NO. 15

Escaped Soldiers Charged at Eastland Today

NAZIS CLAIM A SOVIET FORCE SURROUNDED IN THE CRIMEA AREA NOW

Rapid German troops, led by motorcyclists rocketing across the Ukraine today were reported to have cut off the Crimea area in a lightning drive by land, sea and air against stubborn defenses around the Black Sea.

The Germans directed one thrust against the Red Army lines east of Kiev and another into the South Ukraine to cut off the narrow isthmus leading to Crimea, while a third phase indicated preparations for Black Sea operations from Bulgarian bases.

According to Berlin the land campaign has already made important progress, slicing rapidly through the Russian defense lines in the flat country leading to the Soviet's greatest industrial centers, and apparently encircling 300,000 enemy troops in lightning advances by tanks and motorized troops.

Greatest emphasis in Berlin was placed on the encircling operation east of Kiev. Three Russian armies east of Kiev also were said by Berlin caught in the giant pincers and indications were that the sole Russian formations were trapped.

At the same time the Germans reported that the Luftwaffe had bombed Moscow, Odessa and Leningrad. At Leningrad meager reports indicated tremendous battles were raging for the second largest Russian city.

In the Black Sea the Luftwaffe reported sinking Russian transports, supply ships and naval units and Russian relations with Bulgaria appeared as a result of German use of Bulgarian bases for attacks on Russia.

German efforts to supplement naval units already concentrated in Rumania indicated plans for a winter sea operation in connection with the Nazi drive through the Ukraine. Moscow appeared likely to take drastic action against Bulgaria, if necessary, and the British were threatening to attack any warships passing through the Dardanelles.

Racket Buster Has Advice To Offer

CHICAGO.—One of racket-buster Thomas Dewey's chief aides believes "racketeering can never be wiped out by anti-vice and anti-gambling drives."

Paul E. Lockwood, executive assistant to Dewey in the New York county district attorney's office, declares in the current issue of Northwestern University's "Journal of Criminal Law and Criminology" that "corrupt politics must be cleaned up first" before rackets can be curbed effectively.

"Procuring protection from prosecution is an essential step in the development of a racket," he said. "The police department is the first line of defense of the community, the prosecutor's office the second, and the judiciary is the third. If any of the three is corrupt or has rotten spots in it, the city is wide open."

Pointing out that the prosecutor of rackets has the long unspectacular task of working from the bottom, Lockwood described the procedure employed by Dewey in combating New York rackets:

"The smaller fry are arrested, argued with whatever crimes they have committed. They are made to realize that punishment is ahead. Usually one of the small fry breaks down and agrees to turn state's evidence. The criminals in the bottom layer then implicate those on the next level. This process must be repeated in each stratum until evidence is obtained that will reach the top and convict the boss."

The "boss," he writes, is almost always at a far-removed point from the perpetrator of the crimes.

SON CHAUFFEURS GENERAL
NEW ORLEANS — Brig.-Gen. Raymond H. Fleming, adjutant general of Louisiana, has a high-ranking military aide. He is Col. Raymond H. Fleming, Jr., commander of the field artillery regiment of the Louisiana State University cadet corps and chauffeur to his father.

Universal Gifts To Red Cross Help People of Britain

By United Press

LONDON. — Many strange gifts are being received daily by the British Red Cross Society in London, to be put up for auction to obtain funds.

Among those recently received was a cigar bought by a mother for her son's 21st birthday before he was reported missing. She was a small woman dressed neatly in black who had sat watching a dozen bottles of brandy presented by King George being auctioned for \$2,340. She clutched the cigar a bit battered and peeling at the ends, and wished that it could fetch a hundred shillings like most of the other auctioned articles.

"No one would give a hundred shillings for Jim's cigar," she said, "so I think I will post it instead; I haven't the nerve to give it myself."

Jim's mother will feel proud now the cigar which she had not the courage to give to the Red Cross has been received by post. In her letter signed "A lonely Mother," she writes, "If it is not good enough to sell, I shall understand."

But the Red Cross thinks it is good enough.

Another gift received by the Red Cross, was from a young warwidow. It was a bottle of champagne, bought to be opened at her first wedding anniversary, which never took place. Her husband was killed in action.

Road Bond Bill In Final Action

AUSTIN, Sept. 18.—The Texas Legislature today passed the road bond assumption bill, exactly ten days after Gov. Coke R. Stevenson convened a special session to consider this one, important measure.

Final vote in the House of Representatives was 138 to 1 on a motion to concur in Senate amendments.

A resolution to adjourn Friday, just 19 days less than the maximum length of a special session, already has been passed by both the House and the Senate.

Alameda 4-H Club Organize for Work

The 4-H Club of the Alameda school organized September 16, for its new year's work. Ima Little was elected president of the club; Davis Lee Bilbrey, vice president; Mary Jean Ferrill, secretary-treasurer; Wanda Myrick, reporter; Ailene Fonville, recreational leader; Ethel Perrin, program chairman, and Ester Carter, council delegate.

Wanda Myrick will be bedroom demonstrator and Mary Jean Ferrill will be frame garden demonstrator.

Cisco Day Set For The County Fair

CISCO, Sept. 17.—Cisco will furnish entertainment for the evening climax of the Cisco day at the Eastland county fair, Friday, Sept. 26. Highlighting the Cisco entertainment will be a concert by the Lobo band of Cisco high school. Another feature of the day will be the annual football game between the Lobos and the Eastland Mavericks.

SUITS FILED

The following suits have been filed in the Eastland county district courts: Marie Sanders Whitton vs. Louis Edward Whiten, divorce and custody of child; Jarreck Manufacturing Company vs. Carl J. Olsen, suit on debt and foreclosure of chattel mortgage lien; Bradford Supply Company, Inc. vs. R. B. Byrd, suit on note; L. E. Capers vs. Alton Watson, damages; Dorothy Pauline Lewis vs. J. C. Lewis, divorce.

This Willard Hits Hard, Too

Private Jess Willard, Jr., of 32d. Infantry hurdles teammates on Seventh Division football team in practice at Fort Ord, Calif. Willard, son of former heavyweight champion, was all-round high school and college athlete on Pacific coast.

Ample Rubber for Car Tires Seen

By United Press

By ANTHONY G. DE LORENZO
United Press Staff Correspondent
DETROIT, Sept. — Crude rubber is a strategic defense material but manufacturers foresee no immediate difficulty in supplying tires for the nation's 32,452,861 passenger cars and trucks.

They believe there will be no shortage of tires for some time, although the government is restricting consumer allotment and building huge stockpiles of crude rubber for enormous defense needs pending clarification of the tense situation in the Far East.

There are two important factors which will ease the tire manufacturers' job they are:

1.—The 50 per cent curtailment in new car production, enabling manufacturers to build only about 2,100,000 automobiles during the model year which began Aug. 1.

2.—A possible 20 per cent saving in present tire stock through more careful operation of automobiles. This problem is strictly in the hands of the nation's motorists, who doubtless will have to revamp their driving habits.

Stocks Are Growing

Ordinarily the United States consumes 50 per cent of the world's annual 1,100,000-ton output of crude rubber. On July 31 this country had on hand and afloat an 8.15 months' supply and by Dec. 31 it probably will have enough for a full year. Before outbreak of the present crisis in the Far East, which grows 90 per cent of the world's rubber, a three to four months' supply was considered normal.

Americans normally use rubber at the rate of 650,000 tons annually but consumption this year will reach 750,000 tons, chiefly because of expanded defense needs. Rubber is vital for bullet-sealing gasoline tanks for airplanes; crash padding for army tanks and rubber treads on complete rubber belts, also for rolling fortresses.

Mrs. Sarah Morris Of Carbon Is Dead

Funeral services were conducted at the cemetery in Carbon Thursday afternoon at 3:00 o'clock for Mrs. Sarah Morris, 72, widow of the late T. J. Morris, pioneer Eastland county merchant, who died at her home in Carbon Wednesday night.

The deceased is survived by two sons by a former marriage, Roy Baughman of Carbon and Mark Baughman of Detroit, Mich.

Baker Abandons Dough To Operate Fish Raising Farm

By United Press

TAMPA, Fla.—A former Newark, N. J., baker has discovered there is more "dough" in raising ornamental fish than in baking bread.

Herbert E. Wolf, who gave up his baking business in Newark and came to Florida to raise fish, today owns and operates one of the biggest wholesale tropical fish businesses in the United States.

From the 396 fish pools located on his 40-acre tract about 10 miles south of here, Wolf ships about 50,000 fish a month to markets all over the United States.

County Court Meets On Next Monday

Judge W. S. Adamson's county court convenes Monday for the trial of both civil and criminal cases. Petit jurors have been summoned for the trial of these cases.

SUIT FOR DAMAGES

L. E. Capers of Gorman has brought suit in the 91st district court of Eastland county against Alton Watson, also of Gorman, for \$15,000 alleged damages for injuries claimed to have been sustained by him in a truck accident on highway 80 just west of Cisco on the night of May 14, 1941.

Shocking!

Legionnaires scavenge daylights out of passersby with this electrical box at convention in Milwaukee.

Wilson Guest New Head Bookkeeper For the Commercial State Bank

113 Texas Youths To Work In NYA Shops for Defense

AUSTIN, Texas.—An additional 113 Texas boys will receive work experience in sheet metal, welding, and machine shop work as a result of the construction of National Youth Administration shop buildings, designated as special defense projects, in Brenham and Meridian, according to J. C. Kellam, state NYA administrator. The Brenham project is sponsored by the Washington County Commissioners' Court and the Meridian project by the City of Meridian and the Meridian Public Schools.

"Referrals of young men to these two NYA projects, as well as to all others which are operated under the Defense Program," Kellam said, "now are being made by local representatives of the Texas State Employment Service."

Plans for the L-shaped, prefabricated steel shop project, which recently was finished and which covers a total floor space of 5,100 square feet, specify a full 24-hour work experience program for three shifts of 27 boys each in sheet metal, welding, and machine shop work and related information and training classes to be offered by teachers furnished by the Brenham Schools and the State Board for Vocational Education.

Dedication ceremonies were held September 11 for the 60'x80' steel frame and masonry walled Meridian shop project which recently was completed on the high school campus by 35 boys assigned to an NYA Project there. Two shifts of sixteen boys each are receiving work experience in the shop building in sheet metal and welding and will attend related information and training classes taught by instructors furnished by the Meridian Schools and the State Board for Vocational Education.

WTC of C Officials Will Meet Ranger Citizens Tonight

A meeting of West Texas Chamber of Commerce officials and Ranger business men will be held tonight, at the request of the regional organization. Similar meetings have been held today at Eastland and Strawn.

Business men and all interested in local or regional chamber of commerce affairs have been urged to attend the meeting, which will be held at 8 o'clock in the Ranger Chamber of Commerce office.

Wages of Arcadia Employes Raised

All employes of the Arcadia Theatre have been given 10 per cent increases in salaries, it was announced today by B. E. Garner, manager of the theatre. The employes in Ranger are among 2,000 over the Interstate Circuit who received pay increases effective today.

Announcements from the home office in Dallas reported that all receiving less than \$49.50 a week would be given 10 per cent increases, while those receiving \$50 per week or more would receive five per cent wage increases.

Information About McQuiston Family Sought by Corporal

Corp. Walter H. Benedict, Service Company, 142nd Infantry, APO No. 36, Ragley, La., is seeking word of a family that once lived on the Ranger-Breckenridge road, and whose name was McQuiston.

Corp. Benedict writes that he has important information for the family, and particularly the son, whose initials are E. B., and whose age should be 18 or 19 years.

The family consisted of two girls, who are estimated to be of high school age, possibly a little older.

Anyone knowing the whereabouts of the family may contact Corp. Benedict at the address given.

The officers of the Commercial State Bank announce the selection of Wilson Guest to head the bookkeeping department of the bank, Guest having formerly been assistant bookkeeper.

Wilson came to Ranger from Strawn, where he was born and reared. In June, 1939, he was employed at the Paramount Hotel until about June, 1940, and during that time attended Ranger Junior College, and worked at the hotel part time.

In July, 1940, he became connected with the Commercial State Bank, as assistant bookkeeper, where he has since been employed. Wilson has been a very efficient employee in the bank. He is honest, dependable and ambitious. The officers take pleasure in promoting him to the head of his department, and his many friends wish him continued success.

He is a very popular young man and handles to a great extent the social activities of the bank, and last, but by no means least, is well known to the ladies, both far and near.

Fall Recreation Project Is To Start

The city-sponsored Recreation Project has opened for the fall season, beginning Monday, Sept. 15.

With the permission of the school officials, directors will conduct playground activities at both Hodges Oak Park and Young schools each afternoon from two until five. Mrs. Bernice Dorsey and Jesse Seary will be at Young School. H. P. Ball and Miss Maydell Stewart are at Hodges Oak Park.

The following games are available at each playground: touch football, paddle tennis, softball, volleyball, and various equipment games.

The Center will be opened each morning at 11 o'clock until 6 o'clock each afternoon. Folk Dance night has been changed from Tuesday to Monday. Bingo games will be played as usual each Thursday night.

Miss Josephine Williams will give instructions in oil painting, weaving, metalcraft, leathercraft, pottery, basketry, sketching pastel, and pencil studies. More information can be obtained by inquiring at the Corral.

New Members For C of C Secured By Committees

Although but four of the committees assigned to secure new members for the Chamber of Commerce have reported to the membership drive headquarters, the following new names have been added to the list of membes for this year:

G. D. Chastain, Ranger Steam Laundry, H. T. Schooley, J. W. Hooks, Jiggs' Cafe, Ranger Lumber and supply Co., Williams Hardware Co., Dr. A. K. Wier, Southland Hotel, Moderne Studio, P. O. Hatley, Lou Williams, R. H. Snyder, Neal's Laundry, Aaron Stiles Service Station, C. E. May and Bell's Cafe.

Several committees, which were at work earlier in the week, are expected to report additional names as soon as they have completed their work.

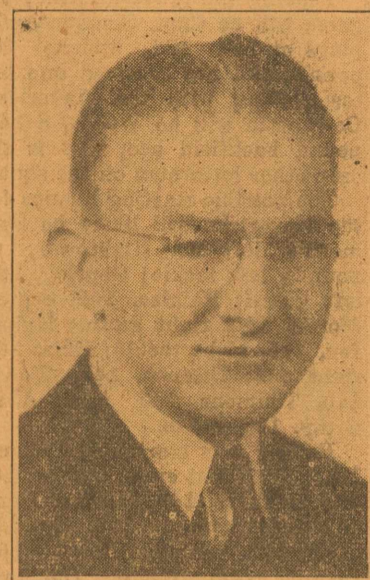

Fried Oysters To Be Served at The Legion Meet Here

A big oyster supper will be served to Legionnaires attending the inauguration ceremonies at Legion Hall tonight, when officers for the coming year will be inducted into service.

Plenty of big oysters have been obtained for the oyster fry and a big time is promised for all who attend. Both outgoing and incoming officers are expected to be present at the meeting, and all other Legionnaires have been urged to attend.

THE WEATHER
WEST TEXAS—Partly cloudy tonight and Friday. Scattered showers over south and extreme west.

Promoted

Wilson E. Guest, for the past year assistant bookkeeper of the Commercial State Bank, has been promoted to head bookkeeper, it was announced today.

Palo Pinto Soil District Covers Several Counties

The Palo Pinto Soil Conservation District, including Palo Pinto county and parts of Jack, Eastland and Erath counties, was organized and began operation early this year. The district is governed by five supervisors, namely: E. L. Winn, Huckaby; Clyde Bradford, Brazos; Leslie Hagaman, Ranger; O. H. Gayler, Mineral Wells; J. M. Dickenson, Vineyard.

In any community where interest is shown, informational meetings are held at which the program and plan of the district are explained. If enough requests for work on individual farms are received by the supervisors, the community is designated as a priority area, and the Soil Conservation is asked to work with the farmers in developing complete conservation programs on their farms.

After a satisfactory plan is developed, the farmer signs an agreement with the district supervisors agreeing to carry out the plan with the assistance that the soil conservation district has to offer.

Several farms have already been planned in Hannibal and Lone Camp communities, and Brazos, Santo and Gordon have been set up as other priority areas where planning will begin soon.

Through group action such as has been shown in these communities, the supervisors feel that the assistance the soil conservation district has to offer may be made available to more farmers in the district.

County 4-H Club Girls' Educational Exhibit for Fair

Eastland County 4-H Club girls will have educational exhibits at the county fair along the lines of better food production and selection in the home.

Clubs who have asked for booth space are: Gorman High, Gorman Ward, Kokomo, Kokomo grade, Olden, Morton Valley, Bullock, Alameda, Colony and Desdemona.

These exhibits may be placed on Wednesday afternoon after school or Thursday morning. The exhibit building will be available as long as any club wants to work on Wednesday night. The exhibit must be in place by noon on Thursday.

Other things which 4-H Club girls may enter are:

- Summary of Frame Garden —.75, .50, 25.
- Frame Garden Scrap Book —.75, .50, 25.
- Jar of Canned Vegetables from Frame Garden—1.00, .75, .50.
- Braided Rug—1.00, .75, .50.
- Dresser Scarf, 1.00, .75, .50.
- Best Piece of Bedroom Improvement, 1.00, .75, .50.
- Bedroom Summary, .75, .50, 25.
- Bedroom Scrapbook—.75, .50, 25.
- Best 4-H Club Educational Booth—3.50, 2.00, 1.00.
- Club having largest number of exhibits and scoring most points—2.00, 1.00, .75.

FOUR CAUGHT THURSDAY AT CROSS PLAINS

Robbery With Firearms, Theft of Automobile and Robbery by Assault.

Walter Sakaitis, 29, Chicago; Roy Rankins, 20, Tacoma, Washington; John A. Stinebaugh, 21, Greenville, Texas; and Audrie McBride, 29, Klondike, Texas, escaped soldiers from Camp Wolters at Mineral Wells, are being held in the Eastland county jail. They were captured just after noon near Cross Plains by Texas Rangers.

Charges of robbery with firearms, theft of automobile and robbery by assault were filed with District Attorney Earl Conner. These charges were in connection with the robbery and car theft Scenic Point near Ranger last Monday night. One of the men said they obtained \$10.00 from the cash register at Scenic Point and 21 cents out of the purse of Mrs. E. E. Deal at Scenic Point.

The Ranger, who were assisted by the officers from all counties in this section, took four shotguns and 40 rounds of ammunition which the men had hidden in the brush. Officers found none of the stolen money.

Officers were aided in their search for the fleeing men by airplanes. Blood hounds, which the officers had with them were not used the Rangers stated.

Football Officials Of County Organize

Organization of an Eastland County Football Officials' Association was perfected at a meeting held Wednesday night in the Connelley Hotel, Eastland, for the purpose of promoting rule discussions and interpretations and to aid coaches in selecting officials for games played in the Oil Belt district.

Plans call for meetings to be held each Wednesday night during the football season alternating at Eastland and Ranger. Next Wednesday night the meeting will be held in Ranger, at the Gholson Hotel. All coaches and officials are invited to attend the meeting.

Velton T. Moser was elected president of the association at the meeting Wednesday night, with Howard Gracy being elected secretary-treasurer.

Those present at the meeting were Coach Jennings, Ranger; Coach Jeter, Eastland; Supt. Brag of the Olden High School; John Hart Jr., Eastland; B. R. Broome, Fort Worth and Maurice Orr, Eastland.

Lindy "Advised" To Stay Out of State By The Legislature

AUSTIN, Sept. 18.—A resolution "advising" Charles A. Lindbergh to stay away from Texas was passed unanimously today by the House of Representatives, although several members spoke against it. There was no dissent on a voice vote.

The resolution by Rep. Pat Dwyer criticized the famous flier's outspoken opposition to the nation's foreign policies and stated that the "best interests of all concerned will not be served by his coming to Texas."

President Asks For Six Billions More Lease-Lend Aid

WASHINGTON, Sept. 18.—President Roosevelt today asked Congress to appropriate nearly six billion dollars to continue the lend-lease aid to Great Britain and nations battling the Axis, through June 30, 1943.

The president's request for funds for the next two years indicated preparations for a long war.

Handicappers Pick Mavs. Over Bulldogs

GAME WILL BE STARTED AT 8 FRIDAY NIGHT

Bulldogs Have Slight Weight Edge And More Lettermen To Face Scrappy Mavericks.

Despite the fact that the Ranger Bulldogs will have a slight weight advantage and more lettermen on the field Friday night when the Mavericks invade Bulldog Stadium, Fort Worth handicappers have picked the Mavericks as favorites to win, according to Fort Worth papers.

The Mavericks have long been known for having one of the scrappiest teams in this part of the

state, and a few odd pounds of weight mean nothing to them. They have constantly met heavier teams, and have invariably made a good showing against their heavier foes, even when they have been defeated.

Too, the Mavericks usually turn in a better game against the Bulldogs than they do against any other team, with the possible exception of the Cisco game, so everyone expects to see lots of snappy football for an early-season tilt when the two teams meet Friday night.

Leading the Mavericks into the game will be Capt. Simmons, who plays at left end, weighs 155 pounds and has received one letter playing with the Mavericks. Co-captain will be Woods, a 140-pound backfield ace, who is the only other letterman on the squad.

The possible starting lineups for the Mavericks will likely be Simmons at left end; Hightower, 168 pounds, left tackle; Gourley, 135, left guard; Halkias, 168, center; Morris, 140, right guard; Mahaffey, 165, right tackle; Ellis, 160, right end; Basham, 147, Woods, 140, Timmons, 145 and Abernathy, 136, backs.

Ranger may start Lee, 171 and Mitchell, 174 at ends; Ownby, 166 and Williams, 149, tackles; Horn, 144 and Thomas, 158, guards; Gray, 158, center; Elder, 165, Brown, 143, White, 138 and Blackwell, 148, backs, though the

Men, Women Over 40 Don't Be Weak, Old Feel Peppy, New, Years Younger

Take, Oxytocin. Contains general tonics, stimulants, often needed after 40—by bodies lacking iron, calcium, phosphorus, iodine, Vitamin B₁. A 73-year-old doctor writes: "It did so much for patients, I took it myself. Results fine." Special introductory size Oxytocin Tablets costs only 30c. Start feeling peppy and younger this very day. For sale at all good drug stores.

Human Skeleton Found At Austin

By United Press

AUSTIN—L. E. Shelton found a nearly complete human skeleton while excavating for gravel near Austin. Thinking he might have happened upon a murder mystery, he took the bones to Detective Sergeant B. C. Mitchell. Mitchell was impressed. He decided that the skeleton had been buried at least 100 years ago. Mrs. B. C. Hill, part owner of property near the gravel pit, had corroborating evidence.

Mrs. Hill said her grandfather moved to the area about 85 years ago from Missouri, bringing with him several Negro slaves. She understood, she said, that the slaves were buried where the pit later was dug, or close by. She also remembered tales of an Indian burial ground in the vicinity.

The New York man who managed to walk 80 miles in one day must have crossed the street only at intersections.

Bulldogs have several other good backs who might get the nod from Coach H. G. Jennings before game time.

Both squads were rounding out their week of training Thursday afternoon in preparation for the game, which is expected to draw a large number of fans, both from Eastland and Ranger.

Family Keeps Up Patriotism Habit

By United Press

DENVER—In 1917, Pvt. John Borelli of Denver collapsed while marching at a Texas army camp. He died without regaining consciousness.

His death was the result of a rare disease that has plagued his family for generations. Today, 24 years later, Borelli's younger brother planned to enter the army as an aviation cadet in the air corps.

"I realize it is my duty to serve," Chesler said.

CALIFORNIA PREFERS HOME WINE

By United Press

SAN FRANCISCO—California did not bid toward making an American wine industry a success by drinking 19,731,000 gallons of wine last year. It headed the list of states in consumption. There is one motor vehicle for every four persons in continental United States, the Department of Commerce reports.

Hunger Feeling Is Cured By Hypnosis

By United Press

DETROIT—Hunger movements in the empty stomach tend to stop under hypnotic suggestion, according to Ronald E. Scantlebury, after seven years' research at Wayne University's college of medicine.

The research indicated that hunger-satisfaction reactions induced by "hypothetical meals" in the hypnotic state are due to a reflex mechanism brought about

by the increase in the acidity of the gastric ulcer. When subjects were not hypnotized, the suggestion of eating, including the thought or sight of food, did not cause a similar reaction.

B.T.U. School To Start Next Monday

The annual Fall Training School of the Training Union of the First Baptist Church will begin Monday evening at 7 o'clock and continue through Friday night. There will be six classes taught during the school, which will include a joint class for Young People and Adults entitled "Modern B. T. U. Methods." The adults al-

so may study "The Fine Art of Soul Winning," and the young people may have the option of taking "Deepening the Spiritual Life." The intermediate course is entitled "Witnessing for Christ." The juniors will study the manual, Bible stories will be taught the primary and beginner group.

The teachers will include the pastor, Rev. David M. Phillips and Mrs. Phillips, Mrs. R. V. Robinson, Rev. and Mrs. A. A. Palmer of Olden, and Mrs. L. H. Taylor.

Mrs. C. L. Jackson and Miss Avis McElvain will have charge of the Surprise Program each evening. Each department will have charge of the Intermission Period.

Mrs. F. P. Brashier will be the pianist and Mrs. Phillips will lead the music for the school.

The enrollment goal has been set high. It is 300 enrolled, and 200 finishing the courses.

Hugh Smith, general director of the Training Union and the pastor wish to urge all the members of the Training Union and the church and any others interested to be sure to enroll and attend the classes of the school.

The First Baptist church of Ranger last year was given special recognition at the Fiftieth Annual Training Union Convention at Dallas with other churches securing 500 or more awards in Training Union work. The First

COSTA RICA TO ENLARGE ARMY

By United Press
SAN JOSE, Costa Rica—The Baptist church secured 548 awards last year. This year the State Convention will meet at Fort Worth on Thanksgiving Day and the two days following.

senate has approved legislation increasing the nation's regular armed forces from 200 to 500 men. The president is authorized to increase this number to 5,000 men in case of internal disorder, and no limitation is placed on the strength of the army in the event Costa Rica is threatened by international conflagration.

"Awful American" Accent Is a Worry To BBC Broadcasts

By United Press
LONDON—B.B.C. chiefs have a new worry. Parents in Britain

are broadcasting to their evacuated children in the United States. The broadcasts are two way, with the children speaking from America.

One mother, on hearing her child, said, "Oh, what an awful American accent you have. Ter-

rible." The evacuee's foster-parent did not like it. Neither did the B.B.C.

Now broadcasting parents must abide by a list of Do's and Don'ts. If they don't, the officials switch them off.

The New Girl: If it's a good first impression she wants to make she's chosen her dress wisely. For this crispy tailored wool and rayon is in perfect taste. The white waffle pique collar performs as a vestee in the deep V neckline. The narrow waistband is its own belt. Beige and brown, grey and black. Sizes 12 to 20.
May we suggest a small down payment and the balance to be paid weekly?

of this paper, will be gladly corrected upon being brought to the at-

The 13 Become 363

When the American Revolution began, the colonies were terribly handicapped by the fact that the British commanded the sea. British troops could be brought to any place along the American coast without opposition, coastal cities could be assaulted, and American commerce ravaged at will.

Something had to be done about it. The first thing was an obvious step. Commercial vessels were bought and hurried attempts made to convert them into fighting ships. Privateers were commissioned. It was quickly and painfully clear that this was not enough against the highly professional English navy. So the Continental Congress approved the building of 13 frigates, the first-beginnings of a real American navy.

Those 13 ships will have become 363 by the end of the year. Already this year, 23 fighting ships have been placed in active service, including two huge new battleships, nine submarines, and 12 destroyers.

By the end of the year it now seems certain that the Navy will have in commission 363 fighting ships as compared to 322 on last Jan. 1; 18 battleships as compared to 15; six plane carriers as compared to six; 38 cruisers as compared to 37; 179 destroyers as compared to 150 and 122 submarines to 105. Note that 20 new destroyers will have been added to the fleet this year in the place of the 50 sent to Britain in the deal for Western Hemisphere bases. No sensible person will deny that these 20 new destroyers, new, modern, and more powerful than the old, plus the new bases from which to operate them, constitute a gain in defensive strength over the 50 World War destroyers sent to Britain.

Two-Ocean naval protection is on the way and ahead of schedule. Is it any good, in view of the bomber? The best way to get a quick and easy answer to that question is to ask two others:

- 1. Where would England be today if she hadn't had throughout the war a dominant fleet? And,
- 2. What would Germany give today to have, in addition to her air power, a fleet capable of meeting that of the British on equal terms?

Connally Wins
Hard Fight On
New Tax Measure

WASHINGTON, D. C.—Senator Tom Connally, during the passage of the tax bill, again fought for and triumphed in the elimination from the bill of provisions depriving married couples in the eight community property states, of which Texas is one, of the right to file separate income returns.

Being the lone Senator from a community property State on the Finance Committee, the Texas Senator was out-voted in committee; however Connally carried his fight to the Senate where he was able to muster sufficient votes to force the Finance Committee Chairman to strike the provision from the bill. This action will save the tax-payers of Texas millions of dollars each year.

Connally in his service in both the House and Senate has been an ardent supporter of State rights under the community property law.

In his individual report on the tax bill, the Texas Senator said, "Under the community property system, marriage creates a universal partnership. To its capital, the husband and wife contribute their separate property and to it

they must contribute their full services, and divide the resulting income share and share alike. The courts require the use of the property for the benefit of both partners and will restrain its waste or diversion to others. The Supreme Court of the United States in a series of carefully prepared and presented cases has held that one-half of the community income belonged to the husband and one-half to the wife, that it was actually owned by them in these proportions, and therefore taxable to them in such proportions."

"The heroes of San Jacinto," exclaimed Connally in the Senate, "before they wiped the blood from their swords, placed in the Constitution of the republic the community property laws giving to wives an equal vested interest in the community income. They believed that a woman who was worthy to be the mother of their children was worthy to receive one-half of the earnings of their hands. We shall not surrender those rights without a determined resistance and a savage fight."

A senator says increasing taxes eventually may take some of the butter off our bread. Hope they leave us enough dough to make a roll.

Takeoff Of Bomber Not Like Movies

By United Press
SALT LAKE CITY, Utah.—In the movies the pilot straps on his headgear, runs to a four-motored bomber and is away—all in the twinkling of an eye.
Officials of the 5th Air Base in Salt Lake City revealed the steps actually necessary before one of the flying fortresses can leave the ground. There is a good deal of difference between fact and fancy.
First, the pilot consults the day's flight schedule. Then he visits the flight operations office, where he confers with meteorologists. Next, he must check another board to make sure his plane has

been fueled and oiled. Then he visits operation again to confirm his flight time. And that isn't all. Once in the plane, the pilot communicates by radio with the control tower and is assigned a runway. He must wait his turn for the takeoff. When he finally gets a go-ahead, he roars away—off at last, after at least seven detailed preparatory steps.

Camp Polk Will Test New Barracks

By United Press
LEESVILLE, La.—The army is building two fireproof barracks at new Camp Polk.
Major Walter H. Daub, constructing quartermaster here, received authorization for the structures which will be tried out. Each will be of standard 30-80 feet, and two stories. One will have a pitched roof, the other a flat roof. Each will house 63 men.
They will be constructed of concrete.

Treasury statistics indicate you should have \$1.95 more than you had last year at this time. Maybe we'll find it in a pocket of last winter's suit.

CARBURETOR

The carburetor is one of the most essential parts of your car. Your mileage and motor performance depend largely on the adjustment and parts being in A-1 shape.

Mr. Joel Hall is a carburetor expert and factory trained.

Let us take care of your mechanical needs. We will give you satisfaction. Fender, body work and painting.

If your present paint is good our polish and wax job will make your car look like new.

You probably will run the old bus a long time now... so take care of it.

We have everything for the automobile. Wont you be our customer, please.

Beautiful Cotton Hose Expected To Be Marketed Soon

COLLEGE STATION.—Beautiful cotton hose, the kind women will be proud to wear, will be one

result of the present hosiery situation. That's a prediction of Dora R. Barnes, clothing specialist for the A. and M. College Extension Service. Just how long it will take to develop that kind of cotton hose, she won't say. "Somehow I can't get excited over the present shortage of silk hose for something good will come out of the situation," Mrs. Barnes explains. Other fibers, such as nylon probably will be used more and more. Already manufacturers are combining nylon and cotton in hose, making cotton tops and toes and the remainder of the hose nylon. In addition, rayon will be used more in hose, since the United States ranks third in the production of that material. It can be made into hose that will wear well and are attractive.

Most women use little silk these days, the specialist points out, since so many other beautiful synthetic fibers are available and the cost of pure silk is so high. Because of the current interest in the hose situation and in new cotton hose which are being developed, Mrs. Barnes will broadcast on the Texas Farm and Home Program from Stations WBAP, KPRC and WOAI on September 16 at 6:15 a. m. Her topic will be "The Cotton Hose Situation."

Little Damage To A.E.F. Cemeteries Noted In The War JOHNSTOWN, Pa.—Cemeteries in France containing graves of American soldiers who died in the first World War, suffered little damage during last year's German blitzkrieg into France, it was declared here by a caretaker for the burial places. William H. Dorsey, employed by the U. S. government, admitted before a meeting of "Forty-and-Eighters" that some damage had been done to the graveyards when the Nazis swept toward Paris, but said it was not what might have been expected. "The damage in the cemeteries was nothing like that to the little towns through which the fighting raged," he said. "Many of them were turned into piles of stones and burned wood, completely destroyed."

Nevertheless, Dorsey said an occasional poorly-aimed aerial bomb or artillery shell would drop on a cemetery and destroy some monuments and uproot others. But he declared that these were exceptions and that very few graves were destroyed.

Ranger, Texas

Antelope Trapping To Be Moved To Panhandle Area

AUSTIN—Antelope, which in years past have been successful

live trapped and transplanted to better ranges in lower West Texas and the Trans-Pecos region, will be trapped next in the Panhandle, the Executive Secretary of the Game Department announced today.

The project, scheduled to begin within a few weeks, will be centered in Oldham County, where a considerable antelope herd has

developed, and animals trapped will be distributed to thousands of acres of suitable range in that portion of the Lone Star State.

Details are being worked out in conferences between the Executive Secretary, the Director of Wildlife Restoration of the Department, and the Game Manager who has been in charge of such work in the past and is most familiar with it.

The purpose of the work, the Executive Secretary explained, is to remove surplus antelope from overcrowded ranges. Under such conditions the Texas antelope herd, a few years ago, was slowly starving to death. There was not enough food on the ranges to withstand the tremendous competition for subsistence among cattle, domestic sheep and antelope, it was explained.

Success of the antelope trapping work instituted by the Game Department already has been indicated, and this year the Director of Wildlife Restoration estimates the total antelope population of the State at 10,000 head on the basis of reports from field men who check the various areas where seed herds of the animals have been released.

One of the most cheerful reports this year came last week from the Game Manager of the Trans-Pecos region, who said there had been an excellent fawn crop of antelopes this year.

Texas Giving Up Workstock Breeding

AUSTIN—Texas gradually is giving up horse and mule breeding as a state-supported activity. The withdrawal is gradual as the supply of breeding stock the state acquired in the days of parimutuel racing is depleted.

At one time, the state had purchased 290 pure bred jacks and stallions with its "take from race track betting."

The law that permitted parimutuels was repealed in 1937 and since then there has been no fund from which to supply new animals. Of the 290, it is estimated that approximately 100 have died or have been turned into draft animals.

Chickens - Turkeys

STAR SULPHUROUS COMPOUND given in drinking water or feed, destroys in the germ period—intestinal worms and worms that cause most all disease and loss in egg production. Also rids them of blood-sucking lice, mites, fleas and bluebugs. Then they will stay in good health and egg production at a very small cost. Money back if not satisfied. OIL CITY PHARMACY.

Work Animals To Stage A Comeback

By United Press

CHICAGO, — Dobbin and the Old Gray Mare have hit the comeback trail to alleviate the gasoline shortage and fill other transportation gaps in the defense economy.

Wayne Dinsmore, president of the Horse and Mule Association of America, predicted that the use of work animals, already stimulated by the defense program will receive such impetus from gasoline rationing that the declining horse and mule birth rate will be reversed.

"Rationing of higher prices for gasoline, difficulty in obtaining trucks, or truck parts, for rural or city use," Dinsmore said, "is likely to be felt in the horse and mule business."

He pointed out that defense stimulation of trucking already has resulted in the substitution of

two teams for motor vehicles on short hauls in the Chicago "loop."

Dinsmore said an increasing number of horses and mules was expected in short hand work now being performed by trucks. He listed the army and an unusual increase in the demand for racing horses as other factors expected to augment the animal population.

He said the army purchased approximately 27,000 horses in the past 12 months, bringing the number to 41,000 with 9,000 remnants in reserve.

According to the association's records, the 1920 supply of these animals was 25,000,000 valued at \$2,700,000,000. The 1930 population was only 19,000,000, valued at \$1,400,000,000. By Jan. 1st, 1941, the population had dropped to 14,000,000, valued at \$1,100,000,000. Of the January stock, 10,300,000 were horses and colts.

Dinsmore said that despite the increased need for horses, the average price received by farmers was only \$69.80, compared to \$74.50 in July, 1940. The average

price from 1909 to 1914 was \$136.60.

Dinsmore said the nation is producing only 8-13 of the horses colts necessary for replacement and only 1-4 the necessary mule colts.

Society Notes

Hodges P. T. A. Executive Board Meets
The Executive Board of the

Hodges Oak Park Parent-Teacher Association met at the school Wednesday afternoon at 2 o'clock with Mrs. L. R. Conrad, president, presiding.
Plans for the year were discussed and the first meeting of the P. T. A. was outlined.
Those attending the meeting were Mmes. Conrad, E. Baker, Odell Cole, M. Wilson, C. B. Pruet, Rene Garza, L. C. McDonald and W. A. Lewis.

The first meeting of the Parent-Teacher Association will be held Tuesday, Sept. 23 at the school at 3:45 o'clock.

Band Club Officers Elected
At a meeting of the Band Club held Monday evening at 8 o'clock in the Recreation Building the election of officers for the school year took place. Plans were also made for the year's work.
Those elected to serve the club for the year were: president, Mrs. H. C. Croom; vice-president, Mrs. Roney Jones; secretary-treasurer, Mrs. Mamie Ruth Hamrick; finance chairman, Glenn Rex and reporter, Clem Fritsche.

The next meeting of the club will be held Monday evening at 7:30 o'clock in the Band hall.

City Council Program Committee Meets
The program committee for the City Council of Parents and Teachers met Wednesday afternoon at 2 o'clock in the home of Mrs. C. E. Maddocks.
Plans for the year book were made after which refreshments were served to the following: Mmes. Saule Perlstein, O. G. Lanier, Frank Deaton, E. J. Sneed, Carl Heinlin and H. C. Croom.

Pete Jameson Celebrates Birthday
Pete Jameson, son of Mr. and Mrs. Aubrey Jameson, and grandson of Dr. A. K. Wier and D. L. Jameson, celebrated his third birthday Tuesday and was complimented that afternoon when Miss Ada Maynard entertained at the home of Dr. Wier with a party from 3 to 6 o'clock.

Colorful balloons decorated the rooms where various games were enjoyed and the balloons were given as favors to the guests when delicious refreshments and birthday cake were served.
Those enjoying the occasion were: Annee Wolford, Wynona Raines, Pauline Raines, Peggy Jean Wolf, Martha Nan Thompson, Mary Margaret Cash, Deanna Plumley, Betty Lou Hagaman, Kenneth Falls Jr., John Leslie Hagaman, Butch Simpson and Pete; and Mmes. Nath Prinkle,

Records Are Kept By Dallas Man Of Roosevelt Talks
By United Press
DALLAS, Texas—W. M. A. Smith, Dallas contractor, deftly lifted a record from a turntable the other night and stored it in his machine had been set up before files.

A microphone connected to the radio. President Roosevelt had just concluded his historic speech disclosing that American warships had been ordered to fire on Axis raiders.
Smith said he had made recordings of all Mr. Roosevelt's addresses and fireside talks.
"I keep them in a cabinet and play them over and over again," he explained. "They're plainer than the radio itself, and they give a better idea of war history than the printed word."

Mrs. C. C. Cross and Miss Norene Cooper spent Wednesday in Fort Worth.

Ex-Big Leaguer Kills A Wildcat With Perfect Pitch

By United Press
TEMPLE, Texas—Twenty years ago, Farmer Roy Mitchell pitched big league baseball.
Recently, he demonstrated that he has lost little of his speed and control.
Wildcats had been lurching off Mitchell's goats and pigs. When he happened upon one of the big cats, he was unarmed.
He maneuvered it into a corner and threw a rock at it, killing it almost instantly.
Mitchell pitched for several big league clubs, including the Cincinnati Reds.

DOCTORS INSPECT FLEAS

SACRAMENTO, Cal.—One of the particular jobs of the state department of public health is inspecting fleas. It inspected 30,000 last year. The inspection enables public health officials to ascertain if there are any plague infected animals in the state.
