Frontier Jubilee, P.T.A Sponsored, To Be Held Tonight On Court House Lawn

By PRESTON C. LIGHTFOOT
Chairman Publicity

Direction of the Frontier Jubilee, to be presented on Sutton county's beautiful and verdant courthouse lawn this afternoon at 5:00 o'clock, opening with a parade depicting scenes of early pioneer days, is the duty of Miss Annie Duncan, Sonora high school's social science teacher and librarian.

The Frontier Jubilee is being staged by the Sonora Parent-Teacher Association, of which Mrs. J. Franklin Howell is president and who has been instrumental in the formulation of this reminiscent and spectacular occasion which has taken shape through the exceedingly co-operative spirit effected by the citizens of Sutton county, to provide wholesome fun for the public and to raise funds to aid in the payment of an audio-visual (sound and picture) machine which was recently purchased, one-half of which was anonymously contributed for public school use.

The time for the parade has been moved up from 5:30 p. m. to 5:00 due to the fact that moving pictures, which are to be made by Edwin Sawyer, cannot be photographed later. Miss Duncan urges everyone who plans to be in the parade to meet at 5 o'clock on the east side of the courthouse lawn attired in frontier costumes; the Boy Scouts, however, are to be dressed in their uniforms.

Procedure of events and arrangements are as follows:

Parade—downtown at 5:00 o'clock.

Chuckwagon Supper — east side of courthouse lawn following the parade at 6:15 p. m.

Square Dancing—south side of courthouse lawn on platform.

Bingo—south side of courthouse lawn.

Concessions—south side of courthouse lawn.

Program and Contests—south side of courthouse lawn after the chuckwagon supper.

Modern Dancing—sponsored by H. V. (Buzzie) Stokes in the Boy Scout Hall at 10:30 p. m. Fifty per cent of net proceeds goes to P.T.A.

Working under Miss Duncan and Mrs. Howell are H. V. (Buzzie) Stokes, announcer, who will inaugurate the Frontier Jubilee; Boyd Caffey and his entertainment committee, who have made arrangements for an hour's program of characteristic entertainment for the evening; Bustie Halbert and his donations committee and Alfred Schwiening and his chuck wagon committee, who have secured and prepared everything with trimmings for the Chuck Wagon Supper, immediately to follow the parade, for which refreshments are being furnished by Mrs. Haynie Davis and her refreshment committee.

Launching of the ticket drive this and the past week by F. T. Jones, chairman of the ticket committee, gives anticipation of a good advance turn out and Sonora will be in readiness to welcome all visitors attending the celebration. Advertising has been in charge of Peter A. Chase and his committee who have placed decorative posters in local display windows and in nearby towns.

In connection with the square dance and Bingo, under the supervision of Miss Viva Milstead and C. E. Caraway, W. C. Gilmore and his concessions committee will cater of the 'thirstiest of the thirsty.'

Mrs. J. Franklin Howell is general chairman and Preston C. Lightfoot is publicity director for the Frontier Jubilee.

Local townspeople will be dressed in the picturesque costumes of the early days in creating the proper atmosphere; however, no exclusions will be made for those not so costumed and invitations have gone out to hundreds of old and new

friends to come to Sonora for this festival of gaiety.

Organization of the "Neophytes of the House of David" has served its purpose admirably in insuring a greater success of the Frontier Jubilee, since all signers are to refrain from shaving until after today or otherwise forfeit \$5.00, and due to the Lions Club ultimatum, passed at its Tuesday's meeting of last week requiring any member of the Lions Club who shaved his whiskers after Monday April 17, to be fined the sum of one dollar.

It has been reported that fines have already been collected either due to these people "becoming disheartened with their efforts to grow whiskers" or to the strenuousness of having to wear a beard.

Being a Lion, one may be required to forfeit, not only the \$5.00 but the \$1.00 because of the Lions ultimatum, which was the original motive that prompted the "Neophyte" organizers should any signer break the agreement to forego shaving until after today. Beard growing must be on the increase!

Several victims were "co-erced" into signing the "no-shaving" petition by some of the organizers resorting somewhat to "trickery" by leading them to believe they were signing a petition for promoting a softball league which was being organized co-incidentally.

Prizes for various contests are on display in the E. F. Vander Stucken Hardware window, except the \$1000.00 accident insurance policy which is to be given by John L. Nisbet and Cecil Allen to the most typical frontier costume worn by a man, a prize really worth the necessary time and effort for those who care to enter this contest.

Prizes for the various contests are donated by the following business firms:

Most typical pioneer costume (man)—John L. Nisbet and Cecil Allen.

Most typical pioneer costume (woman)—Hamilton's Red & White Grocery.

Most attractive cowgirl costume—George Barrow Jewelry Store.

Most attractive cowboy costume—Sonora Drug Co.

First Place in the "Old Fiddlers' Contest"—Corner Drug Store.

Second Place in the "Old Fiddlers' Contest"—E. F. Vander Stucken, Co., Inc.

Best old time jig dancer—Piggly Wiggly.

Best Beard (First Place)—J. T. Penick & Son.

Best Beard (Second Place) J. T. Penick & Son.

Judging of the various contests are to be in the hands of John D. Lowrey and his prizes committee.

Up to the present the following firms have contributed supplies for the Chuck Wagon Supper:

Piggly Wiggly Grocery, Red & White Grocery, Sonora Grocery, City Variety Store, Self-Serve Grocery,

Club Cafe, Norris Cafe, J. W. Trainer & Son, Elliott Bros., Stokes Feed House.

Other firms contributing will be acknowledged next week.

All food, including the Spanish goats, has been donated by friends and members of the Parent-Teacher Association.

W. R. Parson, manager, and John Bowers of the West Texas Utilities Co. will be in charge of the lighting arrangements of the courthouse grounds.

The platform for square dancing, about 40 x 60 feet has already been provided. Other concession stands have been erected by the property committee.

Frank Knapton Home

Mrs. Frank Knapton and son, Frankie, returned from San Antonio Monday where they had been to bring Mr. Knapton home. Frank is said to be improved and will be able to be about his business in a short time.

Unseen Companions

When the moon rides over the desert road,
And you're highballin' into the West
With a sweet runnin' truck and a good solid load,
Just waitin' to put her to rest—

Oh, you don't ride alone through that country, Jack
There's a legion of shadows goes too
A legion of shadows with saddle and pack,
Aridin' alongside o' you.

Off to the left through the cactus and sage,
Down from the moon-misted slopes,
Comes Buffalo Bill on a ghostly rampage
With his men all swingin' their ropes.

And there's Annie Oakley, best shot on the range—
Wells-Fargo streaks on through the sand!
And right over there—it hardly has changed—
Is the scene of brave Custer's last stand!

No you don't ride alone through that country, Jack
You've an escort each mile of the way
An escort of shadows that takes you back
To the West of a long vanished day!

State Firemen to Meet at Harlingen

C. W. Taylor, chief of the Sonora Fire Department, is in receipt of information from the Lower Rio Grande Valley fire chiefs that each delegate to the state convention of the State Firemen's and Fire Marshall' Association of Texas, will be given some choice Valley grapefruit as he registers for the convention.

The annual conclave of firemen is attended by an average of 2,500 delegates and visitors and is to be held in the Lower Rio Grande Valley, with headquarters at Harlingen, on June 13, 14, 15.

Chief Taylor was advised that Valley firemen have selected several tons of choice Valley grapefruit which has been placed in cold storage and as each delegate registers he will be handed several of the famous fruit.

Because the Rio Grande Valley is so near the Gulf of Mexico, the cool sea breezes and opportunity for swimming and fishing is expected to cause many of the visiting firemen to take their families to make a summer vacation of the annual visit to the convention.

Dr. White to Dental Clinic

Dr. Tom White, dentist, will leave Sunday for Oklahoma City where he will attend a session of the Southwest Dental Congress.

Landscaping Project Started Wednesday

The Texas-Mexico Pipe Line Company has employed the Mosty Nursery Company of Kerrville to landscape both the cottage yard and station site.

Work on this project was started Wednesday and should be finished in a few days.

There will be a row of elm trees in both the front and back yards of the cottages and various types of shrubs will be placed at vantage points to add beauty to both the station and cottages.

The appearance of the pipe line equipment will be improved and this landscaping will lend more scenic charm to Sonora.

Preparations Made In Public Park

Through the efforts of O. C. Ogden and Lewis Spraggins, who used their leisure time, the sprinkler system in the city park has been completed.

The grass seed will be planted Monday and it is hoped children as well as adults will stay out of the park for a few weeks, until the grass is large enough to withstand use.

Visits Daughter in Sonora

Twelfth Annual Free Dance Given By Sonora Motor Company Monday Night

Eleven Lions Pay Hirsute Fine

Boy Scout Executive Speaks of Coming Circus

Considerable amusement was occasioned Tuesday noon as Clay Atchison, resembling a Jewish Rabbi acted as an examining committee of one to ascertain if any shaving had been going on among Lions Club members.

Eleven members paid, or promised to pay fines of \$1 each because of their untimely use of a razor. Three signers of the "House of David" petition stood the gauntlet of raising whiskers just as long as possible then donated a five dollar bill to the cause of the Frontier Jubilee.

C. H. Janeway, Scout executive, before taking up the subject of "America's Answer," took time to comment upon the luxuriant growth of whiskers displayed at the luncheon. He said he was surprised to see evidence of the "Days of '49" so prominently displayed by a number of men before him.

Mr. Janeway told of the success of the Boy Scouts' Circus last year, and predicted an even greater success this season. He displayed the magazine with which Scouts are advertising the colorful event to be held in San Angelo April 29.

He complimented the Sonora Mexican Boy Scouts and the work that was being done here, and Troop 19 for the good work done at the first Ranch District Camporee held at Ozona.

He called attention to the fact that John Eaton, former Scoutmaster here for a number of years, would direct one of the major shows at the coming Circus.

Misses Margaret Sandherr and Jimmie Langford, who tied in grade averages for this last six-week period of school, received recognition as Lionesses. It is the first time students have tied for this honor.

Dock Simmons received the title of Lion for the same period of time. W. H. Dameron, first vice-president of the club, made the presentation of emblems.

H. V. Stokes reminded that the district convention was to convene May 8 and 9 at Brownsville. He stated that an elaborate program was in process of formation. A number of Lions from here are expected to attend.

The club voted to pay the registration fee.

Everything around the Sonora Motor Company's big show room and garage is being put in readiness for the big annual free ball Monday night.

Invitations to a number of out-of-town friends have been mailed, placards advertising the big free event have been posted in a number of towns surrounding the "Capital of the Stockman's Paradise," telling West Texas dance lovers of the special treat.

People are expected from all over Texas, in fact, a larger crowd than at any time before is anticipated.

For twelve years the Sonora Motor Company has been giving these free balls, each one being accounted a success in every particular.

The event, managed by Sam R. Hull of the motor company was first staged in 1928 and each of the following years has seen the affair grow "bigger and better."

Last year an estimated crowd of one thousand people—not all West Texans, but from as far away as Dallas, Fort Worth and Houston—attended the event.

As an added attraction the Ford Motor Co. will furnish a motion picture machine and an operator as extra entertainment before the big dance starts at nine o'clock.

The company not only advertises its products through this machine but gives West Texans a glimpse of Scenic U. S. A. The show, itself, is indeed a wonderful treat.

Through this agency West Texans are enabled to view the wonders of the national parks and other scenic spots of the world.

For this year's cinema entertainment Mr. Hull states that Jack Stubbs, who will have charge of the show, will present "Harvest of the Years," as the main picture to be followed by a comedy subject. The show will start at 8:00 and continue until 9:00, according to Mr. Hull.

Joe Buzze and his orchestra has been secured by the management to furnish music for the free dance. Citizens of this section are familiar with the strains of music produced by Mr. Buzze and associates. Many people who do not dance will attend the event just to listen to good music as it should be played.

Mr. Hull will have on display his old Brush car. This old machine, of the vintage of 1910, is now in its 29th year. It occupies a prominent place in the show room at the motor company building.

In its earlier days this wooden axle auto was driven to Pennsylvania and return by Mr. Hull and his brother, Fred.

It will probably be seen on the streets of Sonora this afternoon when the Frontier Jubilee parade is held at five o'clock.

China Rehabilitation

The Methodist Church is giving an opportunity to anyone who would like to make an offering to help rebuild war-torn China. Special offering will be taken Sunday.

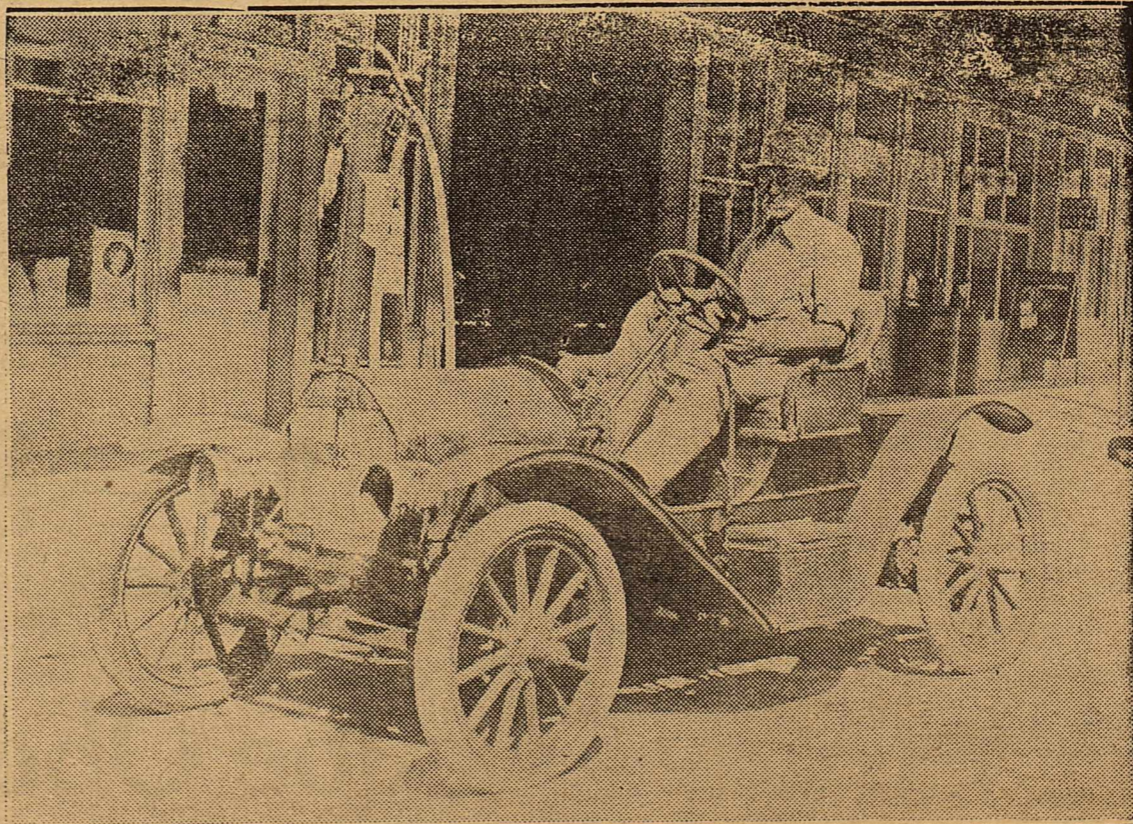

Famous 'Outlaw' In Sonora On Jubilee Day

Whether pre-arranged or the date chosen at random, the appearance of the picture depicting the life of the once famous outlaw, Jesse James, fits in nicely with the occasion of the Frontier Jubilee being held this afternoon and night.

The picture will be presented by La Vista Theatre this afternoon, tonight, and tomorrow night.

You will have opportunity to visit the Frontier Jubilee and view the Jesse James episode, too.

An Old-Timer . . . Driven By Sam Hull

THERE WERE FEW "GAS" TANKS WHEN THIS BRUSH ROADSTER WAS BOUGHT BY SAM Hull of Sonora, as a new car in 1910, but its one-cylinder engine still clicks and the year-old chassis is still sound. Hull, shown at the wheel, drove the car to Pennsylvania and required only three weeks to make the trip. It starts on a crank that winds up backward.

SONORA WINS CLASS B CHAMPIONSHIP AT DISTRICT

Sonora fared very well in the district meet. For the first time in history the school won the "All Round Class B Championship" award.

The debate teams played a big part in winning the plaque. Our boy's team upset another tradition: never before had San Angelo's boys been defeated in District Debate. Our boys defeated the San Angelo boys by a decision of 3-0. The San Angelo girls defeated our girls by a decision of 2-1.

The track team did not fare so well. Higgins took fourth in the discus throw, and tied for fourth in the 100 yard dash.

In declamation, Elizabeth Taylor, junior girl representative, won first place, thus aiding our side.

We are in general satisfied with our trip to the district, although we had very high hopes, some of which fell through.

HIGH SCHOOL ASSEMBLY

Mr. Flathers was in charge of the assembly program Friday, and we were honored with the presentation of the district one-act play, "The Purple Door Knob." It was a very interesting play showing the thrills a lonely invalid can receive from an actress' visit.

The cast was: Mrs. Bartholomew, an invalid played by Daphne Jungk; Viola Cole, the actress, played by Jimmie Langford, and Dunbar, the butler, played by Dock Simmons.

There were several visitors from out-of-school and everyone enjoyed the program.

NEW FRESHMAN MEMBER

We are very glad to have a boy added to the Freshman class. Howard Peters, Jr. is a relative of Mildred Trainer. Howard, we are very glad to have you and hope you enjoy going to school in Sonora. We will do our best to help you.

THESPIAN CLUB

The Thespians met Monday. The roll was called and the minutes read. As there was no new or old business to be brought before the club, the program began.

Doris Meckel played a piano solo "Lambeth Walk." Jamie Trainer gave a dramatic reading and Wirt Ellis Stephenson played two accordion solos. Mr. Flathers then discussed with the class the District Meet. The club members have decided to have a swimming party in a few days.

"Cow," now where were you Monday night after you left the Mexican School Building? Who were you courting? Or maybe we should say: Who was courting you?

"You're pretty"! Did you ever hear anything like that, Jimmie?

What did Ralph mean when he said, "Where's the rest of you?" when we walked in Curry's?

With the approach of the twenty-first there are a lot of plans being made. I wouldn't say they are all being made for the program, supper, and parade.

ELIZABETH TAYLOR WINS DISTRICT HONOR

At the district interscholastic league meet held in San Angelo on April 14-15, Elizabeth Taylor, a seventh grader, won first place in junior girls declamations, making the second successive year Elizabeth has won at district.

At the county meet held in Junction several weeks ago, Elizabeth Taylor and Warren Reddock both won second places in the ward school division.

At the regional meet to be held at Abilene tomorrow, Elizabeth will compete with other district winners. The Elementary School is very proud of this record and hopes for her a most successful trip to the regional meet in this, her last year in the elementary school.

JESSE'S DEBT PAID

The State of Missouri can rest assured that the money stolen by Jesse James during his career as an outlaw (reported to be in the neighborhood of \$200,000) has been more than repaid.

When the films sent a troupe to that state to film Darryl F. Zanuck's brilliant Technicolor production, "Jesse James," now playing at La Vista Theatre, they budgeted \$500,000 for location expense. The budget hit the expenditures right to the penny and that is exactly the amount that was spent.

Tyrone Power, Henry Fonda, Nancy Kelly and Randolph Scott are starred in the film which was directed by Henry King.

SEVENTH GRADE GIVES ASSEMBLY PROGRAM

The seventh grade gave the elementary school chapel program last week. It was the last chapel program the seventh grade will give this year.

A play, "The Pumpkin Hill School Graduation," directed by Miss Garrett, was given. The play was about the class valedictorian, played by Sanford Trainer, who did not have a pair of trousers to wear to the graduation exercises. Another member of the class who was much larger than Henry, swapped trousers with him, and they arrived at the program just in time.

In spite of the fact that he had to hold his trousers, Valedictorian Henry said his speech and the class was happily graduated.

Others taking part in the play were Margie Crowell, his little sister, Katherine Cartwright, Henry's mother, Eddie Wart, Henry's cousin, Peggy Reming, the teacher; Billy Shurley, Virginia Adams, Hilda Mae Luckie, R. C. Luckie, Clyde Henderson, Kathleen Brinkley, Justin Odom, Glenn Crowell, Jim Hill, Wanda Thomas, Elizabeth Taylor and Boyd Wilson were all pupils in the graduating class.

Following the play, Miss Margaret Tipton gave two readings, after which, the high school volleyball team presented Miss Garrett, their coach with a gold volleyball.

PAN-AMERICAN PROGRAM

The Sonora Chapter of the Pan-American Club observed April 14, Pan-American Day, with a formal program. It was held at the home of Mr. and Mrs. L. W. Elliott, and presidents of the other club organizations of Sonora were invited besides several other guests.

The program was begun with the National Anthem of Mexico sung in unison. Wanda B. Rape gave an account of the observance of Pan-American Day; History and Purpose of the Pan-American Student Forum was given by Jimmie Langford; and F. T. Jones gave a most interesting talk on the Meaning and Significance of Pan-Americanism. Miss Elizabeth Caldwell played a piano solo, a Cuban selection, Malaguena. Miss Marie Watkins sang "Amapola" and "Estralita," Spanish numbers, accompanied by Gertrude Babcock. The closing number, "America the Beautiful," was sung by all.

Punch was served to Misses Pauline Davis, Johnnimal Edmonson, Viva Milstead, Gertrude Babcock, Johnnie Allison, Marie Watkins, Elizabeth Caldwell, Thelma Rees, Margaret Fay Smith, Elizabeth Elliott, Georgia Nance, Beatrice Kirchner, Margaret Schwiening, Louise Briscoe, Jimmie Langford, and Wanda B. History of South Now Being Written

Austin, April 18.—Publication of the first definite history devoted entirely to the South is being undertaken jointly by University of Texas and Louisiana State University, it was disclosed here today.

The ten volume series, to cover the period from 1607 to 1940, will be the University of Texas' first major venture into the historical publishing field, Donald Coney, University librarian and secretary to the Board of Trustees of the Littlefield Fund for Southern History, declared.

Editors of the history will be Drs. Charles W. Ramsdell and Wendell H. Stephenson, professors of history at the University and Louisiana State.

Each of the ten volumes will be written by one of America's best known historians, according to Dr. Ramsdell. Manuscript contracts, signed this week, call for "immediate work," and early volumes should appear within two years.

The series is to be financed by the Littlefield Fund, from which \$125,000 can be taken and by Louisiana State funds.

"The series will furnish the only complete and authoritative picture of Southern history in existence," declared Dr. Ramsdell, who will also prepare one of the volumes. "I believe it will be one of the most important historical works ever compiled in America."

Donor of the University's historical fund, Major George W. Little-

field was one of the University's greatest benefactors, giving the institution \$1,650,000 during his lifetime. In 1914 he created the Fund for Southern History with \$25,000, which his will expanded in 1920 by another \$100,000.

You get back a portion, some how some time, when you spend your money at home.

SILENT PARTNER

Because Servel Electrolux Helps Balance the Budget

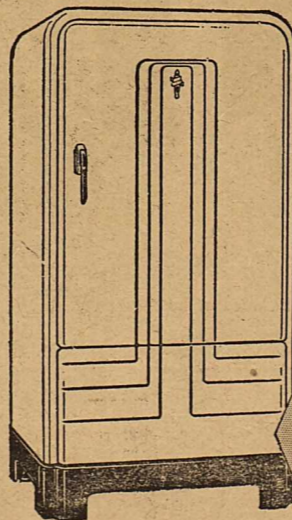

A "silent partner" is someone who furnishes the money, or part of it, to help run your business. Well—is your business running a home? Then Servel Electrolux, the gas or kerosene refrigerator, is a real "silent partner."

It furnishes money, all right. In savings on ice and grocery bills. Many a family here with a grocery bill of \$12 to \$15 a week, saves \$8 or \$10 a month with Servel Electrolux—often more. Over and above the small cost of gas.

And its convenience and protection to your family's health—well, that's "thrown in." The steady, even, constant cold, that keeps foods fresh, crisp, safe. The abundant ice-cube supply—and ice cream every day if you like.

And—it's really silent. Now and forever. The only one with no moving parts in its freezing system. With nothing to make

a noise—and nothing to wear, to cause trouble and costly repairs. What a partner! Shall we make it your partner—NOW?

Junior National AAU Winners

College Station, April 18. — Here is the team which brought the Texas Aggies a National Championship when the boys won the Junior National A. A. U. water polo crown at St. Louis, Mo., this month. Last year they were runner-ups but avenged their only defeat since 1935 by winning from the University of Chicago, 4-2, in an overtime game. This same Chicago team defeated Northwestern University this year which was the team that

licked the Aggies for the title last year.

In the picture, they are, left to right: Back row—Alex Nordhaus, San Antonio; Harold Hensley, La Feria; Coach Arthur Adamson; Paul Spaugh, Mart; and Nicholas Ponthieux, Beaumont.

Front row—Thomas Hall, Dallas; John Coach, McKinney; Captain Clifton Armstrong, El Paso; Edward Johnson, Fort Sam Houston; and Chic Denny, Shreveport, La.

Music Camp to Be Held June 5-July 15

College Station, April 17.—Four of the nation's outstanding band and orchestral leaders will head the teaching staff of the Southern Music Camp at New Braunfels June 5-July 15, according to Dr. F. E. Giesecke, director of the A. & M. College Engineering Experiment Station and president of the board of directors of the camp.

Lieut. Col. R. J. Dunn, director of the A. & M. band will serve as camp director and dean of music; Ernst Hoffman, conductor of the Houston Symphony Orchestra will head the orchestra division; and Capt. R. B. Hayward, musical director of the Toronto, Canada, concert band, with Col. G. E. Hurt, director of the University of Texas Band, will head the band division.

The camp is the only cultural project of its kind in the South and is expected to attract many students of music who wish to com-

bine music studies with a vacation at the famous Landa Park playground at New Braunfels. Instruction in band and orchestra will be available to both men and women, boys and girls in addition to courses in applied and theoretical music. All student life and activities, both educational and recreational, will be under supervision of competent deans of women and men. Satisfactory completion of the six-week course will lead to college entrance credit for the elementary work and to college degree credit for the advanced work, Dr. Giesecke announced.

Creation of the Southern Music Camp, a non-profit organization was sponsored by the educational committee of the New Braunfels Chamber of Commerce. Students who avail themselves of the opportunity of studying music in the beautiful Comal river playground area will enjoy swimming, fishing, boating and other recreational facilities.

The river has its origin in springs which gush forth 240,000,000 gallons of water a day. It has both its source and its mouth in the New Braunfels city limits—and is known as the largest, shortest river in the world.

Austin, April 18. — Stronger emphasis on graduate work, recommended by President-elect Homer P. Rainey as a major objective for the University of Texas, is already a feature of the school's summer session, Assistant Registrar Max Fichtenbaum pointed out today. Fichtenbaum said that of last summer's total enrollment of 6,077 students, one third were graduates. The long session enrollment usually includes only 8 per cent graduate students, he said.

Quail Shelters An Experiment

Austin, April 18. — An experiment to determine if the quail population in the vicinity of Abilene can be increased by building "headquarters areas," or fenced shelters that provide the birds with sufficient food and cover, already has progressed to the stage where eventual success is indicated, and may turn out to be the key to better quail production in many other localities in West Texas, according to the April Monthly Bulletin of the Texas Game, Fish and Oyster Commission.

Twenty such headquarters areas were constructed on a tract of 2,500 acres of pasture, cultivated and bottom lands, located south of Abilene and owned by an Abilene business concern, whose co-operation made the project possible. The business concern contributed the money necessary to build the shelters—about \$200—and is co-operating in other respects.

The shelters, ranging in size up to one-half acre each, were fenced to exclude cattle, planted to vegetation that would provide quail food, notably wheat, and stocked with brush piles that afforded immediate "home" for quails, as well as refuges in which they could hide from their natural enemies. The shelters, properly spaced in the tract, provided suitable quail habitats in an area that had not, up to that time, been attractive to many wildlife species because of severe food and cover deficiencies.

After the shelters had been constructed, the test came. Twenty-four bob-white quail were placed in the demonstration area by the Game Commission. It remained to be seen whether the quail would make use of the shelters.

A few weeks passed and Charles E. Friley, Jr., Game manager of that region who instigated and supervised the project, made an inspection tour of the headquarters areas with Phil D. Goodrum, the Department's Director of Education and Research.

The wheat that had been planted was up. But more important, the bobwhites were making use of several of the shelters. They were eating the young wheat that had come up. It is possible that quail other than those released by the Commission will soon become aware of the sheltered areas and make them their homes.

Because the quail population in the Abilene vicinity is low, very little hunting will be allowed on the demonstration area next season. The Abilene business firm which is co-operating in the project has agreed to restrict the total of quail on the demonstration area to 40 per cent of the total population next season. A census of the population will be taken by Game Manager Friley not more than four weeks before the hunting season opens to determine the population of the area. With this system of controlled hunting in effect, plenty of birds will be left for brood stock after the hunting season. During the hunting season, all hunters will report their bags to an official of the co-operating business concern, and when the stated 40 per cent of the population has been removed, hunting will cease.

The quail that were released on the area were banded in order to permit Manager Friley to study the survival of the birds, their movement from one locality to another, and other activities. Meanwhile a close check will be kept on each shelter to note the presence of wildlife species in general, and with a view of making changes in the vegetational set-up if such seems necessary. It should be added that the farmers living on the demonstration area, who lease their property from the Abilene concern, are wholeheartedly in favor of the project, and have agreed to co-operate. They will widen fence rows along cultivated fields to provide additional food and cover where this practice will not seriously interfere with normal farming operations, and in other ways contribute to the project.

"The project is being watched with great interest, because it is a splendid example of what can be done to increase wildlife species when city sportsmen and business men lend a helping hand," the Bulletin declared.

Austin, April 18.—Professional contacts par excellence are available to teachers of Texas when they attend summer school at the University of Texas, Assistant Registrar Max Fichtenbaum said today. Last summer, when 6,077 students attend the University, approximately one half were superintendents, principals, teachers and prospective teachers, he said.

SHIRLEY IN TECHNICOLOR

A notable event in the film world is Shirley Temple's Technicolor debut in "The Little Princess," currently showing at La Vista Theatre in Sonora. It was in answer to thousands of requests from her fans that it was decided to cast the star in this film version of the great classic, and she is surrounded by the most impressive cast ever assembled for a Temple film.

JANE WITHERS IN "ARIZONA WILDCAT"

With Jane Withers and a band of Mexican outlaws, headed by Leo Carrillo, restoring law and order to a small Arizona town, one can readily see that "The Arizona Wildcat" may well be everything they're saying it is: the best picture Jane Withers has ever made.

Here, it is said, Jane is back in the type of role audiences have grown to love her in so well. As the youngster who decides to take matter into her own hands after a stagecoach has been held up and the driver and guards murdered, she is credited with the finest performance of her career in a picture so full of fun and excitement that you miss something if you even blink an eye.

Those who have seen this latest Withers hit are still talking about

the sequence in which Jane rides through the night on horseback awakening members of the old "El Gato" band (Carrillo had been the famous "El Gato" years before) and warning them in a written message to "Be Prepared! We Ride Again!"

No other beer duplicates the Flavor, Body and Quality that make PEARL Famous!

Once you've witnessed a festival like this, you realize what its brilliance and traditions do to make it matchless, unique, impossible to duplicate. And once you've tasted the rich, full-flavored goodness of PEARL Beer, you'll find it impossible to duplicate, too. And why? . . . The reason is in the bottle!

Every bottle of this robust, tangy brew brings you a uniform, sparkling pep and refreshment that adds zest to living. When thirst calls, be thirst-wise. Say, "Bottle of PEARL, please!"

FIESTA de SAN JACINTO

Founded in 1891, organized in 1896, this gala annual festival has a heritage of tradition dating back to the Spanish founders of San Antonio. Commemorating the birth of Texas' freedom, its gaiety includes the reception of King Antonio, gala carnivals, parades, coronations, dances, decorations, culminating in the unrivaled Battle of Flowers parade which, this year, will be held on Friday, April 21st, the anniversary of Santa Anna's memorable defeat by the Texans at the Battle of San Jacinto. Most gorgeous pageant of its kind, the Fiesta spreads an aura of splendor that makes it one of the most renowned held anywhere in the country.

This brewery is completely air-conditioned and air-refrigerated to insure the purity of PEARL BEER.

Little Stories

By
The DREAMER

H. V. (Fuzzie) Stokes, H. C. Atchison and Jerry Westmoreland, bewhiskered trio were present at the Eldorado Lions Club luncheon Wednesday noon for the purpose of advertising the Frontier Jubilee. It is reported that the Eldorado club treasury was increased by a considerable amount account of "whiskers." It's a fine if you do, or don't.

It is said that the late Judge Cornell, after a critical examination of the old Brush car owned by Sam Hull, gave his advice (not legal, of course) to Sam: "Better keep that thing away from the woodpeckers! Its wooden axles might suffer!"

Sheriff Hutcherson, on his return from California was surprised at the number of bewhiskered men in Sonora this week. He stated Cashes Taylor, deputy sheriff, was the first one he encountered. He walked in on Cash while seated at a restaurant counter, seeing his crop of whiskers, Hutch said the first thought entering his mind was that Cash had become too lazy to wash his face.

The story is told that a tourist entered the city this week. He stopped at the Ford Motor Co. for service. As the motorist saw "Preach" Stephen with his spinach crop approach he threw his car into gear and tore out for Hotel McDonald.

Arriving at the hotel the traveler encountered another unshaven resident when W. P. McConnell, Jr., came to the door. No one knows just what the tourist thought. Anyhow, he pulled out for a restaurant where there were several of the "House of David" adherents sitting around.

The stranger turned around and left the town. On his way out he stopped at the Magnolia station west of town, only to encounter, what he thought was a Spanish Don. However, George Trainer tried to explain the situation, but the now thoroughly frightened tourist put the gas to the old bus and shook off the dirt of the city.

The story goes on to relate how the tourist had to stop in Eldorado to get a puncture fixed, and he asked the attendant:

"Say what the h— is the matter with this town south of here?" The garage man tried to assure him that there was nothing wrong with Sonora.

"You can't tell me there is nothing amiss down there. That D— town is full of desperadoes, I encountered at least a hundred of them and everyone of them looked ready to shoot you on sight."

That old saying, "if you don't see what you want, ask for it" has proven true at least in one instance. Your attention is called to the communication under the "Mail Box" heading this week. The directors of the Lions Club called attention to this "S" curve menace, by writing the Eldorado club and the highway officials. Looks like we will get the kinks taken out of the "S" at an early date.

Dr. Joel Shelton, who was called to Denton Tuesday because of the serious illness of his father, the Rev. H. L. Shelton, returned Wednesday and reported his father's condition to be better.

WITH THE BOY SCOUTS

Boys' and Girls' Week
Boys' and Girls' Week will be celebrated throughout the United States, starting April 29. Youth organizations will assist civic clubs in observing the occasion. Emphasis this year will be on permanent youth organizations. Each day of the week will be devoted to some special phase of youth participation: citizenship, such as the church, school, home and recreation. The organizations sponsoring the occasion are the Rotary, Lions, Kiwanis, American Legion and other civic and fraternal organizations. Youth movements participating are Boy Scouts, Future Farmers, 4-H Club, Sons of the Legion, Girl Scouts and Campfire Girls.

Scouts to Observe Mother's Day
Scouts are busy making preparation for Mother's Day observance. Some Patrols will present Scout Mother's pins on that day. Other Patrols will go as groups to present flowers and other tokens of esteem early Mother's Day morning.

Colorful Flags for Scout Circus
One of the features of the 3rd Annual Boy Scout Circus, whose theme is "America's Answer," will be flags of all nations now having the Scout movement. The eighty or more nations originally having the Scout movement have been decreased by the cancellation of the program in Dictator governed countries. The individual integrity fostered by Scouting does not fit the Dictator's plans. The flags of the remaining countries will be displayed in the Circus. These flags, together with many United States flags, will make a very colorful spot in the Grand Entry.

Plans and preparations for the Circus are becoming well-rounded. Most of the districts in the Council have been assigned a part to play, and enthusiasm is rising daily.

Hutch Gets His Man
B. W. Hutcherson, Sutton county sheriff, returned Sunday from San Francisco with Milton Blakeley, alias Earl Bowers, who was indicted here a year ago. Blakeley forfeited his bond and left here. While in the California city Mr. Hutcherson "took in" the World's Fair before leaving.

P. T. A. Theme Sumarized by Mrs. Shurley

Mrs. Velma Shurley, who was an official delegate for the district meeting of the Congress of Parents and Teachers in Midland, gave the theme of the meeting as being "Parental Quest."

The two principle speakers were Mrs. Alma Thomas, principal of a ward school in Midland; and Mrs. J. E. Griggs of Amarillo, who is a state representative. Both speakers urged that parents give more time to their children. They should go with the children places they want to go; play with them and spend as much time as possible with them. Especially was stressed the point that fathers should be brought to realize that they have an important place in the life of their children.

The next district meeting will be held in Abilene next spring. All delegates from the San Angelo area had a special bus to Midland. There will be a special bus this fall to the meeting at Galveston and it is expected many delegates will attend.

Lillie Mae Cotham Bride of Sid Lakey

In the presence of a few friends the Reverend R. F. Davis read the ceremony which united in marriage Sid Lakey and Miss Lillie Mae Cotham. The wedding took place at six o'clock Saturday night at the Methodist Parsonage.

Mr. Lakey is employed at the Cosden Filling Station on the San Antonio highway. The couple will make their home in Sonora.

Girl Scouts Learn Laws and Promise

At a meeting in the school cafeteria Wednesday the Girl Scout organization was divided into two troops according to their age. The troop of older girls will be headed by Miss Alice Sawyer assisted by Miss Emma Sessions; the troop of younger girls will be led by Miss Dorothy Penick assisted by Mrs. Billy Penick.

The laws and Scout promise were learned. The group decided to parade in a body this afternoon at the Jubilee celebration and to have a banner significant of the organization.

It was also decided the older group would use purple neckerchiefs and the younger troop would wear yellow ones.

Pastime Club Entertained by Mrs. W. D. Wallace

Floral bouquets of sweet peas, poppies, roses, tulips, and snapdragons, harmonizing with the Easter motif used, decorated the home of Mrs. W. D. Wallace Thursday of last week when she was hostess to members and guests of the Pastime Club.

An Easter "bunny" was used to hold the tallies which were also of an Easter design.

Forty-two was played at six tables and after several games a salad plate and punch was served. The plate favors of Easter baskets also were in keeping with the Easter motif.

West Texas Utilities Cooking School Dates Announced

MISS JEWELL TAYLOR

Women today are entitled to greater comfort and convenience in the home believes Miss Jewell Taylor, widely-known educator and cooking expert, who will conduct the two-day cooking school, opening May 2, for the West Texas Utilities Company.

Miss Taylor, a native of Fort Worth but now connected with the home economics department of the Hotpoint electric range manufacturers in Chicago, will outline a program of "better living" for women at the school.

Following her graduation from Texas State College for Women at Denton, Miss Taylor continued her Home Economics study at the University of Colorado. She then returned to Texas State College to become home demonstration agent. Her work was so outstanding that she was selected to direct the Fort Worth Food and Dairy Council where she worked with women in developing home economy and kitchen styles. Her success led to a continuation of the work in Miami, Florida, and Knoxville, Tenn., from

whence she went to Chicago to serve as demonstrator and advisor for the Hotpoint range company.

Miss Taylor says her career has been devoted to "making life easier for women." She has concentrated on "taking heat and dirt out of the kitchen" and giving the homemaker more time to do "the things she really wants to do."

"No woman," she declares, "really likes kitchen drudgery. Every woman dreams of a kitchen that operates with a minimum of effort on her part and allows time to enjoy other things in life. Electric cookery comes nearer making this dream a reality than anything else in the world today. That is why I recommend the electric range. It is cool and clean and present low electric rates make it economical in just average homes."

Miss Taylor urged that every woman in Sonora, regardless of the type of cookery she now uses, attend the school. Food prepared during the demonstrations will be awarded to those present and free recipes will be distributed.

Baptist Women Pack Orphan's Box

The purpose of the Baptist Woman's Missionary Society meeting Wednesday afternoon at the home of Mrs. R. C. Brinkley, was to pack and evaluate the box for Buckner Orphans Home.

The meeting was opened with a prayer by Mrs. Hi Eastland and closed with a prayer by Mrs. R. C. Brinkley.

Members present were: Mesdames H. P. Largent, H. V. Morris, Hi Eastland, Alfred Cooper, G. G. Stephenson, Ford Allen, Lee Patrick, A. C. Elliott, E. M. Kirkland, Rip Ward, Pink Glasscock, and R. C. Brinkley.

Mrs. Earwood Wins High Score Monday

Members of the Contract Club were entertained by Mrs. John L. Nisbet Monday afternoon. Mrs. Lloyd Earwood received high score for club members and Mrs. Harriet Pittman had high guest score.

At the tea hour the hostess served her guest a refreshment.

Members present were: Mesdames Lloyd Earwood, E. F. Vander Stucken, Sam Hull, N. B. Wilson, Stella Keene, Miss Ada Steen.

Mrs. Pittman was the only guest.

Mrs. Shurley And Miss Allison Hostesses Thursday

The "Russian Opera and Ballet" was the subject of the Sonora Music Club Thursday night of last week when they met at the home of Mrs. Edgar D. Shurley with Miss Johnnie Allison as co-hostess.

Mrs. Sterling Baker presided in the absence of the president and Mrs. C. A. Tyler was the program leader. She discussed Russian composers of note and Mrs. B. W. Hutcherson led an informal discussion of the ballet.

Mrs. O. G. Babcock played "Song of India" by Rimsky-Korsakoff and Miss Elizabeth Caldwell played "Golden Cockrel" also by the same composer.

Committees to work next year were appointed by Miss Thelma Rees, who is the next president.

After the theme song was sung by the club members, refreshments were served from the dining room with Miss Allison presiding over the cake and Mrs. Shurley at the punch.

Members present were: Mesdames O. G. Babcock, Sterling Baker, Maysie Brown, W. E. Caldwell, B. W. Hutcherson, John L. Nisbet, E. E. Sawyer, C. A. Tyler;

Misses Elizabeth Caldwell, Leeta Mae Garret, Thelma Rees, Alice Sawyer, Marie Watkins.

At the close of the afternoon, Mrs. W. E. James held high score for club members and Mrs. Richard Vehle had high score for guests.

A sandwich plate and hot tea was served to the following:

Mesdames B. C. McGilvray, Geo. Trainer, Lee Labenske, Rose Thorp, W. E. James, Joe Berger, H. V. Morris, W. E. Caldwell, T. W. Sandherr, and J. W. Trainer.

Guests were Mrs. Richard Vehle and Mrs. Howard Kirby.

WINGS OVER TEXAS

By LOIS CAMERON CHESLEY

Wings over Texas ———
The last week in April has a way of turning up with unforgettable bird surprises. For that is the week that the migration of wood warblers, always spectacular, reaches a peak in our vicinity.

Yellow is a dominating color in the warbler family. . . Some of it shines briefly in the trees the week before and several weeks after the Big Week. But those days cannot compare with the ones when the main avalanche of golden birds pours through. It could be that they are following some invisible Pied Piper whose music we cannot hear. For they troop through joyously, drawing into their ranks many other birds whose habits and preferences are different from theirs. But the warblers outnumber them all and seem to lead the way.

One spring when the April troupers of migrants struck, I found myself, through an obnoxious oversight, hard at work on bird records that I felt must get into Washington immediately. It was the kind of work done best without interruption.

Those days were like a thrilling nightmare. I no sooner started a sheet than I got a glimpse of a complacent yellow-breasted chat bathing at a bird-banding trap. Later when I glued my eyes on my work, the husky, delicious drawl of the black-throated green warbler wound into the room and wrapped itself around my straining ears. Several tiny Nashville warblers, grey heads and yellow breasts silhouetted on the tree branches outside, were too much. I pushed back my work and went out into the slow rain to see what else I was missing.

The field glasses would not stay dry enough to use. But the birds were mostly unaware of me, so I did not need them. A young male orchard oriole, yellow-breasted with his black necktie, was sitting on the clothesline watching the hummingbirds fight, a doubtful expression on his face. Occasionally he leaned down and took a cautious drink of raindrops from the white privet blooms beneath him. His manner admitted that he was still keeping

a suspicious eye on the hummers. A bright Maryland yellow-throat, his black mask over eyes absurdly like that of a Hallowe'en prankster, appeared from nowhere on the barbed wire fence, then at my approach dived into the tangle of Devil's elbow. I backed into the nearest shelter, the aft part of the archery target, and hoped that I looked like another bale of hay to the four goldfinches I had just spied in the grass nearby. They were feeding on false dandelion, swaying, chasing and frolicking. Three were females, subdued in coloring, but the fourth wore the brilliant ebony and gold coat of the male. A small flock of Nashville warblers moved into view, investigated the incinerator, the garbage can and moved on to the more satisfying table of tree leaf insects.

Looking back I saw the chat, largest warbler of all, moving about deliberately in the privet hedge. From the front yard oak again came the song of the black-throated green warbler. I went forward to the tree where the painted bunting was singing to get a good look at a small fly-catcher. In this tree a few days later I was to find the large and handsome crested flycatcher. Just now three male painted buntings were flashing through the weeds on the brow of the hill. A summer tanager, (smooth headed red-bird) a Bell's vireo, and a breath-taking indigo bunting were there too.

It was the first time I had seen the black and white warbler. Watching him made the word "thorough" take on a new meaning. He did not flit about as nervously as do most members of that family. He deliberately walked up a branch and down a branch, head foremost, gleaning every insect that lay in his path. The trees he went over that day may well be remembering thankfully.

Back in the house I saw over through the open window the bright yellow head and chestnut streaks of the yellow warbler. He is one of the half-dozen-odd warblers who nest in Texas, and I was to see him again in the summer months. There were others, most of them carrying yellow somewhere in their feathers.

It pays to watch the woods in late April. For one may see gold in them that trees to a surprising degree.

hours have set in. The members have little time even for conferences. While the Senate is being lauded by many who appreciate the dignity and decorum of the upper chamber, the general consensus of opinion expressed under the big dome is that the people of Texas are indebted to the House of Representatives, the shock absorbers, and the branch of legislative government that has not forgotten the common people.

NYA

Austin, April 14 — In announcing establishment of a full time resident center for out-of-school youth on the campus of the West Texas State Teachers College at Canyon, Texas NYA officials expressed satisfaction this week with the progress being made in further development of this phase of NYA's work-experience program. The Canyon project is the eleventh full-time NYA resident center now operating in Texas.

Fifty boys from Texas Panhandle counties moved into a temporary dormitory and immediately began construction of permanent buildings to house the group. Plans have been worked out by WTSTC, co-sponsor of the project, and NYA officials, to construct the dormitories out of native rock taken from nearby Palo Duro Canyon.

Youths assigned to the Canyon resident center will be offered related training in fundamental shop practices and progressive farming. Dr. J. A. Hill, president, has designated R. A. Terrill, head of the

Manuel Arts Department, to supervise the training program. Olie T. Brown, a graduate of the college, is the NYA superintendent.

Galveston—An NYA work project at John Sealy Hospital has been opened here which will give employment to about 50 youths in the dietary, bandage, supply room, nursing and clinic departments.

Cuero—NYA youths here were guests of Mayor Terry Newman and Cuero business men at the exhibition ball game between the St. Louis Browns and Philadelphia Phillies, March 29, at the Municipal Ball Park, rebuilt by NYA youths.

Paris—An amateur photography shop has been set up in the NYA girl's part-time resident project here as a hobby class.

Abilene—An NYA work shop has been approved for Abilene which will provide employment for forty local youths.

Fort Worth—The State Highway Department divisional office here has recently employed five full-time workers from the ranks of youths working on NYA highway improvement and beautification projects.

El Paso, April 18. — Peak enrollment at the College of Mines and Metallurgy, here, a branch of the University of Texas, was reached when 1,108 students enrolled for the spring semester. Previous high registration figure was 954.

Will Drake has resigned his position with Mayer Bros. and Co., and has moved with his family to the J. W. Odom ranch. This will be more pleasant for Mrs. Drake as she will be near her father, J. W. Odom.

Miss Marion Goldwire, of Christoval, arrived in Sonora Saturday. Miss Goldwire is the guest of Mr. and Mrs. W. H. Glasscock, at the ranch 8 miles east of Sonora, where she is governess.

Dr. W. D. Biggs of Fort Worth, arrived in Sonora Saturday to accept a position as druggist for W. H. Cusenbary. Mr. Biggs visited Sonora a couple of years ago and is a pleasant young gentleman.

T. W. Haines, Sonora's practical tinner, is making a specialty of heavy galvanized iron tanks and

lining troughs. He has recently put up for McMullen and Myers two 12,000 gallon tanks; for T. B. Birtong one 12,000 gallon tank and a 12,000 gallon tank for R. E. Potter. If you contemplate building tanks or having new troughs put in see T. W. Haines, the tinner, before making any trade.

VOICE OF TEXAS

By PIERCE BROOKS

George A. Hill, president of the San Jacinto Museum of History Association, and Edgar O. Lovett, president of Rice Institute, chairmen of the Committee on Invitations have extended welcome to the celebrations, as follows: "The president and trustees of the San Jacinto Museum of History Association, domiciled in the city of Houston, Texas, and organized under the authority of the Texas State Board of Control and of the San Jacinto State Park Commission, for the purpose of establishing and maintaining a museum of history in the Memorial Monument erected lately on the San Jacinto Battlefield by the United States of America and the state of Texas to be devoted to the institution and encouragement of historical inquiry and the re-visualization of the history of Texas, having resolved to observe with appropriate dedicatory exercises the opening of the San Jacinto Museum of History and to inaugurate the program of its activities with a series of lectures under the patronage of several other historical societies, it therefore becomes our privilege most respectfully to invite the public to these ceremonies of inauguration and dedication, Thursday-Friday, the twentieth and twenty-first of April, 1939." This is truly a great occasion for the association and for all other patriots who are to participate. On the site of the monument was fought one of the decisive battles of history. Texas lost all her battles except the last which occurred April 21, 1836. San Jacinto's towering shaft marks the memorable spot where a new nation was born, tall enough to be seen by those who sail the seas but who do not come into port as well as by all who pass along the historical bayou, ever reminding the changing centuries that the Lone Star was born to shine forever.

The above invitation in quotation marks is one of longest sentences ever written, just like the monument is the tallest in the U. S.

It's a Boy

Jon Jon McDermitt, is the name of a son born Friday, the 14th, to Mr. and Mrs. M. C. McDermitt in a San Angelo hospital. The young man weighed nine pounds, Mac says they named the boy for his two grandfathers. Mr. and Mrs. J. S. Miller of Denton, parents of Mrs. McDermitt, are here "to teach us how to raise him," Mac said. Mrs. McDermitt and son will be home next Wednesday. The Millers will visit here for a month.

tration fees of the delegates from the Sonora club; other expenses to be paid by individuals.

Boyd Caffey presented a plea for financial assistance from leaders of the Girl Scout movement in Sonora. The club voted a cash donation.

A. W. Awalt, assistant Scoutmaster of the Senior Scout Patrol, told of a recent meeting of its members at his home. He stated that a number of boys eligible for the senior division were in evidence at the meeting. Interest is growing in the move, Mr. Awalt said.

During the entertainment period Billie Sue Jones, "the songbird of the Stockman's Paradise," was received with much applause. She sang three popular numbers: "Franklin D. Roosevelt Jones," "Alexander's Ragtime Band," and "You Must Have Been a Beautiful Baby." Mrs. Preston C. Lightfoot was her accompanist.

Other visitors were Ralph Crowe, G. A. Ragsdale, Cashes Taylor and N. B. Tylor.

Prior to the closing song the club was asked by Mr. Caffey to spend a moment in silent prayer for the speedy recovery of Dr. Joel Shelton's father, who is ill at his home in Denton.

Softball League Gets Underway

The Sonora Softball League recently organized has started off with a rousing surprise to everyone. The last week the teams have participated in eliminations for the captains of the various teams to choose their first teams and second.

The baseball diamond was re-conditioned having been scraped and watered to smooth it out for the softball teams to use. The field was put into use Wednesday afternoon when two clubs met for a practice game.

The league schedule for ten weeks, over which time the first half of the race terminates is given below:

	Mon	Tue	Wed	Thu	Fri
April 24	AG	CP	PA	GY	YC
May 1	GP	CG	AC	PY	YA
8	CP	GY	AG	YC	PA
15	PY	AC	YA	CG	GP
22	GY	AG	YC	PA	CP
29	YA	PY	GP	AC	CG
June 5	YC	PA	CP	AG	GY
12	CG	YA	PY	GP	AC
19	PA	YC	GP	CP	AG
26	AC	GP	CG	YA	PY

There are five teams in the running and a close race is in the offing according to statements heard on the street corners and offices of various participants who are in the league.

Anyone desiring to play is welcome to report to anyone of the captains or Roy E. Aldwell, president of the league.

COMING

Harley Sadler's new stage show, appearing in a brand new tent theatre, will be in Sonora for one night only, Friday April 28th according to Jack Turner, advance agent.

For many years, Harley Sadler

has been bringing a high type of tent show entertainment to West Texas, and this year's production is said to be the equal if not better than any other Sadler show.

The play for this season is "He Couldn't Take It," a new show with Harley Sadler playing the part of "Dad," said to be his favorite part. Harley Sadler and Billie Sadler are ably supported by a good cast, and there is a twelve piece orchestra to give a musical presentation preceding the play.

A strong line of variety vaude-

ville is also featured, including Henry, artist-magician, the Dancing Herberts, direct from the Southern Club, Atlanta, Georgia, Billy Wight, dancer, Jeannie Layne, acrobatic dancer, the Musical Batters, in musical "nonsense," Billy Heath and many others.

Popular prices will prevail and no doubt a large crowd will greet Harley Sadler and his all new stage show when it comes to Sonora for the one night only, Friday, April 28th. The big tent will be located on the Ozona highway.

NEWS OPERATOR ACCEPTS NEW POSITION IN AUSTIN

Milo E. Clark, operator for The News since last year, has resigned his post with The News to accept a position with the Steck Co. of Austin.

Mr. Clark will leave this weekend and will take over his new duties next week.

Mr. Clark plans to further his education in the newspaper field at the University of Texas night school. He graduated only last year from the Southwest Vocational School in Dallas, a branch of the Southern School of Printing of

Nashville, Tenn. He attended the North Texas Agriculture College at Arlington before taking up this work.

CEDAR HILL SCHOOL

The tests are over and report cards are due tomorrow for the last time before the end of the school year. Just one more month of school and most of us will be glad. Margaret and Carl say they will be sorry. I'm sure the rest of us will want to be back in about a week after it is out.

Arnold Ahrens was so scared of his tests last Thursday that he fainted we thought, however, we found out that his seat had merely turned over with him for some unknown reason. Together with the seat a great crash was heard.

Penicks Visit in Terrell

Mrs. Fred Kyle of Terrell has been a visitor the last week in the J. T. Penick home. She is a daughter of L. M. Penick. Yesterday, Mrs. Kyle, Mrs. J. T. Penick, Miss Dorothy Penick and L. M. Penick left for Terrell.
