#### FAKE DOCTORS SKIP OUT

Hartford, Conn., Nov. 27.—A number of physicians have left Connecticut since an extraordinary grand jury started investigation of the Missouri fake diploma mill which enabled scores to obtain licenses to practice medicine in this state without the usual qualification. Process servers reported to the grand jury today that they had experienced difficulty in locating some of the physicians whom the jury desires to question.

#### MEAT TRAIN WRECK

Denton, Texas, Nov. 23.—A broken axle last night caused the wrecking of a train of nineteen carloads of meat on the Texas & Pacific railroad three miles north of Denton. The meat was scattered all over the right-of-way, and the loss is estimated at between \$75,000 and \$100,000 by railroad officials.

## Can You Save \$100?

If you are careful with your earnings, can you save \$100 every year? Not such a great amount, is it? You could do it if you would try.

Well, here's what would happen to you if you started in at 20 years of age, depositing \$100 every year at compound interest and leaving it alone. If you lived to be 70 years of age, your total at the bank would be over \$30,000. Worth trying, isn't it?

#### TEXAS CONVICTS ON WAY BACK HOME

Colorado Springs, Colo., Nov. 28.—Chained together by their necks, John McCoy and Barney Macklen, convicted slayers, who were trapped in a garage by Colorado Springs police when they brought two stolen automobiles here from Pueblo, left here last night in custody of "Bud" Russell, veteran transfer agent of the Texas state penitentiary, to re-enter them in that institution and serve the remainder of the 50-year sentence which was interrupted by their escape two years ago.

McCoy was shot in the leg when he made a dash for liberty at the time of his arrest here November 19.

The crime for which the pair were sentenced was the killing of a railroad agent who challenged them in the yards at Texline, Texas, in 1914.

#### WALTON TRIAL CONTINUED

Oklahoma City, Okla., Nov. 28.—Arraignment of J. C. Walton, former governor of Oklahoma, on six indictments charging diversion of public funds and dispersal of a meeting of the state legislature, was continued today until Monday. The deposed executive was to have entered pleas today. Continuance was taken by agreement, after it was found four jury trials were docketed for today.

Dr. E. A. Davenport, state health commissioner, indicted with Walton on five counts charging diversion of public funds, was granted a separate trial upon his application. He was given until Friday to plead. Arraignment of T. P. Edwards, Walton's former personal chauffeur, charged in five counts with diversion of public funds, also was continued until Monday.

#### RUM RUNNERS IN HOCK

Galveston, Texas, Nov. 27.—Captain W. H. Farrell, master of the British schooner Island Home, and eight members of his crew were bound over to the federal grand jury at their preliminary hearing today on charges of unlawfully importing liquor. Pleas of not guilty were entered.

#### HAS NO GOVERNMENT

London, Nov. 27.—Doctor Heinrich Albert has relinquished the task of forming a ministry for the German reich, says an Agency dispatch from Berlin. Germany thus is still without a government, after an interval of four days since the resignation of the Stresemann ministry. Albert's lack of success is attributed to the decision of all political parties in the reichstag to oppose a non-partisan cabinet.

#### "GOLDEN RULE SUNDAY"

Dallas, Texas, Nov. 28.—The success of the observance of "International Golden Rule Sunday," December 2d, in Texas, depends entirely on the willingness of the people of this great state to practice a little self-denial and fasting on that day, according to a statement of Charles L. Sanger, state chairman. "It does seem that when a person has enjoyed a bountiful repast Thanksgiving Day, which a large number of Texans will do only a few days before Golden Rule Sunday, that such a person would be willing to make the small sacrifice necessary to a fitting observance of that day," said Mr. Sanger. Such a course would be highly beneficial to the individual at any time, he pointed out, and since by so doing on this occasion one will help provide food for the starving children of the Near East, a person should be glad to render such service to humanity.

Chairmen are actively carrying forward plans for the observance in Fort Worth, Wichita Falls, Sherman, Denton, McKinney, Paris, Dallas, Greenville, Tyler and many other points in the state, it is announced at state headquarters.

Those who will observe Golden Rule Day pledge themselves to eat simple dinner Sunday, December 2d, and contribute the difference between the cost of such a meal and a more elaborate one to the Near East Relief for purchasing food for the thousands of orphan wards of that organization in the Near East. The amount so saved should be sent promptly, after December 2, to the Texas State Office, 611 Slaughter Building, Dallas, for speedy transmission to the needy area across the sea.

#### COOLIDGE DECLINES GIFT OF THANKSGIVING TURKEY

Washington, Nov. 28.—All offers of a gift turkey for the White House Thanksgiving table have been declined with thanks.

President and Mrs. Coolidge will buy their own.

For many years it has been the custom of admirers of the nation's chief executive to compete for the honor of providing the bird for his Thanksgiving dinner. Some times enough turkey has been received at the White House to load down the tables of the whole staff of employees. But Mr. Coolidge does not regard the practice as one that should be encouraged.

#### MEETING TO PROTEST PARDON OF NEGRO RIOTERS

Houston Chronicle. Representatives of a number of local patriotic organizations will attend the mass meeting Wednesday night at 8 o'clock on the fifth floor of the courthouse to protest the pardoning of the negro rioters in Leavenworth prison who terrorized Houston on the night of August 23, 1917, by shooting up the town and murdering several innocent people.

Roy K. Nelson, commander of the Thomas Dismuke post of the American Legion, has drawn up a resolution which will be supported by representatives of the Chamber of Commerce, Veterans of Foreign Wars, Societe de Quarante Hommes et Huit Chevaux, the War Mothers, the Navy Mothers, Illinois Society of Houston, ex-service men of Camp Logan and the veterans of Ellington Field, Sam Houston post American Legion, mayor and city council and members of the county commission and local judges.

Congressman Daniel L. Garrett of this district and President Coolidge have already been sent communications protesting against the pardoning.

#### COTTON PRICES CLIMBING

New York, Nov. 27.—December cotton contracts jumped to 36.10 at the opening of the market today, an overnight advance of 50 points, the highest level since 1920. The advance was due to strong English cables and bullish spot reports from the South.

#### ANTI-MASKERS WIN OUT

Oklahoma City, Okla., Nov. 27.—The state senate today adopted the clause in the bill to regulate secret orders making it a misdemeanor to wear a mask. This action was greeted by the proponent of klan legislation as the greatest concession made thus far by the group opposing strict regulatory laws.

#### THE CROWDED COLLEGES

Our colleges are overcrowded. What are they going to do about it? Wellesley, the woman's college, has taken a step in one direction by announcing that all youthful prodigies will be excluded. That is, no abnormally bright child under age can get in. President Schurman of Cornell has a suggestion of the other extreme. He thinks standards should be raised so that the lazy and stupid can not matriculate, even though they have passed the requisite number of birthdays.

There is no gainsaying that a college education does wonders for some people. It also ruins many. The old debate as to its usefulness goes on forever. But not many folk nowadays are unwilling to give the colleges full credit for a wonderful improvement in the general level of culture in the country.

It has been our proud boast that almost any young man or woman, given grit and energy, could get a college education. This is a standard that we don't want to lose. Maybe it will be better to go slow in making changes. Higher education is greatly prized and widely distributed among us. We don't want to rob the many for the sake of the few.

#### BANDITS MURDER VICTIM

Los Angeles, Cal., Nov. 27.—Charles Chapman, 25, an insurance salesman, was shot and killed today by a trio of bandits after they had stopped his car and forced him and a woman companion out of the machine. Three men are being held in connection with the shooting.

#### ANTI-MASK BILL IS DEFEATED IN OKLAHOMA

Oklahoma City, Okla., Nov. 28.—Section one of the joint committee anti-Ku Klux Klan bill, which would have made the names of officers of all secret orders available to the public at the office of county clerks, was rejected today by the Oklahoma state senate, 20 to 18.

#### CONFESED TO MURDER OF BANK MESSENGERS

New York, Nov. 28.—Barlow Diamond and his brother, Joseph, have made a complete confession of their part in the robbery and murder of two West End Bank messengers in Brooklyn on November 14, District Attorney Dodd announced today after seven additional arrests had been made. Both of the Diamonds denied firing the shots which killed the messengers, from whom \$43,000 was stolen, but furnished the names of three gunmen alleged to have done the actual slaying, according to Dodd.

#### VALUE OF CHRISTMAS SEALS

Austin, Texas, Nov. 28.—The value of the Christmas Seal Sale as a means of financing a nationwide health movement is shown by the attitude of the government at Washington which has given its unqualified endorsement of the little health stamps and has authorized the post-offices of the larger cities throughout the country to use a die in the stamp cancelling machines which will imprint on each outgoing envelope the words:

"Christmas Seals Stamp out Tuberculosis."

This is considered by publicity experts to be one of the best methods of broadcasting a message to the world that has ever been used and the privilege is granted by the government only in matters of vital public interest and welfare. The postoffice department also has granted the privilege of selling the Christmas seals in booths in the lobbies and entrances of all postoffices when it does not interfere with the regular business of the office. Thus an exception is made to a very strict rule against the use of the postoffice buildings for anything but government business, and goes to show that Uncle Sam believes that the health of the people is government business.

#### CARUSO'S WIDOW WEDS

London, Nov. 28.—Mrs. Enrico Caruso, formerly Miss Dorothy Park Benjamin of New York, and Captain Ernest Ingram of London were married here today.

#### GEORGIA FLOGGING CASE

Marietta, Ga., Nov. 28.—Efforts of the state to bring the Ku Klux Klan into the Smyrna flogging case featured the morning session today in the trial of Parks Cook, charged with being a member of the gang which is alleged to have flogged Mrs. Bertha Holcombe, a widow, and stepson Morton, her escort.

Solicitor General John Wood's move was overruled, the court sustaining objections by defense counsel to a question asked Joe Bramlett, one of the six men indicted, a defense witness, as to whether he was a member of the klan.

#### HEAVY SNOWS FALLING

Fort Worth, Texas, Nov. 28.—Heavy snow is falling this morning from Weatherford to Colorado, Texas, according to reports to the railroads here. This is one of the earliest snows in that territory on record.

Snow began falling here today, setting a new record for this city.

#### WARMER FOLLOWING SNOW

Amarillo, Texas, Nov. 28.—Rising temperature greeted the Panhandle today on the heels of its first big snow storm of the season. The snow is melting rapidly and outside the delay in harvesting crops no damage was sustained by the country.

#### NEW PROHIBITANT

Houston, Texas, Nov. 28.—J. W. Van Group, head of the federal prohibition enforcement in the Houston district, has been made head of the field forces in Texas, succeeding E. B. Henson, effective December 1st, it was announced today at Austin by Director Cole.

#### WANTED GOOD CRACKSMAN; SEEKER IS ARRESTED

Los Angeles, Cal., Nov. 28.—Berne D. Van Horn was arrested here last night after he requested a taxi driver to put him in touch with a good safe-blower, according to the police.

The taxi driver introduced him to a detective lieutenant, who is alleged to have played the role of "a good safe-blower," so adroitly that enough evidence was obtained to hold Van Horn as a burglar suspect.

#### ALLEGED BANDITS CAPTURED

Bushnell, Fla., Nov. 27.—Three men believed by the sheriff to be the Dautremont brothers, wanted in connection with the holdup and robbery of a Southern Pacific passenger train in the Siskiyou Mountains, on the California-Oregon state line, October 11, are being held in the county jail here, it became known today. A reward of \$14,400 has been offered for the arrest and conviction of each person implicated in the crime. Three railway employees were killed in the holdup.

#### FARM BUREAU WORK

Dallas, Texas, Nov. 28.—The Texas Farm Bureau Cotton Association on December 15th, will distribute \$5,468,000 to its members in Texas, which will bring the total amount distributed to them already this year to \$14,535,000, it was announced by John T. Orr, president of the association, today.

"This distribution is being made on the basis of 153,000 bales of cotton and will cover the close of business of November 24th. It is the first of our distributions on this season's business following the initial advance, and brings the per bale advance to the members to \$95," he said.

"Other distributions will follow from 60 to 90 day intervals, and this regularity of distribution together with the millions of dollars involved in each distribution enables a stabilization of business affairs generally, an increased buying power and stabilized bank balances," Mr. Orr said.

"The fullest support and co-operation from the banker and merchant over the state in assisting the cotton farmer to take advantage of the benefits of co-operative marketing, which is rapidly being realized, would enable an even larger distribution periodically throughout the year as well as an even more stabilized condition of affairs in which they will substantially benefit, as well as the cotton grower," he said.

#### OUR AFFILIATED SCHOOLS

Austin, Texas, Nov. 28.—Texas has more affiliated high schools and preparatory schools than any other state in the South, according to Registrar E. J. Matthews of the University of Texas, who will represent the accredited schools at the Association of Colleges and Preparatory Schools of the Southern States at the annual meet in Richmond, Va., December 6 and 7.

Dr. W. J. Battle, professor of classical languages in the University of Texas, will be a representative of the University at the meeting. The association is divided into two commissions. There will be meetings of the commission of colleges and the commission of accredited schools. There will be meetings of the commissions two days before the joint meeting for specific discussion, it is stated. Problems for discussion include admission requirements, standards of the school and other topics.

Texas has five colleges represented in the association including the University of Texas, Southwestern University, Rice Institute, Southern Methodist University and Texas Christian University.

#### DISASTROUS FIRE

Detroit, Mich., Nov. 28.—Starting from an overheated stove in a watchman's shanty early today, five destroyed the Detroit & Windsor Ferry Company's dock, housing the United States immigration and customs offices, spread to the six-story Munger building, which was burned to the ground and then destroyed a four-story warehouse and several small buildings on Woodward avenue and Bales street. When the fire was brought under control the total loss was estimated at \$1,500,000. Three persons were injured, one probably seriously.

## UNIQUE RED CROSS WORK

Rather unique manner of "selling" the Red Cross to the people of Terrell, Texas, was adopted by the campaign committee of the Kaufman county Chapter of the American Red Cross. Instead of making a speech and telling what sketch was put on in which ing what the Red Cross is, what it represents, what it does and what it means to do, a sketch was put on in which a prominent business man of the town of Terrell questioned the secretary of the Kaufman County Chapter. Every possible question was asked as to methods, organizations and finances and every possible argument against the Red Cross was put up and ably knocked down by the Red Cross secretary who did the other side of the argument.

The result was that the audience not only were "sold" en masse so far as they themselves were concerned, but pledged themselves to go out and carry the information they had obtained to the rest of the town.

This served not only to give facts concerning the Red Cross but to give the Red Cross an opportunity to answer the criticisms sometimes advanced by persons who regard the organization merely as a war time agency rather than a continuous agency for the service of the public.

## LOOK BEFORE CROSSING

A rather novel contribution to the current discussion of how to lessen automobile accidents is made by a New York physician. It is to employ the power of repeated suggestion in an effort to make the public more careful. For 15 years he has gone his daily round about the metropolis on the front seat of an automobile, sitting with his chauffeur, "for the reason that the utmost attention is required on the part of both to prevent us from more or less damaging the New York pedestrian. Up to the present time we have not damaged a single individual, but we are not at all sure about tomorrow. There are those who use our streets who apparently insist on being run over, if one is to judge from their indifference to their surroundings," continues the doctor. As he sees it from the front seat of his car, about 10 percent of accidents may be laid at the door of the automobile driver and the rest are due to absence of concentration on the part of the pedestrian.

Here is where he believes a policy of organized suggestion would come in. He would have every newspaper print conspicuously on the front page daily, "Before you cross the street today, look carefully to the right and left." He would have the same warning flashed on motion picture screens and posted up in all the school and public buildings and the sign displayed on every third lamp post. Within a few days, he believes, every person who is not blind or illiterate would involuntarily look to right and left before crossing a street. He would do so because he could not help it; it would have become a habit.

Even if such a scheme of publicity is not adopted, self-education of every individual in this common sense precaution is possible, and obviously acquirement of the habit would reduce automobile accidents to the minimum.

## WALTON

Houston Chronicle.

What shall we say about Walton, the impeached governor of Oklahoma? Shall we call him bad names and hold him up as a moral to little boys, or shall we accept him as the most pathetic figure in a great farce?

The point is that Walton did not make himself governor of Oklahoma. He tooted a horn, it is true, and jazzed around quite a bit, but it was by vote of the people, the great and sovereign people, that he became governor.

Why did the people of Oklahoma make Walton governor? Was it because of any proven fitness on his part, any visible qualifications, any known experience?

It was not. It was because they were captivated by his cheap oratory, his Smart Aleck brand of campaigning.

They bought him the same way as they buy brass rings from a clever salesman who says the rings are gold. They bought a lot of bootleg eloquence, knowing what it was, but liking to be fooled.

The people of Oklahoma were more thrilled by the show Walton put on than by consideration of the state.

They slapped each other on the back, crying, "Aint he a pippin?" Then they voted, with both eyes shut. Walton has been humiliated, if any-

body with so thick a skin and so little sense of propriety can be, but the people of Oklahoma have been made to look foolish before the whole country. The only good reason they had to impeach Walton was because they were silly enough to elect him.

They proved themselves easy marks at the ballot box, and he took them at face value. He continued to flimflam them after election, simple because he did it so successfully before.

So long as people are willing to be fooled in their candidates, they must expect to be fooled in their officials.

The passage from candidate to official doesn't change a man in the least.

The Oklahoma mess demonstrates one fact, and that is that the people got exactly what they voted for.

## COST OF OVER-FATIGUE

We are all more or less familiar with the nature of fatigue. To some extent we are familiar with the nature of over-fatigue. But of its various causes and of the results of excessive fatigue on the human body, and of its cost to the nation at large, there has been but little public information.

There is needed no proof for the assertion that where fatigue is excessive and prolonged the body loses its resistance to disease and physical ills become frequent. But what we do need is some authoritative information on how much is lost to us from fatigue, and how serious on a national scale this affliction may become.

In the matter of the length of the work-day the recent report of the Health Service established definitely that the greater amount of over-fatigue resulting from the long work day brings more accidents than the normal work day. There is, we are told, apparently in plant-production a law diminishing returns for energy spent, and a point is reached beyond which labor becomes less profitable. Significant, too, is the estimated loss from fatigue to the 40,000,000 workers in the United States. For a period of 300 days the output of 1,600,000 workers is lost to us each year. At five dollars a day this totals \$2,400,000,000. Although this purports to be a conservative estimate, even if it were an over-statement it is serious enough to consider.

The report of the health service ought to lead us as a nation and as individuals to the consideration of the fact that fatigue producing conditions and processes should be studied and eliminated wherever possible.

## HIGHWAY MARKING

The following valuable information has been received from Captain J. D. Fauntleroy, state highway engineer.

In addition to the state taking over the maintenance of all state highways January 1, 1924, as announced in our October 30th Bulletin, the State Highway Department will also take over the marking of all state highways on January 1, 1924, under the direct supervision of the sixteen district engineers, details of which are as follows:

The road signs will be very simple in design and merely intended to inform the traveler the distance between towns, cross-roads and other important places.

In addition to these signs, road markers will also be erected, which will consist of a black circle, six to eight inches in diameter, containing a single white star and in the center of the star will be the number of the highway. These circles will be painted on telegraph poles, bridge heads, culvert walls and occasionally on sign boards where there is nothing else. For example: Andone leaving Texarkana and following State Highway No. 1, will see these markers erected, or markers on posts, headwalls, etc., at relatively close intervals all the way to El Paso.

In addition there will be other signs for "Bad Curves," "Railroad Crossings," "Detours," etc. The State Highway Department will finance the marking of all highways and have exclusive control of same, which will eliminate the necessity of the public contributing funds for the purpose of marking highways.

This is, indeed, valuable information and persons reading some should make it a point to tell others.

The highway bills, advocated by the Texas Highway Association, and passed by the 38th legislature, made it possible for the State to take over this important work.

When ex-President Wilson motors, says a Washington sketch, he goes only 15 miles an hour. But these are peace times. He made the war chariot do better than that.

## SELF-SACRIFICE.

Renewed faith in the existence of a brotherhood of man was aroused by newspaper reports of the offer of five young eastern girls to submit to a dangerous blood transfusion to save the life of a girl chum.

Similar instances of inspired generosity and unselfish sacrifice are occurring daily throughout the United States without the knowledge of the masses. Sacrifice has a way of operating in secrecy to its glorification. Exposure to the public gaze degrades it.

Though the revelation of every act of sacrifice would be lamentable and operate against the perpetuation of similar acts, yet there is a good that is obtained by humanity in the occasional relation of deeds of abnegation and heroic sacrifice. It inspires others to similar acts and promotes that greatest of all human virtues, brotherly love.

What greater sacrifice of abnegation than this offer by these five young women to endanger their own lives for the sake of another? The heart of a nation—set a-throbbing by this instance of sacrifice—will hope for the recovery of the girl on her death bed and for the safety of the companion finally chosen to give up her life's blood for a girl friend.

## THE LURE OF HOLLYWOOD

Houston Post.

Hollywood is sending out S O S signals to the country in an effort to halt the invasion by film-struck girls. They are arriving on every train, thou sands of them, and the problem of what to do with them seems hopeless. It is declared there is not a chance for the great majority of them. Indeed, the following table of percentages is given out to illustrate the hopelessness of the situation.

One in a thousand may become a leading lady and in demand; 500 out of every 1,000 will be utterly disappointed, unable even to see the inside of a studio; 10 out of every 1,000 may earn a precarious existence by occasional employment as an extra in large scenes at from \$3 to \$7.50 a day, perhaps one day a week; 100 out of 1,000 find employment in Los Angeles cafeterias, telephone exchanges, etc.; 700 out of 1,000 are unable to remain in California, but must return to their home towns; 100 out of 1,000 are swallowed up in the wreckage of bodies and souls never to return home.

Not an encouraging prospect for pretty girls who crave a career in the movies. Unfortunately, perhaps, beauty and talent do not necessarily go together; in fact, not so often as is supposed, and talent is quite necessary for a successful career in the movies. The big salaries received by the stars by no means reflect a common condition in Hollywood. The few reap great rewards, the many live in poverty.

The pictures do not reflect the hardships that the film-struck girl must encounter between leaving her home and her final disillusionment. The stories of disappointment poverty and ruin that emanate from Hollywood give only a faint impression of the real tragedy that awaits the average girl whose ambitions lead her there.

## WHAT EVERY WOMAN KNOWS

Little girls have a different way of picking up a doll than little boys have. It's instinctive.

No man can run his finger around the naked gums of an infant and predict to the day when the first tooth will arrive.

It has never been recorded that a father steered a baby carriage properly the first time, without coaching.

A baby will smile for his daddy, but when it's hungry it hollers for its ma. A man may have a big moustache and a deep bass voice, but when a capable woman asks him to hold the baby's bottle for a minute, he becomes as a little child.

Some men are flattered by one thing, some by another, but there is just one remark that "gets" them all: "Isn't it the image of its father?"

When there is nothing else to be said about a baby, it can still be remarked that the child has a sweet expression.

Mr. W. H. Wood returned home Saturday afternoon from Temple, where he had undergone a surgical operation, the third to which he has been compelled to submit. Everything considered, "Uncle Billy" is looking remarkably well, a fact which will cause rejoicing among his multitude of friends in this section.

Marriage licenses have been issued since last report to Joe Lambert and Miss Ruth Graves, R. S. Green and Miss May Strahan, both couples residing a short distance east of town, and T. V. Eason and Miss Vivvie Wright of the Appleby community.

Hopeless. Reckless drivers cannot smash cars as fast as factories turn 'em out.

## NACOGDOCHES TRADITIONS

By J. E. Mayfield, M. D.

About the year 1850 Texas became more peaceful, quiet, orderly and lawful. The Mexican war had ended. The Cherokee war also. The California gold mine excitement was in full blast. Adventurers turned their attention to that, or to the wild west. Immigrants poured into Texas from the east and from many other lands. Homesites and lands attracted general interest. Churches and schools became absorbing activities. Big dwellings and big plantations became leading desires.

One of the notable planters was the John J. Hayter plantation eight miles west of the town of Nacogdoches. The Hayter white house is the present evidence of former grandeur. Another was the John J. Simpson home eight miles east of this town. Solomon Wolf at Linwood in Cherokee county, was one of these. They were large slave holders and land owners. And in town or at other points large mercantile establishments sprang up. Four miles south of Douglas was the noted John Durst plantation. A few miles north there were several smaller ranches that were of importance. Some such were then known as the old Red Field or Spencer place, the Garrett place, Turnipseed place and extending along eastward were the places of Sanders, Willingham, Ham, Bruton, Goyens and the famous old Stone's Mill, with the overshot water wheel and its old fashioned mill stones. The town of Nacogdoches got corn meal from there. So did many people from more distant localities. The Moral creek got its head waters from springs around there, and the Hotchkiss mill was situated about seven miles below on this creek. It did a similar and extensive business. But this section of the county was sparsely settled up.

North of the town of Nacogdoches on the Henderson road there were homesteads of this early date so well known by the manner of their owners, that it seems strange that these names are not still used. For instance at the two mile point was the John S. Thorn place. This appeared to be one of the oldest homesteads of its period. Later it became the well-known homestead of A. J. Murphey.

At the three mile point was the pretentious homestead of Raiford Fulghum. He had a two-story framed dwelling and was a slave owner of important rating.

There was no other dwelling till the well-known old Caddell homestead was reached, though there was some abandoned old fields from where dwellings had long since been gone. One about five miles north from town had been known as the Talliaferro old place. Andrew Caddell's home at six and a half miles from town appeared at this date to be very old. Caddell was county tax assessor. He had two grown sons, Bob and Dick. Bob was a young married man and lived at a newly settled place, then known as the John Sparks place. This is the place where the lamented H. B. Power recently died, and was his home for many years.

The Caddells moved to Bell county and lived there many long years. Old North Church was then a log house and was called Union church.

## ALTO NOW FULL-FLEDGED MEMBER LONE STAR TRAIL ASSOCIATION

Alto Herald, 22d.

The following letter was received from Mr. M. J. Hogan of this city recently from the Bank of Winnfield, La., signed by the national treasurer of the Lone Star Trail:

Nov. 14, 1923.

Mr. M. J. Hogan, Sec.-Treas. Lone Star Trail, Alto, Texas.

Dear Sir—This is to acknowledge receipt of your check of \$155, covering your membership of thirty-one in the Lone Star Trail Association.

This is unquestionably the greatest East and West line in the United States and we congratulate you on your ability to secure it. It will pay dividends just so long as civilization continues to employ roadways and it will extend your trade territory when the road is completed, which will be within a short time from ocean to ocean.

Yours very truly,  
B. W. Bailey,  
National Treasurer Lone Star Trail.

A Fort Worth woman who shot and killed her husband a few months ago was given a sentence of twenty years in the penitentiary. If Fort Worth stands for this her glory will soon depart and Dallas will walk off with the honor of being the greatest husband killing city of the world. Women who kill husbands want to break into the movies, not into the penitentiary.

The average man is just about the difference between what a wife tells another woman he is and what she tells him he is personally.

## HAIR GROWS THICK AND SO BEAUTIFUL

35c "Danderine" Does Wonders for Lifeless, Neglected Hair

Girls! A gleamy mass of luxuriant hair full of gloss, lustre and life shortly follows a genuine toning up of neglected scalps with dependable "Danderine."  
Falling hair, itching scalp and the dandruff is corrected immediately. Thin, dry, wispy or fading hair is quickly invigorated, taking on new strength, color and youthful beauty. "Danderine" is delightful on the hair; a refreshing, stimulating tonic—not sticky or greasy! Any drugstore.

## THE BIG DIFFERENCE AND WHERE DOES IT GO?

Most everyone will admit that \$1.10 a month, \$13.20 a year; 10 years \$132.00; 20 years \$264.00; 40 years \$528.00 is cheap insurance for men and women from 16 to 50 years of age, and nowhere can you get it for such a small amount. Still if we had been collecting \$1.10 a month, whether any deaths or not, after paying all death claims and expenses, 64 deaths in 14 years in the Mutual Benefit, we would now have on hand a surplus of \$88,000.00, and for 6 years in the Brotherhood, a total of 24 deaths, we would have a surplus of \$39,600.00, a total surplus in the two orders of \$127,600.00, and could stop assessing until 127 members died before it would be necessary to begin assessing again. And remember, there have only been 88 deaths in the two orders and all death claims and all expenses have been paid. Is not this vast saving by the Dorsey Way worth something to the people of the county?

Talk about Life Insurance the Dorsey Way is head and shoulders above any other Life Insurance and grows more in favor of the insuring public and grows stronger and stronger as time goes by. Life is uncertain and death is sure. See Dorsey today. We have openings all along in Orders that are worth \$1,000.00 the day you get it should you die.

**WALTON IS INDICTED ON FELONY CHARGES**

Oklahoma City, Okla., Nov. 23.—J. C. Walton, removed Monday as governor, was indicted today by the Oklahoma County Grand Jury on seven counts charging diversion of public funds, intimidating an officer and preventing the assembly of the lower house of the state legislature. Dr. E. A. Davenport, state health commissioner, and T. P. Edwards, former personal chauffeur to the deposed governor, also were indicted on five counts, each charging diversion of public funds. Walton made a bond of \$6,700. All the indictments against the former executive charge felonies except the one alleging intimidation of an officer. This charge is based upon the dispersal on September 17 of the grand jury called to investigate his official acts as governor.

**U. OF T. GREENHORNS**

Austin, Texas, Nov. 23.—What are known as Greenhorn pins are worn by members of the freshman co-ed class at the University of Texas so that professors may be able to distinguish freshmen girls in their classes and offer all possible aid to first year students.

The organization of freshmen girls known as the Greenhorns originated under the supervision of Miss Edna McDaniel, freshmen dean of women, and a cabinet of sixteen members is in charge of affairs staged by the Greenhorns. An unusual spirit of cooperation has already developed among freshmen co-eds during the fall, according to Miss McDaniel.

**SWAT DIPPING DODGERS**

Fort Worth, Texas, Nov. 23.—One of the best records for convictions of violators of tick eradication laws has been made by R. W. Williams, inspector of the Livestock Sanitary Commission of Texas, through the assistance of the courts and prosecuting attorney at Marshall.

The record of cases tried at Marshall this year is as follows: Guilty verdicts 8, pleas of guilty 19, one hung jury which later was a plea of guilty; cases pending 2, lost none. The tick eradication campaign is being conducted by the Live Stock Sanitary Commission and the Bureau of Animal Industry.

**MORE MONEY FOR FARMERS**

Dallas, Texas, Nov. 23.—On December 15, the Texas Farm Bureau Cotton Association will distribute \$5,468,000 to its members instead of \$4,207,702 as announced recently, according to a statement made today by J. T. Orr, president of the association. The increase is made possible, he said, by the action of the executive committee in increasing the per-bale advance from \$70 to \$95 instead of \$90, as previously agreed upon. The distribution will cover the advance payment on 153,000 bales of cotton handled for its members by the association up to the close of business on November 24, Mr. Orr stated.

**HOUSTON ARCHITECTS WILL PLAN TECHNOLOGICAL SCHOOL**

Houston, Texas, Nov. 22.—Sanguinet, Staas & Hendrick, with offices in several Texas cities, were chosen as architects for the new Texas Technological College by the board of trustees of that school at a meeting here today. It is expected a new president will be named late today.

**PRESIDENT OF U. D. C.**

Washington, Nov. 22.—Mrs. Frank Harrold of Americus, Ga., was elected today President General of the United Daughters of the Confederacy in convention here. She defeated Mrs. Amos Norris of Florida, her only opponent.

**DIED OF BURNS**

Fort Worth, Texas, Nov. 22.—A young farmer named Trotter was burned to death yesterday near Dumas. He was starting a fire with gasoline.

**PNEUMONIA**

Always call a physician. Until his arrival use "emergency" treatment with Vicks. This does not interfere with anything he may prescribe.

**OKLAHOMA KLAN WINS IN FIRST TEST OF STRENGTH**

Oklahoma City, Okla., Nov. 23.—The state senate today, in what is regarded as the first test of strength of the Ku Klux Klan elements and those opposing the organization, rejected an amendment to the Klan bill under consideration which would have provided for filing with county officers semi-annually a list of officers and members of secret orders. The vote was 13 to 23.

**GREAT FOR COTTON FARMERS**

Dallas, Texas, Nov. 22.—Approximately \$100,000,000, representing the surpluses of banks throughout Texas as the result of the high price of cotton, has been invested in commercial paper and government securities, W. O. Connor, president of the Republic National Bank of Dallas, said in a statement today. This is perhaps three-fourths as much larger than any like period or year in the state's history, he declared.

**AFTER THE RUM RUNNERS**

Washington, Nov. 22.—The entire eastern section of the country as far west as Pittsburgh is being combed by federal agents in an effort to stamp out a liquor smuggling and marketing conspiracy, described as one of the most gigantic combinations ever known, whether legal or illegal. Working on clues obtained by the Savannah, Ga., grand jury, which yesterday indicted 126 persons for alleged violation of the prohibition laws, the agents, according to William Burns, chief of the Bureau of Investigation of the Department of Justice, have a winter's work before them that is expected to provide sensational results.

**POSSEMEN WOUNDED**

Terre Haute, Ind., Nov. 22.—Four members of a volunteer posse organized to search for supposed bank robbers were shot and seriously wounded by posses headed by Sheriff Herman Weber in a gun battle at Cory, south-east of here, this morning. As the sheriff's party was approaching Cory they were met by the citizens' posse. Believing them bandits, the citizens' posse called upon them to halt and the sheriff, thinking he had been ambushed, opened fire, wounding four citizens of the posse. The parties were searching for a party of men reported to have been acting in a suspicious manner in that vicinity.

**GERMAN DYE-MAKERS**

Dusseldorf, Nov. 22.—The agreement recently signed between representatives of the Rhineland dye industry and the Interallied High Commission at Coblenz involved 50,000 workmen. Together with reaching other industrial agreements, this will serve greatly to facilitate the resumption of work on the west bank of the Rhine, according to French authorities. The dye plants, it is stated, agreed to deliver dyes to the Allies on the repayment account, and in turn their export taxes were temporarily reduced so the plants could rehabilitate their finances.

**ODOM WILL TRY KLANSMEN**

New Orleans, Nov. 22.—Judge Fred Odom, Sixth Judicial District, will try the remainder of the Morehouse parish Ku Klux Klan misdemeanor cases, the Supreme Court today having refused to take the steps requested by the defense, which would have disqualified the jurist.

**MORATORIUM IMPERATIVE**

Washington, Nov. 23.—A practical moratorium will have to be granted by the government on a number of reclamation projects to prevent their being disastrous failures to the present tenants, Chairman Campbell of the Interior Department's special advisory committee said today in reviewing investigations to date.

**JOLT FOR COMMUNISTS**

Berlin, Nov. 23.—General von swehr, today ordered the dissolution of the German communist party and confiscation of its funds. The decree also prohibited the holding of communist meetings and the publication of communist newspapers.

**OIL FRAUD PROMOTERS RECEIVE HEAVY SENTENCES**

Fort Worth, Texas, Nov. 22.—Dr. Frederick A. Cook, explorer and oil man, was found guilty by a federal court jury yesterday afternoon of using the mails to defraud in the promotion of oil companies. He was found guilty on 12 of the counts in the indictment against him. The jury was out 20 hours.

Dr. Cook was given a sentence of 14 years and nine months and a fine of \$12,000. A. K. Eckman, the last of the defendants to be sentenced, was given seven years in prison and a fine of \$12,000.

S. E. J. Cox, alleged associate of Dr. Cook in the operation of the Petroleum Producers Association, found guilty yesterday afternoon in federal court of alleged misuse of the United States mails in connection with the operations of the company, was sentenced to serve eight years in the federal prison and assessed a fine of \$8,000 by Federal Judge John L. Killits. Other co-defendants of Dr. Cook, who had previously entered pleas of guilty were fined as follows: O. L. Ray, \$500; G. A. DeMontmond, \$500; H. E. Robinson, \$500; Harry Bleam, \$500; J. E. Murnister, \$500; H. E. Stehens, was fined \$7,000 and sentenced to serve 90 days in jail.

L. A. McKister was given six years and a fine of \$1,000.

Fred K. Smith, treasurer of the Petroleum Producers Association, was fined \$12,000 and sentenced to seven years in prison.

Sentence of a year and a day and a fine of \$1,000 was imposed on the following: J. S. Rooks, C. W. Slute, S. L. Hess, T. O. Turner, B. S. Herringer, E. J. Dawden, and R. L. Maxwell, W. L. Braddish and W. P. Petty were given sentences of two years each and fines of \$1,000.

A. M. Delcambre was acquitted on instructions from the judge.

The jury which heard the five weeks' evidence in the case of Dr. Frederick A. Cook and 13 others charged with oil fraud promotions, began its deliberations Wednesday morning.

Although the jury received the case late Tuesday, Judge J. M. Killits fixing his charge at that time, it was too weary to tackle it at once and, at the suggestion of the court rested following dinner. Judge Killits was 3 hours and 15 minutes delivering his charge, one of the longest ever given to a Texas jury. It went deeply into the evidence as well as the law.

All of the defendants, including the seven men who already have pleaded guilty were on hand at 9 o'clock Wednesday morning awaiting word from the jury room. The hallways on the second floor of the federal building were crowded all morning with persons interested in the trial. If the jury does not agree on a group verdict, either for conviction or acquittal, it will be necessary to make 165 counts for each defendant and the jury must pass on each count.

**WALTON GIVES BOND FOR TRIAL NOV. 26**

Oklahoma City, Okla., Nov. 24.—Arraignment of J. C. Walton, deposed governor, indicted yesterday, was set for November 28 before Judge George Clark in State District Court. Dr. A. E. Davenport, state health commissioner and T. P. Edwards, the former governor's personal chauffeur, indicted with him, will enter pleas at the same time. All have made bond for their appearance.

**THE FORTHCOMING MESSAGE**

Washington, Nov. 24.—President Coolidge today began the final polishing of his forthcoming message to congress, which many observers believe will have an important bearing on his future political fortunes. Little is known of the details of the message, but it is generally thought its principal sections will deal with taxation, agricultural relief and transportation.

**BISHOPRIC TRANSFERRED**

Rome, Nov. 23.—Pope Pius announced today that he has transferred the seat of the Bishopric of Alton, Illinois, to Springfield and has assigned to it Monsignor Griffin with the title of Bishop of Springfield.

Nothing will drive away so quickly that heavy, dull, worn-out, and tired feeling as this wonderfully invigorating tonic.

**DEMOCRATIC WOMEN MEET TO PROMULGATE PLANS**

Atlanta, Ga., Nov. 23.—Optimistic forecasts for the democratic party in the national campaign next year were brought here today by democratic women from eleven Southern states when they gathered for the initial session of a two-days' conference. Predictions of victory for the democratic standard-bearers in the presidential contest next year were heard on all sides as the leaders of the party went into the opening meeting. Mrs. Benton McMillan of Nashville, Tenn., democratic committee woman from that state and director for this region, presided. A definite program of activity among women leaders of the party is expected to emerge from the conference.

**FUNERAL OF W. D. FRANCIS**

The funeral of Mr. W. D. Francis, who died at the Mound Street Hospital Thursday, was held at the First Presbyterian church at 3:30 Friday afternoon, Rev. George C. Moore, the pastor, conducting the solemn service. Interment followed in Oak Grove cemetery in the presence of one of the largest gatherings known here at a funeral.

Deceased was 53 years, 9 months and 26 days old at the time of his death. He came here with his family on August 20, last, and entered the employ of Tucker, Hayter & Company, and within a short time won the confidence and friendship of his employers and associates, with whom he became deservedly popular. In his dealings with the public he made friends on every hand, and his death came as distinct shock to our people, and in the minds of all there will ever linger the memory of a kindly, courteous gentleman.

He is survived by his wife and four children, George C. of Dallas and Misses Alice and Bess Mildred and Master William of Nacogdoches, together with a brother, Dr. C. C. Francis of Farmersville, La.; three sisters, Mesdames A. E. Dabney of Dallas, Otto Bishop of Cleburne and Sallie Summers of Rusk, and a number of nephews and nieces.

The active pallbearers were Messrs. I. L. Sturdevant, Sam Hayter, Casey Fouts, Horace Wilson, L. T. Muller and A. H. Smith.

The honorary pallbearers were Messrs. Elmo Bright, Tom Muckleroy, H. T. Howard, R. U. Watkins, Chester Page, E. W. Weatherly, Lonnie Barron and Cason Mast.

Immediately preceding the pallbearers en route to the cemetery the young glad employees of Tucker, Hayter & Company, his coworkers, occupied an automobile, acting as an escort to their friend. They were Mrs. Effie Rivers, and Misses Lillian Grimes, Ella Ray, Hazel Andis, Ella Davis and Della Green.

The floral offerings have never been surpassed in beauty and quantity. Many who were not personally acquainted with the family contributed lavishly of flowers, the grave being deeply hidden by the lovely blossoms, testifying the loving sympathy of our people.

Mrs. Francis was formerly a Nacogdoches girl, Miss Minnie Muckleroy, a daughter of Mr. and Mrs. George Muckleroy, well-known residents of this county. She was reared here, going to Cleburne when a young lady, and there becoming the wife of Mr. Francis. She is affectionately remembered by many of the people of this community.

Those from other points attending the funeral were Dr. C. C. Francis of Farmersville, La., a brother; Mrs. A. E. Dabney of Dallas, Mrs. Otto Bishop of Cleburne and Mrs. Sallie Summers, of Rusk, his sisters; his uncle, Wood Francis, and Mrs. Francis, of Jacksonville; the following nephews and nieces: Dr. and Mrs. Jim Summers, Mrs. Ed Summers, Mr. and Mrs. Will Copeland and Mr. Wyatt Copeland and son, Summers Wyatt, of Rusk; Miss Bessie King of Rusk, a cousin; Miss Pauline King of Rusk, a friend of the family, and others whose names were not given us.

Every consolation that sympathy can prompt is being given the grief-stricken wife and children, who are heartbroken at the dreadful loss which has been visited upon them.

As we understand it, a modern sheik is a cross between an old-fashioned lady-killer and something else a man wants to hit.

**HUGE ROAD EXHIBIT TO BE HELD IN JANUARY**

Chicago Exposition to Be Biggest in History

The American Road Builders' Association will hold the greatest exposition and convention in Chicago, January 14 to 18, 1924, inclusive, ever put before the public. More than a billion dollars is being spent yearly on roads. All the financial interests concerned in this great expenditure are interested in this exposition, and in the Coliseum at Chicago will be every manufacturer of any prominence, making anything to do with roads; material, machinery or methods.

The Bureau of Public Roads, Department of Agriculture, will have a wonderful collection of models and machinery, illustrating their methods in building the 7 percent of the total road mileage of the nation, which is the limit of federal aid to states in road building, under the federal aid road acts. The National Highways Association will have a very large and beautiful exhibit (20 spaces), and promises to show matters of intense interest to road makers and road users.

All the State Highway Commissions will have representatives in attendance, and a very large number of county highway officials will doubtless be present. The gathering, like the exposition, will thus be truly national in scope.

The largest attendance ever at such an affair is expected by the management, which has staged this great exposition in a city to which railroad travel from all points is quick and easy. Special railroad rates will be arranged for those desiring to attend.

This newspaper has received a special invitation, as a Newspaper Association member of the National Highways Association, to be the guest of the American Road Builders' Association, Mr. Frank Page, president; the Highway Industries Exhibitors' Association, Mr. S. F. Beatty, president; the Chicago Motor Club, Mr. Frank E. Jack, president, representing the American Automobile Association; and the National Highways Association, Charles Davis, president.

If possible, a representative of this newspaper will accept that invitation, and be present at what promises to be the occasion when highway sentiment will be so crystallized and gain such force from united effort as will speed the day by many years when this great country has good roads everywhere.

**CONSOLIDATION WOULD HELP**

Washington, Nov. 23.—Commercial Waterman said, and the principle interests of the United States would benefit if the railroads can be consolidated into a limited number of systems under the provision of the transportation act. Richard Waterman, chief of the Railroad Bureau of the Chamber of Commerce of the United States, testified today before the Interstate Commerce Commission. A careful study of consolidation proposals has been made by the chamber, Waterman said, and the principles involved in it has been approved by a referendum vote of the state bodies belonging to it.

**MOTHER AND BABE SLAIN**

Savannah, Ga., Nov. 22.—In a pool of blood, with several cuts on her throat and body, Mrs. Agnes Mudie was found by her husband at their home near here last night. Beside the body of the mother was found the body of their baby daughter, who had been struck dead by a blow from a hatchet. Both had been dead from six to eight hours. The police declare they have no clue as to the slayer.

Women have taken to carrying games, but not on the score of age. Heavens, no.

**MOTHER!**

Child's Best Laxative is "California Fig Syrup"

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, bilious, constipated or full of cold, children love its pleasant taste. Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.

**ASPIRIN**

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for

Colds Headache  
Toothache Lumbago  
Neuritis Rheumatism  
Neuralgia Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

**IMPORTANT ROAD WORK TO BEGIN NEXT WEEK**

J. S. Taylor, commissioner of Timpson precinct, was here today conferring with the commissioners court with regard to the bridge on the Attoyac river above Garrison on the Lone Star Trail. He told a representative of the Sentinel that work would begin next week at the Nacogdoches county line at the Attoyac and would be pushed through at the earliest possible moment. The work will be done by Belton Latimer of Garrison.

He said that the Timpson-Logansport link of the Lone Star Trail between the Nacogdoches county line and Joaquin was either under construction or would be by the first of the year on the whole distance.

This will give a direct hard-surfaced route from Nacogdoches to Logansport. Mr. Taylor informed us that this 26 miles of road in Shelby county would be of asphalt-macadam construction.

**RUN OVER BY TRUCK; MAN BADLY INJURED**

While moving with his household goods in a truck from his home at about the Haslam "front", P. M. Kelly, aged 60, was run over by the truck here Thursday and sustained a bad sprain wound and a broken leg. The accident was due to the fact that a driver driving the truck stopped it at the top of a steep hill within the city limits where a detour is necessary by unfinished street paving. After the driver left the truck it started rolling down the steep hill, and in attempting to stop the moving vehicle with his hands, Mr. Kelly was injured as above stated. He was carried to Lufkin for medical and surgical attention. The injured man has been justice of the peace at Diboll for several years.

**AT HOLLY SPRINGS SCHOOL**

The box supper at Holly Springs schoolhouse was a complete social and financial success, a large crowd being present and \$34 realized from the sale of loaves. This money goes to the schoolhouse equipment fund.

Prof. E. E. Davis of the teachers' college addressed the meeting, his theme being "Educational Problems of Texas."

County Superintendent Miss Exier Lewis, who is always pressed into service for such work, acted as auctioneer and conducted the sales to the satisfaction of all.

Misses Margie Lott and Jewel Crow are the capable teachers of this school, and they are performing their duties in a manner which is winning the heartiest commendation of trustees and patrons.

Messrs. W. J. Coats, M. P. Peterson and C. A. Lunsford are the trustees, and the accomplishments of the school there are a tribute to their wholehearted devotion to the interests of the district.

Misses Ella Boatman and Theima James of the Trinity school were visitors.

**DR. COOK AND PALS MUST STAY IN JAIL**

Fort Worth, Texas, Nov. 22.—Dr. Frederick Cook, S. E. J. Cox and eleven others, convicted yesterday in federal district court and sentenced by Judge Killits to serve penitentiary sentences and pay fines ranging from \$1,000 to \$12,000 will have to remain in the Tarrant county jail for two months, even if they succeed in making appeal bonds, it was announced today.

## WHY NOT FROM NEW ORLEANS?

New Orleans States, 16th.

The "PUSH" IS ON, and vigorously, too, for South American trade; but there are no surface indications that the South is making due effort to share in this valuable and desirable commerce.

The States is especially impressed on this point by a letter from the "manager of tours" of one of the great agencies, who writes that, in addition to its regular annual excursions, "four of our world cruisers of last year are already booked for South America and as many more are seriously considering it, although no advertising has appeared as yet."

No Southern port is mentioned as a point of departure for these tours, so promotive of beneficial social and economic advantages; though, doubtless, some enterprising representatives of Southern products, also Southern pleasure seekers, may be found among those "booked."

But why not a tour direct from the South and its leading port, New Orleans? Organized under the auspices of our trade associations an itinerary might be arranged that would embrace the most interesting centers—not confined merely to the principal coffee-shipping ports—and trade experts selected to ascertain the places where the traffic originating in this country could be better served by shipment from New Orleans than from New York; whether enough of this traffic could be justified to secure regular sailings from this port.

It may be safely assumed that the touring agencies will furnish the vessel should interest be aroused as to indicate success for the venture. It remains, therefore, for the industrial and commercial interests of the South to create such popular desire and request, there are convincing evidences that such tourists from the South will receive cordial and sympathetic welcome at the interesting places visited.

That distinguished representative of the French government, General Mengin, spent six months in closest observation of conditions in South America, enjoying every facility, official and private, for ascertaining the facts. In an article entitled "Impressions of South America," addressed to the business interests of France, he described "those great, peaceful and orderly republics, South of the Panama," and declares "it will be a revelation to those who suffer from traditional ignorance of South America to learn that in Peru, Chile, Bolivia, Argentina, Uruguay and in the neighboring states of Ceara, Sao Paulo, Sergipe and other independent sections of Brazil, are to be everywhere seen evidence of progress, enterprise and the security that has come of long years of unbroken peace such as Europe might well envy."

## THANKSGIVING DAY

America, this year has real cause for Thanksgiving. This past year has been one of trials and tribulations and what at times seemed staggering problems for all the peoples of the earth, but our difficulties have been the least of all.

Of all the peoples of the earth, the Americans again on this Thanksgiving Day appear to be the favored. While famine stalked through other lands, plenty has ruled in America. Never was there a time in our history when collections had to be taken up in other lands to relieve distress in the United States. Through immigrants helping the folks they left behind and through general benevolence, it has always been a case of aid going out from here.

Today, while there are calls for relief from millions in other countries, the American, as usual, are in the midst of plenty. While America has practically recovered from abnormal conditions of the war, internal and racial strife, disease and famine still beset many a European land. And there is no better way for Americans to show thankfulness for what they have received than to share with those who are in distress.

Observance of the last Thursday in November as "a day of thanksgiving and prayer" is dependent in no degree on the customary proclamation of the president, but we should be sensible of a loss were an executive to omit its issuance. This American day is, indeed, as firmly fixed as is Christmas. But it is good to have the chief administrative office of the nation review, if ever so briefly, the blessings which have been so abundantly bestowed upon us. Let us all hearken to the president's call and give thanks for the blessings we have enjoyed.

## SOIL IMPROVEMENT

To Our Farmer Friends

The Rural Development Committee of the Chamber of Commerce has arranged to have Prof. J. C. Pridmore of the Southern Soil Improvement Association, Shreveport, La., here for two days, December 18 and 19, to conduct a campaign for soil improvement and more intelligent use of the commercial fertilizers.

In order that we may make the best use of Prof. Pridmore's time and talents, we are asking you to meet us at the Chamber of Commerce office Saturday, December 1, at 1:30 p. m. for the three or four meetings to be held on the above dates.

If you want out of these meetings in your locality, come to the Chamber of Commerce office Saturday, and let us know about it. Our only object is to secure the greatest possible benefit from Prof. Pridmore's visit. This benefit belongs to you. We will appreciate your counsel and advice in the matter of placing these soil improvement meetings.

## Your Health and Good Looks!

Why have nervous women used Dr. Pierce's remedies for half a century and still call for them? The answer is, "because they have stood the test, are all that they are claimed to be, pure vegetable remedies." Peculiarly adapted to woman's diseases is Dr. Pierce's Favorite Prescription, which tones up the enfeebled system, makes the nerves steady, helps drive away backache or headache and rejuvenates run down and worn out women. It has helped thousands, why not you?

## U. S. WAR VETERANS

The following was received several days ago from J. W. Ireson, acting adjutant and quartermaster, U. S. War Veterans, Beaumont Camp, No. 12, and can conceive of no better way to fully meet the needs of our country than to publish the following. It is of interest to every Spanish and World War veteran in the country. Mr. Ireson writes:

Editor Sentinel:

I attended the national convention of the Spanish War Veterans at Chattanooga, Tenn., this being the 25th convention and was the greatest we had ever had—856 delegates present, about twice as many as has ever attended before.

We had with us two of the cabinet officers and the commissioner of pensions, Mr. Hagmaker, and we got rulings about pensions and hospitalization for the soldiers which were beneficial to all veterans. We also had with us a representative from the American Legion, and the Veterans of the World War and the Spanish War got closer together in their affiliation than they have ever been, and since the convention we have received many new applications.

There is a number of Spanish War veterans in the counties surrounding Nacogdoches, and in your own way would like you to make mention in your paper that all Spanish War veterans are instructed to write W. E. Thompson of Nacogdoches, giving their names and address, with the view of organizing a camp at Nacogdoches. It requires only ten men to organize, but the farther they come the more the better.

The Spanish War veterans have jumped into the prominence recently because of the recognition of the good they did, and during the World War 25 percent of the commissioned officers of the volunteer army of the World War were Spanish War veterans.

Any publicity you give this will be for the benefit of the veterans in your territory, and I trust that you will make mention of the veteran organization at Nacogdoches.

J. W. Ireson,  
Acting Adjutant and Quartermaster,  
U. S. War Veterans, Beaumont Camp No. 12.

## THE END OF A GOOD LIFE

The early career of Mrs. Ellen Wright, wife of Mr. W. H. Wright, came to an end on Thursday evening at 7:15 o'clock at the family home in Henderson. When the end came the good mother had gathered about her several ones who watched the gentle spirit wing its way to its heavenly home. Mrs. Ellen Ballenger Wright was born in the New Prospect community, Rusk county, on January 6, 1856. She was married to W. H. Wright January 23, 1876, and to this union nine children were born. Mrs. Wright united with the Missionary Baptist church in girlhood and as the years passed she grew in Christian character until she reached that ripened Christian experience only attained by one who constantly walked in the footsteps of her Master. She was a woman whose happiest hours were spent around the family fireside and in the evening twilight she counseled and instilled in the young lives of her children the principles that go to make real womanhood and manhood. Mrs. Wright was modest and retiring, caring nothing for those things that often called for the neglect of home duties. She lived a life that will bear fruit as the days come and go. This good mother and wife is survived by her husband and eight children: Mrs. W. L. Gary of Henderson; Mrs. Sam Stripling, Nacogdoches; Mrs. Pierce Johnson of Cushing; Mr. G. Wright of Ponca City, Okla.; Mr. Hansel Wright of Breckenridge, Texas, and Misses Addie, Nannie and Katherine Wright of Henderson.

Funeral services were held on Friday afternoon at the family home, conducted by Rev. Frank E. Luker, after which the remains were carried to New Prospect for interment.

The campaign in Nacogdoches for funds for the Red Cross totaled a contribution of \$15. This is rather a poor showing for such a cause, especially in the face of the heavy expenditures of the society for health work in the community. The Red Cross shouldered the expense of continuing the mosquito eradication campaign here after other funds had been exhausted. More than \$1,200 was expended by the Red Cross in this important fight against disease, and probably the extent of the blessings of this campaign will never be known. That the mosquito pest was greatly diminished and a great deal of sickness prevented is certain. The campaign for this year closes tomorrow, Thanksgiving Day. Don't you think you might spare a dollar to aid this "Greatest Mother in the World"?

## ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotaba."

The last triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotaba." Calomel, the most generally useful of all medicines, thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no gagging, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price 50 cents for the large family size, 25 cents for the small size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—(Adv.)

## WITH THE SCHOOLS

### TEACHERS' COLLEGE

First Year Class Meetings

The First Year Class of the Stephen F. Austin State Teachers' College, meeting Monday afternoon, November 23.

The meeting was called to order by the president.

A motion was made, first to elect a vice president, as this important step had been omitted. Mr. Preston H. Haysley was elected.

On account of one of our annual representatives leaving college, we elected another, Mr. Ben Daugh.

We selected our colors and motto next. The colors which were chosen were royal purple and gold. Our motto is a French word, "Qui Vive," meaning, "On the alert."

The class voted to get class pins. A committee of three girls were appointed to choose and order them. The committee was composed of Miss Gladys Burrows, Annie Owens and Orvela Dewberry.

Plans for a t-eater party on the evening of Thanksgiving were lengthily discussed. It was finally decided to have a party at the Grand Theater. Misses Gladys Bentley and Winnie McGaughey and Mr. Osley Pate were appointed as a treasury committee.

A committee of two girls, Misses Kathryn Hambleck and Georgia Mitchell were appointed to see about a place for refreshments.

There being no further business the meeting adjourned.

First Year Reporter.

### EDUCATION WEEK AT TEACHERS' COLLEGE

In keeping with the proclamations of the president and state governors throughout the nation, the Stephen F. Austin State Teachers' College is calling attention to National Education Week, and by appropriate placards and messages is putting the ideas concretely before the student body. A number of the members of the faculty have explained the meaning of the movement to their classes, not merely saying tritely that education is a good thing, but reminding them that the frontier of ignorance in Texas and the nation challenges the same degree of optimism and courage and self-denial that pushed David Crockett and Daniel Boone into the wilderness. Through education in schools and civic communities a type of education must be brought about that will tend to put every individual on the frontier of self-mastery, and develop in him the rugged physique and stamina that his ancestors developed fighting Indians and cutting timber and making deserts bloom. Education Week raises the question, What can this age in civilization do as a substitute for the cease-building hardships of the fathers?

A movement is on foot in Montana to have the next championship fight held under the auspices of the state bank examiner.

## COTTON PRICES CONTRASTED FOR PAST 100 YEARS

Table Shows High and Low Cotton Marks for Each Year Since 1829

The following figures giving the high and low prices of middling cotton in New York markets from the year 1829 up to the present is most interesting. The greatest difference in price for any one year was in 1864, the high being \$1.90 and the low 72 cents, making a spread of 11,800 points, or \$590.00 per bale:

If you have not driven out south of town over Fredonia Hill lately you can have but little idea of the big improvement made by cutting down this hill, setting curbs and gutters and laying a heavy gravel pavement. When this big job is finished, Fredonia hill will be a beautiful drive instead of a cursed nuisance, as it has been for 75 years. Slowly, but surely, the "kinks" are coming out of our beautiful little city. Hail for the City Council!

## ROWENA HALL AND SAMUELA MUCKLEROY

In Memoriam

There recently died two women well known to many people in this county, whose passing deserves more than passing notice—Rowena Pocahontas Hall, wife of B. M. Hall, whose death occurred in the family home at Dallas, and Samuela Muckleroy, whose death occurred at the family residence at Appleby, just a few days ago. These good women were first cousins, Mrs. Muckleroy being a daughter of Uncle Davy Thomason, who came to Texas from Tennessee about the year 1840, and settled two miles north of Melrose, where he lived many years and died many years ago. His wife was Jane Hamil and the two raised a large and most respectable family, there being seven children, four sons, Davis, Jr., Robert, William and J. H. or "Boat" as he is familiarly known, who lives at Center, Texas, and who is now the sole survivor of the historic family. Four daughters—Mrs. Samuela Muckleroy and Miss Bettie Thomason, who was never married and who died a few years ago, from the result of an accident from which she could not recover.

Jane Hamil, mother of Mrs. Muckleroy, was a sister of Mrs. Margaret Bentley, wife of Whitnell Bentley, dead these forty years, and mother of Mrs. Rowena Hall, thus making Mrs. Hall and Mrs. Muckleroy first cousins. Whitnell Bentley and Margaret Hamil also raised a large and splendid family, Bob and Tom, Mrs. Jane Smith, Mrs. Rowena Hall, Mrs. Marion Hall, Mrs. Joe Martin, Mrs. Jim Muckleroy—Mrs. Marion Hall being now the only one of the sisters living. Tom Bentley lives at Swift and Bob Bentley lives at Arlington, near Dallas.

Whitnell Bentley and David Thomason settled in the same locality, that is about four miles apart, and each built his house at the head of of a spring branch, in order to save the trouble of digging a well and to have ever-lasting and pure water. The old springs at these old places are still flowing, just as they were when the two young men from Tennessee found them in the wilderness long years ago, and decided to build their homes permanently. Davy Thomason was a useful man, he built his little shop close to his house and there he made chair sand bedsteads, thus becoming a pioneer of industry in the Texas wilderness. Sam Hamil, his brother-in-law, was also a useful man. He built a carding factory and established a tanyard, the first and last of the kind ever seen in that part of Nacogdoches county. The tanyard was located on a small and ever-running branch one mile north of Melrose, and the little stream still goes by the name of Tan Yard Branch. Not only did Davy Thomason build his home in the wilderness and rear his family, but with a care for the future of his dead he had the family burying ground laid out in a beautiful grove just out of sight of his humble home, and there, year by year as time passed, his children and his wife were laid and there he was placed in final and dreamless sleep, as were other members of the family by marriage—laughing infants with first blush of intelligence upon their cheeks and in their eyes, on down the line—maidens in the dawn of womanhood, mature women and finally those in older years.

Whitnell Bentley and his wife are buried at Cove Springs. Mrs. Muckleroy was named by her uncle Sam Hamil, and that is why she was called Sam-elia. She and Mrs. Hall were lovable and delightful characters. Mrs. Hall was a member of the Baptist church and Mrs. Muckleroy of the Christian church, and both lived their religion, as the days and the years passed—it was a part of the woof and warp of their lives, and the world is better because of their living in it.

The writer knew these women fifty years and he felt that he could not permit their passing without some form of notice more extended than mere mention of their death.

## SOME FOLKS

Say that they do not believe that I am going out of the mercantile business and that I am making a pretense to get trade.

If I ever put an advertisement in a paper that I did not speak the truth clear through it, I don't know it and I did not intend to do so.

I could have done a great deal more business this fall had I kept up my stock, but I was determined to close out the business. I sacrificed this extra business in order to close out the stock by January first and if anyone will come in and look at my store they will be convinced that I am going to do as I have said.

I have sold out in many lines and others are getting short. Making prices on what is left, that is making it move.

Lots of people are saving money by coming in and supplying themselves with things they have to have, at greatly reduced prices.

If we can fit you in shoes, you will save a great deal by coming in and getting a pair. In some lines of shoes we may not be able to fit you, but if we can you will be happily surprised at the prices we will make you.

Come and see.

## UNDELIVERED LETTERS

In the fiscal year ended June, 1923, 17,000,000 letters were destroyed by the dead letter office, most of them failing to carry through because of incorrect or inadequate address or absence of sender's address. More than 17,000,000 writers sent letters that have never reached those to whom they were written and mailed. More than 17,000,000 persons failed to receive communications addressed to them.

The makings of tragedies are in those figures. Thousands of the destroyed letters were of great importance. They carried informations or asked questions that might have affected the lives of many; that might have explained away torturing misunderstandings; might have eased heart-aches, might have lightened loads on weary minds, might have chased shadows from groping spirits. A few more strokes of the pen, a little more care in writing the name of the addressee or city or street or in marking the number, and most of those letters would have gone through. If a letter is worth writing, it is worth addressing properly.

Postmaster General New suggests that in addition to care in addressing letters the address be supplemented by descriptive and designative clues as to the identity of the sender. This

Henry Phipps was associated with Andrew Carnegie for 50 years in the steel business. His wealth increased to \$50,000,000. His climb was illustrated by a friend who told of the career of a man who owned a large chicken farm.

"How did you happen to start in the chicken business?" somebody asked him.

"When I was young I was out of work for a spell," he answered. "So I borrowed a hen and a dozen fresh eggs from a neighbor. I set the hen on the eggs and all of them hatched. Then I waited until the hen had laid a dozen eggs. I took the hen back to the owner. He had what I borrowed from him and I had a dozen chickens. The dozen chickens started my farm."

## MESSAGE FROM REV. MR. COOKE

Rev. E. G. Cooke begs to assure his numerous friends and the members of his church that while he regrets to leave the pastorate here which he has served for the past two years, he has received a very fine appointment at Henderson. He is also glad to state that the Rev. J. Coy Williams, the new pastor, comes to us highly recommended. He has had a distinguished career in the ministry and will certainly prove a valuable acquisition to the church here.

## TOKEN OF APPRECIATION

Pastor A. T. Garrard has just rounded out his twelfth year as under-shepherd of Bethel church of Appleby. On last Tuesday one of the members called him up to know if he and his wife would be at home the next afternoon at 3 o'clock, stating that several of the members would be down. The pastor answered in the affirmative, thinking that perhaps some couple wished to get married. On Wednesday afternoon at the appointed time eight cars drove up to the gate, out of which alighted about 30 of the Bethel members and they began to bring in flour, lard, syrup, sugar, coffee, fruits and many other good things too numerous to mention, besides many articles of wearing apparel. With well-chosen words, R. S. Crawford made a speech of presentation. The pastor and his wife were so overcome that they could respond only in broken words. Then followed an hour of social good time and merry-making.

Long live these good people!

### PRACTICE WHAT YOU PREACH

When we decided to conduct this "HOME LOYALTY CAMPAIGN", which we are doing at some considerable expense to ourselves, we did so for two specific reasons: 1st—Because we desired to identify ourselves with the TRADE AT HOME movement and show our business men in general that we were heartily for it, and, 2nd—because we hope, in this way, to draw your attention to some very vital points, which if heeded, are sure to work for good not only in trade circles, but in every way.

We realize the truth of the saying "THE PEN IS MIGHTIER THAN THE SWORD." A fair and impartial, hard-hitting editor is, by reason of "the power of the press," in position to wield a wonderful influence for good in a community of thinking people like ours, and we want you to know that what we have to say in these Campaign Articles, is said without fear or favor, but with the kindest feeling and sense of good-fellowship throughout.

The man who does not practice what he preaches is, of course, a hypocrite and away down deep in his heart he knows he is. It isn't enough to say: "I AM LOYAL TO MY HOME TOWN AND ITS INTERESTS." The proof must be there to back it up.

St. Paul says: "AS A MAN THINKETH IN HIS HEART, SO IS HE." A wonderful assertion by a wonderful man who knew and spoke the truth.

If you profess to be a loyal citizen of this community and then proceed to send or spend your money away from here unnecessarily and with strangers, without first trying to make these purchases at home, YOU ARE NOT BEING LOYAL TO YOUR HOME TOWN INTERESTS.

That may sound a bit rough around the edges, folks, but anything worth saying at all, should be said "straight from the shoulder," let the shoe fit whom it may.

Now to our friends in business we wish to call attention to the other side of this TRADE AT HOME matter. If a prospective customer comes to you for certain merchandise or service and you cannot supply his wants, that is no fault of his, and if his wants cannot be had in Nacogdoches you can't blame him for ordering elsewhere. He has proven his good intentions by this act and because of this you owe him every possible consideration. So do your best to help him obtain what he wants, thus saving him time and trouble, and then try to have what he wants in stock when he comes again. And we all know the value of courtesy. If a customer is extended more courteous treatment abroad than at home, it will be perfectly natural for him to buy abroad. DON'T OVERLOOK THAT POINT.

Let's all get in the habit of being genuine died-in-the-wool Boosters. A town where everybody boosts for his neighbor, regardless of the fact that some are competitors, IS SURE TO BE A LIVE TOWN AND A FINE PLACE TO LIVE IN. And remember that any city which is making strides toward the goal of progress and prosperity, can advance no further than its local citizenship will permit it.

If some of us are just willing to set back and watch the other fellow do it, then grumble because things are not as lively as they should be, the result will be that we will always be floundering along in the same old rut. It takes co-operation and a "go-get-em" spirit to boost a town right along to the front in spite of adverse conditions and competition.

You folks who are going to spend some money this Xmas can start in doing your bit in no better or more satisfactory way than by deciding to spend it in Nacogdoches instead of sending it to some other town. COME ON AND LET'S GET TOGETHER ON THIS THING. DON'T BE A ONE-SIDED CITIZEN. BE FOUR SQUARE AND HELP BOOST NACOGDOCHES.

The most exasperating man is the one who calls on your busy day and is so polite you are ashamed to cuss him.

## "Our Family Medicine"

"I WILL WRITE you in regard to Black-Draught liver medicine, as I have been using it more than 18 years," says a letter from Mr. S. F. Mintz, of R. F. D. 2, Leland, N. C. "I keep it in my home all the time, for it is mostly our family medicine. When we begin to feel feverish or sluggish, with trouble from the liver or stomach, we take a dose of Thedford's Black-Draught and the trouble is soon over. I mostly buy a dollar package at a time, and it has saved me many a bill."  
Thedford's Black-Draught is a

purely vegetable remedy, acting on the liver, stomach and bowels. It is made from selected herbs and roots, and contains no calomel or other mineral drugs.

It has been found of great value, in indigestion, stomach trouble, sick headache, constipation, and lazy liver, helping to relieve the symptoms caused by these troubles, and to put the digestive system into proper working order.

Get a package of Black-Draught liver medicine from your druggist or dealer, today. Be sure to get the genuine—Thedford's.

### 666 prevents Colds.

Mr. and Mrs. Ford Simpson and little daughter of Nacogdoches visited Mr. and Mrs. D. W. March Sunday.—Mt. Enterprise Progress, 22d.

Mr. W. H. Wright of Henderson, who had been visiting relatives here for a few days, returned home Friday.

Rev. J. Coy Williams, who has been at Caldwell for four years, will succeed Rev. E. G. Cooke as pastor of the Methodist church in Nacogdoches. Mr. Cooke goes to Henderson as pastor.

County Attorney Jack Varner, Attorney C. C. Watson and Deputy District Clerk Bosen Wells visited Chireno Thursday, the two former on business in justice court.

J. M. More and little grandson, Robert Mora, of near Swift, were in the city Monday and called at the Sentinel office.

Four young boys burglarized the high school building Sunday and pilloined a number of fountain pens and other articles of value. Superintendent Davis is investigating the matter.

Miss Joy Turner, teacher of history in the high school, was operated upon Saturday at the Mound Street Hospital for appendicitis, and reports Monday indicate she is getting along nicely.

Mrs. Chas. Spies and baby, Ford Lee, Mrs. W. H. Ruffs and Mrs. R. D. Snelling and baby, Carolyn, spent Sunday in Livingston, returning here Monday at noon. They were accompanied by Miss Matilda McKay, who will spend the week here visiting with friends and relatives.

Tom Drewry, who was sent by the county commissioners to Minneola to learn the handling of a road tractor, is in the city for a visit with home folks and friends.

### 666 for Malarial Fever.

Dr. John Lacy Barnett who is in New York has been quite sick and was compelled to undergo an operation. His parents have kept in daily touch with him through his physician and reports are to the effect that he is getting along splendidly. Mrs. Barnett planned to leave for New York, but received a message stating that it was unnecessary for her to come.

Mr. and Mrs. M. K. Jessel and three children, Misses Rosalie and Joyce and Master Joseph, have moved into the Stripling cottage on North Mound street, which will be their permanent home.

### Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health. Sold by druggists for over 40 years. F. J. Cheney & Co., Toledo, Ohio.

### MRS. W. H. WRIGHT PASSES AWAY.

The passing of Mrs. W. H. Wright at the family home in this city Thursday night had been momentarily expected for several days. While it brought deep grief to family and friends yet all felt that her transition was but the merging into the complete life beyond, where the glory which shall be revealed in those who are faithful, can not be compared to the few troublesome days on this earth. They all know that somewhere beyond this realm, safe in the presence of the Master she trusted, she yet lives and is at perfect rest and in perfect peace.

Mrs. Wright was 68 years of age. She was born and reared in this county and was known and loved by a host of friends. She was a deeply pious, consecrated Christian and member of the Baptist church. Her whole life was one of love, of devotion, of sacrifice; she gave freely of her life to others.

In the absence of her pastor, Rev. Frank Luker conducted the funeral services at the family home at 2:30 p. m. Friday, after which interment was made at New Prospect cemetery.

The great floral offering attested in a way the love and respect the friends had for Mrs. Wright, the grave being banked with the most beautiful gather.

### DEER HUNTERS RETURN

W. E. Thomason and W. S. Davis, ex-representative and editor of the Redland Herald, respectively, returned Monday from a ten-days' hunting trip in the Rio Grande Valley. They were joined at Kingsville by Sheriff Tom Mosley of Kleburg county; Worth Wright, manager of the Palo Alto Farms, King Ranch; Judge Crenshaw, commercial attorney of the Gulf Coast Lines and Glenn Durham, foreman of the Nopal Ranch. After hunting through several counties the names of Mrs. M. J. Childress along the border, the party visited Matamoras. A total of three deer was bagged, one of which was to the credit of Editor Davis of the Herald.

of Nacogdoches, wife of the late G. B. Childress, Mrs. Susan I. Buckner of Chireno and Mrs. Susan Cade of Attoyac have been handed in to be added to the list of widows of Confederates. If there were others omitted from the list originally printed, we shall be very pleased to have their names.

It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 60c. Sold by SWIFT BROS. & SMITH

### ROTARY SPEAKER'S THEME WAS TEXAS ILLITERACY

Emphasizing "Education Week," with special reference to illiteracy in Texas, the Nacogdoches Rotary Club at its Wednesday luncheon heard Prof. E. E. Davis, head of the Department of Rural Education of the Stephen F. Austin State Teachers' College, discuss some of the economic, social and racial features that determine illiteracy in Texas. Utilizing a set of 20 maps of Texas to illustrate his findings, Prof. Davis showed the phenomenal increase in the Mexican population during the past 20 years. In 1900 there were, in round numbers, 70,000 foreign-born Mexicans in Texas. By 1910 this number had jumped to 124,000, and by 1920 the number had increased to 246,000. During this period the center of Mexican population moved from Bexar county to Caldwell county. In its gradual movement north, this wedge of Mexican invasion was deflected around several counties, viz: Fayette, Lavaca, Austin, Lee and Burleson. This deflection was due, according to Prof. Davis, to the large number of European foreign-born peoples living in those counties, and whose economic efficiency is higher than that of the average Mexican.

Probably the most interesting of all the maps shown by Prof. Davis was the set showing the relation of illiteracy to the production of cotton. Other features being equal, this relation is seen to be rather close and fairly constant. Also, the area of greatest cotton production and of highest farm tenancy runs practically uniform.

Probably the most striking educational data submitted by Prof. Davis was the number of scholastics per 1,000 population in the various counties of the state. Cass, Panola, Upshur, Camp and Marion counties have 300 or more scholastics per 1,000 population, while Liberty, Hardin, Brazoria, Fort Bend, Austin, Colorado, Matagorda, Montgomery and Walker counties have less than 200 scholastics per 1,000 population. El Paso, Jefferson, Bexar, and Harris have an average of 205, while Galveston, Tarrant, Wichita and Dallas counties have an average of 167 scholastics per 1,000 population. Prof. Davis stated that there is a marked discrepancy between the number of scholastics in Texas as shown by the United States census records and the records compiled by the State Department of Education. The investigations made by Prof. Davis show that whereas there are 24 West Texas counties having a scholastic per capita wealth of \$10,000 or more, there are four East Texas counties (Houston, Rusk, Upshur and Cass) that have a scholastic per capita wealth of less than \$1,000. Cass county, with scholastic per capita wealth of \$829, stands at the bottom of the list, while Winkler county, with \$78,129 per capita, stands at the top.

The illiteracy maps prepared by Prof. Davis show that, beginning with Bowie county on the extreme north-east border of the state and running south to Orange county, the percentage gradually increases. Also, that from the same starting point and extending northeast along Red River the percentage of illiteracy rapidly decreases. Contrary to popular belief, the highest percentage of illiteracy in Texas is not found among the native blacks of East Texas, but is found in that tier of counties bordering the Rio Grande River. Hudspeth county, on the Rio Grande, with 40.6 of its population unable to either read or write, and Hnasford county, on the Texas-Colorado state line, with only one-tenth of 1 percent of illiterates represent the two extremes.

From an educational standpoint, Prof. Davis' talk was one of the most entertaining and instructive ever made before the Rotary Club.

### 666 for Colds and LaGrippe.

Dr. and Mrs. C. D. Atwell have returned from their visit north, during which Dr. Atwell officiated at the marriage of his son, Donald, of St. Louis, after which they extended their journey to Chicago, where they were the guests of their daughter, Mrs. Mather Seymour.

### BEACH INJURED IN AUTO COLLISION

While out driving with his two daughters, Misses Lola and Gladys, Mr. J. W. Beach, owner of the Redland Hotel Barber Shop, was painfully injured in a head-on collision with a truck driven by K. C. Sparks, colored, of Appleby, two other negroes occupying the machine with him. The truck was running without lights. The driver failed to stop to ascertain the damage done Mr. Beach's car, but speeded up in an effort to escape, and was captured by Sheriff Vaught within a short distance and landed in jail on a misdemeanor charge for driving without lights and a felony charge for failing to stop. He was fined \$1 and costs on the first and held in \$300 bond for his appearance for preliminary hearing. He gave the bond and was released.

It was learned Mr. Beach sustained three broken ribs and a broken collar bone. Miss Gladys received a severe cut on one of her legs.

The car occupied by the Beach family was overturned and left lying in a ditch.

### EDUCATIONAL SURVEYS VISIT NACOGDOCHES COUNTY

Mrs. C. E. Gibbons of Cincinnati and Miss Clara Armentrout, New York City are here for a few days making a survey of some twenty schools in Nacogdoches county, to ascertain (1) the time lost by pupils from school, and (2) the studies pursued by pupils of different ages. When the survey is finished in Nacogdoches county, similar surveys will be made for a like number of schools in Brazos, Taylor, Washington and Hill counties. The surveys are being made under the direction and for the National Child Welfare Association, complete economic, religious, educational and agricultural surveys were made early last spring in each of the above named counties in Texas. The survey for Nacogdoches county covered two communities, Appleby and Needmore. A total of 137 farms were visited, and the replies to approximately 100 questions were secured from each farm home visited. This survey shows that of the 274 adults represented by the parents of the 137 families, there were only 11 college graduates and 44 high school graduates, while among the children of these same 137 families there are now 15 college graduates and 81 high school graduates.

### NEGRO SHOT

Early Saturday night, Henry Bush, colored, was shot and dangerously wounded by Horace Taylor, colored, at the latter's home near the South-eastern depot.

It was stated that Bush went to the Taylor house, armed with a 20-gauge shotgun, and entered the kitchen where the women were assembled and began abusing them in spite of a warning to leave the premises. As he passed through the front room he met Taylor, who had armed himself, when Bush raised his weapon and attempted to shoot, "snapping" two cartridges which failed to explode. Injecting another cartridge he raised the gun to shoot again, but Taylor fired at close range, the charge tearing through the lower part of the face, breaking the jawbone, cutting the tongue off and knocking out all the upper and lower teeth. The wounded man managed to reach the Sanitary Market, entered and ran to the rear room, where he collapsed. Surgical aid was immediately sought and the man removed to the hospital.

Within a few minutes of the tragedy Taylor sent for City Marshal Dock Watson, who arrested him and placed him in the county jail. Sunday morning he made a bond of \$500 and was released.

Bush is reported to be in desperate plight, his recovery being doubtful. He is said to have been a good worker, but was considered among the negro population to be dangerous. About 12 years ago he slew a negro named Bud Lewis, for which crime he was convicted in district court here and given a sentence of 15 years in the penitentiary, but was pardoned after serving two years of the sentence.

You'd feel a lot better in accepting Red Cross relief—if ever you had to—if you could say, "Well, back in 1923 I answered their roll call and wore a 1924 membership button."—Galveston News.

### THE STATE OF TEXAS To the Sheriff or any Constable of Nacogdoches County—Greetings:

You are hereby commanded to summon Roxie Sims by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Nacogdoches county, to be held at the courthouse thereof, in Nacogdoches, on the 2d Monday in February, 1924, the same being the 11th day of February, 1924, then and there to answer a petition in said court on the 24th day of October, 1923, in a suit numbered on the docket of said court No. 1054, wherein Washington Sims is plaintiff and Roxie Sims is defendant, said petition alleging that plaintiff and defendant were married on or about the 15th day of December, 1916, and lived together as man and wife until the 1st day of March, 1917, when defendant abandoned plaintiff. Plaintiff asks a decree of divorce on the statutory grounds of three years' desertion by defendant.

Herein fail not, but have before said court on the said first day of next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness I. R. Prince, clerk of the district court of Nacogdoches county. Given under my hand and the seal of said court, in the county of Nacogdoches, this 13th day of November, 1923.

I. R. PRINCE, Clerk District Court of Nacogdoches County, Texas. Issued this, the 13th day of November, 1923.

I. R. PRINCE, Clerk District Court of Nacogdoches county, Texas. 15-3w By Bosen H. Wells, Deputy.

### OAK RIDGE ENTERTAINMENT

The box supper at Oak Ridge Friday night proved to be a very pleasant and profitable occasion.

Addresses were made by Prof. A. W. Birdwell and Prof. W. H. Garner and H. L. McKnight.

Following the speaking a quartette (?) composed of Henry Hammonds, Newt Grimes, Ed Parrish and H. L. McKnight rendered two selections, "Mary's Lamb," and "Li'l Liza Jane." Following this number, Prof. Whit Martin, A. W. Birdwell, W. F. Garner and H. L. McKnight led the audience in a song tribute to Ernest Simpson. The words of this song were: "Ernest Simpson, he's a wonder! And when he is old and gray All the boys will say By thunder, He was some guy in his day."

A nice box of candy was voted Miss C. E. Gaston as the prettiest girl. Miss Georgia McInerney was only a few votes behind Miss Gaston. Pearl Chandler won the bar of soap for the ugliest girl, though H. L. McKnight and W. F. Garner are close seconds.

Proceeds of the sale of boxes amounted to \$64.21. This will be used as part payment on the cost of painting the house. Whit Martin and Miss Lizzie Ella Thompson are the teachers and Messrs. V. E. Simpson, J. L. Maroney and Ed C. Parrish the trustees.

Master Billie Simpson proved to be the highest bidder on any box sold. Billie opened with \$4 and then raised his own bid to \$5. When Billie "grows up" and really gets in the game he'll prove a strong contender for whatever strikes his fancy.

The entire evening was enjoyed by all.

The suggestion was heard from a number of sources that the Hammond-Grimes-Parrish-McKnight quartette could make a hit by going on the circuit. It is understood that the gentlemen have the matter under serious consideration.

### THEATRICALS AT MELROSE

On Friday night of next week, December 7th, the pupils of the Melrose school will present a play, "The Hoodooed Coon," the proceeds to go into the school equipment fund. The cast has been busily engaged in rehearsals for some time, and it is confidently predicted that the play will be presented in a manner which will satisfy and gratify all. There is considerable histrionic talent among the pupils of the Melrose school, and a draft has been made upon these for the dramatic personnel. It will be worth much more than the price of admission, 15c and 25c. It should be liberally patronized.

Mozelle, the 5-year-old daughter of Mr. and Mrs. Lee Winder, is reported very ill of scarlet fever.

Mr. Claud Hazle returned Tuesday from Houston, where he had been to consult a medical specialist.

Mr. R. L. Parish of Woden was a business visitor in the city Saturday and favored the Sentinel with a call.

Steve Sullivan and Mrs. Della Pack of Lufkin were married at the court house at noon Wednesday by Judge Huston.

Frank E. Moore, advertising man for the Doug Morgan Tent Shows, is in the city arranging for the appearance of that popular amusement aggregation next week.

P. B. Lapham's barbershop at the depot is undergoing an overhauling which greatly improves the appearance of the room.

Mrs. Mattie Brown is quite ill at the Matt Sisco home, according to a report received at the Sentinel office shortly after noon Wednesday.

The name of another widow of a Confederate Veteran was handed in Monday morning—that of Mrs. Mary D. Mora, widow of Matt Mora, who served in the Southern army during the War Between the States.

Messrs. J. L. Murdock and James Brown of Martinsville were business visitors in the city Tuesday and called at the Sentinel office for a friendly chat.

Mrs. Ray of Lockhart is here to be with her son, Prof. W. L. Ray, head of the chemical department of the Teachers' College. They are making their home for the present with Mr. and Mrs. H. L. McKnight.

**J. DOUG MORGAN COMING**  
The announcement is made that J. Doug Morgan will bring his Big Tent Show to Nacogdoches all next week, starting Monday, December 3d. J. Doug has not been here for a year and in that time the show has grown until now it stands at the front ranks of all tented theaters. The new tent is the best that could be bought as is all the new equipment. Now the players, never in the history of show business has a manager carried the strangest acting cast and the goodly array of vaudeville that J. Doug has to offer you this season. A native Hawaiian orchestra, Goodwin and Goodwin, Clyde and Beatrice, the dancing Rafael and Neil Helvy and partner—you all remember Neil last year when he and his partner sang his songs at the piano. This season Neil has lots of new ones, in fact the only thing to say about J. Doug's show is to come and see it, and be certain you are going to see the best. Remember, ladies free Monday night. Get your free tickets from this issue of the Sentinel. 28-1dw.

#### MRS. SALLIE COMPTON

Mrs. Sallie E. Compton, a sister of W. T. and John Skeeters of Appleby, and of Mrs. John R. Mixon of Cushing and Mrs. D. B. Haney of Waller, died at 11 o'clock Wednesday morning after an illness extending over a period of six months. She was 61 years old.

Services will be held and interment made in Bethel cemetery, Appleby, at 10 o'clock Thursday morning, Rev. A. T. Garrard officiating, under direction of Cason, Monk & Company of Nacogdoches.

Fifteen showers throughout Tuesday night were followed early Wednesday morning by a heavy downpour, which caused the suspension of street paving work and proved irritatingly uncomfortable to all who had to be out of doors. A heavy snowfall at Fort Worth may drift this way, and then the slush visitation will be completely disagreeable.

#### FUNERAL OF JULIAN BRIGHT.

Julian Bright was born in Pike county, Alabama, nearly 84 years ago and died at Hemphill, Texas, at 1 o'clock Monday morning, November 26, 1923.

He had been slightly indisposed the day before his death, but the attending physician did not think his condition threatening. Late in the day Sunday he had a slight rigor, followed by some fever, but no one thought of immediate danger. At the hour named, however, he passed away without a struggle, like an infant drifting into sleep.

Shortly after his death his relatives here were notified, and as the news was circulated there came expressions of profound sorrow and regret from every side.

Mr. Bright came to Texas from his Alabama home in 1871 and located in Panola county, going thence to Vandant, then coming to Nacogdoches, where he resided continuously except for two years spent in Austin, where his daughter, Miss Mabel, was in the state university. Returning to Nacogdoches he resumed his mercantile activities, which continued until he was stricken with paralysis some years ago, when he retired. In September he moved to Hemphill to be with Miss Mabel, who is a teacher in the school there.

Interment was made in the Hemphill cemetery at 4 o'clock Monday afternoon in the presence of a large concourse of sorrowing friends of the family, the service being conducted by the pastor of the local Methodist church.

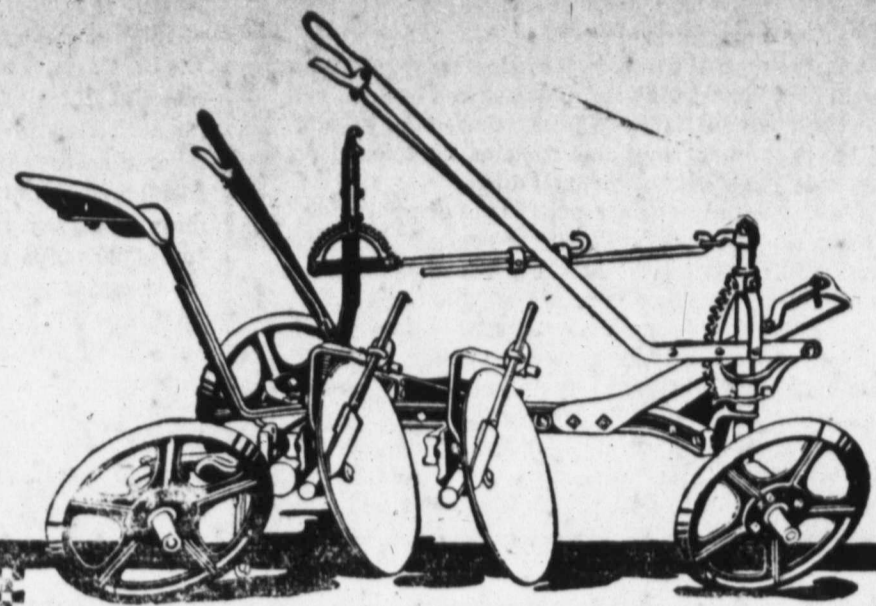

Deceased is survived by his wife, his daughter, Miss Mabel Bright, two brothers, O. A. Bright of Nacogdoches and G. L. Bright of Longview, and two sisters, Mrs. Mattie Tatum of Marshall and Mrs. Victoria Bailey of Center, and a large number of other relatives residing in Nacogdoches county. Mrs. B. C. Bright, residing on North Mound street, Nacogdoches, is a daughter-in-law, wife of his only son, who died at Hemphill several years ago and beside whose grave he was laid to rest.

His life was an open book that all might read and whose example was worthy of all emulation. His daily walk was blameless, and he lived in the fear and admonition of the Lord. For many years he was a consistent member of the Church of Christ, and he carried his religion into his daily dealings with his fellow-men. If Julian Bright ever did any man a wrong it has not become known. The Golden Rule was his guide in every relation, business and social. He was a good man and a good citizen, a staunch, unflinching friend and a devoted husband and father.

He served the Confederacy throughout the war in the cavalry branch under Johnson and Wheeler, and was a model soldier.

The writer was a near neighbor here and loved him well. And his passing leaves a blank. We shall miss him. All join in sincerest sympathy for the stricken family.

Mr. Coolidge appears to think there is much to be unsaid on both sides of any public question.

## Holds to Its Work A Little Giant for Plowing

### John Deere Pony Disc

It is built for use with small mules or light horses, but is as strong as larger plows—a giant for work. A popular plow among planters of the cotton belt for many years.

Opens up full depth furrow the first round, with both discs cutting same depth. Simple lever control to meet all field conditions.

Adjustable scrapers keep the discs clean, lighten the draft,

and improve the quality of the work. High-speed, long-lived disc bearings—discs revolve freely.

Single- and double-disc sizes. Single-disc can be made to cut eight, nine or ten inches by shifting landing lever. Double-disc cuts eight inches per disc; can be changed to triple-disc by using third beam attachment.

Drop in and see this plow next time you are in town.

#### POULTRY CULLING WORK

Prof. J. H. Hinds, head of the department of agriculture, Stephen F. Austin State Teachers' College, has recently culled poultry flocks belonging to the following farmers: John N. Grimes, Andy Thompson, Porter Parks, Newt Grimes, all of the Oak Ridge community, 7 miles east of the city, and also for Frank Day, A. D. Parnell and E. L. Shumway, the latter of the Ysleta community, four miles west of the city. In culling these flocks, Prof. Hinds uses his class in agriculture to do the actual work, so that the student in poultry husbandry gets actual field experience rather than class-room theory. In addition to culling out the poor layers, Prof. Hinds furnishes each farmer a formula for mixing a balanced ration. Enough requests for work of this kind are now on file with the college to keep the classes in agriculture busy during the winter here.

#### HILL-ROBINSON

Miss Mabel Hill and Mr. Tillman Robinson were quietly married November 19 at the home of E. L. Atkinson, justice of the peace, in Lufkin.

Miss Hill is the charming daughter of Mr. and Mrs. A. J. Hill of that city, while Mr. Robinson's home is in Nacogdoches.

Their many friends in both adjoining cities extend their heartiest congratulations.

#### CARD OF THANKS

We wish to express our appreciation for the beautiful floral offerings and sweet words of sympathy extended us during the illness and death of our dear husband and father.

#### GIN REPORT

There were 17,551 bales of cotton ginned in Nacogdoches county from the crop of 1923 prior to November 14, 1923, as compared with 13,729 bales ginned to November 14, 1922.

Mr. and Mrs. Felix Weaver returned Wednesday noon from Orange, where they had been for a visit with Mrs. Weaver's mother, Mrs. Frank Russell. They went by auto, but were compelled to leave the machine and come home by train on account of the heavy rains which began falling there Sunday night, rendering the roads impassable.
