station proposition is a splendid one and Nacogdoches must have one of them. Get in harness and help the matter along. It's to your interest and every other person's interest in this city and county. A state experiment station and a tobacco demonstration farm are two things that will help Nacogdoches grow.

THE people of East Texas will be growing their own wheat and making their own flour before many years. This was the case at one time, but other crops crowded the bread making industry out. Now the realization has come that cotton is not the best thing in the world, even if it is sure money. Something to eat comes first, and some day the folks will quit sending to far off sections for the "staff of life."

This county is going to have a creamery one of these days,—mark the prediction,—and it isn't a great way off. The farmers are getting to the point of "have to" in order to get a market for their dairy products. A creamery will pay in Nacogdoches same as any other place and the sooner such an institution is put here, the sooner will these people begin to make more money.

DON'T be in too big a hurry to start the political pot to boiling. Plenty of time yet—besides the Houston Post hasn't put its approval on any of the entrees for the pie counter contest.

Some folks loose sleep over a two-bit transaction and laugh at a deal of big proportions. A fifteen cent over charge can cause more wrath in less time than a thousand dollars real estate deal that has slipped. The way of the world,—little things worry the human family to distraction and choke the best efforts of the people.

THE Brownwood Bulletin wants some fleas shipped to that city in order that some people who have done nothing for a long time can get busy. There is a class of people in every hamlet and city that manages to live without apparently doing anything to earn a living—parasites—eating the labor of others. Fleas might start them to scratching, but the Enterprise believes that some more violent remedy will have to be employed to awaken their deadened consciences and loosen their hide-grown muscles.—Cleburne Enterprise.

THE people of this country are fast coming to realize that it is not the tax we pay to support the government that increases the cost of living, but the bounties we are forced by our tariff laws to pay to the special interests. The system has built up a moneyed aristocracy and a privileged class that will not give up its great advantages without a struggle. These men will use and are using money freely to retain their special privileges. They control a majority in both houses of congress, that majority being republicans and partly democrats. The common people can have no hope from the present congress, but must depend for relief upon electing in future honest men to Congress,—irrespective of party affiliation.—Grambury News.

TYLER has a "Home-Coming Week." The dates are July 5-19. The Commercial Club has sent out invitations to the editors of East Texas to visit Tyler during this event. The club proposes to set aside one day to be Editor's Day, and will provide some special entertainment for the pencil pushers. The boys don't need entertaining. Let them alone, they will entertain themselves. But they are an inquisitive set and will be interested in anything that Tyler has to show them about her methods of boosting the town and county, and about developing her latent resources, and about building factories. The Monitor would suggest that every editor in East Texas who can possibly do so, attend this meeting, that an organization of East Texas editors for the development of East Texas be made. That such organization be made at this time and place; and that we all join heartily and zealously in an effort to build up East Texas. Meet us at Tyler, boys, and let us organize an East Texas Newspaper Association.—Minelo Monitor.

### ABOUT THE COUNTY FAIR.

Mr. Jas. D. Greer, who was appointed at the recent meeting of the promoters of the proposed county fair to visit the different parts of the county, spent Monday evening and Tuesday morning in Cushing interesting the citizens and business men in the movement. He left just before noon Tuesday for other points in end of the county.

The fair movement is opportune in every respect and much of its success depends upon what the people here do now. It is proposed to have the fair at some convenient point this Fall just before the State Fair at Dallas is held, the exhibits to be moved to Dallas at its close.

It is the wish of the promoters to get every every community interested sufficiently to get up their own separate exhibits and they can direct these as they see fit. The object of the fair is to advertise and to educate, which will result in great good. The soils of Nacogdoches can do twice as much as they are doing. Experiments have proved this.

The fair will create a greater interest in every citizen and larger and better crops will be raised and more satisfactory results will be realized in all lines of industry. All classes should be interested and should help push the movement. There is a way to help conditions and all should use it.

Every citizen should enlist and unselfishly strive for the common good. They can make it a great success if they will take hold now. Those who wish to take stock in the enterprise can make it a paying proposition, and in that way be remunerated in many ways, getting actual returns on their money.

Every town will be supposed to take hold and look after its own interests and exhibits, which will be removed to Dallas when the State Fair opens and will be kept there until it closes, to be viewed by hundreds of thousands.

Again, the people of the county can make a better show now than at any other time. The Southern Pacific system has promised to give reduced rates on all their roads, to advertise the event along their lines free of charge and to help in every other way possible if the people all over the country will join in the present movement. If we do not take sufficient interest this year, it would be folly to try to get the roads deeply interested next year. Why should we wait for the future to do what we should do to-day?—Cushing Enterprise.

Cheap food is what the world needs and should have. Those people who speculate at the expense of this necessity are worse than thieves who prey by night, and would see the last representative of the human race devoured by a hunger friend. Great men talk about protection of the infant industries,—wool, lumber, coal and a dozen of others commodities, exerting their minds and trickery to filling the coffers of a few with the gold of slaves,—while the

world is suffering at the hands of these same men and monopolies. It has been said that cheap food will make a people great and if that be true, the nations of the world are deteriorating toward the days of serfs and slaves,—the overworked, under fed inhabitants of the darker ages.

### On Country Life.

One of the most illuminating—and incidentally one of the most interesting and amusing—series of answers sent to the commission on country life was from a farmer in Missouri. He stated that he had a wife and 11 living children, he and his wife being each 52 years old; and that they owned 520 acres of land without any mortgage hanging over their heads. He had himself done well, and his views as to why many of his neighbors had done less well are entitled to consideration. These views are expressed in terse and vigorous English; they cannot always be quoted in full. He stated that the farm houses in his neighborhood are not as good as they should be because too many of them are encumbered by mortgages; that the schools do not train boys and girls satisfactorily for life on the farm, because they allow them to get an idea in their heads that city life is better, and that to remedy this practical farming should be taught. To the question whether the farmers and their wives in his neighborhood are satisfactorily organized, he answers:

"Oh, there is a little one-horse grange gang in our locality, and ever darned one thinks they ought to be a King." To the question, "Are the renters of farms in your neighborhood making a satisfied living?" he answers: "No; because they move about so much hunting a better job." To the question, "Is the supply of farm labor in your neighborhood satisfactory?" the answer is: "No; because the people have gone out of the baby business;" and when asked as to the remedy he answers, "Give a pension to every mother who gives birth to seven living living boys on American soil." To the question, "Are the conditions surrounding hired labor on the farm in your neighborhood satisfactory to the hired men?" he answers: "Yes, unless he is a drunken cuss," adding that he would like to blow up the stillhouses and root out whiskey and bees. To the question, "Are the sanitary conditions on the farms in your neighborhood satisfactory?" he answers: "No; too careless about chicken yards (and the like) and poorly covered wells. In one well on a neighbor's farm I counted seven snakes in the wall of the well, and they used the water daily. His wife is dead now and he is looking for another." He ends by stating the most important single for the betterment of country life is good roads; but in his answer he shows very clearly that most important of all is the individual education of the man or woman.

W. H. Howard, the jeweler and optician, is in Shreveport on business.

### THE TAX IS STILL THERE.

There's a tender reminiscence that is surging through my soul  
As I gaze upon the doughnut with a thin ring 'round the hole;  
'Tis a memory abiding of the halcyon days of yore  
When I hollered for "protection" and demanded "four years more."  
And kept up a campaign singing in a very lusty tone  
That just 'what the country needed was "let well enough alone."  
Now the captains have departed, hushed the loud, tumultuous din—  
And the dinner pail is empty—but the tax is on the tin.

Yes, the dinner pail is empty, but the tax is on the tin;  
And a tax upon my clothing, and the clothing wearing thin.  
There's a tax upon the cradle of the babe of which I'm proud;  
There's a tax upon my table—there'll be one upon my shroud.  
Yes, I cried out for "protection" till my throat was raw and hoarse,  
And I got it, O I got it—but 'twas in the neck, of course.  
Yes, the promise was as empty as the argument was thin,  
And the dinner pail is empty—but the tax is on the tin.

"Four years more" we gaily shouted; "we'll let well enough alone!"  
But the tariff soup was gobbled by the trusts—we get the bone.  
"Workingmen must have protection!" was our rousing battlecry,  
And the tariff barons cheered us, as we marched so proudly by.  
Now the barons have departed to gay scenes in Paris, France,  
And the badge of our protection is the patch upon pants.  
And we lift the lid and ponder as we sadly gaze within  
That although the pail is empty, still the tax is on the tin.  
Rocketeller has his millions grabbed through tariff graft;

Carnegie has just as many, and they're both of them for Tatt.  
Morgan, Havemeyer, Dupont, and the whole protection bunch,  
Live in fatness, while yours truly only gets hot air for lunch.  
Once a pail filled to repletion now a doughnut with a hole.  
And "protection" that's as scanty as a tariff grafter's soul.  
O, they fooled us good and plenty just as soon as they got in,  
For the dinner pail is empty—but the tax is on the tin.  
—W. M. M.

### WHEN TO ADVERTISE.

There's nothing on earth so mysteriously funny as an advertisement. The prime, first and last, and all-the-time objects of advertisement is to draw customers. It is not and never will be, designed for any other purpose. So the merchant waits till the season comes and his store is so full of customers that he can't get his hat off, and then he rushes to his printer and goes in for advertising. When the dull season gets along and there is no trade and wants to sell his goods so bad he can't pay his rent, he stops advertising. That is, some of them do; but occasionally a level headed merchant does more of it, and scoops in all the business, while his neighbors are making mortgages to pay the gas bill. There are times when you couldn't stop people from buying everything in the store if you planted a cannon behind the door, and that's the time when the advertisement is sent out on holy mission. It makes light work for advertising, for a chalk sign on the sidewalk could do all that was needed, and a half-holiday six days in a week; but who wants to favor an advertisement? They are built to do hard work, and should be sent out in dull days, when a customer has to be knocked down with hard facts, and kicked insensible with bankrupt reductions, and dragged in with irresistible force.—Ex.

J. E. Ray and wife have gone to Lufkin where Mr. Ray will assume charge of N. Chancey's business affairs for a few months.

## Buggy Harness

Our stock of Buggy Harness is the most complete and up-to-date we have ever had. When you go buy a set of harness don't fail to let us show you through our stock. I am sure we can please you in a set.

# TUMOR OF FOUR YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

Lindley, Ind. — "Lydia E. Pinkham's Vegetable Compound removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They said that only an operation could help me. I am very glad that I followed a friend's advice and took Lydia E. Pinkham's Vegetable Compound, for it has made me a strong and well woman, and I shall recommend it as long as I live." — Mrs. MAY FAY, Lindley, Ind.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy — tumor. If you have mysterious pains, inflammation, irritation or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy, and should give confidence and hope to every sick woman.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

"Bob" Thomas to Wed.

The following invitations have been issued, and will likely prove of interest to some Nacogdoches folks, as Mr. Thomas was at one time a resident here, being connected with the Sentinel.

"Mrs. M. B. Mantooth requests the honor of your presence at the marriage of her daughter, Pearl, to Mr. Robert LaFayette Thomas at home Sunday evening, the fourth of July, nineteen hundred and nine at half-past eight o'clock, Lutkin Texas. At home South Houston, Texas, after July sixth."

Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. Today the danger, as shown by A. W. Brown of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Lungs, Colds, obstinate Coughs, and prevent Pneumonia, its the best medicine on earth. 50c and \$1.00. Guaranteed. Trial bottle free.

Stripling, Haselwood & Co. w

Rev. A. B. Harrel, formerly a citizen of this county but now residing in Dallas, has been visiting his parents at Melrose, but left this afternoon for Orum, Angelina county, where he will tonight begin a protracted meeting.

## Delicious Puddings

Mix together one package Jell-O Ice Cream Powder (any flavor) and two heaping tablespoons corn starch. Dissolve in a little cold milk. Stir this mixture into one quart of boiling milk and cook until sufficiently thick, usually from one to two minutes. Serve with milk, cream or any good pudding sauce. Use double boiler or stir constantly to prevent scorching. May be garnished with strawberries or any small fruits. Stir a package of Jell-O Ice Cream Powder into a quart of milk and make two quarts of fine ice cream at one cent a dish. Sold by all grocers. 2 packages 25c. Illustrated Recipe Book Free. The Genesee Pure Food Co., Le Roy, N. Y.

## CHEROKEE GETS NORMAL.

By a unanimous vote this morning, the teachers attending the Summer Normal here, decided to have the next year's Summer school in Cherokee county. At just what point it will be held has not yet been decided, and it is possible that it will after all be left with the teachers of that county. It is presumed that both Jacksonville and Rusk will be applicants for the location. The teachers this morning also named as the conductor for that Normal, Prof. J. B. Stripling of this county. This year Nacogdoches got the location and Angelina county the Conductor. The third year Angelina county will get the Normal and Cherokee will name the Conductor. This afternoon brings to a close the fourth week of the Summer work, and next week will see the close of session. For two or three days during the sixth week examinations will be held.

It is stated that this session has been so far a most pleasant one and some splendid work accomplished. The attendance was not as large as it was expected would be, but this can be accounted for in several ways. The first and foremost reason is that a large number of the teachers in all these counties attended a Normal last year, and therefore did not have to go this summer.

However no fault is found with this feature of the session, and it is believed that a foundation for a permanently located Summer School has been laid in this, the first session of the tri-county Normal.

I will sell shingles for the next 30 days at the mill at a liberal discount. W. D. Stoker, Appleby, Texas. 1d1w

## Sees Mothers Grow Young.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatick of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50c.

Stripling, Haselwood & Co. w

## A Noble Deed.

The T. & N. O. employees of this city displayed great nobility of character in the donation of \$77.00 to Mrs. Bickley, of Clevenger, the lady who took care of the men Messrs. Bell, Burdette and Wharton who were hurt in the recent wreck, until arrangements could be made to bring the men home. We have been informed that Mrs. Bickley having no extra bed, put her little children on the floor in order to help in some degree to make the injured men comfortable. That the greatest lives are the hidden ones, is often demonstrated to us, by examples like this. — Jacksonville Reformer.

## DESCRIPTION OF LEON LING.

For one of the most foul murders ever committed in the United States, Leon Ling a Chinaman, is being hunted throughout the United States. Most every reader is familiar with the details of the awful crime, and will be surprised to learn that the hunted man is an unusual one, in that he is a well dressed, handsome and genteel looking former citizen of the Orient. Sheriff A. J. Spradley today at noon received a circular from the police headquarters at New York giving a description of the Chinaman, as being sent to every city, town and hamlet in the United States, Canada and Mexico. The description would fit an American well, and the photo of Ling could easily be taken for a high class American too. He is extremely good looking and shows no trace of the Oriental blood excepting in the eyes. Ling may be in Texas, according to the officials in some cities, and suspicion has it that he landed recently. The following from the Galveston News today is in reference to the search being made there:

Leon Ling, the Chinaman, who is being sought the country over as the murderer of Elsie Sigel, the New York Chinese missionary, is being sought in Galveston by the police department. Wednesday morning a strange Chinaman, attired in the garb of an American, and wearing a derby hat, was noted on the corner of Mechanic and Twenty-second streets consulting a railroad map of Mexico and making penciled notations thereon. The Chinaman was of good appearance, carried a valise and conducted himself in what observers deemed a suspicious manner.

When a member of the police department sought to locate the man he was nowhere to be found. A search of the neighborhood failed to bring results.

During the morning Chief of Police W. H. Perret received a circular letter, such as is sent out by the New York police department to all cities in the country, containing a description of the wanted Chinaman, together with a photograph. The description and photograph shows Leon Ling to be clean shaven. The Chinaman on the streets of Galveston is said to have worn a mustache.

## Tortured on a Horse.

"For ten years I couldn't ride a horse without being in torture from piles," writes L. S. Napier, of Rugless, Ky., "when all doctors and other remedies failed, Bucklen's Arnica Salve cured me." Infallible for Piles, Burns, Scalds, Cuts, Boils, Fever Sores, Eczema, Salt Rheum, Corns. 25c. Guaranteed by Stripling, Haselwood & Co. w

Mrs. S. W. Johnson of Austin, is on a visit to her brother R. W. Murphey.

Tom Crossling from Linn Flat was in the city yesterday with a wagon load of fine peaches.

## Better Not Take Whiskey.

The next time you have a sudden chill, you or any of the folks at home—don't bother with whiskey or waste time. Take quickly a teaspoonful of Perry Davis' Painkiller in half a glass of hot water or milk. Its good record of 70 years proves reliability. At your druggist's. The new size is 35c. or 50c. a (larger) bottle. You ought to have it on hand.

# Cure Your Dandruff

Why? Because it is annoying, untidy. And mostly, because it almost invariably leads to baldness. Cure it, and save your hair. Get more, too, at the same time. All easily done with Ayer's Hair Vigor, new improved formula. Stop this formation of dandruff!

Does not change the color of the hair.  
Formula with each bottle  
Show it to your doctor  
Ask him about it, then do as he says  
**Ayer's**

The new Ayer's Hair Vigor will certainly do this work, because, first of all, it destroys the germs which are the original cause of dandruff. Having given this aid, nature completes the cure. The scalp is restored to a perfectly healthy condition.  
—Made by the J. C. Ayer Co., Lowell, Mass.—

## ARRESTED FOR BOOTLEGGING.

Irvin Menettec, a Negro, Jailed on a Charge of Selling Liquor— Buggy Searched And Two Gallons Found.

Despite the many arrests heretofore made, and the eagle eyes of the officers in attempting to make bootlegging unprofitable, and likewise unpopular, some folks continue to sell whiskey. At least that is the inference from the captures occasionally indulged in. Deputy Mart Andis took into tow, late Saturday afternoon, Irvin Menettec, a negro, on a charge of selling liquor. The officer had been watching a party of negroes most all the afternoon, believing that something in the drinking line was coming off, and "that eternal vigilance is the price of success" was conclusively proven in this instance. Coming from the Court House toward the business part of the city, a couple of citizens of the ebony hue variety were spied at the rear of some of the stores, seemingly in a very earnest conversation, and making an exchange of "something in a sack". Before the officer could reach the scene, the two principals had separated, but the one with the sack was soon found. He very politely turned over his burden which proved to be sure-enough whiskey bottled and sacked too. On inquiry it was learned that the other party who had been so kind as to sell it, was in a buggy, and on that information the accused was soon located. A search of the vehicle was made and two gallons of liquor was found,—as if the fellow was in the retail business on a rather extended scale. Menettec, who the negro is said to have been, was promptly taken in charge and carried to jail, while the liquor was moved to the Court House. Menettec later furnished bond and was released.

## A Night Rider's Raid.

The worst night riders are calomel, croton oil or aloes pills. They raid your bed to rob you of rest. Not so with Dr. King's New Life Pills. They never distress or inconvenience, but always cleanse the system, curing Colds, Headache, Constipation, Malaria, 25c. at Stripling, Haselwood & Co. w

Mrs. J. Watts King, who has been visiting in Nacogdoches for the past month, returned home Saturday accompanied by little Miss Carrie Gean King, the 6 year old daughter of Mr. and Mrs. Geo. S. King. — Garrison Gleaner.

## "UNCLE ROE" GRIMES DEAD.

From Saturday's Daily.

Monroe Grimes, familiarly known among his acquaintances as "Uncle Roe" died yesterday afternoon at two o'clock at his home about nine miles north of here, after a short illness, covering but little more than a week. Mr. Grimes was one of the best known citizens of this county and section and had been a resident of Nacogdoches county for nearly half a century, coming here from Alabama in the early sixties. Every one in and around this section knew "Uncle Roe" and his friends were only limited by his acquaintances. To know him was to like him, is the name always given, and not a single item of discredit could have been brought against him. He was, too, one of the oldest citizens of this entire section, being in the neighborhood of eighty-two years of age at the time of his demise. He was comfortably surrounded with this world's goods and lived the declining years of his life easily and as enjoyably as possible. He is survived by large family of children, all of them grown to man and womanhood, prominently known and doing well. The long list of friends will regret to learn of the passing of this venerable gentleman and will join together in extending sympathy to the bereaved ones. Interment took place this afternoon at two thirty o'clock at the North Church Cemetery.

## Bowel Complaint in Children.

When six months old the little daughter of E. N. Dewey, a well known merchant of Agnewville, Va., had an attack of cholera infantum. Chamberlain's Colic, Cholera and Diarrhoea Remedy was given and effected a complete cure. This remedy has proven very successful in cases of bowel complaint in children and when given according to the plain printed directions can be relied upon with perfect confidence. When reduced with water and sweetened it is pleasant to take, which is of great importance when a medicine must be given to young children. For sale by Stripling, Haselwood & Co. w

## Things Quiet At Court House.

The county officials are resting these days, according to their own voices, and very little business is being done. Occasionally a marriage license is issued or deed filed; a man who has been delinquent pays his taxes; some fellow who has violated the master law unrolls his story and is meted out a punishment; papers are filed in some pending case; or a belated pedagogue comes in with his report,—but as an entirety the things around the temple of justice are exceedingly quiet,—spelled with caps. Prospects are splendid though, as in every thing else and the court house campers live in hopes of growing richer ere time goes too far.

## SHAKE INTO YOUR SHOES

Allen's Foot-Kream, a powder. It cures painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Kream makes tight or new shoes feel easy. It is a certain cure for sweating, itching, chafing, cracked, itching feet. Try it today. Sold by all Druggists and Shoe Stores. By mail for 50c. in stamps. Don't accept any substitute. Trial package FREE. Address Allen S. Conner, Le Roy, N. Y.

# To Enjoy

the full confidence of the Well-Informed of the World and the Commendation of the most eminent physicians it was essential that the component parts of Syrup of Figs and Elixir of Senna should be known to and approved by them; therefore, the California Fig Syrup Co publishes a full statement with every package. The perfect purity and uniformity of product, which they demand in a laxative remedy of an ethical character, are assured by the Company's original method of manufacture known to the Company only. The figs of California are used in the production of Syrup of Figs and Elixir of Senna to promote the pleasant taste, but the medicinal principles are obtained from plants known to act most beneficially. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists.

## Complimentary Luncheon.

Mrs. Frank Schott of Houston, was the honor guest of a most delightful luncheon Tuesday afternoon, with Mrs. Frank Sharpe as hostess. Around the hospitable board were seated—besides the hostess and guest of honor, Mrs. B. T. Hardeman, Mrs. E. H. Blount, Misses Julia Clark and Laura Taylor, while at a tiny table nearby was another little party, composed of little Misses Rosine and Anna Mary Blount, Rosine Sharp and Master Meldrum Smith, the latter being the honor guest at this table which was presided over by little Rosine Sharpe.

# Weekly Sentinel

Office of Publication—Church and Main Streets  
Opposite Opera House.

PUBLISHED EVERY THURSDAY.

RATES OF SUBSCRIPTION:  
Daily, per year, \$4.00 Weekly, per year \$1.00  
Daily, per month, .35 Weekly, six mo., .75

Subscribers of the Sentinel wishing a change of address are urged to give the old as well as the new address. This is important!

The first Nacogdoches county melons of the season arrived in town this morning. They are as nice and large as the South Texas product and came in but a few days later. Nacogdoches county is the best all-round place in the world, and the thrifty farmer has proven it.

The creamery proposition is a very live issue, despite the fact that little talk about it is being done. The farmers of this section are going to have a creamery one of these days, and that not such a great ways off. When it does come the enterprising fellow with some good milkers will have but another opportunity of making money, as well as furnishing the home folks some of the best butter in the world.

AND while we are basking in the "warm" sunshine of this fine old East Texas country, wouldn't it be a splendid idea to begin to lay plans for the autumn? There is going to be lots of business in this section from the first of September until after the new year rolls in, an unusual amount for that matter. Last year a deal of that business was diverted to other points, and all because the folks of this city did not get together and make a pull for it. Are the citizens of Nacogdoches going to allow the performance to be repeated, or will they take notice and change the program? If the change is made, it will require effort, and the sooner something is done, some plans laid, the sooner and the more certain will the trade really due here, come.

NEXT Saturday is the day set for the mass meeting to discuss and decide the county fair proposition. James D. Greer, the gentleman appointed some time ago, has been making a canvass of the county the past two or three weeks and has succeeded in working up a splendid interest. The citizens in and around this city have talked the fair matter considerably, and many are ready and willing to go into such an institution. All in all the proposition is in a much better shape than ever before, and promises to take a definite form at the coming meeting. The only thing is representation. Every town, community and portion of the county should send a man, or several men, to the gathering here Saturday, and thus aid in making the affair an enthusiastic, unanimous move for a greater and better county. Come to the fair meeting Saturday. Come for the purpose of taking part, showing an interest, and to take some stock. It will be worth while to every man, woman and child, and every part of this excellent county.

## TALKING TO NORMAL STUDENTS

Prof. Anderson of Lufkin, and McKnight of the A. & M. College Delivered Addresses Today — Latter to Talk Creamery.

The students who are here attending the tri-county Normal enjoyed a double treat today, in the form of addresses by gentlemen who are identified with the school work in the state. Prof. Anderson, superintendent of instruction for the county of Angelina, was the first on the program, and made a most interesting and entertaining talk, lasting for about an hour. His address was along the lines of higher education, emphasizing the necessity for close application, intensity of labor, and the focusing of ones work. Prof. Anderson, though a comparatively young man, is well qualified to occupy the responsible position he has, and the excellent talk made this morning was appreciated by the teachers. Following him Prof. McKnight of the A. & M. College at College Station, made a most interesting, practical and wholly enjoyable talk, on education in general, the state school in particular, and especially the agricultural phase or feature. This gentleman is considered one of the leading agricultural educators in the state, heart and soul in the good work, and to put this line of work on a still higher basis in the public schools seems his soul and single object. Agriculture is becoming more and more a necessity, and each year the possibilities become greater, and the course in the public schools of Texas receives more attention. This is as it should be, and the day is not far distant that to fail or refuse to teach this line of work, will mean indeed a poor school. Prof. McKnight is also an enthusiast in reference to farm matters, stock raising and all other features. It was through the efforts of his department that Tyler secured a creamery, and it will be through the efforts of the same department that Nacogdoches will secure a creamery. At the solicitation of some farmers, a letter was written President R. T. Milner yesterday, asking that Prof. McKnight be sent here to discuss the matter. Today the letter was mentioned to him, and he replied: "I will be indeed glad to come to Nacogdoches and talk creamery, and you can say for me, that if the farmers will guarantee 700 cows and build a plant to cost about \$3,000, one of the best industries in the world will be right in your midst." Prof. McKnight left this afternoon for Athens, thence to Tyler and points in North Texas.

NACOGDOCHES citizens are to be congratulated on raising an advertising fund, for the sole and single purpose of telling the outside world of this city and section. A deal of good can be accomplished with the thousand dollars, and here's hoping that it will result sufficiently beneficial to cause other similar amounts to be expended in the same way.

## PASSING OF CHEAP LANDS

(By Chas. L. Seagraves in "The Earth")

The landless man and the manless land are becoming popular problems and rightly, too. Alone, either can do little; together, they can do everything.

Persons in all walks of life are interested in land. Did you ever stop to think that we are harvesting our land crop every day? While it may not be very perceptible now, the supply is gradually diminishing. It is only a matter of time when land values in this country will be as high as in the agricultural sections of Europe. Then well-tilled acres will be veritable gold mines.

Our population rapidly is climbing to the hundred million mark. When we reach that figure, the increase will be more rapid than during the last decade. To feed and clothe all these people will require more of everything that man consumes. Practically all that sustains life comes out of the ground, even the clothes we wear, as the cattle and sheep are dependent upon what the soil will produce. Will you not profit more, as a producer, on the land, than as a consumer off the land?

With our growing population year after the demand for land will keep up in the same ratio, and with a gradual diminishing supply for we surely are passing out of the period of cheap lands suitable for general agriculture.

This is a condition and not a theory. Ten years hence conditions will have very materially changed and all land values be on a much higher plane. It will become a question of supply, or the demand will always continue to exist. One is limited, the other is unlimited.

Through the various ports of entry about one million foreigners reach our country, one year with another. Possibly 40 per cent or more come from the agricultural sections of Europe and, within a year, find their way to the farm lands of the country. The Easterner is pushing toward the Middle West, and the people from those states are pushing to all sections of the Southwest, the Pacific Coast states and the Northwest. These sections have been developed by the railroads. With new lines and with efficient transportation, distance between the East and Far West are being annihilated. Conditions are constantly improving. The hardships and pioneering of the early settlers, who have made our great West, now live in history. They are not facts today, and the railway makes the difference in most cases.

Life in the agricultural districts is much pleasanter than it used to be. In the past ten years the farmer has annexed to himself many city comforts. He has rural tree delivery. He has the trolley lines. He has daily newspapers. He has cheap and better implements. His wife and children, in many cases, go to town in an auto and have nearer neighbors. Farm work is lightened by machinery. Farm homes are lit by

gas, and are provided with furnaces and baths.

The landless city man feels more at home when he goes to the country under such circumstances, and he is content to remain, building a home for his children—a priceless heritage.

In brief, the day of cheap lands is passing. Like any other commodity, supply and demand is regulating the price, and as the supply is becoming lessened values will keep on rising.

The wise man, whether his capital be large or small, is taking advantage of it, and buying good farm land today, especially in the Southwest, where prices yet are under real value.

I don't know of any better investment today than a good farm home out West. Its value grows while you sleep, and it makes lots of money for you during your waking hours. For a long hold and a safe one, it beats anything else. Dirt, just plain, everyday dirt, plus water, plus sunshine, plus work, plus sticking at it—will make you rich, if you give it a chance.

## EAST TEXAS AND ITS PRESS.

There is no section of the state more than in East Texas where the people and the press are more in harmony. Our people are largely newspaper readers and they read and think at the same time. There is an abundance of patriotism and unselfish love of the right in the bosoms of our people, there is almost an absence of greed and graft and God grant that such may continue to be the case. Our young men think more of a good education and a good character than they do of money, hence the comparative absence of greed and graft. The large well painted school house on the hill, the white church in the grove and the cosy cottage by the roadside attest a happy and prosperous rural population.

Ours is a nice field for the live newspaper. The minds and hearts of the people are responsive to noble and right sentiments.

Let the newspaper men of East Texas organize a permanent association to be known as the East Texas Press Association for mutual aid in carrying on the great work of education and development resting like a duty upon them. The pure patriotic teachable people of East Texas offer an excellent opportunity to accomplish real good and the members of the press must not and will not fail to come up to the full measure of the duty resting upon them.—Courier-Times.

THE Tyler Home-Coming is well advertised and no doubt about it. Advertising in any and every form pays, whether of businesses, cities or sections, and those Tylerites know it. Publicity is going to make the week's event at the capital of Smith county a mighty big thing and an overwhelming success.

Lysander Evans was in the city yesterday from Lufkin. He has accepted a position with Joe P. Clevenger as commissary man and will take charge at the mill the coming week.

## SOME DIAMOND DOPE

The Missionaries have been shut-out three times and have shut-out opposing teams eight times.

Johnson of Shreveport, the little fellow who played with the Cocoa Colas last season, has joined the Timpson Tigers and will play short.

The Ennis Lovers are now touring East Texas, seeking new worlds to conquer. The bunch defeated Gilmer Monday, by 2 to something lacking.

Lufkin shut the Grand Saline Panthers out yesterday by a score of 4 to 0. That is what comes of having Nacogdoches represented in the game!

"Big" Hickey has signed with the Timpson Tigers and will make his appearance in the box against the Grand Saline Panthers, possibly tomorrow.

Report today says that Lufkin has signed four of the Grand Saline players, and that they will stay there after this series of games. Lufkin needs some ball players awfully bad.

Thurber Miners are putting the whitewash stripes on the Abilene Maroons of late. Took three straight games on the Abilene diamond, shutting the locals out in two of the games.

Longview Cannibals beat the Jacksonville White Sox yesterday on the latter's diamond by a score of 11 to 10. Regular old country base ball from the looks of the score.

The Cuban Stars are a ball playing aggregation and have done a winning streak in Southwest Texas. Manager Blount says he will get them when they make East the Texas tour.

It is stated that "Whitey" Huett will arrive in the city of Lufkin in a few days or thereabouts to don a College Chums uniform. Huett will be very pleasantly (?) remembered by some of the Nacogdoches fans.

"Home run "Snip" Monzingo came in last night to rest up. "Snip" says he has been having fever for several days, and further that he has quit the College Chums. Doesn't know where he will play yet.

John Henry Richardson went to Lufkin at noon to play in the game this afternoon against Grand Saline. The College Chums are trying awfully hard to win a game, if they do have to hire Nacogdoches to do it.

"Little" Rusche is making a hit in the saintly city beyond the angelic Angelina as well as at home. Played a star game yesterday and the fans dote on him and his "horsehide" qualities. Rusche is a mighty fast second baseman and a safe stickman.

The Timpson Tigers seem exceedingly anx-

ious to get hold of the Grand Saline Panthers,—but there may be another chapter when the performance comes off. Report has it that the Tigers were also anxious to cross bats with the Missionaries—but guess somebody was mistaken.

The Ennis bunch has hied away to East Texas for an outing. The town in which Wiley, the College southpaw, has made such a wonderful pitching reputation, had best be careful or lose some of that gained notoriety. Some of the piney woods teams don't know how to lose a game.

No games this week on the local diamond unless some are arranged for tomorrow and Wednesday, Timposon absolutely refuses to be slaughtered.—Nacogdoches Sentinel.

Of course she does, and who can blame her? She wants to be the butcher herself.—Timpson Times.

"Rube" Smith is still suffering with a sprained knee, and fears that he will not be able to pitch a game before he goes to Tyler Monday. If he does not get alright, it is quite likely that Chase will pitch two games at Jacksonville, Chellette one, and Smith one at Tyler and Chellette two.

Port Arthur talks announce that their team will go on the road after July 4th, and give as the reason that dates at home can't be gotten. Also claim that they haven't lost a game this season. The manager wants to make dates with "fast teams," Missionaries choose Port Arthur also.

The Nacogdoches Missionaries claim the best record in the state for the number of games played, when taken into consideration the fact that none but fast teams have contested. Several aggregations in the state have longer winning records but have played a larger number of teams in little cross-roads towns and other out of the way places.

The Missionaries left this afternoon, via the T. & N. O. for Jacksonville where they will play a series of three games with the White Sox, beginning tomorrow. The team includes: J. Rusche, J. D. Sanders, E. Rusche, Crawford, French, Akey, Hogue, Richardson, Chase, Smith and Chellette. It is probable that Clark will join them later in the week. Willie Wade went along as score keeper, and Oscar Strahan as generalissimo.

The game yesterday at Lufkin, between that team and the Grand Saline Panthers, was a remarkable one. Grand Saline defeated the College Chums by a score of 1 to 0. Baxter pitched for Lufkin, twirled a no-hit game and struck-out 17 men. The Grand Saline pitcher allowed seven hits and only struck-out a very few. To any one in the world who didn't know what the score was, would naturally infer that Lufkin won the game,—but not true. Errors lost it. Monzingo, Roberts and Hogue, all outfielders for Lufkin, made each an error.

## A Constipation Remedy Free

There is no action of your daily life of greater importance than to see that your bowels move. They should move at least once a day naturally, and by that is meant without any help. If they do not move at least once a day you can consider yourself constipated and it is time you did something about it.

You will be glad to know there is a way out of the difficulty. Lemuel Landerdale, an old soldier at Quincy, Ill., Elmer McMillan, of Speed, Mo., Mrs. Monahan, of Stoneville, Miss., and many others were as you are now. But one day they awoke to the fact that Dr. Caldwell's Syrup Pepsin was curing their friends, so they bought it too and it cured them. Today they are loud in praise of it.

What Dr. Caldwell's Syrup Pepsin did for them it should do for you. Surely your constipation is no worse than theirs, one of whom had it since '61. It only remains for you to realize that salts are of but temporary good, and what you want is a permanent cure; that purgative tablets, cathartic pills and such violent things make a great show of doing something, but do nothing that is lasting. Dr. Caldwell's Syrup Pepsin is a scientific preparation, a laxative- tonic, a mild syrupy liquid that contains ingredients that not only cure the constipation, but tone the intestinal muscles so that they learn again to work without help. A bottle can be bought of any druggist for the small price of 50 cents, and there is a dollar size for families who have already found out its wonderful value in stomach, liver and bowel troubles, in old or young.

Send your name and address to the doctor and a free trial bottle will be sent you so that you can test it before buying. If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 513 Caldwell bldg., Monticello, Ill.

Lafayette Haltom left yesterday for Gilmer, Texas, for several days visit to relatives and friends. He was accompanied by his sister Miss Bertha—Haltom, who will spend the summer at that place.

### No Spoony Business.

For Chills, Malaria and Billousness Cheatham's Laxative Tablets are certainly very fine. No bad effects as with quinine. Then they are so convenient; can carry them in the pocket and no spoon is necessary. They are an ideal remedy.—George Westlake. 25 cents a box.

E. N. Walling who returned yesterday from a trip to West Texas and Oklahoma, has come back to stay. While he made some investments while away, they were strictly for investment sake. He says that East Texas is an awful good place and he hasn't seen any other that looks as good to him.

### Howdy!

How's your liver? If not in first-class condition, doing full duty and giving entire satisfaction Simon's Liver Purifier will fix it so you'll think its gone—its troubles will be gone. Put up in tin boxes only. 25c per box.

### To My Former Friends and Customers.

It is with pleasure that I announce to you that I will soon be back to Nacogdoches and will open up a first class repair and gun-smith shop. I solicit the patronage of the public and will guarantee first class work and will turn all jobs in as short time as possible. A. W. Eddins. 2td1tw

J. O. Ray spent Sunday in Lufkin.

## Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Raywood, W. Va., says:— "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in milk for baby."

Kodol Digests What You Eat. Bottles only. \$1.00 Size holding 2 1/2 times the trial size, which sells for 50 cents.

Prepared by E. O. DEWITT & CO., CHICAGO For sale by Mast Bros. & Smith

### THE HOME-COMING PLANS

Tyler, Texas, June 23.— All Tyler is alive with energy and enthusiasm, getting ready for homecoming week, July 5-10. The biggest event in the history of the city and county will take place, and the citizens are sparing neither money nor pains to make it a success.

There will be a number of unique and costly attractions during the week. One notable event will be a grand chorus under the leadership of Mrs. Hattie Raguet. There will be over 200 voices who will be accompanied by the famous Elks band of 28 pieces from Nacogdoches. This grand chorus will be heard during the week.

There will be a gun club shoot in which more than \$500 has been offered in prizes. All gun clubs are invited to participate. The old fiddlers' contest, under the direction of Judge Ben B. Beard, will be a unique feature, as will also the marble playing contest by old settlers over 60 years of age. Suitable cash prizes will be given the winners. Then there will be a grand flower parade and merchants parade, in which probably a hundred vehicles will be entered. These parades will occur on different days.

Monday, July 5, has been set aside as "fraternity day," and on this day all the fraternal orders of Tyler and adjoining cities and towns will take part. There will also be a big parade on this day, members of the different orders appearing in their uniforms. Congressman Morris Sheppard, supreme banker of the Woodmen of the World, has been invited to speak on that day, as has also Grand Chancellor King of the Knights of Pythias. Other prominent speakers will also be invited to speak.

Monday, July 5, will also be Confederate day. A big basket dinner will be served and the Confederate monument will be unveiled. Wednesday, July 7, will be corner stone laying. On this day the corner stone of Smith county's court house, costing \$160,000, will be laid with imposing ceremonies. Ex-Senator Horace Chilton will be one of the principal speakers. All officials of the county and city, as well as prominent personages from different sections of the state will take part. Friday, July 9, has been designated as the day for the organization of the East Texas good roads movement, and the county junge of Smith county has been instructed to issue invitations to all county officials throughout this section to be present and participate in the deliberations of the body.

During the week there will be a number of games of baseball between the Cotton Belt club and visiting clubs, as well as clubs from surrounding towns who may want to play off match games, thereby getting the advantage of the big crowds that will be in the city attending the homecoming exercises.

One of the best amusement

## DOCTORS

say consumption can be cured. Nature alone won't do it, it needs help. SCOTT'S EMULSION is the best help, but its use must be continued in summer as well as winter. Take it in a little cold milk or water. Get a small bottle now. All Druggists. THE STANDARD OF THE WORLD.

companies in the South will give high class performance of all kinds, such as are seen at the big fairs of the country.

The business section of the city will be brilliantly lighted, and there will be a splendid display of fireworks each night during the week.

Railroads will give special rates during the week, and all of East Texas is invited to come over and enjoy itself.

An East Texas press association will be organized during the week, the date of which will be announced later.

### They Are all pleased.

"By experience I have found your Hunt's Lightning Oil to be great pain and sprain reliever. I am very much pleased with it."—C. C. Cook, Hallettsville, Texas. 25 and 50 cents a bottle.

On last Monday Mrs. E. H. Blount entertained Prof. W. P. Arnold, who formerly lived here and was the dearly beloved principal of the Nacogdoches High school at one of those delightful little informal suppers for which she is noted, other guests being Misses Mamie Blount and Louise Perkins. Guests and hostess all having been pupils of Prof. Arnolds, the evening was spent in pleasant reminiscences of those happy, care free school days. It was a most happy occasion for all and thoroughly enjoyed.

### Old and True.

"For fifteen years I have constantly kept a supply of Hunt's Cure on hand to use in all cases of itching skin trouble. For Eczema, Ringworm and the like it is peerless. I regard it as an old friend and a true one."—Mrs. Eula Preslad, Greenfield, Tenn. 50 cents a box.

Judge Marshall Purchases Home. County Judge F. P. Marshall has closed a deal whereby he becomes the owner of the place on North Fredonia, known as the Young place, having purchased it from R. O. Young, the price paid being \$1500. The place is a very desirable one for a home, and for which it was bought. Judge Marshall stated today that he did not know just when he would move, but very likely this Summer.

If you have pains in the back, weak back, or any other indication of a weakened or disordered condition of the kidney or bladder, you should get DeWitt's Kidney and Bladder Pills right away when you experience the least sign of kidney or bladder complaint, but be sure that you get DeWitt's Kidney and Bladder Pills. We know what they will do for you, and if you will send your name to & C. DeWitt & Co., Chicago, you will receive a free trial box of these kidney and bladder pills. They are sold here by Mast Bros. & Smith.

### Old Time Memories.

Giles Haltom and Bosen Hardeman of Nacogdoches, were among the number of Nacogdoches visitors last Sunday and both were visitors at the Tribune office. The visit of these two old boys of the red hills recalls memories of long ago when life was still young and full of hope, and the dew of morning still lay upon the flowers in the woodland. Back thirty years Bosen was a clerk in his father's store at Melrose, and the writer was a barefoot boy, clad in copperas breeches and plowing old Pete down in the field on Matin creek. In those days the writer used to think Bosen was the best looking young man he ever saw and it was his hope to grow up and be as good looking as Bosen—the effort was a failure. Time has laid its snowy hand upon Bosen's head, but it has not yet wrinkled his brow and he is still jolly and whole souled.

And Giles—it was by his side that the writer learned the "boxes" in the old "Nacogdoches News" office. At that time Giles was a gawky, towheaded boy, and all the property he owned on earth was an old rusty British Bull dog pistol. One night he and the writer took the old gun out in the public square and fired it off, we then ran back and hid in the office, thinking the officers would come and get us. The wonder is that the old pistol didn't go off and kill us both. But we had only one cartridge and perhaps that saved us.—Lufkin Tribune.

The best pills made are DeWitt's Little Early Risers, the famous little liver pills. They are small, gentle, pleasant, easy to take and act promptly. They are sold by Mast Bros. & Smith.

### A Picnic Sandwich

The sandwich is the picnic stand-by, of course, and unusually good ones can be made by baking a pan of little round rolls, cutting the top nearly off when they are cold, scooping out some of the crumbs, and filling them with chicken chopped and reduced to a stiff paste with cream. They may be seasoned highly with salt and black pepper, and celery salt if liked.—Woman's Home Companion for July.

Get DeWitt's Carbolized Witch Hazel Salve when you ask for it. There are a great many imitations, but there is just one original. This Salve is good for anything where a Salve is needed to be used, but it is especially good for Piles. Sold by Mast Bros. & Smith.

### To Freshen Flowers.

If cut flowers from the florist's or garden are placed as soon as possible in cold water in which a little mild soap has been dissolved, making suds, they will keep fresh much longer than usual, and will even freshen up wonderfully if they have already drooped. Also, if one wishes to keep roses in bud for some time, a soft thread should be tied snugly around the bud, and when ready for use, even though several days after picking, the rose will be found

## Women Suffer

much needless pain when they delay using Cardui for their female troubles. Cardui has been found to relieve headache, backache, pain in the side and dizziness, arising from deranged organs. It does more than relieve,—if used persistently,—many have written to say that it cured them.

# TAKE CARDUI

It Will Help You

Mrs. Maxwell Johnson, Tampa, Fla., writes: "Cardui cured me after doctors and everything else had failed. I had been suffering with numb spells ever since I was 16 years old. One day I decided to take Cardui. I have now taken 5 bottles and I can say that it has cured me.—I advise all suffering women to give Cardui a long and fair trial."

Mrs. Johnson suffered years. Have you? Do you wish to? But why suffer at all? Take Cardui. Give it a fair trial.

An exchange suggests that, in view of the enthusiasm that has been displayed throughout East Texas this season in amateur baseball, an East Texas League should be organized for next season, comprising teams from Orange, Port Arthur, Lufkin, Nacogdoches and other surrounding towns. It's a good suggestion. East Texas is enthusiastic, the towns are close together, the attendance would be good and a prime article of ball would be put up. Let's push the project along and have a strong East Texas League next season.—Orange Leader.

Judge Middlebrook, of Nacogdoches, was over yesterday and delivered a very interesting address to the Masons last night at their installation of officers.—Alto Herald.

## FEELING BAD?

Stomach out of order, Liver sluggish, Bowels all clogged up, and you have that all-gone-tired-out feeling!

Take an NR Tablet To-night.

You will begin to feel better at once. Their action is different from other Liver and Stomach medicines—no griping, no sickening, no weakness, no nausea. They make you feel good.

### BETTER THAN PILLS FOR LIVER ILLS.

Nature's Remedy (NR Tablets) is the very best prescription for your stomach, Sick Headache, Loss of Appetite, Bile, Low Temperature, Constipation, Liver Complaints, Bile Diseases, Chills, Malaria, Biliousness, Dropsy, Pimples and Rheumatism. All of these diseases are caused by stoppages and consequent decay and fermentation in some or all of the digestive organs. Get a 20c Box. Sold Everywhere.

# S.S.S.

## OLDEST AND BEST BLOOD PURIFIER

We have never claimed that S. S. S. was a medicine to work wonders, nor one that would cure every physical ailment or disorder. More than forty years ago it was placed on the market and recommended as a blood purifier, and today, after a long and successful career, and when its use has become almost universal, only the same honest claim is made for it—that it is a cure for those diseases and disorders arising from an impure or polluted blood. Time makes no mistakes, and the very best recommendation of S. S. S. is the fact that it has stood a long test and is now more generally used, and has the confidence of a greater number of people than any other blood medicine.

The blood is the most vital force of life; every organ, nerve, muscle, tissue and sinew of the body is dependent on it for nourishment and strength, and as it circulates through the system, pure and rich, it furnishes to these different members the healthful properties needed to preserve them and enable them to perform their various duties. So long as the blood remains free from infection we are apt to escape disease, but any impurity, humor or poison acts injuriously on the system and affects the general health.

Pustular eruptions, pimples, rashes, and the various skin affections, show that the blood is in a feverish condition as a result of some humor, or the presence of an irritating, fiery acid. Rheumatism comes from an excess of uric acid in the circulation, while Catarrh, Sores and Ulcers, Scrofula and Contagious Blood Poison, are all deep-seated blood disorders that will continue to grow worse as long as the cause remains. Bad blood may come from various causes, such as a sluggish condition of the system, imperfect bowel and kidney action, indigestion, etc., or the trouble may be inherited; but whatever the cause the blood must be purified before the body can be healthy.

S. S. S. is a natural blood purifier and tonic. It is made entirely of the harmless juices and extracts of roots, herbs and barks of recognized curative ability, and being free from all harmful minerals is an absolutely safe medicine for young or old. S. S. S. goes down into the circulation and removes any and every trace of impurity, humor or poison. It freshens and enriches the blood and cures promptly and permanently Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin Diseases, Contagious Blood Poison, and all other blood disorders. S. S. S. is the most reliable and at the same time a most pleasant acting medicine for those whose blood has become weak and who are suffering with Anaemia, Malaria or some other debilitating sickness.

A blood purifier is especially needed in the Spring to cleanse the circulation of the impurities which have accumulated during the shut-in life of Winter, and S. S. S. is the most reliable and certain of good results. Book on the blood and medical advice free. S. S. S. is for sale at all drug stores. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

Having used S. S. S. extensively I can testify to its merits as a blood purifier and tonic. It enriches, purifies and cleanses the blood of all impurities, and at the same time is a wonderful invigorator, tonic and system builder. It is also a fine remedy for Rheumatism. It is master of this very painful disease, and as a tonic to give appetite, strength to the nerves and build up the system it has no equal. It is a very fine medicine indeed, and I have every confidence in it.

**MRS. F. L. BAILEY.**  
702 Linden St., Clearfield, Pa.

### The Tobacco Industry.

The farmers in Nacogdoches and San Augustine counties are raising tobacco on a small scale. The tobacco grown in these two counties is said to be equal to any tobacco ever raised in Cuba. The cigars made from tobacco grown in the open in San Augustine county is claimed to make the finest brand of Havana cigars. They smoke like real Havanas from the island of Cuba. This is what the San Augustine Tribune has to say about it. This section is just as adaptable to the growth of this valuable tobacco as either Nacogdoches or San Augustine counties.

Let some of our farmers try a few acres next year. They can make good fillers any way, which will bring 14 or 15 cts. per pound, and from 700 to 1000 pounds can be raised to the acre.—Teneha Messenger.

### After the Vagrants.

The new vagrancy law is in effect and the officers are going to do some skirmishing. If a fellow or fellowess doesn't present some visible means of support, "it" is a vagrant and will be dealt with accordingly. Officers in many towns are already running them in,

and from all accounts the city of Nacogdoches will soon be rid of the trash that lies around and feeds from the hands of workers; they will have to get awfully busy or take a vacation on the county farm. While the good work goes along, the city ought to take a part and get enough of the "loafers" to keep some of the streets and sidewalks in condition,—and cut the weeds in a few places.

### An Early Morning Wedding.

The court house was the scene of a wedding this morning, the affair taking place in the District Clerk's office about 8:30 or 9 o'clock. The principals were Willie Adams and Miss Allena McEarchern, both of Garrison, Rev. T. W. Fowler officiating. The couple is said to have come in last night, proceeding to the court house early this morning where the necessary papers were secured and the knot tied. The bride and groom were both young looking, while the former was really pretty, causing much comment among the witnesses and by standers. Mr. and Mrs. Adams left on the noon train for Garrison where they will reside.

## COLONEL FAIRRISS

Beautiful mahogany bay stallion, large of size, elegantly proportioned, one of the best bred colts in the State and of the very best trotting strain of the Wilkes family.

Colonel Fairris was sired by Silverline 24290, by King Nutwood 10291, by Nutwood 600. First dam was Iva Hanks, by Balzan 6295, by Tennessee Wilkes 2735, by George Wilkes 513, by Hamilton 10. He also has four other strong crosses into Hamilton 10, through Enfield, register No. 128, and Sweepstakes 298 and several other horses of light class.

Terms: Guarantee, \$20.00.  
Colonel Fairris can be found at Swift barn on East Main street.  
Owner, E. J. SUMMERS, Nacogdoches.

### ANOTHER SHUT-OUT GAME.

Missionaries Find Grand Saline's New Twirler Easy, And Beat The Panthers In The Last Battle of the Series—Chase Does the Pitching.

From Monday's Daily:

Only one time did the Pantherites from the far-off city of Grand Saline have a chance to score, and that was in the first half of the ninth inning. With a man on second, nobody out, Chase for the Missionaries, walked the only Pantherite of the game, allowing the second base runner to advance. The next man up looked ferocious, the fans choked and the atmosphere appeared blue,—the batter tapped a pop-up over short, but Speedy went after it with a vengeance,—got it and killed the runner on the last bag. The next man up put a hot liner in E. Rusche's mit. The score was as one sided as it had started out to be,—2 to 0. Lawson, the Pantherite's new slabbist from Midlothian, was not as effective as the visitors had hoped and predicted, though he worked hard and had excellent support. Chase was not in the very best form, but the best support in the world behind him at every stage, and to lose the game was impossible at any point. Six hits were gotten off Lawson and five off Chase, but the former struck out just twice as many as the local twirler,—8 and 4. Several feature plays were pulled off, especially the running catch of Akey's in left and the long fly by Hogue in center. The contest was a pretty fast one, real interesting and at times highly exciting. In the hitting column Hogue and Richardson got two each, E. Rusche and Crawford got one each. Hogue also got a sacrifice. Especially was it fast after the last half of the first inning. The Missionaries made their only scores during this chapter at the bat, and after that nobody scored, nor had any chance to do so,—excepting in the first half of the ninth.

Batteries: Grand Saline, Lawson and Robertson; Nacogdoches, Chase and Chellette. Hits: off Lawson 6; off Chase 5. Strikeouts: Lawson 8; Chase 2. Base on balls: Lawson 0; Chase 1. By hit balls: Lawson 3; Chase 1. Errors: Grand Saline 2; Nacogdoches 3.

By innings:  
Grand Saline 000 000 00—0  
Nacogdoches 200 000 00—2

### SOME DIAMOND DOPE.

Thirty-four games played twenty-three won—eleven lost—percentage 676—gradually going up.

### Diboll beat Lufkin yesterday by a score of 11 to 9.

Malloy, the Houston Leaguer was batted out of the box by Lufkin in the first inning, but Chellette changed the tune for the next eight rounds. Baxter for Lufkin was also batted for a big number by Diboll.

"Long" French, the fellow from St. Jo, came in yesterday afternoon to take the short stop position for the Missionaries. He is a long

keen one, and looks for the world like a winning streak. Here's hoping he is the proper man.

Grandbury beat Ballinger in a twenty-one inning pitchers battle Saturday. At the end of twenty innings the score stood 0 to 0 and in the next round a Hood county boy tapped a home run. Lahew, the farmer from old Paluxy, did the pitching for Grandbury.

The story sent out from Kautman that the "Merchants" of that city were playing the Longview Cannibals for the championship, is a premature eruption. Better come down and play something fast before they start such stuff. Cannibals are not the only man-eaters in this neck of the woods.

That fast team of Ennis lost three games to McKinney last week,—the only ones lost this season. Take in consideration however that Ennis has been playing some mighty weak aggregations. When the bunch comes to East Texas, the record will show up in a different light.

That single hand catch by Crawford on third in Saturday's game was a real feature. It saved a score by the Panthers.

John Henry Richardson has played every position on the team but pitch, and when the opportune time comes he will go in the box. His jump and catch of a "home-run" fly yesterday at Diboll was the feature of the game.

Akey's acceptance in the deep left with Grand Saline was a beauty catch in Saturday's contest, and the fans enjoyed it to the fullest extent.

It may be a pretty good thing not to have any games here this week,—but give the boys a chance to rest. A long hard schedule is ahead of them, beginning Thursday at Jacksonville. Monday July 5th, to Tyler,—back to Lufkin and then home for a few games.

Atkins, the fast third sacker for the Grand Salinites, is perfectly willing and a little bit anxious to join the Missionaries. He was captain of the Galveston League bunch last season, a dead-shot pegger, safe infielder, and the only man that did not fan here.

"Big" Hickey, the Henderson star twirler was in the city today "seein' the sights" and meeting friends and acquaintances.

Ed Chase and Henry Chellette went to Shreveport this afternoon to see the home folks. Both will return tomorrow at noon.

The Abilene "Maroons" are arranging to tour East Texas in the hopes of annexing some scalps. So long Cindy—so lo-n-g.

Speedy, the new recruit at short stop position yesterday, shows all signs of making good. He gets around with lots of ginger, good arm and

## FRAMES

See me for your Frames—all kinds

### C. H. CASLEY

Photographer

prettv true thrower and built for a stellar attraction. Speedy may be a speed fellow.

According to the recent ruling of the Railroad Commission, all ball teams must carry fourteen men to get the rate on railroads. Affidavit to this effect will be required, it is said.

Griffin pitched a double header Monday at Columbus, Georgia, according to the Press, losing the first game by three to two, and winning the second game by a score of four and one. Griffin seems to be making good with Augusta.

Simpkins, the man who dreamed he was coming to Nacogdoches to catch and coach, but who drifted to Dallas when he awoke, is playing some fine ball just the same.

Akey on the coach line can't be beat. Out of the game yesterday to let Clark try out, but never loses any interest and works like a Trojan. Akey is a good in-rounder and knows how to work the bases. The fans like to see him in the game somewhere.

Lufkin took game No. 2 from Crockett by a score of 11 to 5. Awful bunch that Houston county aggregation must be—and can't play ball a little bit according to things to date.

"Rube" Smith wrenched his knee while practicing before the game and therefore had to disappoint the fans by not appearing. Smith is a favorite at the bat and rarely ever fails to get a hit.

If there is a faster, classier second baseman in East Texas as that "Little" Rusche would like to get his picture for a keep sake. When the Missionaries No. 4 position don't get them, it can't be did,—and he's hitting some.

Hogue and Richardson, two of the best outfielders extant, are also two of the best hitters this side of Ty Cobb's

territory. Now laugh—they're in the game from the hat drop till the rays of old Sol cease to shine. It's the gait that makes winning ball.

Just a plain, unvarnished, emphasized spasm of "too much Missionaries." Panthers are a jikely bunch and look ferocious at times, but are as easily tamed as an Atlanta (blind) tiger—if you know how.

The "broncho busting cow boy", Long French, from the far-off city of St. Jo, Texas, is due here today or tomorrow, to work out short. He comes with the reputation of being swift in the infield, safe with stick and fleet of foot. That makes fourteen men—a full team.

Chellette pitched the prettiest game of the season yesterday, getting sixteen strikeouts, allowing but three hits and not giving a single base. Form was fine and control perfect and the Panthers just couldn't touch him at all. Where does all that steam and smoke and fire come from?

Clark played the first game of the season yesterday and got two hits as celebrating features. Clark was the fastest outfielder on the Nacogdoches team last season.

J. Rusche caught a magnificent game and made but one error,—a passed ball. Excusable however as the piledriver in the box was going under full steam on full time. Rusche is one of the best receivers in amateur ball and no doubt of it.

As a usual thing Crawford is the safest thrower on the team, but got a little too fast yesterday and placed a bouncer to first. Cost the home team a score in the wind-up—but what's the use—Missionaries won like a Democratic ticket in Texas.

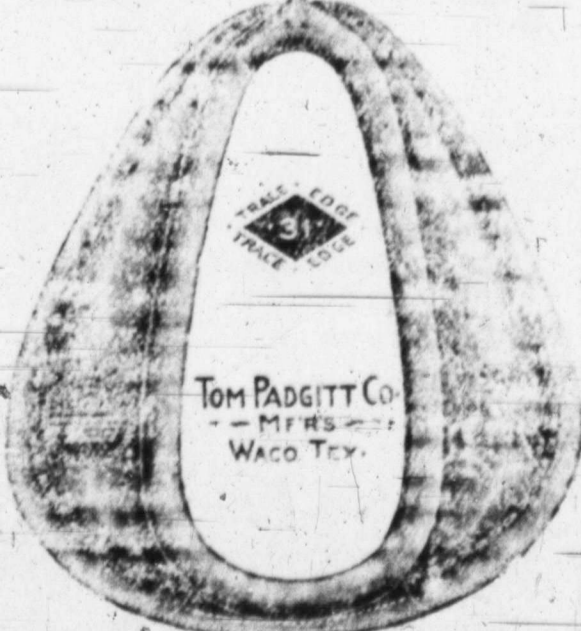

Wade on first played a good game yesterday. Sanders couldn't perform on account of a cripple finger. May be in trim this P. M.

Dr. J. M. Rogers was up from Etoile today looking after business affairs.

M. J. Dooley has returned from Houston where he attended a meeting of the H. E. & W. T. Station Agents.

Miss Bernice Garrett, of San Augustine is visiting in the city, the guest of Mrs. Ben Tucker.

T. J. Williams, who once lived here but now resides in San Antonio, is in town on a business visit.

Miss Katie McKnight of Center is in the city for a few days visit to friends and relatives.

### Yesterday's Heat Record.

It was not hotter in June 1908 than June 1909. Yesterday's mercury showed the 94 niche the same as the warmest day in June last year. This morning the wind shifted some and the indications are that today will be a little cooler. The way old Sol made his appearance today leaves a suspicion that we may see a still "hotter" record, but the floating clouds, with the change of the breeze, leads the belief that the heat wave is broken. Report from the country states that corn is suffering very much on account of the extreme dryness and heat.

Twenty-five Cents is the Price of Peace.

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price, 25 cents.

For sale by Stripling, Haselwood & Co. w

J. G. Hanna, member of the Reynolds-Hanna Lumber Company of Fort Worth, was in the city today on business. He expressed himself as much encouraged over the lumber market outlook, and believes that everything will be better and going smoothly in the near future.

### Help for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before. — Samuel Boyer, Folsom, Iowa. Samples free. This medicine is for sale by

**SPRADLEY BROS**

Judge E. B. Lewis went to Lufkin this afternoon on legal business.

Mr. and Mrs. J. J. Hayter will leave this week for a visit to Vernon, Texas.

Dr. J. E. Mayfield returned on the early morning train from a business trip to Liberty county.

Miss Jennie V. Tucker of Chireno is visiting in the city, the guest of Mrs. Dr. Williams.

Mrs. Mattie Sonfield of Dallas, is the guest of her sister, Mrs. George King on Mound street.

June C. Harris left last night for Los Angeles, California, where he goes to look after some legal business.

E. M. Weatherly was here today from Garrison. That husky little city is preparing for a picnic Friday, July 2d.

F. H. Martin who has been at the sanitarium for some time is reported better today and will leave tonight with Mrs. Martin for Houston.

Mr. and Mrs. Frank Sublett who have been with Mrs. Swift on East Main street, are now located with Mrs. T. B. Hardeman on Mound street.

Mr. and Mrs. H. M. Terry and children who have been the guests of Mrs. Terry's mother, Mrs. J. E. Murph, returned to their home in Sour Lake Thursday.

Mr. and Mrs. John Nelson, accompanied by their grandson Langston Nelson left Friday afternoon for a visit to Burnett, Texas, where they will be the guests of Mrs. Nelson's brother and sister, Mr. and Miss Moor.

Mrs. R. Weyerman of San Antonio formerly, Miss Lora Fuller, is visiting her parents, Mr. and Mrs. H. C. Fuller of Melrose.

Mrs. Dr. Johnson, and two children, who have been visiting Mrs. C. W. Butt for the past two weeks, returned to their home at Giddings, Tex., today.

Mrs. Maria Murphey of Mt. Enterprise, returned to her home this afternoon, after spending a week with her uncle and aunt, Mr. and Mrs. R. W. Murphey.

The Sentinel was in error yesterday in stating J. E. Ray had gone to Lufkin to assume charge of N. B. Chancey's business, he merely goes to take charge of Mr. Chaney's books temporarily.

Mrs. R. A. Walling and daughter, Mrs. D. G. Hurley, will leave tomorrow via the T. & N. O. for Dothan, Alabama, to spend a couple of months. D. A. Walling will accompany them as far as New Orleans.

The Nacogdoches and Southeastern railroad company has very "nicely" pleased the residents of Fredonia and adjacent streets, by waging a destructive war on the weeds along their right-of-way. Rah for the Southeastern.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer One Hundred Dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

### CATARRH CURED.

No Cure, No Pay, is a Most Generous Offer.

To get an antiseptic strong enough to kill catarrh germs and not destroy the tissues of the membrane at the same time, has been a problem which was never solved until the discovery of Hyomei (pronounced High-o-mey).

Hyomei is prepared from eucalyptus, the most powerful yet healing antiseptic known. Breathe it through the inhaler over the inflamed and germ-ridden membrane four or five times a day, and in a few days the germs will disappear.

The inflamed condition will go too, and the snuffing, hawking and offensive breath, and the discharge of mucous and crusts in the nose will cease.

Then why should any catarrh sufferer hesitate, when Stripling, Haselwood & Co. has such faith in Hyomei that they offer to return your money if after a fair trial Hyomei does not cure catarrh.

A complete Hyomei outfit, including the inhaler, costs \$1.00, and extra bottles, if afterwards needed, costs but 50 cents. Hyomei also cures asthma, croup, sore throat, coughs, colds or grip.

## MI-ONA Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach disease or money back. Large box of tablets 50 cents. Druggists in all towns.

### Just 93 In The Shade.

To argue with anyone that yesterday's weather was only 93 in the shade, would be a hazardous task, inasmuch as most every citizen of this saintly little city knows it was very near that sultry in some comparatively cool places. Anyway 93 is all it was—to the contrary notwithstanding, though it is stated by many to have been exceedingly, and without a question of veracity, the warmest day ever. Cool places were some what in demand, rather short on supply, and fans came in as handy as a curtain in a glass cage. Today has been very much cooler and tomorrow, weather man says, it will still be more pleasant. The register has not reached the last July record yet—94, and only has two more days to compete.

### A Millionaire's Baby.

Attended by the highest priced baby specialist could not be cured of stomach or bowel trouble any quicker or surer than your baby if you give it McGee's Baby Elixir. Cures diarrhoea, dysentery and all derangements of the stomach or bowels. Price 25 cents and 50 cents. Sold by Mast Bros. & Smith. w

Paul and Edwin Perkins of Nacogdoches are spending a few days with their grandmother, Mrs. Lucy Hamlett. Some of Master Edwin's staunchest friends live in Timpson, and they are always delighted to see him.—Timpson Times.

### A Golden Wedding.

Means that man and wife have lived to a good old age and consequently have kept healthy. The best way to keep healthy is to see that your liver does its duty 365 days out of 365. The only way to do this is to keep Ballard's Herbine in the house and take it whenever your liver gets inactive. 50 cents per bottle. Sold by Mast Bros. & Smith. w

### Sunday School Rally.

There will be held a Sunday School Rally at the Rusk school house on the 4th. of July, consisting of songs, prayers, recitations and addresses, with dinner on the ground. A cordial invitation extended to all to come and bring their dinner baskets filled with something good to eat.

Mrs. Dora Avery,  
Mr. Ben Dale,  
Mrs. Maud Bowden,  
Mrs. Clew Weatten,  
W. P. Burrows,  
Committee.

### Proper Treatment for Dysentery and Diarrhoea.

The great mortality from dysentery and diarrhoea is due to a lack of proper treatment at the first stages of the disease. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a reliable and effectual medicine, and when given in reasonable time will prevent any dangerous consequences. It has been in use for many years and has always met with unvarying success. For sale by Stripling, Haselwood & Co. w

Ed M. Weatherly, here yesterday to see Mrs. Weatherly, who is visiting the family of Howard Irion, returned home to Garrison last night. Mr. Weatherly talked "Garrison mineral waters" while here, in a most convincing way. Lots of folks are drinking it and shipments are daily increasing.

Rev. H. C. Rimmer returned today from Tennessee.
