### HOSPITAL AUXILIARY TO MEET MONDAY

The Lillian M. Hudspeth Memorial Hospital Auxiliary will meet in the basement of the First Methodist Church at three o'clock Monday afternoon, April 10.

### Style Show Given At PTA Meeting

Homemaking students of Mrs. A. E. Prugel were presented in a style show at Tuesday's meeting of the Sonora PTA. Patsy Garrett was narrator and Jo Ann McReynolds, pianist, provided background music.

Girls modeling dresses made in their homemaking classes were: Mary Sanchez, Gloria Gonzales, Pam Jones, Joyce Rutherford, Amanda Gomez, Cristalia Perez, Rosalinda Torres, Mary Davis, Sandra Clark, Jane Loiry, Herminia Mendez, Alma Perez, Delia Duran, Mary Gutierrez, Nelda Leija, Alma Sanchez, Nancy Anthony, Virgie Franks, Irma Gonzales, Lue Smith, Gail Rode, Alta McKenzie and Sue Brown.

In the business meeting which followed the program, the organization voted to give \$25.00 to the Girls' Athletic Association in appreciation of their help in the volleyball game.

Mrs. W. A. McCoy, president-elect, reported on the District 6 Convention held recently in Eldorado.

Mrs. Herbert Fields, president, reported on the Tri-County Council meeting held in Ozona. Mrs. Fields announced that the Council has adopted Civil Defense as its project.

Ralph J. Finklea announced that the annual round-up of first graders for the coming school year will be held May 17.

Winners of attendance prizes for the year were announced as follows: September, Mrs. Finklea's second grade; October, Mrs. Bridges first grade and Mrs. Greer's third grade; November, Mrs. Cleveland's second grade; December, Mrs. Bridges' first grade; January, Mrs. Cleveland's second grade; February, Mrs. Morgan's fourth grade; March, Mrs. Morgan's fourth grade; April, Mrs. White's fifth grade and Mrs. Bridges' first grade.

Seventh grade mothers were hostesses at the social hour.

Mr. and Mrs. Turney Friess of Lubbock spent the Easter holidays here with their families, Mr. and Mrs. Harold Friess and John and Mrs. Dorothy Baker and Jack.

With the final flood prevention structure completed on Dry Devil's River and Lowrey Draw, the Sonora Chamber of Commerce sponsored a "dedication" barbecue at noon Thursday.

Congressman O. C. Fisher, who was very active in guiding the flood project through Congress; Paul H. Walser, Soil Conservation Service, Temple; and County Judge J. W. Elliott were the principal speakers.

Congressman Fisher pointed out the importance of flood prevention to the nation and the steadily increasing interest in the program. Paul Walser paid tribute to the splendid cooperation of landowners, local sponsoring organizations, Soil Conservation Service, and others in obtaining and pushing the project to rapid completion. Judge Elliott thanked landowners, sponsoring organizations, SCS representatives, and others for cooperative help in making the project a reality.

The meeting was held in the spillway of Site 11 on the W. L. Miers ranch, to give the group a first hand look at one of the 13 dams constructed under the program. Site 11 controls drainage from some 17 square miles of rangeland, and at emergency spillway elevation will detain some 5,189 acre feet of floodwater. The structure is 47 feet high, and contains some 300,000 cubic yards of earth and rock fill.

### 4-H Club, Parents To Meet April 12

The Sutton County 4-H Club and the 4-H Parents Club will hold their regular monthly meeting at 7:30 Wednesday night, April 12, at the 4-H Center.

County Agent D. C. Langford says that checks from the San Angelo stock show will be handed out at the meeting and plans made for the Experiment Station Field Day and District 6 range and grass judging contests.

## Wild Turkey Movement Study Being Conducted In Sutton County

By Billy M. Tutor

A wild turkey movement study was initiated in the eastern part of Sutton County during the past month by Game and Fish Commission personnel. The study consists of a program of annual trapping and branding of wild

turkeys and releasing them at the site of capture. The trap sites chosen this year were the Gordon Stewart, Bill Wade and Joe Brown Ross ranches.

The turkeys were branded with serially numbered metal leg bands and color coded with colored plastic 'flashers' or colored leg

bands according to their respective roost sites. These colored leg bands or 'flashers' are easily visible from a distance of two to three hundred yards in daylight. Bill Tutor, game biologist for this area, ask that, anyone sighting a banded turkey, please notify him of the location and date sighted and if possible the sex of the bird.

Tutor says that data cards and an introductory instructions sheet will be mailed out to all persons living in a 25 mile radius of the trap sites in Sutton, Edwards, Kimble and Schleicher counties.

The data cards will make it easy to report sightings. They will be self addressed and the information needed will be printed on one side to be filled out by the person making the report.

Things to be learned by this study are as follows:

1. To determine dispersal patterns of the turkeys when they leave the winter roosts for nesting activity.
2. To determine if there are discernable boundaries to nesting territory for birds from a given roosting area.
3. To determine if turkeys re-

turn to the same roost each year.

4. To determine if the Lincoln Index census technique can be used to determine approximate populations in the roosts to be studied.

Mrs. Earl Duncan and Alice Lee and Jo Bess VanderStucken were in Ozona Tuesday night where they heard the North Texas State College concert band.

Mr. and Mrs. R. S. Teaff have as their guests Teaff's brother, Percy Teaff and children Perry, Penny and Norman of National City, California.

# Did you know Gasoline is Taxed at a Rate 5 Times as High as Diamonds?

IN TEXAS, YOU PAY 90¢ TAX ON 10 GALLONS OF GASOLINE

Gasoline taxes will be lowered— if the latest temporary Federal gasoline tax increase expires on June 30th as scheduled by the 1959 Federal Highway Act.

Along with all good citizens, we are in favor of building the roads that the motoring public needs. But, in the last 10 years alone, Federal and State taxes nationwide on gasoline have skyrocketed 51%—skyrocketed to a point where gasoline, a basic commodity, is actually taxed at a rate five times as high as luxuries like diamonds and mink coats.

Must gasoline taxes be so high? Most people believe that gasoline taxes are high because the money is needed to pay for our national highway program. This is not so.

The fact is that out of every highway-user tax dollar collected last year by the Federal government, more than 40 cents was diverted to non-highway purposes.

If these highway-user tax revenues were spent for highways—as they should be—gasoline taxes could be lowered, and the highway program given a boost.

In fact, the Federal-Aid Highway Act of 1959 provides that when the added temporary Federal gasoline tax expires on June 30th, 1961, as scheduled, some \$802 million a year in highway-user taxes—now diverted to the U. S. Treasury's general fund—will instead be deposited in the Highway Trust Fund.

As a result, if the latest Federal temporary gasoline tax

increase expires on June 30th as scheduled—the national highway program will actually get \$225 million more each year than it now receives from the latest Federal temporary gasoline tax increase.

In January of this year, after an exhaustive 2-year survey of national transportation policy, a special U. S. Senate study group confirmed the wisdom of this decision.

This will be good news for you. You will be able to enjoy a steadily improving highway system, at a lower gasoline tax-rate.

### HERE ARE THE FACTS ABOUT TODAY'S HIGH GASOLINE TAXES

- In Texas, you pay 90¢ tax on 10 gallons of gasoline.
- You pay 9¢ tax a gallon—4¢ in Federal taxes plus 5¢ in State taxes.
- Gasoline is taxed at a rate 5 times as high as diamonds.
- The average Texas motor vehicle owner pays \$78 a year in gasoline taxes.
- Since 1951 there have been three increases in the Federal gasoline tax alone.
- In the last 10 years, gasoline taxes nationwide have skyrocketed 51%—yet the national average price of gasoline itself has risen only 5.5% during the same period.

By Elpidio Torres

El Martes 7 del corriente se efectuó la junta de la PTA como de costumbre a las 7:30 de la noche comenzando con un pro-

grama de música por los alumnos de la Escuela Elliott dirigida por el profesor de música Mr. J. L. Steed principiando con un dueto entre Joe Lopez al piano p Israel Leña en el trumpet interpretando "Serenad".

En el segundo numero fueron varios numeros de musica a cargo de los alumnos del quinto grado, Lelia Perez, Beatriz Esquivel, Neria Galindo, Becky Urias, Noe Chavez, Ernest Barrera, Ruben Brown, Richard Bernea. Nino Perez, Mario Avila, Raymundo Rocha, Carmela Torres, Oscar Noriega. Del sexto grado y el septimo respectivamente los alumnos siguientes: Mary Noriega, Gloria Gutierrez, Lidia Bautista, Jesus Villarreal, Jr., Sammy Duran, Juanita Torres, Gena Badillo, Mario Sanchez, Pete Martinez, Irene Perez y Josefina Torres.

Terminando el programa se dio

principio a la junta de la PTA como primer importancia se nombró nueva mesa directiva para el desarrollo de la misma en el mismo en el programa escolar para el Primero de Septiembre del año en curso. Quedando instalada de la siguiente manera: Presidenta, Sra. Alfredo Bernea; Vic. Pte., Frank Rholes; Secretario, Pat Brown; Tesorero, Pedro Galindo, Jr.

Terminado con un muy sabroso café donde nos pasamos un buen rato conversando con los profesores que estuvieron presentes, de esta manera quedo terminada una junta mas de la PTA.

Se agradece de una manera muy especial a todos los padres de familia que toman responsabilidad, en venir a estas juntas que son de tanto interes para el desarrollo constante del programa de la escuela por que de esta manera todos los profesores se sentirán mas contentos al saber que su labor diaria se les tiene en gran estimación y la mejor manera de demostrárselos es la

de estar con ellos cuantas veces podamos en sus fiestas y en sus programas sen de la idole que fuera.

Yo se que las labores diarias de nuestro trabajo son pezadas y que cuando llegamos a nuestras casas nuestro solo deseo es de descansar, pero pensemos que tenemos la gran responsabilidad de cumplir con nuestros hijos y por malo que sea un padre siempre quiere algo bueno para ellos, sacrificuemonos un poquito en venir cada mes a la escuela a las juntas que solamente seran de cuarenta minutos a una hora, y a veces tenemos la oportunidad de ver a nuestros niños en los programas, y se llena uno de regocijo al ver unos tan pequenitos en las fiestas, animemoslos con nuestras presencias no solamente a ellos sino a nosotros mismos. Da gusto cuando asistimos bastantes padres de familia a estos programas de la PTA.

Jerry Baldwin, a student at South West Texas State College at San Marcos, spent the holidays here with his family, Mr. and Mrs. J. A. Letsinger, Janie and Al.

There will be a greater scarcity of muttons next season than last owing to the fact that nearly all the sheepmen will breed more extensively.

A fresh lot of immigrant hogs arrive from the North Llano country this week. More hogs, more fleas.

Will Collins of Junction City arrived Tuesday with the mail from Junction City.

There is no doubt but that Sonora is a fine hog ranch, but can we afford to have our visitors suffer from the consequences?

August 3, 1895  
Do not let a good offer for your sheep go by, if you are much in debt with the expectation of their being very much higher soon.

The postal authorities have changed the name of the new town in Schleicher County from Wellick to Eldorado.

Will Whitehead left for San Angelo Thursday for some engine machinery.

Mr. and Mrs. T. B. Birtrong and family left on a fishing trip to the mouth of Dolan Friday.

August 10, 1895  
The ladies of the Baptist church gave a very successful lawn party at the residence of Mrs. W. A. Stewart last night.

Monday morning at sun up a beautiful and complete rainbow might be seen in the west. Every one said it was a sure sign of rain and rain it did in some parts of Sutton County that day and came as near to Sonora as W. J. Fields' pasture where a good rain fell, running the draws in some places. Tuesday, Sonora and all the surrounding country was visited and the rain fell slowly but steadily all day Wednesday.

Easter guests of Mr. and Mrs. Lea Allison, Susan and Sarah were Pascal Allison and Linda Ann White, both students at the University of Texas.

Mrs. Katherine Berry of Fort Worth has been visiting here with her daughters and families, Mr. and Mrs. Lea Allison and children and Mrs. Katherine Linthicum and daughters.

We send this free booklet to industry leaders  
as another step in our area development program

THE business of West Texas Utilities Company is growing because the area we serve is growing. But our plant expansion is growing faster than our business. That's because we work hard to stay ahead of the additional area growth we are convinced is coming. To stimulate even more growth, we are engaged in an extensive program designed to invite new industry our way. The campaign includes an advertising schedule in national publications, personal visits to industrial areas, development of statistical data, and area booklets such as the one shown above. This is one of the ways we work with and for our communities to assist in local development. We do so with enthusiasm and vigor because of our conviction that this area faces GROWTH UNLIMITED.

**Clean Hooks After Use**  
Clean and dry your fish hooks after use.

Scraps of bait that may stick and harden on the hook make it difficult to bed the hook in a fish. A bait-clogged barb often will result in the hook failing to catch.

**Bright Hooks Attract Fish**  
You can increase your catches by using bright hooks—both on lures and with natural baits. In murky water the shiny hooks will attract fish.

**Keep Oil Off Hooks**  
Never use oil on hooks or store hooks in containers with oily rags. The oil is hard to clean from the hook, and an oily hook will cause live bait to die quickly.

**Polish Protects Hooks**

You can protect hooks against rust by coating them with clear, fast-drying nail polish.

Paint the entire hook with the exception of the point and barb, as paint on either will slow the hook's penetration into the flesh of the fish.

**Use Dull Colored Sinkers**  
New sinkers fresh out of the tackle store often have a shine or glitter. Put them out in the weather a few days so the shine will be lost.

A shiny sinker can lead to a fish striking at the sinker rather than the bait or lure.

**Freshening Up Plugs**  
In a round of particularly fast fishing with fish that have sharp teeth, your plugs may become quite battle-scarred. Carry along small bottles of model-

airplane paint to touch them up. The paint will dry in a matter of seconds.

**Cleaning Metal Spoons**  
Metal spoons should be cleaned at home with non-abrasive cleaners.

But if you should need to polish a spoon while fishing, do this: Shred a cigarette and wet the tobacco. Rub the wet tobacco on the spoon with your fingers, and soon the bright shine will return.

**Keep Tackle Box In Shade**  
Keep your tackle box in the shade on extremely hot days.

Prolonged exposure to heat can cause a plastic tackle box to warp. The interior of a metal tackle box can get extremely hot, and plastic lures stored within often will warp enough to spoil their action.

**Scale and Filet Cut Bait**  
When using cut bait, scale and filet it so your hook will pierce it easily.

When the bait is "tenderized" in this manner, the flesh is soft enough so the hook will break through quickly and sink into the fish.

**Restoring Bucktails**  
Bucktails that are discolored

and matted can be restored to almost "like new" condition by holding them in a jet of steam or over a pot of vigorously boiling water.

**Using Insect Sprays**  
Exercise care in using insect repellants around plastic lures and monofilament line. Some sprays will cause the lure finishes to "run" and will make monofilament line sticky and unusable.

**Carry A Small Magnet**  
Hooks, snaps, etc., dropped between the floor boards in a boat are sometimes hard to pick up with your fingers. Carry a small magnet in your tackle box for just this purpose.

**Straightening Out Line**  
If the boat trip home from the fishing grounds is a long one, part of the time can be put to good use by trolling the line free behind the boat.

Use no hooks, sinkers or leaders. Just peel all the line off the reel spool and troll it behind the boat for 10 to 15 minutes.

This free trolling will remove dirt from the line. Also it will take out twists and kinks acquired in the day's fishing.

**Keep Dolphin In Water**

## Wild Turkey Movement Study Progressing Favorably In Sutton

The wild turkey movement study being conducted by the Game and Fish Commission personnel in the Sutton County area

When you catch a dolphin offshore, don't bring the fish immediately into the boat. Let it thrash around in the water. This will attract other dolphin in the immediate vicinity.

Some marine biologists say dolphin are able to communicate with each other, and they theorize that the hooked fish makes sounds that attract other dolphin.

**Fishing Snaggy Waters**  
When fishing snaggy waters, tie your sinker on with light line. Then if you foul up, you can jerk the rig loose and lose only the sinker.

**Wear Dark Clothing**  
Don't wear light colored clothes when fishing. It's the mark of a novice, for it enables the fish to see you at a greater distance.

is progressing favorably reports Bill Tutor, game biologist for the Sutton County area.

Reports of sighting have started to come in. Rancher Bill Wade reported sighting eight banded gobblers, 15 miles from the trap site moving north. Bill Stewart reported finding one hen a few miles west of the trap site. Tutor says with the self-add-

ressed envelopes mailed out to all interested persons in the study area, reporting sightings will be simpler. He asks anyone interested in participating in the study who did not receive postcards and a letter of introduction to the study to notify him and the necessary cards will be furnished.

The study area covers an approximate 25-mile radius from the trap sites on the Bill Wade, Joe Brown Ross and Gordon Stewart ranches. These ranches are located 20 to 25 miles east of Sonora.

## YOUR MINISTER SAYS

By Rev. Allan Guthrie

"He has showed you, O Man, what is good; and what does the Lord require of you but to do justice, and to love kindness, and to walk humbly with your God." (Micah 6:8)

God set the seal of His approval upon Moses' compassion for his fellow Israelites, when He called Moses to lead His people out of Egypt. From this time on, the religion of Israel could never ignore the poor, the oppressed, or dispense with ethical concerns. In fact, we have come to take the unity of religion and ethics

so much for granted that it comes as a surprise to suggest that they belong together. Yet many of the religions of mankind express little concern for justice or compassion or sympathy for the oppressed. And even those of us who are the spiritual descendants of Moses sometimes cry, "Lord, Lord," without doing what the Lord commands. One test of the integrity of our Christian faith is to ask if it expresses itself in concern for justice and truth or in compassion for the poor and oppressed. John Calvin once said this was the best test which we have of the reality of our faith.

## Sheep And Goat Field Day Set At McGregor

Sutton County sheep and goat raisers are invited to attend a special sheep and goat field day at the Bluebonnet Experiment Station at McGregor on April 20, according to D. C. Langford, county agricultural agent. The Bluebonnet station is one of 20 substations of the Texas Agricultural Experiment Station. Dr. Maurice Shelton heads the sheep and goat research phase of the station's activities. H. O. Hill is station superintendent.

Langford says that latest research developments in the fields of grazing management, feeding, performance testing, breeding and control of diseases and parasites will be presented to visitors by a

Sgt. Hart will be reassigned to duty in the states in August 1961.

The Rev. Allan Guthrie left Tuesday for Austin where he will spend ten days studying at the Austin Presbyterian Seminary.

panel of highly competent specialists. The program is scheduled to begin at ten a.m. A barbecue lunch will be available at \$1.25 per plate, followed by a tour of the station.

## TUCSON ASTHMATIC FOUNDATION CONDUCTS SIX-POINT PROGRAM

Tucson, Ariz.—The National Foundation for Asthmatic Children conducts a six-point treatment and rehabilitation program for boys and girls afflicted with chronic asthma at Sahuaro school here.

As outlined by A. B. Sieh, foundation executive director, the program includes medical, psychiatric and social service, physical training, recreation, environmental change, climate benefits and complete schooling, grades one through eight.

"From the moment the young boy or girl arrives in Tucson for admission, the foundation takes over the roles of family, school, church, doctor and community," Sieh declared. "Two hundred children have been accepted by the school in the last five years. Of these, 139 have returned to their homes to lead normal lives. The age limit of six to 12 years was determined upon because this period of life offers the greatest response to treatment and hope for recovery."

Elaborating upon the foundation's six-point program, Sieh said, "Specialists in allergies, pediatrics and psychiatry are an important part of the care provided at the school."

"Proper food is important to the treatment, and well-balanced and nutritious meals are carefully prepared. The children live in dormitories with others of their own age and are under constant supervision, with medical care always available. Body development and rehabilitation are of concern to these youngsters, and outdoor sports, especially swimming, are popular and of great value."

"The foundation has acquired a tract of land near Tucson, and plans are being studied for a new school to be built when funds permit start of construction. It then will be possible to accept at least 120 boys and girls in the larger and better-equipped school. The new plant also will provide a research laboratory, and the foundation will expand studies of the causes of and possible cure for asthma."

Support for Sahuaro school comes from funds contributed to the National Foundation for Asthmatic Children from throughout the country, according to Sieh.

Tucson, Ariz. — A typical poster boy for the fund campaign of the National Foundation for Asthmatic Children here is 12-year-old Robert Virgil, Jamaica, New York, who exemplifies the climatic advantages of southern Arizona for the care and treatment of chronically-ill asthmatic sufferers who require warm dry desert air as part of their rehabilitation program. N e e d y youngsters, accepted from various sections of the country, are provided proper care, rest and medical treatment, as provided by specialists and made possible through public contributions to the Foundation.

## Cartoonists Back Tucson Asthma Appeal

Tucson, Ariz.—Some of the nation's leading cartoonists are lending their talents to make the 1960 annual fund appeal of the National Foundation for Asthmatic Children at Tucson a success, R. W. F. Schmidt, president of the foundation, announced.

Well-known cartoonists who are providing effective newspaper appeal messages include Charles Schulz, author of "Peanuts;" Warner Bros. Pictures, Inc. creators of "Bugs Bunny;" and Mort Walker, creator of "Beetle Bailey."

"The National Foundation for Asthmatic Children," Schmidt went on to say, "operates Sahuaro School here which was established to care for asthmatic children on a non-profit, non-sectarian basis. Public contributions to the foundation make this work possible."

It is a distinct pleasure to invite the motoring public to visit our showrooms for an unusually fine display of the luxurious Cadillac motor cars. We are confident you will feel, as we do, that the automobile which Cadillac designers have created for 1961 is beyond question the finest ever built. We are especially pleased

that for this occasion we will have on exhibit certain superb Cadillac models which you might not ordinarily have an opportunity to see. While you are here, we will be happy to arrange a demonstration drive at a time convenient to you, and to explain how very easily you can become the owner of a 1961 Cadillac.

**JAMES C. HAGERTY**, NEW NETWORK NEWS chief at ABC, is losing no time in his campaign to beef up his department at that network. He will soon launch a news program from Monday to Friday at 11 P.M., expanding it network-wide next season. . . NBC is planning David Brinkley's Journal as a possible nighttime entry for next fall. It's described as a program in which Brinkley will register his reactions and analysis of the week's news. . . Hanna-Barbera (The Flintstones) Productions is quietly preparing a new nighttime cartoon series for ABC. Called Top Cat, it will deal with a group of Damon Runyon-type Dead End cats. . . Raymond Massey has been signed to play the old Lionel Barrymore role of Dr. Gillespie in MGM's new TV version of Dr. Kildare.

James C. Hagerty

**Off and running** MAVERICK REGULARS JACK KELLY and Roger Moore will be joined by another Maverick cousin, He's Robert Colbert, a Warner Brothers contract player, who will spell Kelly and Moore occasionally. . . "Race for Space" producer David Wolper is preparing another hour-long documentary titled "Biography of a Rookie". . . Dick Powell will star in 10 episodes of his new NBC hour-long anthology series and host the rest. "It will be pretty much a man's series," he says. "With modern stories. No period-pieces. An occasional Western, perhaps, but only if the scripts are outstanding". . . The 10th anniversary Adventures of Ozzie and Harriet show, set for next fall, will be a montage of different shows covering the series' 10 years on the air. Included in the format will be a four- or five-minute sharply edited sequence showing Ozzie in one physical disaster after another.

**Devil's River Philosopher Up In Arms Over Idea That The Farmers Write Their Own Farm Program**

Editor's Note: The Devil's River Philosopher on his bitter-weed ranch on Devil's River is upset this week, but he'll probably get over it.

Dear editor:  
I have seen some strange and hard to believe things come out of Washington in my time, but the one I have now found out about has bowled me over. This is, it would have if I hadn't been sitting down already at the time. These days, a man has to be in a position to handle any new idea, and the best position I know is sitting.

At any rate, as I understand it, and I checked it in three different papers, even went into town and paid money for two of them, Washington has come out with the proposal that the farmers themselves figure out the answer to the farm problem.

"Let the farmers themselves write their own farm program," is the way the idea, and I don't mind admitting I'm in a state of shock.

Up to the present, one of the real and I thought enduring satisfactions of farming was the realization you could always explain away an unsuccessful year by saying: "What did you expect me to make, under the farm program we got? Them birds that write the farm programs don't know anything about farming. We haven't got a chance."

But now some smart alec has fed the President the idea that the farmers themselves ought to write their own farm program, and I'm calling on you right now to help put a stop to it. It's the most outrageous thing I ever heard of.

You don't hear doctors asking patients to do their own diagnosing and write their own prescriptions, do you? You don't hear bankers asking their customers

Mrs. Frank Reed and Nancy spent the Easter holidays in Gonzales Warm Springs with Frank Reed who is a patient there. Mrs. Reed reported her husband to be improving and now able to walk; however, he will remain at the rehabilitation center for another six months of treatments before returning home.

Mr. and Mrs. Beal Freeman had as Easter holiday guests their daughter and family, Mr. and Mrs. Ralph Miller, Glen Howard and Scott Marshall of Norman, Oklahoma.

Mrs. Lee McLaury will accompany her daughter Mrs. Oliver Rose and son Stephen to their home in Olton Saturday.

to set their own interest rate and borrowing limit, do you?

You let the government turn the farm program over to the farmers, and farmers then wind up in the same shape they're in now, and who're we going to point our finger at?

No sir, it's the government's job to figure out the farm problem solution. If us farmers and ranchers could have figured it out, we'd have done it long ago. The tried and true method is for the farmers to create the problem, and somebody else handle the answer. Everybody to his own job. This new idea is government interference at its worst.

Yours faithfully,  
J. A.

**Spring Is Here: Check Snakes, Birds And Boats**

Spring is here in full bloom. Birds are pairing off, snakes are coming out and boats are being put into the water.

These things are of especial significance to the Game and Fish Commission, according to Howard Dodgen, executive secretary.

Concerning birds, he suggests every person who is interested in bird life get a copy of the FIELD GUIDE TO THE BIRDS OF TEXAS by Roger Troy Peterson, who prepared this handbook especially for bird lovers of Texas.

It contains pictures and descriptions of 592 Texas birds. There also are many color plates. These books are available now from the Game Commission in Austin at the publication price of \$3 each, postpaid. Fewer than 7,000 copies remain of the first printing of 25,000. After they are gone, the book will be published again for retail trade at \$4.95 each. If you are interested in a book on THE MAMMALS OF TEXAS, the Commission has one for 50 cents postpaid. It was prepared by Dr. William Davis of Texas A. & M. College.

The subject of snakes and boats also bring a warning from the secretary. Not all snakes are poisonous, but extreme care should be used when going into the woods. And as to boats, every person getting into a boat should be certain there is an adequate life preserver in it for his personal use. This one bit of caution might save a life.

## MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

When one car outsells all the rest the way this new Chevrolet is doing—there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turboglide.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of

AND JUST ONE JET-SMOOTH RIDE WILL SHOW YOU WHY!

persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

\*Official R. L. Polk & Co. registration figures show full-sized Chevrolets outsold the second-choice make by a record-breaking margin in 1960—and Chevrolets continue to set the pace for the industry this year!

Feature Editor TV GUIDE MAGAZINE

**W. SOMERSET MAUGHAM'S "RAIN"** will be adapted for TV by Rod Serling. Marilyn Monroe, Fredric March and Florence Eldridge (Mrs. March) will star in the NBC special... The test film for Joey Blythe's new series will be aired in March as an episode of *The Danay Thomas Show*... Desi Arnaz has received a \$500,000 budget from the sponsor of his 90-minute special, "Lucy Goes to Broadway," to be filmed in New York in April... Quinn Martin, producer of *The Untouchables*, has completed the pilot film for *The Impatient Ones*, a half-hour series about the exploits of World War I's Lafayette Escadrille... NBC has set an April date for Jane Powell's first special, "Young at Heart"...

**Desi Arnaz ... \$500,000 budget**  
**SHIRLEY BOOTH HAS BEEN SET** to do the title role in the new Hazel series, based on *The Saturday Evening Post's* cartoon character... *The Man from Everywhere*, a comedy-Western series, will air its pilot film in an upcoming episode of *Zane Grey Theater*. Burt Reynolds of *Riverboat* and character actor Peter Whitney have been signed as the stars... Writer Max Shulman is putting to good use the experience gained from his *Dobie Gillis* show. He's preparing *Daddy-O*, which needles TV situation comedies, as a new series for next season... CBS is also taking a giant step toward reviving live TV drama next season with a weekly 60-minute series. Rather than taking over a regular time period, it's to pre-empt various shows on different nights. CBS-TV President James Aubrey promises it will utilize top writers and directors.

**ARTHUR GODFREY HAS SIGNED** for his first major movie, co-starring with Pat Boone in a remake of "State Fair." The movie will be made for 20th Century-Fox next summer. Besides most of the Rodgers & Hammerstein songs from the 1945 version, the film will have some new tunes... written by Richard Rodgers... Raymond Massey will play Lincoln once more, this time for an American Heritage show on NBC in April. The show deals with the background of the Gettysburg Address... Pro athletes are finding a bonanza in Hollywood television shows. From football come Paul Hornung, who may become a regular on *My Sister Eileen*, and Billy Wells, who has signed with the William Morris Agency. Larry Sherry and Stan Williams have roles in a forthcoming Tom Ewell Show production, "Out of Left Field."

FOUR ARMY CHAPLAINS who sacrificed their lives when they gave their life jackets to other servicemen aboard a sinking troop ship during World War II were awarded, posthumously, a special Medal for Heroism in ceremonies at Ft Myer, Va recently. The front (left) and rear (right) designs appear above.

The then-Secretary of the Army Wilbur M Bruckner, representing President Dwight D Eisenhower, made the presentation to the kin of each chaplain.

The new medal was authorized by Congress especially for presentation to the four chaplains. In December, 1944, the War Department awarded them posthumously the Distinguished Service Cross.

The chaplains, all first lieutenants, were Clark V Poling of Schenectady, N Y, and George L Fox of Gilman, Vt, Protestant; John D Washington of Arlington, N J, Roman Catholic; and Alexander D Goode of Marion, Ind, Jewish.
