## Rio Grande Does Its Part To Keep The Seas Salty

EL PASO, Tex. — The Rio Grande is doing its part to preserve the salinity of the seas.

Through several tributaries which contribute to its waters, the Rio Grande carries enough salt in its flow that by the time it reaches the Gulf of Mexico it dumps five tons into that body of water every minute, a survey by engineers of the international boundary commission shows.

In a single day it carries the equivalent of 1,420 five-ton truck loads of salt into the gulf.

Largest single contributor of salts to the Rio Grande is the Pecos River of West Texas, which in 1939 put 31 per cent of the total salts, but only 6.5 per cent of the total water in the Rio Grande. Despite this heavy contribution, however, the Pecos is only one-twelfth as salty as sea water.

After receiving the light water flow and heavy salt contribution from the Pecos, the Rio Grande crosses the Balcones Escarpment in the Big Bend region and emerges from the canyon section into the hill country. There it now receives a subnormal flow from the Devils River. Eight years ago this body of water was the source of the highest flood in a century.

South of the hill country the Rio Grande gathers in the waters of three Mexican tributaries, Rio Salado, Rio Alamo and Rio San Juan—all of which contributed only 53 per cent of their normal flow in 1939.

By the time it had reached Rio Grande City, 1,000 miles below El Paso, the Rio Grande last year had a total flow of 3,188,000 acre feet, or 63 per cent of its normal flow. At this point the river carried enough silt to cover 17 square miles to a depth of one foot.

From Rio Grande City to the gulf, a distance of 110 miles by air, the river flows through a fertile delta, which produces some of the world's greatest citrus crops. In this area 430,000 acres, of 672 square miles, were fed by Rio Grande waters in 1939.

More water was diverted in 1939 for irrigation of the vast vegetable fields and citrus groves in the Lower Rio Grande Valley than in any previous year.

### JUDGE DAVENPORT AT ANSON

Judge Geo. L. Davenport of the 88th district court last Monday and Tuesday held court at Anson in the 104th district. Judge W. R. Chapman of that court was busy at the time in opening a new term of court at Abilene in the same district.

## Sea Food Is Main Idea

Pretty girl, pelican and sea gulls have but one thought in this remarkable picture taken in St. Petersburg Fla., and that is sea food. Feathered beggars, tamed by tourists, wait for the catch. Small fry go to them.

## Awards Conferred In Photo Contest

CHICAGO, Ill., Nov. 8.—Four awards and 10 honors have been conferred by the awards judges for excellence of 14 among the 193 photographs hung in the Petroleum Industry Photographic Salon, it was announced here today. The Salon opens in the Antique Lounge of the Stevens Hotel here tomorrow. Sponsored jointly by the Photographic Society of America and the American Petroleum Institute, the Salon will be open to the public until November 15 as a feature of the Institute's 21st annual meeting.

Photographers from all sections of the United States and from Canada submitted pictures for the Salon, first of a series planned by the Photographic Society as a means of encouraging the pictorial interpretation by the camera of modern life as reflected by business and industry.

Awards and honors were conferred as follows:

First Award, Hiland Dale Holt, West Hartford, Conn.; second, T. K. Shindo, Los Angeles, Calif.; third, Joseph Russo, Dixon, Ill.; fourth, Charles Cox, Bloomington, O.; honorable mention, Bob Browne, San Fernando, Calif.; Rowena Fruth, Connerville, Ind.; D. W. Grant, Oil City, Pa.; W. Y. Lang, Towaco, N. J.; Joe Monroe, Detroit, Mich.; R. T. Rathbone, Los Angeles; Robert J. Reynolds, Trotwood, O.; Robert Yarnall Richie, New York; William N. Rittase, Philadelphia, and Harvey Somers, Los Angeles.

## Monk Is Called Agent of Nazis

Reports from British sources charged that the former Duke Charles Alexander of Wuertemberg, above, now a Benedictine monk under the name of Father Odo, is a secret Hitler agent in the U. S., to support an imminent Nazi peace putsch. Father Odo is pictured on his recent arrival in New York, where his secretary called the British charges "ridiculous."

## Tennessee Traffic Law To Be Model For A Texas Bill

By United Press  
FORT WORTH, Tex.—ATennessee plan to curb irresponsible motorists will be proposed to the Texas legislature next January by Fort Worth's senator and four state representatives.

State Sen. Jesse Martin said that he had written for a copy of the Tennessee law which provides for revoking the driver's license of anyone who cannot satisfy court judgments against him.

"If drivers are made responsible for the damage caused by their own carelessness," said Martin, "they will think twice before breaking traffic laws. Injuries and deaths will decline accordingly."

Marvin Simpson, Jr., representative-elect, said that present Texas statutes are "vague and impractical" on the subject of traffic penalties.

"Fines work a hardship on the poor, but the rich pay them without inconvenience," he said. "That is inequitable."

## Slang Moving In Education Circles

AUSTIN, Tex.—Slang is now moving in educational circles.

Once banned by stiff-collared pedagogy, slang—the use of colorful word pictures, the coinage of new words and phrases—is coming into its own in the language arts, Miss Dorothy McLaughlin, University of Texas instructor in drama, observed here today.

As a classroom attention-getter, a dramatic coaching device, a teacher-student psychological approach, and a key to historical literature placement, slang is proving its usefulness.

Use of such words as "homesness," "satisfyingness" instead of the dictionary-approved synonyms will bring the students' thoughts back to the lecture, Miss McLaughlin said.

A teacher who can throw in an occasional slang expression, technical or otherwise, can erase barriers between himself and informal students. Fiction and drama can easily be placed historically by notice of the slang expression in conversation or dialogue, Miss McLaughlin explained.

## Roosevelt Guess on Election Was Small

WASHINGTON, Nov. 8.—President Roosevelt revealed today that his pre-election guess on his race had been too conservative.

## Tribute Will Be Paid To Veterans On Poppy Day

Tribute will be paid by millions of Americans tomorrow to the nation's World War dead. The day will be Poppy Day and little red poppies symbolic of patriotic sacrifice will be worn. The American Legion Auxiliary has approximately 1,000 ready for local distribution, according to Mrs. Lee Dockery, local poppy chairman.

Arrangements for the observance of Poppy Day have been completed by Mrs. Dockery's committee. Women of the Auxiliary, aided by volunteers from other organizations, will be on the streets early tomorrow morning with baskets of the memorial flowers. No price will be asked for the poppies, but in exchange for them contributions will be received for the welfare and relief work of the Auxiliary among disabled veterans and needy families of veterans.

The poppies which will be distributed were made by disabled veterans at Legion, Texas. The making of these flowers has given employment during the winter and spring to many veterans unable to do other work, and has helped fill tedious hours of idleness for them. The poppies are crepe paper replicas of the wild poppies of France which grew in such profusion on the World War battle front.

Contributions, above the actual cost of the poppies, will go into the welfare funds of the local Auxiliary Unit to be expended to meet local needs during the coming year. These contributions are the principal source of support for the welfare work being carried out continuously by the Auxiliary.

"When the people of Ranger put on their poppies tomorrow they will be both honoring the war dead and aiding the living sufferers from the conflict," said Mrs. L. R. Herring, president of the Carl Barnes Unit.

## Century of Work Goes Into Planning A Dam In Mexico

ANGOSTURA DAM PROJECT, Sonora, Mex.—Over a century of efforts have been made to make the Angostura Dam Project in this Northwestern Mexican state on the Bavispe River a reality, but it was not until the Cardenas administration was inaugurated six years ago that the project was begun.

When the huge dam is completed in the near future, it will form a lake about 26 miles long and 10 miles wide. Water for irrigation and other purposes will be assured the vast, arid wastes of the state of Sonora and for the rich Yaqui Valley over 200 miles south of Angostura. Water will be stored through the rainy seasons and distributed during dry months.

The dam is being constructed by American engineers under John L. Frazier, who recently completed the Rodriguez Dam in Lower California.

The structure is of a mass concrete, gravity arch type with a 300-foot arch. The dam is 748 feet long. A power house, mixing plant, shops and warehouses have been built. The equipment and construction methods are as modern as those used on any American project.

The dam is being erected by the Mexican Irrigation Commission. Approximately 1,000 workers are employed. As a result, a community of 4,500 has sprung up near the dam.

## Pennies in Milk Bottles Will Aid Nursery Children

The Child Welfare Club is to start an immediate campaign to secure money for the Day Nursery, operated in Ranger by the WPA through the sponsorship of local organizations.

Milk bottles are to be placed in a number of Ranger stores in which pennies can be dropped to help supply the needs of the children who attend the nursery.

It is expected that with the cooperation of the people of Ranger money can be obtained through contributions made in the milk bottles, so that no concerted drive will have to be made to supply these needs.

## Jefferson Memorial Nearly Ready

Rapidly rising to completion at the tidal basin, Washington, D. C., is the new Thomas Jefferson Memorial. The 3,000,000 tribute to America's third President, pictured above, will house a statue of Jefferson, to be chosen from over 100 competitive designs.

## Suspect In Ranger Burglary Trailed To Eastland Where He Escapes After Officers Fire Two Shots As He Flees

Two burglaries, which were staged in Ranger Thursday night, ended in a police chase in which two shots were fired later the same evening at Eastland.

Enlisting the aid of an Eastland police officer, the house in which the burglary suspect was believed to be hiding was approached and the suspect fled from the back door, police stated today. Two shots were fired when the man did not heed orders to halt, but the suspect escaped.

Ranger police reported today that all the loot had been recovered, and a close watch was being kept for the burglary suspect. The car, believed to be one he used, is being held in Ranger, pending investigation into its ownership. It bore Comanche County license plates, officers said.

## Election Laws of State In Conflict

AUSTIN, Tex.—Texas election laws are conflicting on canvass of this week's election, as on many other election provisions.

One section of the election law says that the vote in a general election shall be counted on the 15th day after the election, which will be Nov. 20, and falls on Wednesday.

Another section dealing with presidential electors provides that the secretary of state in the presence of the governor and the attorney general, or either of them, shall open all the election returns received by him on the fourth Monday in November next after the election.

## Short Prosperity To Result from Defense

WACO, Tex.—A short period of prosperity and a higher standard of living for persons without a fixed income as result of the national defense program and conscription was forecast by Dr. Robert C. Deupree, Baylor University professor of economics.

Wage earners with a fixed income will suffer from the program because a rise in prices will make it hard for them to maintain the same standards of living, Deupree said.

"The situation will lead to a complexing problem in the future" he said. "The defense program is a necessary evil which is essential to our American democracy."

## Gregg County Will Vote On Bond Issue

KILGORE, Tex.—November 23 has been set as the date of an election to determine whether Gregg County should issue bonds for \$200,000 for construction of an airport.

Should the bonds be voted, they would apply to the cost of building a Class 2 airport in the national air expansion program. The WPA and the CAA would pay 60 per cent of the total cost, estimated at approximately \$500,000.

## City Is To Seek A New Tax Revenue

FORT WORTH, Tex.—Because of the State Supreme Court upholding the validity of a four per cent gross receipts tax on utilities at West University Place (Houston), Fort Worth may seek to tap that source of new revenue.

A two per cent gross receipts tax on natural gas and electric power companies is proposed. A tax equivalent to two per cent on gross receipts already is in effect for telephone service.

City Manager Sam Bothwell said that the new tax could be used to reduce a \$685,000 city general fund overdraft and for expansion of various municipal facilities.

## Brownwood Camp Work Being Pushed

BROWNWOOD, Tex.—Nearly 8,000 men are working at top speed today, rushing to completion huge Camp Bowie south of here so that 30,000 men may be trained for the army.

Last week the payroll for the construction crew was \$210,000. More and more men have been employed in the work of finishing 299 buildings and 1,000 tent frames in the nine areas of the cantonment. The 36th Division is scheduled to move in less than four weeks.

## Willkie Clubs To Remain Organized

NEW YORK, Nov. 8.—Wendell Willkie, defeated candidate for president, conferred today with Republican political leaders, and indicated that 11,000 Willkie clubs will remain organized.

## Swedish Steamer Is Sunk By Italians

FUNCHAL, Maderia, Nov. 8.—Survivors of the Swedish steamer, Mezgei, reached here today, reporting they were torpedoed with only 10 minutes warning by an Italian submarine.

## NAZI HUNGARIAN PLOT IS NIPPED; BATTLES ON LAND, SEA, AIR FOUGHT

### Farmers Warned To Guard Against Fake Rescue Seed

AUSTIN, Tex.—Texas farmers must guard against substitution when they buy Rescue Grass seed this fall, the State Department of Agriculture warned today.

Several cases of seed substitution are now being investigated, Linden Jones, Chief of the Seed Laboratory Division, advised today. In each complaint, well known Texas stockmen had purchased several hundred pounds of Cheat seed, derived to them as Rescue Grass seed.

He urged every farmer, before buying seed identified as Rescue Grass, to make a thorough examination of the seed container for tags or germination information. If the seed do not carry the proper identification, then samples should be sent to the State Seed Laboratory, Department of Agriculture, for analysis. This eliminates the risk of paying a high price for ordinary Cheat Grass seed, which is listed in some states as a noxious weed.

### Boy Scout Circus Planned On Coast

ALICE, Tex.—Nearly 2,000 scouts from the Gulf Coast council will provide the cast of a Boy Scout circus here December 7 in a show designed to publicize the multiple phases of scouting.

Eleven districts and 77 Scout troops comprise the area, which includes Corpus Christi, Aransas Pass, Kingsville, Ingleside, Rockport, Orange Grove, San Deigo, Benavides, Seven Sisters, Freer, Falfurrias, Riviera, Bishop, Oilton, Realitos, Hebronville, Refugio, Robstown, Driscoll, Sinton, Victoria, Laredo and Goliad.

O. J. Williams, scout executive from New York City, is in charge of the two-hour show, which will be preceded by a parade in which every scout in the council is expected to take part.

### Ranger Girl Is On Student Paper Staff

### If That Doesn't Beat the Band

Since this incident happened on his first visit to Hollywood, band leader Tommy Dorsey may have his own ideas about why young men go west. He's pictured getting a kiss of greeting from film star Dorothy Lamour when he arrived to play at new dance spot.

A Nazi plot to kidnap Admiral Horthy, regent of Hungary, was frustrated today as Great Britain and Greece battled axis forces at sea, by land and in the air.

Budapest officials said five Nazis were arrested after failure of the kidnap plot, which called for capture of Admiral Horthy and elevation of a Nazi head of the Hungarian state.

Meanwhile Berlin claimed that two British convoys of 21 and 27 ships had been sunk in the North Atlantic by a Nazi warship and airplanes, and radio calls from another vessel, named the Empire Dorado, indicated today that the attacks were still taking place. The British refused to comment on the German claims.

Adolf Hitler spoke at Munich today but canceled plans for a world wide broadcast.

In Greece battles raged on three fronts and the Greeks claimed most of the fighting was on Albanian soil, with the Greeks holding the advantage. "The British are giving us all the help we need," a Greek commander declared today.

A United Press writer with the Italians said the Greek defenses were surprisingly good, but that the Fascist reinforcements are ready for a bigger offensive.

London had one of the earliest night raids of the war tonight after 18 German planes and four British planes were shot down during the day. The Royal Air Force claimed its bombers had "wrecked" the great German Krupp armament factory at Essen last night and had also staged the heaviest attack of the war on other objectives in Germany.

### Pete Jensen Hurt In a Car Mishap On Ranger Street

Pete Jensen, Ranger oil well casing pulling contractor, was resting well at the West Texas hospital today, after sustaining serious injuries in an automobile mishap in front of his home, Main Street, Thursday evening.

Jensen, who was struck by a passing car as he crossed the street, has a compound fracture of his right leg, fracture of his left arm and leg and several broken ribs. At first it was feared that he had also suffered a fractured skull.

Exact details of the accident are somewhat obscure, but one version of the accident is that Jensen had been across the street to inspect a wreck which had occurred a few minutes before when a car crashed into a light standard.

In starting to return to his home it is believed that he stepped from behind the wrecked car just in time to be struck by the passing automobile, which was driven by a salesman. Although he was knocked unconscious he regained consciousness before being taken to the hospital.

### Automobile Bomb Mystery Is Being Probed At Scranton

SCRANTON, Pa., Nov. 8.—Experts came here today in an attempt to solve the mystery of the bombing of William and Lois Rehborn, teen age children of the city health director. The children were killed when they entered the family automobile.

Explosives experts, who are investigating the bombing, stated that the bomb had apparently been wired so it would explode when the handle of the door was turned.

Dr. Rehborn stated that the explosion was a mystery to him, because as far as he knew he did not have an enemy in the world. It was believed that the bomb was intended for him, but the children entered the car and set off the bomb.

### Half U. S. Planes Going To British President States

WASHINGTON, Nov. 8.—President Roosevelt said today that one-half of the American aircraft production will go to Great Britain and Canada in the future.

The British were reported to be getting 45 per cent of the present production in the United States. The President also said that 12,000 more planes have been ordered by the British.

## Don't Be a Sponge; They're All Wet

One of the best warnings about Fifth Column activities to appear lately is in a little booklet issued by the Veterans of Foreign Wars. These Americans, all of whom have known war at first hand, have compiled a little treatise setting forth clearly and circumstantially just how various Nazi, Fascist, Communist and native quasi-fascists organizations work, and through whom.

Without hysteria, the writers warn all Americans to be on the alert for such activities, native and imported, and if they seem really subversive to report them to proper authority for investigation. Nothing is gained, and much lost by amateur vigilante attempts to remedy these situations. Injustice is more likely to result than justice.

But there is one thing all of us can do. That is to stop and think when people babble into our ears. The keynote of all Fifth Column activity is to create confusion in the minds of the people. As a farmer's first step is to plow and harrow his field before he plants his crop, so the Fifth Columnist first plows and harrows the mind of his victim, making it ready for his seeds of discontent.

"They begin, usually," cautions the VFW pamphlet, "by attacking the Jews, whom they regard as the weakest minority in the land. . . . The objective, as always, is to divide the population by creating hatred, animosity and prejudice. Once the cracks in national unity begin to appear, the offensive doubles its forces and strikes next at the Catholics. Soon the labor unions feel the brunt of the Fifth Column attack. Then comes the system of private enterprise. And finally, the forms and traditions of democratic government itself are assaulted."

That is a fair outline of the approach. This does not mean that anyone who speaks to you in such vein is necessarily a Fifth Columnist. But it does mean that thoughtless talk along such lines serves the same purpose.

The remedy? Use your head. To all talk appealing to prejudice and fear, to hatred and despair, ask yourself the sober question, "Is there any sense to this?" If there isn't, tell yourself so with electric force—and answer back.

Don't be a sponge, absorbing everything fed to it. Think. A sponge can absorb a great amount of slop, but after it has done so, it's all wet.

## BULLDOGS AND LOBOES WILL PLAY ON MONDAY

Monday, Nov. 11, Armistice Day, the Cisco Lobos and the Ranger Bulldogs will renew one of the oldest Oil Belt gridiron grudges at Bulldog Stadium.

The series between the Bulldogs and the Lobos began back in the days when both towns were booming and when football was more or less unknown in these parts, but was getting off to a good start.

This year both teams are expected to go into the game in fairly good physical shape, though the Bulldogs will be the underdogs for the fifth consecutive year. Coy Warren, ace ball carrier of the Lobos, who sprained an ankle in the Cisco-Stephenville game last week, is reported to be recovering so well that he is expected to play a good part of the game.

While Cisco has won five and lost three games this year, the Bulldogs have lost every start, failing to score in all but the Eastland game, in which they were defeated 12 to 6. Cisco defeated Eastland 40 to 0.

By comparison with another game, too, the Bulldogs are rated much lower than the Lobos. Stephenville, while beating Cisco 13 to 0, easily won 50 to 0 from Ranger.

For years the Ranger-Cisco contests were the closest in the Oil Belt, for several years the margin of victory for either team being extremely small, or the games being ties, but in recent years the Lobos have had a decided edge. The end of the close

contests came, really in 1934, when Ranger won 42 to 0, but the following year the teams reverted to their deadly rivalry, with the game ending 14 to 7 in favor of Cisco. The following year the teams played to a 6-6 tie and in 1937 the Lobos won 32 to 6. The 1938 game resulted in another Cisco victory by 27 to 0 and in 1939 the Lobos won 13 to 7.

This year, however, the Lobos came up with another good team, while the Bulldogs were green and have been unable to develop into a contending team. However a better game is expected than some the Bulldogs have played this year, as the Lobos are traditional rivals, and the Bulldogs would like to chalk up a win against them if possible.

6 tablespoons melted butter ¼ cup chopped nuts or other nuts  
1 cup light brown sugar, lightly packed 2 cups prepared biscuit flour  
½ cup Pet Milk 4½ tablespoons water

Turn on oven and set at hot (425° F.). Grease a dozen 2-inch muffin tins. Put in bottom of tins 3 tablespoons melted butter, then ½ cup sugar and 6 tablespoons nuts, dividing equally. Meanwhile, put flour in bowl. Stir in milk diluted with water and beat for 30 seconds. Turn out on floured paper, roll into sheet 8 x 12 x ¼-inch thick. Brush with remaining 3 tablespoons melted butter, sprinkle with remaining ½ cup sugar and 6 tablespoons nuts. Starting at 12-inch side and with aid of paper, roll up like jelly roll. Cut into inch slices. Put cut side down into tins. Bake 15 minutes, or until browned. Turn out while hot. Serve at once.

### Magnolia Dealers Offer Preparedness For Winter Driving

The semi-annual campaign of Magnolia Dealers, in five Southwestern states, to remind motorists that their cars need Winter Service for safer driving is under way.

President in charge of marketing for the Magnolia Petroleum Company, "our task of reminding motorists of the importance of preparing their cars for winter driving would be comparatively simple.

"However, the fact that Southwestern winter weather can never be predicted is all the more reason that motorists in this section should have their cars prepared for the unexpected cold spells that can cause car trouble and unnecessary repair bills.

"The seven points of Winterproof Service include draining and refilling the crankcase with correct, winter-weight oil, removing, cleaning and repacking wheel bearings; draining, flushing of radiator, and addition of antifreeze; complete lubrication of chassis; draining, flushing and refilling of transmission and differential with correct, winter-weight gear oils; hydrometer testing of battery, plus cleaning and tightening of terminals.

"Any motorist can convince himself of the need for this semi-annual servicing by attempting to pour summer-weight oil in cold

### Magician Gives a Show for the NYA Thursday Evening

The bi-monthly entertainment program, sponsored for NYA enrollees, was held at the High School auditorium Thursday evening, when D. B. Gallagher, traveling salesman and magician, presented the program.

Gallagher, who had entertained the Lions Club at noon with his program of magic, proved to be a big hit at the NYA entertainment program as he was at the Lions Club meeting earlier in the day.

Moving pictures of the River Power plant of the Ford Motor Company were presented at the conclusion of Gallagher's portion of the program.

He will find the task as difficult as pouring cold molasses.

"Inside your motor this can be serious because oil must flow quickly to moving parts to protect them."

By MARY BLAKE  
Home Service Dept., Carnation Co.

2 cups sifted cake flour  
2 teaspoon baking powder  
1/2 teaspoon salt  
1/2 cup butter or other shortening

1 teaspoon vanilla  
3/4 cup brown sugar, firmly packed  
2 egg yolks, unbeaten  
1/2 cup Carnation Milk, diluted with 1/4 cup water.

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add egg yolks, beat well. Add flour alternately with milk, a small amount at a time. Beat after each addition until smooth. Add vanilla. Bake in greased pan 8x8x2 inches, in moderate oven until done. Spread with Maple Frosting. Temperature: 350° F. Time: 45 minutes. 12 Servings.

## Baptist Young People Winners at Abilene

Representatives from the Baptist Training Union of the First Baptist Church were in Abilene, Thursday evening to enter the district contests for the association and were winners of three first places and four second places.

Bruce Harris was first place winner in the better speech contest and Miss Avis McKelvin won second place in that contest. In the oratorical contest Wyan Adkins won second place and Misses Helen and Laverne Watson won second place in the sword drill. The primary department Bible story telling contest was won by Joanne Jackson, and Marilyn Jackson was first in the Bible story telling contest for the beginners department. This group of winners will enter the state contests which open in Dallas Nov. 20.

Accompanying the young people to Abilene last evening were Rev. and Mrs. David M. Phillips and Dr. and Mrs. C. L. Jackson.

## Mrs. Flewellen Hostess To Child Welfare Club

Mrs. L. H. Flewellen was hostess to the Child Welfare Club when she entertained with a luncheon at her home Thursday at 1 o'clock.

Yellow candles in crystal candleabra and yellow roses in a crystal bowl formed the decorations for the table at which the three course luncheon was served.

Following the luncheon a business meeting was held and plans for raising funds for the Day Nursery, which is the club project, were made. Mrs. E. L. McMillan, a former member, was re-elected to membership and Mrs. A. W. Brazda was also elected to membership.

Members and guests present for the luncheon were: Meses. Saunders Gregg, J. H. Holt, W. L. Downtain, John Thurman, P. M. Kuykendall, Blanche Murray, E. L. McMillan, George Armer, Alvin Hill of Amarillo, and Beach of Fort Worth.

## Southwest Games To Be Broadcast This Saturday

The football eyes of the nation will be turned toward Dallas Saturday when the 1939 Champion Texas Aggies meet Southern Methodist University's undefeated, but once-tied, Mustangs; and throughout Texas the ears of radio followers of the teams will be tuned to the Humble Oil & Refining Company's broadcast of the game. Kern Tips, assisted by Tee Casper on color, will handle Humble's broadcast description of the game. The broadcast will start at 2:20 p. m. on WFAA-WBAP, Dallas-Ft. Worth; KPRC, Houston; WOAI, San Antonio.

Competing with it for the interested ears of fans will be the Company's broadcasts of the Baylor-Texas game from Austin and the Rice-Arkansas game from Fayetteville.

Humble's broadcast of the latter game will begin at 1:50 p. m. with Cy Leland handling play-by-play and Ves Box the color. It will be heard over stations KGKO Ft. Worth; KTSA, San Antonio; KRGV, Weslaco; KFDM, Beaumont; KXYZ, Houston; and KRIS Corpus Christi.

The Baylor-Texas broadcast from Apustin will begin at 2:30 p. m. The Humble Company has arranged for Hal Thompson to handle the play-by-play description of this game with Dave Young on color. Stations will be KNOW, Austin; WRR, Dallas; KGKL, San Angelo; KRLH, Midland; WACO, Waco; KBST Big Spring; KRBC, Abilene; KABC, San Antonio; KTRH, Houston.

## The Mavericks To Play Two Games This Coming Week

(By V. T. Seaberry, Jr.)  
This coming week the Eastland Mavericks will have a doubly hard schedule. Monday night they meet the Rising Star team at Rising Star in an Armistice Day game. The other game will be played Friday afternoon with Hico at Hico.

Barring bad breaks, Coach E. B. Grady thinks the Mavericks ought to win both games. Most of the E.H.S. team and student body is confident of Eastland victories.

Bruce Pipkin, first string tackle, will not be able to play due to injuries, so his leaves the probable starting line-up for the Mavericks to be as follows:  
Ends—Hart, Simmons.  
Tackles—Loveless, Treadwell.  
Guards—Thomas, Self.  
Center—Herring.  
Backs—O'Neil, Morgan, Brinkley, Bush.

### A LONG TIME BETWEEN BATHS

By United Press  
BISBEE, Ariz.—The 3,300 tiny postoffice box windows, about three inches square, were washed this fall. Postoffice officials said it was the first time in 45 years the glass had been washed.

tries. The Montevideo conference was discussed by Mrs. C. E. May and Mrs. J. W. Ducker discussed the "Public Welfare and Social Security" of the countries. "Social Customs" of the countries were told by Mrs. Carl Hill and Mrs. May.

Mrs. Hill, president of the club, opened the meeting with a welcome and also welcomed Mrs. David M. Phillips to membership in the club.
